Affidavit of

Anita Kelley

I, Anita Kelley, being duly sworn, declare:

1. Deanna Mertle stated that she was sexually attracted to [REDACTED] a minor.

b7c

2. One night, Deanna Mertle called Peoples Temple in San Francisco and stated that there were certain children in her home that she no longer wanted there, and she brought them to the Temple -- clothes and all -- and left without speaking to anyone about the care or welfare of these children. Among the children she dropped off were three of her own: Linda Faye Mertle, Steve Mertle, and Eddie Mertle. Deanna kept three children at home: Sandy Rozyngo, Diana Mertle, and Lillie Victor, a black teenager whom Deanna kept out of school at the 11th grade level and made her stay home and do the housework and watch the youngest child, Daphene Mertle. Lillie expressed resentment later to me about this because the white children in the home were allowed to go to school, while she was deprived of her education and made to serve the others. Lillie later left the Mertle household on her own after she became 18 years old.

3. [REDACTED] reported to me that she observed [REDACTED] Elmer Mertle, having a sexual affair with [REDACTED] who was a minor.

b7c

4. [REDACTED] constantly used drugs -- anything he could get hold of. He used to tell doctors that he couldn't sleep, and he would persuade the doctor to give him narcotics for fictitious chronic headaches, and barbituates for sleep. [REDACTED] then shared these drugs with others that he had persuaded to take them with him. [REDACTED] also told me that he sexually molested a 15 year old girl in Los Angeles. He was 28 at the time.

5. Jim Cobb, Terri Cobb, and Wayne Pietla imposed strict rules and heavy mental stress on the other students in the dorms provided for students being sponsored in college by Peoples Temple. Yet they took special exceptions for themselves, excusing it because they were in "leadership," in the Temple. Not only did they berate light-skinned people to get them to degrade themselves, but they also harassed the black people to get them to express racism.

I, Robert Johnson, being duly sworn, declare:

I previously worked for Birdie Marable in 1974 and 1975 helping with the patients in the care home and with chores around the home. I know how she refused to give allowance to one of her patients Ella Mae Hoskins. Birdie would keep Ella Mae's money herself. I know Birdie had money in the bank and different times I was with Birdie when she would buy clothes, foods, and whatever she wanted. Birdie drank constantly when I would go by in the morning and at night when it was time for the patients to go to bed Birdie would be drunk.

Another Lady Annie Washington was a patient of Birdie's. Annie did not receive proper medical care. Birdie Marable did not take her to the doctor when she needed to go. One fact is that she did not take care of any of the patients like they needed to be. She did not change bedding on time. Birdie talked rough to her patients, especially when she was drunk.

When Birdie's husband came to visit she put him in a small cabin at the back of the house. She would whip him with her fists and one time she hurt him bad enough to send him to the hospital.

Birdie told me she had \$300.00 from Mrs. LeTourneau, another patient which she borrowed [REDACTED] I'm fairly certain she never paid Mrs. LeTourneau back.

A man lived at the care home who was Birdie's boyfriend. She said she wanted to marry him except she was already married. He used to beat her up when the patients were present.

Another lady, Velma Darnes, had an aunt who was a bed patient at Birdie Marable's. Birdie let this patient stay wet and dirty. Birdie took money from her. This lady wanted to leave Birdie but Birdie refused to let the woman leave.

I, Carol Kerns, being duly sworn, declare:

I was a house guest at the Bertles for a few weeks during the summer vacation of school. I was about fourteen years old. I knocked on the door and was told to come in. Elmer Bertle was standing there completely nude. I was embarrassed and started to walk out of the room. I was told not to go, that it never bothered any of the other girls, meaning his own two daughters. I still walked out since I was not raised this way. I was real young and it made me feel real bad.

She told [REDACTED] she should be willing to share him. [REDACTED] used to always tell me how awful men were and that I should hate them.

[REDACTED] He did this on several occasions. He told me never to tell anyone. He tried to get me to have sex with our dog when we lived in Sanger, California. [REDACTED] used to get cats and throw them into big bonfires. He used to tie cans to their tails and light them on fire and enjoy watching them run and scream. [REDACTED] used to have a paper route and whenever he wanted money he would go collect from the customers and spend it. He used to take me with him. He taught me how to hot-wire my grandpa's truck which he used to take several times. He told me when we lived in Sanger he wanted to kill me for telling on him. The only reason he joined the army was so he could clear his record. He had spent several years in boys homes and Sacramento Youth Authority. He was supposed to have gone to San Quentin but he escaped from the Youth Authority. He went AWAL from the army while he was stationed in Germany. As far as I know he's still AWAL.

Liz Forman- she told me numerous times about how she used to be so sick, she couldn't hold a job down. She relied on her relatives for money to live on and slept 12-16 hours a day just to escape. She often said that she felt healthy physically and mentally since coming to Peoples Temple. With her personality - deviations and idiosyncracies - only a tolerant group would have been able to work with her. When she first came, her life was palm reading and star gazing. She couldn't deal with reality and just about went into hysterics over the thought of poisoning, or anything not immaculate. Her sexual hangups carried over throughout her personality and her hypochondria.

Mertles - I remember hearing Deanna Mertle state that she got sexual pleasure when she heard children screaming from pain .

I remember seeing Elmer Mertle lying under the bus while on one of the Peoples Temple summer trips with his two teen-age daughters Linda and Diane. When someone else got under the bus to sleep he physically threw them out of the compartment (I think Joe Wilson) .

Rick Cordell - When I was new to Peoples Temple and suicidal after messing myself up physically and mentally on drugs, Rick purposely tried to set up a sexual relationship, even though he was married and had many children.

67c [REDACTED] - During my first 6 months living in Redwood Valley I was very confused from my preceding experiences with drugs. After specifically being exhorted by Rev. Jim Jones not to pursue me because of my emotional state - [REDACTED]

I, Carol Kerns, being duly sworn, declare:

My natural sister, Ruth Kerns, has always been very mean to me all through our childhood together. She used to tie me up and hit me with switches that would leave welts all over my legs and arms. Her and my brother Phillip would gang up on me, holding me down to spit in my face. My mom would go out and leave Ruth at home to baby-sit with me. Ruth would leave me alone in the house to go out with her boyfriends, I was just ten years old. When I was in the fifth grade Ruth taught me how to kiss. I told her I didn't want to but she told me that I had to or else boys wouldn't like me. Then she would kiss me in my mouth for a long time and feel on me. When her boyfriends came over, who were much older than she was, she would have me watch while they "practiced" love making. Ruth used to always brag about smoking and her first cigarettes she had smoked in Sacramento. One time she put me in a room alone with this boy and encouraged us to have sex together. We just talked, but she wanted to know everything we did. She used to stand in front of the mirror and jump up and down telling me how beautiful her breasts were and how ugly mine were.

