1. Have Sharon do this. Contact Eric Clarke. Ask whether the Guyanese Adoption Board will handle the adoption of a US child by a US couple (Paula and Tom). The question would be whether they would handle the adoption of a resident alien. Both Eric Clarke and the Adoption Board could be asked. Paula should not handle this at all.
2. Ask the passport office about the procedure for minor children to obtain passports. Must the parents accompany the child to Gt to get passport? If there is another alternative, what's it?

Dear Friend;

We have appreciated that you have been sensitive to Peoples Temple and thus we are sending you these articles from the Sun Reporter about the work of Peoples Temple so you can put in perspective some of the opposition that Peoples Temple has faced. If you have received any negative articles about Peoples Temple lately they represent only a small segment of the United States and are only sensational small town rags.

Of course, one knows from a religious perspective that if you are doing the work, you will face persecutions. Whether you are religious or not, you can evaluate the facts for yourself. Peoples Temple is a group that has for thirty years devoted its energies to racial and economic equality, a goal that has taken the toll of many lives such as Martin Luther King, Jr. Peoples Temple, out of a deep commitment to its principles, has sent men to live in Guyana, a third world nation. There are those who are racist and reactionary who do not want anyone to survive and be successful in exemplifying these ideals, if they are in any way a living proof that an interracial egalitarian lifestyle can survive. You can see for yourself when you visit Jonestown, and we welcome guests daily, that Jonestown is an interracial egalitarian socialist community.

There are a few individuals, and we in no way feel that these people exemplify those progressive individuals in the United States who have been most supportive of Peoples Temple, that have attempted to dishonor this project. There were those who attempted to do the same thing to Martin Luther King, Jr. after his death when they publicized that he indulged in sexual orgies, a rather difficult thing to believe since he spent his time out in the streets with the people day after day facing racial attacks and was far too busy and dedicated to "indulge" in hardly anything even the most normal type of relaxation. However, it is an obvious tactic of racists and reactionaries to discredit a person through this kind of unproven innuendo rather than to come to grips with their dedicated efforts to improve the human condition. There has never in history been anyone who tried to assist humanity, even in the slightest way, that hasn't faced an opponent that is anti-humanitarian and threatened by any change that benefits other than himself.

We thank you for your attention to these articles. We welcome objective criticism and beg you to contact us directly if you find any area in our

ANSWERS TO STEVE DAVIS' QUESTIONS ---

1. What is the status of the "concerned relatives" that came?

Ans: The so-called "concerned relatives", as far as we know, are in Georgetown.

Handwritten notes:
7/11/77
P. 10
P. 11

2. Will they have access to Jonestown? What is the reaction of relatives in Jonestown to their concerned relatives?

Because the announced intention of the group of individuals calling themselves "concerned relatives" is to destroy Jonestown, and because none of their relatives wishes to see them under these circumstances, none will be welcomed into our community. ~~This is our home, and like anyone else, we are not inclined to admit stridently hostile persons into our home.~~ We add that many relatives and friends of residents of Jonestown have come and gone, and our community is open to visitors. If these individuals came as friends, we would welcome them, but because their purpose is to destroy us, their relatives do not care to see them in that frame of mind. From the viewpoint of the "concerned relatives" this is decidedly not a 'live and let live' situation.

3. ~~Some sixty days ago~~
Will the press that came go into Jonestown?

Some sixty days ago, the Jonestown community invited media representatives from both the Chronicle and Examiner to come to see our community. Both newspapers refused to send anyone. However, today, at the behests of the group of "concerned relatives" that is out to destroy Jonestown, we find representatives of both newspapers, as well as other media, seeking to ~~we~~ come in. Under these circumstances, ~~we~~ can only assume that ~~that~~, because they came at the request of our adversaires but not at our request, they are biased in favor of these "concerned relatives," and under these conditions we have no intention of admitting them. We reiterate that this is not to be construed as a rejection of media: ~~because~~ we invited them here ourselves two months ago, when they can again demonstrate some degree of impartiality, we might be willing to admit them here, but not under these circumstances.

4. Has Charles Garry arrived? Charles Garry was unable to come to Guyana. *But he has had a press photo taken with press*
However, attorney Mark Lane of the Citizens Commission of Inquiry, ~~which~~ *and the result was* which has investigated the lies and slanders about Jonestown ~~and~~ *being* being circulated by the "concerned relatives" and has found them to be precisely that -- lies --, plans to come in and ~~we~~ *accompany* accompany Congressman Ryan and his aides. We are welcoming into our community Mrs. Nadyne Houston, ~~whose~~ *for the* whose daughter in law and two grandchildren are residing in Jonestown. Though she came in the company of the "concerned relatives group" we have good evidence that her intentions are honorable, and she is coming out of a genuine desire to see her loved ones. This is definitely not the case with the other "concerned relatives."

SF CHRONICLE REPORTER just walked up to the house, into the back ~~area~~ area without knocking or anything. Sharon and Deb are talking with him. Said he would like to accompany Leo Ryan on his trip to JT.

-- The Ambassador is meeting with CR at 2:00.

Minsier of Education is meeting with Press at 10.

-- he said the reason the Chronicle ~~was~~ sent him was because he was not opposed to socialism and not like Kilduff. He said Reiterman was here to cover other side... and ~~Sharon said~~ Sharon said ~~how~~ how come you wrote such a crummy ~~article?~~ article? Said nothing could be worked out, now. He said he did another article which included our statement. He said that he thought it was just a question of two groups-- us and relatives-- getting together and Sharon said it was much more than that-- mentioned Dennis Banks etc. He said he was aware of that background. He talked a little about being held here -- (arrested) Stephan introduced himself. Talked a little about the team and cultural show and he said it sounded very interesting and he would very much like to see JT. He is allowed to stay five days but he could get an extension. He said he believes socialism could work-- he doesn't believe it can work on a large level like USSR. He said this would probably be the last time somebody comes from the Chronicle.

-- Talked to Bunny Mann who said it was very impertinent ~~for~~ for Ryan to just drop in.

-- Hamaludin-- said that Cana picked up an article about Mark Lane, and he submitted our statement to Cana.

-- Bonnie Burnham dropped by-- she said she's very concerned about Love Life and that she was not connected with these other people and we said well you came with them and Sharon said if there's any message ~~you~~ we'll contact her. She said she's adopted daughter of Jim and Marcie and she loves everybody and she spent all her money to come here. She thought Paul was Brian Boquet and started to talk to him and Sharon said-- this isn't fair-- we already told you to leave, and so she left.

-- BUNNY AND JACKSON_ both are very upset about RYAN'S visit last night. THEY are irate about RYAN, comments on prison and cleaning up for guests. they also are pissed-- said the guy should be arrested-- and will be.

Brian Boquet's mother came by-- she stood at the gate. Said she wasn't ~~with~~ with the other people (crying) and ~~we said~~ we said yeah we heard about that from everyone else, and if she was so concerned she should tell this other people not to come by and bother us but to talk to the Embassy. She was much less rude than Bonnie Burnham.

PRESS STATEMENT

Congressman Leo Ryan (Democrat-California) has arrived in Guyana to visit Jonestown. His visit is being made in conjunction with a group of mostly former members of Peoples Temple who have been engaged in a campaign of slander and gross misportrayal of Jonestown. It is evident that this group has enlisted the support of Congressman Ryan (and representatives of the establishment media) in order to surround their malicious purposes with an air of legitimacy.

Peoples Temple and the Jonestown community reserve the right not to entertain Congressman Ryan (and others in his company), especially under these dubious circumstances. However, we feel that whatever Mr. Ryan may have been told, if he is an honest and objective person, he will easily see through the gross misportrayals, lies and false charges about Jonestown when he visits here. We are, however, somewhat mystified at why the testimony of U.S. State Department officials, who have visited Jonestown on several occasions, and who have conducted dozens of interviews with residents here, are not sufficient to expose the utter falsity of the charges against this community, and set the Congressman's mind at rest.

It has been substantiated by independent investigators Mark LANE And Donald Freed of the Citizens Commission of Inquiry, in extended visits to Jonestown in recent weeks, that there is a massive conspiracy to destroy the community here. It is also evident that, whether they know it or not, Mr. Ryan and others are being used by this conspiracy, which is pitting former members of Peoples Temple against present members.

Literally hundreds of visitors, including Guyana officials, relatives of members, ~~as well as~~ ^{as well as} dignitaries and interested persons from ~~both Guyana~~ ^{both Guyana} this country and many others have ~~seen~~ ^{stayed} in Jonestown and ~~commended the progress~~ ^{praised the lifestyle} and ~~work being done by~~ ^{the} ~~the~~ ^{the} co-operative community and ~~accomplishments of~~ ^{accomplishments of}

✓ Guyana Chronicle called the house, asking for Ryan. Seemed to think he was staying with us.

✓ GAC, ~~SEE~~ will notify us of anyone on that list of creeps' shows up on the passenger list.

✓ Ann talked to Mingo and he will check about Jarvis and see if there are limitations on the others. Ann said we would consider letting him in on Friday also, but none other. CANCEL THIS.

--

✓ Our patients arrived on the GDF flight. Laura went to pick them up.

✓ Those who went on the plane were: Mike Simon, Bobby Stroud, Miquel DePina and Tommy Beikman.

✓ Things going in: T-shirt, blue and white short sleeves, jeans, blue and white grey, sweat suit, black and white child's pants, halter top, multi-colored jersey, red, blue, green etc, pj set, black and blue figure on white background, lounging jacket, maroon lavender blue mans, 2 toy racoons, black and white, a skunk, black and white for fashion show. Make sure it all comes back. Sent in brown suitcase with Versie's name on it.

✓ Phyllis and Mac coming on GAC, leaving GT at 1 PM. May have to spend the night in the ridge.

✓ Ryan has a plane at his disposal for one week.

✓ Bunny Mann wants a list of people who came in last night. Ans: ok, tell him this is what we were told. He should be given a background profile on Cobb, Steon and Pietela.

--If Kevin Smith comes back to check generator oil, tell him that Ellihue already did it this morning.

✓ Should Liane stay in Kamaka since her dad is in there? Sharon wants to know. Jim said to send her home.

✓ Ask Dr. DeSilva to send eye glass cases out.

✓ Guyana press is calling the house wanting to know our position and if Ryan is coming in.

✓ Appts. today are with Bunny Mann and Min. Jackson 2:30 PM.

✓ Joyce, look into prices of hospitals in Venezuela, it's imp't.

--Should Paula be around Bunny Mann if he meets with any of these people? Sarah says until she hears otherwise, no. Relayed to G-town.

--Tell Maria when she calls that Christine L. says she needs to tell Clara J. that Christine will be out of school for a few days.

--Clear with Jim-- Nedra going alone to Caracas. They will take her, but can't take the other patients.

✓ Ruby said the clothes she sent in for the show won't fit anyone.

--What did Demmerra Radio news have to say:

✓ Those who came in on the plane are: Wayne P, Sherwin Harris, Olivers, Mick

C-3-A-2(9)

✓ Touchette, Grace and Tim Stoen, Jim Cobb, Katsaris and son, Bonnie Burnham, Ryan, Robert Houston Sr. and Carol Boyd, the children's aunt. ✓

✓ Relayed message about Ryan to Dyer at US Embassy. He wants to know if some people could meet with Ryan's aid Mr. Scabbert to talk about the visit out here on Friday. She told him it would have to be a meeting without media or any of the others. Any instructions?

✓ Ann met a man, Edwin James, from the North Korean Embassy. He's friends with Min. Durant and the TUC. He said he could get TUC to make a statement of support for PT in regards to this situation with Ryan. He also works for Chilean refugees so he was supportive of us because Ryan supported Pinochet. He said he'd talk to some people for us. Ann gave him a statement.

✗ ANS TO ANN: Try to get him to do everything for us.

✓ Luckhoo called and said Ron Jarves was not allowed to land reporter from Chronicle. I told her to find out why not.

✓ Johnny called in from the front gate and said he talked to the Sargent at Matthews Ridge and he's going to have 3 constables at the airstrip in Port Kaituma to tell the people they can't come to Jonestown when they get off the plane. Kaituma won't give them any transportation. If they won't go back on the plane they will have to use other methods. He explained that the people who we didn't want to come in were from the states. The only person that could come in was a Guyanese Marshall. But if we're going to have any GDF flights out here or let Ryan out on Friday we will have to tell them in advance or otherwise no one gets in.

✓ Dr. DaSilva doesn't have to come out. Versie and Mike T. are going in to bargain down the bill. Corlis will send the bill in and figure the bill up again because there was a \$100. mistake on Danny Katulas's glasses.

Mrs. Montoya said there was no doubt that Ryan is a set up. He wasn't pushy for Emmet. Mr. Nakamura pushed for that now that they're here why not make a good thing out of a bad thing. He was not in favor of Dewey. Ryan was a front to bring Emmet. He didn't know that all of them were coming. He said to Mr. Peltier he wanted to get the names of the people to him. He felt there would be a confrontation and wanted GAC and all transportation checked. Mrs. Montoya got the impression from Mr. Peltier that he didn't want to do anything about them. Mrs. Montoya said the way he reacted on the phone, Jeanette wasn't supportive and she thinks they may not be telling him much because of Mrs. Montoya. (because of the smear possibility involving Bunny and Paula)--Paula as agent. Mrs. Montoya got the impression that they were both of them saying this is a goddamn mess that we got ourselves into this. Driscoll feels that Ann doesn't listen to others points of view and isn't willing to negotiate. Bunnie likes Carolyn better because she at least acknowledges his suggestions. He is irritated with Ann.

Lucy says Ann seemed really upset after she talked with her husband this morning.

CONGRESSMAN LEO RYAN - A FACT SHEET - eleventh district, Democrat

53 years old; born in Lincoln Nebraska; career as high school teacher and principal

Does not list his religion as most other Congressmen do

His district is suburban, white collar, white; a generally Republican district, but not very Reagan-like conservatives. Before Ryan, liberal Republican Pete McCloskey represented Ryan's area (San Bruno). His district went for Ford 53-47 in the election of 1976.

He was elected in 1976 by a solid 68-32 majority, though in 1974 he won by a whopping 78-22, so he is quite popular.

His is very 'tight' with Andrew Young, who was the keynote speaker at his big testimonial which some of us attended in 1976. He is considered a liberal, and his voting record, with only a few exceptions, is straight liberal, as follows:

FOR defense spending cuts

FOR Chrome ban on Rhodesia

FOR delay of B-1 bomber

FOR Consumer protection agency

AGAINST construction of nuclear carriers

FOR Cuts to Korea (South) in military aid

AGAINST private production of uranium technology

AGAINST delaying implementation of tough anti-pollution measures
(he is very strong environmentalist)

He is supposedly interested in liberalizing the US policy with regard to South Africa, and worked with Andy Young in that regard.

He voted for military aid to Pinochet, and was against opening up the House assassination investigations. (King and JFK assassinations).

NOTE: The decision to keep military aid going to Chile passed the House 266-139, and most people voted for it because US was giving aid to "even more repressive regimes" (!).

From what Phyllis Houston told me, Ryan is in this thing because of Bob Houston's father, who knows him, and apparently Ryan was the principal of the high school Houston graduated from.

Committees: International Relations (he is a member of two subcommittees of that committee, International Operations and International Organizations). He is also on the Post Office and Civil Service committee. He serves on the Postal Operations and Services subcommittee of the main committee.

He is very friendly with the Bay Area liberals like the Burtons, etc. Willie Brown's endorsement of us probably had a strong effect on him.

SUGGESTION: PHOTOS OF RYAN BE TAKEN (posed with Dad, if possible), and the film be sent back to the U.S. for immediate processing, duplication, and release to the media, along with our own story, which we can radio in to Georgetown or transmit via morse code to the USA. This should include a statement from Ryan about Jonestown.

7 Nov 15 - Wed

Two carloads of Ryan's entourage showed up at our house this afternoon. They got out, took some pictures and came to the gate asking to see someone. We told them not at this time and asked them to leave which they did after a couple of minutes. G/town instructed to call Mingo and report it. (notes on other page).

-- ANN saw Jackson today and as she was leaving saw Ryan drive up. She asked to be present as we were the subject of discussion and Jackson said no-- they were just going to discuss his work (Foreign Affairs.)

-- Barnwell said that Clarence Hughes and Luckhoo talked to Bollers about getting the John ase assigned to another judge. This was a few days ago.

--The Chron reporter who got jailed away, according to Jackson, very insulting to the Guyanese immigration officers.

Ryan's aide called and said he read the letter that Ryan wrote to Guy Young in May for the first time and he can thus understand our concern. He wants to get things straightened out and will come with Ryan only with Mark on Friday. Sharon told about her children and situation and the guy agreed things were getting out of ~~hand~~ hand. He said that they didnt know all the background of the people involved

and he agreed it was getting out of hand. Wanted to meet as soon as possible. Said Ryan had the plane till Thursday, but Sharon said you can see why we'd want Mark along, and he said he'd see what they could do about working it out. He said he would work on it. Sharon told him about the people who came to the house, taking pictures and everything and how upsetting it was at this time, and he said he could understand that and was concerned about it.. Dick Dwyer showed him the letter Ryan wrote in May. He said he would talk to the Ryan and will call back in a half hour. He said he would rather talk in person and asked if he could come over ~~with~~ tonite.

Bollers said he had talked to a few people-- ~~That's xxx~~ Skip and Barnwell and showed him that letter and Barnwell said ~~it~~ didnt sound very objectionive. Nobody ~~has~~ has contacted him- didnt know they were in town.

Talked to Luckhoo who said were ready-- if they try anything, well handle it. He said he'd talk to Skip again about what happened this afternoon.

-- Jackson-- seemed to be interested on what level the conspiracy is.

I told him he could meet with Mark when he's in town.

Seems generally to be a quite a bit of support from the people we talked to. Talked to Harry Harewood and he was very sympathetic and wants to come again.

--From LUCY - Jackson-- wated to know why we wouldnt let the woman aide ~~in~~ to Ryan in.

--~~XXXX~~ RYAN'S AIDE CALLED-- said having problem getting a plane Fri. Embassy will only let him have the plane through Thursday. We said we'd help them get a GDF plane for Friday. Said Ryan would like to talk to us on radio and Jim-- misunderstanding etc. Would like to communicate etc. We said Jim ill, glad to ~~talk~~ talk with him Friday, welcome him out here then-- etc. etc. and we won't eat him. Ryans aide said Willie Brown gave us a glowing report.

2-3-A-2(11)

He said the one question

Nov 15th - Wed.

RYAN -- said at least if he had accessibility, it would stop on a congressional and federal level. He came in and saw the team and met Steve. He just came walking right in. Mark Cordell met him at entrance. He said it must be more comfortable in G/town than in J/town. Everyone said that wasn't true. He said "Well I'm a city boy." When Sharon suggested that he call next time: He said when you get to know me you find I'm a person of my word. Sharon said we didn't know him yet. He told Sharon that he heard something bad about her and wanted to get her side of the story--privately. He didn't remember writing the letter to Guy Young, he said. Sharon told him about how "concerned" Sherwin Harris was by not contacting his kids all these years. Ryan responded by saying that he would like to just see things for himself and talk with people alone-- such as Brian Bouquette. Said he didn't want to do a lot of negotiating with Mark Lane. He just wants to see the place and talk with some people alone. Steven thought he was a politician.

--Bunny Mann is going to try to get an appt. with Burnham.
--Sharon is suppose to call H. Green at 2 PM today.

--Sharon called Mingo who was upset at being interrupted in the middle of a meeting. He said NCB and Ryan have been cleared but whether this means clearance to come into the interior when we do not welcome them has to be answered by the Minister of Interior--DeRush. Mingo said he was doing what he could in regards to the others. If NBC is cleared to travel within the country, they must be accompanied by a rep. from the Ministry of Info, at all times. Someone, according to Rashleigh Jackson, is supposed to contact us from the U.S. Embassy to ask if we will see the NBC team and Ryan. If we say no; Jackson said it is up to Mingo whether they can come into the interior, However, Mingo said it is up to the Minister of Interior who Ann is trying to reach.

--The charter can come in tomorrow between 3:30 and 4:00 which is too late. Emergency medical flight. Gransalt said he couldn't take them to Venezuela or Trinidad and neither can In Air. Debbie thinks there is one more which she will try. (Those coming tomorrow to pick up the people would be GDF)

HAMILTON GREEN

Green ~~th~~ talked to Mingo and Rashleigh Jackson. Said he knows Ryan is right wing, // we explained why we weren't going to see Ryan, and he said that is your right. He said you insist on your own conditions, that is fair. Sharon asked him what could be done about the others coming, and he said he would have to check on that. But he said we could bring him the names tomorrow morning. But at first before he said it's your ^{choice}, he said it might be a problem. He said let our conditions be known loud and clear, and he said he would see what he could do too

At first he was saying it might be a plus because they could see for themselves. She got emotional and cried. But when we explained what their whole purpose was, and we didn't think Ryan had the right to make a judgment, we said we were concerned about what they might try to do to John John, and he said take every precaution, and we gave him the statement Dick wrote and the letter Ryan wrote. He said we could call him after 2 tomorrow. Said he would leave any messages for us with his secretary. But he said he would try to do what he could. He seemed to be one of the few who took it very seriously. Said he would look into it seeing what he could do. He tends to be more of a person of action than talk. She mentioned she was concerned that ~~*****~~ PT might not be able to see Guyana anymore and he said that he did not think that would happen. He did not think Guyana would be that weak. We were worried that ~~*****~~ Ryan might try to see Shahabadeen. He did not think that would be likely, because he didn't think Shahabadeen would see him.

Sharon asked him if he knew about a reception for Ryan, he said he didn't think so but sometimes when congressmen come, things are done for protocol. He said not too many people had much respect for Ryan.

