VISIT OF SOVIET COMMUNIST PARTY LEADER  
LEONID I. BREZHNEV TO THE UNITED STATES, 1973

Information set forth below was furnished on June 11, 1973, by a source who has furnished reliable information in the past.

On the above-mentioned date, source learned that San Francisco Soviet Consulate Attache Vasiliy I, Yunak ordered 100 engraved invitations which would read as follows:

"To mark the official opening of the Consulate, the Consul General of the USSR requests the pleasure of your company at a reception on \_\_\_\_\_ at \_\_\_\_\_."

"R.S.V.P."

Source related that these invitations are to be ready on June 18, 1973. Yunak mentioned that the leaving of the time and date blank was that the Consulate had not yet definite information on these items, but he noted that the opening of the Soviet Consulate would correspond with the visit to San Francisco of Soviet Communist Party Chief Leonid I. Brezhnev sometime during the week of June 18-26, 1973.

Union Launches Stock Proxy War  
To Take Big Fighter Plane Firm's Management By Victor Riese

WASHINGTON---With Soviet Communist party leader Leonid Brezhnev, spokesman pro tem for the late Karl Marx, about to fly into this feverish community, this is the time to report what for a capitalist-type class struggle. Especially since the stock has been virtually unreported nationally.

It might intrigue Brezhnev to learn that leaders of some 12,000 aircraft workers in the huge McDonnell Douglas warplane complex near St. Louis (Mo.) plan to take over management of the installation. Peacefully. And by proxy. Real proxies. In fact, a new kind of proxy war. Collectively, the workers, mostly members of Red Smith's International Assn. of Machinists (AFL-CIO), own about five million shares of the company's stock.

It should intrigue Comrade Brezhnev to learn that this corporation which produces the F-4 Phantom fighters, the world's best warplane, paid for a considerable amount of this stock for the workers. Under a 1969 union-company saving program, McDonnell Douglas puts up 50 cents for every dollar put into a central fund by an IAM-member employe. When each worker has enough to pay for a full share, the company automatically credits him or her with one.

Now the regional IAM District 837 leadership, directed by its president Gus Troia, has decided to demand a voice in management, open a drive to elect some officers of the corporation, and especially to help make policy on foreign trade. So president Troia and his colleagues decided to launch a proxy fight against incumbent corporate officers. Troia is a realist. He knows he can't capture the management.

But he can try. And in trying, he can whip up considerable visibility for the Machinists' policies---which mostly condense to a demand that the company not permit the F-4 to be made in Japan. This simplifies it. But more momentarily.

First, shortly the Machinists union will elect a single spokesman. He will be able, under the stratagem, to cast as many proxies as the District can whip up for him. The amount, of course, is not certain. But Troia plans to make the rounds of other McDonnell Douglas installations, especially in California.

Then with the proxy votes in hand, the spokesman will attend the company's next stockholders meeting come spring 1974, and cast them in a bloc.

Officials in the Machinists' national headquarters here, which has a sophisticated computer as an in-house weapon in this capitalist class struggle, claim they'll have most of the workers' securities---or "about 15 per cent of all outstanding shares." Well, my broker tells me McDonnell Douglas has some 37 million shares "on the street." But the Machinists believe they can come to the board of directors election meeting with the largest single bloc of proxies.

The union is particularly incensed at what its leaders call a "vast" sale of 91 F-4 fighters to Japan.

Two of the fighters are scheduled to be produced in the Missouri plant---and 89 will be made in Japan. The union wants the work, the jobs and, of course, its share of the profits in increased wages and benefits. It also decries the fact that the Japanese aircraft workers, after the warplanes are built, will have developed the expertise, and the production combine will have the blueprints, for future competition with the U.S. in general and McDonnell Douglas in particular.

Considering the proportion of stock the employes can vote, there isn't much chance of a coup d'etat. And it is a unique "class war," since the workers do, with the help of the management, own some 15 per cent of the firm. But the Machinists' proxy campaign does mean that the union will have some voice---and a loud one---at stockholders' annual meetings from now on and will be listened to carefully. Ignoring this voice would create considerable "personnel problems," says one national union official.

Significant, too, is the national development of a phenomenon which one must add to previous socio-industrial moves. There was the four-day week. It died. There was, and perhaps still is, the job-enrichment intellectual fad.

