Reference is made to report of SA [redacted] dated June 29, 1955 at New York, requesting Boston to check faculty records for the period 1945 to the present at Massachusetts Institute of Technology regarding identifying data of professors of Electrical Engineering who have a surname of Slavic or Russian derivation.

[redacted] of Electrical Engineering Headquarters, Room 4-202, Massachusetts Institute of Technology, Cambridge, Massachusetts, who has been [redacted] of the Electrical Engineering Division for several years and who is well acquainted with the professors in the School of Electrical Engineering, is presently on vacation and will not return to Cambridge until September 6 or 7, 1955. [redacted] has been cooperative with the Boston Office in the past and immediately upon her return from vacation will be contacted for information concerning professors of Electrical Engineering who have surnames of Slavic or Russian derivation and identifying data concerning these professors.

Enclosed to the FBI Laboratory are two photographs consisting of the following:

Item #1: A photograph reflecting the subject's signature as it appears on a Selective Service Form executed by him on 3/19/41.

Item #2: A photograph reflecting five samples of the subject's signature as obtained from several Selective Service Forms executed by him during 1942. It is noted that the fourth signature was signed for the subject by a Selective Service Official identified on the Selective Service Form by the initial H. L.

It is requested that the known samples of the subject's signature be compared with the signatures of known espionage agents presently on file at the laboratory.

The following brief summary of the investigation concerning the subject is noted:

Investigation concerning the subject has established that during 1942, he was employed with the Raven Electric Company, New York, New York [redacted]

code name [redacted] During 1945 he was employed in the health and physics Department of the Manhattan Project, Oak Ridge, Tennessee, where he had access to material that could have varied from "unclassified" to "top secret." In 1948, while allegedly employed by the Atlas Trading Corporation, New York City, as a "commissioned representative," he was issued a passport for travel to various European countries, which included Poland. On 10/6/43, he departed the United States aboard the "SS America" destined for Le Havre, France. His whereabouts since that period are unknown. Available background data developed in Sioux City, Iowa, reflects that KOVAL is a native born United States citizen of Polish derivation, who departed the United States in 1932 with his parents and brothers. He possibly resided in Russia, or outside the United States, from 1932 to 1939 or 1941. He was educated as an Electrical Engineer at the University of Iowa during 1929 to 1932, and received a Bachelor of Electrical Engineering Degree at the College of the City of New York.

BS 65-3981

The following information was taken from the files of the Boston Office:

The records of the Immigration and Naturalization Service, 73 Tremont Street, Boston, Mass., indicate that [] had been closely associated with Professor [] Harvard University, Cambridge, Mass. for many years. [] on March 20, 1939 directed a letter to the Immigration and Naturalization Service requesting that [] immigration visa, which was to lapse on July 25, 1939, be extended.

LOUIS BUDENZ, who was formerly associated for many years with the Communist Party, USA, on a national scale and who was himself a Communist Party member, stated that [] had been known to him as a concealed member of the Communist Party, USA. He also stated that it was his understanding from various sources of the Communist Party that [] was engaged in two missions on behalf of the Party as a prominent scientist:

- a. To attract younger scientists to cooperate with the Party and its affiliated organizations during their formative years, and
- b. To sponsor Communist Party front organizations of potential interest to scientists and by virtue of his own position in the field of science to attract non-Party scientists to affiliate with such front organizations.

b7C

This information was furnished by BUDENZ in June, 1950. The Communist Party has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Immigration and Naturalization Service records indicate that [] arrived in the United States at the Port of New York, New York on the SS Vulcania on October 13, 1938 and that his closest friend in the United States was [] Cambridge, Mass. Those records reflect that [] was granted Certificate of Naturalization No. 6975743 on November 29, 1948 at the U. S. District Court, Boston, Mass.

When questioned by [] Immigration and Naturalization Service, Boston, Mass., on October 28, 1948, [] stated that he was not at that time nor had he ever been a member of the Communist Party. [] also stated that he had never advocated the overthrow of the United States by force or violence and was opposed to the Communist principles of the supremacy of the state as against the individual.

[] disclosed to [] that he was formerly a member of the "Forum for International Problems" at Cambridge, Mass. from approximately 1943 to 1945 and that his name appeared on its Steering Committee. [] stated that he attended approximately four or five meetings, acting as Chairman of one meeting,

BS 65-3981

at which he discussed the historical background of Czechoslovakia. [] stated that he voluntarily dropped out of this Forum in approximately early 1945 when he noted the tendencies of the Forum became leftist, inasmuch as more speakers were invited to defend the radical side of controversial subjects.

As a result of an applicant-type investigation conducted by the Boston Office in 1952, it was ascertained that informants who are familiar with some phases of Communist Party activities in the greater Boston area, which includes Cambridge, Mass., stated that [] was unknown to them and they could furnish no information concerning []

Records of the House Committee on Un-American Activities, Washington, D. C., contained no record of [] in 1952.

[] who has furnished reliable information in the past, advised in the latter part of 1947 that there existed at the Harvard [] Cambridge, Mass., during 1945 and 1946 a Forum for International Problems which was held semi-weekly at the [] Auditorium, Cambridge, Mass. [] stated that in his opinion the speakers for the most part were biased in favor of Communism.

b2
b7D

[]
The following information concerning [] was furnished by []

[] at Prague, Czechoslovakia, and was naturalized at the U. S. District Court, Boston, Mass., on August 6, 1953. [] stated that her records show that [] graduated from the Charles University, Prague, Czechoslovakia in 1938 and was a Professor at that University until 1948. He came to MIT as a Research Associate on February 1, 1948 and remained until June 30, 1949, at which time, he went to the [] Inc., Cambridge, Mass.

b7C

Boston files reflect that [] advised Bureau agents on February 15, 1955 that he was presently employed in the Research and Development Department of the [] Cambridge, Mass. In February, 1955, [] resided with his wife, [] and his children, [] children were born in Czechoslovakia and came to the United States with their parents on February 1, 1948 from Rotterdam, Holland.

DATE: 10/12/55

Re Bureau letters captioned as above 7/20/55,
 8/1/55 and 8/2/55.

Referenced Bureau letters reflect the results of a review of Bureau indices regarding the known relatives of the subject described on the last page of a report made in Omaha 3/23/55 in instant case. This information made available by the Bureau supplemented an indices review for the same individuals by Los Angeles, which is reflected in Los Angeles letter 5/3/55.

In an effort to determine the present whereabouts of the subject, Los Angeles is requested to conduct the following investigation, utilizing the information reflected in referenced Bulets and above-mentioned Omaha report, copies of which have been furnished Los Angeles.

Ascertain the present residence address of the subject's relatives who, with the possible exception of SAM GERTZ, an uncle, have been last reported residing in Los Angeles, California. Upon locating these individuals in Los Angeles, will request Bureau authorization to institute a 60 day mail cover on each of the relatives in consideration of the possibility that subject may be in contact with them. Will also institute appropriate toll call coverage for the relatives.

In addition, will conduct appropriate investigation to ascertain possibility of developing a highly confidential source of information on one or more of the relatives in an attempt to develop information which might assist in ascertaining the subject's whereabouts and past activities. If such investigation appears feasible, will request Bureau authority in accordance with present Bureau regulations.

Will also conduct appropriate investigation to ascertain whether or not [redacted] PEARL and PAUL SILVER, are residing in Los Angeles. If so, will also institute mail and toll call coverage concerning them.

If above is negative or inadvisable, will request Bureau authority to interview each of the relatives concerning their knowledge of the subject's present whereabouts, background and activities. In addition, emphasis should be given to the following:

(1) Whether or not the subject and his immediate family departed Sioux City, Iowa, for Russia during 1932 or 1933. If so, what was exact date and place of departure?

(2) Did subject's mother, father, and two known brothers remain in Russia, or did they, at any time, return to the United States?

(3) Is [redacted] known to them? If so, develop all information relating to subject's association with [redacted]

(4) Develop all information relating to the subject's assignment at the Oak Ridge Laboratory, Oak Ridge, Tennessee, 1944-1945, while a member of the U. S. Army.

(5) Develop all information relating to subject's subversive background, political sympathies, and possible espionage activities.

It is noted that the above pertinent questions are listed only as a guide and in any instance where a relative is cooperative, an exhaustive effort should be made to develop all phases of the subject's background and activities in the United States and abroad.

Concerning the proposed interviews with the relatives, it is noted that on the basis of information that has been developed, Mrs. PEARL SILVER and HARRY and GOLDIE GURSHTEL appear to be the best potential sources of information concerning the subject because of the following:

Letter to Director
NY 65-16756

MRS TH SILVER
[REDACTED] PEARL SILVER may possibly be identical with the [REDACTED] with whom the subject reportedly resided at 3451 Giles Place, Bronx, New York, during 1941, the approximate time of the subject's suspected return to the United States from Russia.

HARRY GURSHTEL, identified as being active with the subject's father during 1932 in a Jewish organization advocating colonization of a region in Russia, reportedly traveled to Russia around 1934, at which time he may have contacted the KOVAL family. In consideration of the above, it is requested that PEARL SILVER and HARRY and GOLDIE GURSHTEL be the first of the subject's relatives interviewed and that they be interviewed simultaneously. *11/1/55*

The sequence of the remaining interviews should be governed by the nature of subversive activity known for each of the other relatives.

CHICAGO DIVISION

A review of Bureau indices has reflected that according to a report in 1951 from ONI, Mr. and Mrs. S. GERTZ, who had a married daughter, GRACE GERTZ LUBOR, resided at 4647 North Lawndale Avenue, Chicago, Illinois.

In consideration of the possibility that the Mr. S. GERTZ, described above, and his daughter, Mrs. GRACE GERTZ LUBOR, may be identical with the SAM GERTZ, divorced husband of PEARL SILVER, subject's aunt, and the GRACE GERTZ, subject's cousin, Chicago is requested to review its indices concerning these individuals and in the absence of derogatory information, will interview them concerning the subject in accordance with instructions previously noted herein for Los Angeles.

He served in U.S. Army from March, 1943, to February, 1946, during which period he performed research work in nuclear physics, and from September, 1944, to May, 1945, was loaned by the Army to the Fereolue Corporation, Oak Ridge, Tennessee. In the Summer, 1946, he assisted in declassification of scientific documents at the Los Alamos project, Los Alamos, New Mexico.

Kramish was granted a Q clearance 6-27-47 at Oak Ridge, Tennessee, and was transferred to Washington, D. C., in February, 1949. From 2-7-49 to 10-1-51, Kramish was employed by Atomic Energy Commission as intelligence specialist, Washington, D. C. to be an advanced student of Russian, Polish and other Slavic languages, has been actively employed in the past in analyzing foreign intelligence relative to scientific developments in Russia and satellite countries and has been described by persons interviewed in connection with his studies as a brilliant student who was considered completely loyal.

It is suggested that he be interviewed in this matter by agents of the Los Angeles office inasmuch as it appears he would have been acquainted with the subject while studying at CCNY and possibly while assigned at Oak Ridge, Tennessee.

Name: HARRY & GOLDIE GURSHTEL
Address: 15203 Hartsook Street, Sherman Oaks, California
Type of Mail: First class

Period Covered: Thirty day

Purpose of Cover: Ascertain if subject, GEORGE KOVAL, is in contact with above relatives.

Justification: (Comment on necessity, desirability, productivity, possibility of embarrassment to Bureau. If necessary continue on extra page.)

The whereabouts of GEORGE KOVAL is unknown. Bureau letter to New York, dated 4-7-55, states in part that every attempt should be made to determine subject's possible re-entry into the United States subsequent to his departure in 1948. A letter states that from information developed to date, it appears quite possible that GEORGE KOVAL accompanied other members of his family to Russia in 1932 where he was recruited into the Soviet Intelligence Service, trained and dispatched to the United States in the latter part of 1940 or very early part of 1941. No embarrassment to Bureau anticipated.

DETAILS:

RE THE SUBJECT'S EMPLOYMENT WITH
THE ATLAS TRADING CORPORATION

The files of the Passport Office, Department of State, Washington, D.C., which were reviewed by SA [REDACTED] on July 27, 1954, and August 2, 1954, reflected that GEORGE KOVAL, born December 25, 1913, Sioux City, Iowa, was issued Passport No. 170092 on March 15, 1948, for proposed travel on business for the Atlas Trading Corporation (ATC), New York City, to France, Belgium, Switzerland, Sweden and Poland.

Issuance of the passport was requested by a letter dated March 8, 1948, from the Atlas Trading Corporation, 17 Battery Place, New York 4, New York, and was signed by [REDACTED]. The letter reflected that KOVAL would act as a commissioned representative of the ATC in the countries to which travel was designated in the passport application.

b7C

[REDACTED] ATC, New York City, advised SA [REDACTED] on February 10, 1955, that he has been employed by the ATC since 1951, and had never known any one by the name of GEORGE KOVAL as having been employed by that concern. [REDACTED] stated that the ATC was incorporated during 1937 by P. R. RINCONES, who sold his interest in the ATC around 1949, and returned to Venezuela where he is a member of the American Chamber of Commerce.