Skip Roberts:

Starting tomorrow ~~x~~ he would find people to help in GT. and he said that for someone to come to our area he would call the ones responsible for getting people out here- (police) He said if they take any photographs, to let him know because he would like to see them. He could not see them ahead of time it would have to be after. He did not want to see any bad pictures - just like before. He said that his private property he will let people in this area and that they could be charged if they insist. Another thing that was said by Greene - He said that if they contact the press that could be to help them to see JT- that maybe he could do something about it. She mentioned that they might go door to door and he ~~xx~~ said that if they pass out papers He said that we could talk to ~~*****~~ if they pass out statements to Guyana but he said there is really nothing that we could ~~a~~ about that. He wanted to know where they are going to be staying. He wants the list and she said that she would give ~~x~~ ti to him tomorrow. He said to be very low key and not like the last time. He told us what ~~xxx~~ kind of lawyer we could contact if needed in terms of writing things and if ~~xx~~ in case of slander. He said to be very low key and not obvious. So that we don't get into a situation that we don't ~~xx~~ get provoked. He said that he might even let them go to the interior but if they try to come near us then we should contact the proper authorities. But that we should ignore it unless something very offensive is done.

MINGO:

She asked him ja about the one day thing or about turning them back and he said that he would have to discuss it with the people who ~~xx~~ work with him in that area. He was very irritable and said that we say the ~~x~~ same ol things every time and meet with him on the same things.. Said that we would have to talk to Barker for help in ~~xx~~ his area but Skip Roberts said that it wasn't necessary to ~~ask for~~ write for it but to just ask and Mingo said let him take ~~x~~ care of things and stop bugging him for answers. He really didn't want to talk

E-3-A-2 (18)

He said that he had more to do than just take care of us. and Jackson would know more about it.

--A man we are buying shoes ~~###~~ from wants to come in and visit Jonestown, and he will pay for a diversion flight to Pt. Kaituma. We could use the flight for ourselves, and send in pork on the plane also. He said any day we want-- we on wednesday or after.

--Tommy Johnson went this morning and got socks and caps out from under warehouse where they were stored and took them down river with him to the store. These were some of the things that we had just brought back in here. Told G-town to get hold of Patti and get the stuff sent back or whatever.

✓ Soviets: said we have our own home and we are renting it, and no one can enter unless we invite them. We can't dictate to Guyana what to do but we can make our appeal stronger on that basis. We should contact Mohammed Shahabadeen. Ann told him that Ryan would see him. He said you should write him a letter and hand deliver it marked urgent. So he could be forwarned. USA feels strongly about private property and Guyana feels the same way they do. He asked who are our best friends. Ann told him Margaret Ackman, etc. They said automatically people can only stay 24 hrs. if they want to interfere with domestic affairs. ✓ There is going to be a reception, and it's going to be given by FIC
✓ Two of our enemies met with the Examiner. One of them?

✓ TOS and his friends feel that FIC has been very cooperative. But they feel that Jim must have something on Mingo, some influence or money. TOS have done everything they could to come to Jonestown, but haven't been able to. Mike Cartmell said the Bertles are the head of the group. There are 2 groups. The groups have a purpose, a broad purpose, against hood group- type of thing. Anti-Jones.. But actually most of the people are more connected in the past with PT, except for maybe a couple. The Bertles are the ones who are trying to destroy PT, they are the ones who are doing the most, according to Mike Cartmell.

Sharon talked to Hamilton Green about the situation, and he will call her back. He thought it would be good for them to come, but Sharon said it wasn't good, as they aren't open minded and aren't coming for truth.

--- Sharon said that she ~~is~~ will try and contact the Russians in the morning. She hasn't been able to contact them.

--- The dentist will be coming out on December 2nd.

✓ Phyllis Houston, coming in tomorrow night at 8:35 on Air France, #361, flight 361. They should have immediate plans to have her sent down here.

November 12, Sunday// GEORGETOWN TRAFFIC

✓ Sharon will call Mingo around 10 AM. this morning. *No ans.*

✓ Tim Carter there at the house// should he see someone
--Gordon Lindsey is also coming to Guyana for sure. He's bringing a photographer.

✓ Who should we send to Venezuela with the people going: there are 7 who need to go, and none of them are strong individuals.

✓ His wife, Gordon Lindsay's wife, got a threatening phone call, and she thinks it is from us. The Mertles said at the same time she got the call, Mertle said he heard that the radio an instruction about threatening ~~and~~ the Lindsays. The Lindsays are convinced it's from us, and they are very furious. Debbie ~~Blaney~~ Blaney has been talking to her and Gordon alot, the Lindsays alot.

29 to Jim

Nicky talked to Channel 7, talk about the trip. Gave them a story. Before Debbie Blaney went to Washington, she and Grace met with ~~the~~ TOS, and TOS was very friendly and sympathetic to them. They portray Jim as a monster. Maria's relative is coming specifically to see how she's doing, as well as Brian's mom. The Mertles made a visit to Maria's dad's and got him upset. Steve K. is helping pay ~~for~~ Brian's mother's ~~stay~~ ~~##~~ .. They are going to check on Sharon Kissalngerry also. (Brian's mother is.) TOS and his friends claim that they have gotten a message from Agnes that she wanted to go back to the states. Lec Ryan will be especially interested in the following people: Wesley Splenderbach; Tommy Rice because they heard he was unhappy thru Debbie Blaney. // also Nicky T. thinks she can persuade Mike T. into going with her.

✓ Soviets aren't answering at 10 AM. this morning.

--Is boat leaving ~~this~~ tomorrow for Georgetown. They need to know, so they can get it pushed (get an appt.) and get the fish.

✓ They are worried about Mariana Walker coming in because Steven is there. They want someone to come in and be with these people who are going to Venezuela, and to go with them so they have supervision.

--Lucker should write up background on conspiracy.

✓ Lammwood is ~~coming to house today~~ going to go see Lammwell between 4 and 5 today. Should we try to offer ~~a~~ him.

✓ He away at Mingo's or Soviets. Wife of Mingo doesn't know where or when he will be back. // she tried to reach Lucilio but he's not home. She was told to call later at noon. ~~##~~

✓ Should Tim Carter go to see Lammwell today?

--They had a scrimmage ~~KA~~ which is is a test of ability, etc. in report was that they did very well. Xhr The First game be this coming week.

✓ Ask Joyce to help. She needs an individual letter for each patient, at least 10 per patient. Joyce will call back soon.

✓ When patient has 2 sheets, top and bottom, toilet paper, slippers and shoes, and everything else they will need. Sent in something for Wanda Campbell. She needs her ~~##~~ sent in.

--Have we heard from Dr. Goodlett about the letters? Joyce wants to know.

✓ Letter should be addressed "To Whom It May Concern," "Ministry of Health" and put on in the name of the city where she is. We had to have his prescription on ~~##~~ prescription number, of his. The letter should include the project and number ~~##~~ have a copy, and are having a hard time getting prescriptions filled.

✓ Sharon will call Soviets tomorrow.
✓ Sharon wasn't very successful in getting thru to the ~~media~~ media today.
✓ She tried to get the Mirror but couldn't, and she doesn't have a home ph.

*Sharon
Garry*

✓ GDR-- Sharon talked to 2 of the GDR. They want to visit. They want to visit between Xmas and New Years. They want to come by boat and go back by plane. GDR talked to Steve Marine and arranged that GDR can train a couple of our young men in ~~mechanics~~ mechanics and electrical work that relates to mechanics, like for trucks and caterpillars. It could start in December free but no pay either. Would be training with some GDR mechanics. Can last a few months or less. Would like to know right away.

--Terri Carter should phone patch her dad and say he should tell anyone who calls that Jim is travelling and he doesn't know where.

--Mark wrote Leo Ryan. Someone from Ryan's called Garry. Garry lives in Ryan's district and likes to look good to him. Ryan's rep. said they got a letter from Mark saying he was our attorney. Garry called Jean. He was pissed. Jean said she didn't know anything. Garry met with Ryan's rep. for 2 hrs. without us. Garry said it would go bad for us. Evidentially quit us. (Said his "former client") // Ryan gave a 4 page response to Mark's letter that was hostile to Mark. In Mark's letter he mentioned that some people had to leave the USA because of racism etc, conspiracy etc. and that that would be embarrassing to the US who would like to see PT etc. Ryan said no conspiracy and if people left the USA would have to be doing something wrong and if these other countries are hostile to USA, then why is PT in Guyana. Does PT no longer care for Guyana. Ryan sent ~~his~~ his letter to Burnham and the ministers.

--Garry accused PT of stabbing him in the back, using Mark to do it and was embarrassed. Garry feels he's sold down the river. Will only continue with PT if we completely withdraw Mark's letter and deny that Mark acted on behalf of PT. Ryan gave the letter to 2 SF Examiner and Chronicle and Garry wants to say letter was not attorney and that Garry is the official attorney and anything Mark does has to come through Garry and that Ryan, Guyana, Mark and SF Ex. and Chron. know that it was unauthorized. Only then will Garry continue to help with our case. He won't participate in press conference on Mon., unless he gets the letter. Tim is bringing the letter when he comes tonight.

Send Night Letter to Laytons: Dear Family: I am very sorry to have to tell you that Mother passed away here in Jonestown last week. ✓ Tournament thing is still going to go on in December, with basketball team.

✓ My opinion (Joan) is that they should not go out money procuring while or after the hostile relatives arrive. There will be too many people around GT that will be bombarding them with all kinds of questions and I don't think that anyone except someone with a lot of experience will know ~~how~~ how to handle it. I think that Georgetown is dried up as far as procurement is concerned and I don't think it would be a good idea ~~to send them to another city~~ because I think that someone with more experience would be able to get much more done in another city. New Amsterdam and ~~Rose~~ Rose Hall can be done again because it has been quite some time since someone has been there. And I think 800.00 to ~~900~~ 900.00 dollars can be gotten. I think Liane could do it but she would have to have a good partner, and one that ~~tax~~ would be personable, complementary to the people they are procuring from and able to handle heavy and strenuous questions, that one often gets bombarded with. And in order to make a lot of money you ~~have to separate a lot and procure individually. ✓--TELL ANN FIRST THING IN THE MORNING:

1) Ask Monroe if he could take Darlene and her little one in a hurry. Explain about Apton and Co. (Mrs. Fenwick and Mr. McGlory's visit ~~#####~~)

✓Tell Freeman and Wong about Mrs. Fenwick and Mr. McGlory coming// give background on visit. Also tell that Mr. McGlory said that Wong's employees were incompetent. Warn them that Apton and them are coming to try to pressure and interfere with Wong's own business, and that they can bully because Curtis is a little guy.

✓Ann, also ask Mrs. Hopkins on suggested ways to go about helping Wendell's brother. (helping Perez move.) Antonio and friends were told that ~~the~~ Perez would not be allowed to be taken out of the class. This bars ~~the~~ Mrs. Fernandes but it also restricts Antonio.

✓Tell Mrs. Hopkins that there is another ticket that could be used of someone who looks a lot like the little girl.

--If Maria calls, tell her to look for Lisa Layton's will, and also a paper she signed that states she didn't want her other family notified of her death.

✓Ask Jim: Cleo DeSilva (the boat man) wants to come to Jonestown in the next couple of weeks for an overnight stay before he goes to the US for medical care. He has been a good friend for years, and we've tried for years to get him to come up here. (he's the man who helped us on our boat trip to Florida that time.) Can he come up?

✓Tell Ann to pursue inviting guests to the play at the music camp.

Wait on this. When is she to invite these people this weekend what.

✓Ask Georgetown again for the specifics of Marion Campbell's case, and why she needs to go to Venezuela, and clear this with Jim.

✓Joan suggests letting the media ~~the~~ know about these fuckers coming and tell them they are going to try to discredit Guyana.

✓(Sandi - Sharon is to see Skip Rbberts today, and to call Mingo, besides seeing rollers and Barnwell, just for your own information.)

✓(Sandi - boat left at 7 P. last night, will stop for an hour or two in Kamaka, and then be in tonight. I told Albert already, and he knows to have truck prepared for Ruby Johnson.)

✓They said Dawn Godfrey is going to be helping Linda Mitchel in procuring. (money) (until we send someone else in to town.) Does Jim think this is ok, or should we stop this until we can get someone else to do procurement. We need people procuring who can answer questions, etc.

OPHTHALMOLOGY REPORT

RE: Prices of the glasses

On my previous report I stated that the Optometrist would not give me any report on the price of the glasses he stated that he would handle the financial aspect of the matter with Laura Johnston in Georgetown. Also when Patty tried to find the prices he said the same thing. Yesterday, I contacted Laura and I've come to find out that Maryann has been doing most of the talking. Anyway, Maryann said that the prices would be as follows;

Frames	\$55.00
Exams	\$10.00
Lenses	according to the lens

She also stated that he would give us an automatic 10% discount off of the total price. Then he said that he would discuss coming down further. The Doctor would like to come back out here this weekend for one day to fit the glasses and to discuss the prices. I am now trying to find out if he will charge us for the fitting. Joe Wilson and Paulette Jackson can take care of this if he is going to charge. Maryann thinks it would be easier to talk down the price if he were here. If not, who should handle the negotiating in town. All together there were 148 people seen. the pricing goes as follows;

Frames	57 people	\$3,135
Exams	148 people	\$1,480
Lens	83 people	\$unknown at this point

I need to know if the Dr. should come here to discuss the prices, or if not who should handle it in town.?

Thank Dad

✓ Tell Joyce Parks:

Sandi - November 8th, Wednesday
Georgetown

Ask MaryAnn if she got hold of Dr. DeSilva about the cost of adjusting the glasses, so we will know if we want him to come out this weekend or not. *shil answer later*

No cost, should become Fri & leave Sat
Sandi - the boat won't be leaving until 4 PM on Thursday, not Wed., so they will have time to get the fish on and Kay's project on. Told to JJ and he cleared it. However, tell G-town to try to get hold of Julian Roberts at the ridge or wherever he is and ask him if we can pick up his load for him. Tell them to let people know down the river that our boat won't be in until Thurs night or Friday, whenever they expect it to be. Tell the people down the river we had to get the boat fixed on dry dock and that's why the delay.

Ann was suppose to try her best to get hold of Fatty this morning. Please make sure someone at the house does and lets her know what Thomas' friend "Clarke" had to say. (Clarke is code for Speaker of House Sase Marine who told Sharon last night that ~~her~~ her store are going to be investigated for selling American goods (imported.) Be Extremely careful when you talk on the phone about this. (and radio)

Will we for sure be able to get 5,000 lbs. of fish and 1,000 lbs. of pork on the boat?
 Evelyn going to get fish find out poundage later, yes on pork

Tell Rob Gieg and Jan that Carolyn and Clarence will not be coming in to the ridge today because the plane too crowded. Rob going to meet the chickens at the ridge and Jan is going to buy corn. They are going by train, so call Rob to the radio room and tell him this last thing in the morning before he leaves. *Told Jan*

Sandi for your information only: Sharon has an appt. with the East Germans at 9 and with the Soviets at 10 AM. She was going to have to change one of the appts. as they are too close together, and both way across town from another.

If Jim calls up, ask him if we want to replace Joyce Parks with anyone. Ray Godahalk has to stay there for another month, and if we send Nedra Yates there and Marion Campbell (who has a pelvic mass and needs surgery and is a poor surgical risk so they don't want to do her surgery in town.), it might be a long time before Joyce gets out of there. Joyce suggests sending someone there who can speak the language. I only know of Laura Johnson and Joan who can speak the language. Anita is probably less needed here than Joyce is. Should we consider having her trade with Joyce Parks? *I would suggest Judi go because Anita doesn't have good flu or medical knowledge which I think is needed.*
Call Gene Chaikin in and have them tell Georgetown what to do with Lisa Layton's will.

Ask Sharon if she gave Lisa's passport to Doug Ellice. *she thinks she gave it to his see. He's checking and so is Ann*
Please give Johnny his copy of the feedback.

Remind Ken Norton to get Shavanie Walker (Andrews baby) and Martin Smith (Eugene Smiths baby) pictures done. *ask what for?*

Give the message on yellow paper to Sharon in morning for her appts. with Foreign Min. Jackson (code Ludlow) and Mr. Pinto (Mingo) // you can give it to MaryAnn or Mary if Sharon isn't there, and you can pretty much give it without coding it much. (Just don't say enemy of socialism, but rather say "enemy of Mr. Gibly.")

Ask Georgetown the ages of the Bowmans. Do they have any medical problems we need to know ahead of time. Please write their ages down and put in Ava's box for her.

Has Reds called to let us know if the karate expert is coming on Saturday.
They will ask

✓ I typed up the feedback from Sharon on her visit last night to the Russian event, and sent it down to Jim's house. If he calls up, make sure he got the feedback read to him by Annie or Maria. If not, then read him our copy.

✓ Tell Ruby Neal Johnson to go see Dr. Jagan and be sure to mention she is from PT.

✓ ^{gone this morning} Sandi, did you send in Marion Campbell and Nedra's passports to town? You checked it off on the feedback yesterday, but I wasn't sure if that meant you sent it in or not.

✓ ^{yes} They are trying to get a flight out here on Thurs or Fri. for Anita and Ruby Johnson. Ask if they were able to confirm this yet. ^{Doing it this morning}

○ Ask Jann Gurkitch to come in and talk to G-town about Eddie Washington's escrow papers. Have they found them in town yet? They were sent in to town for Tim Carter to handle.

✓ Tell medical staff that Elyonne Hayden's x-rays were sent out here in a medical crate that Joyce packed herself. They are probably in the bond. ^{done by Karen}

✓ Told G-town to come on at "0" in morning.

✓ Did Clarence and Carolyn come in last night?? yes

✓ Tell Kay that Alice sent her suitcase in = Sharon, Kay get a case of canned milk for JJ: bring = you. FEB said to ask Kay about the Olive Oil for JJ. (no milk in ware house)

^{write}
Dick Reynolds at Palladium ^{them}
- Send all staff on Examiner - ^{Intelli} Sun Reporter & Conspiracy

Sharon - Nov 9th ^{afford James?}

- ✓ Are they getting the fish today? How much?
- When will boat leave?
- Sandi - Sharon has an appt w/ Foreign Affairs ^{Intelli} Min R. Jackson at 1 PM today.
- ✓ They are calling Jim this morning. Any feedback? ^{Call Harriet from next door if you have any questions about feedback, or call me. I can't hear announcements at my cottage tho. Or call Prokes. He knows what's going on.}
- Ask Jim (Karen do this) in afternoon who he wants on the boat.
- Do Desilva + Karate guy coming on Fri or Sat? We can't pick them up at bible - have to come by GDF. ^{our truck not working}

meeting w/ Bunny
From Julia and Ann: They definitely don't want NBC. They are aware that NBC just plans to drop in. And they may want to explain to her that she can't be admitted to the hospital (Jonestown?). However, they do not want Mr. Alton... has been given to the hospital and they want only Mr. Alton, and someone from Gabriel's house who is respected and someone from Harry's clinic. If we wanted to have anyone, we can have them at the same time. They don't want Fred involved in it anyway (press). They would lay down the groundwork of the surgery before Mr. Alton would go in for his surgery. They want Mr. Alton to see the physical layout. He wouldn't necessarily have to talk with any specific individual or they can even refuse. They would ~~xxx~~ insure a secure situation for M.F.T. and Alton. They do not like Alton. They do not share Alton's political beliefs. They don't trust Alton, however, they feel under these guidelines Alton couldn't tell untruths because their person would refute. If Alton did go in and told untruths they could refuse future people like him. We explained out conditions but Bunny wanted to convey this as their (government's?) proposal. They wouldn't accept Norman, it is a very complicated procedure to do. However, if an individual came with Pamela they would just go through the normal procedure. Of course the guest roster would probably have an effect on that.

*ask Jim Carter about Eddie Washington's
escrow papers.*

From Ann + Julia; they don't want NBC aware that they (NBC) just wants to drop in. They plan to explain that NBC won't be allowed into J/Down. (the hospital) However, they do not want Mr. Elton has been given admission to the hospital.

 Maybe he can get counselled & Johnny & others when he returns
 - Tell PSU to clean out the toilet at East House// also when Jim calls up, ask him if he needs his toilet cleaned again, and tell PSU if so.

Check with Albert if he is making 2 film ~~film~~ crates, one for G-town and one for Jonestown, so we can send films back and forth undamaged. Lee was suppose to ask Albert to do this, so Albert should know. We need to get this down right away so we won't be losing any more films, or getting them water damaged or whatever on the boat. He was told and they're working on it. Hell have 2 made
 - Tell Sharon Amos again to get the names of people who have been helpful to us in G-town and send them to Jean Brown so they can write them ...

When is Bunny Mann leaving. On the 15th? *approx 2 weeks*

Ask Sharon if she wrote a Mitzzy letter to the adoption agency for Lew and Terri?

Is there any way in the world we can get mirrors on the blue van. Jim is concerned about everyone's safety and feels it is a definite hazard. If we can't buy them in G-town can we order them from the states?? *GT says they have to be ordered from the states*

Have they gotten any feedback from any doctors on the Hot leg problem? *Andra is out during it*

Georgetown

Sandi - call Joan in #8 in when you hear that Doug Ellice is coming down the road. He won't be in here until at least 10:30, and she's planning on coming in at 11 anyway. But if you hear he's coming down the road, call her in.

~~Tell G-town early that Ruby Johnson should have priority over Jimmy, if there has to be a choice, though of course it's fine for Jimmy to come if they can both come. Maria has to come out.~~

*Ruby is coming thru on GDF w/ Anita
Jimmy is leaving today*
Ask them to try to put off Reds and the Karate Champion until Sat. morning thru Mon. morning. Tell Reds I will be gone down river helping buy some fruit or something, and I won't be back until Sat. morning. Tell him I would hate to miss him. Also, they could say we won't have any housing until Sat because we have guests here now.

