### - 21 March - Su

Woke at 9.00 - bathed

Prepared bkfst while the others dressed - for brfst I gave my guests applejuice, hamburger patties, fried eggs, toast, jam, Sanka, carbo milk for the child.

The two children with Lue Ester were two little girls, Lisa Williams and Lawanda Mitchell - I don't think they're relatives of heis - Lic is her our child

Vicki washed the dishes - one of the girls was supposed to help her rinse but I don't know whether she did or not, as I was dressing

//1 We had some diffic. getting everybody through in the bathroom//

We agreed it would be good to get to the Te early - I had Vicki leave the rest of the dishes - I called a cab - we left at II.00 - service was scheduled for 12.00

We entered the Te by the back door as we had last night - tho the line was not long, the auditorium was already nearly full - I was given one of the usher' seats - I tdidn't have my head scarf - thought I had lost it during search or sign-in - bought one from one of the women from L.A. who was selling them, as I couldn't be seen taking offering without one

The serv started at 12.00 - prelim. announcements were made - a telecast was being made downstairs - KGO had wanted to broadcast the "Wire Choir" -- those who are trying to lose weight by wiring their teeth

The choir sang

J. introduced the first speaker, Inch. Furth, who

C-2-A-7 (70)

as an attorney had represented us in the Exam. matter he is running for State Senator - has always repre't liberal causes

Next was Harvey Milk, who, J. sd, had had the courage to back the gay movement - Milk said he had dedicated his life to building bridges between people - he is running as a State Representative - asked for our backing

J. took an offering by sum - when I came back my seat had been given to someone else - many guests had come in and those of us who gave up our seats were told to come down front and ait on the platform, which I did - it wasn't comfortable but Ihad an excellent view of the rows of distinguished guests and by craning my neck could see the speakers

I had a particularly good view of the young women who presented their African dance and Frances Johnson's group who presented their dance about conditions on the slave ship

I was particularly interested in watching Angela Davis who was sitting on the front row - she paid very close attention.

J. presented a series of speakers:

Dennis Banks is being moved to Oregon where he faces charges - J. said it is likely the Ore. gov. will be more favorable to refusing extradition of him

Willie Brown - expressed his opinion on whom to support for pres - after observing all the candidates his advice was to vote "no" - he spoke about Cezar Chavez and the Labor Re. Bd.

C-2-A-7 (91)

John Maher of the Delancey St. Foundation - a white man

A representative of the nation of Islam

Sheriff Hongisto who was very emotional about the situation which had developed regarding Chief of Police Gain - he spoke of the issue concerning Gain's banning the Amer. flag from his office, which had been used by the media and the rank and file police to stir up discontent - he said the press knew about the flags two weeks ago - he could only speculate what their motive is in revealing it now - he warned that powerful forces were trying to get rid of Gain

- J. led the congregation in sing "A Mighty Fortress is Our God," inviting the audience to pay attention to the way in which we have changed the lyrics to indicate that socialism is our god
- J. spoke briefly right away he used the word "shit" saying the Bible is full of it he joked that he meant that the Bible used a word which was even dierier in their language: "dung" Hongisto particularly seemed to enjoy this and other cracks about relig. which J. made, for he ran the gamut, i.e. I graduated from a cemetery, I mean seminary
- J. then presented Angela Davis she is slender, with rather light skin and hair, but with an Afro - her voice is soft and her accent cultivated - her scholarly background was obvious

At this point I was offered a seat about three rows down

Angela gave a long speech - she said she was grateful for the help given to her by the Te - the bulk of her talk

(-2-1-7 (72)

was on her work on behalf of prisoners - she gave details about the numerous people in jailon account of their relationship to progressive causes - N. Car. is a particularly bad state - she asked us to write letters and to join a demonstration to be held on Labor Day in Raleigh, N. Car. - she emphasized the neces. of all standing together

- J. said we would try to send a delegation to the N. Car. rally he took an offering, the proceeds to go to the cause of the prisoners for whom she was working I gave \$5.00
- J. healed several people while the guests were still present one woman had a cancer removed from her body being
- J. dismissed the meeting at 5.30 ~ the meal was served outside

