MEMORANDUM FOR MR. Tamm

Arthur Sweeney of the File Section of the Bureau appeared in my office at 11:25 A. M. on July 7, 1936, and advised that his wife has an uncle, one Horace Kern living on 191st Street in Point Place in Toledo, Ohio. He stated that Kern is well acquainted with Ted and Bert Angus, and also knows George Timiney, who you will recall is an officer of the Toledo, Ohio Police Department.

Arthur Sweeney stated that if Agents of the Cleveland Office will communicate with Horace Kern they may be able to obtain some information of value relating to the Angus brothers and Timiney.

He further informed that he has a cousin, one Spencer Sweeney, who during the summer of 1934 drove motorboats at Lakeside, Ohio near Port Clinton, Ohio, and Spencer Sweeney may have some information with regard to the members of the Karpis-Barker gang being in that vicinity during the summer of 1934. Arthur Sweeney stated that his cousin Spencer Sweeney can be located through Spencer Sweeney's father Frank Sweeney, who resides on Lockwood Avenue in Toledo. I am informed that Frank Sweeney's name appears in the telephone directory and he, therefore, will be easy to locate.

If it is your desire, I will transmit a letter to the Cleveland Office incorporating this information and requesting that proper interviews go forward.

Respectfully,

A. R. McIntire

Re: BREKID.

Dear Sir:

The Post Office Inspector in Charge at Cincinnati, Ohio, has turned over to this office a letter which was forwarded to him by the Postmaster at Portsmouth, Ohio, who advised that this letter was delivered to his office by a Mr. C. W. Schoopover of Lucasville, Ohio, who stated that it was dropped from a bus by a prisoner going through that village on July 21, 1936, at 8:35 A.M., enroute to Atlanta, Ga. An examination of this letter indicates that it was written by A. Negleman, who is probably identical with Archie Negleman, who has been interviewed by Agents of the Philadelphia Office and of the Pittsburgh Office on various occasions in connection with the Brekid case, while incarcerated in the Northeastern Penitentiary at Lewisburg, Pa.

The letter in question is addressed to Miss Marion Felmeth, R.F.D. #1, Belle Vernon, Pa., and contains no stamp, but has a notation on the envelope "Whoever finds this please put in mail box". The letter reads, as follows:

Marian Felmeth, R.D. #1, Belle Vernon, Pa., July 20, 1936.
My Darling:- Well honey we left Lewisburg at noon Sunday got in Pgh at 8:05 slow time. My heart ached goin through Florence - Stubenville and in to Chillicothe, Ohio prison at 4 AM Monday morning and are resting here until tomorrow Tuesday then will resume our journey to Atlanta, Ga. Honey, I knew it was coming that is the reason I wanted you to get to the Judge so bad, but I will make the best of it now, Darling. I still have hopes of the Judge calling me back there are four guards with me. The thing that worries me most of all is that you did not write to me on Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday, that has got me very much worried Darling. Not so much being taken away.

I thought sure I saw George Kessler on the road at Ebensburg Sunday afternoon, sorry I did not get to see you before they took me away, dear. It was only 170 miles but now it is about one thousand, I guess. Oh Darling how my heart is akeing for you. If I only knew why you did not write to me the last part of last week Honey and have you done anything about the Judge for me? and Honey let Clark know at once about taking me to Atlanta and tell him to write me at once so that I will know if they can do anything for me if they cant then I will try something else myself. Honey, Marian, believe me they have put me through Hell. Karpis admitted being a personal friend of mine and they think I know more than I do, therefore you understand dear. I am mailing this letter unbeknown to the Guards when we stop to eat. I hope you get it. Write me at Atlanta at once. Please tell Clark the reason they have moved me is to keep him from contacting me, but Marian write to the Judge, lets not quit lets insist on him bringing me back to Pgh on that other case so I can make parole dont pay no mind to any letters you may get from Philadelphia, honey, just keep them for me. I will tend to them later on. I am wondering if they called you. Tell me in your next letter, honey. Sorry they would not let me see Lela Bert, lets not quit now lets keep after the Judge. I am goin to write him tomorrow if possible or as soon as I get to Atlanta, Ga. Well Darling, lets keep our chin up and battle it to the end. H sure is giving me the works telling everything she knew trying to keep me in for life if possible but she cant, thank God. Well Darling all I can say or ask dont let them discourage you, for if I have to do it all, I can, and remember this I love you with all my heart and hope it is the same with you. I live only for you Darling. A Negleman. 4022

Explain to Clark that they are transferring me so that I can not make parole and so it will be too far for the Judge to call me back on that other case and so he can not see me any more. Tell him Edgar Hoover is angry because I saw him, Clark. Here all my love Darling. Kisses. Hope Atlanta don't stop me from writing to you.

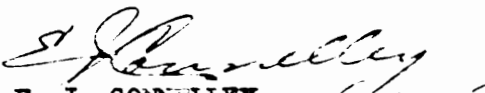

Report of Special Agent E. J. Wynn dated at Cleveland, Ohio, 4-22-36, reflects on page 64, that Archie Negleman had sent word to the Post Office Inspectors that he had information concerning this case and that the Inspectors might attempt to secure his release from the Northeastern Penitentiary to aid them.

Report of Special Agent L. C. Taylor, Pittsburgh, dated 4-17-36, reflects an interview with Negleman, at which time he claimed he had had no visitors and the prison records likewise indicated that Negleman had had no visitors to that date.

Report of Special Agent J. L. Fallon dated at Philadelphia 6-18-36, reflects another interview with Negleman at which time he stated that he had received a visit from one Prewitt but that the records of the Penitentiary did not reflect such a visit.

It is believed that Negleman's statement to the effect that the Director is angry because he saw Clark, may refer to some Post Office Inspector who may have interviewed Negleman, although the file at the Cincinnati Office fails to reflect that Negleman was interviewed by a Post Office Inspector and it is also impossible to determine from the Cincinnati file who "Clark" might be.

E. J. CONNELLEY,

Dear Sir:

This will confirm telephone conversation of even date with Mr. E. A. Tamm of the Bureau concerning information being furnished this Office by Informant Charles O. Long.

Please be advised that the informant stated it would be necessary to proceed to Cleveland, Ohio, where he expected to make contact with two men regarding the \$150,000.00 in stolen bonds which, according to Long, were obtained in a bank robbery in New Jersey or New York or vicinity. Informant advised that there was a possibility of these bonds changing hands at Cleveland, Ohio and that it was his intention, if possible, to have the persons he was contacting turn the bonds over to him.