Georgetown wants a cargo list for the boat - what's on it. Call Albert and anyone who might know so we can tell them.

Ask if they found out the price on cheese yet. Told ~~me~~

Find out if Stephanie Day or Tommy Rochelle know what dentist Ruby Johnson should go to.

Go to Japan
Let Georgetown know that a truck will be prepared to pick up Ruby Johnson today, with mattress and everything, and we have a bed ready for her in SCU. Double check with Albert so he knows to pick up Ruby Johnson. Doug Ellice (tell Albert) will probably be picked up and brought in in a landrover.

Yes, of course we want fish on the boat, as much as possible. (Sandi - double check with #88 Joyce T. This message was from Jim, but we had better make sure with Joyce T. that we have enough storage space in our freezers or whatever. 5,000 lbs Joyce said yes)

Urgent :: ask G-town to look for Metrasan and ask Joyce to also (Joyce P.) #88 This is very important. This is for the hot legs diethylcarbamazine is, the generic name.

Ask Joyce Touchette for Marion Campbell's passport, and also Nedra Yates, as they might have to go to Venezuela for medical care. I slipped a note under her door about it tonight, but she wasn't there. We should send them in today with #888 Sharon when she goes in.

Check with medical dept. or Joe Wilson to make sure he sent in Tim Knight's eyeglass frames. *Joe put them in Sharon's briefcase*

Corlis wants G-town to get hold of Dr. DeSilva and ask him when the glasses will be finished. How much will they cost. (this was never clarified out here.)

Does anyone know here when the Cudjoe should be coming back out? Ask Albert.

ASRR after its loaded
Remind G-town to send out Evyonne Hayden's xrays on the plane. Already gone to late

Take both pilots a nice gift (pilots who came out here.)

Doug Ellice's plane is suppose to leave Ogle Airport at 8:30 AM, and depart from Kaituma at 5:30 PM.)

Ask whoever is going to Kaituma today to call the Ridge and try to find out which school class wants to visit here. We got a letter from a school in the Ridge that wanted to come; however someone lost it. *No one went to Kaituma only to get to meet*

landrover
Eddie Washington's escrow papers were sent in to town for Tim Carter to work on. Jann G. sent them in. Someone else should be assigned to work on these. Hold on to them. Sarah will give instructions in a complicated process

Dolls, bunk beds, O2 tanks should be filled and brought back in Carap on Cudjoe

Sandi - please pass this to Jim or send it down to the house. Thanks,

DEAR DAD.

I fully UNDERSTAND AND ACCEPT THE FACT THAT THE decision as to whether OR NOT I GO BACK TO THE U.S. IS NOT MINE TO MAKE. FACTORS INVOLVED: 1) INCOME FROM job outside job \$700/month clear plus CAR, CAR EXPENSES AND 50-80% OF REMAINING dental work COVERED BY INSURANCE. 2) DUTIES AND RESPONSIBILITIES IN SAN FRANCISCO 3) I THINK THAT OUTSIDE JOB WILL BE JEOPARDIZED IF I STAY AWAY FOR MORE THAN 2 1/2 WEEKS ON THE OUTSIDE. (X REMAINING BUS DRIVERS IN US: DOXSEE SWANEY, IRVIN PERKINS, JAMES EVANS, JERRY WILSON, J. RANDOLPH AND HUE FORTSON) I KNOW THAT THE OVER-ALL GOOD OF P.T. IS THE PRIME CONCERN HERE.

I GOT THE IMPRESSION THAT IN GEORGETOWN THAT I WILL BE EXPECTED TO LIVE WITH D. KUTULAS. SINCE I WAS THE ONE WHO DESTROYED HIS LIFE BEFORE, I COULD UNDERSTAND A DECISION BY JONESTOWN COUNCIL REQUIRING THIS, BUT IF I HAVE A CHOICE IN THIS MATTER, I WILL CHOOSE NOT TO LIVE WITH HIM.

IF THE DECISION IS MADE THAT I REMAIN IN JONESTOWN, I WOULD LIKE TO TAKE ON THE RESPONSIBILITY OF COORDINATING THE IMMIGRATION, PASSPORTS, AND PEOPLE TRAVELING PAPER WORK SO AS TO MAINTAIN CONTINUITY BETWEEN U.S. AND GUYANA ON THIS PART OF THE OPERATION AS PEOPLE ROTATE IN AND OUT OF GEORGETOWN. ALONG THESE SAME LINES IT MIGHT BE SOMETHING I COULD DO TO COMPILE STATISTICAL DATA ON US WHICH COULD BE LATER INTERFACED WITH THE SF FILES WHEN THEY ARE SHIPPED HERE.

MESSAGES TO MASS TO GEORGETOWN FROM JONESTOWN
Nov. 2, 1978

*Send to you
with the...*

✓ Sharon not to name the man who talked about killing Burnham (this is to Foreign
Min. Jackson). Say Dr. Reid knows and another one who is assigned to the cabinet knows, and
if they aren't worried, neither are we.

✓ Someone should get hold of the man who bought the apts. in Los Angeles, and tell him
(not on the phone) -- his name is Harolan, and that we have received an additional offer
on the ranch but that we have not entirely forgotten that he was interested in purchasing it.
That the situation may be clarified in about 3 weeks, and if he is still interested we will
come back and discuss it by that time, if there is anything to discuss. (In other words,
let him know there may be a possibility he could buy it.) Definitely do not do this on 2.

✓ Look for portable stove and refrigerator that can be used out here. Also tell Mary so she
can look when she goes into town.

✓ What happened to the razor blades. They didn't come in on the boat.

✓ Russian Dr. said tea to get in Russia helps with sleep // can they get it for Jim // please ask

-- Give Tuis's traffic as Laura lost it

✓ Ask Doug Elliot how we go about voting when you are overseas. Ask quick.

✓ Estimated amt. of lumber needed for proposed diagnostic clinic:
2 x 8 equals 2200 board feet
2 x 4 equals 6250 board feet
Plywood equals 6,000 sq. feet
Plywood equals 2250 sq. feet.
Plank 10,000 board feet of lap siding.

Given to Guy 11/10/78

✓ Call the lady at the Trent Hotel. We've been offered another property at a very good price
that is to our liking, and is not in town.

✓ Check with telephones about getting a phone out here to be long distance calls.

✓ Ask Anita what is the name of the orange pill that Tony L. came out with // Ganyan was
going to ask Anita. Did she get an answer? *No - can't get it*

✓ Ask Bobbie Ploumide tablets urgently. None of that baby cough syrup that they always
prescribe. Kholin powder to mix to make liquid (only if it is for oral use -- same sure.
Anita knows it is for oral use). Look for more pethidine. From medical dept.

✓ Tell Trent Hotel lady that we will take the other property if she doesn't want to accept
our offer.

✓ Sharon go and see Jimmy tonight. Get hold of Wingo tomorrow. Tell them that 2 congressmen
are coming, supposedly by the invitation of the Guyanese Govt. // ask Harriet what their
positions are - one of them supported Chilean aid and the other is the most vicious ~~anti-~~
socialists in the country. They should do their profile. We don't want them here.
We will not take that kind of balance. That is one sided and we don't like here. They could
get some others like Cong. Diggs and some people like Andrew Young. Fine, fine. Your socialist
if you bring in this kind of ranks because they are going to dirty your name. You should
look at their profile and you will not like what you see. We will not be intimidated by
the right wing. Our left wing friends will be infuriated. Get it across that there could
be been anti-African liberation, anti-Chilean liberation, pro-Indo-...

✓ Harriet should tell Boney that their voting record is absolutely anti-Socialist. ~~anti-~~
socialist, supported the Pinochet regime in Chile, supports the CIA,

✓ Tell Harriet to include in her message to the us that these people are not true political
to Socialists.

E-3-A2 (71)

✓ Tell Bunny all how these men have voted, etc. We have the choice of being investigated by a biased committee who supported the Pinochet regime and the Ian Smith regime. We are aware that politicians have to make compromises but these two have been on the wrong side of every political issue.

We urge you and ask you for balance if you would come. We've adopted many children, serve medical clinic // we live cooperatively// but we are not Anti-American. We are not allowed with any other nationality or ideal or any other state.

✓ Tell Mingo and Bunny Mann: Mark Lane says that Leo Ryan is bringing NBC television with them, to interview all the Guyanese govt. officials and Mark Lane said he has talked to the NBC man and has said that Leo Ryan's trip - purpose in coming - is no doubt to make charges against the Guyanese govt. and Jonestown.

Coming down to smear us all on public television, and that Mark Lane is assisting that

✓ Mark Lane said it's absolutely certain that the whole purpose of the trip is for Leo Ryan to be able to make all the charges again on Public Television, to be able to lay the charges out all over against us only on NBC TV. That is the sole purpose of the trip. They are not

going to be fair. Tell them we prefer death to this kind of harrassment. They are making a grave mistake if they let them in. Mark Lane just talked to the NBC guy and that's how we know this.

✓ Tell Mingo that you'd better tell Burnham some of the encouraging these doings, bec. it certainly is not in the interests of Socialism that he has done this.

✓ tell them that they were trying to make issue of us to get us thrown out// put cameras on the street asking passerbyers what they think of pt

✓ Bunny can go but not sponser the dinner. *KL - tell Jim - explain*

✓ Please read yesterday's feedback that is filed.

Kerrin told
✓ Tell Eddie Crenshaw that we are going to hold off a few days to see how Chuck is doing, and if he improves, he might be able to go on in to town and do his work. We got word late last night that he wasn't as sick as we thought. All his vital signs are good. (Sandi - for your information - Chuck was taken off the steamer at Mabaruma and put in the hosp there.) I told Eddie he might have to go into town, but if Chuck improves, he won't

✓ I typed up all yesterday's feedback and sent it down to Jim. He might be calling you today with some answers.

✓ Ask G-town if Rhevenia has called this morning about Chuck's condition. If he gets worse, I think they should call for a GDF flight for him, but it appears he presently just has the flu. However, there was some mention of a # apenitis.

✓ Please pass this letter on the yellow paper over the radio, / it does not have to be coded. Just read it as is. Perhaps Mary or MaryAnn could just tape it as you read it.

✓ Ask JJ if we should go back to the Trent Hotel anymore to see the woman since she would not accept our \$200,000 offer. Should we pursue. *Message from Jim on tape*

Prokes
✓ Ask Prokes if he is following up on Alexander's inventory order, his stuff that was ruined on our boat.

✓ Ask Terri Jones - was Anita's message to Dr. Chin passed. *(He is out of town now - a week)*
✓ Ask Terri J. was the following message means: Yasin 66369 - ask her when Mrs. Comb will be returning to Venezuela because her husband is quite worried about her. *Was a breaker + then came off.*

✓ Ask Marvin J. if he's getting crates for films. *asked Lee to check also.*

Supp
✓ Ask D. Tropp how Mazor's tape is going *finished + gave to someone*
Prokes
✓ Ask Prokes if he is getting the 1000 lbs. of pork parts cleared? *He doesn't know who.*

✓ Ask Ruby Carroll if she could make 3 shirt jackets for Guy M. He is the same size as Lee Ingram. Guy doesn't have appropriate clothing for type of PR he's doing. Has flowered shirts, and but needs solid jacket, tailored nice looking. Eugene wants some regular shirts, is about size of Greg W. only little smaller *KL told Ruby.*

✓ Tell them Anthony Bowman coming Mon. night, leaving this Monday night. *From States. Told Ava also.*

For Paula - to get to Burnham (anyone else?)

✓ given by KL
to Sharon

This is in regard to a visit to Jonestown by two U.S. Congressmen, Leo Ryan and Edward Derwinski. Our position is that we are not interested in having these men visit, particularly Rep. Derwinski. We are outlining the reasons why. We will be submitting to you very soon photostats of detailed information about each of these Congressmen that will substantiate and complete the picture. Our information about these two Congressmen is taken from an authoritative research document, THE ALMANAC OF AMERICAN POLITICS, 1978, ed. by Barone, Ujifasa, and Matthews.

Mr. Derwinski, according to the Almanac, is "a conservative proudly in the Goldwater mold." He favors "a hard line anti-communist policy." He represents a totally suburban district with virtually no blacks. His voting record:

Against delay of B-1 bomber
For arms sales to fascist Chile
For building of nuclear carriers
Against military cuts to fascist Park regime of South Korea
Against the chrome ban to Rhodesia
Against defense budget cuts

He is on the International Organizations subcommittee of the House Committee on International Relations.

Serving on this subcommittee with Derwinski is Rep. Leo Ryan, a moderate democrat who has given some assistance to efforts by Mr. Timothy Stoen against the Temple. Ryan is also from a practically all-white, well to do area. He was the most pro-Vietnam war hawk of all San Francisco Bay Area congressmen. He was also criticized for junketeering in 1976, according to the Almanac. It appears that his trip to Guyana is in this category. His voting record, though better than Rep. Derwinski's, is hardly compatible with what we regard as principled stands. He voted for aid to the Pinochet regime (military aid).

Incidentally, the House rejected by a 2-1 margin the granting of military aid to Pinochet. Both Ryan and Derwinski were on the right-wing end of this critical issue.

✓ * We would normally not be opposed to being visited by U.S. government representatives. We would be accepting of their visit if they were accompanied by other more principled representatives on the same House committee, such as black representatives Charles Diggs or Cardiss Collins. The extreme reactionary views of Congressman Derwinski, in particular, render him persona non grata in Jonestown on the purely moral grounds. We have nothing to say to individuals who ~~advocate~~ advocate arming fascist dictators like General Pinochet. We also ~~speculate~~ speculate that Guyana would be similarly reluctant to entertain such an obviously staunch foe of liberation and socialism.

✓ Mr. Alexander, man who has brother in Kaituma said he put on a box of current
time magazines, 6 coconuts and there was a letter from England with it. His brother

young black American boy and he had strings to tie the box and the boy said no, they

✓ Sharon hasn't seen the North Koreans // she did talk to the Yugoslavians and told about
the hair cutting // said work hippie is different in their language

✓ Sharon hasn't been able to get hold of Libya // calls and calls but can't get through.
Yugoslavians say yes, but never come. Yugoslavians are pretty close to US, and
that might be why she doesn't come. US Embassy, Dick McCoy, absolutely loves Yugoslavia.

✓ Should Sharon invite a woman heart specialist out who is suppose to be good? *yes - Ann
who?*
✓ Who is going to replace Sharon? Her time is up Nov. 13, in a couple weeks.

This guy would like to come visit // Guystack is like the coordinators of the
Nationalized industries. Herbie is Reggie's bro-in-law, bec. Reggie's wife is Viola's
sister. He said the exhibit we did was well received. He was the one who had invited
us to do the adult education exhibit. He said any weekend we'd like him would be fine.

July 98
✓ Paula was very irritated at the grandmother, Annette, for not letting the child come in. Sharon hasn't bothered her to do any work. She tries to be chaty and kindly with Paula. She didn't like the situation, but she seemed to understand. Apologized for being so irritated about it. BH - doesn't know when he's leaving for sure. Doesn't know when she's going to Venezuela. Sharon gave Paula the marriage message and she didn't have any problem with it.
Paula is being pleasant to Sharon. *Paula asked if she could put off going to Venezuela until the 15th*

✓ Eugene is taking his own shoe repair kit out of a suffle bag. He will mark it off on the inventory. They are keeping the bags locked up in the garrage now, so no one can get in them. People when they go to the airport have not done a tally of what is suppose to be coming in and what is missing. If you don't make a report of it right there, then you can't claim it later.

July 98
✓ Barnwell came over tonight: also Sharon and Guy went by earlier. Asked if Burnham knew about the paper and he said no, but no problems. It a court matter and Burnham leaves that alone. But he said he had talked to Burnham about it at one time when the court and Eishop were on it. Hard to pin him down — thought it was a couple ago but he wasn't really specific. He told Sharon that Burnham was empathetic to Jim and didn't want Jim harrassed, but ~~that~~ Barnwell said before he had talked to Burnham, he thought he should talk to him because of the significense of it, of US and Guyana. Did say that Burnham is sympathetic and certainly not adverse. ~~that~~ Barnwell said he had heard that Reid was sympathetic, to JJ. He said that Bollers was satisfied with the paper.
He said the paper did not apply a decision. Barnwell came to dinner tonight, he was very prompt. Gave Sharon a big hug in his office even tho Guy was there. Spent about 3 hrs. for dinner.

July 98
✓ Reds talked about JT tonight on the radio. He mentioned the basketball team. The discipline was great like the early days of GNS and Kimbia, the the initial enthusiasm. How great the team was. How great the people made him feel. Team very talented. Team would be challenging // he appreciated the arrangements we had made for him and he had really enjoyed it.

July 98
✓ Guy and her ran into Dr. DeSilva downtown and he thought it had come out well - the broadcast. Sharon would like it back -- he was very enthusiastic and went into a lot of detail. Quite a good speaker. He was on our radio broadcast. She would like it back.

ann
✓ Sharon needs an answer from Jim about Russia. She sent it in and needs an ans // sent in brief case // something CL and her talked about re: Soviet Union. *ask Anne*

We have elected to assist you (they - relatives) in the development of your settlement in Guyana. I have listened to others who have said that these peoples concerns are exaggerated. They have been supportive of your church and your work, your efforts involving so many Americans from a single geographical area in the US is unique. // In an effort to be responsive to these constituents with differing perspectives and to learn more about your church and it's work, I intend to visit Guyana and talk with the appropriate govt. officials. I do so as a part of my assigned responsibilities as a member of the house committee on international relations. It mentions the name of that person who was going to accompany him, and staff members are going to accompany me (Leo Ryan). While we are in Guyana I have asked our Ambassador, Don Burch, to make ~~arrangements~~ arrangements for transportation to visit your church and agricultural station in Jonestown. It goes without saying that I am most interested in a visit to Jonestown and would appreciate what ever courtesies you can extend to our Congressional delegation. Please consider this letter to be an open and honest request to you for information about your work which has been the center of your life and purpose for so many years. In the interest of simplifying communications, it will only be necessary for you to respond to Ambassador ~~John R.~~ John R. Burke, at the American Embassy in G-town. Since the details of our schedule are still being arranged, I am sure the Ambassador and staff will be able to keep you informed. I look forward to talking to you ~~either~~ either in G-town or Jonestown. Sincerely yours, Leo Ryan, member of Congress

Nov. 1, 1978 Feedback from G-town

-Ann went with Charlie to do something for Harriet. (regarding getting a passport for a minor child when parents not around.) From immigration, they said that the parents would have to give consent to get a passport plus another witness. If parent not around etc. then the relationship to the child would have to be ^{Harriet} legalized. (I presume this means adoption. Sharon will bring in report.)

-Sharon wants to know that if Margaret Ackman comes Sunday, can she come in to, just for the day? Ackman has asked her to and she could bring in some reports etc.

F EEDBACK FROM GTOWN TO GIVE TO JIM

*Nov 1st - Sandi
Please pass to
Jim: yesterday's
feedback.*

given

Big lumber order being loaded tomorrow. 60,000 board measurement which will be coming in here, leaving town in a day or two. Clarify w/ G-town if its really 60,000 B.M. not coming (LPH) next Wed. Albatros being loaded tomorrow too. Will be ready to leave Thurs. Cudge left today for Wainai to get wood. (not sure how much) They have gotten 100 bags of bran at 8. dollars a bag (thinks bags are 100 lbs. but MaryAnn is not sure.)

Rosanna Dickerson is coming into G-town tonight. Bringing a couple of grandkids with her. Sharon went to help her pick them up.

A letter came in today from Dr. Baird to Dr. Schacht: Dr. Baird wants Larry to come into town and discuss his internship with him as soon as possible. He also wants to discuss several subjects with Larry (think in relation to a letter we wrote to Baird, but not sure) about 1) management and follow-up of TB patients in Guyana 2) X-ray services in Guyana, 3) request for medications to treat TB patients, 4) blood banks in Guyana 5) talk about certain medications in Guyana that we wish to use. *I think Larry should reply to Baird that he wants to talk to Mr. Green about his situation. P.S. send pass to Dad if poss.*

Little boy with snake bite is doing fine. He's bearing weight on his leg. Don't know results of his x-rays. If there's nothing wrong with his x-rays, he'll be discharged next week. Anita will find out and tell us.

Ruby Johnson will be discharged next week. Anita would like her to fly in and she'll come with her ~~#####~~ since Versie will be ~~##~~ taking her place. She thinks Ruby should ~~##~~ fly in. She discussed this with Marcie. She thinks ~~##~~ the boat will be too much for her.

boat trip

Marilyn Pursley, Cynthia Pursley, Joan P. and Diane L. are flying in on GAC ~~####~~ tomorrow (Nov. 1.) // our truck is going to the ridge to meet them and also to pick up the chicks off the plane (we have 800 broilers coming in.) and also we will give the Danish film maker, Peter, a ride to the plane, as he has to leave.

Jim

Tell Jim we got Reds to do a good radio broadcast for us out here

Tell Jim that Peter, the man from Denmark, who also happens by the way to have a PHD in psychology, is not going to stay at our house in G-town, as he has already paid in advance to stay at a hostel place on Middle st. He is leaving G-town on Thursday. ~~##~~ told Sharon and FR people to go by and see him.

Reds called our house when he got back to G-town and left a message for Karen that he was really impressed with Jonestown and was sorry he couldn't have stayed longer.

Tell Jim that Reds P. told Karen that Shirley F. Ridley is resigning as of Jan. 1st, so she can stay at home with her children. He works under her ministry. He doesn't have any idea who will replace her (likely not Reds as he's not even a member of the party, tho Reds said they might form a new Ministry called the Ministry of Sport which he would be Minister for, but he was likely just bullshitting about this, trying to act impt.)

Have they gotten any new paper pickups. Can they still get paper at GNS (since we got them that part?)
Are we having someone stay with Mrs. Bollers everyday or does she want this?

