COUNTERINTELLIGENCE PROGRAM
INTERNAL SECURITY
DISRUPTION OF THE NEW LEFT

ReBulet of 5/10/68.

The New Left organizations in the Salt Lake City Division which are of possible interest under this program are the following:

- (1) April Committee.
SU file 100-10160
Bufile 62-111877.

This organization is an accredited organization on the campus of the University of Utah, Salt Lake City, Utah. It has in the past sponsored anti-Vietnam demonstrations and a demonstration in opposition to CIA. In October, 1967, eight of its members staged a sit-in demonstration in front of the Induction Center, Salt Lake City, but this was not an official April Committee (AC) activity. Within recent months its principal leaders have ceased to be active in the organization, either through leaving the area or losing interest.

The most recent activity sponsored by the group was a "Happening" in the latter part of April, 1968, on the University of Utah Campus. The ostensible purpose of this activity was to make it possible for persons on the campus to distribute literature and speak in favor of their candidates for President of the United States. All shades of political direction were represented. This "Happening" was entirely peaceful but security officers at the University of Utah observed that marijuana was being openly smoked during

this "Happening." Before the security officers could obtain authority from the school officials to make arrests of those using marijuana, the smokers had dispersed, with the exception of one nonstudent, who was arrested. As a result, the University of Utah is considering withdrawing the accreditation for the AC, so it may cease its activities as an organization.

In view of the above, it does not appear at the present time that counterintelligence activities with respect to the AC are advisable. In addition to this, the AC during the Summer of 1967 was essentially inactive. This organization and its leaders will be closely observed for counterintelligence potentialities.

- (2) Student Opportunity University League (SOUL).
SU file 157-116.

This is a Negro group, which is accredited at the University of Utah. Its stated purpose is to develop pride in being a Negro. It has been relatively inactive. It appears to fit more closely among racial groups rather than New Left groups. It is therefore not considered that it should be considered at this time under this program. In the event its activities warrant, recommendations will be made to the Bureau.

- (3) Student Freedom Party (SFP).
SU file 100-10336.

This is a relatively new organization which has sprung up on the Utah State University Campus, Logan, Utah. In April, 1968, it staged a protest demonstration against the personnel recruiting activities of Dow Chemical on that campus. In connection with this demonstration, its members abided by the agreements which had been reached with the administration of the university pertaining to the demonstration. It is possible that future activities could lead to the desirability and need for counterintelligence, but this is not deemed advisable at this time.

SU 100-10351

This office has no individuals in its territory who could be considered as key activists at this time, according to the understanding of this office of this term.

In view of the above, it does not appear that this office is in a position to recommend the implementation of the Counterintelligence Program at this time. Normally New Left activities decrease perceptibly during summer months in this area because of the reduced activities on the campuses of colleges and universities. This office will, however, remain alert to new developments and will immediately recommend any logical counterintelligence action which appears advisable.

1. False Allegations of Police Brutality

This office has had no allegations of police brutality by members of the New Left Movement.

2. Immorality

There is no information presently available that members of the New Left Movement in the Salt Lake City Division are scurrilous and depraved to the extent that they would lend themselves to the Counterintelligence Program at this time.

3. Action By College Administrators

There have been no incidents in this area which can be used at this time to show the value of a firm stand by college administrators toward elements of the New Left. In the incidents which have occurred in this division where confrontation was possible, the representatives of the New Left have discussed the matter with the school administrators and then have abided by the results of the discussions. This was true in the case of the Student Freedom Party and its demonstration at the Utah State University, Logan, Utah. It was true in connection with the planned demonstration against Central Intelligence Agency (CIA) by the April Committee, Salt Lake City, Utah. This demonstration against CIA was initially to have taken place on the campus of the University of Utah, but later took place in downtown Salt Lake City, since the CIA representative interviewing possible applicants for employment with CIA changed the location of the interviews. The April Committee also abided by the ground rules set up for its happening on the University of Utah campus in April, 1968, even though there were elements from the hippie

community in Salt Lake City, who smoked marijuana at this happening, one of whom was arrested.

