IDENTIFICATION ORDER NUMBER 4239

Leroy Eldridge Cleaver is being sought by the FBI for unlawful interstate flight to avoid confinement after conviction for assault with intent to commit murder.

On April 6, 1968, Cleaver, acknowledged Minister of Information for the Black Panther Party, while on parole, reportedly led a group of Black Panthers who were seeking to kill an Oakland, California, police officer. Cleaver was arrested after the ensuing 90-minute gun battle, his parole was immediately revoked and he was returned to the State Prison Hospital at Vacaville, California.

A subsequent court action by Cleaver resulted in his release in June, 1968. On September 27th, Cleaver's release was overruled by the California State District Court of Appeals and he

was given until November 27th, to appeal. On November 20th, the California Supreme Court refused Cleaver's appeal and requested his return to prison on November 27th.

Cleaver reportedly fled the State of California to avoid confinement and on December 10, 1968, a Federal warrant for his arrest was issued at San Francisco, California.

Cleaver has been employed as an author, clerk, cook, laborer, lithographer, magazine editor, reporter and writer. He has been convicted of assault with intent to commit murder, assault with a deadly weapon and possession of narcotics.

Cleaver has reportedly engaged police officers in a gun battle in the past and should be considered armed and extremely dangerous.

In view of recent press releases concerning statements attributed to subject Cleaver indicating his intention to return to the United States in the same manner in which he departed the United States, inferring the existence of an underground escape route, all offices must immediately reiterate to racial informants and other racial sources the need to concentrate on securing information pertaining to the possible escape route used by Cleaver or other Black Panther Party members.

All offices having ports of entry, border crossing points, or international nonstop air flights terminating within their divisions should realert United States Customs Agents and other available sources of the potential return by Cleaver.

Re: Leroy Eldridge Cleaver

All Legal Attaches, particularly Mexico City and Ottawa, alert any sources which may be of assistance in determining information concerning the escape route used by members of the Black Panther Party or other travel information concerning subject Cleaver.

For information all offices, Cleaver recently requested the issuance of a United States Passport for himself at the embassy in Algiers, Algeria, such being refused by the United States Department of State. This together with Cleaver's reported dislike for living conditions in both Cuba and Algeria makes his return clandestinely to the United States a strong possibility.

All offices keep the Bureau fully informed of any developments relating to Cleaver's possible travel to the United States or any other area of the world.

When requesting copies of the flyer from our Chief Clerk [redacted] she advised that unusually heavy requests for the above wanted flyers have been received from the University Branch of the U. S. Post Office and that she had sent on three occasions approximately ten copies of the above wanted flyers. She said on the last occasion she inquired as to why this many posters was needed and an unidentified female in the Postal Inspector's Office who was requesting the posters advised that it was not for the post office but was to satisfy requests from students at the University of Hawaii. [redacted] at this time told the unidentified female that she did not have supplies in sufficient quantity to give to the general public and that if anybody wanted copies they should communicate with this office.

b6  
b7C

At this time the unidentified female stated that she had heard from an unidentified Narcotics agent who happened to be in the Postal Inspector's Office at that time that he had heard rumors at the University of Hawaii that Political Science students were trying to obtain copies of these posters to post on their dormitory walls in a form of "hero worship." Efforts by [redacted] to pin down the source of this information were to no avail. [redacted] dutifully brought this information to the attention of the SAC.

b6  
b7C

While it is not known whether the action being initiated at the University of Hawaii will develop into a nationwide trend, nevertheless it is possible this will be a new "college fad" in the ensuing weeks, and the Bureau might desire to alert field offices to this possibility wherein they receive unusually heavy demands for IOs or wanted flyers on the above captioned individuals that would not be consistent with normal distribution. The Bureau might also consider the possibility at the same time of instructing field offices to alert their postmasters within their districts to a similar situation so that the appropriate FBI Office can be alerted to unusually heavy requests.

The Bureau can be assured that further inquiries received similar to [redacted] will be answered in a like manner. Honolulu's Postmaster and Postal Inspector are being appropriately alerted. If there is any additional pertinent information in this matter the Bureau will be appropriately advised.

I desire that the ASAC alert the Postmaster and Postal Inspector, Honolulu, of the above matter and request that this office be promptly notified should they receive any unusually heavy requests for the above wanted flyers or IOs. The Bureau is not aware of any other instances wherein field offices have received unusual requests for identification orders or wanted flyers, therefore, it would appear unnecessary to alert other field offices at this time. These wanted posters, of course, are furnished to postmasters for appropriate display in the various post offices and not for distribution. You should insure that the postmaster at the University Branch is made aware of this fact and request that his employees at the post office are similarly advised.

These wanted posters are printed to afford maximum publicity to the fugitive status of an individual. It is, therefore, desirable to distribute the posters to logical sources to achieve maximum results but at the same time it is not possible to completely control the distribution so that certain groups, such as college students, are prevented from possession or display of same. As a matter of fact, it is not a violation of Federal law to reproduce or alter an FBI identification order or wanted flyer.

You should, however, in light of the information in reairtel, examine your procedures as to distribution to insure the best possible use is being made of the wanted posters.

# Cleaver Fears Peking, U.S. Will Make a 'Deal'

By John L. Hess  
(C) N.Y. Times Service

ALGIERS — The Chinese invitation to President Nixon to visit Peking has thrown the revolution movement into disarray, according to Eldridge Cleaver, the extremist black American leader.

"I don't think they'll just be chitchatting," he said in an interview. "I think there's a deal being made, and I think this is cause for alarm from the point of view of the black man—the possibility of the world being

carved up again without us being consulted on it."

The apparent defection of Peking from the doctrine of permanent revolutionary warfare has hit particularly hard among the score or so guerrilla movements in exile here. Most are African — there is even one group from the Canary Islands — and most are thought to receive modest subsidies from the Algerian government.

"Everybody sort of assumed that the contradictions between the United States and Asia could be

solved only by struggle," Cleaver said. He suggested that a deal was now being made for the United States to get out of Asia, leaving it free to concentrate on its interests in Africa, the Middle East and Europe.

CLEAVER, a large, bearded man of 36, with hooded eyes, received this reporter in an anteroom of a neat concrete suburban villa that serves as headquarters of the international section of the Black Panther party, renamed the Revolutionary

People's Communications Network, since his recent split with Huey P. Newton. He wore blue jeans and a dark T-shirt. A dark, pear-shaped stone hung from his neck.

Cleaver led me to a small but well-equipped recording studio. He explained that taped interviews and speeches and even video tape made there were sent to Europe and America for broadcasts and meetings.

In a soft and calm tone that never varied during the hour-long interview, Cleaver said that the Algerian government provided the house and minimal monthly contribution. "We receive nothing from any other government — which is one of my complaints," he said.

He indicated that he was particularly upset by the improved relationship between North Korea—where one of his two children was born—and South Korea.

"We've done a lot to educate the American people about the situation in North Korea," he said. "This will change."

The "shocking surprise" of the visit to Peking of Henry A. Kissinger, President Nixon's adviser on national security affairs, had had a strong impact, he acknowledged. "I find many people around the world panic when it comes to messing directly with the United States," he said.

"I THINK that a lot of options are closed. I think the movement depends more and more on itself. We too, I think, will become more self-interested."

Cleaver gave no indication of any softening of his own position. He said the split in the Black Panther party was a result of a decision of David Hilliard, its chief of staff, and Newton to "work within the system."

He said his group here comprised more than 20 persons, including 7 women and

8 children. He called in a lanky man with wispy beard who introduced himself as Michael Tabor.

Tabor, 24, said that he had jumped bail in New York last spring to come and tell Cleaver just how bad the situation was in the Black Panther party. He said that the police in New York want to implicate him in the shooting last May of two of District Attorney Frank Hogan's men.

"My closest comrades have been indicted for it and are awaiting trial," he said.

"We endorse all genuine revolutionary attacks against the forces of repression in America, and I am certain that this was one of them, but I haven't the slightest idea who it was."

He agreed with Cleaver that the radical movement in the United States was "floundering in darkness at this point." Cleaver put it this way:

"People are caught between two things they don't want — violence by the government or violence against the state. The movement is

not really equipped to carry out revolutionary action without being captured. But slowly people are gearing themselves to fight."

Eldridge Cleaver

## Cleaver's Wife Arrives in U.S.

BOSTON (AP)—Mrs. Eldridge Cleaver, wife of the self-exiled Black Panther leader, has arrived in the United States to begin a national speaking tour in support of urban guerrilla struggle.

Cleaver said in an interview in Algiers yesterday that he, too, will return to the United States and will devote himself to such a struggle for "oppressed peoples."