I got a ride to Hayes St. where I took a bus which came along quickly

Was home at 6.00 - nevertheless had only time to eat - had hoped to press clothes - the eve. mtng was sch'd'd for 7.00

Did not start back until 7.10 - I beo't Beulah's blanket which she had forogotten - had found my head scarf at home - had to wait for a bus for 30 mins. - arr'v'd at the Te about 8.00

Serv. had not been in prog. long - testimonials were being heard - J. was on the podium

Rick Cordell th offring

A group of little girls sang "Git Away" with gestures

J. gave a series of warnings, rather than bring the culprits on the floor:

C-2 A-7 (73)

To those in communes who bear tales or tell lies - blood relationship doesn't count - "we're going to see that everyone works out his own plan of salvation"

Those who think they can have affairs with outsiders: write how you're going to make recompense

Anyone abusing a child sexually (a man): cease

A minister's son who has shoplifted, impregnated your seed; you will keep the rules

J. spoke of today's mtng - Angela had said: Let me count this church my church - we got TV pictures of all the officials today with their hands up in salute - this represents insurance for the future

After a brief meditation period, J. disms'd mtng, urging all who felt they shd give s'thing, pref. \$3.00, to come to the altar - most of the congreg. went up - the mtng was out at 9.30

I talked with one of the L.A. women who had been on the bus last night - she sd. they had never gotten any lodging and had to stay on the bus all night

I had a long wait for the Christians - then Vern was held beh, the concession stand until 10.30 - I had a talk with Gene Chaiken, who got himself some bread & peanut butter from the kitchen - he doesn't mind living and working in the same place, as he gets out to appear in court and so on, tho he admitted he doesn't get any exercise - he missed the agric, work in the p.l. which was the kind of work he would have chosen rather than law had he known more - "but I'm good at the law and this is the way I can serve right now"

(-2-A-7(74)

The New Birth Dancers (the Te girls who do African dances) performed

Tim introduced Jim who introduced the choir, which sang "United We Stand" - the congregation sang "Lift Every Heart and Sing" - Norman Ijames ang "Sing a Song of Freedom" - the congregation sang "Born Free"

The visitors, about three rows of them, had been coming in with their Te companions - I was not sure which of them was the reporter whom J. considered a threat nor which was the reporter from the Examiner whom he had invited - J. introduced some of the guests: Willie Brown, District Attorney Joseph Freitas, Dennis Banks, & a rep. of the Nation of Islam

J. said he had been asked to "sermonize" - ordinarily he did not preach but answered questions, saying he preferred to respond to what was on people's minds - this he did now - some of the questions concerned his attitude concerning hell (he believed God would not be less kind than he, a human being, is), eeuthanasia and capital punishment (he was extremely cautious about giving people the right to end life and was opposed to capital punishment), what made him work so hard and what was his view of his role in regard to human service (these he movingly explained how he felt about the intense suffering which others endured, such as the mother in Ethiopia with dried up breasts whose baby was starving - "I'm a human being like her and my children have enough to eat, why should I be privileged?" - he received two questions about healing - the first was a white woman who complained of a pain in her neck and back - tho he explained that he did not like to emphasize his healing ministry, there was no doubt that some people have such gifts - there is not accounting for why some people are healed and others not - he thought compassion might be the clue, but he had had a great deal of compassion for some whom nevertheless he had not been able to heal - the second person was a black person who also had back pains - J. asked her if she was not jealous because he had healed a white person and she had not been healed - she said yes he was able to heal her - he added that he had had to make an effort in this case, but he could not heal a white person and leave a black one in her pain

## // whom he healed//

J. dismissed the meeting at 1.00, saying that those who wanted to speak with the nsp. reporter could come to the platorform; the rest of the congregation should file downstairs preparatory to paying a visit to the Nation of Islam - he said the child. cd go out and play which gave them much delight

I found Beulah again - the congreg. lined up in separate rows, male and female - we left about 2.00 - most people left their purses beh. in the Te - Beulah and I put ours in the trunk of my car

