Dear Sir:

Alice Conrad, Minneapolis, Minnesota, communicated with the St. Paul Bureau Office on the morning of March 9, 1935, and advised that she was leaving for Chicago, Illinois Sunday night, and that she would remain in Chicago until Friday night when she expected to proceed to New York City. With reference to the money which she is holding and which appears to belong to the Jawyers, she advised that she is drawing this money from the bank in Minneapolis as a "loan", and that she has no hesitancy in doing this in view of the amount of trouble she had over the matter. She advised that she has received no information from the Jawyers either directly or indirectly and that upon her arrival in Chicago she would communicate with the Chicago Bureau office in order to verify her presence in Chicago.

Very truly yours,

D. M. LADD,

On page 5 of the February issue of the Protective Bulletin of the American Bankers Association appears what is purported to be a photograph of HARRY CAMPBELL, I.O. 1236. This photograph is apparently one of ARTHUR R. BARKER, inasmuch as it appears very similar to a photograph of Barker taken by the Joplin, Missouri Police Department when he was arrested at Joplin on February 19, 1920, Joplin Police Department number 1740.

A photograph of Arthur R. Barker identical with the one appearing in the American Bankers Association Protective Bulletin undoubtedly will be found in the files of the Identification Unit. If such is the case it is suggested that the American Bankers Association at New York City be advised of its error, and that they be provided with a proper photograph of HARRY CAMPBELL for publication in their bulletin.

Dear Sirs:

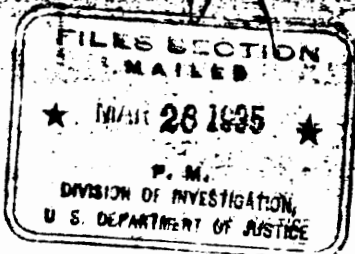

This Bureau has received information to the effect that on page five of the February issue of the Protective Bulletin of the American Bankers Association, there appears a photograph purporting to be the photograph of Harry Campbell, member of the Barker-Karpis gang and that this photograph is, in fact, one of Arthur R. Barker, who is now in custody in the Ramsey County Jail, St. Paul, Minnesota, awaiting trial.

Should you desire to publish a photograph of Campbell, there is transmitted herewith a copy of a photograph taken by the Tulsa, Oklahoma Police Department on December 25, 1930.

MEMORANDUM FOR THE DIRECTOR

Re: Confiscating of automobiles used by
Fugitives

With further reference to my memorandum of February 6, 1935, in which it is recorded that Mr. Holtzoff expresses his opinion that the Division has no right to confiscate automobiles utilized by fugitives, I believe it would be desirable to return to the executors of the estate of Fred Barker the Buick car, which was recovered at Ocala, Florida. I feel that in those cases where a Division fugitive is fatally wounded and an executor subsequently appointed, some criticism may arise through the retaining of a car. These cases are of course to be distinguished from those cases in which a car is abandoned by a fugitive who makes a successful getaway.

I telephoned Mr. Miller at the Kansas City Office with reference to the escape of the above from the Bureau Agents. Mr. Miller stated that a complaint was filed against Leo charging him with harboring Volney Davis, and the Agents proceeded to Leo's apartment for the purpose of arresting him; that the Agents who comprised the party were as follows: Shanahan, Bryce, Parry, Scott and (fifth Agent not remembered). There was also a Deputy Sheriff with the party, this Deputy having lived in the same apartment house.

Mr. Miller stated that the Agents and the Deputy proceeded to the apartment occupied by Leo, and there were three men in the apartment. He stated that while he is not sure as to how the situation was arranged, he believes that two of the Agents went inside while three remained outside and the Deputy remained across the street. Mr. Miller further stated that he has not had a chance to get the complete facts from the Agents, and does not know how they came to apprehend one of the men in the apartment and let the other two escape; that, however, it is his understanding that some one in the beer place must have tipped the men off.

I instructed Mr. Miller to immediately ascertain the names of all the Agents participating in this raid, get statements from them in detail as to their activities on the time in question, and forward to the Bureau as soon as possible a complete telegraphic summary of the circumstances; that the statements of the Agents should be forwarded via air mail and special delivery to the Bureau immediately thereafter. I instructed him to give this matter his immediate and personal attention.

With reference to the man in custody, Mr. Miller stated that this man has not as yet been fingerprinted, but is known to the Sheriff's Office there. I instructed him to immediately fingerprint this man and send his prints in so that we might be positive as to who the man is. I further instructed Mr. Miller to have this man thoroughly questioned as to the robberies of the banks at Okemah, Oklahoma and Drexel, Missouri, reminding him that Doyle had stated that these men were implicated in the robbery of the bank at Okemah.

REPORT MADE AT: Salt Lake City, Utah.	DATE WHEN MADE: 3-8-35.	PERIOD FOR WHICH MADE: 3/5 to 8/35.	REPORT MADE BY: J. T. McLAUGHLIN - G.J.
TITLE: ALVIN KARPIS with aliases I.O. 121B, et al. EDWARD GEORGE BREMER - Victim.			CHARACTER OF CASE: KIDNAPING.

SYNOPSIS OF FACTS:

William Brooks, Ex-Sheriff, now Postmaster St. George, Utah, and his assistants, unable to identify person mailing letter Manager Beaumont Apartments, Kansas City. Mo. Brooks, his Assistant Earl Cannon and present Sheriff John Cottan, identify photograph of Harry Campbell as being seen in vicinity of St. George about March 1st. G.D. Also, Manager of the Arrowhead Oil Co., now deceased, states Volney Davis came to Escalante Wells, one of his promotions, looking for work about three weeks ago. No information relative to Davis or Campbell could be obtained at Las Vegas, and Boulder City, Nevada. Officers and contacts there advised they would notify Salt Lake City office immediately if they are seen. H.J. McSherry, Alcoholic Unit, Treasury Department, identifies Campbell's picture as individual recently seen by him about Reno, Nevada.

REFERENCE:

Letter from the Kansas City Office dated March 4, 1935.

DETAILS:

William Brooks, formerly Sheriff, now Postmaster, St. George, Utah, was interviewed. He advised that on the morning of March 1, 1935, the clerk in the office failed to change the month calendar, and for a few hours the mail read that morning as 2-29-35; that while his clerk Earl Cannon was in the process of sorting the mail, he noticed an airmail stamp of the old style, which he commonly refers to as a "5¢ stamp". The postmaster states that Cannon brought the letter to him and that he permitted it to go on its way. He advised that he

did not know who deposited this letter in the post office. A photograph of Volney Davis was exhibited to Postmaster William Brooks, and he stated that he never saw anyone of that likeness about St. George, whereupon photographs of Harry Campbell, Alvin Karpis and numerous other associates of these individuals were exhibited to Mr. Brooks, and he stated that the only one who was familiar was Harry Campbell, who he believes he positively saw at St. George, possibly in the Post Office; that for some time there was a letter held at General Delivery, addressed to Harry Campbell, and that this letter was called for on March 1, 1935, or possibly a day before this day, or the day after, but the Postmaster was of the opinion that it was about the first of the month.