It appears at the present time that the New Left Movement in Utah is relatively inactive and will remain so at least for the summer months. This office realizes that during this time of inactivity, efforts must be made to obtain appropriate coverage of the New Left Movement and to seek ideas for implementing the Counterintelligence Program in this area.

The three numbered items above will be given due consideration in connection with the submission of periodic communications to the Bureau in connection with this Program.

- b. Student Freedom Party (SFP).
SU file 100-10336.

This organization has had no activities since Salt Lake City letter of 5/27/68. It is located on the campus of Utah State University, Logan, Utah. It is not anticipated that there will be any activities on the part of this organization prior to the beginning of the school year 1968-1969, and it may not become active at that time.

The possibility for counterintelligence against this organization will be given regular consideration.

- c. Specific Counterintelligence Considerations.

- (1) False Allegations of Police Brutality.

There have been no allegations of police brutality by members of the New Left since Salt Lake City letter of 6/13/68.

- (2) Immorality.

There has been no additional information pertaining to immorality since Salt Lake City letter of 6/13/68.

- (3) Action By College Administrators.

There have been no instances involving the New Left with college administrators since Salt Lake City letter of 6/13/68.

This office has no individuals in its territory who could be considered key activists at this time.

In view of the above, this office is not in a position to recommend the implementation of the Counterintelligence Program at this time. This office will, however, remain alert to new

The April Committee (AC) receives coverage by this office through information furnished by [REDACTED] and [REDACTED]. None of these are members of the AC. This office also obtains some coverage of this group through established sources in nonacademic positions at the University of Utah, Salt Lake City, Utah, and through a review of student publications of that university. A specific assignment has been made in this office for the obtaining of adequate informant coverage of the AC. This will include contact with Armed Service intelligence agencies, as suggested by the Bureau by airtel of 6/6/68, entitled "INVESTIGATION OF THE NEW LEFT." In connection with the development of informants, counterintelligence potentialities will be carefully evaluated.

Coverage of the SFP has been obtained through established sources in nonacademic positions at USU, Logan, Utah. There is no certainty that this group will continue during the school year 1968-69. A specific assignment has been made for the obtaining of suitable informant coverage in the event this group continues.

On the basis of past indications, it appears the potential for violence at universities or colleges in Utah is not great. The only two such institutions which have New Left activities are the University of Utah, Salt Lake City, and USU, Logan, Utah. Up to the present time those associated with such activities have been willing to abide by agreements with administration officials at these schools with respect to the extent of the activities in which the organizations can engage. This has resulted in peaceful demonstrations where demonstrations took place, and there have been no attempts to take over buildings or otherwise engage in open confrontation. There are no presently visible ringleaders who appear to lean in the other direction.

The fact that [REDACTED] attended the Students For A Democratic Society (SDS) convention in Michigan early in June, 1968, obviously raises the question with respect to violence, since SDS has been prominent in violence at other universities. [REDACTED] has not in the past been known to advocate the use of violence. His activities will be carefully watched so that it can be determined whether the effect of the SDS Convention has changed his thinking in this respect.

Student Freedom Party (SFP)

This is a student group. There is no certainty that it will continue during the school year 1968-1969. It has approximately ten members, none of whom could be considered ringleaders in the present stage of its development.

On March 29, 1968, SFP sponsored a demonstration on the Utah State University Campus to protest the presence of a Dow Chemical Company recruiter on the campus. The demonstration was generally orderly and was followed by a panel discussion. The demonstration and the discussion opposed the manufacturing and use of napalm on moral grounds. Two faculty members participated in the panel discussion. SFP ran a slate of candidates for student offices in May, 1968, but all were unsuccessful.

A characterization of UCV is included in the appendix hereto.

