

26 Nov - 5

Hot up at 8⁰⁰

Went to the Te for Hest - it was an
excellent lunch of scrambled eggs, a big
slice of bacon, baking powder biscuits,
some preserved fruit & coffee

Carol Stahl, who has been examining
tells me we have w/c view to sending
to Guy worth while ones, asked me to
look at & give my opinion of the Eng. &
some of the spec. sent her - I spent some
time looking at them

Went to the Height Comm. Food
store & shopped for vegs & fruit - finished
my card home arriving about 12¹⁵
ate some lunch

Had a nap.

Josie has been in a good humor for
the past few days & I have had a
trick w/ her - she went out & got a
chicken & some greens & cooked them,
instead of going to the Te to eat tea

on my way out of the apt bldg I saw
Judy & Bernard in a front yard of the
landlady - when I saw her at the
Te, Judy said the landlady had seen
Roosevelt Turner hitting his dog w/ a

and she was indignant - it was a
deed of dishonor given to T. to take care of -
she later told me there wasn't much
the T. can do about it - I gather the
T. is afraid that categorizing a
member may drive him to complain
to our enemies & cause us trouble

I had dinner at the T.

I went upstairs, tried to translate
for Sue Ann Williams a song in
Russian by Tch aikovsky - I didn't
make much out of it but I made
a scrap of it to take to the T.

I wrote a letter to the Berk. Berk
didn't a letter published by them written
by Gary Lambert on the T.'s supposed
fidelity a soon - I had not been
able to find the time earlier

The beer at which Hue Johnson &
Mary presided had no unusual features
& was out early - I did not see Model

With the other 1029 Navy residents,
I waited for a ride home w/ Miss
Severns, which caused me a small
delay

11 Johnson - Veda told me she
had Thanksgiving w/ her daughter

Rosie James had come up from
L.A. & stayed w/ us, sleeping in Collette's
room - I had a snack, rd, went to bed at 12 or

27 Nov - Su

Jessie was up, about 7³⁰ + woke
me - I got up at 8¹⁰ - bathed
I got things for Rosie James + my 2 -
I made biscuits, a fried egg + sausage
for my 2 but Rosie had only have a
piece of toast, a poached egg, + some
sausage, besides grapefruit, as she is on
a strict reducing regime. - Rosie is
waiting for the Quakers in L.A. - My
Hazel helps here

Vernell Henderson the us to the Te
at 10³⁰

Laurie liked my ltr concerning Henry
Lambert - I signed it + addressed the
envelope - Laurie + I discussed briefly
what I might write on for The People's
Forum

The Te service, conducted by Hugh
Forsman + Thom Tracy, was not very
well attended + was short - we were
out at 1³⁰

I went home on my 2 + had to
dinner I prepared last night w/ 2

(over) C-3-A-6 (88)

& washed the dishes

I slept for an hr & a half - no one else came home

I spent an hr making joint entries on which I have got Dutch help.

Thru the bus to the Te for the sev. serv at 6⁰⁰ - Judy Kerrison & Patricia
x x another senior who has
been moved in on the second floor,
were on the bus - Judy was still very
agitated about Turner, who is apparently
still flaunting hundred dollar bills

In the sev. people were recruited for
2 events: a reception for a Sov. trade
unionist at the Green Bus Hotel Tues
night (I arranged to go) & a crowd
hearing Tom. where in which Ron Williams
is interested - it proved to be very diff.
to get enough volunteers for the latter.

Most of the sev. was spent in looking
again at the complete set of films of our
Ague. mission - altho it was intended
for those who had not yet seen them,
I bel. not many attended Tom etc. newlev's
membership

27 Nov - Su - 2

We were dismissed about 9:30 & were asked by Mary to touch the altar.

Catholic Mass was a little late I decided to wait for her - Mabel Johnson, who I had seen in the morn. service, & whom I had not seen earlier too, was on the sidewalk waving about a' thing - I almost took Mabel home to avoid unpleasantness as there were more people there than I could carry in one load, but it was decided she should come back for Julie Rummels - I didn't realize it at the time but I find that Virginia & Jossie the Tyner's home rather than Gladys w/ Mabel - Gladys came up to our apt & from the desk, Mabel insisted she had it to be in the first load all the time.

I prepared a snack & rd a while - both Jossie & I went to bed by 11:00

C-3-A-6 (90)

28 Nov - M

Jossie got up at least 3 times during the night & woke me up 3 times - I had expected her to sleep well, as she was at the Te all day yest., & I did not go to the table of moving my bedding into the other room.

At 10:00 I told Betty Vasile of my intention to resign at the end of Dec. - I told her I would agree it if she didn't say anything to any one else, that I expected to get a teaching position w/ an org. rehabilitating young people in S. Amer. He was not part of the details - I think she actually admired & envied me - I told her I would take a few days off when my sisters came - she will take care of the nec. resignation details - I have to be at work 30 hrs to check out - I told her I intended to go to Virginia Duncan.

I didn't have much wh - I did a no of pers. tasks - I phoned Soc. Sec. to make sure my last yr's earnings were eventually be included in the amt. of my monthly checks - I called Harold

(over) C-3A-6 (91)

Schweitzer to ask her if she would translate the Tschakovsky song for Sue Ellen Williams but she won't be in until W - Barbara has, one of the secretaries who most dislikes smoking, had obtained some of the petitions being circulated in order to put a smoking regulation initiative on the ballot I photocopied some of the other secretaries who agree w/ our sentiments on the subject that I have the petitions, & I phoned for more of the petitions.

For Mark who is leaving for So. Africa ton I went to the bank to get an advance for him - also typed a memo for him.

