Synopsis: (U) Opening EC

Details:

On September 14, 2021, Writer was contacted by FBI New York, Long Island RA in reference to a missing person Gabrielle PETITO, DOB 03/19/1999 from case [REDACTED] PETITO was last heard from on August 27, 2021 and was known to be in the area of Teton National Park in Wyoming with her boyfriend Brian LAUNDRIE.

b3
b7E

Surveillance video seen by Jackson Police Department showed PETITO and LAUNDRIE leave the area of Jackson, WY around 1500 hours on August 27, 2021 in the white Ford van (Florida license plate QFTG03). Agents also learned PETITO used an application called The Dyrt to review campsite reservations for the night of August 27, 2021. [REDACTED]

PETITO's phone at the time of case opening.

Preliminary reviews of returned search warrant data for LAUNDRIE's phone obtained by North Port, FL PD indicates LAUNDRIE did not leave Wyoming until August 30, 2021. This includes multiple areas of federal land.

The New York tip line received a call from a couple who had positively identified LAUNDRIE on August 29, 2021. The couple had stopped to pick up a hitchhiker, later identified as LAUNDRIE, at the Colter Bay visitor center inside of Grand Teton National Park. The couple gave LAUNDRIE a ride to Moran Junction, approximately 10 miles south/east of Colter Bay visitor center. During the drive, LAUNDRIE told the couple he had been on a hike alone for four days and needed a ride back to his fiancé and their van. When they reached Moran Junction, LAUNDRIE told the couple to stop and he exited the vehicle because they were going the wrong way.

On August 30, 2021, financial data showed LAUNDRIE using a gas pump at the Maverick gas station located at 1604 W. Main Street, Riverton, WY. Sergeant of the Riverton Police Department responded to the Maverick gas station and to businesses in the area to review surveillance video. The surveillance video at the gas station showed a male believed to be LAUNDRIE exit the van and put gas in it. LAUNDRIE then gets back inside the van and leaves the area. PETITO is not observed in the surveillance video to be inside the van. Video surveillance was also obtained from multiple other gas stations LAUNDRIE stopped at between Wyoming and his residence in Florida. None of the surveillance video seen by investigators at the time of case opening showed PETITO in or near the van with LAUNDRIE.

b6
b7c

On September 14, 2021, investigators obtained a search warrant for the white Ford van used by LAUNDRIE and PETITO. The subsequent search revealed PETITO's personal belongings were missing as well as the

At time of case opening, LAUNDRIE would not speak to investigators in reference to the location of PETITO.

Writer requests a case opening for kidnapping and murder of PETITO on federal lands. Reference 18 U.S.C 1201 and 18 U.S.C 1111.

Male and female customer drive onto property at approx 16:24pm on August 24th, 2021. Male customer comes out and interacts with person on passenger side, whom I believe is the female companion. After a few mins, male customer puts gas and then drives away from fuel station and parks white van onto store property on aisle 7.

Male and female customer come into store at approx. 16:57pm through GM entrance. female appears to be carrying 2 large handbags, Customers start shopping over in Pharmacy section appearing to be searching for something particular. [REDACTED]

b7E

[REDACTED] The customers then walk into GM action alley and proceed to walk toward GM.

The two customers separate and the male walks into Automotive and the female customer walks through GM and makes her way to electronics where she looks at laptops until, the male meets up with her at approx. 17:07pm. the two then make their way to grocery where they separate again. The two meet up again in Produce where the male appears to be coming in from outside. I have suspicions that the female may be concealing merchandise as it appears the handbags are growing in size.

The two customers then shop along produce where at one point they stop near a 4 way bunker where the female customer makes a selection of approx. 3 cucumbers at approx. 17:19pm. The female then walks away and turns, walking toward grocery and places the cucumbers inside her bag. On about Aug. 27 I was working at the Casino Smelter when 4 people came in, 3 men & one female, they wandered around getting drinks & conversing. When they got to the counter, the female & one male came to the counter I was waiting for the other 2 males to come to the counter. I asked if they were going to the Special Jolly, & they said no, they were going on long road trip to the national monuments that they started on the East Coast. They also said they were camping along the way. When the female paid for their items, I noticed a tattoo on her right forearm that said "LET IT BE". The male asked for directions to Yellowstone & they went out & got in a white mini van. Not sure where the other 2 went. Also everyone seemed to be having a good time.

[REDACTED] observed the female was wearing Teva brand or similar style hiking sandals and a tank top with no bra. The female had long blonde hair and had bad body odor leading [REDACTED] to believe the female had been camping for a period of time. The female was younger than mid 20's and was fit. The female pulled her phone out and started recording the surrounding mountains. The mountains around the gas station were not significant. [REDACTED] tried to take a photo of the female, but the female looked backed, causing [REDACTED] to lower her phone. [REDACTED] heard the male tell the female, "time to go, let's go". [REDACTED] entered the gas station and when she returned, the van was gone.

[redacted] and [redacted] arrived at Spread Creek, WY at approximately 10:00am on September 5, 2021. [redacted] noted that Spread Creek is a campsite that can be found on the Dyrft app for free camping. They drove all the way down toward the river to camp. Approaching the campsite, [redacted] and [redacted] noticed a hammock and rope hanging in a tree. On the ground was a table with a blue cloth blanket covering it and a floor mat. [redacted] and [redacted] took the hammock and table because the items looked abandoned.

b6
b7C

[redacted] and [redacted] woke up the morning of September 6, 2021 and went fishing up the stream. They walked in the stream approximately 400m until they smelled something. [redacted] was an average hunter and believed the smell was a dead animal. [redacted] and [redacted] decided to turn around and head back to the campsite. A few hundred yards away from the campsite, they noticed an unknown male and female along the bank of the river. The two unknown people observed [redacted] and [redacted] and immediately walked back to their vehicle and drive away. [redacted] believed the vehicle was a Ford F-350. Upon returning to the campsite, [redacted] noticed that the blue cloth blanket and doormat were missing.

[redacted] was camping at the Signal Mountain Campground with his wife and two other couples from August 20 - 27, 2021. On the evening of the 26th of August, [redacted] wife observed a young female with blonde hair and a tattoo on her arm while in the bathroom of the campground.

b6
b7C

At approximately 7:30am on August 27, 2021, [redacted] was walking to the campground store and deck in order to get cell phone service. While walking, a young woman with blonde hair wearing blue jeans and an olive green jacket passed him. When he got to the cell phone reception deck, the same blonde woman was on her phone about 15 meters away. [redacted] observed a tattoo on her arm while she was texting on her phone. [redacted] did not see her make any calls. The young woman left shortly after he arrived.

b6
b7C

At approximately 10:00am, [redacted] were at the trash dump station in the campground. [redacted] observed a white van that matched the same pictures from the media turning out from the Signal Mountain campground toward Jackson Hole/Moose Gate direction. [redacted] observed a white male that was identified at Brian Landrie driving. There was no one in the front passenger seat. [redacted] remembered the van because it cut a corner too tight and went up on the curb.

[redacted] was interviewed telephonically by Task Force Officer (TFO) [redacted] on September 19, 2021, at approximately 10:30AM MDT. After being advised of the identity of the investigator and the nature of the interview, [redacted] voluntarily provided the following information.