Relative to the stamp which was used on this letter, the Postmaster stated that all stamps were collected months and months ago of this type, and that a 6¢ stamp has been in use, and this is the first time that he noticed one passing through the Post Office for over a year. He stated that it might possibly come from some small Post Office located down in Arizona, or some mining camp away out in the interior of Nevada or Utah, but that none of them were sold around that vicinity at the present time. Mr. Brooks further stated that the country directly south of St. George is in Arizona, and that it was pretty bad country between St. George and Flagstaff; that numerous bad men have hidden out there, and it would be a logical place for Davis to hide if he was really wanted very bad by the Government or any particular State.

Earl Cannon, Post Office Clerk, advised that on the morning of March 1, 1935, he failed to change the month and date on the cancelling machine, and that for a number of hours that morning it read as 2-29-35; that while in the process of cancelling stamps, he noticed a 5¢ airmail stamp and that said letter was addressed to somebody in Kansas City, Mo.; that he showed the stamp to the Postmaster, who told him to permit it to go through. Mr. Cannon states he has been at the Post Office for about 12 years, and that he is familiar with all people calling for mail, whereupon photographs of all individuals were exhibited to him in connection with this case, and he picked out the picture of Harry Campbell as being the only person resembling anyone of the group, who he believes he has seen in and about St. George recently. Mr. Cannon further recalls that there was a letter for Harry Campbell for General Delivery for some time, and that someone called for it around the first of the month. He further stated that he could not possibly recall where anyone could secure a 5¢ stamp, airmail, as they are totally foreign to that Post Office, but that possibly someone who bought a supply in a mining camp might still have them, and the letter might have come in through that channel. However, he said that is the first one he has seen of that type for over a year.

Agent interviewed Sheriff John Cottan, who was also City Marshal at St. George. All photographs of the so called Bremer mob were exhibited to him, and the only one that he could pick out as resembling anyone seen recently in the vicinity of St. George was Harry Campbell. He stated that all other photographs were unfamiliar to him. He believes that possibly ten or fifteen days ago a man appearing like Campbell was seen on the street by him in St. George. To the best of his recollection he was short, thin type of fellow, with a face like the photograph of Harry Campbell exhibited to him by this agent.

The Sheriff advised that the only construction work being done in that vicinity was by C.D. Alsop, who is operating under the name of the Arrowhead Oil Co., said company at the present time wild catting on oil wells on Government land in that vicinity.

Mr. C.D. Alsop (now deceased) was interviewed, and he stated that the picture of Volney Davis was familiar to him; that about two or three weeks ago two men drove up to the Escalante Well in an automobile, description of the car unknown, possibly a Ford, and one of them came up to the well base and asked him for employing, stating that he could do most anything; that he refused to hire the man and got back in the car and drove away. Mr. Alsop states that this man positively looked like the photograph of Volney Davis. He further stated he has not seen this man about the vicinity of St. George since that time, and he further stated that he did not recall seeing any of the other individuals whose photographs were exhibited to him, which included Alvin Karpis, Harry Campbell, Dr. Moran, and all other available pictures of the so-called Bremer mob.

E.J. Pickett, District Attorney, St. George, Utah, was interviewed, and all photographs of the Bremer mob were exhibited to him, but he could not identify any of them as resembling any stranger seen in the vicinity of St. George, in recent months. He stated however, that if he received any information of any strangers hiding out in that vicinity, he would immediately communicate with the Salt Lake City Bureau office.

All filling stations, the Liberty Hotel, the Arrowhead Hotel, and garages in St. George, were canvassed, but no one could recall seeing any of the Bremer mob as reflected by the photographs, in their places of business.

Sheriff John H. Cottan and Postmaster William Brooks were furnished with additional photographs of Volney Davis, Alvin Karpis and Harry Campbell, and they advised that in the event they see or hear anything that might be of interest to the Government in connection with these individuals, they would immediately call the Salt Lake City Bureau office.

At the various hotels, particularly the Liberty and the Arrowhead, the writer purchased airmail stamps, but they were of the ordinary 6¢ type. None of the filling stations were carrying any stamps, that were called upon.

While enroute to Las Vegas, Nevada, from St. George, Utah, the writer stopped at all tourist camps, but none of the attendants at these places could recollect seeing anyone resembling the photographs of Harry Campbell, Volney Davis, or Alvin Karpis, and other members of this mob, passing through there recently.

At Las Vegas, Nevada, the writer contacted Deputy Sheriff Homer Grove, who is considered a reliable person in the Sheriff's office. He stated that after viewing all photographs in the possession of the writer relative to the Bremer case, that the face of Volney Davis and Harry Campbell were familiar to him; that these individuals were in Las Vegas some time back, possibly a year and a half ago, but he has not seen them about that vicinity since. He spent practically all night making the various clubs and liquor and beer rooms with H.J. McSherry and D.W. Doyle agents of the Alcoholic Unit, Treasury Department, and a number of these places they raided, but no one resembling any of the Bremer mob was seen in these places. Mr. Grove advised that he will make constant repeated efforts practically every evening until the late hours of the morning, attempting to ascertain whether any of the individuals desired by the Government were at Las Vegas at the present time.

D.W. Doyle, Alcoholic Unit, Treasury Department, who is attending Court and making investigations at Las Vegas, Nevada, advised that all photographs exhibited to him were unfamiliar to him, with the exception of Harry Campbell, who he thinks he possibly saw in Reno. He accompanied by H.J. Sherry, and Deputy Sheriff Grove, spent practically all night of March 6, visiting places where liquor was being sold, and gambling was going on, but they reported the following morning that they were unable to find any of the persons desired by the Government.

H.J. Sherry, Alcoholic Unit, Treasury Department, stationed at Reno, Nevada, was in Las Vegas, Nevada, and all photographs were exhibited to him and he stated that the only face that was familiar was that of Harry Campbell, whom he stated he had seen previously at Reno about a year and a half ago when there was a bunch in town, and he stated that some time during the last few days he has seen this face in Reno, possibly at the Bank Club. He stated he was returning to Reno in the next 24 hours and would attempt to locate this individual if possible.

Bill Wright, 431 Fremont St., Standard Oil Station, Las Vegas, Nev., who greases practically all automobiles stopping at that station for that type of work, advised that the photographs of the Bremer

mob were totally unfamiliar to him, but that he would keep a sharp watch and immediately notify the Salt Lake City Bureau office should he see any of these individuals. This individual is considered very reliable, he is related by marriage to Special Agent K. Deaderick.

