Tell Paula to get a small tape recorder. Try to get it donated or at discount, but she must have one. Tape everything bunny says. Then ~~she~~ duplicate the tapes and get a safe deposit box in Wash. under her name. Put her name and Jean Brown name as signators and send a card to Jean to sign and send back. Also put 2 peoples names on it here if she can add them to the safe box. Otherwise just put hers and Jeans names on it. Put the duplicate tapes in the box, and bring the others set home. Get him talking about anything.

Ask them to repeat and clarify message from June to Darlene or Rosanna Dickerson

To Hilda - they suggested keeping pressure and option of suit. We're not wanting to call them up but just stop harrassment. We're told that Mrs. Whitley might do other things to hurt ~~her~~. ~~It~~ is glad that GARY introduced us to Jane and Fred. It's in Guyana's best interest to be dating Mrs. Getz. *(Hilda) (Fred)*

(Garry) *(Fred)* is said to go ahead and take the \$30,000. but dicker with them for a few days and tell them \$150.00, however, in finality, take the \$30,000.

- Message for Suzanne: No. Will not see you. I dont work that way. If you dont care for him you dont care for me and I know the boys feels the same way. But I I'd be careful of what you say because as you see in the press we are suin' an' and thats why two periodicals wouldnt print any lies. we are on the offense. You can choose to believe the pack or lies or that list person or you can choose to believe me. I live with him. I wouldnt threaten you with such ultimatim as you threaten me-- we have all kinds of people staying here all the time so they can see how we live. For we are on end. You know me better than to think I would stay in a place where people are abused. Its uniquely beautiful-- as close as you can get to a paradise on earth. You really are your ignorance. Like I said I lived in Georgetown. I dont. I live with him in a nice house with a screened in porch. We asked for investigation-- we had people stay with us for weeks. We are on the offensive and we will sue anyone who tells malicious lies. we are getting ready to sue someone over a letter right now. Your dad and I dont cut you off and in your hour of need you'll see who your true friends are. So watch. They dont have your interest at heart. I'm hurt and insulted that you think I would fall for such an appeal. I would have liked to see you be harmonious because we would have helped you in years to come. When you said and I did you are in very good shape. ~~xxxxxx~~ so am I. Now to hear you are a enemy to us both? If I were you I would let them drag you in it. It's not the same situation now. One thing is always done--they tell you Jim he said something about you and he didnt dont fall for it. It's your dads idea to make you inheritor of large insurance policy. Try to remember the many times you dad put all his on the line for people. Just because  and they dont want to take the same path they want to stomp out the light. So take the path you want to--but they wont succeed in stomping out the light. Tell her I cries over it-- worry over her and what he couldve done more for her.

Stateside Feedback

✓ Marilyn Fursley is coming October 26th, with Cynthia, her dau, to stay for 3 weeks.

✓ Mark Lane is gone. Can Freed call Karen's mother. Ans from Jim is YES.

—Please clarify the instruction to Dale for Donna Stanfield. Who knows what mark. And who knows anything about it on this end. Who is Dale suppose to talk to.

✓ From Terri B. Goodlett was thanked for the article. Lane's opinion on that one suit yesterday is that PE needs to get another representative that no matter how hard this one tried, anyone could do better.

✓ They got the message last night for ~~Freed and Lane~~ Lane, and Lane responded sympathetically. He hasn't been able to see Freed yet. (about Jim's health - our message was.)

✓ All the good press has been passed to the L.A. D.A., and it's also been sent to E. Younger.

✓ Lane cannot go south because he has to leave the area.

✓ Razor has been quiet for awhile. Freed and Lane say leave him alone for the time being. Razor got upset one day last week but is ok now since Lane talked to him. Razor has not called Charles Garry at all. Checked on it yesterday.

✓ Lizzy letters all done except to ones to FBI given last night.

✓ What did we do about the affidavit from Maria. Did Maria do some more to send back for Charles.

✓ They have been working on affidavits for Garry in the past day or so for Charles Garry. That's where most of the time has been spent.

✓ Marcie is going to talk to GI's parents, tonite; does Jim want Marcie to talk to L.A. DA with Garry.

✓ Regarding Razor: Gordon and Freed do not want us talking to him unless they are present. Also, Garry does not want M. talking to Razor either. Razor is quite HIGH NOW.

✓ Freed and Lane will keep in touch and they will remind Freed in the morning.

✓ Marcie talked to Suzanne today, and they are going to meet alone next week for dinner someplace. Dau still wants to visit but wants to talk to Marcie first.

✓ Lane signed books to numerous govt. officials in Guyana today and has personally written messages to them as well. Will be sending them down with next person down.

✓ Our people went to a dinner with a black film director ~~and~~ last night, and they made a lot of contacts but nothing significant.

✓ Francis will be getting back to a few of them.

✓ Mr. Willie Brown will be coming to our dinner & coming up.

✓ Garry is really upset with PE, about what happened with Lane last week. PE is trying to improve the situation/yesterday at Garry's we found some more things that will be helpful on Tuesday. Most of our efforts now are concentrated on Tuesday.

✓ Marcie tried to get hold of GI's parents and is still trying.

✓ Florence Brown, Jocelyn's mom, is extremely upset because the children did not receive their teddy bears. The patch might be able to be done once they remember the teddy bears
* R: 908-9023, area 415.

908-9023-1

✓ Marcie got hold of Cl's parents. They were very friendly / they've been away for awhile. Nothing new from them. They told Alida to be sure to go to a movie or something or have some fun while she is here.

✓ Christine Miller's sister called. She had written to Christine several times and that Christine is not getting all her letters. Please have Christine write her.

✓ Simon twins mother is worried that they haven't received the stuff they asked for. Some type of moisturizer they haven't received because they keep asking for it. Perhaps they should write back about the problem of the slowness of mail. ~~Send them a check for \$100~~

✓ Just talked to Suzanne and she says she sends her love and will definitely help us out with the dinner, and will get to us in 35 hrs. as to the date she can take a trip here.

✓ Also, as we already know, Willie Brown has agreed to do our dinner.

✓ The RV sold for \$155,000.00, cash, signed and sealed, 45 days escrow.

RE: [REDACTED]

MY OPINION OF COUNCILING SESSION

[REDACTED] THE D'NOFF OF THE POLE
I AM SURE YOU WILL GET A REPORT AS YOU DO OF ALL COUNCILING SESSIONS BUT SINCE [REDACTED] WAS INVOLVED, I THINK IT IS IMPORTANT THAT YOU HAVE MY OPINION SINCE I AM FAMILIAR WITH THE BACKGROUND OF [REDACTED] THINKING, AND AM ALSO IN A POSITION TO SPEAK FROM THE STANDPOINT OF MY OWN EMOTIONAL STATE WHICH IS SIMILAR TO THAT OF [REDACTED] IN PART.

FIRST, I WAS ABLE TO PICK UP ON THE PAIN OF [REDACTED] BECAUSE IT IS A PLACE THAT I HAVE BEEN, MYSELF, MANY TIMES. EVEN IN THE STATES, I PICKED UP ON IT AND WE HAVE DISCUSSED IT IN THE STATES, EVEN THOUGH WE HAVE NOT COMMUNICATED HARDLY AT ALL SINCE BEING IN JONESTOWN. AFTER HER "LOVE SICK" TALK ABOUT [REDACTED] IN THE STATES, IT JUST TURNED ME OFF TO HER.

