[redacted] Sauk County Sheriff's Office, furnished the following information:

His office received from the Madison Police Department or Dane County Sheriff's Office a bulletin to be on the lookout for a white Corvair or light color over blue bottom, sporty looking car with small round tail lights, in relation to the bombing of Sterling Hall at the University of Wisconsin. This bulletin was received on the morning of August 24, 1970. He was on Highway 12, traveling south, when he saw a white Corvair also travling south, with one male inside. While following this car, he noted another Corvair traveling northbound on Highway 12, containing three or four males. As the highways divided, he could not make a U turn and follow the car. He knew that Officer [redacted] was north of this position on Highway 12. He radioed to [redacted] and requested that [redacted] look this car over as it passed.

b6
b7C

[redacted] continued following the first Corvair traveling south. After obtaining the license number of the first Corvair, [redacted] turned around and headed north on Highway 12. He radioed to Officer [redacted] and asked what type of vehicle he saw. [redacted] said that there were four persons in the car and that the car was close to the description received from Madison. [redacted] advised he intended to stop the car and check the occupants. [redacted] advised [redacted] to wait until he could get there.

b6
b7C

At this time [redacted] and the Corvair had already turned east on Sky High Road and was at the junction of South Shore Road. [redacted] was at the top of Scherbring Hill, which is north of [redacted] position. [redacted] continued north on Highway 12 and went east on Highway 159. As [redacted] turned east, [redacted] radioed that the Corvair was now heading south on South Shore Road. [redacted] continued to Highway 123 and then on to South Shore Road. As [redacted] arrived at the intersection of South Shore Road and Sky High Road, Officer [redacted] radioed [redacted] that he was pulling the Corvair over in the cottage area. [redacted] advised [redacted] of his position and continued to the location of the stopped Corvair.

b6
b7C

[redacted] arrived at the scene and noted that Officer [redacted] was parked directly behind the Corvair. [redacted] pulled his car on an angle in front of the Corvair and exited with his shotgun. Officer [redacted] spoke through the public address system of the sheriff's car and requested

The driver produced it from his pocket and stated that this key would not work in the trunk. [redacted] requested that the driver try to open the trunk. The driver attempted to do so, and the key would not open the trunk. [redacted] asked if he could try. The driver handed [redacted] the key and the key still did not work. [redacted] asked the driver what would happen if he had a flat tire. The driver responded that there would be no problem, as the spare for the Corvair is kept in the rear over the motor.

[redacted] related that it was his opinion that [redacted] was making a study of explosives at the public library in an attempt to secure knowledge in the handling of explosives.

[redacted] said it was his opinion that [redacted] did not pay too much attention to the activities of [redacted] and DWIGHT, concerning their anti-government and pro-bombing attitude as [redacted] "really did not want to know what was going on."

[redacted] was repeatedly asked why he concluded that [redacted] and DWIGHT ARMSTRONG had possession of a large supply of explosives stolen in northern Minnesota. He said over and over again, "Take my word for it, they had the explosives." He denied being involved himself in the theft or storage of the explosives, and said he was practically positive that [redacted] would not be involved in the theft or subsequent bombings, [redacted] said he could not supply the names of any other associates of the ARMSTRONGs who might be helpful in the investigation, adding, "I've given you the lead, follow it up from there." b6 b7C

[redacted] b6 b7C b7D

[redacted] in summation, said he cannot prove it, but he is practically positive from scraps of information he overheard, that [redacted] and DUANE ARMSTRONG had a lot of explosives and were a sure bet to be involved in the Federal Office Building explosion in Minneapolis and the bombing at the University of Wisconsin in Madison. b6 b7C

[redacted] was interviewed by Special Agents JACK LOUIS MARSHALL and [redacted], who identified themselves as Special Agents of the Federal Bureau of Investigation, United States Department of Justice, and advised [redacted] of the nature of the inquiry. Special Agent [redacted] advised [redacted] that he did not have to make any statement; that any statement he made could be used in a court of law against him; that he had the right to an attorney, and that he could terminate this interview at any time.

[redacted] was contacted at his place of residence, [redacted] Minnesota. He was advised of the identities of Special Agents [redacted] and JACK LOUIS MARSHALL.

[redacted] stated that [redacted] He was questioned concerning the activities of [redacted] and DWIGHT ARMSTRONG. In this regard, he informed as follows:

[redacted] has been [redacted] of [redacted] and DWIGHT ARMSTRONG, for many years. About one year ago, he met [redacted] while in Madison, Wisconsin on a trip in the company of [redacted]. In about January, 1970, [redacted] came to [redacted] and stayed with [redacted]. Shortly thereafter, he contacted [redacted] at [redacted] residence. [redacted] was driving a late model cream or yellow Corvair automobile. Shortly after [redacted] arrived, [redacted] DWIGHT showed up in [redacted], [redacted] and DWIGHT spent a lot of time back and forth between Madison, Wisconsin, and Minneapolis. When in [redacted], they would stay with [redacted] or at [redacted] home.

In view of [redacted] prison record, as well as [redacted] prison record, [redacted] stated both ARMSTRONG boys felt free to talk in his presence. Among the things

they told [redacted] included the fact that DWIGHT, who had about ten hours flying time as a student pilot, and [redacted] stole an airplane in Wisconsin and on January 1, 1970, attempted to bomb the Badger Ordnance Company. The bomb did not explode and landed in a field. They described it only as being a nitrate bomb. According to [redacted] [redacted] has a girl friend, name unknown, who lives in Madison, Wisconsin, and drives a [redacted]. She was with the ARMSTRONGs at the time of this bombing. [redacted] tried to detonate the bomb from the ground later, but could not make it go off. b6 b7C

[redacted] has claimed [redacted] that he is a member and leader of the "New Year's Gang.". DWIGHT also informed [redacted] that [redacted] was a leader in this gang. b6 b7C

[redacted] stated [redacted] worked until about six or eight weeks ago at a [redacted] in [redacted] as a [redacted]. The [redacted] was located somewhere off [redacted].

In June, 1970, while talking to [redacted] [redacted] and DWIGHT told him they were going to "blow" two places for sure and maybe another. At the same time, they stated if any real "heat" came, they would "jump" to Cuba. [redacted] pointed out this was not a good idea as someone could get hurt. The ARMSTRONGs said that no one would be hurt in these explosions insamuch as they would take place late at night when no one was around. b6 b7C

[redacted] claimed not to have paid too much attention to the ARMSTRONGs' talk as they were both a little bit of braggarts. [redacted] informed he is convinced in his own mind that [redacted] and DWIGHT are responsible for the bombing of Sterling Hall at the University of Wisconsin on August 24 as well as the bombing of the Federal Building in Minneapolis August 17, 1970. According to [redacted] [redacted] and DWIGHT are heavy users of marijuana. b6 b7C

Approximately one and one-half weeks prior to the bombing of Sterling Hall, [redacted] showed up in [redacted] at [redacted] driving the aforementioned Corvair. He had shaved his beard and secured a haircut. Prior to this, he had long, light brown hair, shoulder-length, and a heavy beard. He stopped only for a few minutes and then said he was going back to Madison. The following week just prior to the bombing of Sterling Hall, DWIGHT ARMSTRONG showed up at [redacted] home. He also had shaved and cleaned himself up. Then approximately four or five days prior to the bombing of Sterling Hall, [redacted] drove DWIGHT to the vicinity of the University of Wisconsin campus at Madison where [redacted] met [redacted] and [redacted] of [redacted] whose name [redacted] did not recall, but believed may have been [redacted] b6 b7C

MI- 100- 17392

Early during the week of August 24, DWIGHT called [redacted] residence. [redacted] was home, but [redacted] was not. She would not accept the call as it was collect. The caller then was overheard by [redacted] to ask for the number of [redacted] has heard nothing other than the fact that he believes [redacted] may have sent some money to [redacted] and DWIGHT in New York City. b6 b7C

[redacted] claims [redacted] and DWIGHT, do not have any money and they have talked before of "jumping to Cuba," and in view of their radical "leftist" ideas and talk, and talk about joining CASTRO, [redacted] knowing the boys, believes they would not hesitate to hijack an airplane at New York for such a flight to Cuba. b6 b7C

[redacted] continued that several months ago, [redacted] had told him [redacted] and [redacted] had a great amount of explosives including primacord and nitrate which they had stolen in Northern Minnesota from a mining or construction company. b6 b7C

Sometime during the week of August 24 probably [redacted] and August 25 or 26, 1970, DWIGHT ARMSTRONG came to [redacted] informed [redacted] he wanted to find a van-type truck to take back to Madison. He dropped him at a building somewhere in the vicinity of the University of Wisconsin campus, Madison, Wisconsin, where he was met by [redacted], and another young man.

In addition to the above, [redacted] informed that [redacted] had handled marijuana in the past, and both [redacted] and DWIGHT have used it. He said in June, 1970, [redacted] and DWIGHT were in Columbus, Nebraska, where they allegedly picked up a considerable amount of marijuana.

In June or July, 1970, [redacted] was not sure, DWIGHT showed him six or seven cardboard containers approximately twelve inches by twenty-four inches, that contained yellow detonating tupe primacord. He also told him he, DWIGHT, and [redacted], had stolen 35,000 feet of this from northern Minnesota, he believes on the Iron Range somewhere near Virginia or Hibbing, Minnesota. DWIGHT also showed [redacted] some small round cardboard containers that contained some kind of booster charge, as well as several blasting caps. This material was brought to Minneapolis by [redacted] and DWIGHT in their Corvair automobile and stored in the basement of the residence rented by [redacted]

He indicated that as of now he has been on a four-week drinking bout. He has no regular employment, although he is still the nominal [redacted] of [redacted]. At the time of this interview, [redacted] admitted that he had been drinking heavily and that he was unable to get through the day without alcohol.

[redacted] could recall no specific anti-government or anti-establishment statements made by [redacted] and DWIGHT ARMSTRONG during the time he was in their presence. [redacted] generally saw them at [redacted]. What he did hear from the ARMSTRONG brothers was usually when he was in a drunken condition, and his general impression is that their attitude was anti-the American society and government. He does not recall that he heard them make any such statements to indicate that they were engaged in overthrowing the American Government by revolutionary means. His best recollection is that they were anti-the draft and were opposed to the course that the government is taking.

As near as he could recall, [redacted] was at the home of [redacted] on what could have been a Saturday. On this occasion, which could have been the weekend of August 22-23, 1970, [redacted] supplied the names of [redacted] and DUANE ARMSTRONG to her. The younger ARMSTRONG has generally been known as DUANE to him, although [redacted] knows that his correct name is DWIGHT. She stated she made a pizza and the three of them ate the pizza and were then going to smoke some marijuana which they had and get high. She stated they finished eating the pizza at approximately 8:30 P.M. and then she and [redacted] got into a disagreement. She stated [redacted] went up to his room to study and she went [redacted] She stated that approximately 11:00 P.M., she and [redacted] again got into a disagreement and at approximately 11:30 P.M., [redacted] left and returned at approximately 12:30 A.M. When he returned, he stated he had been to the Congress Bar on Main Street, and was going up to his room and study for a while and then go to bed. She stated she then got out a pint of whiskey which she had and drank part of this and was sitting in her room reading a book. b6 b7C

She advised somewhere between 4:00 and 5:00 A.M., she was sitting in her room when [redacted] his brother, DWIGHT ARMSTRONG, [redacted] who she believes is named [redacted] and [redacted] came into the room. She stated they had some wine with them and wanted to go downstairs and have a party. [redacted] stated she could not pinpoint the exact time they came in to her room, but stated she recalls looking at the clock at 4:00 A.M. and no one had returned to the house at that time. She stated it was shortly after this that these individuals entered her room. b6 b7C

She advised they all went downstairs to the den, which is behind some folding double doors, and when they entered the room [redacted] and [redacted] came in at the same time. She stated she does not recall seeing [redacted] and [redacted] when the other individuals entered her room. They played a game called "strip bottle" which apparently had been made up by [redacted] and this game consisted of turning a Coke bottle upside down, placing the forefinger on the bottom of the bottle and the thumb on the side of the bottle and passing this bottle from person to person in this manner. Anytime someone dropped the bottle they had to take off an article of clothing. She stated this game continued until DWIGHT got mad because he was constantly losing, so he went upstairs and went to bed. She stated this game broke up at approximately 9:00 A.M., and [redacted] went up to bed, she went [redacted] and [redacted] and [redacted] slept downstairs. b6 b7C

[redacted] stated that the group said they had been to [redacted] house before they returned to the fraternity house, and she further advised that between the time the party started and when she went to bed at 9:00 A.M., she saw [redacted] pass through the room once or twice, but has no idea when he returned to the fraternity house, although it had to be after 4:00 A.M. b6 b7C

She stated on January 1, 1970, she slept until approximately 4:00 P.M., and when she awoke everyone was gone from the fraternity house.

[redacted] advised that on an unrecalled date, but the day the Armory, which is known as the "Red Gym" burned down, she was awakened at the fraternity house at an unrecalled hour, but early in the morning, by a noise in the hallway. She stated she walked out of her room into the hallway and [redacted] was standing there dressed in blue jeans and wearing a blue-green-white plaid heavy shirt-jacket. [redacted] told her that the Red Gym was on fire and she should see all the commotion. She stated she then got dressed and she and [redacted] walked over to the Armory and watched the activities there. b6 b7C

She stated when they returned from the Armory, [redacted] made a statement to a group present at the fraternity house of "You guys did a great job on the Armory." She states that [redacted] and numerous other people who she cannot recall, were present when [redacted] made this statement. b6 b7C

[redacted] stated that DWIGHT ARMSTRONG never lived at the fraternity house while she lived there, but stated he would do anything that [redacted] told him to and was strictly a "follower." She stated she never saw any vehicles belonging to any of these individuals. She stated she moved out of the fraternity house the b6 b7C

Sunday after New Year's Eve, when her dormitory re-opened. She stated she has seen the people from the fraternity off and on and in passing since that time, but has not had any lengthy conversations with any of these people.

She resides [redacted] and her family. She knows both [redacted] and DWIGHT ARMSTRONG inasmuch as [redacted] is the [redacted] of [redacted]. [redacted] and DWIGHT, in past years, have visited [redacted] on many occasions, principally to visit [redacted], who resides in [redacted].

She has not seen DWIGHT ARMSTRONG during the summer 1970, but has seen [redacted] on two occasions, once during the week of August 8 - 15, 1970, when [redacted] came to [redacted] Wisconsin, with [redacted] to visit [redacted] On that occasion, she saw him in the evening when he returned, apparently from Minneapolis after he dropped off a young man who was with him earlier in the morning.

The other time during the summer that she saw [redacted] was sometime around June 20 or 21, 1970. On the visit in June, [redacted] had a full beard and long hair, but when she saw him on the evening in August, 1970, when he visited [redacted] at the [redacted], he was clean shaven. She said she did not see him that morning and did not see the young man who was with him when he and [redacted] arrived.

On the occasion in June, she received a phone call at the telephone of [redacted], when [redacted] called and asked for [redacted], who was no longer living there and who presently lives in [redacted], Madison, Wisconsin, and who works as a [redacted] in the [redacted]. When [redacted] answered, [redacted] commented that he thought she was still at school, meaning [redacted]. [redacted] asked [redacted] if she was doing anything that night and she replied that she was not. told that she could not get any dates at that late hour of the night, but that she did not mind going out with them. He said he would be there in about fifteen minutes, and in about that time, appeared at the , along with two other individuals in a rather new car. explained that he had been hitchhiking to Minneapolis, Minnesota, when the other two men, who were soldiers at Camp Mc Coy, Wisconsin, picked him up at Mauston, Wisconsin. b6 b7C

According to she then accompanied and the other two men to Camp Mc Coy where they stopped at a barracks and picked up a third soldier. She could not described where on the base this barracks was located. From there they all went in the soldier's car to a tavern in Sparta, Wisconsin, where they bought some beer and drank it. During the evening, one of the soldiers had some "grass" apparently marijuana. During the evening all four of the men smoked the "grass" and asked to try it, but she refused. She commented that she did not know what she was missing. During the evening, they talked about "sneaking" onto the base, meaning Camp Mc Coy. b6 b7C

At approximately midnight on that evening, they returned to , but en route they stopped at an abandoned farm, which is next to , and which is owned by and . who was familiar with the farm, said he wanted to see the other farm. She wondered why he would want to go in at that hour of the night, but nonetheless they went in. and one of the soldiers got out of the car and went into the hay mow of the barn, but she declined to go in. Upon the urging of she did go in and she saw and the other soldier climb up on top of the hay in the hay mow and then shouted down for the other two soldiers to come up. The other two, however, stayed in the car. b6 b7C

then left the barn and went out to the car and one of the soldiers commented to the other that they should not let her in. The other one, however, did open the b6 b7C

door for her. She did not understand these actions on the part of these two men, except that later, she realized that the soldiers were either afraid of [redacted] or upset with his actions. On the following night, the owner of the car appeared at [redacted] and apologized to [redacted] and [redacted] for the way that [redacted] had been acting up the night before and left the impression that [redacted] was "pushing them around." The driver of the car was in the reserves and was allegedly from Chicago, Illinois, area. He apologized not only for [redacted] actions of the night before, but he also apologized for [redacted] appearance as a hippie. b6 b7C

[redacted] believes that the first name of this soldier was [redacted], and he was in his low 20s. On the night [redacted] came out to [redacted], he explained that [redacted] had spent the previous night at Camp Mc Coy in the barracks and at about 7:30 AM, he was taken out on the highway presumably to hitchhike to Minneapolis, inasmuch as he had previously mentioned that he wanted to go there. On that occasion, he only had a small bag with him. [redacted] could not otherwise describe this small bag. b6 b7C

[redacted] pointed out that the abandoned farm described above is at the end of a road which passes directly by the [redacted] and that [redacted], in the past, have always called anytime a car has driven into the farm. She said they did not receive any calls from [redacted] around August 20 or August 24, 1970, and at no time had she observed a Corvair pulling a U-Haul trailer or a white Econoline Ford Van in the area. She said she had never seen anyone resembling the photographs of [redacted] or [redacted] b6 b7C

[redacted] b6 b7C was interviewed and furnished the following information:

[redacted] resided at [redacted], Madison, during his freshman year, from September of 1969 to June of 1970. He knew both [redacted] and DWIGHT ARMSTRONG and had met [redacted] on a few occasions. He had gone to both Sherman Grammar and East High School in Madison, with DWIGHT ARMSTRONG and during those years he had heard DWIGHT mention [redacted], but he had never seen [redacted].

He described DWIGHT ARMSTRONG as a school acquaintance who did not agree with the teaching patterns that the schools had set up. He further described DWIGHT as not being a popular boy, in fact, he would say DWIGHT was unpopular. DWIGHT had always expressed the idea that there should be no grading system in school and that a student should be able to take whatever courses he desired.

