HISTORY

It was 1954. Vietnam was one country. Fourteen years of constant war were over. The Viet Minh had fought the Japanese, and had defeated a French Army of half a million men. This victory was won in spite of U.S. help to the French.

France and Vietnam both needed peace.

- a. They agreed that a conference be held at Geneva, Switzerland, to end the war.
- b. Statesmen attended from France, Vietnam, Great Britain, the United States, the Soviet Union, India, Peoples Republic of China, and other countries.
- c. They drew up the Geneva Agreements.

IMPORTANT PROVISIONS:

1. It was agreed TEMPORARILY to divide Vietnam into two sections, Northern and Southern, at the 17th Parallel. This was to help the Vietnamese and French armies demobilize, to get refugees resettled, and to establish peaceful conditions.
2. It was agreed that no foreign soldiers or armaments would be brought into any part of Vietnam.
3. It was agreed that in July, 1956, there would be elections in all Vietnam, North and South, in order to choose a united government for all Vietnam.

THE ROLE OF THE U.S.

While the United States did not sign the Geneva Agreements, it did agree NOT TO OPPOSE carrying them out.

However, the U.S. DID oppose them, through the Diem Government.

There appear to be a number of reasons, in particular an attempt by the U.S. to "contain" Communist China;

1. The U.S. helped to put into power, as head of government, Ngo Dinh Diem, and helped to keep him in power while he organized South Vietnam as a separate government — contrary to the Geneva Agreements.
2. The U.S. brought into Vietnam military missions, troops and armaments, and built military bases — contrary to the Geneva Agreements.
3. The U.S. opposed elections in Vietnam in 1956. (President Eisenhower said in his book, MANDATE FOR CHANGE, that the U.S. opposed elections because it seemed certain that Ho Chi Minh would win.)

After 1956, many Vietnamese lost hope of elections.

They started guerrilla warfare, to resist the Saigon government and to drive U.S. military and political power from their country. These are now called the "Viet Cong", whose political party is the National Liberation Front. These are the people the U.S. is fighting.

As the war dragged on, the Soviet Union and Communist China have given military aid to North Vietnam and the Viet Cong, and thus also are violating the Geneva Agreements. Further intensification of the war will bring deeper military commitments on both sides.

**HUMPHREY SPEAKS
AMERICANS DIE**

Tonight while Hubert Humphrey addresses a liberal organization, American soldiers, Vietnamese farmers and workers are being killed by the Johnson-Humphrey-McNamara team. Humphrey's hunger for political office has made him a loud-mouthed spokesman for the U.S. scorched-earth policy in Vietnam.

Terrorize, burn and kill: That was America's only answer to the Communists in Vietnam. The mass of non-Communist villagers who were being attacked by the McNamara strategy went over to the Communist side. The war went from bad to worse,

The working people in the cities of Vietnam have an answer: Throw out the puppet Ky regime, stop the war, send the troops home. Johnson's and Humphrey's answer is the same as Khrushchev's answer to the Hungarian freedom fighters: send in the tanks.

Johnson and his fatuous mouthpiece Humphrey will stamp out all opposition to their puppet regime whether Communist, Buddhist or trade unionist. The U.S. is in Vietnam to maintain its empire in Asia and will crush anyone who gets in their way.

We pay for this war, We pay with the lives of our men, and we pay with inflation and taxes. The war will produce only death for American troops and profits for war corporations,

W. E. B. DU BOIS CLUBS OF AMERICA (DCA)

[REDACTED] a conference of members of the Communist Party (CP), including national functionaries, met in Chicago, Illinois, for the purpose of setting in motion forces for the establishment of a new national Marxist-oriented youth organization which would hunt for the most peaceful transition to socialism. The delegates to this meeting were cautioned against the germ of anti-Soviet and anti-CP ideologies. These delegates were also told that it would be reasonable to assume that the young socialists attracted into this new organization would eventually pass into the CP itself. b7d

A second conference of over 20 persons met in Chicago on December 28-29, 1963 for the purpose of initiating a "call" to the new youth organization and planning for a founding convention to be held in June, 1964.

