SUBJECT: RYMUR

[REDACTED] Federal Aviation Administration (FAA), advised Deputy Assistant Director Ingram at 11:55 a.m., on 12/5/78 that based upon a request from Pan American Airlines, the U. S. Department of State and the U. S. Department of Justice, eight FAA Sky Marshals are being dispatched via Pan American Flight #227 from JFK at 3:00 p.m., 12/5/78, en route to Georgetown, Guyana. Two of the Sky Marshals will depart the plane at Port of Spain. The other six will continue onto Georgetown, Guyana.

The six Sky Marshals will then accompany passengers, including the Georgetown survivors, on Pan American Flight #228 departing Georgetown at 1:00 p.m., arriving New York at 6:15 p.m., 12/6/78. This flight stops at Port of Spain and the other two Sky Marshals will then board with passengers the Pan American flight at Port of Spain for the continuation trip into JFK at New York. The two Sky Marshals at Port of Spain will have had the opportunity to observe all passengers in their attempt to detect any problem areas. The continuation flight from Port of Spain to New York then will have eight armed FAA Sky Marshals.

[REDACTED] stated the Department of Justice and State Department have just been advised. I advised [REDACTED] that the FBI Office in New York would be alerted, and if any information was received by this Bureau of potential problem areas, he would be immediately informed so that he could pass this on to his Sky Marshals.

FROM : J. O. Ingram

SUBJECT: RYMUR

On 12/4/78 Mike Abbell, Departmental Attorney, was contacted to determine what arrangements had been made between State and FAA regarding security in the transportation of the Jonestown survivors to ports in the United States. It is noted Abbell had been previously contacted and was told the FBI was never consulted nor requested to provide armed escorts for any flights. Abbell said he is working this out with State.

~~_____~~ and ~~_____~~ FAA, contacted Ingram advising they had been in touch with ~~_____~~ of Security ~~_____~~ of Pan American and no request had been made of Pan American for FBI Agents. ~~_____~~ and ~~_____~~ both stated that if a request came from Pan American or State or Department of Justice they would provide FAA security guards through sky marshals.

Abbell recontacted Deputy Assistant Director Ingram afternoon of December 4 advising that FAA will provide sky marshals and Pan American agrees. Arrangements being made by FAA, State, and Pan American.

Abbell also advised that ~~_____~~ Holsinger, Administrative Aide to Ryan, had information regarding threats, possibly received by members of Ryan's staff including Jackie Speier, presently hospitalized in Baltimore. He requested Holsinger be contacted regarding possible Obstruction of Justice, Section 1510. ~~_____~~ was instructed in handling this matter.

Dec. 5, 1978

Dear Sirs

I am an Amateur Radio Operator. On Sept. 17 1978 I made contact with a station, who gave his location as Jonestown, Guyana. His call sign was WBE MID/8R3. The name given to me was Mike. The station is listed in the Callbook as belonging to Albert A. Touchette 3747 Rd-B-Redwood Valley, California. The /8R3 in the call sign designates that it is being operated at a Temporary ^{REC-118} location in Guyana. According to FCC regulations, no one but the person, to whom the license was issued, could operate the station by himself. e.g. The person named in the license would need to be present and identified. The confirmation I received, for this contact, was mailed from Georgetown, Guyana, P.O. Box 893. At that time I toyed with the idea of sending a donation to this organization to help the people of Guyana. Due to recent developments, I am glad I did not. If this is of any ^{carastrephic} ~~interest~~ you

[REDACTED] THOUGHT THIS TO BE HIGHLY UNUSUAL SINCE, FIRST, SHE HAD PREVIOUSLY USED THE SHORT-WAVE RADIO PATCH THROUGH THE PT IN SAN FRANCISCO TO CONTACT HIM, SECONDLY, SHE PREVIOUSLY WANTED HIM TO COME DOWN THERE VERY BADLY, AND THIRDLY, SHE THEN USED A COMMERCIAL TELEPHONE LINE TO CONTACT HIM AND INSISTED, AFTER LEARNING OF RYAN'S INTENTIONS [REDACTED] NOT COME AT THAT TIME AS SHE WAS SCARED. DAILY SUMMARY (u)

Autopsies of Deceased at Dover, Delaware. (u)

It is recalled that the Department of Justice has requested that autopsies be performed on the remains of the Reverend Jim Jones, Dr. Larry Schacht, Maria Katsaris, and four other identified victims of Jonestown chosen at random by the FBI. The FBI has been tasked to obtain written permission from the next of kin of the above deceased.

To date written waivers authorizing autopsies have been obtained from Steven K. Katsaris, father of Maria Katsaris, and from Ezra Schacht, father of Dr. Larry Schacht. Negotiations with families of Reverend Jones and others selected continue but to date no consent for autopsies have been obtained. Investigation in this area continues. (u)

Interview of Galan W. (Joe) Holsinger

Mr. Holsinger was interviewed on the evening of 12/4 and during the day of 12/5/78. Holsinger advised that he believed a total of 18 people including Congressman Ryan traveled to Guyana on 11/14/78. Holsinger will provide a complete list of individuals to the FBI as soon as one can be compiled. Regarding Congressman Ryan's briefcase, Holsinger stated that he would make the briefcase available to interviewing Agents of the Washington Field Office, however, did not have it in his possession at the time of the interview. Holsinger received the briefcase from James Schollaert in San Francisco on 11/21/78. The clasps on the briefcase were open and after going through its contents, Holsinger noted that a tape recorder carried by Congressman Ryan to Guyana was missing. (u)

Ingram to Moore Memorandum
RE: RYMUR

At approximately 8:00 p.m., PST, 11/18/78, [REDACTED] was home alone and received a call at her residence. A male voice asked for her husband. When told he was not there the unidentified male told her to tell him "his meal ticket just had his head blown off and we will kill him next." A second and third call followed immediately with the same message by the same person. A fourth and fifth call were terminated by [REDACTED] when the same male voice was determined to be on the line. These calls were reported to the Foster City, California, Police Department, [REDACTED]. In connection with these calls, however, on 11/24/78, [REDACTED] said that he had obtained information that a Peoples Temple (PT) hit squad was in existence with two members being in the United States and one in Guyana. [REDACTED] advised that he had a tape recording of a news conference that the PT held in San Francisco, the spokesman being [REDACTED]. [REDACTED] listened to this tape and identified the voice of [REDACTED] as the caller to her residence. San Francisco has been instructed to contact [REDACTED] and conduct necessary investigation regarding this incident. San Francisco has also been instructed to contact reporter [REDACTED] (supra) regarding this incident. (u)

Interview of Persons Returning from Guyana (u)

On 12/5/78 three individuals returned from Guyana. [REDACTED] advised that he observed weapons at the PT in Guyana in a duffle bag that apparently had just arrived from the United States approximately two to three months ago. Jones allegedly knew Congressman Ryan was to arrive at least two weeks before his actual arrival. [REDACTED] escaped Jonestown the morning of Ryan's assassination and was not present at the time of the assassination or suicides. [REDACTED] observed the arrival of two bags of cyanide brought to Jonestown from the ship "Cudule" but knows nothing further about its source. He noted that Jim Jones was a heavy drug user but could furnish no further information. [REDACTED] he heard that one Annie McGile (phonetic) shot Reverend Jones and that Thomas Kice shot Ryan but was unable to pinpoint the source of his information. (u)

[REDACTED] stated that he escaped Jonestown prior to what he described as "mass murder." [REDACTED] his wife and three children perished at Jonestown. [REDACTED] (u)

Ingram to Moore Memorandum
RE: RYMUR

that conditions at Jonestown were brutal and prison-like and further described Reverend Jimmy Jones as a dictator. [REDACTED] he saw Congressman Ryan on Friday evening, 11/17/78 when Ryan addressed the Jonestown community. In [REDACTED] he feels Ryan sensed problems and did not really mean what he told the community that everything looked well. [REDACTED] heard that the tractor trailer from which Congressman Ryan was shot was driven by one Ed Crenshaw and that Thomas Kice was the man that shot Ryan. (u) b7c

[REDACTED] survived the Jonestown massacre and described Jones as being a person who did a lot of good in the San Francisco area but when he arrived in Guyana Jones ran Jonestown like a slave labor concentration camp. (u) b7c

No additional pertinent information was developed from these interviews. (u)

[REDACTED] Dis-
cussions were held regarding service of these subpoenas between representatives of FBIHQ and the Criminal Division of the Department on this date and it was determined with the concurrence of the United States Attorney, San Francisco, [REDACTED] b3

[REDACTED] (u) b3
By telephone call to the Brooklyn Queens Metropolitan Resident Agency on the evening of 12/5/78, Attorney William Kunstler placed the Bureau on notice that he was acting on behalf of Attorney Charles Garry in representing all persons returning aboard the Pan American flight this date. Kunstler advised that the FBI was to conduct no interviews of these individuals. With the concurrence of the Criminal Division of the Department and of the United States Attorney for the Eastern District of New York, interviews

Ingram to Moore Memorandum
RE: RYMUR

will proceed as scheduled. On 12/6/78 a conference was held with Assistant Attorney General Philip Heyman, Robert Keuch, Deputy Assistant Attorney General, and Al Hantman, Section Chief, all of the Criminal Division of the Department. All present at the conference agreed with the above procedure to be followed regarding interviews in the Eastern District of New York inasmuch as all were to be interviewed merely as witnesses. A representative of the Office of the United States Attorney for the Eastern District of New York will be present at JFK International Airport to handle all inquiries relative to the presence of lawyers for individuals returning from Guyana.

Identification of the Dead at Dover, Delaware. (u)

To date 563 persons have been positively identified; 547 by fingerprint comparisons; and 16 by dental charts. (u)

Investigation Concerning Mark Lane. (u)

During interview of [REDACTED]

[REDACTED] stated that Mark Lane during his trip to Jonestown told members of the camp that there was a plot to destroy Jonestown. Lane said that there was a planned conspiracy against Jonestown and that the group coming there were members of the CIA. (u) b7c

Investigation into the Assets of the PT Church. (u)

By letter received 12/5/78 the Civil Division of the Department requested that the FBI investigate the assets of the PT Church in expectation of a possible request that the Department bring a civil action to recover certain funds expended to return bodies to the United States in connection with the recent incident in Guyana.

The Civil Division is being informed by return memorandum with the concurrence of the Criminal Division of the Department that we do not believe that the FBI at this time has proper authority to conduct an investigation into the assets of the PT. The FBI will, however, conduct a limited inquiry to locate assets of the PT and conduct sufficient investigation for the Department to determine if the PT Church in California

Ingram to Moore Memorandum
RE: RYMUR

and/or Guyana may be liable for the debts of individual members of the organization. In the event that a civil action is brought in United States District Court and a judgment is obtained rendering the PT Church liable to the United States, the FBI will, at the request of the Civil Division, conduct an in depth investigation to ascertain the financial ability of the PT Church to meet its obligation.