1700's Shakes movement E-3-A2(95)

Jonestown Follow-ups

Prokes --They want to know if they should go ahead and get another 1000 lbs. of pork parts since it is going to be low around Xmas; they are working on getting the price down from \$2.25 to about \$1.90. *Also should they get meat as it becomes available.*

Prokes checking on this.
Ask Terri Jones ~~was the message to Paula about Bunny passed?~~
Was Anita's message to Dr. Chin passed?

Does Terri J. know anything about tracing Betty J. *Daniels* Betty's luggage?
Ask Terri Jones what the following message means: *Yasin 00309*
ask her when Mrs. Comb will be returning to Venezuela bec. her husband is quite worried about her,

Ask Terri Jones - did she give the feedback to Jim from the US Embassy visit?

--Diane C. wants to talk to some children.

--Ask Prokes: are crates being made for the films? Sharon Amos' table? Beds for G-town? *yes* *Also, ask Marvin Janere if his getting crates for films made.*

Ask D. Tropp how Mazor's tape is going

Ask Ruby Carroll if she could make three shirt jackets for Guy M. He is the same size as Lee Ingram. Guy doesn't have appropriate clothing for type of FR he's doing. Has flowered shirts, and patterns, but needs solid shirt jacket, tailored nice looking. Same with Eugene Smith. (Eugene is similar in size to Greg W only little smaller)

ok Tell Prokes to be sure to mark Red Ferrera's tape well when it goes to G-town so it doesn't get mixed up with other things.

Ask Prokes if the Danish man Peter needs a place to stay in G-town. Ask when his flight is out of G-town. Our people should pick him up and let him stay with us until he leaves (I would think.) Check with Prokes.

*Sell G-town
sell Jim
sell*

He's leaving Thurs. out of G-town until he leaves. He'll take a taxi home so we don't have to pick him up. They should go by + visit him. He has a PhD in Psychology, by the way. Seems very nice, humble.

Ask medical dept. here the date of Nawaskoki Rosa's birth at Mercy Hosp. so they can pickup her birth certificate.

JJ --Ask Jim if we should go back to the Trent Hotel anymore to see the woman since she would not accept our \$200,000 offer. Should we pursue?

Sam - talk to Jim about problem w/ ICW visits.

- Get Aladander's inventory from MA.

Georgetown Traffic for Sandi

Most of the following are follow-ups?

✓ Is Margaret Ackman (code- Louise) coming out Sunday? *Mary W. doesn't know*
✓ Is there a GDF flight coming out Sunday to bring the doctor Sandi - ask Jim if he ~~####~~ wants this Dr. to come out on Sunday. Balwant Singh. He's East Indian, works at Persauds Hosp., is friends of Dr. DeCosta, the dentist, and is very positive to PT (think he likes Americans.) He seems to criticize the govt (at least he did to Karen about medical care in Guyana ~~####~~ and bureaucracy) Bridley Bean wrote a positive article in his paper before about this Dr. He does, however, seem to be very positive and has been helpful to us. Has seen 2 patients Karen knows of for free, and came to our house free to see Gladys Roberts the Guyanese woman who was so upset when her baby died.
Perhaps Jim would like Sharon to feel him out more about his politics before we ask him to come. He has wanted to visit here for a long time. He does do surgery and probably could be quite helpful to our medical dept.

✓ Did G-town ever find the shirt we sent in for Mingo?

No they didn't
✓ Did we send in all the movies (back to them) that we were suppose to? *Didn't send in because we had none*

✓ Is Anita seeing Dr. Chin today to apologize? *They tried yesterday but he went in. Anita went to Dr. today she is sick*

✓ Did MaryAnn find the package for Mike Carter out of the duffel bag? *She located the package and technical books she's sending them in today.*

✓ Ask Sharon how Doug Ellice responded to the message about Larry coming in to talk to him (re: Lisa.)

✓ (Ask Annie M. if Jim got the write up on Nedra Yates' ear.) We have got to decide whether to bring her home or send her out of the country or something.

✓ Ask Ann if the letter from Eric Clarke to Chaikin was sent out here. *If not, send in on plane w/ Marilyn P.*

✓ Ask Ann if she wrote a mitzy letter to a adoption agency from Lew and Terri explaining why they can't adopt John now?

✓ Have they talked to Yugoslavians, DPRK, E. Germany Embassy, Libyan Embassy?

✓ Are Soviets going to be able to get us any English tapes of Russian? (code carefully)

--When is Paula going to visit Inez? How long is Bunny (April's friend) staying?

--Ask Ann if the Cuban dancer ever came by

✓ --They should ask people they know there if they have any friends or relatives in Trinidad where our people could stay, to save them from having to stay at a hotel. (Make sure they got the money about NOT staying in fancy hotels like the Holiday Inn, or whatever.) *no drawing!*

--Ask Ann what about the Canadian money project offer? *Be very thrifty. Tell Helen privately he really appreciates her call & w/ money.*

--Has Ann seen Robert Williams. Keep good contact with him

--How are the radio broadcasts going. How did last night's broadcast sound? Did the DeSilva's do a good job?

--Ask Ann if Clifford gave her the 7 or 8 reservations for the celebration they are having.

✓ --When is Eugene doing the DJ thing. *This coming Friday morning*

--What did Helen have to say about sprouts *how they get* getting them to sprout and not mold? *They said ask Joyce T. She knows how.*

Georgetown Feedback from ANN

Guy was able to reach Chancellor Haynes, and he's very interested in coming to dinner next Thurs, when Margaret Ackman comes. Margaret might be interested in coming out next Fri with Eric Price// will try to arrange it// she wants to see the Dr. here She wants JIM to help a friend of hers, who stays in Canada. He would like to see USA, and she would PT to help. Her friend is in not in an illegal situation He was born in Guyana and grew up in Guyana, but visited Canada. But she did say that this is confidential // he doesn't want to do anything illegal// he wants to see US but not do anything illegal. He has relative in US.

Also, she told Sharon about a family who needs some clothes.// Margaret A. asked if we needed some clothes, so Sharon is going to give her sizes.

—They weren't able to get a GDF flight out here tomorrow to bring out the doctor surgeon who is a nun// might be able to get a GDF next Sun. but she might have to work. She talked to another Dr. who can come out Sun. — Balwant Singh. Hope Capt. of GDF will stay // he wants to come out anyway. He's done surgeries / he took a conservative view of Yvonne's situation, and did not think she should be operated on.

—Dr. DeSilva the eye doctor is going to be on our broadcast tomorrow, and he wants suggestions of questions. Broadcast on Monday. — *Parker*

Balwant Singh was helpful in Bobby's situation, and explained a lot, was very sincere. He's been very positive towards us. He's a very good friend of M. Ali. *His good friends of Dr. Nacosta, & Budley Benn wrote a positive article about Dr. Singh*
Sharon and Guy went to see US Embassy.. The visit went well, better than the day before. He is expecting to come Nov. 7. // She said this might not be convenient because of the guests coming out here. He said he could change it, but he'd rather not, bec. he has changed it several times before. He said we had wanted him to come when Garry was here, he said he would not be in the way // he'd just take the 10 people aside and would make the point of being very unobtrusive and low keyed. He said he's always wanted to meet Dick Gregory // said he voted for him as a write-in candidate in 1968. Sharon joked and said wasn't he too much of an activist for you, and he said I wasn't always like this. He almost ~~was~~

ask Spikes if Jim would like to fix car?

She talked to Joyce tonight ., Clarence looks better; he is not getting worse. He's gaining weight. Giving him a lot of snacks to gain weight. He can stand now, but can't walk. They just started him on the medicine Kathy R. brought in, so don't know it's effect yet. Ray G. -- his care will not cost at all. And he will have chemo-therapy plus radiation therapy. It has spread - skin CA has spread - but not sure if it's malignant yet or not. Doing biopsies and lab work, and there is no charge for his treatment.

Joyce said she can get a job to help while she is there. She can work as a private duty nurse for some English speaking people - in people's home. Tell Margaret she has not used any funds so far but she may when she starts getting the medicines. She has not bought any medicines yet. Apparently she was to go ahead with the medicines but to keep a count.

—Kathy R. coming in tonight about 11:30 to G-town. *Arrived.*
—Joyce tried to find a ham radio operator so we could talk that way, but it's against the law there for her to call out (for them to call out)

Sharon said she didn't think the communication helped the other day, ~~but~~ so this
appt gave us a chance to communicate more, given to G. by Jerry

✓ Also saw the Bollers ^{yesterday} ~~today~~. They were very friendly.

✓ Faula does not know where we stand with Guyana. BM said that 50,000 or 60,000 came
with Bk. And R. Jackson and Burnham were so concerned about the cash that they were
waiting for the 50,000 // they had to ask Bk for his money /// Faula has some papers
to give to Sharon- reports on Bk. -- but she doesn't know anything about Guyana.
Faula had company and couldn't really talk. Sharon told Bunny about Faula's father
and Bk said the father could call there where they are; or Bunny could come over to

Paula/Bunny

(Paula/Bunny continued) - he was highly impressed with Marcie. Came over the house to see her. He's more impressed by PT since Lane and Garry but he was critical of Lane being so critical of CIA and US. He brought this up to Marcie, once to Sharon also and also to Paula. He feels Mark Lane is taking on too much.

Joyce talked to Sharon. She is pricing the medicines and getting a job on a daily basis. Joyce wrote us a letter ~~she~~ received his 1st injection and immediately started improving/ this would have been night before last. He's looking better in the face. Joyce is taking high calorie snacks to him and sunken look in his face is better. Today he was able to stand with help// he can't walk yet# but he can stand with a wheel chair behind him// his speech is slurred bec. he cannot use his muscles in his jaws very well but he is maintaining well. His attitude is beautiful and the boys in the hosp. with him are teaching him Spanish//

Lady ~~Paula~~ *Joyce* is staying w/ is very helpful. Ray is getting started w/ his treatment// he's going to a hosp. that deals with nothing but CA and they will not charge for his treatment. Medical catholic hosp. On Wed. he will be biopsied from head to toe// feels that bec. of yrs. this CA has persisted, that he needs chemo-therapy as well as radiation. Skin lesions have broken out all over his body// Joyce didn't know if it was bec. of humidity of bec. of systemic staff infection. He's had a temp for 2 days. His right ear lobe is swollen and red. The Dr. gave him anti-biotics and ointment which he has been using painfully. He seems to be improved today and his temp. is down. He was very helpful around house before leaving G-town. Radio thing just passed 2 months ago /' but she doesn't know what hand, is just what she was told.

Ray's treatment will take 6 to 8 weeks they think/ they had to get a visa to cover their time there for medical reasons. She's getting alot of medicines together.

Myssian can see us at 5 AM. // tonight

-MaryAnn is checking on a GDF flight for Monday. She is calling GDF this morning to find out if we can send Marcie and her parents on this flight, along with Reds Ferrera (Reds is suppose to have already gotten a reservation for himself on this flight.) Also, she is to find out if we can fly anyone out of here. (Carolyn might have to go out on it, for your own information. So might a couple of other people.)

-The boat left G-town about 6 PM last night. ~~Jim Night~~ and Mark Boutee had to come on the boat to help hold the wheel, and ~~##~~ they will have to go right back in to town probably, as their time isn't up yet.

-Sharon talked to a Dr. Lee who is willing to come out here on Tues. However, don't know if they can get a flight out here on then or not. There might be a GNS flight on this date. Please read yesterday's feedback to Jim about Dr. Lee and ask him if he wants us to try to get him to come ~~###~~ out. Tues is a holiday in G-town, so that's why he can come that day. (However, flights that come in and stay for a few hrs. and go back out the same day are hard to find.)

-Ask if they are going to be able to get a GDF flight in here Sun. to bring that nun woman doctor, and that anesthologist.

-Mary Ann has not talked to Joyce Parks or Kathy Richardson, and does not know if they got together or not, tho she called someone in Caracas who told her they had left together in a taxi. MaryAnn is going to try to call there this morning, so ask her if she got thru and knows what is going on. Also, how are Clarence and Ray doing?

-Tell Phyllis it is ok for Brenda Jones to work on EKS 7 to 9 on non rally nights, since they are behind. *told Phyllis*

-Sandi, - G-town said (when I asked them a couple days ago) that they did not get the shirt for Bingo. I thought you put it in the suitcase. Is this the case? Was it marked -- or did you notice. Maybe one of our guys in the house is wearing it?? If you know what it looked like can you tell them so they can try to locate it.

--Have they located any used washers we could use out here?

QUESTIONS # FOR ANN:

Ann --Are they going to WRSB meetings and ^{Dr. Sharma} PNC meetings?

Ann --Do they have everything from here they need about our school situation. Do they have all the information they need for us on our school for the Dept of Education? *Have not heard anything from Ministry subsequent to Tom Cella. Check w/ him re contacts & needed follow-up. please to contact to be.*

Ann --Sharon, did you write up a report on what Vincent Hines had to say?

--Harriet wants to talk directly to Ann and tell her what to do about Helen's grandson -- she has the specifics.

--What is happening with Jim's marriage license deal?

Ann --Have they seen Carl Blackman? Herbie Harper? (Keep contact)

Ann --How did it go with Mrs. Wong yesterday// how did Diane C. do? Did Sharon see Mrs. Wong also? *Diane said it went well, she is to go back Monday. 7/10*
--What about Canadian money project offer *Ann went also.*

QUESTIONS FOR MARZANA

--Did they find out the new cost of mailgrams, total cost to buy them and place stamps on them? *She's not sure if they are 40¢ or 45¢ ea. total cost. The other ones she was talking to Karen about was a mistake.*

--Is # Charlie going to buy those cups in Trinidad? Prokes, please handle this, as I don't know anything about it. *Shell check to make sure it is needed. She asking, do we want 35¢, it doesn't seem like enough.*

--Is Phillip pushing on his naturalization papers? Did he for sure get his passport renewed? If not, he won't be able to go out of country. *His passport is renewed and he has it. He knows nothing about it.*

--Was Lynetta's death certificate ever taken care of completely?? Are we finished with this? (Ask Carolyn if we get the chance if this is finalized - maybe she # knows)

Parry to Laura *Larry* Laura needs receipts on the following people for insurance. Anita Kelly, Lenora Perkins, Cleve Swinney, Mary Walker, Liane Amos, Christa Amos, Martin Amos, Helen Swinney. Needs medical receipts for the last two months, and any for Tommy B. Send in a list of everyone in Jonestown to Laura. Is letter okay Maria, or should she call collect? Lucy/ f/u (Sandi - I don't know who took this message or if it really should go to Maria, but G-town said it was for Maria.)

--Prokes: recheck about Richard if you think necessary

Parry GIVE GTOWN THIS MESSAGE TO CALL TO THE US EMBASSY: We have no helicopter and can't afford to fly people in with all our other expenses (for other than emergencies.) Can't be talking to Larry on the radio from our house, or when he comes out here in a few weeks on his yearly visit. (Sandi-- US Embassy wants Larry L. to come in to G-town to talk to him about Lisa's death, so this is what this message is regarding.)

Parry to Laura --Laura - please ask medical dept. if Lisa was buried, and her grave fixed up nicely. Also, it should be landscaped there, as the US Embassy will be here shortly to see it.

Sandi, did they say there was some problem with the beef in G-town? Mike P. mentioned to me (KL) that they had told you something, but nothing was written on the feedback. If not, then Joyce T. thinks we should ask Jim if we # can get some beef at \$3.00 per lb. (Joyce T. mentioned that it was really less than \$1.50 a lb. American money, and really wasn't that expensive. I ~~wrote~~ ^{wrote} this before. Maria said this should've been checked through ~~F&S~~ ^{F&S} before ~~and~~ ^{and} prior to ~~expensive~~ ^{expensive}. Yesterday they said the cow were going to get 250/lb ^{not} available. Is there any way in the whole world they can get proper mirrors on the blue van. Please do this if it is at all possible. If they don't have them in Guyana, can we order a mirror in the states for it. It is dangerous driving that van without proper mirrors.

Was Mary able to take care of her project with Barclays Bank, which she was going to try to do today? SHE & RICHARD MUST DO THIS TODAY TOGETHER AS RICHARD HAS TO LEAVE VERY SOON & NEEDS THIS DONE BEFOREHAND.
--Ask Joan if she thought of anyone who would be good to ~~take~~ take over procurement? Jim asked for her suggestions.

who is coming in ~~g.~~ the customer Gladie Robert, Betty & Daniels = 3 sons (3, 5, 7 yrs), Cory Phoenix (3 yrs of Charles), Marilee, Al Bell, Jim Duraney, Herbert

Clarify with Carolyn whether or not Richard Janaro is suppose to go to Trinidad with Charlie. We think he is, but Prokes wasn't for sure. It would probably be a big problem if we sent Charlie and not him.

Be sure to send in the movie parts on the boat that are in bag # 3 coming in with Cynthia P., in Cynthia's name.

There is a woman Dr., anesthesiologist, who works # at Public Hosp. Dr. Lee, the Dr. who is head of surgery at G-town Hosp., knows her well. Please ask him her name, and try to get hold of her and ask her to come over and talk to Dale. This is very important, please try very very hard.

- Karen, don't forget to give the PR corrections to Sharon TODAY. If Prokes, you can tell Sharon ~~if~~ if she is there.
Corrections on reports when talking to people in PR from Jim
- 1) When talking to people about Jim being stuck out here, Jim said it is too strong to put as a civil rights violation to most people. It reflects too badly on Guyana with most, so generally don't say this.
 - 2) Explain Tim Carter's mistake to whole house. Just use the word Socialism when referring to us, don't use the word Marxist-Leninist in referring to us, as most people don't relate to this. This of course doesn't apply to Dr. Sharma or people like him in the PPP or the Soviets unless Jim instructs this. Most don't have enough judgment when to say this and when not to (Marxist-Leninist) so basically just don't use it and you will be pretty safe. Sharon of course knows better when to use discretion on this.
 - 3) When they talk about the tragedy for all of us here and Jim's children that he is stuck out here, always include his wife in that. Talk about his wife many times in PR. Tell everyone to mention her often, especially with the lies that have been said.

Double check w/ Jim if he wants the Andie to stay in & wait for Marcie + her parents + Paula, before coming out. Only problem: Marilee Puralley might want to come

Right now I am maintaining the position that I didn't think it possible and thus didn't think about it. Please advise. He's constantly putting down his wife, and asking if she would move to Wash. if he got rid of his wife. And Paula said that is between you and your girlfriend and I wouldn't want to be in the middle. She told him that was his decision to make. This is her analysis. Cons: not allowed to go anywhere except approved by him. No long distance or overseas calls. Severance of activities with PT, jealous possessiveness, non-acceptance of the child, not allowed to travel without him, put up with irrational temper tantrums, possible child (his own). Pros: contacts with Guyana and US - their govt. ; also PT might be benefitted because of it;

By the way, he now thinks more positively of PT and talks of Paula & PT

✓ Sharon is to go back to the man who talked to us and told us that the US Embassy people had been talking about us// tape him this time.

✓ Georgetown is not sending out all of the things we ordered. For instance, we ordered 6 cases of ketchup and only got 3 cases and 6 bottles. We asked MaryAnn about this, and she doesn't know where it went, but has an idea. She wants to be taking things that are suppose to come out here, and putting them on the Albatros without checking with anyone. For instance, she definitely did do this with some detergent. MaryAnn wants to talk to Marty about this and find out how to handle it. Karen told MaryAnn to get on top of this, and that anytime they have a need for something, they have to mark it on the inventory that they removed such and such from a certain order.

✓ Alice said she cannot wait on the keys in the morning to open the duffle bags and crates; MaryAnn said she doesn't agree with this, and feels this should be a collective decision.

✓ Marion Campbell- went to see a new Dr. this morning. He examined her and thinks she should have surgery. Dr. Arjoon, a GYN. He's at Med. Arts Center. --Dr. Lee, Chinese, from Guyana // he ~~#####~~ wanted to operate on Yvonne Hayden, when she didn't need it. Sharon was told to find out about his politics. He is a surgeon at Public Hosp. He thinks Guyana has messed things up a lot. He is not particularly connected with the ~~#####~~ church; not anti-religious, but just does not go to church. He took our articles and read them carefully. He seemed to feel that PT is productive. He is not a socialist, but kind of admired us because we are productive. In other words, he basically likes England. He reminds her of the dentist who came out here. He spent time talking with us. He is willing to come out.

--GDF Monday bringing out 4 people, hopefully. Mary/Ann will check again in the morning. Also, she will check if we have any places out on the plane. CL wants to go out maybe.

--MaryAnn has not talked to Joyce P. or Kathy Richardson. Doesn't know if Kathy is ~~##~~ coming in to G-town tomorrow or not. Will try again to call. She has called before and left her name. Said the circuits are bad from Venezuela to here.

US Embassy D. Ellice
10/26/78

✓ He did get the letter from Doris Lewis. He said it was helpful because it was worded right. Sharon mentioned the name of the person who said that some of the people in the Embassy had said negative things about PT and Ellice said he would look into it. But he said he wouldn't let us know what he did about it. He did make the distinction between like if you were talking to your wife or you were talking in public and Sharon said these people were on their job more less. He said it may have been a careless and inappropriate remark. Sharon mentioned that one of the statements was something about us living in a concentration camp and that was not an ideal remark to her. She told him about Gary T. phone patch to his parents and he couldn't remember the situation.

✓ Told him about the situation with the person coming over the radio and saying all the slanderous things, and Doug E. said we need to start keeping a logue of it ~~and~~ so he can see it.