When questioned as to whether the records of the ATC might contain additional information regarding the nature of the association between KOVAL and PETRINOVIC, [] replied in the negative, citing that the policy of the company was to maintain records no longer than five years.

Re FRANCISCO PETRINOVIC

FRANCISCO PETRINOVIC was described by [] as a Yugoslav by birth, who later became a Chilean by naturalization. He was a multimillionaire, who accumulated his wealth in the Chilean nitrate business. PETRINOVIC died in Chile during 1950 or 1951, being survived by [] who reside in Venezuela.

[] was described as a possible source of information regarding the relationship that existed between KOVAL and FRANCISCO PETRINOVIC.

(S) []
[] FRANCISCO PETRINOVIC, a Yugoslav industrialist, was an important anti-Communist leader in Chile. []

PETRINOVIC and his family had given large sums of money to the TITO Government and that TITO'S ambassador in London was a bosom friend of the PETRINOVIC family.

(S) []
[] When Chile severed relations with Yugoslavia, FRANCISCO PETRINOVIC denied his previous support of TITO and denounced the Communists. PETRINOVIC was living at that time in New York and was giving financial assistance to the Croatian Peasants' Party, led by Dr. VLADIMIR MACEK.

DETAILS:

INTERVIEW WITH [REDACTED]

[REDACTED] Department of Electrical Engineering, College of the City of New York (CCNY), was interviewed by SAS [REDACTED] and [REDACTED] on November 29, 1955, and advised the following:

He recalled GEORGE KOVAL as a member of the Army Specialized Training Program (ASTP), CCNY, during the approximate period 1943-1944, and later as a student in the Electrical Engineering Department, CCNY, from 1946 through 1948. KOVAL attended laboratory classes regularly during the latter period and is recalled as an "extremely able student of exceptional intelligence". KOVAL was further described as a quiet and serious student who had few, if any, close associates among the student body and faculty members at CCNY. Of those with whom he had any contact at all it is believed he was best known to [REDACTED] a fellow student, and [REDACTED] who is presently employed at CCNY in that capacity.

KOVAL and [REDACTED] while students at CCNY, were assigned a highly technical project of dismantling a bombsight, which project was assigned to them by either [REDACTED]

present head of that department. The reason and justification of assigning a project involving a classified piece of equipment to students are unknown to [REDACTED]

[REDACTED] described his association with KOVAL as being restricted to that of instructor - student relationship and therefore was unable to comment concerning KOVAL'S political beliefs and background. He recalled that during 1948, [REDACTED] advised him that KOVAL was planning to depart the United States in 1948

~~SECRET~~

for Europe with an ultimate destination of Israel. He also recalled that KOVAL had a "contact" for the purchase of electrical appliances and equipment at an electrical retail store located on the corner of Flatbush Avenue and Lafayette Street, Brooklyn, New York. He believed that the store, the title of which is unknown to [redacted] is presently located at the same address.

[redacted] stated that it is his opinion that the subject's ASTP class at CCNY consisted of young men whose political thinking as a group followed a "liberal and pro-Communist point of view." He described the ASTP at CCNY as a "drastic mistake made by the U. S. Army" in that it selected a college reputed to have a faculty infested with "pro-Communist and liberal-minded" individuals. [redacted] declared he was unable to furnish specific information concerning his above mentioned opinion and allegation.

INTERVIEW WITH [redacted]

[redacted]
Queens Village, Long Island, New York, was interviewed on December 21, 1955, by SAS [redacted] and [redacted] and advised the following:

He was employed by the ~~Haven~~ Electric Company (HEC) located in New York City, [redacted] from approximately the spring of 1940 until late 1941. He was one of three employees originally hired by [redacted] He identified one of the ^{other} employees as [redacted] but could not recall the identity of the third employee. He described the HEC as a wholesale and retail electrical outlet having a sales contract with the General Electric Company for the sale of light bulbs. He described [redacted] as a "poor businessman who was hindered in the operation of his business by [redacted] He had no reason to suspect [redacted] of being involved in subversive activities.

NY 65-16756

He identified a passport photograph of the subject, taken during 1948, as GEORGE KOVAL who was employed with the REC during early 1941. He worked with KOVAL for approximately seven months, but had little contact with him. [] recalled KOVAL as a quiet, intelligent individual who apparently was closely acquainted with [] did not recall any information concerning KOVAL'S background, activities, or political beliefs. He could not recall an incident or a statement made by KOVAL or [] which suggested the possibility that they were related. [] stated that his father,

[] residing at [] Bronx, New York, knew [] in Russia, and might possibly have some information concerning the nature of the relationship between KOVAL and []

[] stated that [] Avenue, Queens, Long Island, New York, was employed by the REC, 1944-1945, and his father, FRANK, was employed by the REC for a few months during 1943.

[] stated he did not know WILLIAM A. ROSE or [] and denied having knowledge that he, [] had been considered as a replacement for GEORGE KOVAL'S position with the REC during the summer of 1942. (U) KRAMISH indicated that the subject was employed in Oak Ridge, at the Clinton Laboratory on the Manhattan Project, which project KRAMISH believed was classified "~~Top Secret.~~" KRAMISH did not know the subject's specific duties on this project but stated that he worked at the Health Physics Laboratory. KRAMISH indicated that he was very close to the subject both at CCNY and at Oak Ridge. He described the subject as the oldest in the ASTP group and a person who was hard drinking, liked women, and who knew New York City better than any of their group.

KRAMISH had no recollection of the subject ever making any statements as to political beliefs and he was unable to recall any occasion arising in which KOVAL engaged in political discussion and he could recall nothing which would have made him question the subject's loyalty.

After getting out of the service KRAMISH advised that he and [redacted] another member of the ASTP group, had met the subject in 1946 in New York, at a residence which he believed was on Valentine Street and since 1946, he has had no contact with the subject. KRAMISH knew nothing of subject's background prior to the time he attended CCNY in 1943, except that he had worked for some electrical supply company. KRAMISH advised that the following two persons were associates of the subject at Oak Ridge:

b7C

On January 6, 1956, KRAMISH was recontacted and advised that the following persons were in the same ASTP group at CCNY as the subject, and would know him:

WFO 65-6901

KRAMISH further advised that [redacted] presently with the Atomic Energy Commission, Washington, D. C., might possibly have been subject's supervisor at Oak Ridge.

[redacted] Russian Section, Voice of America, United States Information Agency, who has displayed a broad knowledge of Soviet Intelligence operations up until 1937 and who was acquainted with a number of individuals engaged in this work, was contacted on January 9, 1956, by SAs [redacted] and was unable to identify the subject from photographs or from his name.

[redacted] Atomic Energy Commission, Washington, D. C., was contacted telephonically on January 10, 1956, at which time he advised that he did not know the subject, but recalled that the subject had been at Oak Ridge prior to his arrival there.

Re FRANCISCO PETRINOVIC. [redacted]

[redacted] Street, NE, Washington, D. C., was interviewed by SAs [redacted] on January 4, 1956.

[redacted] stated that he believed FRANCISCO PETRINOVIC was born in Dalmatia, and prior to World War I, had gone to South America. MACEK knew nothing of PETRINOVIC's personal background and advised that he had met him once about 1920 in Zagreb, when PETRINOVIC had a conference with the then president of the Yugoslav Peasants' Party. [redacted] stated that he was present at this conference but did not participate. He never again met PETRINOVIC, but knew him by reputation as a very wealthy man who had supported King ALEXANDER and later TITO's Communists in Yugoslavia. [redacted] stated that he did not believe that PETRINOVIC followed any party lines but gave his support to the party in control in Yugoslavia, with the sole purpose of bettering this country, concerning which he was very enthusiastic.

According to [redacted] PETRINOVIC had not been a supporter of the Croatian Peasants' Party in the United States. He knew nothing concerning the Atlas Trading Company, PETRINOVIC's business or business associates, as he had no contact with him in the United States.

For the information of the Kansas City Office, which office has not received a prior communication regarding this investigation, the following brief summary is set forth:

Investigation concerning the subject has established that during 1942, he was employed with the Raven Electric Co., NYC [REDACTED]

[REDACTED] During 1945, he was employed in the Health and Physics Dept. of the Manhattan Project, Oak Ridge, Tenn., where he had access to material that could have varied from "unclassified" to "~~top secret~~." In 1948, while allegedly employed by the Atlas Trading Corp., NYC, as a "commissioned representative," he was issued a passport for travel to various European countries, which included Poland. On 10/6/48, he departed the US aboard the SS AMERICA destined for Le Havre, France. His whereabouts since that period are unknown. Available background data developed in Sioux City, Iowa, reflects that KOVAL is a native born US citizen of Polish derivation, who departed the US in 1932, with his parents and brothers. He possibly resided in Russia, or outside the US, from 1932 to 1939 or 1941. He was educated as an electrical engineer at the University of Iowa during 1929 to 1932, and received a Bachelor of Electrical Engineering Degree at the College of the City of NY, on 2/1/48. (U)

The subject was employed by a suspected Soviet agent in New York during the approximate period 1941-1943. He was subsequently, and while in the Army, assigned to the Manhattan Engineer District, Oak Ridge, Tennessee, and to the Dayton, Ohio, area installation of the Manhattan Engineer District, at which places he reportedly had access to information up to and including "Top Secret." He was in the United States Army from February, 1943, until 1946. This Bureau has been attempting to determine the subject's present whereabouts. On March 15, 1948, Koval was issued a passport for proposed travel to France, Belgium, Sweden, Switzerland and Poland as a representative of the Atlas Trading Corporation of New York City. Investigation in New York City has failed to reflect a record of his employment with that company. Information furnished by an individual acquainted with Koval until the latter's departure from the United States during 1948 suggests the possibility that Koval may have traveled first to Paris, France, and then to Poland, for employment in connection with a hydroelectric project in that country. Departure manifest records of the SS. "America" reflect that Koval departed from New York City on October 6, 1948, for Le Havre, France.

She recognizes the handwriting as that of her brother, ABRAHAM KOVAL. She states the letter contained only news of ABRAHAM KOVAL's family as follows:

b7C

GABRIEL KOVAL, subject's youngest brother, had been killed while fighting the Nazi army during World War II in 1943; that subject's mother, ETHEL, had died in 1952 of cancer; that ISAIAH, the oldest brother, is married and has four children. ABRAHAM KOVAL now resides with ISAIAH and his wife; that GEORGE KOVAL is now in Moscow teaching in the chemical institute known as Mendelaiv. Subject lives with his wife, LUDMULA (? sp) but has no children.

This letter was furnished by Mrs. GURSHTEL to the FBI. However, she requested that it be returned to her when no longer of any use to the FBI.

Three photographs, one each of the front and back of the one-page letter written in the Russian language and one of the envelope in which the letter was contained, are enclosed herewith to the Bureau, Attention FBI Laboratory - Cryptanalysis Section, for examination. Three photographs as described above are being enclosed for the New York Office.

The Cryptanalysis Section, FBI Laboratory, is requested to translate from the Russian language to English the contents of this letter and the return address appearing on the envelope written in the Russian language and furnish copies of this translation to New York and Los Angeles.

Dear sister GOLDA:

Your short letters were received. The one to me, on the first of May, the other one to SHAYA, today.

I have decided to answer your letters briefly and am writing in Russian, this is more convenient for me.

Twenty years have passed since we have seen each other and during this time several changes have taken place in our family.

Our dear GEYBI (GABRIEL?) died August 30, 1943, in a battle against the German fascists. ETL (ETHEL?) died August 28, 1952, from the dread disease, cancer. All the rest of us are alive and well. I am now about 75 and feel good, I am working. I live, as always, with SHAYA's family. We live and work at the same place, the collective farm.

Well, that is all for now.

Much, much love from all of us to all of you,

[redacted]

[redacted] Signet Laboratories, 614 North La Peer Avenue, Beverly Hills, California, was interviewed by Special Agent [redacted] on May 8, 1956.

[redacted] advised he and his wife [redacted] took a trip to Europe in April, May and June 1953, during which they stayed at Paris, France, for several weeks in June 1953 prior to returning to the United States. They returned to the United States aboard the "Liberte" in June 1953. He said that between Christmas and New Years in 1953, he recalls he and his wife attending an "open house party" at the home of [redacted] and [redacted] Pacific Palisades, California.

[redacted] stated he recalled no conversation concerning a GEORGE KOVAL nor does he recall a conversation with a young woman named [redacted] regarding her acquaintance with GEORGE KOVAL at New York City College. *ALIF*

[redacted] viewed a photograph of GEORGE KOVAL taken in March 1948 and stated he was positive he had never met this person at any time, especially during his trip to Europe in 1953. He recalled no acquaintances named [redacted] or having met [redacted] at the above-described party.

[redacted] advised that he was employed at Oak Ridge, Tennessee for the AEC during the last part of his Army service from January 13, 1945, to January 1946. He stated he was engaged in "personnel procurement" and spent most of his time away from Oak Ridge seeking recruits for special technical assignments at the Oak Ridge Project. He stated that he recalls doing no recruiting at New York City College or from anywhere in New York State.

[redacted] conversed with his wife, [redacted] by telephone and she confirmed no knowledge of a meeting with anyone named GEORGE KOVAL in France during 1953 or at Oak Ridge, Tennessee, during 1945 - 1946. She recalled specifically attending the party at the [redacted] residence in December 1953 but failed to recall a conversation with [redacted] regarding GEORGE KOVAL.