[redacted] along with another [redacted] were in the Grand Teton National Park on August 28, 2021. At approximately 11:30AM MDT, they arrived at a parking lot directly adjacent to the abandoned Bar B.C. Ranch near Cottonwood Creek Road as it approaches the Snake River. Their group was planning to fish in the Snake River. Before they departed, however, they were taking some photos of the Teton range.

b6
b7C

While there, [redacted] observed what she believed to be the van driven by Gabrielle Petito and Brian Laundrie, backed into a parking spot in the lot. She saw a male standing near the driver door, and a female near the passenger door. The male was wearing a dark t-shirt and shorts, while the female was in light-colored biking shorts and a tanktop. The female was changing her shoes. It appeared as if the pair had just completed a hike. Neither was speaking to the other, which was somewhat noteworthy to [redacted]. When [redacted] and her group departed towards the river around 11:45AM, the van was gone. [redacted] had not seen the van leave or which way it was headed.

b6
b7C

[redacted] emailed the writer one of the photographs she had taken while in the lot. The photograph is attached to this report, retained in the digital 1A section of the file.

every generation was filled with underdogs and heroes. Immigrants in the 40s were so brave. Underdogs.
being oppressed. Native americans underdogs being oppressed. By underdogs I don't mean some sports made for
multiplication. I mean they were the minority, when does the the minority become evil. When does
it become wrong. Is it their moral compass or merely their numbers. Hitler was one person who
made a group to exterminate the inferior. the minority. the oppressed. But Hitler was taking on the world

world interprets things. Because people are mathematic. Machines without a programming. Humans vs Humans.

is a home a feeling, of course it is but can you have a home without a house. Could a cave be a home.

He got, so today is October 26th, 2018. Ballads, I came out last night and was still
understanding because I've been having looks at it for the past few months and I had no
idea. I started playing guitar recently because Sam and Sergio still have my sheets. I turned standing
at the desk on piano last night to play on the piano in the kitchen. I turned my room today
for the first time since I got back (this is still broken) and read through some old notes, but been
writing in my green notepad for a long time but these are just snippets or rhapsodies, I wanted
to write with a clear head while going on. Without Drugs or Alcohol or love. The horrible reality
of almost my analysis of the state of things. In lying on my stomach with the lights out in my
room. No music. My meditations are still alive despite me not feeling them for at least 6 months.
Savannah left. In game stop delirium. Birds has 5 more radiation treatments, she has a big fork
circle on her chest, her hair is coming back all grey and I think she's beautiful. Since
I got back (I try not to think about any of the cancer stuff because it's too awful) but since
I got back she's been trying to decide whether to go back to NY or stay here. A lot of reasons
ex. Money, insurance, Family, happiness, security, health, bla bla bla. incentive, Maybe, but it's been
for too much of this. It's been since they came back from NY. What the hell do you mean come back?
They already did this already - and had about a year of build up to that. So it's been 2 yrs
of waking up completely unsure. It's all too much for me. Yeah I sound like a Bitch but it
really has been every day for 2 yrs. I was working at public for about 6 months when it sounded
like we were going back I went to NY to enjoy myself for a little bit. In game come back to
that. About a year ago I went into a type of mania where I was smashing holes in the wall
with my head, kicking through paintings, tearing whatever I was working on, pouring gasoline on myself
to burn alive but getting the lighter wet, parking out in mudflats listening to me demand
with a gun to my head, wrestling alligators. I wanted to die and the weird thing is nothing's
changed, but the tinnies running down. Nov. 6th were gotta be back in NY, but that's only
a week and a half away. No one doing anything but eating in silence and hiding from each other.
I can't stay because if we decide to stay Nothing will change. No weight will be lifted. I have
no options because I am a ghost, a shell, I never had a home or a family. The family...

How we ^{with} life is for
 we went ^{at the} end of high school & remained best friends
 until graduation where we found our lives going in
 different directions. After a few visits, a few packages
 and a few letters we drifted apart years
 went by but we still had the memories with one
 day our paths crossed entirely unexpected. ~~over~~ ^{change}
 but almost as if it was meant to be we had
 decided to spend ~~the next~~ ^{the next} day together and the
 next day the next day.

