WEREING GOVERNMENT OF THE STATE OF THE STAT

Enclosed herewith are 22 rolls of film as obtained on November 28, 1978, from Police Department at Georgetown, Guyana. This undeveloped film was taken of fingerprint cards of members of the People's Temple (PT) who immigrated to Guyana. The originals of these cards are held by Chief Immigration Officer PITHOMBERG RAMFALL, who was present at the time and his staff exposed this film.

Photographic film is extremely scarce in Guyana and available film was used. explained that 12 rolls of this film were exposed on Plus-X film using a light value of 13 and an exposure value of 1/15th of a second at F-11. The 10 rolls of Tri-X film were exposed at light value 13 with an exposure value of 1/30th of a second at F-11.

RAMFALL explained that Guyana Immigration fingerprinted everyone over the age of 16. ()

FBIHQ has previously been furnished the names and dates of birth of PT members by Georgetown State Department teletype 3877. This is a 40 page teletype and pages 10 through 40 should contain the names which are identical to the attached fingerprint records. Attached herewith for ready reference are pages 10 through 40 of referenced State Department message. (11)

Attorney General Griffin Bell Justi æ Department Washington DC

OUTSIDE SOUTHCE

Honorable Sir:

It is with great chagrin that I read the news today that the Justice Department has failed to assure Bodyguard protection for the late (orgressman Ryan's Legislative (orsul, Jackie Speier. How chilling a remiss of your Justice Department to have made it necessary for (orgressman Ryan's Family and Office to need to repeatedly make arguishing calls to your Staff to initiate even token and tem, wrany coverage. How could you possibly allow such events to occur?

The (itizens of this (ommunity and State are not at all assured that The Guyana (onsulate and your Justice Department were not responsible for failing to investigate the devastating potentialities of the Jones Settlement. (ongressman Ryan surely did offer you substantial clues that this was a need. Thus we hold you and your staff greatly responsible for the death and injury of Ryans Party; not to mention the death of the staggering number in the Settlement who wished not to die.

Once the tragedy upon tragedy did explode into reality----it would seem your department would be the first to Rush To Prevent Ripple Repercussions. Inexplicably---this seems not what is reported to us. Let us hope Providence is watching over Jackie Speier--as your Staff seems not to be doing so with any enthusiasm.

REC-123

Stop the Anguish of those of us who reside outside the periphery of Government Powers--- and watch hoplessly on.

I will send a copy of this letter to President Carter, The Ryan Office and Mrs Autumn Ryan so they know the debth of feeling we have in salvaging what life can be salvaged from this heartbreaking carnage.

Sincerely Grateful For Your Prompt Actlor

Interview of Individuals Returning From Guyana at JFK International Airport on 12/6/78 (U)

Seventeen individuals arrived at JFK International Airport during the evening of 12/6/78 and were interviewed by Bureau Agents upon their arrival.

San Francisco, therefore a return date was made for Friday, 12/8/78. Two individuals indicated an intent not to travel directly to San Francisco.

Interview of cance of two code phrases noted by Bureau Agents to be recorded in personal notes and correspondence of previous returnees to the effect "give them my love" and "tell them I miss them." Williams advised that both phrases were furnished to him two to four months ago by Karen Layton and Maria Katsaris. Stated that the phrase "give them my love" meant that Reverend Jim Jones would die and "tell them I miss them" was an indication for assassination squad members to "get the defectors."

Investigation continues to determine the extent of current use of the above two terms and determine if these terms are part of a current viable plan to carry out violent actions in the future.

of an "Angel" was a member of the security squad who was assigned to get rid of defectors and traitors ()

issued instructions to the three PT members who were caught leaving Jonestown with a large sum of money that their own mission was "to survive." This is apparent reference to the three individuals, Michael Carter, Timothy Carter, and Michael Prokes, who left Georgetown with a truckful of cash, buried the truck, contacted local police and lead them to where the truck was located, and seized by the police.

