FROM : ADIC, [redacted] (8) (32)

SUBJECT: EUGENE R. DEHMEL;  
[redacted]  
(OO:NY)

This communication is classified "~~Secret~~" in its entirety.

[redacted]

Subject was interviewed on July 8, 1986. He is recently retired, but is continuing to work for ~~INTERNATIONAL MINERALS AND CHEMICAL CORPORATION (IMC)~~ in order to handle a project involving the sale of a product called RALGRO to various Eastern European countries and the Soviet Union as well. NY

Subject advised that IMC produces RALGRO at a plant in Terre Haute, Indiana. The product is manufactured in the form of a small pellet which is injected into cattle. The pellet is a protein additive that will add about twenty five percent to the weight of the animal during its lifetime. IMC currently sells RALGRO to Bulgaria and is attempting to sell it to other [redacted] countries. The subject has contacts with representatives of East Germany, Czechoslovakia, Hungary, Romania, Poland and the Soviet Union. DE-164

With regard to the Soviet Union, the subject had discussed the sale of RALGRO to the Soviets some time ago with [redacted] of the United States (US) - Union of Soviet

Socialist Republics (USSR) Trade and Economic Council (SOVTEC). [redacted] departed the US, and the subject also approached [redacted] replacement, [redacted] about selling RALGRO to the Soviets. [redacted] had no real knowledge of such things, and at first was very tentative in discussing business matters with the subject. [redacted] brought in [redacted] also of SOVTEC, into the discussions. [redacted] insisted on the Soviets acquiring the manufacturing process of RALGRO, as well as the product itself, and the subject declined to provide the actual manufacturing process. The subject indicated to [redacted] that IMC might not renew its membership in SOVTEC if no assistance was forthcoming in the discussions with appropriate Soviet agriculture officials.

b6  
b7C

The subject discussed the matter with other Soviet officials and he believes now that [redacted] has been told to pursue the matter. The subject has met with [redacted] and [redacted] now seems to be interested in discussing the sale of RALGRO. At first, [redacted] was not at ease in dealing with the subject. [redacted] has been in the US only a relatively short time. His English ability was very poor, but it is improving. [redacted] could not handle the social part of business discussions, refusing several times to have lunch with the subject. [redacted] is now becoming more receptive to such things, although the subject did not consider [redacted] as personable as his predecessor, [redacted].

b6  
b7C

The subject also advised as follows, concerning a separate matter. He has [redacted] named [redacted] who is a student at [redacted] in [redacted]. She has [redacted] named [redacted] who is also at [redacted] and has gotten the subject's [redacted] involved with some "leftist" artist group.

[REDACTED] has [REDACTED] whose first name the subject could not recall, who recently "sponsored" a visit to the US of an Italian entertainer named DARIO FO.

b6  
b7C

According to the subject, the US State Department had initially been against allowing FO to come to the US because of reported links between him and the Italian terrorist group, Red Brigade. FO's wife, also an Italian entertainer, has also been linked to the terrorist group. [REDACTED] supposedly is very supportive of FO, as is [REDACTED] himself, and he somehow was involved in getting the State Department to allow FO to visit the US a couple of months ago.

b6  
b7C

The subject was very concerned about [REDACTED] becoming involved with these people, and especially since he is an international businessman. IMC has a representative in Washington, D.C., and the subject stated that this representative had notified someone in the FBI of this information.

b6  
b7C

NY is placing this matter in closed status.