In accordance with the authorization given by Mr. Tamm, the informant was paid the sum of \$50.00 to cover his expenses, plus a railroad ticket to Cleveland, Ohio. Special Agent W. J. Devereux of this Office was assigned to accompany the informant to Cleveland, Ohio.

In accordance with the instructions of Mr. Tamm, the Cleveland Office was contacted by telephone and Special Agent Smith of that Office was advised of the foregoing information. Agent Smith was also advised that informant Long was leaving Chicago, Illinois at 4:00 P. M., Central Standard Time and would arrive in Cleveland, Ohio at 12:15 A. M., on the New York Central Railroad. Agent Smith was requested to have two Agents meet Agent Devereux and the informant upon their arrival in Cleveland, Ohio, which he stated would be done.

Informant Long, prior to his departure from Chicago, advised that he would register at the Statler Hotel.

MEMORANDUM FOR MR. TAMM

At about 12:00 noon on even date, I received a telephone call from Mr. Walter L. Barlow, Special Assistant to the Attorney General, who was to handle the prosecution of Joseph H. Adams and Duke Randall in Florida. He advised me that he has resigned and intends to go into private practice of law in Dallas, Texas, in the near future. Some question has arisen as to the person who will prosecute the Adams and Randall matters by virtue of Mr. Barlow's resignation. Mr. Barlow stated that Assistant Attorney General Brien McMahon had requested him to act in the capacity of a Special Assistant in the prosecution of these matters. In other words, the prosecution would be handled as a special assignment on the part of Mr. Barlow in view of his detailed knowledge of the case. Mr. Barlow stated that the matter has not been decided by the Attorney General, and he is not certain who will try the case. He stated, however, that he informed Mr. McMahon that he would prosecute on behalf of the Government, if it was the desire of the Attorney General.

He further informed that Mr. Holland, the former United States Attorney in Jacksonville, Florida, has been appointed to the new Federal Judgeship in Florida presumably to take the place of Judge Ritter. Judge Holland will be disqualified from trying this case since he was United States Attorney during the time these indictments were returned. Mr. Barlow stated that he wrote to Judge Holland some time ago congratulating him upon his appointment and requested that Judge Holland discuss this trial with the other judges in Florida in an effort to decide which judge will try the case and the approximate date when such a judge will sit in the matter. He stated that he has not had a reply from Judge Holland yet but that he will direct another letter to Judge Holland today, so that the Bureau and the Criminal Division will be advised at an early date as to the approximate date this matter will come on for trial. It is Mr. Barlow's opinion that it will not be tried until the latter part of September or the first part of October. Mr. Barlow intends to urge that the matter be placed in line for trial not later than October. It is his opinion that an early trial is desirable.

MEMORANDUM FOR MR. H. J. McCLURE,
GENERAL AGENT.

There is transmitted herewith a voucher in favor of the Hertz Drivurself Stations, 420 Water Street, Toledo, Ohio, which represents charges for the rental of an automobile by a Special Agent of this Bureau.

You are informed that the use of this car was necessitated by the investigation being conducted by this Bureau in connection with the Bremer Kidnaping Case and it was essential that certain individuals suspected of participation in this case be kept under constant surveillance. Because of the fact that no Government owned automobile was available for this work, it was imperative that the car in question be rented. Because of the travel which the Special Agent who rented the car was called upon to perform, it was impossible to keep a record of the points visited by him. This was the cheapest available transportation.

My Darling Alvin,

I've just heard about your sentence - I don't know what to say. I suppose I should have expected it but I was hoping so that something would happen. I am not expressing myself very well but then I am sure you know what I mean. I am so nervous I could scream - how I wish I could be there with you.

I haven't had a letter from you for two weeks and I've been awfully worried about you. Honey, when you go away you may have some difficulty writing to me but you will try to, won't you - please? I don't know what I would do if I couldn't hear from you now - of course, if you were out it would be different - I would be satisfied then just to know you were free.

I received a letter from your people a short time ago and they said they were hearing from you regularly - I'm so glad - For I know how much your letters mean to your Mother especially. They told me Little Ray was getting along grand and getting bigger and meaner every day. It looks as if he is taking after me in some ways. When I saw him last his eyes were the most beautiful blue but Emily wrote some time ago and said that she believed they were turning brown - I hope not - I wanted them to be blue so badly - but, of course, brown or blue I love his and "one other" pair of eyes better than any others in the world.

I certainly had a dandy birthday - All of the girls were just swell to me. They gave me a party and I received a great many really beautiful hand make hankies. I certainly appreciated it and I'll keep those hankies till I'm old and gray and I don't think that will be so very long at the rate I'm going. The last month or so I have pulled just loads of gray hair out. What do you think of that? I also received cards from Babe and Bud. They never forget me. I received a letter from Mother, too, and she said she had been quite ill again. I guess she worries over me quite a bit. I would sure like to see her but I told her not to come and see me while I'm here.

Honey, you said that I was probably wondering where you heard about the cigar act - Well, I certainly am. You have really got me guessing and no fooling. Have you got second sight or something? It wouldn't surprise me at all after this.

No, Alvin, I didn't hear any firecrackers on the fourth but as I've already said, I had a very nice day. We did have a nice dinner - but no ice cream - I haven't had any since I came here and a great big dish would certainly be swell.

COPIES DESTROYED

Darling, I am quite sure I know that Spanish word for aches and pains that you wanted but I can't spell it. I may be wrong but I don't believe I am.

You have probably heard that I tried to get that bill from Florida but I couldn't make the grade. I haven't even been able to get my clothes I left there. I didn't care so much about the clothes though as I did about Little Ray's bed and things but the woman we rented the house from absolutely refused to let me have them. Your people tried to get them, too, but they couldn't work it either. I think that was the funniest trick anyone could pull.

I was so happy to know your Mother was to see you - I know it meant a great deal to both of you. Is that cute little niece you were talking about the one from Chicago - I mean the one who lives near your parents house. I have a picture of her holding Raymond she's sweet.

I was thinking of you all day on my birthday - I think of you every day really - but more so that day. I couldn't help thinking of the fourths we have spent together. I had a lot of happiness in the short time we were together, Darling, and I'll never forget it. It was the happiest time of my life.