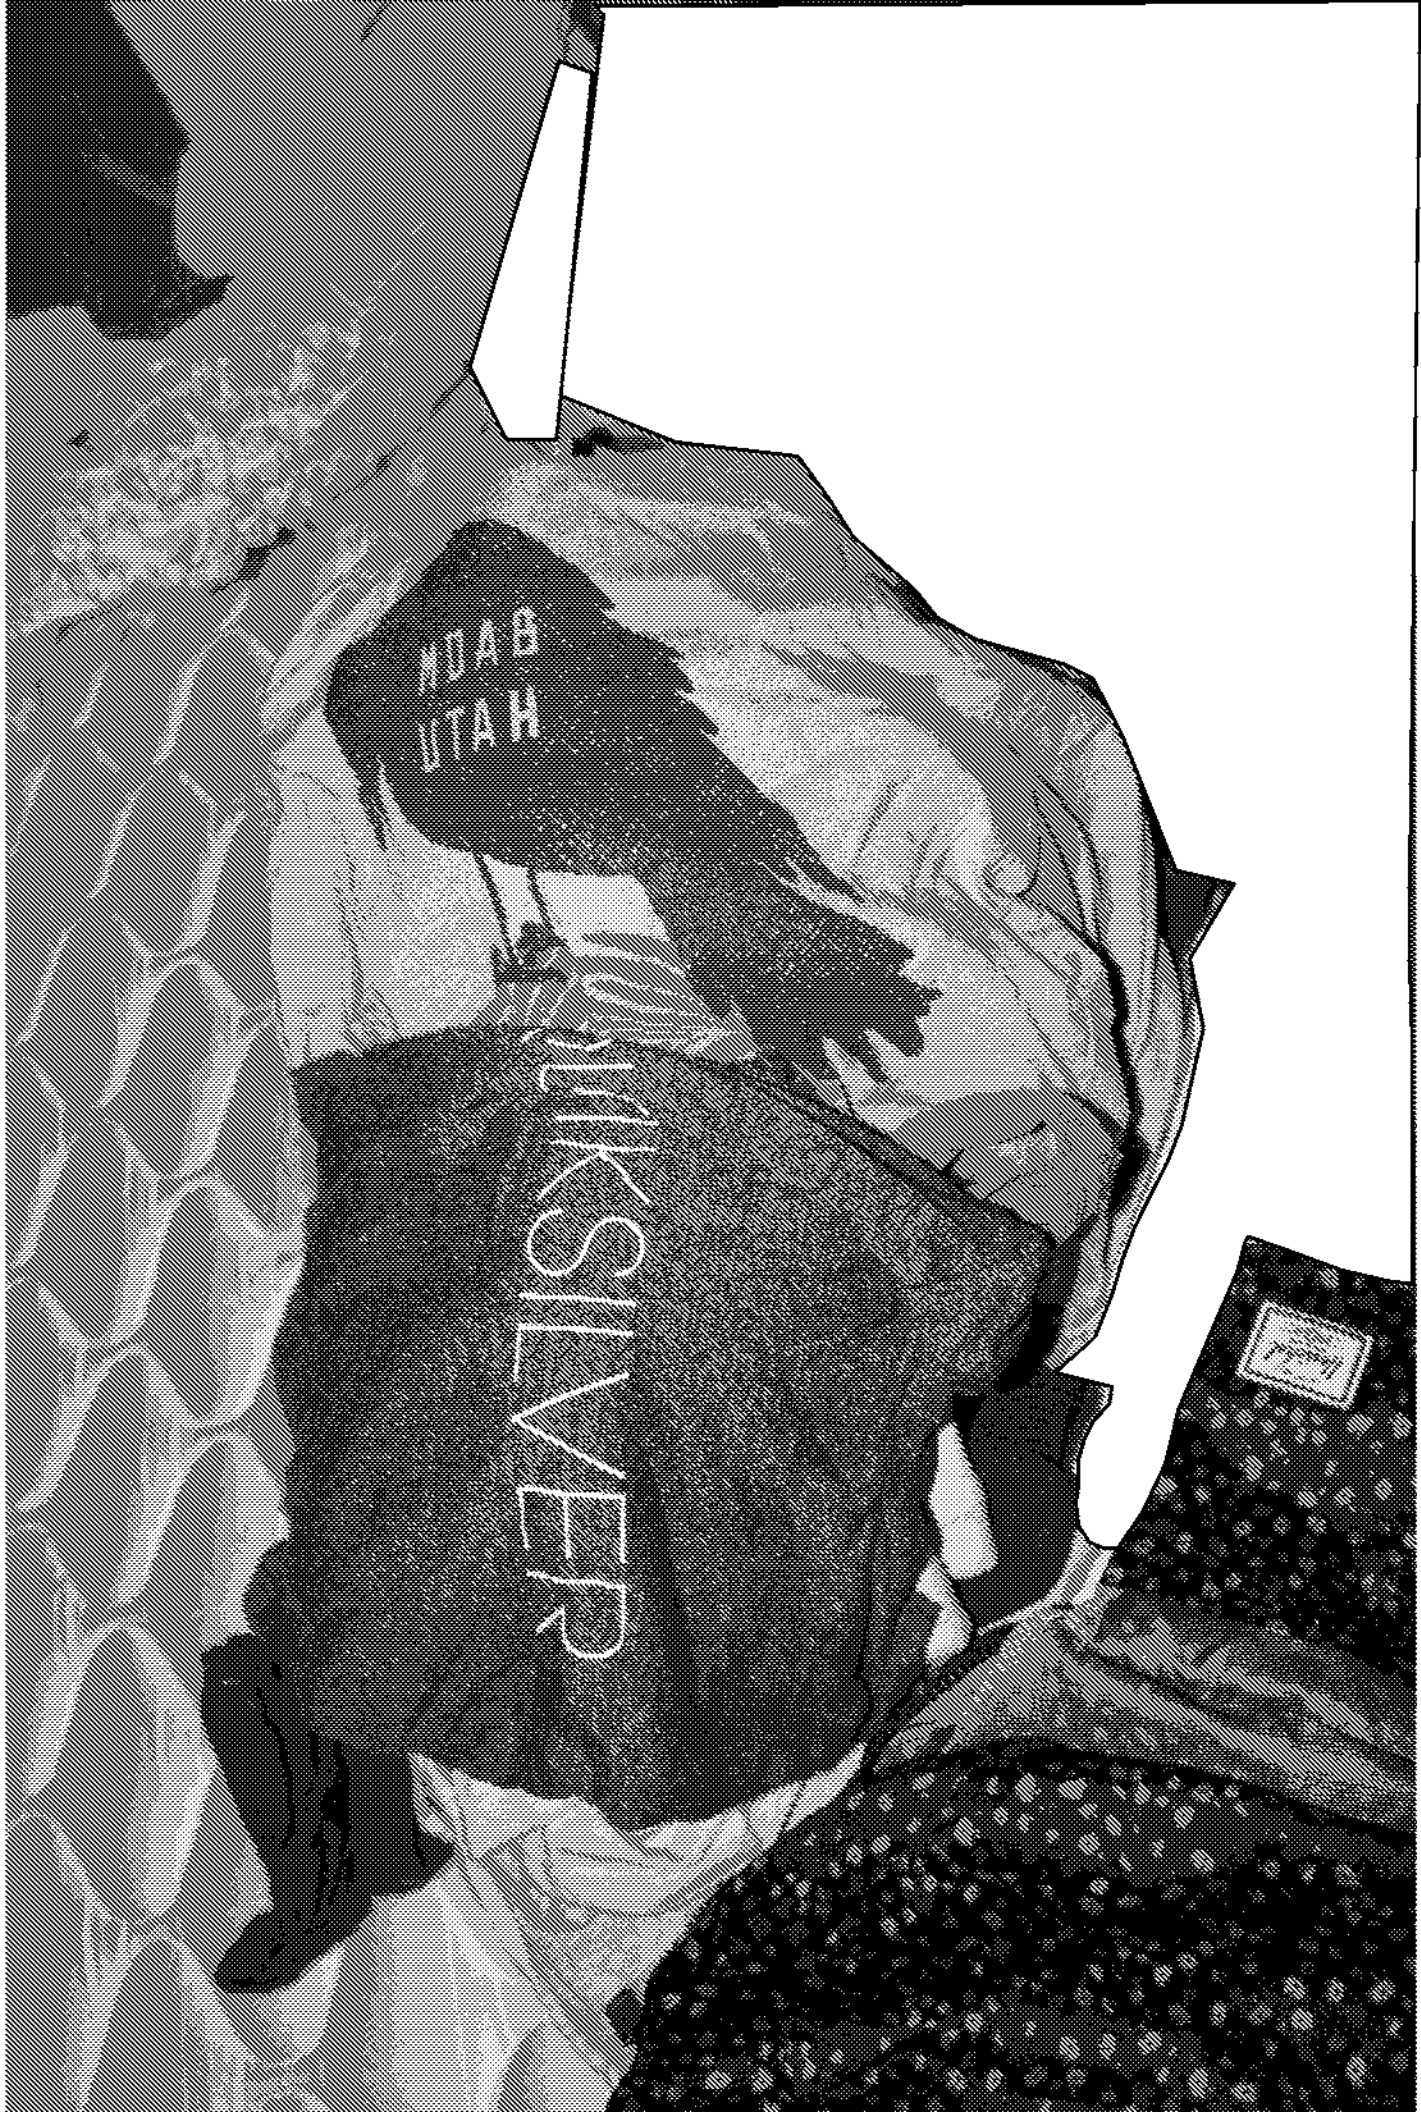

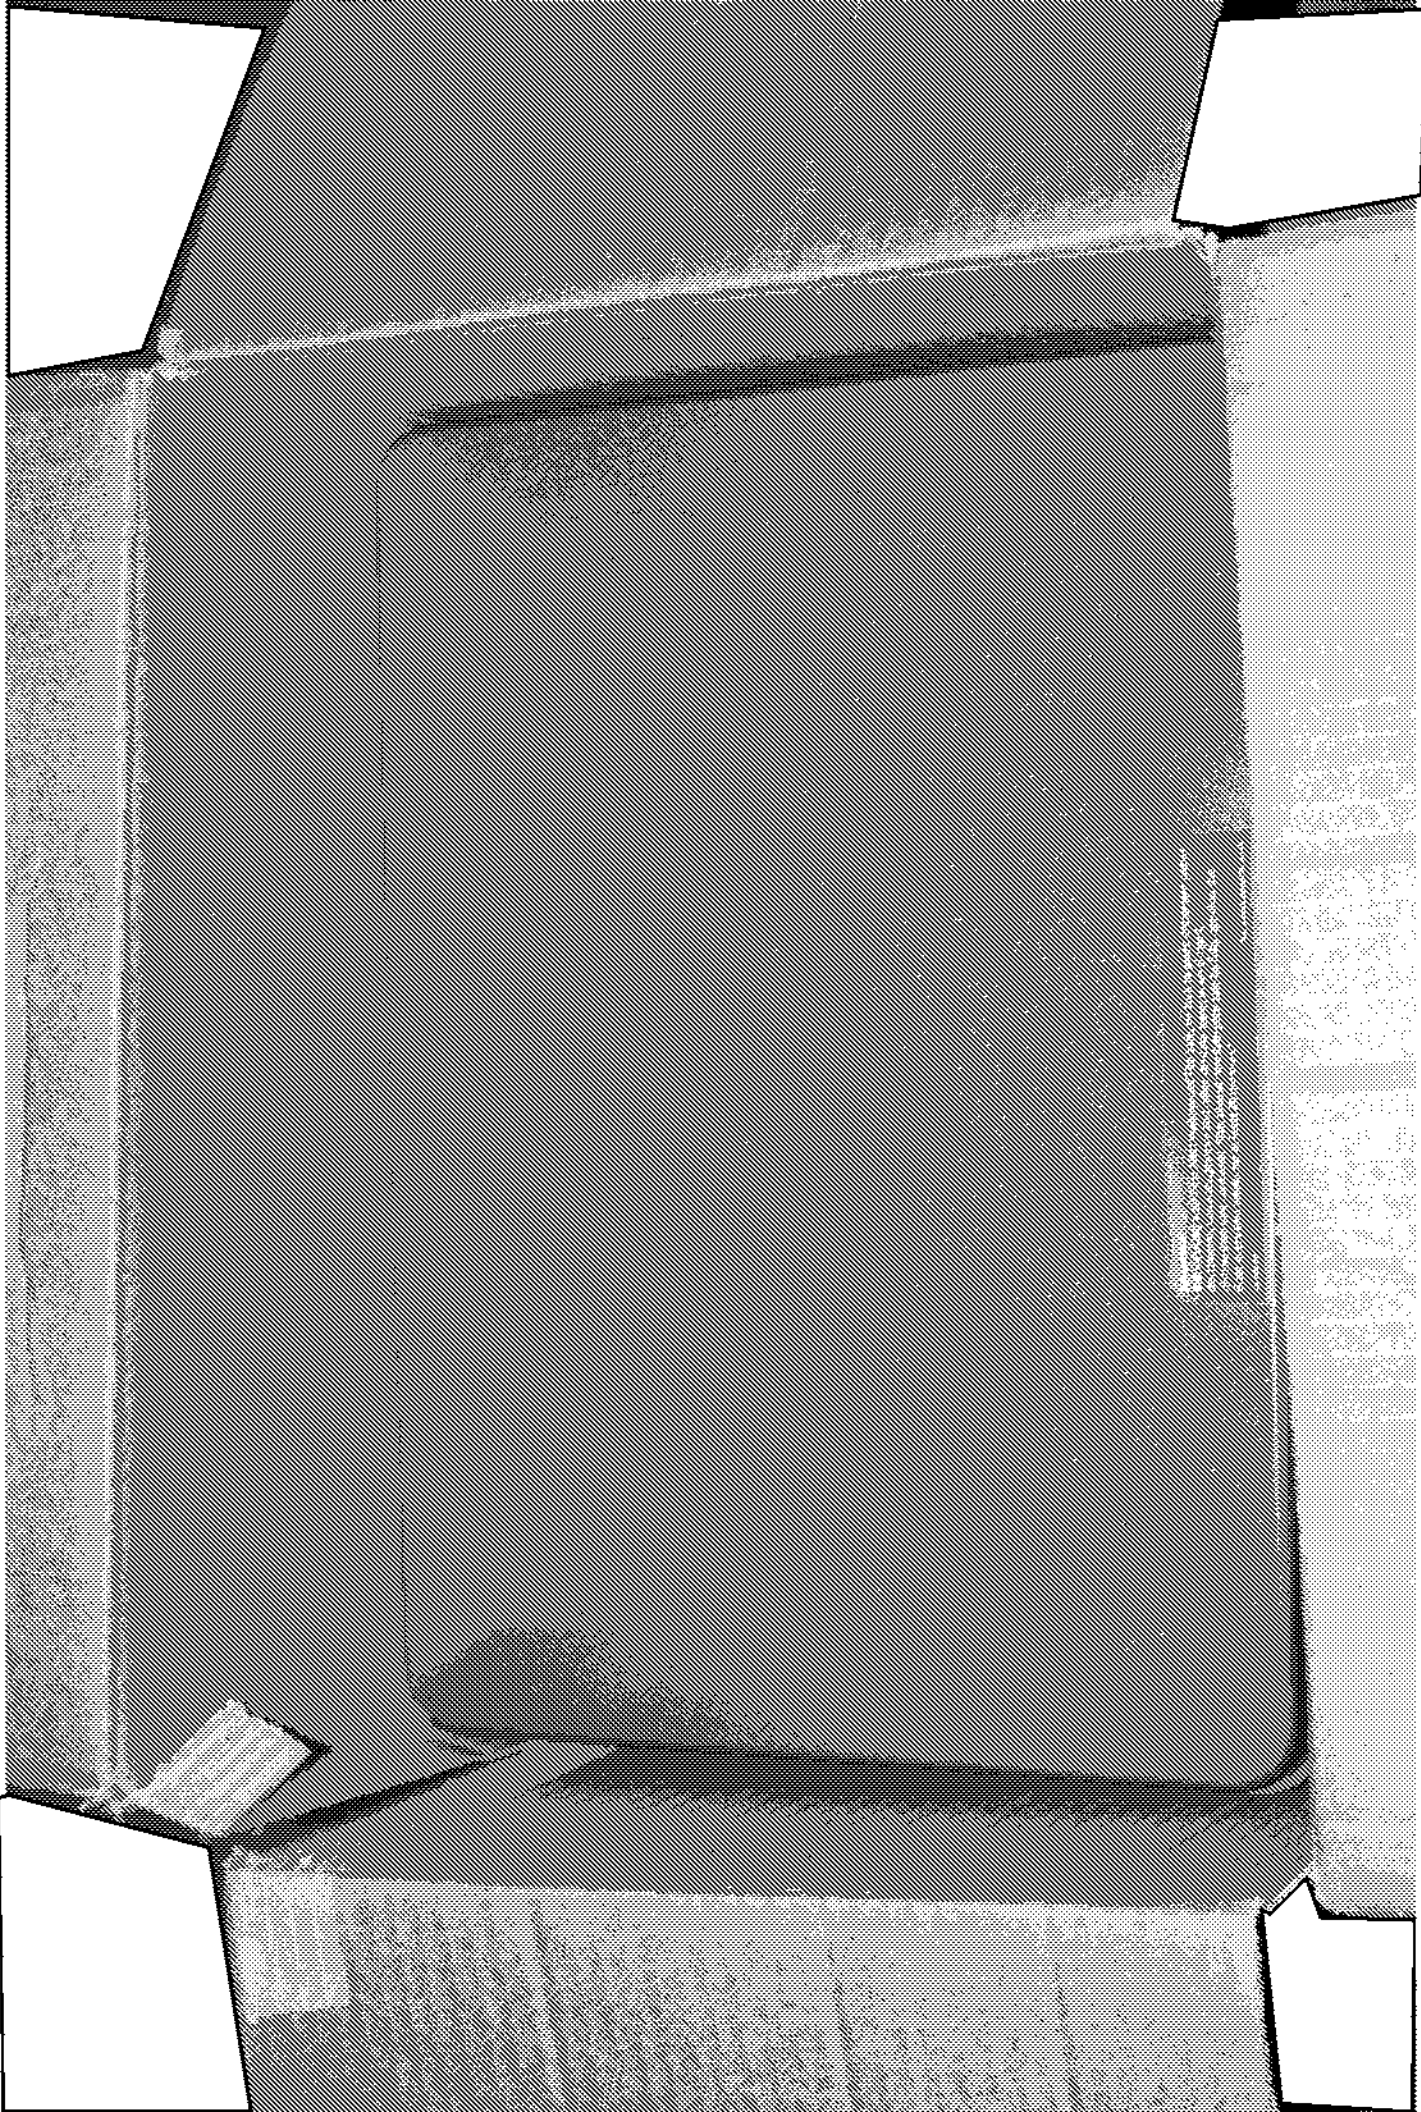

You remember the darkness. You look up
and you see a tree filled with stars. You look
into those deep ocean eyes the eyes you will
never forget. The ghost in the blue trees.
Smiling under the spinning chandelier. All around
might as dark as the depths of space. The dark
years lived in your whole life surrounds you
and in your arms glowing with her golden hair
I think that you will cry now

Date of entry 09/16/2021

A search warrant, issued in the State of Florida, 12th Judicial Circuit on September 14, 2021, was executed at the North Port Police Department ("NPPD") at approximately 4:45 PM on September 14, 2021. The search warrant was specifically executed on a 2012 white Ford Transit minivan, Florida Tag QFTG03, VIN: NMOLS7AN7CT121165. The search warrant was executed by members of the Tampa Division Evidence Response Team ("ERT"). For a list of individuals participating in the search, refer to the sign-in log.

Prior to the commencement of the search, an operational brief was conducted and all members of the search team were apprised of the pertinent facts of the case. Additionally, all members were instructed to review the vehicle search warrant and sign/initial same.

The vehicle was located in a vehicle bay inside the NPPD facility, 4980 City Hall Blvd, North Port, FL 34286. NPPD released custody of the van's keys to SA [REDACTED] who signed for same.

During the search, photographs were taken by ITS [REDACTED] and a photography log was maintained by SA [REDACTED]. On September 15, 2021, ITS [REDACTED] downloaded said photographs to three DVDS; one original, one backup of the original, and one working copy.

b6
b7C

A sketch of the search scene was conducted by SA [REDACTED]

b6

NPPD had also obtained a separate search warrant for the infotainment system of the vehicle. FBI CART FE [REDACTED] reviewed and signed the search warrant. FE [REDACTED] advised she was unable to extract any information from the van as it did not have an infotainment system.

b6
b7C

During the search, ERT members utilized alternative light source ("ALS") on the interior, exterior, underside, and contents found inside the van. The start/stop times of the ALS deployment is maintained via the events log.

The control tests were positive utilizing synthetic blood, while the tests of pertinent areas were negative. A swab log was maintained for said testing.

At the conclusion of the search, a total of six (evidence) items were seized. SA  signed custody of the evidence items to NPPD at the conclusion of the search. Copies of both search warrants (vehicle and infotainment), as well as a signed FD-597 were also placed inside the van. (VEHICLE INFOTAINMENT SYSTEM)

