[SBU] Per Special Envoy Stevens

The situation in Ajdabiyah has worsened to the point where Stevens is considering departure from Benghazi. The envoy's delegation is currently doing a phased checkout (paying the hotel bills, moving some comms to the boat, etc). He will monitor the situation to see if it deteriorates further, but no decision has been made on departure. He will wait 2-3 more hours, then revisit the decision on departure.

He received reports of shelling last night in Ajdabiyah as well as snipers shooting people in the city. AFRICOM reported Qadhafi's forces took the eastern and western gates of Ajdabiyah, with 10 vehicles at the eastern gate and 50 at the western gate. More Qadhafi forces are heading to Ajdabiyah from Brega.

The Brits report Qadhafi forces are moving from Sirte to Brega, which they interpret as preparation for another assault on Ajdabiyah today.

He plans to discuss the situation further with the Brits, Turks, and the TNC to see if this is an irreversible situation. Departure would send a significant political signal, and would be interpreted as the U.S. losing confidence in the TNC. Initial message to the TNC would frame the departure as due to security grounds and as a temporary measure only.

Polaschik said she would discuss these developments with Amb, Cretz.

If the group departs, the contract for the boat stipulates they return to Greece. One scenario could be the group stages elsewhere for a few days.

Ops will continue to monitor the situation.

Further to Shelby's email, Embassy Tokyo forward the following unofficial translation of a statement issued by Japanese MOFA:

MOFA released a press announcement at 13:00 (MOFA G-0738) July 4, 2009

Regarding Japan's protest against the launch of a ballistic missile by North Korea.

Through the diplomatic route in Beijing, around 12:00 noon Japan sent North Korea the following message regarding today's North Korean ballistic missile launch:

1. The launch of a ballistic missile by North Korea is a significant act of provocation in terms of the security of neighboring countries, including our country, and a violation of UNSCR 1895, 1718 and 1874. Concerning today's launch of a ballistic missile, Japan strictly protests, and expresses sincere regret.
2. Japan urges North Korea to implement all related UNSC Resolutions, including suspension of all activities related to the ballistic missile plan immediately and completely. In addition, on this occasion, (we) strongly urge (North Korea) again to take concrete action toward the comprehensive resolution of related issues, such as the abduction issue, the nuclear issue and the missile issue.

All,

NY Times Dexter Filkins has been in touch today seeking Embassy comment on a story he says the Times will run tomorrow alleging that Muhammad Zia Salehi has been on the Agency payroll. Embassy's line has been and will be the standard approach - that we refrain from comment on stories discussing intelligence matters.

(SBU) Par Special Envoy Stevens:

The situation in Ajdabiya has worsened to the point where Stevens is considering departure from Benghazi. The envoy's delegation is currently doing a phased checkout (paying the hotel bills, moving some comms to the boat, etc). He will monitor the situation to see if it deteriorates further, but no decision has been made on departure. He will wait 2-3 more hours, then revisit the decision on departure.

~~CONFIDENTIAL~~ The Benghazi report indicates that the situation in Ajdabiya has worsened to the point where Stevens is considering departure from Benghazi. The envoy's delegation is currently doing a phased checkout (paying the hotel bills, moving some comms to the boat, etc). He will monitor the situation to see if it deteriorates further, but no decision has been made on departure. He will wait 2-3 more hours, then revisit the decision on departure.

The Brits report Qadhafi forces are moving from Sirte to Drega, which they interpret as preparation for another assault on Ajdabiya today.

He plans to discuss the situation further with the Brits, Turks, and the TNC to see if this is an intervention situation. Departure would send a significant political signal and would be interpreted as the U.S. losing confidence in the TNC. Initial message to the TNC would frame the departure as due to security grounds and as a temporary measure only.

Further to Shelby's email, Embassy Tokyo forward the following unofficial translation of a statement issued by Japanese MOFA.

MOFA released a press announcement at 13:00 (MOFA: G-0738) July 4, 2009

Regarding Japan's protest against the launch of a ballistic missile by North Korea.

Through the diplomatic route in Beijing, around 12:00 noon Japan sent North Korea the following message regarding today's North Korean ballistic missile launch:

1. The launch of a ballistic missile by North Korea is a significant act of provocation in terms of the security of neighboring countries, including our country, and a violation of UNSCR 1895, 1718 and 1874. Concerning today's launch of a ballistic missile, Japan strictly protests, and expresses sincere regret.
2. Japan urges North Korea to implement all related UNSC Resolutions, including suspension of all activities related to the ballistic missile plan immediately and completely. In addition, on this occasion, (we) strongly urge (North Korea) again to take concrete action toward the comprehensive resolution of related issues, such as the abduction issue, the nuclear issue and the missile issue.
