Sent for Approval for RECORD//Sentinel Case EMAIL (S)

To close the loop with the entire group, based on various printer/security hiccups, we will be piecemeal-ing the documents to has in his possession a CI He will email those bate stamped documents to this afternoon or tomorrow morning. On Monday, I will work with our Chief Security Officer (who is on leave until then) to move the remaining documents that fall within the requested range onto FBINET, and I will email them to at that time. (S)

Thanks

[redacted]

I realize this may look like Christmas in July, but it was easier for me to color-code it so we are sure to answer all of your questions. The Red responses are from your exchanges with [redacted] The Green responses are based on our physical review of the JTTF CD today, 7/23/2014 [redacted] (S)

[redacted]

Please let us know what else you need. I will be out till Monday, but hopefully [redacted] can get you any additional details.

[redacted] **- after speaking with** [redacted] **this evening, could you please print** [redacted] (S)

(S) [redacted] **scan those documents and email them to** [redacted] **Thanks!**

[redacted] at CIA-OGC,

I am CC'ing the following people on this email and including their SIPR email addresses for you within this message since those addresses are normally stripped off emails directed to you by me:

Unit Chief [redacted]

[redacted]

For any response from you, please include the email addresses for everyone listed.

Discussion/Question: After discussions with AUSA [redacted] FBI Charlotte SA [redacted] would like to begin drafting a search warrant for the previously discussed newly-discovered [redacted] which may have been used by [redacted] (S)

b1
b3 Per CIA & FBI
b6 Per CIA & FBI
b7C
b7E

(S)

For the warrant needs some specific details regarding itself. As I understand (S)
was secured b CIA-OIG. Thus may have the informatio needs. However, I do
not have email address to pass to to facilitate direct contact between the two of them. If possible,
please forward mail address.
Alternatively, we can simply direct the questions to you for passage to Whatever works for you. Possibly, you
(versus may be able to answer some of the questions.

Please advise how you wish to proceed. Once we receive a response from you can forward the questions to the appropriate person(s).

Of course, any such search warrant will first be reviewed by AUSA As such, I do not yet have a projected time frame for service of the warrant.

If more time is needed by the CIA to address the concerns you articulated in your 01/06/2014 email (specifically, item 2), just let us know.

As always, thanks for your continued assistance.

Apologies for copying if you have already started your trial and are out of the loop.

Background: At the request of SSA FBI Charlotte, I checked today with CIA-OGC, regarding the possibilit conducting some type of review of the newly-discovered during his previously scheduled trip to the DC area next week, 13-17 Jan. (S)

Toda and I exchanged the emails you see below regarding this matter. Due to spacing issues which commonly appear whe and I communicate, I re-copied the text of her last response email and pasted it below under my signature block.

Please review the email fro and let me/us know whether DOJ has any issue with conducting a review (S) ext week. Obviously,

that assume will be able to iron out any other issues on her end.

Thanks.

Copying this email to FBI Charlotte personnel, FBI WFO/NVRA/CART personnel, and [redacted] CIA-OGC. I am not copying AUSA [redacted] (now at trial, I believe), or DOJ/CES [redacted]

(S) Regarding the newly-discovered [redacted] and for everyone's post-holiday awareness/as a reminder, I am including below the texts of three SIPR emails from 12/23/2013 and 12/24/2013. All of you should have received them before, but figured it would be simpler to include them again here. If you want to

review the emails, read from the bottom up starting with the email to me from [redacted] on 12/23/2013.

b1
b3 Per CIA & FBI
b6 Per CIA & FBI

Email from me on 12/24/2013:

[redacted]

This email is a follow-up to previous emails below and calls yesterday pertaining to a newly-discovered [redacted] (S) possibly related to investigation of subjects [redacted] All appropriate steps have been taken by the CIA to secure tha[redacted] which is now in possession of the CIA-OIG.

[redacted] Got your voicemail from late yesterday [redacted] and I spoke yesterday. Thereafter, she sent me the first email below.
Through
[redacted] and you, I am now aware DOJ/CES Attorney [redacted] will be acting in your place for th[redacted] cases (S) during your upcoming expected six week absence for a trial.