Legat Robert Oglesby telephonically advised that records of the PT Church reviewed in Guyana reveal the following bank accounts. These are the accounts found to date and do not necessarily represent all accounts of the PT: (1) Bank of Nova Scotia, Nassau, Bahamas no account number, name Jim W. Jones, balance \$206,396.07 (US); (2) Guyana National Cooperative Bank, Georgetown, Guyana, External Savings Account - PT number COR29489/10, balance \$13,256.65 (Guyana); (3) Guyana National Cooperative Bank, Georgetown, Guyana, Fixed Time Deposit Savings Account number CO-90-319, balance \$13,222.61 (Guyana); (4) Guyana National Cooperative Bank, Georgetown, Guyana, Savings Account number 28549, balance \$12,935.93 (Guyana); (5) Barclay's Bank, Georgetown, Guyana, External Savings Account number 9857/2, balance \$1,806,051.03 (Guyana); (6) Barclay's Bank, Georgetown, Guyana Checking Attount (no account number) - PT, balance \$30,890 (Guyana); (7) Banco Union, Caracas, Venezuela, account number 01-58115-5 in name Maria Katsaris, balance \$85,745 (Guyana)(This account is believed to be a Checking account); and (8) Bank of America, Fillmore Post Office Branch, San Francisco, California, account number 2-1465 in the name James Warren Jones, balance \$7,334.96 (US). (By letter dated 5/26/78, Bank of America made inquiry of Jones as to reason that the account was dormant.) (u)

The rate of exchange on 12/6/78 is \$1 United States equals \$2.54 Guyana. (u)

Memo to Mr. Moore
RE: RYMUR

He stated that the FBI is under no obligation to advise the returning persons of their right to counsel inasmuch as these individuals are not the targets of the investigation based on the information known to date, and there are no outstanding arrest warrants for these persons. Further, he advised that we have no basis to know whether, in fact, Kunstler or any other counsel represents specific individuals who are returning to John F. Kennedy Airport. If during the course of the interview a person requests counsel, then that request would be honored at that particular time. (u)

Mr. Brewster further advised that future contacts by William Kunstler, Charles Garry, or any of their representatives be referred to the U. S. Attorney's Office, specifically to AUSA Richard Brewster, telephone 212-330-7071, Brooklyn, New York. (u)

This matter discussed with AAG Phil Heymann and concurs with Heymann discussion subpoena question with Wm Hunter USA, SD. 8/12/6/78 (u)

[REDACTED] was contacted by Buagents at which time [REDACTED] advised that he realized his mother had emotional problems and may be suffering from senility. [REDACTED] stated that he would immediately contact his mother regarding this matter; however, her letters have continued to be received over the years. (u)

Her attorney [REDACTED] Syracuse, New York, was contacted and had advised that he was aware of her complaints and that on November 29, 1974, she would get an accounting of her estate in court. He also noted that the Merchants Bank was withdrawing as co-executor of the estate because of their inability to cope with [REDACTED]'s irrational charges. He noted that [REDACTED] is senile, and there is no basis for her allegations. (u)

[REDACTED] had no specific knowledge concerning bribery or influence peddling by members of the PT Church, however, she stated that Reverend JONES appeared to have a great deal of political influence. (u) b7c

[REDACTED] if an assassination squad existed it would probably include members of the group known as "Angels". (u)

[REDACTED] no specific knowledge regarding how weapons were shipped to Jonestown. [REDACTED] when leaving for Jonestown your baggage was turned over to the PT Church for packing [REDACTED] THELMA JACKSON, discovered a gun in her baggage upon arrival in Jonestown. (u)

[REDACTED] she had no specific knowledge of firearms training received by the PT Church members. (u)

[REDACTED] she was unaware of any threats to harm public officials but that JONES had made repeated reference to the fact that "Angels" would "get" any defectors of the PT Church. (u)

[REDACTED] she was not aware of the location where the weapons were kept at Jonestown. However, JOE WILSON was the individual in charge of the weapons. (u)

[REDACTED] she was unaware of a contingency plan in the event JONES was arrested or the Church was attacked, however, she stated that she assumed the mass suicide may have been this plan. (u)

[REDACTED] she was unaware of any official, federal, international or other targeted for murder, however, she stated Reverend JONES would not discuss this in front of the general populus of the commune. She stated that he would only discuss this with close associates like LEE INGRAM, TERRY BUFFORD and JOHNNY JONES. (u)

BC 89-495

11

[REDACTED] she had no specific knowledge regarding criminal offenses committed by PT Church members, however, she stated that there were members who could not return to the United States because they would be arrested by officials. JONES often taunted these individuals with this fact. (u)

[REDACTED] the individuals having access to the radio and code used are as follows: (u)

SANDY COBB
KAREN LAYTON
LEE INGRAM
PAULA ADAMS
HARRIET TROPP
MIKE PROGGS PROKES

[REDACTED] she was unaware of the code used, however, she knows that JEAN BROWN in San Francisco was referred to as MARTHA on the radio. (u)

[REDACTED] PT members had to sign blank pieces of paper when they went to Temple. The members later learned that confessions were typed on these pieces of paper, making it appear as if the members had signed the confession. Towards the end at Jonestown the members were made to write the confessions themselves, with Reverend JONES telling them to think of the worst thing they could possibly think of and write this on the paper. (u)

[REDACTED] she had no knowledge regarding relocation plans in the event of a mass suicide, however, Reverend JONES frequently spoke of relocating the PT in Russia, Cuba and even Africa. (u)

[REDACTED] during October two Russians, one an official and one a doctor, visited Jonestown. (u)

One of the Russians was named Dr. FEDORUSKI (ph), a white male, late 40s, blond hair. [REDACTED] the Russian official accompanying the doctor spoke to the people at Jonestown briefly. (u) b7c

[REDACTED] she was unaware of the source of drugs used at Jonestown, however, Thoresene was used to sedate defectors and various other oral sedatives including Valium were used. [REDACTED] she had no knowledge of drugs being produced at Jonestown. [REDACTED] she was afraid to ask too many questions or appear too inquisitive. [REDACTED] the "Albatross", a PT Church ship, was operated by RICHARD JANARO, HELEN SWINNY, and WESLEY BRIEDENBACH. BRIEDENBACH, described as a white male, 5'9", 140 pounds, early 20s, brownish curly hair, also worked on small vessel "Cudule". (u)

[REDACTED] the dolls in the shape of animals were made by approximately 30 members of the Jonestown Commune for sale at Georgetown. (u)

[REDACTED] Reverend JONES frequently held "white nights", also known as "alphas". On these occasions, normally when something had upset JONES, he would call all of the people at Jonestown to the pavillion and talk of preparing to die. Reverend JONES would ask his people to raise their hand if they were willing to die. Reverend JONES would tell them that they should be prepared to die with dignity. [REDACTED] on each occasion she raised her hand rather than face the consequences of not being ready to die. She stated anyone who did not raise his hand was brought forward and subjected to public ridicule by Reverend JONES. These people if persistent were beaten by the Security Force and at times removed to the Special Care Unit where they were administered narcotics until rendered helpless. [REDACTED] the first "white night" which she attended upon arrival at Jonestown lasted seven days. (u)

JONES did not allow the people to leave the pavillion during this entire seven day period. [REDACTED] she had never seen a practice suicide drill, however, other members of the commune had told her that one had been conducted in the past where the members were made to line up and drink the kool-aid. (u)

[REDACTED] two days prior to Congressman RYAN's arrival Reverend JONES called a "white night". [REDACTED] could not recall Reverend JONES exact words, however, he stated that if RYAN and concerned relatives of commune members entered Jonestown they would not get out alive. [REDACTED] at this "white night" the Security Force did not have the rifles, shotguns and pistols that they carried on previous "white nights". Reverend JONES asked who was not ready to die and [REDACTED] no one raised their hand. (u)

[REDACTED] on the morning of Saturday, November 18, 1978 at approximately 8:30 AM, she [REDACTED] observed that the guards at the commune were lax and that no weapons were in sight. She stated that the Congressman's aid was making a walking tour around the camp and that she [REDACTED] decided that this was the time to escape. [REDACTED] had talked with BOB KICE on that morning and he was upset because everyone was off work detail. [REDACTED] told KICE that she was going down to the piggery, which was a livestock area commonly frequented by commune members. On the path leading to the piggery [REDACTED] passed STANLEY GEIG and ELHUE DENNIS, both driving tractors. [REDACTED] she felt something was going to happen this day, however, she was not sure exactly what or when it would occur. (u)

[REDACTED] picked up some clothing and a tape recorder which he had stashed in the bushes previously. The tape recorder was to be sold for cash since they had no money. She stated that they also had a machette to cut through the bush. [REDACTED]

[REDACTED] had previously cut a path with [REDACTED] who also escaped that same morning. [REDACTED] they proceeded through the bush to the railroad tracks which ran between Port Kaituma and Mathews Ridge. She stated that it was shorter to Port Kaituma, however, they decided not to go that way since Congressman RYAN's plane was there and they were convinced something was going to happen to him. [REDACTED] a train passed going to Port Kaituma as they continued along the tracks and the train returned, they boarded and rode to Mathews Ridge. [REDACTED] at Mathews Ridge the Guyanese Police observed them and brought them to the police station for questioning. At this time she learned that Congressman RYAN had been shot. [REDACTED] they were subsequently taken to Georgetown, where she was afforded accommodations. [REDACTED] (u)

[REDACTED] there were tape recordings at Jonestown which instructed occupants of the commune what answers to supply if they were questioned by newsmen or visitors. These tapes were furnished by Reverend JONES. (u)

[REDACTED] all the mail addressed to Jonestown was delivered to Box 893, Georgetown and censored prior to delivery to Jonestown. (u)

[REDACTED] the PT headquarters in Georgetown was the Lamaha House, Georgetown telephone number 71924. (u)

[REDACTED] following the mass suicide during her stay in Georgetown she met [REDACTED] a black male, 5'8", 150 pounds, black Afro, receding hairline, who advised her that he was an eyewitness to the mass suicide. [REDACTED] told her that MARY LEE BOGUE, white female, 18, 160 pounds, 5'6", long brown hair, had assisted in administering (shots) to some of the victims. (u)

[REDACTED] ODELL RHODES, black male, 30s, 5'7", 160 pounds, black hair, currently at the Guyanese Hospital, had administered poison to some of the children at Jonestown. (u)

[REDACTED] the pension checks taken from the occupants of Jonestown were endorsed by two individuals who are as follows: (u)

EUGENE CHAIKON, white male, 5'6", 125 pounds, late 40s, reddish brown hair, an Attorney in Georgetown

CHUCK BIKEMAN, previously described above

[REDACTED] she recalled that it had been Reverend JONES dissatisfaction with CHAIKON which prompted the first "white night" that she experienced. (u)

[REDACTED] furnished a typewritten list containing United States contact points for individuals coming to the United States from Guyana which she obtained from PAUL SIMON, previously described above: (u)

On this 22nd day of June
in the year of 1968 while
in sound mind in every sense
of the word, I do speak by
intuition that my wife Marceline
Mae Jones is to be my successor
as pastor, President of the Peoples
Temple non-profit inc, and spiritual
leader of Peoples Temple in all
matters. It is made clear to
me that she as is in the case
of Mrs Martin Luther King with
her late husband will ably
succeed me in all matters.