The AC has engaged in no disruptive activities on the University of Utah Campus. The sit-in demonstration for which [REDACTED] was arrested involved eight persons, all of whom were AC members. This sit-in was not an AC-approved activity. The AC engaged in an anti-Vietnam demonstration in Salt Lake City on October 21, 1967. It engaged in an anti-CIA demonstration in Salt Lake City on January 11, 1968. This was to have been a campus demonstration at the University of Utah, but moved to the Federal Building, Salt Lake City, when a CIA representative changed the site of interviews. These demonstrations were peaceful.

The AC staged a "happening" on the University of Utah Campus on April 25, 1968. This was peaceful, but some of those present were observed smoking marijuana. Some consideration was given by the university to withdrawing AC's accreditation, but this has not been done up to the present.

Source 1 furnished the following information on April 21, 1967:

At a meeting of the AC on April 19, 1967, the AC stated its desire to have the CP help it in any way possible.

Source 1 furnished the following information on May 2, 1967:

One of the members of the Salt Lake County Club of the CP of Utah was told on April 28, 1967, to remain as close to the AC as he could and keep the Salt Lake County Club of the CP advised of the AC's activities.

Source 1 on October 21, 1967, advised that eight members of the AC on October 20, 1967, staged a sit-in at the Armed Forces Examining and Entrance Station, Salt Lake City, Utah, for which they were arrested. They did not have approval of the AC for this action.

Source 2 on December 12, 1967, advised as follows:

States involvement in Vietnam scheduled for April 15, 1967, and to serve as a rallying center for persons opposed to United States policy in Vietnam on a continuing basis. The Committee was organized as an accredited student organization on the University of Utah campus, with some nonstudent members.

The CP of Utah has been regularly interested in and sympathetic to the activities of the AC but has had no control over its policies. The AC is part of the "new left" in Utah and does not look to the CP of Utah for guidance, even though both oppose the United States policy in Vietnam.

None of the officers of the AC are oriented toward the CP at this time, nor have they been in the past.

The CP of Utah considers the AC to be part of the "new left" in Utah.

The "Daily Utah Chronicle," student newspaper of the University of Utah, Salt Lake City, in its issue of January 11, 1968, stated the AC had cooperated in setting up a draft and information counseling center in Salt Lake City.

Source 2 on May 8, 1968, advised that the AC has been relatively inactive in recent months, but was in danger of losing its accreditation at the University of Utah, Salt Lake City, Utah, because marijuana was smoked at one of its campus activities in April, 1968.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1955, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

UTAH COMMITTEE ON VIETNAM

In January, 1968. a source furnished the following information:

The Utah Committee On Vietnam (UCV) was organized in the Spring of 1967 by people connected with the University of Utah. Salt Lake City, Utah. Its activities are primarily connected with the University of Utah even though the organization seeks wider influence. It is headed by University of Utah professors.

The UCV has the principal purpose of creating a wide discussion of the war in Vietnam with the aim of bringing about its discontinuance. It adopts a reasoned approach in its activities. The Communist Party of Utah considers UCV to be part of the new left but has no influence over its policies.

This source advised on May 8, 1968, that UCV has had no activity since the latter part of 1967.

ReBulet dated 5/10/68.

1. Potential Counterintelligence Action

There has been no activity during the past three months of the April Committee or the Student Freedom Party. LHM's concerning these groups were furnished under date of 7/2/68.

A group known as the Utah Peace and Freedom Party (UPFP) held a meeting at the Campus Christian Center of the University of Utah at Salt Lake City, Utah, on 7/24/68. This meeting was covered by a PSI of the Salt Lake City Office, who reported that such persons as [REDACTED] known Communist Party (CP) members, and [REDACTED] who attended the Students For A Democratic Society (SDS) Convention in June, 1968, were in attendance. The SDS has been known to participate in violence in some universities.

A confidential source of the Salt Lake City Office has advised that the UPFP is considered part of the New Left by the CP in the State of Utah.