[REDACTED] the founding convention for the new youth organization was held from June 19-21, 1964, at 150 Golden Gate Avenue, San Francisco, California, at which time the name W. E. B. DuBois Clubs of America (DCA) was adopted. Approximately 500 delegates from throughout the United States attended this convention. The aims of this organization, as set forth in the preamble to the constitution, are, "It is our belief that this nation can best solve its problems in an atmosphere of peaceful coexistence, complete disarmament and true freedom for all peoples of the world, and that these solutions will be reached mainly through the united efforts of all democratic elements in our country, composed essentially of the working people allied in the unity of Negroes and other minorities with whites. We further fully recognize that the greatest threat to American democracy comes from the racist and right wing forces in coalition with the most reactionary sections of the economic power structure, using the tool of anti-Communism to divide and destroy the unified struggle of the working people. As young people in the forces struggling for democracy, we shall actively strive to defeat these reactionary and neofascist elements and to achieve complete freedom and democracy for all Americans, thus enabling each individual to freely choose and build the society he would wish to live in. Through these struggles we feel the American people will realize the viability of the socialist alternative."

The constitution further states that this new organization shall be a membership organization open to individuals, or if five or more people so desire, a chapter can be formed which shall in turn be guided by the policies and principles of the parent organization.

[REDACTED] indicated that SDS was weak nationally but some
local chapters were strong. It was noted that the SDS has
an incorrect political orientation, being too far left on
some issues and not far enough on others, and that the SDS
does not follow the Marxist theory for the most part. One
speaker said that the Party could work through SDS to achieve
the aims of the Communist Party.

As a result of this meeting of the National Party
Youth Commission, it was decided to work through SDS where
there are strong local SDS chapters.

[REDACTED] advised [REDACTED] in my office that they had just picked up some information to the effect that shortly after midnight police had picked up two teen-age white boys for throwing a rock at Vice President Humphrey's car. Supposedly, the incident occurred on Connecticut Avenue south of Chevy Chase Circle. The News report indicates that the rock apparently injured a Secret Service man, but the Vice President was in no way injured. The report also indicates that the teen-agers denied any intent to actually hit the car and denied knowing it was the Vice President's vehicle. According to the News, both the Secret Service and the police have been "extremely cozy" about the incident. b7c

APPENDIX

MINNESOTA COMMITTEE TO
END THE WAR IN VIETNAM

[REDACTED] the Minnesota Committee to End the War in Vietnam (MCEWV) had its first meeting in April, 1965, on the Sunday following the return of the Minnesota delegation from the peace march in Washington, D. C., on April 17, 1965. Several local Socialist Workers Party (SWP) members participated in the April demonstration, however, the delegation at that time was not organized as directed by the SWP. There appeared to be no real organization of this newly formed group from April until July, 1965, when the local SWP decided to really organize this group and take control. b7d

[REDACTED] The organization uses as its real headquarters the address of 1819 Sixteenth Avenue South, Minneapolis, Minnesota. b7c

[REDACTED] The local SWP completely currently controls the MCEWV and directs its policies and activities.

The MCEWV publishes a regular newsletter entitled "Crisis."

The July 7, 1965, issue of the "Crisis" states that the MCEWV is opposed to the present war in Southeastern Asia. Members of the group are basically united on the goal of ending United States military involvement. Membership is open to whoever shares concern in changing this aspect of present U. S. policy.

The August 16, 1965, issue of the "Crisis" stated that at the last meeting of the MCEWV on August 12, 1965, the local organization voted to affiliate with the National Coordinating Committee to End the War in Vietnam.

The SWP has been cited by the Attorney General of the United States pursuant to Executive Order 10450.

The controlling officers of the Twin Cities Group of the YSA are members of the TCB-SWP, and the policy and program of the group are formulated, directed and controlled by the TCB-SWP leaders. The purpose of the group is to serve the TCB-SWP as an instrument through which young people can be recruited into the Socialist Workers Party.

The Young Socialist Alliance-Twin Cities Group, is affiliated with and follows the aims and purposes of the National YSA. Its primary center of activity at the present time is on the campus of the University of Minnesota, Minneapolis, Minnesota.

The Socialist Workers Party (SWP) has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

HUBERT HUMPHREY, DOCTOR OF WAR

WHILE VICE-PRESIDENT HUMPHREY RECEIVES AN HONORARY DEGREE FROM Temple University this morning and addresses the graduates on the present and future course of American policy, American troops fight and die in Vietnam. Those soldiers will be reinforced with members of Temple's class of 1966. The degree awarded to Humphrey ought to be a mark of intellectual honesty, cultural achievement and honor. The Vice-President does not deserve it.