She was supposed to be Robin wages best friend at the time this happened. Robin and Danny were going together.

When I was in the tenth grade Ruth accused me of having an affair with Rev. Jim Jones. I have never even been alone in the same room with him, he is the most principled person I have ever met, and it really burned me up when she said this. Ruth has always been a very violent person. She used to say that the only way to get rid of your enemies would be to kill them. She thought of herself as a violent revolutionary out to change the world. Ruth was a very hardcore person who couldn't care less about older people. When she worked at Maciana Convalescent Hospital she left an old crippled man in the bath alone and said she didn't care if he drowned.

I, Shanda Oliver, being duly sworn, declare:

Micki Touchette stated that she worked in the offering room, which was true. I, Shanda Oliver, also worked in the offering room at that time. She said we would write the count of the offering on a piece of paper and send it up to the pastor. That statement is not true. We never, ever wrote the count down. We'd send one person usually the same person to tell the count. I can't ever recall Micki taking the count to him. Then again Pastor Jones doesn't say how much the count is, just makes an appeal when necessary.

My sister, Silvia Unshaw, called me Monday evening July 25th, she told me that she had been harassed on her job and wanted to know how the Mertles' knew here she worked. She said, Diane Mertle, Bert Mertle, Linda Mertle, and Ruth Kerns came to talk to her trying to make her come to their side. Since she was a former member and left the church. They said they were trying to recruit everyone possible. They told her about beatings, fake healings and all sort of things she stated. She said they offered her protection, if she say Jim Jones had personally beat and tortured people. They warned her that the temple would have violence there. She said she didn't know if they meant a bomb or shooting? They also stated that they were getting larger in size and knew so much about the temple than she can imagine. Silvia no longer wanted her son there at the temple, not because of Jim Jones but because they said "violence will be done to the temple" (those are her words). She told them she didn't want to get involved. She also said "she didn't leave the temple for the reasons they were telling her. She left only for personal reasons.

These are my experiences and observations:

Jim Cobb: (my brother) used to beat on his sisters, who are all younger than he when we were growing up. He talked alot about revolution, and being a revolutionary, about how he hated capitalism and how he was a communist. He used to say how much he hated white people but he was always with a white girl. He and Terry Cobb used to fight all the time when they were young. She would chase him with knives and he would constantly fight with her. It puzzles me how they are so allied now. Jim Cobb used to have guns with him. He would always try to teach me to aim and shoot. The guns were not registered, as far as I know.

67c
[REDACTED]
I was only 7 years old. She always warned me not to tell my mother. She used to kill baby chickens, saying that they were after her. She would use her bare hands. She also killed a baby kitten for the same reason.

[REDACTED]
Wayne Pietla: told me that Jim Cobb should be killed for leaving the group.

He said that in one of their meetings that Jim Cobb had conducted, Jim Cobb told them that if anyone was to leave the group, that they were traitors. Wayne said that some day, he might have to kill Jim Cobb for leaving. This was their own teaching, and no one introduced this to them. Wayne said that he and Jim Cobb would make up their own "security force."

Paula Adams

I, Paula Adams, being duly sworn, declare:

From the time I entered into the Santa Rosa Junior College (Peoples Temple sponsored) dormitories, I came under the viciousness of the so-called leadership of the dormitories: Jim Cobb, Terri Cobb, Wayne Pietla, and Terri Cobb's protegee Mickey Touchette. Myself, along with several others, were new in Peoples Temple. We were kept up night after night by these people for counselling. We were screamed at and called "honkies" or "uncle toms" or "aunt janes" all night because we were not revolutionary. Terri Cobb got one of the girls so incited in revolutionary fervor that she play-acted out a scene where she was demonstrating what she would do to me if I betrayed and pretended to hold a gun to my head and pulled the trigger. If we defended ourselves when being "confronted", as they called it, we would have to stand up in the middle of the room for hours usually until daybreak or until we confessed to being a honkie or uncle tom or aunt jane. When different ones of us started reacting to this terrorism and fascist dictatorship, we were told that Jim Jones knew everything that went on, which was absolutely untrue we found out later. They threw Jim Jones' name around whenever they wanted to throw in some inhumane rule. We were told that we would get into a lot of trouble if we went to Jim Jones about this because it showed that we didn't trust him (Jim Jones). I would have left if I hadn't gone to church services during the weekends and midweek because I would see that Jim Jones was a sensitive compassionate man who preached about egalitarian living, and that concern for others was the essence of living. This was not the same Jim Jones that Jim Cobb, Terri Cobb, and Wayne Pietla showed me, and I would return to the dormitories confused and yet terrified at what new mental torture we would be put through in our all night meetings.

The all night meetings usually centered around someone being confronted about something as insidious as one of the more studious persons not helping out one of the leadership on a test by cheating for them. They told us to steal also, because to steal from the system wasn't bad.

67c
[redacted] was a popularity climber. She always liked to be noticed, but she was a nothing at the dorms until she started on an active lesbian course by having an affair with [redacted] who was married to [redacted] always liked to break in new females at the dorms. [redacted] and [redacted] had their affair for months and even continued it after [redacted] started an affair with [redacted] who was by this time married to [redacted] had no more than gotten married than he started screwing [redacted] and tried to get me to screw him too. [redacted] took me to a park on our way home from school just to look at the ducks. This occurred after [redacted] and he had just gotten married. He pulled me over and started kissing me and trying to feel my breasts. I protested that this wasn't what I wanted, but he insisted that this was how "comrades" got to know each other. [redacted] always picked females with blonde hair and blue eyes and called everyone a racist if they didn't bend to his will.

Guerrilla training became a major emphasis on the college students. We were being trained for the revolution that we were going to start. Wayne Pietla would dress up like Che Guevarra and shout revolutionary slogans such as, "Traitors never live", "we'll kill anyone who betrays the revolution", "then end justifies the means", and he was always saying, "I am a communist." We didn't even know what they were talking about,, but if we didn't want an all night session in the middle of the floor

FF-12-A-98

Affidavit s/
Paula Adams

being screamed at, we had to go along with it. We were drilled in leadership skills in guerrilla warfare; night runs and marches were taken in empty fields to test our ability in doing invasion maneuvers. On one hike that we took, we were being trained in guerrilla fighting and also in abilities to take on leadership responsibilities. Jim Cobb was in charge and beat a girl with a stick because she became too exhausted to keep up with the whole group.