Mrs. Cleaver said on arriving at Logan Airport here last night that her husband would follow "very soon."

Her journey from Algiers was interrupted when FBI agents detained a traveling companion.

ATTORNEY William Ho-mans Jr. of the American Civil Liberties Union said, however, that the companion was Jessica Scott Weinrich and that the detainment was caused by mistaken identity.

Mrs. Weinrich was released after several hours and joined Mrs. Cleaver, her two children and Elaine Klein, formerly of Ridgefield, Conn.

On December 10, 1968, PATRICK M. SMYTHE, Special Agent, California Department of Corrections, Special Service Unit, Room 240, Ferry Building, San Francisco, California, advised as follows:

On November 3, 1957, subject was arrested by California authorities for Assault with a Deadly Weapon and Assault with Intent to Commit Murder and Assault with Intent to Commit Rape. According to the files of the California Adult Authority, the arrest was made by the Los Angeles Police Department. The subject reportedly forced open the car door of a Mr. [redacted] tied [redacted] up and attempted to rape [redacted] girlfriend, [redacted] and witnesses pursued the subject by automobile with the subject firing shots at the pursuing witnesses. On March 11, 1958, the subject was sentenced to California State Prison for six months to fourteen years on the above charges. He was paroled in December, 1966, at which time he immediately proceeded to the San Francisco, California, area where he obtained employment with "Rampart's Magazine." He was employed as a writer with this magazine and later became an editor and subsequently senior editor, which position he held until his disappearance in November, 1968.

b6

Since his release from prison, the subject had aligned himself with the Black Panther Party (BPP) and currently serves as Minister of Information of this organization.

On May 2, 1967, a group of 24 Negro males who identified themselves as members of the BPP, made a protest march and appearance at the California State Capitol in Sacramento, California, armed with rifles and handguns. As a result of the ensuing confrontation with authorities, the subject was arrested and charged with violation of parole. Representatives of his employer, "Rampart's Magazine" interceded on the subject's behalf claiming the subject had been assigned as a reporter for "Rampart's" to cover the State Capitol confrontation and that he had not appeared there as part of the raiding party and consequently should not have been arrested as a result of the confrontation. The subject was thereafter released by the authorities and no further action was taken to revoke his parole at that time.

SF 88-12329

RCD:hc

The subject continued on parole until April 6, 1968, at which time he and several other members of the BPP became involved in a shootout with officers of the Oakland, California, Police Department, which resulted in the death of BOBBY HUTTON, Treasurer of the BPP, and the wounding of the subject in his left foot and ankle by a shotgun blast.

As a result of this shootout, the subject's parole was revoked and he was returned to prison. In a legal action brought by his attorney, CHARLES GARRY, in the Superior Court in Solano County, California, the revocation of subject's parole was declared illegal by Superior Court Judge RAYMOND SHERMAN who ruled that the subject's parole had been revoked because of "his political activities."

The subject was continued on parole until the last part of September, 1968, when the California Court of Appeals reversed the Superior Court ruling and stated that the California Department of Corrections' action in revoking subject's parole was not illegal. The Court of Appeals ordered CLEAVER to be returned to prison and his parole revoked as of November 27, 1968. The California Department of Corrections wrote the subject a letter on approximately November 20, 1968, advising the subject that he should turn himself in to parole authorities at the State Building, San Francisco, California, at 9:00 AM, on November 27, 1968. The subject failed to appear and a warrant was issued for his arrest as a parole violator on that date.

The subject was last seen at a Cleaver Defense Fund Rally at the California Hall, San Francisco, California, on November 21, 1968, according to SMYTHE. SMYTHE advised, however, that in an interview by the press on November 27, 1968, at the State Building, San Francisco, the subject's wife, KATHLEEN CLEAVER, and the subject's attorney, CHARLES GARRY, both advised that they last saw the subject on November 24, 1968. SMYTHE also advised that the subject was interviewed by the press at "Rampart's Magazine" on November 23, 1968. SMYTHE stated that attempts to locate the subject at his last known addresses of 2500 Filbert and 2777 Pine Street, San Francisco, California, had been unsuccessful. He advised that the subject's whereabouts are unknown.

### DETAILS OF FEDERAL PROCESS

On November 29, 1968, Deputy Attorney General for the State of California, JOHN P. OAKES, State Building, San Francisco, California, submitted a letter to Mr. CECIL POOLE, U. S. Attorney, San Francisco, California, requesting Federal assistance in the apprehension of the subject, who according to OAKES, is a paroled California prisoner who was serving sentence for several felony convictions. The letter indicated that a warrant for CLEAVER's arrest was issued on November 27, 1968. The letter stated that in the event subject is apprehended outside the State of California, the State would take all steps necessary to return him to California.

On December 10, 1968, U. S. Attorney CECIL POOLE, San Francisco, California, authorized a complaint charging subject with violation Title 18, Section 1073, U. S. Code (Unlawful Flight to Avoid Confinement). POOLE recommended bond at \$100,000, either cash or surety bond.

On December 10, 1968, an authorized complaint was filed by SA [redacted] before U. S. Commissioner RICHARD S. GOLDSMITH, San Francisco, California, charging the subject with the above violation following conviction of felonies under the laws of the State of California for the crimes of Assault with a Deadly Weapon, Assault with Intent to Commit Murder, and Assault with Intent to Commit Rape, and Parole Violation. A warrant for the subject's arrest was issued on December 10, 1968.

BLACK PANTHER PARTY, aka  
Black Panther Party for  
Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Mrs. LOCKETT has telephone number LU 2-0795 at her residence. She is 68 years of age and resides alone at the above address.

She is acquainted with the father of LEROY ELDRIDGE CLEAVER, LEROY CLEAVER, who resides in Chicago, Ill.; however, she has never met the subject. Mrs. LOCKETT has known the CLEAVER family for a number of years and, in fact, became acquainted with the family during her childhood in Arkansas. The CLEAVER family lived in a farming community about 6 miles from Camden, Arkansas.

Mrs. LOCKETT would go to an aunt's farm located in the same general area during the Summer months, and she became acquainted with the CLEAVERS. This aunt died in about 1912 or 1913. After this, Mrs. LOCKETT did not go visit this area and lost contact with the CLEAVER family for a long period of time. The father of the family which lived near Camden was HENRY CLEAVER, who was the grandfather of subject. There were about [redacted] in the HENRY CLEAVER family. The family finally moved away to different parts of the country during the ensuing years and Mrs. LOCKETT did not have any communication with any of the family.

b6  
b7c

Last year, Mrs. LOCKETT was in Chicago visiting some acquaintances and ran into LEROY CLEAVER and visited with him. She has had some contact with LEROY CLEAVER since this chance meeting in the Summer of 1968, and has just returned from a visit with LEROY CLEAVER recently. In fact, she just returned to Tulsa Sunday night, 6-29-69, after visiting with LEROY CLEAVER for 2 weeks.

Mrs. LOCKETT said she has never seen the subject. She stated she did not talk to LEROY CLEAVER about the subject and said she does not care about getting involved regarding the subject. She said LEROY does not talk to her about the subject, and she does not inquire about him. She said the only thing she knows about him is what she has seen on television or read in the newspapers. She said she is aware of the fact subject is being sought by authorities; however, claimed she does not know the reason he is being sought.

Mrs. LOCKETT said she is sure she will not hear from subject since he does not know her. She said LEROY CLEAVER is

OC 88-7393

residing alone in one of the low-rent, senior citizens buildings in Chicago. She did not know his address; however, she thought it was located on East 43rd Street. She said LEROY is divorced from his wife and believes this to be true, or she would not have been visiting him in Chicago.

Mrs. LOCKETT was informed of the fugitive status of subject and advised of the provisions of the Harboring Statute. She said if she obtained any information regarding the whereabouts of subject she will advise the FBI.

SUBJECT: LEROY E. CLEAVER

On 11/29/68, JOHN P. OAKES, Deputy Attorney General, Office of the Attorney General, State Building, San Francisco, advised that he was going to request a UFAC investigation by the FBI and would submit request to USA CECIL F. POOLE. OAKES advised that the basis for this request for assistance was unconfirmed reports which he had received that CLEAVER had flown by either commercial airline or chartered airplane to Montreal, Canada. OAKES stated he had been in telephonic contact with POOLE who had advised him as to the material which should be included in a letter requesting UFAC assistance.