As I understand, sometime shortly after everyone returns from the holidays, a determination will be made regarding
(S) how we will proceed with the reference [redacted] whether a search warrant is needed, process of exploitation, etc). Yesterday, via the email immediately below, I notified both FBI Charlotte and personnel at the Northern Virginia RA
(S) in Manassas regarding [redacted] Recopying everyone here.

To repeat for some folks, Unit Chief [redacted] is out this week. I am the Acting UC in his absence. Next week, I will be out and [redacted] will be back.

Happy Holidays to all!

[redacted]

Email from me on 12/23/2013:

[redacted] at CIA-OGC,

b3 Per CIA & FBI
b6 Per CIA & FBI
b7C

Thanks for the follow-up email below after our telephonic conversation earlier today. Although almost everyone is out, I am CC'ing the folks at FBI Charlotte and NVRA regarding this information for their awareness.

FYI [redacted] is out this week. I am Acting Unit Chief in his absence.

Next week, I will be out and [redacted] will be back.

SS, [redacted] at FBI WFO,

Via telephonic contact just now with [redacted] Detailee to NSA, you may have the answer to my question in the email immediately below. Per [redacted] understanding, FBI WFO likely set a lead to FBI New York to accomplish the referenced notification to [redacted] (S)

[redacted]

Appreciate any details you can provide about any such notification made [redacted] including (S) who made the notification, the date, etc.

b1
b3
b6
b7C
b7E

Thanks.

This email is a follow-up to calls just attempted to your work numbers and as a follow-up to the email stream below.

Per my telephonic conversation just now with Detailee to NSA, one or both of you may be able to confirm whether an NSA notification to occurred earlier this week. That notification concerned a hacked personal email account (S)

Appreciate confirmation such a notification occurred including who made the notification, the date, etc. (S)

FYI. The CIA is now requesting to do the same type of notification. Obviously, a second notification is not necessary if already accomplished by the NSA.

Thanks.

MEMORANDUM FOR THE RECORD

SUBJECT: CIA provision of ToughBook Laptop to Director, Central Intelligence Agency

1. ~~(U)~~ This certifies for the record that the undersigned have issued to Director, Central Intelligence Agency (CIA), David H. Petraeus, a government-owned and purchased laptop for his exclusive use. This issuance is consistent with CIA policies on allowable use for Senior Executives and is supported by the following special circumstances:

a. As a Head of Agency and a senior USG executive, DCIA has a 24-hour need for situational awareness, access to the Internet, and unclassified information processing that is as important as his need for access to National Intelligence systems as Director, CIA. Providing this laptop is consistent with Federal regulations and CIA's determination that acceptable use includes drafts of materials, searching the Internet, incidental personal use, taking draft notes from meetings and other non-decisional uses. Information generated and/or stored on this laptop would not be considered federal records under the Federal Records Act. Since these are not records, they would not be subject to the provisions of the Freedom of Information Act. Nor would there be any reason to search such a computer for FOIA.

b. Due to his multiple accesses via military and civilian e-mail points-of-presence (POP's), academic and professional membership websites, and other special

Return when no longer required for evidentiary/record purposes.

SUBJECT: CIA Provision of ToughBook Laptop to Director, Central Intelligence Agency

internet portals, the DCIA's digital public persona is especially high and noticeable to outside entities, including hostile intelligence services and cyber criminals. In order to protect DCIA's personal-use laptop from virus, malware, cyber attack, or exploitation, CIA's CIO and Director of Security jointly determined that this protection was best afforded through the use of a CIA-provided and managed laptop for DCIA. This laptop is specially configured and handled to allow CIA IT and Security elements to provide the most optimal protection and is routinely available for the purposes of security and defensive auditing.

2. ~~(S)~~ Any queries regarding this laptop or terms of issue should be addressed via return memo to the undersigned.