And now there is the movement for a direct voice and participation in corporate management. This is not a fad. It is a reflection of the earliest stages of the British labor movement's drive for nationalization and the German unions' successful co-determination, co-management, co-decision making. In the U.S. it's all in its industrial infancy. But one regional official of the United Rubber Workers did demand that the General Tire Co. put a union official on its board of directors. This is co-determination. And United Auto Workers vice president Irving Bluestone, head of the union's General Motors bargaining division, is pushing for "worker participation in decision making to achieve democracy at the workplace." To Bluestone, who will head the union's negotiations with GM, "human satisfaction at the workplace" is more important than "increasing productivity" or quality.

Today's rhetoric is tomorrow's realism. It isn't exactly Mr. Brezhnev's kind of revolution. But it is the beginning of a struggle which should intrigue him.

FBI Reports Intense Red Espionage in U.S.  
Despite Kissinger Cordiality and Trade

By Victor Riese

NEW YORK---It could be that the Soviet Union's most equal among equals, First Party Secretary Leonid Brezhnev, is being Watergated and is unaware that a substantial number of his 816 diplomats here, in Washington, and San Francisco are spies.

Since he will arrive here shortly as a guest of our state and be graciously hosted, I feel compelled to report this publicly though in all candor I do believe he approves all espionage assignments personally. And I plead for no shield law to cover my source. It is the honorable, albeit somewhat tragic, L. Patrick Gray 3rd, former Federal Bureau of Investigation acting director.

It is he, with all the vast FBI intelligence documentation behind him, who said the Soviets have not relaxed their espionage operations in the U.S.---in fact, they have expanded them despite the entente cordiale, despite our feeding a hungry Russian population and despite our grain exports to beef up their cattle herds.

There positively is no doubt that the Kremlin's espionage is into our fabulous industrial secrets and expertise so much needed in the U.S.S.R.---as well as into our nuclear, space and military developments.

Take it as fact, the Soviets also have infiltrated some unions.

Pat Gray, despite all harassments, working with a swiftly vanishing cadre of top FBI foreign intelligence men---many of whom are considering retiring before July 1 because they've "had it"---told it this way:

"The Soviet Union continues to conduct intelligence-gathering operations within the U.S. The FBI sees no relaxation in operations directed from the Soviet bases in New York, Washington and San Francisco. On March 1 there were 816 Soviet officials here, 45 more than a year earlier and almost 200 more than four years ago. A substantial proportion of the 816 are intelligence operatives.

"Compounding the threat from the Communist world is the presence here of an additional 454 (Communist) bloc officials, a sizable number of whom are also on intelligence missions. Evidence establishes a close coordination and cooperation between the Soviet and bloc intelligence services."

It would not be equal-handed of me to ignore the People's Republic of China. Gray reported there are 124 officials at their UN mission here. This complement has more than doubled this past year and, says Gray, "can be expected to reach several hundred in the future." The FBI continues to probe them. After all, they're just across town from bureau headquarters here.

But back to Secretary Brezhnev. I haven't covered a Soviet Premier since shoe-on-the-desk-pounding N. Khrushchev. Comrade Brezhnev is a more realistic man. He could mix this realism with some gratitude and call off his KGB agents.

There are many reasons for a Soviet show of gratitude. The longshoremen, loathing it every minute, have agreed to handle the M.S. Lermontov, a Soviet cruise ship, when it arrives at Pier 40 here from Leningrad. Two days later it will head back to London, Le Havre, Bremerhaven and the home port. It will return on July 13 and August 15---the first such Red posh cruiser to be so "welcomed" in an American port, I'm told. It will have top Coast Guard security. Will it carry intelligence agents, as do virtually all Soviet missions according to our own National Security officials?

And then there is the projected \$85 million truck plan being financed by the U.S. Export-Import bank at 6 per cent interest in a day of 8 per cent money. Deferred payments won't start for four years. This money the Soviets will repay, it is hoped, in 12 years.

---MORE---

Now for grain. The Soviet population, according to intelligence sources and Dept. of Commerce and Agriculture experts with whom I've talked in the past two weeks, literally has been on the verge of hunger in some areas and starvation in the outer reaches. The food debacle has been worse than the world has been told.

Labor sources report the full Soviet purchase of grains for human consumption and feed for cattle will total almost 20 million tons. A fantastic amount.

There have been tough renegotiations in Moscow this past month over the July-December deliveries. We've gotten tough on rates. But all other dealings have been as cooperative as though Moscow never did tie up with the Nazis against our allies just before the big war.

Grain is being loaded and moved as swiftly as men and machines make it possible. There are some 25 Soviet shippings a month out of the Great Lakes, according to maritime labor leaders. This is mostly out of Duluth (Minn.) and Superior (Wisc.). And this is one kind of grain. It moves on small Soviet freighters which can get into the lakes.

