Guyana Police, made available a red looseleaf folder notebook cover found at Jonestown by the Guyana National Police. The looseleaf book (binder) contained miscellaneous written and typed pages concerning books, news releases and public relations material about the People's Temple and Reverend JONES, etc. Attached are copies of portions of the materials contained in the notebook binder. $|\mathcal{M}|$

The red cover of the notebook binder had the name SHIRLEY A. illegible, which probably referred to SHIRLEY ANN EDWARDS.

Here are some more of the informers statement. These were taken off of & a tape. & some of it I Couldn't hear too clearly, but I think that most of it is accurate. It is written at the way they were stated.

There are some more still that I haven't recieved but will do them when I get them.

Joan

V

David Phillips-2 years ago was in high school and a friend of him a bycicle and he did too. the police came and questioned him about and he told them that it was someone else totally different and beconvicted and arrested the guythey blamed. He said that he told of this unrelated guy because he was slow and small and he wanted to him. This was in Palo Alto.

Robert Rankin-In virginia he was arrested for forging, writing and lishing checks two of them were cought and the other managescape and Robert gave the name of the guy that escaped and he abouts.

Ken Norton-His real name is Gerald Grubbs. In long Beach 1967 may first he was arrested for grand theft. While being interrogated, he informed the police that a man named Bud Goodman was doing the theft out of the back door. To his knowledge, nothing was ever done about it. (This is all Ken said).

Contonia Jackson- Called the police on her son for tearing up the houseshe told the police that her son was also smoking dope little over a month ago. She has called the police other times for other things but didnt say what.

Lole Fikes- Told on some guys who were stending parts from a car 2 years ago.

Sandra Thompson-Police came by wondering if her brother had robbed the store. She said no because he wasn't home. Then she told him that her cousin had come back and all of a sudden he had hundreds of dollars. They were going to arrest her brother and they had started to beat him up. This was last year Freemont P.D.

Ronald Duckett-Goes now by the nam of Nicki Lawrence- He and his friends broke into a store and he ran off and told the police on the others.

Whi Alexander- When she was 10 years old hom alone with her brothers and sisters, the police knocked on her door and asked her if a little white dog lived around and she said no but that a little white dog lived behind her and they went back there and took the dog to the pound. The owners paid a fine to get him out. They wanted him because he had bitten someone. She said that she didn't know why she told on these people that owned the dog.

Vivian Pennywell- Said that she had an intimate relationship with a detective walking jay. The affair lasted a year and let was a detective of fraud, investigator dectective over burgularies and would ask her if she knew certain people that have broken into neighborhoods and ask if she knew different people that were selling hot items and have and if they had asked her if she would buy any any of them and other detailed questions but she sai that she can't recall giving any information about them. She told him that to her knowledge she knew a few of them. He wanted her to ask people that she knew to find out about them. She said that she never gotia chance to do it. She answered to the ones that she did know of. She had a sexual relationship with him. Has worked for the Fresno Police Dept. for 18 years and he is still there.

Edith Cordell- Called the police to send her brother home from a tavern . Another time she called them about a drunk man long ago, she doesn't

Rob Gieg-Parents called the police on him for having a drunken party of the house while they were at work. So then Rob then told the police on a friend of the family's and his older brother, that he was the one who hought the alchehol, Concord 1967.

he was working at the Hyatt Regency Hotel as a security officer. He turned in someone who had stolen silverware and liquor from the hotel. (This is all he said on the tape, but I Joan and Ruth Tupper remember speaking with him on the last summer trip, and he told us that he was an undercover agent, had a gun and drove some blue car. He sounded like he was bullshitting around and he told us that he finally got out of it because he had to turn in his own friends. He didn't mention anything about this on the tape and so I, (Joan) told Mike Prokes and Grace about it and they are going to meet with him in a councelling type situation and find out more about it.

Johnne Paul- 2 years ago she called the police on her husband, Rober Faul for fighteng her and using karate, she said that he was drunk he kicked her in the back and she was bleeding from the nose. It time she called the police he would get away so she had to call the police three times before they could get him. She said that it work necessary that she call them because she thought that he would hurt her.

Rhuletta Brown-Called the police because her companion and her were fighting and when the police came, they found out that they were from Peoples TEmple. They told the officers that they were from the church and that Jim Jones was their Fastor and they told them of the backround and then she said it was alright. Joanne and Robert said while the officers were present that Jim was going to get them and that Father doesn't teach up this kind of behavior. The police then told them how they shouldn't fight and it was okay.

Earnestine T. March-In 1966 Called the F.B.I. because neighbors were neilling dope to techniques and mub teems and the didn't want it to be around her children. Shortly after the neighbors moved.

