INSPECTOR GENERAL OF THE INTELLIGENCE COMMUNITY
WASHINGTON, DC 20511

Mr. Randall Coleman
Assistant Director, Counterintelligence Division
Federal Bureau of Investigation
935 Pennsylvania Ave., N.W.
Washington, DC 20535

SUBJECT: Section 811(c) Referral – Potential Compromise of Classified Information

SENT VIA SECURE FACSIMILE

Dear Mr. Coleman,

(U) On March 12, 2015, Senate Committee Chairmen Burr, Corker, and Johnson requested that the State Department Inspector General (State IG) conduct a review of State employees' use of personal email and non-government networks for official purposes. The Chairmen asked State IG to address several specific areas, including whether classified information was transmitted or received. The Chairmen also requested State IG coordinate their review with the Inspector General of the Intelligence Community (IC IG). State IG thereafter initiated a review and requested IC IG support.

(U) Concomitant with the State IG review, State FOIA officials are reviewing more than 30,000 emails provided by former Secretary of State Hillary Clinton. According to the former Secretary, these 30,000 emails were transmitted via personal hardware and software devices during her tenure at State.

(U//~~FOUO~~) In support of State IG's review, IC IG reviewed 296 of the 30,000 emails. State had FOIA-processed these 296 emails and released them publicly on May 22, 2015. IC IG found that two of these 296 emails contained classified information. One email had been redacted using a "B1" FOIA Exemption. The other email had been processed and released in an unclassified

~~and unredacted form. This second email should have been marked~~
~~SECRET//SI//REL USA, EYEY~~ according to FOIA officials at the Defense Intelligence Agency (DIA), National Geospatial-Intelligence Agency (NGA), and National Security Agency (NSA). These Intelligence Community FOIA officials confirmed that State FOIA officials did not coordinate with them in regard to the public release of this second email.

(U//~~FOUO~~) As part of its review, State IG sent former Secretary Clinton's personal attorney, Mr. David E. Kendall, a preservation request regarding systems and devices related to the 30,000 emails. IC IG co-signed this request. Mr. Kendall replied to the request (see enclosure), and noted that he had stored electronic copies of all 30,000 emails on a thumb drive located in his law office. Mr. Kendall also noted that the former Secretary's personal server is in the custody of a company named "Platte River Networks."

(U//~~FOUO~~) As the thumb drive and personal server contain classified information and are not currently in the Government's possession, we are referring this matter to your office for any action you deem appropriate.

(U) Please do not hesitate to contact me, at with any questions or concerns.

Dear Mr. Seide:

I write as personal counsel to former Secretary Clinton in response to your June 9 e-mail request for additional details regarding our preservation efforts related to Secretary Clinton's work-related e-mail from her tenure as Secretary of State.

I note at the outset that the Department of State is in possession of all of Secretary Clinton's work-related and potentially work-related e-mails. Specifically, in response to an October 2014 letter request from the Department of State, Secretary Clinton's counsel identified all work-related or potentially work-related e-mail in her possession, custody, or control. In total, 30,490 e-mails, all of which were from her @clintonemail.com account, were identified and provided in hard copy to the Department of State in December 2014. As her personal counsel, we continue to retain a preservation copy of the .pst file containing the electronic copies of those e-mails, on a thumb drive that is stored in a secured safe at the offices of Williams & Connolly LLP, 725 12th Street NW, Washington DC 20005. The only two persons authorized to access that thumb drive are me and my law partner, Katherine Turner.

In addition, we have taken steps to retain the server equipment that hosted Secretary Clinton's @clintonemail.com account during her tenure as Secretary of State, even though that equipment is no longer active and, we believe, no longer contains any data from Secretary Clinton's @clintonemail.com account. The equipment is in the custody of Platte River Networks and is maintained at a secure data center. In response to preservation notices related to Secretary Clinton's e-mail received that I have received

from certain entities, I have confirmed Platte River Networks's receipt of such notices as well.

WASHINGTON, DC 20511

MEMORANDUM FOR: SEE DISTRIBUTION

SUBJECT: Update to IC IG support to State Department IG
(Re: 12 March 2015 letter from Chairmen Burr,
Corker, and Johnson)

(U//~~FOUO~~) On 12 March 2015, the Inspector General of the State Department (State IG) received a letter from Chairmen Burr, Corker, and Johnson asking for, among other requests, a review of State Department employees' usage of personal email for official purposes. The letter also requested State IG to coordinate with my office to determine whether classified information was transmitted or received by State Department employees over personal systems. On April 16, 2015, State IG initiated a review of the use of personal communications hardware and software by five Secretaries of State and their immediate staffs.