[redacted] cannot recall ever having heard DWIGHT ARMSTRONG speak of violence or explosives, and he finds it very hard to believe that DWIGHT would be capable of an act such as the bombing of Sterling Hall. b6 b7C

[redacted] stated he had heard of [redacted] through his brother, DWIGHT ARMSTRONG, in high school, but he first met [redacted] at the Phi Sigma Kappa Fraternity House during September of 1969, when he [redacted]. At that time [redacted] and [redacted] were roommates. During the period of time that he knew [redacted], he cannot recall ever having heard [redacted] speak of violence or explosives, although he does recall that [redacted] was very strongly against the Vietnam war and that [redacted] went to Washington, D. C. for the Moratorium and attended some of the anti-war demonstrations on the UW campus. b6 b7C

[redacted] can recall only speaking a few times to [redacted] b6 b7C and on these occasions [redacted] seemed to be a very likable person. He cannot recall ever having heard the name [redacted] nor ever having seen this individual.

[redacted] stated that of all the individuals at the fraternity house, he believes [redacted] would be considered the most violent, for he can recall on numerous occasions [redacted] displaying vindictiveness while he was engaged in some friendly activity with other residents of the fraternity house. He also recalls that [redacted] had a propensity for playing practical jokes on others. b6 b7C

Concerning his own activities during New Year's Eve, December 31, 1969, [redacted] recalls that he went to the home of [redacted] in [redacted] Wisconsin, during the afternoon of December 31, 1969, with [redacted] of [redacted] Madison. After having drunk at [redacted] residence, he and [redacted] returned to the fraternity house, arriving there at approximately 9:30 P.M., December 31, 1969. When they walked through the door, he can recall that [redacted] and possibly [redacted] were watching television on the first floor of the fraternity house. He remembers asking [redacted] what he was doing in the fraternity house on New Year's Eve, and he recalls [redacted] saying he had nothing better to do. b6 b7C

[redacted] stated he and [redacted] went up to his room on the second floor of the fraternity house for about a half hour and then returned downstairs, bringing a bottle of liquor with them. Again, he cannot recall exactly who was watching television when they returned downstairs, but he does recall passing the bottle around as the group watched some old movie on the television. He believes that a plump girl, who was watching television, asked if she could buy the remainder of the bottle, but he cannot recall whether he sold her the remainder of the bottle. He believes this girl might have been sleeping in room 5, possibly with [redacted]. He bases this belief on the fact that [redacted] had told him he could not sleep in his, [redacted], room that night for some undisclosed reason, and [redacted] was [redacted]. b6 b7C

[redacted] believes that he and [redacted] stayed downstairs at the fraternity house watching television for about one and one-half hours and then went up to his room to go to bed, at approximately 11:30 P.M. He stated they did not leave his room until approximately 7:30 A.M., the next morning, at which time they left the fraternity house. He cannot recall having seen anyone upon their departure from the house. b6 b7C

[redacted] recalls that when [redacted] moved into the room formerly occupied by [redacted] and [redacted] at the beginning of the second semester, [redacted] told him that he had found two red railroad flares in a drawer in that room. He did not think this strange at the time, for he recalled that [redacted] had formerly worked for [redacted]. b6 b7C

He believes he last saw [redacted] and DWIGHT ARMSTRONG on August 18, 1970, at which time they were driving in a yellow Corvair on University Avenue, near the corner of Gorham Street. On that occasion he had gone to the Good Year store to buy a bicycle inner-tube and, after the purchase, as he was walking toward the bus stop, he heard someone yelling at him and observed DWIGHT ARMSTRONG waving from the backseat of the yellow Corvair, and he noted that [redacted] was driving the car. b6 b7C

[redacted] recently told him she had seen [redacted] and DWIGHT ARMSTRONG in this same yellow Corvair parked outside a McDonald's hamburger stand and that DWIGHT ARMSTRONG had taken her over to the car, where she was introduced to [redacted] and [redacted], [redacted] cannot recall the exact date that [redacted] told him she had seen [redacted] and DWIGHT ARMSTRONG and [redacted]. b6 b7C

something was happening and, although [redacted] never saw [redacted] actively engaged in any trouble, he considers him capable of being involved in something of a violent nature. b6 b7C

[redacted] Another individual at the fraternity house was [redacted] who did not get along well with anyone and upon whom all the others at the fraternity house "picked constantly." b6 b7C

[redacted] recalls that [redacted] was radical for a period of time, but since he has [redacted], he has become more conservative. b6 b7C

He believes that during the second semester of the past academic year at the University of Wisconsin (UW), [redacted] and DWIGHT ARMSTRONG were selling stolen phonograph records and radios at the fraternity house. He cannot be sure that these items were stolen, but this seems to be the general belief among the people residing at the fraternity house. b6 b7C

[redacted] advised that on New Year's Eve, December 31, 1969, he left the fraternity house to go snow skiing at approximately 4:00 P.M., with [redacted], presently from [redacted] and, [redacted]. When this party arrived at the Winter Green ski area at Spring Green, Wisconsin, they found the slopes were closed until approximately 7:00 P.M. This group then went out to eat and, upon their return to the skiing area at approximately 7:30 P.M., they rented equipment and began skiing. About an hour later, [redacted] After about a half hour at this hospital, they went to [redacted] residence on [redacted] Madison, to celebrate the new year. b6 b7C

[redacted] went home, and [redacted] stayed at their home, while he and [redacted] left about 12:30 A.M., January 1, 1970, to return to the Phi Sigma Kappa Fraternity House, 619 North Lake Street, Madison. b6 b7C

He believes it was approximately 12:45 A.M., when they arrived at the fraternity house and, as he was hobbling up the stairs with [redacted] toward his room, he recalls meeting someone on the stairs but cannot recall who this party could have been. He believes, however, that it might have been either [redacted] or [redacted]. He and [redacted] stayed in his room for about an hour, leaving the fraternity house about 1:45 A.M. When they left, he recalls having heard voices downstairs, but he cannot recall if at that time he recognized any of these voices. b6 b7C

[redacted] advised he has never heard anyone at the fraternity house, nor anyone else, speak about the bombing of Baraboo Ordnance Works, the Red Gym, or explosives, in a manner he considered out of the ordinary. He was surprised to hear that [redacted] and DWIGHT ARMSTRONG and [redacted] had been accused of doing such a terrible thing as the bombing of Sterling Hall. b6 b7C

[redacted] recalls he had seen [redacted] with a girl named [redacted] (last name unknown) on a number of occasions and that [redacted] had spent some evenings at the fraternity house with this girl. The talk around the fraternity house was that [redacted] was a "nympho." He described [redacted] as a [redacted] with [redacted] hair. Another girl, whom [redacted] had not seen before, had brought [redacted] a bottle of whiskey over the Christmas vacation as a present. He described this girl as having [redacted] hair and wearing brown clothing. From the greetings that [redacted] gave this girl, [redacted] assumed they knew each other very well. b6 b7C

[redacted] cannot recall any girlfriends of DWIGHT ARMSTRONG, and he described DWIGHT ARMSTRONG as an individual whom "the fraternity members disliked." He said the fraternity "hated DWIGHT's guts." On one occasion he recalls DWIGHT's pulling a knife on [redacted]. He described [redacted] as a person who did many "stupid things," and who was "so stupid that if he had been involved in any bombing, he would have blown himself up." On one occasion [redacted] even took an examination for the wrong course. b6 b7C

They said hello and DWIGHT informed her that [redacted] was outside in a car, a yellow Corvair. As she turned to leave she heard her name called and approached the car. It was then she realized that this was [redacted]. She walked up to the car and asked him how he was and why he had cut his hair. She stated that at this time [redacted] just sat b6 b7C

[redacted] said to her [redacted] She said hello to [redacted] and he said hi to her. She did not speak with [redacted] after this. She again asked [redacted] why he had cut his hair and shaved off his beard and he told her "Well, things change." b6 b7C

She asked him why [redacted] had shaved off his beard and DWIGHT stated that [redacted] had shaved his beard because he wanted to get in good with [redacted]. She then left the ARMSTRONGs. PROSECUTIVE ACTION

JOHN O. OLSON, U. S. Attorney, Western District of Wisconsin, Madison, Wis., on September 2, 1970, authorized the filing of a Federal complaint charging KARLETON LEWIS ARMSTRONG, aka KARL ARMSTRONG; DWIGHT A. ARMSTRONG; DAVID SYLVAN FINE and LEO FREDERICK BURT with violation of Title 18, U. S. Code, Sections 2155(a), 2155(b), 1361 and 371.

Special Agent GEORGE P. BAXTRUM, JR. on September 2, 1970, filed the complaint as authorized before JOHN R. ADAMS, U. S. Commissioner in the Western District of Wisconsin at Madison, Wis.

A warrant was issued and delivered to the U. S. Marshal for the Western District of Wisconsin at Madison, Wis. on September 2, 1970.

JOHN O. OLSON, U. S. Attorney for the Western District of Wisconsin recommended bond be set in the amount of $200,000.00 for each of the defendants when they are located.

The affidavit which was basis for filing of the Federal complaint is set forth as follows:

"I, GEORGE P. BAXTRUM, JR., have been assigned to conduct an investigation of the August 24th bombing of the United States Army Mathematics Research Center at Sterling Hall on the University of Wisconsin in Madison. I have been a Special Agent with the Federal Bureau of Investigation (FBI) for approximately twenty-four years; during that time, I have conducted approximately one thousand investigations involving violations of the United States Code. During the course of the present investigation, I have received information, which I have read, from other agents of the FBI located in Wisconsin and throughout the United States; and, in addition to receiving these communications, I have investigated this case personally. All facts communicated in this document have been made known to me personally.

"I was advised that on August 24, 1970, Madison Police Department, Sgt. R. G. Birencott received a telephone call which was recorded and the caller stated the following:

> "'Okay, pigs, now listen and listen good. There is a bomb in the Army Math Research Center, the university, set to go off in five minutes. Clear the building. Get everyone out. Warn the hospital. This is no ---------- man.'

MI-100-17392

"On August 24, 1970, at 3:42 a.m., an explosion occurred which is the subject of this investigation. Responding to a radio call pertaining to this explosion, Dane County Sheriff's Officers Robert L. Shaefer and Harry L. Nye proceeded to the area of the explosion. These officers stated that, after the explosion occurred, they observed a vehicle proceeding at a high rate of speed away from the area of the explosion. Officer Shaefer described this vehicle as a light-colored, late model Chevrolet Corvair; Officer Nye also stated that he saw this Chevrolet Corvair. Officer Shaefer related that he radioed the Dane County Sheriff Dispatcher's and furnished him with this information; following this these officers proceeded to the scene of the explosion.

"Sgt. Robert Frank, Sauk County Sheriff's Department furnished the following information -- his office received a bulletin from police officials in Madison to be on the lookout for a light-colored, late model Chevrolet Corvair in relation to the bombing of Sterling Hall at the University of Wisconsin on the morning of August 24, 1970. Shortly thereafter, he stopped a light colored Corvair heading north on Highway 12. In this automobile were - KARLETON LEWIS ARMSTRONG, DWIGHT A. ARMSTRONG, DAVID SYLVAN FINE and LEO FREDERICK BURT. They advised that they were students at the University of Wisconsin on their way to camp at Devils Lake, Wisconsin. They advised that they had just come from Madison. Mr. Donald K. Armstrong advised that he is the owner of a light-colored Chevrolet Corvair and that their sons were using the car on August 23 and 24, 1970.

"MAXIM SLITER, a friend of the ARMSTRONG family, stated that shortly before August 24, 1970, KARL and DWIGHT ARMSTRONG visited him in Minneapolis, Minnesota. The boys told him that they were responsible for the bombing of the Badger Army Amunition Plant on January 1, 1970. They told SLITER that they used a nitrate bomb.

"An independent investigation conducted by agents of the FBI disclosed that a undetonated bomb using a nitrate substance had been found at the Badger Army Ammunition Plant in January of 1970. KARL and DWIGHT ARMSTRONG advised SLITER that they were going to perpetrate further bombings in the near future, that these bombings would be done late in the evening so that no one would be hurt. The boys advised him that they had a great amount of explosives in their possession, namely nitrate and primacord.

"Mr. DENNIS R. WIPPERFURTH, employee of the Forest Harbor ENCO Station, 6130 University Avenue, Madison, Wisconsin, advised that KARL ARMSTRONG rented a U-Haul trailer on August 16, 1970 and

"that ARMSTRONG advised him that he would use the trailer to transport fuel oil. Mr. WIPPERFURTH advised that, shortly thereafter, he observed KARL ARMSTRONG purchasing fuel oil at a station a short distance from his business.

"An employee at Ownes Service Station, on University Avenue, Madison, informed the FBI that he had sold approximately one-hundred gallons of fuel oil to KARL ARMSTRONG on the night of August 16, 1970.

"Mr. ROBERT STIEVE, the plant manager of Farmers Union Cooperative, 334 Lynn Street, Baraboo, Wisconsin, advised the FBI that KARL ARMSTRONG identifying himself as GEORGE REED purchased on August 19, 1970, 1700 pounds of nitrogen fertilizer. In addition to giving a fictitious name, ARMSTRONG advised Mr. STIEVE that he would be using the fertilizer for agricultural purposes. Mr. STIEVE further advised that nitrogen fertilizer, when soaked in fuel oil, can be used as an explosive. He advised that he has, in the past, used this mixture in connection with dynamite and that it has produced an explosion of tremendous force. An explosive's expert of the FBI confirmed that the mixture, nitrate and fuel oil can be utilized as an explosive. STIEVE advised that ARMSTRONG was using a U-Haul trailer connected to a Chevrolet Corvair to transport his purchase.

"The FBI has been advised that the following contacts have been made since the date of the subject explosion.

(1) On or about August 24, 1970, Mr. PAUL ARMSTRONG received a phone call from his nephew KARL ARMSTRONG requesting money be sent to him via Western Union, Brookly, New York. Mr. ARMSTRONG sent Fifty Dollars ($50) as requested.

(2) On August 28, 1970, Mrs. LORRAINE FARR, a sister of the ARMSTRONG boys, advised that she received a phone call from her brother DWIGHT, requesting that money be sent to him by Western Union in New York, New York. She wired Twenty-Five Dollars ($25) in response to his request.

"DAVID SYLVAN FINE's father advised agents of the FBI that his son DAVID resides at 947 Spaight Street, Madison, Wisconsin. The landlady of the residence advised that DAVID FINE was a friend of Mr. ELLIOT SILBERBERG, who was a resident in an apartment at that address, and that Mr. FINE had probably been a guest of SILBERBERG. Agents of the FBI found near a trash can on the front porch of this residence an opened envelope addressed to Mr. ELLIOT SIBERBERG, 947 Spaight Street, Madison, Wisconsin 53703, postmarked New York,

MI- 100 - 17392

"New York, August 28, 1970. This discarded envelope had been opened when found by the agents. The contents of the envelope were examined and it contained the following:

'ELLIOT, WE'RE VERY SORRY ABOUT ALL THE HASSLE WE'RE PUTTING YOU TO, BUT WE REALLY HAVE NO OTHER CHOICE.
'AGAIN ABOUT LEO'S ROOM. JUST PILE EVERYTHING ANYWHERE AND MOVE TO YOUR ATTIC. AND ALSO PLEASE MAKE A SHORT CALL TO TELE. COMPANY TO STOP THE SERVICE.
'IF KARL OR DWIGHT ARMSTRONG CALLS OR WRITES, TELL THEM TO CHECK WITH PAUL BRACKEN IN PHILLY. (AREA CODE "215" TELE. NO.: CL 9-2626.) HE WILL GET THEM CONTACTS IN N.Y.C. TELL THEM ALSO, THAT LEO'S CHECK BOOK IS IN THE GLOVE COMPARTMENT TO THE CAR.
'WE (DAVE & LEO) ARE IN N.Y. WITH GOOD CONTACTS READY TO HEAD FOR CANADA. WILL GET AHOLD OF YOU WHEN WE GET THERE, AND WHEN YOU'RE IN BUFFALO.
'ELIOT, DO NOT PUT FINGERPRINTS ON THE NOTE INSIDE. WEAR GLOVES. MAIL TO KALEIDOSCOPE IN UNFINGER-PRINTED ENVELOPE. OR ELSE PUT IT IN SOME OBSCURE PLACE AND CALL THEM TO TELL THEM WHERE IT IS. MAKE SURE THEY GET THE NOTE (I MEAN, WHAT IT SAYS) TO ALL THE MEDIA.

'COMMUNIQUE FROM THE UNDERGROUND #1
THE MARION DELEADO COLLECTIVE

'ON MONDAY MORNING, AUG. 24, REVOLUTIONARY CADRES OF OUR ORGANIZATION CONDUCTED AN ATTACK ON THE ARMY MATHEMATICS RESEARCH CENTER, A MAJOR US ARMY THINK TANK. THE OUTCOME OF THIS ATTACK WAS BOTH A MAJOR SUCCESS AND A TRAGEDY.

'WHILE THE MAJOR PURE RESEARCH CENTER OF THE ARMY WAS DEMOLISHED, A MAN WAS KILLED AND OTHERS INJURED WHEN THE BLAST WENT OFF 4 MINUTES EARLY. FOR THIS DEATH, THERE CAN BE NO RATIONALIZATION. WE ACCEPT THE TERRIBLE RESPONSIBILITY.

'BUT WHILE WE MOURN AN UNNECESSARY DEATH, WE CELEBRATE THE BLOW TO U.S. IMPERIALISM. THE AMRC DID THE VITAL BASIC RESEARCH NECESSARY FOR THE DEVELOPMENT OF CONVENTIONAL AND NUCLEAR WEAPONS, CHEMICAL WEAPONS, SMALL ARMS AND BULLETS AND MUCH MORE. WHILE HIDING BEHIND A FACADE OF ACADEMIC NEUTRALITY, THE AMRC CARRIED OUT WORK ON CLASSIFIED PROJECTS FOR THE ARMY.

'IT CONSISTENTLY LIED ABOUT THE "OPENESS" OF ITS WORK. 'THE AMRC WAS A VITAL COG IN THE MACHINERY OF US IMPERIALISM, THE MOST VICIOUS AND BRUTAL MACHINERY IN THE HISTORY OF MANKIND. THUS ITS DESTRUCTION WAS A NECESSARY TASK, FOR WITH EACH PASSING DAY, ARMY MATH TOOK ITS TOLL IN MUTILATED BODIES.

'IN A TIME OF SUCH REPRESSION, IT IS NECESSARY THAT ALL MOVEMENT BROTHERS AND SISTERS MUST STRUGGLE TOGETHER. WE WISH TO THANK THE YOUTH COMMUNITY OF MADISON FOR ITS SHOW OF REVOLUTIONARY COMRADERIE BY PUTTING OUT THOSE BEAUTIFUL POSTERS. GOOD POLITICAL EDUCATION IS A NECESSARY ASPECT OF ALL MILITANT ACTION.

'THE DESTRUCTION OF AMRC WAS NOT AN ISOLATED ACT BY "LUNATICS." IT WAS A CONSCIOUS ACTION TAKEN IN SOLIDARITY WITH THE VIETCONG, THE TUPAMAROS, THE CUBAN PEOPLE, AND ALL OTHER HEROIC FIGHTERS AGAINST U.S. IMPERIALISM. MAY OUR SMALL SHARE OF REVOLUTIONARY VIOLENCE AID THEM IN THEIR STRUGGLES.