Lisa Layton- 15 years ago she had a noisy teenage neighbor who would have morning parties instead of going to school. She got tired of them she said that she feels bad about doing this many times and that it was wrong.

Mary Carrasco- 16 years ago she called the plice on her husband because they had a big argument and fought and then she had him arrested.

PEOPLES TEMPLE AGRICULTURAL and MEDICAL I P. C. Box 893, Georgetown, Guyana (South America)

Jonestown, New the --

THE CAMPAIGN AGAINST PEOPLES TEMPLE IN PERSPECTIVE (A Background Dischar)

For twenty-five years in the U.S.A., Jim Jones and Peoples Temple have worked tirelessly for equality, justice, and humanitarian service. We have organized around issues of civil and human rights, inhuman conditions, and the crying name for world peace and international co-operation. We have a solid record of achievement in drug rehabilitation, in providing opportunities for jobs and education for thousands of young people, in helping untold numbers of persons who were destitute, despondent, in need of medical help, counseling, food, clothing, and shelter. One can well understand how a man like Rev. Jones would be the subject of malicious gossip. lies, hate-campaigns, and even conspiracies orchestrating government agencies, the intelligence establishment, the media, and various individuals who may or may not be duped by these schemes. We have been the object of constant, organized harassment, vandalism, violence, smear campaigns, arsonists, racists, even hired assassins.

Political frame-ups are not unfamiliar to us, and truthfully, we are not surprised that there is today an organized effort to destroy us. But the reality of it is no less offensive, just because it was anticipated, even expected. We cannot stand idly by and endure injustice without protest. In fact, Peoples Temple has earned its unpopularity with certain elements in the United States precisely because it has fought actively against injustice for so many years. We do remember history, and we prefer not to repeat it. The efforts that have been mounted as instead us are indeed part of a shameful heritage of subterfuge that have

ul

claimed many victims over the years: individuals and engine that were pursuing progressive directions in American like, to being together oppressed people, overcome racism, and v economic and social justice.

Though we have not gotten to the bottom of the committee destroy Peoples Temple, we are certain of enough facts to alarm just-minded individuals, and those who wish the demonrational system in the United States to survive. Some of these facts have been presented to the press. However, the mass media has been distinguished by its reluctance (if not refusal) to publish any reports that would point to what is really happening. An exception to this is the black press, which has recognized the attempts to destroy us, and has been most supportive of our work.

The story began years ago when certain individuals joined Feoples Temple who had prior experience working with U.S. intellinence establishment and ultra-right wing organizations. The hard facts came to light beginning in late 1976 when two military officers connected with an influential U.S. Senator were caught trespassing near our church while a black woman mayor from Mississippi was speaking to our congregation about her trip to the Peoples Republic of China (We have always attempted to keep informed about alterneetive forms of government and their accomplishments). The very fact that we pursued these agents and published our startling findings about their spying mission no doubt intensified the determinati of those wishing to harm us. Would it have been proper, or move to remain silent about this threat to our rights? We think not. Democracy depends upon the people knowing what is happening to the What happens to Peoples Temple is only an example, in some instances a harbinger, of what is planned for other minority groups.

The full picture includes a group of people who specifically organized over the last year and a half, at least. They first met secretly to plot a smear and slander campaign in the sensationalist press (they even hired a prominent, expensive public relations firm to help), then conspired to pressure and recruit people who would join them in lies and subterfuges, then went further to harm innocent people, using government officials of the United States.

on a very superficial level. While they fancied themselves immanitarians, they were only posturing. Eventually, they couldn't go on in the contradiction, yet they could not simply leave goodness alone. They became eager to destroy Jim Jones, who represented to them the kind of human commitment that they were incapable of.

This is a familiar syndrome, and made many of these people susceptible to being used by others who were interested in destroying Peoples Temple for many years: people with strong right-wing, reactionary impulses, who could not stand to see persons of all races and backgrounds co-operating and pursuing their rightful share of rights and opportunities in life. Such people are typified by the followers of McCarthy in the 1950's and the neo-McCarthyites gathering prominence on the current American political scene.

Another group of individuals, not part of Peoples Temple, were furious that their (grown) relatives chose to spend their lives in service to humanitarian goes and the ideals of Peoples Temple rather than to fulfill others' expectations of them. They, too, have a personal grudge against Jim Jones and Peoples Temple, and have joined the efforts to harm us.

Thousands of people all over California and the nation -progressive leaders, civil rights and community activists, government officials, private citizens, people who have worked with
lim wones and who have see his consistent devotion to justice
and the struggle for human liberation, are quite aware that
we are just another target in a long history of what amounts to
room of treason against ordinary people trying to secure a

if e for themselves. We are unusual, perhaps, because we are actively demonstrating (in Jonestown) a successful alternative for people oppressed by racism, and we sense a deep responsibility to keep alive the hope and opportunity we express where.