On 11/29/68, OAKES furnished SA [REDACTED] and the writer with a letter to USA POOLE. This letter was hand delivered by Agents to Mr. POOLE. Upon reading the letter, USA POOLE stated that based on the contents of the letter and the information furnished orally by Agents and Deputy OAKES regarding the basis for the belief that the subject may have fled the state, he at this time would not authorize a UFAC warrant. USA POOLE stated that he frankly believes the subject is probably still at his residence in San Francisco.

MORLEY, Denver, called at 3:00 p.m. this date and advised that an informant of the Police Department, Denver, had reported that he had seen KATHLEEN and ELDRIDGE CLEAVER in Denver last night and this morning. It was alleged that he had had breakfast with KATHLEEN and ELDRIDGE this morning.

I thereafter checked and verified that KATHLEEN had been on the JIM DUNBAR Show, KGO-TV, this morning, live, which commences at 7:15 a.m. Supervisor [redacted] also checked with United California Bank and ascertained that KATHLEEN had been in the bank around Noon today and drew out [redacted]

b6

ASAC MORLEY also gave me the license number of a Mercury automobile, California [redacted], which had been observed in a residential area of Denver where it was thought CLEAVER might stay. This license checked out to [redacted]

[redacted] This car had been seen in Denver and information concerning it was furnished to ASAC MORLEY. He was further advised that there is no UFAP process for CLEAVER at this time, however, if we could get some substantive information establishing that he is out of the State the U. S. Attorney here will undoubtedly file. He is checking further on information furnished by this informant, however, it does not appear that it can be true, since KATHLEEN was in San Francisco this morning.

[redacted] called from the Bureau, requesting to speak to the SAC, however, talked to the writer. He inquired as to what was doing on the CLEAVER matter. I told him that nothing had occurred since our teletype of last night to change the status of the situation at all. He wanted to know if we were doing anything on the case. I told him that we had handled the checking of several out-of-State leads or rumors concerning his whereabouts, however, they had proved negative. He wanted to know if we had received any further request for UFAC process. I told him we had not. He inquired as to whether another letter was to be written by the State to Mr. POOLE. I told him that as the matter now stood they would not write another letter unless they received additional information which they could incorporate.

b6  
b7c

He then stated that Assistant to the Director DE LOACH thinks we should put some pressure on. He believes Mr. DE LOACH has a feeling we should be in the case. I told him that I had some reservations about whether it would be advantageous for us to enter the case at this time. I also reminded him about the December 23rd appearance for CLEAVER, with the possibility of a \$50,000 bond forfeiture. He stated that he was aware of this and it appeared that he possibly agrees that it is doubtful if we should get into this case at this time.

I then told him that I might ask Mr. BATES to personally talk to Mr. DE LOACH and find out just what he wanted us to do as far as entering the case. He feels that first Mr. BATES should call and talk to Assistant Director GALE since Mr. DE LOACH's observations had come through Mr. GALE. I told him then that I would ask Mr. BATES to call as soon as he returned to the office.

Facts on which complaint authorized and other pertinent information about case:

California state authorities hold felony warrant for CLEAVER's arrest on a charge of Parole Violation. Investigation by state and local authorities to locate CLEAVER in San Francisco has been unsuccessful. On 10/13/68 at Brooklyn, N.Y., at a rally of over 200 people, CLEAVER stated he is not going back to the parole board and would depend on the BPP and the black community to hide him out.

Funds in excess of \$30,000 have been recently withdrawn from his account by his wife who left the state of California on 12/8/68 with no return indicated. It appears that she is transporting these funds from California for probable use outside the state.

# FBI Now Hunting Cleaver; Wife Gone

A federal fugitive warrant was issued today for Black Panther Eldridge Cleaver on grounds there is reason to believe he has fled the State.

This officially brings the FBI into the hunt for the militant author and lecturer, who failed to report here Nov. 27 to be returned to prison as a parole violator.

His bail was set at \$100,000 by U.S. Commissioner Richard Goldsmith.

An affidavit filed by FBI agent Fred Ligarde said Cleaver's wife, Kathleen, recently withdrew more than \$63,000 from their bank account and converted \$15,000 of it into cash.

He said there is no indication the money was intended for an ordinary business

transaction. He added that Kathleen flew to New York last Sunday without making any return arrangements.

"It appears she has transported the funds, which are the fugitive's property, for delivery and probable use outside the state," Ligarde's affidavit declared.

It quoted Cleaver as telling a Brooklyn, N. Y., rally Oct. 13 that he would not go back to prison and would depend on the Black Panther Party and the black community to hide him out.

A state warrant for his arrest was issued Nov. 27.

TO : ALL AGENTS (88-12329)

DATE: 12/11/68

FROM : SAC SAN FRANCISCO

SUBJECT: LEROY ELDRIDGE CLEAVER, aka.  
Eldridge Cleaver - FUGITIVE  
UFAC - PV (ASSAULT WITH INTENT  
TO COMMIT MURDER)  
(OO: SF)

On 12/10/68 a Federal complaint was filed and warrant issued at San Francisco charging the subject with UFAC - PV in violation of T. 18, USC, S. 1073.

CLEAVER was in the California State Prison from 3/20/58 until paroled 12/12/66 following conviction for assault with intent to commit murder and assault with a deadly weapon. On 4/6/68, CLEAVER, Minister of Information for the Black Panther Party (BPP), and several other Black Panthers were involved in a shoot-out with the Oakland Police Department resulting in the death of BOBBY HUTTON, BPP Treasurer, and wounding of CLEAVER in the left foot. As a result of this shoot-out, CLEAVER's parole was revoked and subsequent court action resulted in his release. An appeal of this decision resulted in a reversal calling for revocation of parole on 11/27/68, when he failed to appear and a parole violator's warrant was issued the same day. The Federal process is based on this warrant. He is also under indictment on assault charges arising out of this gun battle, with his trial date scheduled for 12/23/68.

Following is a description of CLEAVER:

Sex:	Male
DOB:	8/31/35
POB:	Little Rock, Ark.

In case of a check circular, set out, in addition, a specific paragraph under heading "Modus Operandi" which you are recommending for use on check circular.

Subject holds the position of Minister of Information in the Black Panther Party, a black extremist group which has its headquarters in Berkeley, California, and branches in a number of major cities in the U.S. The party was organized in 1966 in Oakland, California, as a militant Black Nationalist political organization to combat "police brutality" to unite militant black groups, to determine the destiny of black communities and to educate black people in African history. The political philosophy of this organization is taken from the writings of MAO TSE-TUNG of Communist China, and black extremist writers. Its leaders advocate the use of guns and guerrilla tactics in a violent revolutionary program to end alleged oppression. The primary target of the Black Panther Party's propaganda is the police. The Subject has been on parole since December, 1966 in California after serving 8 of a 2-14 year sentence for assault with a deadly weapon which arose out of attempted rape. His parole has been revoked effective November 27, 1968, and his whereabouts have been unknown since that time. Other charges included in this sentence were assault with intent to commit murder and rape. CLEAVER is also under indictment on assault charges

arising out of a gun battle between members of the Black Panther Party and the Oakland Police in April of 1968.

CLEAVER's wife KATHLEEN holds the position of National Captain of Women in the Black Panther Party.

# U.S. Enters Hunt For Cleaver

By Tim Findley

Federal authorities joined a nationwide search for Black Panther fugitive Eldridge Cleaver yesterday on the evidence of a mysterious trip to New York by Cleaver's wife, Kathleen.

United States Commissioner Richard Goldsmith issued a Federal fugitive warrant yesterday morning charging the 33-year-old Panther minister of information with unlawful flight from California to avoid confinement as a parole violator.

Bail on the charge of unlawful flight was set at \$100,000.

Cleaver disappeared November 24, three days before he was to be returned to prison to serve out the remainder of a 13-year sentence for a 1951 rape in Los Angeles. He had served nine

years of that sentence when he was paroled in 1966. The federal warrant noted that Cleaver had told a rally in Brooklyn, New York, on October 13 that he would not return to prison and asked the Black Panther party and the black community to hide him from authorities.

But the key evidence mentioned in the warrant was Kathleen Cleaver's sudden departure for New York Sunday. Mrs. Cleaver is still in New York, and FBI spokesmen here said they know her whereabouts.

**INVESTIGATION**  
FBI agent Fred Ligarde said "extensive investigation had been carried out by California State and local authorities which showed that Cleaver has not been in any of his 'usual haunts' in California since his disappearance.

**MONEY**  
Before leaving, Mrs. Cleaver withdrew \$33,000 from the couple's joint bank account in a bank near their Fillmore District home at 2777 Pine street.