Even the Messenger of God will
give her guidance on occasion
as was so frequently the case
with me. When this messenger makes
contact with her she will accept
that Divine Guidance. Marceline Jones
is to be consulted about all church decision
for in her there is absolute integrity. You as
a congregation conveyed to both of us the absolute
right to relegate all funds and the I Divinely ~~leave~~ ^{leave} her ^{LOVE} in W. J. M.

I certify that the records of Anderson Valley Unified School District show that Mr. Jones' Drivers whose address is Redwood Valley furnishes transportation for:

P.S. I
Called last
night but you
were asleep.
I'll be in contact
by person or phone
with you soon!
My prayers & love
Go all out for you!

Bro Jackson,

My beloved brother in Christ,
Concern for you kept me up
Praying the entire night!
I'm going to speak sincerely and
frankly! God sent you to
People's Temple and you must
not release yourself! I know
there are things about the Message
that you may not see but it
is God. As long as we love
Christ we have unity and under-
standing to compensate for all
the little things you & I might
disagree on. Early you will

"over"

be making a serious mistake
if you leave our Temple that
God has ordained and declared
you to be part of. Don't go out
to see the proof of what I just
said. Hear me as a voice
crying to you from the depths of
love & fondness for you "Stand
Still and See the Salvation of the
Lord." Don't go back on the light!
I know you wouldn't intentionally
but if you leave the place that
Christ has set you in much sorrow
and heartache will be the result.
God impressed my mind strongly
in every prayer in the early hours
before dawn that you would be
making a terrible mistake to leave.
Please hear my counsel which I
give with a heart full of love for you!

Yours in Him
Pastor James Jones

On 12/5/78 [REDACTED] U. S. Army representative to State Department, who has been working with the Guyana Working Group at State advised FBIHQ that he had received information from the National Personnel Records Center (NPRC), St. Louis, Missouri, that a person identifying himself as [REDACTED] U. S. Marine Corps (USMC), had telephoned NPRC that day asking the location of an individual who reportedly could identify some of the victims of the Jonestown "incident" in Guyana. [REDACTED] left a phone number and address, but when NPRC telephoned him he was not known to anyone at that number, which turned out to be a Pentagon phone number.

On 12/6/78 [REDACTED] NPRC, advised FBIHQ that on 12/5/78 someone calling himself [REDACTED] USMC, who said he was working on the "Guyana incident" at the State Department, telephoned NPRC to ask for the last known location of [REDACTED] who reportedly had worked for Department of Defense (DOD) at Cameron Station in 1977, and could identify victims from Jonestown, [REDACTED] gave his Washington, D. C., phone number as 693-0692 and asked to be called back as soon as possible. Further, he gave his address as "1220 12th Street, 1001, Washington, D. C. 20005." [REDACTED] related that NPRC determined that one [REDACTED] was born [REDACTED] possessed Social Security number [REDACTED] and his personnel file had been sent by NPRC in 1973 to the National Foundation on the Arts and Humanities, 806 15th Street N. When NPBC attempted to reach [REDACTED] at 693-0692, which is a Pentagon number, it was ascertained that no one there knew [REDACTED]. NPBC also checked with the information officer, USMC, Pentagon, and there was no listing for [REDACTED] in USMC records.

WFO should attempt to locate [REDACTED] at the above address for additional information in this matter, and also attempt to locate [REDACTED] through contact at the National Foundation on the Arts and Humanities, in an effort to determine whether he in fact is able to identify victims.

RE BUTEL TO ALL OFFICES, DECEMBER 5, 1978. (u)

ON DECEMBER 1, 1978, [REDACTED]

[REDACTED] TELEPHONE [REDACTED] ADVISED THE FBI THAT HE HAD ONE
RADIO CONTACT ON FEBRUARY 16, 1973 WITH CALL SIGN WB6MID/FR3,
WHOM HE LATER LEARNED WAS ALBERT TOUCHETTE. THIS WAS A DX
CONTACT THAT IS LONG DISTANCE CONTACT. AS A RESULT OF IT BEING
A DX [REDACTED] SENT A CARD TO TOUCHETTE TO VALIDATE THE CONTACT
AND HE RECEIVED TWO CARDS BACK. ONE WAS SENT BY MISTAKE
IDENTIFYING TOUCHETTE. THE CONTACT WAS FOR ONE AND ONE MINUTES
AND THE TWO PARTIES SIMPLY EXCHANGED SIGNAL REPORTS. PRIOR TO
[REDACTED]'S CONTACT, HE HEARD HIM MAKING NUMEROUS CONTACTS AND

MENTIONING HE WAS A MISSIONARY IN GUYANA HELPING THE NATIVES THERE. (u)

THE CARD CONFIRMING THE CONTACT URGED [REDACTED] TO CONTACT HIS CONGRESSMAN TO ASK THEM TO ASSIST GUYANA AS THEY ARE PRO UNITED STATES. HE STATED THIS WAS THE ONLY CONTACT HE HAD MADE AND THE ONLY ONES THAT HE OVERHEARD WERE ESSENTIALLY THE SAME AS HIS CONTACT. (u)

HE ADVISED [REDACTED] HOME TELEPHONE [REDACTED], OFFICE TELEPHONE [REDACTED] HAD ALSO MADE CONTACT WITH THE SAME SIGNAL BUT AS FAR AS [REDACTED] KNOWS HAD HEARD NOTHING UNUSUAL. (u)

ON DECEMBER 4, 1978, [REDACTED] WAS CONTACTED AT HIS PLACE OF EMPLOYMENT, [REDACTED] AND HE ADVISED FOUR OR FIVE MONTHS AGO HE HAD MADE ONE FIVE MINUTE CONTACT WITH RADIO SIGNAL WS6MID/8R3, WHOM HE LEARNED WAS ALBERT TOUCHETTE. THE CONTACT WAS FIVE MINUTES BUT NOT MUCH WAS SAID. TOUCHETTE EXTOLLED THE VIRTUES OF GUYANA AND THIS WAS PRETTY MUCH WHAT HE OVERHEARD WHILE HE WAS WAITING TO MAKE CONTACT WITH HIM AND TOUCHETTE WAS TALKING TO OTHER HAM OPERATORS. HE OVERHEARD NO BUSINESS TRANSACTIONS, PLOTS OR

ANYTHING ELSE ALONG THESE LINES. HE HEARD NOTHING THAT WOULD QUALIFY AS A FEDERAL COMMUNICATION COMMISSION VIOLATION. HE LATER GOT A CARD CONFIRMING HIS CONTACT. [REDACTED] RECALLED HE ALSO HEARD A FEMALE, AS WELL AS TOUCHETTE TALKING UNDER THAT SIGNAL, BUT HE COULD NOT RECALL THE NAME OF THE FEMALE. HE ADVISED THIS WAS A DX CONTACT THAT IS LONG DISTANCE AND THAT IS WHY HE GOT A CONFIRMING CARD. (u)

TOUCHETTE DID INQUIRE AS TO WHETHER [REDACTED] COULD POSSIBLY MAKE A CONTACT WITH ARIZONA STATE UNIVERSITY REGARDING THE GROWING OF TUBERS, A VEGETABLE THAT THE PEOPLE'S TEMPLE (PT) APPARENTLY PLANNED ON GROWING IN GUYANA. THIS CONTACT AS FAR AS [REDACTED] KNOWS WAS NEVER MADE. (u)

[REDACTED] ADVISED HE HAD ON OCCASION OVERHEARD PT CONTACTS BETWEEN THEIR STATION IN SAN FRANCISCO AND GUYANA BUT THE CONVERSATIONS WERE NOT UNUSUAL AND AS FAR AS HE RECALLED NOTHING ILLEGAL WAS EVER SAID. (u)

PHOENIX DIVISION WILL NOT CONTACT ARIZONA STATE UNIVERSITY REGARDING A CONTACT BY THE PT RE THE GROWING OF TUBERS UNLESS SO ADVISED BY SAN FRANCISCO. (u)

Charles Garry Visits Jonestown: 'I Have Been To Paradise'

6 Peoples Temple welcomed Charles Garry, who reports Peoples Temple as "Paradise." Garry has recently returned from a visit to the settlement's agricultural project in Guyana, Jonestown (see page 10). He had much to share. Monday night I was on a plane when he began, and the opportunity to tell at length had been "I saw it. It's there. Ready to see, and I'm sure that in the next few

day or weeks we'll be able to have a documentary, which everyone will be able to see. I saw community where there is no such thing as racism. No one feels the color of his skin, whether he's black, brown, yellow, red, or white. I also noticed that no one thinks in terms of sex. No one feels superior to anyone else. I don't know of any community in the world today that has been able to solve the problem of male sex supremacy completely. That does not exist in Jonestown.

"I also saw something else: There is no such thing as ageism. The community is comprised of the little children, the teen-agers, the young adults, the old adults, the senior citizens, all together. I have never seen so many happy faces in my life as I did in Jonestown the three days I was there. I want that captured (on film) so that skeptical America will know what it is when you live without fear of the rent being due, and all the other problems we're surrounded by.

"There are some 800 persons or more there now. They've got cottages set up that you just could not believe. I saw sanitation there that I had never seen in any part of the world, except Switzerland. You can eat off the ground. He went on to speak of the consistently high level of medical care, organized under a doctor who is "thorough, conscientious and dedicated." The medical team has "the latest in medical equipment and books," and "every person who goes to Jonestown is medically thoroughly examined, and charts are prepared. He recalls that he urged Dr. Schacht to start keeping daily hourly diaries, to put the operation of the medical compound in writing, so that some of our medical schools, and the American Medical Association, can learn from what is being done at Jonestown. A high point of his talk related to the care of senior citizens, which he said moved him deeply. "All of the senior citizens' cottages are built around the immediate vicinity of the medical compound. Every single morning a member of the medical team knocks on the cottage of the senior citizen and inquires, 'Did anybody have any problem during the night? Do you have any problems here this morning? Can you imagine the security that the senior citizens feel with this kind of care? I'd like to have a representative from a body here that's trying to improve the lot of senior citizens who are left to be beggars and paupers to see what is going on in Jonestown.' He spoke of the many agricultural projects, including an improvised method of developing feed from protein food grown in Jonestown. The area of Jonestown devoted to raising animals also drew praise. "Those pigpens, as we call them, looked like palaces. Many of the homes that I've

seen in America could not measure up to the sanitation, the cleanliness, the spaciousness of the place we call a pigpen." The chickens raised and butchered at the project he called "luscious," and the food generally is "delicate, nourishing, and it's type of food that will make your blood pressure go down; your diabetes will disappear. It's substantial, nourishing food—the kind that will take away the fat you accumulate by the type of food we eat here." The project as a whole is described as quite developed, a thriving sawmill, generators to meet electrical needs, wells, street refrigeration. The school is open-air, in a large covered area, with 15 to 20 youngsters in a class. Teachers are drawn in part from at least 50 people there who have advanced degrees. He spoke of the enthusiastic participation and discussion on the part of all the students, which is something he had not seen here, with the exception of the Oakland Community School. Does Jonestown lack for entertainment and fun? Not at all, Garry says. "There's this beautiful auditorium, and for three-and-a-half hours I saw the most beautiful entertainment in the world. I've never seen such talent in my life. I saw children from toddlers through about the age of seven putting on a demonstration, with voice, and clapping, and marching, and children six and seven years old getting up and reciting poetry with meaning and gusto. It was just remarkable. "Why are those people so happy?" he mused again. "They are learning a new social order. They are learning an answer to a better life. When I returned to the States, I told my partners in the office that 'I had seen paradise. From what I saw there, I would say that the society that is being built in Jonestown is a credit to humanity.' And then, as if to reinforce the amazing description, he added, "This is not propaganda. I'm not a propagandist. I'm a hard hitting, factual analysis lawyer. I saw this with my own eyes. I felt it."