[] furnished the following information on November 6, 1953, which was attributed to [] who has furnished reliable and unreliable information in the past. []

"FARADAY" is the code name of an unidentified Soviet Agent who immigrated from Russia to the United States during the period 1900-1905. During the middle 1930s he was recruited by the Technical Intelligence Unit of the General Staff of the Soviet Army. He was subsequently regarded as an "Organizational Resident" rather than an "operational one."

On May 14, 1956, [] La Verne, California, was re-contacted by SA [] She advised she is positive that the New Years Eve party which she attended with [] was held in December 1950. She states she is certain the persons she spoke to about GEORGE KOVAL were a man and wife who were connected in some way with Sarnet Laboratories, but could only recall their names as Mr. and Mrs. [] She stated she is positive that she and the husband of this couple were talking about the same GEORGE KOVAL and recalls that this man acknowledged the identity of KOVAL by indicating knowledge of KOVAL's attendance at NYCC and later assignment at Oak Ridge, Tennessee.

~~SECRET~~

She said it could be possible that this man, [] could have known of KOVAL indirectly through other associates but she has the definite recollection of the conversation with this man pertaining to KOVAL's attendance at New York City College during the war and his later assignment at Oak Ridge, Tenn.

She further specifically recalls conversation of this man and his wife to the effect that they had met GEORGE KOVAL in Paris, France, during a trip to Europe from which they had recently returned. She stated ordinarily such a casual conversation would not have impressed her memory; however, this was the only persons she had ever met who knew of GEORGE KOVAL or had seen or heard of him since his disappearance in 1948. Thus, it was extremely important to her at this time and therefore, she felt it not unusual that she would recall the above-described conversation.

Interview of []

On June 19, 1956 [] also known as [] was located at Vista Del Mar Child Care Center, 3200 Motor Avenue, Los Angeles, and was interviewed by Special Agents []

[] stated he recalls attending a New Years Eve party in December 1950 with [] then known to him as [] This New Years Eve party, he recalls, was held at an address in North Hollywood. Interview of HARRY and GOLDIE GURSHTEL

On May 21, 1956, GOLDIE GURSHTEL, 15203 Hartsook Avenue, Sherman Oaks, California, was interviewed by Special Agents [redacted]

She briefly advised that her brother, ABRAHAM KOVAL and his entire family, including his wife, ETHEL KOVAL, and his three sons, ISAIAH, GEORGE, and GABRIEL, departed the United States in 1932 for Russia. She said she and her husband, HARRY GURSHTEL visited them in Russia during 1936 but she has not heard from them in over twenty years.

In the absence of her husband, HARRY GURSHTEL, she requested that this interview be deferred until he was present with her.

On May 24, 1956, HARRY and GOLDIE GURSHTEL, 15203 Hartsook Avenue, Sherman Oaks, California, were interviewed by Special Agents [redacted] They stated that ABRAHAM KOVAL is the brother of GOLDIE GURSHTEL and GEORGE KOVAL is her nephew. The GURSHTELS advised that the entire KOVAL family had departed Sioux City, Iowa, where they were then residing during the spring of 1932. They left by train for New York City where they later embarked by ship, the name of which was unknown to them, en route to Russia.

The GURSHTELS stated that ABRAHAM KOVAL had, for many years prior to 1932, been interested in returning to Russia to the settlement in Biro-Bidjan. They stated that the KOVAL family reached Russia safely and settled in Biro-Bidjan, Far Eastern Region of the "Jewish Autonomous State."

~~SECRET~~

b7C

~~SECRET~~

They stated that in 1936 they traveled to Europe during which time they visited HARRY GURSHTEL's parents, who were then in Poland, and later visited ABRAHAM KOVAL and his family in the Far Eastern Region of Biro-Bidjan. They said they spent about one week with the KOVAL family.

At that time, GEORGE and ISIAH KOVAL, the two oldest sons of ABRAHAM, were assisting their father on a collective farm. They stated the youngest son, GABRIEL, had finished school and was, during their visit, away from home on a vacation trip.

The GURSHTELS stated that upon their return, they corresponded with ABRAHAM KOVAL until around 1937, after which date no replies were received from letters written to him.

The California Legislature, Fourth Report of the Senate Fact-Finding Committee on Un-American Activities, 1948, page 196, reflects that "Biro-Bidjan is a Jewish Communist Colony in the Soviet Union."

The GURSHTELS both advised that to their knowledge, none of the KOVAL family have ever returned to the United States.

They were shown a photograph of GEORGE KOVAL taken in March 1948 but both stated they could not recognize this photograph as GEORGE KOVAL and doubted whether they would recognize this subject due to the length of time elapsed since they last saw him in 1936.

GOLDIE GURSHTEL advised she last attempted contact with ABRAHAM KOVAL by letter in early January 1956. GOLDIE GURSHTEL advised that during their trip to Europe in 1936, while visiting in Poland, she visited briefly with her sister, IDA ABORAMOVICH and her husband, AARON ABORAMOVICH, who were then residing at a village named Telechan near Pinsk, Poland. She said that IDA ABORAMOVICH is a sister of ABRAHAM KOVAL and an aunt of GEORGE KOVAL. She stated this was the last time she saw or heard from IDA ABORAMOVICH or her family and had heard rumors which came to them from survivors who escaped to Israel during the war, that the ABORAMOVICH family were among those massacred by the Nazis at Pinsk, Poland, during World War II. She stated she had no information that GEORGE KOVAL had ever attempted to locate or visit this aunt, IDA ABORAMOVICH, in Poland.

also stated that he had telephonically contacted a number of the more active members of this society, and none of them were acquainted with a mechanical engineer by the name of KOVAL.

[] active member of the American Society of Electrical Engineers, employed at the Kansas City Power and Light Company, advised on July 3, 1956, that a check of the yearbook of the American Institute of Electrical Engineers by him failed to disclose the name of KOVAL as a member. He suggested the possibility that the American Society of Civil Engineers, American Society of Mechanical Engineers, and the American Institute of Electrical Engineers, all located at 33 West 39th Street, New York City, would be the best sources of information for determining whether or not an individual had been a practicing engineer. These associations would have fairly complete background information concerning all members or candidates for membership, including education and employment.

He also informed that the National Society of Professional Engineers has available to it service records of all engineers who have registered with various State societies for the purpose of practicing as engineers. He suggested that contact with this organization at Washington, D. C., might be productive.

[] also advised that the yearbook of the American Institute of Electrical Engineers listed as a member an individual named [] who is employed as a [] Boston, Massachusetts. He became an associate member in 1949. He pointed out that this was the only individual with the same surname as the subject and suggested the possibility of some relationship because of the unusual name.

For the information of the Washington Field office, which office has not received a prior communication regarding this investigation, the following brief summary is set forth:

Investigation concerning the subject has established that during 1942 he was employed with the Raven Electric Company, New York City [REDACTED]

[REDACTED] During 1945, he was employed in the Health and Physics Department of the Manhattan Project, Oak Ridge, Tennessee, where he had access to material that could have varied from "unclassified" to "top secret". In 1948, while allegedly employed by the Atlas Trading Corporation, New York City, as a "commissioned representative", he was issued a passport for travel to various European countries, which included Poland. On October 6, 1948, he departed the United States aboard the SS AMERICA destined for Le Havre, France. His whereabouts since that period are unknown. Available background data developed in Sioux City, Iowa, reflects that KOVAL is a native born United States citizen of Polish derivation, who departed the United States in 1932, with his parents and brothers. He possibly resided in Russia, or outside the United States, from 1932 to 1939 or 1941. He was educated as an electrical engineer at the University of Iowa, during 1929 to 1932, and received a Bachelor of Electrical Engineering Degree at the College of the City of New York, on February 1, 1948.

In that regard, as reported in rerep of 7/2/56, [redacted] statements relating to his Army service at Oak Ridge which involved "personnel procurement" for the AEC is of possible significance.

Rerep of 3/9/56, which reported the results of an interview with the subject's [redacted] disclosed that according to [redacted] the subject was closely associated with a zoology professor at Columbia University during 1948. In an attempt to identify that individual, the following names of Columbia University faculty members assigned to the Zoology Department during the school year 1947-1948, should be discussed with [redacted] for possible identification of the subject's alleged associate:

DETAILS:

Regarding the Army Specialized Training Program, College of the City of New York

[redacted]
College of the City of New York (CCNY) was interviewed on May 11, 1956, by SA [redacted] and advised as follows:

b7C

The Army Specialized Training Program (ASTP) was instituted at CCNY by the United States Army during the spring of 1943. The unit was administered by a staff of United States Army officers under the command of Colonel RAYMOND P. COOKE who died shortly subsequent to World War II. The faculty at CCNY made certain suggestions as to the curriculum for the training unit but the training program was in its entirety designed and supervised by the United States Army. The training program was originally scheduled to afford one year's training in various language, technical and mathematical subjects but it is recalled that the Army shortened the training period to a duration of approximately nine months.

The ASTP class members were selected at various United States Army basic training camps on the basis of Army aptitude tests. Military assignments from CCNY for the various ASTP classes were made exclusively by the Army without consultation with faculty members of CCNY. The possibility of a class member having any information pertaining to his assignment prior to the completion of the

ASTP training was described as inconceivable and in all probability not known to the ASTP staff officers themselves until the actual assignments were made by the Department of the Army.

WALTER KNITTLE, former Director of the evening session, CCNY, deceased during 1947, was described as the "co-ordinator of related ASTP and CCNY matters," such as campus housing and student recreational activities and had considerable contact with the Army officers in that regard.

Other than KNITTLE the faculty at CCNY had little contact with the Army administrative staff because of which the identities of those officers are presently unrecalled.

On May 14, 1956, [] advised SA [] that he conferred with the following faculty members of CCNY regarding their knowledge of the identities of the Army officers who directed the ASTP at CCNY, each of whom were unable to recall the name of an officer connected with that program: *College of The City of New York*

b7C

[] stated the above faculty members are the only individuals known to him who had some direct connection with the ASTP administrative staff at CCNY during 1943-1944.

[] Office of the Registrar, on May 22, 1956, made available to SA [] the weekly issues of the CCNY newspaper "The Campus" for the period June, 1943, through June, 1944. The issue dated October 6, 1943, disclosed an article which identified the staff officers of the ASTP at CCNY as follows:

~~SECRET~~

~~SECRET~~

NY 65-16756 STAFF OFFICERS OF ARMY SPECIALIZED
TRAINING PROGRAM

Colonel RAYMOND P. COOKE, Commandant

Major CHRISTOPHER MICHEL

Major FRANK CHRISTIAN

Colonel J. B. GRIER

A review of the "CCNY Bulletin 1942-1943" (last bulletin published until 1946) as made available by Mr. [redacted] to SA [redacted] on May 22, 1956, in addition to the above individuals identified the following as "Instructional Staff, Military Science Department:"

Major THEODORE NEWMAN

Lieutenant Colonel C. O. BUCKLAND

Major CANTER (first name not listed.)

[redacted] also made available for review the 1944 CCNY yearbook "Microcosm - Lexican" which, other than an article summarizing the purpose of the ASTP at CCNY, failed to disclose information pertinent to this investigation.

[redacted] CCNY, was contacted by SA [redacted] on July 12, 1956, and advised as follows:

A thorough search of available ASTP records failed to disclose information relating to the administration of the ASTP at CCNY by the United States Army. The ASTP records maintained in the permanent custody of CCNY consist of a 'personnel folder for each ASTP member and instructor's rollbooks."

The subject's personnel folder was reviewed which disclosed the following information not previously known concerning him:

He was screened for the ASTP at The Citadel,

Charleston, South Carolina, which university was also designated as his "star unit." His Army ASTP unit at CCNY was designated as "ASTU 3225." The duration of the ASTP at CCNY was listed as from "8/9/43 to 7/29/44."

Concerning the above, it is noted that on June 3, 1955, SE [] reviewed the subject's Army service record on file at the Adjutant General's Office, World War II Unit, St. Louis, Missouri, which disclosed the following:

GEORGE KOVAL, Army Serial Number 32790994, entered on active duty with the United States Army on February 11, 1943, at Fort Dix, New Jersey. He was honorably discharged as a "Technician third grade" at Camp Atterbury, Indiana, on February 12, 1946. He attended CCNY, New York City, under the ASTP during the period 1943-1944.

[] Bronx, New York, who when originally contacted by SAS [] and [] on May 25, 1955, advised he was "closely acquainted with the subject during the period 1943-1944 and 1946-1948," was recontacted on July 13, 1956, by SA [] and advised as follows:

He is unable to recall the names of the various Army staff officers who directed the ASTP at CCNY. Upon locating his "Certificate of ASTP Training" he advised that the certificate listed [] as "Issuing Officer." [] vaguely recalled [] as the ASTP "commander in the New York area."

[] also advised that as a result of a recent search of his personal effects he located a post card received from the subject during the fall of 1948. The post card which was postmarked October 21, 1948, Paris, France, disclosed that the subject was residing at the Hotel Litre, Paris, France, at the time he wrote the post card.