The withdrawal was made out to her in a cashier's check, but \$15,000 of it was converted to cash. The one-way plane ticket to New York was purchased by a third party, whom authorities did not identify and a FBI spokesman said yesterday authorities are certain that none of the money from the bank account was used for the trip's expenses.

"It appears," the federal warrant said, "she has trans-

ported funds which are the fugitive's property for delivery and probable use outside the state.

Since the militant author, lecturer and Peace and Freedom party presidential candidate disappeared, speculation has repeatedly put Cleaver en route to or in Cuba.

Other Black Panthers have turned up in Cuba during the last year, including minister of education David Hilliard who was first turned back in an attempt to reach the island last summer via Mexico City. Hilliard went from the Mexican capital to New York, and later turned up in Cuba without elaboration on his route.

**BOOK**

But FBI agents here say they have no evidence that Cleaver is in Cuba and add that they would expect a fanfare from the island if Cleaver had arrived there.

Cleaver wrote his best-selling book "Soul on Ice" while in prison. Its sales apparently built his sizeable bank account.

Last April, he was involved in a shootout with Oakland police in which the 17-year-old treasurer of the Black Panthers, Bobby Hutson, was shot to death.

Cleaver returned to prison as a parole violator for his role in that incident, but was later released when a judge ruled he was being held as a political prisoner.

That ruling was overturned and appeals as high as the U.S. Supreme Court denied.

Cleaver was due to appear in Alameda county Superior Court on December 23, when a trial date will be set for charges of assault with intent to commit murder and assault with deadly weapons on police stemming from the April shootout.

The Panthers paid a \$5000 fee and posted an unknown amount of collateral with Goodwill Bail Bonds in Palo Alto which paid the \$50,000 bail on the shootout charges. That bail will be forfeited if Cleaver does not appear in court December 23.

# FBI Joins Hunt for Cleaver

## Nationwide Search Is On

The search for Eldridge Cleaver, Black Panther leader who is a fugitive parole violator, today spread nationwide with the FBI officially in the hunt.

It is probably the first time in history that a former presidential candidate was the subject of a federal fugitive warrant with \$100,000 bail set if captured.

Cleaver, Peace and Freedom Party candidate for President in the November election, failed to surrender Nov. 27 on a state parole revocation.

### EVIDENCE

U. S. Attorney Cecil Poole at first balked at asking a fugitive complaint because the State of California failed to produce evidence that Cleaver, author of "Soul on Ice," had fled the state.

But yesterday he approved such a complaint on an affidavit of FBI agent Fred Ligarde. It also was enough for U. S. Commissioner Richard Goldsmith, who set the bail.

Ligarde said Cleaver's wife, Kathleen, had withdrawn \$33,000 from their local bank account and last Sunday flew on a one-way ticket to New York paid for "by a third party."

He also recalled that last Oct. 13 at a Brooklyn rally, Cleaver said he was not going to surrender to the Adult Authority and that the Black Panthers and the black community would "hide him out."

### CAUSE

These facts, Ligarde said, establish probable cause to believe Cleaver has fled the state.

Cleaver, 33, was ordered back into prison as a parole violator after his arrest April 6 in a Black Panther gunfight with Oakland police.

Cleaver and two police officers were wounded in the exchange. Bobby Hutton, 17, party treasurer, was killed.

b6  
b7C

The male was dressed in sport clothes, as worn by students, and the brief case was brown. [redacted] saw no car, but was of the opinion that the couple had met at the restaurant, as her mother overheard the male state to the female as they were leaving "I was afraid you wouldn't make it".

On January 13, 1950, Subject was arrested for burglary and petty theft and served time until paroled in May of 1951. He was arrested again on November 5, 1952 for possession of narcotics. On January 16, 1953 he was re-arrested as a parole violator and in December, 1953, he was paroled. On February 13, 1954, he was arrested by the Los Angeles Police Department for suspect of possession of narcotics and was sentenced to State prison on July 9, 1954. He was paroled on December 3, 1956.

On November 3, 1957 he was arrest for assault with intent to commit murder and rape and on 3/11/58 he was sentenced to State prison for six months to fourteen years. He was paroled in December of 1966 at which time he immediately proceeded to the San Francisco, Calif., area where he obtained employment with "Ramparts Magazine".

Prior to this extended period of imprisonment, Subject held numerous jobs, none for any extended length of time. These jobs are as follows:

During Subject's confinement on the assault with intent to commit murder conviction, he affiliated himself while at San Quentin with the NOI - Black Moslem philosophy, and also was able to complete his studies and gained the equivalent of a high school education in 1962. In addition to completing high school, he took vocational courses in baking, welding (which he failed) and offset printing. He indicated his religious preference as Catholic. When first incarcerated, however, he never showed interest in religious services and in subsequent interviews indicated he had no religion. The Subject had no union affiliations prior to his release from prison. During his imprisonment, he developed a close relationship, apparently through correspondence, with San Francisco Attorney BEVERLY AXELROD. Miss AXELROD assisted the Subject in preparing legal papers to obtain his release on parole and on his manuscript to which he had devoted much writing time while in prison. When he was paroled in December, 1966, the Subject told the parole officer that he and Miss AXELROD intended to get married. This relationship subsequently cooled and the engagement was broken.

disappearance in November, 1968. Since his release he has aligned himself with the Black Panther Party and currently serve as Minister of Information of that organization. He was also nominated as the Peace and Freedom Party candidate for president in the last national election. Shortly after his release his manuscript which is considered to be an autobiography was published and has become a best seller. The book is entitled "Soul on Ice" and is published by McGraw Hill, New York City. [redacted] has been in contact with the Subject according to the Department of Corrections and is apparently the Subject [redacted]. Subject has reportedly received in excess of \$40,000 in royalties from his book. On May 2, 1967, a group of 24 Negro males, who identified themselves as members of the Black Panther Party made a protest march and appearance at the California State Capitol in Sacramento armed with rifles and handguns. As a result of the ensuing confrontation, the Subject was arrested and charged with violation of parole. His employers, the "Ramparts Magazine" interceded claiming he had been assigned as a reporter for "Ramparts" to cover the State Capitol confrontation and that he had not appeared there as part of the rading party and subsequently should not have been arrested as a result of the confrontation. Subject was released and no further action was taken to revoke his parole at that time. He continued on bail until April 6, 1968 at which time he and several other members of the BPP became involved in a shoot-out with the Oakland PD resulting in the death of BOBBY HUTTON, Treasurer of the BPP and the wounding of the Subject in his left foot and ankle by a shotgun blast.

b6  
b7C

His parole was revoked as a result of this shoot out and he was returned to prison. In a legal action brought by his attorney, CHARLES GARRY in the Superior Court in Solano County, California, the revocation of his parole was declared illegal by Superior Court Judge RAYMOND SHERMAN ruling that the Subject's parole had been revoked because of "His political activities". The Subject was then continued on parole until the last part of September when the California Court of Appeals reversed the Superior Court ruling and stated that the California Department of Correction's action in revoking Subject's parole was not illegal. The Court of

SF 88-12329

FL:rvn

Appeals ordered CLEAVER to be returned to prison and his parole revoked as of November 27, 1968. The California Department of Corrections wrote the Subject a letter on approximately November 20, 1968 advising the Subject that he should turn himself in to parole authorities at the State Building at 9:00 a.m. on November 27, 1968. The Subject failed to appear and a warrant was issued for his arrest as a parole violator on that date.

With Subject's close association with the BPP and the Peace and Freedom Party, he traveled extensively throughout the United States speaking at many colleges and before many groups. The extent of his actions and associates is undoubtedly extensive as a result of this far reaching activity. It is believed unlikely, however, that Subject would rely on any of the acquaintances he made on these speaking engagements to hide him. Therefore, the following list of close associates will be limited, developed in the Bay Area in his association with the BPP, PFP and "Ramparts Magazine". The following is a list of known close associates of the Subject and the organization or business through which he became acquainted with them:

## Cleaver's Wife Stirs Up The FBI

Federal agents here were studying the possibility that Kathleen Cleaver might have said enough in New York to warrant charging her with harboring a fugitive. On Tuesday night Mrs. Cleaver, in talking about her missing Black Panther husband, Eldridge, told a reporter:

"Officially, the last time I saw him was November 24... but unofficially, I saw him last night."

Federal agents here, who have been searching for her husband ever since he failed to show up as a parole violator, said the maximum penalty for harboring a fugitive is five years in prison and a \$5000 fine.

They wouldn't, however, say they intended to charge Mrs. Cleaver with his offense when she returned to San Francisco. Friends said she was due here late yesterday.

"We are interested, however, in interviewing her as to the whereabouts of Eldridge Cleaver," said FBI Agent Charles Bates.