A POTOMAC DOCTOR HELPS DELIVER TWINS 2,000 MILES AWAY

RICHARD HAYMAN

By Mary Ann Kuhn
Washington Star Staff Writer

Dr. Albert A. Greenfield, an obstetrician, was about to retire for the night. He sat in his pajamas in a small room off his bedroom in Potomac, flipping through a medical journal on pediatric and adolescent gynecology.

Two blocks away, his friend, Richard W. Hayman, was turning the dials of his ham radio. He had just been talking to someone in Japan because he is planning a trip there in May.

More than 2,000 thousand miles away in the jungles of Guyana, a country in the northeast corner of South America, a woman two weeks overdue in her seventh pregnancy had been in labor more than 14 hours and was experiencing serious complications.

She couldn't be flown to the nearest hospital, one hour away, because a storm and ground fog prevented planes from taking off at the small airstrip seven miles away. The field is illuminated only by kerosene lamps.

IN THE NEXT few moments, the lives of the Maryland men and the Guyana woman became involved in an unusual medical drama. By the time it was over, the Potomac men had played a major role in the woman's delivery of identical twin girls, one weighing 6 pounds 4 ounces, the other 6 pounds 2 ounces.

At 10 o'clock Monday night, as Hayman was fiddling with the dials on his ham radio in his home at 9908 Colebrook Ave., he picked up an emergency call.

"I heard a doctor on one of the stations with an urgent plea to be connected with an obstetrician," said

Hayman Cash Register Co. "He had a woman in South America who was expecting twins. I responded because I felt I could contact an obstetrician."

"I called Dr. Greenfield and I told him I had a medical mission in South America and a pregnant woman who needed medical advice," he said in an interview yesterday. "I asked him if he would help out."

For the next 45 minutes, Greenfield, 40, talked from the phone in his home at 2 Colebrook Court to the doctor in Guyana, giving him instructions on how to perform a Caesarean section on the woman. By using a special apparatus, Hayman was able to "patch" Greenfield's telephone into his ham radio so that the two doctors could carry on a two-way conversation.

WHILE GREENFIELD talked, thousands of ham radio operators here and in other parts of the country tuned in and listened.

One man said that after listening to the instructions he personally thought he could perform the surgery, said Hayman, who has been a ham operator for 20 years. His call letters are K3JDL.

"The doctor in the jungle had made a diagnosis of twins by placing his hands on the woman's abdomen," said Greenfield.

"One of the twins was in a head down or vertex position and the other was in a breach or bottom down position."

"I talked him through the entire operation," said Greenfield, an obstetrician for the past 12 years. "I sure was nervous. I wanted to be sure I gave him every detail. I was oversimplifying things."

"After each detail, I'd say, 'Do you follow me?' and he'd say either 'Yes, go on to the next step,' or he'd say, 'Could you repeat that.'"

BY 11 P.M. MONDAY, Greenfield had finished giving instructions for the delivery as well as post-operative orders.

"That was a first for me," said the doctor. "That was the longest-distance consultation I ever had. It was a very novel and thrilling experience."

"We were waiting on pins and needles to hear from the doctor in Guyana."

"Al (Dr. Greenfield) expressed doubt to me personally whether any of them — the mother and twins —

would survive," said Hayman.

On Tuesday night, almost 24 hours later, Hayman and Greenfield called the doctor to find out the results of the operation. Because he was out on another medical emergency, the two Potomac men talked to a woman ham operator there who told them the operation had been successful. She also told them that the facility where the operation took place was called Mission Village in northwest Guyana. It has a medical clinic, an orphanage and an agricultural project, where most of the people are U.S. volunteers. She identified the man who performed the Caesarean as Dr. Larry Schacht.

"THE OPERATION was very successful, thanks to your help," the woman operator said in a taped recording of the radio conversation which Hayman made.

"This is Dr. Greenfield," said the doctor. "How is the mother?"

"The mother is doing fine," said the woman. "She lost about two pints of blood and she is a little weak, but doing very well. And the babies are extremely healthy."

"Have the babies' lungs been listened to and if so are they clean?" asked Greenfield.

"Roger."

"Were there any mechanical problems doing the actual procedure?" asked Greenfield.

"The procedure went very well thanks to your clear explanation and outlining of the procedures. It went very well. Everybody just followed your blueprint and everything went just fine."

"This is Doctor Greenfield again. I forgot what I was going to say. . . ."

TEMPLE RADIO MAKES FRIENDS WORLD-WIDE

THE SUN REPORTER, Thursday, February 23, 1978

Peoples Temple Takes To The Air

Rev. Jim Jones at the Peoples Temple Agricultural Project in Guyana, South America, has initiated a remarkable new project using the temple's ham radio. In just the last few weeks Rev. Jones and a crew of experienced radio operators have made more than 2,000 contacts of friendship and goodwill to ham radio operators throughout the United States and in other countries.

The purpose of the contacts is to strengthen friendly ties between the United States and Guyana and support Carter's Administration in furnishing needed economic assistance to this newly emerged nation, which is a leader in the Caribbean area of the hemisphere.

Jones has spearheaded this new effort with great energy and persistence. "Radio operators can make wonderful ambassadors," he notes, and "the response has been amazing." The temple has been deeply gratified to find a widespread understanding of the need for nonintervention, mutual coexistence, and aid to America's neighbors to the south.

The agricultural project was begun four years ago for the primary purpose of providing a

wholesome alternative lifestyle for troubled young persons and to produce food and agricultural technology that can help solve world food problems. The radio is being used extensively as an extension of these humanitarian efforts. Many times the temple has been able to relay requests for medical assistance and other needed help.

One situation involved a child in a neighboring country who was critically ill and needed a

medication that could not be obtained there. Rev. Jones had hundreds of contacts made over the radio, over an area ranging thousands of miles, until the rare medication could be located.

Another remarkable set of contacts involved the delivery of a baby in Jonestown by the doctor there. The baby was a breech birth, and the mother was hemorrhaging. Eleven doctors were called in for consultation over the radio.

The medical complications were handled in an expert manner, and both mother and child are doing very well.

Copies of radio identification numbers the temple has contacted from its Guyanese station are being forwarded to President Carter and many U.S. congressional representatives. The temple is proud to do its part in furthering goodwill for the United States in this part of the world. It has made known its support for the Guyanese policy of nonalignment.

Long-Distance Caesarean

Washington

Dr. Albert Greenfield helped deliver twins by Caesarean section this week, although the patient was more than 2000 miles away in a village in the jungles of Guyana.

Greenfield, an obstetrician, was at home in suburban Bethesda, Md., on Monday night when a neighbor, who is a ham radio operator, said a doctor at the Mission Village clinic in Guyana needed help because a storm prevented the woman from being flown to a hospital. The two doctors began the long-distance consultation. Greenfield said the next day he was told the mother and babies were doing well.

SAFEGUARDING HEALTH — People's Temple nurses Hattie Newell, foreground, and Chris Rice, standing, prepare to examine

Loretta Coomer as part of the church's new health program.

Temple's medical staff begin physical exams

The Peoples Temple team of medical personnel, whose members are in various stages of training and who work in hospitals and care facilities in the community, are giving routine physical examinations at a new office in Redwood Valley.

The service is provided free of charge to the many hundreds of members in Peoples Temple, who are then referred to local doctors if health problems are discovered.

"We do not make any sort of diagnosis if we find that someone has health troubles," said Larry Schacht, a four-year

member, "and we encourage them to make an appointment and to tell the doctor to call us if he so desires."

The Temple medical staff is interested in finding particular health patterns so that the members can take steps through their personal doctors to head-off serious health afflictions by preventative therapy. Members are advised to see their doctor at least once a year and preferably semi-annually for seniors.

"Our pastor, Jim Jones, insists that all of our members get regular exams, with the church

highest regard for the outstanding medical community in this area, and we want all of our people to benefit from it."

The crude birth rate in all of Latin America declined by slightly more than 12% during that decade, with declines from 20% to 40% for about half the countries.

Substantial declines were also experienced in Egypt, Mauritius, and Tunisia, although the crude birth rate for Africa as a whole remained basically unchanged, he said.

Most significant is that the 13 developing countries with the largest populations (35 million or more) had percentage declines twice those of the smaller countries, Mr. Mauldin said.

Three of the 13, South Korea, Thailand, and China, had fertility declines

press conference to announce that it will not diminish its support of the programs.

Just 4 weeks before the press conference, however, the Foundation also said it will "reorder budget priorities" in genetic services as the grants expire.

The original cutback announcement was made last December by the organization's vice president for medical services, Dr. Arthur J. Salisbury, at a public meeting sponsored by the Public Health Service Genetics Coordinating Committee at the National Institutes of Health, Bethesda, Md.

Several Foundation grantees told this newspaper they felt that the decision was the result of pressure from antiabortion groups.

Since then, the Foundation's na-

tional office has received hundreds of letters and countless phone calls from the public expressing great disappointment with the cutback announcement, and some people have threatened to withdraw their financial support of the Foundation. Dick Leavitt, a Foundation spokesman, told this newspaper.

All of the patients in this series who developed adenocarcinoma of the endometrium (11 of 301) received estrogen alone. The data are highly suggestive that the regular addition of progesterone might protect the patient against this cancer, he said.

The current study, which is in press and not yet published, was based on a review of 7,000 medical records of

Ham Operator Helps Ob.Gyn. Consult With Physician in Jungle on Emergency C-Section

By MIKE BYRNE
Associate Editor

Dr. Albert A. Greenfield, ob.gyn. in private practice, at his home where he had a late night consult via ham radio with an American physician in Guyana.

POTOMAC, Md. — If you saw it in a movie you probably wouldn't believe it. . . .

An ob.gyn., around 40, in a comfortable suburb of Washington is catching up on his reading before bed. The phone rings. It's a neighbor, a ham radio operator, who says there is a physician in a stormy South American jungle calling for help.