AS FOR MY CORRELATION WITH [REDACTED] EMOTIONAL STATE, I HAVE A PROBLEM WITH HANDLING ANY PRESSURE WHICH CALLS FOR THE INTERACTION OF MY EMOTIONS ALSO. I DON'T HANDLE IT VERY WELL, YET I REACT DIFFERENTLY. I DON'T GO INTO RAGES NOR DO I HAVE VIOLENT THOUGHTS. ON THE CONTRARY, VIOLENCE HAS NEVER HAD ANY PART IN MY THINKING ... NOT EVEN AS A CHILD. ENOUGH ABOUT ME.

[REDACTED] IS STILL A VERY DISTURBED PERSON. SHE IS STILL VERY PISSED WITH [REDACTED] ABOUT TELLING ME ABOUT HER STATE. AS YOU KNOW, I DO NOT DEFEND [REDACTED] BUT IN THIS INSTANCE, HE IS RIGHT. HE DID NOT COME TO ME ON A "GOSSIPING BASIS". HE WAS LOOKING FOR HELP FOR [REDACTED] KNOWING THAT I ONCE WAS FAIRLY CLOSE TO HER, AND HAD ALREADY PICKED UP ON HER STATE OF MIND, LONG BEFORE SHE WENT TO HIM, AND HAD DISCUSSED IT WITH HIM BECAUSE I WAS WORRIED ABOUT HER. SHE SAYS SHE WILL NEVER TELL [REDACTED] ANYTHING ELSE AGAIN. WHICH IS ALIENATING HERSELF FROM THE REST OF US, WHICH IS NOT GOOD. SHE CAN'T SEE IT AS IT IS AND ABSOLUTELY REFUSES TO LOOK AT HERSELF AS "THE PATIENT". SHE, FAILING TO ACCEPT THAT SHE IS EMOTIONALLY DISTURBED AND DEAL WITH IT. ALTHOUGH [REDACTED] AND I BOTH ADMITTED TO HER THAT WE KNEW THAT WE WERE AND ARE EMOTIONALLY DISTURBED & THAT IT WAS NOTHING TO BE ASHAMED OF. MANY PEOPLE ARE. I THOUGHT IT WAS A STRANGE DESCRIPTIVE PARALLEL SHE MADE WHEN SHE COMPARED HER TELLING [REDACTED] HER SITUATION ABOUT HER STUTTERING AS, "THINKING OF HERSELF AS 'PREGNANT', MEANING, SHE WANTED HIM TO MAINTAIN HER CONFIDENCE BY NOT TALKING, JUST AS A PREGNANT GIRL GOES TO A NURSE, IN CONFIDENCE. IT IS WEIRD AND TELLS A GREAT DEAL ABOUT WHERE HER HEAD IS AT. SHE DIVORCES HERSELF FROM THE REAL PROBLEM, SEPARATING THE SYMPTOM OF "STUTTERING" FROM HER WHO IS THE STUTTERER. SHE WILL NEVER BECOME WELL UNTIL SHE DEALS WITH IT LIKE IT IS. SHE SAID STUTTERING WAS LIKE [REDACTED]

SHE IS NOT PISSED WITH ME BUT WITH [REDACTED] FOR "BETRAYING HER CONFIDENCE", YET I AM SURE SHE DISCUSSES HER PATIENTS WITH THE MEDICAL STAFF. IT IS A PART OF HER JOB BUT SHE CAN'T SEE IT THAT WAY. TOTALLY REFUSES TO AND THE SESSION IN A HOSTILE FRAME OF MIND.

[REDACTED] GOT PISSED TOO AND CAME OUT SHARPLY AND DIRECTLY TO HER: (IN HIS OTHER PERSONALITY TOO) BY SAYING: "SINCE YOU SEPARATE YOURSELF FROM THE PROBLEM AND JUST REFUSE TO LOOK AT IT AS IT IS, CONTINUING TO ALIENATE YOURSELF, THEN YOU ARE A PERSON TO BE WATCHED," INSINUATING THAT NOT ONLY HE WOULD WATCH HER BUT I WOULD TOO, AND HE IS ABSOLUTELY RIGHT. I KNOW I WILL WATCH HER BECAUSE SHE IS ON SHAKY GROUND WHICH MEANS WE ARE ON SHAKY GROUND.

[REDACTED] HIMSELF, WAS UNDER A GREAT DEAL OF PRESSURE LAST NIGHT & IT IS IMPORTANT THAT I GIVE YOU THE BACKGROUND OF WHY HE WAS. IT IS TOTALLY UNRELATED TO [REDACTED] HE WENT UP ON THE POLE YESTERDAY, UP VERY HIGH, FOR ABOUT 40

CVB

ff-9.0

MINUTES. HE VOLUNTEERED TO DO IT WHICH I THOUGHT WAS COURAGEOUS BUT I DON'T THINK HE SHOULD HAVE. IT IS DIFFICULT FOR HIM TO HANDLE THAT KIND OF PRESSURE. IT IS ROUGH UP THERE BUT I WOULD LIKE TO TELL YOU WHY I THINK HE DID IT. IT IS RELATED TO [REDACTED] WHO HAD SUGGESTED A VERY EFFECTIVE, SIMPLE METHOD OF HELPING THE CLIMBER TO HOLD ON TO THE POLE, SOMETHING THAT HELD A PART OF THE BODY, THE FEET I THINK. WHEN HE SUGGESTED IT, HE WAS IGNORED, AND [REDACTED] (THINK WAS HIS NAME) WENT UP YESTERDAY AND BECAUSE [REDACTED] SUGGESTION WAS IGNORED, HE ENDED UP HAVING TO STAY UP THERE FOR 3 HOURS. THE TIME WOULD HAVE BEEN CUT IN HALF HAD THEY LISTENED TO [REDACTED] SUGGESTION. SO YESTERDAY, [REDACTED] DECIDED TO USE THE METHOD THAT [REDACTED] HAD MADE. IN MY MIND, TO PROVE THAT [REDACTED] WAS RIGHT AND TO DEMONSTRATE HIS OWN EGO [REDACTED] WAS RIGHT AND OTHERS SHOULD HAVE LISTENED AND COME DOWN OFF THEIR OWN EGO. THE MAN COULD HAVE BEEN KILLED BY FALLING AND PROBABLY WOULD HAVE HAD YOU NOT MEDITATED CONTINUOUSLY FOR HIM. IT WAS BECAUSE OF [REDACTED] TO GO UP BUT HE COULD HAVE FLIPPED OUT UNDER THE PRESSURE. IT CAME OUT LAST NIGHT AT [REDACTED] COUNSELING SESSION .. A QUICK, JERKY, REPLY, JUST AS THE SAME TYPE OF UTTERANCE CAME OUT AT [REDACTED] THE OTHER DAY WHEN HE GOT ON HER ASS AND WAS DESCRIBED AS BEING "IRATE" WHEN HE SAID TO HER (BECAUSE SHE THOUGHT YOU WEREN'T JUST WITH HER ON THE FLOOR): "I REBUKE YOU", POINTING DIRECTLY AT HER LIKE YOU DO.