Our meetings in the dorms were not without violence being inflicted on someone who disagreed with the way the fascist regime was ruling there in the dorms. A girl was slapped up against the wall by someone who was caught up in the emotion of proving that she was not a coward, and that she supported the dormitory leaders.

Racial animosity was encouraged as a means of controlling the people at the dorms. The dark complected people were called Uncle Toms or Aunt Janes if they did not call light complected people "honkies" and keep animosity stirred up. The light complected people were never allowed to sit on the chairs or couches if there was even one person who was Black who did not have a seat. Light complected persons were never allowed to sit in the front seat of a car unless there was no choice.

The reason this continued for so many months was because of the long distance between the church and our school dormitories.

Jim Cobb had no regard for others. Set off a fire cracker in the dining room without warning while I was sitting there. I was making A's until Jim Cobb forced me and others to stay up all night and we couldn't study for tests. He destroyed the morale in the dorms with these encounter sessions. Jim always lied to us and said that the college students were the vanguard of a new revolution that he proposed to lead. He organized and led militaristic maneuvers in the hills around Ukiah. He organized a lot of divisions from school work when I lived in Oakland. Jim had weekend parties and was very aloof from the rest of the group.

I worked for Birdie Barable at her resthome on and off for a year. She called me to sit only when she wanted to go to a party and get drunk. Many times I would have to stay over and take care of Birdie and her patients. Birdie was very cruel to her patients. I talked to her about treating them cruel. Cussing at them and snatching them around. She wouldn't comply. So I'd try to help them alot. She was always borrowing money from them. between paydays. If they wouldn't give it to her she'd cuss at them. I can't ever recall seeing her pay the money back.

One day her husband was on leave from the hospital. He had a liver ailment. That day they both had been drinking. All of a sudden Birdie ran in the house and told me to come with her because she thought she had killed that son of a bitch (speaking of her husband). When I walked into the back house her husband was on his knees with his head in a puddle of blood. I asked him what was wrong and he was unable to tell me. I washed him up and asked her to get a doctor for him. She wouldn't call a doctor. She said, "if the doctor came we would report it. I cleaned him and bandaged him up to the best of my knowledge. Two days later she submitted him back to the hospital.

If patients would urinate on themselves she would just let them soak in their urine. If they had special diets, she'd feed them anything. Such as chitterlings and pork chops, mostly what she liked. These are some of the worst things she's done to the patients. I can go on and on about the cruelty of her in her resthome in Ukiah.

In 1971, I began to have painful heart palpitations which occurred whenever I was under stress or very tired. In the fall of 1974 I awoke from a sleep and felt my heart palpitating quite strongly. I closed my eyes and said to myself: Think on Jim. I saw the face of Rev. Jim Jones very vividly, and immediately I felt a rush of warmth through my entire body. The heart palpitations stopped right then, and I haven't had any trouble with anything like that since that time. (I had reported this problem to the clinic at the Ohio State University in Columbus, Ohio, in the summer of 1971.

Once at the end of services at Peoples Temple, Rev. Jim Jones called for anyone who had some connection with Cornwall, England. There were three of us in the room who did. Rev. Jones turned to me and said -- you know someone named Ann in Cornwall. he was right, of course, but Ann was not on my mind at all. I was thinking instead of Ann's daughter, Mary, who had been a "pen-pal" while I was a teen-ager; I had never told anyone in the Temple, nor in San Francisco for that matter, about Mary or Ann.

Frequently in Peoples Temple services Rev. Jones would accept questions from the congregation and answer them during the services. Several times I wanted to ask a question, but Rev. Jones gave a direct answer to the question before I had a chance to ask it.

Once fairly soon after I became a member of Peoples Temple, Rev. Jones told us to think of something that we felt guilty about. I heard him say to a number of people enough to show that he knew what their thoughts were, but never enough to cause them any embarrassment. He told me I was thinking about my "mother and daddy" -- which was exactly right. In the many many services and meetings I've attended with Rev. Jones I have never known him to use any information which he gained by paranormal perception to embarrass or in any way harm anyone.

Deborah Touchette

When Jim Cobb, Mickey Touchette, Wayne Pietela, Terri Pietela, and the others left, they took army equipment they had stored, including guns. The telephone wires had been cut and many personal belongings of my own had been taken, as well as those of Wayne's dad, Tom Kice Sr.

Mickey Touchette had approached us the day before about our involvement in Peoples Temple and whether we thought it was a waste doing humanitarian work with Jim Jones instead of fighting a revolution. Mickey Touchette had approached my husband, Mike Touchette, and myself. When we disagreed with her and would not respond to her probing, she finally walked away. It was not until she had left that I realized the intent of her approach. She had hoped to persuade us to leave and join their revolution

Deborah Touchette

I, Deborah Touchette, being duly sworn, declare:

My husband told me that when he was living in the dorms at Santa Rosa, [REDACTED] took his pants down at the dormitory and verbally demanded along with using physical force that all the guys in his room look at his penis.

[REDACTED] and [REDACTED] who were married, were known among those who lived with them to enjoy husband and wife swapping with other couples. I would know because I, and my husband, lived with them. My husband and I became too disgusted with their sexual deviations when we were staying in the same house trailer and moved out as soon as we could find another place to stay.

[REDACTED] is a child molester who attacked children in the night when they were sleeping. Patricia Cartmell, when she was a child was molested by [REDACTED]

[REDACTED] was also a child molester. Long after their marriage had begun, [REDACTED] would date twelve and thirteen year old girls. He was once caught in a car having sexual intercourse with a thirteen year old girl. [REDACTED] admitted other perversions in a fit of confessions. He mentioned spending some time on a farm and sexually abusing a female sheep. He described vividly his feelings of enjoyment and expressed the desire to do it again. [REDACTED] used to take children to bed with them at night, posing as a mother and father figure. It was found later that they were molesting the children and telling them never to say anything about it.