At lunch I went to the BWAA to hear another in the HTH series - the speaker was Cheryl Brown who is director of "Forty Plus", a women's center for middle-aged women - she discussed menopause - her material & her presentation were excel - the group was small - Blenda Hope introduced her - at the meeting where Brown was discussing communal living for seniors,

(cont)

C-3-A-6(92)

28 Nov - M-2

I told her I was a member of P.T.
& remarked that our seniors lived
communally but we stood in all
ages living together - I felt, as I had
w/ Hope, that her reaction was
negative to the Te

I told Cathy certain of my retire-
ment plans & asked her not to tell
anyone else - I like Cathy better
than anyone else at Bechtel - Norma
Bondoc also knows that I am leaving,
as she knows me calling her. See!

I had on my goal for an hour
two

The last hour of the day I was on the
reception desk

Went to the Te for dinner

Since the rest of us home - when
we started talking about hotel I know
she cut us short & insisted that we
not indulge in gossip but if we had
complaints to turn them in to mother -
she said she has taken the same
attitude w/ other seniors certain in the

day - Gene is on the Council & is quite
principled

at home I exercised

at his for car he on my girl

I had a snack & read maps

at 10⁰⁰ I moved to the other

room - rd for car he & slept there -
went to bed at 12⁰⁰

C-3-A-6 (94)

29 Nov - T

Had no work all day etc one short memo for Huffman at the end of the day

Spent a good deal of the day catching up on journal entries.

My left arm has been gradually getting better, & I have decreased the medication I was taking to about one a day, but doing so much writing did cause me some pain.

At lunch time I saw the Bill Cosby film on "Prejudice" - I have seen it at least once before - then ate my lunch.

Went to the library for an hour or so - was looking at the Encyclopedia Britannica to see if I could find any info about Amer. ownership of Phil. plantations, as I thought I might write on poverty in the Phils, using for basic material a series of articles which ran in the Chron recently.

Huffman treated me down to the

(over) C-3-A-6 (95)

library to give me some work to do,
which I just finished by closing
time

Went to the Te for dinner

Had a convers. w/ Miss Stevens -
told her I admired her for taking
a stand against the backbiting and
indulge in w/ regard to Rachel.
Johnson had still mentioned that it
would be easier to repair if all what
more decisions did I had about her
to take advantage all the time -

x Miss ad Breen x would be
going to Bay shortly

I put my needs in

Those who had volunteered to go to
the reception for the visiting trade union
deleg gathered in the estate room &
we left in our cars about 6³⁰ - the
reception was held in one of the dining
halls on the waterfront - elaborate refresh-
ments were set out on tables, as well as
wine & vodka, & for about an hour
people conversed, ate & drank - we were
told we got drinks - there were 18

(cont)

C3A6(96)

29 Nov - T-2

delegates of the trade unions from the
Sov. Union & I had some conver-
sation w/c few of them & presented
my Russian - a large no of Amer
union people & others friendly to pro-
gressive causes were present

A program followed - a Sov. speaker
w/c translator gave a hist. of the
Sov. trade union movement, members of the
deleg were introduced - their questions
from the aud were answered, again
w/c an interpreter

The meeting ended at 11⁰⁰

I was home by 11³⁰ - Virg. had
gone too

I prepared msgs for my lunch time

Went to bed about 12⁰⁰ in Estelle's

room

C-3-12-6 (97)

30 Nov - W

I had very little to do

I solicited signatures for the req. of smoking petition - learning people's reactions

Phoned Doris Schwartz about translating the Tschakovsky song - she is very busy but let me bring it down to her just before lunch - she sd she wd take it home - she never learned to write Russ.; - when she started sch, instrs. was in Eng

It was a warm day - late outside - then I went to the post - off. & got stamps

Phoned Dor at wh - she sd she was arriving on 17 Dec but had to ret on the 20th - Edna was arriving later, was going to spend some time w/ Alna - Dor doesn't want lodging w/ meals; otherwise any arrangement I'll make will be acceptable

1/2 whether they are smokers or non-smokers - their motivations are diverse - for inst, Lynn Schenker altho a smoker signed the petition as she wd feel better

(over) C-3A-6 (98)

having plans reserved for smokers whereas
she I want to be spending others - Cathy
Castell, also a smoker, goes so far as to
wish cigarettes to be banned, also, because
she wants to quit smoking & needs help -
on the other hand, Penelope Porter cannot
sign because she's not a registered
voter, altho she hates smoking & tobacco
smoke - Bob O'Hell who smokes heavily
sa, "I'm not going to sign that" &

Betty Vaint needed some info from me
on my resign. & a memo from me stating
my plans & I also filled out a statement
in which one can state the reasons
asking for early retirement - I wrote a
page expressing my feeling about the deter-
ioration of Adams life, w/o saying that
Beetel was in any way to blame

The Kumi home - I cooked the rest
of the lamb stew meat & some green beans &
candy flowers to put w/ the left over veg. &
made a salad - etc - also prepared
vegs for Tom's lunch

Dressed & the Kumi to the TC - I
was about a half hr late

I was asked to help w/ the opening -
lately I haven't been serving either

(Cont)

C-3-A-6 (99)

offering later

Mary through the course of the meeting
made some imp announcements - she said
that Betty McLean had instructions to
check by radio and any spending request -
was w/ his love, intel. & BSA, always
consulted others before making decisions -
at another pt Mary said as she often has
before we must be kinder to each
other - she denounced talk of "white
& black" so she wanted it stopped - if
any one has any real complaint, he or
she should talk to her

Mary said she had talked w/ Carlton
Gorrell about the conspiracy against us -
we now know that it reaches into high
levels of the govt - B. said he was only
surprised that our enemies waited so
long

Mary said we should feel honored that
we were feared as a threat to the
system - a hundred yrs from now people
will be talking about what happened in P.T.
this year

He said the films have one of the
reaction things from the one taken - couple

C-3-A-6(100)

of your eye - The buses stopped at Park -
mind, I had no members who saw where
J. lived in his youth & some of the people
who befriended him - There were shot
at & addressing a note & cutting the
cord of a wire and led - I don't know
whether I have seen these films yet -
They were very unpleasant to me - we
also saw the camera taken two 4
in 1947 & slides taken recently

