Had having a glass of sherry, we went to bed about 11<sup>00</sup> - both of us rd in bed for a while - I was reading Freedom at Midnight & rd aloud a few funny excerpts to Lor.

Perhaps because of the wine, I woke up during the night & can't go back to sleep - Lor was awake too & she went downstairs & made us some hot chocolate & a piece of toast.

I slept until 8<sup>00</sup> - Lou gave me  
bites of toast & 2 eggs  
Lou was going to go to get a swim  
flu shot this morning & afterwards visit  
one of Bill's sisters who is in the  
hosp, but it will have taken me out of  
my way to go w/ her  
Slept about 10<sup>00</sup> by bus  
Had an good entries

\* I thought Ingmar Bergman's film, "The  
Magician" was showing at the Richelieu,  
a theater half a block up on Steary - Lou  
had passed it highly & at 3<sup>30</sup> I went  
to see the matinee - however, I had  
mistaken the date - it closed yesterday

I walked down Post St to Union  
Sq & then up Sutter - coming back along  
Post, I saw the first of the revelers  
who gather on Polk on Halloween -  
here is the transvestite gathering  
place of SF & many of those parading  
were men dressed as women

I prepared a meal of macaroni &  
chase & canned tomatoes & etc & washed

Board 9<sup>00</sup> I took down to Buckin  
a few more items for her to sell at  
the flea market - I know she had  
stayed back from L.A. in order to go to  
the flea market

I went out for an hr to see the  
activities on Polk St - a huge crowd  
of both participants & spectators jammed  
see blocks on Polk - police were letting  
traffic through on cross streets - The most  
interesting sight was a young man in tight  
who expertly juggled a wand - at one  
place two drunken or giddy were stand-  
ing - I teased them & one asked me to  
dance, which I did

Her phoned in that she was sick & had a temp & was staying home for a day or so.

I called the Registrar of Voters & explained when I moved, asked if I'd be allowed to vote - after the law says anyone who moved before the 4th of Oct cannot vote in his former precinct, the person I got did not want to disclose, so her att'd seemed to be that no one knows when I actually moved.

I whine on the Miller contract all day - it was very diff' w/ many obs which presented probs of decipherment.

Mary was whiny on a short contract for Delbrath & later was making revisions on a litigation rpt.

I ate lunch outside.

In the aft after about 2 hrs the telcph line to the central computer dropped & I spent the rest of the aft waiting to get back on line which didn't occur until just before closing time - I don't stay as I had to get Miss Swarna's phone pass to her.

(over) C-1-A-6

I went to the Te directly from who  
had my dinner

During the meal her, an announcement  
made that people who had moved by  
Oct 4 were not to vote in their former  
precincts, so I gave up the notion of go-  
ing back to my former polling place two more

I cleared up a no of problems: I got  
a library pass from Terry Carter - I explained  
to Ken Young that I was not able to come  
on my Th eve science assignment; she  
asked me to find a replacement. - I  
told Debbie Blakey about the sit - she  
ad to let her know two for the entry  
they wd find a replacement for me; I  
returned the borrowed library pass to Ken  
at home I read Bats. -

She made candy corn - I was a  
bit night & it got too much so I  
some of the candy crystallized - I clean  
up for her

Wor showed in again that she still  
had a temp & was not in

I spent all day on the Miller contract  
I realized I had it stuck but I  
didn't try to correct it - I continue  
making revisions so as to get them a  
done

At luncheon I saw the second fol.  
"People" in the Times. Enterprise series  
it dealt mainly w/ immigrants & the  
offer to make a new life for them  
a 4th family, expressing their determ  
to get ahead, & belief that they cd, was  
shown

Worked till past 6<sup>00</sup> on the Miller  
contract in order to finish it - I  
was eager to get it done but, he  
done that, I forgot to order a copy  
I had to sign an order to order

I got downstairs & realized I did  
have my clipboard & went back to

(over) C-1-A-6

I was entitled to \$3<sup>50</sup> for dinner,  
so I took the bus to Jim's, a block up  
from my apt - I had a hamburger  
& a small bowl of chili

Then, took the bus to the Te - had  
heard there was to be a communal  
meeting but, prob because of the election,  
there wasn't one

I put my pers. needs in - Bates was  
not there - I had a copy of her  
last hrs' needs & I turned them in  
again

When I got home I found Bates in - she  
hadn't eaten - she had stopped at the  
ch & discovered there was no  
meeting

I listened to early election nets  
& typed from 9<sup>30</sup> to 11<sup>00</sup>

Read the map & listened to nets -  
the results was not clear when I  
went to bed at 12<sup>00</sup>, altho Carter  
seemed to be ahead -

C-1-A-6(5)

3 Nov - W

I had set the alarm for 7<sup>00</sup> but  
woke up bef. Bates left - I turned on  
the radio to get the results of the  
election - Carter had apparently won  
the presidency - Hayakawa narrowly  
defeated Tunney for the Ca Sen seat -  
Prop 14, the Term Ltd bill, was defeated  
as was Prop. 13, the Greyhound Racing bill  
candidates generally favored by the Te  
for the 1st Bd were elected - distr.  
election of supervisors was passed

Worked on final entries for about  
an hr

Walked to Kamin for my apt. ment  
w/ Dr. Holchstein at 10<sup>00</sup> - I felt very  
well & he thought I was getting along  
fine - the muscles in my face seem  
almost normal esp for a Twitch under  
my top eye which develops when I  
am under pressure - I got my shot,  
which he had ordered weekly & also  
my polio shot - This is the last of  
the inoculations I need for 1/2 yr

I walked to my apt - I haven't

been getting enough exercise since moving.