[REDACTED] was always bringing home radio or amplifying equipment. On numerous occasions he bragged on the amount of albums, amplifiers, he had taken. He said he thought capitalism was terrible and that he wanted to destroy the system. He always practiced with guns in the evenings and set up dummy people who he said would someday be destroyed. As a group they were often planning the assassination of the President of the United States (the group included [REDACTED] [REDACTED] [REDACTED]). They would go over the whole plan as though it were to take place tomorrow. [REDACTED] use to brag about the number of government leaders he would kill because of his ability to be on target.

[REDACTED] used to collect army material such as knives, boots, canteens, fatigues, etc. He also had a collection of guns that he was continuously adding to. They always tried to lead young people to believe that one day they were going to start a revolution.

[REDACTED] tried to be extremely domineering and forceful with people that he felt he could control. [REDACTED] used to lead us on hikes while teaching woods survival, as an exercise in guerrilla training. They would often say, while putting people's heads at the point of a gun barrel, "be prepared for every surprise."

I Robert L. Christian duly sworn declared:

what happened?

In August 1976 Pastor Jones called me out through revelation and related to me that I was going to suffer a heart attack in the very near future. He stated various things about my life that no others knew. He said that my dad that I knew came into my life when I was 2 years old and that I never did know my real father. He also stated the number of my bank account which was a private bank account that only my wife and me knew about. He also stated the different people I was doing business with. Pastor Jones also told me of a place which I'd lived when I was a small child which I'd never told my wife about. Pastor Jones has been a true inspiration in my life and has proven that he is a man of exceptional character, and honesty with compassion for all living things.

My child, Gabriel, was chronically ill. I had to sit up with him, night after night. I had taken him to many doctors in Los Angeles, and when I carried him to them he would be barely conscious, and alternately hot and flushed or very cold. When Gabriel was only two and a half years old the doctors finally told me I should put him in a convalescent home, and they referred me to several. Since coming to Peoples Temple church and regularly attending the services where I saw many healed, Gabriel's sickness has disappeared. Gabriel is nine years old now and I haven't had to take him to a doctor for any illness for nearly seven years.

Fast Sex

I hope that you don't want names because I can't remember 90% of them. If you want them I will be glad to give what I know. I was a dog. Slept with anyone any time. I did things I hated such as sucking dicks, eating out assholes and fucking in the ass. I slept with both men and women. I was never content with anyone. I was dumped when they were tired of me. I was masochistic and had a definite taste for shit. I was messed around with by my mother until I got the sense to lock myself in the bathroom when my father was gone. She was drunk. I started kinds of sex about 13 with men and women. When I left home I slept with someone virtually every night. It became a routine. One two occasions I got into married men but they were short lived as was everything else. I was insecure and lonely. I was afraid to get too attached to anyone for fear of rejection. When I was nineteen and could not find a job I had to rely totally on sexual partners for support. I hated them though at times I thought that that was what I wanted. I tried to make up for some hope rejection feelings by sex with people. It wasn't their fault that they couldn't fill that need. I felt like a dog. I had many one night stands. I dropped out of school over a teacher I was fucking getting pissed over a girlfriend that I had. I had a scholarship so it was no money loss. I was just a complete total ass when it came to sex. My whole identity lied in if I had a sex partner yet I was afraid to really get all hung up on anyone. I fucked Ben off and on since since I was 17. We never lived in the same town with him so it wasn't hard to survive for short hours at a time. Ben was the biggest game I ever played he was rich and I resented him for it. I wanted to put him down. I got thrown out a couple of years ago from a house in LA and came to see Ben because I was up a creek. When I saw Ben he was in the group and we had no desire for sex. I was a hostile bitch. I doubt the men I dislike deserve it as much as I give it. I really don't dislike Mike Prokes like I talk. I think he's loyal but I can't stand to give a man the satisfaction of thinking that there is something that I approve of about them. I think I over do it.

SB can do an affidavit on the following- if it would be helpful...

I, SLB.....
have worked as a Deputy Probation Officer in the County of Mendocino for 7 years. I have been a member of PT for 8 years, and have been acquainted with TOS for as long. I have worked extensively with him on a number of occasions. For years, Jim Jones has been a good friend to TOS. He has made many personal sacrifices and shown nothing but kindness and understanding to Mr. Stoen. There have been times when Mr. Stoen has advocated the use of violence and unsavory means of achieving his objectives. Because he was in a position of authority within the church, this was particularly dangerous, due to the effect he might have on others. However, Jim Jones has devoted himself to helping all people grow in self awareness and social consciousness, and thus allowed Tim Stoen to remain in the group, continually working to help Mr. Stoen and to control these terrorists plans he had.

I have attended a number of meetings that were held in confidence with Mr. Stoen ~~xxx~~, where he openly advocated ~~not~~ only the use of violence and terrorist actions, ~~but~~ specifically, he and I on one occasion went to the D.A.'s library in the Mendocino County Court house (second floor) late in the evening (Mr. Stoen had a key for the sole purpose of looking up the use of lethal poisons that he was currently interested in (for obvious reasons). This was in 1972 in regards to a journalist by the name of Lester Kinsolving. At that time ~~TOS~~ ^{public} TOS advocated the use of poison being administered to Mr. Kinsolving thru the use of a poison dart and researched this methodology in the presence of the undersigned. I can take a lie detector test in this matter to prove it is the truth.

Rev. Jones asked me to go along with Mr. Stoen on that occasion and on numerous others, to keep an eye on him and to monitor his actions. This I did, for the sole purpose of keeping track of his terrorists schemes, and intercepting their being put into actions. Also on a number of occasions, Mr. Stoen kept in his private home, large numbers of weapons and ammunition. There are many witnesses who can attest to this fact.

(add to 2nd para:- It can be verified that TOS took a course thru Santa Rose Junior College completed Aug. 26, 1972 ~~xx~~ on "Non-lethal Chemical agents". It was after that course that he and I went to the library so that he could research various 'lethal' chemicals readily available.) (ps/- I have this certificate of his- tho I think he had to take some course for his job- tho not sure what the reasons for his taking this were)

Mr. Stoens technique over the years that I have known him have been to spout 'reteric' of Jim Jones' teachings of non-violence and peaceful change; but then at the same time, he would constantly try to influence Rev. Jones and others in the church to act in violent, terrorist activities. It is my opinion, that ~~that~~ Jim Jones has kept a lid on TOS influence over others ~~in the church~~ destructive, harmful actions. Jim Jones never stopped being a loving supportive friend to TOS. It was when Mr. Stoen saw that he could in no way persuade Jim Jones to violence and terrorism, that he took this offensive attack on Rev. Jones character and the humanitarian organization of Peoples Temple.