A second exposure was taken, so has
been done recently

The film was not developed until
about 11:00

Since I had to go to work so I didn't
forget the same of us home & then I
came back for others - Mabel Johnson was
her usual unpleasant, peevish self, saying
she could not do it, & I had to cancel work
in the first place - She was going to
go home on Monday - she got in the car
last

At home I washed my dinner dishes -
to an apple & red a few minutes
11:20 It is shower, as I had missed
my bath last night
Went to bed at 12:30

"transportation will be arranged from

2 Dec - F

Did not have much ^{work} to do in
the morning

Typed one Tschakovsky song
Wrote to Beulah, encl. a copy of the
list of items each pers. shd take w/ her
to Guy for her info (there are usually
given cards when one is getting ready to
go but I find a copy) - also told B.
I was prob be having the first pt of Jan in
case I don't see her by that

I phoned the Motor Vehicle Dept for a
change of address form for my driver's lic,
as we may wish to rent a car when
my sisters come

Phoned Kaiser to get an appointment for an
eye exam to see whether I need my
glasses changed

Ate my lunch at my desk early & then
went to W & E to see the film "Voices"
again about the communications satellite

In the eve I spent about 3 hrs on a
memo for Huffman which he revised
3 times

Didn't go to the Te for dinner &

(over)

C-3-A-2 (4)

didn't eat at home, as I wanted to go
to the 8thpt Camp early - I had an ice
cream cone, hot fruit & veg juice
& buttermilk for my diet I'm starting
tom

Pressed clothes - everyone in the apt
was out or in bed

Judy came up - she said Viles Goodshalt
was sick w/ a high fever but no color --
Judy talked a' time - she mentioned that
Sydney Crawford, Harry Edwards' sister
& companion of Ron Crawford, had left the
TC w/ the baby - she had been a member
of the Council - I had heard that Harry
got down as far as Florida on his way
to Hwy but then went board the plane
Judy also said she seldom saw Wanda &
Malvin Johnson in ch but she had seen
Malvin driving a Cadillac once - Wanda
was also on the Council

I went down to see Viles - she had
aspirin & Judy had gotten her Vit. C
I did my hand laundry
Old naps - went to bed at 12⁰⁰

3 Dec - 5

up at 8 am

Today started a week's diet in order to lose a few pounds - basically for taking only fruit juices, buttermilk & fruit & in the morning I shall have some more solid food & some raw vegs for lunch - This morning I had some hot cereal - even tho' was supposed to prepare as Hender who usually doesn't cook anything was in the kitchen w/ the rest of us.

I went to the Height Comm. store about 11 am on Miami - but only a few items

On the way back I stopped at the Executive Hotel on Bove & was thought to see about housing for Dor & Eddie - a double room with bath \$14.85 a night, a room w/o bath & ref for a weekly rate is \$68 - only in that latter case would it be nec to make a reservation - I liked one of the rooms & it seemed okay - the location is fairly good - it is near a Hwy, St bus stop & only a block from Van Ness so that it be easy for me to reach

At home I boiled 2 eggs which have been cracked on the way w/ the piece of toast

I th a veg for 2 hrs

(over) C-3-A-7 (6)

Just aft I got up, Estelle came in -
she had come on the Te bus for the
week end & is going back Sat night - I
told her I was sleeping in the room
& described the sit in the apt - Estelle
sd Jossie had no relatives that wd
take her in, that they had in fact
put her in a mental hosp. - she sd
the diff. about Jossie's passport is that
no record of her birth exists & she was
included in the census only in 1924 -
Estelle confirmed what Judy Morrison had
sd, that Jossie was a helper of Rev. Ike
I walked out on Hwy for a Sat morn
Had some juice & butter-milk
Thru mail to the Te - in some mag
clippings to Laurie

Turned in my checks - Debbie told me
she & her mother, Lucie Taylor, were leaving
for Hwy on M - Terry Buford will come
back to take Debbie's place - I told
Debbie I was sched'd to follow sometime
in Jan & she gave me money to buy what
I needed - I thot people were given \$100
but she gave me \$150

I saw & talked w/ Deulah who was
up from L.A. - she sd she had heard

asked twice whether she was ready to go & she felt she had to just hang
tough off because she is still trying
to get the divorce allowance for the
child to which they are entitled because
of their father's disabil. - he is always
drunk - I asked if she wanted to stay
w/ me but she had other plans

The show consisted mostly of music -
See Ellen Williams on the trumpet & Laurie
on the piano did the Tschakowsky song
but did not see the was to the band
Some rhythm was played & some people
danced

Mary had very tired - she said that
everyone has to get approval on the radio
for any appearances for their act, that
Betty McLean had insisted to enforce
this demand

Bernie Barber asked to use our
place for what Mary that was to be a
radio to raise funds for his defense but
it turned out to be a rock concert
to be held next 4th night - many
funds could ensue & Tom might be able
disc how to handle them

X Barbara Hoyer & Chris Keie th
1029 Henry people home

I ran a while in Estelle's room

Estelle spoke of the death of Earl
Poplin, Cream's husband, in L.A. -
Mary had told us about it in sew.
Cream, whose name was Alexander,
is the woman whose body was eaten
up by bone cancer as if by termites
whom I healed - she is very generous
& wants all her donations to the Te
known - she dresses very spectacularly -
Earl was blind & didn't do
very well - they moved up to S.F.
but did not become communcal -
Estelle sd she conducted the funeral
sew - Cream has Earl's ashes to take
w/ her to Burg

I went to bed at 12¹⁵. I wasn't

by her & so heavy her eyes matter
can't help her - I went down &
helped her hold a chair steady for
her to hold while she pulled her
up. - I scolded Judy for the
impatient way she speaks to Julie -
Judy says she won't make any effort
for her but Viter says, & I agree,
that she can be greatly encouraged
by others' efforts.

