from I came on Friday - ad. my announcement
from the map about Muslims' intent to buy
PT property in RV - I ad 3 Muslims showed
themselves in the Valley, were magnificent
first to 15, then 88 - he got calls from D.A.,
sheriff & many others

in approach to Muslims
survival of Islamic resources by
a Rabbi this time - he agreed that we should

do by
Rabbi stated, in conversation, that he
has not KROA's statement from the expansion
of advice to women - key down a given
terms - got his property & bank acct turned
over to you by you by down

Rabbi expected others to act just the same
as Nazis - if comments are finally to be put
by you men who studied Walter in Boston -
they only have to split -

If he let himself think about how some people
act, not doing anything to help the cause
he kill and 50 people - it want do any
good - they had no conscience & aren't
going to win anyway

Questions: are on Prop 13 - I says he
going to vote yes - should hold on there

J: Dennis Banks freed from all charges
- there - he only Ind. to come over here &
give us thanks

We were content in ^{numerous} agr. crops in
p.l., some that won't grow any place
else in the tropics

J: on pop. rapid increase - not going to
be any food - fooling w/ nuclear devices has
caused drought - millions will die before
a yr

J: I don't know any body I hate so much
as a god-damn soc. worker - if there
is coming a regime for a 100 yrs, I'm
going to get me a few soc. workers - I'll
say the Holy Ghost moved on me

Chas Touchette had had a bad fall in
the p.l. which would have caused them
great injury if he was unhurt

The serv. of hearings, & the coming to the
alter of every one, was dismissed about
12:00

I rode w/ Christians to their house
where they loaned the car - we left
at 1:30, ate our lunches on the road -
Bob drove all the way - I sat in the
middle in the front seat next to
Marshall Ferris - Vern, Lorenzo Tucker

21 May - 2 - 3

& the child. were in the back seat

Marshall sd. his wife was not a member of the Tc; she was attached to her friends in the Baptist Ch. - his brother, Edward and his wife had stopped coming to Tc services very much - Marshall has retirement income, is a mechanic and works most of the time on Tc cars

I slept quite well most of the trip, even though the others in the car were talking - Bob didn't talk much, and Marshall also went to sleep, but Vern and Lorena hardly slept at all

We stopped for gas and to go to the bathroom after about three hrs at a place (near Sealings) where we had stopped sev. yrs ago - we stopped again about 6.00, an hr out from L.A. and went to the bathroom at a restaurant which was open - I had drunk some real coffee which Bob had had't to keep awake

When we arrived at the Tc at about 7.00, we had very poor secur. - We were met by Sheila Jones, daughter of Lou Ester, a yag girl - her companion was a man, Richard Clark; neither was in uniform; and at one time neither was at the back of the bldg. where we watched a man enter the grounds and leave

Christine had hoped to rest until church time at the apartment of a woman they know nearby, but found she had been evicted - they went inside the Tc. to call friends and relatives - we drove to the home of Vern's aunt, when she had not seen since they moved up to Calif.

11² We were discussing some of the older women who come to the Tc from the Peace Mission & give the Christians some details about the early Father Divine movement, & context w/ their efforts to give - requests to their members who wanted to come up, (the Tc trip back to Phila) told them of Father Divine's celibacy rule for members - & efforts w/ Mother Divine (101)

22 May - S

About 6.00 we stopped at a rest. which was 35 mins. from L.A. to go to the bathrm - the weather was nice - we arrv'd at the L.A. temple arnd 7.00 - only Sheila Jones, dghter of Lu Ester ^{Richard Clarke}, & a man, neither in uniform, were on security duty and seemed to us inadequate to the job - the Christians had hoped to clean up and rest at the home of an elderly member who lived near by but fnd she had been evicted - they went inside the te to telephone friends or relatives - Marshall had to be at the Annex for choir rehearsal at 11.00

We went to see an aunt of Vern's, in her 80's, who had recently burned herself and been in the hosp. - she has never been to the Te

We cleaned up and ate - I had my food with me - the aunt made coffee for the others - Lorenza went upstairs to lie down and soon followed her, but I had trble going to sleep, prob. because of the coffee I had drunk in the car - my headache had started up again - Christians stayed downstairs