N

Among us there are people who would have been dead, in 10 ison, in street gangs, in organized crime, involved in drugs, prostitution; who would today be swelling the welfare rolls, value would be a drain on an already overburdened economy, who would have had nowhere to turn, who would have been abandoned in their later years in squalid hotel rooms, who would have been victimized by rapists, thieves, and muggers -- and would have victimized others -- had it not been for Peoples Temple and Jim Jones. Many were caught in that vicious cycle of poverty, arime, and despair. We are predominantly people who have had vary little, if anything of our own; lousy neighborhoods to ve in, terrible educational facilities, unsafe working conditions. Many of us are children of broken homes, and some of us have even been sold into human slavery, right in the twentieth century, in the United States. Today, thanks to our recepte's collective and our community organizations, built on care and concern for the individual, as exemplified by a most principled and self-sacrificing leader of men, we have been and a to achieve a measure of security and well being that de never before have had.

We have painstakingly built this community, this movement, and it has not been easy. We have gone through all kinds of harassments; our buildings have been burned, our animals killed, car children's lives threatened. We have carved out of the lirgin forests here a model of human co-operation and love, where people who were once at each others' throats in an environment that fostered violence and gave people no creative outlet for their s, are now working together, building a solid foundation and care future for our children.

We are determined that it will not be taken away from us.

time in re: Arrival of the Party of Congressman Ryan and others

To: Carelyn Layten, Georgetewn Frem: Sarah Tropp, Jonestown

As you know, our information has it that U. S. Congressman Lee to come to Guyana early next week for the express purpose of "In." the Jenestown community, as a part of a larger plan to use People a least a vehicle to embarrass the government of Guyana. He will be obtain representatives and certain members of the "Cencerned Relatives." and replays certain relatives of residents of Jonestown.

As you also know, when he asked be come, our community's response to that we would be willing to see him if he came in the company of an other persons we feel are sympathetic to, or at least not heatile to, our community so that a fair view of our community might be entiriped.

Who wenly to our reasonable request is that he is coming engage. We are resolved not to permit the party to enter Jonestown under these condition. Accordingly, and in the hope of preventing a serious incident, and have you see Minister Vibert Mingo, and make the following requests on our hebalf:

- 1) That, if there is any way possible to do so, he make errors not to notify us if the party is coming in on a plane from the U. C.
- 2) That he ask an appropriate official of the Guyanese Generouset, on our behalf, to serve the Congressman, upon his arrival of the best with several documents, including a NCTICE, STATEVENT and FOUNTE. copies of which we are transmitting with this mome. If are necessary cannot be made to effect this service at the simpert, then are ments should be made to do so at his hotel on the day of his armi
- 3) To refuse the assistance of the Guyanese Government in factilitating a visit of the party to the N. W. R., including the upe of government airplanes and ground transportation, and rest facilities.
- 4) To provide police protection for the boundaries of Jenesteam (The Peoples Temple Lease of State Land for lifted Farming Furceaus) in order to prevent tresposes. This is in order that should be attempt to physically enter the area we will not be oblided to use solf-help methods to restrain them. In this situation, it will be of the utmost importance that we have advence notice of the Juntable tions that are given local police, and that we must with them in advance, so that the matter is clearly understood by all, and that there is no chance of any confusion or mis-understanding.

It is our conviction that when this arrangement is firmly established and when it is understood by all that the government will support the normal rights of the residents of Guyana to be safe in their homes from unwanted intrusions, that our communication of same to the Embrang of the U. S. A. will be sufficient to dissuade the Congressman from his for Theory (or politically inspired) enterprise. This format will also while the possibility of adverse press coverage of the situation in the U. C. second because there will be no actual events or incidents to cover.

filtrated their group. Jim Cobb's sister told us that Jim came to their house to kidnap the children and but no-one was there so they ramsacked the house. Several of these people had advocated aviolence and it was for this reason we keepelled them from Peoples Temple in the first place. Now they are trying to get even by being revened and claimed that Tim Stoen was the one that visited East Berlin and claimed that there were no freedoms under the socialist government and made news that make the pointing out everything negative about socialism he could point out. We is very capable of doing this name blad of thing about Guyana.

RECEPTION PLANNED FOR LEO RYAN

νŲ

Some of the devices that have been used in the attempts to destroy us include the following:

--Government agents who have conspired directly with members of the group of 'concerned relatives' (aka Human Freedom Center, Inc.) that have pushed the campaign have offered bribes and blackmail to very people to lie about and denounce Jim Jones and the Temple. American Indian Movement leader Dennis Park pressured to do this and was offered help with his own serious legal problems as an enticement.