The Muslim service was extremely boring, consisting of prayer, a long sermon dealing with incomprehensible theology, and some remarks about marriages, betrothals. and births, plus a display of a man's suit for sale for \$85. I think made by a member or members - J. and the leadership arr'v'd toward the end, and J. was introduced - the speaker had emphasized the new tolerance of the Muslims on race questions and was friendly toward J and the Te visitors - the Muslim mtng ended about 4.00 - attendance had been rather sparse and I noticed few children I didn't want to stay at the Te for the meal which was being served, as the crowd was too large and I had no problem as I had the car - I invited Beulah to come home with me but as I had little that I thought she would like, I proposed going to Geary and getting some Chinese food - this matter had not been settled when we met a Te member, Evelyn Benefield, who had our purses in her hand and asked if we recognized them - she had found them in the park - they had been removed from the trunk of my car - Evelyn wouldn't turn them over to us without consulting the Te authorities - we checked the car, which showed no obvious signs of having been broken into - nothing else had been taken

We went back to the Te and spent a hr trying to find our purses - we were told they had been turned into Gene Chaikin but when I found him he said he hadn't even heard of the incident - I also talked to Tim Stoen - told Jim McE about the theft and he came up to look at the car - finally we found Evelyn again and we cleared it with security to get the purses returned to us - both purses had been emptied out - Beulah got back most of her belongings except for about \$8.00 which the thieves took - I lost the \$5.00 which I keep for emergencies in my wallet, what change I had, about a dollar's worth of stamps, my Te membership card, my apartment

house keys, my bank record - though not my checks, my little notebook, my compact - my pen had been ruined - my personal papers were intact in my wallet - with Evelyn, Beulah and I returned to the park to see whether we could find additional items - mostly we found pieces of paper from my notebook scattered around - one of the Te young people told us he had seen some small boys playing with the purses, naturally not knowing they were ours

I had some food at the Te - wrote a preport on the theft for McE - Beulah had to leave with Maxine and didn't have time to turn in a report - we went back to the car so that she could get her luggage - I drove home, because I wanted to see ifMrs. Heitmeyer was there - she was home and gave me duplicate keys, but she was not favorable to the idea of getting my lock changed - she said the apartment

house was being sold and no repairs were being made

I cleaned up, had a cup of Sanka and return'd to the Te

The strike continues - talk of a general strike - Betty picks me up each morning

Again, no one gave me any work until late afternoon

Aft. making my jrnl entry, I spent most of my time practicing on the MagCd, using the instruc. book - I was trying to master the iuse of the index return and the track link so as to be able to revise copy

At noon went to the PG&E bldg. to hear the SFSU Amer. Issues Forum - last week I had missed Urban Whitaker because I stayed out sick - Norma McCoy, child psychologist, was the speaker today - she spoke on changing family life - statistics she gave showed the rapid fluctuations that have taken place in the areas of the role of women, care of children, increase in suicide, homicide, delinquency among the young - she took a largely pessimistic view though her spec. field is sex differences - I ate my lunch during the lecture

About 3.00 Betty Vasil brought in a xerox job on which she had several of the secretaries working - I had to xerox an entire file of some 288 pages - the case concerned an alleged violation by Bechtel of federal safety rules on a construction job - I had to use a ditto machine on the 22nd floor and use supplies of other secretaries - I barely finished before the close of the work day

Betty Barclay waited tonight for traffic to thin out, so we didn't leave the off. until about 5.15.

Royd. my federal income tax refund tonight - \$114.10.

I didn't have time for a nap. I got some dinner and changed clothes. Christians phoned at 7.30 and took me to serv.

Testimonials were heard.