I. BACKGROUND

A. Residence and Employment

On September 3, 1970, DWIGHT ALAN ARMSTRONG was last seen in Little Falls, New York, when an officer of the Little Falls Police Department stopped a vehicle for a routine check. Subject was not identified at the time and was allowed to proceed. However, later in the day, the officer viewed a photograph of the subject and stated that the occupant of the car he had stopped was DWIGHT ALAN ARMSTRONG.

The present residence and employment of the subject are unknown.

B. Miscellaneous

The following miscellaneous background concerning the subject and [redacted] was furnished by MI T-1 on August 31, 1970. b6 b7C

The subject appeared in juvenile court in December of 1967, following the theft of a car and being habitually truant from school. He was placed under probation for one year by the court. At this time DWIGHT ARMSTRONG was described as having unsatisfactory peer group relations. He was close to his mother, but there was a lack of communication between DWIGHT ARMSTRONG and his father. He was an average student until he began attending high school, when he began to do failing work. Re Milwaukee let to Bureau, 8/21/74.

Subject remains on Milwaukee ADEX.

No information is available concerning recent activities of ARMSTRONG since he remains a fugitive and his whereabouts are unknown. Inasmuch as we have no information concerning ARMSTRONG's whereabouts, it cannot be said whether or not his attitude has changed, but it can be assumed that the fact that he has not surrendered indicates no change in his attitude.

As ARMSTRONG was involved in violent activities in the past, Milwaukee will continue to maintain him as an ADEX Subject, UACB.

Re Milwaukee letter to the Bureau, dated 11/22/74.

Subject is a Milwaukee ADEX subject and Milwaukee will continue to maintain him as an ADEX subject, UACB, due to the violent activities he has been involved in in the past.

ARMSTRONG has been a fugitive since September, 1970, and extensive investigation has been conducted under the Wisbom caption (Bufile 98-46593) to locate him and the other subjects in this case. The fact that ARMSTRONG has not surrendered would indicate that there has been no change in his attitude which reflects a proclivity toward violence.

In referenced Milwaukee airtel dated 7/9/75, it was requested of Minneapolis Division to conduct logical investigation concerning local community that would possibly harbor subject DWIGHT ARMSTRONG in the Bismarck, North Dakota, area, and attempt to locate and identify a truck and/or driver who was mentioned in referenced Milwaukee nitel dated 7/7/75.

It was also requested of Minneapolis to alert [redacted] and local sheriff's office at Grand Marais, Minnesota, as to possible presence of the subject DWIGHT ARMSTRONG in the U. S.

On 7/21/75 Deputy Sheriff [redacted] Cook County Sheriff's Office, Grand Marais, Minnesota, was advised that the subject ARMSTRONG may now be in the U. S., and that the [redacted] of [redacted] might logically be used by subject as a hideout. On 7/9/75 [redacted], Chief of Detectives, Bismarck Police Department, Bismarck, North Dakota, was advised of the fact that the subject ARMSTRONG had been allegedly seen in the Bismarck area driving a 1956-58 Ford pickup. [redacted] advised that he would alert his personnel to the description of the vehicle being driven allegedly by the subject; and if the vehicle was to be located, the driver would be fully identified. b6 b7C

On 7/9/75 the North Dakota State Radio Communications Department was telephonically advised of the above information and arrangements were made to have the information pertaining to the above vehicle telephonically relayed to the sheriff offices throughout North Dakota, rather than by radio.

On 7/9/75 the lobby of the post office in Bismarck was checked and it was determined that no Top Ten Fugitives are displayed on the bulletin boards in the lobby of the post office. A check of the old Federal Building and post office in Bismarck was also negative in regard to pictures of Top Ten Fugitives; and since the source of the information pertaining to the subject was obtained on 7/4/75, it is doubtful that any other Federal Building would have been open on 7/4/75 in that that day is a holiday. It was also determined that pictures of the subject as well as [redacted] and [redacted] are displayed in the sheriff's office which is located on the first floor of the Burleigh County Court House in Bismarck. b6 b7C b7D

[redacted]

In regard to a local community that would harbor the subject, it is to be noted that Bismarck is not a "college" town, and that there is a small two-year community college and a small four-year Catholic college located in Bismarck. There is no local community as such that would harbor the subject, although there is the possibility that there might be a few individuals within the Bismarck area who might consider harboring the subject and condoning his activities. However, no information has been obtained concerning the subject nor the vehicle he was allegedly driving in the Bismarck area since 7/4/75, via logical investigation in the Bismarck area.

[redacted] has been alerted to the above information that the subject may, in fact, be in the U. S. b7D

SUBJECT: DWIGHT ALAN ARMSTRONG
SM

OO: MILWAUKEE

Re Milwaukee letter to Bureau, dated 11/13/75.

Investigation continues to locate the subject under Milwaukee's WISBOM caption (Bufile 98-46593). It should be noted that ARMSTRONG was arrested under an assumed name in November, 1975, and also he was not identified before being released. A current photograph and description have been obtained as well as leads as to his recent whereabouts.

Since the subject remains in flight and there is no indication he has changed his previously established tendencies towards violence, Milwaukee will maintain this case in a pending status until such time as the subject is located and a determination can be made as to his present attitude.

UNKNOWN SUBJECTS; Bombing of

SABOTAGE; DESTRUCTION OF GOVERNMENT PROPERTY
OO:MI

For information of all offices, captioned six-story building housed the University of Wisconsin (UW) physics department as well as the Army Mathematics Research Center (AMRC), an unclassified Atomic Energy Commission facility. The building was bombed at 3:42 a.m. 8/24/70. The explosion was preceded by an anonymous telephone call by a male individual to the Madison Police Department at 3:37 a.m. advising a bomb was in the building. The blast and subsequent fire resulted in one death, several injuries and an estimated six million dollars damage to the building and contents. The explosive(s) utilized have not yet been positively identified, but were determined to have been a high-order type explosive such as dynamite, military or homemade-type explosive. The explosives were placed in a Ford Econoline van which was stolen three blocks from the building on 8/20/70. The blast and subsequent fire have virtually destroyed the entire building.

Sterling Hall for several years has been the target of demonstration activity by radical groups led by Students for a Democratic Society (SDS) which protested it as link of UW with Federal imperialist government. SDS vowed to use all means at their disposal to force AMRC off campus. The structure

previously suffered damage including several arson attempts. On 8/28/70 UW Board of Regents announced a $100,000 reward for information leading to identity, arrest, and conviction of unknown subjects; requesting information be furnished to nearest FBI office. In view of seriousness of this case, and possibility this bombing could trigger similar tragic consequences elsewhere, it is imperative that early solution be made in this case. New Left extremists have previously announced their targets include Federal buildings, FBI offices, and other law enforcement facilities.

Each office will immediately contact all logical informants and sources for information which will assist in identifying unknown subjects. Within five days of the receipt of this communication, each office will advise Bureau and Milwaukee without fail as to the results of its check of informants. It is imperative that each office not merely poll its informants, but that each informant, when contacted, should also be furnished specific instructions to make necessary inquiries for the purpose of developing information of value. Information so developed should be immediately furnished the Bureau and Milwaukee.

You should insure that all personnel contacting informants realize most radical extremists of the New Left have a great deal of mobility and are known in radical circles and in many cases have been active in various sections of the U.S. For this reason, it is quite possible the unknown subjects may not have come from Wisconsin and may not have remained there after the bombing. For the same reason, it can be expected that the explosives utilized may have been purchased or stolen in another section of the country by the unknown subjects or on their behalf by others. Since the explosives used had to have been of tremendous quantity, each office through its informants and other sources should be alert for information as to the purchase or theft of a large quantity of explosives which may have been used in this case.

This is a major case investigation and you should insure the necessary manpower is assigned to develop the information requested and furnish a reply within period instructed.

FEDERAL BUREAU OF INVESTIGATION

WASHINGTON, D.C. 20535

SEPTEMBER 4, 1970

[redacted] DWIGHT ALAN ARMSTRONG; [redacted] b6 b7C

Captioned fugitives, charged in the bombing of a University of Wisconsin building in which a research worker was killed, have been added to the FBI's list of "Ten Most Wanted Fugitives." Federal warrants charge them with sabotage, destruction of Government property and conspiracy.

They allegedly participated in bombing Sterling Hall on the University of Wisconsin campus on the morning of August 24, 1970, with the blast and subsequent fire resulting in the death of a 33-year-old researcher, plus several injuries and damage estimated at $6 million. The damaged building, which housed the University's Physics Department and an Army Mathematics Research Center, has been the target of demonstrations by radical groups led by the Students for a Democratic Society which reportedly vowed to use all means at their disposal to force the Army Mathematics Research Center off the campus.

The four fugitives are white Americans. [redacted] b6 b7C [redacted] formerly [redacted] and reportedly [redacted] his brother, Dwight Alan Armstrong, a high school dropout, also reportedly uses drugs; [redacted] reportedly [redacted] [redacted]; [redacted] reportedly born on [redacted], is [redacted] tall.

All of the fugitives are considered armed and dangerous. Report any information concerning them to the nearest FBI office.

The four subjects were placed on the Ten Most Wanted fugitive list at 7:00 P.M. on 9/4/70.

The following is a summary of the information which is known about the subjects since referenced memo to all agents dated 9/3/70:

fled the Peterborough area.

Members of [redacted] and Peterborough, Ontario, Police Department executed a search warrant in the P.M. of 9/4/70, at the Headquarters House Hotel, 283 King St., Peterborough, Ontario, where the subjects were staying. Selective Service and Social Security cards were found in the hotel where [redacted] and [redacted] were residing in the names of [redacted] and [redacted] b6 b7C b7D

The register at the Headquarters House Hotel revealed signatures in the names of [redacted] and [redacted] indicating their arrival there on 8/30/70. [redacted] and Peterborough Police Department have advised that during interviews with other individuals at the Headquarters House several positively identified photographs of [redacted] and [redacted] as being there. b6 b7C b7D

[redacted] has advised that provincial Canadian warrants were being issued from Ottawa (approximately 9/5/70) for the arrest of all subjects in this case anywhere in Canada, and they have also issued Canadian nationwide press releases alerting the public to the subjects and requesting assistance. Peterborough Police Department has also issued a press release regarding the presence of subjects [redacted] and [redacted] in that area. Investigation by Canadian authorities is continuing but no positive information has been developed regarding their present whereabouts. b6 b7C b7D

At approximately 6:30 P.M. on 9/3/70, two individuals were stopped by police officers at Little Falls, New York, for a routine check. The driver exhibited a driver's license in the name of DWIGHT ARMSTRONG; the passenger exhibited no identification but gave his name as [redacted]. Police officers released the above two individuals and did not immediately connect this incident with the fugitives. The Albany office has advised that the police officers have subsequently identified these two persons through photographs as being [redacted] and DWIGHT ALAN ARMSTRONG. b6 b7C

b6
b7C

The ARMSTRONGS were driving a 1968 dark blue Pontiac GTO two-door hardtop with New York License [redacted] and having VIN [redacted]. This car was determined to have been stolen in [redacted], New York. The car was registered to [redacted] New York.

No other pertinent information has been developed regarding the present whereabouts of subjects.

Investigation indicates that all four fugitives were financially distressed and in need of money. All Resident Agents should make sure that any armed robberies or burglaries committed in their areas are considered as possibly being linked to the fugitives.

Each Resident Agent should, therefore, establish liaison with the Robbery and/or Burglary Squad of the police departments in their respective areas in connection with this specific case for possible information regarding the whereabouts of the subjects. Submit a memo for the file that this has been accomplished (This liaison has already been established with the Pittsburgh Police Department.).

The Bureau instructed on 9/9/70, that since the stolen 1968 Pontiac, mentioned above, in which the ARMSTRONGS were driving at Little Falls, New York on 9/3/70, has not been recovered that requests should be made of law enforcement agencies to assure that frequent broadcasts are made regarding this car until the car is recovered or the subjects apprehended. The broadcast should also include body style, color and shade, as well as the make, model and license number.

Each Resident Agent is requested to contact the appropriate law enforcement agencies in his area to make arrangements for the above-mentioned frequent broadcasts. Submit memo to the file that same has been accomplished.

For information of Pittsburgh Agents, one of [redacted] is [redacted], [redacted] who resides [redacted]. The [redacted] have a [redacted] known as [redacted] visited [redacted] for [redacted] on [redacted] 70, and again on about [redacted] 70. On both occasions they relaxed part of the time at [redacted] according to [redacted] who has been interviewed and found to be cooperative. b6 b7C

The following additional descriptive data has now been received from the New York Office regarding the 1968 Pontiac which was last known to be in possession of the ARMSTRONG brothers:

Car is a 1968 Pontiac GTO, two door, 1970 New York License Plate [redacted] VIN [redacted], color Agean blue. Vehicle is solid color with no vinyl on exterior surfaces. Car has tinted windows and rear window defogger. Tires on vehicle are new Dunlop Radial 205-R14 tires sometimes known as Skinny Whitewalls or European Racing tires. Wheels are described as five-spoke rally two wheels with magnesium rims. There is a red insert in the hub of each wheel bearing the initials PMD. On each door in old English script letters, white with red trim, are the initials GP. Left vent window bears a sticker on the outside of the window which is the new NRA sticker in silver and red with a blue-black eagle in the middle. Dark b6 b7C

Vehicle has two 4-inch dents on the right side under the right directional signal. Some signs of beginning rust appears on these dents. Interior of vehicle is standard except for a leather wheel cover of black rawhide, a wooden gear shift knob with the letters GTO in the center. On the right side of the dashboard in the space where the clock is normally placed, there is instead a 10,000 rpm sun tachometer mounted flush with the dashboard. The trunk of this vehicle contains

a radial Goodyear spare tire with two chips in the rim. Console contains four pairs of prescription sunglasses, minature tools in a leather case, and a 1968 motor vehicle registration for instant vehicle. The trunk of the car contains a duffle bag with expended Remington 12 and 20 gauge shotgun shells, .30 caliber (303) brass, .20 caliber brass and a target thrower.

All agents will remain alert for the above-described car, bearing in mind that it may now have a different license plate.

ALL SUBJECTS CONSIDERED ARMED AND EXTREMELY DANGEROUS.

Bombing Suspects Are Hunted Here

City police last night announced in a radio bulletin that a car alleged to be carrying suspects from the Aug. 24 bombing of the University of Wisconsin math center was seen in Pittsburgh yesterday morning.

The broadcast, based on an anonymous telephone call to city police, said the car, a 1968 Pontiac GTO bearing New York license GEP 37, was spotted in the 200 block of Federal Street, Northside.

The car's alleged occupants are wanted by the FBI in connection with the bombing of the school's Army Mathematics Research Center, which destroyed the 6-story building and killed Robert Fassnachi, a 33-year-old graduate student.

The FBI said the four fugitives should be considered armed and dangerous.

Wisconsin Fugitives' Car Seen, FBI Says

A car allegedly carrying suspects in the Aug. 24 bombing of the math center at the University of Wisconsin has been reported seen in Pittsburgh, according to the FBI.

First report of the car, a 1968 blue Pontiac GTO with New York license plate GEP 37, came in an anonymous phone call Friday afternoon. The car was reported in the 200 block of Federal Street on the North Side.

A second call yesterday placed the car in the Schenley Park area of Oakland.

A spokesman for the FBI said it is believed the car was stolen in New York by one of the four men wanted for the bombing in which a 33-year-old research assistant died.

The four suspects should be considered armed and dangerous, the spokesman said.

On 9/13/70, PCI stated that he feels relatively certain that he observed the blue GTO automobile bearing New York Registration [redacted], allegedly in the possession of the Madison, Wisconsin, bombers, in the area of the new stadium on the North Side. He stated that he believes he saw this car with three persons in it, and before he could get to a telephone to call SA PORTELLA or anyone else, it had sped from the scene. b6 b7C

On 9/17/70, informant contacted SA JOHN S. PORTELLA to report that he had seen the same automobile with New York Registration [redacted] purchasing gas at the Sunoco station at the corner of Brighton Road and Jacksonia Street on the North Side of Pittsburgh. He stated that at this time he saw what looked to him to be three men and one woman in the automobile, and as they left the gas station, they proceeded north on Brighton Road. This information was immediately called to the attention of SA [redacted] and was immediately dispatched to the Pittsburgh Police Department for immediate coverage, with negative results. b6 b7C

During re-contact with informant on 9/17/70, he was informed that investigation at the Sunoco station was made by FBI Agents with negative results, and informant stated that the owner of the Sunoco station was very anti-police, and his station is a known hang-out for narcotics peddlers and users.

A continuous review is being made in this matter of the fugitive investigation to insure all leads are promptly covered and all aspects are thoroughly reviewed in an effort to effect earliest apprehension of subjects.

Recontact with relatives, friends and associates of subjects is being set forth, and it is requested information regarding subjects' possession or availability of credit cards, checking accounts and membership in any civil or fraternal organizations be fully explored. Should membership in any organizations be determined, immediate stops should be placed and consideration should be given to furnishing a circular letter to chapters of such organization. Contacts should also include information regarding health of subjects to determine if any of subjects has ever suffered from hay fever, asthma, etc., which would require some form of medication; or, if any form of medication has ever been prescribed by a doctor. Information regarding personal finances available to the subjects should be determined, such as stocks, insurance policies, property, etc., which could mean an immediate source of funds for subjects.

Identity of property, such as summer homes, camps or land, should be determined as same could afford subjects a place of refuge. This should also be determined from friends or acquaintances in the event the subjects have ever visited at such places.

Subjects have attended "Rock Festivals" in the past and areas where these "rock festivals" have been held, if now vacant, should be checked for possible refuge for subjects.

Religious affiliations of subjects should be determined, and contact made with church.

Personal interests and habits of subjects should be fully explored in interviews with all persons.

The above suggestions are set forth for assistance of all offices in conducting interviews.

For the information of all offices, subjects [redacted] and [redacted] were last observed in the Peterborough, Ontario, Canada area on 9/3/70. ARMSTRONG brothers were last observed in Little Falls, New York area on 9/3/70. b6 b7C

At the time the ARMSTRONG brothers were stopped in Little Falls, New York, they were driving a 1968 Pontiac, 2-door, hardtop, VIN [redacted], New York license [redacted] which was stolen in [redacted], New York, and has not been recovered to date. Vehicle last sighted Syracuse, N.Y., 9/5/70. b6 b7C

At the time [redacted] and [redacted] were last observed in area of Peterborough, Ontario, Canada, on 9/3/70, the following cars were reported stolen the same date; have not been recovered; however, it is not known if subjects involved in thefts: b6 b7C

1969 Pontiac Beaumont, dark blue, Ontario, Canada license [redacted]

1965 Ford Fairlane station wagon, gray in color, Ontario, Canada license [redacted]. b6 b7C

Canadian authorities have been contacted to determine if above cars have not been recovered, and all offices will be notified.

If the 1968 Pontiac, stolen in [redacted] New York, is observed, it should not immediately be approached, and a surveillance instituted to determine if subjects will return or if abandoned. Local law enforcement should be furnished this information, and it is requested broadcasts concerning this car be continued. b6 b7C

All leads should be handled in an expeditious manner, and sufficient personnel assigned. Any positive information obtained should be telephonically furnished the Milwaukee Office, followed by teletype. Any leads developed from interviews will be set out by teletype.