[REDACTED] TRIES TO IMITATE YOU AT TIMES, DEMONSTRATING HIS OWN ATTEMPT TO HAVE POWER AND INSINUATING AT THE SAME TIME THAT YOU HAVE POWER BECAUSE YOU ENJOY IT. *SEE AN OUTRAGE AGAINST YOUR POWER!*

ANOTHER REASON [REDACTED] MAY HAVE VOLUNTEERED FOR THAT POLE WAS HIS DESIRE TO DIE, HOPING HE WOULD FALL, AND I AM NOT IGNORING THE FACT THAT HE SINCERELY WANTED TO HELP YOU EITHER. I DO COMMEND HIM FOR HIS COURAGE, WHATEVER.

I HAVE BEEN WATCHING [REDACTED] FOR A LONG TIME. IT DIDN'T JUST START. THERE ARE JUST SOME THINGS I FEEL DRAWN TO WATCHING, ESPECIALLY THOSE SITUATIONS WHERE I HAVE ONCE BEEN IN MYSELF. I WILL CONTINUE TO WATCH [REDACTED] AND REPORT TO YOU WHATEVER I FEEL SHOULD BE REPORTED.

[REDACTED] DID NOT WANT TO WRITE UP ABOUT [REDACTED] BEING IGNORED BECAUSE HE FELT YOU WOULD THINK HE WAS DEFENDING [REDACTED] TOO MUCH SO I DID IT. I THINK IT IS IMPORTANT .. THE FACT THAT OTHERS WOULD IGNORE A LIFE SAVING METHOD FOR A COMRADE WHICH ENDING UP IN YOU HAVING TO USE YOUR ENERGY TO KEEP HIM UP THERE.

PPC:

P.S. RE: [REDACTED]

SHE CONTINUED TO IGNORE THE FACT OF YOUR PUBLIC REFERENCE THAT YOU DID NOT SEE ANYTHING WRONG WITH EITHER [REDACTED] DISCUSSING OR WRITING HER UP, ALTHOUGH YOU DID NOT CALL THE NAMES, I SURE KNOW WHAT YOU MEANT. [REDACTED] WROTE ME UP LAST SEPTEMBER WHEN I WAS VERY EMOTIONALLY DISTURBED. I AM GLAD SHE DID! SHE SHOULD HAVE. MY WHOLE LIFE STARTED TO CHANGE AS A RESULT OF THAT SESSION .. FOR THE BETTER. I AM A FREE, HAPPY PERSON NOW BECAUSE OF IT. I COULD NOT GET HER TO RELATE THAT TO HERSELF ... AT ALL.

FEEDBACK FROM STATES

September 19, 1978
Stateside

live Garry's opinion is that it's in the best interest of the patient to pay Mazor for more control and security of knowing it would be a regular planned program and assure a confidential relationship and he won't work for anyone else. Garry is adamant

live Garry thinks if he pays Mazor on his own without ever billing us it would be ok. Mac and Sandy are meeting with Mazor now.

live Don Freed is fine. Pat misunderstood and lied about it

Sept. 18, 1978
Stateside

live Mary Black has just arrived in SF with her suitcase, and she wants to come over here. Jim said to tell her that he spoke from his mind that is eternal that she should come that way.

live Mazor will meet with Sandy tomorrow. He told Jean he was planning on seeing Marceline and Hue when they get in. He wants to train Hue for security reasons for a day or two.

live Sandy said she will keep her hands on the deed *live*

live We have to find out from June about Serina Hunt's situation. Need accounting of her expenses, to show what kind of services we gave her.

live National Enquirer -- they were persistent when they called again this morning. They want to talk to Larry Schacht about the C-section. (Mark Lane's office is going to put them on notice.)

live Mac took by some money for Garry and the deed for him to LOOK at.

live Maria, we got the \$2,000 back from Caracas

live Told Don Freed about the press conference.

live We passed the message for Marcie to tell Garry that ~~we~~ we are a collective, and bossism is not acceptable. We wish to receive the benefit of Mazor's help, but we do not want him to be characterized as our agent or Garry's agent. Our political fate is our own destiny and we have to make our own decisions that determine this. We can not permit him or anyone else to make fundamental decisions that dictate our political future. This is a precept that we cannot retreat from. We see legal representation as simply a political vehicle.

live Told Mazor that we had a wonderful basketball game, old and young and seniors & most won.

Says he will be presnting Swinney deed to Calif Sec of Site, He can get Swinneys ~~subd~~ but doesnt know what it will take to get TOS hooked in. Want guidelines. Garry thinks he can insisit on Mazon to work for him. Mark thinks Mazon could be trying to set us up or just greedy. This is a Supreme Court Judge who ~~was~~ five years ago turned one of his daus over to authorities for possession of marijuana, has filed suit ~~with~~ another dau over a series of financial transactions. Judge Ross G. Throp filed suit in Superior Court, San Diego, Wednesday against a married dau, Elizabeth G. Horton, over the sale of a home he ~~had~~ bought for her and loan for an automatic laundry and a deed on the property in the San Diego Shopping Center where the property is located. Throp said his dau is hiding from him somewhere in Los Angeles after abandoning the business without leaving a forwarding address. The judge's suit ~~is~~ said that he gave her the ~~money~~ to provide a house for her and ~~she~~ she sold it without repayment of the down payment provided by her father. All the lawyers keep telling us that relatives cannot sue relatives, but Jix would like this passed on and reviewed by Mark Lane and Freed ~~that~~ ~~the~~ ~~are~~ to see if Maria could sue her dad for the present harrassment he has put her through trying to see her, putting the stuff in the newspapers and passing out literature to Congressman. Is there anyway the work could turn. .

Are the attorneys much worried about this situation in Los Angeles? Be sure to ask them again if they — talked to DA in L.A. ~~contact~~ ~~over~~ ~~the~~

Let it be known again that Kathy Hunter has talked around to 3 different very prominent people who are investigating the conspiracy against the PT, that you were going to try to place the death of some person at PT's door. This is dreadful and I can't imagine that the District Attorney would lend himself in any way to that. Why don't you ask them to take lie detector tests. They would be more than willing. They had nothing to do with the death of him. Kathy Hunter is going ~~to~~ out and telling it everywhere / she also told it to a film making group that is going to be making a nice film ~~on~~ on their lovely community — they should say they have been here. (this might stop him from taking action when he sees there are ~~to~~ other people interested.) 3 prominent men, very prominent Americans are doing voluntary work to study the grassroots conspiracy being done to against Jix Jones and PT. We know there is a conspiracy. They are attempting to get to the bottem of it, as they have already seen that there is a conspiracy, and I am sure you would not be lending yourself to it if the woman was telling the truth at all. But I was telling you what the woman said because she did say it. I was there. I don't want to get into difficulty with her ~~and~~ ~~the~~ ~~are~~ so rather remain anonymous. You will know when you talk to her because she's surely saying it. If I were you I would tell her she shouldn't be quoting you because she's hurting your good office and people who have known PT for years to be servants of everybody in need. signed Sally

Pass on the the DA that the front page of the Sun Reporter did a big spread, that PT was on KCC ~~TV~~ ~~ABC~~ ~~TV~~, largest in Calif., KGO radio covering it, mention Goodlett Lane Freed and others// Examiner too covered. Channel 7, reaches 80% of viewers in Calif, even Examiner printed it. Don't send anything till we see it. AGC radio also did a good interview with Lane. Came out clearly that we were victimized. All lies.

