# Memorandum

TO DIRECTOR, FBI

DATE: 5/31/68

FROM SAC, SPRINGFIELD (105-2711) (P)

SUBJECT COUNTERINTELLIGENCE PROGRAM  
INTERNAL SECURITY  
DISRUPTION OF THE NEW LEFT

ReBulet to all offices, 5/10/68.

An analysis of the New Left movement within the Springfield Division indicates that the activities of these groups are relatively minimum. Several of the groups which have attempted to organize have been unsuccessful due to the lack of participation and interest. There are no Key Activists in the New Left movement within the Springfield Division, therefore, the driving force to agitate persons to organize the new groups is not prevalent.

In order to disrupt the New Left groups which are semi-active within the Springfield Division, the following recommendations are being proposed:

1. The use of reliable sources and informants who are active in the New Left movement organizations. These sources and informants will be utilized to plant the ideas within the minds of the members and officers of the groups that the FBI has requested police officers to apply for membership with the organization. Police officers would not actually be used in this capacity but the membership would be very suspect of many new members attempting to join the group and would begin suspecting each other of being informants.

2. Make pretext calls to members of the New Left organizations who are obviously of weak character advising them that selected officers of the organization are informants for law enforcement agencies. In addition, these members would be advised that these officers are furnishing information concerning the membership and business meetings of the organization.

3. Conduct neighborhood investigation on the officers of the organizations. During interviews, the question of the personal loyalty to the United States Government and his attitude toward Communism could be interjected causing doubt and unrest within their minds, the neighbors of the officers.

Springfield Division has contacts with friendly newspapers which have been cooperative in the past.

No specific recommendations are being made at this time concerning activities of these newspapers in the Counterintelligence Program.

All Agents of the Springfield Division handling the New Left movement are cognizant of the Counterintelligence Program which has been initiated.

It is felt through activities of the above recommended procedures, the groups who are presently active on the college campuses in the Springfield Division, will be disrupted.

Additional techniques will be recommended for Bureau approval.

- 2) Immorality

At approximately 11:30 PM, 5/8/68 at Southern Illinois University (SIU), Carbondale, Illinois, approximately 150-250 students, both Negro and white, attempted to take over the Office of the President of SIU. The University police quelled the uprising and prevented entry into University buildings. Police arrested two Negro students on charges of disorderly conduct.

A group of students calling themselves "Coalition Reform" have been seeking unlimited hours for female students, unrestricted vehicle privileges, and more representation in University policy.

President D. W. MORRIS issued a statement on 5/8/68 indicating that any violation of University regulations would result in suspension of students.

The situation was not racial in nature but was a culmination of several events, including Viet Nam protest, the bombing of a building on campus, cancellation of a proposed appearance of STOKELY CARMICHAEL by University officials, and a statement by the University president that the University would not tolerate any actions from any individuals of minority groups interfering with the legitimate rights of others or the normal processes of the University.

On 5/27/68, six students participating in the above demonstration were afforded preliminary hearing before Judge PEYTON KUNCE, Jackson County Circuit Court, Murphysboro, Illinois. These six students were bound over for Circuit Grand Jury action, being charged with mob action.

An expulsion hearing was conducted on 5/28/68 and again on 6/4/68, and nine students identified as being involved in the mob action at the President's Office on the night of 5/28/68 have been expelled permanently from SIU, Carbondale.

As a practical matter, the Board of Trustees are the controlling influence on most college campuses. In most instances, the members of the Board of Trustees are not aware of the present trends of the New Left organizations and the specific connections between them and the Communist Party members and communist front organizations.

It is recommended that a document suitable for dissemination be prepared and sent to all Boards of Trustees revealing this connection between the New Left organizations and the communist movement within the United States. In this way, the Boards of Trustees would know the attitude, philosophy and trend of the New Left groups and would be much more strict on these organizations. Since the members of the Boards of Trustees do not know the connection between the communist movement and the New Left organizations, they have adopted a lackadaisical attitude concerning the control of these groups.

It is felt that the most effective method of combating and disrupting the New Left organizations is through the Boards of Trustees and college administrators. Through the information furnished administrators, as outlined above, students can be expelled for disorderly conduct or other activities of the students which would eliminate the agitator and the problem of the New Left organizations.

CHARACTERIZATIONSTUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

CHARACTERIZATION

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 203, 1608 West Madison Street, Chicago, Illinois.

For the information of the Bureau, copies of Mr. HOOVER's statement before the House Subcommittee on Appropriations on 2/23/68 concerning the Students for a Democratic Society (SDS) and W. E. B. DU BOIS Clubs of America have been xeroxed by the coordinator of captioned program in this Division. It is felt that through the distribution of this printed and direct statement concerning these two organizations, a very effective counterintelligence program could be instituted. This statement will be distributed to established sources and anonymously to college administrators, friendly news media and college students UACB.

An article published in the "Readers Digest" 10/68 issue, page 103, entitled "SDS: Engineers of Campus Chaos", written by EUGENE H. METHVIN, has been reviewed by the coordinating agent of this Division. It appears that, in addition to Mr. HOOVER's statement mentioned above, the distribution of this article to established sources and anonymously to college administrators, friendly news media and college students would be effective in captioned program.

The "Digest" states on page 18 that reprints of this and additional articles may be obtained at the nominal fee of 100 copies for \$3.50, 500 copies for \$12.50, and 1000 copies for \$28.00. It is recommended that the Bureau purchase an adequate supply of these reprints to be furnished to Springfield and other interested Divisions.

SUBJECT: COINTELPRO -  
NEW LEFT MOVEMENT-

Re Bureau letter to all offices dated 5-10-68.

Bureau permission is requested for the Springfield Division to anonymously forward a letter to [REDACTED]

For background information, [REDACTED] the daughter of [REDACTED] is a student at Illinois State University, Normal, Illinois, where she is a member of SDS (Weatherman). She is living in an illicit relationship with [REDACTED] Springfield SI subject, [REDACTED] wife lives at the same address in the lower part of the house with another man.

Discreet checks reveal that Mr. and Mrs. [REDACTED] are reputable citizens with good reputations and live in an upper middle-class neighborhood. Mr. [REDACTED] works for [REDACTED] which is very strict concerning personnel reputation and relations. H

The letter was written by a female on personal correspondence stationery and will be mailed from Normal, Illinois.

The Bureau's identity would remain anonymous and would not be placed in a position of embarrassment.

The desired results which Springfield feels will be achieved is further harassment and neutralization of [REDACTED] influence in the local SDS Weatherman collective. It is also felt that [REDACTED] parents will require her to disenroll from ISU and cease ties with SDS, which will further neutralize the Weatherman collective. ENCLOSURE

Dear Mr. & Mrs. [REDACTED]

At this time of sorrow in your  
lives, I would like to let you know  
other parents, like myself, have  
undergone this traumatic experience.

Our daughter, like your Catherine,  
began living with a married man,  
a no good, alcoholic parasite,  
malcontent under the delusion that  
she was in love with him. He led  
her into drugs and  
later prostitution. We tried to  
persuade this man to release her  
but to no avail. We even talked  
to his wife and she had the nerve  
to say "let that his bag, let him  
have it, I get mine". Finally, the  
police raided this den of corruption

and we had our last daughter  
legally committed for drug addiction.  
The doctors say she may be released  
in 7 to 9 more months. She still  
will too late.

If you haven't tried to talk  
to your daughter, please do, don't  
forsake her. [redacted] is  
her present man and they live  
together at [redacted].  
His wife lives downstairs with  
another man and they aren't even  
divorced. He has also been in prison.

It may not be too late like  
it almost was for sure. We pray  
it isn't and that your daughter  
is soon returned to you normal  
and unscarred.

Hurt, but fortunate, in Normal

Mr. [REDACTED]

NOTE:

Springfield advised that [REDACTED] a student at Illinois State University is living in an illicit relationship with a Springfield Security Index subject. This subject's wife also lives in the same house in another apartment with another man. Springfield has suggested the writing of an anonymous letter to [REDACTED] parents who are reputable citizens and who apparently would take action to remove their daughter from such an environment. The letter would be purportedly from a concerned parent who has knowledge of this relationship and who has undergone similar problems.