I got up at about 12.10 and dressed for serv. - rd. the F nsp I had bro't w/me

We left for serv. about 1.15

I went through secur. check & put my luggage downstairs - had an ice cream cone

Applications for the summer trip were being taken downstairs

Serv. started a little aft. 2.00

Norm tk the off'ring

Penny testified, as she had in S.F., that physicians in L.A. had fnd masses in her breast which they wanted to remove - J. had her move to S.F. where the doctors fnd that the masses had disappeared - however a growth was fnd in her intestine, but this too disappeared

C-2-A-9 (102)

22 May - S - 2

J. came on the podium at 3.15

The choir sang

Tape of a former sermon

J. tk another off'ring

J. gave a rousing sermon - he denounced the Muslim's relig. beliefs while he made a strong appeal to give another \$1,000 for a hotel - the ideas of Marcus Garvey had been perverted - he attacked relig and held up the neces. for atheistic soc. - why are two blacks murdered by police every day in L.A.? - because the Bible says "obey those who have rule over you" - relig. is the greatest deception ever foisted on man - Christ was found in church only twice - the first time they threw him out, the second time he threw them out - in order to show that I have power I have to do more than any of yr fucking gods - don't confuse me with God - I am a liberator, he is a fuckerupper - he'll fuck up your wife, your husband - he'll fuck up your children - if you love a little dog, he'll fuck up the dog

God created everything, good & evil -- lice, fleas, bedbugs, syphilis, arthritis - you say the devil created these - God created the devil

J. left the podium for some time - Norm cont'd the offering with poor results - J. ret'n'd when Norm was down to \$5 - about the interruption, he sd he had saved sev. lives - someone told me she had seen him w/what lk'd like a fountain pen, & it is pos. he tk a weapon away from somebody - he con't'd the off'ring & the sermon

On the Muslims - he is not going to accept their relig. or any relig

Apropos of what I didn't catch, he told of Dr. Finkle recommending that someone with long hair and a beard

G-2-A-9 (103)

22 May - S- 3

stick his tongue out and "go to a masquerade party as a hemorrhoid"

You never will have my power - I was born with this power - some people can sing - I was born to put the whammy on people - it is a great responsibility - I never use it in wrath, to get revenge - I give a lot of grace - the only people who don't like me are those who have something to hide - he singled out one man in the auditorium

You never wd have put my whole body on a cross - you wdn't take me in one piece

Nobody's blood ever saved anybody

I am sorry for the dissertation, but there are more guests here than admit it - one woman admitted she was a guest, but others are guests and lied

J. finished the off'ring

He went into a disc. of the creation - he wd have spent more time on making woman than on man - God created the devil - it wd have been impossible for him to have more power than his creator - thus God is respons. for having evil in the world

Us niggers have to have more babies than honkies - we have to admit we're not doing it for the sake of the child, but we have to prevent extermination - when you had a child, you did it out of selfishness - you know you're a horse's ass - God has bro't in 4 billion - he's more of a horse's ass than you - you have to be a selfish bastard to hang on to relig., a selfish bitch - a feeling person will hate God

To those who claim Universal Mind is God, J. sd: Mind is impartial, indifferent - he hadn't noticed Mind doing good to people until it was combined with his body

(-2A9 (104))

22 May - S - 4

You'll get what you fear

I don't want to be wanted - every day more people want me - no one ever loved you but me - he made vivid comments on so-called love between husband and wife - there won't be love until we come to soc - relig. & capitalism teach us to be selfish

J. sd he hated to preach - his kidneys and bowels tense up aft. a mtng - but there is a reason for coming to church - you stay away, you'll commit treason

I don't like George Washington, Abraham Lincoln, Jesus - Jesus was a hypocrite - he cdn't fuck a woman, so he let a woman wash his feet - he went on to a detailed disc. of Father Divine, esp. regarding his sexual rules and his own violation of them - he made women put their mouths to him, claiming he was their God - he named Valor and Helen Love as two who had to have sex with Father Divine - I'd give a thousand dollars if I cd fuck right now - I haven't the time - I hate that son of a bitch (Divine) - I have not fucked for pleasure - if tonight someone's going to commit treason, I'd either fuck 'em, suck 'em, or duck 'em - with people who threaten the cause, what would you do? - I'd rather have killed them - some of you fuck me with yr mouth, talk me to death