Amateur Callbook lists ALBERT TOUCHETTE as residing at 3747 Road-B, Redwood Valley, California 95470.

During that period she heard transmissions from Guyana again virtually every night, which basically were general descriptions of the country. She stated there were also nightly contacts, assumed now by to be with stations in California, wherein the conversations consisted of short sentences in some form of code. advised that shortly after her contact with the Peoples Temple she made a cassette tape recording of conversations between the Peoples Temple and other HAM operators in the United States. The tape, about nine minutes in duration, contains only the Peoples Temple operator's half of the conversation. Advised the operator, possibly AL TOUCHETTE, talked to two different operators during the duration of the tape, one being possibly a pharmist from North or South Carolina (call sign America America Four Oscar Delta) who was offering to send medical supplies to Guyana, and the other being an operator (call sign WBOYVB) in Duluth, Minnesota.

allowed the interviewing Agent to make a copy of the taped transmissions. She further advised she never heard anything regarding the visit of Congressman RYAN to Guyana, nor did she have any other information regarding the Peoples Temple.

By letter dated January 15, 1978, Dr. JOSE M.
DA'COSTA, dental surgeon and orthodontist, residence 75 SEC.
"M" Camp Bellville, telephone number 02-61507 and employment address of Practitioner's Medical Centre, 132 Carmichael Street, C/BURG. Georgetown, telephone 02-65356, requested that come to Guyana and assist the people in Guyana in initiating a pilot program for screening the mass population of Guyana for the early detection of cervical cancer. This pilot program would be similar to the one which initiated in Venezuela several years ago / W/

explained that he had to go to Caracas, Venezuela around May 10, 1978 and decided to go ahead and go to Guyana as requested by Dr. DA'COSTA. In addition, Dr. SCHACT had asked to come to Georgetown to see the babies which had been delivered on February 3, 1978

Accordingly, about May 10, 1978, traveled to Venezuela and then went to Guyana. When he arrived in Guyana at Georgetown, received a "VIP" treatment. His baggage was loaded into a limousine and then was taken to an airport where he was flown into the jungle to Matthew's Ridge, which is the last outpost in the northwest region of Guyana. At Matthew's Ridge got off the airplane and was taken by a land rover to Jonestown. He was traveling from Georgetown to Jonestown with Dr. JOSE H. DA'COSTA, Dr. DA'COSTA's wife and daughter, and a former CBS correspondent, MIKE (Last Name Unknown). deep into the jungle to the mission village of the People's Temple, which was called Jonestown. Jonestown was named after the head of the community at Jonestown, Bishop JIM JONES. When arrived in Jonestown, he met with JIM JONES and signed the guest register located at the guest house in Jonestown. He was assiged a cottage to live in

with MIKE (Last Name Unknown) who was a former CBS correspondent.

spent approximately four days in Jonestown and was given a tour of the community of Jonestown. He stated it was a utopia consisting of beautiful gardens and white picket fences. He said everything was neat and clean. He observed a great deal of heavy equipment including tractors, caterpillars and road building equipment. He recalled, however, that there was no telephone service in the community and all communication was conducted by CB radios.

While in Jonestown, the pilot program for screening the mass female population for the detection of cervical cancer. described Dr. SCHACT as a knowledgeable and competent doctor. He also lectured to Dr. SCHACT's staff regarding pap amears.

He personally spoke with Dishop JIM JONES on six or seven occasions while in Jonestown and spoke to him regarding the community at Jonestown. JONES told him that the community consisted of about 1700 Americans and about 200 people from Guyana. JONES also showed him that there was a great deal of training for school children at Jonestown. Stated that neither JIM JONES nor the people of Jonestown appeared to be "religious fanatics". During his stay at Jonestown, heard very few prayers and observed no worship services. He also stated there were no Gods or idols at Jonestown.