A woman has been in labor more than 14 hours and has made no progress. She's 2 weeks overdue and she's having twins, one breech and the other vertex. There is only ether for anesthesia; there are no X-ray, no blood bank facilities, and no operating room, just a suturing table in an emergency room area off a 20-bed dispensary. It's in a remote area of northwestern Guyana, not far from the Venezuelan border.

The physician in the jungle sounds young, sounds American. He has very limited general surgical experience and is asking such questions as "Which baby is removed first?"

His facility was not designed for any major surgical procedure. Ground fog means there is no chance for an air evacuation.

The ob.gyn. is incredulous. Is this a dream? Is it a gag? But he

Continued from page 11

begins painstakingly to describe how to do a cesarean section, from step one: how to put the woman on the table. In South America, the physician takes notes. Ham operators around the world listen in. Some, not knowing of the drama, try to break in.

"Could you repeat that?" implores the young physician. Then the atmosphere crackles with the transmission. "Could you repeat that?" he asks again. It continues like this for maybe 45 minutes. Finally, the physician in the jungle signs off. He performs the surgery and mother and twins recover uneventfully.

Hollywood isn't buying stuff like that anymore. Who would believe it?

Dr. Albert A. Greenfield would. It happened to him at his home in Potomac, Md.

Even Dr. Greenfield, a physician in solo ob.gyn. practice in Gaithersburg, Md., admitted in an interview with OB.GYN. NEWS that it all has the quality of "one of those old Humphrey Bogart-World War II movies."

"The real hero of this story is Dr. Larry Schacht," who performed the operation. He had virtually nothing to work with, Dr. Greenfield said.

Apparently Dr. Schacht, whom Dr. Greenfield believes is a family physician, is working with a group of American volunteers in a place called Jonestown in the northwest district of Guyana (formerly British Guiana).

Greenfield said.

Under normal weather conditions the woman would have been flown to a hospital an hour away, but the small airstrip 7 miles from the dispensary was fogged in, and it was 1 A.M. (11 P.M. Washington time). The only landing lights are from barrels of kerosene alongside the runway.

After talking with Dr. Schacht, Dr. Greenfield said he could not sleep for several hours worrying about what was happening to "my patients" 2,500 miles away. The next day he and his neighbor, Richard Hayman, radioed Guyana and learned that both mother and twins were doing well.

The babies were identical twins girls, weighing 3.2 and 3.0 kg. There were no complications after the operation, despite maternal blood loss of around 1,000 cc. Dr. Schacht intended to keep the mother and babies in the dispensary for 10 days, not because of any problems but because he thought the mother might not return from her village for postoperative care.

Dr. Greenfield said he was able to talk with Dr. Schacht from his home because Mr. Hayman, a ham operator

for 20 years, had a device that could patch the telephone call into the radio.

Dr. Greenfield, a clinical instructor of ob.gyn. at George Washington University Medical Center, said he described the cesarean section tech-

nique step-by-step, "like a textbook or like talking to a medical student."

"Nothing like this ever happened to me before," he said. "The longest telephone call I've ever had was from here to Chicago."

The woman, in her seventh pregnancy, was at 42 weeks' gestation and in potential danger of uterine rupture, which could have been fatal because there were no blood bank facilities. Any attempt at vaginal delivery would have compromised the twin fetuses, which Dr. Schacht had diagnosed on clinical grounds alone because the X-ray machine was broken, Dr. Greenfield said.

If a genetic defect is present, it may be one of the approximately 50 kinds that are treatable. Parents in this situation would have a greater reason to continue the pregnancy than to end it.

The only situation left in which parents may opt for abortion is that in which the fetus has a genetic defect that is not treatable. However, the actual incidence of either a gross chromosomal abnormality or a single gene defect in newborns is only 1.5%, Dr. Thomas said.

[REDACTED] was interviewed in the presence of Special Agent (SA) [REDACTED] United States Secret Service (USSS) at the United States Customs Office area, Miami International Airport (MIA). [REDACTED] was advised of the identities of the interviewing Agents and that they are Special Agents of the Federal Bureau of Investigation (FBI), and that SA [REDACTED] is an SA of the USSS. [REDACTED] was further advised the nature of the interview would concern the murder of United States Congressman RYAN at Jonestown, Guyana, and any conspiracy in the United States or elsewhere to do the same. [REDACTED] agreed to be interviewed. Upon being interviewed, [REDACTED] furnished the following information: (u)

He became involved with the People's Temple (PT) Church in Los Angeles, California, in 1972. He initiated this involvement with the church based upon the fact that he considers himself a religious man. His brother, [REDACTED] told him during 1972 that he had heard of a prophet who could heal people. [REDACTED] went to see JIM JONES at his church based upon his brother's information. He was later [REDACTED] his [REDACTED] church as [REDACTED] to the [REDACTED] for children, senior citizens and [REDACTED]. [REDACTED] became heavily influenced by JONES' preaching and decided to join the PT. While a member, he donated an unrecalled sum of money over a period of time to the church. He noted that JONES received many awards from various organizations for being a humanitarian. Eventually JONES bought land in Guyana. The purpose of buying the land, according to [REDACTED] was to raise agricultural crops. (u)

In 1977, JONES began to tell his congregation that he and they had to get out of the country. He claimed the PT was being discriminated against. In approximately 1977, JONES left for Guyana. Thereafter, JONES called for different people to travel to Guyana. Letters from those already in Guyana stated that the area at Jonestown was beautiful. They also sent photographs to PT members in the United States. (u)

In approximately March of 1978, JONES called [REDACTED] and told him he was to go to Guyana. Upon arriving in Guyana, (u)

ENCLOSURE

[REDACTED] discovered that the impression of Jonestown was entirely different than the reality of Jonestown. He noted little food was being raised, although it had been claimed that that was the primary reason for the existence of Jonestown. Shortly after his arrival, JONES told him that he was going to have to die there. JONES asked [REDACTED] whether he would rather die fighting or rather die by taking poison or committing suicide. [REDACTED] replied that he would rather die fighting. (u)

Prior to his traveling to Guyana, [REDACTED] was moved from Los Angeles to San Francisco in approximately 1976. He was eventually appointed a member of the [REDACTED] of the PT in San Francisco. He stated he was never issued a weapon and received no firearms training. He described his duties as insuring the PT buildings were locked at night and making sure no one broke or stole anything. [REDACTED] did not live in the temple building at that time, and had a regular job, carrying out his duties at the church on his free time. (u)

He did note that one JIM Mc ELVANEY (phonetic) and JONAH JONES did possess firearms in San Francisco during that period. (u)

He noted he was never trained in the use of weapons or explosives by the PT or prior to his becoming a member of the PT. He also stated he has never used narcotics to any great degree. (u)

He noted approximately two or three months ago, he did notice a duffel bag loaded with weapons at the "rice tent". The rice tent was used as an area to unpack baggage of incoming PT members. He noticed several gun barrels protruding from the end of one of the duffel bags. The weapons appeared to be rifles and he believes at least two were .22 caliber. He does not believe that any of the weapons were shotguns. He did not see the weapons after that. (u)

In regard to the weapons arriving at Jonestown, he noted that not only weapons, but other supplies were shipped (u)

to Jonestown from the PT in San Francisco. He explained the method used by the PT was that a member being ordered or volunteering to go to Guyana was told to report to the temple in San Francisco. The members were then told to pack the duffel bags with the belongings they wished to take to Guyana. Thereafter, unknown persons at the temple would unpack the duffel bags and repack them, often concealing items destined for Jonestown within. This repacking was done without the knowledge or permission of the travelers. The travelers often would also be given several other duffel bags with their names on them to carry to Jonestown, but they were not advised of the contents. In addition to weapons, he knows that medical supplies were also transported in this manner. (u)

Upon their arrival in Guyana, the PT members were given what appeared to be preferential treatment by the officials of Guyana who were supposed to check the incoming baggage for contraband, et cetera. The officials were well aware that the incoming baggage was that of PT members and therefore, at best, gave it only a cursory examination. (u)

[REDACTED] also heard that a bazooka had been brought to Jonestown by JIM JONES' wife, "MARCIE". He never saw the bazooka nor did he see any ammunition for it. The bazooka was supposed to have arrived in Jonestown approximately two to three weeks before Congressman RYAN's arrival there. (u) b7c

He was in Jonestown from April, 1978 through his departure from there on the date of the instant interview. He was not absent from the country anytime during that period. (u)

[REDACTED] noted he occasionally could hear shooting in the jungle and is positive that the shooting was target practice for those of the Jonestown PT who were authorized to carry firearms. He never noted any automatic weapon fire and stated the shooting sounded to him to be rifle fire. He stated he did hear that hut number 14 was a storage area for weapons at Jonestown. (u) b7c

He noted that guards at Jonestown openly carried pistols. He estimates approximately 15 guards were openly armed each day. He also stated it was well-known that part of JONES' secret security force carries concealed weapons all of the time. (u)

He stated JIM JONES said on many occasions that anyone who came into Jonestown without his permission would be killed. [REDACTED] also recalled that on several occasions, JONES specifically stated he would kill Congressman RYAN if he came there. (u) b7c

An attorney, GENE SHAKIN (Phonetic) was aware of the statements made by JONES in regard to his threats. SHAKIN lived in Jonestown full-time. [REDACTED] stated he heard SHAKIN was killed in Guyana. [REDACTED] is unaware whether Attorney MARK LANE or another attorney of the PT, name unrecalled, from San Francisco, were aware of the statements and threats made by JONES in regard to visitors. (u)

JONES often threatened the members of the church in Jonestown and told them if they escaped, he has people all over the United States, including the Mafia to "get them". (u)

One TED LEWIS, a PT member in San Francisco, was killed approximately one year ago, according to [REDACTED]. He stated that PT members were told that LEWIS was killed by some sort of gang. (u) b7c

JIM JONES knew that Congressman RYAN was coming to Jonestown at least two weeks in advance. The "word" spread around Jonestown that RYAN was coming shortly after JONES' wife's arrival from the United States. Following that information, JONES told the congregation that RYAN and members of the press were coming to Jonestown and if they in fact did arrive in Jonestown, he would have them killed. RYAN and his party arrived in Jonestown on a Friday evening, exact date unrecalled. The previous evening, Thursday, JONES told the people at Jonestown that RYAN was arriving the next day. (u)

When JONES learned of Congressman RYAN's trip, he immediately sent for Attorney MARK LANE. [REDACTED] also (u) b7c

noticed a PT member JIM Mc ELVANEY (Phonetic) arrived in Jonestown shortly before Congressman RYAN's party arrived. (u)

The day before RYAN arrived, JONES told the congregation that RYAN and his party were going to come to JONESTOWN and that everything was going to be alright. JONES told the congregation not to get close to the visitors and stated that "he could handle it". (u)

Following his arrival at Jonestown, Congressman RYAN spoke to PT members that night (Friday). He spoke very favorably of JIM JONES and the PT. He stated he had been sent to Guyana to investigate the situation there and that his investigation would be concluded the following evening (Saturday). The congregation cheered at these remarks. (u)