J. told how he had sex with one who was going to commit treason, another who slit her wrists - he described our summer trip to the Peace Mission and how Mother Divine tried to seduce him on the tomb of Father Divine and, not succeeding, made him leave in the middle of the night with numerous child. - it was odd that he discussed these matters just after I had been describing these aspects of the Peace Mission and our visit in Philadelphia to the Christians

J asked how many wd fuck for \$5,000 - he asked for a vote, who wd, and who wdn't? Three sd. they wd not - elderly woman whom J. raised from the dead sd it was wrong -

P-2-A-9 (105)

5-
22 May - 5

asked "What's so wrong? The 'White man's Bible?'" -
J. expln'd how the Bible was respon. for our thinking
sex was wrong - Valor sd it was distasteful to her - J:
it isn't based on what you want, but yr duty - one thing,
you two are honest - some of you sit there and you'll
go home and talk - he agreed with Valor that \$5,000 was not
enough, she shd get \$15,000

Mabel Dodge sd. she wdn't do it - she has too much respect
for him to commit adultery - J. sd she had committed a
sin, she judged him, she is more righteous than I am - he
offered her an oppor. to get out of it - she asked that he
forgive her - J. wanted everyone to lv. it there - say nothing
to her - only I know whether she's telling the truth

J. expressed his attit. about sex clearly: if you're laying
with some woman, with some man, tonight or tomorrow
w/o knowing you're serving the cause, you're outside my
spirit

Sev. women told of having to sell their bodies to feed their
child. - one spoke of living with guilt and of now feeling
a new sense of freedom at the knowl. of having done nothing
wrong

J. dismissed the choir for practice for tom's mtng - he
rebuked them for being noisy - "when I have been teaching
on a human level I have to show my power because people
are not moved by character but by power"

There was a healing session - then J. tk another off'ring -
response was poor

I saw Beulah among the group who had come in to fill up
the choir seats

The mtng was dismissed at 9.00

J. asked everyone to come up and lay a contrib on the
altar - there was a rush to the door - J. had the door
closed, insisted on people's passing the altar and going

C-2-A-9 (106)

22 May - S - 6

out the side door

Joyce Parks bro't me a cloth from J - he sd pressure was building up behind my eyeballs. I would have gone blind - he wanted me to get more rest - she sd J. was very fond of me - I went to the altar and gave \$3.00

I had to wait quite a while for Beulah who was helping out at a concession stand

Her husb. was in a bad humor that he had to wait so long for us - when we got home he was still fussing - she told him to go home - I asked her what was his name, as I had never heard it - she sd. he merely was called by initials, R.D.

Earlene came with us

For dinner we had chicken, peas, ^{9 peas} and I ate a banana and an orange

As it was late, I went right to bed, didn't even try to read - Beulah followed soon after - It was about 12.00

C-2A9(107)

23 May - Su

I got up at 6.45

Brkfat

Brkfst: orange juice, fried egg, bacon, biscuits

House full of child. getting ready for serv. - Von Smith came in late last night aft. pamphleting

Beulah arrng'd ride for me and Earleen - we were picked up at about 9.00

Serv. was at 10.00 today

Choir members came in, many w/white robes - J. sd: What did you do, go shunning for choir robes? - he decided how their scarves shd be adjusted - red scarves were donated by other members so that all choir members cd have one

J. conducted a healing serv.

Sev. of the seniors were to ride w/J. in a hired Cadillac (I don't know what happened about the plan to use a Rolls of one of the members - prob. a secur. decis.) - I was surprised when I was selected - Joyce Parks tk us through the staff door and put us in the car - there were 3 black sisters, Mom Taylor, Annie McGowan & another whose name I don't know, and 2 white sisters, Valor St. John & mys. - we waited until J. dismissed the serv. & got in the car - 2 secur. guards were with us X

We seniors were deposited at the side & J. was taken to the back entrance, undoubtedly for his safety, so that the impression he wished to make was prob. lost as the Muslims didn't see him drive up with the seniors

//1 the driver of the car, who is accustomed to driving promin. people of all types, told me "these are very easy people to work with"//

C-2-A9(108)

23 May - Su - 2

I helped Mom Taylor who was not able to walk alone - she had been told to keep the grp tog, but Valor and Annie apparently resented her tone of author. & did not wait for us - we did not even know where they were seated