He said if Dick McCoy wants to write anything he can, and that we might not like what he writes either. As long as he's writing to his boss, he can write whatever he wants. Sharon said well doesn't it have to be true, and he said well it's up to my boss to decide if it's true. Sharon said he could come to whatever conclusion he wanted, as long as he had the facts. But Ellice played some kind of a verbal game. Sharon said she did feel people should have a conscience about it, and she did not understand him writing a report in total contradiction to what they said. Sharon said that some of US Embassy people act like they are friends but talk like they are enemies evidently. He's planning to come here in 2 to 3 weeks. Sharon told him about the woman who was hostile and wouldn't talk to her and Jimmy, that quoted the US Embassy to Tim and Marilee, and he said he had no time to chase rumors unless he had a particular name. Sharon said it might be good for him to check out things that are said that shouldn't be said.

#####

Not given

Sharon said we do want to get along with you and your name hasn't been mentioned, but it does seem time and time again that people are talking about us negatively, and he said no, that we are subtle, and if we wanted to say something about you, we'd say it to the press, and then you'd really have problems. She mentioned Mazor and how he had checked everything out. The man who was with Ellice seemed surprised about Mazor when Sharon told them how he had been out in the bush washing us and that we certainly could not have put on a show for him then. (Sharon didn't go into details because she didn't know what they knew.)

When we give them names, he said he will check on it.

✓ Paula said that Bunny really liked Marcie. He said she was one of the nicest people he had ever met. And Paula thinks he will do a lot for her, he had a lot of admiration for her. She was helpful to him medically. She wasn't feeling too well at the time. And he is willing to be a sponsor of a dinner for us in SF. He has to check with his boss but he's willing to do that.

✓ Bunny Mann was mad that none of our people met him at the airport.

NOT given

Man who Sharon and Guy talked to today mentioned he had read a negative article about us that we take old people's money. Said he would bring

✓ Saw Bollers tonight. Both very very friendly. He wants someone to stay with her tomorrow so someone is going to go over there. It was good they went by their house, bec. he is worried about her health. They were very very warm. Said come anytime, come tomorrow, please come tomorrow. Like a very very good friend.

✓ She showed him that paper of Barnwell. First he said what more do you want; he was kind of joking. We said we were very happy, and were so pleased bec. you were the one who arranged the appt. He was very nice about that. She asked him if he had talked to Barnwell, and he said he had, but # Barnwell had decided to keep the "goodies" for himself, guess referring to Sharon?

--Joyce Parks called. Ray is in the CA therapy center. They will decide Thurs. on his therapy. Clarence had a spinal tap. He is scheduled for a brain scan. No results yet. He is no better or no worse.

--Soviets: No answer on the entertainment but he will give our band tape to Soviets. He is somewhat positive about Guyana. In terms of Guyana taking some progressive position. He thinks Burnham is progressive. He ~~thinks that some of the PNC might be~~ thinks that some of the PNC might be unprogressive or uneducated

He could not answer the questions that CL gave her. He wants the questions in writing so he can get answers, that are accurate. He was a little frustrated by the misinformation ~~that was given~~ that was given. He wants to know if correct information ~~because when he asked Soviet U.~~ because when he asked Soviet U. about it, it was misinformation and ~~it complicated things~~ it complicated things badly. He wants the questions in writing because the answer he got back from the Soviets was that he didn't understand about money in US, and he (she said ~~or US money~~ or US money) said it sounded like misinformation to Russia.

The name CL gave her was the wrong one. He wants accurate precise questions. CL mentioned that it could be completed in Nov, but she didn't say at the end or the beginning. She wants everything precise.

Most questions CL asked, he just doesn't know the answer to it. About the letter we gave him, he said he was very sorry -- he was trying to be humorous. He was very sorry, said Sharon tends to be too pessimistic. When he analyzes the whole situation, he thinks Guyana is doing ok. Sharon got emotional and explained that he was in a different position and probably doesn't understand, and he acted like he was very concerned and said he tries to understand how Jim feels. Sharon told him ~~that~~ that he is in a different situation, because Soviet U. is strong, a more permanent ~~home base; and we dont have one.~~ home base; *and we dont have one.*

Venezuela is not going to make any change; Venezuela agreed to this that there would be no change (think she means border change.) (Sharon didn't know this until Fedor told her this.)

Sharon told him that he just doesn't give any answers (when ~~she~~ she was emotional) She cried. (She's tired and doesn't feel well anyway.) She said if we don't get any answers after awhile, we will interrupt it as a no. He said not to do that, and was very concerned, as he said the Soviet Union is giving a great deal of thought to this matter. He said don't interrupt this that way, as Soviet Union is doing a lot of thinking on this. Fedor said he will tell us if it's a no, but don't interrupt it as a no. He said he would be ~~very~~ very upset himself if it was no. He said they were concerned, the Soviet Union was concerned, about babies and seniors too. He thinks Guyana is taking some progressive positions in the United Nations. He said that Guyana is pretty strong ~~1~~ ~~of~~ ~~sup~~ ~~the~~ ~~area~~ ~~and~~ ~~one~~ ~~the~~ ~~man~~ Sharon called to who ~~sposedly~~ sposedly is connected with the PPP, Dr. Sharma, who was worried about death for himself and a friend, and ~~he (Dr. Sharma) mentioned some~~ ~~connections~~

~~Fedor~~ *Dr. Sharma* said that ~~he~~ is not directly connected with the PPP but is supportive. He kind of indicated that Dr. Sharma may be a little more aggressive than the PPP in technique and that is why he might be worried about death.

Russia (Fedor) said Barnewell's statement was quite good. Said it was quite an achievement. He wants Jim to come in to a birthday celebration for the Soviets.

Georgetown Feedback 10/14/78

BOLLERS — He came over for dinner tonight. Two main things came out of the conversation. We think we succeeded in convincing him of the necessity of writing. They talked about it for some time. He said he was going to talk to Registrar Barnewell again and have a word with him. He implied he's going to try to convince Barnewell to do it. When they first started talking to him this evening, he didn't seem to see the necessity of having it in writing that Jim could go out of country and not be arrested. After talking awhile, he agreed it should be in writing, seemed convinced of it himself, and when he left he said he would be seeing Registrar Barnewell. He said ~~#####~~ if he didn't hear from Clarence Hughes himself in 2 weeks, that he would go and do something about it himself. He said that if (Bollers) doesn't hear from Hughes in 2 weeks, he's going to appoint a judge to handle the case and get it resolved quickly. He's waiting to hear from Hughes because he thinks he might drop the case.

Luckhoo should have done something that he didn't. He should have appealed to Judge Bishop to change the arrest order. Bollers said he would call Luckhoo and talk to him about this appeal, and tell him he could do that. He thinks this could be a solution.

He'd have to make the application in Bishop's court. He kept on saying that there was nothing to worry about, and we kept on saying that it wasn't. This is the most in depth conversation on this subject we have had with him. He seemed to act like he was hearing a lot of this information for the first time, and was obviously hearing ~~#####~~ what was being said, and said that's terrible at appropriate times, etc.

* When we talked about the money that TOS gave to Hughes, he said that must be an exaggeration and we said no, that is for sure, and he was really effected by this. He brought it up 10 minutes again after we had changed the subject. Again he said that must be an exaggeration, and we said no it wasn't. He seem to really be astounded by this.

When we explained to him how TOS had given so much money, he said it must be some organization behind this. We showed him the Sun Reporter article, and he seemed impressed with it. (Bollers is extremely infatuated by US.) His wife is ill and couldn't come. Would say overall, he's extremely positive, extremely friendly, and sympathetic. He's sympathetic but if he was totally symp. we would not have had to convince him that we need it in writing. He definitely is sympathetic, however.

He asked us if we had ever talked to Burnham about this, and we said no, but we would be happy to if someone could arrange it for us. He said he might be able to do that. He implied he might contact him. (But Bollers doesn't give the impression that he is all that much in love with Burnham, Tim C. feels. Tim ~~####~~ says he is pretty sure that Bollers isn't that crazy about Burnham — Tim has thought that for a long time.)

Marcie says that she doesn't think that her Dad
will be able to make it on the Cudjoe today
She is very worried about his health situation. His heart
rate is very fast. If the boat was going to wait a day
she would take it but ~~the~~ it is changing it to take him
in at this time. She is very anxious to come home and
would rather come on the boat she likes it better. She ~~don't~~
mind waiting over night in M.R. if they have to she
wouldn't leave until next week if she went GAC. Maryann
told her that there may be a flight Sunday for the Dr.'s

changes before the boat she will come on it.

Will Sri to call US Embassy right away and tell them about Lisa. * Say her son is here with his wife and Lisa made him the sole heir. Make it clear that Lisa is legally divorced. Larry is her next of kin. ~~So~~ ~~if anyone else is to be notified that would be left up to the Embassy.~~ She was in the hospital in Georgetown but preferred to be here at home and this is where she wanted to be buried. She didn't want anything to do with any other ~~relatives~~ relatives after they supported Debbie when she left here and stole ~~her~~ her (Lisa's) money. Tell them we have papers we can show them. If you have any question how well she was cared for, you can talk with Dr. Carlton Goodlett, MD and Newspaper publisher, Mark Lane and Dr. Donald Freed, all of whom visited with her when they were here recently. Dr. Freed even read to her though she said she didn't want to take up his busy schedule, he said it was his joy to do so. He is an author and playwright. So if anyone tries to give you any difficulty about her, we want it nipped in the bud. We've had ~~the~~ all the difficulties we're going to take. It's bad enough when you feel you have to take pictures of the body to show that she was well cared for. She had been bed ridden for some time and yet she doesn't have one bed sore. We gave her private duty ~~nursing~~ nursing attention around the clock. Lisa was angered by her daughter for what she did. She said ~~Debbie~~ Debbie would steal and lie all the time and she hoped she would quit it. But she got involved in drinking and drugs. In fact, Lisa thought Debbie was using drugs the last time she talked with her on the radio. Lisa said her voice sounded as if she was using drugs. She said it sounded like her when she was using drugs. We don't know how she sounded but Lisa said she knew. We did know she ~~was~~ was smoking and drinking and had a pile of prophylactics which we tossed away. Ask if we have to send her personal effects into Georgetown since her next of kin is out here.

Boat will not go until tomorrow because Clifford didn't get on the plane and the boat cannot go without him since the auto pilot is broken. Clifford will try to get on tomorrow's flight. They will get more ice at 7am tomorrow morning.

Marcie doesn't think her parents have the means with them to hire a private charter. She said their income just covers their expenses with little to spare, so she didn't think they could write a check. She is also concerned about where they will be living so I said we would check to see ~~what~~ what arrangements Ava has made. She would like for them to live near her so she could attend to her dad who is a bit sickly. *ava said they will live in ~~the~~ Trooper 5.*

Joan said that Doug Ellice said no reason for Lisa's things to be sent in, although he does want to talk to Larry. Mon or Wed. or Thurs or Friday // Tues. is a holiday. // he said that in this particular case there may be a problem with the other relatives in this case. Said usually the oldest is the 1st heir, but ~~didn't~~ didn't know then that she had a will.

Reds plans to come to come Monday on GAC, or GDF in morning. Will know definitely on ~~the~~ Saturday, which plane.

Boat left at 6:30 Fri. Jim Tate + Mark Bonte went up it to help check out pilot books.

Wryann says both doctors can only come on Sunday and they must return on Sunday. This of course necessitates a BDF flight. If we get it we would have to bring the pilots in also to entertain them so they could take the doctors back to Georgetown later in the day. If she can arrange this, should we delay the five people we have GAC reservations for on Saturday, so they can come on the same flight with the doctors on Sunday and thus save money. *yes, proceed.*

When is Kathy Richardson supposed to be arriving. G/Town got three different messages.

If Richard doesn't go to Trinidad it will probably mean that Charlie will have to fly there ahead of the boat (as Richard planned to do) to make arrangements. The plan was also for Richard to stay on after the boat leaves back to G/Town in order to complete purchases. In light of this, should Richard still not go, or go to deal with boat matters only. *Richard not going Daughter not well.*

Did bill get dropped for last GDF flight? *yes*

Tell our boat to pick up polaroid camera that Patti took to Kamaka. Tell her we've got to be using it here for a project and we absolutely have to have it. This comes from Carolyn.

Does GDF fly to Trinidad. If so can we fly Charlie and Helen.

Call Patti and ask her if she has any contacts in Trinidad.

Gave message for those going to Trinidad to save as much money as possible. Take buses, not taxis. Don't buy food unless absolutely necessary. If you must, buy from groceries not restaurants. Try to eat on the boat. Find someone we can stay with by asking our contacts in G/Town etc. Tell how J lived in dumpy places and ate cooked rats to save money. It was this kind of sacrifice that built this org. Tell Helen this is one of the things J appreciates about her-- her frugality.

✓ JJ agrees about waiting before giving Barnswell's statement to Mingo or Burnham. Just tell Mingo that a friend of his who is high up in the govt made a statement. See Mingo's reaction to this. Don't tell Burnham.

✓ JJ said to show Bollers - the statement that Barnswell gave us and see what he thinks.

✓ --Show Barnswell's statement to Luckhoo. See what he thinks. When was the last time he heard that we were in good standing. Tell him we like him and are loyal and any trouble he has in the future will be our trouble. That's just the way we are. Tell him how people like Goodlett, Garry, came her pro Jagan and left pro PNC from what they heard from US.

✓ Tell Jimmy yes, they are to book the band and other entertainers in as many places as possible. But each group that goes in is to have a person in charge of their group. Someone who is not in entertainment. Told Rhonda and she will take care of it.

JJ --JJ wants SRI to push on the letters for McElvaine. But Sharon needs instructions on what to write. JJ said this was important if anything happened to Mac he'd go back. She thinks the people in G-town have written. Is that what he wants or does he want people in Gt. in community to write. Need clarification

✓ Jim wants the states given names and addresses of people in Guyana who have been helpful to us, so we can write them from the states.

✓ Dad said ^{given to Margu} to tell Charlie that he has faith in his judgment and he wants Charlie to pack the Cudjoe with things.

✓ Told to get medical crates on boat.

✓ JJ wants Joan's mom to only be out 3 days. out here.

✓ OK for Joyce to buy drugs but keep strict accounting of expenses. Keep list to clear with Hamilton Green. Tell Joyce to ask lady she is staying with if she knows anyone with amateur radio so we can communicate with her

✓ They have to put a tracer on Betty Jean# Coty's luggage from their end in G-town. States can't do it from their end, Pan Am said so.

✓ Prokes will get Charlie's passbook and immunization card for trip to Trinidad.

tell Jim
✓ Go ahead and load the boat and bring it on home on Thurs. after getting it loaded. (Jim has the feedback at his house on why this needs to be done. Maria, Karen, Mike P. had to make the decision (and Lee) because of problem with power failures, and if they wait till Fri, they might not be able to get the fish and ice, if they could even get an appt. for Fri. which they aren't sure of. If they couldn't get an appt. for Fri, or had a power failure as they have had for last 3 days, then they would have to wait until Mon. to load the boat. So can't wait for Marcie and her parents. Fish and ice won't wait (last) overnight. Sat. is half day and cant load on a Sat.)

Paula coming in to G-town tonight at 6:40 AM. Be sure to pick her up.

--Joyce Parks wants to know (Ask Maria or Carolyn or Jim) if she can call G-town to clear purchases. She was told to clear all purchases, but was also told not to be making phone calls.

★ They said the Cudjoe should be leaving today between 4 and 6 PM. Ask them if that's still the case this morning. *Check w. Jim if he wants to wait for Marie*
Tell Jim if so. What was the total cost of the repairs on the Cudjoe? What kind of shape is in in now?

--They never told us whether we were suppose to order life rafts or depth finder from the states. Why haven't they given us some feedback on this, or do they know the answer yet?

--Did they find a radio for the Cudjoe? If so, how much? Do they want to get it or what?

J) --Ask Jim again today if Sharon should give Barnswell's statement to Mingo. He didn't know for sure last night. (Harriet thinks it might be better to wait so that's it's produced at a time when it might be needed in case there's any question whether or not the guy had jurisdiction to give it to us.)

J) --Harriet and Karen think that perhaps Sharon should take Barnswell's statement back to Bollers and see what he thinks of it. She could ask him just who knows about it, such as the Prime Minister, and ask him if it could ever be questioned in any way. What does Jim think about doing this. *yes - do this*

I think Betty Jean Byrd (Coty) and dau are in G-town too, and will probably be coming in the the Cudjoe besides Betty Daniels and kids

--Marilyn and Cynthia won't be coming out for a few days, just for Ava's information. Cynthia is staying to live in Jonestown, but Marilyn is just visiting for a few days. Cynthia is Mongoloid for Ava's information and has to have supervision. Edith Bogue use to care for her in her home. Cynthia is very sweet, and we will have to find her a place to stay and something for her to do. Joan P. might be able to offer some suggestions of things Cynthia would like to do or be capable of doing. We should ask Joan on the radio what she thinks.

J) Tell Joyce Touchette that they can't get 1000 lbs. of pork on the boat because they can't get it frozen in time to bring in on Cudjoe. There will be 5,000 lbs. of fish on the boat, and over 1,000 lbs. of other meat.

J) Sandi, for your information, Reds Ferrera, National Sports Director, can't come out here until Monday and will stay till Wed. I told Joyce Touchette and Eddie Crenshaw and he said he would tell Albert. Mike T. I also told.

--Sharon called Mingo's wife tonight and told her about the miscommunication over the radio. /What was meant to say was that we have been offered cultural exchanges and we had no intention of going anywhere else, etc. etc. His wife was friendly and said she would pass on the message. Mingo was not home.

--Soviet feedback - continued from yesterday: doesn't think that just bec. Guyana accepts the IMF, that Guyana won't still go along socialist course. He and Mingo (Fedor and Mingo) sounded similar in some of their analysis, in that they are both saying that Guyana will take a long time to change, and is under a lot of pressure.

Sharon did ask for 6 or 7 tickets, and he mentioned one for Jim, and he will give us about 8 for this event coming up (written about in her last report.)

He didn't think it was good for PT to have a lot of visitors, because CIA might try to get in. He said when PT goes to Russia, # we might take along someone from the CIA with us. Sharon said is that was is bothering the Soviet Union, is that an issue, and he said, "no" -- it has nothing to do with it. But he said "how would you know if you did?" And Sharon said well Jim could check and so could they. Sharon said that the S. U. has a lot of visitors anyway, and certainly the CIA could come with them. And he said well, that's just a visitor. But he said again, it wasn't an issue.

--Joyce thinks she needs both medicines, but will try to hold of the substitute we gave her. Told to find out if anyone has an amateur radio., so we can talk to her directly. We will fly someone down from the states.

--They went ### to see a man who had met Marilee and Tim. He gave Sharon a couple of names of people connected with the Embassy who had been negative about PT. He's a doctor. He was friendly, and wants to visit. He's not a socialist. He likes England and British ways, and he doesn't like US. He thinks Britian is little more sensible, little less capitalistic than US. Sharon gave him some background, but he didn't seem to want to read too much. She explained to him some of problems in US with PT and that PT lived a certain way bec. it was helpful to people, but that US didn't like our lifestyle. She said it didn't involve the Pres, and showed him a pict. of Mrs. Carter# and Jim.

CUDJOE --4 reasons why it shouldn't be held up. Insects on the boat are out of hand, crew is having hard time sleeping on it. Needs to be fumigated. Don't think new people should be coming on it. It's too bad.

✓ --They are scheduled to get the fish and ice in morning. They can schedule it for Friday -- but if there is a power failure we won't be able to get fish or ice, and Sat. is only half day and can't do it on Sat -- takes too long -- so if there is a power failure Friday like there has been the last 3 days, then we will have to wait until Monday.

MESSAGES PASSED TO G_TOWN // Oct. 25

Sharon wants to know if she should mention this at her 10 AM appt w/ US Embassy

~~-----~~
--Paula will be in town for 10 days to 2 weeks, and so will Bunny. She seems fine. Sharon called her last night.

She mentioned that she heard from an Ambassador from Guyana to US in Los Angeles that he had read some negative things about PT and mentioned them to Burnham, and Burnham had stuck up for us, and said we were really doing well, and he didn't want him talking against us.

This person had talked to US Embassy, and the US Embassy had said how PT was OK, he had seen PT alot and there were no problems. He talked to Dick McCoy in Wash. and he said we were fine, and not like some people say. But this man saw a report which Dick McCoy had written and it had some things in it which weren't that nice and this person said to McCoy how come you wrote that when you told me everything was ok, and he just shrugged his shoulders.

Appt. at 10 AM tomorrow with US Embassy - for Sharon.
Paula saw this man in Washington, which is where he saw McCoy.

--Kathy Purifoy might be coming tonight or tomorrow morning to Caracas. bringing medicine...

--Sharon said it will be very bad PR with this woman and her lawyer to back out if we don't decide to do it. Sharon told her we wanted to go thru with it.

Say some in State Dept seem to be our enemies & some w/ CIA. Keep breaking in on them Radio says we are being investigated

There is no Ambassador this man would be. Concide

Don't mention how she heard it. Don't official

 - Test run on Albatros today

Mingo's secretary did seem concerned. Said she had given it to Mingo this morning. (Joan doesn't know if it's the first one or the 2nd one.) Joan said she was very glad to hear that and thanked her and that was it.

Burnham's secretary will not be back until tomorrow.

Reid's secretary was totally unconcerned and didn't even ask who Joan was, said she didn't think ~~they~~ they had ever received a letter like that

Yes boy
Diane L. has been very helpful and very positive, and is spending time with a child who came in. Oranges and grapefruit are \$10.00 per 100. Thinks she will be able to get a small discount, but they are not in season right now. Pineapples are \$9.00 per doz. but in about 2 weeks it will be pineapple season and can get them cheaper. *get them 10 per orange*

Barnwell - very friendly. Just chattered. He's very uniformed about racism in US, evidently likes US. Said Sharon reminded him of Susan Hayward, vivacious. He talked about men being dominant over women. He signed the form he sent out here and gave it to Sharon, the original, with a copy. He's going to see if he can come to dinner on Fri.