Federal officials also stood behind an FBI affidavit which said Mrs. Cleaver left town with some \$33,000 she withdrew from a bank account.

Mrs. Cleaver, in her New York television interview, scoffed at these charges.

Assistant United States Attorney Jerrold Ladar maintained here yesterday that the information was correct.

# Kathleen May Face Charges, Says FBI

Kathleen Cleaver may face criminal charge if she did meet her fugitive husband in New York, the FBI said here today.

In an interview yesterday in New York, she said that "unofficially" she had seen the missing Black Panther leader Tuesday night. Eldridge Cleaver has been sought since Nov. 24 when he failed to turn himself in as a parole violator.

Charles Bates, the FBI's agent in charge here, said his office was looking into the report. He said there is a possibility she could be charged under federal law against harboring a fugitive.

He also said he did not believe she would have any immunity because she is Cleaver's wife.

Mrs. Cleaver, in New York to tape a "Black Journal" show for the National Educa-

tion Network, was interviewed yesterday by a New York Times reporter.

"Officially," she said, "the last time I saw Eldridge was Nov. 24. But unofficially I saw him last night." That would be Tuesday.

She also scoffed at reports that she had withdrawn \$33,000 from a bank last week for her husband's use.

sticking by its affidavit that she did withdraw the money from the joint account.

Assistant U.S. Attorney Jerrold Ladar said the information in the affidavit was obtained from bank records subpoenaed by the federal government and the state attorney general's office. The affidavit was vital in the issuance of the federal fugitive warrant against Cleaver.

The 23-year-old Mrs. Cleaver, herself a Black Panther activist, said yesterday that her husband does not intend to return to prison.

"He'll be assassinated if he goes back," she said. "They tried to kill him three times before in prison."

Eldridge told me he would rather be killed in a fair fight out in the open than be taken back to prison."

The interview took place in a friend's apartment in Manhattan at about the same time a TWA jet was being hijacked to Cuba. There had been speculation earlier that the hijackers were Cleaver and his wife.

Mrs. Cleaver said she would fly back to San Francisco today. The FBI apparently will be waiting for her when she returns.

# Cleaver's Wife Talks

From Our Correspondent

## New York

Kathleen Cleaver said here yesterday that she had seen her husband, Eldridge, the Black Panther leader sought on a Federal warrant, on Tuesday night. "Officially, the last time I saw Eldridge was November 21," she said, causing her bodyguards, Cetewayo Tabor and Dharuba, to chuckle. "But unofficially, I saw him last night."

Mrs. Cleaver, here to tape

a "Black Journal" show for the National Education Network, arrived in New York Sunday. She plans to return to San Francisco today.

She scoffed at reports that she had withdrawn \$33,000 from a San Francisco bank last week for her husband's use.

"I've got \$45 in the bank and \$30 in my pocket," Mrs. Cleaver said bitterly. "I didn't withdraw a damn thing."

"If I had \$33,000, I'd be out

shopping."

Mrs. Cleaver said her husband "didn't intend" to go back to prison.

"He'll be assassinated if he goes back," she declared. "They tried to kill him three times before, in prison. They just can't deal with his political impact there."

"Eldridge told me he'd rather be killed in a fair fight out in the open than be taken back to prison."

Cleaver is wanted in California as a parole violator.

that [redacted] on a previous occasion, had advised her that Eldridge Cleaver and his wife had been [redacted] living in the [redacted] area.					
After having received the above information from [redacted] the writer detailed Deputies [redacted] and [redacted] to attempt to locate the residence of [redacted] which is known only to be in the [redacted] area, with a phone of [redacted]. The writer then went to the [redacted] residence to get further information regarding the above. At the [redacted] residence, the writer was advised that approx. 3 weeks ago she had been conversing with the subject, [redacted] and during the course of the conversation, had been advised by him that Cleaver and his wife had been [redacted] for a week preceeding the conversation between [redacted]. [redacted] advised that she did not know who the friends were as [redacted] had not named them. She further advised that [redacted] has extremely liberal leanings and would probably not be willing to cooperate with police agencies to any extent, by naming the friends involved. The writer then engaged [redacted] in some general conversation, as the writer was attempting to recollect under what circumstances it is that the writer had previously contacted [redacted], due to the fact that [redacted] name was familiar to the writer. After describing [redacted] to the writer, the writer finally remembered that [redacted] had been contacted by the writer several years prior on another matter, and writer further recollected that [redacted] at that time was working for the [redacted]. [redacted] affirmed this and stated that the [redacted] was now the [redacted] and that they had been [redacted]. She further stated that [redacted] at this particular time was living with a female known only as [redacted] and he had been living with her for some [redacted]. She advised further that she did not think that [redacted] employer, [redacted], would be of any assistance to the Sheriff's Dept. in this matter as he too, has quite liberal leanings. [redacted] offered to engage [redacted] in conversation when she sees him next, which will be the coming Monday, in an attempt to find out who the friends are in [redacted]. She also has, however, requested that her name not be brought up in any contact that this office has with [redacted]. Under these circumstances, the writer advised [redacted] to make no conversation regarding this matter with [redacted] as the writer will attempt to obtain the location and name of the friends involved thru the [redacted] who is still employed at the [redacted].

DAILY AIRTEL SUMMARY

CHARLES R. GARRY, San Francisco, attorney for subject, advised he last saw subject night of 11/21/68 at CLEAVER's defence fund meeting at California Hall, San Francisco. He has had no contact with subject or information regarding him since that date. GARRY advised he has no knowledge as to subject's location and prefers not to be placed in the position of knowing. He admitted, however, that it would be his duty to advise the FBI should he learn of CLEAVER's whereabouts. He opined that if CLEAVER is still in the United States, he will appear at Alameda County, Calif., on 12/23/68 to face pending charges as both he and GARRY feel that subject can beat pending charges. GARRY states he, GARRY, instructed KATHLEEN CLEAVER to withdraw the sum in excess of \$30,000 from their bank account to prevent attachments.

New Haven source advises subject visited [redacted] prior to September, 1968.

Re Bureau airtel to San Francisco dated 12/10/68.

On December 11, 1968, [redacted] advised that the information as stated in the above referenced airtel as being included within the Department of Army Spot Report dated November 26, 1968, was obtained from the Seattle Police Department.

Sgt. [redacted] Intelligence Unit, Seattle Police Department, on December 11, 1968, advised that he handles liaison with the 115th MIG and does not recall providing information as referenced above to the military concerning CLEAVER. [redacted] stated that during the middle of November 1968, he was on leave from the police department and that liaison with the military at that specific time was conducted by other officers of the Intelligence Unit, Seattle Police Department.

[redacted] continued by stating that he would review his records to determine if any of his ~~searchers~~ <sup>INDEXED</sup> provided the information to the military as included in the above referenced Spot Report. <sup>SERIALIZED FILED</sup>

[ ] stated that a search of his records for this information would take approximately one week.

On December 16, 1968, [ ] advised that a review of his files failed to reflect the specific information as stated in the above referenced Spot Report. [ ] stated that his records revealed that during November 1968, he received information from both his own sources in Seattle, Washington, as from the Seattle Office of the FBI that members of the Black Panther Party had been briefed on the hijacking of airplanes out of the United States to Cuba if a member of the Black Panther Party should become a fugitive. [ ] continued by stating that at approximately this time his office also received information that members of the Black Panther Party throughout the nation could conceivably hide a fugitive from justice amongst themselves in their own communities. [ ] also stated that he had received information that ELDRIDGE CLEAVER was supposed to surrender himself to the California authorities but that CLEAVER stated he would not surrender and therefore would become a fugitive.

[ ] was of the opinion that in the handling of the above information between his office and the 115th MIG a misunderstanding occurred concerning the relevancy and connection of the information and therefore the information as obtained by him and provided to the 115th MIG, Seattle, Washington, on different occasions during November 1968, appeared as a sole report in the above referenced Spot Report.

[ ] stated that this misunderstanding was apparently due to the frequency of information being passed back and forth between governmental agencies and inappropriate handling thereof. [ ] advised that in his future contacts with the 115th MIG that such misunderstandings will not occur again.

**ADD INFINITEMS:** Eldridge Cleaver is still very much with us. He was on a Bill Buckley taped interview a couple of nights back, and, as Phyllis Diller says, the tape should've gone over their mouths. A portrait of Cleaver was the most prominent at Artist Dugald Sturmer's vernissage Sunday night at Andre's on Broadway. And most of Cleaver's close friends are willing to bet he's still in the Bay Area, where his book continues as a best seller. "On a clear night," confides G. Fowler Robinson, "I can hear him shouting 'Pig!' all the way to the bank."