Our workers & the Muslims were co-workers on all tasks, ^{altho} the secur. search seemed to be conducted by Muslims alone, & their ushers seemed to predominate

We were seated at 12.15

Our Black Velvet troupe performed; our choir sang 2 numbers with Norman Ijames & Melvin Johnson as soloists

In the ladies' rm I was told that the African dancers whom I had expected to see were not going to perform

There was a long wait, then at 1.45 the Southern Calif. Spiritual Jubilee got underway

Mike Prokes introduced Tim Stoen who introduced Joseph Freitas, S.F. D.A., and Carlton Goodlett, as Pres. of the Black Newsp. Publishers Assoc., who both spoke briefly - the 2 next spkrs were Kenneth Hahn, L.A. Co. Superv'r & a repr. of the Islamic Foundation - Mayor Tom Bradley of L.S. spoke, then Angela Davis who describ'd the racial sit. abroad & in this city, put partic. emphasis upon N.Car. - a woman repr. of the Sikhs spoke, then Lt. Gov. Mervin Dymally, acting gov. of Ca.

J. then spoke for half an hr, giving unity in the struggle agast racism as our chief motivation

Wallace D. Muhammad spoke from 3.40 to 4.45 - he was as dull as usual

Either Sharon Amos or Karen Layton sat in the row in front of us during the mtng. & Mom Taylor told her how Valor & Annie went off on their own - Karen sd. Valor was losing interest in the cause - she "loves America"

C-2A-9 (109)

23 May - Su - 3

We were kept in our seats for the final prayer

Sharon Amos got Tom Adams to escort us to the back, and we got in the Cadillac for the ret. trip - after some time J. joined us & we were whisked away - elaborate secur. precautions were taken

J. asked where Valor was - I sd. she & Annie got separated from us, but the third bl. sister sd., "They separated themselves"

We were among the first to arrive at the Te at 5.15 - the rest of the members followed us in the buses, but it seemed that a good many went home instd. of coming into the aud. - I changed my clothes

Everyone to whom I spoke expressed massive boredom with Wallace D.'s speech

The session upstairs started at 5.45

There was much praise of J. - he remarked: "It prob. means, this looks good compared to what I just saw"

J. sd we were glad for the oppor. to show the white world we're tog - he sd. his kidneys were affected by the bad vibrations - we didn't show enough enthus. - we didn't follow instructs - we were intimidated by the Nation of Islam, some of us admired them, applauded them more than we did our own - "you're going to repay" - secur. almost got in a brawl - Dennis was one of them - I have not come to be misled by carnality

He continued with a critique of Wallace D.'s speech - he didn't state any specifics of how to create a new earth

X
In the ensuing offering which he took, people seemed to be trying to make up for their disloyalty - X Dennis did

not help w/ the offering

C-2-A-9 (110)

23 May - Su - 4

//2 Dennis's mother, who is an usher & offertory worker posted oppos. me, began to wail in front of J's platform; he told her to be still//

We were dismissed to go to the buses at about 6.00 - lunches were to be picked up downstairs and taken to the buses

I got my lunch, waited for the Christians - finally Bob came for me - they had got downstairs and outside early - we went to their aunt's house where they loaded their belongings - this took consid. time

I was very tired & wanted to sleep, but Vern & Lorenza were not very sympathetic - Vern ^{can't} understand why I was tired, when J. had healed me - she wanted me to act as hostess & keep Bob awake - Ferris wanted to sleep also - I insisted on getting some rest, tho I said I wd hostess later - Vern says she doesn't sleep anyway when Bob is driving & he wdn't accept help with the driving, tho I offered - I did sleep most of the way

Vern had been ^{assigned to help count the offering} among the money counters with the Nation and had observed how our people did not stand up to them well, many appearing to envy them - J. had told us the Nation tried to take a separate offering at the door which we wd not share, accord. to the agreement - he stopped this & we came away with half the "take," tho we did not pay half the expenses

At one point about 2.00 o'clock about half an hr. aft. lving a gas station nr Coalinga, we saw a car with the hood up and one of our buses stopped - Bob and Marshall fnd that bad points were the cause of the trble; Bob went back to see if he cd. get some - altho we cdn't get the right size, Marshall, who does mechanical work on Te cars, sd. he cd have enabled the car to get to S.F. - the bus was still there but they had towed the car back to the station, which wd require someone to come for it tom. - we lost about an hr.