The big American and "third flag" ships are moving grain over an ocean bridge from Baton Rouge, New Orleans, and other ports. Houston has been on strike. International Longshoremen's Assn. (AFL-CIO) Local 1530 has refused to load some 15 freighters because of a wage dispute. But otherwise special grain needed by the Soviets in their southern regions where their cattle roam and breed and need feed is being hustled along to ports such as Odessa.

Every cooperation possible, every courtesy possible, every bit of expediting possible has been proffered and implemented for the Soviets.

---MORE---

They could, in turn, call off their spies. Even if for the duration. Or is it once a Leninist always a Leninist?---and as Khrushchev once said, they're still trying to bury us but they want to fatten a bit first.

(B) VISIT OF SOVIET COMMUNIST PARTY LEADER LEONID I. BREZHNEV TO THE UNITED STATES, 1973 - INTERNAL SECURITY - RUSSIA -- Recent announcements issued by The White House have indicated that Brezhnev has been invited to the United States and will visit this country in late June, 1973.

The White House, U. S. Secret Service (USSS), and other U. S. agencies, in order to fulfill their responsibilities, require current and complete information concerning activist organizations and leaders within your divisions who could reasonably be characterized as potentially dangerous to Brezhnev or members of the Soviet leader's party. In addition, this Bureau has a responsibility to disseminate any information coming to its attention concerning pro-Soviet demonstrations by groups ostensibly sympathetic to Brezhnev so that The White House and State Department might be apprised of conditions to be anticipated in localities visited by the Soviet group. Each office must be alert to the potential problems presented by Brezhnev's presence in the United States. You should instruct all security and logical criminal informants, as well as sources within both anti- and pro-Soviet groups, to report any indications that demonstrations or threats will occur which may affect Brezhnev or his party.

Your attention is called to the provisions of SAC Memorandum 19-73 (D), citing the need for close coordination between FBI offices and USSS representatives in view of the recent passage of the Act for the Protection of Foreign Officials and Official Guests of the United States (hereafter referred to as the Act).

While the Act in no way limits the statutory protective responsibility of the USSS, close coordination should be maintained so that local USSS representatives are cognizant of plans to initiate FBI investigations under the Act or coverage of demonstrations against foreign officials, guests, or establishments pursuant to this statute.

Although existing legislation empowers the FBI to investigate violations of the Act, this Bureau possesses no statutory authority to engage in activities of a protective nature with respect to foreign visitors, guests, or establishments. You should thoroughly familiarize yourselves with the provisions of the Manual of Instructions, Section 102G, setting

Should any request be received for allocation of FBI manpower to assist the USSS in the protection of persons covered under the Act or to establish protective control or surveillance of potentially dangerous persons or groups in connection with the Brezhnev visit, you should refer local USSS representatives to the above agreement, noting that such requests should be handled at the headquarters level in accordance with its provisions.

(PROTESTS)

WASHINGTON (UPI) -- THE REV. PAUL LINDSTROM, EXECUTIVE DIRECTOR OF THE CHRISTIAN DEFENSE LEAGUE, WAS ARRESTED ALONG WITH AN ASSOCIATE TODAY AS THEY TRIED TO HOISE PROTEST SIGNS AND SHOUT AT SOVIET LEADER LEONID BREZHNEV. DC

LINDSTROM, OF PROSPECT HEIGHTS, ILL., SAID HE AND CHARLES CONRAD, DIRECTOR OF THE LEAGUE, WERE ROUGHED UP AND THEIR SIGNS WERE CONFISCATED. U.S. PARK POLICE SAID THEY WERE CHARGED WITH FAILURE TO GIVE NOTICE OF A DEMONSTRATION. AN OFFENSE WHICH CARRIES A \$50 FINE.

THE INCIDENT OCCURRED, LINDSTROM SAID, AS BREZHNEV'S LIMOUSINE WAS TAKING HIM FROM THE ELLIPSE, WHERE HIS HELICOPTER LANDED, TO THE WHITE HOUSE LAWN WHERE PRESIDENT NIXON WAS WAITING TO GREET THE COMMUNIST PARTY CHIEF.

"WE WERE STANDING TOWARD THE BACK OF THE CROWD AND RAISED TWO LARGE SIGNS WHICH SAID 'DICTATOR BREZHNEV FREE SOVIET CHRISTIANS, HELP CHRISTIANS SUFFERING IN THE SOVIET UNION'," LINDSTROM SAID.

