Re: APPREHENSION AND/OR DENATURALIZATION OF RUECKWANDERER MARK PURCHASERS

In order that you may be informed of the status and progress which has been made in connection with the Alien Enemy Control and Denaturalization cases involving purchasers of Rueckwandorer Marks, there is set forth below a statement which reflects the number of Rueckwanderer Mark purchasers, by Field Divisions, who have been apprehended pursuant to Presidential warrants as of March 3, 1944. The final disposition of the cases, where known, is also included.

In addition to 1004 apprehensions, as indicated in the above schedule, the Bureau has been advised that Presidential warrants have been requested of the Attorney General in 19 other cases. These recommendations are still pending in the Department.

In connection with the foregoing tabulation, I desire to point out that the 1004 apprehensions constitute approximately 15.7% of the total of 6404 German alien apprehensions which have been effected to date in the United States. This percentage indicates that approximately one out of every six Germans apprehended has purchased or made application to purchase Rueckwanderer Marks. In the majority of cases, investigation was initiated upon determining that the individual had invested or intended to invest in Rueckwanderer Marks. It is to be further noted that the 442 Rueckwanderer Mark purchasers who have been interned upon order of the Attorney General represent approximately 24.6% of the total of 1,799 German aliens who have been interned as of March 3, 1944.

As of the above date, 35 of the 158 persons whose citizenship has been revoked under the Denaturalization Program were persons who purchased or made application to purchase Rueckwanderer Marks. This number indicates that approximately one out of every four persons who has been denaturalized invested in Rueckwanderer Marks with the intention of returning to Germany. The above number constitutes approximately 22.1% of the total number of persons who have been denaturalized.

I also desire to point out that approximately 547 Rueckwanderer Mark purchasers were found at the time of investigation to be employed in plants engaged in the manufacture of essential war materials. The reports covering the results of these investigations have been furnished to the offices of the Military Intelligence Service and Naval Intelligence, and information has been received from these agencies that, on the basis of the Bureau's reports and subsequent investigation

117

by either G-2 or ONI, approximately 53 of this number have been ordered discharged from their employment by either the Secretary of War or Navy. Many of the other employees have either been transferred to other departments in unrestricted areas within the plant or are under close observation by plant officials or trusted employees.

Respectfully,

J. C. Strickland

THE ATTORNEY GENERAL

J. Edgar Hoover - Director, Federal Bureau of Investigation

PAROLE OF ITALIAN SEAMEN AND CIVILIAN INTERNEES

Reference is made to the attached memorandum of March 14, 1944 from Mr. Edward J. Ennis to you relative to the parole of Italian seamen and civilian internees, concerning which you requested the views of this Bureau.

ITALIAN SEAMEN

Mr. Ennis suggests that, with a few possible exceptions, the Italian seamen presently detained at Fort Missoula be transferred back to Immigration custody as seamen who have overstayed their leave so that they may be handled like other seamen and, if possible, be persuaded to reship.

Inasmuch as these seamen have been in custody during their entire stay in this country, there is little information available upon which an opinion as to their dangerousness could be predicated, and, for the same reason, it would probably be impossible to obtain any substantial additional information. Such information as has previously been developed by this Bureau, principally in connection with the investigation of sabotage on Italian vessels in United States ports, has been made available to the Department.

Whether or not these individuals should be permitted to reship would appear to be a question in which the Navy Department would have an interest, and it is suggested that the views of that Department be obtained before such a program is initiated. In the event any of these aliens are transferred to Immigration custody as seamen who have overstayed their leave, it is believed that, in the interests of security, they should not be released from such custody unless and until they have been permitted to reship and have obtained employment as seamen.

CIVILIAN ITALIAN INTERNEES

Mr. Ennis recommends that the civilian Italian internees be released on strict parole on the theory that, since their Fascist views have been completely discredited in their communities, they will not be a danger to those communities if returned to them on parole.

Even if it were to be assumed that the Fascist philosophy has been completely discredited, I would be unable to agree that it follows that these individuals would constitute no danger to the internal security if paroled. It might be said with as much justification that German National Socialism has been completely discredited in our communities, yet I do not believe anyone would suggest that, for that reason, all civilian German internees may now be safely returned to their communities on parole.