A confidential informant, who has previously supplied favorable information to the Salt Lake City office, was contacted at Las Vegas, and he advised that he was making all the night clubs and places of entertainment in Las Vegas, but none of the persons who are members of the Bremer mob have been seen there by him. It is to be noted that all photographs of this mob were previously furnished this informant by Special Agent C.E. Weeks of this office on a previous visit to Las Vegas, Nevada. He stated that in the event he saw anyone who resembled any of this mob he would immediately communicate with the Salt Lake City Bureau office.

At Boulder City, Nevada, the writer contacted W.H. Trimble, Chief Ranger, and exhibited to him all photographs of the Bremer mob, and personally contacted Warren Corley, Fred Parkinson, C.F. Peterson, O.P. Senter and W.E. Lukens, Rangers, who frequently visit the Dam Site, and observe all employees of the Six Companies. Chief Trimble and these rangers advised upon viewing all photographs in possession of the writer, that the individuals were unfamiliar to them. They however stated that they would keep a close watch on all new arrivals, which were very few, at the Dam, and if they received any information they would immediately communicate with the Salt Lake City office of the Bureau. In this connection it might be stated that the writer personally visited The Meadows, which is operated by Frank Conaro, a notorious character, which is located in Las Vegas, Boulder Dam Highway, the Red Rooster located on the Salt Lake highway, such places being the rendezvous of undesirables in Boulder City and Las Vegas.

In addition to these places in the early hours of March 7, the writer visited all the gambling establishments in the city of Las Vegas, proper. No one resembling any of the Bremer mob was seen in these places at the time of agent's visit.

E.J. Lampkin, Clerk at the Escalante Hotel, Cedar City, Utah, was interviewed, and all photographs of the so-called Bremer mob were exhibited to him, and he stated that the only one who looked in any way familiar to him was Volney Davis, whom he believes he saw about a year and a half ago passing through Cedar City.

Sheriff Fife of Cedar City was out of town, having been called to St. George in connection with the blow up of an oil well there, which resulted in many deaths, and the writer was unable to confer with him.

UNDEVELOPED LEADS:

LOS ANGELES OFFICE: Make appropriate investigation around FLAGSTAFF, ARIZONA, and vicinity, to determine whether Volney Davis, Harry Campbell and Alvin Karpis have been in that vicinity.

SALT LAKE CITY OFFICE: At RENO, NEVADA, will conduct appropriate investigation for the purpose of determining whether or not Volney Davis, Alvin Karpis, Harry Campbell, or other members of the so-called Bremer mob which are at large, have recently been seen in and about the vicinity of Reno, Nevada, and Tahoe Lake, Nevada.

Dear Sir:

Reference is made to the Bureau letter dated February 23, 1935 requesting that the four bullet-proof vests recovered from the house occupied by Fred and Kate Barker at Oklawaha, Florida, should be sent in to the Bureau.

I am transmitting the above vests under separate cover in accordance with your instructions. It will be noted that the only mark of identification appearing on these vests is the following label found on one of them:

"The Dunrite Bullet-Proof Vest
Manufactured by the Detective
Publishing Company, Chicago,
Illinois."

The following investigation was conducted by Special Agent M. Chaffetz in an effort to trace the above vests:

Mr. H. Lentz, the manager for the above concern of their Chicago office which is located at 1029 South Wabash Street stated that his company does not keep any records of the sale of bullet proof vests aside from the usual sales slips made out at the time

of the actual sale. These sales slips do not furnish any information of value since it will be noted that these vests sold by this company are not numbered. He also stated that his concern sells vests almost entirely only to local Police Departments and Sheriffs' offices. He went on to say that because of the large number of raids being made by various gangs on these Police Departments and Sheriffs' offices, it would be impossible to determine from what particular office certain vests were taken.

It will be noted from the above information that no further checking can be made as to the final disposition of these vests or to determine how they came into the possession of the parties from whom they were recovered by us.

The above shipment is being made by the Railway Express Agency under prepaid waybill No. 3358.

Dear Sir:

Reference is made to the report of Special Agent in Charge William Larson, dated at Detroit, Michigan, September 28, 1934, in the above-entitled case, wherein, on page 7, information is set forth relative to one or two resorts partly owned by Ted Angus, located on Middle Island, about 18 miles from Port Clinton, Ohio, in Lake Erie, just across the International Boundary, in Canadian waters.

The Bureau feels that a thorough investigation should be conducted with respect to this island, and to this end, you are instructed to proceed to Detroit and, in cooperation with Special Agent in Charge Larson, [REDACTED] b7d

It is possible that Subjects Alvin Karpis and Harry Campbell have proceeded to this island, inasmuch as no investigative activity has been conducted there by this Bureau since the inception of this case.

This matter should receive your prompt personal attention.

Dear Sir:

A review of the file in the case entitled: JOHN PAUL CHASE with aliases, ET AL - NATIONAL MOTOR VEHICLE THEFT ACT; CONSPIRACY TO HARBOR FUGITIVES; MURDER OF INSPECTOR S. P. COWLEY AND SPECIAL AGENT H. E. HOLLIS, discloses that Pat Reilly, who formerly worked as a bartender for Harry Sawyer, advised that Harry Sawyer was very friendly with Wala Wala White, whose real name is White.

With reference to this person, Reilly stated that he served a sentence in the Penitentiary at Wala Wala, Washington, and that he was released from that institution within the past two years. Reilly further stated that Wala Wala White frequented Harry Sawyer's place in St. Paul, Minnesota, for a long time subsequent to his release from the Penitentiary, and Reilly expressed the opinion that probably Harry Sawyer had something belonging to him.

In this connection it is respectfully requested that an Agent from your office conduct an appropriate investigation at the Penitentiary at Wala Wala, Washington, and obtain the complete criminal record, photograph, and history of this individual.

Kindly give this your immediate and prompt attention.

Dear Mr. Hoover,

It was our house where the Barker kidnapers were slain Jan. 16. As you of course know the house was terribly damaged.

My husband or I never saw these people and the house was rented through a friend, who said they were rich tourists, named Blackburn, who wanted a quiet place in the country for their mother.

We had never rented the house before for there was a lot of sentiment attached to it. Every piece of furniture had belonged to our grandmother or mother or father, who have passed on, and it was dear to us for that reason.

When asked if we would rent it my husband said, "no". Then the friend said he could get seventy-five or a hundred dollars a month for it, and they were nice people. Then we said we needed money too badly to refuse.

They left the hotel immediately paying the friend two months in advance. We had no opportunity to see them, they seemed in such a hurry.

Just as this house was finished a few years ago, the Bank of Bay Biscayne in Miami failed and we lost every cent of cash we had in the world.

We all know the world is better off without these Barkers. They were imposing on us too. They didn't rent the house next door (one that had belonged to our grandmother) and they were using it for their servants. They were told they couldn't rent or use our motor-boat and they were using it constantly. They owed for the last month's rent and I even had to pay a six weeks electric light bill of theirs, for they didn't change the meter to their name.