Sharon has appt. with Soviets tomorrow at 10 AM.

Ask Jim about Christine T. and Ricky talking

Should Sharon give Barnwell's statement, a copy of it, to the Soviets/ she thinks she should.

Get the band to write up dance numbers that cannot be put on a tape like the soul steppers. Need as soon as possible. *Told Rhonda*

Ask if Sharon can pass on any more information to ~~the~~ *the* doctor *surgeon* about Jim's health, what kind of surgery is needed. *Get from doctor.*

Sharon ran into the Russian Dr. today and he asked about Jim. Said he's requested Jim's medicine from the Soviet Union.

They visited a lady today, Jimmy and Sharon, who talked against us to Tim and Marilee. She said she had gotten her information from the US Embassy. She refused to talk to Jimmy and Sharon. I told them to tell the Embassy about it anyway

Reds is getting a gold medal for services for sports by union. *Will try to come Wed + go back Fri.*

E-3-A-2-(137)

✓ Ask if Sharon can pass on any more information to a doctor who we are trying to get to come out here, a surgeon.

✓ Told G-town to tell Joyce to keep an accounting of all money and clear purchases.

6 town² corrections on reports when talking to people in PM:

—When talking to people about Jim being stuck out here, Jim said it is too strong to put as a civil rights violation.

6 town Explain Tim Carter's mistake to whole house. Just use the word Socialism, don't use the word Marxist-Leninist, as most people don't know this. This doesn't apply to Dr. Sharma ~~or~~ or people like him in the PFI or the Soviets, unless Jim instructs this. Most people don't relate to Marxist-Leninist, and most don't have enough judgment when to say this and when not to. So basically just don't use it and you will be pretty safe.

6 town —When they talk about the tragedy for all of us here and Jim's children that he is stuck out here, always include his wife in that. Talk about his wife many times. Tell everyone to mention her, esp. with the lies that have been said.

✓ Luckhoo: Sharon saw him this morning. Luckhoo said Bollers is 101% behind FT. Bollers told Luckhoo that he had treated his wife and ~~him~~ was very grateful. Luckhoo was irritated that Jim hadn't gotten his medical care as if it was our fault. It shows no confidence in Garry, Luckhoo and Lane, he said, because they all said it would be alright for Jim to come into town. Luckhoo said he is not going to charge us any fees. Sharon said we are waiting to see what Hughes is going to do to see if he wants to drop it, but he said he won't because TOS paid Hughes \$25,000. Luckhoo apparently hadn't heard what Barnewell had said, because he said we apparently don't have confidence in what he tells us, he said, when we asked about putting it in writing that Jim could leave the country. He seemed irritated about that. Sharon didn't mention Barnewell to him other than to ask him if he had heard from Barnewell and he said no, he hadn't.

✓ Barnewell put it in writing that Jim could go out of the country. Sharon is sending the draft out with Sony Ogle. It is better than what we thought it would be, and he said we could make changes and corrections and he would try to put them in. Sharon told him we were sending it out here for Jim to check, and he said ok, and he would sign it on Monday.

Sharon wanted to know if she should go over and see him by herself or what. He seemed dissatisfied that she came over today with Jimmy and Guy. He mentioned she brought reinforcements.

✓ Kingo is out of town. His secretary said to call him back on Monday.

✓ Barnewell is coming to dinner on Friday. Marcie should be there then.

✓ Luckhoo: he is waiting for a date to start the case over again. Then he will enter a motion to dismiss the arrest order. He said Bollers might handle the case himself, or if he doesn't, he's sure any judge it was assigned to would see how ridiculous the arrest order is and dismiss it.

Testing of transmission expected to begin late Fri, the 19th. The test will be evaluated late Fri. or Sat. Expect to request cargo for transport to destination Fri. or Sat. // *request immediately list for purchasing at destination. (*Sent by Stokes on plane*)

—MaryAnn will call in morning and see if we can put cargo on plane going back, and people like Joan and Diane. Also, will see about flight back for Mon. for eye doctors. In morning will find out length of time eye doctor needs with each patient, and when he wishes to start.

✓ Passed to G-town for Joyce Parks: 3990 RL, Sick Nurse Dispenser Receipt # 339541
✓ Terick Baker should be getting here soon //(he's here)

—Very very imp. that there is a massive hunt looking for that film crate. Someone lost a film before ~~####~~ and was charged \$3600. "The Case of the Murder" -- we could be charged the same amt. as the other person. Man is terribly upset over it, and in ill health. The man's last comment was, he doesn't want to talk about us paying for it. Just find it." He told this to Charlie and Richard.

—They are making curtains there. Hoping they are making the beds here so they can come out on first return trip. Beds were cleared. Need badly. 7 tripples and 5 ~~####~~ single beds (regular). Ask Terri C. if they are getting on to that.

✓ Barnwell - said at first that he could not do the paper. Explained in detail why it was not necessary. He showed Sharon place in law book that supported the position that it didn't need to be put in writing. We said we had total faith in him, but if someone else took over it could be a problem for us. # Then he said that # he would be visiting next week at the ridge. This is when he said he couldn't put it in writing. Said he could talk to Jim directly about it then and tell Jim the same thing. Then he said maybe he could talk to Bollers and find if there is a way of wording it, bec. he can't really put something in writing directly, bec. it's not his jurisdiction or something. If the court hasn't said something particular then it's difficult. Going to talk to Bollers and see if there's some way he can word it. Sharon said he could definitely visit, and maybe Brig. Price could help out. But he doesn't like to be away overnight. He said Sharon can call him Friday. He was very warm and friendly. He said in a way it would be better if it starts over completely, and there would be no arrest order. That depends on what Stoen does.

M.S. PROC. JIM IS AS FOLLOWS: (passed to Sharon by KL)

✓ Ask Mingo what he thinks about him coming out. Tell Mingo there would be all kinds of bedlam if he tried to do anything.

✓ Barnwell was critical of Judge Bishop. He said the arrest order ~~####~~ had been a mistake but he said the judge had done it, so it would have to be shown to be wrong. He said there is no judge right now, and that's why there is no problem, bec. there's no judge assigned to it. Bollers is the one who will assign it to a judge, so since there is no judge right now, nothing can be done against Jim. He did say it was not legal in the first place. It's only ~~####~~ Bollers who can do something in the first place, but that nothing could be served unless he did it himself anyway, which he won't. He was very patient, explained things, showed us law books, made himself assesseable in terms of talking to him Fri. He was very friendly. He wasn't at all irritated. We had a slight disagreement with him over US, and he did not have to bother with us at all. (really not a disagreement and not much difference.) He did say that Luckhoo should have moved to have the arrest order set aside bec. there is no judge.

Jim: should # we tell Luckhoo about this? We don't know if he would get offended. Should we tell Luckhoo we talked to Barnwell

✓ Answer from Jim # - given to Sharon by Karen: Tell Luckhoo that Bollers suggested we talk to Barnwell and that Bollers suggested that he would not # look unfavorable upon an application to vacate the arrest order and that it might be a good idea to try it.

E-3-A-2-(155)

✓LaryAnn said this about the chicks: they had a very rough ride to the airport// had several hrs. wait bec. air freight was held back bec. of visitor who came in today.

We had to beg and cry to get them to put them on. Tell chickory. Some vet told us that chicks go into stress with just plane old travelling. There's a couple of things we can do to help them along. One thing is to do is to check and separate the ones who look the worse, and feed them extra. Galamycin antibiotic should be put in all the chicks water. Best kind is the kind to put in the water. All chicks should get it for at least 3 to 5 days. Reason is they already have bacteria in their system, and travelling causes it to spread thruout system, so every chick that travels should get it. Chickory should be prepared for them when they get here.

✓They keep calling Sony Ogle, but can't reach him. Tried this morning, and today and this evening. Can't be reached.

✓One of things that Barnewell seemed to respond to was that if Ali came here it would look bad for Guyana if Jim couldn't come in and meet him// Sharon did tell him a little about John and Grace, and TOS was with CIA and Mazor had told us that. TOS attempts were against Guyana as well as PT. No mention of Mazor's name. Also mentioned that there was a likelihood that TOS might loose his job. He listened to everything. Sharon gave him the articles // When he talked to Mark Lane, Luckhoo was with him. He did say something strange tho, he said that somebody from US Embassy had come to talk to him and surprisingly he was in favor of PT// first he thought it might have been McCoy's boss -- said it was an older man-- but we asked him if it could be Dick McCoy and he said it could be. He said the man wanted to be sure nothing happened to JJ, and Sharon said are you sure, and he said yes, it surprised him too. He did say he is a friend of Clarence Hughes, but he said they all get along. He said C. Hughes wants to do what he can for TOS because that's his job. Sharon said she wanted to invite him for dinner but didn't know if that would be a problem. He said at first word does get around, but in regards to Clarence Hughes - he didn't think it would be noticed all that much. He was really friendly. He tell jokes and smiles alot, and apologized to us for the informality of his office.

He's certainly no communist, kind of old fashioned in some ways, and think he likes England// he's not as rigid as Luckhoo and is more flexible and easier going but is old fashioned in some ways. He has a pleasant personality. Very friendly to both Jimmy and her. He said if Bollers had another ~~the~~ judge pick up the case, he might say that this situation has nothing to do with him, and want to start completely over. And that would be good bec. then the whole thing would start order and there would be no arrest order. The judge # can make a determination, but it takes a marshall like Barnewell to serve the warrant. But he did say that the judge might tell him to fulfill it. But he was saying it would probably have to be the same judge or if it was going to be another ~~the~~ judge, it would be up to Bollers to decide which ~~the~~ judge. And Sharon said what if you are gone, and then he said well, then it would be up to Bollers to decide what goes on. He tried to call Bollers why we were there. And then he was saying if there was some way it could be worded, and said sometimes you have to bend a little backwards, meaning himself. But he said that Burnham had talked to him and told him not to deal with the arrest order. Sharon asked if he said that to him directly, and he said yes, he did. Sharon said why can't Burnham write the letter, and he said well he can't because he the PT, not in judicial. And Burnham likes to maintain the independence of the different ~~the~~ judges and he can't interfere. And he said it was important for appearance, ~~the~~ although Burnham favors PT; there was a time when a person's word was enough. He said that's not the way it is anymore but later on he understood why it was impt. to have it in writing. It wasn't bec. of him ...

Carbin
Fercival--Told him if there was any problem with the IMF or if ~~there~~ any embarrassment to Guyana, please let us know.

The man's last comment was (in speaking to Charlie and Richard) he doesn't want to talk about us paying for it-- "Just Find It!" Our PA crew said they have never seen this crate. *was told to J.*

Joan and Diane Lundquist should go out on the GDF flight if they can on Friday. MaryAnn is checking this morning to see if any of our people can go back on the plane.

Show her new news articles on the conspiracy, and also old articles # that were good. Say we never supported the referendum -- we aren't even citizens and can't even vote. # We can't support anything - that's ridiculous. Try to win her.) She was very hostile. October 17, 1978

You might want to pass on that Margaret Ackman is very religious.

Margaret Ackman — Some Guyanese have talked about her, and it has upset her. Some even said she might be connected with # Min. of Trade King. It was because of the time that the referendum was going on, and Margaret was visiting USA, and it was her vacation. Forbes Burnham had to call her when she was in the US — it had something to do with the referendum. She said she wanted some money or (something?) because her trip was interrupted because she had to come back to Guyana and she would have to go back to the US. He said sure, she could have some money for the trip back. Then it was mentioned # that she was living above the people.

Both Burnham and Reid told her not to worry about it, but she still did. So Sharon took the opportunity after she said that to tell her about what Jim had been thru and the rumors. Told her about John, etc. And Sharon explained why Jim was stuck here and couldn't leave. Gave hold background of TOS, and court, Grace and what # she did to John, etc. And Margaret said Grace sounded like a horrible person, and was very sympathetic about John and what he had been thru, and about Jim and what he had been thru. And she said that she wanted a letter with the Dr's report, and the one study that shows the cells. # First she suggested Sharon write Mohammed Shahabadeen, Min. of Justice, and then she said she would talk to him herself if she got the letter. First she said that Jim is too good a man to go without proper health care. Sharon told her earlier that Jim would do anything for her, and that if anything happened Jim and others would do anything we could to help her out. // Sharon told her how we had picketed the Examiner once before. She said she knew that Jim cared about her.

She told # about the two guests who would be coming, Dick Gregory and M. Ali. She wants to ask one of them to help her with a project concerning money. She idolizes M. Ali. She wants to meet him. She's heard of Dick Gregory, but not too much though. Since she offered to talk to the Min. of Justice, Sharon told her how he was (JIM WAS) just going to stay out here and die. This really upset her. Sharon told her about the good publicity. Margaret said Jim # was too good just to stay out here and die. She says she wants to visit and Sharon said maybe Brigadier Price could help her. She said the first thing to do is get the letter, and she wants to get that straightened out with Min. of Justice. Anyway, she said she would visit here, very eager to visit, and she would talk to Brigadier Price. She gave Sharon a hug when she came, and a hug when she left. She asked if Sharon had seen Chancellor Haynes, and Sharon said we had wanted to, but he had been sick. Sharon said she would like to get together with both of them, and maybe take them out; She was very happy to. Wants # us to call her next week to get together with her and them or whatever.

Brigadier Price - We saw him today - dropped in to see him at his office. He said he had been very busy lately with Venezuela. Venezuela is visiting in Guyana. He said anytime Margaret Ackman wants to come he will bring her. Sharon said she wanted him to come too and he said he would like to also. Said he will make sure Margaret A. gets a ride up here. He talked to Mingo # to ask him why Mingo hadn't visited, bec. he knows we see Mingo a lot, and Mingo told him he was quite busy now since his job had changed, but told him he would come eventually.

E-3-A-2-(106)

Assistant to the P.M. Rashid: They saw him today // talked to him about Mark Lane and he wondered why the press hadn't said more about Mark Lane and Sharon told him we were shocked too and we had been told that the press wasn't going to say anything much and it surprised us a lot when the press in US said alot, but Guyana didn't. And that the Carribean had done a lot of press on us. Showed him 3 press articles from US on us, one was the Sun Reporter front page coverage, and Sharon explained a little about Goodlett and how he had recently visited here, and he said that he thought that if Burnham had known about him, that he would have wanted to meet him. Sharon told him about Mark Lane and Goodlett and Freed, how they use to be in favor of the P.M., but now they were changed and supported Burnham. Sharon said she wasn't sure the P.M. had wanted to meet him because the Min. of Foreign Affairs, Jackson, wouldn't give him VIP treatment when he came into the country. Rashid seemed surprised about this. Told Sharon she should have called the secretary of the P.M., and gave her the name and number to call for next time. Anyway, Sharon told him about the guests who were coming soon and that one said it would be very good - for M. Ali to come. He was really enthusiastic about that. Sharon said the only trouble with that person coming is that he's going to expect to see Jim in town as well as out here, and then she told him the whole situation, about the courts and Jim's being kept here. Sharon said some of the guests coming here couldn't understand why Jim couldn't get medical care and they didn't understand, and felt something wasn't being handled right. And they had even mentioned human rights, but we defended Guyana very strongly but if the film company came, everybody would look at us as an interesting social experiment and it would be extremely bad if Jim died and no medical treatment happened. Sharon showed a lot of emotion.

He couldn't believe Burnham knew about it and he said he was going to talk to Burnham about it. (Joan said Rashid saw Burnham everyday). Sharon said why it was impt. to get it in writing in case Jim had to leave the country and wanted to come back so he wouldn't be arrested and // Sharon told him about what happened before when Reid and others were away. Sharon said that certainly would not have happened if Reid and Burnham and Mingo had been here. Sharon said she knew they were supportive. He said he certainly knows that Reid is supportive, but it seemed like he hadn't talked to Burnham that much about it, because he didn't think Burnham knew that much about it.

Sharon gave him all the press articles, and he said he would get back in touch with us and took our number. He wants to visit here for a week. Said he has a 2 week leave and wants to spend a week of it here. Probably soon, before the end of the month.

Joyce stayed with Mrs. Bollers today, and it's a shame she's leaving, because Joyce was very very good for her. Joyce found a couple of things medically that were very impt. too. She did have a problem with pneumonia and may have a hormone imbalance. She hasn't had good medical care and Joyce found some things. They were overwhelmed by Joyce and they couldn't stop thanking her. Anita is supposed to go tomorrow but Mrs. Bollers really liked Joyce's manner, and said she was very assuring. Joyce told her she wasn't taking the right kind of medication. He was beginning to think that it was all in her mind, but Joyce found that it was Physical distress. She was referred for psychiatric care when actually she has physical problems, which Joyce found.

Anyway, they were very grateful.

Bollers said an arrest order in dispute could be acted upon, though it could be appealed. He said Luckhoo could make a motion to dismiss it in the event it were acted upon.

He talked to Registrar Barnewell and Reg. Barnewell said there is absolutely no problem. It was absolutely no necessary to put it in writing, the Bollers talked to him about it. Sharon asked Bollers if Barnewell would talk to us, and he said yes, anytime. We already knew how he felt about putting it in writing, so Bollers said he would set it up for us to see him, maybe tomorrow, and when we talk to him, maybe we can change his mind.

Minister of State and Min. of National Development Robert Corbin

✓ Talked about the IMF and how it will effect Guyana. He thinks it's a necessity. We goes along with that, but he thinks that Burnham can help alot too because he's very strong and won't let the IMF control Guyana. But Corbin thinks Guyana would stand up to Venezuela and not let Venezuela take over. Spent about 3 hrs. talking to him, almost 4. Seemed to be comfortable. Had a little bit to drink and was just relaxing. He seemed to like Joyce. He came by himself. He asked some good questions about PT, ~~##~~ not probing but more just interested. He seems to be somebody who has searched quite a bit trying to find out what to believe in and at the end, he was pretty much asking how PT manages to motivate her people, etc. We told him about Ali coming, and Dick Gregory, and he was interested in that. Told him about Lane, Freed and Goodlett.

We talked about a hands off policy with the press and he was surprised. He seemed a little bit shocked about it. He was certainly surprised. Said if the US wasn't bothered by it, why would Guyana be. he didn't give too many opinions on that. Sharon mentioned about the man who took over Carmichael's job, Durant, and we mentioned his visit and he said he had heard about it. He read it in a letter that we had written Burnham (that ~~Sharon~~ had written to Burnham.) Think he was a little embarrassed that he had said that, that he had read that in a little we had written to Burnham.

He said he would give us a write-up he has about the I.F. We talked alot about how Jim had helped people change who use to favor the I.F. like Lane and Goodlett. He listened. He doesn't make a lot of comments unless you are talking about a subject like I.F. where he likes to be educational. he didn't like our placks that much, but liked Nancy Sines' picture of the mother and child.

He didn't mention anything he had heard about PT from anyone. Sharon asked him how Guyana looked at us, esp. in regards to the IMF, but he was somewhat non-committal. He just didn't think that IMF could interfere with Guyana or in regards to PT.

He seemed really sure that he would be visiting before December, might be this month or sometime. He thought that if Guyana had to deal with Venezuela, he thought Guyana would have some friends that would assist Guyana, but he wouldn't say who. And he didn't think Venezuela would be able to get away with too much, and he didn't think world opinion would support Venezuela. It happened once when Venezuela started to be too pushy in a section, but Venezuela didn't get far and was backed off. World opinion didn't approve, so Venezuela just didn't do it.

We mostly talked alot about our program and medical clinic, cooperative and it seemed interesting that he was so interested, and sat for so long listening about it. Sharon thought maybe Nancy could make him something like that woman and child.

✓ Hollers called tonight. His wife hasn't been feeling well and when he was over the other night, we said if we could be of help let us know. So he called tonight and asked if someone could come over to his house every day to be with his wife ~~from~~ from 1 to 4.

Georgetown

-Sony Ogle might be coming out Monday. on GDF

✓ Bollers - saw him today and his wife. Went to see them and took a gift. Took cookies and plack. He asked about Jim. He asked how Jim was, and we said she still hasn't gotten her medical taken care of. He said there's no reason ~~if~~ he shouldn't have gotten it, because it was cleared for him too, and Sharon said that's true, but we still don't have it in writing, and she told them what happened last time Kingo and Reid were out of the country.

They discussed it, and he said certainly no judges would do anything to harm Jim, and she said but before a couple of others took advantage when Reid and Mingo were gone. Bollers (He) said the person Registrar Barnewell should be called, and he said he would call Barnewell and tell him that Sharon would be talking to him. He discussed the situation he was dealing with that was very much like John's situation, but he said he might have to do the same thing and start all over just like on this one. But the people live in Guyana, but the mother use to live in US; He said it's difficult bec. no matter what he does no one will be happy, so he doesn't know what to do.

He doesn't understand why Jim is worried because he said there's perfectly no problem. They are waiting for Hughes to talk to TOS, to see if TOS wants to drop the whole matter. Hughes mentioned it was a possibility. He's not going to assign it to another judge until he finds out that TOS isn't going to pursue it. Tim said that Lane said when he talked to Barnewell and had a letter in his desk ~~and~~ it was obviously a very strong decision not to mail the letter, and Barnewell had no intention of serving the ~~best~~ order.

Should she contact Registrar Barnewell like Bollers suggested. Sharon does wonder since so many people said ~~there's~~ there's no problem around ~~it~~. Sharon doesn't know if it's valid or not. ~~Monroe~~ said to get it in writing, but she doesn't know how much they know.

Tim said Barnewell is definitely friendly, no question about that. But it's a touchy question whether or not we should get hold of him. He might find it an insult if we ask him to put anything in writing. *Someone should who knows him should ask him.*

✓ -Sony Ogle might be coming out on Monday on GDF // Tim would like to come out with him then if possible. / he was promoted to a permanent position in charge of the Cultural Center. He received our message favorable about bringing our band in just for him.