stated he did not have any specific knowledge of trouble of any type during Congressman RYAN's trip to Guyana nor did he have any specific knowledge of the acquisition, licensing or shipment of weapons by the People's Temple to Guyana. also stated he did not have any specific knowledge of any firearms training received by People's Temple members nor did he have any direct knowledge of threats to harm any public officials or current or former People's Temple members as a result of persons attempting to expose the People's Temple, infiltrate the People's Temple, or induce a member to leave the People's Temple. During his stay in Jonestown, observed no storing of money or Weapons at Jonestown: ne also stated he was unaware of any contingency plan including a suicide pact that might have been part of the People's Temple community. He observed no guards or weapons in Jonestown and was free to visit every part of the community at will. On his tour of the mission village, he saw cattle, farmland, pig farms, a small 12 bed hospital and a pharmacy. He spoke with many young people of the community and generally they said that they had been in and out of jail and were happy to be in Jonestown and happy to be given "another chance". ()

After his return from Guyana to the United States, he was sent copies of newspaper articles indicating possible unrest in Guyana by the president of MARCO, Dr. DOWALD E. and Post Office Box 161, Flossmore, Illinois, telephone Pindicated that Dr. ORE might possibly have additional information regarding unrest in Guyana.

does not personally know any People's Temple members or ex-People's Temple members except the ones which he met in Guyana. He was able to furnish no specific names except Dr. LARRY SCHACT but stated that he had received a great number of letters from People's Temple mambers since his return to the United States. He said he had

received about 300 letters and cards from persons who lived in Jonestown and would furnish all the correspondence which he had in his possession to the Federal Bureau of Investigation. Accordingly, he furnished a stack of letters banded by a rubberband to SA and SA who entered office at this point in the Interview. expedite checks of California Department of Motor Vehicles (DMV) and Department of Justice (DOJ) to obtain finger-prints to aid in identification of approximately 900 bodies.

The first list of approximately 900 names was given the agencies on the morning of 11/24/78, and by 10:00 a.m. on 11/25/78, (Saturday), both had completed the search and made available 351 drivers licenses and applications with thumbprints and 166 fingerprint cards. | *\mu|

The second list containing approximately 250 names was furnished DMV and DOJ in the late afternoon of 11/29/78. By noon on 11/30/78, they furnished an additional 64 driver's licenses and 29 fingerprint cards (V)

To fulfill the Bureau's need for two copies of each document, DMV made approximately 1,700 photographs and DOJ made 390 copies of the fingerprint cards. This entailed having extra employees work nights and on a weekend.

The cooperation of the management and employees of both agencies was outstanding and it is believed a letter of appreciation from the Director to these agencies is appropriate and will further enhance our relations with these State agencies, up

RYMUR

11/2/42 1046

On December 18, 1978,

furnished the following information;

67C

In 1977, he lived in Eagan, Minnesota, and was an amateur radio operator there. Between April, 1977, and July, 1977, approximately, he occasionally heard conversations between amateur operations in Jonestown, Guayana, and the Oakland - San Francisco area, as well as between Jonestown and Los Angeles.

assumes the operators were missionaries because they talked about God and praised the Lord. The parties also talked about shipping money and supplies to Jonestown, including guns. Those in Jonestown indicated they were allowed to shoot for meat. They talked about "shooting pigs" and stated they needed heavy guns with a great deal of power because boars were hard to bring down.

stated he recently learned the People's Temple had a transmitter in Jonestown and wanted to bring the above information to the Government's attention for whatever significance, if any, it may have.

JACKSON was described as a black male, mid thirties, approximately 190 pounds, curly haired, who was formerly a history teacher in San Francisco. Said that there had been some talk at Jonestown of the Peoples' Temple re-settling in Russia.

LANE reported he will contact United States Attorney WILLIAM HUNTER or Assistant United States Attorney ROBERT BREAKSTONE, San Francisco, California, possibly on the evening of November 29, 1978. He declined to furnish any information regarding the location of TERRY EUFORD until such time as he can confer with either Mr. HUNTER or Mr. BREAKSTONE.