At first we felt we couldn't open the house to the public. It seemed as tho these bullets went through our hearts almost. I wrote the department of Justice in Jacksonville and asked if they could stop the sale of postcards of the interior of our home (Pictures that had been made for the government). They answered there was

What about this? I want to be certain Bradford had no guilty knowledge.

way they knew of to stop it.

It was then that I decided to open the house, thinking perhaps after all it was selfishness on our part not to show it when the public seemed so anxious to see it. So the first strangers that went through set the price after they had seen it, saying it was worth fifty cents, later I reduced the price to forty cents.

We have had to employ and pay a deputy ever since the battle and I have had to remain here to keep people from taking souvenirs.

At the rate we are going we would have to keep the house open a couple of years to pay for the damages. It is hard work and I am kept away from my home and family in Miami. We feel we have been innocent victims, same as Mr. Bremer, who the Barker's kidnaped.

On opening the house we put up a big sign saying "It proves crime does not pay". Think there is a splendid lesson here which we try to bring out. When one sees how the government's bullets went through iron, steel, two by fours, walls, closets and the entire house just riddled, it surely shows the tremendous power, strength and protection of our government and the utter weakness and folly of crime.

All who see the house say they surely are glad to see the government getting rid of such people. Then they ask what the government is going to do about fixing up the house. My answer is from my heart and I tell them "I can't help but feel a government that stands for Justice will do the right thing by innocent people. I know our government doesn't want innocent people to suffer. When the whole world is blessed by being rid of these people, we too should be blessed, and not stand a financial loss".

Now, Mr. Hoover, I'm asking you, how do we present our claim? Please feel that this might have happened to one of your dear friends or family same as it has to us. We will be most grateful for any information or advice or anything you can do for us.

Thanking you kindly,

Yours truly,

Dear Mrs. Bradford:

The receipt is acknowledged of your communication dated February 26, 1935, with regard to the damage suffered your residence in effecting the apprehension of the Barkers during the month of January of this year.

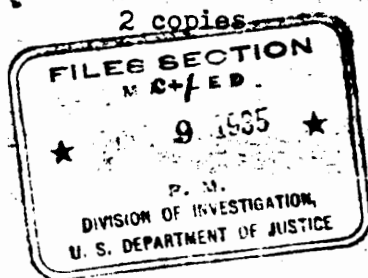

I regret sincerely to inform you that the Department has no appropriation available from which the claim for damages incurred in this case can be paid, with the consequent result that the only recourse that you would have would be a special relief bill enacted by Congress.

I feel certain that, if a bill requesting relief were introduced, the appropriate officials of the Department of Justice who handle such matters will be pleased to furnish a detailed statement of all the facts concerning the apprehension of the Barkers.

Dear Mr. Alt:

I have just received a letter dated February 26, 1935 from Mrs. Carson Bradford of Oklawaha, Florida, requesting information as to whether the Bureau would be able to pay for the damage suffered her residence while effecting the apprehension of the Barkers during January of this year.

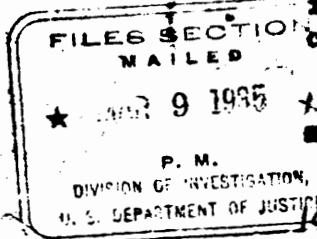

I am attaching, hereto, for your information a copy of my reply to her communication pointing out that the only recourse she would have in this matter would be a special act of Congress awarding her damages suffered to the residence. I believe it would be desirable for you, or some reliable agent, in the event you are in the vicinity of Oklawaha, to call upon Mrs. Bradford and point out diplomatically that the Department has no funds from which expenditures of this character may be made, with the consequent result that her only recourse would be to have one of her Congressmen or Senators introduce a special bill covering the damage she suffered in this instance. It is customary in the event such a bill is introduced to have it referred to the committee, which in turn calls upon the Department for a statement of facts surrounding the incident, at which time the Bureau will furnish a detailed statement of all the facts surrounding the capture of the Barkers.

I believe this matter can be more properly handled by either you or an agent from your office explaining it to Mrs. Bradford in person, informing her of the proper channels through which a claim of this sort must be filed.

It is desired, therefore, that you give this matter appropriate attention at such time as it is possible.

Dear Sir:

Reference is made to your communication of March 8, 1935, addressed to the Jacksonville Bureau Office, wherein the Pittsburgh Office was requested to conduct certain investigation at the Packard Motor Company in Pittsburgh, Pa., for the purpose of ascertaining whether Harry Sawyer, either under his name, or the alias of Harry Sandovich, purchased a Packard automobile or had one serviced there since he became a fugitive.

Inquiries at the Packard Company disclosed that Sawyer, contrary to information furnished by Mr. E. Corlitz, Field Service Man of the said company, did not purchase nor had a car serviced in Pittsburgh. Mr. Corlitz, of Detroit, happened to be present at the time the inquiry was made and assisted in the search of the records, to no avail. He stated that he remembers having seen Sawyer somewhere but is unable to state the locality. Mr. Corlitz stated, also, that it is his impression that prior to leaving Detroit on his trip to Pittsburgh he understood from Mr. Abar, the man of the Packard Company contacted by Special Agents of the Detroit Office, that Sawyer or the car he was alleged to have been driving was located somewhere in New Jersey, possibly Newark, the night of Friday, March 8, 1935.

Mr. Gerlitz suggested that if the car or Sawyer has not been located, the best manner to locate them is by distributing, through the Detroit Office of the Packard Motor Company, an identification order to all Packard dealers and Packard service stations throughout the country.

This information is being conveyed to you inasmuch as you may concur with this suggestion made by Mr. Gerlitz and make such arrangements at Detroit, if they have not already been done.

Agent Norris telephoned from the St. Louis Office with reference to efforts being made by that office to effect the apprehension of Willie Harrison. He stated that last evening, the office sent May Green, a confidential informant, out to interview Mrs. Harrison, mother of Willie Harrison. At this time, Mrs. Harrison indicated that there was a detective next door. In this connection, Mr. Norris informed that Agent Buchanan of the St. Louis Office is in fact maintaining surveillance of this place from a spot next door. He requested advice as to whether or not this surveillance should be discontinued.

I informed him that in view of the above facts, it would not seem desirable to maintain this surveillance. Mr. Norris stated that the only doubt in his mind is whether or not he should be removed immediately, since this action might tend to throw the suspicion of Mrs. Harrison on May Green, the informant. I told him that in view of this, Buchanan should be left there for a day or so, after which he should be withdrawn. However, in view of the fact that they know he is there, Buchanan should take strong precautions as to his own safety.

Mr. Norris informed that a plan of logical exit for Buchanan is being worked out, and the same will be executed within the next day or so and his leaving will be effected so as to not embarrass the informant.