I've heard that you may be tried for the Bremer kidnapping - it isn't true is it, honey? Surely - they ought to be satisfied now. Please write soon and let me know about it.

One of the girls that ran around with Jean went home last night. She was a nice kid and I was glad for her that she could go home. It never did bother me before when anyone went out but this time it got me thinking. Oh, well, it won't be so very much longer.

How are you feeling? I saw a picture of you and you looked fine in it - just exactly the way I had remembered you.

Do you have a radio? We have one here and I listen to the ball games every time I get a chance. My favorite team is the Chicago Cubs and I just know they are going to win the series this year. They were pretty close to it last year and I was certainly disappointed when they lost. There are a number of good programs on in the evening and I spend most of my spare time listening to it or working cross-word puzzles - I have a mania for them lately. I work every one I can get ahold of or rather I try to - I'm not very good at them.

Darling, you said you couldn't think of a thing to write me except just to put down your thoughts - well, that is just the kind of

letters I like - Just anything that pops into your head. I know my letters probably bore you they are about the same all the time.

I shall say goodbye for now and please, write soon - I am rather anxious to hear from you. This will be the last letter I can write you until the first of September and you will most likely have a new address by then - let me know as soon as it happens if you can.

All my love

Dear Dolores I am writing you this letter a little late as I was waiting for some Business of mine to Be taken care of. I hope you are in good health also good spirits I am feeling fine. I have received several letters from Chi. everyone is O.K. as far as I know. my father had an accident the other day in the Buick I gave him. I have not sent him the Bill of sale for it so therefore he could not show ownership of the car. They finally threwed him in Jail. I sure would have liked to of seen that wouldn't you. I suppose the first thing he done was call the department of Justice, he seems to think if he gets into trouble all he has to do is call on them and they will straighten the matter out for him. Their isnt much news here in Jail. I dont know how much longer I am going to Be here in Jail But I dont think it will Be long. the weather has moderated here and there has Been rather a nice Breeze the last couple of days. my sister Clara had a lot of trouble during the Heat Wave. she had some sort of Stroke But is getting along alright at the present time. they told me in their letters that Ray seemed to enjoy the hot Weather. I hope it did not cause you a great Deal of discomfort it is a lot cooler here in Jail then it is out on the street. of course I dont mean By that that I would rather Be in here then Be out. I suppose you are still working at the same old job ironing shirts. well when you get out you can always get a job in the Laundry. I dont think that sort of work would appeal to you outside. I have not heard any news in regard to your relatives But I am sure they are alright as I am sure I would have heard some thing if it were otherwise. I wish you would Bear down a little harder on the paper when you write as I am having a little difficulty making out some of the words. I suppose you will think I have a lot of nerve talking about some one else's penmanship. I was reading a liberty magazine the other night and happened to run across one for the Book. I am enclosing the article hope the censor allows it to go thru. my cousin Tommy was over to see the Folks the other day. I had just about Forgotten I ever had a cousin By that name. I have not seen or heard from him in more then ten years. I Believe his is living in New York at the present time. I am sorry to hear you can not receive magazines as they are nice to help pass the nights. I think paffers case will go to the Jury tomorrow you will no doubt read of it in the paper. you are more fortunate in that respect then I am. You can have the papers But not magazines; it is Vice Versa with me. I Bet you are wondering why I keep getting later and later with my letters. I suppose you would not Be surprised if they would start coming once every two weeks then once every month then none at all. that is usally the way the thing works out when a person is in Jail for a long time. I will Be more prompt in the future. I kept waiting for my attorney to despose of some thing for me and it

seemed as though tomorrow was the day, well it Began to look as though the old saying tomorrow never comes was the truth But he finally finished so now I will write on time. although it is hard to find anything to write about that I havent wrote about Before in my other letters. I just now received the Bill of sales for Both of the cars. I am glad that that is taken care of. I am enclosing a cashiers check made out to you for \$120.00 that is all you Be allowed to spend in a year as I understand it you are allowed to spend \$10.00 a month. I doubt very much if you will have to serve more then that. I hope you dont have to serve more then that anyway. I will write you another letter in a few days. try to Behave yourself. love.

RECORDED COPY FILED IN 62-1162-771

DETAILS:

Mr. Eliot Ness, Safety Director, City of Cleveland, was again contacted by the writer and a request was made that the Cleveland office be furnished with the names and addresses of all female prisoners arrested prior to 6:15 P. M. on September 5, 1934, and released after that time, as well as photographs of all matrons on duty during the time Wynona Burdette, Gladys Sawyer, and Paula Harmon were in the Cleveland City Jail. Mr. Ness, who had previously advised Agent that he had discussed the case with the Director, advised Agent that no photographs of employees of the Safety Department had been made, however, he had instituted that policy since becoming Safety Director, and he would endeavor to secure same for Agent.

Deputy Inspector Frank Story, fifth precinct police station, was reinterviewed by the writer for the purpose of obtaining the name of the police officer who contacted some one from the Harvard Club on the morning of September 6, 1934, and he advised that he had not had the opportunity as yet to contact the officer and stated that he would, inasmuch as Agent requested him to do so, however, he stated that he would contact Mr. MacFarland, Special Agent in Charge, some time during the week, at which time he would endeavor to make some sort of arrangement. Special Agent in Charge J. P. MacFarland was advised by the writer of Inspector Story's intentions and the result of the interview will be reported.

Cleveland Office

Mr. Charles McNamee, Assistant County Prosecutor, Cuyahoga County Court House, was again interviewed relative to the identity of the individual who had advised him that Alvin Karpis was in the Harvard Club on January 10, 1936, at the time it was raided and he stated that he had discussed the situation with the individual, whom he termed a high police official, and the individual had stated that he did not care to have his name enter into the picture, although Mr. McNamee advised the individual that the Department of Justice desired whatever information he might possess. Continuing, Mr. McNamee stated that the police official had undoubtedly secured his information from a "stool pigeon."

Agent endeavored to secure the name of the police officer from Mr. McNamee, however, Mr. McNamee stated that he was not at liberty to divulge his informant's name.

Mr. Lincoln Dickey, manager, Great Lakes Exposition, was interviewed at his office on board the SS Moses Cleveland, relative to a purported rumor appearing in the daily paper that he had been offered the sum of \$250,000 for the gambling concession on board the SS Moses Cleveland.