[REDACTED] stated that he did not know that the congressman and his party were going to be attacked and killed. He said that he was also unaware of anyone else who had that knowledge in advance. (u) b7c

That Saturday morning, he saw Congressman RYAN with his briefcase and spoke to him very briefly inasmuch as he would have been chastised by the guards if they had seen him speak to the congressman. (u)

He noticed the security guards appeared to be very nervous that morning and that they were wearing their guns beneath their clothing, apparently attempting to conceal the fact that there were armed guards at Jonestown. (u)

The following morning (Saturday) he and his "companion", [REDACTED] told the guards they were going on a picnic. He stated it was preplanned that the next time important guests came to Jonestown, the two of them would leave. He noted when important visitors were there, the security guards seem to turn their attention toward the visitors and not so much toward the members. (u) b7c

They went to the jungle's edge and located a trail after some difficulty and traveled the trail through the (u)

jungle for quite a distance. They eventually came upon a railroad track and followed the tracks back toward Georgetown. He believes there were additional persons with him when he made this escape, exact names unrecalled. (u)

Prior to his escape, [REDACTED] heard on many occasions JONES making statements such as "I'm going to take some of these sons of bitches down with me" and "We'll all go down together". (u) b7c

JONES also frequently spoke of how "rotten" President CARTER is and what a big liar he is. JONES often said if he could get his hands on CARTER as well as other prominent politicians, he would kill them. (u)

JONES often reminded the members that if any of them should leave the Temple, or the "cause", something would happen to them and they would never be heard from again. (u) b7c

[REDACTED] believes that JONES kept a "hit" list of persons to be assassinated, but he never actually saw such a list and has no idea where it was located. He also has no idea as to the persons on the list. He believes the troops in Guyana found the list when they came into Jonestown. (u)

He heard JOHNNY JONES, JIM JONES' adopted son, and his group were "hit" men for JIM JONES in San Francisco. (u)

JIM JONES encouraged everyone from time to time to sign statements discouraging Congressman RYAN and others from visiting Jonestown. He stated he never saw nor signed any sort of statement in regard to the killing of a prisoner. He stated on several occasions he signed blank pieces of paper. He also stated occasionally, JIM JONES would pass a long piece of paper around and all the members would sign the paper without any notation. (u) b7c

[REDACTED] stated he does not know any members of the PT planning commission by name and has no idea as to the function of the planning commission. (u)

When asked which surviving members of the PT could be considered dangerous if they returned to the United States, [REDACTED] stated that STEPHEN JONES and all of JIM JONES' sons should be considered dangerous. He recalled one ODELL ROSE (possibly RHODES) worked with children in the nursery at Jonestown. He stated that ROSE backed JIM JONES' policies 100 percent. To his knowledge, ROSE is presently in Guyana. (u) b7c

He furnished the following names of persons believed by him to be members of the PT security force at Jonestown: (u)

1. BRUCE (LAST NAME UNKNOWN) (LNU) - Black male, large muscular build, early 20's.

2. The brother of BRUCE (LNU) (Number One above) - A black male.

3. PANCHO (LNU) - A black male. No further description recalled. (u)

4. JOE JOHNSON - Black male. No further description recalled.

He stated he recalls TERRY BUFORD being in Jonestown, but was unable to furnish any descriptive information about her. (u)

[REDACTED] stated that he never participated in a suicide drill the entire time he was there. He noted, however, that he was told that such drills were conducted prior to his arrival in Jonestown. JIM JONES also talked of mass suicide and on at least one occasion, he recalls JONES saying that he would kill all of the babies and take poison. (u) b7c

[REDACTED] stated that he never heard the term "angels" used during his membership in the PT. (u)

In regard to the PT basketball team, JIM JONES often said that the basketball team was organized in order to impress people outside the temple. [REDACTED] furnished the following names as being members of the basketball team: (u)

1. STEPHEN JONES, white male, approximately 20 years of age, six feet and two inches tall, approximately 155 pounds, dark hair and dark complexion.

2. JIMMY JONES, Jr., black male approximately 13 years of age, six feet tall, approximately 165 pounds, adopted son of JIM JONES, Sr.

3. TIM JONES, white male, approximately 20 years of age, approximately six feet tall, approximately 135 pounds, adopted son of JIM JONES, Sr.

4. JOHNNY COBB, black male, approximately 20 years of age, approximately six feet tall, approximately 180 pounds.

5. CALVIN DOUGLAS, black male, early to mid 20's, approximately six feet tall, approximately 165 pounds.

6. LEE INGRAM, manager of basketball team, black male, mid 30's, considered potentially dangerous [REDACTED]

He stated there are also additional members of the basketball team, names unrecalled. He described all of the above members of the team as being part of JIM JONES "inner circle" and that most of them were members of the "security" force. (u)

Prior to the mass suicides and murders, the entire basketball team had gone to Georgetown, expecting to stay there approximately four to eight weeks. The team was supposedly playing other teams in Georgetown. When JIM JONES heard that Congressman RYAN was going to visit Jonestown, he told JOHNNY JONES to call Georgetown on the radio and tell the basketball team to return to Jonestown. JOHNNY JONES did so and told JIM JONES that it was "too late". The basketball team had been in Georgetown approximately three weeks prior to JIM JONES learning of Congressman RYAN's visit. (u)

[REDACTED] stated JIM JONES spoke favorably of communism often and said that Russia believed in him. On at least one

occasion, a man who supposedly was a Russian doctor visited JONES and thereafter made a speech to the congregation at Jonestown. The speech was very short in duration, according to [REDACTED], and he does not recall the content. He noted JONES often spoke of taking the PT to Russia. (u)

[REDACTED] was unable to provide any information in regard to the PT bribing public officials with the exception that he heard the Governor of Guyana had been bribed by JONES (u)

After Congressman RYAN's arrival at Jonestown, one JERRY PARKS talked to RYAN and told him he wanted to leave. When JIM JONES heard this, he begged PARKS not to leave and said that there would be a lot of trouble if he attempted to leave. JONES offered \$5,000 to PARKS and also offered to return his passport to him if he would only stay for a short while longer. (u)

[REDACTED] stated he heard that one ANNIE MC GILE (Phonetic) is the person who shot JIM JONES following the mass suicides. He was unable to say exactly where he received that information and was unable to provide any further information in regard to the shooting of JONES. He emphasized that he was not present at Jonestown when JONES was shot and that this was merely something that he had heard. (u)

He stated that all of the mail, both incoming and outgoing at Jonestown was heavily censored. He also noted that JONES very often told the members at Jonestown to write home and tell their friends and families to send them specific items needed by the PT. (u)

[REDACTED] stated he is not aware of any assassination squad of PT. (u)

He noted JONES appeared to be extremely paranoid and thought that the Central Intelligence Agency (CIA) was spying on him. (u)

MM 89-179
10.

[REDACTED] stated that JONES did utilize torture at Jonestown for people who displeased him. One type of torture utilized was a small box in which JONES would have people placed for punishment for up to two weeks. They were given minimal food and forced to sleep in their own waste. Such punishment was often imposed for such minor offenses as complaining about the food at Jonestown. JONES often told the congregation that he could kill them at anytime and just say that they had been lost in the jungle. (u) b7C

[REDACTED] stated he has no knowledge about the funding of the PT or where money and other securities may have been kept at Jonestown. (u) b7C

He noted that PT members were often drugged to keep them under control. He recalled one female, name unknown to him, was drugged so badly that it appeared to have affected her brain and she never seemed to fully recover from the drugs. (u)

[REDACTED] recalled that STEVE JONES, the true son of JIM JONES, and his father, often had conflicts, but generally agreed on the policy of the PT. JIM JONES always said that his son, STEVE, would take over in the event of his demise. [REDACTED] never saw STEVE harm anyone while he was at Jonestown, but heard that prior to his arrival there, STEVE JONES had murdered someone by slashing his throat. (u) b7C

In regard to the radio operators of the PT, he recalled that MIKE CARTER operated the radio at Jonestown and he also recalled that some females also operated the radio at times, exact names unrecalled. He stated that LARRY LAYTON's wife, CAROL LAYTON, often operated the radio either at San Francisco or at Jonestown. He also recalls that one LEONA (LNU) operated the radio from the PT in San Francisco. He could only describe LEONA as being a black female, short, and heavy set. (u)

[REDACTED] recalled the arrival of two bags of cyanide at Jonestown, approximately one week before the arrival of Congressman RYAN. The cyanide, along with other supplies, arrived in Guyana aboard the ship "Cudule". The supplies were moved to a store house area just outside of Jonestown, (u) b7C

[REDACTED] He stated the cyanide was packaged in two bags weighing approximately ten pounds each and marked "cyanide". At that time, JERRY PARKS was managing the storehouse and placed a third empty bag over the two bags of cyanide in order to keep the domestic animals from accidentally eating it. The next day RUSSELL MOTEN (Phonetic), came to the storehouse and asked [REDACTED] if he had seen the bags. [REDACTED] showed MOTEN the location of the bags and MOTEN took both bags and took them to Jonestown. (u) b7C

[REDACTED] never heard of marijuana being used at Jonestown, but did hear that JIM JONES was a drug addict. He stated JONES often appeared to be on drugs and at one time heard JONES say he spent \$50,000 the week before on drugs. He never had any indication that drugs of any type were being manufactured at Jonestown. (u)

He stated he knew both TOM KICE and BOB KICE. He described both of them as being on a "secret" team and has heard that both of them are dead. He also stated he heard that TOM KICE is the person who killed Congressman RYAN. (u)

He stated both MIKE CARTER and TIM CARTER were very close to JONES and should be considered dangerous. (u) b7C

[REDACTED] stated he does not recall any member of the PT planning commission and a United States agency member visiting the Temple at the same time. (u)

[REDACTED] stated that one SANDY BRADSHAW was a member of the PT. He could describe her only as a white female and believes she worked in the PT office in San Francisco. (u)

[REDACTED] stated that there was a Silent Weapons Squad at Jonestown. He stated they were trained in the use of bows and arrows, as well as crossbows. He recalled the following persons to be members of the Silent Weapons Squad: (u)

1. TOM KICE
 2. JOHNNY JONES
 3. TIM JONES
- (u)

4. GUY (LNU)
5. LARRY LAYTON

There were also believed to be other members of the Silent Weapon Squad in addition to the above. He stated DOUG SANDERS, an explosives expert, was believed to have been a member of the squad and MIKE TOUCHETTE may have been a member. (u)

(No Middle Name) [REDACTED], was interviewed in the presence of Secret Service Special Agent (SA) [REDACTED] at Miami International Airport (MIA), Miami, Florida.