Mr. Alt telephoned from the Jacksonville Office and stated that he had just received a telephone call from Agent Brown in Havana who stated that telegrams have been located over there which definitely connect Joe Adams and Nathan Heller of the Park View Hotel in Havana with the above; that these telegrams were exchanged with reference to the Barker-Karpis gang; that Agent Brown wished to take an airplane this afternoon, if authorized, to Miami to discuss this matter with Mr. Hanson and the United States Attorney. Mr. Alt stated that he granted such authority, in that the plane to be used is merely a commercial one; that Mr. Brown will return to Havana in the morning.

Mr. Alt stated that Agent Brown informed him that they have the car which belonged to Karpis there, and he wanted to talk to the United States Attorney about confiscating this car and bringing it back to the United States, which he thinks can be done under the Cuban laws; that he also thinks that the Cuban authorities will let us have a very valuable motor boat which Karpis had. Mr. Alt stated that Brown has instructions to the effect that unless he is instructed to the contrary, he is to proceed to Miami at 2:30 this afternoon and telephone Mr. Alt immediately upon his arrival at Miami; that in the meantime, he is to do nothing about the car or the motor boat; that in this connection, he can be reached through Mr. Hanson at Miami.

With reference to the property down there, Mr. Alt stated that he would assume full responsibility for the shipment of the money and the diamonds. With reference to the boxes of clothing, etc., I told him to turn these over to the coroner, who is the one to administer such matters. With reference to the other luggage, bags, etc., I told him to write a letter to the coroner informing him that this material will be returned to him as soon as it has been checked.

MEMORANDUM FOR THE ATTORNEY GENERAL

Volney Davis, who was indicted at St. Paul, Minnesota on January 22, 1935 for participating in the kidnaping of Edward G. Bremer, was located and apprehended by Division Agents in Kansas City, Missouri yesterday afternoon. A waiver of removal was obtained from him and he was placed in a chartered airplane for transportation to Chicago, Illinois. The airplane was forced down due to weather conditions, near Yorkville, Illinois, after dark last evening. In the resulting confusion surrounding the forced landing of the airplane in a corn field near Yorkville, Davis succeeded in making his escape from the custody of the Agents. Strenuous efforts are being made to reapprehend him.

Re: FRED AND KATE BARKER,
Killed While Resisting Arrest.

On January 8, 1935 the Chicago Office of the Division of Investigation took into custody Arthur R. Barker. Subsequently his apartment was searched and there was found a map of the State of Florida on which were pencilled markings around Ocala, Florida, and Lake Weir. This information coincided with that furnished by Byron Bolton alias Monte Carter, who was also taken into custody by the Chicago Division Office on the evening of January 8, 1935 coincident with the killing of Russell Gibson while resisting arrest. In giving the information relative to the whereabouts of other members of the Barker-Karpis gang, Bolton was unable to furnish specific names and directions. He did, however, state that the hide-away was located in the central northern part of Florida on an inland fresh water lake famous to persons in that community by reason of the fact that an alligator known as "Big Joe" lived in it. Bolton also advised that members of the gang had participated in deer hunts on the trip made to Florida shortly before his apprehension and three deer had been killed, and that Arthur R. Barker and Russell Gibson had brought a considerable portion of the deer carcasses to Chicago with them.

It was on this information that a squad of fourteen Agents from the Chicago Division Office proceeded to Jacksonville, Florida, and within two days after their arrival had located the house on Lake Weir near Oklawaha, Florida. Investigation in the vicinity disclosed that this house was occupied by Fred Barker and his mother, Kate Barker and that it had been frequented by numerous other persons, usually late at night. Arrangements were made to surround the house on the morning of January 16, 1935. The Agent in charge of the raiding party approached the front of the house around 7:00 A.M. and commanded Kate Barker, who appeared at the front door, to surrender. She was heard to say "Let it go", whereupon the Agent was fired upon, about fifty shots striking the ground in the vicinity where he was standing. The other Agents immediately returned the fire, which appeared to be coming from a second floor window. The firing continued for approximately four hours, after which the house was entered and the bodies of Kate and Fred Barker were located in a second floor bedroom. Both had been firing machine guns which were found on the floor next to their dead bodies. A quantity of guns and ammunition and four bullet-proof vests were recovered.

Reference is made to recent communications concerning a letter received by the manager of the Beaumont Apartments, 3028 Baltimore, Kansas City, Missouri and mailed at St. George, Utah, the handwriting of which has been identified by the Bureau's Laboratory as that of Volney Davis.

As the Bureau has been previously advised, arrangements have been made with the manager of the Beaumont Apartments, Mrs. Schupan, whereby the personal effects left by Davis in the apartment have been stored in a locker in the basement of the building. Mrs. Schupan, upon receipt of any inquiries concerning these personal effects, will advise the inquirer that the key to the locker has been misplaced and in endeavoring to locate the key she will have an opportunity to communicate with this office. She has been furnished with the home telephone numbers of the writer and of Special Agents H. E. Andersen and W. E. Miller in addition to the office telephone number, in order that we may receive immediate notification regardless of the time of day or night such inquiries might be made. In addition, this office is contacting Mrs. Schupan periodically to determine whether or not there has been any developments which she has not reported. From my contact with this woman I am of the opinion that she will cooperate to the fullest extent with us.

During my telephone conversation with Mr. Tamm on March 4, 1935, I requested advice as to the desirability of stationing Agents at the Beaumont Apartments against the possible return of Davis. At that time Mr. Tamm advised me that he did not consider this procedure necessary in view of the fact that it might tie up the Agents for an

extended period. I realize that this is true and that the probability of the return of Davis to this address is perhaps not very great. However, I don't think that we should take any chance of missing him should he return, or of obtaining all possible information should he send someone else for the clothing.

The Beaumont Apartments are approximately 22 blocks from this office, and, roughly, the same distance from that section of Kansas City in which most of the Agents assigned to this office reside. Should a telephone call be received during the day time it would be possible to have Agents proceed from the office to the apartment in approximately 20 minutes. About the same time would be required for Agents to proceed from their residences to the apartment. However, in such an event those Agents proceeding from their homes would not be in a position to have any arms, except their side arms.

I can't help but believe that the safer procedure in handling this matter would be to station two Agents at the Beaumont Apartments for a period of not to exceed thirty days in order that there might be no possibility of a slip-up in this matter. Such a procedure would not be desirable from the standpoint of tying up those Agents, but I do not think that we should overlook any possibilities. I would, accordingly, appreciate the advice of the Bureau in the matter.

Dear Sir:

Receipt is acknowledged of your communication of March 11, 1935, advising of your belief that two Agents should be assigned to duty at the Beaumont Apartments in Kansas City for a period of not to exceed thirty days, in order that if Volney Davis or anyone representing him calls to obtain possession of Davis' personal effects, appropriate steps may be taken by the Bureau. In view of your recommendations, the Bureau will defer to your judgment in this matter, and you are authorized to assign a suitable number of Agents to this point to handle any situation that may arise there. The maintenance of this surveillance should be continued as long as you deem it necessary.