On 10/1/68 the "Deseret News," a Salt Lake City daily newspaper, carried headlines as follows: "FBI Sees Security Threat in New Left." It is contemplated that this type of publicity from the FBI might succeed in alerting the public, as well as university students and faculty, to the dangers to our security of the New Left organizations.

Utah, who is a confidential source of the Salt Lake City Office, advised that the two current New Left groups on the USU campus are the Students For A Democratic Action (SDA) and Students For A Democratic Society (SDS). He advised that both these groups have been inactive and have not sponsored any demonstrations or created any disturbances on the USU campus since origination. 1. Potential Counterintelligence Action

On 4/30/69

[REDACTED] Logan, both of whom are confidential sources of the Salt Lake City Office, advised that there have been no incidents of any kind with respect to student agitation involving the University of Utah Chapter of Students For A Democratic Society (SDS). Both advised the University of Utah campus has remained quiet due to a lack of support given SDS by the studentbody, as well as the fact SDS is currently on probationary status and there is very little harmony within the group. It is noted one SDS member was recently arrested by local authorities on drug charges and another SDS member departed Salt Lake City before being arrested on the same offense.

On 6/18/69, [REDACTED] advised the SDS Chapter at the University of Utah has held infrequent meetings with attendance between five and ten individuals. He stated SDS has been very inactive on the University of Utah campus and the University considers the group to be very ineffective.

In view of the inactivity of the SDS Chapter on the University of Utah Campus, the Salt Lake City Division has been afforded little opportunity for counterintelligence action.

1. Potential Counterintelligence Action

On 9/26/69, [REDACTED] and [REDACTED] Salt Lake City, Utah, both of whom are confidential sources of the Salt Lake City Office, advised the Students For A Democratic Society (SDS) Chapter at the University of Utah has not held a meeting during the Fall Term of 1969. Both advised that this chapter of SDS has been very inactive during the summer months and has yet to regroup on the University of Utah campus. They stated that the only publicity SDS has received in recent weeks was concerning an individual named [REDACTED] who was a student leader on the University of Utah campus and announced his decision to join SDS forces during the school year beginning September, 1969.

In view of the inactivity of the SDS Chapter of the University of Utah, the Salt Lake City Division has been afforded little opportunity for counterintelligence action.

Contact has been maintained with [REDACTED] Utah State University (USU), Logan, Utah, who is a confidential source of the Salt Lake City Office, in regard to activities of Students For A Democratic Action (SDA) and Students For A Democratic Society (SDS) on the Logan, Utah, campus. [REDACTED] advised that he has received no information indicating renewed activity on the part of these two groups, but he does expect both to be active during the coming school year. Contact is maintained with [REDACTED] in an effort to secure information from a counterintelligence standpoint in regard to these two New Left groups.

1. Potential Counterintelligence Action

During the past quarter contact has been maintained with [redacted] and [redacted] Salt Lake City, Utah, both of whom are Confidential Sources of the Salt Lake City Office, and they have advised during this period that the University of Utah Chapter of Students For A Democratic Society (SDS) has held several meetings on the University of Utah Campus but has been otherwise inactive to date. Both were contacted on 12/29/69 and advised that the SDS, University of Utah Chapter, has held only one meeting during December, 1969. They stated these meetings have attracted very little attendance by students of the University of Utah, and SDS has not participated in any disruptive activities on the University of Utah Campus. Both noted they were of the opinion that the SDS is without issues or problems with which they can gather student backing and cause disruptions on the University of Utah Campus. They advised the absence of these issues has thoroughly handicapped the University of Utah Chapter of SDS, and they do not anticipate any problems with this organization at the present time. K.

Sources of the Salt Lake City Division, who are aware of University of Utah SDS activities, have furnished essentially the same information regarding SDS activities on that campus during the past quarter as above. The SDS Chapter of the University of Utah has afforded the Salt Lake City Division little opportunity for counterintelligence action, due mainly to its inactivity.

devote time to SDS goals. Sources advised that [redacted] confronted [redacted] at this SDS meeting on 10/7/69 and indicated he had received information to the effect [redacted] was a traitor to SDS principles and an informant for the "Feds." Sources advised [redacted] was very disturbed by [redacted] remarks and attempted to assure those present at this meeting that he was indeed faithful to the SDS cause and was not an informant for the "Feds."