3 of the best journalist who are friends with the FNC told us that the US is trying to get us thrown out of Guyana. There were several witnesses there when we had all these guests come, and there wasn't vary much coverage. Why would these 3 journalists tell us this?

We are building something on this S.A. continent and we have all these guests who want to retire and come here and nothing said about that at all. Tell him we are not trying to sue the US govt. We just want to stop the lies and harrassment. That's why we are using suit bec. we want them to stop their lies. It's worked with more than one agency because we have had a lot of people step forward and give affidavits. The whole thing was just lies and it was covered on Channel 7, ABC and two TV stations in the Bay area, NPOO and KSFO and ACES. had front page headlines in the Sun Reporter. We were written up favorably by some of our bitterest enemies such as the Progress, and Examiner, & who were forced to print it. There were two conspirators who stepped forward and declared that they lied. They did nothing but lie. She doesn't know if they did it for money or what they did it for, because she came here to see her dad and ~~she~~ try to keep him happy, so she could see Bunny. So she doesn't know what they are up to. But the newspapers printed it so it's pretty sound. Tell them that the newspapers who attacked us are now printing & that we are the victims of a conspiracy. This is the first time Channel 7, which goes all over Calif, want us on the most imp. radio show, AGC, Jix Eastland, the most popular talk show where people can call in for questions.

-Tell them we are living here in anxiety not knowing anything. Please give us feedback.

✓ Garry not doing well lately // afraid if we postpone he will quit. Talked to Marcia for 2 hours. Said Garry is only one to help and he's pissed at her and Don. He's threatening to quit. Fax for course.

✓ Daniel Ellsberg, Dick Gregory and Mark Lane and Mary Dymally are coming up // down stairs seeing slides.

✓ Francis Johnson -- Leona with her all night.

✓ Terry Buford is sure we will lose Garry if affidavits don't come by the 14th. Several hour argument with Mark Lane yesterday (Garry had argument with Mark)

✓ Francis not too well/ functioning

✓ Dick Gregory wants to come anytime. / Jix said to tell him to come as soon as possible

✓ Linus Fauling - Experiments with Vitamin C. He's interested in finding a community to give large doses of Vitamin C to. We would be willing to be experimented on, and we passed this back to states. We would be honored.

✓ Leona has been helpful to Terri // came over on minutes notice to help out w/ Francis

✓ They are holding off in L.A. court with padlocks until affidavits come back

✓ Christine Cobb should do affidavit about last time J. Cobb saw her, her "tram"

✓ Mark and Don will be talking to David Walper about doing a documentary on us. Seems interested. Jix said good.

✓ Terri B. wants Jix to know that Garry is not going to blow up unless affidavits don't come. Make sure they are coming by the 14th.

✓ Terri Talked to Scientology yesterday and they asked Jeff Quiros of his analysis of coverage. Still had reservations about motivation of Mark Lane, however, as long as something good coming out of it, use it for all it is worth, he said.

✓ Mark told TE yesterday that he is going to contact Walper to come down, pay his own expenses. he thinks he will do it.

and passed,

✓ If Jix talks with Francis he needs to know that they explained we put the question of her making her visits alone and Johnny did a phone patch to Leona to her that he had talked it over with Jix and they would like Leona to explain for Jix the policy we have regarding that sort of thing. So Leona came over in the middle of night to talk with Francis.

✓ Maxine said Lula Stalling and her agreed that Lula said she didn't need to write long letters because if Lula was happy, ~~she~~ she would put an "L" on the page. If she wasn't happy, she would put no "L".

✓ Michele Wagner thinks Danyelle is looking forward to seeing her.

✓ Jan Bradshaw -- writes a letter and address the envelope to her parents. Jan said she can't write to her parents bec. Sandi has been writing letters for her for a year, and she doesn't know what she's been saying.

OCTOBER 2 PEPPERHACK FROM STATES

to Mary Murphy from her granddaughter. Joyce White, a relative, W. Murphy has had 2 strokes, in hosp. not expected to live.

to Maria and Gene C. from June: Pete Unlimited offered to settle mortgage by paying \$30,000. at once. They owe us \$33,000. Mac thinks we should accept since we put out \$33,000. originally. He thinks if we must we should foreclose. That might cause problems. Should we accept the \$30,000.

Jix Randolph to Kay - lock tight super bond glue comes in 1 oz. size. He ordered one gallon at \$8.95 each, \$1222.24 for total.

to Jix: ~~_____~~ doesn't think ~~_____~~ will leave. She does feel that ~~_____~~ may suicide ~~_____~~ at any time but that could be here or there. ~~_____~~ feels they may as well face that there. ~~_____~~ is very ill, but change of climate will not help. It is hopeless. Nature of illness not physical but emotional but covers by physical, non functional, almost catatonic by depression. Never out of room except to void. Non communicative. Complete mental deterioration. Mates Marceline. Home withdrawn, no interest in anything.

Dick Gregory was met by Marcie and Francis and Leona and Tim Clancy. Also Park Lane and Ellsberg were there too. The meeting was brief but supportive. Gregory will let us know when he wants to come down and visit. He said he's good friends with Burnham and after he see Jonestown, he will try to see Burnham and talk to him about Jonestown. Lane said it will be a good idea to film him while he is here so we can use it for a movie. (Jix said to urge Lane to have Dick G. come down quick.) - passed

Marcie is going to spend the day at the ranch tomorrow. Mac will be going with her. It will be a cheer up camp type thing, well needed there. ~~_____~~

Jix said who the staff could change & with - find out - this not yet passed.)

They are sending some excellent plus movies down here to us. ~~_____~~

Nothing new from the media

They all kicked around the possibility of Park Lane talking to Garry's friend, (we need to clarify if this is Pat R.) but they can't think of anything reassuring to say. But anything they say would tend to make him more insecure.

Car Marceline talk to the Falstaff in Indiana. Jix said to have Marceline tell the Falstaff Times we must have guarantees that they must use statements from Lane, Fred and Goodlett.

She said (Leona) Guy Young needs oral surgery// might have abscess or tumor// (Jix ans. and said he should stay and have surgery) - passed to Leona by ~~_____~~

Boyerhaus is not in town yet. He's still in L.A. He'll be back soon.

Lane is going to get hold of the DA in L.A. tomorrow

(Jix ans. is that he wants Lane to ask the DA if there is such to this case. Garry told us that it looked ok. Now they don't want to see us. What has changed now?)

Garry asked Pat to call our people late last night and invite our people over for dinner. They are both wanting to be friends it looks like.

Garry says that Marceline can go to see the DA with Mac when they get the affidavits

Terri asked Park Lane's opinion, and he didn't agree with the idea. However, since this is what Jix wanted, he will do it. Lane thought it was not a good idea for the reason that Marceline was not involved and he was afraid that by bringing her there, it might put ideas into the DA's head to get her too. However, Garry said ok so will do it unless Jix says otherwise.