On January 22, 1935 an indictment was returned at St. Paul, Minnesota charging Alvin Karpis and others, including an individual known as "Whitie", who has since been identified as one Bruno Austin, with conspiracy to kidnap Edward G. Bremer.

The Bureau during its investigation, looking to the apprehension of Austin, learned that he had been arrested by representatives of the State's Attorney's office at Chicago, Illinois on January 20, 1935 on charges of robbery and bond jumping. Investigation disclosed that Austin, whose correct name is Bruno Putis, was closely associated with Russell Gibson. Gibson was shot and killed while resisting arrest at Chicago, Illinois on January 8, 1935. Austin was arrested on January 20, 1935 just after he had been married.

On November 28, 1932 Austin was sentenced to six months in the House of Correction at Chicago, Illinois and fined \$100 for the crime of auto larceny. On April 16, 1934 he was arrested by the Police Department at Berwyn, Illinois on charges of assault to kill. This case was later dismissed. On June 9, 1934 Austin was arrested by the Police Department, Chicago, Illinois on charge of robbery with a gun and was released under \$10,000 bond and failing to put in an appearance as required, and under this bond was again arrested on January 20, 1935, as related above.

The Federal Government is proceeding against Austin as one of the conspirators in the kidnaping of Edward G. Bremer.

Mr. R. B. Nathan telephoned from the Kansas City Office requesting my advice as to the continuance of the surveillance being maintained at the apartment formerly occupied by the alleged "Leo". Mr. Nathan stated that the rent on the apartment was up last night, and the manager of the house wants to try to re-rent the same. He further stated that the story about the nitro glycerin being in the apartment has gotten through to the papers, possibly through the Sheriff's Office, and he believes it highly improbable that any of the parties in question will return. He stated that they abandoned the apartment completely when they fled, and only a small amount of clothing remains, which clothing is claimed by Spike Lane, who is in custody; that Lane is trying to get a lawyer to claim the same for him.

I informed Mr. Nathan that under the circumstances, it would seem advisable to discontinue surveillance of this apartment; that as far as the personal property is concerned, we will have absolutely nothing to do with it.

With reference to the nitro glycerin, Mr. Nathan informed that rather blaring headlines have appeared in the papers about it; that he believes the information emanated from the Sheriff's Office there, although the Sheriff's Office denies that they gave out the information. He further informed that the representative of the Hercules Powder Company took the nitro out of the apartment and blew it up; that two of the containers actually contained nitro, while the other did not. Mr. Nathan stated that he is forwarding to the Bureau clippings about this matter together with a letter of explanation of the circumstances surrounding its discovery and disposition.

Mr. Nathan stated that he would discontinue surveillance of the apartment immediately.

Dear Sir:

I am transmitting herewith communication dated February 19, 1935, over the signature of William S. Cuthbert, Commissioner of Public Safety, Atlantic City, which is self explanatory, together with my reply thereto.

You will note Mr. Cuthbert has referred to the fact it has been rumored there is some feeling between the Bureau and his department because of the rumor that the Atlantic City Police Department does not cooperate; also the Commissioner's statement to the effect that all of the members of his department are at our disposal at all times, and my reply that such feeling is mutual.

I intend to make a trip to Atlantic City as soon as possible in order to make the Commissioner's acquaintance, as well as the Chief of Police, and other officials.

The rumors referred to by the Commissioner of Public Safety apparently are the outgrowth of the recent investigation in the Alvin Karpis Case at Atlantic City. You will recall that the Atlantic City Police at first refused to turn over the Buick Sedan recovered from Karpis and later voluntarily turned the car over after some correspondence between this Bureau and the Atlantic City Police Department. I feel quite certain that any unfriendly feeling by this department has now been dissipated.

Dear Mr. Harvey:

It has recently been brought to my attention that there is some feeling between your Department and mine, because of a rumor that we do not cooperate with you.

As you well know, I have always made it a point to cooperate with your Department in any and every way possible, and personally meet most of your men sent to this district for investigation, etc. I have told your men repeatedly, and have written to their superiors that we are only too glad to cooperate with the members of your Department. All the members of my Department are at their disposal at any time in case they need assistance in an arrest, or to help with an investigation.

I would appreciate it if you will advise me if such a feeling does exist and if there is anything at all that we can do to cooperate with your Department to a fuller extent that we have been doing in the past.

Mr. William S. Cuthbert,

My dear Commissioner:

I am in receipt of your letter of February 19, 1935, which was not acknowledged because of the fact that I was out of the city.

In reference to your statement to the effect that it has been rumored your department does not cooperate with this Bureau, I am of the opinion that such a rumor is entirely false. I have noted no instance wherein your department has failed to render cooperation to this Bureau.

Director J. Edgar Hoover of this Bureau has always stressed complete cooperation between the Bureau and law enforcement agencies, and I am quite certain that you are aware of the Director's policy in this regard. I want you to know that insofar as the Bureau is concerned, there is only a feeling of friendliness and good will for your department. I am appreciative of the fact that your department has always exhibited a cooperative attitude in connection with any investigative matters of mutual interest, and it is rather unfortunate if any rumors have been circulated indicating a feeling exists between the two departments.

I am personally acquainted with a number of your officers and in every instance your men have exhibited a friendly and cooperative spirit. I appreciate the sentiment expressed in your letter to the effect that all members of your department are ready and willing to work in conjunction with this Bureau at any time. You may rest assured this feeling is mutual.

Special Agent in Charge,
Philadelphia, Pennsylvania.

Dear Sir:

The Bureau has received your letter of February 27, 1935, with which you enclosed a letter addressed to you on February 19 by William S. Cuthbert, Director of Public Safety, Atlantic City, New Jersey, together with a copy of your reply thereto, dated February 27.

It is noted that your reply indicates that proper cooperation has been afforded the Bureau by the Atlantic City Police Department and by Mr. Cuthbert. As a matter of fact, it appears that Mr. Cuthbert, if newspaper reports are correct, criticized the Bureau for failing to advise him of the identities of the persons who went to Atlantic City from Florida and who developed to be Alvin Karpis and Harry Campbell. The facts of the matter are that the Bureau did not know the identities of the persons occupying the stolen car in question and, further, that the dangerous character of the individuals was clearly brought out in the police broadcast.

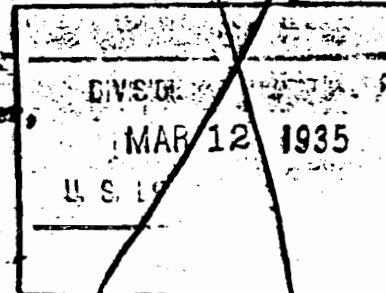

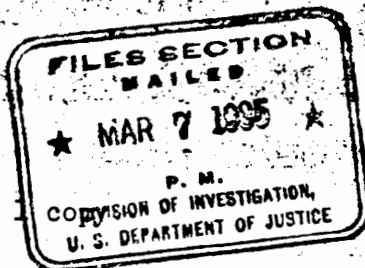

It is unfortunate that Director Cuthbert was critical in this matter since, as stated, the Bureau could not have furnished the identities of the persons proceeding to Atlantic City.