At 2:49 p.m., 11/19/70, Officer [redacted] b6 b7C Number 9 District, Bureau of Police, Pittsburgh, Pennsylvania, telephonically contacted the Pittsburgh Office and advised as follows:

Approximately five minutes ago he observed a 1968 dark blue Pontiac GTO two-door sedan which was believed to have a black vinyl top. This vehicle was on Saw Mill Run Boulevard (U.S. Route 19, Pennsylvania Route 51 - West End Bypass) proceeding from the west end traffic circle towards the intersection of the Penn Lincoln Parkway - West.

At the time he observed the vehicle, Officer [redacted] b6 b7C was driving his personally owned vehicle in the opposite direction towards the west end traffic circle on the way to report for duty at the Number 9 District (3:00 p.m. to 11:00 p.m. shift).

Upon initially observing the vehicle, Officer [redacted] b6 b7C recalled a recent police broadcast containing the description of a dark blue Pontiac GTO bearing New York license [redacted], which is possibly being operated by the subjects.

Upon passing the above-described GTO he observed that the driver was a white male in his mid twenties who he believed resembled the photograph of subject [redacted] b6 b7C

ADMINISTRATIVE

Instant report was prepared jointly by the writer and SA [redacted].

Some information submitted by [redacted] is being set out administratively, since [redacted] requested that dissemination be restricted to the Bureau; and is as follows: (S) (U)

[redacted] advised that when they were advised by the FBI that subjects [redacted] might be [redacted] the Peterborough Detachment was contacted, and it was learned that [redacted] housed the offices of [redacted]. This was based upon information from [redacted] who said [redacted] (S) (U)

b6
b7C
b7D

Investigation at the CPR office resulted in the identification of the photograph of [redacted] as being one [redacted] who had been in daily contact with the CPR (telegraph office) for the past three days. It was ascertained that the money for [redacted] had been sent to Toronto by mistake. (S) (U)

On 9/3/70, the [redacted] was instructed to tell [redacted] (S) (U)

b6
b7C
b7D

Based upon [redacted] dire need for money, it was theorized by [redacted] that Headquarters House, a hostel for transient youths, located at 283 King Street, Peterborough, would be a logical place to stay. Because of the location of this establishment, [redacted] found it extremely difficult to maintain a discreet surveillance from vehicles, and an observation post was established in the building across the street and somewhat west of Headquarters House. [redacted] (S) (U)

b6
b7C
b7D

ADMINISTRATIVE CON'T

were not observed by [redacted] for some time and, accordingly, it was deemed advisable to approach [redacted] at Headquarters House. [redacted] identified [redacted] as being persons staying at Headquarters House. (S) (U) b6 b7C b7D

[redacted] b6 b7C b7D

[redacted] (S) (U)

In view of the above, consideration was given to arresting [redacted] under the Canadian Immigration Act. The legal branch of the Canadian Immigration Division began research into the possibility of having a warrant issued for deportation of [redacted] as undesirable aliens and, accordingly, [redacted] decided to maintain their surveillance on 9/3/70, to await results of liaison with the immigration authorities. (S) (U) b6 b7C b7D

At approximately 9:15 P.M., 9/3/70, [redacted] telephoned [redacted] to say that she had been required to attend to a resident who had "freaked out" and while she was so occupied, [redacted] and several others had left the premises to attend a party at an unknown location. (S) (U)

When [redacted] did not return to Headquarters House, a search warrant was obtained, and on 9/4/70, a search was conducted, which is described in the details of instant report. (S) (U) b6 b7C b7D

[redacted] conducted investigation in regard to stolen cars on that date, and interviewed several individuals without developing any information concerning the whereabouts of [redacted] after they left Headquarters House. (S) (U) b6 b7C b7D

ADMINISTRATIVE CON'T

[redacted] theorized that [redacted] and [redacted] became aware from newspaper accounts that their presence in Canada was suspected, and may or may not have become suspicious and detected police surveillance before they fled. b6 b7C b7D

Since [redacted] and [redacted] fled from Headquarters House in Peterborough, [redacted] investigation has not developed a solid, confirmed sighting of any of the subjects. It is noted, however, that several deserters and Selective Service violators, upon returning to the United States from Canada, have reported rumors that one or more of the four subjects in this case are hiding in the youth ghetto area of Toronto. With one exception, which will be described later, none of the investigations conducted by the FBI has developed a confirmed sighting of any of the subjects in this country. b6 b7C b7D

[redacted] has reported that when the WISBOM subjects first became fugitives, publicity concerning their possibly hiding out in Canada was not as extensive as it might have been due to the preoccupation of the Canadian press with their own crisis involving [redacted] has also advised of the difficulties in attempting to locate individuals in the largely "hippie" community surrounding Rochedale Community College in Toronto, where, when raids are attempted, an alarm is given, and the residents are almost entirely non-cooperative. b6 b7C b7D

In the preparation of instant report, results of negative investigation have not been set forth since, as the Bureau is aware, there have been a vast amount of "look-alike" sightings which have been checked out and found to be not identical with any of the subjects.

Instant report summarizes all information which furnishes pertinent background regarding the subjects and/or information which might possibly be of value in locating them.

ADMINISTRATIVE CON'T

A source has advised that [redacted] a [redacted] of [redacted] and [redacted] was sent a communication in October, 1970, from one [redacted] who gave a return address in care of American Express, [redacted] interviewed American Express office personnel in [redacted] and exhibited photographs of the WISBOM subjects, with negative results. In December, 1970, however, the American Express office in [redacted] notified the [redacted] that one [redacted] had cashed a $10.00 traveler's check at the [redacted] advised the Legat, London, in January, 1971, of this fact and further advised that the signature on the traveler's check and that on the wanted poster of [redacted] appeared identical. [redacted] further advised that [redacted] was registered as an alien, residing at [redacted] but visiting in [redacted] in January, 1971. b6 b7C b7D

Investigation by Milwaukee and Chicago Offices reflects that [redacted] was born [redacted] at [redacted], to [redacted] and [redacted]. He attended the University of Wisconsin (UW) at Madison, Wis., from [redacted] 1965 until [redacted] 1969, when he was granted a Bachelor of Arts Degree, with honors. His Madison address was [redacted] and his home address was [redacted]. b6 b7C

WFO has advised that no passport record for [redacted] could be found in files of the Passport Division, U. S. Department of State. b6 b7C

[redacted] further advised that in March, 1971, [redacted] was interviewed regarding his knowledge of the fugitives in this case. He was "not exactly cooperative" but admitted having met subject [redacted]. He denied ever having met any of the other subjects, ever having seen them [redacted] or ever having any contact with them whatsoever. It is noted that [redacted] was [redacted], a few days before the bombing of Sterling Hall; that [redacted] and, it is possible this is where [redacted] met [redacted]. b6 b7C

MI 98-879

ADMINISTRATIVE CON'T

The Bureau is requested to furnish Legat, Ottawa, the following information and to have the Legat, Ottawa, make appropriate request for investigation by [redacted]: b7D

Although the names and addresses left behind by [redacted] and [redacted] at the time they fled from Peterborough, have been previously checked out, in some cases this material is incomplete, and a close review by [redacted] may develop further information regarding possible contacts of the subjects in Canada. b6 b7C b7D

[redacted] should be remined that the Pontiac automobile stolen by the ARMSTRONGs has not yet been recovered. This vehicle is described as a 1968 Pontiac GTO, two-door, which bore New York license [redacted], and which has vehicle identification number [redacted]. b6 b7C b7D

Subject [redacted] has had a life-long interest in [redacted] and is reportedly a physical fitness enthusiast, and it is possible he may participate in [redacted]. [redacted] may wish to circularize [redacted] photograph through an organization such as the Canadian Association of Amateur Oarsmen, located at St. Catherine's, Ontario, Canada. b6 b7C b7D

It is noted that in the miscellaneous material left behind by subjects [redacted] and [redacted] at [redacted] there were two individuals listed with Canadian addresses. These were: [redacted] and, [redacted] This information was furnished to [redacted] early in the WISBOM investigation; however, a file review has not established that these names have been checked out. b6 b7C b7D

[redacted] has advised that one of its sources placed [redacted] at a youth hostel in Vancouver, British Columbia, where at the same period, an automobile with [redacted] license plates was seen parked. This was a 1961 Oldsmobile, bearing [redacted] and is registered to [redacted] who is [redacted] The [redacted] (U) b6 b7C b7D

MI 98-879

ADMINISTRATIVE CON'T

possibility exists that [redacted] is traveling with [redacted] and it is requested that wide circularization be given to [redacted] vehicle so that in the event it is observed in Canada, investigation can be conducted to determine whether [redacted] is with [redacted] (U) b6 b7C b7D

The Bureau is further requested to advise Legat, London, for the information of the [redacted] that no passport for [redacted] can be located by the Department of State. The [redacted] should be asked if [redacted] as an alien, identified himself with an American passport and, if possible, the passport number should be obtained. b6 b7C b7D

LEADS

ALL OFFICES

1. All border states will make personal contact with INS representatives to verify the existence of stops placed by the FBI through INS National Headquarters, Washington, D. C.

2. Will insure that all sources and informants in new left activities are shown photographs of subjects and made aware of the possibility that they may be hiding out in various youth ghetto communities.

3. Each office, through logical sources, will attempt to identify hippie-type communes in their area which could serve as hideouts for Wisbom subjects. If feasible, photographs and descriptions should be furnished to the sources as a check against current residents as well as transients who use these communes as temporary pads.

4. Recipient offices will review the "personal sections" of underground newspapers in an effort to determine if Wisbom subjects are using this media as a method of communicating with relatives or other contacts.

5. All offices where underground switchboards are active will attempt to effect coverage to determine if Wisbom subjects are using this method of relaying messages.

6. All offices having relatives of the Wisbom subjects should recontact these relatives and extend the contacts of relatives to adult children who may have information concerning the activities of the ARMSTRONGs, [redacted] and [redacted] b6 b7C

7. In view of the lifelong hobby of the ARMSTRONGs in pursuing camping activities, all offices should contact state, Federal and other park officials

to determine the feasibility of circulating photographs and descriptions of the subjects to the various camping areas.

Recipients will also recontact their respective state headquarters for operator vehicle licenses for subjects under their true name and known aliases.

All offices should remain aware of the facts and alert local sources to the fact that the stolen 1968 Pontiac GTO, described above, has not yet been located and may possibly be in possession of one or more of the subjects.

All offices should also note that while in Canada, [redacted] used the alias of [redacted] and [redacted] used the name of [redacted]. Although not regarded as true aliases since credentials identifying [redacted] and [redacted] were left behind when subjects fled from Peterborough, the possibility exists they may choose to use these names at some future date while in a fugutive status. It is noted that investigation has reflected the Selective Service cards in the names of [redacted] and [redacted] were fraudulent. b6 b7C

As set forth above, for information of [redacted] the various names and addresses left behind in Peterborough have, where complete, been checked out, and no pertinent information developed leading to apprehension of the subjects. All offices should review this material as set forth in instant report, however, to determine if instances where only a partial listing is made can be through imagination developed to a known individual or address in a particular field division. b7D

FEDERALLY PROTECTED ACTIVITIES

Synopsis:

On 8/24/70, Sterling Hall, a building on the UW, Madison, Wisconsin, campus, housing the Army Mathematics Research Center and items owned by the Atomic Energy Commission, was destroyed by a bomb, at approximately 3:42 a.m. Vehicle seen speeding from bombing was stopped in adjoining county, and occupants of car identified as [redacted], DWIGHT ALAN ARMSTRONG, [redacted], and [redacted]. Investigation reflects that subjects told witnesses they planned a bombing, studied up on explosives, rented trailer, and transported fuel oil and fertilizer, which when mixed produces a high order explosive. Search of residence [redacted] and [redacted] located writings assuming responsibility for bombing and setting forth intentions to flee. Subjects sighted in days following August 24 in Ann Arbor, Michigan, New York City, Little Falls, New York, Boston, Mass., and Peterborough, Ontario. On 9/30/70, Federal Grand Jury, WDW, handed down indictment charging subjects with violation of Title 18, USC, Sections 1361, 924(c), and Sections 5861(d) and 5871, Title 26, USC, Madison. Warrants issued same date. Bond set $200,000 each. Background information on four subjects set forth. Nineteen-sixty eight Pontiac GTO, New York License [redacted] observed in possession of ARMSTRONGs, 9/3/70, unrecovered to date. ARMED AND DANGEROUS.

I. THE CRIME

A. Bomb Warning

WILBUR H. EMERY, Chief of Police, Madison, Wisconsin, advised that at 3:37 AM, August 24, 1970, the Madison Police Department dispatcher received a telephone call which was recorded as follows:

> "Okay, Pigs, now listen and listen good. There is a bomb in the Army Math Research Center, the University, set to go off in five minutes. Clear the building. Get everyone out. Warn the hospital. This is no -------- man."

This message had been relayed to the University of Wisconsin (UW) Department of Protection and Security, one minute and twelve seconds later.

B. Description of Explosion

[redacted] UW Department of Protection and Security, Madison, Wisconsin, stated on August 27, 1970, that at approximately 3:40 AM, August 24, 1970, his office had received the bomb threat from the Madison Police Department and that four officers, in two UW squad cars, were immediately dispatched to the UW Mathematics Research Center located in the southeast wing of Sterling Hall at the intersection of Charter Street and Lathrop Drive on the University campus. b6 b7C

As the officers proceeded towards Sterling Hall, they heard a tremendous explosion and observed a bright orange light which lit the sky like sunlight. One officer reported seeing a bright orange fireball rising above the Mathematics Research Center to a height of approximately 200 feet, which exploded sending debris and shock waves in every direction.

[redacted] further advised that the clocks in Sterling Hall had been stopped at 3:42 AM, August 24, 1970, and that of the six individuals in the building, one, ROBERT E. FASSNACHT, had been killed by the explosion and three others had received injuries requiring hospitalization. b6 b7C

C. Crime Scene Search and Results of Laboratory Examination

During the period August 24-27, 1970, Special Agents of the FBI conducted a search of the Sterling Hall area where the explosion had occurred and recovered a number of objects. This included a piece of metal bearing the number "[redacted]," a piece of chrome-metal bearing the words "Ford" and "Falcon," a piece of chrome metal bearing the word "econoline" and a fragment of paper containing the written name "[redacted]"

b6
b7C

On October 26, 1970, [redacted] Policewoman, UW Department of Protection and Security, Madison, Wisconsin, furnished a copy of a theft report reflecting that [redacted] Madison, had reported that his car had been stolen between 10 PM and 11:30 PM on August 20, 1970. The car was described as a 1967 Ford Econoline Van with Vehicle Identification Number [redacted]. The vehicle had a "Peterson For Governor" sticker on its left rear bumber.

b6
b7C

In addition to the fragments mentioned above, items of debris were recovered from the bomb crater and surrounding area and analyzed by the FBI Laboratory. The examination revealed the presence of potassium nitrate, potassium chloride, potassium perchlorate and ammonium nitrate. Also recovered were a few flakes of smokeless gun powder such as that used in small-arms ammunition. The chemicals found in the debris are typical of residues found after detonation or deflagration of explosive materials. The Laboratory concluded that these residues could have resulted in the detonation of a homemade device containing all of the materials listed or a combination of materials containing as an ingredient one or more of them. It was also noted that potassium nitrate and ammonium nitrate could be found in some commercial fertilizers. The Laboratory concluded that a high-order type of explosion had taken place and the location of vehicle fragments in or near the crater established that the explosive charge was placed over the rear axle inside the vehicle. It was not possible to determine how the explosive charge was detonated.

D. Damage Estimate

[redacted] of the UW Physical Plant Division, Madison, Wisconsin, made an estimate of the

b6
b7C

building damage to the University resulting from the bombing, which was furnished on October 1, 1970. This reflects the following assessments for cost of repair:

New Sterling Hall - $750,000;

Old Sterling Hall - $65,000;

Pharmacy - Physics Building - east wing - $165,000;

Pharmacy - Physics Building - center portion - no damage estimate since scheduled for demolition;

Damage to other surrounding buildings on the campus came to an estimated $188,000 for repair.

II. IDENTIFICATION OF SUBJECTS RESPONSIBLE FOR BOMBING

A. Suspicious Activities

1. Vehicle Sightings

[redacted] Madison, Wisconsin, stated on September 8, 1970, that he left his residence to go to work shortly after 2 AM on August 24, 1970, and he was driving on Packers Avenue headed in the direction of the UW when he observed a light-colored automobile with two round taillights on each side of the rear. [redacted] described the vehicle as being not more than five years old, but could not name the make or model. [redacted] said this vehicle was proceeding parallel to a late-model van-type truck, both traveling at a low rate of speed. [redacted] said that there were windows on both sides of the van, but he could not see through because something dark was blocking his view. b6 b7C

[redacted] Dane County (Wisconsin) Sheriff's Deputy [redacted] stated on September 7, 1970, that he was on duty August 24, 1970, and responded to the explosion on the UW campus. While proceeding northward on Park Street, approximately six blocks from the campus area, [redacted] observed a late-model light-colored Corvair traveling toward the police vehicle in excess of the posted speed limit. [redacted] radioed this information to the Dane County Sheriff's Office Dispatcher requesting him to place a description of the car on the police radio network covering Dane and surrounding counties. b6 b7C

2. Car Stopping and Identifying Passengers

Sergeant [redacted] Sauk County Sheriff's Office, advised on August 29, 1970, that on August 24, 1970, his office received a bulletin to be on the lookout for a light-colored Corvair with small round taillights which may have some relationship to the bombing at the UW on the morning of August 24, 1970. Sergeant [redacted] observed a Corvair traveling northbound on Highway 12 approximately 35 miles from Madison, obtained the license number and radioed ahead to another Sauk County unit to stop the car. b6 b7C

Shortly thereafter the car was stopped by Officer [redacted], who was joined by Officer [redacted]. The driver of the car was identified as DWIGHT ARMSTRONG, born b6 b7C

August 29, 1951, and the other occupants of the car gave their names as [redacted], born [redacted], [redacted], born [redacted], and [redacted], born [redacted]. The vehicle they were traveling in was a light-colored Corvair with Wisconsin License [redacted]. The occupants of the car stated that they were headed to Devil's Lake to camp, although it was noted that there were no sleeping bags or camping equipment in the vehicle. b6 b7C

The officers asked to examine the trunk of the car and the driver stated that he did not have a key to the trunk. The officers kept the car and its occupants at the entrance to Devil's Lake State Park until approximately 7:30 AM while checks were made with the Madison Police Department to determine if any of the individuals were wanted. When it appeared that the individuals were not wanted they were allowed to proceed into Devil's Lake State Park.