[] stated that with the exception of the above he was unable to furnish additional information regarding the subject.

[] identified a photograph exhibited to him as that of GEORGE KOVAL, a fellow engineering student, known to him only during the period of his attendance at CCNY from 1946 to 1948.

[] stated that in a sense, he considered KOVAL a good friend, but on the other hand, he did not know him very well. He said KOVAL was a very quiet person, a good student, and upon reflection, KOVAL was a rather mysterious person. [] explained that by mysterious, he meant nobody knew very much about KOVAL or his background and at the time he knew KOVAL, he did not think too seriously about this but attributed it to the fact that KOVAL was more mature and older than the average student in the engineering group.

[] advised that he knows absolutely nothing about KOVAL's activities or background prior to 1946 and he never discussed this with KOVAL or any other person. He further advised that during the period he knew KOVAL, 1946 to 1948, he had no reason to question or be concerned about his activities since they were activities of the average engineering student. [] stated his relationship to KOVAL was that of any fellow student, that of attending classes, studying, and occasional social functions with KOVAL. He advised he knows of no other activities on the part of KOVAL during this period. He also stated that he has neither seen nor heard from KOVAL since leaving CCNY in January, 1948.

b7C

[] stated that during the period of 1946 to 1948 at CCNY, KOVAL was very conservative in his political views. He recalled on one occasion where the American Youth for Democracy (AYD) had gained control of the Student Council, KOVAL led a group of engineers in opposition against the tactics and policies of the AYD in the Student Council.

The American Youth for Democracy has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

[] stated that in theoretically dividing students into a political classification of either liberals or conservatives, he would classify KOVAL as a conservative during that period.

[] advised that KOVAL was popular with other students and was elected Chapter President of Eta Kappa Nu Fraternity at CCNY sometime during 1947. However, [] stated that KOVAL seems to have dropped out of sight since 1948 and in talking to former classmates and professors, nobody seems to have heard from or about KOVAL.

[] advised that the only information he knows concerning KOVAL is that several years ago, [] a former engineering classmate CCNY, 1946 to 1948, currently employed by Bell Telephone Laboratories, Whippany, New Jersey, told him that he [] inquired at the American Embassy in Paris, approximately 1950 about KOVAL. [] related that [] felt he was given a "brush off" at the Embassy and did not get any information about KOVAL. [] advised he did not know what information [] had about KOVAL to cause him to make inquiry at the American Embassy in Paris, except he probably heard that KOVAL was working some place in Europe.

b7C

[] stated that his sister, [] Avenue, Bronx, New York, had at least one date with KOVAL sometime during the period 1946 to 1948 but he felt it was doubtful that she knew anything about KOVAL.

She furnished a letter postmarked May 22, 1956, in Russia, from her brother, ABRAHAM KOVAL, subject's father. She stated this letter contains news of the KOVAL family in Russia. 10 WA AGE ABOUT 75 IN 1956

The following is a translation of the above-described letter:

It is noted that HARRY and ~~GOLDA GURSHTEL, 15203~~ ~~Hartsook Avenue, Sherman Oaks, California.~~ were previously interviewed by SAs ~~[redacted]~~ on ~~POLAND~~ ~~RUSSIA~~ May 24, 1956. They advised at this time that in 1936 they travelled to Europe during which time they visited HARRY GURSHTEL's parents then in Poland and later visited ABRAHAM KOVAL and his family in the Far Eastern Region of Biro-Bidjan and spent about one week with the KOVAL family. They advised that GEORGE and ISIAH KOVAL, the two oldest sons of ABRAHAM, were assisting their father on a collective farm. Neither of the GURSHTELS, during interview on May 24, 1956, mentioned travel to Moscow or having seen GEORGE KOVAL in Moscow. ~~RUSSIA~~ ~~10 WA~~

On August 22, 1956, Mrs. GOLDA GURSHTEL and HARRY GURSHTEL, 15203 Hartsook Avenue, Sherman Oaks, were reinterviewed by SAs ~~[redacted]~~ Mrs. GURSHTEL was questioned concerning a phrase in the letter, translation of which is set forth above, pertaining to the last paragraph in which the letter indicates that GEORGE KOVAL and LYUDMILA were seen by the GURSHTELS in Moscow.

Mrs. GURSHTEL advised she does not recall having omitted this phrase when reading this letter to Special Agents on May 24, 1956, but explained as follows:

During the GURSHTELS trip to Russia in 1936 she and her husband first visited his relatives in Poland. They then travelled to Moscow where they remained about ten days. During this ten-day stay in Moscow, they saw GEORGE KOVAL many times. GEORGE KOVAL at this time was a student at the Mendeleev Institute in Moscow. On one such meeting, KOVAL introduced to the GURSHTELS his girl friend LYUDMILA and stated that she was also known as "MILLIE." The GURSHTELS state that they only saw LYUDMILA once and recall nothing of her background except she was also a student at the Mendeleev Institute. The GURSHTELS described LYUDMILA as follows:

Name	LYUDMILA ^{KOVAL} (INU), aka MILLIE KOVAL	
Race	White	
Sex	Female	
Age	In 1936 about 22 to 25	RUSSIA IOWA
Height	About 5'4"	
Weight	Unknown	
Build	Slender	
Hair	Light brown	
Complexion	Medium olive	
Eyes	Unknown	

During this visit with KOVAL, the GURSHTELS advised that he stated after he came to Russia in 1932 he had great difficulty mastering the Russian language; therefore, for two years had remained on the collective farm with his father in order to study the Russian language. He stated in about 1934 he entered the Mendeleev Chemical Institute and was in 1936 working toward a degree. The GURSHTELS advised they departed Moscow and then travelled to visit her brother, ABRAHAM KOVAL, on the collective farm in the Far Eastern Region of Biro-Bidjan. A few days after their arrival, GEORGE KOVAL appeared and announced that he was on vacation from school for two months during which he intended to spend with his father working on the collective farm.

Mrs. GURSHTEL furnished a photograph of the entire KOVAL family, which according to her was taken in Sioux City, Iowa, only a short time prior to the KOVALs' departure to Russia in 1932. She identified those in the photograph as ABRAHAM KOVAL, ETHEL KOVAL, subject's parents, GEORGE KOVAL in center wearing glasses, ISIAH KOVAL to left of subject, and GABRIEL KOVAL, right rear.

MRS. SAM GERTZ HARRY GURSHTel advised on August 22, 1956, that SAM GERTZ was the first husband of his wife's sister, now known as PEARL SILVER. SAM and PEARL were divorced in Sioux City, Iowa, shortly after the birth of GRACE GERTZ in about 1924. GERTZ completely disappeared thereafter and none of the relatives have ever seen or heard of him since. GURSHTel advised that GERTZ was a baker by occupation and was in the early 1920's employed at the Sioux City Bakery. HARRY GURSHTel characterized GERTZ as a "drifter" who refused to settle down in Sioux City. He GERTZ was born in Russia and had previously lived in New York City, Chicago, ILL Philadelphia, St. Paul and Minneapolis.

ADMINISTRATIVE DATA

In New York cover letter dated 8/2/56, accompanying the report of SA [] New York, dated 8/2/56, a lead was set out for WFO to review KOVAL's Manhattan Engineering District (MED) Security File and any other available MED records pertinent to subject's assignment with MED at Oak Ridge, Tennessee, and Dayton, Ohio. It is noted that in a New York letter to the Director, Baltimore, Knoxville, New Haven, St. Louis, and WFO, dated 5/27/55, a lead was set out for Knoxville to conduct extensive investigation pertaining to KOVAL's assignment with MED. It is also noted the Summary Report of SA [] JR., made at New York, October 28, 1954, sets out a resume of information obtained from a review of KOVAL's MED Security File in custody of the AEC at Oak Ridge.

As is set out in the report of SA [] Los Angeles, dated 8/20/56, information in the Administrative Section of that report points up a discrepancy with regard to [] and the matter of his passport record. It was previously reported that a review of the passport file of [] by WFO, as set out in WFO letter to Bureau, dated 7/11/56, disclosed the passport application executed by [] on 12/23/52, showed [] denied previous foreign travel; while, when interviewed by SA [] on 5/8/56, [] admitted he attended the University of Basel in Switzerland in 1939. WFO is re-checking the passport records of [] in an effort to clarify this matter. Photographs of [] were furnished to Los Angeles by WFO.

It was previously reported in WFO relet dated

REINTERVIEW OF [REDACTED]

On October 16, 1956 [REDACTED] Avenue, La Verne, California, was reinterviewed by SA [REDACTED]. She identified a photograph of [REDACTED] as familiar to her as a person she met at a New Year's Eve party in December, 1950 and engaged in conversation regarding KOVAL. She stated that after much reflection concerning this meeting that [REDACTED] stated he had known KOVAL at Oak Ridge, Tennessee during the latter part of World War II and knew a woman who had told him she had seen KOVAL in Europe. [REDACTED] stated that during this conversation [REDACTED] promised to obtain KOVAL's address from this unknown woman and telephone her at a later date furnishing same. She is not positive but thinks possibly [REDACTED] called her several weeks later and stated he had had no luck in contacting this unknown woman who knew KOVAL's European address.

[REDACTED] in a previous interview, advised that KOVAL was acquainted with a zoology professor at Columbia University during the period 1947-1948. She stated that she does not recall the name of this zoology professor and doubts if she would recognize the name of this person if she heard it. She said that KOVAL, during their acquaintance, only mentioned this person once or twice and she had no reason to remember this person's name. Upon hearing the names of Columbia University faculty members of the Zoology Department during 1948, she stated that none of the names sounded familiar to her. With regard to [REDACTED] a graduate student employed in the Zoology Department at Columbia University during 1948, [REDACTED] stated she vaguely recalled KOVAL mentioning someone named [REDACTED] but does not remember the extent of this association or whether this [REDACTED] is or was the zoology professor at Columbia University. b7C

[REDACTED] advises that since her first interview regarding KOVAL, she recalls one other matter of possible interest concerning KOVAL. She said that during the summer of 1948 KOVAL told her that during his Army assignment in Ohio he had met and become very serious about a girl named [REDACTED]. KOVAL described [REDACTED] as a student at Western Reserve University in Ohio whose father was a prominent businessman. KOVAL told [REDACTED] that he made frequent visits to see [REDACTED] and spent several weekends as guest of her family. KOVAL told [REDACTED] that he seriously considered marriage with [REDACTED] but changed his mind at the last minute and broke off this acquaintance. [REDACTED] could not furnish the surname of [REDACTED] nor the place where her family lived except she recalls [REDACTED] was from Ohio.

REINTERVIEW OF [REDACTED]

On October 29, 1956 [REDACTED] was reinterviewed by SA [REDACTED] at Signet Laboratories, 614 North La Peer Avenue, Los Angeles, California. [REDACTED] advised that he and his wife, [REDACTED] have given considerable thought to this matter since first interviewed. He said they are positive they met no one during their trip to Europe in 1953 who could have been KOVAL. He recalled attending a New Year's Eve party held in December, 1950 at the residence of [REDACTED] but positively recalled no conversation at this party with [REDACTED]. He stated he does not recall meeting anyone named [REDACTED]. He said he is positive he does not recall promising to furnish CALIF KOVAL's address to [REDACTED] nor admitting an acquaintance with a woman who allegedly knew KOVAL. He said further that he is certain he would not have agreed to obtain KOVAL's European address from a third party for [REDACTED] in that he would not have felt obligated to do such for a person he had just met. [REDACTED] stated that [REDACTED] might have obtained his business card at this party because as a general rule he distributes these cards freely at such parties offering discounts on the purchase of vitamins.

[REDACTED] advised he is positive he did not know KOVAL at Oak Ridge, Tennessee during the period 1945-1946 for he had no contact with any Army personnel there. He advised he was employed as a civilian in personnel procurement under the supervision of [REDACTED] a former personnel executive at Ford Motor Company at Detroit, Michigan. He said there were at least ten other persons employed in the same capacity as himself. His assignments involved surveys for potential technicians at colleges and universities in Florida, Georgia, Tennessee, North Carolina, and South Carolina for eventual employment in the Manhattan Project. In this connection [REDACTED] repeated that he spent less than three days each month at Oak Ridge, Tennessee and had little or no contact with service personnel attached to the Manhattan Project.

[REDACTED] admitted he had never attended Basel University in Switzerland. He said he does not recall how this rumor began and admits that he possibly started it himself. He said he now finds it difficult to deny since this educational background lends a great deal of credence to him in his business as a chemist. He stated further he had never traveled to Europe or left the United States until 1953 when he and his wife visited Europe for about three months. He advised that his wife traveled on a separate

LA 65-6124

passport which she applied for and obtained at Los Angeles on December 16, 1952 under the name [redacted] born April 30, 1924 at Franklin, Texas. He stated that during their trip to Europe in 1953 they visited England, Ireland, France, Spain, Italy, Switzerland, Luxembourg, and Belgium.