PS - (I can pass a lie detector test on this - it can be altered for use here or there - let me know if it would be useful) FF-13-A-4 SK

Sandra L. Bralston / ^{WITNESS} Christine Lucientes

This is going to be quick- but I have thought some about it- but not all the way thru- but here goes anyway...

One thing I was thinking was that we could stay here- and keep on working- as we have been- using this as a base- change our tactics enough to keep our head above water for a while longer. And if some of us get put in jail or whatever- then the others of us could keep on going long enough to get the rest out of jail on bail-

then we could get some explosives- and put them all around the church- (make sure we have enough to kill everyone inside) and at the same time- we could have several of our trusted people be blowing up all of our church property at the very same time that the church and all the people in it would happen...

(we could put all our animals in the house and take ~~xxxx~~ care of them also)

however- J and the most trusted would not kill themselves at this time... they would leave and go about the country blowing up more things and killing mother fuckers- (and if they got caught and put in prison- they would have to deal with that- either to stand fast or to kill themselves)

all this time- we would be sending out documentaries on why we did the blowing up thing... like we planned before

this plan is not thought out in all angles yet...

One thing- i do not in any way feel that we would be able to make a go of it leaving the country- the people are not able to accept other standards etc. and all the change that it would bring... i think we should stay here and make our stand in America- i would like to fight it out here (not literally maybe- but if no other way- yes)... but i do not feel we can leave.

i feel that we are going to fragment in either case- and i think that if we can 'compel' as many of our number to leave this plane- before they all defect- the better ahead the cause will be... i feel that if and when we are gone- the cause will probably die anyway- this world is so intrinsically evil- but maybe that is very pessimistic.- my feeling is to kill them- before they get a chance to defeat- but to gather as many as possible before the end...

(I also think if we made a deal with the government - we could keep together longer but for what ends?) FF-13-A-5

Ramblings: 8/4/78

^{TOS}
You know, I have been thinking alot about Blanche and how she knows about Jess' affinity for Jerry. I am wondering if maybe she isn't, out of spite- setting something up for Jerry out of Dallas. Remember- it was just a couple of yrs. ago, that she came by the house, and said that she knew about the friendship between the two. (she expressed her jealousy about it). She also knows that Jerry would not hesitate a min. inviting Blanche to see his parents. She thinks that Jerry already went clear across the ocean to invite her once.. so I am sure that Blanche has no doubts as to where Jerry stands- or what Jerry would do for Blanche.

So I am wondering- if Blanche ^{TOS} does do something out of Dallas, that would create somewhat of a problem for Jerry and Jess and all. So, actually, I am wondering if maybe Jerry should visit Will in the near future, like after Ujara gets ready the next time (which really should be in Sept.) and then maybe that would be an opportune time for Jerry to get away.

I know how Jerry ^{is} feels about taking care of his obligations and wanting to do right by Blanche etc. but I think Jerry is finally beginning to realize just what Blanche is trying to do. For instance, in Blanches' recent 'writings' to Anthony, she stated on 2 different occasions, that the final say-so was Chet, JERRY AND JESS. And that was definitely not so- but it was directly said on those 2 times, as if to set up a direct link between Jerry and Jess and decision making. So, if Blanche can show that Jerry's activities were questionable in a certain practise, ~~xxx~~ she can also link Jess directly with them.

So, as I say, I think Jerry is willing to put his personal feelings on ice for now (that of being able to help Blanche in the way he feels she should be helped), and probably it would be in Anthony's best interest for Jer to visit Will.. I would think no later than Sept. after Ujara. Blanche probably thinks Anthony will have Jer stick around indefinitely so she is no doubt thinking that she has some time on that (and it may well take some time to get the 'background' together). So Jer thinks he may atleast have that much time here without any 'big' problems-but I suppose that could change any time also.

Whatever.. you know, I have considerable influence on Jerry, so whatever you think, I am sure I can get Jerry to go along with it. Jerry is ~~ok~~ you know- just so hard-headed at times. But I think he sees he may have no choice in this situation, not in the long run (esp. since he has had his 'episodes' in the past, which will probably catch up with him some- times.)

And with coming from Dallas, that could be a whole new ball game- and def. put Tony's family in the big leagues. Wouldn't do much for the image. So Jerry is willing to do whatever, and as soon as is felt necessary.

Jerry should be the only one Dallas should be interested in as Zita didn't know who else was involved in that particular game. She wouldn't have even know about the game, except Jerry had to borrow money from her, otherwise she never would have been involved in Jerry had his choice // but Zita didn't know about the other players- only Jerry (and her bro.)- but Jer did the actual work etc. himself alone- so only he is responsible.

Anyway, let me know and I will tell Jerry.

People under the most pressure- probably Martha- cause she gets all the shit from Eric- and then she is the only one handling the money and that is alot on her in that area. But she is doing fine. She is a strong person, a very steady person. I like her alot. She is pretty self-sufficient person. I know she used to talk to TB some and CL, she doesn't feel too free to talk to me much. I have that affect on people it seems, but nevertheless, she is doing very well, and keeps on going.

Lola- she is under pressure, but to me- it is nothing like it used to be. I really think she uses her health as an out- but I would never tell her that. I try to watch out for her and look after her etc. She can oversea counselling matters, and that has eased her out somewhat. But of course, Maxine and Vera are not Lola- not even the two together. If she doesn't want to get involved in something- she just says- you handle it.. I'm not getting involved." and then she leaves. So, I guess that is a good enough escape valva if I do say so. So, anyway, she is getting ready to go- but I doubt if it will be before the end of Sept. by the time she gets around. She wants to make sure she has 'everything' she needs before she goes. She is looking forward to that cottage you promised her.. and not having to deal with people. And I can appreciate that. But unless she can really live alone- I don't know who will be able ~~at~~ to live with her. I am used to her- and if it would help things out- I would probably be able to get along with her fairly well. So, I wouldn't mind living with her- or whatever. It really doesn't matter to me.

June is doing just fine. She has Robin's old room and has lots of plants in her room and Dorothy's cat Mable stays with her- and she likes Mable alot. And she does her work and doesn't bother anybody. She goes to work, comes home, drops in the radio, goes in her room and works, and plays the t.v. while she works, and gets together with Martha when necessary. She goes to bed and gets up for work the next a.m. She is really a self-sufficient person. Except for occasional grouch-iness.. she is always even keel. Even Charles doesn't yell at her because he likes her work.. I like June alot. Don't have to worry about her.