[REDACTED] advised that he resides at [REDACTED]. He is employed at the [REDACTED] where he has been employed since approximately 1967. He originally went to San Francisco, California, to see [REDACTED] and to better himself financially. [REDACTED]

When he arrived in San Francisco, he obtained employment at the [REDACTED]. He first became aware of the Peoples Temple (PT) Church through a friend of his that worked at the [REDACTED] who told about Reverend JIM JONES. This was approximately two or more years ago. He went to hear Reverend JONES and although he did not believe in the healing of the sick or the raising of the dead as being legitimate, he did notice that JONES appeared to make a real effort to help the elderly people and feed the hungry. He also adopted a lot of children. JONES appeared to be doing a lot of good in the San Francisco area at that time. Normally the services were from 7:00 PM to 1:00 AM on Saturday and Sunday nights. He attended somewhat regularly. Normally JONES during the services, would be doing a lot of talking, healing, and taking a lot of collections for money. JONES took a lot of collections during the services and put a strong emphasis on money. The PT Church in San Francisco is located on the corner of Gary Street and Filmore.

A girlfriend of his by the name of [REDACTED] was a member of the PT and they lived together in San Francisco. She lived on [REDACTED], but he did not recall the street number. She bore one child to [REDACTED]. [REDACTED]

Investigation on 12/5/78 at Miami, Florida File # Miami 89-179

SAs [REDACTED] & [REDACTED] by [REDACTED] VDB/jjj Date dictated 12/7/78

The child was born three years ago in San Francisco.

[REDACTED] was married to [REDACTED] in [REDACTED] at the AME Baptist Church in [REDACTED]. He was never divorced and is still presently married to her although they are separated. He has a daughter, [REDACTED], and two sons. [REDACTED]. Both children are by [REDACTED]. They all live with their mother. She is employed at the [REDACTED] in San Francisco.

[REDACTED] and [REDACTED] both died at Jonestown, Guyana. [REDACTED] was 28 years old and [REDACTED] was three years old. His adopted children, [REDACTED], age 11 years (a male), and [REDACTED], age six years, also died at Jonestown in the alleged mass suicide. [REDACTED] and [REDACTED] were TOMMIE's children by some other man although she was never married.

He lived with [REDACTED] for approximately five years which would be five years ago. He met her in San Francisco for the first time. He does janitorial work at the [REDACTED] and she worked as a unit assistant. He works as a [REDACTED].

He went to Guyana on September 24, 1978, leaving from San Francisco. He took a leave of absence from the [REDACTED] and was to return to work on January 2, 1979.

[REDACTED] displayed to the interviewing Agents a slip of paper indicating that he had a leave of absence from the [REDACTED] until January 2, 1979. His supervisor's name is [REDACTED].

He went to Guyana to attempt to get his "companion", [REDACTED], to return to San Francisco with him. When he arrived in Guyana, he realized that it would be impossible almost to return because of the slave labor type

concentration camp atmosphere in Guyana. He fully intended to return to the United States, but Reverend JONES would not allow it. He let it be known that he wished to return to the United States and even on several occasions, told JONES that he had to return to get money. He stated that this was not true, but he thought it would entice JONES into letting him leave. He told JONES that he had to get his retirement check and his grandfather had died, leaving him some money and he would return with the money. JONES told him that they had a legal department that could handle the whole thing by mail. JONES told him that if he left, he would be dead. He told him if he tried to leave out the front door of the camp, they would "drop me dead". He also told him "don't play with my power". One of the "counselors" told him that the only way he would go home was "in a box".

He stated that he is very disenchanted with the PT and feels in his opinion that Reverend JONES was "an ass". JONES was "evil". He feels very bad about the whole thing and feels that the persons responsible for the mass suicide and/or murders should be bound and punished. He stated that "I don't believe in violence". He stated that Reverend JONES and the "basketball team - security squad" were "really mean".

He stated that while he was in Guyana, the Temple would have meetings and would have security guards standing behind people attending the meetings. The security guards would beat people that complained or did not agree with Reverend JONES completely. Reverend JONES was either speaking most of the time or he was talking on a recorded tape, which was prerecorded and played through loudspeakers.

He stated, "I'm a loner". He stated that he did not know anything regarding the inner workings of the camp hierarchy and does not know who made decisions or what decisions were made. He was not familiar with any code words or code phrases. He knew nothing of any type of attempts to brainwash, hypnotize or furnish people with posthypnotic type suggestions.

He stated he does not know of any other churches in the PT other than one church in Los Angeles, California, and does not know the street address. JIM MC CABIN was the leader of that particular temple. He died in Jonestown. He does not know of any relocation points.

After staying in Jonestown, they were "killing me working me seven days a week". He decided that he would "die or escape".

If people in the camp were sick, they could lay down for two hours but they had to return to work. They were being starved and fed only rice and gravy everyday. Everyone that worked in the camp ate the same thing. There were thousands of hogs and chickens in the camp, but no one ever ate any of them except the security guards and JONES. The people close to JONES ate very good. The people in the camp were broke down into people in charge of security, money and the radio. The important people in the camp were: (1) Reverend JIM JONES (2) JOHNNY JONES, who died, (3) AVA "AVERY" JONES (dead), (4) LEE INGRAM, presently alive in Guyana (JONES' right hand man). INGRAM was in charge of money and security. (5) JOE WILSON (dead), (6) STEPHEN JONES (JONES' son), age 19 years (looks 22 years old), who was close to Reverend JONES and in charge of security.

The security guards around JONES consisted of about a dozen men. They were STEPHEN JONES, JOHNNY COBB JONES, CALVIN DOUGLAS, PANCHO, and TIM JONES (Reverend JONES' son). TIM JONES and JOHNNY COBB JONES are alive. CALVIN DOUGLAS and STEPHEN JONES are also alive. PANCHO died at Jonestown.

Reverend JONES lived in the "east house".

[REDACTED] worked all day long [REDACTED]

Reverend JONES complained all the time about someone putting poison in his food and had a paranoia about

b7c

his food. If anyone complained about food, they were beaten by security guards and the people in the camp were followed around by security guards constantly. If he even went to "the bathroom", the security guards followed him. Reverend JONES had his own cook that prepared his meals. This woman had been his cook for a number of years.

[REDACTED]'s religious affiliation was that of being a member of the Church of Christ [REDACTED] [REDACTED], where he joined the church at about the age of nine years and was baptized. He attended a Church of Christ in San Francisco, but does not consider himself a "religious person". He is "not more religious than average".

b7C

The "basketball team" was the security force in the camp. They were "the main guards". They were "security". They went around playing basketball and when they left the camp, there was a second squad of security guards to operate security in the camp. There were about 12 security men on each security squad and there were two security squads. When they were not playing basketball, they were operating security.

JOHNNY COBB JONES was next to the leader of security and he was over the security heads. CALVIN DOUGLAS was behind JOHNNY COBB JONES in leadership. LEE INGRAM was the leader of the security.

There were approximately 900 people in Guyana. They were 127 miles approximately from the nearest settlement. They were located in the jungle.

The security guards went around generally in groups of two or more and were armed with high powered rifles and pistols.

The security guards are supposed to come to the United States. To his knowledge, none of the guards died in the camp.

There are still about 12 that are alive. The people in the camp were generally weak from overwork and lack of food and it was almost impossible for them to resist the guards.

JOE WILSON, who died in Jonestown, generally took over when JOHNNY COBB JONES left the camp. WILSON carried a pistol on his side with a high powered army type rifle. He saw him on one occasion carrying two rifles, wrapped up in plastic, in addition to a rifle slung over his shoulder.

Generally the security guards would stand behind JONES when he talked with their hands behind their back at attention.

"PANCHO" JOHNSON was in charge of the second security team. PANCHO died at Jonestown. The second security squad all died in Jonestown to the best of his knowledge.

He stated that on one occasion, he saw PANCHO hitting someone with his fist and cussing them. At night, the security force walked around the camp, armed. None of the people in the camp were allowed to roam around at night.

JOHNNY BROWN JONES, JR., (deceased) was mean. He was part of security and he put [REDACTED] on heavy punishment.

b7C

The people in the camp were not allowed to eat grapefruit or bananas and were punished if they did.

The people were sometimes given a pill which had some type of narcotic effect. These were people that were "a problem". He knew of one man that had committed some homosexual type act and he complained that the pill that they had been giving him made his "head float".

The camp people were not divided up, but generally the young and senior citizens of the camp were in the same

general area.

On one occasion, two or three Russians visited the camp. He did not know their names and they appeared to be checking sanitary conditions in the camp. They inspected the latrine and kitchen facilities. He did note that when the Russians ate, they fed the Russians chicken and a good meal. They tried to lead the Russians to believe that everyone in the camp was fed this same dish. This visit by the Russians occurred about two months ago and they stayed about one week. He does not know any other details concerning their visit, but does know that they spoke to the people in a meeting.

He does not know of any government official visiting the camp other than RYAN, who arrived on a Friday night. RYAN spoke to the people in a meeting and said something to the effect that he really enjoyed visiting the camp and was leaving the next morning. He and some other people in the camp made their plans to escape the next morning since they felt like it was a good time to escape. When RYAN spoke to the people, he was seated on a bandstand and he spoke on Friday night about 8:00 or 9:00 PM. Someone filmed the whole meeting and there were several photographers filming this.

[REDACTED] made his escape Saturday morning at 9:00 AM along with [REDACTED]

[REDACTED] There were some other people in the group. They had planned for about two months to leave if any United States official arrived at the camp. [REDACTED]

[REDACTED] they were going to escape.

[REDACTED] said that his baby was in the nursery and his stepchild was in school and his 11 year old's whereabouts were unknown in the camp. [REDACTED] said something to the effect "I know I'll die if you leave". He told her that this was nonsense. He tried to talk her into escaping with him, but she declined. She said something to the effect that she should report him since he planned to escape. He tried to bluff her. He told her that if she did, he would beat her "behind". She used the

67C

words "write me up", this meaning that she would report him to Reverend JONES. He was of the opinion that his "companion" had been brainwashed to a certain degree because she felt that things would be better once they got to Russia. Most of the people in the camp did exactly what JONES wanted them to do since if they did not or they complained, they were quickly beaten by the guards. JONES was referred to as father and other people were called mother.

On a Wednesday, he recalled that Reverend JONES had said something to the effect that some of the people's parents were coming and that if any of the people's parents gave them notes, they were to give the notes to the "counselors" to read. He recalled hearing BILLY (SOLOMON) (now deceased) say something that particular day while [REDACTED] was coming out of the shower to the effect "I'm going to shoot someone in the head". He told SOLOMON that was foolish. He did not hear anyone say anything about harming RYAN or about killing anyone. b7c

He stated that he never heard the term "Angels" although he considered AVA JONES to be an Angel. He stated that normally he would interpret the term "Angel" as being women that were on "easy street". These were women that clean everyday, but did not get dirty and worked in the office running the radio and doing paper work.

On several occasions, people in the camp were given blank pieces of paper to sign. They did not know what would be typed in above their signature. They were also on occasion asked to copy form letters to send people back home. This occurred on several occasions and many times, they did not even know what they were signing since any written or typed information above their signature was hid from their view. This happened at least on three occasions.

Reverend JONES told the people in the camp that the Prime Minister of Guyana and the police in Guyana were his associates and that if they tried to escape, they would be returned to the camp.

Reverend JONES had made the comment that if anything happened to him, "all would go too".