[redacted] added that he was more than willing to be of assistance to the FBI in this matter and if he had known KOVAL at any time, either at Oak Ridge or in Europe, he would have no reason to deny this acquaintance. [redacted] stated that he has never had any connection with a Soviet establishment or officials of the Soviet government nor has he had any connection with Soviet satellite countries or their officials. He stated that if he were approached by such representatives and felt that information gained by such approach would be of value to the United States Government, he would voluntarily furnish this information to the FBI or other proper Government agencies.

ADMINISTRATIVE

One copy of this report is being furnished to the Washington Field Office in explanation, furnished by [] of discrepancies pointed out in connection with passport number [] issued to [] 12/23/52, and previous information from [] indicating prior foreign residence at Basel University, Switzerland.

By letter dated 7/19/56 New York furnished a list of professors, associate professors, and graduate students employed in the Zoology Department, Columbia University, New York, during 1948, which were read to [] on 10/16/56 in an attempt to identify an alleged acquaintance with KOVAL in the Zoology Department of the university in 1948.

b7C

In regard to [] mentioned by [] as a former acquaintance of KOVAL at Ohio during the period when KOVAL was serving in the U. S. Army, it is noted that the report of SA [] dated 5/25/56 at New York, page 10, reflects that an interview with [] on 5/25/55 by agents of the New York Office reflected that WEISMAN stated that KOVAL had mentioned a girl he dated during his tour of duty at Dayton, Ohio, and described that girl as someone KOVAL had almost married. This report also reflects that [] Dayton, Ohio, when interviewed on 4/18/56, advised that her daughter, [] knew KOVAL during 1945 and stated that [] is now married to [] and was then residing with her husband in France. It is probable that the [] referred to by [] is identical with this []

In regard to current interviews of [] and [] these interviews have been conducted in an attempt to ascertain whether [] was acquainted with KOVAL as alleged by [] It is noted [] stated she met [] at a New Year's Eve party in December, 1950 and [] in conversation, admitted knowledge of KOVAL at Oak Ridge, Tennessee during World War II and that KOVAL was recently known to be in Europe. Both [] readily admit in separate interviews that this party in December, 1950 was one at which all guests became extremely intoxicated and even though [] claims this conversation did occur, she admits she was in less than normal presence of mind and could have made errors in the

original statements regarding KOVAL and [] admits he would not attempt to recall chance conversations at an event which occurred six years ago under the intoxicated condition which he might have been. [] has, on each contact, been openly cooperative and appeared to be sincerely interested in clarifying this matter. It is reasonably apparent that further interviews with either [] concerning this alleged conversation regarding KOVAL will elicit no further information not already obtained; therefore, Los Angeles contemplates no further contact with [] regarding this alleged conversation.

GEORGE KOVAL

On October 25, 1956, [redacted] nee [redacted] was interviewed at the American Embassy, Paris, France. [redacted]

[redacted] readily admitted her acquaintance with subject and related that she worked with him at the Monsanto Company, Dayton, Ohio, during the summer of 1945.

During the period she knew subject, she went out with him socially six or seven times from June to September 1945. According to [redacted] subject never talked about himself and appeared to be very timid about his background and associates. She recalled that he was in the Army at the time he worked at Monsanto but was in civilian clothes most of the time. On one occasion she invited subject to her home in connection with a social affair, and her father and mother took a violent dislike to subject because he was so reticent about discussing his family.

b7C

At no time did subject discuss politics with Mrs. [redacted] and she now thought that this was peculiar, since subject appeared to be a very serious and intelligent type of person. She could not recall anything derogatory about subject and claimed to know nothing about his involvement in any subversive activities.

[redacted] stated that she has not been in contact with subject since the fall of 1945 and has not seen him since that time, nor has she any information as to subject's present whereabouts and activities. She suggested that one [redacted] who [redacted] subject in 1945, might be able to supply some information. Although [redacted] did not know [redacted] present whereabouts, she recalled that [redacted] had married a Dayton girl and was probably still known at the Monsanto Company in Dayton.

Re Knoxville letter dated 10/4/56, reporting that subject's MED file had been forwarded to [redacted] AEC, on 11/23/54, and requesting this file be reviewed.

In connection with this lead, it is noted that the New York Office, by letter dated 8/2/56, originally requested that this file and any other available MED records pertinent to subject's assignment with MED at Oak Ridge, Tennessee, and Dayton, Ohio, be reviewed in an attempt to develop in detail all information relating to the exact nature of subject's duties at Oak Ridge and Dayton including his leave and travel records. It was also stated that emphasis should be given to ascertain whether or not MED conducted a "clearance investigation" of the subject.

On 10/16/56, through the cooperation of [redacted] subject's MED file as maintained by AEC was reviewed by SA [redacted]. At that time [redacted] advised Agent [redacted] that some material concerning MED employees is in dead storage at Oak Ridge, and that he would have to communicate with Oak Ridge to determine if any additional information concerning subject was available.

The only information subject's MED file contains concerning his employment is that set forth on a MED Personal History Statement dated 3/10/45, which shows the office of employment as Clinton Laboratories, Oak Ridge, Tennessee, and his position as Health, Physics Department, Development Group. Concerning a "clearance investigation," the file does not reflect that there was any active investigation of subject. The file does contain an undated Personnel Security Questionnaire possibly executed at the time subject entered the Army. On the questionnaire and beside his listed education at the University of Iowa, his employment at the Raven Electric Company and references, [redacted] Bronx, New York, and [redacted] CCNY, there appeared red check marks indicating that these sources had been contacted concerning subject. This is borne out by the fact that the file contains form letters dated 8/3/44, directed to the University of Iowa, [redacted] by the District Intelligence Officer, Army Service Forces, U.S. Engineering Office, Manhattan District, Oak Ridge, Tennessee. These forms contain provisions on the reverse side for a reply.

The reply from the University of Iowa which was dated 8/10/44, and signed by [redacted] confirmed subject's attendance at the University from September, 1929, - June, 1932, but stated he did not graduate. It was further stated "we regret that we have no personal knowledge of this student."

b7C

The reply from [redacted] was dated 8/10/44, and in it she indicated she had known subject approximately three years, was "just a friend," and that she knew nothing reflecting on his character or reputation. [redacted] reply was dated 8/8/44, and in it he indicated he had known subject for 1½ years subject having been in several of his, [redacted] "upper electrical engineering AST classes;" that subject had impressed him very favorably in all respects and that subject's "personality and character are above reproach." No reply from the Raven Electric Company was noted in the file.

On 11/15/56, [redacted] advised that the additional search of Oak Ridge records concerning subject had been negative. RUC.

(65-57859-228)

A review of the Manhattan Engineering District Security File in custody of the Atomic Energy Commission, Oak Ridge, Tennessee, furnished background information on the subject and noted that a personnel security questionnaire dated March 10, 1945, indicated that the subject was then employed in the Health Physics Department, Development, Clinton Laboratory, Oak Ridge, Tennessee. The file also contained an affidavit dated June 23, 1945, certifying that GEORGE KOVAL knew it to be his duty to safeguard classified information which had come to his attention. There was no indication of the period of time that the subject was employed at Oak Ridge, Tennessee.

[redacted] Plant Protection Division, Oak Ridge National Laboratory, formerly known as the Clinton Laboratory, advised that his records indicated that GEORGE KOVAL was fingerprinted as a Mathematician on August 15, 1944, and that he worked in the Health Physics Department.

NY 65-16756

b7C

[redacted] advised that he had no information as to the amount of classified data or the type of such information to which GEORGE KOVAL had access. He observed, however, that the information could vary from unclassified to top secret. He added that due to the large numbers of military personnel employed at the laboratory during World War II, very little information of a personal nature was obtained.

The records of the Veterans Administration, 252 Seventh Avenue, New York, New York, on March 25, 1954, disclosed Veterans Administration File 12444012 on GEORGE KOVAL (no middle name), 2004 Valentine Avenue, Bronx, New York. The file disclosed that on September 4, 1946, KOVAL applied for educational benefits to pursue an Electrical Engineering course at the School of Technology, College of the City of New York. He entered training on September 23, 1946, and terminated this training on February 29, 1948. KOVAL entered the United States Army on February 11, 1943, at Fort Dix, New Jersey, and received an honorable discharge on February 12, 1946, as Technician, 3rd Grade, at Camp Atterbury, Indiana. He attended the Army Specialized Training Program from August, 1943, to August, 1944, during which time he studied electrical engineering at the College of the City of New York.

KOVAL's Army Separation Qualification Record disclosed he completed two and one-half years of college at the State University of Iowa in electrical engineering and that he also spent one year studying organic chemistry at Columbia University, New York, New York.

He held a civilian job as purchasing agent with the Raven Electric Supply Company from 1939 to February, 1943. He was engaged in purchasing electrical supplies and equipment for a supply company from a manufacturer for wholesale trade. He made purchasing trips to various manufacturing concerns in New York and Pennsylvania.

In his military career, KOVAL was an Engineering Aide, having worked on the Manhattan Engineering Project at Oak Ridge, Tennessee, and Dayton, Ohio. He assisted in performing technical work involving the development of apparatus, collection, and transposition of data incident to research in and the development of Army material.

NY 65-16756

The Veterans Administration file contained his signature and a photostat of fingerprints from his right hand and indicated he was awarded the American Theater Ribbon, the Good Conduct Medal, and the Victory Medal. He indicated his permanent residence as 3451 Giles Place, Bronx, New York, and he was discharged for reasons of demobilization.

A letter was addressed to GEORGE KOVAL by the Veterans Administration to the 2004 Valentine Avenue, Bronx, New York, address dated February 26, 1952, for over-payment of subsistence which was returned stamped "Not at address given." A previous letter dated September 15, 1949, had also been returned stamped "Removed, left no address."

(65-57859-291)

Education

The Manhattan Engineering District Security File at Oak Ridge, Tennessee, disclosed that the subject attended the Armstrong School, Sioux City, 1918-1925; Woodrow Wilson Junior High School, 1925-1926; and the State University of Iowa, Iowa City, September, 1929 - February, 1932.

The following investigation at the College of the City of New York, 139th Street and Convent Avenue, New York, New York, was conducted by SA [redacted] on June 10, 18, and 29, 1954:

b7C

[redacted] Day Session, Registrar's Office, produced a record of GEORGE KOVAL, no middle name, who was born on December 25, 1913, at Sioux City, Iowa, and resided at 2004 Valentine Avenue, Bronx, New York. The records disclosed that his parents were both deceased, his father having been born in Poland and becoming a naturalized United States citizen about 1919.

KOVAL attended Central Hall High School in Sioux City, Iowa, from September, 1925, to June of 1929. He also attended the State University of Iowa, but no dates for same were given. He entered the College of the City of New York, on September 5, 1946, and graduated with the degree of Bachelor of Electrical Engineering on February 1, 1948, cum laude. He ranked fourth in a class of 186 engineers and second in a class of sixty-seven electrical engineers. He was also awarded credit for work from September, 1929, to February 2, 1932, which was not otherwise explained.

NY 65-16756

He was in the United States Army from February 4, 1943, to February 12, 1946, and was an Army Specialized Training Program student at the College of the City of New York from August 9, 1943, to July 29, 1944. His record was clear and there was no unfavorable information contained therein.

[redacted] Day Session, Registrar's Office, produced the records of Army Specialized Training Program students which disclosed the following information:

GEORGE KOVAL, born on December 25, 1913, holder of Army Serial No. 32790994, was a resident of 3151 Giles Place, Bronx, New York. He was screened at Citadel, Charleston, South Carolina, and had an AGCT score of 152. He attended a total of four terms of Army Specialized Training Program training from August 9, 1943, to July 29, 1944, and was rated as a very good student. He was a Corporal and assigned to Company A of the 101st Engineer Battalion and had been employed as a purchaser prior to his induction.

[redacted] advised that there was no record in his office of questionable activity on the part of GEORGE KOVAL or of any disciplinary action having been taken against him at the College of the City of New York.

[redacted] 140th Street and Convent Avenue, New York, New York, advised that the only information in their files was that GEORGE KOVAL received a Bachelor of Electrical Engineering degree in 1948 and that his address as of March, 1951, was 14 Metropolitan Oval, Bronx, New York, Telephone No. TR 3-3081.

[redacted] was recontacted on October 19, 1954, at which time she advised that the 14 Metropolitan Oval, Bronx, New York, address for GEORGE KOVAL was an administrative error and the last address for the subject should be 2004 Valentine Avenue, Bronx, New York.

NY 65-16756

Possible Foreign Travel

The files of the Passport Office, Department of State, Washington, D.C., which were reviewed by SA [redacted] on July 27, 1954, and August 2, 1954, reflect that GEORGE KOVAL (no middle name shown) was born on December 25, 1913, at Sioux City, Iowa, and was issued Passport No. 170092 on March 15, 1948, for proposed travel on business for Atlas Trading Corporation, New York, New York, to France, Belgium, Switzerland, Sweden, and Poland, in approximately March, 1948, for a duration of approximately four to six months. KOVAL's application for the same passport reflected his address in March, 1948, as 2004 Valentine Avenue, Bronx 57, New York, and indicated that he was an electrical engineer by profession. The identifying witness on this passport application was [redacted] New York 25, New York, who indicated he had known KOVAL for a period of approximately five years and was not KOVAL's relative.

b7C

The passport records pertaining to KOVAL further indicated that his parents were both deceased as of 1948 but had resided at Sioux City, Iowa, prior to their deaths. ABRAHAM BERNARD KOVAL (father) was born in Russia in about 1881 and was a naturalized American citizen who came to the United States in approximately 1910, and ETHEL SHENITSKY KOVAL (mother) was also born in Russia in about 1883 and came to the United States in about 1911, according to these records.