DoJ has cleared on our plan to provide the former Director with his calendar and "intellectual capital," i.e., speeches, articles, etc. I've spoken to both the Deputy Chief of FBI's Cyber Division and the Chief of the Criminal Division in the US Attorney's Office in Charlotte, N.C. Both are in accord with our plan, as previously discussed, to go through the unclassified contents of the Director's computer and provide him copies of the materials requested.

There was no/no standard Agency log-in warning on this hardware (or any other banner or sticker identifying or affiliating the laptop with the Agency). We will obtain the build on MON (17 DEC) from our engineering colleagues, please let us know where we should deliver. Thanks, regards.

Thank you! We would like the build information on the laptop if you can obtain it. Additionally, if you could confirm/disconfirm whether or not the standard Agency login warning banner was in place it would help us.

Chapter 1

D/CIA GIPU Workstation Build

1.1 Introduction to GIPU Workstation Builds

The unclassified Government Issued Personal Use (GIPU) workstation provides basic unclassified application services for the D/CIA. The services will minimally include Microsoft Office, SWA mail, and unclassified Internet browsing.

This document provides systematic instructions for the configuration of GIPU workstations, as well as instructions for select administrative tasks.

1.2 Overview of the Build Approach

The GIPU workstation build utilizes a bootable DVD. The GIPU workstation build was created using Microsoft System Center Configuration Manager Operating System Deployment (SCCM OSD). The SCCM OSD build installs the base operating system with all security required Microsoft patches up through the date the disk image was created.

After the initial base operating system image is laid down, SCCM OSD installs GIPU specific software to complete the build. At this point the automated steps are completed and manual steps are used to complete the build.

This document should be completed in order to ensure a proper build and configuration. The following tasks will be completed:

- Deactivate Windows (rebuild only)

Petraeus-3689

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

- Standard BIOS Configuration
- [redacted] b3 Per CIA
- Operating System and Software Installation
- OS and Driver Configuration
- Configure GIPU Software including Windows Update
- Configure Preferences
- [redacted]
- Initialize Outlook
- Build Complete and Validation

1.3 Media Requirements

(U) The following media is required to complete the instructions herein:

- GIPU v1.0 Workstation Build (DVD) -1 –AIUO~~~~ [redacted] b3 Per CIA

1.4 Deactivate Windows

Note: Only perform this section if the workstation is being returned from deployment and being prepared for rebuild.

Deactivating Windows is necessary to ensure enough licenses are available for future builds.

1. Log into the workstation with th[redacted]account. b1 Per CIA b3 Per CIA
2. Navigate to **C:\VIPFiles** and right click on **DeactivateWindows.cmd**.
3. Select **Run as administrator**.
4. Click **Yes** at the **User Account Control** window.
5. Click the **OK** button in the **Windows Script Host** dialog box.
6. Shutdown the workstation.

1.5 Standard BIOS Configurations

After reviewing the Introduction section, proceed to the appropriate section below to configure the Standard BIOS settings for the supported workstation.

1.5.1 Introduction

The purpose of this section is to outline the following standard BIOS settings that should be used on supported workstations.

Petraeus-3690

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

Configuration instructions have been provided in the following sections for the following workstations:

Model	Section
Panasonic Toughbook CF-F9	1.5.2

1.5.2 Panasonic Toughbook CF-F9

1. Power on the laptop
2. Press the F2 key repeatedly to access the BIOS setup screen. **"Entering Setup"** will be displayed in the bottom left corner.
3. The **Aptio Setup Utility** screen will be displayed.

Note: The BIOS consists of six menus. To navigate through the BIOS and change fields, use the keyboard.