In any event, it is felt that, before writing a communication such as you addressed to Mr. Cuthbert concerning a matter of cooperation, you should communicate with the Washington headquarters of the Bureau in order that you may be furnished any available information concerning a matter of this kind.

Very truly yours,

J. Edgar Hoover

MEMORANDUM FOR MR. TAMM

In regard to the attached memorandum prepared by Special Agent in Charge Alt under date of January 31, 1935, I want to call your attention to the first paragraph on the second page, wherein it is stated that a woman in Cuba identified the picture of Karpis and communicated with the American Vice-Consul at Mantanzas the day after Karpis and Delaney left. It is stated that the Vice-Consul apparently took no interest in the report and told the lady to get in touch with the Ambassador in Havana. It might be well to ascertain the date of this incident and then to prepare a carefully worded letter to the State Department, making inquiry as to the facts from its records.

Very truly yours,

John Edgar Hoover,
Director.

Dear Sir:

There are transmitted herewith the originals of letters and envelopes, one addressed to Mrs. Edith G. McDonald, 500 Trombley Road, Grosse Point Park, Michigan, and one addressed to Senator James H. Lewis, Washington, D. C., both of which letters bear the return address of Kehoe and Kehoe, Attorneys, Miami, Florida, and which letters were intercepted by the jailor, Dade County Jail, Miami, on March 8, 1935, in possession of Federal prisoners being removed from the Dade County Jail to the Federal Penitentiary in Atlanta. The author of both of these communications is Cassius M. McDonald with aliases, a Subject in the Alvin Karpis with aliases; et al - Edward George Bremer - Victim - Kidnaping case.

The above mentioned letters were mailed to Assistant United States Attorney W. Sanders Gramling by the aforementioned jailor, who in turn handed them to Special Agent B. F. Fitzsimons, Resident Agent, Miami, Florida, who transmitted them to the Jacksonville Office. Agent Fitzsimons conferred with the Post Office Inspector at Miami, who advised that inasmuch as the letters had not been placed in the mails prior to their interception they could be opened and the contents noted, after which Agent Fitzsimons opened the letter addressed to Mrs. McDonald, portions of which appear to be attempts on the part of Cassius McDonald to coach her as to possible testimony in his behalf, particularly concerning his activities on or about December 29, 1934. This letter also contains remarks concerning you and statements alleged to have been made by Special Agent in Charge Hanson of the Birmingham Office and Agents McKee and Brown while they were in this district conducting investigation in this case. Special Agent in Charge Larson of the Detroit Office, as well as other Agents, is mentioned. Reference is also made to Attorney General Cummings and other officials.

The letter addressed to Senator Lewis was not opened.

The matter of having photostatic copies of these letters made and copies of same to be furnished appropriate field offices is being left to your discretion. The thought has occurred to me that perhaps it would be better after you review these letters and copies are made that the originals be returned to the Jacksonville Office for mailing from Miami in order to avoid any unfavorable comment concerning the postmark. This is being left to your judgment.

Mrs. McDonald has returned to her

Dear Sir:

There are returned herewith the originals of letters and envelopes, one addressed to Mrs. Edith G. McDonald, 500 Trembley Road, Grosse Pointe, Michigan, and one addressed to Senator James H. Lewis, Washington, D. C., both of which letters bear the return address of Kehoe and Kehoe, Attorneys, Miami, Florida. It is noted that these letters were intercepted by the jailer at the Dade County Jail, Miami, Florida, on March 8, 1935, when they were found in the possession of Federal prisoners who were about to be removed from the Dade County Jail to the Federal Penitentiary in Atlanta, Georgia.

There is also returned herewith one photostatic copy of the letter which was apparently taken from the envelope addressed to Mrs. Edith G. McDonald. A typewritten transcript has also been made, copies of which are inclosed herewith for your information and for the information of Special Assistant to the Attorney General Walter L. Barlow. You should consult Mr. Barlow concerning the propriety of returning the original letters to the jailer at the Dade County Jail with instructions that they be held by him, later to be introduced in evidence should they be desired.

REPORT MADE AT: Omaha, Nebraska	DATE WHEN MADE: 3-11-35	PERIOD FOR WHICH MADE: 3-7-35	REPORT MADE BY: W. P. ELLWOOD dr
TITLE: ALVIN KARPIS with aliases, I.O. 1218 - FUGITIVE; DR. JOSEPH P. MORAN with aliases, I.O. 1232; * VOLNEY DAVIS with aliases, I.O. 1237 - FUGITIVE; HARRY CAMPBELL with aliases, I.O. 1235, et al.			CHARACTER OF CASE: KIDNAPING

EDWARD GEORGE BREMER - VICTIM.

SYNOPSIS OF FACTS:

Silas Moline, Postal Railway Clerk of Sioux City, Iowa, reports that man by the name of Glidden stayed at a neighbors house about the time of the Bremer kidnaping and conducted himself in a suspicious manner.

REFERENCE:

Letter from Special Agent in Charge D. M. Ladd, St. Paul, dated January 19, 1935.

DETAILS:

At Sioux City, Iowa:

Agent contacted Silas Moline at the offices of H. L. Stephenson, Chief Clerk, Railway Mail Service, Federal Building, for the purpose of securing possible information as outlined in the letter of reference. Mr. Moline said that he had been wanting to give this information to the proper authorities for sometime, but that he was at a loss as to the procedure involved.

Most of the information that Moline had was in regard to an individual by the name of Glidden, last name unknown who has been staying at a neighbor's house at intervals for the last two years. The neighbor's name is C. A. Gotschall, and he is apparently a respectable individual, being engaged in the grocery business at Sioux City, Iowa. The first time Glidden came to the Gotschall home was in the spring of 1933. He was accompanied by a woman, presumably his wife, and stayed at the Gotschall home until about the middle of the summer. At this time, Moline had opportunity to observe Glidden, and became rather suspicious of his actions because he seemed to have no visible means of support and yet seemed to have plenty of money, wearing good clothes, and driving

a big car, the make of which Moline could not remember. Moline also noticed that the car driven by Glidden was often spattered with mud indicating that he had taken long trips. Glidden was out at night a good deal, and would come in often very late at night, although he never seemed to have any activity in the day time. There were also frequent visitors at the Gotschall home at this time, mostly cars bearing California license plates.

About the time of the Bremer kidnaping, Glidden and his wife returned to the Gotschall home, not having been there since the summer of 1933, and at this time Glidden left his wife at the Gotschall home and went on to Minneapolis according to information received by Moline. About February 8 or 9, Glidden's wife left the Gotschall home and flew to Minneapolis by plane. She explained her haste in getting to Minneapolis by saying that her husband was ill at Minneapolis. In a few days both Glidden and his wife returned and stayed at the Gotschall home for a few days more, and then left again. Moline said that he had seen Glidden come into the driveway of the Gotschall home once very late at night with the headlights of his car turned off, and that Glidden always seemed to avoid people.