Further reflected in the files of the Passport Office is correspondence addressed to that office from the Atlas Trading Corporation, 17 Battery Place, New York 4, New York, dated March 8, 1948. Said correspondence set forth that KOVAL would act as a representative of the Atlas Trading Corporation, an export-import firm, on a commission basis in France, Belgium, Sweden, Switzerland, and Poland, and also requested the issuance of the necessary passport and/or other travel documents for KOVAL's travel to these countries. The correspondence was signed by Mr. P. R. RINCONES, President, Atlas Trading Corporation.

NY 65-16756

Neighborhood

[redacted] of 3451 Giles Place and 3470 Cannon Place, New York, New York, advised on March 26, 1954, that both the aforementioned addresses were properly used for the large apartment development located in that area. He noted that the apartment development changed hands on December 15, 1948, and most of the rental records prior to that time were destroyed.

[redacted] stated that in 1941 the tenant listed for Apartment 142 at 3451 Giles Place was listed as [redacted] who continued to occupy that apartment until October 21, 1942, at which time a new tenant by the name of [redacted] took possession of the apartment. The records for the years 1943 to 1949 were destroyed and there was no indication of a GEORGE KOVAL having resided in the building.

[redacted] observed that at one time the development had been a cooperative and the occupancy was still approximately 40 per cent Communist Party sympathizers or members. He stated he would attempt to make inquiry among tenants he considered reliable to determine the whereabouts of [redacted] or KOVAL.

(65-57859-291)
[redacted] was recontacted on June 9, 1954, at which time he advised that inquiries among tenants who had resided in that development for twenty years or more failed to disclose any information concerning GEORGE KOVAL. He did ascertain that [redacted] who had once resided in Apartment 142 later moved into the K building of that development and subsequently moved to California. [redacted] had resided alone for the greater part of that period, but [redacted] could obtain no additional background information. The tenant who had furnished the foregoing data did not know [redacted] current whereabouts and could not recall the year [redacted] departed.

[redacted] of known reliability, advised on March 26, 1954, that he had no information or removal address concerning GEORGE KOVAL.

(65-57859-291)

NY 65-16756

[redacted] of known reliability, who has worked in the area of Giles Place and Cannon Place for the past eight years, advised on March 26, 1954, that he recalled that at the end of World War II when he returned to his work in that area having made inquiries concerning the whereabouts of one [redacted]. Inquiries at that time disclosed the information that she was deceased. [redacted] also remembered the name GEORGE KOVAL from prior to World War II, but he had neither seen nor heard anything concerning that name since that time. (65-57859-271)

she did not recall
[redacted] Bronx, New York, advised on March 25 and 26, 1954, that after carefully searching her memory, she could not recall anyone by the name of GEORGE KOVAL nor was she familiar with anyone by the name of [redacted] who lived in the vicinity of Cannon Place or Giles Place in the Bronx. She acknowledged that both those addresses were close to her residence but that she could not recall ever meeting anyone by the aforementioned name and could offer no explanation as to why she would be listed on a Government record as always knowing the whereabouts of GEORGE KOVAL. *Relative* (500 65-57859-271)

[redacted] of known reliability, advised on June 9 and 11, 1954, that he had no forwarding address for GEORGE KOVAL from 2004 Valentino Avenue, Bronx, New York. He contacted the employee who used to work in that area, but the employee also had no recollection of the name GEORGE KOVAL.

b2
b7D

[redacted] 2004 Valentino Avenue, Bronx, New York, advised on June 10 and 11, 1954, that GEORGE KOVAL had resided in an apartment in that building approximately four and one-half years ago, having moved in apparently on his release from the Army in the fall of 1946. He remained there about three years and then departed for Europe, after which she never heard anything further from him or concerning him.

b7C

She stated that KOVAL was attending school during the period he stayed there, that he kept very much to himself, going out infrequently, and had only one visitor who used to come to see him. This man was in his sixties, had gray hair, stocky build, foreign accent, appeared to be of French nationality, was about

NY 65-16756

5'7" tall, cleanly dressed, nicely mannered, and wore a regular short beard. He visited KOVIL about two times and was the only visitor KOVIL had to [redacted] knowledge. She viewed several photographs of [redacted] and stated the visitor was not identical with [redacted]. She commented that GEORGE KOVIL did not talk of his background to any great extent; however, she did understand that he lost his parents at an early age and was reared in an orphanage, possibly in Cleveland, Ohio. He supposedly had one aunt, who never took much interest in him, and he appeared to be very poorly fixed financially.

[redacted] stated that KOVIL departed with virtually no notice in the fall of the year he completed his schooling. He came in the morning of his departure, packed his trunk, and left, stating that he was going to Europe. [redacted] has not heard from him since that time. It was her impression that he may have obtained employment with the United States Government inasmuch as she believed that a brown, Army-type jeep called for KOVIL's trunk. She could not recall the exact date of his departure other than it was definitely in the fall of the year that he graduated from the College of the City of New York, where he had been studying engineering. She did not know KOVIL to have any employment other than as a student. She stated that she had never heard of [redacted] or the Raven Electric Company. She observed that [redacted] who was in that building, had treated KOVIL on occasion. (65-57859-299)

[redacted] 2004 Valentino Avenue, Bronx, New York, advised on June 14, 1954, that he knew very little concerning GEORGE KOVIL other than he had lived in that building for several years, during which time he had treated KOVIL's teeth on one or two occasions. [redacted] advised that he has no longer retained [redacted] of KOVIL and knew little concerning his departure other than it was sudden and that KOVIL expressed some intention of working in Europe. He recalled that KOVIL's departure occurred six months to one year after he completed his schooling. (65-57859-299)

Activities

[redacted] another Government agency which conducts security investigations, on February 3, 1944, furnished a report on the

NY 65-16756

activities of the American Youth for Democracy (AYD) at the College of the City of New York. The informant noted an executive meeting of the Tom Paine Club, the local AYD unit at the College of the City of New York, was held on January 28, 1944. The first order of business concerned the naming of committees and included among the committees listed and members thereof was one KAVAIL listed as a member of the Recruitment Committee.

The AYD has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

[redacted] of known reliability, advised in 1944 that the name KAVAIL appeared among the notes and documents of [redacted] with aliases, Attache of the USSR Consulate General, New York City in 1944. [redacted]

[redacted] New York, New York, attorney handling the general assignment of the Raven Electric Company, Incorporated, in favor of creditors, made available on February 14, 1952, various books and records relating to the operation of that company to SA [redacted] and SA [redacted]. These records contained a list of former employees of Raven Electric Company and included therein was GEORGE KOVAL, Social Security No. 152-18-0975, 3470 Cannon Place, Bronx, New York. He was employed during the period of January 2, 1942, to March 27, 1942, and was elected to the Board of Directors on May 15, 1942.

b2
b7D

b7C

[redacted] of known reliability, advised on October 26, 1949, that [redacted] also known as [redacted] of the Raven Electric Company, Incorporated, New York, New York.

b7C

[redacted] of known reliability, advised on October 12, 1949, that she had known one [redacted] who had been in the electrical business in New York City. The informant did not know [redacted] to be a member of the Communist Party but stated he was devoted to the aims and purposes of the Russian Revolution.

On February 20, 1950, the informant advised a photograph of [redacted] taken in 1922 was identical with the [redacted] she had previously described.

Louis Gibarti, alleged former Comintern representative whose credibility is not known since he has in NY 65-16756 the past furnished both reliable and unreliable information.

[redacted] of unknown reliability, a former Comintern agent who has furnished reliable information in the past, advised on April 16, 1952, after viewing photographs of [redacted] that the person portrayed is identical to one [redacted]. According to the informant, Gibarti was a regular "customer" at the office of International-arbeiter Hilfo (Workers International Relief - W. I. R.) at Berlin during the 1929-1932 period. It was the informant's recollection that he had seen [redacted] come to the W. I. R. office at least five to six times. Reportedly, [redacted] was given a Russian visa and he would go into the Soviet Union. The informant was of the opinion that [redacted] must have had a "confidential assignment" since he did not mix with the regular Communist Party crowd in Berlin.

b7C

Subsequently, Gibarti, the informant stated he saw [redacted] again in New York City during 1938. The place of the meeting was the offices of World Tourists on Broadway and Fifth Avenue, New York, New York. On this occasion the informant saw [redacted] in the company of JACOB GOLOS. It was the informant's contention that [redacted] during this period, was an important contact for Soviet agents and a close friend of [redacted].

b7C

Gibarti, The informant also recalled that prior to 1929, [redacted] was a member of the International Workers Order and a good friend of WILLIAM WEINER.

The Massachusetts House Committee on Un-American Activities Report of 1938, page 122, stated: "The American Section of the W. I. R. ...like those sections in other countries, was controlled by 'fraction' leaders who, according to Article I, Section 7, of the Communist International Constitution, were responsible to the Comintern at Moscow."

The International Workers Order has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

ELIZABETH BENTLEY, self-admitted former Soviet agent, has previously identified JACOB GOLOS as her superior.

[redacted] of known reliability, has advised that WILLIAM WEINER is generally regarded as the man responsible for the

b2
b7D

NY 65-16756

finances of the Communist Party and as one of the most important Communists in the movement.

[redacted] of unknown reliability, was shown passport photographs of [redacted] on April 24, 1952, and without being advised of his name or background data, the informant recognized him and was quite sure of this identification as one [redacted] whom he thought came directly from Russia to the Amtorg Trading Corporation, New York, New York. The informant believed him to be undoubtedly identical with [redacted] (first name not known) and believed [redacted] came to the Amtorg Trading Corporation in 1928, because he recalled seeing him in the old Amtorg building near the Battery, New York City, and also recalled seeing him when the Amtorg Trading Corporation moved to their new quarters near 28th Street and Fifth Avenue, New York, New York.

b2
b7D

During the period that [redacted] was with the Amtorg Trading Corporation, he associated only with the Russian group and not with the American group. Further, there were very few at Amtorg who associated with [redacted] due to some unknown fear of him.

When furnished [redacted] full name and background, the informant stated the German or French spelling of [redacted] would be [redacted]. The informant added that [redacted] trips to Europe could very well have been in behalf of the Amtorg Trading Corporation, which company is the official Russian trading agency in New York City.

b7C

[redacted] Immigration and Naturalization Service Consultant and member of the Communist Party, USA, from 1929 to 1937, observed photographs of [redacted] and his wife, [redacted] on April 23, 1952. [redacted] stated that the photograph of [redacted] taken in 1929 strongly resembled an individual whom he met in the presence of J. PETERS, JACOB GOLOS, and others on the seventh floor of the Flatiron Building in New York City in 1929. The informant was unable to recall the details or purpose of the meeting on that occasion, but added that it was his recollection that [redacted] was a member of the Central Committee of the Communist Party at that time. He stated that [redacted] was also present at a discussion involving the selection of members of the Control Commission of the

NY 65-16756

Communist Party which took place in 1930 in New York City in an old opera house off Union Square. He also believed [redacted] had accompanied EARL BROWDER to China or followed him a year or so later. However, he could not recall any further activities concerning [redacted]. He did not recall seeing him after 1930 and had no additional background information concerning him.

b7C

[redacted] of unknown reliability, a former member of the Communist Party, on February 18, 1943, identified ALEXANDER STEVENS as J. PETERS, who WHITTAKER CHAMBERS, on May 13, 1942, classified as the head of the Communist underground movement in the United States.

EARL BROWDER was the former National Chairman of the Communist Political Association.

Mr. GEORGE KOVAL, employed by Engine Company 35, East 119th Street between Second and Third Avenues, New York, New York, residing at [redacted] Bronx, New York, advised on August 6, 1954, that he had never been associated with the Raven Electric Company, [redacted] nor was he a veteran of the Armed Forces. He stated that he has on numerous occasions been mistaken for another GEORGE KOVAL, however, in line with the following incidents:

He commented that he and the other GEORGE KOVAL apparently both studied at the College of the City of New York at different times, he having taken some economic courses there in 1935. He is the only GEORGE KOVAL listed in the Bronx Telephone Directory and particularly during 1949 numerous telephone calls came to his residence from females indicating they had met him in various cities around the United States. On the basis of the conversations held between these individuals and his wife, they both came to the conclusion that the other KOVAL must have been employed as a merchant seaman or in some form of service in that he was believed to have been wearing a Naval uniform of some type.

Mr. KOVAL stated that he vividly recalls one particular such incident in 1949, during which time two girls contacted his

NY 65-16756

wife mentioning they had met him when he was in Albuquerque. It so happened that he was on vacation himself at that time but he had not been in New Mexico.

Mr. KOVAL contacted his wife for any additional information that she could furnish, and she substantiated most of the foregoing. She also advised that a GEORGE KOVAL had been listed in the newspapers a few years ago as having won \$500.00 in the Irish Sweepstakes but they did not know if it was the same individual.