4. Navigate to the **Exit** menu,
   a. Select **Load Default Values** and press the **Enter** key.
   b. At the **Load Optimized Default** prompt, highlight, **Yes,** and press the **Enter** key.
   c. Select **Save Values and Reboot** and press the **Enter** key.
   d. At the **Save Values and Reboot** prompt, highlight, **Yes**, and press the **Enter** key.
5. Press the F2 key repeatedly to access the BIOS setup screen. **"Entering Setup"** will be displayed in the bottom left corner.
6. Navigate to the **Main** menu.
   a. Select **System Date** and enter the correct Date.
   b. Select **System Time** and enter the correct Time.
   c. Select **Optical Drive Power** and press the **F5** key to toggle the entry to **On**.
7. Navigate to the **Boot** menu.
   a. Select **Boot Option #1 [USB Floppy Disk]** and press the **Enter** key.
   b. Highlight **Disabled** and press the **Enter** key.
   c. Select **Boot Option #2 [Hard Disk]** and press the **Enter** key.
   d. Highlight **CD/DVD Drive** and press the **Enter** key.
   e. Select **Boot Option #4 [LAN]** and press the **Enter** key.
   f. Highlight **Disabled** and press the **Enter** key.
   g. Select **Boot Option #5 [USB Hard Disk]** and press the **Enter** key.
   h. Highlight **Disabled** and press the **Enter** key.
   i. Select **Boot Option #6 [USB CD/DVD Drive]** and press the **Enter** key.

Petraeus-3691

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

j. Highlight **Disabled** and press the **Enter** key.

8. Navigate to the **Security** menu.
   a. Select **Password on Boot** and the **F5** key to toggle the entry to **Disabled**.
9. Navigate to the **Exit** menu,
   a. Highlight **Save Values and Reboot** and press the **Enter** key.
   b. At the Save Values and Reboot prompt, highlight, **Yes**, and press the **Enter** key.
10. Power on the laptop

1.6 GIPU Workstation Build

The following sections outline the process for laying down the operating system and base software packages as well updating and configuring the workstation.

b1 Per CIA
b3 Per CIA

1.6.1 Run BCWipe Total WipeOut

[redacted] (S)

1.6.2 Operating System Installation

Note: Ensure that there are no peripherals or external devices connected to the workstation.

1. Connect the laptop to the internet using the onboard Ethernet NIC.

Note: If the laptop is not connected to the internet at build time the build will fail because the Activate Windows task will not complete.

Petraeus-3692

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

This is the last task of the build and can be manually performed during the **Activate Windows** section.

2. Insert the **GIPU (v1.0) Workstation Build DVD** into the CD/DVD drive
3. Power On the workstation and boot from the DVD drive (A status bar will appear displaying **Windows is loading files…**)

Note: Be patient while windows initializes (approximately 5 minutes).

4. At the **Welcome to the Task Sequence Wizard** screen click **Next**. (A command window will open and then close when completed.)
5. Once the command window closes, at the **Confirmation** screen click **Next**.
6. At the **Computer Deployment** dialog box enter the 15 character workstation name as follows: [redacted] b3 Per CIA
   - Ex. [redacted]
7. Click **OK**.

Note: The build process will take approximately 60 minutes to complete. Once the build completes Windows 7 should be at the Windows log on screen. Ignore any prompts to Boot from the CD during the build.

Note: If you receive any errors during the build, drag the error message window out of the way to display the running action in the background. Please note name of the running action and the error code for future troubleshooting.

Note: If you are building without an internet connection you will receive a build error when the **Activate Windows** task kicks off. This is to be expected; you may ignore this error and click **Close** or simply wait for the error message to disappear on its own. Windows will then provide a login screen, you may continue with this document.

Note: If you receive an error on a task other than the **Activate Windows** task you should try to build again or contac [redacted] for troubleshooting. b3 Per CIA

1.6.3 Initial Account Creation

Note: This section describes the procedures for first logon to create and configure the [redacted] account. (S)

1. At the Windows 7 Logon Screen, logon to the workstation using the standard [redacted] account. (S) b1 Per CIA b3 Per CIA
   - User name [redacted]
   - Password [redacted]

Petraeus-3693

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

Note: Please be patient during this first logon, Windows is creating the account profile and this will take a few minutes. Do not walk away or you may miss the next step.