C-2A-9 (111)

23 May-Su - 5

We got into S.F. at dawn, tok Marshall home first, then Lorenza, & reached our homes about 5.00 - Bob had hoped to get home about 2.00 - he sd. the child. cd. sleep for ^{24 hrs} about an hour, then had to get ready for sch. - I don't know whether Vern intended to go to work

C-2A-9 (112)

24 May - M

~~We got into SF about 5.00 o'clock - we tk Marshall home first, then Lorena~~

I unpacked, then went to bed, having decided to call in at the off. at 8.00 & say I was going to the clinic to see about my eyes

I slept 2 hrs.

Called Dor. at 8.10 - she wasn't in yet - I spoke to Cathy Costello & told her I was going to the doctor

Washed dishes that were left from F night - had some bkfst: grapefruit & cereal

Pressed clothes for the next 2 wks

I phoned the off at about 11.30, told them I was back from the doctor's, cd come in if I was needed - I spoke to Cathy Costello again as Dor was not in - Cathy told me Dor's son had had a motorcycle accident, was not expected to live - Cathy told me to stay home, as she tho't others cd handle the off. work

I prepared a meal and ate and washed dishes

Baked the other loaf of bread which I had bo't at Petrini's - I had set it to rise according to directions

Arnd 4.00 I went out to walk to get some exercise - tk w/me sev. framed pictures which I wanted to give to Bev Livingstone and Garry Lambrev who are running a shop to sell items that Te people are giving up - some of these pictures I have had since childhood

C-2-A-9 (113)

24 May - M - 2

The shop is on Divisadero btwn Oak & Page - it wasn't open yet but Bev & Garry saw me at the door - Bev is going to sell only antiques, & I am not sure she will keep my pictures - she & Garry have living quarters in back of the shop - we talked about giving up possessions which have an emotional value to us - Bev has a doll she is attached to - I told them of my Dancing Shiva - I am also hoping that I will be able to ship some bks to the p.l. - Bev & Garry tho't that more than likely we'll have to lv w/nothing more than the clothes on our backs

I went up to Haight St, wanting to buy some handkerchies in the second-hand shop but fnd it closed

I got home about 5.15

I planned to take an hr's nap, but I slept three hrs

I ate a meal

Rd Roszak's bk for the first time in a long time - during the Muni strike and afterwards I have not been able to get anything read except the nsp

Went to bed at 2.00

Got up at 6⁰⁰ & went to work today
There was very little work in the
Center - Marie was handling ATS
meter & control work on one of the
difficult contracts - J. P. Mansfield
brought me some paperwork to do

Dor. phoned Marie & talked
to her at length - Marie told me
some of the details - it was Dor's
youngest son, Jeff, who was killed, not
the one who lives w/ her - his
motorcycle went off the rd near Bel-
mont, ^{50 miles} & turned over - he was w/o
a helmet apparently - he was semi-
conscious when brought into the hospital
but died yesterday - his organs will be
donated for medical research

When I got to the office, O'Keefe told me John Foster, who was for Henry Cavill & Rita Schuman, went home on account of a bad back - Henry won't have so much work but Rita needed some help.

Rita first gave me a long account of the project it concerned hiring an outside counsel to report back on a project in Iran - the back entry is to be interpreted in Panama - I find this one they can't run it off - Rita was quite pleased with it.

At lunch time I ate at my desk, then went to the new Embarcadero station of BART which is opening today - I wasn't there for the ceremonies but walked around the station, got a free Coca Cola & an Irish Delishious which was handed out by the Argyle's party, collected much descriptive matter - Marie had given me a free ticket but I didn't use it.