✓ -has anyone seen Kay's black purse. Please check on it. *yes - see if they have room for anyone to go back to town.*

✓ -Today's flight cancelled, will be coming in ~~on Saturday~~ Saturday at 2 PM, coming to Kaituma. arriving about 3 PM. (They were told to put Johnnie on the ~~best~~ plane.)

✓ - Talked to someone with the Caribbean Council of Churches, James Masih-Das / he is Representative of Caribbean Council of Churches in Guyana // he lives in Guyana. he use to be really friendly to us, and sent us a nice letter after our cultural performance. However, don't know where he is now. Haven't talked to him since referendum. It was kind of interesting. He told Tim that PT has been sending things to Caribbean Council of Churches ~~all~~ all over Caribbean (from states) but that we had never sent anything to him. He was told to explain to the Caribbean Council of Churches more about PT, but couldn't bec. he ~~didn't~~ didn't know. He definitely isn't as friendly to us now as was before the referendum, but not hostile. He was invited to come over and meet Mark Lane, but he didn't come. Father Morrison said he wasn't with the press, but somebody told us he was. Tim is going to see him tomorrow night. His influence is all over the Caribbean. We are going to a dinner tomorrow night for the Council of Churches.

✓ -Coming on Kankoo boat, 1100 bags of chicken feed, 6,000 BM of lumber, 1500 pieces of aluminum.

✓ -CL - do you have Kay's purse with her personal items in it? She said Evelyn did not bring it back to her, and she thinks it's out here. *No she doesn't*

✓ -Evelyn did get the affidavit on the KIM flight. *yes it did E-3-A-2-(178)*

✓ Tim is g to go back to the TUC MAN and say that he was talking to his source and he said that he really didn't know for sure. Dont mention the source by name, but the source said that it could have been and couldnt have been. (Thomas is never to argue like that)

✓ Sharon- We need more feedback in terms of response from Timofayev, give details.

✓ Sharon made a mistake. She was talking about how Mark Lane met with ~~#####~~ Father Morrison, and Sharon was a little critical of F. Morrison, and said he had kind of interrigated PT in front of Mark Lane, and she thinks this was a mistake. She said Father Morrison didn't like Jim and wasn't opened minded. This was a mistake bec. Father Morrison is working with the PPP and he didn't defend Father Morrison, but he did question why Sharon thought he wasn't opened minded. He questioned a little if she was making a judgment against him because he didn't like ~~###~~ People Temple

✓ Sharon just remembered something else Russia said. When Russia read what Grace had done to John, he said that Russia would have locked Grace up for 10 years for that. He said what she did was crazy.

✓ Tim mentioned he hasn't had an argument with anyone. Sharon said concerning this man, Tim mentioned something about Jim being close to a Communist and He said he was more a Socialist, and doesn't know that much about Communism They need it clarified what you are talking about.

Medical Report Oct 18

Given Clarence - today they tried to walk him but he fell twice. He has no coordination much in his legs. When he fell, he was passing some urine unvoluntary. Doesn't look too good. We are giving him milkshakes every couple hours and he does keep those down, but has no appetite whatsoever. He is having terrible headaches. (9)

Given Ray has a very good and very sweet attitude. Has been very helpful around the house and in other ways.

Given Sharon called on Barnwell today. Spent an hour in his office, her and Jimmy. He was very warm and very friendly.

Given Ray Godshalk - using papaya on his ear. Seems to be healing up. Also using papaya on other parts, and looking better. But more breaking out on his chin. Has 3 more new lesions. It is CA of skin, but not metastatic, not spread any place except to the skin. If they did operation to take care of it, it would be too disfiguring so that is why he has to have radiation.

Given Nedra Yates--She has arthritic changes in back, but no nerve involvement. No pinched nerve shows up on x-rays. Does have arthritic spurs. Dr. gave her some medicine for that. She saw Dr. Lee, a Korean Dr., very conscientious, who took Dr. Ali's place. He is the one that did Tommy's arm. We will see if Dr. Sarjoo will reconsider operating on her ear, bec. no one else will touch the case bec. they are not specialists. No way we could do surgery here in Jonestown so

Given Barbara Davis --She will be coming home on flight Friday. Her x-rays were fine. There's a GDF coming out Friday. 7 people can come back on it. X-Rays of GI tract were negative. Her vascular problem -- she's had a lot of nylon grafts in her arteries but nothing we can do anything about.

Given Steven George-- He's coming home on flight Friday. He's much better. Breathing problem stopped when his mother went home. Now he's eating and doing fine. It's a possibility his mother is some of his problem. His genital defect -- no one will attempt to do anything about it. So there's no sense in staying there for that. Tim Knight wants the child very badly. He washes the diapers and goes to hosp. and feeds him and everything Baby in Public Hosp. now. Sharon thinks the baby will do ok if he has someone who loves him and takes a lot of interest in him.

Given Al Bell - he's getting tests tomorrow from urologist, and he wants him to come home. He's been working on the cars and doing very well.

Given Send in medicine on Fri for MaryAnn Joyce.

Given Torrey Peikman --He's doing well. He's gotten some drainage from his incision on his arm and Joyce cleaned it and put dressings on it, but Tommy's going to see his doctor tomorrow to make sure there's no infection there. He's getting his stitches out next week. No fever. Drainage is bloody but doesn't look like pus. He's home now. He's doing real well. Has incision on his hip too so he's on crutches. But he takes short walks.

Given Bobby S. - going to see his Dr. tomorrow and coming on flight Friday. But Ava needs to be told so he has to have some place close to stay, into center of town, bec. in wheelchair and crutches. We are renting his wheelchair for \$5.00 a month. He's real anxious to get home. Has pain in his leg and he gets medication for it.

Given Ivonne Hayden -- Dr. wanted her to have barium study done because of chronic stomach pain. She did have it done. Joyce did not go to the appt. She said that the Dr. wanted to go surgery right away bec. of her condition. She said he said she was obstructed and had piloric stenosis. Joyce looked at x-rays and passed to us what she saw, and Joyce told Larry that she didn't think anyone at her age could have piloric stenosis that could be relieved with an operation. Larry sent word to Joyce not to get operation, to treat with a tube here. Joyce took x-rays to lady doctor today, and this doctor was appalled at the thought of doing any surgery, said her bowel was absolutely normal. Said if anyone did surgery on her it could ruin her the rest of her life.

~~#####~~

--By the way, LeFlora Townes doesn't know how to cook for large numbers of people. Do we have any alternatives/ she's nice/ she's willing to help with other things like with the wash// Anita can cook for FR guests, but ~~wanted~~ ^{wanted} us to note ~~it this~~.

Evidentially she wouldn't feel bad to have a cook come in and she could help out in other ways.

^{Doug Ellis}
--Having dinner ~~##~~ with Richard Farr, about 8 of them. Ran into US Embassy. He was there too. And as they walked by he said hello. He did something later which was a little unusual. He came over to our table and brought his wife when he was about to leave. She's darling, Chinese. Really friendly. Seemed kind of uneffected and a little bit nieve, seemed sincere and innocent. Sharon was telling her about Bobby ~~###/###/###~~ and mostly Daisey, and how she's a teacher, and teaches Chinese. Sharon mentioned a phrase, and she said ~~###~~ it was a little different than what she knows. There is a difference - Chinese talk one way and Daisey ^{talks} a little different// she seemed to want to chat, very very friendly. Reminded her a little of Daisey, like she wanted to be around you and talk. She thought it was great about Lew and Daisey being here. She sounded just fascinated. He was friendly and kind of laughed; Sharon introduced him to everybody. Sharon made joke about mental block in names, and he ~~#~~ laughed. He was relaxed. He seemed surprised to see us in that setting at Pegasus.

Jack was there, Christine Cobb, LeFlora Townes, Jean Brown, Joyce Parks, Sharon Amos Richard Farr, Ricard Janaro. 8 of them.

--Today they went over to get something from Embassy and they didn't have it ready, Doug Ellis. Checks.

--When she and GL, and Jimmy saw Doug Ellis - she wants to add something to that: He was talking about Mazor. He said if Mazor is not out to get us, then we don't have anything to worry about. When Mazor first came and talked to him, Mazor was certainly an adversary of PT, and Jim, tho he said he had been invited by Jim to see him.

But he said when Mazor came back, he said that Mazor said that Jim was everything he said he was (Jim everything Jim said he was) / he said at first he (Mazor) was kind of surrounded and had people around, but he said it was mostly initial enthusiasm to show him around, etc. and that when he mentioned that to Jim about people being around him too much, Jim even stopped that and he was (Mazor was) able to talk to whoever he wanted. And he said he was able to wander around where he wanted and talk to whomever he wanted ~~##~~ to alone.

--Today they saw a couple of people -- Jimmy and Sharon. One of them is ~~#####~~ from Africa. ~~##~~ from Ethopedia. We have been meaning to see him. He's not a Communist.

He's similar to Moores, like a liberal. He works with the United Nations. He's hasn't been to Ethopedia in a couple of years. When last saw Ethopedia, it was before the Oct. ~~FR Anniversary of the Russian Anniversary~~ Anniversary of the Russian Anniversary last year. Tries to stay away from fascist and Communists. Tries to deal more on a business level, or particular area. This person is somewhat Socialist with sort of qualification to it. This guy has been in United Nations for ~~##~~ long time.

People who seem to ~~#~~ work with UN seem to be involved with UN. The Two Sharon has met are like that (two who work with ~~#####~~ UN). They talked alot about Jim

He had heard about Jim and was very interested, and had heard one negative thing he had read it in the press, in Newsweek. But they talked to him about Mark Lane and and showed him what Goodlett said - Sun Reporter article - // we told him we would get him a copy. He said he would be interested in reading anything like that. He had thought of visiting here. This man studied in the US. quite a while. Said he learned alot about ideas in the US, Socialism. He went to college in the states. He kind of followed Billy Graham for awhile, kind of interested in him.

E-3-A-2(198)

He can relate to Socialism, but has all kinds of contradictions. He thinks he should be lowed key. He didn't criticize Billy Graham. He feels there's freedom in US. He's sort of like a big mixture, many viewpoints in his head and not seeing them as contradictory.

He was very interested in Jim, and we tried to give him some background. She tried to give him a description of Jim not being like a Communist. He could relate to more like a liberal, so Sharon try to portray Jim more like a liberal, but not at all like a Communist, but more like a Yugoslavian. He said he lived in Yugoslavia for a while

He said Russia has ~~###~~ punished it's people, such as dissendes and he thinks it's better to educate people, not physically harm them. Sharon did mention that that is what Allende tried to do but it is a dilimia, and he didn't argue. She said Jim has always believed in education too, and ~~#####~~ he agrees it would be a delimnia like with Chile. Sharon asked him -- what do you do? You wouldn't want the Chile regize to hurt anyone, so if you don't ~~#~~ take a firm stand, they might take over and hurt people, so what do you do.

Talked alot about Jim. Gave a description. (Jimmy thought it was a worthwhile visit, and so did Sharon. Sharon said Jimmy is the easiest person she's ever worked with.) He sort of feels his way out before he speaks, and tries to be appropriate.) He is really sweet, and he and Sharon talk around alot and joke alot.)

She talked about some of the things that Jim has invested, etc. He was very interested and listened alot. He wants ~~###~~ more about Jim even before they talked so he would know what they were talking about. He said that when he's gone to different functions he said the subject of PT comes up alot, but he said that people feel that PT is very productive. Said some might have thought we were somewhat controversial at one time, but he doesn't hear that anymore. But he may have just been diplomatic, she doesn't know. He didn't know there was flights out here. He thought it was difficult to visit here. He was thinking of maybe even getting a charter, putting some of people from the UN in it and coming out. He made it clear that he did not want us to talk to the press about ~~#~~ what he said. He said that's against UN rules to give any statements to the press about the UN. He is interested in visiting though.

-ERIC CLARK - asked him about ~~#####~~ IIF; he was pretty objective. Didn't say one way or another in terms of our problem. Most of Guyana people think that IIF only one around, and that no help would come from Russia or any Socialist countries. Russia said that's not true, said that a couple of times. So Sharon really wonders whether there's a reason why Guyana keeps saying that. Sharon ~~###~~ asked about that oral agreeent vs. written: said it should be in writing in re: to land purchase. Any agreement which comes into effect one year after writing the initial agreement must be in writing. Also any agreement which has to do with a person's liability must be in writing too. These three things must be in writing. Other agreements can be oral if you can prove the agreement was made. (if you loan someone money and you can show from your bank book that you took out that much money, ~~#~~ and the other person's bank book shows that money of that amt. was entered on that date, then this doesn't have to be in writing.) Letter from Eric Clark in response to Gene's letter won't be ready until Monday.

-Jim, Karen misunderstood about Richard and Jean B. leaving. It wasn't Richard Janaro - he hasn't gone to Trinidad yet. It was Richard Parr.

○ They want to know if Lee can contact Lt. Thomas to see if we can use his bond if something happens to the Kankoo 72 tons G. can to Lee

✓ Appt w/Doug Ellis, He let them look at a couple of letters and they all spelt his name wrong and all dated on the same day, they had the same format, praising PT and Jim and complaining about the press and the negative things were not true. If pt thought would be offensive it only aggravated him. and people in S P dont have anything to do with him down there. If some one is pushing make it stop. ~~xxxxxx~~ It was not clear to them who were talking about, Sarah said she understood and never asked Thomas since there was not any contact they did not know what they are talking about, He didnt think Jim should have to do ~~xxx~~ anything like writing those people and it wouldnt be appropriate. They wrote on paper about the rumor and he said he hadnt heard but he thought Gabriel might be more interested rather than the USA. They asked who in Guyana he might be referring he didnt allude to it. He was very aware of the problems Guyana is having especially in this area and the lack of medical care and ~~it~~ in this area so he said maybe ~~he~~ some Guyanese are jealous of us. Pharon and Crolyn thought it was a technique to turn things around. on Guyana and put himself on a offensive position. They felt they came out ahead in terms of the situation with the press conference in terms of the dialogue ~~we~~ they felt they got some good points in. They said too complicated to go into detail ~~it~~ Carolyn feels he is totally different person than McCoy, and he over-reacted to the letters, she feels he cant be totally objective, he is more straight down the line type of person rather than rolling with the punches. They did have a fee for signing of the affidavits Carolyn said quite a bit. He did mention he had misplaced his calendar (I think this means bugging device) He also said if it was bugged and something get around that was said in his office he would not be responsible. It wasnt directly mentioned but he did allude that ~~then they could be sued~~, this was not directly mentioned, Carolyn will explain it better detail, there was no problem will be better explained when she gets here was difficult.

✓ Question about Mingo feedback.

In reference to Sammy what was meant that He understood our concern on the court situation and how long it was taking he was also mystified and had no answers about it, and he couldnt say how the Govt felt about it.

✓ Mingo has a friend living in this area and he didnt mention the friend and did not mention any specific time

✓ Sharma did say he was a Marxist Leninist and knew quite a bit about it. He is more PFF & obviously.

✓ Do you want him to come over for something now with this new feedback that is Dr. Sharma, Wait for PFF Feedback

✓ Tell MaryAnn it is ok to take out things that come in -- take shoes out of the shoes order for Jonestown, and take out some things out of big orders for Jonestown. Make sure the coordinator is in charge of this such as yourself, and that the needs are definite and items kept track of. Accounting should be sent out here when boat comes in or someone comes in, perhaps.

✓ Tell Maria K. that Mary Ann wants to know about when Tarik is going to have to return. She thinks it is another week. He is doing fine. Mary W. was concerned about his school.

✓ Tell Jimmy, Maria said he has to get the prices first on the intercom system.

✓ Cleve's passport was not sent in because Joyce T. told Karen she does not have it. Vivian Anderson's personal effects were sent in on boat.

✓ I was told not to pass the list of names of people coming on boat.

✓ Sandi - can you ask someone representing the band this question. All five speakers are in town. Should they come in on the boat???? *yes - Diane said*

✓ Tell Jim we are giving Mingo something tomorrow, but we are going to have Ruby C. make him a nice shirt out here. Tim Carter suggested this; he likes dashakis.

✓ Tell Jim: They went to the film presentation that they were invited by the DPRK. Didn't talk to many people because of the movie but they said hello to Shirley F. Ridley and she was friendly in a polite way.

They wondered if they should tell the Russians, that the DPRK always invites them to important functions and like today they seated them in the section with other ministers and diplomats. Sharon wondered if they should mention this to Russians.

✓ They saw Yuriev? of the Russian Embassy - he is acting Ambassador -- was very friendly. He made the approach and chatted. Terri Jones said she saw him in town the other day and he about fell out of his car waving to her and ~~Terri~~ Debbie.

✓ Jimmy, Tim and Anita went to a special program at the Moravian Church. Dr. Baird of Min. of Health was there and they said hello to him. He was friendly.

✓ Trying to get in touch with Sonny Ogle for appt. with Green. He was at the film festival but left in the middle of it - Hamilton Green I am talking about was at the festival.

✓ Tell Jim they talked to Doug Ellice today and he mentioned he had gotten 14 letters approximately the same date from PT and he wants to talk to us about it specifically. Sharon would like guidelines on what to say to him. Maria thinks these are letters we asked our members to write complaining about the Embassy talking bad about us.

✓ ~~Terri~~ is going to give the Russian stragedy when she comes on at 12:00. Tell them to have someone there who can take it if at all possible. It's one and one half type written pages long.

One is to go see Mingo today except Jimmy, Carolyn and Sharon and they are to tell no one if Mingo seems sad or something bad happens because Mingo is moody and people blow it out of proportion and lies get spread. So if something happens they are to tell JJ personally.
Tell Mingo that JJ's health depends on knowing that we have assurances in this country. We don't want to be in this and be a hands off issue. His health depends on it and the morale of the people depend on it. Ask him if he knows anything about Venezuela. We keep hearing rumors about Venezuela. Why don't you equip us so that we don't have to be Venezuelans.

Find out when Dr. Searwear will be back. Leonra has an appt. to see him but he is gone so when will he be back.

Tell Anita that Leon was only able to keep his dentures in for half a day.

Tell Harriet while she is there she is to find out how long it will take for legal divorces and adoptions, cost, how long it will take etc.

No one is to use a hire car unless it is absolutely necessary. Debbie and Annie and others use to hitch hike. Or go up to a parked car and ask for a ride. Tell them you have no money. Always do it in twos.

Did Betty Fountains things arrived? No

in the manila envelope in Debbie's room addressed to JJ Mary W.

Mary W. would like to clear it for ~~stay~~ to stay in her room.
No Louis com

Bobby wants his brown boots, belts, and couple pairs of pants. Tell Daisy she knows where they are also tell her and everyone else hi.

Marion Campbell has Oct 19th appt. if she can't make it. Let GT know so they can cancel appt.

Cudjoe is broken down mouth of Demerara River - Is being towed in

CET is to talk to Joyce as soon as he gets in.

Karen - Dad would like you to tell Johnny Cobb Jones that all weapons are to be locked up. Because of something the Russians told him. This is very important and must be done today. After they are all locked up all handguns too. The key is to be given to Dad.

✓ I told Tim last night, but you can tell them again that Laura J. is coming in to help out, and LeFlora Townes is coming in to cook. Told M.C.

✓ Ask Don Fitch if he knows where the key to the blue van is// G-town asked this yesterday. - There was only one key - Don that was lost.

✓ Jimmy said yesterday that he wants to talk to Maria about purchasing

✓ Ask Annie Moore again if she wants them to send in the iron and eye drops on the plane on Monday, and send someone to the ridge to pick them up (they might have to stay overnight in ridge and come back Tues.) or does she want to wait and come on boat. I think she would rather they wait and come on the boat, so if so, we need to tell G-town to send them out on the boat instead of sending them on the plane. - OK to wait for the boat

✓ Tell them to remind Dr. DeSilva again (next time they talk to him) to be sure not to forget to bring sunglasses and sunglass clipons and the kind that fits on cataract glasses. Told M.C. Sun. a.m.

✓ Was Mel's tape ever played? ^{super was down up} ~~never requested~~ yes done

✓ Ask Jim: they want to know if it's ok to take out small portions of big orders that are gotten for here, so they can have some things for themselves. Like a shoe order is coming in and they said some in town need shoes. I thought it was ok as long as they keep track of it, and one person was in charge of it - the coordinator -- and nobody abused the privilege. YES as long as coordinator does it

✓ We need to tell the shop here that Sharon needs a table to work on, 25 to 27 inches tall

✓ Jim: This traffic came in Oct. 6th and forgot to pass to you, as I didn't think I should bother you with it, but perhaps I should ask:

In G-town thru mail a letter came in for Ruby Carroll - or Ruby Carroll's mom. "Notice of hearing on final account" In the matter of the estate of Jessie Williams. Ruby is required to appear in court and show cause if any thereby why said acct. should not be approved. This is final settlement of a case for someone who has deceased. This is 29th of Aug, just received yesterday. Said court date should be 29th of Aug. at 10 AM. (Jann Gurvich said all this means is that this person has a will that will be accepted as is, unless it's contested on Aug. 29th) // should we tell Ruby? / note: Jann took care of it.

✓ Is Tim's gun license still holding the same status, or has it progressed. *Resub to Mary for Shirley to check*
Terri - I don't think I ever gave Jim the feedback on Tim's gun license, that it was stuck in Ministry. They do not recommend the approval of this license, the Kaituma Police don't. Bec. Tim is already licensed for another. It's been there since July 6th and they haven't gotten the papers on it. Told Anne to pass it on to J.

We want her to try to fly out Fri. morning or ridge and take plane out of G-town Fri evening or whatever.

✓ Jimmy should be told Dad trusts him, and is having a hard time to find someone he can depend on and trust as much as Jimmy to replace him, and he's been sick.