See Cleveland Office file

Mr. Dickey stated that a definite and serious offer had been made, however, no definite sum as payment had been offered. When questioned as to the identity of the gambler or syndicate who had offered the money for the concession, Mr. Dickey advised that it had come to him third-handed, explaining that a respectable citizen, whose name he could not divulge, had been approached by representatives of the gamblers and requested to put the proposition up to him, but he had turned it down.

Continuing, Mr. Dickey advised that the gamblers had the mistaken idea that the SS Moses Cleveland was going to make trips out into the lake, when in fact it was tied to the dock and remains that way during the length of the exposition.

At the request of Agents, Edna Haney appeared at the Cleveland Bureau office for further questioning relative to the associations and connections of Joe Rich and his contacts with Karpis.

Edna Haney was interrogated at length by Special Agent J. B. Fitzgerald and the writer, however, she steadfastly denied having ever seen Karpis, Grace Goldstein, or any other members of the Karpis-Barker mob. When questioned as to Joe Rich's reactions and statements when on May 2, 1936, he read an article in the Canton Repository (the daily newspaper at Canton, Ohio) relating to the capture of Alvin Karpis, and the statement that a Canton, Ohio man recently arrested by the Narcotic Agents, had been his host during the time Karpis had sojourned in the vicinity of Canton, Edna stated that Joe seemed to be more or less surprised and stated, "Can you imagine that."

With reference to the delivery of the daily newspaper (Canton Repository) to her home, Edna stated that a newsboy in the territory in which she resides delivered one every day and she was in the habit of paying weekly for the service, further that she had taken the newspaper for at least fifteen years, ever since she had come to Canton, Ohio. Continuing, Edna stated upon questioning that she could recall reading in the newspaper articles reflecting that Edward Bremer of St. Paul had been kidnaped and she also stated that she had read that Alvin Karpis was wanted by the Government for that particular kidnaping; however, she denied ever having seen a photograph of Karpis in the newspaper.

When questioned as to whether she recalled reading an article which appeared in the Canton Repository relating to the escape of Karpis from the police at Atlantic City in January, 1935, Edna advised that she seemed to recall some such article, and when questioned as to whether she noticed Karpis' photograph accompanying the article, Edna maintained that the only photographs of Karpis she ever saw were those appearing at the time of his capture, and the ones exhibited to her by Agents.

Edna Haney was also questioned relative to the identity and present whereabouts of "Kitty" also a former prostitute in her house, however, she advised that Kitty had left some time before Christmas, 1935, and she did not know her present whereabouts, or even her last name.

Edna was also questioned relative to the names of the magazines that Joe Rich and herself read, however, she could not furnish Agents with the names of any of them, advising that she did little reading herself and Joe read some detective stories, but she did not know what kind.

At the termination of the interview Special Agent in Charge J. P. MacFarland very definitely advised Edna of the seriousness of the situation and forcefully impressed upon her the necessity of spending some time thinking past events over and recalling incidents that may have occurred in the past that she probably was forgetting at the present time. Edna was advised that she would again be interviewed and she stated that she would be willing to be interviewed by Agents of the Bureau at any time.

Mr. G. J. Celli, Customs Marine Division, Motor Boat Registration, room 232, Old Post Office Building, was interviewed, and after a check of his records was made he advised that he only had two registrations for motorboats by anyone named Fleming, namely:

H. N. Fleming, 202 West 8th Street, Erie, Pennsylvania, who on May 21, 1919 registered a boat named PATRIA, described as an open pleasure launch, overall length 18 feet; beam 4'9", and powered by an 8 to 10 horsepower engine of unknown make. This boat bore #673-N. Continuing, Mr. Celli advised that on January 14, 1936, a notice was sent to Mr. Fleming at the above number, however, no response has been received, nor has the letter been returned.

Raoul Fleming, 2062 Eastern Avenue, Cincinnati, Ohio, who, on March 5, 1920, registered a boat named THE RANGER described as a semi-speed boat, overall length 18 feet, beam 4'6", and powered by a four horsepower engine of unknown make. This boat bore number N-1346. Mr. Celli advised that a letter was also forwarded on January 14, 1936, to Mr. Fleming at the Cincinnati address, however, the letter was returned, marked, "ADDRESSEE NOT FOUND."

At this time it was deemed advisable to check the motor numbers of all boats in the Ohio district on the possibility that the motor bearing number PJ 322772, which was in the Plymouth automobile purchased by Milton Lett and used in the Garrettsville, Ohio train robbery might have been removed from the automobile and placed in a boat in view of the fact that the Plymouth automobile is generally believed to have been driven to

Port Clinton, Ohio, immediately after the robbery, and in view of the fact that the Zetzer brothers operate the Port Clinton Marine Garage at 328 West Perry Street, however, a search of approximately one thousand registrations failed to reveal any information.

A letter is being directed to the Collector of Customs at Cleveland, Ohio, requesting that a watch be placed for the registration of any boat bearing the motor number PJ 322772 and the Cleveland office be immediately advised.

AT AKRON, OHIO

Agents interviewed Jack Handy, proprietor of Jack Handy & Co., clubroom accessories, 4 South Howard Street, Akron, Ohio, who stated that he and his brother operate this business, which consists principally of the manufacture of dice.

He stated that he has known Fred Hunter for the past ten years as a gambler and fellow who spends a lot of time around gambling resorts and that on October 18, 1935, he employed Hunter on a strictly percentage basis, to sell gambling material. Hunter stated to Handy that he was going to make a trip south and thought that he could make some sales on this trip.

Jack Handy produced his books which reflect order No. 925 dated October 18, 1935, a sale of \$42.50 worth of Al Red 11/16" dice to the Harvard Club, Cleveland, Ohio, by Fred Hunter, whose commission on said sale was \$8.50; order No. 938 dated October 28, 1935, reflects a sale of one dial micrometer and 50 pairs of Al Red 11/16" dice by Fred Hunter to the Harvard Club, Cleveland, Ohio, total amount of sale \$57.50. Hunter's commission was \$10.00 on this order.

Mr. Handy said he did not know what persons at the Harvard Club Hunter contacted, or any of Hunter's associates, except a fellow named Anderson from Warren, Ohio; Handy said he had met at the Harvard Club men named Shimmy Patton, Art Hebebrand and "Toots" Talbot, each of whom seemed to have something to do with the operation of said club. He further stated that this club is his best customer as it buys all of its dice from him.