Vice-President Humphrey, along with Johnson, MacNamara, Rusk, and the people whose interests they serve have ordered American troops to occupy another people's country and destroy all resistance to the "American Way." They have no honor or honesty, and their actions are resulting in the physical destruction of a whole people and their culture.

The Vietnamese people are trying to end the rule of their landlords and generals. The recent demonstrations in Vietnam have shown that the Vietnamese wish to rid their land of an army of occupation, the United States Army, which has defoliated, bombed, and burned the countryside and turned the cities into havens for blackmarketeers and every kind of profiteer from the misery of war.

THE MAJORITY OF AMERICANS HAVE NO INTEREST IN THIS WAR AND HAVE GAINED nothing from it. It has meant inflation and sacrifices at home, and death in the jungle for brave American men who can see no reason why they should be there. For whose benefit are American troops being sent to Vietnam? Not our benefit.

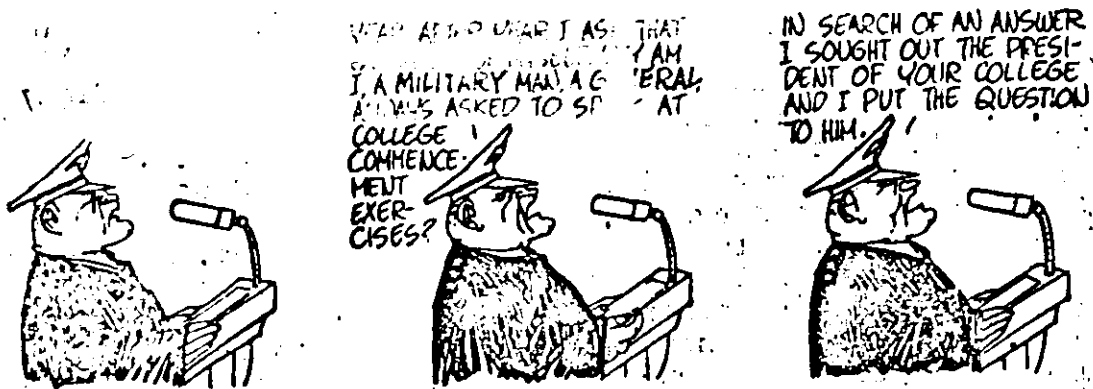

In school, at Temple University, the virtues of democracy are taught us. The right of the American people to decide how they shall live and how their nation shall act is a precious heritage which Americans have fought for time and again. But today the American people have never had a say about the war in Vietnam. We have never voted on the question of war or peace. Who decided on the war in Vietnam? Not us.

A SMALL MINORITY OF AMERICANS, ALONG THEM THE VICE-PRESIDENT, HAVE decided to crush the aspiration of the Vietnamese people to decide for themselves how they shall live... an aspiration which was the motive for our own war of independence. A small minority of Americans has decided to set the course for Vietnam, denying to the Vietnamese the right of self-determination which all peoples should be able to exercise. Because a minority has decided the course for America, we too have been denied the right of self-determination. By whose decision? Vice-President Humphrey's, and that of the rest of Johnson's minority.

THE TIME HAS COME FOR AMERICANS TO REPUDIATE THE ACTIONS OF JOHNSON'S minority, act to end the war in Vietnam, and exercise the right of self-determination. This is the intellectually honest, and the honorable thing to do. Demand that the troops be brought home now

AMERICANS DIE

Today Temple University bestows on Hubert Humphrey a Doctor of Law degree. It would be more appropriate to give him a Doctorate of Genocide. America is conducting a campaign of extermination against the people of Vietnam. "America's Best," the Green Berets, torture and kill men and women prisoners. Humphrey's hunger for political office has made him a loud-mouthed spokesman for this scorched-earth policy in Vietnam.

Terrorize, burn and kill: this is America's only answer to the Communists in Vietnam. The mass of non-Communist villagers who are being attacked by this McNamara strategy go over to the Communist side. Humphrey claims the Johnson Administration is supporting a "social revolution" for the people in South Vietnam. But the only visible signs of this "social revolution" are the American tanks and guns that Ky uses to kill the people who want free elections.