**教育を出いるという意味、いくまれい名を生まるからない。他はないのからないのできるとなっていっている。** 

Jim came out, in an ebullient mood, starting with, "Everyone say, 'Shit on church.'" He paid a tribute to the people who had been wonderful in getting our nsp. out- we distr'b'd a half million copies this wk - he sd. our enemies have made us mean - he told of the Doukhobors in Canada who maintained their freedom though on one occasion they had to strip all their clothes off and appear nude in protest against restrictions - "Jesus was a radical son of a bitch" - he spoke of the difficulties which the enemy had put in our way this past week or so - all black leaders and progressive whites had begun to suffer oppression - Phayboy had made a mockery of Cecil Williams - he told J. he couldn't get any of his congreg. to write letters for him. J. told him, "We'll write for you, Cecil" - liberals are no good - they won't back you up - even some of our own people have deserted us - if it hadn't been for the people from L.A. this audit. wouldn't have been filled tonight, as it usually is, because "some of those folks stayed home" - he told of the disgraceful behavior of the Indians on Sat. in connection with Dennis Banks - they wouldr ride with blacks, had to sit with people of their own tribe -Dennis Banks told the nsp. "not to hurt this man - he's the only friend I've got" - - the appearance of our nsp. and the s who were climbing hills and steps to deliver it made a big impression on nsp people - J. was lavish in his praise for "you good motherfuckers" who worked - William Kuntzler, lib. lawyer who had defended so many liberal leaders, told him on Su, "I've been so lonely. I wish I had a family like this."

The congreg. demonstrated triumphantly, singing & shouting & J. leading them danced - then he turned his back on the aud. and went down quickly from the podium - I had a seat beside Magnolia - I told her perhaps J. was ill - he came back in a few mins. with tears in his eye, said "I hate to

see that some of you are not there" - I had made a plastic covering for some pictures from the Chronicle which showed a middle-class black man being beaten up by whites in Boston and stabbinng him with the standard of an Amer. flag - J. had it passed around through the congreg.

J. sd. we wouldn't go to L.A. this weekend while we were under fire

The offring was taken

J. gave commendations: J. C. Williams and Pauline Groot for their work on the nsps - Colton Henry for hard work - Vernell Henderson for her help in the communes.—Clifford Gieg for his work in the carpentry dept. and his soc. attit. he's the head of his class - Maya Ijames who was sweeping the stairs "because they needed it" - Joe Beam who takes a secur. task on himself to guard the stairs - Connie Fromm for many extra services

A film was shown called "African Drought" about the famine conditions in a former French possession in equatorial Africa - children, starving, being eaten up by flies, were depicted- the desert is encroaching farther each year - the orig. grass had been replaced by Amer. advice with a type which is not drought resistant

J. warned of what might result if a gen. strike is called in the Bay Area - America is beginning to fall apart

Judy Merriam and Frances Johnson did dishes for the crowd which came from L.A. - Bobby Stroud is very cooperative in the commune - he is thinking of marine biology as a career - Frances Johnson was also commended for work on the distrib. of nsps

KGO-TV sent us two drug addicts for rehabil. & Joe Wilson has been doing a wonderful job with them

Mary Ann Casanova is tireless in her attention to child. - Mau Perkins has given exceptional service in two areas: sewing and in the Redwood Valley kitchen

Tobiana Stone was brought on floor - she has been behaving badly, gets spankings - she missed the children's mtng & lied - as she has been good before, she gets a break from Dad - "Be good and straighten up."

A large amt. of beef has been purchased for the Te

J. was dismissing the mtng early as we have three big tasks ahead of us - the meat has to be cut up, nsps delvrd & letters written for a pos. emergency and be ready to go

Diane Lundquist will be opening up a store in San Francisco on Divisadero - she has maintained a good attit. through severe changes

After another offring and a meditation period, the mtng was dismissed at 11.00

I volunteered to take one of the guests from L.A. home, although at first I had tho't it wd be too much for me while I was working - a woman who had once stayed with me in R.V. asked to go home with me, Lavana James - I told her to get her luggage and wait for me downstairs by the front door - I checked again to see what to do to get a new membership card - I was told to see Yolanda Williams but couldn't find her - I also tried to find some transp. to bring Lavana to the Te tom., as I assumed she would be coming back to help deliver nsps - all cars are being used to deliver nsps. so I did not have any success

I waited a long time with Lavana for Bob Christian - feared that he had gone, but I bel. he was taking others home - tho I had told Lavana not to move, she went back to look for a blanket - Bob already had a load and I told him to go on - I didn't know whow we were going to get a ride - Glenn Hennington took us - He is in chge of transp. for the Te - sd. he would get only an hr's I sleep ton.