Glidden and his wife next returned to the Gotschall home about the first of November, 1934, and on this visit stayed about one week. Moline took the license numbers on Glidden's car at this time, and found that they were Utah plates for 1934, No. 116-49. At this time, Mrs. Gotschall asked Moline's 12-year old son to mail a letter for her at the post office, and it was a letter addressed to Mrs. George H. Gilbert, Salt Lake City, Utah.

The following is a description of Mr. and Mrs. Glidden as obtained from Mr. Moline:

	GLIDDEN	GLIDDEN'S WIFE
Height:	6 feet or little less	About 5 ft. 5 in.
Weight:	170 pounds	140 pounds
Age:	Slightly over 50	About 40
Hair:	Very gray, thinning	Black
Complexion:	Light	
Posture:	Very erect	
Dress:	Very well dressed.	

Glidden and his wife have not returned to the Gotschall home since November, 1934. Agent exhibited pictures of the members of the Barker-Karpis gang to Moline, but he could not identify any of them as resembling Glidden.

UNDEVELOPED LEADS:

THE SALT LAKE CITY BUREAU OFFICE is requested to ascertain to whom 1934 Utah license plates #116-49 were issued. Also appropriate and discreet inquiry should be made at Salt Lake City to learn the identity of Mrs. George H. Gilbert, and also to establish the identity of the individual giving his name as Glidden.

AT NEW ALBANY, INDIANA

In view of the information submitted in the above letters of reference to the effect that MRS. MARGARET KELSO BURKISH, reported to be a resident at 428 North State Street, New Albany, Indiana, might be in possession of facts that might be of value in locating the several subjects of this case, particularly ALVIN KARPIS, efforts were made to locate her. Through MR. W. S. DARNEAL, Postmaster at New Albany, Agent learned that Mrs.

Burkish is a niece of the well known and highly respected attorney, CHARLES D. KELSO, Elsbey Building, New Albany. It was further learned from Mr. Darneal that Mrs. Burkish is a woman of good character but one who has suffered a mental breakdown and consequently, is not mentally well balanced. In this connection, Agent was informed that Mrs. Burkish has a penchant for amateur detective work; that she is reported to have taken a correspondence course in detective training; that she is a garrulous sort of a person, rather silly at times, giddy in thought and an unfortunate young woman of poor judgment; that she has many good personal qualities, however, and is harmless; that because she is morally sound herself, it is probably a fact that this has a bearing on her determination to assist in the detection and prosecution of crime. Mr. Darneal added that he has known Mrs. Burkish many years; that she has visited him home on several occasions; that he has listened to her ramblings on crime and social injustices at different times; that she entertains the firm conviction that the properly constituted law enforcement agencies for the most part are not honest and therefore are insincere in their efforts to control crime.

Agent located Mrs. Burkish at her home, now located at 414 North First Street, New Albany. She appears to be a woman in rather poor financial circumstances but nevertheless gracious, neat, refined and orderly. She mentioned having written to the Director at Washington on several occasions because of her faith in the sincerity and power of the Federal Bureau of Investigation to detect and suppress crime; that the letters mentioned and her telegram since incorporated in the Bureau letter of reference dated February 9, 1935, were sent because of her lack of knowledge of the existence of the Indianapolis Office of the Bureau; that she sincerely believes that subject Karpis is engaged in a fake world-wide lottery in connection with one JOE ADAMS, recently arrested by the Federal Government in Florida, a friend of Karpis and a former resident of Jeffersonton, Clark County, Indiana; that Karpis, when he made his escape in Florida several weeks ago, was transported to Louisville, Kentucky, via airplane, by one W. E. STAPLES, resident of Louisville, and hid in the Seelbach Hotel in the latter city. Mrs. Burkish admitted that she has no first-hand knowledge that such is a fact; that she does not know Mr. Staples; that the information mentioned by her was submitted by a close friend, one MISS IRENE GRAYBROOK, 501 State Street, New Albany; that Miss Graybrook is "a skilled and clever detector of crime"; that she has a great deal of faith in the lady. Mrs. Burkish rambled on about the belief that she is being closely watched; that every letter written by her is read at the post office; that it is impossible for her to write to any person without having her letters read; that "they", meaning members of the nation-wide crime syndicate, have her "spotted". She also claimed

that ATTORNEY GENERAL LUTZ for the State of Indiana just recently called on her in the disguise of a book salesman; that he questioned her about her theories and knowledge of crime; that shortly after the reported visit of the man believed by her to be Attorney General Lutz, MR. AL EKENY, Commissioner in Charge of the Indiana State Police chased Karpis from Louisville to Michigan, where his trail became lost. Mrs. Burkish also claimed that she is responsible for a recent State Police cleanup of an automobile theft ring operating in the Eastern Judicial District of Kentucky up to a few weeks ago; that she had given this information to State authorities about two years ago; that the credit for the cleanup by the Kentucky State Police as to this case should go to her. Agent discussed Bureau affairs and jurisdiction. She seemed greatly pleased over the attention given to her efforts.

Mention is made of the above claims by Mrs. Burkish in order to show that she is mentally unsound and that her alleged information is of no value whatever. She has admitted that Miss Irene Graybrook is responsible for her writing to the Bureau. Agent's inquiries as to Miss Graybrook at the Postmaster's office and elsewhere developed that she is also mentally unsound and a meddler; that she formerly held good positions in the political life and the schools in New Albany but that her mental condition was responsible for the loss of same. She now conducts a small grocery store at 501 State Street, New Albany.

Inquiries at Police Headquarters, New Albany, developed that Miss Graybrook and Mrs. Burkish are morally sound but that their mentality is seriously affected; that they are obsessed with the idea that crime is beyond the control of the law enforcement agencies and that their "skilled" assistance is necessary; that no attention should be given to their views or reported information. Former SHERIFF ED MEYERS is now the Chief of Police at New Albany. Mr. Staples is not known to the police. They have received no reports to the effect that Karpis has ever been in the vicinity of New Albany or Louisville.

Inquiries as to subject Karpis over a long period of time at Police Headquarters, New Albany, Indiana, and in Louisville, Kentucky, failed to develop any lead as to Karpis and his companions in crime. So far as known Karpis has never been in either city. The Seelbach Hotel, Louisville, is a well managed house. Their cooperation can be depended on. There is no evidence known to the Police Chiefs at New Albany or Louisville that a man by the name of Staples is promoting a lottery. The clean up on lottery is, and has been, vigorously prosecuted in Louisville. Captain W. A. GELTJENS, temporarily in charge of the Police Detectives Bureau, Louisville, has no knowledge of Staples.