2. When prompted with a **User Account Control** prompts click **Yes**.

Note: Pay close attention to the bottom left corner of the screen as some **User Account Control** prompts have appeared minimized and require a double-click to view.

3. After the windows logon completes you will see the [redacted] window on your screen, leave this alone for the moment. b3 Per CIA

1.6.4 Confirm Successful Build Completion

When an OSD build fails, the error message only remains on the screen for 15 minutes and can be missed if you stepped away during the build. The following steps will confirm the base operating system and software properly installed before continuing.

1. Navigate to **c:** and double click on the **SCCMAppInstallationLog** file to open it in notepad.
2. Scroll to the end of the text file and confirm the following:
   a. If you were connected to the internet during the build you should see **"Reset Network Location Completed"** on the last line in the log file.
   b. If you were not connected to the internet during the build you should see **"Deploy VIPFiles Directory Completed"** on the last line in the log file.
3. If the lines mentioned above do not exist the build did not complete successfully, please try building again and contact [redacted] if a problem still exists. b3 Per CIA
4. **Close** the log file.

1.6.5 Activate Windows

Note: If you were not previously connected to the internet please do so now as it is required to complete the remainder of this document.

Note: If the workstation was connected to the internet during the build, you may skip this Activate Windows section as this would have occurred during the build.

1. Navigate to **C:\VIPFiles** and right click on **ActivateWindows.cmd**
2. Select **Run as administrator**
3. Click **Yes** at the **User Account Control** window.

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

4. Click the **OK** button in the **Windows Script Host** dialog boxes (2).

1.6.6 Wireless Configuration

The pre-configured wireless networks are configured to Connect even if the network is not broadcasting its name (SSID). When configured this way on the Panasonic Tough book laptops Windows will continually prompt you with an alert bubble stating "A network security key is required to connect …" . The following steps outline the procedure to disable this functionality.

1. Click on the **Windows Button** and type `Manage Wireless Networks` in the search bar.
2. Click on the Manage Wireless Networks link at the top.
3. For each of the Networks listed do the following:
   a. **Highlight** one of the Networks listed.
   b. **Right click** on the network and select **Properties**.
   c. **Uncheck** the box next to **"Connect even if the network is not broadcasting its name (SSID)"**
   d. Click **OK**.
4. **Close** the Manage Wireless Networks window.

1.6.7 Date/Time Settings

Confirm the date and time is correct in the system area at the bottom right corner of task bar. If the information is correct you may skip the remainder of this Date/Time Settings section.

1. Navigate to **Windows button→Control Panel→Clock, Language, and Region** and click the **Set the time and date** link under the **Date and Time** heading.
2. Click the **Change date and time** button
3. Click **Yes** on the **User Account Control** window.
4. Enter the correct time and click **OK**.
5. Click the **Change time zone…** button.
6. Set the correct time zone for the location the laptop will be deployed to and click **OK**.
7. Click **OK** to close the **Date and Time** window.
8. Close the **Control Panel**.

Petraeus-3695

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

1.6.8 Configure Incorrect Drivers

During the OSD driver installation Windows chooses which drivers are best fit for a particular device. At times when multiple drivers match a device Windows will choose based on its own criteria. It most cases the chosen driver functions as expected but occasionally there is a driver that may be a better match.

The following steps will walk through changing a specific driver which has a better match.

1. Navigate to **Windows button** and in the right column **right click** on Computer.
2. Select **Manage** from the context menu.
3. Click **Yes** on the **User Account Control** window.
4. **Click** on Device Manager to highlight it.
5. In the middle column navigate to **System Devices→Intel® Turbo Boost Technology Driver**.
6. **Right click** on the **Intel® Turbo Boost Technology Driver** and select **Update Driver Software ...**.
7. Select **Browse my computer for driver software**.
8. Select **Let me pick from a list of device drivers on my computer**.
9. Highlight the **Intel® Turbo Boost Technology Driver with Dynamic Power Performance Management PCH Filter Driver**
10. Click **Next**.
11. After the driver updates click **Close** to complete the install.
12. **Close** the **Computer Management** window.