BEFORE ME, a Judge of the Circuit Court, personally or by sworn attestation appeared Det. [REDACTED] a duly sworn law enforcement officer of the North Port Police Department, State of Florida, who after being first properly sworn, deposes and says that he/she has probable cause to believe and does believe that the laws of the State of Florida have been violated, to-wit:

The laws pertaining to missing endangered persons controlled by Florida State Statute 937.021, in regard to w/f Gabrielle Venora Petito (DOB 03/19/1999).

That the officer has reason to believe and does believe that evidence connected with the investigation is currently located within the below listed vehicle.

The description and location of the vehicle to be searched is as follows:

2012 white Ford Transit minivan bearing Florida tag QFTG03 and having the assigned VIN: NM0LS7AN7CT121165. The vehicle is stored in the secured crime scene sallyport at the North Port Police Department, which is located at 4980 City Hall Blvd., North Port, Florida 34286.

The aforesaid location is within the jurisdictional boundaries of Sarasota County.

GROUNDS FOR ISSUANCE:

The following grounds for issuance of a Search Warrant, as required by Florida Statutes exist, to-wit: the evidence sought is relevant to proving the aforesaid investigation of the missing endangered person has been committed. See Florida Statute 933.02.

PROBABLE CAUSE FOR ISSUANCE:

Your Affiant has probable cause to believe that the missing endangered person's vehicle may contain evidence leading to the discovery of her whereabouts, and that evidence may be discovered for the following reasons:

b6
b7c

1. Your Affiant is a Detective/Officer with the North Port Police Department and is currently assigned to the Criminal Investigations Division. Your Affiant has been a [REDACTED] and has been assigned to the [REDACTED]. Your Affiant is charged with the responsibility of investigating crimes such as crimes against persons and property and in the investigations of missing persons. b6
b7C
2. The subject/vehicle owner, Gabrielle Venora Petito and her boyfriend, Brian Laundrie, left from New York state sometime in mid-June 2021 for a vacation to Utah, traveling to a variety of National Parks along the way. While they were on their trip, they documented some of the events on a YouTube video, "VAN LIFE: Beginning Our Van Life Journey."
3. During the trip the subject sent almost daily text messages and had many phone call conversations with [REDACTED]. During these conversations there appeared to be more and more tension between the missing subject and Laundrie. b6