"WE RAISED THOSE SIGNS JUST AS HIS CAR WAS PASSING AND WE BEGAN TO SHOUT 'FREE SOVIET CHRISTIANS'," HE ADDED.

POLICE PINNED CONRAD TO A FENCE, HE SAID, AND KNOCKED HIM TO THE GROUND, CUTTING HIS HEAD AND LIP.

"I'M SURE HE (BREZHNEV) MUST HAVE WITNESSED WHAT WAS GOING ON," LINDSTROM SAID. "I PEEKED BETWEEN AN OFFICER'S LEGS AS I WAS GOING DOWN AND SAW THE CAR."

LINDSTROM SAID HE WAS TRYING TO LET BREZHNEV KNOW THAT CHRISTIANS IN THE SOVIET UNION "ARE NOT ASKING TO LEAVE THE COUNTRY BUT ONLY TO LIVE." HE SAID BREZHNEV IS RESPONSIBLE FOR IMPRISONING "A GREATER NUMBER OF CHRISTIANS THAN EVEN KHRUSHCHEV AND STALIN."

PARK POLICE ALSO REPORTED A THIRD ARREST AT ABOUT THE SAME TIME, A MAN IDENTIFIED AS ARE CARMEL. A NATIVE OF JERUSALEM, CARMEL WAS CHARGED WITH DISORDERLY CONDUCT BUT NO DETAILS OF WHAT PROMPTED HIS ARREST WERE AVAILABLE.

Visit of Soviet Communist Party  
Leader Leonid I. Brezhnev to the  
United States, 1973

du

A confidential source, who has furnished reliable information in the past, on May 30, 1973, advised that he had learned that [redacted] was preparing a news release concerning a trip of numismatists to the Soviet Union. According to this source, [redacted] news release would read that the numismatists will present a gold medal to Leonid I. Brezhnev, commemorating his visit to the United States, as well as an offer of \$100,000.00 to pay for field studies for Soviet citizens: one hundred citizens in 1974, and one hundred additional Soviet citizens in 1975, as guests of the Citizen's Exchange Corps (CEC) for two, three or four weeks. §

b6  
b7c

In 1966, [redacted] advised Special Agents (SAs) of the Federal Bureau of Investigation (FBI), that he is President and Executive Director of the Citizen's Exchange Corps (CEC), 550 Fifth Avenue, New York City. [redacted] described CEC as an organization actively engaged in the furtherance of understanding between the United States (US) and the Union of Soviet Socialist Republics (USSR). To achieve this goal CEC has sponsored several tours of US citizens to the USSR. §

THIS MELNYK GROUP IS ALSO COMPRISED OF ANTI-RUSSIAN AND ANTI-COMMUNIST UKRAINIAN EMIGRES, BUT ITS MEMBERS ARE NOT NEARLY AS MILITANT AS THE BANDERA GROUP AND ADOPT A MORE INTELLECTUAL APPROACH ATTEMPTING TO FURTHER THE CAUSE OF UKRAINIAN NATIONALISM. SOURCE DESCRIBED A COLUMN WHICH PONTE HAD WRITTEN WITH RESPECT TO THE DESTRUCTION OF A NUCLEAR REACTOR. SOURCE ADVISED, IN SHORT, THAT THE COOLING SYSTEM OF NUCLEAR REACTOR IS ITS ACHILLE'S HEEL, AND THE RIGHT INDIVIDUAL, MEANING AN INDIVIDUAL WITH PROPER, SPECIAL KNOWLEDGE AND KNOW-HOW, COULD PENETRATE THE COOLING SYSTEM OF A REACTOR AND RELEASE DEADLY RADIO ACTIVITY. PONTE'S COLUMN WHICH DESCRIBED THE SAN ONOFRE REACTOR SITE IS HYPOTHETICAL IN NATURE. SOURCE MEANS THAT SUCH COULD BE DONE, BUT DOES NOT SEE ANY SPECIFIC ATTEMPTS IN THE MAKING.

SUBJECT: VISIT OF SOVIET COMMUNIST PARTY  
GENERAL SECRETARY LEONID I. BREZHNEV  
TO THE UNITED STATES, 1973 (BREZHVIS)  
INTERNAL SECURITY - RUSSIA

In connection with meetings held at the Department of State concerning captioned matter, representatives of that Department pressed Justice Department representatives to consider a broader interpretation of the term "harassment" as it appears in Public Law 92-539. This law known as the Act for the Protection of Foreign Officials and Official Guests provides in part "whoever willfully intimidates, coerces, threatens, or harasses a foreign official or an official guest ... shall be fined not more than \$500 or imprisoned not more than six months or both." Similar provisions are provided for picketing for the aforementioned purposes within specified limits.