1.7 Configure GIPU Software

Some applications are not configurable during an OSD for various reasons. The following sections will step you though the process to configure the remaining software configurations.

1.7.1

b3 Per CIA

Petraeus-3696

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

b3 Per CIA

17. **Close** any remaining open windows.

1.7.2 Windows Updates

Windows update is configured to update automatically overnight, however during 1st build Windows Updates should be updated immediately to ensure it's up to date and secure.

1. Click the **Windows Button** and type `Update` in the search bar.
2. Click **Windows Update.**
3. Click the **Check for Updates** link in the left pane to ensure you have the latest updates.
4. If you receive a **Install new Windows Update software** message click **Install now**. Once this install completes, the Windows update window will close and then reopen automatically with the **Checking for updates** task running.
5. Click on the **optional updates are available** link.
6. Scroll to the **Windows 7 Language Packs** heading if it exists and **click** directly on the heading to highlight all language packs.
7. **Right click** in the highlighted area and select **Hide Updates.**
8. Click **Yes** at the **User Account Control** window if you receive one.

Petraeus-3697

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

9. Scroll to the **Bing Desktop** heading at the bottom if it exists.
10. Right click on the **Bing Desktop** item and select **Hide Update**.
11. Place a **check mark** in the checkbox at the top next to the **Name** heading to select all updates (other than hidden) and click **OK**.
12. Click the **Important updates are available** link.
13. Place a **check mark** in the checkbox at the top next to the **Name** heading to ensure all updates are selected and click **OK**.
14. Click **Install Updates**.
15. Click **Yes** at the **User Account Control** window if you receive one.
16. At the **License** window select **I accept the license terms** and click **Next** or **Finish**. Repeat this step as necessary.
17. Allow updates to install and then Click **Restart now** when the updates have finished installing.
18. Login to Windows using the dhp2012 account.
19. Repeat the steps above until you receive the message, "**No important updates available**" after step three.
20. Close the **Windows Update** window.

1.7.3 Certificate Installation

This section will walk you through the steps to install the certificates required for all GIPU features to work properly.

1. Navigate to **C:\VIPFiles\DIRCERTS\CERTS**.
2. Right click **INSTALLROOT_V3.13A** and select **Run As Administrator**.
3. Click **Yes** at the **User Account Control** window.
4. When prompted, select **reinstall using recommended settings**.
5. Click **Yes** at the **User Account Control** window.
6. Navigate to **C:\VIPFiles\DIRCERTS**
7. Double click **INSTALLCERTUSER.cmd**.
8. At each of the **Security Warning** windows click **Yes**.

1.7.4 Initialize Apple Quicktime

This section will walk you through the first launch of Apple QuickTime.

1. Navigate to **Windows button→All Programs→QuickTime** and select **QuickTime Player**.
2. At the QuickTimePlayer prompt check the "**Do not ask to perform this check again. ...**" check box and then hit **No**.
3. After QuickTime Player Launches, close it.

Petraeus-3698

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

1.7.5 Initialize Apple iTunes

This section will walk you through the first launch of Apple iTunes.

1. Navigate to **Windows button→All Programs→iTunes** and select **iTunes**.
2. Once iTunes completes its configuration click **Agree** at the iTunes Software License Agreement.
3. If you receive a prompt that a new version of iTunes is available Click **Download** iTunes and continue, otherwise Close out of iTunes and skip the remainder of this Initialize Apple iTunes section.
4. **Close** all iTunes Windows **except** the **Apple Software Update** window that opens.
5. Ensure only **iTunes** and **QuickTime** (if present) updates are **checked**.
6. **Uncheck** all software under New Software.
7. **Click Install item** button.
8. Click **Yes** at the **User Account Control** window.
9. After the installation completes click **No** at the restart now prompt.
10. Click **Quit** the Apple Software Update window.