Mr. KOVAL stated that he does not recall any recent telephone contacts but most other association has been by mail and that he still receives some form of electrical society magazine which he does not subscribe to. He also recalled that approximately two years ago he began to receive some form of Communist publication called the "National Guardian" and on attempting to ascertain how he received a subscription, the publishers informed him it was entered by an unknown party. He stated he had no additional information concerning KOVAL and in the event he did receive any indication of where the other GEORGE KOVAL is presently located, he would immediately notify the New York Office.

who has furnished both reliable and unreliable information in the past, but who is a former official of Red Army Intelligence, was interviewed on September 9, 1954. He advised that he did not recognize a photograph of GEORGE KOVAL as anyone he has ever known in or out of Soviet Intelligence circles. He added that the name GEORGE KOVAL meant nothing to him.

OMAHA

At Iowa City, Iowa

Will check records of the University of Iowa for all available background and activity of the subject.

Will ascertain former residences, employments, and schools from above records and will display photographs of subject to persons who knew GEORGE KOVAL to confirm identity.

Through above leads and resultant information, investigation should be conducted to determine whether subject's parents are in fact deceased and if not, their present whereabouts.

Will determine the whereabouts of brothers of subject, ISIAH and GABRIEL KOVAL.

Will be alert to possibility subject is identical with LOUIS KOVAL, born on [redacted] as shown in the report of SA [redacted] dated August 13, 1954. Omaha, captioned "Unknown Subject, was: [redacted] ESPIONAGE - R," and will determine when, where, and why subject assumed identity of GEORGE KOVAL, born on December 25, 1913.

b7C

The foregoing leads are listed as a guide only and are not to be considered all inclusive. Omaha should conduct such investigation as necessary, including a check of all logical informants and sources of information to completely determine the subject's early history. This investigation is necessary inasmuch as the allegations against [redacted] and the Raton Electric Company, which the subject was Director of in 1942 are such to make it conceivable that GEORGE KOVAL is an assumed identity on the part of the subject. [redacted] is the chief suspect for Russian agent [redacted] operating in NYC in 1941, who was allegedly in contact with and responsible for paying additional Soviet agents such as [redacted] and agents with code names [redacted] and others. Accordingly, any information as to

GEORGE KOVAL
ESPIONAGE - R

Re NY memo 12-31-54 and attached report of
SA [redacted] dated 12-31-54.

1. Concerning your request for Bureau authority to contact the Atlas Trading Corporation by which George Koval was reported to have been employed at the time of his departure from the U.S. in 1948, the Bureau is unaware of any regulation or policy necessitating such authority. The results of a review of Bureau file information concerning the Atlas Trading Corporation were forwarded to the New York office by memorandum of 11-19-54. In the event New York files contain no information indicating the inadvisability of such a contact, it would seem a most logical lead, meriting prompt attention. This is particularly true in view of your statement that there appears to be no reason why the current owners would not cooperate.

2. The New York office has also seen fit to seek Bureau authority before interviewing [redacted] who was listed as a witness in Koval's application for a U. S. passport. Again there appears to be no regulation or policy prohibiting the agent handling this matter in the New York office from exercising his initiative in the event information resulting from a review of office files and his preliminary investigation indicates no reason to the contrary.

In this connection your attention is directed to Section (2) of SAC Letter 54-36.

3. In your memorandum of reference you indicate that information in New York files concerning the Atlas Trading Corporation prior to its complete reorganization was not set out in the enclosed report. Inasmuch as according to the enclosed report the Atlas Corporation was reorganized in 1952 whereas Koval was reportedly

employed by that concern in 1948, this would appear to be a complete misconception as to the pertinence of information to be set forth in an investigative report.

The current character of the Atlas Corporation and its operating personnel is exceedingly important to an administrative determination as to the advisability of making direct inquiry of them. However, the information that should properly be set forth in an investigative report concerning George Koval would be such pertinent portions as might characterize the company at such times as he may have served as an employee.

4. The word "physicist" in line 4 of the synopsis is misspelled.

5. Paragraph 5 on page 3 has little significance unless the informant is further identified as an employee of the Atlas Trading Corporation.

6. The accuracy of a statement appearing in the last paragraph on page 3 to the effect that "the company had been operated by --- [redacted] who appears to be a senior officer in the firm," appears somewhat questionable especially in view of the later statement that he discontinued his association.

7. It is difficult, on the basis of information developed to date, to understand the pertinency to this investigation of information concerning [redacted] even though reportedly "travelling in fast company."

8. The word "at" in line 3 of the second paragraph, page 5, is misspelled. It would appear to be better form to use the words "in" or "during" rather than "on" as used in line 4 of that same paragraph. If living, a person "is a veteran -- having served --" not "was a veteran" as set forth in paragraph 2 of page 5.

9. The fact that "the [redacted] had a 1951 Plymouth, bearing a 1952 New York license plate number GE 7718" is of questionable materiality in this investigation.

10. The last paragraph on page 5 is most confusing, indicating either an error in reporting or a complete

misconception of fact leading to a misdirected and fruitless inquiry. On the basis of information set forth in this investigation it does not appear that George Koval ever lived at [redacted] or even contemplated residence at that address whereas the following paragraph of the report indicates that such was a former address of [redacted]

b7C

You are requested to submit amendments to this report in accordance with the above comments.

This investigation is of considerable importance and there are substantial leads which should be a challenge to interest and initiative.

[redacted] located in Book F, page 138 of births, the record of the birth of LOUIS KAVAL, born January 22, 1912, Sioux City, Iowa. His father was listed as ABE KAVAL, 1214-10th Street, race white, age 30, place of birth RUSSIA, occupation carpenter. His mother was listed as ETHEL SHENISKE, race white, age 28, place of birth Russia. Mrs. KELLER noted that this was a handwritten record and that frequently it is difficult to state with definite certainty whether a letter is an "O" or an "A", however, this name appears to be KAVAL.

On this Petition for Naturalization are listed the wife and children of ABRAM BERKO KOVAL, among which is the son, GEORGE KOVAL, date of birth listed as December 25, 1914 at Sioux City, Iowa.

[redacted] of the Lewis System, a private investigative agency with excellent records, 701 Nebraska Street, Sioux City, Iowa, on March 9, 1955 checked their records and located a newspaper clipping on subject GEORGE KOVAL. This newspaper clipping, from the Sioux City Journal and Tribune dated September 4, 1931, is quoted verbatim below:

"A Sioux City law student, George Koval, 619 Virginia Street, was booked for investigation, at the county jail Friday, suspected of inciting a 'raid' on the office of Charles Lebeck, county overseer of the poor.

"Backed by 50 men who twice stormed the overseer's office late Thursday afternoon, Koval told Sheriff Davenport he would 'consider' withdrawing his forces from the office, after the sheriff had told him to stay away.

"Koval identified himself as 'legal counsel' for the Unemployed Council, a communist group with headquarters at 510 Fifth Street,

"The group entered Overseer Lebeck's office and demanded room and lodging for two middleaged women who, Koval said, had been ousted from a local hotel and had no place to go.

"Lebeck said he would take care of the two destitute women but saw no reason why the men should be there to enforce the demands. He then invited the group to leave his office, assuring them he would provide quarters for the women. Koval said they would return.

"When they departed, the overseer called the hotel, he said, and found the women had not been turned out. About an hour later the group returned and Overseer Lebeck called Sheriff Davenport.

"Aside from the demands of the two women, no requests were made for food or lodging the overseer reported. He said Koval and his followers were simply trying to 'make trouble'.

"Koval has been studying law in a Middle West university. He formerly attended Central High School."

Attached to this same card on the subject was a second newspaper clipping, taken from the Sioux City Journal and Tribune of September 6, 1931, which is quoted verbatim below:

"FREED YOUTH TELLS STORY

Asserts He Threatened No One in Office of Poor Overseer

"Another side of the story about the delegation of persons who went to the office of Charles Lebeck, county overseer of the poor Thursday afternoon to seek aid for two destitute women, was related by George Koval, 19 years old, upon his release from the county jail.

"Koval was arrested by Sheriff John Davenport Thursday afternoon and accused of threatening violence in the office of the overseer. He was released Friday evening. Koval's account of the incident follows:

"The committee of 50 filed into Lebeck's Office and demanded immediate aid for two destitute women whom Lebeck had refused to help on Tuesday, sending them to the police station for temporary relief only, when they needed support until they could get work.

"It was not until confronted by a mass delegation from the unemployed council that Mr. Lebeck gave any promises of help. He did not ask for time to investigate these women.

DENIES THREATS

"Mr. Lebeck insisted that Mrs. Fairman was not a resident of Woodbury County and did not consent to look further into the

matter although later investigation by the committee gave every indication that Mrs. Fairman was a citizen of this county.

"When Lebeck said that it would take some time for him to make arrangements for caring for the women, as spokesman, I asked if there would be any objection to waiting and the overseer did not refuse that request. However, at the further suggestion by the committee that they leave and later return he readily assured them that this would be all right. No one became abusive or uttered threats of violence on leaving or at any other time during the interview.

"Upon its return, the committee was met by Sheriff Davenport and several deputies who drove the crowd from the courthouse and escorted me to Davenport's office, where the sheriff offered to let me go if I would promise to stay away from the courthouse, which I refused to do. I was then locked up and the next morning was taken downstairs and Davenport again offered to release me if I would promise to get out of the unemployed council. I again refused."

The company was originally established by Mr. RINCONES in 1937, and this individual is currently residing in South America and is a member of the American Chamber of Commerce in Venezuela. The record for [redacted] indicated that [redacted] resided at Post Office Box [redacted] telephone number 9-7327, and possible business address Edif. Coma III er Piso, Ibarra A. Pelote.

[redacted] added that the only other possible contact KOVAL could have had with Atlas, not reflected in the above files, would have been as a commission agent and not as a direct representative. The only manner whereby this activity could be confirmed would be through a review of Atlas correspondence for the years 1948 and 1949, and such correspondence is not presently available.

[redacted] an employee of Atlas Trading Company since 1947, was interviewed on February 10, 1955 and furnished substantially similar information to that obtained from [redacted] and added that he also was unable to identify subject by name or photograph. He had no knowledge of European representatives, either as commission agents or otherwise, having been engaged by the Atlas Company during 1948 and 1949.

[redacted] of Atlas Trading Corporation, 17 Battery Place, New York, New York, advised on February 24, 1955 that he had been employed by the Atlas Trading

b7C

NY 65-16756

Corporation since April, 1947 and could not identify the subject by name or photograph as ever having been employed by that concern. He stated Atlas never had any business connections in Europe with the possible exception of minor dealings with England, nor did they ever try to develop any inasmuch as their activities were confined primarily to South America.

[redacted] observed that [redacted] may have possibly used official stationery for correspondence in connection with KOVAL, but seriously doubted that KOVAL ever had any actual affiliation with Atlas.

[redacted]
[redacted] New York, New York, advised on February 23, 1955 that he first met subject in the period from September, 1943 to June, 1944, when they were assigned to Army Specialized Training Program at the City College of New York. He renewed his acquaintance with subject in the Fall of 1946, when he [redacted] began a teaching position at City College and KOVAL returned to obtain an electrical engineering degree. He had a casual social relationship with the subject from this period up until the Spring of 1948, when the subject obtained a job in Europe, and he last heard from him by post card from Paris a month or two after KOVAL'S departure from the United States. He recalled that KOVAL had encountered some difficulty in obtaining his passport, due to the lack of birth statistics, but finally obtained same by wiring some place, possibly in Denver, for the proper records.

[redacted] stated that he, himself, had an acquaintance in a travel agency and had imposed on her to use what influence she could to expedite KOVAL'S passport application, inasmuch as KOVAL had a reservation on the SS AMERICA some time in March, 1948, which he did not want to lose. The acquaintance was unable to render any assistance.

[redacted] stated it was his impression the subject planned to engage in electrical work, in connection with the construction of some type of power firm in Poland by a United States concern.

b7C

NY 65-16756

He explained that he was never intimately acquainted with KOVAL, in that the latter was somewhat older than himself and the other group of individuals who were taking this Army Training Program together and, consequently, while they maintained a friendly relationship, he never obtained complete background details concerning KOVAL.

He stated that he recalled hearing that KOVAL had been assigned at Oak Ridge after leaving the College of the City of New York originally, and stated that he was very popular among the servicemen and also the students on his return.

As an indication of his popularity, he was elected either president of his class or a member of an honorary fraternity.

Being somewhat older, KOVAL exercised a moderating influence in virtually all forms of discussion, including those political, and there was never any question as to KOVAL's loyalty towards the United States Government.

During the period [redacted] know him, he resided at 2004 Valentine Avenue in the Bronx. Just prior to his departure from the United States KOVAL had been dating [redacted] New York City, who later moved to [redacted] Los Angeles 33, California. [redacted] advised that he did not believe the subject corresponded with her to any extent, as he recalled several contacts from her asking him whether he had any word from the subject.