--Our mail and other communications have been monitored and regularly sabotaged. One large batch of mail, including important legal documents, was doused with a wine-smalling substance. There have been many similar instances.

--Shipments of vital modical supplies and food have been interfered with by U.S. Contons agents. Some have never been delivered.

--News articles, letters, and other communications designed to slander our organization and sow confusion have been planted in various publications on the 'left' and circulated widely in Guyana in the modus operandi that COINTELFRO has used against progressive and civil rights groups in the United States.

--Other 'dirty tricks' have included making phone colls to law-enforcement officials and media representatives of an harassing nature, impersonating members of Peoples Temple to creat hostility against the Temple. There have been numerous innuendoes and charges to the effect that Peoples Temple has been guilty of break-ins, bomb threats, vandalism, rape, and even murder...without a shred of evidence.

Thus, the people in the so-called "Human Freedom Center" are only the front line of a conspiracy. They have spend tens of thousands of dollars to pursue their schemes. We are currently investigating the source of their funding. They have brazenly masqueraded as pious, outraged, morally-offended people who are seeking honest redress of grievances. But what lies behind that mask?

Most of the people who have decided to collaborate in theme maneuvers (some, evidently, after much pressure), are operating out of personal resentments against Peoples Temple and Jim Jenes.

I had the pleasure of attending a testimonial dinner on behalf of Rev. Jones, at which he was presented well-deserved certificates of commendation from both the San Francisco Board of Supervisors, and the State Senate, the latter of which was initiated by my Republican collegue, Senator Milton Marks. The dimension of Rev. Jim Jones humanitarian goals and accomplishments is such that he has been uniquely able to transcend surface political considerations to promote concrete, humane and better conditions of life for all our citizens.

I am advised that Rev. Jones decision to remain in Guyana for the time being. I understand that decision. I respect it and I am sure that Rev. Jones will return to this country when he deems it wisest to do so.

From the news stories about Rev. Jones absence from the country, it is clear that many persons opposed to Rev. Jones are attempting to exploit the absence for their political purposes. I am frankly appalled at such efforts. I hope that you will not be persuaded to assist in their efforts.

Jim Jones is truely an American asset!

Sincerely,

WILLIE L. BROWN, JR.

President Jimmy Carter The White Rouse Washington, D.C. 20500

Dear Mr. President:

I would like to commend to you highly the work of Reverend Jim Jour and the Peoples Temple. I first became acquainted with Jim Jones when he and his church came out early on behalf of my defense when I was in poison on charges for which I was later vindicated. This was at great rick to himself and his church, because my cause was not a popular one in church circles at that time. But I found on later personal contact with him, and to this day, that he is an ardent spokesman for justice who will speak out whenever he sees individuals or groups unjustly harassed or persecuted, whatever their race, background, or political persuasion. He is a humanitarian in the broadest sense of the word, who renders assistance often at great personal sacrifice, never concerned about what people think of his actions, but only that he is following the right course. He is a great champion of the poor and oppressed of our country, who has been able to organize and mobilize people to struggle for the racial equality and social justice which is our only insurance of freedom in the days to come.

You cannot realize how fortunate you are to have Rev. Jones spearhead his agricultural project in the Third World. He communicates with great sensitivity to Third World peoples, and his commitment to alleviating human suffering can hardly be matched. I am certain his intentions are of the best, and he will be a potent influence for good in strengthening America's relationship with that area of the hemisphere.

I understand efforts are underway to influence Congressmen to exert pressure on the State Department to intervene in a court matter under local Guyanese jurisdiction. This would be a foolbardy move, both from the standpoint of the best interests of the United States, and would surely antagonize the Guyanese, who are very competent to Handle the matter, and the many thousands of Peoples Temple members and supporters here in the United States who are prepared to stand by Rev. Jones.

I argo you to give this matter your utmost consideration.

Sincerely yours

Augela Y. Davis

PEOPLES TEMPLE AGRICULTURAL and MEDICAL PROJECT P. O. Box 893, Georgetown, Guyana (South America)

13 November, 1978

I STATEMENT: REGARDING VISIT OF VISIT OF LEO RYAN AND MEMBERS OF "CONGERNED RELATIVES"

"Concerned Relatives," an organization specifically formed to spearhead activities against Peoples Temple, has stepped up its malicious, year-round campaign of lies and harassment of the peoples of the Temple.

The group has how enlisted the support of a Galifornia Congressman, Leo Ryan (who styles himself as a "liberal", but who voted for military aid to the Pinochet regime). Mr. Pyan is coming to Guyana with the expressed intention of "visiting our agricultural community of Jonestows," ostensibly to "investigate" the complaints and charges made by the "Concerned Relatives" group, three members of which will accompany him.