Jack Handy viewed a photograph of Fred Hunter, displayed by Agents, and identified same as a photograph of the Fred Hunter he was talking about, and stated that he knew none of the others of the Barker-Karpis gang.

AT PAINESVILLE, OHIO

Mr. Walter Stickel, FR #3, Madison, Ohio, was located at the Stanton, Motor Company, Painesville, Ohio, and he stated that he was the former manager of the used car department of the Pollock Davis Motor Car Company, 11628 Euclid Avenue, Cleveland, Ohio.

Mr. Stickel was questioned regarding the present whereabouts of the records of the above named company and he stated that it was his opinion that those not lost had been destroyed. Mr. Stickel was then questioned as to the sale of a 1933 Ford coupe on February 4, 1935, to one Charles Miller, 6604 Pearl Road, and he stated that he kept a small book reflecting his own sales and he would look it over to refresh his memory. After examining his records Mr. Stickel stated that he had sold the car in question, the same being his first sale, for the month of February, 1935. The day of the sale was not reflected in his records; the purchase price was set forth as \$395.00, cash.

Mr. Stickel stated that to the best of his recollection he was on floor duty about twelve noon when three men came into the show room and stated that they wanted to buy a car and had heard that the Pollock Company had good ones. Mr. Stickel stated that he then asked the men whether they wanted a new or used car, and they advised him that they wanted a used coupe, whereupon he took them to the second floor where the used cars are kept and pointed out to them the 1933 Ford Standard Coupe. One of the men, who seemed to know something about cars, tested the motor and looked the car over and then the men talked it over among themselves and then gave him, as he recalls, \$50.00 to bind the deal, with instructions to have the car ready in about two hours. About three-thirty the same afternoon one of the men returned and gave him the balance of the purchase price, \$345.00, in what Stickel recalls were fifty dollar bills, and drove the car away.

Mr. Stickel was questioned closely as to whether he had seen the men arrive on foot, in an automobile, taxi cab, or street car, and he stated that he did not recall seeing the men until they were in the showroom, nor could he recall how the man who returned for the car arrived at the showroom.

Mr. Stickel was questioned closely as to what conversation he had overheard and he stated that the men had little to say, never calling each other by any name, and what discussion took place among them was in a low voice, nor had they given him the name of any person who had recommended the Pollock Company to them. Mr. Stickel further advised that they gave no argument about the price of the car, although he, Stickel, classed it as a "dog", meaning a poor car.

Numerous photographs of subjects in this case, as well as their known and suspected contacts were exhibited to Mr. Stickel, however, he was unable to effect any identification. With reference to their descriptions, Mr. Stickel stated as nearly as he could recall there were two short men and one tall man, all rather well dressed.

Mr. Stickel was questioned relative to the talk, actions, and mannerisms of the individual who appeared to have some knowledge of automobiles, inasmuch as the other two men seemed to accept his opinion of the automobile, and he stated that he had not given him any particular attention inasmuch as it was to be a cash deal, and he was rather anxious to close it.

Agent was further advised by Mr. Stickel that the license plates for the automobile were undoubtedly purchased by the company for the buyer as the practice at that time was to secure the plates for the buyer if they so desired.

Mr. Stickel advised Agent that he would spend some time thinking over the deal and if he recalled anything in addition to what he had already advised Agent he would communicate with the Cleveland Bureau office at once.

UNDEVELOPED LEADS

The CLEVELAND OFFICE will endeavor to ascertain the identity and whereabouts of "Toots" Talbot, employee at the Harvard Club, to whom Jack Handy sold dice and when located, question him relative to any information he may possess regarding subjects in this case.

SYNOPSIS OF FACTS:

Mr. and Mrs. Walter Burwick, Fort Lauderdale, Florida, are able to positively identify several members of the Barker-Karpis Gang as being the individuals they had observed at the Casino Club in Point Place, operated by Bert and Ted Angus. Burwick advised Wm. Heeney, Arthur Barker and Edna Murray were interested in purchasing Fleming's boat, adding that they did not know these individuals personally, having only observed them from a distance.

REFERENCE:

Letter from the Cleveland Bureau Office dated July 15, 1936.

DETAILS:

Agent exhibited the photographs of the entire Barker-Karpis gang to Mr. and Mrs. Walter Burwick, Federal Highway, Fort Lauderdale, Florida, who positively identified the photographs of William Heeney and Arthur Barker as being the individuals who were interested in buying Ludy Fleming's boat at the Bay View yacht Club, at Point Place during June, 1934. Mr. Burwick stated that a lady who he described as having blonde hair, slender build and had the appearance of being a dove fiend, was also interested in purchasing instant boat. After viewing the photograph of Edna Murray, Burwick stated that he believed she was the person who accompanied Heeney and Barker to see the boat on several occasions, and understood that she was putting up part of the money.

Burwick further advised that on one occasion Heeney or Barker offered Fleming \$1000.00 for the use of his boat for a period of fifteen minutes, presumably to make a trip to Middle Island, near the Canadian Border, which is owned by the

Angus Brothers; that the sale of this boat was not consumed due to the fact that Mrs. Fleming had the boat placed in her name and refused to sell same to any members of the gang.

Burwick stated that on one occasion during the latter part of June, 1934, Mrs. Fleming became very angry with her husband and came to live with them on their boat; that on this occasion she stated her husband had advised her as to the real identity of the individuals staying at the Casino Club, whereupon she purchased a Detective Story Magazine, wherein the photographs of Karpis and the Barker brothers appeared; that prior to this time he did not know that the individuals staying at the Angus Bros. Casino were members of the Karpis Barker gang but he was of the opinion they were gangsters of some type due to the fact that was the only type of people who stayed with the Angus Brothers.

Mr. Burwick identified the photographs of Cassius McDonald, Joseph P. Moran, Arthur W. Lebebrand, William Harrison, Dolores Delaney, Wynona Burdette, and Harry Sawyer as being identical with individuals whom he had observed visiting the Casino Club. He stated that he visited the Casino Club only when it was necessary to take Fleming home as Fleming frequently became intoxicated and his wife was unable to do anything with him; that Fleming appeared to be a close friend of a man identified as Arthur Barker and Cassius McDonald, and spent considerable time in their company.