Walked up to the bank, deposited my check, & got cash - the day was very beautiful.

time on this item - she was in a
hurry for both items & and asked me
if I could finish them by living - I
stayed all her overtime, had to open
up the ferry run & wait for the
machine to warm up - then I found
she had not waited for me & that
Bert did not need the beam meter
for another month

Then I got home @ 6³⁰ I decided
not to exercise

I didn't have to wash my hair
but I did other household & pers.
chores

As I was preparing dinner, Tim
called, wanted to come to see me
in about half an hr - I ate dinner
in the midst of which I received the
Te msg - Bertha Cavitt's asked me
if I was going on the Te trip - I told

had I had applied but had not been informed whether I was accepted -
she said the fare for adults was \$295 -
I was disturbed because I didn't know
whether I was to be allowed to go or
not, & because there was no indication
that people who had paid for the trip
that was cancelled would be allowed to
go on this one w/ chgs - mostly I was
fired

Tim phoned that he was delayed
I ate dinner

I did the dishes

Started my laundry - had washed
my underwear & started to rinse
when Tim arrived

He stayed a couple of hrs - I told
him about Jo's healing me & of my
recent catches - Tim has been about
five who working in the P.A.'s of the
Hall of Justice while finishing his work
for Rindocovich Co - had when he
started full time in SF - he is prose-
cuting cases, which he doesn't like

Tim told me a little more about
Attorney Franklyn Brown, but he had
not known him personally - he said

in which to pack my bbs - the day
was hot & I had not allowed enough
time - I got 10 used cartons for 50¢
apiece, new ones cost 95¢

I had to wait so long for a taxi that
I did not have made my apt visit at
Harrison at 1:40. I phoned the doctor's

The train to go to Contonia's to get a
permanent - I intended to stay all night
as I did not want to come home late on
public transport, so I packed a suitcase -
I had heard on the radio that a man
was holding a bus hostage on upper
Market St & when I boarded the str.
car on Market the conductor informed
the passengers that we wd be transported
to shuttle buses & taken to our destina-
tions.

I got off the shuttle bus @ 15th & Roe &
walked to Contonia's, stopping to buy her
& my Dr. Pepper

The table was on 17th St rather than
Market - The police & fire trucks had
traffic blocked off @ 17th & Roe - there
were various rumors as to what had
happened - from Conto's windows we had a
good view - The crowd dispersed about
9⁰⁰ o'clock - (The paper the next day sd
a man had shot through the window of
his estranged wife's apt & had held her
hostage, but a police officer finally per-
suaded him to hand over his gun)

Rosita, Contonia's sister, arrived -
she stayed last night also - she is
unhappy in her commune - her roommate
gets up early & turns the TV on - she goes

out & sits on park benches - I asked
her why she didn't join Antonia's
Commune (no one lives w/C & present)
- she said the Ta did not want her
to drink the 3 flights of stairs - she built
food for the Ta for Court

We decided to wait until time to do
my firm

I listened to a part of a TV prog, a
panel on both sides of Prop 13

Antonia is not working at present -
she receives disability payments from the
state - she has turned over some of her
domestic who looks to her daughter, Rosezette

Antonia says her mother, Mary Lewis,
is back under the wife of James Lynchman
I never see either of them at the Ta
any more

I left w/ Court, Rosita in the other
room - we went to bed about 12 or

I got up at 9⁰⁰ & Contomia followed
me down - she made some oatmeal, -
the Te gives the communers some items
for the day - Raita got up & left
she gave me a perm - as usual it
took a long time - & one of the girls
on the wrong set of directions & I was
worried that the perm wd not take
but as the hair was subjected to the
waving lotion for a longer period of
time, the result was a tighter wave
He listened to the Te broadcast &

11 30

Contomia had a no of complaints
about the Te leadership: rudeness, indif-
cruelty to child, getting others to do their
work while they sleep & Lee Ingram was
one she mentioned - she said that after
keeping Michael waiting at the Te all day
after his assigned punishment had been
completed, Lee Ingram sent him home
alone at 1⁰⁰ - Michael is 12

I slept until 8⁰⁰

Made yesterday's final entry

Got out my boxes of bks - put all the bks on the bed & sorted them into a gyp that I wanted to sell & a gyp I wanted to keep - the latter gyp I divided into 2 categories, the first consisting of those I would want to save - in the end I have only 2 boxes I want to ship if post to the p.l., plus a box of Russian bks

Worked for 3 hrs in the morn., then prepared a meal & ate & washed dishes

Went out only to buy a map - the Chron had a rpt on yesterday's entry, telling of the African leaders' statements that they had to fight for freedom but J. was called a pacifist & did not quote his Prof exemption remark. The weather was very pleasant

I worked until 5⁰⁰ o'clock - did not go through my pers. papers, tho' former gyps, now teaching mater but still think that most I will have only 2 boxes of these