Dear Sir:

I have noticed publications by Eldridge Cleaver for sale at various bookstores. In addition, these are available in languages other than English.

Mr. E. Cleaver is also wanted by your agency ( as per postal offices).

I am inclined to feel that Mr. Cleaver has manifested certain ideological tendencies contrary to our beliefs. Consequently, any 'moneys' made available through these sales can very well be used to negotiate against us.

If this appears plausible, I shall appreciate a reasonable explanation.

Thank you,

Yours very truly,

He believed he might have the newspapers containing the article at an apartment where he stays in the [redacted] area; however, he was not sure they had not been thrown away.

He advised if he were called to the witness stand he would testify to the length of his subscription to "The Black Panther" newspaper and to the facts he received the issues of March 21 and May 2, 1970, via U.S. Mails and recalled reading CLEAVER's article.

He advised he would be in the United States Air Force until sometime in 1972 and if he were not shipped overseas he would be available to testify.

He said as far as any testimony was concerned, he would be hesitant to testify, but he would tell the truth if placed under oath on the witness stand. He did express concern if called to testify that his or his family's safety might be in jeopardy, and he did not want to cause any trouble for his family.

He was discharged from the U.S. Army at Fort Bragg, North Carolina on [redacted] and is presently attending at Washington Technical Institute in Washington, D.C. BLACK PANTHER PARTY, aka  
Black Panther Party for  
Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

**SOVIET INFLUENCE IN THE BLACK EXTREMIST MOVEMENT**

One of the staunchest supporters of the Black Panther Party (BPP) [redacted] is [redacted] an American Negress and a former member of the Communist Party, USA (CPUSA). [redacted] is presently a naturalized [redacted]. She and her husband [redacted] are members of the Communist Party [redacted] and [redacted] serves in somewhat of a [redacted] "American Communist Group" [redacted].

[redacted] is reported [redacted] [redacted] which is mailed to her address [redacted]. Some of her associates have stated that she is blindly devoted to the BPP.

The January 24, 1970, issue of "The Black Panther," official BPP publication, carried a press release from the Communist Party of Canada in which the Young Communist League of Canada called on progressive youth organizations in Canada to join it in forming local committees in the major centres in Canada for the defense of the BPP and other young victims of "U.S. Murder, Incorporated." The Young Communist League also urged a campaign of petitions in the BPP's behalf as well as demonstrations at the U.S. Embassy and U.S. consulates in Canada. It also called on the youth organizations to send letters to the Human Rights Commission of the United Nations and to federal, provincial, and local governments in Canada urging official protest against the U.S. police for the extermination of "militant and democratic fighters." The press release was signed by the General Secretary of the Young Communist League of Canada.

## SOVIET INFLUENCE IN THE BLACK EXTREMIST MOVEMENT

William L. Patterson, CPUSA National Committee member, authored an article entitled "The Black Panther Party" which appeared in the November, 1969, issue of "Political Affairs" which is self-described as the theoretical journal of the CPUSA. Patterson, in this article, stated in part as follows: "The membership of the Communist Party should stand in the forefront in defense of the Black Panthers. While conducting a dialogue with the Panthers on the differences that exist between us, this must not stand in the way of solidly supporting the efforts of the Panthers to defeat racism and bring about unity of the black and white working class. For we know that racism feeds fascism. The destruction of racism leads to a decisive defeat of fascism."

During an emergency meeting of the CPUSA National Committee held in May, 1970, Claude Lightfoot, a member of that committee, stressed the importance of obtaining over one million signatures on a "genocide petition" which the Party planned to submit to the United Nations. The Party's objective in circulating this petition was to link millions of blacks with the peace movement by convincing them that the Party is paying proper attention to their day-to-day demands and requirements. The petition charged that Federal, state and city officials in the United States are guilty of genocide because of their treatment of black America, particularly the BPP. The petition was prepared under the auspices of the Continuations Committee, established during March, 1970, at the communist initiated emergency conference to defend the rights of the BPP to exist.

Eldridge Cleaver, BPP Minister of Information, in an article appearing in "The Black Panther" issue of March 15, 1970, reprimanded white radicals for not doing enough for the BPP and threatened a race war. In the article

~~CONFIDENTIAL~~

## **SOVIET INFLUENCE IN THE BLACK EXTREMIST MOVEMENT**

he stated: "If the so-called freedom loving white people of America do not stand up now ... and put an end to the persecution ..., the black people will have to go it alone ... and step forward alone. This will mean the end of our dreams for a Class war which America needs and a beginning of a Race war which America cannot endure."

Articles have appeared in the "Daily World" and "People's World," both of which are communist newspapers, criticizing Cleaver and advocating unity between blacks and whites. For example the June 6, 1970, issue of "People's World" contained a feature article in which the writer said Cleaver "succumbed to petty-bourgeois despair" when he issued "his panicky call for suicidal adventurism."

The CPUSA is oriented with the Soviets who are basically white Europeans. The BPP wants to orient itself with guerrilla-type nonwhite Marxists.

BLACK PANTHER PARTY,  
Also Known As  
Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

APPENDIX~~CONFIDENTIAL~~

~~CONFIDENTIAL~~APPENDIX"US"Also Known As  
"US", Incorporated

"US" was chartered by the State of California as a non-profit corporation in September 1966, with offices at 8211 South Broadway, Los Angeles, California. The corporation charter alleges that "US" is primarily an Afro-American cultural organization.

During the spring of 1968, however, a source advised that MAULANA RON KARENGA, true name Ronie McKinley Everett, Founder-Chairman of "US", published a booklet entitled, "The Quotable Karenga", in which he talked of revolution, black power and condemned Christianity for the plight of the black man.

In this booklet, KARENGA stated: "...You must have a cultural revolution before the violent revolution. The cultural revolution gives identity, purpose and direction. ...The revolution being fought now is a revolution to win the minds of our people. If we fail to win this we cannot wage the violent one. ...When the word is given we'll see how tough you are. When it's 'burn', let's see how much you burn. When it's 'blow up', let's see how much you blow up. And when it's 'take that white girl's head too', we'll really see how tough you are. ..."

The above source advised that "US" members are required to study and memorize this booklet. "US" members are also assigned Swahili names which they use in lieu of their given names.

A second source advised that KARENGA had spoken at various meetings in Los Angeles at which time he talked of creating an "US" army of 1,000 men, obtaining weapons and ammunition, guerrilla warfare tactics and revolution. KARENGA also stated, "The only way to get life is to take a life and as we get stronger, we will take what we want from the white man's United States." He also stated that if the police killed any "US" members, the "US" organization would kill some of them.

APPENDIX CONTINUED~~CONFIDENTIAL~~

APPENDIX CONTINUED

"US"

Also Known As  
"US", Incorporated

The first source above advised that KARENGA also stated that race riots throughout the country were not riots but were actually revolts or revolutions and that the black people were going to win their freedom by violence if necessary.

A third source advised that KARENGA stated that a revolution would take place in the future and that no one can believe in black revolution without believing in armed conflict because the two go hand in hand.

The first source above advised that the "US" organization has approximately 20 militant, hard-core members, a number of whom have been arrested for possession of incendiary devices, attempted arson, armed robbery and burglary. "US" members are known to carry firearms. There are an estimated additional 75 to 100 individuals, ranging in age from 4 to 40, who attend meetings and social activities sponsored by "US" which are closed to anyone not of the Negro race.

A fourth source advised that in addition to the offices at 8211 South Broadway, Los Angeles, "US" also maintains an office at 7228 South Broadway, wherein they hold most of their meetings and social activities.

The "US" organization opened an affiliate office in San Diego, California.

The word "US" refers to the personal pronoun and is not an abbreviation.

# Cleaver and 10 Others Flying to North Korea

MOSCOW (UPI) — Eldridge Cleaver, and Robert Scheer, a California candidate for the U.S. Senate, led an 11-person delegation to North Korea today to try to make the American military presence in South Korea a new target of the anti-war movement.

"By going to Korea, we want to take on the brainwashing and propagandizing that has gone on about Korea in the United States since the time of the Korean War," said Scheer, former editor of Ramparts magazine. Scheer, 34, is the Peace and Freedom party candidate for the senate seat held by Republican George Murphy.

"I want to see to it," said Cleaver, the fugitive Black Panther leader and author, "that wider and wider circles of American people become familiar with a part of their history that has been lost and still exists in Korea—a history of U.S. imperialism in Korea."