I stop in Estelle's room - she was in
the other bed

11/2 While writing for a ride home talked to
Vivette Lorcans - she sd she was writing
to go to Guy until he built, sold the bldg
they live in - then he wants to go to Guy
& explore the possibility of investing the money
there - he has put up \$1500 to pay the
fare to Guy & rd for the 2 child, so that
they can have a vacation time - I didn't
know how this unique approach was effected
I now whether the banks have been encour-
aged or discouraged but I was not surprised
that a tramp had not been arranged for
the child.

4 Dec - Su

Josie got up & took a bath around 5⁰⁰ or 6⁰⁰ o'clock & from then on people were stirring around so I didn't get much more sleep.

I got up at 6⁰⁰ - took a bath - had some grapefruit juice, cheese & toast for ^{breakfast} - I am going to have s'thing substantial for ^{breakfast} every morn.

I had time to make a few notes for Jim's entries before going to the sew. But, now I gave my pay check to Debbie Blakey & she told me she & her mother, ^{via Clayton} are going for Guy on M - I took some map clippings to Louise.

In the sew I didn't see Josie - she & Virg have places in which they usually sit, & I did not see through - out the sew.

There was a good-sized crowd in the sew - Mary issued some instructions - among others: we are to stop using the expressions "nigger" & "hobby" about each other, even if a jocular vein

(over) C-3-A-7 (11)

Francis had a cold & stayed in bed all day - when I came home off the sew, about 2:30, she was worried about Jossie - a cousin but her name doesn't ring. I went to the fruit stand on Hyde & Geary & got some grapes.

Had a salad, fruit juice & butter milk, ^{some grapes} for my lunch - Estelle came home to eat - she has been watching her diet & has lost much weight. Estelle & Wanda discussed her passport problem - no record of her birth was made & she wasn't included in the census until 1924 - Estelle suggested other acceptable sources of info, such as school records.

I took a nap for an hour & a half.

Went to the sew at 7:00.

Visited w/ Lisa - she will get her return income from the Univ of Ca, which is also disburse from See See - asked what job she wanted to do in the mission, she wasn't sure, perhaps cannery or sewing in the kitchen.

Most of the sew was spent in making arrangements on the Bank's rock concert next Fri - in addition to reg

seems pers, a list of volunteers was taken - I did not volunteer, as I have enough to do w/ my reg job - very tight & careful seem I will have to be maintained because the Te might be set up for a check of law suit, partic if marijuana is put on to our premises - there was disc about the age limit for attendance of our young people - it was decided that children who not be admitted under the age of 15, tho there will be baby sitters seems provided

The sew was out at 9:00 - those serving at the rock concert met in the Gold Room to get their assignments
to give the us home in 2 loads - I was in the second

We learned that Jossie had helped in the kitchen throughout the morn. sew - she was happy at feeling her. useful & also hopeful because Jim Randolph had told her they were looking at her proposal

I ran mops, drank some beer & had an apple while riding mops

I had trouble getting to sleep, partly because Virg got up a good deal - I finally rd from 1:30 to 2:30

Distributed a memo for C'Heill from Weinberger's office.

Wrote a few final entries, trying to bring my final up to date.

At lunchtime, tried to find the OSMA entry in the 10th series but didn't - because that they weren't having a meeting this wk.

Bob & Turkey is out ill, but the new young man takes care of the wk - I have decided to tell Bob of my plans before the wk gets around - Bob & C'Heill learned because my papers were processed through Weinberger's office. I'll do my diet lunch at my desk - then!!

I had a paperback to try to find a book like Taylor or see whether they - I finally bought "Third Search by John".

Virginia Burrows sent me to buy stamps for her & Weinberger - there was a long line at the post as the Christmas rush has begun.

I typed a draft of some notes for "Journal" & then did the final version.

I cleaned up my dresser top, putting
papers & the ether in my trunk or in
dresser drawers, put some clothes in the

Jessie & Virginia come home - Vir.

I had a letter from Edna - she is arriving

by her cousin + other items - her cousin,
whose name I do not know, is non-
Communist

Wanda + Vir talked a good deal

their room + Estelle's where I am sleeping
I did go to sleep about 12¹⁵

6 Dec - T

Jessie got up in a very bad mood this morning - she complained about the living quarters - "never had lived in such a dump," the fellow residents - "we call people like that nerves," hastily saying I was nice

Results of the state bar exam are out - Belle Huffman didn't pass & was very downcast

I spent most of the morn. on my spinal exercises

I got confused about the time, ate my diet lunch & went down to see the noon film - found that I was an hr early - I went again an hr later - it was "Sailing in Newfoundland - land," & showed a family w/ a small boat using the waterways & harbors of the Newfoundland coast

I sent my change of addr for my driver's lic

11th Nov H. is out again !!

Spent a good pt of the aft typing some articles for Menzinger which he is trying to sell to a mag - the left was a preview of typed versions which

were on pilot subjects

Wrote a letter to Eddie telling her
how & where to meet her at any time

Aft³ wh I dropped my basket
at home³ - then went to Safeway &
got more fruit juice & buttermilk
& some grapes

11³ The moment I opened the door I
perceived that someone had turned
the oven on for heat & left it on, that
no one was home - I turned it off &
opened windows

Went to the TC to turn in my names
list - for some reason the bus was
delayed about 20 mins - saw Vernell
& the needle table - I told her about
the oven being left on because I thought
Joan did it - she said Joan had been
very unhappy at the ch. time & that
she had told her she shouldn't come
if she didn't feel well

At home I learned it was very hot
had left the oven on

I took my buttermilk & juice
did my exercises

Mauda came home & prepared her
dinner - The doctor said she must
eat 2400 calories a day, a high protein,
low carbohydrate diet, which she finds
diffic^{le}