The working people in the cities of Vietnam have an answer: Throw out the puppet Ky regime, stop the war, send the troops home. Johnson's and Humphrey's answer is the same as Khrushchev's answer to the Hungarian freedom fighters: send in the tanks.

Johnson and his fatuous mouthpiece Humphrey will stamp out all opposition to their puppet regime whether Communist, Buddhist or trade unionist. The U.S. is in Vietnam to maintain its empire in Asia and will crush anyone who gets in their way.

We pay for this war. We pay with the lives of our men, and we pay with inflation and taxes. The war will produce only death for American troops and profits for war corporations.

YOUR SON'S FUTURE MAY END IN A LONELY RICE PADDY IN VIETNAM.

Join us in the effort to end this genocidal war.

HE LIES DEAD IN VIETNAM - WHAT FOR?

For corrupt and power-hungry South Vietnamese "leaders," whose own people do not support them.

HIS PARENTS WEEP.

But the war goes on and the Vietnamese people are no closer to freedom.

HIS WIDOW GRIEVES. WHAT FOR?

For an American policy that sent her man, and continues to send more men, half-way round the world to barge into a civil war between Vietnamese.

The G.I. casualty toll in Vietnam is now over **22,303.**

NOW IS THE TIME TO STOP THE WAR IN VIETNAM.

It is now clear to everyone that American troops do not belong in Vietnam. Whether the Buddhists or the Catholics, the monks or the generals, or the Vietcong National Liberation Front will control South Vietnam must be settled by the people of Vietnam — themselves.

THE TROOPS H

have fought for their independence against foreign powers — against Japan, France, and the United States. They are fighting for the right to run their own country, the same right that the American people fought for in 1776. But today the United States government stands in opposition to the vast majority of the Vietnamese people, and to the very same principles upon which our own country was founded.

President Johnson has landed 200,000 American men on Vietnamese soil in order to "settle" the affairs of the Vietnamese, and his perspective is to double that number by the end of the year. The U. S. troops, however, do not bring "freedom and democracy" to Vietnam. On the contrary they are engaged in a horrible campaign of destruction against the Vietnamese people and their country.

Daily bombing raids are conducted against both South and North Vietnam and they often spill over into Cambodia and Laos as well. Over 700,000 refugees have been left homeless by this destruction.

SCORCHED EARTH POLICY

President Johnson approves the use of the most horrible weapons of warfare — the indiscriminate napalm bombing of the civilian population, the torture of men, women, and children, the employment of gas and other chemicals, and the adoption of a "scorched earth" policy. A recent A.P. dispatch headlined "Yanks Scorch Earth To Cripple Viet Foe" (Boston Globe, Jan. 6, 1966) reported that U. S. paratroopers from the 173rd airborne brigade "crept stealthily down high dikes, and pushed through thick brush. Every house they encountered they burned to the ground. Most were of thatch but some were large with heavy wooden frames and neat gardens. Every cooking utensil was smashed, every banana tree severed, every mattress was slashed."

Since the 1954 Geneva conference the United States government has been building military bases and strategic highways on Vietnamese soil. Millions of dollars are spent on these areas which James Reston (editorial staff of the "New York Times") claims are "being constructed on a scale far larger than is

sary to care for the present level of American forces. Therefore, it is assumed that the build-up will continue well beyond what has been announced so far." (N.Y.T., Aug. 27, 1965).

The U. S. base at Camranh in South Vietnam is one of the best natural ports in Asia and is being developed into another Okinawa.

LIES AND DISTORTION

It is no wonder that President Johnson cannot tell the truth about the real character of the war — about its horrors and its violation of Vietnamese freedom. L. B. J., like Presidents Kennedy and Eisenhower before him, has had to lie and distort the real nature of the war. A new language has been developed to make things appear to be something they are not. The hated dictator General Ky is portrayed as a gallant defender of freedom. Gas warfare and chemical destruction of crops are described as humane methods of warfare. A program designed to destroy villages and relocate villagers in armed camps was called "Operation Sunrise." American combat troops were called "advisors" when the war was still considered a "police action." The peasants who are fighting to protect their homes and families against American intervention are reported to be enemies of the people. Even the war itself is presented as a means to peace.

Another aspect of this lying is the distortion of casualty figures by the government. Two Australian journalists pointed out a couple of months ago that the job of the U.S. military police in Saigon was "...to dilute casualty figures