# 7 Apr. - W - 5

We got home about 2.00 - Lavana was tired after two trips from L.A. and delivering nsps. for two days, so she didn't want to return to the Te tom. - she is 75 - she sd. she went back to £ L.A. on Su eve. because she didn't have enough underwear with her - On Mon. people were called and asked if they would ret. to S.F. - she suffers from arthritis and her legs were giving her trble

I had some toast and peanut butter and toast and jam and Sanka - Lavana had gone to bed on my bed and I slept in my sleeping bag on the floor - I went to bed about 3.00

#### 11 Apr. - Su

I woke at 7.00 - while I was taking my bath, Lavana got up

Lavana got brkfst while I contin'd to lk through folders for my unapid bills and bank statem. - did not find them, hoped they were at the off - I sorted and threw out much out-ofdate mater.

Wrote 2 ltrs. as requested by the Te

Lavana had gone to sleep again & I lay down too, as Bob had said he wd take us to serv. about 11.45 - however, he called, saying he was lving at 11.00

As today was Open House & the Muslims also were visiting, sp. seating arrangements were in effect - I was put in one of the seats tow the front reserved for white people, so as to integrate the aud. well

J. opened mtng little aft 12.00

Little girls from L.A. did "Msg. to Jacklegs" and a new one, "We've Been Cheated"

J. sd. some of the staff was off on missions - later I learned the Democratic groups were caucusing to choose reps. to the nominating convention - J. sd. that betwn 5.00 & 7.00 we had to visit a senator; he ask'd who wd go

Angela was bombed this wk but no one was injured, showing efficacy of being in this orbit

#### J. # offring

J referred to article in nat. mag. which defamed Cecil Williams - the enemy intended to do a hatchet job on us the same wk, but "aft. seeing what they did" the reporter

C-2-A-8 (58)

had rewritten the article four times - "Let them rewrite it eight times until they get it right."

Another set of nsps will be dlvrd - child. & yng people will work during Easter vacation getting them out - we need even more ltrs. to have ready if something is published agst our interests - "they will get so tired of rding ltrs they'll never write anything again"

The choir sang - the congreg. sang

The Muslims arrvd

The girls did "Msg. to Jackleggers" again

J. rd announce from Nation of Islam concerning the joint convention in L.A. on 23 May in which we will agree on common action - J. explnd our stand on spiritual healing

J. appealed for ltrs. to the mag. which had defamed Cecil Wms - he described the attacks on black leadership which are occurring all over the cty - legis. has been proposed to kill the aged over 80, sterilize all blacks - spking of the charge that Wms advocated "Fuck the Church," J. sd. the church needs to be fucked so that it can bring forth child

We are one with the Nation of Islam - Christians & the Bible are our enemy

J. introduced the leader of Nat. of Islam who spoke - he used as text the People's Forum nsp.

The Muslims left at 2.00

There was a healing session

The church was opened for new members

C-2 A-P (39)

J. had the congreg. touch the altar

The mtng. was out at 3.00

, t

Everybody was spsd to go to the Muslims today, incl. child. - we formed a double line - women left their purses beh.

We entirely filled the Muslim temple - arrvng about 3.15, we were spsd to stay only 45 mins. - the minis. taught from the Bible - the mtng lasted until about 4.45

As we were sped to be at the polit. mtng at 5.00, we had no time to eat - I ret'd to the Te & changed clothes & got my purse back - I walked up to the polit. mtng which was held at the Eastern Star bldg. at Turk & Fillmore - I didn't know what to expect - some tables at the sides of the rm. were occupied by Te members (secur. guards & nametakers were in uniform, with the excep. of headgear) - chairs had been placed for the rest of us who came in - hardly anybody was present exc. Te people - wine was being served, which we did not take - a few minutes later cold drinks and pieces of chicken and bread were served - Fred Furth was the host - his workers were passing out lit. for his campaign for State Senator - he was talking with various people a band, composed of Mexican instrumentalists, played for dancing, and many of our people, esp. the young, got on the floor - Bol Christian asked me to dance - I sat bes. Don Beck - the Becks are living at East House in the Valley with the three child. who were in their home in Ukiah: John Gardiner, Jackie Fontaine, Danny Beck - Don is still teaching kindergarten - Carol Stahl and Tom Grubbs are also still teaching in the area

Mike Prokes introduced Furth for a short speech about his candidacy

Just bef. we went back to the Te a little bef. 7.00, more guests began to arrive - I was told they were from Cecil Williams' church