MEMORANDUM FOR THE ATTORNEY GENERAL

Of those Italian aliens who were ordered interned subsequent to their apprehension, a majority have already been released and presumably the few who remain interned are those considered most dangerous. I do not feel, therefore, that they should be released without, at least, a close consideration of the facts in each individual case.

Although the question of future internments of dangerous Italian aliens has not been directly raised, I do not believe that Italians presently interned should be released, except upon the facts of an individual case, unless it is clearly apparent that it is now safe to announce publicly that in the future no Italian alien will be ordered interned. I do not feel that the time for such action has arrived.

The referenced memorandum from Mr. Ennis is being returned herewith.

MEMORANDUM FOR THE ATTORNEY GENERAL

Re: Parole of Italian seamen and civilian internees

The Immigration and Naturalization Service plans to close the internment camp at Ft. Missoula, Montana, in the next few weeks and experience has demonstrated that Germans and Italians cannot be interned in the same camp satisfactorily. This situation presents a good occasion to review the whole question of keeping these Italians interned as alien enemies.

Italian seamen. - Most of the seamen are here involuntarily, have no ties here, and any allegiance is to Italy although, of course, at present such allegiance is a confused political matter. It is doubtful that they have any affirmative political views about Italy now. Most of these seamen were taken from their ships in our harbors and detained in Immigration custody even before we entered the war. I recommend that, with the exception of a few unreconstructed Fascists and old and infirm who should be held as alien enemies for repatriation, the remaining seamen be transferred back to Immigration custody as seamen who have overstayed their leave so that they may be handled like other seamen and if possible be persuaded to reship. It is hoped, however, that the Immigration Service will avoid involuntary reshipment both in the interest of security and in respect for a seaman's genuine fear of reprisals against any members of his family in Northern Italy, or similar reasons.

Civilian Italian internees. - Even the few internees who are not politically demoralized by Italy's fall know that their Fascist views are completely discredited in their communities and they would not be a danger to their community if returned on parole. I recommend that all of them be placed on strict parole with the possible exception of anyone who still indicates an unwillingness to cooperate on this basis.

If you will indicate your conclusion on these recommendations, the cases will be prepared for individual decision in accordance with your views.

/s/ Edward J. Ennis

SUBJECT: APPREHENSIONS OF ALIEN ENEMIES

You may be interested in the following information:

Excluding German seamen, there have been 6,085 German aliens apprehended as of April 4, 1944.

Of this number 2,117 were originally ordered interned by the Attorney General. As of April 4, 1944, only 1,648 of 2,117 are still interned. Of those who are no longer interned; 43 have been released outright; 13 have been released and inducted into the armed forces; 46 have been repatriated; 6 have died and 361 are presently on parole.

In addition to the above 1,648 alien enemies, the Attorney General has ordered the internment of 89 who had been previously released by the U. S. Attorneys without a hearing before the Alien Enemy Hearing Boards, or who had been previously ordered released or paroled by the Attorney General.

While the total of 1,737 German enemy aliens now interned represent 28.54% of those apprehended by the Bureau, they represent but .55% of the German alien enemies in the United States.

DATE:

FROM : Executive Conference — July 20, 1944

SUBJECT:

At a meeting of the Executive Conference on July 20th, attended by Messrs. Tolson, Tracy, C. Tamm, Lee, Rosen, Mumford, Clegg, Acers and Ladd, the attention of the conference was called to the fact that the Security Division presently prepares on a quarterly basis two reports, the first listing the apprehensions of alien enemies by field offices and the second listing the disposition of the alien enemy cases. In view of the decrease in the number of apprehensions, it was recommended that hereafter these two reports be prepared on a semi-annual basis, July 1st and January 1st.

The conference unanimously approved this recommendation of the Security Division.

Respectfully,
For the Conference

RE: ALIEN ENEMY ARREST RECORDS

Various offices have requested advice regarding the disposal of copies, now maintained as bulky exhibits, of the weekly and monthly arrest records of alien enemies apprehended. Such records were formerly submitted to the Bureau weekly and later monthly.

Inasmuch as the periodic reports to the Bureau reflected information which was recorded upon the permanent arrest record, it does not appear that copies of these periodic reports serve any purpose in the Field and they should be destroyed.

Very truly yours,

J. Edgar Hoover

John Edgar Hoover
Director

SUBJECT: FINGERPRINTING REPATRIATES

Reference is made to letter to the Bureau, dated February 3, 1945, in which I advised that Immigration & Naturalization Service was preparing a list of all persons in civilian alien enemy camps, as of December 31, 1944.