1.7.6 Initialize Adobe Reader

1. Navigate to **Windows button→All Programs** and select **Adobe Reader X** at the top.
2. Navigate to Help→Check for Updates.
3. In the **Adobe Reader Update** wizard:
   a. If updates are available but have not yet been downloaded click the **Download** button and continue with step 4.
   b. If you receive a message that says **Update is ready to install**, click the **Install** button and skip to step 7.
   c. If you receive the message **No updates Available** you may skip the remainder of this Initialize Adobe Reader section.
4. Once the download is complete, an update is ready to install bubble appears near the Windows system tray. You can also click the Adobe icon in the system stray for a status.
5. Click on the **Adobe Reader** icon in the system tray.
6. Click the **Install** button in the **Adobe Reader Update** wizard.
7. Click **Yes** at the **User Account Control** window.
8. Click the **Restart Now** button in the **Adobe Reader Update** wizard once the install completes.

Petraeus-3699

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

9. Log back into Windows after the reboot.

1.7.7 IE Configuration

1. **Launch Internet Explorer** using the Desktop icon.
2. After Internet Explorer loads, a new Suggested Sites bookmark will appear under the Favorites toolbar. **Right click** on **Suggested Sites** and click **delete**.
3. Click **Yes** at the Delete Shortcut confirmation prompt.
4. Organize the Favorites bar as desired.
5. Click on the gear icon in the top right corner of Internet Explorer.
6. Navigate to the Safety menu and click on Turn on SmartScreen Filter…
7. Click **OK** at the Microsoft SmartScreen Filter popup dialog.
8. **Leave Internet Explorer open** for the next section.

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

1.8.1 Change Windows Password

The default Windows password used for this build is a well-known password and therefore must be changed prior to deployment. The following steps will walk you through changing the Windows password.

1. Press the **ctrl-alt-del** key combination.
2. Click on **Change a password...**
3. In the **Old password** field enter the existing password: DIRPassword1
4. In the **NEW PASSWORD** and **Confirm password** fields enter a new password.
5. Click on the **arrow icon** to complete the password change process.
6. Click **OK**.

1.8.2 Configure Start menu Icons

1. **Right click** on the **Internet Explorer** desktop icon.
2. Select **Pin to Start Menu** from the context menu.
3. **Right click** on the **Microsoft Office Outlook** desktop icon.
4. Select **Pin to Start Menu** from the context menu.

1.8.3 Empty Recycle Bin

1. **Right click** on the **Recycle Bin** desktop icon.
2. Select **Empty Recycle Bin** from the context menu.
3. Click **Yes** on the confirmation prompt.

1.8.4 Configure Notification Area Icons

1. Click the **Windows Button** and type `Notification Area Icons` in the search bar.
2. Click on the **Notificaation Area Icons** link.
3. **Scroll** to the **VirusScan tray icon** item and select **Show icon and notifications** from the drop down menu.
4. Click OK to close the Notification Area icons window.

b3 Per CIA

Petraeus-3703

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

3. Select the **Encrypt Whole Disk or Partition** option.
4. Select **New Passphrase User...**
5. Leave the Use Windows Password radio button selected and click **Next**.
6. Click **Next** again.
7. Enter in your windows account password in the Password field and click **Next**.
8. Click **Finish**.
9. Under the Encryption Options of the main window, **check both check boxes** to enable **Power Failure Safety** and **Maximum CPU Usage**.
10. Click the **Encrypt** button.
11. Click **Yes** at the confirmation prompt to begin encryption.
12. **Close** th [redacted] **b3 Per CIA**

Note: It is safe to reboot or log off the workstation at this time. However, if the laptop is off or at [redacted] process will be paused. Please leave the workstation up and running with a power cord plugged in until the encryption process is complete.

Note: To find the status of the encryption process, click th [redacted] icon in the task tray notification area. You may need to click the Show hidden icons arrow to see th [redacted]

Note: From this point forward, every time the workstation is rebooted you will receive a [redacted] login screen before the machine will boot into windows. Using your Windows credentials log into the [redacted] and Windows should load up already logged into the [redacted] account. **b1 Per CIA** **b3 Per CIA**

(S)

1.10 Initialize Outlook and Begin Mail Download.

1. Double click the **Microsoft Office Outlook 2007** icon on the desktop.
2. In the Choose Profile Prompt **click** the **Options** button and **check** the **Set as default profile** checkbox.
3. Click OK.
4. When prompted, enter in the appropriate user name and Password to begin downloading the SWA mail.