[redacted] South Shore Office, Devil's Lake State Park, stated on August 30, 1970, that park records reflect that on August 24, 1970, DWIGHT ARMSTRONG of Madison, Wisconsin, registered at the camp in a 1966 Corvair, License [redacted], and was assigned camp site number [redacted]. b6 b7C

[redacted] was shown photographs on September 8, 1970, and selected photographs of [redacted] and DWIGHT ARMSTRONG as being at Devil's Lake State Park on August 24, 1970. b6 b7C

[redacted] stated on August 29, 1970, that she arrived with her family at Devil's Lake August 24, 1970, and noted the Chevrolet Corvair where four young men were being questioned by police officers. She stated that she overheard the group talking after they entered the camp site and their conversation concerned the bombing in Madison and the worries of some of the individuals concerning it. b6 b7C

3. Laboratory Examination

On September 2, 1970, the 1966 Corvair automobile bearing Wisconsin License [redacted] was examined and it was noted that the floor mat on the right rear floor bore thin white deposits. This floor mat was subjected to instrumental examination by the FBI Laboratory and the white b6 b7C

deposits on the floor were identified as ammonium nitrate. Debris was also taken from the left rear floor mat, analyzed instrumentally by the FBI Laboratory and found to exhibit traces of potassium nitrate. This is a compound used in various types of pyrothnic materials and explosives and is the same compound as found in the debris from specimens recovered from the scene of the explosion at Sterling Hall.

B. Preparation For the Crime

1. Remarks to Witnesses

On August 31, 1970, [redacted], stated that he [redacted] of [redacted] and DWIGHT ARMSTRONG for many years. He said that both he and [redacted] and that, therefore, both ARMSTRONG boys felt free to talk in his presence concerning illegal activities. The ARMSTRONG brothers had told [redacted] that they had stolen an airplane and attempted to bomb the Badger Army Ammunition Plant January 1, 1970. According to [redacted]

[redacted] said that in [redacted] 1970, prior to the bombing of Sterling Hall, [redacted] showed up at his home in [redacted] having [redacted]. Prior to this he [redacted]. About a week later, DWIGHT ARMSTRONG also showed up and he too had shaved and cleaned himself up. [redacted] said that he was convinced that [redacted] and DWIGHT were [redacted]

b6

b7D

On September 2, 1970, [redacted] said that DWIGHT ARMSTRONG had shown him several cardboard containers containing primacord, which DWIGHT said he and his brother had stolen a large quantity of from northern Minnesota. DWIGHT also showed [redacted] containers holding some kind of booster charge as well as several blasting caps. [redacted] also stated on September 2, 1970, that [redacted] and DWIGHT had spent a considerable amount of time in public libraries reading up on explosives.

b6
b7C

On September 15, 1970, [redacted] Wisconsin, stated that [redacted] and that he had visited her home [redacted] on [redacted], 1970. After engaging in small talk, [redacted] asked [redacted]

On September 18, 1970, [redacted] Wisconsin, stated that he [redacted] and that on or about [redacted], 1970, he met [redacted] at [redacted] residence, [redacted] Wisconsin, [redacted] and [redacted] then departed for [redacted] at [redacted] Madison. Later that evening, [redacted] recalls [redacted] saying that [redacted]

[redacted]. Again [redacted] advised [redacted]

[redacted]

[redacted] also recalls [redacted] mentioning that if he was killed in the bombing, [redacted] was to advise his parents as to his reasons for committing the bombing. During previous conversations [redacted] had made it known that he was not in favor of war, not in favor of entering the armed forces of the U. S. and strongly favored institutional changes, including removal of the Army Math Research Center from the UW campus. [redacted] also [redacted] b6 b7C b7D

[redacted] also read an article entitled "The Bombers Tell Why and What Next" in an underground newspaper "Madison Kaleidoscope" and [redacted].

[redacted] also recalled that [redacted] said that [redacted] had visited a library and read various pieces of literature on explosives. [redacted] b6 b7C b7D

On September 18, 1970, [redacted] traveled with Special Agents of the FBI to [redacted] b6 b7C b7D

2. Inquiry Regarding Use of Explosives

On September 8, 1970, [redacted] of Mine Safety, Department of Industry, Labor and Human Relations, State of Wisconsin, Madison, Wisconsin, advised that on or about July 13, 1970, two men identifying themselves as [redacted] and (first name unknown) [redacted] came to his office. [redacted] was shown photographs and identified the photograph of [redacted] as the person accompanying [redacted]. [redacted] told [redacted] that he worked for the UW newspaper and wished to do a story on the use of ammonium nitrate for pothole blasting. [redacted] furnished a press identification card. [redacted] discussed safety regulations with the men b6 b7C

and believes he gave them a booklet on explosives issued by the State of Wisconsin.

[redacted] also said that a person identifying himself as [redacted] phoned him during the week prior to the bombing of Sterling Hall and said he was a student who wished to do some pothole blasting on land he owned. [redacted] told him what the requirements were for obtaining a license to do the blasting and [redacted] said that if it involved that much he would have someone do the blasting for him. b6 b7C

3. Theft of Barrels

[redacted] Cepak Construction and Engineering Corporation, 1609 Holmberg Street, Madison, Wisconsin, stated on September 18, 1970, that he had noticed some time ago that his company was missing several 55 gallon barrels which had been stored in an enclosed area behind his place of business, but easily accessibly to the public. [redacted] described one of the barrels as a black barrel with the words "West Hardner" and "Fuel Oil" sprayed on the barrel with green fluorescent paint. [redacted] explained that the West Company makes a compound called "West Hardener" and he had this material stored in the barrel with the identification sprayed on the side so that the contents could be readily identified. [redacted] stated that when the compound was used up the words "West Hardner" were sprayed over with the same green fluorescent spray paint, fuel oil was put in the barrel and the words "Fuel Oil" were spray painted on the exterior. b6 b7C

As will be set forth later, a barrel was recovered in a search of a wooded area in Sauk County by FBI Agents and this barrel, bearing FBI Laboratory Identification Number Q52, was exhibited to [redacted] on November 3, 1970. [redacted] noted the hand sprayed words "Fuel Oil" and "West Hardner" on the barrel and said he recalled the spraying and identified the black barrel as the one stolen from his place of business early in August, 1970. b6 b7C

4. Rental of Trailers

On September 9, 1970, [redacted] Arcoa Incorporated, Phoenix, Arizona, advised that this is the parent company for the U-Haul Company and that dealers submitted their rental contracts to the company. [redacted] b6 b7C

[redacted] was able to locate on microfilm a copy of two rental contracts in the name of [redacted] One was for the rental of a utility van trailer, numbered [redacted], rented 9 PM, August 16, 1970, to be returned August 17, 1970, at 9 PM. Rental was by the Forest Harbor Enco Station, 6130 University Avenue, Middleton, Wisconsin. b6 b7C

[redacted] also located a contract for the rental by [redacted] of a luggage van type trailer, numbered 3080LV3730, rented at 11:30 AM, August 19, 1970, to be returned August 20, 1970, at 11:30 AM. The unit was actually returned August 19, 1970, at 7 PM to the dealer, Nelson's Texaco Service, 2037 Sherman Avenue, Madison, Wisconsin. b6 b7C

[redacted] of Forest Harbor Enco Station, 6130 University Avenue, Middleton, Wisconsin, stated that his records reflect he rented U-Haul trailer number 383UV8968 to [redacted] on August 16, 1970, and that the trailer was rented again on August 22, 1970, to [redacted] Wisconsin. b6 b7C

[redacted] advised on September 1, 1971, that he was [redacted] at the Forest Harbor Enco Station and recalls renting a trailer to [redacted] on August 16, 1970. [redacted] recalls that he had some concern because a yellow Corvair was used to pull the U-Haul trailer and a Corvair is not the best vehicle for this purpose. [redacted] further stated that about an hour after the Corvair left with the U-Haul, he saw the car and trailer at the Owens Service Station on University Avenue parked near the fuel oil pump of the Owens' station. [redacted] said that on the morning of August 17, 1970, the U-Haul was returned and when he checked it he detected a strong odor of fuel oil. [redacted] explained that some fuel oil had been spilled. b6 b7C

[redacted] was interviewed at [redacted] Wisconsin, on September 1, 1970, and stated that when he rented a U-Haul trailer in Madison on August 22, 1970, he and his brother noted an extremely "pungent odor" when they opened the rear door of the trailer. b6 b7C

[redacted] Edgewood Phillips 66 Service Station, Edgewood, Maryland, stated on September 8, b6 b7C

1970, that U-Haul trailer number 383UV8968 had been turned in to his station September 4, 1970, and that when he opened the rear door of the trailer he noticed a strong odor of some type of fuel oil.

U-Haul trailer number 383UV8968 was subsequently examined by the FBI Laboratory with no evidence of value noted.

On September 10, 1970, [redacted] of Nelson's Texaco Service Station, 2037 Sherman Avenue, Madison, Wisconsin, stated his records show rental of U-Haul number 3080LV3730 to [redacted] on August 19, 1970. [redacted] recalls renting the trailer to [redacted] who was driving a late-model Corvair, faded yellow in color, with Wisconsin License [redacted] [redacted] further stated that [redacted] returned the trailer to him on August 20, 1970, and that when he cleaned the trailer out he noticed a large number of small crystals, approximately the size of shotgun pellets. He also stated there appeared to be an oily substance on the floor of the trailer. b6 b7C

A search of U-Haul trailer number 3080LV3730 was conducted by Special Agents of the FBI on September 11, 1970, and a number of items were obtained and submitted to the FBI Laboratory. The Laboratory examined microscopically white granular substances found in the corners of the trailer and also a vacuum cleaner bag used by the Agents to clean the trailer. The Laboratory reported that these specimens were spherical particles of white opaque material similar in physical characteristics to ammonium nitrate previously submitted to the Laboratory. (Previously submitted specimen was obtained from [redacted] Farmers Union Cooperative, Baraboo, Wisconsin.) b6 b7C

Furthermore, the Laboratory performed instrumental analyses and found that white particles found in the specimens submitted were ammonium nitrate. The Laboratory noted that these particles were physically and compositionally similar to the known specimen submitted and could have originated from the source represented by the known specimen or a similar source of this type of ammonium nitrate fertilizer.

5. Obtaining Materials For Bomb

On September 1, 1970, [redacted] who was [redacted] at the Owens Service Station, 7401 b6 b7C

University Avenue, Middleton, Wisconsin, stated that on August 16, 1970, two individuals came to the station inquiring as to the purchase of oil drums and fuel oil. [redacted] said he would sell fuel oil, but had no oil drums. Several hours later the same two individuals returned to the station, this time pulling a U-Haul trailer containing six metal oil drums. Four of the drums were filled approximately half full with fuel oil from the Owens pump. b6 b7C

On September 2, 1970, [redacted] was shown a group of photographs and identified the photos of [redacted] and [redacted] as being the two individuals who purchased the fuel oil on August 16, 1970. b6 b7C

[redacted] stated on August 31, 1970, that the Farmers Union Cooperative at Baraboo supplied nitrogen fertilizer among other products which were used by individuals on gardens or for blasting purposes. [redacted] said that to utilize the 33 1/3 per cent nitrogen fertilizer for blasting purposes it must be soaked in fuel oil and ignited with a stick of dynamite. He said that almost all of the fertilizer is sold in the Spring and sales during August are very unusual. b6 b7C

[redacted] said that on August 19, 1970, an individual appeared at the Farmers Union Cooperative and asked for 1,500 pounds of 33 1/3 per cent nitrogen fertilizer in 100 pound sacks, but, learning this was not available, agreed to purchase 1,500 pounds in bulk form. [redacted] assisted in loading a U-Haul trailer pulled by a 1964 or 1965 Corvair. After 1,500 pounds were shoveled into the trailer, the driver requested another 200 pounds and this was added. The purchaser gave his name as [redacted] b6 b7C

On September 1, 1970, [redacted] was shown a group of photographs and selected the photograph of [redacted] as identical to [redacted] who had purchased the fertilizer on August 19, 1970. b6 b7C

[redacted] further advised on September 10, 1970, that he gave a plywood board to [redacted] to shore the lower rear door of the U-Haul trailer to prevent the nitrogen fertilizer from running out on the ground. [redacted] described the size and construction of the board used in the trailer. [redacted] was then shown a board that was recovered by Special Agents of the FBI in the Holland farm property in Sauk County, Wisconsin, and positively identified it as the board used in loading the 1,700 pounds of fertilizer purchased on August 19, 1970. b6 b7C

As set forth previously, [redacted] furnished a sample of 33 1/3 per cent ammonium nitrate fertilizer from the same bin as the 1,700 pounds sold to [redacted] on August 19, 1970. b6 b7C

6. Crime Scene Search at [redacted]

On September 6, 1970, [redacted] Wisconsin, stated that [redacted] for [redacted] and that on August 12, 1970, while mowing hay he had observed on the adjacent [redacted] property a late-model, yellow Corvair and a U-Haul trailer. He said the vehicle and trailer were moving south at the time. [redacted] said that again on August 13, 1970, he saw the Corvair and trailer parked on [redacted] property, but did not observe any individuals at the scene. b6 b7C

Special Agents of the FBI conducted a search of [redacted] property located on [redacted] Road off [redacted] in Sauk County and obtained a number of items which were submitted to the FBI Laboratory for examination. There has been previously mentioned the 55 gallon oil drum located at this site. b6 b7C

Two bags of fertilizer recovered from the scene were found by the Laboratory to contain pellets of ammonium nitrate fertilizer similar to the fertilizer of the known specimen submitted. The board, furnished by [redacted] to [redacted], was examined and deposits analyzed and found to consist of potassium nitrate. b6 b7C

An analysis of residues extracted from soil samples also revealed the presence of potassium nitrate. The potassium nitrate found on these specimens was the same compound that was found in the residues from the debris recovered at the explosion scene, previously described; however, the specific source and use of this potassium nitrate could not be determined. Other soil specimens found in the area were found to contain residues of sodium nitrate, which is sometimes used as a fertilizer ingredient and more frequently used as an ingredient in explosive materials, including some types of dynamite. Other soil specimens were found to contain residues consisting of potassium chloride. Potassium chloride is used as a minor compound of some commercial fertilizers and is also found as the product of the oxidation of either potassium chlorate or potassium perchlorate.

Bits of orange paper and a Peterson sign were also recovered at the scene and the Laboratory reported that although too mutilated and torn for examination purposes, there were a sufficient number of fragments to indicate they originally made up at least two signs or stickers similar in wording and color to a known Peterson For Governor orange bumper sticker previously submitted to the Laboratory as a known specimen.

7. Crime Scene Search at [redacted] Madison, Wisconsin

b6
b7C

On August 30, 1970, [redacted] stated that [redacted] residence was at [redacted] Madison, Wisconsin.

On [redacted], 1970, [redacted] Wisconsin, stated she had [redacted] at [redacted] to [redacted]. In [redacted] 1970, [redacted] told [redacted] that he was [redacted] and brought [redacted] to see her as [redacted] refused to let [redacted] when [redacted] left. [redacted] said that on [redacted], 1970, [redacted] gave notice that he would be moving out on [redacted] 1970, and would be leaving the apartment empty. [redacted] said that there was no written lease with [redacted] and she considered the apartment empty and under her possession as of [redacted], 1970, since she was the owner of the property. [redacted] gave consent for a search of the property by the Special Agents.

On September 1, 1970, a search was conducted of the property surrounding the building at [redacted] Madison, and among other items recovered near a trash container was an opened envelope addressed to [redacted] Madison. The envelope was postmarked August 28, 1970, New York, N. Y. and bore no return address. Inside the envelope was a hand-written note which is set forth below:

b6
b7C

"Eliot,

"We're very sorry about all the hassle we're putting you to, but we really have no other choice.

b6
b7C

"Again about Leo's room. Just pile everything anywhere and move to your attic. And also

please make a short call to tele. company to stop the service.

"If Karl or Dwight Armstrong calls or writes, tell them to check with Paul Bracken in Philly. (Area code '215' tele. no.: CL 9-2626.) He will get them contacts in N.Y.C. Tell them also, that Leo's checkbook is in the glove compartment to the car.

"We (Dave & Leo) are in N.Y. with good contacts ready to head for Canada. Will get a hold of you when we get there, and when you're in Buffalo."

Also inside the envelope described above was a second plain envelope containing the following notation on its outside:

"Eliot, do not put fingerprints on the note inside. Wear gloves. Mail to Kaleidoscope in unfinger-printed envelope. Or else put it in some obscure place and call them to tell them where it is. Make sure they get the note (I mean, what it says) to all the media."

Inside the plain envelope were three sheets of paper containing a hand-printed message beginning "Communique From the Underground #1 The Marion Delgado Collective." This document took credit for the destruction of the Army Mathematics Research Center and justified this action as one taken in solidarity with the Vietcong, the Tupamaros and others.

A search was also conducted of the interior of [redacted] and in the attic a number of items were recovered bearing the names of [redacted] and [redacted]. All of the above material was submitted to the FBI Laboratory for examination and results of this examination are set forth below. b6 b7C

The hand-written note beginning [redacted] we're very sorry " contained latent fingerprints which were identified by the Laboratory as finger impressions of [redacted] b6 b7C

The envelope bearing the message beginning "Eliot, do not put fingerprints" also contained latent fingerprints identified by the Laboratory as being finger impressions of [redacted] b6 b7C

It was further concluded that the handwriting on the envelope postmarked at New York, August 28, 1970, the accompanying hand-written note and the envelope containing the message on its outside, were all prepared by [redacted], based on comparison with known handwriting specimens. b6 b7C

In connection with the three-page document headed "Communique From The Underground," handprinting similarities were noted when the material was compared and this indicates [redacted] could have prepared the questioned handprinting. b6 b7C

The known handwriting specimen of [redacted] used for comparison purposes was an envelope and accompanying letter which he sent to his parents from New York, September 28, 1970. b6 b7C

The Laboratory further established that the stamp on the above-described envelope was torn from the stamp placed on the envelope postmarked at New York, August 28, 1970, and addressed to [redacted] b6 b7C

Several spiral notebooks were obtained in the search of the attic interior at [redacted] with writing on various subjects including the American Mathematics Research Center contract with the Army. It was concluded by the Laboratory that [redacted] prepared the majority of the questioned handwriting and handprinting in these notebooks, including the above-mentioned regarding the Army Mathematics Research Center. b6 b7C

One of the pages of the notebook contained a sketch which includes the words [redacted] and [redacted] which can be established as a map of the Sterling Hall area and an "X" is inserted at the spot where the explosion occurred on August 24, 1970. The Laboratory could not determine definitely whether [redacted] did or did not prepare the words [redacted] and [redacted] on the hand-drawn map. b6 b7C

The Laboratory, through additional examination and special photography, also developed indented writing on

one of the notebooks which contained an address in [redacted] a Madison telephone number and a log running from 2:25 until 4:27 recording traffic moving in the [redacted] area.

They departed at 2:00 P.M., saying they had to b6 b7C

meet friends in Ann Arbor, but would stop back. [redacted] said they returned at about 5:00 P.M., without revealing the names of the friends with whom they were to have visited, and [redacted] then borrowed some string to tie a loose license plate onto the vehicle they were driving. [redacted] said that [redacted] was extremely quiet during his stay, and [redacted] seemed to be very tired and almost in a depressed state, which was unusual for an outgoing person such as [redacted]. She said they departed from her apartment at [redacted] 1970. b6 b7C

[redacted] who was also in the apartment at [redacted], on [redacted] 1970, was also interviewed on September 15, 1970, and he furnished information similar to that of [redacted] b6 b7C

This document will be available upon issuance of a subpoena duces tecum directed to the Manager of the Western Union office in the city where prosecution is had.