[redacted] advised the subject was also socially acquainted with [redacted] formerly residing at [redacted] New York, New York, and was also friendly with [redacted] currently employed at the Republic Aircraft Company and residing at [redacted] Baldwin, New York, telephone number BA 3-9037. [redacted] according to [redacted] was in KOVAL'S Army Specialized Training Program class at the College of the City of New York, and may be aware of additional class members with whom KOVAL would be in contact with.

NY 65-16756

[redacted] advised that, in the event he received any additional information concerning the subject's whereabouts or activities, he would notify the New York Office of the Federal Bureau of Investigation.

Your attention is directed specifically to information beginning in the last paragraph on page 2 of the attached report concerning [redacted] of the Atlas Trading Corporation, who is reported to currently maintain a mailing address in Caracas, Venezuela.

Investigation to date in this matter, results of which have been made available to you, indicates a strong possibility that George Koval was involved in Soviet intelligence operations from 1941 until the time of his sudden departure from the United States in 1948. From records of the Passport Office, Department of State, it would appear that [redacted] was instrumental in assisting Koval in obtaining the necessary travel documents even though it was apparently unusual for the Atlas Trading Corporation to have a representative in Europe.

Re report of SA [redacted] dated 3/23/55 at Omaha, Nebraska. From information developed to date in this investigation it appears quite possible that George Koval accompanied other members of his family to Russia in 1932 where he was recruited into the Soviet Intelligence Service, trained and dispatched to the U. S. in the latter part of 1940 or very early part of 1941. It is of extreme importance to determine (1) when and how he re-entered the U. S. and (2) the exact circumstances surrounding his assignment to the project at Oak Ridge, Tennessee. Every attempt should be made to determine his possible re-entry into the U. S. subsequent to his departure in 1948. b7C

It is also suggested that the Omaha office check high school and university yearbooks for additional photographs of Koval and that the Los Angeles office conduct such investigation as will enable a determination as to the advisability of interviewing relatives of Koval presently living in that area.

The New York office should give this investigation continuous and aggressive attention and should

Activities

Investigation concerning the subject has established that during 1942 he was employed with the Raven Electric Company, New York, New York, owned by [redacted] a prime suspect for the unknown Soviet agent known by the code name [redacted]. During 1945 he was employed in the Health and Physics Department of the Manhattan Project, Oak Ridge, Tennessee, where he had access to material that could have varied from "unclassified" to "top secret." In 1948, while allegedly employed by the Atlas Trading Corporation, New York, New York, as a "commissioned representative," he was issued a passport for travel to various European countries, which included Poland. His whereabouts since that period are unknown. Available background data developed in Sioux City, Iowa, reflects that Koval is a native born United States citizen of Polish derivation, who departed the United States in 1932 with his parents and brothers. He possibly resided in Russia, or outside the United States, from 1932 to 1939 or 1941. He was educated as an Electrical Engineer at the University of Iowa during 1929 to 1932, and received a Bachelor of Electrical Engineering Degree at the City College of New York in 1948. (U)

He has no knowledge regarding the present whereabouts of the subject. His last communication from the subject was a postcard from Paris, France, postmarked during the Fall of 1948. This postcard, which has been destroyed, neither reflected a return address, nor information pertinent to the subject's activities or employment.

KOVAL possibly has been employed in the construction of an electrical power plant in Poland, which assumption is based upon KOVAL's statements made prior to his departure from the United States concerning his anticipated employment abroad. The circumstances leading to the subject's employment abroad are unknown. In retrospect, the fact that KOVAL was vague and evasive concerning his departure from

the United States during 1948 suggests the possibility he may have been engaged in some type of "blandestine activity".

The whereabouts of [redacted] is presently unknown, but it is believed that her parents may presently be residing at [redacted] Bronx, New York.

[redacted] whose address was previously indicated as [redacted] Bronx, New York, is residing at [redacted] New York 63, New York. [redacted] is employed at a research laboratory sponsored by the University of Columbia located at Dobbs Ferry, New York.

[redacted] were described as members of the Army Specialized Training Program (ASTP), College of the City of New York (CCNY) from 1943 to June, 1944. [redacted] are recalled as "close acquaintances" of the subject during his ASTP assignment at CCNY during 1943-1944. It is believed that both [redacted] and [redacted] should be in a position to furnish detailed information regarding the subject's activities at CCNY during the period of his assignment with the ASTP.

b7C

Regarding [redacted], mentioned above, it is noted that when [redacted] was originally interviewed by SA [redacted] on February 23, 1955, he advised that the subject had been dating her just prior to his departure from the United States in 1948.

During the occasion of his interview on February 23, 1955, [redacted] also advised SA [redacted] that [redacted] Bronx, New York, is a former acquaintance of the subject and knew the subject at CCNY during the period 1943-1944 and 1946-1948.

INFORMATION FURNISHED BY [redacted]

[redacted] advised SA [redacted] on February 23, 1955, that [redacted] Road, Baldwin, New York, was a member of the subject's ASTP class at CCNY and might be in a position to furnish pertinent information regarding KOVAL's former associates and past activities.

NY 65-16756

On May 4, 1955, [] was interviewed at his place of employment, Republic Aviation, Guided Missile Division, Hicksville, New York, by SA [] and advised the following:

He was in the subject's ASTP class at CCNY from September, 1943 to September, 1944. After the completion of the course, he believed the subject was assigned to Oak Ridge, Tennessee. He met him after World War II in 1946 when the subject returned to CCNY for the completion of his education. At that time the subject was working for some X-ray laboratory and attending CCNY. He has not heard from the subject since 1946 and does not know where he is at this time or where he was employed after 1946.

While at CCNY, the subject was a brilliant student, and it is believed by [] that Professor [] CCNY, would remember KOVAL. The subject was friendly with students at CCNY named ARNOLD KRAMISH, [] and [] KRAMISH is presently working for the Atomic Energy Commission, location unknown, and [] and [] are working for the Atomic Energy Commission at Oak Ridge, Tennessee.

b7C

Based upon his association with the subject, [] is of the opinion that KOVAL was a loyal American citizen concerning whom he cannot recall derogatory information.

The indices of the New York Office, Federal Bureau of Investigation, on May 9, 1955, reflected no derogatory information that could be determined identifiable with ARNOLD KRAMISH, [] on the basis of background information presently known for those individuals.

INFORMATION FURNISHED BY []

[] was contacted at his place of employment, Hudson Laboratories, Columbia University, Dobbs Ferry, New York, by SAS [] on May 25, 1955, and advised the following:

NY 65-16756

He met the subject at CCNY during the Fall of 1943 while he and the latter were members of the ASTP and was in contact with KOVAL until June, 1944, at which time the subject was assigned to the Atomic Energy installation at Oak Ridge, Tennessee. After World War II, he renewed his acquaintance with KOVAL when the latter returned to CCNY in the Fall of 1946 to complete his studies for a Bachelor of Electrical Engineering Degree. He was in contact with KOVAL from 1946 through the Fall of 1948, at which time the subject departed the United States in conjunction with employment recalled to be connected with an "electrical power development in Poland."

His contact with KOVAL during the latter's United States Army service as a member of the ASTP, CCNY, was restricted to a "fellow-student" relationship during which time he cannot recall any activity, statement, or association by the subject which would have suggested his involvement in subversive activity. He has no reason to believe that KOVAL's assignment at the Atomic Energy installation, Oak Ridge, Tennessee, during 1944 was the result of a preconceived plan by KOVAL citing as fact that assignments thereto of members of KOVAL's ASTP class were unknown by the trainees involved, and also were afforded top security regulations by the United States Army.

He has no specific knowledge regarding KOVAL's duties at Oak Ridge, Tennessee, but based upon statements made by the subject, it appears as though his duties consisted of electrical research work. He is unable to relate whether or not KOVAL had access to classified data or material while at Oak Ridge, Tennessee.

During the period 1946-1948, KOVAL's activities are best described as typical of a "veteran attending college under the provisions of the GI Bill of Rights." KOVAL was an excellent student of electrical engineering, and also was exceptionally active in fraternal affairs at CCNY. He apparently relied entirely on his "GI benefits" for his support, and consequently confined his entire activity to school work and related social events.

NY 65-16756

During this period KOVAL did make statements reflecting pro-Soviet sympathies but did not give the impression of being a Communist or a political fanatic. As an example, KOVAL, upon being questioned concerning a disputable issue involving the governments or foreign policy of Russia and the United States, without exception would attempt to logically set forth a favorable position for Russia. He did not enter into these discussions unless specifically questioned concerning a pertinent issue.

The only information recalled regarding KOVAL's early background is that he was born in Sioux City, Iowa, and, according to his statements, was orphaned during his early childhood. KOVAL never indicated that he had resided outside the United States at any time.

KOVAL's closest friend was in all probability [redacted] the Raven Electric Company (REC) in New York City where KOVAL was employed for several years prior to his Army service. KOVAL remarked that he had visited [redacted] residence on many occasions, and also described [redacted] as his "only true friend."

The only significant information recalled concerning [redacted] is that he was extremely friendly with a professor of electrical engineering at the Massachusetts Institute of Technology who was instrumental in securing [redacted] part time employment with the General Electric Company subsequent to World War II. The professor is recalled as being of Russian derivation and was mentioned by KOVAL on several occasions as being a close acquaintance of [redacted]. It is also recalled that both [redacted] were graduates of the Massachusetts Institute of Technology.

Subsequent to being awarded his electrical engineering degree at CCNY during 1948, KOVAL stated that he had obtained employment in connection with the construction of an electrical power plant in Poland. He was extremely evasive as to how he obtained this employment and the length of time he expected to remain abroad in conjunction with it. With the exception of sending a postcard to several of his friends in New York City during the Fall of 1948,

NY 65-16756

KOVAL has not contacted any of his friends or associates in the United States since leaving for Poland. On the basis of his unknown employment in Poland and in consideration of his apparent pro-Russian thinking, it is highly probable that KOVAL is engaged, or has been engaged, in "irregular activity" which might possibly include subversive acts against the United States.

[redacted] described the following individuals as being in a position to possibly furnish information pertinent to KOVAL's past activities.

[redacted] last known to be residing at [redacted] Culver City, California, was stationed with the subject at Oak Ridge, Tennessee, and possibly might recall information regarding KOVAL's activities thereat.

[redacted] Electrical Engineering Instructor, CCNY, 1947-1948, whose present employment and residence address are unknown, was closely acquainted with KOVAL during the period 1946-1948.

b7C

[redacted] believed to be presently employed at CCNY as a Laboratory Technician, was acquainted with KOVAL just prior to the latter's departure from the United States during the Fall of 1948.

The indices of the New York Office of the Federal Bureau of Investigation as reviewed on May 9, 1955, reflected no derogatory information for [redacted] or [redacted]

[redacted] who has furnished reliable information in the past, advised on October 26, 1949, that [redacted] also known as [redacted] of the Raven Electric Company, Incorporated, New York, New York.

On January 2, 1941, the subject indicated his residence to be 3470 Cannon Place, Apartment I-42, Bronx, New York, in care of ABRAHAM SILVER.

On March 14, 1941, KOVAL advised [] that he was employed with the REC, 11 West 25th Street, New York City, as a "Counterman".

On February 25, 1942 [] [] REC, directed an affidavit to Local Board 126, Selective Service System, Bronx, New York, requesting an occupational deferment of KOVAL's induction into United States military service. In this request, [] described KOVAL as the manager of the REC, and as the company's "key man". [] wrote that the REC was engaged in the electrical supply and equipment business, and was a distributor for the General Electric Company. [] noted that the REC had contractual agreements with the United States Government for the Army and Navy which included orders for "Bennett Field" and the "New Foundland Base, Incorporated".

On June 22, 1942, [] directed a letter to Local Board 126, Selective Service System, Bronx, New York, which reflected the following pertinent information:

It was noted that every effort was being made to train a replacement for GEORGE KOVAL. [] Brooklyn, New York, [] North Plainfield, New Jersey, were described by [] as possible successors to KOVAL's position at REC.

On July 20, 1942, WILLIAM A. A review of the subject's passport application dated March 15, 1948, at the Passport Office, Department of State, on June 20, 1955, failed to reveal any additional information relating to the subject's background and activities. In executing the passport application, the subject left a blank space in answer to the statement "I have resided in the United States as follows:" The subject also indicated that he had not previously obtained a passport. It will be noted that the subject was included in a passport number 499861 issued to his father, ABRAHAM KOVAL, which was dated May 14, 1932, for travel to Russia. Subject's passport file contained no information indicating passport renewal or use subsequent to 1948.

[redacted] Passport Office, Department of State, advised SA [redacted] on July 5, 1955, that on the basis of the facts available in the subject's and his father's passport files it does not appear that the subject has lost his American citizenship in the absence of any expatriative acts which may have been committed by him. The mere residence abroad, actual or alleged, by the subject from 1932 to some future date undetermined does not in itself constitute an expatriative act inasmuch as the subject is a native-born citizen.

[redacted] National Archives, was contacted on June 27, 1955, and requested to make available correspondence emanating from the American Legations at Riga, Latvia; Warsaw, Poland; and Helsingfors, Finland; for the year 1932.

On June 30, 1955, bound volumes of correspondence from Riga and Helsingfors were reviewed, and numerous lists of individuals traveling into and away from the Soviet Union during 1932 were checked.