Petraeus-3704

(U) Any use for prosecutive purposes should be coordinated with CIA/OIG in advance so that the CIA Office of General Counsel may have the opportunity to protect Agency interests. Return when no longer required for evidentiary/record purposes.

1.11 Build Completion and Validation

Once encryption is complete and SWA mail was successfully downloaded the build is complete and ready for use.

Before handing the laptop over to the D/CIA the following should be validated:

- **Verify all laptop Internet connections** (Wi-Fi, cellular, and RJ-45) at all locations necessary.
- Confirm all required peripherals like printers are functioning properly.

1.12 Post Deployment Activities

1.12.1 Deactivate Windows

Note: Perform when the workstation is returned from deployment and being prepared for rebuild.

Note: Deactivating Windows is necessary to ensure enough licenses are available for future builds.

1. Log into the workstation with the VIPAdmin Account
2. Navigate to **C:\VIPFiles** and right click on **DeactivateWindows.cmd**
3. Select **Run as administrator**
4. Click **Yes** at the **User Account Control** window.
5. Click the **OK** button in the **Windows Script Host** dialog box.

1.12.2 [redacted] b3 Per CIA

Note: Perform when the workstation is returned from deployment and being prepared for rebuild. This process will wipe all data on the workstation, if the data is needed please back it up now.

All,

This email is a follow up to a flurry of attempts by me just now to telephonically reach Simultaneously was attempting to reach

Originally, FBI Charlotte was considering having SA not depart DC today and remain in DC for an interview o tomorrow, if he was available. SA was going to fly to DC to participate in that interview. I attempted to reach to confirm availability for interview. All attempts to reach were unsuccessful attempts to reach direct were unsuccessful.

Subsequently, FBI Charlotte determined no interview would be conducted on 3 May. I left voice mails for and his assistan notifying them the interview of would not be conducted this week and FBI Charlotte/AUSA will be in touch to coordinate an interview of prior to 21 May.

If needed, the following is contact information:

Subject: [redacted]nterview

Are you available the week of May 13 for the interview (in D.C.)??? That's [redacted] Grand Jury and he would like to get the interview done as soon as possible.

If you are available later this week that might work too.
His atty is unavailable the week of May 6.

Let me know,

Thanks.

The following is a list of information I am looking for concerning the ToughBook laptop:

Make/Model/Serial #/Agency Bar Code for laptop.

Date of purchase – copy of sales receipt .

Assignment history – copy of hand receipts.

Identify base line software / additional software (i.e. security software) loaded on computer.

Identify and obtain copies of maintenance logs for the laptop.

Security banner

- Was it loaded on laptop?
- If not, under whose authority (When and Why)?
- Was the decision to not load the banner documented (i.e. waiver) – if so, obtain copy of document/e-mail(s).

Who else had the passwords to access to the laptop?

Who had IT admin rights to the laptop?

If accessed, can we identify the login history for the laptop?

When were the files from the old ToughBook transferred over to the new ToughBook?

- How were the files transferred?
    - Thumb drives?
        - if so, where are they?
        - Who's are they?
    - Who did the transfer?

Where is the old ToughBook?

- Why was it not returned?

(S) [redacted] government computer access/user forms?

- If not, why? Under whose authority [redacted] yet still be granted access to computers? b1 b3 b6 b7C b7E
    - Was the decision [redacted] access forms documented (i.e. waiver) – if so, obtain a copy of document/e-mail(s).

Did the laptop have an Aircard? If so, identify Make/Model/Serial #/Agency Bar Code, purchase/assignment history as well as current location.

--

I would like to travel up at the end of the month and conduct all necessary interviews to determine the information above. I will coordinate the interviews with the OIG.