LANE met Dr. LAWRENCE SCHACHT in September, 1978, at Jonestown, Guyana, at which time Dr. SCHACHT gave him a thorough and complete examination. LANE understands from previous conversations with JIM and MARCELINE JONES that they met SCHACHT several years ago and at the time he was a drug addict. SCHACHT was rehabilitated from drug addiction through the efforts of JONES and they sent him to medical school at the University of California, Irvine, California, where he graduated number two or three in his class. In later conversation with JONES at Jonestown, LANE learned that

(n

SCHACHT was not licensed to practice medicine in Guyana. LANE was requested to investigate procedures for obtaining appropriate licensing in Guyana for SCHACHT. LANE contacted HAMILTON GREEN, a ranking Guyanese official, and determined that if SCHACHT could routinely travel to Georgetown, Guyana, to practice medicine under the supervision of licensed Guyanese physicians, he could possibly thereby receive his license. LANE communicated this information to PT officials and later was informed by his client, identity not revealed, that SCHACHT was not allowed to leave Jonestown under any conditions because the PT feared he would not return.

LANE knows nothing regarding SCHACHT's employment background. At the time Congressman RYAN was attacked at Jonestown, LANE asked JIM JONES to get SCHACHT for RYAN. JIM JONES said he would, but SCHACHT never made an appearance. DALE PARKS, respiratory assistant in the clinic at Jonestown, who survived the shoot-out at Port Kaituma, Guyana, was an associate of SCHACHT at Jonestown. LANE could furnish no additional information regarding SCHACHT's involvement with the PT.

information regarding SCHACHT's participation in the

information regarding SCHACHT's participation in the acquisition of cyanide poison, the extent of his participation in the conduct of the mass suicide, or his involvement, if any, in the conspiracy to kill Congressman RYAN.

Through his client, LANE is aware of the existence of contingency plans known as the Last Stand Plans (LSP). The LSP include (1) mass suicide, (2) killing of defectors, (3) killing of hostile reporters, and (4) killing of public officials in order to politicize the event in state one.

To his knowledge, there was no standing list of public officials to be assassinated. The names were to be chosen at the time the plan was implemented. Selection of those to be eliminated was to be made without regard to

ومتاملين والمتالية والمتال

their party affiliation or whether they had made public statements concerning the PT. Even those persons who made statements supporting the PT could be included among those chosen under the plan. LANE understands that this plan has been formulated for some period of time and the principal PT members involved in the formulation of the plan were TIM STOEN and SANDY BRADSHAW. STOEN has defected from the PT, and BRADSHAW is in charge of the PT at San Francisco, where she reportedly resides at the present time. STOEN and BRADSHAW did extensive research into the use of various poisons for the purpose of carrying out the LSP.

LANE has no knowledge of a prepared "hit list," but his client states it is common knowledge, based on statements made at conferences and other meetings. Journalists LESTER KINSOLVING, MARSHALL KILDUFF and PHIL TRACY, as well as all defectors and aides to defectors, which LANE considers himself to be, are to be eliminated under the plan.

JIM JONES became personally angry with LANE because LANE counseled the members of the PARKS family to leave with Congressman RYAN and his group as opposed to waiting one week at Jonestown before departing, as requested by JONES.

LANE reported that SANDY BRADSHAW would be in charge of implementing the contingency plans. LANE feels that LEE INCRAM, coach of the PT basketball team at Jonestown, who with the members of his team, was not in Jonestown at the time of LANE's last visit because they were away to play a scheduled game with the Guyanese national team, is the type of person who would be involved in eliminating people under the plan. This is a personal observation, not based on any direct evidence. He has heard through an unnamed source that the PT basketball team has been involved in "sharpshooting not of the basketball type."