Burwick was unable to identify any of the other photographs of the Barker Karpis gang as being identical with other persons he had observed at the Casino Club. He advised that on numerous occasions he had observed a man whom he later learned to be John Dillinger, associating with various members of the Barker Karpis mob.

Burwick expressed a desire during this interview that he nor his wife would be called to testify at Toledo regarding the activities of this gang; that despite the fact that the real leaders were either in custody or had been killed, the Angus Brothers had numerous friends who would not hesitate to kill anyone who might testify against them.

Burwick suggested that Mrs. Eva Fleming, Jefferson Avenue, Toledo, Ohio, would be able to furnish valuable information in identifying the members of this mob, inasmuch as at the present time she is divorced from Ludy Fleming, and has frequently seen Fleming in company with either Wynona Burdette or Dolores Delaney.

He stated that the following people should also be interviewed relative to the identities of the persons staying at the Angus Brothers Casino Club during 1934:

Paul Becker, Keeper at the Bay View Yacht Club, who received quite a bit of money from the gang for services rendered them, and on numerous occasions received tips from \$5.00 to \$10.00 for the most trivial services.

Henry Dettinger, who has the Postal contract for the Post Office Department at Toledo, Ohio. He spent considerable time at the Casino Club during 1934.

Ervin Shimon, former Deputy Sheriff at Toledo. He visited the Club on numerous occasions accompanied by Fleming.

Mike Whipple, whose home is in Monroe, Michigan. He worked as Captain of the boat "Suzanna", owned by Harry Lehman, Cincinnati, Ohio. Whipple spent approximately 20 hours a day in the Casino and would be in a position to have observed the members of the gang during the alleged carousing at the Casino.

One Joe, who owns a gambling joint in Toledo, Ohio, the address of which is unknown, should also be interviewed as he was at that time friendly with the Angus Brothers. For information looking toward the identity of One Joe, it is to be noted that his wife owns the Broadway-42nd Street Cafe, Broadway, New York City, and is reputed to be well known in Toledo, Ohio.

Mr. and Mrs. Burwick impressed upon Agent the fact that most of their information was merely hearsay and that on no occasion were they introduced to any of the members of the gang by Fleming, who is a very good friend of theirs, but in their opinion if the Angus Brothers are guilty, Fleming is equally guilty, inasmuch as in the Fall of 1932, Fleming with a man who appeared to be Harry Sawyer purchased a boat named the "Pumpkin" for approximately \$500.00 cash, and it was impossible for Fleming to have this much money at one time.

UNDEVELOPED LEADS:

THE NEW YORK OFFICE at New York City will make appropriate inquiries as to the name of the person owning the Broadway 42nd Street Cafe, on Broadway, in order that the proper "One Joe" may be interviewed by the Cleveland Office.

#7-24

THE DETROIT OFFICE at Monroe, Michigan, will locate Mike Whipple and exhibit the photographs of the entire Barker Karpis gang to him for possible identification as being those individuals who were staying at the Casino Club in Point Place, which is owned by Bert and Ted Angus.

THE CLEVELAND OFFICE at Toledo, Ohio, will interview Henry Dettinger, Post Office Department, for any information he may have relative to members of the Barker Karpis gang staying at the Casino Club in 1934.

Will interview Erwin Shimon, former Deputy Sheriff at Toledo, Ohio, for any information he may have relative to the association of Bert and Ted Angus with members of the Barker Karpis gang. In this connection it is to be noted that it has been alleged the Angus Bros. were paying Shimon for protection at one time.

At Toledo, after receiving information from the New York City Office, as to the identity of "One Joe" will interview him for any information he may have in instant case.

At Toledo, Ohio, will interview Mrs. Eva Fleming, who works for the Kopf Motor Sales Company, a Chevrolet Agency, and who lives on Jefferson Avenue, for any information relative to the association of her former husband with the members of instant gang and as to the identity of the persons frequenting the Casino Club in 1934.

For the use of the Detroit and New York Offices in carrying out the above leads, two copies of reference letter are being forwarded herewith to those offices.

MEMORANDUM FOR THE FILE:

While enroute from Chicago, Illinois to Omaha, Nebraska on July 7, 1936, Charles O. Long, informant, advised the writer that he knew the whereabouts of approximately \$150,000 in stolen bonds in Chicago, which, according to his information, were obtained from a bank robbery in New Jersey or New York or vicinity, along about March of 1936.

Subsequently on July 29, 1936, Long was reinterviewed at the Chicago Bureau Office and stated that he had been approached by a man well known in Chicago as "Shinner" Crawford, who is a close friend of Marty O'Leary, west side gangster, and offered the \$150,000 worth of bonds; that he was advised that these bonds belong to "Bob" Campbell alias Holmes alias "Blackie", Harry Dorsey alias "Dodge" alias Doramus, and one Rubinovitz alias "Slim" alias "The Jew" alias "Nigger Jew", who had stolen said bonds from a bank in the State of New York or vicinity about March, 1936; that this robbery also included a \$10,000 to \$15,000 cash theft.

Long stated that "Bob" Campbell, Harry Dorsey and Rubinovitz "hang out" at "Chance" Heenan's "bookie" establishment located upstairs at either 859 or 958 North State Street; that the bonds which they were supposed to have consisted of bonds of the Trap Rock Association of New York, Liberty Bonds, and Postal Savings Certificates.

He further stated that "Shinner" Crawford has a brother, Joe, who is a bailiff and who "hangs out" and works at a "joint" located at 22nd and State Street, which is owned by "Dinny" Cooney, "fixer" on the south side, and who is very close to "Hink" Coughlin, Alderman in the First District, and who controls politically everything in the First Ward.

Long stated that he has heretofore passed stolen bonds through a Mr. Gates, presently vice president of the City National Bank, located on the corner of Quincy and Wells, Chicago; that the way he passed these bonds was to go to the Bank, open up an account in a fictitious name, turn the bonds over to Mr. Gates; Mr. Gates would then pass the bonds, deduct 10% as his commission, credit the account of the fictitious person, and then he, Long, would send in a third person to draw the money out of the Bank.

Arrangements were made with Long to have "Shinner" Crawford obtain the bonds and arrange for a meet at some specific time at some place in Chicago. Long, prior to the time of the meet, was to point out "Shinner" Crawford to an Agent. He also agreed to point out "Bob" Campbell, Harry Dorsey and Rubinovitz to Agents when he would locate them at the "bookie" located on State Street.