[redacted] was reinterviewed on September 1, 1970, at which time he said that he had located his Western Union money order receipt in the amount of $53.75, dated August 27, 1970, payable to [redacted]. [redacted] stated that he had been informed by Western Union that the address of [redacted] was nonexistent and that the money order had to be routed to Manhattan Beach, Brooklyn, New York. He said that on August 28, 1970, [redacted] had telephoned him from New York, advising that he had not received the money, and [redacted] explained the mistake in address. b6
b7C

On September 15, 1970, Patrolman [redacted] Traffic Department, New York City Police Department, furnished the following information concerning a 1961 Plymouth automobile bearing Wisconsin license [redacted] owned by [redacted] of [redacted] Wisconsin:

b6
b7C

This vehicle was issued a summons for the offense of restricted car parking at 1259 Broadway, New York City, at 12:55 P.M., August 27, 1970. The vehicle was towed from the street on September 4, 1970. The vehicle was searched by Special Agents of the FBI, and was found to contain a number of items, including the following:

(1) Check book bearing on the outside cover the name [redacted]. Blank checks were inside this check book and also one check (number 141), made payable to the order of [redacted] in the amount of $75.00, signed [redacted].

b6
b7C

(2) One license plate facsimile bearing the message that postage was guaranteed by the Disabled American Veterans on

the back, and on the front, a facsimile of 1971 Wisconsin license [redacted]. b6 b7C

(3) A sheet of paper, apparently a letter, beginning, [redacted] here are the keys to the car" and ending, "I'll see you when I get back." It was signed [redacted] On the reverse side of this paper appears the name [redacted] and also the words, "[redacted]"

(4) Sections of the following newspapers:

a. "Chicago Daily News," dated August 24, 1970, carrying the first page headline, "Wisconsin U Bombs Kill One, Injures 4."

b. "The Blade," bearing the words Toledo, Ohio, August 25, 1970.

c. "Chicago Tribune," dated August 25, 1970, including a photograph of destruction at the UW Mathematics Research Center.

d. "The New York Times," dated August 26, 1970.

Other various items located in this vehicle, including a Texaco map of New York, and the rear-view mirror, were submitted to the FBI Laboratory for examination.

The FBI Laboratory determined that three latent fingerprints developed on the above-described check book could be identified as finger impressions of [redacted]. Also, b6 b7C

two latent fingerprints developed on the rear-view mirror, and eight latent fingerprints developed on the Texaco map of New York, could be identified as finger impressions of DWIGHT ARMSTRONG.

On September 18, 1970, there was obtained from [redacted] a specimen of the twine he stated was from the same ball from which twine was furnished to [redacted] on August 25, 1970. b6 b7C

On September 21, 1970, the string used to attach the rear license plate of the 1961 Plymouth vehicle described above, was obtained, and these items were submitted to the FBI Laboratory for comparison purposes.

The FBI Laboratory advised that the piece of string furnished by [redacted] and the string taken from the 1961 Plymouth vehicle were alike in composition, construction, color and diameter, and could be from the same source. However, the specimens are a very common type, and it would not be possible to positively identify them as having come from the same source. b6 b7C

[redacted] furnished information on various dates between September 2 and December 1, 1970, as follows: b6 b7C

He has been a [redacted] and he received a telephone call from [redacted] at his residence, [redacted], during the morning of August 27, 1970. [redacted] said he was in New York City, and asked [redacted] to drive him and a friend, whom he did not identify, from New York to Boston. [redacted] said he contacted another friend, [redacted] who resides at [redacted], and they drove to New York together to meet their friend, [redacted] on August 28, 1970. [redacted] and [redacted] met [redacted] shortly after their arrival, at the Columbia University campus near 116th Street, New York, at 6:30 P.M., August 28, 1970. [redacted] was sitting on a bench and mentioned that he was waiting for a friend who had gone to use a typewriter at the Columbia University Library. Shortly after the group met, [redacted] told [redacted] that he had read in "The New York Times" that a "new year's gang" had claimed responsibility b6 b7C

for the UW bombing on August 24, 1970, and that a large reward had been posted. [redacted] said jestingly to [redacted] that if [redacted] knew who did the bombing, they could make themselves $100,000.00. [redacted]1 [redacted]. The conversation resumed with no further discussion of the UW bombing. [redacted] also stated that [redacted] had asked him whether he had any contacts in Canada. [redacted] replied his only acquaintances in Canada were oarsmen with whom he had competed in rowing meets, but whom he did not know well enough to regard as friends. [redacted] also said that [redacted] told him that on his way to New York, he had stopped off in Ann Arbor, Michigan, to "see the white panthers."

b6

He went to [redacted], where [redacted] agreed to let [redacted] use the typewriter, and returned with [redacted] to the Gold Rail Bar on 111th Street, where [redacted] and [redacted] were waiting. The five of them then went back to [redacted] where [redacted] did some typing. [redacted] was unable to determine what was typed but stated it appeared to be some sort of application form or card. He further said that [redacted] asked [redacted] if he had any tape or glue and also asked for scissors. [redacted] said only a few minutes were spent in [redacted] and when they left, they returned to [redacted] and drove to a hotel on 103rd Street, where [redacted] went inside and returned with their luggage. [redacted] believed the luggage had been checked at the hotel, because of the short period of time that elapsed.

b6
b7C

At about 8:30 or 9:00 P.M., August 28, 1970, the four men drove to Boston, Massachusetts, following the major throughways, and arriving between 2:00 and 3:00 A.M., August 29, 1970. [redacted] directed [redacted] to a street corner near Boston University, where [redacted] removed their luggage from the car and entered an apartment building. [redacted] was unable to furnish this, but he did furnish a fingernail scissors to [redacted] to use. [redacted] said he did not observe exactly what material was being typed but had the impression it might have been a birth certificate. [redacted] further advised that he heard no conversation concerning the background of [redacted] but he recalls their saying that they planned to go to Canada.

b6
b7C

In regard to the typewriter used by [redacted] [redacted] said he last saw it in his apartment during November, 1970, but he did not know where it was at the present time, stating, "It just disappeared." [redacted] denied that he removed the

b6

DWIGHT asked for money to live on, naming no specific amount. She replied she did not readily have any money to send him and asked him to return home. He replied that he could not come home immediately because he had to stay in New York until September 1, 1970, to meet two friends, whom he identified. [redacted] said that one of the names may have been [redacted] whom she knew as a [redacted] for a campus newspaper, but she could not recall the second name. [redacted] asked DWIGHT to where she should send the money, figuring that he did not have money to stay in a hotel and would probably sleep in a park, as he had done before. DWIGHT first replied she should send the money to the Western Union office in the Empire State Building, but then agreed she should send the money to him in care of Western Union, 428 East Broadway, New York City. No mention was made of [redacted] during the call. On the afternoon of August 28, 1970, [redacted] wired $25.00 to DWIGHT ARMSTRONG in New York City. b6 b7C

[redacted] Western Union office, 2288 Broadway, New York, New York, advised that shortly before August 28, 1970, she had cashed a $50.00 Western Union money order addressed to [redacted]. [redacted] was shown photographs and stated that the individual for whom she had cashed the money order was identical to the photograph of [redacted]. b6 b7C

IV. LEGAL PROCESS

JOHN O. OLSON, U. S. Attorney, Western District of Wisconsin (WDW), Madison, Wisconsin, on September 2, 1970, authorized the filing of a Federal complaint charging KARLETON LEWIS ARMSTRONG, alias KARL ARMSTRONG; DWIGHT A. ARMSTRONG; DAVID SYLVAN FINE, and LEO FREDERICK BURT, with violation of Title 18, U. S. Code, Sections 2155(a), 2155(b), 1361 and 371.

Special Agent GEORGE P. BAXTRUM, JR. on September 2, 1970, filed the complaint as authorized before JOHN R. ADAMS, U. S. Commissioner in the WDW, at Madison.

A warrant was issued and delivered to the U. S. Marshal for the WDW at Madison, on September 2, 1970.

USA OLSON recommended bond be set in the amount of $200,000.00 for each of the defendants when they are located.

The affidavit, which was the basis for filing of the Federal complaint, set forth that the Madison Police Department had received a warning that the Army Mathematics Research Center would be bombed; that officers responding to the explosion had observed a light-colored Corvair speeding from the scene; and, that other officers in an adjoining county had stopped a light-colored Corvair carrying as passengers DWIGHT and KARL ARMSTRONG, DAVID FINE, and LEO BURT.

The affidavit further set forth that MAXIM SLITER had stated that KARL and DWIGHT ARMSTRONG had told him they were responsible for the bombing of the Badger Army Ammunition Plant on January 1, 1970, and that a nitrate bomb had been used. The ARMSTRONGs also advised SLITER that they were going to perpetrate further bombings in the near future and that these bombings would be done late in the evening so that no one would get hurt.

TOP TEN AND OTHER NEW LEFT
FUGITIVE INVESTIGATIONS

While considerable information of an intelligence and security nature has been developed on a continuing basis concerning Weatherman and other New Left activities, the lack of success in apprehending important fugitives in these categories, particularly those on the Ten Most Wanted Fugitives list, makes it increasingly important that additional emphasis be placed by all offices on the fugitive aspects of these cases.

Bureau airtel dated 8/5/70, directed to Chicago, Denver, Detroit, Los Angeles, New York, Phoenix and San Francisco under the caption [redacted] pointed out the need for assignment to the New Left squads in those offices Agents who have been successful in the past in fugitive work. As a further means of giving additional emphasis to fugitive cases in the above categories, the Boston, Chicago, New York and San Francisco offices, whose territories have been prime areas of New Left activity, should each immediately initiate a special squad which will handle exclusively the investigation of fugitives in these categories.

RE: TOP TEN AND OTHER NEW LEFT
FUGITIVE INVESTIGATIONS

It is the responsibility of the SAC in these offices to insure that this squad receives the supervision and manpower of highly qualified personnel with proven ability in fugitive-type work and in intelligence-gathering techniques in the Weatherman-New Left field. This special squad must be made up of Agents who have the best potential for the development of informants, surveillance work, and the pursuing of imaginative leads and development of information necessary to locate hard-to-find fugitives.

Each case must receive attention on a daily basis and all fugitive-type leads must be pursued expeditiously. Each case should be promptly reviewed to see that all leads suggested as a result of intelligence gathered heretofore have been fully exploited. Such a review may suggest more imaginative leads in light of data acquired in recent months in the investigation of individuals known to be assisting the so-called Weatherman underground movement.

There is attached a list of 46 fugitive cases considered to fall in the category of cases to be handled by the special squads in the designated offices. As will be noted, the offices listed above are origin in one or more of these cases.

These offices should, therefore, review the instructions outlined above for the key field offices keeping in mind that any information developed concerning this type fugitive should be promptly disseminated to the key offices so that there is close coordination in the handling of these most important fugitive cases.

While primary emphasis is being placed on the above offices, it is expected that all offices will fully share in the responsibility for the successful handling of these cases, since quite obviously the life style of these fugitives suggests they could reside in any area of the country.

RE: TOP TEN AND OTHER NEW LEFT
FUGITIVE INVESTIGATIONS

It will be the personal responsibility of each SAC to insure that the above instructions are fully implemented with the highest-type personnel available for such assignment.

The key offices (Boston, Chicago, New York and San Francisco) should advise the Bureau within one week of receipt of this communication as to plans to implement these instructions. These offices should also, thereafter, on a weekly basis furnish the Bureau under the above caption a summary airtel setting forth in a concise manner the progress and status of their efforts in these cases.

PERSONAL ATTENTION

TEN MOST WANTED FUGITIVES PROGRAM
BUDED: 2/1/72

Reference is made to SAC Letter 71-7 (G) captioned as above dated 2/16/71, which reminded all offices of their individual responsibility to undertake independent and self-initiated investigation regarding these important cases. This letter also reminded you that all continental offices must maintain these cases in a pending status and are to fully exploit investigative techniques looking toward the location of these fugitives.

I am greatly concerned at the lack of the results obtained. During 1971, only one Top Ten Fugitive was apprehended directly as the result of investigative activity on the part of the FBI. It is intolerable that those fugitives remaining on the list have not been apprehended after having been listed as Top Ten Fugitives for a considerable period of time. Far more independent action on the part of each field office as well as individual initiative on the part of personnel assigned to these cases is required in order to develop productive leads for the apprehension of these badly wanted fugitives. As Special Agent in Charge, you are personally responsible for seeing that these investigations receive close supervision and preferred attention, and are assigned to your best Agents qualified for this type of work. Since all continental offices, not only offices of origin, maintain these cases in a pending status and are expected to initiate productive investigation, each Special Agent in Charge must at this time personally review the qualifications of the case Agent and Supervisor to insure that the best men are so assigned. You are also to advise the Bureau by 2/1/72 of the administrative procedures followed in your office for insuring cases

are receiving continuous attention and set forth the self-initiated action you have taken; areas of emphasis; nature of investigation, such as informant development, surveillances, interviews, record checks, etc., devoted to Ten Most Wanted Fugitive cases.

At sixty-day intervals after 2/1/72 you are to furnish similar information, together with the number of Agent man hours expended, on the various types of self-initiated investigation. At that time, in the event no positive results or suggestions have been initiated in your office, the cases are to be reassigned and specific comment should be made in the next performance rating of the case Agent that it was reassigned from him in view of his failure to initiate or produce positive results.

The potential for violence on the part of all of the individuals involved in the "New Left" movement makes it particularly important that all possible steps be taken to apprehend those individuals charged with Federal crimes. The fact that a majority of the subjects on the Ten Most Wanted Fugitives List are in the "New Left" category makes it particularly important that these cases receive imaginative investigative attention. As has been noted previously, these cases offer an excellent opportunity for developing informants both in the security and criminal fields. There must also be continued close coordination of effort in the security and criminal areas to insure maximum results are obtained.

The office of origin in each Ten Most Wanted Fugitives case is to advise the Bureau immediately of the identity of the case Agent and Supervisor. The Bureau is to be similarly advised each time a new fugitive is added to the list. It is absolutely essential that the Bureau's performance in connection with this most important program be immediately improved. The Inspection Staff has been instructed to intensify its emphasis on these cases and to recommend drastic administrative action any time it is determined that the program is receiving inadequate and unimaginative attention. They will not be impressed with voluminous records of negative, nonproductive investigation, and will immediately identify those Agents, Supervisors, Assistant Special Agents in Charge and Special Agents in Charge who might try to adopt a fruitless policy of spending more time building a record to justify their inability to produce rather than concentrating their efforts on obtaining results.

AIR TEL

TO: DIRECTOR, FBI

FROM: SAC, PITTSBURGH (66-1129C)

RE: TEN MOST WANTED FUGITIVES PROGRAM

ReBuairtel to Albany 1/21/72.

In accordance with the instructions reflected in reairtel the following administrative and investigative procedures have been and are being followed in the Pittsburgh Division for insuring that captioned cases are receiving continuous investigative attention.

These cases are assigned to SA's well qualified to handle this type of case and the cases are set up on tickler, allowing frequent review, to insure that proper emphasis is placed on each case by the SA handling it.

Each case is subjected to immediate credit, arrest (including placing of stops where appropriate), spot labor pool checks and blood bank checks. Investigation is also conducted at welfare offices, including the offices of welfare that handle food stamps. In this regard it is to be noted that there are two blood banks in Pittsburgh, Pa., and one County welfare office and all are extremely sensitive in nature.

[redacted] b7D

Pittsburgh constantly spot checks and surveils, when appropriate, known New Left communes and other places where the Weathfugs might be located. Informant penetration of these places is given highest priority.

All logical individuals who might be in a position to furnish information regarding the location of captioned fugitives or the contacts of these fugitives are interviewed on a continuing basis. Pittsburgh continues to develop informants who are in a position to furnish worthwhile information on the location of Top Ten Fugitives, including the assigning of certain criminal and security informants to identify contacts of Top Ten Fugitives and also to immediately advise when an individual of unknown identity, who might be connected with captioned subjects, comes into the Pittsburgh area.

The toll records of suspected New Left contacts and individuals who might possibly be in contact with captioned subjects, including those individuals other than New Left type, are continuously monitored and leads set forth for identification of subscribers, when deemed appropriate.

Pittsburgh also continues, as it has in the past, to disseminate Wanted Flyers and IO's to individuals who might, through their occupation, be in a position to observe or come into contact with captioned subjects.

To insure division-wide coverage and continuing investigation, all agents memoranda, which includes resident agents, are periodically disseminated, requesting investigation of the above nature to insure that all possible avenues are explored.

The above actions will continue and new avenues of investigation which will produce results will be explored and effected when logical. The Pittsburgh Office will afford this program added emphasis leading toward the apprehension of Top Ten Fugitives.

ReBuairtel to SAC Albany, copies all other offices, entitled, "Ten Most Wanted Fugitives Program," dated 10/6/72.

On 9/4/70, captioned subject was added to the Bureau's list of Ten Most Wanted Fugitives.

The following is a succinct summary of investigation conducted to locate subject during the initial six months, and to date, since being placed on the Most Wanted List:

Liaison being maintained with state, local, and county police, both in Pennsylvania and West Virginia. Circularization of used car dealers has been made in West Virginia. Informants in the Pittsburgh Division are continuing to be canvassed for any information concerning subject that may come to their attention. Logical investigation suggested by a thorough review of instant file regarding subject's background (i.e. relatives, prior associates, available records) has continued. Extensive publicity through news media and circulation of Most Wanted publications. Appropriate spot checks and surveillances of known New Left communes, including informant penetration of same.

Inasmuch as subject has not as yet been located and no leads are outstanding from OO Milwaukee, it is recommended this case be placed in a pending inactive status. Pending inactive status notwithstanding, actions summarized above in addition will be continuously explored and effected in this matter.

Milwaukee report of SA [redacted] dated 11/20/72. b6 b7C

-P-

ADMINISTRATIVE

The guilty plea and conviction of [redacted] b6 b7C set forth in instant report, is regarded by Milwaukee as an action which may result in other Wisbom fugitives surrendering themselves. The [redacted] defense counsel has expressed the opinion that the plea bargaining resulting

~~CONFIDENTIAL~~

in [redacted] was fair and it is believed that court action in this regard will be disseminated in the radical underground. Milwaukee has in preparation a LHM summarizing the violations in the Wisbom case and setting forth action by the courts concerning [redacted]. This has been prepared for information of legal attaches since there is a strong likelihood that the fugitives are being harbored outside the United States, however, the Bureau will also be requested to consider dissemination to all field offices so they are aware of latest developments in this case. b6 b7C

In addition to the plea bargaining mentioned above and described in the details of the report, USA JOHN O. OLSON advised on 1/30/73, that he had conferred with local prosecutors and was considering contact by the prosecution with the families of [redacted] and [redacted]. Mr. OLSON planned to contact the families, probably through the intermediary of their lawyers and hint at a reduced sentence in the event the fugitives made a family contact and were induced to surrender. b6 b7C b6 b7C

Mr. OLSON advised informally on 7/16/73, that he contemplated contact in the near future with the [redacted] family attorney to determine if a message could be passed on to the fugitives suggesting the possibility of a reduced sentence. The FBI has continued its fugitive investigation in this case and has played no role in the above described prosecutive maneuver. b6 b7C

In addition to running out the various leads mostly resulting from look-a-like sightings, self-generated investigation has also been conducted by offices primarily concerned with the Wisbom case. The Philadelphia Office has maintained a mail cover on [redacted] and has also conducted toll call record investigations from the same address.