It is felt this letter was successful in creating dissension among members of the University of Utah Chapter of SDS and particularly in causing members of the University of Utah SDS Chapter to have doubts about their current leader's loyalty to SDS. It is noted sources have reported that SDS meetings subsequent to the meeting held on 10/7/69 have been extremely unorganized, with members disagreeing on almost everything that is brought up. It is felt this letter was successful in fomenting confusion within the University of Utah Chapter of SDS, since it is noted this group has been totally inactive and unable to obtain any student following at the University of Utah.

Information furnished by these sources indicates that the only New Left type organization currently active in the Salt Lake City Division is the University of Utah Chapter of Students For A Democratic Society (SDS). These sources advised that the University of Utah Chapter of SDS has held several meetings during the past quarter but has otherwise been inactive with respect to instigating student agitation at the University of Utah or causing any issues on campus. It is noted the only occurrence of any significance with respect to the University of Utah during the past quarter was the appearance of JERRY RUBIN on the University of Utah Campus as a speaker during February, 1970. RUBIN's appearance on the University of Utah Campus was sponsored by the Student Council, and the University of Utah Chapter of SDS was not responsible for his appearing. Subsequent to RUBIN's appearance on the University of Utah Campus as a speaker, the University of Utah received much opposition from alumni and citizens of the Salt Lake City area in regard to their selection of speakers, and it is felt this opposition has caused the university to take a new look at their speaking program.

All sources advised it is their opinion that SDS is without issues or problems on the University of Utah Campus, and therefore has been unable to gather any student backing

which might result in disruption on campus. It is noted [redacted] University of Utah Chapter of SDS, as reported by sources, made a statement at the Worker Student Alliance Conference held in Los Angeles, California, during the period 1/30/70 to 2/2/70, to the effect the University of Utah Chapter of SDS has been severely hampered in their progress due to a lack of issues on the University of Utah Campus.

The Salt Lake City Division will continue to closely follow all activities of the University of Utah Chapter of SDS so as to insure that all opportunities to discredit this organization and the individual members by means of counterintelligence action are taken. It is felt little opportunity for such action has been afforded the Salt Lake City Division during the past quarter due to inactivity.

During the past quarter contact has been maintained with all other campus sources with respect to New Left type activity, and all sources throughout the State of Utah have advised there are no other New Left type organizations active at the present time other than SDS.

During the past quarter the Salt Lake City Division has continued to maintain close contact with all sources cognizant of New Left type activities. In addition to these contacts, close liaison has been maintained with Captain [REDACTED] and [REDACTED] University of Utah, Salt Lake City, Utah, inasmuch as their intelligence unit covers activities of the University of Utah Chapter of Students For A Democratic Society (SDS). These officers, as well as sources and informants cognizant of New Left activities, have reported during the past quarter that the only New Left type organization currently active in the Salt Lake City Division is the University of Utah Chapter of SDS. Information received indicates this chapter has been relatively inactive during the past quarter, holding very few meetings, and has not participated in any demonstrating activities or violence. The Salt Lake City Chapter of SDS has failed to sponsor any New Left type activity or be a source of student agitation on the University of Utah Campus. All sources continue to report that the University of Utah Chapter of SDS, which is aligned with the Student Worker Alliance faction of SDS, is without issues which they might use to create disruption on campus.

In view of the above, it is felt the Salt Lake City Division has been afforded little opportunity for counterintelligence action during the past quarter with respect to SDS due to inactivity.