Also part of the entourage will be certain members of the news media, who have also taken part in the vendetta against Jim Jones.

The visit is actually a contrived "media event." It is being staged for the purpose of manufacturing adverse publicity for the Jonestown community. Impefully by provoking some sort of incident.

This sham investigation is only the latest in a long series of ploys orchestrated by the anti-Temple faction. some of whom have threatened to: hire mercenaries to illegally enter Guyana and invade Jonestown.

In September, civil rights attorney Mark Lane and author Donald Freed visited Jonestown to investigate the charges of "Concerned Relatives" about Jim Jones and Peoples Temple. Lane and Freed are founders of the "Concerned Relatives is now actually known as the "Human Freedom Conter"

/M

States that has been instrumental in re-opening investigations of the Fennedy and King assassinations. They found all charges of the "Concerned Relatives" against Jim Jones and the Peoples Temple to be completely force and reported their findings fully to the news media at press contible in both Georgetown and San Francisco. They also concluded that the Concerned Relatives" are part of a national conspiracy ultimately aimed at destroying Peoples Temple. The Citizens Commission of Inquiry, as work Lane reported in Georgetown, is currently preparing a lawsuit that will name neveral government agencies and individuals involved, and subfor damages into the several millions of dollars.

The residents of Jonestown are fully aware of the activities and the intentions of the so-called "Concerned Relatives" group. They had agreed to meet with Congressman Ryan in Jonestown, but only on the conditions that 1) "Ir." "yan and his staff would be accompanied by other Congresspersons more representative of third world concerns ("Ir. Pyan's constituency is all white and well-to-do); 2) that Mark Lane of the CCT would also come along; 3) that no media and members of "Concerned Relatives" would participate.

These conditions were refused by Congressman Ryan. Mr. Ryan had originally planned to be accompanied by noteriously ultra-conservative Congressman Edward Derwinski of Illinois. Consequently, the residents of Jonestown have signed a statement refusing to see Congressman Ryan and those accompaning him.

The residents of Jonestown are also putting Congressman Pyan and his group on official notice that they will be requesting Guyana police protection in the event that attempts are made to enter the Jonestown community against their will. Such attempts have been made in the past, and are again anticipated.

M

Further, Peoples Temple charges that Congressman Ryan and the persons traveling with him (including media representatives) are planning to misportray Jonestown. Jonestown is by no stretch of the imagination a "closed society." On the contrary, the community wishes to make it clear that its collective refusal to entertain the false front group of "Concerned Relatives" (and whoever they may use to attempt to dignify their lies) is warranted by the intentions behind their "visit," and their history of substantial and malicious anti-Temple activity. Jonestown has always been an open community. Literally hundreds of people, including Guyanese officials, U.S. government officials, people from many nations, relatives and friends of residents, representatives of the press (U.S. and international), film companies, and many more, have visited Jonestown. Some have remained for extended periods of time. All have recognized and enthusiastically praised the achievements of the now more than 1100 "pioneers" of all races who have built a society of equality and sharing that has been variously termed a "model of cooperation", a "first-rate example of community life", and even "a society of the future."

However, there are those who for personal or political reasons seek to slander this community. Peoples Temple rejects any charges that any residents in Jonestown are being, or have been in any way abused, held in their community against their will, or are in Guyanavillegally. We are not at all surprised or discouraged by these and other lies or co-ordinated efforts that are being made to undermine this community. It is not surprising, either, that such efforts would be "dignified" with the name of a N.S. politician (at some expense to taxpayers). We note that Congression Evan is as busy covering up investigations as Mark Lane and Donald Freed are in pursuing them. Mr. Eyan, for example, voted against the reopening

Pitement I - Page 4

of the investigation into the assassination of Dr. Martin Luther $K^{\dagger}n_{\rm H}$, which the Citizens Commission of Inquiry has shown was a conspiracy by the $\Gamma.B.I.$

'herever the efforts of ordinary people to take control over their own lives emerge, they will encounter ruthless opposition. Peoples Temple, however, is confident that such efforts will be recognized for what they are and will not succeed.

 \mathcal{M}_{j}

Notice is hereby given that residents of Jonestown Community and the Board of Directors of Peoples Temple of the Disciples of Christ Church have resolved:

- (1) Individual residents will not see or communicate together with or in association with the Congressman Leo Ryan, Congressman Ryan himself, and any media representatives, or any member of the so-called Concerned Relatives Association or any persons associated with either of them—the individual Congressman or the Concerned Relative group.
- (2) That the founders of Peoples Temple of the Disciples of Christ leased of state land for mixed farming purposes which constitutes the boundaries of exclusive residents of members of the Jonestown Community who exert their rights under the law of Guyana to formalize by resolution of the Board of Directors under the laws of Guyana and every member to exclude therefrom all persons whose presence is not considered desirable. (excluding officials of the Guyanese government).