IN REPLY TO S.P.L.

Long ascertained, though, that this gang is presently out of Chicago but is due to return about the first of next week, or August 3, and he will immediately notify the Chicago Bureau office.

Dear Sir:

Please refer to teletype of this office dated August 4, 1936, and to letter of the Chicago Office, addressed to the Bureau under date of August 3, 1936, relative to the activities of Charles O. Long, an informant, who is to make arrangements with persons unknown, to secure custody of certain stolen bonds allegedly valued at \$150,000.00, presumably stolen in a bank robbery in New Jersey or New York, and please be advised that on August 5, 1936, in accordance with the suggestion made by Special Agent in Charge D.M. Ladd of the Chicago Office, the sum of \$50.00 was advanced to informant Long to cover his expenses while operating in this district. It might be indicated at this time that the said informant has been unable to contact the persons who are alleged to be in possession of these stolen bonds and is endeavoring to get in touch with them. On August 5th, accompanied by Special Agent Lee F. Malone of this office, the said informant proceeded to Toledo, Ohio, with the view to reaching the persons with the bonds in question. The informant has indicated that it may be necessary for him, after such contacts as he is able to make at Toledo, to proceed to Chicago, Illinois.

You may be assured that this office will do everything in its power to assist the said informant to locate the said bonds so that they might be seized and the person in whose custody they are found might be apprehended. The Bureau is requested to approve the expenditure already made by this office in the matter of the advancing of the sum of \$50.00 to the said informant.

Unless instructed to the contrary, should an emergency arise at Toledo, Ohio, this office will feel free to call upon, for assistance, the agents who are specially detailed there on the Brekid case.

Not knowing the present whereabouts of Mr. Connelley, his approval of this procedure cannot be secured. A copy of this letter is being indicated to him at Chicago, Illinois.

Carville Ormiston during the time that he was lodged in such transient camps. He admitted a strong inclination for alcoholic beverages. He stated that he obtained his medical information through reading books on the subject while incarcerated in the Oklahoma State Penitentiary at McAlester, Oklahoma, that he likewise received training along this line by assisting doctors in the State Penitentiary. He further informed that he obtained some medical training at the Michigan Medical School, and likewise worked in the Probation Hospital at Brooklyn, New York.

Investigating Agents, upon viewing Ormiston alias Armstrong, declared that he does bear a resemblance to the photograph of Dr. Joseph P. Moran appearing on Identification Order 1232. The fingerprints of Ormiston alias Armstrong were obtained and have been compared by the Agents in the Philadelphia office, and also by the Identification Division at the Bureau, with those of Dr. Moran, and the two individuals have been found to be not identical.

It would appear from the foregoing that the positive identification of the handwriting of Ormiston with that of Dr. Moran on the part of the technical laboratory was in error.

Dear Sir:

RE: BREKID

In connection with the harboring investigation presently being conducted in Toledo, Ohio, efforts have been made to ascertain whether Captain George Timiney of the Toledo, Ohio Police Department harbored the fugitive members of the Barker-Karpis gang. It is definitely established that he frequented the Casino Club near Point Place, Ohio, during the time the fugitives were at that place.

During the year 1934, while members of the gang were in Toledo, Ohio, and vicinity, Timiney was the head of the vice and hoodlum squads of the Toledo Police Department, the latter squad being charged with the duty of apprehending hoodlums. Further information has been obtained from members of the Toledo Police Department that officers, other than those assigned to the hoodlum squad, were not furnished with the photographs of wanted criminals. It is possible that Timiney and other members of the hoodlum squad observed the identification orders for Karpis and Doc Barker while these fugitives are in Toledo.

It is requested that you advise the Cleveland office the date the identification orders on these subjects were received by the Detroit office and the name of the employee who distributed them.

It is further requested that you ascertain from the files of your office the date on which the temporary wanted notices for members of the Barker-Karpis gang were received by the Detroit office. It will be recalled that these wanted notices were delivered personally by an Agent to various police departments in the district. Your file should reflect the date these orders were delivered to the Toledo Police Department and the name of the Agent making the delivery. The date of delivery and the identity of the Agent should be furnished to the Cleveland office.

If the Agent who delivered these temporary wanted notices is no longer attached to the Detroit office, a lead should be set out to determine under what circumstances these notices were placed with the Toledo Police Department and whether Timiney was present or had notice that the notices were in the files of the police department.

You should review the file in your office determining the identity of the Agents who were assigned to this case in Toledo, during 1934, and determine their present location. It is thought that perhaps in the early stages of the investigation some Agent may have contacted a member of the hoodlum squad in connection with the Bureau's efforts to locate the various members of the Barker-Karpis gang.

This matter should be given your immediate attention.

Very truly yours,

MEMORANDUM FOR THE DIRECTOR

I talked with Special Agent R. C. Suran at Toledo on Saturday afternoon concerning the report that you were in that city last Friday night. Mr. Suran communicated with Mr. Zimmerman, a restaurant proprietor on Huron Street, who advised him that at about 9:00 o'clock on Friday night, nine men, one group of six and one group of 3, ranging from 25 to 50 years of age, came into the restaurant during a time when Mr. Mike Devlin of the Toledo News-Bea was present. One of the men stated he was connected with the motion picture industry and was in Toledo in connection with the photographing of a Chevrolet plane, probably some advertising matter.

On Saturday morning, the Toledo Blade inquired of Mr. Zimmerman whether Mr. Hoover had been in his restaurant the previous evening and Mr. Zimmerman told him that he knew nothing of any such incident. Mr. Suran stated he could account for the whereabouts of all of the Agents on the Toledo assignment on Friday evening and he was certain no Agents were involved. He stated there was no newspaper mentioned on Saturday morning of the reported incident. Mr. Suran was unable to get in touch with Mr. Devlin or Mr. Mollenkopf of the Toledo Blade, but plans to do so this morning.

During our conversation, Mr. Suran advised me that he had forwarded to the Washington headquarters of the Bureau an article from the Toledo Blade concerning the Bureau's investigation to identify harborers of Karpis and Campbell. He stated that Ralph Phelps of the Toledo Blade was in St. Paul at the Peifer trial and probably predicated his story on general statements made by United States Attorney Sullivan to the effect that anyone who harbored Karpis or Campbell "had better watch out." Mr. Suran stated the story was a complimentary one and the only fear he has is that the mention of Edna Murray might hamper the Toledo plan.