Vera is her usual self.. and has Dennis- good thing. If she didn't have him.. I would worry more about her. I still worry about the bitch. She has the nécest room in the place, always looks good, likes PR stuff, She and Maxine are tight now that Francis has left.. I knew they would be. Oh, well, now Max only has 1 negative person to be around instead of two.

Rex is doing fine- has Hattie as a past time. And just kind of rattles along.

J. Randolph will carve his little kingdom out of wherever he is.. don't ever worry about him hurting for anything. He takes care of himself. Phyllis will be alright for a while longer as long as she feels included and I think she does. likes PR and being on finace committee. etc.

Guy has his problems with his daughter- but you couldn't do anything about them even if you were here. He will have to get a message to go over one of these days- think the thing with Mona will be done in Sept. and then he will have to go.

Probably alot of your worry comes from the fact that we always write about the problems and not mention other things. That is my fault. Just as many times when I have written to you, it has been an emphasis on the hopeless aspect of 'reality' etc. and I fail to mention the hope that you have given to all of us.

Just as we have all these shitty little problems, so too have we grown closer together, as brothers and sisters, knowing that you have created the things only dreamed about... and are suffering constantly for what is right... so too has that feeling come thru here... from John Heneka to JRandolph, to Vera, to everybody. We know that we are fighting the same enemy. We have drawn closer together- just by that realization, and the knowledge that what we are doing here is bringing results there.

I don't know just how to express that. Just as the thought of what has been created in Jonestown, brought tears to my eyes then, at the thought of it all... it is overwhelming. Things have gotten done here, things will get done here, we know that we are only hands and feet and are limited in what we can do... but the feeling of being able to do something pervades this place.

From the littlest old lady who is 'waiting' to be called to see Father again, who reports seeing an 'enemy' on the street, because she feels she is contributing to the family's defense by doing so. People all feel like soldiers here, as silly as that may sound. People are watchful, they observe, they anticipate, they take what has been said with a grain of salt for the most part. It is beautiful to see the seniors, the pureness of their faith in you. I have always thought that some of your most beautiful reflections came from the Seniors, and the small children.

I have watched how you look at people, how you really experience them, I have studied you carefully over these eight years... and I think I know the man that I care so much about fairly well. I believe I know some of your suffering ~~thru~~ because of the separation of the family. But you are a magnet there, that will draw the rest of the people here who wish to join you... you will draw them to you. We can organize the exit here and the plan and timing need to be underway... but the people need the light that you are... to draw them. You cannot be here and do the same thing. You have to be the hub there...

You know how very much you mean to me. My life is determined by yours. Death has been your only competitor, ever. And I have promised you, and I mean it- that- the method of my death is the only thing left undecided in my life- and that will be solely determined by the Cause. But life without you would be so unbearable. There would be no respite from the burden. Without your smile, looking into your eyes- the peace and security- that I find there... there would be no moments when the weight is lifted at all. Please, promise me that you will not even consider returning here.. to nothing, for nothing. Please stay where you are so desperately needed. Things are able to be handled here, and they will be.

I love you very much, but I think I am being practical and objective when I implore you not to return... for the sake of so many who depend on you for their very lives. I send you all of my very deepest feelings..

MORE CONTINGENCY PLANS:

from sb

The way things look- I would not at all be surprised if things were to happen very quickly. There are enough bibles here to do alot of praying if necessary... and I have my own that I can do my business with.

If things happen fast- and I am not here- I propose the following plan...

I drop out of sight- if things get very heavy- to the point of a direct confrontation. I think I would be less noticeable than for instance- a man- and I am not really "known" since I am not up front. I am not particularly 'rememberable' in appearance- and can slip around fairly innocuously I think.

If I had time- to quit my job- and get the 3- 4,000\$ retirement I would have that to exist on- but if there was no time for that- I could always get some quick \$ from my parents- and use the Bank Americard for \$. (or rob a store if necessary)
Anyway- I could exist for a period of time... long enough to get some of our enemies... however- if there was some way I could be kept up with a 'current' list of where we think they live- it would be helpful.

And I am serious about trying to infiltrate the Nazi's- as I don't think they are that smart- (since they give their names and addresses in print..)- and I work in the heart of their land anyway- all the time. There would probably not be time to do both- if the end comes- maybe there is a way I could start to attend their meetings now- to get an idea of who they are and maybe pick some things up from the meetings. (in S.F. or the Bay Area)
(I would probably have to change my appearance to come to PT since they may be watching from that standpoint- but that could be easily done- and I don't know where they would have seen me otherwise)

If I do drop out and try to take care of business- maybe I should have my passport with me- so if there is time- I could get out- however, if anything were to happen- and the rest were in transition etc.- I would expect you to have nothing to do with me. (that is if I were to get caught- I would not be part of the group).

If there was a necessity- we could set up a pre-arranged 'dead-drop' or place- where I would be at a certain time- on a certain day- and contact could be made then.

I am very serious about having the 'privilege' of attending to business- and I think I am able to 'slip' out of sight easier than some. (And with my 'badge' and legal reason to carry a bible- that would cut down on being caught on a 'routine' check).

I will wait until I hear anything further from you..

faithfully,
SB

4/11/78 from sb:

- well the thing with TOS and the other ass-holes was held out from today. What a feeling of helplessness it was... having to 'hide' inside while they parade and taunt us and try to instigate something- I mean- looking outside from the balcony- how I longed for a machine gun- could have gotten the whole bunch with one swoop.
- I'm telling you- it's a damned good thing I am so controlled- when I saw Baker standing there- I saw red- I mean- I got such a surge of energy and reaction- that I grabbed on to Robin standing next to me- I can't explain the feeling- I could have gone stark raving mad and torn his eyes out and killed him with my bare hands. Instead I had to imagine sighting him in- and going from there. I promise- I won't do anything to him- unless something happens there- then I will act. I have no doubt that I can get some things taken care of before I am finished. No- there is no way, I cannot be convinced that he will get his in the end- I have to see it myself... contribute my share you know. He really shouldn't get away with what he is doing. I always held that he was responsible for the two great pains in the people that I care for- number one- goes without saying.. and the second was when he sent Julia that route and ended up with all that pain for her- I can only empathize in my imagination- her suffering- because of him. All this pain now- for so many. No, there is no way I can be talked out of finishing this.