And therefore serve notice that any person described in paragraph one above will not be permitted entry within the boundaries of the mild Peoples Temple lesse-hold, or other Peoples Temple properties, and,

Further, that the Jonestown Community has requested police assistance from the government of Guyana to protect their community from unvanted trespassers.

The above decision was based on the unobjective and utterly biased statements against Peoples Temple that have been made every time Congressman Ryan has met with the so-called Concerned Relatives.

The Hen, Portice Burnton Prime Hinister Public Buildings Georgetown

Dear Prime Minister Burnham;

Wander-Off Pofficy

Three journalists in Guyana on separate accordance told us that there is a bands-off policy in regards to Peoples Temple. They also stated that there has been pressure put on Guyana by the U.S. Embassy officials to expel Peoples Temple from Guyana. One of them said that we have always been undermined in the press. Please let us know if there is anything that can relieve our minds about this.

Then Donald Freed came here to visit, he as well as our other guests. were not believers in the Guyana government because of propaganda in the U.S. but now Dr. Freed and others of our visitors are lecturing all ower the United States on Peoples Temple and Guyana's behalf. They had parked crowds in Unitarian Churches in Los Angeles and San Francisco. To diffet tope the speech; it was so crowded that we had to stand up in the back. The same happened when Dr. Carlton Goodlett came to Guyana. He had been mory favorable to Cheddi Jagan when he first came--in fact he had helped Cheddi get his son into a professional school in the United States. He too had heen brainwashed by the propaganda in the U.S. He wrote a very good article praising us and Guyana. It was right in the headlines in a newspaper on the West Coast. He is a MD, the President of the National Newspaper Pub lishers Association (the black press of America), and Ebony Magazine county ered him to be one of the 50 most influential andpowerful black Americana. He said that Jagan was full of crap about Guyana. These guests coming meant a great deal, and we will continue to do our part.

We are not going to sue the U.S. even if the conspiracy members step forward and say that the U.S. Government is involved. We don't intend to unless it is a have to situation. All we want the U.S. Government to do is to understand and we want the harassment stopped, such as the break-un of the 94 crates we had on the docks by U.S. Custom Officials. We have affidavits that this did in fact happen in Houston, Texas. There have been all kinds of harassment but we don't blame President Carter or the State Department per se, though liberal supporters of ours say and believe that the State Department is involved. We always have tried to hard to keep up good relations with the United States and to do nothing that would affect relations with the U.S. We just don't understand why there is a total blocking out

|W|

concerning the press.

One pro-PNC man who is in a high position wanted to say something but the press wouldn't allow it. This certainly makes us feel very allemated to say the least. I don't know whether you realize it or not but there may be some quarrel over border rights in which we would have to stand up for our rights and our property because we love Guyana. We will lay down our bodies to protect that Guyanese land in the conflict with Venezuela. Venezuela is certainly wrong to believe that it has any territorial claims to the North West District.

Cressure to Expel Peoples Temple from Guyana

As was mentioned before the journalist said that there was pressure for us to leave Guyana and someone from the State Department said the same thing. Of course we didn't believe him singularly—that's a cinch, we don't believe everybody—but we do trust you and that's why we are coming to you. We are in a frustrating situation. Even though the State Department official apple badly about Guyana, we stood up for Guyana. When we defended Guyana we could see that this person came back with a sort of retaliation and what he said was "well, they're trying to expel you from the country." What we were strange to us is that four people have given us the same image, and is obvious that we are being played down in the press.

We know you are terribly busy but if you could just get a word to us through Minister Mingo it would ally our anxieties.

Cooperatively Yours,

Cda. Sharon Amos Administrative Assistant to Cde. Jim Jones M

The following discussion was held with Special Agents (SAs)

ROBERT J. OGLESBY, JR., and and at the Guyana Police Department Headquarters:

On December 11, 1978, Assistant Police Commissioner, CECIL A. "SKIP" ROBERTS, Guyana Police Department, advised that to date his investigation has uncovered no information indicating a pre-planned conspiracy to assassinate Congressman RYAN or any of his party. The investigation had developed no information concerning any list of proposed assassinations or murder in the United States, and they have discovered no list of potential victims. (M)

His investigation has uncovered the fact that the People's Temple (PT) maintained various bank accounts at the Guyana Cooperative Mortgage Finance Bank and Barclays Bank International Ltd, both of Georgetown, Guyana. $\langle \mathcal{M} \rangle$

Assistant Commissioner ROBERTS advised that he was not able to turn over copies of individual statements from surviving PT members since they were presently being reviewed by the Government's prosecutor. He did furnish the following: \mathcal{M}_j