When she was finished I prepared
lunch for two - Estelle had cleaned out

11 of Dines Severns gave me a ride home -
she saw Terry Bliford has arrived from
Bay - Terry said I wants to get flight
out of the States as soon as possible - where
is he, what will happen to the ch? he
said, "I don't care - let them have it"
her closets & threw out a coat which
Ella had - it seems to be in good cond. &
fits me reasonably well - the collar was
dirty & I tried to clean it w/ soap &
water

Put naps & ate some fruit

Spent most of the "morning" on final items

Bob H was in & I told her of my imminent return - she said she had given some thought to doing the same herself - she will be 62 in Feb - she doesn't like "the way things are going" in the dept, meaning that Virginia Pearson's management is unpalatable to her

At lunch I ate quickly & went to hear the lecture of the "Bechtel Forum," which this morning featured Rich and Hachian, a President of V. Inc. of Bechtel Incorporated - his topic was "Jones: Middle East" & was mainly devoted to the Bechtel job in that area of the world - they seem to be a great part of Bechtel's occupy at the present time - The Assembly Room was packed & we were told also a national and heard the lecture at the same time

In the afternoon most of the time typing Weinberger's articles

leftover vegs (which were not on my

I washed & changed clothes

Went to the Te serv at 7³⁰ - very few
were present at the beginning but atten-
dence increased later

Marcy sd up to midnight last night
she had rec'd teleph calls inquiring
about the supposed deaths of sev people
in Jonestown - all these rumors are
untrue - there is daily radio commun-

Marcy sd visitors from other cty's
continually arr. in Guy to see a model
plan of Shwin

Terry Buford had brt a tape made
by J for broadcasting in So Amer. -
It was played for us - on it, Mike
Prokes interviewed him - I was referred
to as "Bishop Jones" & the content was
 geared to the relig bkgnd of the

Most of the rest of the day I spent typing Weinger's articles - there were 4 in all & they came to 4 pp each double-spaced - finished these in the eve of

Made yester's final entry

Jessie came home early, rather than
staying for the concert - she didn't feel
well & was in a complaining mood

Judy & I went to the Ta to about 6³⁰ -
not many people had arrived but gradually
the crowd filled up - most of those
attending were native Amers, many w/ small
child. They were on the whole quite
well-behaved etc that there was much
talking throughout all the proceedings, esp
for a period of drumming which seemed
to have relig signif. - I set a table down -

1/2 Dennis Banks & one of his lieutenants
sat down to me, & I had some conver-
sation w/ him, tho' I don't think he knew
me!!

Banks came to the podium - he told of
a Congressional proposal to abrogate all
the Ind. treaties & said all the Comanches
shd go to the fighting lines rather than
for opposing his expedition, the comed
part of the record - he got very nice
tricks to the Te & J. - he introduced
his wife & some of his children incl.
Dora Dora Women - he then to the
giving & Ind. Com. sums of money -
he is very material & quite ad. cere

We stayed for another one or two - the

the Te was calling D. Jones, who
had not come to Orelieve him at a

I was up at 8⁰⁰

Wanda was getting her bkpt in the kitchen & she seemed to prefer not to be disturbed by others when around her - since I was in a hurry I didn't wait to get anything to eat

I took my laundry to the laundromat on Hyde & O Farrell - Wanda took her laundry but her food happened to go to another place

I then took Wanda to the Haight Com. Id store - I was out for a while, then usual but was able to select quickly what I wanted - pushed the cart home - I was home only about an hr later than usual

I had decided to stay on my diet for one more day to make up for the food I ate at the Wanda's affair on Th

I had missed my new manicure scissors F night - I remember using them one day last week while sitting on my bed & I probably left them on the dresser - I looked for them diligently but didn't find them

I started to search again, intending to pull out the dresser & the bed & under the bed - I came upon a hamper which Janie keeps near her bed - it was filled w/ small pens, some of which we have been

missing, a china bowl & plate, which I had also been missing, & several pieces of silverware, as well as 2 or 3 kitchen knives, & several paper cups - there was also a half lemon which had spoiled - I have been looking for a par-tender paring knife but didn't find it - in a sack which she usually deposits in my dresser (& which I thought merely contained dry goods, par-chases & an occasional card or bunch of stationery) there were more dirty glasses & dishes

Joie was at the Te but I called Hande & she was partic. excited at the knives & wanted me to turn in all the knives we had to the Te - we both felt that the mystery of the missing paring knife & prob my manicure scissors was solved; however, I did not find them - Joie's bureau drawers are a jumble of clothes & other items, as is the floor of her side of the closet, but I did not have time to search further

I had left a folder at the top of a/mater. in it which I needed, so I decided to go down by bus & get it - I also

Broke my fast - had grapefruit,

The hymn to the Te sew

Mary seemed very distraught - I
pared that s'thing had happened to J, but
she sd he was all right - she had
talked to him as recently as noon Sat

Mary had met recently w/ Rich
Gregory - he is an old friend of Frances
Johnson - however he sd he had
known of P.T. for a long time - he sd
he was only surprised that the harness
men directed us had not taken 2
place much sooner - J had put a call

Mary showed us some small toys
made in Newtown out of the wood left
over from building - she also had a
small cloth doll called a 'Mary doll'
made by Bet Livingston - it is planned
to sell the dolls for next Christmas

The service was designed to evoke
deep fervor & loyalty

Judy came up to use the teleph - she
& Sandra had been having an argument
lately - Judy wants the teleph downstairs -
she says she needs one to do her
work w/ the seniors on the second floor -
s' times no one is in our apt & she
has trouble getting msgs - twice she told
me of a fault concerning the TV which
was being used by Lilian Taylor, a
sister who is not well - the owner
retired from a long absence & she is back -
Lilian is agitated & tried to get help from
various people to get another TV - Judy
& Mary spoke strongly ag. materialism
& preoccupation w/ such things as TV
was disquieted, since people had just
listened to Mary on the subj. of material-
istic concerns but Sandra was sympa-
thetic

Instead of taking a nap as I usually

While w/ Patti Charleston for 2 hrs proving the next issue of Peoples Forum - we conversed a good deal, partly on what might happen in the future - I told Patti that Judy Scott & Mabel Johnson had remembered she that she was want to go to Bay until I then provided us all w/ a house of our own - Patti & I agreed that it might be some time before we could have a house - it is much more likely that as persecution in this city increases, a flood of refugees will show need - all the housing we can provide; we can't see providing us w/ separate housing while others are without

When the sent begins, we can hear it over the loudspeakers - when Mary arrived on the podium, an effort was made to get people in to the sent.