b7C
4. On 08/12/21, a report was generated by the Moab City Police Department, Moab Utah, reference a domestic disturbance between the subject and Laundrie. In the report Ofc. [REDACTED] wrote, "After evaluating the totality of the circumstances, I do not believe the situation escalated to the level of a domestic assault as much as that of a mental health crisis." Ofc. [REDACTED] stated that the subject was having a severe case of anxiety, per the subject's testimony on scene. Laundrie also told the responding officers that he was concerned about the subject because her anxiety had worsened during their extended trip.
5. On August 27th, 2021 the subject's [REDACTED] received an "odd text" from the subject. The text message read, "Can you help [REDACTED], I just keep getting his voicemails and missed calls." The reference to [REDACTED] was regarding [REDACTED] which per the [REDACTED] the subject never called [REDACTED] [REDACTED] was now very concerned that something was wrong [REDACTED]. b6
b7C
6. This was the last communication anyone had with the subject. Her cellphone was no longer operational, and she stopped posting anything on social media about their trip. Per [REDACTED] this was not normal behavior for the subject, and they became even more worried about her. b6
b7C
7. On September 11th, 2021 the subject was entered as a missing person by the Suffolk County Police Department in New York. Based on the reports from the Moab City Police Report, it appears the subject is also endangered, due to mental health concerns.
8. On September 11th, 2021 the subject's van, a white Ford Transit, bearing Florida tag QFTG03, was located at her address at [REDACTED]. Per the license plate reader installed at the Sumter Blvd. exit of Interstate 75, her vehicle entered the City of North Port on September 1st, 2021 at approximately 10:26AM. b6
b7C
9. [REDACTED] the subject was not at the residence and [REDACTED] did not know her whereabouts. [REDACTED] speak with law enforcement and directed the officers on scene to speak with [REDACTED] Brian Laundrie was not seen at the [REDACTED] address either and it could not be verified who drove the subject's van back to Florida.
10. [REDACTED] agreed to turn over the subject's van to the North Port Police Department for safe keeping and it was towed to the secured sallyport by [REDACTED]. At the time of contact with [REDACTED] had no objections about the b6
b7C

vehicle being towed and even moved [redacted] out of the way of the van to expedite the process.