- 1) Four page investigative report dated December 4, 1978, concerning the murders committed at Lamaha Gardens; ℓM
- 2) Nine page pathology report concerning the following individuals: LINDA SHARON AMOS, LIANNE HARRIS, MARTIN AMOS, CHRISTA AMOS, LEO RYAN, GREGORY ROBINSON, PATRICIA PARKS, BOB BROWN, and DON HARRIS. (U)

Assistant Commissioner RCBERTS advised that his prior request for a pathologist from the United States should be rescinded since Dr. L. MOOTOO has performed the necessary pathological examinations (. $^{\prime\prime}$ /

He advised that his department has recovered approximately 2.5 million dollars (Guyanese dollars) from various locations in the Jonestown area. These funds consist of United States and Guyanese currency. In addition, numerous checks have been turned over to the American Embassy in Georgetown, Guyana.

Dr. LESLIE MOOTOO, Pathologist, furnished the following information: (\mathcal{A})

At the request of the Guyana Government he traveled to Jonestown in Guyana where he observed the vast number of dead at the Jonestown settlement. He conducted medical examinations on a number of dead bodies. He examined 38 identified adults and one identified child. All of these persons showed positive signs of having taken cyanide poison. He also examined the bodies of Reverend JAMES JONES who died from a gunshot wound to the head. JONES had no cyanide poison in his body. He also examined the body of ANNIE MOORE who also suffered a massive gunshot wound to the head. Dr. MOOTOO while at Jonestown observed many syringes (well over 50 but too numerous to count) and numerous hypodermic needles both uncapped and capped. He tested one syringe which contained cyanide. He tested one of the hypodermic needles and it contained valium. He observed numerous vials and one of the vials tested contained cyanide and valium. He observed a large vat in what appeared to be the main area of Jonestown and that vat contained cyanide and other unidentified fluids. In examining the many dead bodies he observed what appeared to be recent skin punctures on some of the bodies about the upper arms, and his personal opinion is that they may have been made by needles. He is presently having tests conducted on this skin tissue to verify his observation. results of these tests will be available at a later date. Dr. MOOTOO also observed bottles of chloralhydrate on the table in the same location as the vat containing cyanide and other fluids. His personal opinion is that the chloralhydrate was possibly used on the children. (11)

In addition to examining the 39 identified bodies plus the bodies of JONES and MOORE he also examined a small number of unidentified bodies/ \mathcal{U}

Dr. MOOTOO advised that his report was not completed but that when it was completed, it could be obtained through Assistant Commissioner of Police CECIL A. ROBERTS, Guyana National Police.

A search of the airstrip was conducted for the purposes of recovery of any additional fired ammunition components or other items not recovered by the Guyanese Police Department in their initial crime scene search. Present at the airstrip and participating in the search were Doctor Leslie Mootoo, Assistant Police Commissioner C.A. Roberts,

four U. S. Army helicopter pilots and two U. S. Army nelicopter crew chiefs and numerous Guyanese natives.

72C

Assistant Police Commissioner Roberts was requested to interview the Guyanese natives present to determine if any of them had taken, or knew of anyone who had taken, any fired shotshell casings or other possible items of evidence, from the airstrip. He advised that no one admitted to taking anything from the scene or knew of anything taken from the scene. $|\mathcal{U}|$

During the search 12 items were discovered and pointed out to who recovered them and made notations as to the location of the items. These items consisted of two bullet jackets, a bullet core, two .30-06 Springfield cartridge cases, five .22 caliber cartridge cases and two pieces of possible shotshell wad. These items were all recovered in the vicinity of a Guyana Airways Dehavilland, Twin Otter aircraft having registration number 8R-GEJ./U/

The above aircraft was examined for bullet and/or shot holes by SA and all damage of that nature was photographed by SA. The aircraft was open and the right engine was missing. Bullet and/or shot holes of exit were noted in the right side of the right engine cover, right side of fuselage, including through one window and the door. The cargo door, left side, was open and one shotgun type hole was noted through the right side of the fuselage at that point, but no holes were in the cargo door. Two bullet holes were found in the stairs, one a through hole, the other not. It was therefore concluded that a bullet remained in the door. One bullet entrance hole was found just behind the door, left side/b/

Assistant Commissioner Roberts advised that the bullet in the door would be removed by Guyana Airways mechanics and forwarded to the Police Department. $|\mathcal{W}|$

Georgetown, Guyana December 4, 1978

I, Richard Martin, a Vice Consul of the United States of America, was temporarily assigned to the United States Embassy at Guyana on 19 November 1978. I was assigned responsibility for the preservation and protection of the personal estates of the deceased American citizens pursuant to 22 USC Sec. 1175 et seq. and 7 FAM Sec. 444, and for the identification of the American citizen survivors there. In this capacity, I visited Jonestown, Guyana, on 23 November 1978 and again on 24 November 1978. (%)

Among other items of property which I collected at

Jonestown on 24 November 1978 was a tape recording. This recording
was of the reel-to-reel type and was found on a tape recorder
situated on a raised platform at the end of an open-air building
A TABLE
known as the "Pavilion". The recorder was situated on the floor
of the platform and was not running when I first observed it.