Mr. W. F. KELLY, Assistant Commissioner for Alien Control, Immigration and Naturalization Service, has furnished this list and made a request that the Bureau determine whether it has a record on all of the internees. If it is found that the Bureau does not have a record on all of them, Immigration and Naturalization will provide a photograph and fingerprints of such persons.

The list is attached and is made up by camps. It reflects the name, date and place of birth, alien registration number, with name and address of next of kin.

Assistant Attorney General Herbert Wechsler. May 17, 1945
Attention: Mr. C. E. Hetts
John Edgar Hoover - Director, Federal Bureau of Investigation

Reference is made to the Memorandum of May 10, 1945, submitted to this Bureau by Mr. C. E. Hetts of your office setting forth the proposed plans in the handling of German Aliens. In your memorandum you requested any comments which I may have concerning this program.

This is to advise that this Bureau will defer to your judgment in this matter. However, it is noted that consideration is being given to repatriating some of the German aliens to Germany as well as to some of the South American countries and it would be appreciated if this Bureau is furnished a list of the individuals whom the Department is of the opinion should be repatriated.

MEMORANDUM FOR MR. D. M. LADD

RE: ALIEN ENEMIES SUBJECT TO STRICTER ACTION - RUNNING MEMO

Your attention is directed to the running memorandum which has been maintained by this Section on the above-captioned subject. This memorandum contains memoranda transmitted to the Attorney General's notice in those cases where disposition orders by the Attorney General were not consistent with the information reflecting the subject's subversive activities.

Inasmuch as this memorandum has been more or less dormant for the past year, and inasmuch as the Alien Enemy regulations pertaining to German and Italian aliens are being liberalized, it is suggested that this running memorandumbe discontinued.

Respectfully,

J. C. Strickland

SUBJECT: INFORMATION CONCERNING CERTAIN GERMAN ALIENS PRESENTLY INTERNED IN THE UNITED STATES

Mr. Sidney Lafoon of the United States Department of State recently requested the Liaison Section to secure from the Bureau any available documentary evidence or evidence legally admissible in court which could be used in habeas corpus proceedings which have been instituted by various German aliens presently interned in the United States. Mr. Lafoon was also interested in being advised as to the reliability of the informants from whom information concerning the activities of these aliens had originally been received.

As requested, a thorough search has been made of Bureau files concerning these aliens and the requested information is set forth in the attached memoranda.

RECOMMENDATION

It is suggested that the attached memoranda be forwarded to Mr. R. R. Roach of the Liaison Section, in order that he may deliver them to the appropriate official at the State Department.

The aliens concerning whom memoranda are attached are as follows:

DETENTION OF COMMUNISTS IN THE EVENT OF SUDDEN DIFFICULTY WITH THE SOVIET UNION

Reference is made to my memoranda to you of March 8, August 5 and September 5, 1946, concerning the captioned matter. Reference is also made to the various conferences between representatives of this Bureau and Messrs. Peyton Ford and H. Graham Morison of the Department dealing with the formulation of a policy to support a program of action for this Bureau in the handling of Communists in the event of a national emergency or hostilities between the United States and the Soviet Union.

As long ago as September 20, 1946, the Department had under consideration a program for detention of Communists in the event of such emergency through Presidential directives which would empower the Secretary of War to define military exclusion areas within which the President would rescind the power of the courts to issue writs of habeas corpus and directives providing for the detention of persons to be held by the Bureau of Prisons of the Department. These tentative plans as outlined by Messrs, Ford and Morison contemplated formal endorsement of any such directives by the President through joint Congressional resolutions and through the enactment of legislation supporting and supplementing them.

This broad program, which was strictly tentative in consideration, was to be discussed by Departmental representatives with representatives of the War Department. The objections of this Bureau to certain features of this program, particularly with regard to the suspension of the writ of habeas corpus were made known to Messrs. Ford and Morison and the Department's representatives advised that further consideration would be given to this program and as soon as my conclusive drafts were drawn this Bureau's representatives would again be called into examine them.

Mr. Morison of the Department orally advised on March 15, 1947, that the War Department had been placed on notice with regard to the tentative program drawn up by the Department of Justice. This was seven months ago.