Respectfully,

Re: BREKID

On August 5, 1936, John Karpavicz, father of Alvin Karpis, and Mrs. Venute, sister of Alvin Karpis, called at the Chicago Bureau Office to find out what steps they should take in an effort to secure a parole for Dolores Delaney.

They were advised that this Office could be of no assistance in connection with any parole for Dolores but that they should direct a letter to the Parole Board in Washington, inasmuch as Mr. Karpavicz stated that he was willing to furnish a home for her and to sponsor her should she be released on parole.

THE CLEVELAND ASSOCIATION
FOR CRIMINAL JUSTICE
2102 Payne Avenue
Main 2521

August 6, 1936.

Mr. John Edgar Hoover, Director,
Federal Bureau of Investigation,
U. S. Department of Justice,
Washington, D.C.

My dear Director Hoover:

At the time of the recent meeting of the Board of Directors of this Association, I brought to their attention what I deemed to be an ingenious bit of constructive work on the part of one of our local police officers, Captain Chester I. Burnett. Our Board passed a resolution commending Captain Burnett for this remarkable work in the hope that in so doing, incentive might be instilled in the breasts of this man and his brother officers for further efforts of like nature.

We have spent a good deal of time up here in Cleveland during the last several months getting after certain of our more corrupt officers and the more deplorable phases of our police administration in general. It has impressed the writer that perhaps when evidence of constructive work came to the fore, it might be well to commend so that our boys will not think that our eyes are completely closed to some of the better sides of their work. To be sure, it is quite like finding a needle in a haystack to find one of these better sides but it is certainly encouraging when one does appear. I have had reduced photo-stats made of the charts devised by Captain Burnett and am taking the liberty of enclosing a set for your consideration. One of your local agents was in my office on another matter not long ago and I showed this set to him for the purpose of soliciting his reaction. He too thought it was quite a remarkable bit of work. It strikes me that other local law enforcement units might well avail themselves of this method, perhaps along a modified line, and I have thought it might find its way into one of your F. B. I. bulletins.

Further, I cannot see why this type of graph cannot readily be adapted to trends and movements of automobile

thefts on a national scale; instead of having the concentric circles representing precincts of a local situation, I can visualize those circles representing Chicago, Detroit, Toledo, Cleveland, and Buffalo, for example.

I wish to draw your particular attention to the comparative study of these two charts. More definitely, I invite you to note the frequency of the movement between Precincts 1 and 9 during the month of May, 1936. Note how this movement was stopped by concentrating the squads in these vicinities, by consulting the chart covering the movement for June, 1936. It certainly seems to me that this manner of plotting affords our Auto Bureau with an accurate guide as to where they should concentrate their auto squads, and I am told that much good has already been accomplished through the employment of these methods. As being indicative of how our present Safety Director, Eliot Ness, looks upon this work, I am pleased to state that Captain Burnett was a Lieutenant at the time these charts came to the attention of our office, but has since been made a Captain.

At the time of this Board Meeting, I once again flew into a rage over the perfectly asinine resolution recently passed by the National Probation Association pertaining to your very justified criticism of the practices of Probation and Parole. Some time ago I talked to Mr. Baker about this foolish resolution, and he agreed at that time that our Board should adopt a resolution of a much different nature. Unfortunately our Board meeting has been postponed from time to time so that I have felt that it would only serve to emphasize the undesirable phase of this problem by echoing it at this time. However, please rest assured that I have accepted it as a personal insult and am at present time working on a case which will certainly demonstrate to the public at large that at least in so far as the State of Ohio is concerned, the picture you painted down in New York was not half as "ghastly" as it might have been, and as you well know it to be.

We also have a case in the hopper which may very well make one certain wouldbe police officer of this city choke on words he uttered some time ago, at the time when you so honestly made your statement about the possibility of the intervention of politics and corruptness in the Karpis matter. I have advised your agent, Mr. McFarland, as to the nature of this case and it is my nightly prayer that it will

work out as I believe it may. I am further pleased to
state that Director Elliot Ness is also lending both
fists to this job and I hope that before long I shall have
the pleasure of writing you that one boy stuck his neck
out who could not very well afford to do it.

I am always delighted when my morning mail brings a
copy of one of your excellent addresses and please know
that while I do not always acknowledge them, I do much more,
for they have become pretty much religion with me.

Cordially yours,

William E. Edwards,
Operating Director.

Dear Mr. Edwards:

I wish to acknowledge receipt of your letter of August 6, 1936, with which you so kindly furnished me a photostatic copy each of two charts prepared by Captain Chester I. Burnett of the Cleveland, Ohio, Police Department relative to automobiles stolen and recovered during the months of May and June, 1936, in Cleveland. These charts are very interesting and you may be assured I shall review and study them carefully, bearing in mind your suggestion that it might be advisable to explain the system used therein in a subsequent issue of the FBI Law Enforcement Bulletin.

I have noted your kind remarks concerning my statements in recent speeches relative to the present evils under the probation and parole systems, which statements were attacked in a resolution of the National Probation Association, as mentioned by you. Please accept my thanks for the expression of your support of my ideas in connection with these present practices.

In reply to your letter of July 31, 1936, I desire to advise that the lead set forth in the letter from your Office dated June 6, 1936, indicating that Milton Lett might be employed by a construction company at Wilmington, Illinois, was covered in the report of Special Agent L. P. Sullivan dated Chicago, Illinois, June 15, 1936, and it was noted from that investigation that the construction work at Wilmington, Illinois, had been completed and that some pipeline work was to be done in the near future at Lincoln, Illinois.

Accordingly, a lead was set out for the St. Louis Office to conduct the necessary investigation at Lincoln to determine whether Milton Lett might be in that vicinity, the investigation at Wilmington having indicated that he was not connected with the construction gang in that territory.

Referring to report of Special Agent C. I. Lord,
Trenton, N. J. for July 27, 1936, it is noted that mention is
made that G. L. Gates was at one time wanted by the Newark
Police Department, Newark, N. J. for swindling.

It may be that G. L. Gates is identical with Sammie
Yates who it is believed this office can locate.

It is suggested that you ascertain whether or not Gates
is still wanted by the Newark Police Department and if so please

If he is still wanted and the Police Department of Newark
will communicate personally with Chief of Police Owen W. Kilday

that if Yates is identical with Gates his apprehension can be effected.