Approximately 1/4 of the tape was on the take-up and the other
3/4 was on the rewind reel. The recorder was located less than
two feet from a chair on the platform.

I removed both reels from the recorder and placed them in a bag which I was carrying. On 24 November 1978, when I had completed my duties in Jonestown, I returned to Georgetown. The tape was in my custody from the time I departed Jonestown until

/U/

I transferred it to John Burke, United States Ambassador to Guyana, on the evening of 24 November 1978. The tape was played at that time and then locked in the Ambassador's safe. /2/

On 4 December 1978 at approximately 10:00 A.M. the tape was removed from the Ambassador's safe. I was able to identify it as the tape which I had removed from the Pavillion both by the appearance of the reels and by the contents of the tape when it was subsequently played. At that time the tape was transferred to the custody of Federal Bureau of Investigation

Items received on December 11, 1978, from

from Kaituma airstrip:

Q18-Q20 Two bullet jackets and a lead bullet core

Q21-Q22 Two .30-06 Springfield caliber cartridge cases

Q23-Q27 Five .22 caliber cartridge cases

Q28-Q29 Two wads

Results of examination:

This report supplements and confirms the preliminary report furnished your office on December 12, 1978.

Specimen Ql consists of four pieces of lead shot which have been determined to be size "F". This size of shot is not commercially loaded into shotshells in either the United States or Great Britain. However, size "F" shot is available in many countries for hand or reloading purposes.

Page 4 81219043 S NM

(over)

Specimen Q2 is a .38 Special or a .357 Magnum bullet jacket which has been fired from a barrel rifled with six grooves, right twist, such as the K5 revolver. However, the barrel of specimen K5 was found to contain a large quantity of foreign material and corrosion which effected the microscopic markings used in identification. Therefore, it was not possible to determine if Q2 had been fired from K5. None of the other recovered weapons could have fired Q2. ()

Specimen Q3 was identified as having been fired from the K15 rifle. ($\mathcal U$

Specimens Q4, Q6 and Q20 are lead cores from jacketed bullets which do not contain any marks of value for identification purposes. Therefore, the origin of Q4, Q6 and Q20 could not be determined. /u/

Specimens Q5 and Q18 are .30 caliber bullet jackets which were fired from a barrel(s) rifled with four grooves, right twist such as the barrels in the K17 and K20 rifles. However, due to a lack of sufficient matching microscopic marks between Q5, Q18 and test bullets fired from K17 and K20, it was not possible to determine if Q5 or Q18 had been fired from K17 or K20.

Specimen Q7 is a .380 Auto caliber jacketed bullet which was fired from a barrel rifled with six grooves, right twist. Although the barrel of the Kll pistol contains six grooves, right twist, nothing was found to indicate that Q7 had been fired from Kll.

Specimens Q8 and Q19 are .30 caliber bullet jackets which were fired from a barrel(s) rifled with six grooves, right twist such as the barrels in the K14 and K15 rifles. However, there are not sufficient microscopic marks of value for identification purposes in either Q8 or Q19. Therefore, it was not possible to determine if they had been fired from K14 or K15.

The Q9 and Q10 bullets were identified as having been fired from the K3 revolver. / ψ /

Page 5 81219043 S NM

(over)

The Qll through Ql5 cartridge cases were identified as having been fired in the same firearm; however, they were not fired in specimen Kll. (\mathcal{V})

Specimen Q16 was not fired in any of the recovered .308 Winchester caliber firearms ψ

Specimen Q17 was identified as having been fired in the K15 rifle./ $\ensuremath{\mathcal{W}}$

Specimen Q21 does not contain sufficient microscopic marks of value for identification purposes. Therefore, it was not possible to determine if Q21 had been fired in K19 or K17. Specimen Q21 was not fired in K16. $|\mathcal{U}|$

Specimen Q22 does not contain sufficient microscopic marks of value for identification purposes. Therefore, it was not possible to determine if Q22 was fired in K17. Specimen Q22 was not fired in K16 or K19. $/\mathcal{U}/$

The Q23 through Q27 cartridge cases were identified as having been fired by the K23 rifle. /W

Specimens Q28 and Q29 are consistent with 16-gauge shot shell wads but could not be identified further. $/\sqrt{|}$