- You know that I am not the least bit interested in living- I don't care where- I just don't want it. I do want to stay here- and wait til the timing is right- or even come back when the time is right. I want to do that- that is what I ask that I may do. He took too much. there is no excuse- he does not deserve to live. I know nothing can be done now- but when things cool down- you know- that is a whole different story. Please consider this as my definite request as to my future plans.

- I don't think this thing here can hold on that much longer- I would think that if we can get some of the periferal people out in May- probably the end of May - before we gather up enough people- we'll have to pull in the outside non-communal- (what a green group you will have then-if you think the last bus was unprepared for communal living!)- but there is no way- we cannot take more of the core people here and keep any semblance of organization. I think- we should get some of the 'dead' weight so to speak out of here- and keep people- who if necessary- could just scatter and get there if need be. I would like to have their tickets purchased- open date- I think that would tie up a good deal of money- and could they really 'attach' the tickets if they came in a tied up our assets??? Are tickets in individuals really assets of the organization?? I wonder about that. I am talking about only the ones we are certain are going- you know the communal ones left and a few non-communal. (not that many- maybe 150-200?)- that would be alot of cash tied up if we could do it that way.

FF-13-A-31k

- anyway, I can't see us operating here much past Dec. or Jan. of next yr. (and that is giving it alot of room)- if he goes for our housing code here- that will be a problem- or if he ties up the back lot with redevelopment and we can't crate etc. there will be alot of problems behind that. I would like to see us get this shipment crated and the packing room straightened around ready to send- and then that is it-

just send essentials after that. Things that just a few of us can get together and pack. Wouldn't take many to do that. We could cook our own meals etc. I can see where there will come a time when we will not be able to do any projects because it is illegal to cook in a kitchen like ours for either bake sales or post office dinners- and Cartmell knows this- so I am just waiting for him to tell on us- and we will lose that 1,000 a month they bring in each. I think Nancy said 3,000 last month. I know it was alot.

- I can see why you have been pushing to beat the band there to get self-sufficient- because the day is rapidly approaching when we will have no income from here. It is very little now in comparison- not that many people working good paying jobs- and little in offerings.

Nancy gets the best results- from her "drives" - we have gotten along very well if I must say so. Jean and I have tried hard- and I think Nancy has tried too- she realizes I think- that there are few ~~us~~ of us. and not any reason for the division. She has been in the radio room quite a bit- and sees first hand the problems and the pressure. Hue and Vera wander in and out- but when there is the smell of work- off they go. And then complain about not being 'involved' or 'informed' of what is going on. Pisses me off to say the least. They have been asked to be in the radio room- maybe if they are 'requestéd' that would help. Nancy can't be too much on defense of Martha and me- because she will be called an aunt Jane and not have their respect- it is very complex- and she is so fucking smart- that she sniffs anything if it is not just so.

- no time at all- have to get this package out to be sent air-freight- can't think of much else- I haven't even read over these sheets- so if they are really dated- or don't apply- disregard them. take care- miss you all very much. I am fine tho- and say hello to Pam for me. Its only a matter of time before Arnold and Virginia get told the 'truth' I suppose- and then no more free calls. But I will try to hold of the fake story as long as I can. say hi to all for me.

4/7/78 from sb:

- well the old foe, racism rears its ugly head again around here in full force. This time- it is Vera, Maxine (Vera's influence), Dennis Allen, C.J. (of course), Alice, Hue, that's about it- except for the old standards like Judy Flowers, Thelma, Frances Johnson, VEE and Florida, and Mac.

- Vera approached me last night and asked about Dennis going to architectural school of something like that and getting paid 3.70 an hr. while he is learning- but he would have to work 4 days a week or something- and then go to school 1 day a week- she called it on the job training. Anyway, it is apparently a 10 month course and she said Alice had told her we may be leaving soon and she wanted to know about that- I told her I did not know anything definite and there was no "date"(as Alice had lead her to believe), and that I didn't know anything more than she did- just that things were getting more difficult to be around etc.

- she is a damned bitch. doesn't do much around here- has been helping with the projects in the kitchen- but doesn't take care of alot of the PR things- and she hasn't done the minutes for NAACP meeting for the last 3 months- and Joe Hall has even asked Laurie to ask Vera about them. Nancy knows this- as Andy told her- but she doesn't have that much control over Vera. Also Hue is walking around here with his ass in the air. Don't know what his problem is - first he had to talk to Wanda- and stormed out of the room (think cause he didn't get to talk to her alone)- and then he asks to talk to Rhonda. And when I had to call G-t anyway- on my parents credit card- I asked him did he want to talk to Rhonda for a min.- and he said no- too busy working in the kitchen etc. So, I don't know.

- I do think that if Andrew could call Vera and Hue directly to the radio room- and they had to report on exactly what was happening in each PR thing etc.- they just might become a bit more accountable. Vera threw the Angela letter into Jeans lap. ~~xxxx~~ Anyway, I don't know why it took me so long to think of that- obviously they would respond better to the radio asking (some like Andrew)- than Lilly - (white) here asking herself. Shit, to have to resort to things like this to get people to work at all.

- I think Nancy has limited influence (or takes limited control)- because she cannot risk being accused of being an aunt-Jane or they would not come to her at all. I have not had problems with Nancy directly- nor has Martha. We keep her informed constantly and ask her advise all the time. The problem is not with her. I think she is also emotionally dependent on Alice- and you folks there are going to have to 'request' Alice to come and it can't come from here. You are going to have to make it sound good- or Nancy will be hostile about Alice leaving.

- well, so much for the news from "survival school" as Jean puts it. How very true- I learned alot about survival school from Janet the bitch Schular. She was an excellent teacher in that area.

FF-13-A-23

from SB 4/1/78

- Mildred mentioned last night- that you all thought we had only 15 letters out when we said we have 1,500. I don't really understand this- that is not even logical. Or did she mean you thought there was 150 and not 1,500 to Carter? Whatever the case- please don't even tell us that the next time. We are working here ~~xx~~ in accordance with what we think you want there- and to think that something like that was so grossly miscommunicated- leads us to feel a bit insecure here as to what else may be totally misconstrued from here to there and back. I just don't understand- that is not even the least bit logical. It is a bit demeaning also- if you thought there were really only 15 letters as such- they why didn't someone say something like you mean really only 15. It seems like if that is what was really thought- why wasn't more said in that respect? I am not all that paranoid a person- but shit- that makes me wonder what was thought there if you really believed there were only 15 letters! I may be making a big thing out of this- but we busted our asses to get that many- which we are glad to do- but shit at the risk of sounding unreasonable- why ~~wasn't~~ wasn't more said to us about your feelings? Martha mentioned it to Laurie- which I think was a mistake- I wouldn't mention that to anyone- it is such a gross error- that it would berate our usual communication- and we have a hard enough time selling people on what comes over the radio sometimes anyway- without adding to it such a gross example of miscommunication. I tried to talk around it to Laurie- but I still think it was a bad mistake to have told her that. I definitely wouldn't admit it ever happened. Please don't tell us the next time- just keep on going with whatever.