In regard to the shipment of guns to Jonestown, LANE pointed out that he never heard of the PT or JONES until about two and one-half months ago. In September, 1978, LANE visited at Jonestown and on this occasion observed it to be a pastoral community and saw no evidence of the presence of firearms. He did not hear any derogatory information regarding the PT until his client informed him of actual conditions within the PT about three weeks before the RYAN incident. It has been reported in the press that CHARLES GARRY, a PT attorney, had encouraged members of the PT to obtain firearms for self-defense purposes. In his first visit to Jonestown, LANE commented to several people

ME 89-110 5

there that "anyone being in the jungle would be crazy not to have a rifle at least to protect himself from ocelots and snakes." The Jonestown people replied they had no weapons at all but that they had been attacked by people from the bush and had no weapons.

Special Agents
United States Secret Service, Memphis, Tennessee, participated in this interview.

was interviewed at his residence. Present during this interview was Secret Service Agent At the outset of the interview, Mr. LANE indicated he was representing a client who had been a member of the People's Temple and stated immunity must be granted to this individual, otherwise he would not be free to divulge all the information. He stated this client was anxious to speak and in view of the fact she had confided in him as an attorney he felt he must protect his client. It was pointed out to Mr. LANE that the immunity would have to be granted by the Department of Justice and this request would be brought to their attention.

Mr. IANE advised he is presently working on a diary which would relate his knowledge of the incidents at Guyana, as well as his involvement and knowledge of the People's Temple and Rev. JIM JONES. He stated he would make a copy of this available upon his completion, which he anticipated would be in the evening of November 26, 1978. Mr. LANE stated that after this diary was completed, he would be willing to answer any questions which would assist in this investigation.

LANE expressed fear that his own safety was in jeopardy and indicated he had called the People's Temple in San Francisco on the previous evening and indicated strongly to them that he did not want to be harassed nor did he want any of his loved ones bothered by any members of the People's Temple. LANE indicated he was concerned as his knowledge of this recent mass murder and suicide that occurred in Jonestown was merely stage one of a fourstage program. He explained stage one was a mass murder or suicide of the members of the People's Temple. two basically requires that all surviving leadership members condemn the actions of those who had led the congregation in this suicide. Stage three was that all defectors would be sought and killed. Stage four consisted of killing numerous public officials. LANE explained he was not aware of the identities of any public officials to be killed. ful

LANE revealed that an investigative reporter by the name of GORDON LINDSAY had done an 88-page report on Rev. JONES' People's Temple in which he did an in depth and accurate portrayal of the situation as it existed. LANE felt this report would be useful in this investigation. The report was never published as its authenticity could not be verified by the "National Inquirer" for whom LINDSAY had done this report.

LANE mentioned that there was supposedly \$3,000,000 in the cabin of Rev. JIM JONES in Guyana. He pointed out he had read recently in the paper that a half million dollars had been recovered and he feels now that one of the church members has apparently made off with the additional money. He also mentioned two ships that belonged to the Temple which he was of the opinion contained a considerable amount of valuables belonging to the Temple. He related the names of these ships as the Cucho (phonetic) and the Masalon (phonetic).

LANE also indicated that he felt attorney CHARLES GARRY was aware of the violent potential of Rev. JONES as he was aware a radio transmission between Guyana and attorney GARRY in San Francisco had been monitored on October 6, 1977. During this conversation, JONES related to GARRY that he was going to kill everyone in Jonestown. According to LANE, GARRY pleaded with JONES not to kill these people. LANE was of the impression this information had to be known to the Government of the United States./ 1/

LANE related that he was only involved with JONES and the People's Temple for a short time prior to the massacre. He stated Rev. JONES was obviously quite disturbed and posed a threat to Congressman RYAN. LANE stated he advised RYAN of his concern that something of a violent nature could happen if he visited the site in Jonestown. LANE stated he did not feel he could prevent the Congressman from going to Jonestown as it would appear his whole intentions were to prevent Congressman RYAN and his party from visiting the site at Jonestown.

LANE advised he would have his diary completed as soon as possible and would answer any questions after that.