(U//~~FOUO~~) In December 2014, former Secretary Clinton provided the State Department with approximately 55,000 pages of electronic documents. These documents were deemed to be official business, and had been transmitted via personal communications hardware and software. The State Department is in the process of reviewing these documents for potential public release in response to Freedom of Information Act (FOIA) requests.

(U//~~FOUO~~) State IG asked my office to validate the procedures being used by State Department FOIA staff as they process the 55,000 pages of electronic documents. Our preliminary assessment of the FOIA pre-release process determined that State Department FOIA staff lacked sufficient familiarity with Intelligence Community (IC) equities to properly identify potentially classified information. We provided State IG with some recommendations, and State IG forwarded our recommendations to the State Department FOIA staff. One of our recommendations was that State Department FOIA staff request support from IC FOIA officials to better protect potentially classified information.

(U//~~FOUO~~) My staff also reviewed 296 emails released by State FOIA officials on 22 May 2015. We identified one document that had been released in an

unclassified and unredacted form that --according to DIA, NSA, and NGA FOIA officials -- should have been marked and handled as ~~SECRET//NOFORN~~. Further, these IC FOIA officials confirmed that the document in question had not been coordinated with the appropriate IC elements before public release.

(U//~~FOUO~~) My office notified the National Counterintelligence and Security Center (NCSC) as well as other appropriate CI/Security officials of this released, unredacted document. Under Intelligence Community Directive 701, *Deterrence, Detection, Reporting, and Investigation of Unauthorized Disclosures of Classified National Intelligence*, NCSC (formerly National Counterintelligence Executive) is responsible for assessing unauthorized disclosures of classified information and making any notifications they deem necessary to the Department of Justice.

Classified Material on Personal Electronic
Storage Devices

(U//~~FOUO~~) On 19 June 2015 my office notified your committees that we had recently assessed the Freedom of Information Act (FOIA) document review process at the Department of State (State). This assessment was limited to the ongoing process being used by State FOIA officials reviewing almost 55,000 pages of emails that had been provided to State by former Secretary of State Clinton. These emails had previously existed on, and had been transmitted via, a non-government communication system but were deemed to be official business by former Secretary Clinton's staff.

(U//~~FOUO~~) As part of our assessment, we also reviewed a subset of these same documents, some 296 emails, that had already been reviewed and released by State FOIA officials in response to several FOIA requests. According to DIA, NSA, and NGA FOIA officials – at least one of these unredacted emails should have been marked and treated as SECRET//NOFORN.

(U//~~FOUO~~) On 24 June 2015, the State Inspector General received the attached letter from former Secretary Clinton's personal counsel, David Kendall. This letter discusses the former Secretary's provision of documents from her personal server to State; the current location of the personal server; and information about a mobile electronic storage device (thumb drive) presently in her counsel's possession. The above-mentioned SECRET//NOFORN document is likely on the thumb drive and possibly on the personal server (although Mr. Kendall notes he believes the personal server no longer contains any data).

(U//~~FOUO~~) Given the likelihood that classified material may exist on at least one unsecured, non-government system, the IC IG and State IG immediately notified security officials at ODNI, State, DIA, NSA, and NGA in accordance with Intelligence Community Directive 701, *Deterrence, Detection, Reporting, and Investigation of Unauthorized Disclosures of Classified National*

Subject: Stevens Update (Important)

(SBU) Per Special Envoy Stevens:

- The situation in Ajdabiyah has worsened to the point where Stevens is considering departure from Benghazi. The envoy's delegation is currently doing a phased checkout (paying the hotel bills, moving some comms to the boat, etc). He will monitor the situation to see if it deteriorates further, but no decision has been made on departure. He will wait 2-3 more hours, then revisit the decision on departure.
- He received reports of shelling last night in Ajdabiyah as well as snipers shooting people in the city. AFRICOM reported Qadhafi's forces took the eastern and western gates of Ajdabiyah, with 5 vehicles at the eastern gate and 50 at the western gate. More Qadhafi forces are heading to Ajdabiyah from Brega.
- The Brits report Qadhafi forces are moving from Sirte to Brega, which they interpret as preparation for another assault on Ajdabiyah today.
- He plans to discuss the situation further with the Brits, Turks, and the TNC to see if this is an irreversible situation. Departure would send a significant political signal, and would be interpreted as the U.S. losing confidence in the TNC. Initial message to the TNC would frame the departure as due to security grounds and as a temporary measure only.
- Polaschik said she would discuss these developments with Amb. Cretz.
- If the group departs, the contract for the boat stipulates they return to Greece. One scenario could be the group stages elsewhere for a few days.

Ops will continue to monitor the situation.
