SUBJECT: (U) Classification Review and Determination Request

REFERENCE: (U) CIPD 16-0008 (Pending)

1. (U) Summary

(U//~~FOUO~~) A DHS classification review of the documents contained on the Federal Bureau of Investigation (FBI) digital video/versatile disk (DVD) marked as "Lab Number: 150806250" did not identify any DHS classified information.

2. (U) Details

A. (U//~~FOUO~~) On October 27, 2015, the FBI provided DHS Counterintelligence with a letterhead memorandum (LHM) requesting DHS assistance in support of an investigation based upon a Section 811 referral from the Inspector General for the Intelligence Community regarding the possible compromise of classified national security information. Accompanying the LHM was a DVD, marked as FBI "Lab Number: 150806250" with the classification marking "Unknown Classification Handle as TS//SCI." The LHM outlined the FBI's request for DHS to conduct an "official classification review and determination" of the documents contained on the DVD.

B. (U//~~FOUO~~) A review of the contents of the DVD identified 47 uniquely labeled documents, with 39 being emails or "email chains" and 8 being attachments to emails.