C-2-A-8 (80)

At the Te the line for food was still long ~ I got a plate and a place to sit at the table and even got a dessert

I was in serv. a little bef. 8.00

Marcy was present - the congreg. was singing

J: We are aware of some situations which need counseling - we have been too busy but yr time will come if you've done s'thing to be ashamed of

J spoke of the increasing encroachment of the opposition as he took the offring - many of our people are caught up in the capitalist world, adults as well as child. - he noticed it esp. in the food line - we ought to strip down - each could put \$15 in the Te - bes. you're hurting yr health

Nsp. distrib. starts 8.00 tom. - yng people from L.A. had better be here - don't think you came for a joy ride - the L.A. seniors have been angelic

The brother from Fresno played ragtime 7 num. couples danced - Davis Garrison started with Mother Jones - Don Sly & Brother Mercer were good

Commendations were issued - Frances Johnson for work in the kitchen - she was willing to do any job - young Rick Cordell won a talent show

J: We do not have enough ltrs - get them from child. too - people must stay ton - he took names of those who would stay - "time is running out to avert disaster"

J ans'd questions - most were on nsp. delivery

One was on cash-win programs - cd some of our people appear on them - J sd all of them are arranged

C-2-A-8(4)

### 11 Apr. - Su - 5

J is to be on Cecil Williams' TV prog., "Vibrations," next S at 4.00

J sd. if any nsp attacks us, cancel subscriptions immed., don't buy the paer, don't advertise in it

Garrison asked about Kissinger's threats if Cuba continues intervention in Africa - J: Kissinger huffs & puffs, his huffs don't matter much

J called all RV child. 12 and over to come down & give names to make sure they work

Rory Macon (Dee-dee Macon's son) was sd to have a negative attit and not to have worked this week - Janet Tupper was also hostile - J spoke of the sacrifices he makes, working night and day, making friends of the Mayor and Dist. Atty - "I don't do it for myself"

The L.A. people left

The mtng ended, aft revelations, about 11.00

Christians tk Lavana and me home

I had s'thing to eat

I went to bed about 1.30

#### 12 Apr. - M

In the morn. typed 2 items for Carolyn Thon; in the aft. started to type a long Leg. Instruction for Maggie

At lunchtime I walked up to the telephone co. office on New Montgomery - Betty Barclay had showed me where it was - I hadn't known an off. was close enough to avoid paying postage - I always mailed checks bef. -I pd. charges for 2 mos - bo't stamps at p.o. across the street

Betty stayed an hr. to work on her income tax - then took me home

Lavana had dinner ready - we s had short ribs with vegs

Lavana did the dishes - she had spent the day doing some mending on my underwear

I phoned Christians to find out if she could get a ride to the Te tom - Bob, who is still laid off from his job, sd. he was going in about 9.00, would pick her up

I worked on my jrnl starting at 8.30 - finished entries for 1 to 15 July '75 - proofread the section - as my floor lamp has a frayed cord, my light wasn't very good, and Lavana had none - however, she doesn't read much - she went to sleep

I quit at 11.30

Read nsps.

Went to bed at 1.30

#### 13 Apr - T

Lavana got up early this morn., as Bob was taking her to the Te

I struggled all day with the Leg. Dept. Instruc. started yest. - setting the tabs was my problem

At lunchtime went to Energy Forum film on nuclear research - didn't understand it - kept going to sleep

I broke my thermos filler at my desk

Gail Carney's husb. has sev. job offers, 2 from Bechtel, & they may not go to Boise

Betty left on time aft. work - she let me off at Turk & Masonic - I walked to the drugstore in the Petrini lot, bo't a filler for my thermos

Betty told me Chuck Stiles is looking for another job, althoushe knows he is already getting more pay than the other secretaries - he is perpetually aggrieved - Betty herself has been having a bad time with Mr. Braman, who is sists on supervising every detail

Lavana phoned at 6.00 - she was at Christians - I let her in - she had spent the day making sandwiches in the kitchen

We each ate what we wanted - Lavana washed dishes & I tidied up - I don't like the way she does dishes

Lavana started to pack - she intends to go to the Te with Bob in the morn. and stay there, leave tom. night with the buses