ALL THIS BY AC PEAKS WILL HE GO AGAINST LANE'S WISHES. TELL LANE HE'S FEELING BETTER.

✓ Garry and Mark getting along so badly that even if he doesn't get the affidavits it
may not make much difference in the long run. Garry says he will quit in ten days
if Mark talks to the press anymore so things aren't going too smoothly there. 2 hr.
argument yesterday. TOS won't give another extension. have had 3 at this point.

✓ Terri thinks a set back with the affidavits will be the straw that breaks the camels
back. But if there is nothing we can do, that's that. So they will concentrate on
finding another doctor. Probably Rosenbaum will be able to do it when he gets back in
town. Will try to make explanation acceptable but lately nothing has been acceptable.
Terri B. will go along with our idea.

✓ ANSWER FROM JIM: Jim said to beg him. Mark and Don gained us immense ground here. It
was a stroke of genius. JJ physically is in very bad shape. Guyana is happy with
the press coverage with the balance. They had always wondered why we had never answered.
Of course we want them to counsel with you, but Mark and Don conference here got us
good coverage in Poland, Yugoslavia, Venezuela, Austria etc. Daniel E and Dick Gregory,
all that because of you. JJ got sick when he heard you might quit. Guyana won't under-
stand since Mark and Don presented themselves as Charles' friends here. Sent here by him

15. Earnestine March--I have been involved in two suits; one went to court about 5 years ago, then one is still pending with Larue Grim. I was supposed to see him about it the next day, when I was on my way here. I told the attorneys at PT about it. I was told that Larue Grim was good, he ask for 25,000\$, --the other case was handled by Willie Brown's office. All the details escape me now because I wish to leave this and all other memories of that capitalish place the USA. Case one was with municipal railway, so is the second one. Problems were whiplashes, nerve impairment in back arm, right and both legs. I thank you for getting us out of there.
16. Eather--writes a note for how much you did for her at the time of the accident. (I have the note if you want to see it.)
17. Cheryl McCall--note regarding Lela M. Lela cries, does not want to be left alone, complains of pain in abdomen. She asked Cheryl if she would make it? Larry said the infection caused by Cheryl and Leslie, not clamping the catheter tube, but it was not their fault because they were not instructed or shown how by the nurses. Cheryl says its not justified, because she is going thru pain, simply by negligence. She and Leslie should have read the chart more carefully and asked. She thinks more follow thru on intensive care patie ts should be done. Larry complains about the nurses inability to follow thru. Cheryl thinks if there were less meetings she would be able to follow thru more. She thinks 2-4 everyday is too much time. One meeting questioned Jim's statement that nurses were putting down others, because they had a degree. Another meeting was to schedule everyone a day in the fields. Everyone has opportunity of choosing their day., thank you.
18. Mary Bailey--she planted banana stalks, when she went back to the well one had the green top chopped out of it and hacked the side up. Also pulled up and threw it away. This discouraged her very much. She was warned that someone would do away with what I had put there. (hardly legible note)
18. Barbara Davis--some of the things I criticize myself for is--talks too much, still put too much emphasis on her family. Get angry too quick. talk about people behind their back. is selfish and loves to have things her way. I realize in order to be a good socialist I am going to have to improve a whole lot and she is working on her faults.

Learning Crew Continued ---

People who are under Penny's supervision but not on Learning Crew:

Tom Partak - seems to be much better. Rob Gieg says he's doing ok. Odell Rhodes says that Tom has been much better and expressed the desire to make it through. Tom also shared his clothes this past week with others. He also confronted Jair for his bullshit.

Janet Tupper - She should get up earlier so that she can make her bed properly and get ready for work. Needs to take better care of her clothes.

SUPERVISORS OF LEARNING CREW

Ronnie James (from Sebastian) - way too easy on the people. Every now and then he might say "Push." Once in a while he might get strong on them.

Chris Cordell (from Sebastian) - When the Sgt team asked Chris a question, he had a bad attitude. Good with the crew.

Sebastian (self criticism) - Sometimes I'm real easy on the crew, which I shouldn't be. Sometimes I don't listen when something's wrong with them. Sometimes I close my eyes for a couple of minutes. I will stop doing all these things and for discipline I will go on the Learning Crew for a week.

Fenny Silver - self criticism - I need to listen to the people in a more stable manner. Sometimes I allow people to make me feel intimidated.

(Personal to JJ from Fenny, not to be read aloud unless you wish!)
Al Tschetter gets very excited at times and explodes. Night before last he got mad and said he was "through" - he gave the gun to Sylvester and walked out mad in front of the crew. Chris Cordell went and got him and he came back. ALSO, HE SOMETIMES COCKS THE GUN AND PUTS IT ON PEOPLE. I worry about this for fear of an accident. Al told me that Sylvester left a shell in the chamber a few days ago. I reported this to Joyce T. who said she thought it was ok to cock the gun.

Note from Jeff Carey: I think that people should take into account the fact that the small streams near to the central complex but back in the bush are full of fish. Also there used to be a trail from the right side of our road about halfway back here to the Walabaka Creek which is deep in the bush but about 20 ft. wide and full of fish. I have seen people bring a lot of fish out of here. These constitute a resource we have not yet tapped. Furthermore it doesn't require shells to obtain protein this way. You can get 50 to 100 lbs. with a net in less than a day. True, this is at this point an unknown factor but I believe that we should take immediate steps to make this a known one, taking into acct. the fact that if we must endure a state of siege this could be a means of survival.

PRIMARY AND PRE-SCHOOL - AGE 3-5

Goals

To provide perceptual, motor experiences intended to produce high success rates as foundation experiences for the development of a positive, assured view of self.

To begin the teaching of cause and effect relationships.

To instill a strong sense of responsibility for all actions and statements.

To instill a respect for collective property, collective opinion, collective qualities of leadership such as the willingness and courage to question and express individual opinions so that a true dialogue can develop and all minds can contribute to the collective.

To instill in each child that work is good and all that is good is the product of work. To instill that honesty and truthfulness are fundamental to co-operation, which is in turn fundamental to cooperative effort.

Time Allocation:

The pre-school children are in a structured group setting for 6 hours. They learn and play in groups and so learn sharing at a very young age. Their day includes supervised group play, dances, songs, talks, raps and games. Each child is encouraged to participate in the various activities cooperatively with the group.

With the exception of evenings and nights, the pre-school children are under the supervision of the pre-school teaching staff. The Director of the pre-school worked for many years as a pre-school teacher in the United States.

No formal effort is made at this age to teach academic skills or information but educationally stimulating games are part of the program.

Daily schedule

7:30 - 8:15 a.m. Breakfast
8:15 - 9:00 a.m. Post breakfast meal-up and journey to the pre-school playground and activity center. At the playground they have activity, an apparatus to challenge and enhance their development muscularly, perceptually and neurologically.

At all times teachers help the children learn through their daily experience socialist principles.

Following a group lunch and nap, the children again have a play period. The afternoon play period is inside with toys and puzzles. At this time fine visual tactile and spatial discriminations and fine muscle coordination are stressed as gross motor coordination skills were stressed in the morning.

pp. 4- 1/11/51

The children spend over 80% and nights with their families. Those children who do not have their parents with them in Jonestown spend the evenings with married couples who are their parental figures. Parents and teachers have frequent meetings to coordinate their efforts so the child is not caught between conflicting expectations.