On 6/14/73, we met with representatives of the Justice Department, U.S. Attorney's Office, and the Department of State to consider this problem, particularly as it relates to the use of bull horns. Representatives of the Metropolitan Police Department had previously indicated that the District of Columbia's laws and police regulations are so complex as to preclude effective enforcement. The Metropolitan Police Department contended that the use of bull horns was illegal only if the noise reached a certain decibel level and that they were not equipped to measure this sound factor. It was the conclusion of the U.S. Attorney that there are two specific statutes, 22 D.C. Code 1115 relating to the Embassies and 22 D.C. Code 1107 relating to disorderly conduct which would permit the Metropolitan Police Department to make an arrest of anyone using a bull horn for disturbing the peace. These statutes provide the police authority independent of their own regulations. The U.S. Attorney indicated that he would convey this to the Metropolitan Police Department.

Discussions then turned to the situation involving the Soviet Mission to the United Nations in New York. It was observed that while the New York City Police Department did an

Memorandum to Mr. E. S. Miller  
Re: Visit of Soviet Communist Party  
General Secretary Leonid I. Brezhnev  
to the United States, 1973 (Brezhvis)  
105-86659

excellent job in containing demonstrations they were not making arrests of persons in the synagogue across the street or on the street who use bull horns since a court decision in a local matter instructed that the police were to permit normal-type demonstrations. We were asked to explain what the Bureau's position would be to make arrests of persons who were deemed to be harassing Soviet officials by the use of bull horns or any other method. It was explained at the meeting that the Bureau's role under Public Law 92-539 was primarily investigative. If and when a demonstration occurred, Special Agents of the FBI would be on the street for the purpose of observing and collecting evidence of possible violations of the Law. Further, the Bureau was prepared to make arrests under the Law but only in situations where we consider a safe arrest could be made and the arrest could be made with this judgment. It was explained that the FBI would not undertake to make an arrest which would incite a crowd to riot, possibly resulting in the loss of life of innocent people. If it was the judgment of the U.S. Attorney that a violation of Public Law 92-539 occurred, arrests for the violation would be made at the judgment of the FBI. It was further explained that FBI personnel on the scene were not in sufficient numbers to contain or control a major disturbance. Both the U.S. Attorney's Office and the Justice Department representatives indicated that they agreed with this position.

(not by the FBI)

It was then proposed that the Justice Department contact the U.S. Attorney's Office in New York and arrange for the U.S. Attorney to contact appropriate Police Department representatives to determine if the New York police would make arrests of persons deemed harassing the Soviet Mission to the United Nations on instructions of a U.S. Marshal. Arrests would, of course, have to be authorized by an Assistant U.S. Attorney on the scene. Justice Department plans to immediately contact the U.S. Attorney in New York and they agreed that FBI representatives should be present at any meetings between the U.S. Attorney, the U.S. Marshal's Office and the New York City Police Department. The Department's Attorney will also attempt to have the U.S. Attorney in New York apply a liberal interpretation to "harassment."

At the conclusion of the meeting, the U.S. Attorney advised that he has made arrangements for attorneys from his office to be present on the scene during any demonstrations.

ACTION:

These developments have been brought to the attention of both New York and Washington Field Offices and we will keep you apprised of further developments.

ON 6-20-73, BA T-1, A SOURCE WHO HAS FURNISHED RELIABLE INFORMATION IN PAST, ADVISED THAT HE HAS RECEIVED NO INFORMATION INDICATING THAT JDL IN GREATER WASHINGTON, D.C., AREA HAVE ANY DEFINITE PLANS FOR DEMONSTRATIONS AT THIS TIME. HE STATED, HOWEVER, THAT THERE HAS BEEN TALK BY JDL MEMBERS THAT THEY WOULD LIKE TO SEND UP A WEATHER BALLOON BEARING ANTI-SOVIET SLOGANS OR PERHAPS SET OFF SOME FIREWORKS AT SOME TIME IN FUTURE. SOURCE ADVISED, HOWEVER, THAT JDL HAS DISCUSSED THIS TYPE OF ACTION IN PAST FOR OVER ONE YEAR AND IT HAS NEVER MATERIALIZED. HE STATED THAT ONE OF PROBLEMS WITH WEATHER BALLOON IDEA IS THAT NO ONE IN JDL KNOWS HOW A BALLOON THAT SIZE IS TO BE INFLATED.