Milwaukee has also conducted investigation concerning telephone toll calls in connection with the parents of fugitive DWIGHT ARMSTRONG or [redacted]. These leads, as well as license plate checks, have been primarily directed toward investigation in Canada since that is where [redacted] and where DWIGHT ARMSTRONG was positively verified as residing in a fugitive status. b6 b7C

[redacted] have also been noted and appropriate investigation conducted in the United States and Canada to identify these individuals and determine if they may have any contact with fugitive DWIGHT ARMSTRONG. Several of this type of lead remains outstanding for the Legat Ottawa to obtain from [redacted] in addition to the following: b6 b7C b7D

1) Milwaukee airtel and LHM 9/5/73, described a check issued in Canada payable to the [redacted] which was presented to a bank in Madison. b6 b7C

2) Bureau airtel to Legat Ottawa 9/19/73, set forth lead regarding individual in Saskatchewan who claimed to know the whereabouts of Wisbom fugitives.

3) Bureau airtel to Legat Ottawa 9/28/73, set forth lead to contact employee at Canadian Embassy in New Delhi, India, who claimed to have seen an individual there closely resembling [redacted]. b6 b7C

Other legal attaches in Europe have also been alerted from time to time during the period of this report concerning the possible appearance of the fugitives on the continent based on available information indicating all three have left Canada at various times since 1970.

b6
b7C

Legat London was reminded of the interest in [redacted] by [redacted] prior to the [redacted] in July 1973, since [redacted] was to participate.

In August 1973, Legat Bonn advised that an individual giving the name [redacted] had called the American Embassy at the Hague to say he was wanted in connection with a bombing in Madison, Wisconsin, and wished to surrender. Through liaison sources, considerable investigation was conducted in this regard but it was finally determined that the caller was most likely an imposter who had read of the Wisbom case in a detective magazine circulated in Europe at the time.

b6
b7C

As set forth above, Milwaukee has in preparation a LHM describing the facts of this case so that legats will have in their possession a summary of pertinent information enabling them to appropriately handle any future contact which may occur in regard to the Wisbom fugitives.

The Bureau has been previously advised that [redacted] was paid to [redacted] by [redacted] following verification that he was the individual who furnished [redacted] the location of [redacted] Although the identity of [redacted] and the fact that the payment had been kept confidential, the [redacted] of [redacted], told the press on 2/25/73, that he had authorized payment of reward made to an unidentified individual for turning in [redacted]. At this point Wisconsin prosecutors were beginning preparation for the prosecution of their case against [redacted] in local court and had not known of the payment to [redacted]

b6
b7C
b7D

Since [redacted] appeared to have value as a prosecution witness his identity was revealed to Wisconsin Assistant Attorney General MICHAEL ZALESKI and ZALESKI had another assistant

b6
b7C

attorney general, DOUGLAS HAAG, travel to Michigan to interview [redacted] in connection with possible testimony at the [redacted] trial. b6 b7C

On 3/26/73, a copy of the interview report concerning [redacted] was furnished by ZALESKI and this report sets forth substantially the same information as obtained from [redacted] in interviews previously with [redacted] and the FBI. [redacted] did mention on this occasion acquaintances of DWIGHT ARMSTRONG known as [redacted] (LNU). Leads were set out requesting [redacted] investigation in this regard and in report dated 5/30/73, [redacted] advised that [redacted] had been interviewed. She was described as [redacted] and said she had known DWIGHT ARMSTRONG under the alias [redacted] but was unable to provide any details relative to either of the ARMSTRONG brothers. [redacted] identified [redacted] (LNU) as [redacted] and results of interview with her are set forth in details of instant report. b6 b7C

In regard to [redacted] Mr. ZALESKI has advised that he has learned [redacted] is presently in jail in [redacted] on narcotics charges. b6 b7C

Concerning the one hundred thousand dollar reward offered by the Board of Regents in this case, [redacted] UW Department of Protection and Security, advised on 10/10/73, that the Board of Regents was reluctant to continue this reward in fear that friends or relatives of the fugitives in this case may follow the example of [redacted] in plea bargaining and then gain a substantial portion of the reward offered in return for surrendering the fugitive. [redacted] advised that it appeared that the Board of Regents would make a public announcement concerning withdrawal of the reward offer but that on a confidential basis, some portion of the reward would be b6 b7C

CONFIDENTIAL

retained and would be available to a bona fide source who furnished information leading to the apprehension of the subject. The above has been set forth administratively since it is believed that the reward withdrawal will not receive world-wide publicity and it is in the best interests of this investigation to let stand information concerning a reward offer even though it may be in a lesser amount.

[redacted] has been in contact with the War Resisters League (WRL) in New York City and the Toronto Anti-Draft Board (TADB) in Canada, which were the organizations responsible for harboring the ARMSTRONG fugitives in Canada. This source advised on 12/13/72, that on a recent visit to the TADB, the leaders appeared much more relaxed than previously leading the source to believe that DWIGHT ARMSTRONG was no longer in the Toronto area. This source had previously advised that [redacted] of the WRL, had received word from Algeria that the situation had been settled and everything was all right. b6 b7C b7D

[redacted] has also furnished information concern [redacted] who reportedly shot footage of the ARMSTRONG fugitives in Canada and has since moved to Europe. [redacted] advised that apparently the ARMSTRONGs had been edited out of the final version of [redacted]' which had been prepared under the auspices of the National Council of Churches. New York airtel to Bureau 8/23/73, set forth a lead for Legat Paris to determine [redacted] whereabouts and through liaison sources attempt to elicit information from him concerning the whereabouts of DWIGHT ARMSTRONG. b6 b7C b7D

Milwaukee has exluded from details of instant report the many cases of look-a-like sightings which have been reported and checked out negatively during the period of this report. The exception is in Section 4 of instant report which sets forth results of investigation in matters which were unresolved in details of referenced report.

~~SYNDICATE~~ TOP TEN FUGITIVE PROGRAM

SYNOPSIS: [redacted] claimed that [redacted] was in contact with fugitive DWIGHT ARMSTRONG but authorities skeptical of this claim. [redacted] interviewed acquaintances of DWIGHT ARMSTRONG's, July 1973, who said DWIGHT admitted participation in Wisconsin bombing. [redacted] hostile toward law enforcement. Additional background developed regarding subjects [redacted] and [redacted] through contact with friends and family. [redacted] reportedly wrote an article published in University of Wisconsin (UW) campus newspaper. Additional evidence and witnesses developed for prosecutive case against subjects. Canadian Federal Panel dismissed [redacted] appeal for extradition on 1/9/73, and Canadian Supreme Court upheld on 3/5/73. [redacted] was brought back to United States [redacted], arraigned [redacted], and held Dane [redacted] under $450,000 bond. [redacted] refused FBI interview. Department of Justice approved furnishing FBI evidence and agent testimony against [redacted] in state court. Various motions filed by [redacted] defense seeking to suppress evidence against him, including allegation that FBI conducted illegal electronic surveillances in this case. USA submitted letter of denial 8/3/73. Plea bargaining became serious between state prosecutors and [redacted] defense in September 1973, resulting in agreement 9/26/73 for [redacted] to plead guilty to second degree murder on Sterling Hall bombing and to arson on several previous charges where indicted locally. I. ADDITIONAL BACKGROUND REGARDING FUGITIVES

A. DWIGHT ARMSTRONG

Investigation by the Memphis Office reveals that [redacted], date of birth [redacted], was extradited from Toronto, Ontario, to Nashville, Tennessee, on July 21, 1973, to face local murder charges. [redacted] requested to talk to a FBI agent and stated that he had been in the same cell as [redacted] in Toronoto and had many discussions with him. [redacted] said he believed [redacted] was in constant communication with his brother DWIGHT ARMSTRONG, but was unable to furnish specific information. Because of his association, [redacted] said he felt able to travel about and furnish information to the FBI. b6 b7C

The above information was furnished to [redacted], who in a letter dated August 22, 1973, verified that [redacted] and [redacted] had been [redacted]. [redacted] regarded it as possible that [redacted] had been in indirect communication with DWIGHT while incarcerated through members of the committee which supported him but felt that the value of [redacted] in aiding the FBI in this matter was very questionable. [redacted] pointed out that [redacted] extradition had received publicity in Canada and he would be suspect in any group he contacted. [redacted] expressed the opinion that [redacted] was trying to win favor in consideration of the homicide charge against him and should not be considered for assisting the FBI nor allowed to return to Canada. b6 b7C b7D

Another letter from [redacted] dated August 8, 1973, advised that they had interviewed one [redacted] date of birth [redacted], who had been [redacted] of DWIGHT ARMSTRONG when he was in Toronto. [redacted] said that she had known ARMSTRONG from March to July 1971, and that he had indicated a desire to travel to Cuba and/or Algeria. He said he had Canadian sources who could help him leave the country and that his two other associates were already in Algeria. [redacted] also recalled that DWIGHT b6 b7C b7D

depended entirely on [redacted] for support and that he was constantly hungry and broke while in Canada. While in Canada, DWIGHT smoked Belvedere cigarettes according to [redacted], [redacted] stated ARMSTRONG talked very little about his past except to remark that he was being sought by United States authorities for a bombing. Although [redacted] knew DWIGHT ARMSTRONG as STEPHEN THOMPSON, she learned his true identity by looking through back issues of "Time" magazine at the public library in Toronto. b6 b7C

In the December 8, 1972, issue of the "Milwaukee Sentinel", a Milwaukee daily newspaper, an article was printed setting forth that the ARMSTRONG fugitive's parents, DONALD and [redacted] ARMSTRONG, were very bitter against the court system which was at that point hearing extradition proceedings on [redacted]. DONALD ARMSTRONG claimed that the government was attempting to destroy [redacted] and was no better than the Soviet Union or Nazi Germany. b6 b7C

In the March 9, 1973, issue of the "Milwaukee Journal", another daily Milwaukee newspaper, DONALD ARMSTRONG was quoted as saying that he did not think [redacted] could get a fair trial in state court and claimed that neither of his sons could receive a fair trial in the United States. b6 b7C

[redacted] b6 b7C

II. INFORMATION OF PROSECUTIVE VALUE IN WISBOM CASE

A plywood board approximately three and one-half feet in length was located by FBI agents at a location near Baraboo, Wisconsin, where investigation showed the explosive device for the Sterling Hall bombing had been assembled. The board was identified by a chemical fertilizer dealer, [redacted] as one he had furnished to [redacted] to shore up the door of a U-Haul trailer to prevent nitrate fertilizer from running out on to the ground. The FBI Laboratory in 1970 examined the board and found chemical nitrate traces on it. b6 b7C

In preparation for state proceedings against [redacted] the Wisconsin State Crime Laboratory made available another plywood board approximately three and one-half feet in length identified as recovered from [redacted] by the Madison Police Department on September 25, 1970. The first plywood board and the one later recovered were submitted to the FBI Laboratory and attached hereto is the Laboratory report in this matter. b6 b7C

On June 18, 1973, Wisconsin Assistant Attorney General MICHAEL ZALESKI, advised that in preparation for the State of Wisconsin murder trial against [redacted], an additional witness had come forward, who had apparently not given his story previously to any law enforcement agency. Mr. ZALESKI noted that this witness, [redacted] is in frequent contact with city and county law enforcement officers. [redacted] claimed that he told his story to somebody in law enforcement shortly after the bombing of Sterling Hall in August 1970, but a canvass of all local agencies reflects that none has any information concerning the information [redacted] has furnished concerning the Sterling Hall bombing.

(10:05 a.m.)

(Questioning by [redacted])

Q So, for the record, then, would you state your full name and address please? b6 b7C

A [redacted], [redacted] is my home address.

[redacted] . . .

Q Is your business address?

A Is my business address.

Q And, when is your date of birth, [redacted]?

A Well, [redacted]. I don't know if it's [redacted] or [redacted]--I mean I'm [redacted] years old.

Q Then [redacted] right--[redacted]?

A This is always a question. [redacted], that is at least what I got on my driver's license. b6 b7C

Q Okay, going back to August 24, 1970, would you relate where you were and what you were doing at approximately 2:00 a.m.?

A I was down at the business.

Q At . . .

A At [redacted] I was sleeping in a back room.

Q Were you on stand-by?

A I was on stand-by wrecker service.

Q And, subsequent to 2:00 a.m. did something occur that awakened you and spurred you into action?

A Yeah, this--this big explosion seemed to happen, and I had no idea what was going on, and I noticed our front windows were out, and I immediately went outside.

Q Now, assuming that Park Street runs north and south, when you left your building, which faces [redacted], did you go [redacted], to the [redacted]? b6 b7C

A No, I went [redacted].

Q To the [redacted]?

A I went [redacted] I run down--I thought possibly, ah, a tank load of fuel up on the tracks or something had exploded, or something around the trains. They do alot of shifting on the railroad tracks there, and I thought some big explosion on the tracks had taken place or something, and I run down toward

the tracks, in front of it was Snoopy's Bar at the time, and looked in their parking lot and looked down the tracks a ways, couldn't see anything, and I turned around and was on the way back to the station.

Q And, as you proceeded back to your place of business, did you observe vehicular traffic?

A The first thing that I seen was a squad car.

Q What color was that squad car?

A It was either green or blue.

Q And, was it a Madison squad car?

A Dane County.

Q A Dane County squad car?

A It was a Pontiac wagon. One of their county cars.

Q Which direction was this county squad car proceeding?

A North.

Q And, was it sounding its siren?

A At first, when I heard it, it was, and that was in front of the Madison General Hospital--the other side of Regent Street.

Q Was it flashing its red light?

A This I wouldn't say. I couldn't answer that for sure.

Q And, the squad car . . .

A Was coming north.

Q And, it came adjacent to you in the street?

A Yes, and in the mean time then there was another car coming from the north under the viaduct.

Q Travelling south?

A Travelling south, and it seemed like a fairly high rate of speed.

Q Was there anything peculiar about that vehicle?

A It had a real loud muffler--I mean the muffler--either there was no muffler, or real loud--I mean . . .

Q Uh-huh?

A And, I turned around, and I noticed then--I started--the car was just coming under the viaduct.

Q I show you a photo and ask you if you can identify that photo?

A It was a car of this type. It was a small, light colored Corvair. This I'm sure of. I was under the impression that it was an older model Corvair. This is apparently a '65 - '67, and I was under the impression that it was a '63 - four, in there.

Q But, the vehicle that you observed was comparable?

A Yes, it was definitely a light colored Corvair.

Q Did you observe any of the occupants in this vehicle?

A Ah, there was three I noticed--three people, two in the front, and I noticed one in the back.

Q And, were you able to see any of the three?

A The driver is the one that--is the only one I can--because he was on my side right under the light real good.

Q Did you get a full and complete view of the driver?

A Just what you would see in a car as he was looking out, and

he looked right at me. He looked towards me.

Q How would you describe this individual?

A Oh . . .

Q Let's start with the hair. Did he have a full head of hair?

A Oh, he had [redacted]. b6 b7C

Q And, was he [redacted]?

A Yes.

Q And, how big a man did he appear to be? Was he heavy, or was he light?

A What you could see in the car he looked comparatively [redacted]. That is what I would say.

Q And, was he wearing clothing that you were able to see?

A I'm not real sure, but it seemed like he had a light shirt on--light colored shirt.

Q All right, I show you some photographs, which are full-faced photographs of individuals, and ask if you can identify anyone in that group of photos?

A (The witness looks through the photographs and hands one to [redacted].)

Q All right, the photograph that you identified is a photograph that bears the number [redacted], and it's a photograph of [redacted] b6 b7C [redacted]. And, now, [redacted], to a reasonable degree of certainty, this is the individual that you saw driving the Corvair that was proceeding south on Park Street on the night of August 24, 1970?

A Yes, I would say that that is the boy that turned the corner on Spring Street.

Q Okay, now, after this vehicle approached you and was along side of you, what course of action did it follow?

A I don't know. All I did was seen the car turn the corner on . . .

Q Well, then it turned?

A It turned.

Q It turned?

A On Spring Street to the west.

Q It turned to the right onto Spring?

A Yes.

Q And proceeded westerly?

A Yes.

Q And, did you observe the vehicle go down the street any distance?

A Just for a block. I don't know if it turned or not. It had to turn several blocks, but I don't know which way.

Q Did you observe the county squad car any further?

A The county squad car went straight through under the viaduct.

Q Did you hear anything that might have been said by the county officers as they proceeded past you?

A No, no. They were going at a high rate of speed.

Q Their attention was directed to the north?

A Yes, they did not follow the Corvair.

Q Were you alone in your place of business that evening?

A Ah, no, [redacted] (phonetic) was there with me. b6 b7C

Q And, after the explosion, which awakened you, was [redacted] still on the scene?

A He was in the station, and instead of him coming with me down to the parking lot and stuff he undoubtedly stayed around in case the telephone--see if it would ring and answer it, which was his . . .

Q His function?

A Yes.

Q Uh-huh, would you describe the lighting conditions in that area on the night in question?

A Lighting--it was a clear night, and, ah, the lighting conditions at this particular spot was good. There is a large street light--regular street light on the corner by the Roman Inn there and another street light back towards the viaduct, but the one at the Roman Inn is the important street light, because that come in front--front of the car.

Q That provided illumination?

A Yeah.

Q Did you make any observations of the other people in the car?

A No, not really. It wouldn't be fair at all. The only one that I can really say I seen was this one photograph that I pointed out that--it just seemed to stand out, but I do not--I never met [redacted] or anything that I can say it was him definitely. I never met the man. I don't know. b6 b7C

Numbered Page 27 is Missing.

Q This was the person driving the vehicle?

A It was this [redacted] one with the [redacted] b6 b7C

[redacted] and he looked at me and sort of smiled.

Q And, the photo you observed was a pictorial representation of the person you saw driving?

A Yes, as far as you can say.

Q Now, in regard to the statement that you're giving, [redacted] isn't it a fact that although this statement is voluntary, you didn't come to us, and . . .

A No.

Q And, volunteer this information?

A No. I mean, the boys asked me what I seen down there.

Q In other words, we became aware of you through our own efforts?

A Yes.

(Discussion off the record.)

Q [redacted] this statement that you have given us is a voluntary statement? b6 b7C

A Well, I don't know if it's voluntary . . .

Q Well, we haven't used any coercion, or duress, or promised you anything to secure this statement?

A No.

Q It's been of your own free will and . . .

A Well, I--all I can say is yes.

Q And, it's true and correct to the best of your knowledge and belief?

STATE OF WISCONSIN)

COUNTY OF DANE)

I, [redacted] Stenographic Reporter for the Dane County District Attorney, do hereby certify that the above and foregoing is a true and accurate transcript of [redacted] taken on June 19, 1973, and reduced to typewritten form.

b6
b7C

Dated this 19th day of June, 1973.