Pertinent activity which has taken place with respect to the Counterintelligence Program within the Salt Lake City Division was reported on 6/2/70 by [REDACTED] a Racial Source. It was determined GARCIA is a close friend of [REDACTED] of Salt Lake City, Utah, who is the owner of the [REDACTED]

[REDACTED] had rented this residence during November, 1969, to [REDACTED] Salt Lake City file [REDACTED] a security subject of the Salt Lake City Division. Due to [REDACTED] participation in New Left type activities, he began allowing hippie-type individuals to frequent his rented residence at [REDACTED] and this residence was referred to by New Left individuals as the [REDACTED]. Sources reported that this residence was used to house hippie-types and particularly individuals participating in the New Left movement who were passing through Salt Lake City. These individuals were given assistance in the form of food and a bed. [REDACTED] had previously reported that [REDACTED] desired to have [REDACTED] removed from the residence in view of the fact his hippie friends were destroying the property and the house was kept in a filthy condition. She reportedly was having difficulty in having this group removed from the residence until [REDACTED] suggested to her that she should contact health authorities of the Salt Lake County Health Department.

[REDACTED] advised that health authorities inspected the residence at [REDACTED] at the request of [REDACTED] and they declared the building unfit for human use and ordered the occupants to leave the premises. Since the examination by health authorities was made during May, 1970, this residence has been abandoned, and it is felt this action eliminated a dwelling place for hippies and New Left type individuals. It is noted this residence was receiving widespread advertisement and was becoming increasingly popular with subversive type individuals and could possibly have developed into a commune type situation. This information is being reported in view of its relevancy to the Counterintelligence Program - New Left.

The Salt Lake City Division will continue to closely follow activities of all New Left type organizations and individuals within the State of Utah so as to insure the receipt of all information of value from a counterintelligence standpoint.

Information received from sources, as well as contacts with the Security Department, University of Utah, Salt Lake City, Utah, has indicated that during the past quarter the University of Utah Chapter of Students For A Democratic Society (SDS) has been relatively inactive. This information indicates inactivity was due to the fact campuses have been without the majority of students because of summer vacations, and therefore this chapter has not sponsored or participated in any activities. PSI advised [REDACTED] was able to recruit eight Negro male Job Corpsmen, names of whom are available.

PSI advised group rented three Ryder rental vans on 3/19/71 and departed Salt Lake City, Utah, for Sacramento late evening 3/19/71. A Special Agent of FBI also observed departure from [REDACTED] residence at 11:50 pm, 3/19/71, and the Negro males were observed entering the vans and departing with the group.

OBJECTIVE

It is noted CJCC is operated by Thiokol Chemical Company, Clearfield, Utah, and one of the rules regarding corpsmen is they must have permission to leave the Center and specific authority to leave the State of Utah. Information received indicates Job Corpsmen will be sent home if they do not abide by rules and specifically if they violate rules by leaving the state without permission.

If information is given to [REDACTED] on a confidential basis, it is felt this will result in their dismissal from JCC and will tend to discourage any further recruitment from JCC by SDS leaders. This will also tend to alert administrators of JCC as to identity of SDS leader [REDACTED] who might possibly concentrate his recruitment efforts at JCC, since he has met with success in his first contact to recruit corpsmen for trip to Sacramento.

1. Potential Counterintelligence Action

During the past quarter the Salt Lake City Division has continued to maintain close contact with all informants and sources cognizant of New Left activities within the State of Utah so as to insure that every opportunity for counterintelligence action is taken. It is noted the only New Left-type organization within the Salt Lake City Division with any degree of activity at the present time is the University of Utah Chapter, Students For A Democratic Society (SDS)/Worker Student Alliance faction, at Salt Lake City, Utah. It is felt this is the only New Left-type organization within the State of Utah which offers potential for participation in demonstrating activities or any degree of violence. Regular contact is maintained with the University of Utah Security Police, who also closely follow the University of Utah Chapter of SDS activity. These contacts are maintained so as to insure prompt receipt of all information which may be of value with respect to counterintelligence.

The Salt Lake City Division recently submitted a proposed counterintelligence act against the University of Utah Chapter of SDS.