✓ Ask Eric Clarke to send out an example of a simple will which has been subscribed. Ask him if holographic wills are permitted, and if so, what specific rules exist. Ask him if there is any required registration or filing for a will, if such must be notarized or signed in front of some particular official. As to content, ask if it is necessary to specifically name any close family that one might wish to disinherit (children or grandchildren) // ask if bonds are required for representatives and if they may be waived in a will. Ask if there are any applicable mortmain laws, and if so, what are the applicable rules. Ask if there are special rules that apply to small estates, say of \$1,000 or under. from Gene C.

✓ Tell Anita that Leon Perry is putting his dentures back in now. he will contact her again if she has any problem.

✓ Tim Carter told to come home this evening

✓ Try to talk Russia into giving us the Anti-Mao movies. Don't press, but see if it can be done. Ask on Tuesday.

✓ Tell Min. H. Green to help us out on some of the stuff. Newsman hands off, the policy we know people try to divide and conquer, age old tactic. Just want to know why. Man who wants us to do cultural show -- give him a gift. // See if he can get us to see Green // Tell Green we will check back and see if we can get permission to tell you about the man who told us about the news policy. We wouldn't tell anybody else what you told us.

✓ Call Comm. of Lands and try to get us a copy of our land lease

✓ Tell Hamilton Green that // tell about law suit against the govt. Could sue and win, but won't // we don't want to bring pressure on Guyana // although it could help Guyana as we could get 40 million easy out of the lawsuit // another organization got a large settlement out of court and we have a much stronger case than they did.

✓ Explain Freedom of Information Act to Green, and how agencies refuse to reveal documents to show conspiracy and how people have to go to court and sue to get these documents. Say how 2 conspirators stepped forward and told how they had lied on us for the conspiracy and told us what had been doing to us by agencies. Say that they were fearful of losing their jobs bec. they worked for govt. agencies.. We said if they lost their jobs we would sue the agencies. Tell them all the positive news, how RGC is listened to by 80% of Bay Area, etc.

Persons high up in news here told us that the U.S. State Dept. ~~wanted~~ wanted to get us kicked out of Guyana and approached the gov't to do that. While there were elements in Guyana who wanted to see this happen, an agreement was reached on a hands off policy. So we feel like strangers in a far off country. No reason for it because we even got a favorable article in a right wing country. (Tell him Spain if he asks.) All tell him that Dick Gregory and Muhammad Ali are coming.

She said there is nothing you can do. he said forget it. He said he couldn't talk to them Mon, he talked to them 3 or 4 times last week. She said she tried to go thru channels and got no answer. He said you have your opinion and I have mine. Sharon said it's just a shame in re: to Jim situations in that he's stuck, he said maybe you want him stuck. he seemed kind of nasty. Anita talked to someone today who Sharon thinks is friendly to Jagan. This is ~~somebody~~ Dr. Sharma. he spent about an hour asking Anita and severly questions. Some of them were about general situations in relation to US, and how US treats people, etc. he does not like Audrey. he said he was a Marxist-Leninist. In Fri. he works with Jagan. he said that he thought that Guyana was becoming Fascist. # and he thought that Jim knew that before he came to Guyana. he thought PT was associated with CIA. Sharon suggestion is for him to talk to Jagan again. he's not a real warm person. kind of cock, tho sometimes has concern. Is shrew. He's 30ish. Arrogant pretty much. // he said that people should get out of ministry profession, and he thought Jim was like that. When ~~that~~ # they said Jim was a humanist, he seemed surprised. he should probably be told about the Soviets coming out. Ask Jim. Maybe we could mention # it without mentioning the doctor coming out, so the Soviets being upset. Anita told him about Mark Lane and giving press coverage, and he said that he knew of Mark. Seems he has a little chip on his shoulder. He knew the Mirror had met with Mark Lane, and he talked about the PFI and his party. he asked why Jim didn't speak out against the referendum. She said she couldn't speak for Jim

He's very disturbed about IIF, and Anita agreed she was too. He knew she was avoiding the situation of referendum. We should tell him about how we don't have citizenship.

He mentioned how CIA had helped Burnham get elected. He feels that US is going to get a lot more involved in medicine. He said US is going to be helping on building and engineering. He resents all US interference. He wanted to know also how PT had such a lot of land, how we got it. /Anita said we worked it out with the govt. to get the land. Wanted to know what race Jim was, what race most of our people were, etc. he wasn't questioning that so much, just interested. They talked about Dennis Banks. He agreed with Mark Lane what the CIA has done to several people.

Anita was playing it safe to find out how to handle him.

Tim and Marilee said they met someone who said they had talked to the Embassy, US, and they told her something really negative about us. She also said she had been in contact with press and that's where she got her opinion. She's wealthy, E. Indian.)

- Who passed the information about wanting a new business administrator. Give more details. Can't MaryAnn be trained. We know she is inexperienced now, but it will take time. What do you think? ~~What do you think?~~
- Need information today on Nedra's behavior in town. Also on Marion Campbells. They said they were writing it up and sending it in on best
- Prokes said it's ok to take shoes out for those who really need them, and keep track of it. Also, they can take portions out of things ~~###~~ that our big orders for us. Keep track and let us know about it. Make sure this is not abused. (Sandi, ask Jim if this is ok)
- Sandi, ask Jim if they can buy coffee for certain days like here. Cleve is asking.
- Tell G-town Michele Wagner and David Smith are coming in tonite
- If they don't have the land lease in the file in town, they will have to go to recorder's office and get it. ~~ask Chaikin where to go.~~ He should know.
Mayor's Office and number pass
- Tell Jim Sarah does not know what transcript of Mazors they are talking about. Get more details from Sharon. This must be some instructions Sharon got out here before she left (maybe?) ~~It's a rough draft for main points of what happened while night. What he saw. He saw what he was told. She's going to re-type~~
- How did Marilee and Tim do yesterday? We need a report each day

Oct. 5th Feedback - given to Jim - all following passed
 --Mingo: he said that Ann would have to talk to the Customs. It is a good sign that they let Tim ~~###~~ go. He might not be able to get the \$200 again. He suggested Sharon call someone in Customs that Tim usually works with

Jim RUSSIANS* - He's going to ask about the 25. Didn't know any problems. He did not want to hear the description of the musical equipment. He said in regard to Georgetown money (getting it out) it wouldn't be possible unless in external account. He could make an appt. for next week, a friend of his who could help on getting medical equipment and agricultural equipment. We need specifics. A list, amount of each item or parts. It would have to go thru Customs and that would have to be worked out. He is going to contact Russia right away on entertainment. He wants us to take the whole program and write a short description of the dances like the soul steppers. He didn't think it would be a problem unless Russia made a replacement when Guyana turned Russia down recently.
 Russian doctor - he cannot do the work at all. His visit very special ~~###~~ for Jim. (against the law). He thinks he could be kicked out of the country.

Jim --Russia would like to see the article in Yugoslavia press calling us hippies because he didn't want USSR to pick it up, bec. Yugos and USSR sometimes cooperate.
 --Cl told him about a Swiss book. He wants name, author, year it was printed.
 --Venezuelan argument - he said possible, but not too interested. He said

we'd talk about that later.

Timofeyev said there were some mistakes in that article about the IMF

Doctor was tied up so Ann couldn't talk to him. He said Ann could get what he wanted for Jim next week.

Timofyev suggested we see him once a week. Eagar to help/ gave us a bunch of pictures

Ann says on trip back he asked her a lot of questions. How many seniors, how many of each race, breakdown on ages. But he made guesses like 250 seniors. How many chickens. Said he has a friend who can help us on planning/ he said when he talked to Jim and the other they didn't seem to have the answers on planning(not being critical)// had to ask other people. maybe this friend can help on planning. He thought Ann should know more answers herself

- ✓ Eugene Smith needs to talk to Lee about shoe repair supplies
- ✓ On the broilers, Jack was depending on making a roof with the aluminum coming in so they could have space. Since they did not get the aluminum, they ~~guess~~ guess the chicks will have to stay where they are? Probably with other chickens. Jack was in here talking with Johnnie and Lee when they found out about the aluminum. I heard this (Sandi) so I suggested it to the administrators. Sandy said she thinks it is personally hard to administrate business when you've had no background.
- ✓ The matter with Luckhoo was to set a date. No date was fixed. Even though that was what the letter was about. He said he would check on it and call us back.
- ✓ No appts. today. Calling Green and Clarke. Harriet gave her 4 letters to go out.
- ✓ Eric Clarke doesn't think Tim will have problems in terms of returning. But Tim should see him as soon as he returns and Clarke will write a letter to Min. hope and hope can grant that the rule dispensed with since Tim didn't know. Then Clarke will ask if Tim could get the money back. Sharon's view is that in view of this we should not write about this to Kingo and the others until we go through this procedure. See what happens before we bother them with this. (JIM AGREES)

E-3-A-2 (219)

✓ Hazor's transcript - who should it go to: ?? Skip Roberts, Mingo, Reid, Green, anybody in press, Bollers. She's going to retype it. It is dealing with when hazor came here, the white nights, what he saw, what he was told and saw 2 different things, etc.

Send in w/ it on plane

✓ Answer from JLL: he said they should try to adopt another child such as Gabriella. Harriet said she doesn't think they can do this. They made the application for her so they would have to go thru a whole new application procedure.

✓ GDF went out at 9:40 AM. to look for the Cudjoe.

✓ Sharon just talked to Dr. Ali/ he's going to Jamaica // we were thinking of sending Tommy to Surinam, but Sharon asked him if he could follow up on it in Jamaica. He said he could if we gave him a week or two to get settled. He said that we # could write him there and he gave us the address. He thought that surgery there at the University Hosp. would be free or at minor cost. We should check further to be sure but if so maybe he could finish up the cases he was working on: Bobby, Tommy, Helen, Kim Eye, SE SURE TO SEND IN TOMMY'S PASSPORT ON CUDJOE / Univ. Check w/ Penny on our ans in Surinam
✓ Sharon talked to Bollers bro. and asked for Richard and wants Richard to call him when he gets back to G-town--

✓ They did the Mitzy letters and Jimmy Jones took them over to Reid, Green and Mingo. Very stupid bec. of Mitzy

✓ Sharon delivered Letter to Russia

✓ Russia feels we should not talk to them unless it's emergency more than once a week. Sharon feels this strongly, if he thinks we don't pay attention to what he says. We have dropped off notes 2 days in row, and saw him besides, so doesn't think we should do it.

~~... of ...~~
✓ They called Yugoslavia and invited her to come out. Jimmy did this on his own. They have had several appts. with them. Said yes, they would come. We've invited them several times and always say they will come. They didn't tell # them about ~~#####~~ Russia's visit. Should she? Should she see them.

Government in a small measure, to feed, clothe, and house its people, and at the same time to further the human service goals that have characterized Peoples Temple for many years. The government allotted 3,824 acres in the North West District near Port Kaituma to the project. In October of 1974 the first ground was cleared -- a 30 acre plot that fell by hand and by machine, near the spot where 11 were housed in a bark cottage.

Three hundred acres are now cleared; 282 acres are under cultivation and housing for 500-700 people has been constructed, the last of the housing being constructed with our own pre-fabricated siding. The homemade sawmill operates 24 hours a day. Other inventions include a cassava processor, a planter, and a hammermill temporarily in operation until the government mill in Port Kaituma starts into operation. We've acquired 9 vehicles, including 2 caterpillar tractors, a dump truck, a crane, 3 large farm tractors, a small garden tractor and a pick-up truck.

The agricultural experimenters are learning by trial and error how to produce nutritious crops that, in some cases, have never been tried on jungle soil, and the settlers are learning the art of cooperative living in a wholesome, satisfying and challenging environment. Realistically, we can now expect that the farm will become self-sufficient within three to five years. In the meantime, Peoples Temple members in the U.S.A. are contributing to keep the settlement going through these initial years. We are cooperating fully with the government's plan to buy local products, and we have begun producing our own clothing in accordance with this plan.

The agricultural results are especially heartening to those who have put their "labor of love" into the project during these first few years. Other programs now under way are equally exciting. An educational program provides a balanced curriculum for over 135 children, ages 3 to 18 years of age. Some youngsters who were said to have learning disabilities in the U.S.A. are quick and willing learners in this cooperative environment. Many of the most extensive projects are supervised by young people whose talents never had the opportunity to develop before. Seniors who were wanting for something to do are now engaged in satisfying programs that enhance their sense of accomplishment in their later years. The cooperative kitchen, which serves three meals a day, produces nutritious and delicious recipes using homegrown foods. It also provides two snacks a day for nearly 300 people.

Guyana's healthy climate, the wholesome atmosphere created by the PNC government, and the constructive life style offered by this pioneering project have impressed us deeply with the role Guyana has to play in the future of the Caribbean and the rest of the developing third world. We are deeply pleased to be able to participate. The expectations of Bishop Jones and this government are stimulating a project to be a success of many dimensions.

Mingo-- said after Jim visited a med cal perso n in G-To wn then it would be decided if he was to go someplace else. This is in refernce only to the writing of a letter, not a limitation on his going. (technically)

The guy at the funeral home in the states ~~was~~ called us and told us about cremated. Tim asked how did he know he was the husband and the guy said he had no proof so Tim told him that he would have to work it out through the embassy and that we were staying out of it. The husband also wants sig copies of the death certificate. Tim told the people at the embassy and they said ok-- no problem. Tim told them both that we only knew about the ~~husband~~ ^{husband}-- the husband was a surprise apus. The guy at the embassy said he needs the name of the 2 sisters for

his report. Tim has appointment with them tomorrow at 10 to set up some standard guidelines for such situations in the future. Tim asked the funeral guy how the family had been notified and he said a woman by the name of Vee had called and told them. Embassy needs death certificate ASAP.

Terry, Debbie, Joan, Ch ck scheduled to com back this week. Tim needs to stay another week because of customs.

Tim says if Mingo relays Reid's words in as distorted a fashion as he delivers our messages, then there's really no telling what Reid said. Tim doesn't think Mingo does it deliberately-- he just thinks Mingo is slow.

Tim met a Chronicle reporter last night who told Tim that he had written a favorable article about us and one of the editors Smith killed it without even reading it, saying there was no reader interest. According, ~~the~~ to the reporter, Smith has done this before. The reporter said he thought the decision came from above which is quite possible since Harry Harewood of Radio Demarrara also had his story on us killed. Shirley Field Ridly was out of the country and the guy who took her place was called by Mingo and the guy said he didn't know anything about this. So as of now we don't know where this is coming from. The reporter who gave Tim the info. is Hugh Vandeyear.

--send briefcases in to town.

Last night they went to a party : given by TUC. Met a lot of people. In particular ~~axxxxxxxx~~ Russian involved in trade unions. Had met him once before. He approached us and was very very friendly-- talked for about two hours. Very very well informed. Had heard very much about us from Soviets. (from Timofeyev) he lives in Russia. The ~~paper~~ Chronicle issue that had Marks story in it, also carried a story about him.

Extremely well informed. Named some people that we know in common like Archie Brown, Mike Davidow, knows Hongisto-- who he met in the Soviet Union. He called Hongisto a liberal, said he would never become a socialist, although Hongisto admitted that he had studied ~~Marx~~ Marxism and even had some books in his house on it. He said Hongisto admitted that Marxism was the best thing, but he wasn't willing to sacrifice etc. Yugoslavia-- and Soviets have said some things about us in their national press, also Polish press--he has actually seen the stuff--that we were pretty well known by those folks-- Yugoslavia said we were kind of like hippies--lived together communally, shred things, tried to be equal-- socialist etc. This guy said Yugoslavia tries to be "objective" he said Russia understood why USA saying shit about us in the press sounded like some of those things had been repeated in Soviet press, but put in the context of political persecution. Sounded like Yugoslavia

had not put things in context as much. ((they are having luck with the guy tomorrow) Pt well known, considered controversial, and therefore some question but for the most part Soviets understood (he said that 3 or 4 times) Tim will find out which papers and so can give some stuff to them. Tim gave some background to the guy about the conspiracy-- told him about Mark Lane etc. This guy was genuinely friendly--he approached us. Hes a Communist-- very strong Marxist-Leninist. Tim made ~~that~~ it quite clear that we were too, and he said he knew that already. He's going to be visiting with some people in SF in November-- Tim said we had some friends there and invited him to come to church and he said he wanted to very much, and speak if we wanted to. Hes not very impressed with Guyana. He said Guyana very materialistic, and not concerned really about socialism. He thought Guyana going down hill. Definitely not interested in religion at all-- cannot relate, ~~xxxxx~~ atheist. He appreciated how Jim used religion to bring people out of it. Very curious about it. He was telling us how somebody he knew was quoting the Bible in regard to USA and Russia relations and he called it bullshit. When they started talking about Pt he said he'd like to give up what he is doing and join. Tim will send in details. He talked a lot about USSR. He also said that AP and Newsweek go to Yugoslavia

Talked with Hamilton Green : extremely friendly. He said he will be busy till end of October and the one time we were talking to someone else he came up and said What are you doing with good people like this to the person we were talking to. He came up to Debbie and Terry, they were talking to somebody else. He was rather drunk, and flirted with Debbie and Terri.

Edward James-- a good friend of the TUC, a socialist. Been friendly to us. He was the one who invited us to the North Korean thing. Very friendly. He said Guyana was going to be ~~xxx~~ a big conference in Italy about fascism-- political prisoners. Guyana wanted to invite one of us to go to that. In a couple of months. He also said that Jagan was criticizing him publicly because of his friendship with North Korea-- he criticizes anybody who had anything to do with North Korea esp that one affair that we were invited to. Because Jagan says N. K is friends with China which is not accurate. ~~xxxxxx~~

Joe Pollydore: ~~xxxxx~~ we introduced ourselves to him and he was extremely friendly. At the end of the evening when Tim was walking to the Soviet he said "My its good to see you and the Russians standing together"

~~xxxxx~~ Ken Denny - very positive.

Karen: Back on at at 6:50. Tell them to be careful ~~in~~ when carrying it. Hide it.

Thomas thinks what happened in Mingo's office is indicative of the kind of help we can expect. At one time Mingo said Reid didn't know that much about the case. Now he says he does ~~xxxxxxxxxxxx~~ ~~xxxxxx~~ and which seems to make little difference for us as far as anything being done.

Mingo said Jim would have to be examined here first before he could go to another country to get a medical exam.

They saw Price at the reception at Burnham's house last night, he said that they are still looking for the children, very nice everything went OK

Last night at Burnham's house Jimmy and Kay talked to Burnham and invited him out he said he would come out in a month, very friendly, they also saw Norman McLean, and Gregory Gaskin, He gave them a ride home.

Cudjoe will be leaving tomorrow morning to get fuel and will be returning Monday. It will fuel at She 1 at 7am to get 8-10,00 gal of fuel.

Make reservations for Russians out on Monday- Ujara went to PK to do it.

Since Bruce is there to do the truck should Chuck come back home he has been there for a while, but Bruce has to wait until Phillip goes in because he is on the Albatross until Phillip returns. Joan has been there a while is she coming home? Also Debbie has been there 5 weeks.

Ask Dad should there be clinic tomorrow morning? since Larry, Diane, and Joyce will be with the Dr. It could be canceled. If there will be clinic would it be alright to have Diane, Larry, and Joyce participate. Yes, have clinic they can take turns. I'll tell Phyllis

Call BR1 that Elaine George and her baby are coming in on Cudjoe they have to make an appt. for the baby to see Dr. Chin to check the baby's genitals. Contact again at 1:30 PM Also Chin has seen the baby for its respiratory problem and knows the baby will be coming for genitals. They will be staying at our house.

Wingo: He talked to Reid re: John. Reid said a verbal assurance would be given. We said it didn't mean anything. Wingo said a verbal assurance was all that was necessary and since Reid gave his word, it would be good. Told him about two people affiliated with Mr. Stewart who wanted to come and stay with us and Wingo cautioned against it, saying you never know about some people. Told him we had assisted others like that in the past. He said it's one thing to assist, and another thing to take people in. He said you've had enough experiences with people like Meredith that you should learn from them.

They asked Wingo what was taking so long for Jim's case to be resolved and couldn't he do anything about it. He said "No" it wasn't in his dept. He said something about Jim playing hide-and-seek if he came to town. In other words he should exercise caution. Our folks (Webbie, Terri, Tim and Jimmy) got upset at that point. They asked him who could do something and he said it was Bollers dept. He said Bollers has been on top of the case all along even though we said he had just been brought into it. He said a little pressure from Bollers would have gotten a ~~more~~ decision. He said, "What's Bollers doing for you now?" Situation seems at a standstill. Seems obvious Wingo isn't going to do anything for us.

Told them how Stoen was always in CIA and John was planned as a way of disrupting our org. Wingo said Reid was very much aware of the case, more so than he (Wingo) expected. This disturbed our people, because if Reid is so much aware, you think he would give more than verbal assurances if he really supported us and knew the gravity of the situation.

✓ Tim talked to Harry Harewood and he said that he did talk about the issue
of Mark, he did a piece on it-- He did a thing for AP also (he and Carl
Blackmon both work for AP) BUT even so, he admitted that he had been staying
away from PT-- that its been a policy to stay away from PT-- he was advised
not to play it up (quote) He said that he didnt think it was an anti-PT
thing just a play down policy. He said I exactly know how to put this its
sort of a "hands off policy" He said tha he knew that AP had picked it up
then he said that he had seen things that Hamaludin had done, and he was
a little concerned because Hamaludin didnt talk about th lawsuit at all
and thats what Mark talked about most of all. They talked about the conspiracy
but didnt talk about our lawsuit--he heard Hamaludin had led off their
copy by talking about the lawsuit but it was cut out. Tim said he wouldnt quote
to him and didnt ask for names. So we have it from 2 different sources
that news about us is being censored. Harewood was very fraindly .