Their delegation included Americans representing a cross-section of the antiwar movement—students, New Left underground journalists, Black Panthers, a Woman's Liberation organization campaigner and a representative of GI dissidents.

They were leaving for Pyongyang, the North Korean capital, on the weekly Moscow-Pyongyang flight and planned to stay about a month at the invitation of the Committee for Reunification of Korea.

"We're going to begin a process of developing a movement in America that extends our struggle against the war in Vietnam to a general struggle against U.S. imperialism, especially in Korea," Scheer said.

Cleaver, who fled the United States in 1968 after Oakland (Calif.) police accused him of participating in a Panther-police shootout, said little and it was clear he did not care to discuss his fugitive status. His wife, Kathleen, is in Pyongyang awaiting the birth of their second child.

The other members of the group included Anne Froines, a member of the New Haven, Conn., Panther defense group

and wife of John Froines of the "Chicago Seven;" Elaine Brown, a Black Panther from Southern California; Jan Austin, an editor of Ramparts; Andrew Truskier of the Berkeley Student Movement; Gina Blumenfeld of Berkeley; Randy Rappoport of the Boston Woman's Liberation movement; Janet Kranzberg of the New Left "Newsreel Project" in New York City; Pat Sumi, representing The Movement for a Democratic Military at Camp Pendleton Marine

Base, and Alex Hing of the Red Guard in San Francisco's Chinatown.

Scheer said financing for the trip was arranged individually and not by the North Koreans.

## Hanoi Observance

HANOI, North Vietnam, Aug. 18 (Agence France-Presse)—In the presence of a delegation from the American Black Panther party led by Eldridge Cleaver, North Vietnam celebrated an "international day of solidarity with the black people of the United States" today. The Panther delegation, which was invited by the Vietnam Committee of Solidarity with the American People, consisted of some 10 persons, including Elaine Brown, vice minister of information of the Panthers; Jan Austin, a mem-

ber of the editorial board of Ramparts magazine; Alexis King of San Francisco and Regina Blumenfeld of the women's liberation movement. Cleaver, who is the Black Panthers' minister of information, has been living abroad, principally in Algiers, since 1967, when he became a fugitive from California, where he is alleged to have violated parole.

ca. It sheds the blood of young blacks in Indochina while their compatriots have need of their arms and their brains to engage the struggle in the U.S.A." the editorial continued. "We follow with deep sympathy the progress realized by the black people in the United States on the difficult path of resistance and courage, similar to our own struggle against aggression." Avoiding any reference to racism, the editorial stressed several times that the struggle of American blacks was part of the world revolutionary

ber of the editorial board of Ramparts magazine; Alexis King of San Francisco and Regina Blumenfeld of the women's liberation movement.

Cleaver, who is the Black Panthers' minister of information, has been living abroad, principally in Algiers, since 1967, when he became a fugitive from California, where he is alleged to have violated parole.

An editorial in the official Communist party newspaper, Nhan Dan, entitled "An Inevitably Victorious Cause,"

likened the struggle of American blacks to that of the Vietnamese.

"The Vietnamese people, who are now opposing the American imperialist aggressors with arms, consider the black people of the United States in the struggle for their emancipation as their natural companions in arms and allies," it said.

"The more the Nixon group develops its aggression in Indochina, the more it develops its repression and terror against the black people and the forces of peace and progress in Ameri-

movement and was developing "in union with the progressive white forces in America."

SALE OF WANTED FLYER

OO: SF

The attached enlargement of the FBI Wanted Flyer on Cleaver was recently purchased by clerical employee [redacted] of the Mail Room for \$2 from the Universal Newsstand and Book Company, 405 11th Street, N.W., Washington, D. C. This flyer was observed as recently as today displayed on the wall of the Universal Newsstand Company still for sale to the general public for \$2. This would appear to be an improper duplication and use of an official Bureau Wanted Notice.

## RECOMMENDATION:

That this matter be referred to the Special Investigative Division for consideration as to the legality and/or propriety of duplicating and selling copies of an official Bureau Wanted Notice. (The attached copy should be returned to employee [redacted])

With regard to the legality or propriety of duplicating FBI wanted notices, the Legal Research Unit of the Training Division has advised that the Government has no right involving copyrights where its material is concerned and, therefore, there is no infringement of a copyright involved in the duplicating of a FBI wanted notice.\* It should be noted that since our primary purpose in putting out wanted notice such as a wanted flyer or identification order is to generate publicity concerning an individual's wanted status, we would have difficulty in establishing a sound basis for objecting to action by somebody else in duplicating and giving further distribution to one of our wanted notices. With specific reference to Eldridge Cleaver, the subject of the attached wanted flyer, it is noted that we have developed information that he is in Algeria from where he cannot be extradited.

While we could conduct inquiries to determine the identities of the actual individual or company responsible for reproducing an enlarged version of the Cleaver wanted flyer, it is recommended no action be taken to do so since there is no legal basis on which to object to the reproduction, even though the enlarged reproduction is being sold commercially.

BLACK PANTHER PARTY, aka  
Black Panther Party for  
Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Honorable J. Edgar Hoover  
Federal Bureau of Investigation  
Washington, D. C.

Dear Mr. Hoover:

During this administration and the past administration, I have read of the arrest and conviction of people who have threatened the President of the United States, under an appropriate law.

Last night, on nationally televised T.V., on a program called 60 Minutes, conducted by Harry Reasoner and Mike Wallace, a black panther leader, I think, Eldridge Cleaver, used language which to me, seemed to be a clear threat on the life of the President of the United States. So far as I know, no action has yet been taken and it may be that Cleaver's remarks were legally worded in such a way that they did not constitute a threat. From what he said, however, if the threat was not made, it was certainly intended. He mentioned the President's name and said that he would shoot his way into the Senate and blow Senator McClellan's head off and then mentioned President Nixon, you and others.

Perhaps your office intends to investigate this matter. If not, and I am incorrect in my position, please let me know. If the threat was made and he is not being prosecuted, I would like to know why.

Thanking you for enlightenment on this, I am,

Sincerely,

MJR:dc

Dear Mr. Hoover,

Please tell me why there is no laws or hi judges to do something about National T. V. (CBS) programs, that will allow a Black Panther "Eldridge Cleaver" to make a statement like he made, Tuesday nite on "60 Minutes" Aug 18th 9 o'clock.

If you did not hear you really missed something. I was shocked to think anyone black or white could think of such, much less air it to millions.

He said he would shoot our Presidents head off, also J. Edgar Hoover, and two Senators. I do not recall their names.

I think we have a wonderful President and a wonderful country, and you do a beautiful job.

Sincerely,

**RACIAL MATTERS - BLACK PANTHER PARTY**

A confidential source, who has furnished reliable information in the past, recently advised that individuals working in the Office of the Committee to Defend the Panthers, Washington, D.C., Chapter, were in possession of a letter, hand written, which bore the signature of Eldridge Cleaver, Minister of Information of the Black Panther Party (BPP).

The Committee to Defend the Panthers has been publicly identified as an organization formed to raise funds for legal expenses and to inform the public about the BPP and their treatment by Government, courts and media. The Committee to Defend the Panthers is the only Defense Committee authorized by the BPP. The Washington branch of the Committee opened an office in July, 1970, in Room 1021 of the Dupont Circle Building, 1346 Connecticut Avenue, N.W., Washington, D.C.

The BPP is characterized in the appendix.

Source advised that the above mentioned letter indicated Cleaver did not like Algeria, did not like the language of the Algerians, and felt the people were "cold." The letter indicated Cleaver desired to return to the United States, but Charles Garry had told him to stay there until the United States Government is overthrown. In the letter Cleaver mentioned that he had to stay away from his wife

Reurairtel 8/27/70.

The Bureau is not aware of any other instances wherein field offices have received unusual requests for identification orders or wanted flyers, therefore, it would appear unnecessary to alert other field offices at this time. These wanted posters, of course, are furnished to postmasters for appropriate display in the various post offices and not for distribution. You should insure that the postmaster at the University Branch is made aware of this fact and request that his employees at the post office are similarly advised.

These wanted posters are printed to afford maximum publicity to the fugitive status of an individual. It is, therefore, desirable to distribute the posters to logical sources to achieve maximum results but at the same time it is not possible to completely control the distribution so that certain groups, such as college students, are prevented from possession or display of same. As a matter of fact, it is not a violation of Federal law to reproduce or alter an FBI identification order or wanted flyer.

You should, however, in light of the information in reairtel, examine your procedures as to distribution to insure the best possible use is being made of the wanted posters.