During the year which has passed since the Department first commenced consideration of the above mentioned program, the international situation has deteriorated to a marked degree. Furthermore, the administrative reorganization of the military forces of the United States has changed with the establishment of a Department of Defense.

ENCLOSURE

I strongly urge that the problem of detention of Communists in the event of an emergency involving the Soviet Union and this country be discussed by you on a Cabinet level with the interested Secretaries, particularly Secretaries of State and Defense, and the President.

The Attorney General

You will recall that in my memorandum of August 5, 1946, I strongly recommended that appropriate legislation to correct the lack of statutory backing for the detention of persons dangerous to the security of the United States be prepared for submission either to a special session of Congress, which might be called in the event of such emergency, or to the regular session which convened in January 1947. Since that time, not only has the international situation become more tense, but the Communists in the United States have increased their efforts to penetrate those fields of our industry, i.e., machine building, transportation and electrical equipment, where acts of sabotage would be most dangerous to our defense. I again urge that appropriate legislation be in readiness, at least, for the next session of Congress. Should hostilities commence with a "sneak attack" against the United States by either atomic or bacteriological weapons, Congressional enactment of such a program might thereafter be physically impossible, or, at least, too late.

I feel, as I am sure you do, that neither the Department nor the Bureau can afford to delay in such planning as this any longer. Consequently, I urge you to give this problem your immediate consideration. I particularly urge you to consider the issuance of definite and specific instructions as to procedure which shall be followed in the event of an emergency involving the United States and the Soviet Union, and that those individuals responsible for the carrying out of such procedure be appropriately instructed without delay.

I would also appreciate your informing this Bureau of any developments affecting relations between this country and the Soviet Union which come to your attention as a Cabinet Officer which would have any material bearing upon this Bureau's responsibilities, so that I, in turn, can advise and instruct our field representatives.

The international situation has further deteriorated since the last referenced memorandum on this subject. You will recall my suggestion that appropriate legislation be in readiness for the next session of Congress. Congress has now convened in Special Session to handle certain domestic and foreign aspects of this country's basic relationship with those other nations faced with expanding Soviet and Communist encroachment.

MEMORANDUM FOR THE DIRECTOR

Re: DETENTION OF COMMUNISTS IN
THE EVENT OF SUDDEN DIFFICULTY
WITH THE SOVIET UNION.

The attached material relates to the Bureau's recommendations to the Attorney General for a program for the detention of Communists in the event of sudden difficulty with the Soviet Union and in which the Attorney General noted on our last followup, "I have instructed Mr. Quinn to work with you personally".

Since it would not appear that it is necessary for you to personally participate in lengthy discussions with Vincent Quinn on this matter, I will, if you approve, speak to Mr. Quinn about the Attorney General's notation and suggest that I will be glad to discuss the matter with him whenever he desires it. It would appear that the Attorney General's notation can be justifiably interpreted as meaning that the "personally" applies to Mr. Quinn rather than to you.

Respectfully,

SUBJECT: DETENTION OF COMMUNISTS IN THE EVENT OF SUDDEN DIFFICULTY WITH THE SOVIET UNION

For the purposes, it should be noted that on January 9th I talked to Mr. Vincent Quinn, Assistant Attorney General in Charge of the Criminal Division concerning the Bureau's memoranda to the Attorney General urging a program for the detention of Communists in the event of sudden difficulty with the Soviet Union.

I pointed out to Mr. Quinn the Attorney General had indicated that Mr. Quinn was to handle this matter personally with the Bureau and told Mr. Quinn that I would be available to confer with him at any time he wanted to go into this matter. Mr. Quinn indicated he was having some research conducted on this subject and that he would notify the Bureau in the near future of the date of a possible conference concerning this situation. On this occasion, it was pointed out to Mr. Quinn that you were unalterably opposed to any suggestion to have the United States declared a military area, as well as to any program which would charge the War and Navy Departments with the duty of detaining persons. Mr. Quinn was informed that in your opinion, all functions of this kind within the United States should be handled by civilians and as civilian proceedings and with no aspect of a military state.

You will recall that memoranda were forwarded to the Attorney General under dates of March 8, August 5, and September 5, 1946 and subsequently on October 20, 1947 pointing out that there was a real necessity for detailed planning relative to the subject of detention of Communists in the event of an emergency involving the Soviet Union and the United States.

Copies of the memoranda of March 8, 1946 and October 20, 1947 are attached hereto to refresh your recollection with regard to the specific content thereof.