11. On 09/12/21, an emergency ping was also requested for the subject's cellphone, through T-Mobile.com, which yielded negative results. The ping showed the subject's cellphone was not working within the last 48 hours. A historical cell site search warrant was granted on 09/13/21 by the Honorable Judge Krug for the subject's cellphone, which was submitted on the same date for exigent circumstances.
12. Based on the totality of the circumstances related to the subject's mental health, and the fact that her vehicle was located in North Port without any sightings of her, I believe there is probable cause to believe that the subject is unable to care for herself due to her increased anxiety. Due to this behavior, our concerns for her welfare have reached an exigent level. Her cellphone has been turned off for approximately 15 days and there have been no sightings of her since August 27th, 2021. There is also no cooperation from her boyfriend, Brian Laundrie [redacted] which has also added to the exigency to search her vehicle, which may lead to her whereabouts.

Your Affiant believes this motor vehicle Infotainment System and related storage media may contain evidence identifying and linking, multiple persons to the investigation of the missing endangered person. Information captured from this device will potentially provide location data for the couple's trip, with all points of travel listed.

On the basis of the foregoing facts, Affiant believes the following evidence may be found:

EVIDENCE SOUGHT:

Vehicle event logs including door opens, gear shifts, odometer reads, ignition cycles, any location data including navigation information, saved locations, previous routes and destinations, any connected device information including devices connected to the vehicle via USB ports, Bluetooth and/or wireless networks and any other information captured by the In-Vehicle Infotainment system used to aid in the commission of the crime. Digital Information contained within the vehicle's Infotainment System.

A vehicle's Infotainment System allows a user to sync (connect and integrate communications wirelessly and/or with a cable) mobile devices to a particular motor vehicle Infotainment System. This connectivity generally allows motor vehicle occupants to perform hands-free operations such as voice calling and texting, access data streaming stream services such as music, news, weather, maps, navigation, traffic data, and other web-based information and related content. Motor vehicle infotainment systems commonly support the importing of content and other data information from a particular user's mobile device. Such data may include content that may provide user attribution to a particular user(s) that may include mobile device identifiers, telephone numbers, user accounts details, methods of payment, passwords, PIN codes, user voice

This detective/officer believes probable cause exists for the following reasons:

1. The subject/vehicle owner, Gabrielle Venora Petito and her boyfriend, Brian Laundry, left from New York state sometime in mid-June 2021 for a vacation to Utah, traveling to a variety of National Parks along the way. While they were on their trip, they documented some of the events on a YouTube video, "VAN LIFE: Beginning Our Van Life Journey."
2. During the trip the subject sent almost daily text messages and had many phone call conversations with [REDACTED]. During these conversations there appeared to be more and more tension between the missing subject and Laundry.
3. On 08/12/21, a report was generated by the Moab City Police Department, Moab Utah, reference a domestic disturbance between the subject and Laundry. In the report Ofc. [REDACTED] stated that the subject was having a severe case of anxiety, per the subject's testimony on scene. Laundry also told the responding officers that he was concerned about the subject because her anxiety had worsened during their extended trip.
4. On August 27th, 2021 the [REDACTED] received an "odd text" from the subject. The text message read, "Can you help [REDACTED] I just keep getting his voicemails and missed calls." The reference to [REDACTED] was regarding her [REDACTED] which per the [REDACTED] the subject never called her [REDACTED] was now very concerned that something was wrong with [REDACTED].
5. This was the last communication anyone had with the subject. Her cellphone was no longer operational, and she stopped posting anything on social media about their trip. Per [REDACTED] this was not normal behavior for the subject, and [REDACTED] became even more worried about her.
6. On September 11th, 2021 the subject was entered as a missing person by the Suffolk County Police Department in New York. Based on the reports from the Moab City Police Report, it appears the subject is also endangered, due to mental health concerns.
7. On September 11th, 2021 the subject's van, a white Ford Transit, bearing Florida tag QFTG03, was located at her address at [REDACTED]. Per the license plate reader installed at the Sumner Blvd. exit of Interstate 75, her vehicle entered the City of North Port on September 1st, 2021 at approximately 10:26AM.
8. [REDACTED] stated that the subject was not at the residence and [REDACTED] did not know her whereabouts. [REDACTED] refused to allow Brian to speak with law enforcement and directed the officers on scene to speak with [REDACTED] attorney. Brian Laundry was not seen at the [REDACTED] address either and it could not be verified who drove the subject's van back to Florida.

A historical cell site search warrant was granted on 09/13/21 by the Honorable Judge [redacted] for the subject's cellphone, which was submitted on the same date for exigent circumstances.
11. Based on the totality of the circumstances related to the subject's mental health, and the fact that her vehicle was located in North Port without any sightings of her, I believe there is probable cause to believe that the subject is unable to care for herself due to her increased anxiety. Due to this behavior, our concerns for her welfare have reached an exigent level. Her cellphone has been turned off for approximately 15 days and there have been no sightings of her since August 27th, 2021. **AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR A SEARCH WARRANT**

I, a Special Agent with the Federal Bureau of Investigation ("FBI"), being first duly sworn, hereby depose and state as follows:

b6
b7c

INTRODUCTION AND AGENT BACKGROUND

1. I am a special agent with the Federal Bureau of Investigation (hereinafter "FBI") and have been since I am an investigative or law enforcement officer within the meaning of 18 U.S.C. § 2510(7). As such, I am empowered by law to conduct investigations of, and to make arrests for, offenses enumerated in 18 U.S.C. § 2516. As an FBI special agent, I have investigated violations of federal criminal laws related to, among others, criminal conspiracies, criminal organizations, and other violent crimes. During the course of these investigations, I have coordinated the execution of search and arrest warrants, conducted physical surveillance, utilized confidential sources and undercover employees, analyzed records, analyzed information obtained from court-ordered pen register/trap and trace intercepts, and communicated with informants and subjects, as well as other local, state, and federal law enforcement officers. In addition, I have become familiar with some of the methods used by persons engaged in criminal acts to disguise the fruits of their illegal activities.

b6
b7c

2. In addition to my training and experience with the FBI, I am an attorney and have been a member of the bars of the state of and the United States District Courts for the Northern and Southern Districts of

b6
b7c

3. On September 19, 2021, the Honorable Thomas G. Wilson, United States Magistrate Judge, authorized a search warrant in case no. 8:21-mj-1946-TGW regarding [REDACTED] (the "**TARGET RESIDENCE**"). The application and affidavit executed in support of the search warrant are incorporated by reference. Earlier today, the search warrant was executed. I submit this affidavit in support of an application to expand the scope of the search warrant with respect to the items to be seized.