His companion mentioned to him about on occasion drinking koolaid as practice for drinking poison. He thought this was crazy. He believes that Reverend JONES was "a devil".

The homosexual that was punished by taking some type of narcotic pill was PETER WATERSPOON. He died in Jonestown.

He does not know when the mass suicide or the murder of RYAN took place since he left evidently the Saturday morning before RYAN was killed and the mass suicide took place.

BILLY SOLOMON's last name may have been OLIVER and he also had a brother by the name of BRUCE. BILLY, he recalled, stuttered. Both of the OLIVER brothers are dead. They were both in security. The purpose of the security force was to keep people in and keep people out.

The morning that he escaped from the camp, BRUCE and BILLY OLIVER had just walked by him.

Reverend JONES on occasion, told the people in the camp that if anybody came around his house at night, he would "blow them up". Reverend JONES was not seen much in public, but always had tapes playing around the camp.

One of the documents that he was forced to sign in return for food, according to someone in the camp, read something to the effect "keep people out". All of the people in the camp were to sign this piece of paper, but the writing or typing on the letter was covered up. Reverend JONES had made a speech on the intercom for the people to sign this paper.

Every night in the camp they had Russian classes and they studied how to speak Russian. Reverend JONES

would have them speak and write Russian and then he would quiz them. Also they had news broadcast from the United States, which was played on tape and then they were quizzed on the news. He stated that the Russian classes were during about the last month and everyday to the end (the time he escaped), Reverend JONES kept saying that everyone was going to Russia.

Reverend JONES was always saying that someone was trying to poison him or had "witchcraft on him".

All of the incoming and the outgoing mail was screened by the counselors. They opened, read, and destroyed the mail contents if it was not appropriate. The counselors made a lot of decisions. He did not recall their names.

He does not have any specific knowledge of acquisition, licensing or shipment of any weapons by PT members to Guyana or anywhere else. He does not have any specific knowledge of firearms training received by PT members. He is not aware of any threats to harm public officials or current and former members of the PT as a result of leaving the church or attempts to expose the church and subsequently, JIM JONES. He was not aware of any caching of weapons or money by JONES either in Guyana or at other locations. He is not aware of any contingency plans that existed or any discussions of a plan, reportedly espoused by JONES as means of retaliation against any persons attempting to arrest or capture JIM JONES or who would interfere with church policies. He is not aware of any officials, federal, international or other, who were set up as targets for murder. He does not know of any discussions of such a plan. He is not aware of individuals who were inner-core of the planning commission.

He stated that the persons that were trusted associates of the PT who acted without question for JONES who are considered extremely dangerous that are alive are all in Guyana. The persons that he

MM 89-179

11

considers the most dangerous members of the PT were the "basketball team - security squad". They are now all alive and in Guyana. They are LEE INGRAM, JOHNNY JONES, TIM JONES, CALVIN DOUGLAS, JOHNNY COBB JONES, STEPHEN JONES and JIMMY JONES, JR.

The persons that comprised the PT security force were the above individuals. STEVE JONES was the son of Reverend JONES; he was a security head. He (STEVE) is a white male, age 19 years, black hair, heavy black mustache, 6', 185 pounds, with brown eyes and medium complexion. He "has a bad temper". He is alive in Guyana.

TIM JONES is alive in Guyana and he is about 17 to 18 years old, white male, 5'11", 165 pounds, with blond hair. He was part of security and was on the basketball team. He is "ignorant and has a bad temper".

LOU JONES is a male Chinese, 21 years, 5'8" to 5'9", 145 to 150 pounds, and the adopted son of JONES. He worked in the bakery and "had it easy". He is now deceased.

TIM CARTER is now living in Guyana and was a business associate of Reverend JONES. He is in his 20s or 30s. He could not describe him further. MIKE CARTER was also a business associate of JIM JONES and he could not describe him further. TIM and MIKE CARTER were caught by the Guyana Police in the jungle with a lot of money.

Most of the security force were in the Park Hotel in Georgetown, Guyana. This is a large hotel which is a place where all of the people from Jonestown were housed by the Guyana officials.

BOB KICE, a white male, was one of the security people and is "rough and dangerous".

CALVIN DOUGLAS, a black male, age 18 to 19 years, 6', 185 pounds, stubby build, was part of security and he

MM 89-179
12

is "ignorant, thinks bad and has a quick temper".

JIMMY JONES, JR., is a black male, 19 to 20 years, 6', 160 pounds, in security and he stutters. He was in a very jovial mood when [REDACTED] last saw him and laughing on the bus last Monday near the airport. 67 C

MIKE TOUCHETE is a white male and had something to do with the money in the camp. All of the TOUCHETE brothers had something to do with money in the camp. He is of medium build.

BUD SANDERS is a white male, light complexion and stout. He cannot describe him further.

LEE INGRAM is living in Guyana. He is a black male, 33 years, 175 pounds, 6'. He was in charge of the basketball team security. He travelled with the basketball team and was very close to Reverend JONES.

PAULA ADAMS died in Jonestown. MARIA KASSARAS is deceased. JIM MC CLBAIN or MC ELVAN died at Jonestown. He was very close to Reverend JONES. He was a white male. They were very few females that were able to escape from the camp, but there were about 11 total that escaped.

He is not familiar with what the word white knight means. He is not familiar with MARK LANE, but the name sounds familiar.

When he escaped from the camp, he went seven miles up the road into the jungle and ran 20 miles to the railroad. He was caught by some police from the Guyanan Government, near the railroad.

Reverend JONES had told him that if he tried to escape, he would "die".

MM 89-179
13

He stated he does not know if the term "Angels" was identical to the security force or not.

He stated that he believes that he could identify some of the members of the Jonestown basketball team on sight.

He does not have any information regarding bribery or influence peddling by members of the PT.

He is not aware of any discussions regarding the assassinations of Congressman RYAN or his party. He does not know if Reverend JONES ordered the party ambushed. He does not know if there were any practice drills for ambush of anyone who disturbed the Jonestown compound. He does not know who participated in the assassination. He does not know from first hand knowledge of any practice suicide drills where people pretended to drink poison. He does not know if narcotics were used to facilitate this. He does not know if the mass suicide took place voluntarily or whether the people were forced to take the poison and shot. He did not witness the people doing the shooting.

He does not know of the existence of any assassination squad or the identity of its members. He did state that the basketball team - security force would be capable of just about anything.

He does not know of any remaining individuals who are at liberty that will carry out assassination plans of survivors or defectors.

He does not know of any information regarding involvement of members of the PT in any criminal offenses such as assault or homicide.

The only persons that he knows of that operated the radio in the camp were LEE INGRAM and one person whose name he does not recall that had curly hair. The curly haired person was a white male about 21 years, black hair, 5'7", 150 pounds.

MM 89-179

14

He believes that TIM JONES and MIKE CARTER may have also operated a radio. The curly headed boy was married to a black girl.

He recalled the Friday night when RYAN arrived in the camp, LEE INGRAM had taken the basketball team to Georgetown to play basketball. It was called in on the radio by LEE INGRAM from Georgetown that the team had won by ten points.

He does not have any knowledge of any written or oral oaths signed by members of the church. He does not know of any oaths signed for the purpose of killing a congressman, former President of the United States, or other government official should the United States bring disgrace upon the PT. He does not have any knowledge of any relocation plans in the event of mass suicide. He does not have any knowledge of any Soviet or Cuban association other than stated above. He is not aware of any meetings or contact between officials of the State of California, in particular a lieutenant governor, who may visited with PT officials and the Guyana Government. He does not have any information regarding PAULA ADAMS other than a PAULETTE ADAMS, who is believed to be dead. He does not know of anyone that might be JONES' sexual secretary. He does not have any information regarding a primitive nuclear device.

He advised that Doctor LAWRENCE EUGENE SCHACT was known to him. He was the camp doctor. He was a white male in his mid 30s, 5'11", 165 pounds. He is now deceased. The thing that he remembered about SCHACT was that he always had a weird smile. He had heard people in the camp comment that SCHACT seemed to have a funny enjoyment of checking a person's prostate. Everytime anyone went to SCHACT for anything, he was always checked for the condition of his prostate.

He stated that highly professional people in Jonestown of the PT made toy dolls. These dolls were sold in Georgetown. He had no information regarding narcotics.

MM 89-179

15

Some of the other Peoples Temple officials in the Jonestown camp were STANLEY CLAYTON, a supervisor in the kitchen. He is a black male, 25 (bald headed), 155 pounds, 5'11". He "talks a lot." ODELL ROSE was a public service supervisor. He is a black male, 36, 5'9", 160 pounds, with a bad right leg.

Dick Blay, ASAC, Memphis, telephonically on 12/8/78, advised the Memphis Office had received a telephone call from an individual who indicated he had been contacted by a friend who wanted to talk to the FBI.

[REDACTED] This individual saw some documents containing names of Peoples Temple and this individual in his own mind believed they were names of "dangerous" people. This individual may have also taken some papers (u)

Blay questioned whether Lane may be using someone to set up the FBI in accepting information from anyone along this line. I told Blay the FBI was obligated to talk to this man if he came to the FBI to volunteer information. Michael Abbell, Departmental Attorney, U. S. Department of Justice (DOJ), was on "hold" when Blay called in and I told Blay to hold and I would explain the scenario to Abbell. Abbell said the FBI should contact this individual, make arrangements to get facts, and if the individual took something from Lane's house, we should determine what, obtain facts, because it was his opinion this individual could have seen a danger type list indicating those people who could eventually attack other people. I told Abbell that we should contact the individual, find out details of what actually occurred, then have Memphis advise FBIHQ (u)

Blay was apprised of Abbell's thoughts in this matter and they will contact this individual and advise by phone and sutel complete details.

ACTION:

On 12/9/78, Mike Abbell, Departmental Attorney, advised he was contacted by a representative of the U. S. Department of State (USDS) who requested they be provided today a copy of the transcript of the tape recording of Jim Jones and followers recorded just prior to their mass suicide. Abbell stated the Department had previously agreed USDS would be provided a copy of the recording when duplicated. Abbell was advised that the only transcript presently available is a rough draft of a preliminary transcription, and a final, accurate transcription is not yet completed. Abbell then requested a rough draft transcription be provided to USDS, noting the request was presumably made in response to a 12/9/78, "Washington Post" article allegedly describing the contents of the tape recording.

SA [REDACTED], case coordinator, was contacted and instructed the transcript not be provided to USDS at this time as it is being held as possible evidence, it contains nothing of present interest to USDS and the transcript is in an incomplete form (u)

[REDACTED] USDS, advised he was calling per the USDS request of Mr. Abbell and requested a copy of the above transcript. This request was respectfully declined for the reasons stated by SA [REDACTED]. [REDACTED] was informed Mr. Abbell was being advised of the reason for denial and USDS would be immediately advised of any change.

Mike Abbell was recontacted and advised of the above stated reasons for not disseminating the transcript at this time. Mr. Abbell stated a copy of the transcript should be provided when reduced to final form, but need not be provided at this time. Mr. Abbell stated he will so advise Mr. [REDACTED]