ELEMENTARY SCHOOL - AGES 6-12

Goals:

Initiate new goals:

To inculcate the following socialistic principles:

1. Each one teach one.
2. It is the responsibility of each young socialist to acquire educational skills which can be used to learn and apply knowledge judiciously and eliminate suffering.
3. To inculcate the values that integrity and loyalty are important and honorable qualities.
4. To inculcate the conviction that labor not only is honorable, but desirable.
5. To inculcate the conviction that mankind holds the keys to his destiny; mankind determines his destiny, as the Marxist dialectical process unfolds.

Time Allocation:

The elementary students are awakened by their parents at 7:00 a.m. At 7:30 a.m., they eat breakfast at the community dining facility. Following breakfast the children are supervised through toothbrushing and final personal details before school begins at 8:00 a.m.

Classes include:

Language Arts: Recording, receptive and expressive.

Aspects of spoken and written English language. This includes Reading Skills.

Mathematics: Includes basic concepts of numeration, arithmetic symbology, computation and reasoning.

Perceptual Training -- Audio, visual, tactile training separately and in integrated patterns.

Page 9-111

Physical Education: Designed to provide mostly group or team cooperative experiences in setting that promotes development of perceptual-motor skills, strength and stamina, encouragement of the qualities of fairness and learning to be a "good sport".

Social Studies: An integrated discipline including aspects of economics, politics, geography, history, philosophy and demography - interpreted within the context of the Marxist dialectic.

Guyanese History: Specific details of Guyanese history with parallels drawn with the struggles of all third world peoples. Study of Guyanese heroes and historical figures as well as current Guyanese developments.

Foreign languages including: French, Spanish, Portuguese, Chinese, Swahili. Depending on the age of the students, their language background and the language being taught the approach and goals may vary to include:

1. Study of sentence structure (syntax) and grammar.
2. Symbol systems.
3. Conversational language.

Two and one-half hours of each day are spent in apprenticeship training for the children 10-12 years of age with 1 1/2 hours similar work experience for children ages 6-9. This work experience includes all aspects of the project life from electricity to carpentry, cooking to animal husbandry, and other fields included.

The initial phase permits several days experience in each project area unless exceptional interest or talent is exhibited. In such cases, the student may pursue further training of the field of interest.

An emphasis is made to protect the training aspect of the program. The trainees are placed with workers who have proven to be good workers with a collective conscience who have empathy and patience in working with young people.

The elementary school children are supervised by their teachers from 8:00 a.m. until 4:30 p.m. They are then released to their families for dinner and evening and nighttime activities.

OCEANARY SCHOOL - AGES 11 - 14

Goals and Values:

Continuation of the values and goals from the preschool and elementary.

Initial Key Principles:

1. Socialist Work Means Change
2. It is most honorable and desirable to work the earth to produce food.
3. For education to be of real value, it must be incorporated into the work experience to practically benefit the people.
4. The task will not be complete so long as there is one suffering human being.
5. Ignorance is a capitalist luxury we cannot afford and do not want.

Goals:

1. To learn and apply systematic reasoning and logic procedures to problem solving.
2. To develop a degree of mastery of arithmetic nomenclature, concepts, algorithms and reasoning as will enable the students to perform the computations native to their job or employment.
3. To show greater respect for and take greater pride in active participation in the solution of a problem than the planning and discussion of it.
4. To develop in the student receptive and expressive language skills and the development of skills of analytical reasoning as will enable the students to gather knowledge and ideas written by others; and to encode thoughts, beliefs, factual information and postulations in a standardized form in English and one other of 5 languages.
5. To inculcate a basic respect for all life, but the conviction that to live as a socialist is more important than life itself.
6. To develop within the student the ability to translate plans into a methodic goal-oriented action sequences.
7. To inculcate a basic conviction that implementation of Marxist principles benefits all peoples.
8. To inculcate a basic and active belief in labor as the process and route to human betterment.
9. To develop in each student such organizational critical/analytic reasoning skills as will enable the student to approach problems dispassionately with

pp. 9 - 11/11/11

Students accurately, state problems accurately, thoroughly, and postulate solution steps, and evaluate cause and effect relationships. A Marxist focus on all problems helps keep a unified perspective.

10. To engender in each student a sensitivity to the struggles of all people seeking freedom, self-determination and security.

Program:

The secondary school program is a work/study program, the work day being divided roughly equally between work and study.

As discussed for the elementary program, students receive training with the work experience. All aspects of community functions are open to apprenticeship training.

The courses offered are:

Medical First Aid	Basic Arithmetic Review
Nurse Science	Algebra
Basic Biological Sciences	Geometry
Animal Science	Basic elements of spoken and written English
Literature and composition/ Language arts	Health science with a Marxist perspective and socialist concepts
Foreign languages:	
French	Chinese
Spanish	Swahili
Portuguese	

It is our belief that our program will create students dedicated to the service of humanity, sensitive to the problems and struggles of others, possessing logical reasoning skills to approach problems effectively and having sufficient study and learning skills to learn technical data necessary to formulate and execute solutions to problems, i.e., the development of socialist character. The school does not teach religion, in any form, except to point out how religion has been used to pacify oppressed peoples throughout the ages. Students graduating from Jonestown School will have had training in manual arts as well as training in at least one trade or skill. Students who have the interest, motivation and ability to go on to college will have completed college preparatory course work.

Through the program in social science, the students shall have been exposed to the histories of peoples struggling against oppression in its various forms and shall have a strong identify with third world peoples and their struggles.

The graduate of Jonestown Schools we hope to be a sensitive socialist individual with well-developed problem solving skills and the ability to implement solutions. He or she will be able to work with their hands and their minds and will have their hearts in touch with the socialist cause, and will be loyal and willing contributors to the development of Guyana.

Proposal for airstrip - possible aircraft:
 We feel that it would be relatively easy
 to construct an airstrip on our property
 parallel & immediately adjacent to our main
 road on the westerly side roughly 600' from the
 property. The 150' wide. There is a stretch
 of land there that is fairly straight &
 has little or nothing planted. We would
 have to bulldoze, scrap it, use a roller over it
 to make it reasonably flat. (We should note
 that the Matukas area) The strip would be roughly
 1000' long & 30' wide. The advantages
 would be quicker evacuation of medical
 emergencies, saving of maintenance on our
 vehicles in traveling to P.K. Matthew Ridges, overall
 more convenience ~~in~~ ^{covering of time on}
~~producing moving people on~~ ^{our vehicles that have been had up on traveling}
 to the other airstrip; ^{increase our security} ~~allow us to~~ ^{show us} the ability to

 own airplane most of the above advantages would
 exist if we just built a strip. We could prevent other
 unwanted planes from landing simply by having 200'