On the loudspeakers I heard Mary start to tell about Chris Lewis being killed last night - he had gone to Bay but didn't want to stay - and

told him not to go - so he is dead
because he disobeyed instructions - he
had been in a boat of serv - Mary
emphasized that I loved him & was
sorry because of what happened
to him - we love him & miss him

I had gone into the audit
I noted that Mabel Johnson was not
in serv, as she had not been this
morn.

Mary counseled us all to care for
each other - on the occasions when she
had put material things first, she
had learned bitter lessons

Went to the Te to eat tea

Took a ride home w/ Chris Rice - I told her of my sisters' visit - she was concerned that we got the apt cleaned up & was apprehensive over their seeing Jessie - I told her both were in the educational field & used to seeing people of every type; at all, it is to our credit that we let apt. over people whom no one else lets apt

revision of Gaudet's seminar of

Spent most of the day on a series of
press tasks, in particular going through
the MacGraw-Hill catalog, choosing
the ones which I will like to use in my
teaching - I copied a sample contract
for use in requesting the donation
Wrote a letter to Bechtel's letters box
knowing that it will not be mailed to
L.A. this weekend

Made a request for a day's vacation
while my sisters are here

Ate my lunch at my desk - then
went down to see a video on videotape

the line was surprisingly short

Talked w/ Andy Silver on the Mac Head -
told her order & got his suggestions -
he told me the gen. method we use
for requesting donations - see contacts
shd be made by ltr & phone, impress-
ing the pers. in charge w/ the Tr's work &
our needs - then when they have goods
which for some reason they can spare,
they may let us know - we have to
be ready to go aft the goods immed. -
we cannot exp. to get precisely what
we wish

I showed it under the ltr list I had
prepared - she & another nurse will
be making rooms in the medical
field

I rd the paper until the serv started
during the serv, when Mary spoke
on the podium, she was very serious -
she spoke of people who don't do their
share & are jealous of others' imagined
privs. - there is still some racism
manifested - she commended that the
use of terms, such as "nigger" &
"honky", even in fun, cease - be kind

people who were very devotedly - among
them were Tim Clancy & Laurie
Eggin

As bad attendance was one cause
of complaint, Mary then called the
roll - I don't know whether it was
composed only of those living communally
or ^{all} those in the area claiming
membership - some were not on the
list

Those who weren't going to L.A.
were asked to stand & were put on
the list to do so on the weekend -
I got my name on the list, thinking
that I'd spend 3 hrs during the
weekend

Another serious problem was the no.
of members who accumulated parking
tickets - the sum during the mo.
came to \$450 - during the disc on
the subj, Mary sd Betty had orders
to refuse a car to anyone who de-
linquents in fines - fines will be pd
from people's allowances - I suggested

(over) C-3-A-7 (16)

that those incurring losses should be
brought up by the Dept for public infor-

know how many of those req. for the
piles could stand being hurt on the floor

assumed they were going

Norme & I walked to the Embarcadero

her son have purchased rental property - she left me a gift of a pretty engraved jade necklace - her husband is much better about, too, me recently - when I told her I was resigning, she sd she was thinking of doing the same thing - she will be DC2 on 28 Dec!!

14 Dec - 5

Got up at 8¹⁵ - had some breakfast
threw my belongings from the drawers
in the room I occupy & possible to the
drawers in Estelle's room - then I cleaned
out both rooms & went through Jo's drawers
& the closet - while going through my
things I found my razor & tweezers, the
my machine razors - I don't get a
vacuum cleaner to clean the floors

Left at 10³⁰ for the Central Terminal -
it was raining - took the bus to the SF
airport - and the way while waiting for
12⁰⁰ - Doris's flight from Chic was scheduled
to come in at 12⁰⁵ - the time was changed
to 12²⁹, then 12³¹

Don recognized me but I did not - she
wore a hat etc - looking reasonable

He went to get her luggage - she did
not get one bag, a ^{the} dresser in the shape
of a large album, containing a new cap,
shoes, underwear - she put in a call at
the TWA office & they arranged for interchanging
calls on the bus

At the time airport bus into the Terminal -
we ate a little lunch at the airport & then
cafe on the Terminal - I had a hamburger

(over) C-3-A-7 (52)

which was very good

To the Hyatt to the Egan Hotel trans-
ferring twice - the motel gave her a
wholy rate of \$60 for a double room w/
shower - saying that she did not intend
to prepare any food there

I took Hyatt to the Haight Commu-
nity store & got a few vegs & some fruit
for my breakfast & lunches next wk - was
interested in a young woman at the Haight
who was taking a coat in a
basket man to Oakland

Bob & I dressed & took the bus down
to Market to Powell - we decided to
eat at Bernstein's Irish Pub - prices
for meals were quite high & we chose
the cheapest items on the menu - she had
red snapper & I had cannellini (aquid)
w/ macaroni - we had some white wine -
on seeing the bill, we found out together
we were a little short of having enough
money to pay - Bob had but little cash
& 20 payroll checks - we succeeded in
getting the management to cash the
smaller checks

I stayed w/ Bob ton @ the motel - the
room had not been meticulously cleaned

We went to bed about 10³⁰

18 Dec - Su

Ben & I woke in the dark & talked - my watch had stopped, we had no clock, there was no radio in the room, so we didn't know what time it was