To the bus to work, arriving about 11:00.

Mary had picked up the computer print-outs - the Wilson doc. because of the teletype failure & my not understanding what to do, was "staked" - that is, there were no cc - it was in the wrong order & had been mis-numbered - I succeeded in assembling one complete copy of the text for Wilson, altho line nos were incorrect - I decided not to try to make corrections.

I saw a no of glum faces resulting from the election - Mary Caroline & ~~John~~ were ~~particular~~ unhappy - Brenda Hyatt-Barton on the other hand had voted for Carter - Mary voted for the Carthy - I told everyone I had voted for the Carthy - Rose Armstrong was disillusioned w/ Gov Brown because he had supported the Farm Workers Amens ~~ment~~

Then my seat in the audit. next to  
Helen Lee - she usually sees me a

The fact that a bus was getting picked

very high too as few people in the air  
line any cars not fully occupied any

Joni Alexander to drive me home

Don't you think the things all showed the man didn't think about he might have some idea of his line - father's sign for instruction, had a pilot car - saw all w/ my own eyes - if it hadn't been for Phony this little system then we have been made a mess of by your monkeying w/ the machine power

we left right away - I inquired

finally had had enough from  
Earlene w/ her negativity. Not only  
do the children hate her,  
because she's c/ them all the  
time, but her complaints about  
communal living had reached  
some cousins of Beulah who have  
a good income & were on the  
verge of coming into a commune -  
they told Beulah they had changed  
their minds.

Beulah sd that when Father

of people moving to Oakland,  
Pittsburg & so on, instead of San  
Francisco, she had changed her

he mumbled some words - sev. of the  
secretaries have been transcribing these

Got nothing done on girl entries

Betty came down later to tell me how that I was getting a raise, from \$30 to \$90 - she praised my dedication to duty, so no doubt I did find a place to put the extra money

When I got home I exercised, changed clothes

Then the music to the Te at 6<sup>00</sup> - very few people were there - ate dinner - talked w/ Dick Trapp about transferring my 8mm films to videotape during Christmas vacation

Saw Kaye Gibbs at dinner - I haven't talked to Kaye in a long time - I asked her if she was working, as that was the only allowable reason for her not to have gone to L.A. - she said no - I asked why she hadn't gone to L.A. - she said, "Maybe I should have gone" - a young woman moved to the table & conversed w/ Kaye for a while - aft Kaye had left, to get in line for food, the young woman

Peter was in a good deal of pain  
This morning & spent a restless night. I  
checked on him with some relief.

There was not for more medical tests

I had one revision on Cleveland's  
capture agreement - she wanted a  
print - not as soon as possible, so I ran  
it off on the machine

Got my lunch outside, as the  
weather is still mild

Pete will come in to see a contact  
at ATC or Peter's studio, but has total  
loss of power & is not attempting  
to talk over the radio. He appeared  
operators in the Ad Processing Center -  
He says the Department has been  
closed since the accident. He  
wants to use the machine  
12th, he doesn't know, wanted to  
know, still some more & wishes his  
own party of people to - however,  
was insisted - Peter won't have the  
idea until Peter's side of the job

been in to see her - she had telephoned  
the doctor, who sd - he was sending  
her some medicine - she hadn't  
wanted to go to him, as she sd the  
govt want pay (she has veterans rights),  
altho she admitted medical wd

I did my exercises but was not  
quite through when I was informed  
dinner was ready - I went down &  
got food for Bates & me - it was  
veg soup w/ rice & apple sauce & Bates

Already late, I had to wait a long time for a bus, so didn't get to work until about 8:30

to stay with her during season - she had  
studying to do

Play down for an hr but didn't go to  
sleep - Chris put her out towels on Bates

Chris gave me some of the soup she  
had brought up - it was very thin - I didn't

that if they waited for Father to

This remark got approval & it seemed  
a heavier offering than usual.

in you state wealth of Chile - people understood  
only way to go forward & justice was to have a  
gov. of them were in charge of their resources.  
these crops had taken much more wealth than  
their investment - the one they had made held.  
one of a necessity & etc - we have changing  
institutions - and the capital was sent down to  
the other - they needed to have us oppressed -  
crops for small number of traitors to carry out  
foreign crop while own their jobs - wanted us

for interests did it - gov of people who  
wanted change has turned into brutal dictatorship  
brutal fascist gov torturing & killing people -  
Delayed in Chile because it was my duty to  
be where the people are - she put in prison  
several times trying push me out of city - then  
kept me in concentration camp when I can  
hear tortures wanting to force me to tell  
press, "It's all right, we must struggle" -  
I can not be a traitor - duty to cont. to struggle  
so people can become free - put me w/ all  
women who had been tortured - wanted these  
women to reveal location of board cross  
active in move - tortured them by electric  
shock until they fainted - chat more for those  
who helped each other - one woman is face  
deformed - tortured babies too - all people  
crowded in a little room - they expelled me -  
one woman w/ small baby ~~left~~ left - mother  
poor - they gave their food to child. &  
women coming back from torture - courage  
conviction that these women live - conviction  
that people of Chile going to regain their  
freedom - just as courage to go outside &  
tell you about their resistance - Carter told  
Ford that justice only kept in prison only w/  
our money - we had duty Carter fulfill  
his promise, make sure not penny goes to