U.S. Feedback (J.R.) on Aug 12

- 20,000 - 30,000 zippers available... heavy duty metal, none under 9", a lot of them are double & a lot of them 30" long. 10¢ ea if we get all of them.
Doesn't know how much if we get less.
- Do we need work shirts?
- do the watt meter we order a long time ago the same thing as ^{the} industrial analyzer in PS 5916 reversed? (are no. cancel watt meter & get analyzer)
- Colored T-shirts - 3000 at 20¢/ea. 50% polyester 50% cotton (red blue orange yellow - all 1 color) J.R. says these are not 'cheapsies' - probably even, but as good as what has been sent. (Patly)
- Can get ~~work~~ work boots (leather) ^{all} brass eyelets ridges on soles tan, mostly triple triple stitched, come just one ankle... J.R. thinks well worth price - \$11 ^{made in Korea.} ea. per pair.
This is the best price they've been able to find.
We didn't get \$7.50 ^{per pair} because we didn't act quickly enough or it J.R. as afraid the same may happen w/ this price.
- Range pens: 7 doz available at \$3.00 ea. Nothing wrong with them, they're just not in style. Patly says she can take the small size (27-30) so we want the rest of Maverick brand 11 1/2 oz down, called ~~down~~ 'Lenn-fet' Ripcord bag.
- Celestron scope lens: Bell's Howell - 157.99 (plus adapter \$30.40) Donny said Patly cleared the same thing ^{Patly - \$10.00}

U.S. Feedback (J.R.) on Aug 13 Cont:

- Lilly (Sandy) wants to know to what kind of paper we need, how many reams, specifics -- we just told them a lot of paper -- not specific enough
- Carolyn Layton ordered maps over 3 months ago for school. Is this still needed? (J.R. has ^{them} ~~the~~ on)
- Barrels come unlined - ungalvanized, lined -

400 ^{open end} ungalvanized, galvanized & unlined. We can get 300-400 galvanized for \$11.00 ^{with the nails} (normally \$20.00) No we want to use galvanized w/ a 4 mil (.004 thick) plastic liner. We used unlined ungalvanized aluminum last time. Do we want added protection of a plastic bag bag or a lined closed ~~top~~ end for wheat, beans? Ron should be called in on this one.

- They got all the emergency letter parts.

Option 1 - 5938: 3 alternatives. 100 KW DeLco Generator, Engine #7250 built by Gen. Motors 50-60 cycle. Met: all specifications ~~was~~ was used for military, was completely rebuilt - before we take it, it will be completely disassembled, may tested, dipped & coated. It will be tested under full load. Engine is a Jimmy Detroit Diesel - dynamometer tester. ~~is~~ is a 4 valve head, advanced timing in line engine like we already have. No junkies to go with this. We can have gen tested for purging, already tested for rust. Can get generator alone for 4150. PP-9-820-3

Option #2 - Generator #1 w/o engine. Option #3 100 KW

U.S. Feedback from J.R. on Aug. 14.

- Re: Shipping direct from W. Coast to Trinidad, J.R. said it is too very expensive. No one goes directly from W. Coast to Trinidad or Caribbean. For example to ship direct from W. Coast to G/Town cost \$25,000 or opposed to \$18,00 from Houston to G/Town (J.R. had looked into this before and said the situation is still the same).
- Items to come with next person. 7 bags allowed:
 - 2 will be personal stuff; 2 will be test parts;
 - 1 will be paper (nearly out here); 2 will be electrical and Pally's stuff. We are also to have sent a backup playback ^(video) unit which is essential for Powell Freed. It must come now and may have to be sent special at extra cost. Another item is the Bronkscope which if needed immediately, will have to be picked up by the person in the East. This has been referred to Jarr. Buford to check into since I will be gone today.
- Andy is meeting w/ Advent (video unit) guy again tomorrow to show few slides of the project.
- Wheat per lb price averages out to 24¢/lb
kidney beans 24¢/lb • pinto beans 19½¢/lb.

2/1/70 Down Feedback from Maria on Aug 14:

- Our VW van needs to be overhauled according to the guy who does our work. Should we send someone in to work on it? Blue van is not working.
- Molasses will come out on our boat. and as well Narcija paint order.
- How much gas should come out? Charlie says 20-25 barrels. O.K.?
- Van Fleetman told Charlie he would give us a "substantial donation." He didn't say how much. We've paid \$30,000 against our bill of \$60,000. They are asking for \$30,000 more right now. Maria says there's a chance this is the final bill but she can't tell for sure. She is going to pay \$10,000 of it and see what happens.
- Evelyn LeRoy is supposed to get serial numbers or model numbers on all freezers here so they can get compressors for them. Is there an order for this? Please remind Evelyn.
- 2/1/70 Down wants to know if something can be sent in to match the adapter for the acetylene regulator we want in order 5757. They don't know what this is and evidently no one else does either.

9/2 our feedback from Maria on Aug. 22:

- Our cargo list from the offloading indicates we were short 209 bags of fluor. Maria ~~says~~ ~~to~~ says they loaded 400 bags. So that how many we were ~~to~~ expecting? We weren't missing any pork. They took off 300 lbs because they couldn't get enough ice to pack it in. Maria personally put the pork pork from the garden table on. If they are missing they may have been stolen. How do we know we were short 7 boxes of hooks?
- The tide was too low to load the molasses (which we have) and the gasoline (which we don't have)
- They have purchased 50 lbs of welding rod which they got at the places we told them to go 2 weeks ago.
- Paint not gotten yet (5 different orders). They say they are short handed.
- Orders for 7 files - won't be in till next month (Charlie)
- They didn't get wood soon enough on the pallets. Do we still want to get 500?
- Order has been placed for 4000' of log siding (Charlie)
- 600 gals bleach - didn't have time to get it.

- I - The fascist gover of the Shah of Iran trembles. To try to keep control he appointed a new Prime Minister and promise freedom for all political parties. However the people are not appeased. Last week the Shah burned down a theater killing 400 & he tried unsuccessfully to blame it on the left.
- II - Much dispute on the Camp David meeting among Carter (US), Begin (Israel) & Sadat (Egypt). Sadat offers a vague peace plan. He refuses to give up the occupied land (west bank, Jordan, Golan Strip, Egypt) & South Lebanon. The Soviet Union & the Arab world protest that the US plans to offer a separate peace to Egypt - the heart of the problem is the rights of Palestinians - they need a homeland & governmental representation. Begin will not consider it. He bomb a block in South Lebanon where the PLO (the Marxist Marxist Palestinian group - The Palestine Liberation Organization) office. Children & over 100 wives were killed. This made sanity among all of the Palestinian groups.
- III - Peace talks of Lebanon demanded that the UN give proper backing to the Syrian troops & that they get rid of the Phalangite who are Soviet puppets.
- IV - Civil war is ready to breakout in Nicaragua where the Sandinista just successfully released 140 political prisoners who found sanctuary in Mexico, Venezuela & Panama. Required Commentary

Guyanese officials attended a rally on the re-unification of Korea. The US maintains the fascist South Korean Gov, a puppet Gov. that allows them to milk the minerals out of S Korea. The people of Korea want a united country. North Korea was praised as a small but brave & industrious friend of Guyana. Guyana has much to learn from North Korea. Guyana has been bombarded by US. She produces 15,000 tractors a year, while Guyana produces only 300. Despite the opposition of the US military, North Korea has resisted imperialism. The small country has over 20 million people but they have developed self-reliance. N. Korea maintains relations to both the USSR & China & Guyana is following her example, Guyana is moving ahead on a socialist course, making her an enemy to the US. Guyana accuses the US of direct violence in the Cubana Airlines bombing. Guyana refuses to bend to IMF demands that she devalue her dollar. Guyana can make this stand unlike Jamaica because she owns 90% of the means of production. Burnham has given police a go-ahead to take people to trial for corruption. Says: everything that it's just time, even top officials will be tried. Burnham says. The average scold & rob have always gone to jail for theft now so will the white collar worker & the socialist state will take care of his children.