[redacted]

The August 10, 1973, issue of the "Capital Times", a Madison, Wisconsin, daily newspaper, set forth that Mr. ZALESKI had submitted a communication from USA JOHN O. OLSON and the heads of other state government agencies and all had disclaimed any surveillance activity, wire tapping or electronic surveillance in connection with the investigation of [redacted]. b6 b7C

In the August 14, 1973, issue of the "Wisconsin State Journal", another daily Madison newspaper, Attorney [redacted] filed with Judge SACHTJEN a motion requesting a hearing concerning whether agents of the government were involved in a break in on August 5, 1973, of his law office and several others in the same building. b6 b7C

The August 25, 1973, issue of the "Capital Times" set forth that Madison Police had taken into custody a former mental patient who admitted burglarizing the building housing the law office of [redacted]. b6 b7C

On September 6, 1973, Mr. ZALESKI advised that the trial date for [redacted] had been set to begin on [redacted], and that he had informally contacted defense attorney [redacted] on that date concerning the possibility of [redacted] pleading guilty to a lesser charge. b6 b7C

Mr. ZALESKI further advised on September 12, 1973, that [redacted] had expressed interest in the offer to reduce the charge against [redacted] from first degree to second degree murder and to consolidate all other charges under the twenty-five year maximum second degree murder sentence in return for guilty pleas on all counts. ZALESKI and [redacted] informally agreed that in regard to degree of involvement in the case [redacted] was the most deeply implicated following in order by [redacted] and DWIGHT ARMSTRONG. A deadline of September 17, 1973, was set for acceptance of the prosecution offer offer, but on that date [redacted] asked for a further extension until September 21, 1973. b6 b7C

Mr. ZALESKI advised on September 21, 1973, that [redacted] had again contacted him saying that he needed to consult with other supporters of [redacted] and would give a final answer on September 22, 1973. Mr. ZALESKI advised on September 22, 1973, that [redacted] had called him at home and orally agreed to the plea bargain assuming that the Federal prosecutor would agree to recommend a sentence of no more than twenty-five years with the sentence concurrent with that of the state. b6 b7C

Following conferences between the offices of the USA, Wisconsin Department of Justice, Madison City Attorney and [redacted] defense staff on September 24 and September 25, 1973, an agreement was signed by [redacted] on September 26, 1973, which is as follows: b6 b7C

MI 98-879

b6
b7C

Madison's afternoon newspaper, "The Capital Times," on October 2, 1973, carried a prominent story speculating that fugitive DWIGHT ARMSTRONG would turn himself in at his brother's hearing on or about October 15, 1973. Madison's morning newspaper, "The Wisconsin State Journal" set forth in its October 3, 1973, edition that the story of ARMSTRONG's imminent surrender was without foundation.

The October 3, 1973, issue of the "Daily Cardinal" also quoted a member of the [redacted] defense staff as denouncing the DWIGHT ARMSTRONG surrender forecast as fabricated and irresponsible journalism.

IV. INVESTIGATION PENDING IN PREVIOUS REPORT

A. [redacted]

It has been previously reported that [redacted] had been deported from Canada to the United States in 1972, and that he claimed to have been acquainted with [redacted] and DWIGHT and [redacted] while he was in Toronto. [redacted] was reinterviewed at Mishawaka, Indiana, on June 15, 1973, and stated that he felt he had sufficient contacts established in Canada for possible assistance to the Bureau in locating the fugitives in this investigation. The situation regarding [redacted] has previously been discussed with [redacted] and in [redacted] 1972, [redacted] was of the opinion the disadvantages out weighed the advantages of utilizing [redacted] in Canada because of his questioned reliability, deportation and prior involvement in drug activities. b6 b7C b7D

In view of the above, the Bureau and Milwaukee concurred that [redacted] did not offer value in this investigation either as a witness or in providing assistance in locating the fugitives. b6 b7C

B. [redacted]

It has been previously reported that [redacted] after apprehension on a bond default charge on [redacted], 1972, claimed to have known [redacted] while a fugitive in Canada. b6 b7C

[redacted] claimed that [redacted] was hiding out in a cabin in the wilds of northern Ontario near a lake which could only be reached by plane. b6 b7C

Reports of [redacted] dated November 28, 1972, December 1, 1972, December 6, 1972, and February 5, 1973, set forth results of extensive investigation to check out [redacted] story all with negative results. b6 b7C b7D

It is further noted that [redacted] has been described by his jailer as craving attention and probably primarily interested in reducing his sentence by whatever means possible. b6 b7C

C. ONTARIO FARM COMMUNE

In a report prepared by [redacted] on January 24, 1973, it was set forth that under authority of a search warrant, a farm located near Gormley, Ontario, was searched on December 14, 1972. In addition to the Canadian residents on the farm, [redacted] also identified [redacted] date of birth [redacted], in Michigan; [redacted] date of birth [redacted], in Wisconsin; and [redacted], date of birth [redacted], in Wisconsin. b6 b7C b7D

A search of the premises resulted in locating drugs and an enclosure was discovered in the basement which in all probability had been a root celler but could be used as a hide-out.

[redacted] was indicted by a Federal Grand Jury at Detroit, Michigan, on May 16, 1972, and charged with violation of Title 50, Appendix, Section 462, United States Code. On May 19, 1972, a warrant for [redacted] arrest was issued by the United States District Court at Detroit, Michigan, for violation of the United States Selective Service laws. On January 23, 1973, the criminal docket in the office of the clerk, United States District Court, Detroit, Michigan, revealed the warrant for [redacted] remained outstanding. b6 b7C

Records of the Milwaukee Police Department reflect that [redacted] was arrested by the Milwaukee Police Department on [redacted] 1970. [redacted] was among a group of demonstrators. After a disturbance erupted during this b6 b7C

demonstration, the Milwaukee Police Department declared the demonstration to be an unlawful assembly and ordered the demonstrators to disperse. [redacted] failed to disperse and was charged with unlawful assembly. b6 b7C

[redacted] was sentenced to a ninety day jail term in the Milwaukee County Circuit Court on May 5, 1970. However, the sentence was stayed and [redacted] was placed on probation for nine months. [redacted] appealed the conviction in Milwaukee County Circuit Court of Appeals and on [redacted] 1970, the original charges were dismissed. b6 b7C

[redacted] was interviewed regarding his being in contact with a commune in Gormley, Ontario, Canada. [redacted] identified [redacted] and [redacted] as being personal friends whom he initially met in the "hippie" area of East Milwaukee approximately four years ago. He described [redacted] and [redacted] as "flower children" and to his knowledge devoid of any involvement in "radical" political activity. [redacted] advised that he has maintained limited written and telephonic contact with [redacted] and [redacted] and at no time has there ever been any mention of a fugitive residing at their commune. He doubted that [redacted] and [redacted] would ever knowingly allow their "pad" to be utilized by a fugitive or any individual involved in violent acts. [redacted] stated he believed [redacted] and [redacted] were no longer in Canada but were currently traveling around the United States. b6 b7C

[redacted] was interviewed on September 20, 1973, by Special Agent [redacted], in the presence of Assistant United States Attorney [redacted] at [redacted] Madison, Wisconsin. The site was the office of [redacted] at the request of [redacted] who had identified [redacted] as her [redacted]. Special Agent [redacted] identified himself by display of credentials to [redacted] and [redacted] and advised them of the reason for interview. This was based on information from Canadian law enforcement authorities that they had raided a farm commune near Gormley, Ontario, where a number of Wisconsin citizens had been in residence. Based on the knowledge that a number of fugitives from Wisconsin had fled to Canada, it appeared that the farm near Gormley could have been used as a hide-out for one or more of these fugitives.

[redacted] identified herself, verified that she had been a [redacted] at the farm commune near Gormley and stated that at no time to her knowledge had any fugitive been harbored at the farm.

DWIGHT ALAN ARMSTRONG
IO # 4396
WF 458

The three individuals aforementioned have been charged in the bombing of a building on the campus of the University of Wisconsin (UW) - Madison, Madison, Wisconsin, in which a research worker was killed and multimillion dollar damage caused.

On September 30, 1970, the aforementioned three individuals and KARLETON LEWIS ARMSTRONG were indicted by a Federal Grand Jury on charges involving conspiracy in violation of Title 18, United States Code, Section 371, a charge involving destruction of government property in violation of Title 18, United States Code, Section 1361, and Title 18, United States Code, Section 2, a charge involving the use of a destructive device to damage government property in violation of Title 18, United States Code, Section 924(c), and Title 18, United States Code, Section 2, and a charge involving possession of a destructive device which had not been registered in the National Firearms Registry in violation of Title 26, United States Code, Section 5861(d), 5871, and Title 18, United States Code, Section 2. In addition, DWIGHT and KARLETON ARMSTRONG were indicted on September 15, 1970, by the Grand Jury on two charges, one an attempted sabotage charge in violation of Title 18, United States Code, Section 2153(a) and a conspiracy charge in violation of Title 18, United States Code, Section 371. This concerned an unsuccessful air bombing attempt on the Badger Army Ammunition Plant near Baraboo, Wisconsin, on January 1, 1970.

In addition, the two ARMSTRONGs, BURT, and FINE were indicted by a State of Wisconsin Grand Jury August 30, 1971, on charges of murder in violation of Wisconsin Statute 940.01 (1), which was also for the bombing of Sterling Hall on the UW campus August 24, 1970.

On February 16, 1972, [redacted] was apprehended in Toronto, Ontario, Canada, by [redacted] and on March 7, 1973, he was extradited from Canada to the United States to stand trial on the State of Wisconsin charge named above and on other arson counts for which he was indicted. b6 b7C b7D

[redacted] Wisconsin Deputy Attorney General DAVID MEBANE advised on October 10, 1973, that the State of Wisconsin would be willing to extradite the remaining Fugitives from any foreign country with which the United States has normal diplomatic relations.

Following the arrest of [redacted] interviews were conducted with several individuals who had known [redacted] and his brother, DWIGHT, while both were in a Fugitive status in Canada following their flight to that country after the bombing on August 24, 1970. These individuals were told by the ARMSTRONGs that two other Fugitives, [redacted] and [redacted] had fled to Algeria.

[redacted] has advised that some time following the arrest of [redacted] DWIGHT ARMSTRONG also was able to leave Canada and go to Algeria.

Following the bombing of Sterling Hall, the UW Board of Regents announced a reward offer totaling $100,000.00 for information leading to the arrest and conviction of the individuals responsible for the bombing. One of the Regents has advised the press that some of this reward money was paid to an informant for information leading to the capture of [redacted].

Early in October, 1973, the Board of Regents became fearful that the substantial reward offered in this case might be claimed by a friend or family member of one of the Fugitives in connection with their being surrendered on a plea bargaining basis. Accordingly, the Regents issued a public announcement saying that the reward offer was being withdrawn. The [redacted] of the Board of Regents, [redacted] on November 5, 1973, advised, however, that he was aware the reward offer had received widespread publicity and that its withdrawal had probably received notice only in the local press. He advised that on a confidential basis, the Board of Regents would retain several thousand dollars of the reward fund and if a bona fide tipster from a distant area put

in a claim for reward money in return for turning over one of the Fugitives, the Regents would still give this favorable consideration.

The Fugitives in this case have been described as follows:

Repeated contacts with W. Va. State Police, Grantsville, W. Va., the last being this date, determined they continue to have no information or knowledge re names of [redacted] and [redacted]. b6 b7C

On 11/25/74, [redacted] (PROTECT AND PARAPHRASE IN ANY OUTGOING COMMUNICATION), [redacted] was contacted. [redacted] is a [redacted] year old white male, employed by [redacted], who [redacted] in the rural area concerned. He is the only area resident who has relatively free access to the commune. He advised the commune residents never use/last names, even at the commune, and when they do use a last name to someone, it is usually fictituous and totally misleading. He advised he knows of no other person who would know the commune members as well as he does. b6 b7C b7D

However, he advised that while there has been a [redacted] LNU and [redacted] UNK at the commune in the past, he had no way of knowing if they were the persons referred to above. He advised there has been an [redacted] LNU at the commune, but he is supposed to have left about 3 months ago. b6 b7C

Re Milwaukee letter to the Bureau dated 7/2/74.

b6
b7C

Re letter makes reference to the names of [redacted] and [redacted], all having the address of [redacted] as correspondents with [redacted].

For the information of the Bureau and Milwaukee, Pittsburgh has conducted a separate investigation under caption "THE ARMADILLO FARM AND THE DREAMER'S COMMUNES, CRESTON, WEST VIRGINIA, SECURITY MATTER. (OO: PITTSBURGH)", under Bureau file 100-480689 and Pittsburgh file 100-18250, concerning these two communes which are located almost adjacent to each other in a very remote, mountainous, and almost inaccessible area of West Virginia. The Dreamer's Commune consists of a small group of people who moved to their present location from a similarly named commune at Montgomery, Vermont, between April and December, 1973. The Armadillo Farm consists of a larger group of people who moved there in early 1973 from a commune known as the Ganja Dubie Boogie Band which commune was located in a remote and mountainous region of Pope County, Arkansas. The group had moved to that location in the spring of 1971 from a commune at Santa Fe, New Mexico, variously known as the Ganja Dubie Boogie Band, Dubie Farm, Hector Commune and Hector Plantation.

Investigation by Pittsburgh has determined that several of the present residents of the communes at Creston, W. Va., have been past members of the Venceremos Brigade or SDS or have been acquainted with individuals who were sympathetic with the Weatherman. However, Pittsburgh investigation has failed to indicate that any of the commune members at Creston, W. Va., have been engaged in or expressed any interest in any dissident or unlawful activities.

Great difficulty has been experienced in identifying commune residents as they do not associate with outsiders and leave the commune only to obtain supplies, medical services, and food stamps, the latter of which had been discontinued. None are employed and none have been of any interest to local law enforcement authorities. Investigation has indicated that only a couple area residents have been allowed into the communes and the commune residents do not associate with outsiders.

One resident of [redacted] has been identified as [redacted] a white female, born [redacted], Social Security No. [redacted], who resides there with her [redacted]. Her father is [redacted] and her husband is [redacted] presently with [redacted]. She has listed her former employments from 1966-1971 as the [redacted] with the [redacted] and from 1/73-4/73, as an [redacted] at the [redacted]. She and her husband formerly owned a residence at [redacted]. b6 b7C

Information contained in Philadelphia letter to the Bureau dated 9/12/74, sets forth pertinent background concerning [redacted]. The foregoing information would indicate she is identical with [redacted] named in re Milwaukee letter. b6 b7C

On 4/17/74, [redacted], advised he had heard that one resident of [redacted] was known as [redacted], but he did not know the true identity of this person. b6 b7C

On 12/17/74, a source advised that he had heard [redacted] a white male, date of birth [redacted] b6 b7C

Social Security No. [redacted], a resident of [redacted], referred to by other commune residents as [redacted] but had not heard of the full name of [redacted]. This source advised that [redacted] is [redacted], and was allegedly recently married to a girl from the commune at an unknown location. [redacted] is alleged to have 16 years of formal education and has indicated several brief former employments as a [redacted] in various [redacted] communities. This source advised that [redacted] was one of the [redacted] and apparently continues to reside there. b6 b7C

Review of records of the Calhoun County Courthouse Clerk's Office, Grantsville, W. Va., on 12/17/74, reflected that [redacted] and [redacted] purchased [redacted] acres of land in a remote area of that county on [redacted]. b6 b7C

The foregoing investigation would indicate the likelihood that [redacted] could be identical to [redacted], listed in re Milwaukee letter. b6 b7C

Great difficulty has been experienced in identifying the residents of these communes by name as there are only a couple sources of records, the commune residents at most refer to themselves only by first name, and frequently use very unusual, fictitious names, as might be indicated by the names [redacted] and [redacted]. Investigation has established the true names of at least five male residents of these communes who could be known by the mme of [redacted], which is either their first or middle name, but none by the last name of [redacted]. All sources have been exhausted and none have heard of the name of [redacted]. b6 b7C

It is known that both communes receive their mail in one large rural mailbox bearing only the name of Armadillo Farm, and that this mail is usually not addressed to an individual, but bears only the commune name.

Local authorities and sources have advised they would expect hostility by commune residents toward any attempted contact by the FBI, and investigation has determined that contact with residents could be made only at the commune, as none are employed. Previous investigation by the Albany Division determined that attempts there to interview members of the Dreamer's Commune was met with hostility and with the intended subject of the interview usually becoming unavailable.

Review of Pittsburgh indices and other investigation fails to indicate any reason to believe that the three individuals listed at the Armadillo Farm, Creston, W. Va., would have knowledge of the whereabouts of DWIGHT ALAN ARMSTRONG, [redacted] or [redacted]. Photographs were exhibited and descriptions furnished to law enforcement officials in the location of this commune and to sources contacted during the course of this investigation without any recognizing these three subjects as having ever been at the commune. b6 b7C

Pittsburgh Division advised in letter to Bureau dated 1-8-75 of WISBOM case that Pittsburgh conducted a separate investigation under caption, "The Armadillo Farm and the Dreamers' Communes, Creston, W. Virginia, Security Matter", under Bureau file 100-480689 and Pittsburgh file 100-18250. Concerning these two communes which are located almost adjacent to each other in a very remote, mountainous and almost inaccessible area of W. Alias Aids FBI Fugitive

SAN DIEGO (UPI) — Police had one of the FBI's 10 most wanted fugitives, an alleged radical bomber, in jail for three days last month, but released him before finding out his true identity.

Dwight Armstrong, 24, a suspect in the deadly bombing of a University of Wisconsin building in 1970, was arrested Dec. 12, after he was grabbed by a market owner who accused him of trying to steal cheese.

He gave his name as Douglas James Hardy. "He had quite a bit of identification in that name," said an FBI spokesman. "He was placed in jail, convicted on the charge and sentenced to 30 days."

Armstrong would have been caught if it were not for the crowded condition of the jail. The sentence was reduced to three days and he was released Dec. 15.

"He was gone by the time his true identification was established through a fingerprint check," the FBI agent said.

"His appearance is drastically changed" after years of "scrounging around" in Canada and elsewhere as a fugitive, the FBI said. He no longer resembles the picture the FBI had of him showing a clean-shaven, 19-year-old college student. He now has shoulder length hair, a beard and moustache.

"The arrest helped us get a good picture of him" as he looks now, the agent said.

An extremely powerful bomb blasted the Army math re-

Armstrong's brother Carlton has been sentenced to 23 years in the Wisconsin state prison for the bombing.

It should be noted there are no blood plasma centers in Erie County that pay donors.

On 2/17/76, the Erie County Law Enforcement Conference met and in attendance were representatives of all various law enforcement agencies within Erie County. The Bureau request set forth in referenced memo was made known.

The on-going liaison program with the police departments, other law enforcement organizations and service-type employment agencies conducted during the normal course of business will include the Bureau's request for re-emphasizing the Top Ten Program, as well as identification order and wanted flyer matters.

The above information is also being made available to members of the Venango County Crime Clinic, whose membership includes all law enforcement agencies within that territory.

It should also be noted that most of the local police departments located within the rural areas of the Erie RA territory do not have the capability of classifying fingerprints.