On December 22, 1947 a memorandum was directed to the Attorney General requesting advice as to what action had been taken relative to the aforementioned memoranda and he returned it with a penned notation stating "I have instructed Mr. Quinn to work with you personally".

Therefore, this matter is being brought to your attention inasmuch as Mr. Quinn undoubtedly will be contacting you in the near future relative to this subject matter.

Such was the case in the decision to move some 120,000 Japanese-Americans from their homes and farms on the West Coast to relocation centers. It was a tragic upheaval which Hoover looked upon as a mixture of politics and hysteria and not as an urgent measure of national defense.

The FBI Director first heard of the evacuation proposal when he was called to the office of Secretary of the Treasury Morgenthau on the evening of December 10 for a talk with the Secretary and two other Treasury officials. A memorandum of the meeting written by Hoover to Attorney General Biddle tells the basic story:

> . . . The Secretary stated that he had been in communication with his representatives in San Francisco and as a result had ascertained that the task which they were carrying on [freezing Japanese assets and businesses] was an enormous one and that he believed more drastic measures should be taken in order to adequately cover and complete it. The Secretary then put in a call to Mr. X, one of his representatives in San Francisco, and this conversation was heard by all in the Secretary's office . . . It was the opinion of Mr. X that there should be a round-up of the Japanese in San Francisco, Los Angeles and in the bay cities of San Francisco, as well as in certain sections of the San Joaquin Valley . . . The Secretary inquired of me as to whether this could be done . . .
>
> I suggested to Secretary Morgenthau that he call you by phone. I told the Secretary that I felt that you would be reluctant to approve any such program unless there were sufficient facts upon which to justify the cases of the persons arrested, as I believed you would be opposed to any "drag-net" or "round-up" procedure. I pointed out to the Secretary that

in the arrests which had already been made of the Japanese, German, and Italian alien enemies, factual cases had had to be prepared on each one of them prior to their arrests and that these had to be approved by the Attorney General, and that of course citizens of the United States were not being included in any arrests as the authority to make arrests was limited to alien enemies and unless there were specific actions upon which criminal complaints could be filed, you had not approved the arresting of any citizens of the United States.

The Secretary then called you . . . and you were in accord that the matter should be further considered and that certainly no action should be taken last night of the character recommended by the Treasury Agents in San Francisco . . .

But the snowball had started. With the hysteria there were the cold calculations of men who wanted the Japanese moved for economic reasons and because of racial prejudices. The decisions for the movement were made in the upper reaches of the Administration. And so it was that tens of thousands of loyal Japanese-American citizens made the sad journey from their homes after a directive was issued giving the Army authority for the roundup.

Hoover put his finger on the real reason for the evacuation when he told Biddle in a memorandum:

The necessity for mass evacuation is based primarily upon public and political pressure rather than on factual data. Public hysteria and, in some instances, the comments of the press, and radio announcers, have resulted in a tremendous amount of pressure being brought to bear on Governor Olson and Earl Warren, Attorney General of the State, and on the military authorities. It is interesting to observe that little mention has been made of the mass evacuation of enemy aliens.

This was a case in which the FBI, after many months of investigation, had tagged and arrested 733 Japanese aliens in all parts of the nation by 6:30 A.M., on December 8. Those were the Japanese considered by the FBI to be dangerous to the nation's security. The evacuation swept up some 120,000 people of Japanese ancestry—the great majority of them citizens—on the West Coast alone.

In this hysteria, Hoover turned aside a flood of offers from citizens' and civilian groups across the country who wanted to resurrect the old American Protective League of World War I. The FBI Director saw no place for vigilantism in World War II.

There were 16,062 enemy aliens arrested during World War II. Of this number, 7,043 were German aliens, among whom 1,225 were interned; 2,449 were paroled; 2,589 were released; 691 were repatriated; and 47 died. Dispositions were unresolved in 42 of the cases. The Japanese aliens arrested totaled 5,428. Of these, 1,532 were interned; 2,423 were paroled; 955 were released; 415 were repatriated; and 88 died. In 15 of these cases the dispositions were unresolved. The number of Italian aliens arrested was 3,567. Of this number, 367 were interned; 861 were paroled; 2,237 were released; 87 were repatriated; and 14 died. There was one case in which the disposition was unresolved. These figures include 802 German seamen and 1,271 Italian seamen who were apprehended before the United States entered the war. In addition, 24 Hungarian, Bulgarian and Rumanian alien enemies were apprehended. Of these, 8 were paroled and 15 were released. The disposition in one case was unresolved.