b6
b7C

4. The **TARGET RESIDENCE** is the home of Brian LAUNDRIE. LAUNDRIE is a person of interest in an investigation into the missing person Gabrielle Venora PETITO. And on or about September 14, 2021 [REDACTED] [REDACTED] reported to law enforcement that he, too, was missing. Based on the facts discussed below, there is probable cause that the **TARGET RESIDENCE** contains evidence of federal crimes—namely, murder in the special maritime and territorial jurisdiction of the United States, a violation of 18 U.S.C. § 1111. The evidence to be seized is more particularly described in Attachment B.

b6
b7C

5. The facts I describe in this affidavit come from several sources: (1) my personal knowledge based on my participation in this investigation; (2) information obtained by way of warrant a subpoena returns; (3) information I have learned by consulting with other officers working on this investigation and their reports; and (4) information learned throughout the course of a search of the **TARGET RESIDENCE**, discussed in more detail below. Because this affidavit is being

submitted for the limited purpose of seeking authorization to seize certain items from the **TARGET RESIDENCE**, I have not set forth each and every fact about the investigation, but only those necessary to establish probable cause.

PROBABLE CAUSE

6. The search warrant was issued in connection with a missing/endangered-persons investigation initiated by the Suffolk County, New York, Police Department (SCPD). The investigation began with a report by [redacted] [redacted] of Gabrielle Venora PETITO. [redacted] reported that [redacted] had not heard from PETITO for approximately 15 days, and [redacted] was concerned for

b6
b7c

[redacted] This warrant authorized the search of **TARGET RESIDENCE** and the seizure of certain cellphones, computers, or other mobile devices believed to contain evidence of a violation of 18 U.S.C. § 1111, murder in the special maritime and territorial jurisdiction of the United States.

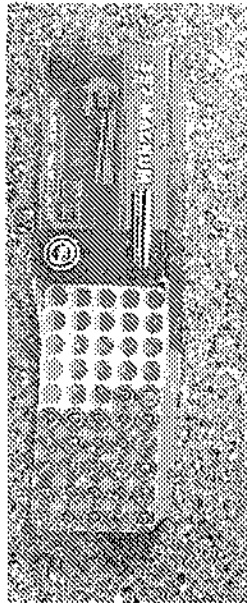

7. During the execution of the search warrant for the **TARGET RESIDENCE**, investigators observed additional items that are themselves evidence of murder in the special maritime and territorial jurisdiction of the United States. Investigators found firearm ammunition, incriminating statements in a journal, and sketches in a sketchbook.

8. Investigators found approximately 115 rounds of Geco .357 Magnum ammunition, in three ammunition boxes. Two of the three boxes had been opened and were missing rounds. One box contained 38 rounds (12 rounds missing), and the

other contained 27 rounds (23 rounds missing). Here are photographs of the ammunition:

38 rounds of Geco .357 Magnum ammunition located in a cigar box

27 rounds of Geco .357 Magnum ammunition located in a plastic tote

9. In an interview with [REDACTED] conducted on or about September 17, 2021, investigators learned that [REDACTED] owns three handguns—one revolver and two semi-automatic pistols. [REDACTED] told investigators that all three handguns belonged to [REDACTED] and that [REDACTED] [REDACTED] neither possessed nor used the guns.

b6
b7C

10. [REDACTED] also told investigators that the revolver was missing from the **TARGET RESIDENCE**. [REDACTED] said that the missing revolver was either a “.357” or “380.”

b6
b7C

11. During the search of the **TARGET RESIDENCE**, investigators found two semi-automatic handguns. Agents did not find a revolver.

12. The handguns and above-mentioned ammunition were found in the garage of the **TARGET RESIDENCE**. [REDACTED] advised investigators that the handguns and ammunition would be found in various plastic totes and cigar boxes in the garage, and investigators found the ammunition where [REDACTED] [REDACTED] indicated it would be. [REDACTED] also told investigators that the revolver was supposed to be in a cigar box with matching ammunition. However, as discussed above, there was no revolver in the cigar box or anywhere else in the **TARGET RESIDENCE**.