Korea - by the Japanese

Korea was annexed in 1910, at the end of WWI the Soviet Union inherited the north & the US the south, the US wanted the mineral wealth of South Korea & set up a puppet Gov. The Soviet Union gave North Korea her independence in 1948. The people elected Kim Il Sung president. He had been a guerrilla leader & fought all his life for the liberation of Korea. In 1950 the North Koreans liberated South Korea, the US sent it's military in - & so began the Korean ^{war} ~~war~~. The Chinese moved in to support the North Korean. In 1953 a cease fire was called & Korea remained divided. Kim Il Sung has the deep respect of his people. Capitalists put it down as a religious fanaticism, because they fear a people so divided. A strong leader is a necessary step in the Revolution of Communism. North Korea has completely re-built her infrastructure she has free medical care & education, while in South Korea the people live in misery under Dictator Parks. Most of the women have been force into prostitution (while in the North women have a strong sexual discipline & have been liberated from centuries of sexual discrimination). North Korea has 20 million people while in the South they have 35 million. Parks maintains his control over South Korea thru the repressive K.C.I.A. (the Korean C.I.A.) that spy on people at home & abroad. Parks is hated the world over for his torture & imprisonment of his people. He is an

embarrassment to Carter's human rights policy. The K.C.I.A. was involved in bribing several Congressmen to vote military aid to Parks. The US has 42,000 troops in South Korea and control the South Korean military. Sun Moon (of the movies) comes from S. Korea & is good friend of Parks. North Korea maintains ~~the~~ ^{its} relations to both China & Russia

Bakke Decision: Ruling class weapon

The Supreme Court decided in favor of Allan Bakke a white, middle-aged, average student, who claimed he was the victim of reverse discrimination because affirmative action lowered his chance of acceptance into medical school. The effect of their decision was to eliminate affirmative action. Affirmative action says you must take action to overcome the effects of centuries of racism & sexism. Whites won't just naturally drop their racism, nor will men drop their sexism. Change must be enforced by law. The Bakke decision gave the power to the ruling class, who have always appealed to the racism of the backward, white working class. The ruling class stays in power by dividing the working class while against black & men against women. That way they don't get together to fight the ruling class - their real enemy. Militant unions which unite the working class into a unified force could force the court to change their decision. However, there are no militant unions in the U.S. so the Bakke decision is just one more step in the racist build up in the states.

Youth Terror

Commentary on ABC's "Y.T." a view behind the gun. A documentary gave accurate shots of street life & interviews of the young criminals. It displayed the desperate hopelessness of their lives - lives without jobs, broken families, alcoholic parents, drug addiction, wife & child beating. Theft was a way of survival in a jobless world. They displayed a lack of remorse, they did not care what happened to their victims. They believe they must use as much violence as is necessary to get the job done. They all accept as inevitable that they will eventually get caught. They interview a young white murderer who felt no shame & a young black mother who complains she had no control over her children while the children made fun of her before the T.V. camera. Third world employees of ABC protested the recent approach particularly the scene of a Puerto Rican mother saying: "We were raised up like animals so we act like animals." The documentary was followed by a panel discussion of congressmen, lawyers, social workers, & drug rehabilitation workers who quickly passed over the reasons behind this crime to the ways to curb it. One panelist even suggested opening up concentration camps as "rehabilitation centers" with unemployed

Italy - Red Brigade. Webster & Liberman

History of Italy. Fascism first appeared in 1919 under Benito Mussolini.

War in Ethiopia in 1932. Defeated Ethiopia & put on Mussolini man as emperor, joined Berlin & Japan about 1937.

Went to form Berlin Axis after war. Christian Democrats, Communists were largest parties; coalition to socialist party also had part of the government.

Italy member Common Market did well until oil crisis during in their economy. Inflation set in; drastic solution needed, no one want right, some want left, state increasing right but then expensive capitalist measure.

also more a I.R. very well known capitalist. The Komrade were scheduled to go on trial today in Turin, the trial has been postponed, as they are keeping their komrade alive.

 with cheap pornographic descriptions of an

 was popular with whites left because he
 dropped racism & appealed movement against
 the police to both Black & white people to

is a series of Southern Pacific Islands 1580 miles from Australia, some in the arctic region. Total size is not much bigger than Guyana. Population is 3 million. There's not much fertile land mostly it is grazing land for its 60 million sheep & 2 million cows. Part of its main exports are wool & butter. New Zealand's economy is dependent on her exports, war would destroy her economy. The Polynesians arrived on the volcanic islands about 800 A.D. The white man discovered the island in 1642 by Abel Tasman who named it. Capt Cook started it in 1770. The Polynesians known as the Maori have been steadily eliminated. Today there is only 8% Maori & 91% European. Despite their racism they are known as a social democracy. - the economy of the capitalist world is tottering there are several patchwork operations going on.

(- The EEC has been in Brussels. This is the European Economic Community - more commonly called the Common Market. The purpose of the organization is to build a European trade community & to allow free trade among its member nations. Recently the EEC made trade agreements with Jamaica. This undermined the US attempt to undermine the Jamaican economy thru IMF manipulation. The OAU attacked the EEC's position in Africa, saying that they can't help themselves so they are trying to bleed Africa. Also they increased imports from Africa. They have made no attempt to help Africa industrialize (Belgium, Germany, France, West Germany, Ireland, Luxembourg, Netherlands, United Kingdom).

- The Economic Summit meeting in Bonn, West Germany is a meeting of the 7 major capitalist nations: the US, Britain, Canada, Japan, West Germany, France, Italy. They have been trying to stabilize capitalist economy. Japan is winning the capitalist competitive market & a trade surplus of \$5 billion.

(The value of the yen increases while the dollar decreases. With much pressure Japan agreed to cut her exports if the US would reduce her oil imports (the US use 55% of the world's oil) & (2. to tax crude oil. Carter agreed in order to stabilize the dollar. However Congress would not back him up - fearing voter reaction to the 2 gallon a day gasoline rationing Japan is going back on her part of the bargain while the dollar continues to fall. Add to this France's decision to sell her minerals to the highest bidder is serious trouble for the US. To make matters worse the OPEC countries have been watching the outcome of these meetings. They don't think Carter will be able to get Congressional backing. They've lost faith in the dollar & are planning on stopping their use of it to sell oil. They are looking for a new currency or well up to a gold standard. The capitalist countries may unite against Japan & pass protective trade policies.

against her, refusing to trade with her. This would bring the value of the yen down, but such economic manipulations begin wars.

Meanwhile the Non-aligned Conference in Belgrade Yugoslavia shattered the West's attempt to censor Cuba's presence in Africa by affirming the right of African nations to ask for help wherever they want. The OAU conference in Khartoum was a disappointment as it rejected the West's proposed Pan African army & decided to form a totally independent force.