Ben told me about her stay w/ Paul & Polly - at the time she likes Polly, she said Paul was like Dr. Arthur - he can't get along w/ his mother when his wife was present - however she told me about an incident in which it seemed to me she was criticizing Polly & comparing her treatment of Paul unfavorably to Clara, his mother - Paul has apparently become quite mercenary, tho' he's a small boy, he knows how to handle money to this adv. - he suggested to Ben that he sell some property & give him half to put into his bus - she has already lent him \$4,000 - he has his own Justice-Twin bus - Ben thinks Polly doesn't have any intention of leaving behind soon

Ben said he also sees much less of Miranda & Tere than she had hoped - Miranda is very busy

All three of my sisters had planned to be in Colo. in a few yrs - Tere

(over) CSA-7 (57)

plans to move to Boulder when she is
60 - Dor had talked of getting into a
condominium in Denver - however,
she may change her mind - she likes
her house & greenhouse - she has org.
she is active in & she does some
traveling - she has gone on architecte-
tural & horticultural tours, she attends
the conventions of Madelyn Murray O'Hare,
& she goes to plays & the opera

Since it was still dark, we got up &
went up to catch the bus on Van Ness -
we find, as the sun came up, it was
about 7⁰⁰ o'clock - we had coffee in gym -
& prepared to go in my apt

Dor telephoned the baggage claim office
at the airport but her bag had not been
located - a Mr. Anderson, who had not come to
L.A. either, phoned - Dor went out to
buy s'thing at the drugstore

I prepared a steak dinner for us -
besides the meat, we had beans, corn &
3 salad

We then took the bus to Union St.,
walking along & looking at the shops -
had coffee in a cafe

We saw the film Julia w/ James Bond
& Vanessa Redgrave w/ James Bond

18 Dec - Su - 2

it was based on a story by Lillian Hellman
a true happening - all the principals gave
magnif. performances - the clothes & the
scenery were superb - the details of the
story were gripping; tho I was not sure
the band etc. whole saw the signif. - I
was of course partic. interestd because of the
connection of Jonda w/ the Te

At the show we walked along Union
looking for a place to eat - we wanted a
light meal & didn't find any rest where
the prices were not too high - when we
got to Van Ness we turned & walked along
it & finally turned off on 30th where we
went in an eat place & Dor had spaghetti
& I had a salami sandwich

We walked home - Dor stayed w/ me in
my apt - during the night we heard
as we thot Jossie & Virg ret. ing from
L.A. - I didn't go to sleep again until
11¹ While Dor was gone I suddenly remem-
bered this was my birthday
11² she was authorized to spend up to \$35
to replace needed clothes
11³ Francis came - Dor liked her
nearly morning

19 Dec - M

In the morning we saw that Virg's bed was empty & we got the impression from Jessie that she had gone to the Freedom Land - Hilda was surprised - she would have to ship her luggage later - Bor was quite interested

I went to work

Did see items for Bert

Bor came into the office - I introduced her to my friends - she liked both of us, Hob & Philippe Lemay

At lunchtime we went to the Hyatt Regency which was presenting from the Falkland Islands in excerpts from "The White crecher" - we went up to the 3rd floor from which we got an excellent view

I met some for dinner - we went up John St. looking for a good place to eat - we chose a tray of food - we shared our items & each had a little beef. beer - for dessert we had a custard w/ sauce

When we got home, we found Virg had not left - when the buses got out last night she had merely gone to the toilet - Bor thinks she & Jessie

Hande suggested that we stop
in our apt, which she did

C-3-A-7 (W)

20 Dec - T

I woke early

Had breakfast & prepared lunch

Then called some friends whom she had known in Ohio - the friends invited her to visit in their apt

I went to wh - stop for an eye exam at 11:20 at Kaiser

Dr. Takahashi examined my eyes to see whether I needed a new prescription - he found little dip in my eyes but I wanted a change of prescription as it is hard for me to see small print in the telephone & dictionary - I decided

When I got to the apt of friends we had had a message that the friends were taking her to Queen's Woods - they wanted her & me to have dinner w/ them in a restaurant on their home - ~~to call~~
~~later & at the same time to have~~
~~the first to take~~

11:30 to get new frames & use my old glasses as a second pair - the exam at Kaiser is free but the lenses & frames cost \$64.00 - a pair of \$2.95 was desired, but I had only \$23.00 which I gave them
etc. lunch at my desk

C-3-A-7 (62)

I went home aft wh - changed clothes

Took my needs slip to the Te

Levi's funds lived on Union St -
I thought I'd catch the right bus on
Heller & Fillmore but none came so I
phoned - I had to take the Fillmore
bus no. 22 to Union & transfer to 45 -
Levi's funds, a Jewish couple, had a
pleasant apt on Greenwich St. - Levi's
daughter was also present - we had wine
cheekers & cheese - corners, was of the
liberal variety about the & life in SF

We went to dinner at a homestyle
Jap. rest

The funds took us to the motel - as Levi
had not been there for several days, the
man didn't know what had happened
to her - he saw the day following her
checking in the airport had heard
her missing bus - the baggage records
were not very accurate, for Levi
had been phoning about it every day -
she had spent some of the money
authorized to replace her underwear
& so on

-1 Dec - W

I took a day of leave from the job
and I had stayed at the hotel
on the Central Terminal - things
I saw were disappointing - but
with sharp appreciation because the
muffins were not bad

We took the bus to the airport & I
Edie who flew in - and I had
baggage and rode the bus back to
terminal & home etc

The party was today & I had
some to eat - being within a
mile of the ED & I had a
good bit - the crowds were so dense
in the Indian Transp that I didn't
want to do any more traveling - I had
a some notes which I had
to the office as my share, later learned
that they had been used at the recep-
tion desk rather than in the party

We went to the Eves Motel - Edie
found it was much better than had been
described - I had had some cleaning water
& scrubbed the stove & cabinets & washed
the dishes which were furnished

We all talked about our recent
I was a time to the box & the
night - Edie & I were the
place in the house the crew - the hotel

Went to work today - Betty & I
gave a luncheon for the administrative
staff at the Police Dept - we had some
tubs & wine - I ordered a martini
& painted sweetbread.