- moving right along- I did not get a chance to tell you on the radio that someone from the Public Health Dept. came here yesterday- and inspected the back lot- and listed a number of violations. She was just their flunky- the kind they sent to look at the rats etc.- an older Spanish woman- we wouldn't let her in the ~~the~~ front door (which she marked down)- but when she came around the back- we had to let her in. I talked to her after they let me know she was there- she said she was going up and down a number of blocks- and told us that she thought the mess out back was calling rats- etc. and that the dog 'droppings' were calling the sewer rats up- and then they found all that other good stuff and stayed around the area. She wasn't nasty about it- just listed a bunch of stuff we should do- we told her we would etc. But I think that is just the beginning. One of the things those mother fuckers were supposed to do before they left on the bus- was to clean the back yard- which of course they did not. I am glad Mildred told me of their warm reception- they deserve the best in that respect. Anyway, the backyard is in such a state that we give the authorities an 'excuse' to come in and find fault and then expose ourselves to worse. We are on a massive clean-up now- hauling junk cars off etc. But it took this to 'motivate' the unmotivated to do it. Nobody like Andrew will take any initiative in things like this. They just muddle on- expecting everything to be alright- and what are Martha and I supposed to do in getting anything across? Nancy takes only limited stands in such things. And lets them ride also. Anyway, we are working on it- not many of us to do so anymore- but we are making a dent. Wesley wouldn't even first go to bat for us to Redevelopment about the lot across the street becuz it was such a mess out back. We had to tell him JJ was upset when he found out we had not included Wesley in the Willie Brown affair (he went on his own and should have been representing PT_ he was

FF-13-A-24 SLK

pissed and read everybody out. Then we told him JJ wanted him consulted on all major decisions etc. and we had really blown it etc. (many over-sights is the way we put it)- and JJ wanted him to please help out with the redevelopment problem- well that did it- he came down right away- (we were supposed to see an asshole named Brewster on Mon.) and Wesley marched about 8 of us down to Suttle's office on Fri. and humbly manipulated Suttle. Leona went and said it was beautiful- Wesley was superb.

Anyway- apparently Goodlet is being red-lined in his attempt to get loans for his housing thing- and we have to get off that far end of the lot- by the post office down to the guard shack. The redevelopment is renting it to the post office for \$200. a month- and ~~so~~ Suttle (because of Wesley) is seeing that we get the whole lot across the street to use if we need it. (I don't think we should- I think we can get by with the smaller lot and just park our busses over there- and not get our mess strewn all over more)- but anyway- because of the message we told him from JJ and the fact that we had been ordered to clean up by back yard by JJ- Wesley went to bat for us.

(it was Cleo's oversight- that Wesley was not invited as PT- Leona had told her she should invite him to things of the sort. He is such an old pro.)

- anyway- Wesley and Tom are going to Maher's thing tonight. Maher had one of his lowers call yesterday and invite MJ- then John called last night- and asked for MJ also- I told him she was not in town- and was still visiting the project- he said he had 2 tickets and someone should come from PT. He wanted JJ to know he still supported him etc. etc. Anyway, then I called back and told Bruce somebody at Johns' house that JJ wanted Wesley Johnson to come in his stead (along with Tom)- so we will see how that goes tonight.

- most of the people there were white middle class people- hoping to rub shoulders with some celebrities- but it didn't work- even Jane Fonda didn't show up. They just sat at their respective tables and ate their 100/plate dinner- and listened to ~~music~~ music and then left- kind of a flop of a 'gala' event. Even the mayor didn't show- gov. brown ran in and out- (probably smelled the votes). But the same night was a big thing too for Usary and alot of people were there. But I don't think Tesky carries much clout around here. And surely he must be getting worried- he is not that dumb. With what has happened to us- and now synanon- he HAS to be worried.

- Synanon really would like our support- too bad they didn't give us any when we were hit- (strange how fate can humble one). I'm sure they wish they had our gusto and '~~music~~ numbers' going for them now. couple of days ago- they had 4 of their members arraigned for assaulting an ex-member cause the 'slapped' him around and accused him of being a spy for time magazines. hmmm?

FF-13-A-25 EX

I don't think it is feasible to do mercy killing on such a large scale in an emergency. I would rather take a chance at getting to high sea, and if we have no alternatives - blowing up the boat in an act of Revolutionary suicide.

CRL I agree JC

There is a police post in Marauhava & Mahanua. They ~~have~~ had, last time I was there, 2 small speed boats. The wiani mouth is ~~now~~ called in the shipping charts one of the most dangerous passages on the Atlantic Coast. We have negotiated it many times, of course, but it requires a pilot familiar with the area and a shallow draft vessel. It takes us 6 hours to go down River. ~~If~~ We are faster than the Daoud or so close to the same speed that any head start & they couldn't catch us. They might radio ahead from here to Marauhava & they might not even notice if we left at night.

It takes about 4 1/2 hours to the big river (Barima) where it would

FF-13-A-26 SLK ~~EE-2 b-HA~~

be impossible to block us. I don't believe they could call out troops to flank us on both sides of the river and all they have is light weapons anyway. Probably they would send the speed-boat to intercept us with some armed policemen ~~expecting~~ expecting no resistance and we could easily overpower them or run over their boat - as long as we don't run into any armed conflict up here or any threatening confrontations. We might even sabotage their radio in Kaituma and the telecoms before we leave though this would constitute an act of aggression, if we felled some trees over the road to the ridge they couldn't ~~get~~ get there before we were out to sea and call for ~~the~~ reinforcements, and nobody could hope to get here by sea from G.I. in less than 23 hours. I don't know what kind of air support they ^{could} call in, they could send a speed boat from Port Kaituma to intercept us if there's one there. I think that with the element of surprise and bureaucracy we could make it.