There were 25,881 searches of enemy-alien premises, where 3,127 short-wave radios; 2,240 sticks of dynamite; 4,626 firearms; 306,247 rounds of ammunition; and other items of contraband were seized.

On May 5, 1959, Mr. Walter F. Banse of your office personally requested Mr. Fred J. This is to advise that our files disclose that 5,428 Japanese aliens were taken into custody by the FBI between December 7, 1941, and August 15, 1945.

Custodial Detention - Civil

On 5-5-59 Mr. Walter F. Banse, who is attached to the office of Assistant Attorney General George C. Doub of the Civil Division of the Department, personally requested me to furnish him statistics as to the number of Japanese aliens taken into custody by the FBI up to 8-15-45.

Mr. Banse advised that the Government Printing Office is to publish a reference document regarding the Japanese-American Evacuation Claims Program and he desires these figures in connection with his research for the preparation of this document.

Bufiles disclose that a total of 5,428 Japanese aliens were taken into custody in the period between 12-7-41 and 8-15-45. It is noted World War II ended 8-14-45. This same figure was quoted in Whitehead's book "The FBI Story" and also appears in a memorandum from Ladd to the Director dated 7-12-45 captioned "Apprehensions of Enemy Aliens" (100-2-4014). This same file wherein statistics on such arrests are kept does not indicate that any additional arrests were made between 7-12-45 and the end of the war on 8-14-45.

ACTION:

There is attached a suggested letter to Assistant Attorney General George C. Doub of the Civil Division advising him that 5,428 Japanese aliens were taken into custody between 12-7-41 and 8-15-45.

Description of List: 100-2-1532. List of names of individuals reported by the Immigration and Naturalization Service as "unable to identify."

The attached listing of names has been called to our attention by personnel engaged in Name Check work. They advise that the frequency of reference to this listing causes unnecessary work because insufficient information is available to effect an identification. In an effort to streamline procedures and eliminate unnecessary reference to this data it is proposed that the material be de-indexed through removal of the cards from the Bureau's indices.

It is requested that the appropriate substantive supervisor review the above listed file reference to determine if any reason exists for retention of the indexing on this listing of names. A notation advising of the decision reached may be placed on this memorandum. The memorandum should be returned to the Correlation Unit of the Records Branch, Room 6309 JEH.

SUBJECT: ~~RECORDS OF JAPANESE ALIENS~~
SEIZED DURING WORLD WAR II

Mrs. Dorothy Gersak, code 13, extension 23262, Archivist, Records Appraisal Division, National Archives, telephonically inquired if we were in possession of or aware of the location of any group or blocks of records belonging to Japanese who were arrested at the outbreak of World War II. She is attempting to develop this information in order to answer an inquiry from the Archivist at the University of Washington who, in researching the history of the seizure of Japanese in the northwest area of this country at the outbreak of World War II, has been, on occasion, informed that collateral records taken at the time of the arrests were in the custody of the FBI.

I informed Mrs. Gersak that I was not familiar with any general category of records such as she outlined, but, of course, this should not be confused with the fact that we have security files on various individuals - including Japanese as well as other nationalities. Also that while the Bureau handled the apprehension of Japanese as well as Germans at the outbreak of World War II, they were immediately turned over to other authorities along with any evidence to be used in determining detention or release. She was also advised that this Bureau would be glad to consider any specific request for information on individuals or groups, but that sufficient identifying data necessarily would have to be furnished in order to intelligently consider and pass upon the request.

ACTION:

For information.

Section 190 Serial 4020 dated 12/17/45

consisting of ONE page

This is an intra-bureau memorandum between bureau supervisors in reference to ~~the emergency detention program~~ certain German aliens presently interned in the U.S.

The identities of the eight ~~security~~ interned subjects listed ~~in~~ below paragraph four are denied.

The above described portion of this document is denied to protect the identities of individuals ~~designated for apprehension~~ detained during WWII. To disclose the identities of these individuals would be an unwarranted invasion of these persons' right to privacy inasmuch as this publication would disclose investigative interests of the bureau in an area where loyalty to country is in question. The identities of these individual's are, therefore, being denied under (b)(7)(c) of the FOIA. 264