The only other New Left-type organization currently active within the Salt Lake City Division is the Young Socialist Alliance Chapter, Utah State University (USU), Logan, Utah. It is noted this chapter consists of three known members and has failed to participate in or organize any activities on the

2. Pending Counterintelligence Action

Referenced Salt Lake City airtel to Bureau, dated 3/25/71, set forth a proposal for counterintelligence action against the University of Utah Chapter, SDS. Information received from informants revealed that [REDACTED] key activist, and [REDACTED] key activist, both leaders of the University of Utah Chapter, SDS, Salt Lake City [REDACTED]

[REDACTED]

The Salt Lake City Division requested permission to furnish the identities of the eight Jobs Corpsmen to [REDACTED] on a confidential basis. The result of this proposal would possibly be dismissal of these eight participants from the CJCC and therefore tend to discourage any further recruitment from Job Corps ranks by SDS leaders. This would also alert administrators of the Job Corps Center as to the identity of SDS leaders who may tend to concentrate recruitment efforts at the Job Corps Center.

 RE: COINTELPRO - NEW LEFT

Re Salt Lake City airtel to Bureau, dated 3/25/71, and
 Bureau airtel to Salt Lake City, dated 3/31/71.

The following information is being submitted pursuant to
 Bureau request in referenced Bureau airtel:

[REDACTED] Clearfield, Utah, is a former [REDACTED]
 and is considered to be an established source of Salt Lake
 City Division [REDACTED] is contacted on a regular basis by a Special
 Agent of Salt Lake City Division and has furnished considerable
 information regarding criminal and security activity pertaining to
 CJCC. [REDACTED] is considered to be very conscientious and reliable.

It is noted the CJCC is operated by Thiokol Chemical
 Company, Clearfield, Utah, with funds being received by Thiokol
 from the Office of Economic Opportunity, a Federal agency. The
 employees and personnel which are used to operate the Job Corps
 Center (JCC) are employees of Thiokol Chemical Company, and the
 only Federal assistance received by Thiokol is in connection with
 funds to support CJCC. The eight individuals at CJCC who traveled
 to Sacramento, California, on 3/19/71 are Job Corpsmen who are
 being trained and educated at the Center and are not considered to
 be employees of Thiokol or the Federal Government.

The feasibility of furnishing information anonymously regarding these eight individuals traveling to Sacramento, California, on 3/19/71 without authority of officials of the JCC has been considered. It is felt that [redacted] reliability has been established, and since he is an established source of Salt Lake City Division and is the head of Security, he would be the employee of Thiokol who would be responsible for resolving this matter as it pertains to a violation of the JCC rule. It is felt this information could be furnished to [redacted] on a confidential basis, and he could act upon this information as he desires.

It is noted the CJCC is not considered a Government reservation.

Your suggestion for counterintelligence action, made in referenced airtels, has been considered. It does not appear that this situation is appropriate for exploitation through counterintelligence. Accordingly, Bureau authority for your proposal is denied. You should promptly furnish to the Bureau, in a form suitable for dissemination and under appropriate caption, pertinent information concerning the eight Job Corps trainees who violated Job Corps regulations.

Your interest and participation in this program is appreciated.

NOTE:

Salt Lake City developed information concerning eight Job Corps trainees at Clearfield, Utah, who violated Job Corps regulations by leaving the Job Corps Center, at the request of Students for a Democratic Society (SDS), without permission, in order to attend a New Left demonstration in Sacramento, California. Salt Lake City suggested that this information be furnished on a confidential basis to the Job Corps security officer at Clearfield, in anticipation that this would lead to the dismissal of eight trainees and would deter further recruiting by SDS among Job Corps personnel.

Authority for this proposal is being denied since it appears that this information should be disseminated by the Bureau through normal channels to the Office of Economic Opportunity (OEO). It is noted that funds for the operation of the Job Corps Center at Clearfield, are supplied by OEO.