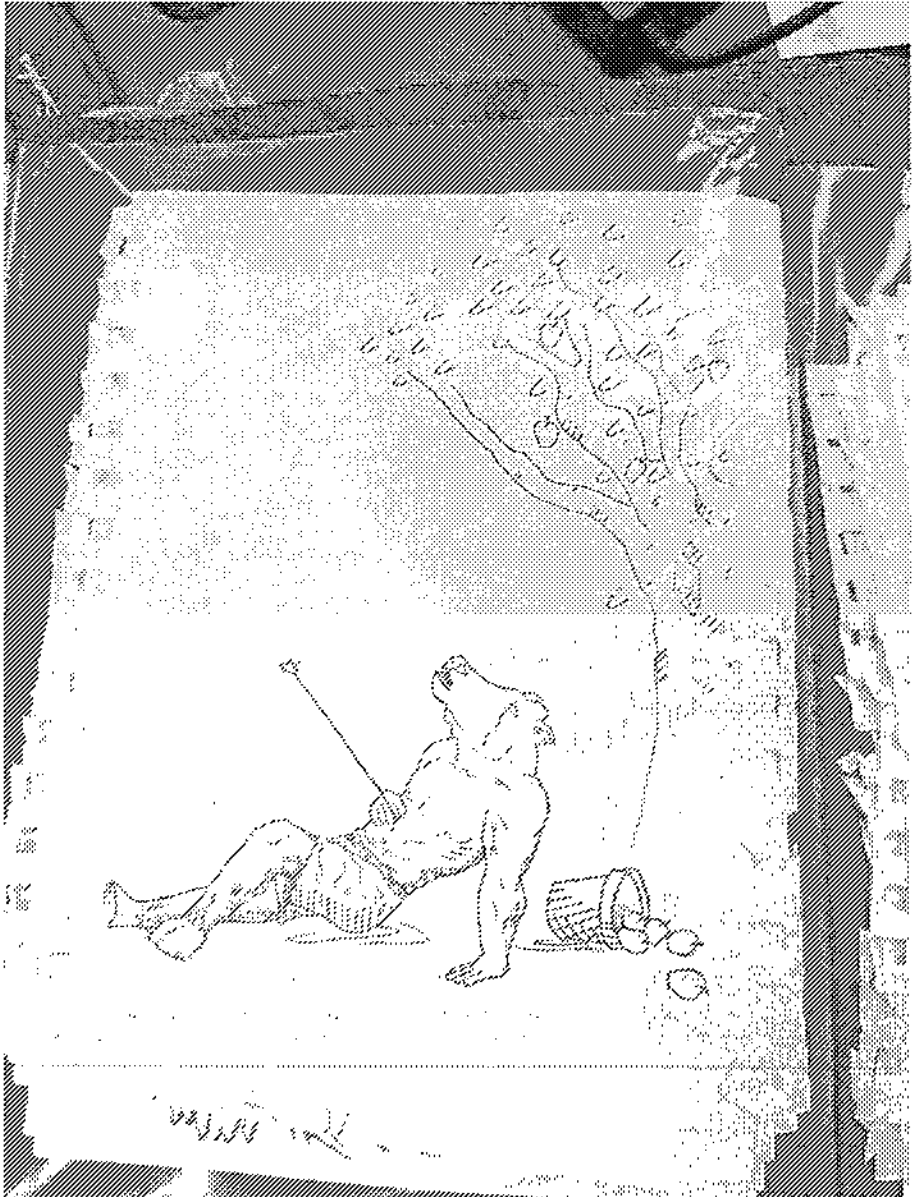

b6
b7C

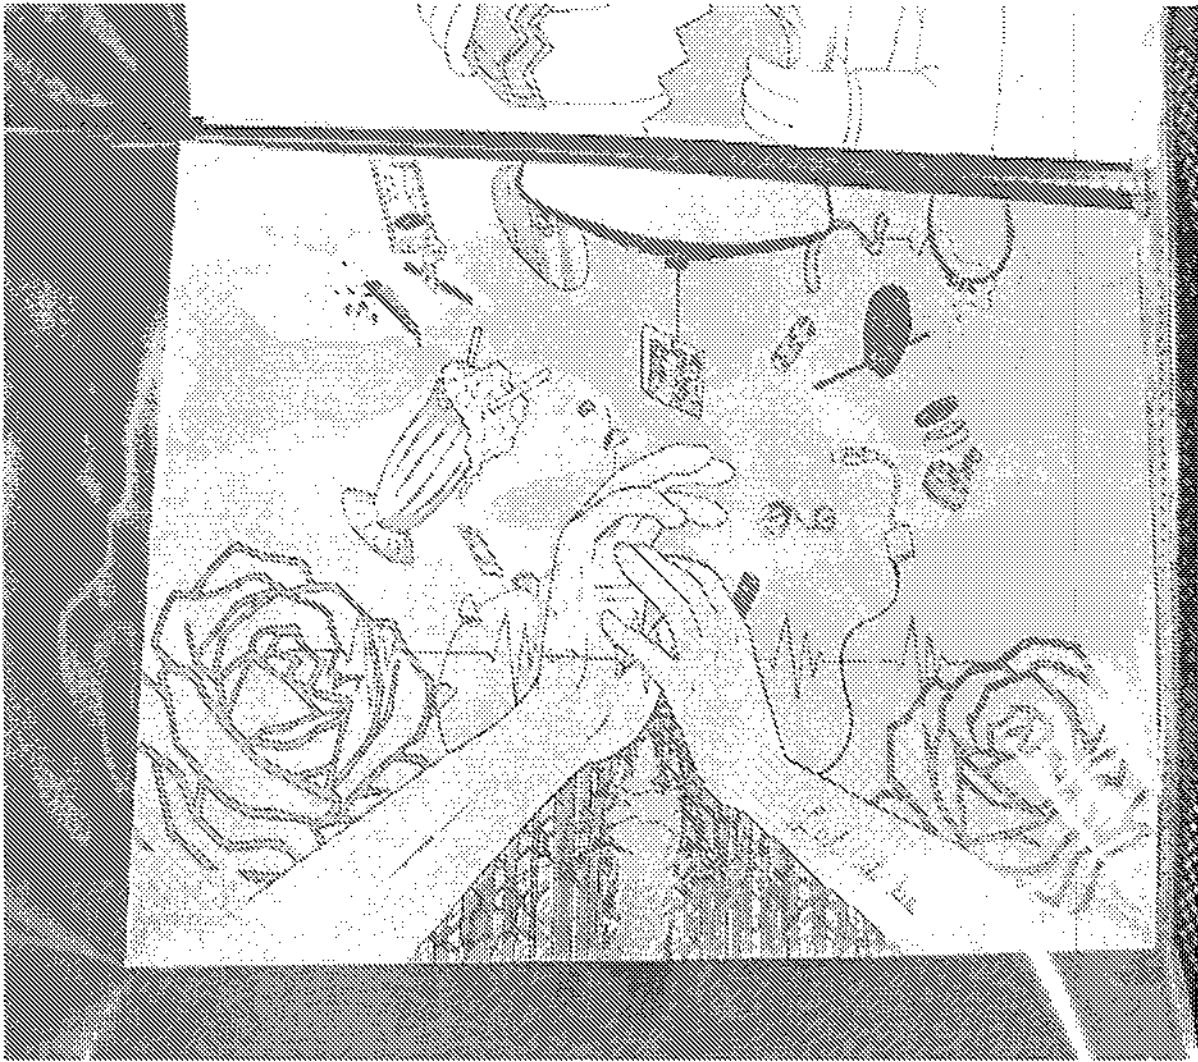

13. Also during the search of the **TARGET RESIDENCE**, in a bedroom that, according to [REDACTED] was LAUNDRIE's before his road trip with PETITO, investigators found a journal. In it were various hand-written notes and

b6
b7C

writings. On one of them, the author wrote the following: "My real options are to run off entirely on my own – buy a piece of land, or kill myself. Under the mattress I'm on, there is a loaded .357 magnum revolver. A pull of the trigger and all my problems will be over." Above this entry was a written date: October 26, 2018. Based on my training and experience and my specific knowledge about this investigation, I have probable cause to believe that this statement was written by LAUNDRIE. Based on my knowledge about this investigation, to include my knowledge of deceptive actions LAUNDRIE has taken in the past several weeks, I have reason to question the accuracy of the date listed above this journal entry.

14. In that same bedroom in which the journal was found, investigators found a sketchbook. In it were the following sketches:

15. Investigators located PETITO's remains on September 19, 2021, in the Bridger-Teton National Forest in Wyoming. Near PETITO's body, investigators found a revolver speedloader containing ammunition. Investigators at the scene of PETITO's remains have not been able to open the speedloader and gain additional information about the revolver ammunition inside it.

*Revolver speedloader with ammunition located near the human remains believed to be
PETITO.*

16. Also near PETITO's body, investigators found two arrows.
17. PETITO had a tattoo on her forearm that read, "Let it be."
18. Due to the condition of PETITO's remains, a cause and manner of death have not yet been determined. Autopsy results are pending.

CONCLUSION

19. Based on the foregoing, I respectfully request authority to seize the items described in Attachment B.

Respectfully submitted,

Total Station was utilized to record locations of Evidence and Human Remains items. Raw data files are included in a 1A to this document.

FBI ERT utilized the assistance of K9 cadaver dogs to assist in the location of human remains. K9 assets were provided by Pasco County Sheriff's Office and Brevard County Sheriff's Office. Additionally, an electronics search K9 was utilized to assist in a search for electronics to include cellular telephones. Electronic search K9 assets were provided by the Florida Department of Law Enforcement (FDLE).

Forensic Anthropology support was provided by [REDACTED] of the Florida Gulf Coast University (FGCU) and her personnel. FGCU personnel assisted with differentiation between human and animal remains, and participated in the sifting and search for additional skeletal remains beginning on October 21, 2021.

b7C

Items were labeled as either Evidence (EV) or Human Remains (HR). All EV and HR items were collected by the FBI. HR items initially identified as HR34 and HR35 were not collected because they were assessed to be animal bones by [REDACTED]. HR items were provided to the District 12 Medical Examiner as documented in the enclosed FD-597. A total of 19 EV items were collected and provided to the case agent. A bag of animal bones was released via FD-597 to FGCU anthropology.