I took out the Econ. Digest of
the - the advice in my letter to
Betty & I came in - I guess I
met various people.

We went home too - I had some
news - we went to Betty's sister's
house for a bit for a gift for Christ-
mas - I decided to buy The Book of

I went to the Te to eat - I learned
later that Irv & Eddie ate at the club
and across the str from our old house
because it was raining, I think
they ate it.

I think we went to see Anita & Irv
at the restaurant which is on Park a part

Today was a Bechtel holiday

I shopped at Safeway for chuck steak & broccoli - I had invited Laurie Grein, Gene Sevens & Patti Chestain to lunch, thinking that Dor & Eddie wd enjoy meeting them & learning of their backgrounds

When my sisters came, we prepared lunch - they helped w/ salad - I intended to broil the meat but the broiler didn't get hot enough so I had to put it on top of the stove - Laurie & Gene arrived, Patti called that she can't come, as she had to make posters for a Te march Tom

The food was enjoyed but Dor was espec. unpleased w/ the guests - when I tried to draw Gene out about her experiences & she told of coming to the Te, Dor that she was being "desensitized" & started to tell about her work w/ Veterans for Peace - Laurie was very shy about revealing anything unusual about her past - neither of my sisters were impressed w/ either Gene or Laurie tho w/ Patti, they are 3 of the best friends I have at the Te - perhaps their youth & inexperience w/ sophisticated ideas

On the 2nd Eddie, Lee & I went to the
Haight on a shopping expedition - we stopped
at the old Haight Common Food store on
Hayer St which is now a gas, crop store -
I had no they had some fish, mackerel -
I got a piece for a backyard for my
bed in Forestview - then we went to
Haight St - I got some groceries at the
Common Food store while Lee & Eddie
and I went to Haight St. - I wanted
buy some "funny" items in a second-hand
store - she got a blouse & a hat -
we had coffee made in a coffee shop
which had been recommended to us

We went home on the bus - after they
got off I rode to Mary on the Goldmore
bus & took the Grey bus home - on
reaching home I discovered that my
wallet had been stolen - it contained
not more than ten dollars, I figured,
my Social pass, & my driver's license,
plus a few other docs - I imagine it
was stolen when I got off the Grey bus

Edna + Eddie arrived about 9⁰⁰ - we rented a car from an agency on Van near next to Jim's hamburger place - we got a small wagon - I had left forward to doing some driving - as it had been a while since I had had gone to MVO + got a substitute lic - The man in charge of the agency espec. emphasized that our ins. was for a lic on an unlicensed driver was at the wheel

Edna drove - it was a beautiful day - we drove to Nepal - had lunch + did some shopping - then we went to Sonoma, did some sightseeing of historical spots - stopped at a couple of wineries + sampled wine - we visited Mrs. Valley's home on the way back + spent some time there - then drove to SF, getting in at dusk -

We went to Clement St + had for a good rest - we settled on an Armenian rest - we could had a lamb dish - we didn't have any drinks as Edna was beginning to worry about expenditures

I missed the Te service

Edna dropped me off at 1029 Hayes + left the car to the hotel

C-3-A-7 (70)

25 Dec - Su

Christmas Day - Edna & Dor left
the car at the Agency - everything was
all right

We had a pancake breakfast for Judy
Merriam & Vibe Goddard - I invited
Jessie & Virg but they can't eat pancakes -
Dor again got into controversial matter,
bringing up the subject of the Te offering
& she didn't much trouble Judy who
stood her ground

I went to the Te at 12⁰⁰ for the first
part of the service - the tables were set
upstairs for dinner - Vernell Henderson
knew that I had to be with my
sisters - she saw that perhaps it had
been arranged for them to come in
the Te & have Christmas dinner, but I
felt that Dor in particular would have prepared
to do so

I left at 1⁴⁰ & we three left to visit
Lor, who had invited us for Christmas
dinner - Barbara Bussell & Dor &
were also guests - the 2 young Jeps were
present & had prepared & served the dinner
which consisted of Jap food - altho inter-
esting, I would have preferred to have
turkey - Lor is having another Christmas
dinner Tom for the young people, & which
I feel she ordered a pre-cooked turkey -
I rec'd gifts from all, altho I br't
something only for Lor - Dor & Edna br't
her share

Today was a holiday ✓ - Don left
& I took her to the airport - Eddie
did not accompany us

When I met Eddie & I went to North
Beach - we kept looking for a good place
to eat but many restaurants were
closed - we especially wanted a regular
Christmas dinner w/ turkey & didn't
find any rest. w/ such a menu - we
went past the Pyramid & into the Fin-
bistr & still did not find a good place
to eat - we took a ride on BART so
that Eddie could see what it was like -
getting off at Powell St, we walked up a long
rail which had been steadily falling all
day was heavy - we decided to eat at
David's & I did have turkey but I did
not think it was exceptional

We returned to Eddie's motel
Eddie liked to have whisky in the motel
we had but some sweet rolls & made
Santas!

There was a big color TV set in the
room & we watched a film on the streets.
I did not pay too attentively - I was dis-
tracting the resp - listening the streets

We went on to the Coop, got some vegs for salad & sauces for the crab & then went to Art Plus - Eddie got some items. They had a sale of Indian materials & I decided to buy a bespreat tho I had already got some Ind. cloth to me - I thot I'd use them both - I also got another Ind. cloth bag - I had promised Viki the one I had

We went to my apt & prepared the crab, on which we put a sauce of ketchup & horseradish, & a salad w/ oil & vinegar, & the bread

they were being persecuted; I wanted
to know what they meant by that

I got on the line by calling as soon
as the prog started & Mary, Jim
Mc Elvone & Jan Brown were among