CWH:cs (8)  
5 SEP - 8 1970

When requesting copies of the flyer from our [redacted] [redacted] she advised that unusually heavy requests for the above wanted flyers have been received from the University Branch of the U. S. Post Office and that she had sent on three occasions approximately ten copies of the above wanted flyers. She said on the last occasion she inquired as to why this many posters was needed and an unidentified female in the Postal Inspector's Office who was requesting the posters advised that it was not for the post office but was to satisfy requests from students at the University of Hawaii. [redacted] at this time told the unidentified female that she did not have supplies in sufficient quantity to give to the general public and that if anybody wanted copies they should communicate with this office.

b7C

At this time the unidentified female stated that she had heard from an unidentified Narcotics agent who happened to be in the Postal Inspector's Office at that time that he had heard rumors at the University of Hawaii that Political Science students were trying to obtain copies of these posters to post on their dormitory walls in a form of "hero worship." Efforts by [redacted] to pin down the source of this information were to no avail. [redacted] dutifully brought this information to the attention of the SAC.

b7C

While it is not known whether the action being initiated at the University of Hawaii will develop into a nationwide trend, nevertheless it is possible this will be a new "college fad" in the ensuing weeks, and the Bureau might desire to alert field offices to this possibility wherein they receive unusually heavy demands for IOs or wanted flyers on the above captioned individuals that would not be consistent with normal distribution. The Bureau might also consider the possibility at the same time of instructing field offices to alert their postmasters within their districts to a similar situation so that the appropriate FBI Office can be alerted to unusually heavy requests.

The Bureau can be assured that further inquiries received similar to [redacted] will be answered in a like manner. Honolulu's Postmaster and Postal Inspector are being appropriately alerted. If there is any additional pertinent information in this matter the Bureau will be appropriately advised.

I, JOHN W. KEKER, being duly sworn, deposes and states:

1. I am an attorney of record for the defendant in this action which is set for jury trial on February 24, 1978 in the Alameda County Superior Court.

2. On information and belief, the witness subpoenaed, or his duly authorized representative, has in his possession or under his control the documents described in Exhibit "A", which is attached to the accompanying subpoena duces tecum.

3. The information requested is material and essential to the proper and fair presentation of the defense of the Defendant, and will facilitate the ascertainment of the facts in this case, for the following reasons which I set forth on information and belief, based on my examination of documents available to me.

Eldridge Cleaver was indicted on April 24, 1968, on three charges of attempted murder and three charges of assault with a deadly weapon. All charges stem from an incident on April 6, 1968, involving members of the Oakland and Emeryville Police Departments members of the Black Panther Party. Other Black Panther members participating in the incident are Bobby Hutton, Warren Wells, Charles Bursey, David Hilliard, Terry Cotton, John Scott, Wendell Wade, Donnell Lankford. Each of the persons allegedly assaulted by Eldridge Cleaver -- Nolan Darnell, Richard Jensen, and John Schlim -- were at the time members of the Oakland Police Department.

Officers Darnell and Jensen have testified that the incident began when they were fired upon without provocation. They claim that they employed no unnecessary, excessive or illegal force. John Schlim has testified to the effect that the alleged assault occurred while he was trying to apprehend suspects in the back of or alley adjacent to 1218 28th Street, Oakland, the place at which Eldridge Cleaver was arrested. Numerous officers testified before the Grand Jury that returned the indictment against Eldridge Cleaver and at trials of co-defendants that Bobby Hutton was arrested at the same time and place as Eldridge Cleaver, and killed trying to escape.

Each of the officers who has testified has explained his position at the location of the incident occurred as a result of police practices and procedures. However, on April 6, 1968, Eldridge Cleaver and other members of the Black Panther Party claimed they were the objects of a police vendetta. On and before the date of the incident, Eldridge Cleaver received numerous telephone calls from unnamed sources, such calls coming not only to his home, but to whatever house he visited. The pattern of the calls,

and the fact that the anonymous callers somehow knew both Cleaver's travel plans and his whereabouts, strongly suggests electronic surveillance of Eldridge Cleaver's phone, of the phones in the Black Panther Party office, and of the phones of Eldridge Cleaver's friends, acquaintances and fellow party members.

Emory Douglas, the Minister of Culture of the Black Panther Party at the time of the incident, has testified that on April 5, 1968, he received anonymous telephone calls at Black Panther Party Headquarters, which calls threatened the lives of Black Panther Party members, and specifically threatened the life of Eldridge Cleaver. Such calls are believed to result from intelligence activity of some governmental agency.

On April 6, 1968, the date of the incident, a person claiming to be associated with the San Francisco Police Department came to Black Panther Party Headquarters in Oakland, California to say he would be a pipeline for the Black Panthers, and stating further that the police were going to try to trick the Panthers so that the police could kill them. The officer further warned that the Oakland Police Department was planning to raid Black Panther Headquarters and advised that any weapons be removed therefrom. This alleged policeman has not been identified, and it is believed that he was an operative of a government law enforcement agency, acting in an undercover capacity to infiltrate, spy upon or provoke the Black Panthers.

The Federal Bureau of Investigation maintained surveillance on Black Panther Party Headquarters and upon party-related locations beginning no later than February 26, 1968, and continuing up to and including the date of the incident. In addition, the long distance numbers called from Cleaver's home phone were investigated as early

as December, 1967, by the Federal Bureau of Investigation; some persons to whom Cleaver placed calls were also investigated. Cleaver was listed on the Federal Bureau of Investigation's Security Index; a separate listing on the FBI's "Rabble Rouser Index" was reserved for the Black Panther Party and identified members thereof, including Eldridge and Kathleen Cleaver. By the date of the incident one or more informants reporting to the FBI [and/or to other governmental agencies] had infiltrated the Black Panther Party and were in positions whence they could both report on the planned activities of the Black Panther and also effectuate disruptive tactics directed by their employer agency. The FBI regularly transmitted to local law enforcement agencies information gathered from such informants and surveillance, and notified such agencies of the plans and activities of Eldridge Cleaver and the Black Panther Party.

As early as 1961, the California Department of Corrections had targeted Eldridge Cleaver as a black activist and follower of the Black Muslim Movement. Prior to the release of Cleaver from incarceration in December, 1966, the FBI requested the Department of Corrections to identify and closely watch such "Malcolm X types" and to notify the FBI upon their release so the FBI could continue surveillance. Cleaver was so identified.

Public documents [see e.g., Church Committee report] have established that on or about the date of the incident domestic intelligence activities were conducted by various government law enforcement and intelligence agencies against so-called black extremist groups, activities designed to spy upon such groups, to disrupt their activities, to assassinate or cause the assassination of their leaders, to spread lies and untruths about such groups, to

cause internal dispute and dissension, in short, to eradicate such groups, including the Black Panther Party. Much of this activity was illegal. Eldridge Cleaver, the Black Panther Party, and its members, Cleaver's friends, and with organizations which he associated, were targets of such surveillance and activities conducted by the Federal Bureau of Investigation.

The FBI has recently released a voluminous amount of heavily censored documents concerning the COINTELPRO operation against Cleaver and the Black Panther Party. These documents show a concerted intelligence of the type described above. However, according to news reports over 16,000 pages of documents have been held back. Defendant seeks such of these documents as come within the purview of this subpoena.

The just described intelligence activities evidence the interest on and about April 6, 1968, of domestic law enforcement and intelligence agencies in the activities of Eldridge Cleaver and the Black Panther Party. Further, the killing of Bobby Hutton during the incident and the attendant violations of State and Federal law spurred the interest of said agencies. The FBI conducted an investigation of the incident, and has taken statements from witnesses in addition to those heretofore produced at trial or provided to the Oakland Police Department or to the Alameda County District Attorney.

On information and belief, defendant Cleaver was a target of surveillance, conducted by this agency, including illegal surveillance, and was a victim of activities, including illegal activities, of this agency designed to destroy or discredit Cleaver and/or the Black Panther Party and its leaders and members; the events of April 6, 1968, are partially attributable to such

activities conducted by this agency; this agency was a party of the law enforcement conspiracy to discredit and destroy Cleaver, the Black Panther Party, and its leadership; further, this agency participated in an investigation of the April 6, 1968 incident and has information relating thereto.

Defendant needs the subpoenaed materials on surveillance of himself and of the parties described in Exhibit "A" to the Subpoena in order to prepare his defense, for the following reasons:

1. The evidence relates directly to the truth of police officers' assertions that their presence at the scene of the arrest was the result of normal police procedures, rather than the result of a purposeful and concerted conspiracy among various law enforcement agencies to harass, intimidate or even assassinate Eldridge Cleaver and/or other Black Panthers.

2. The evidence also directly bears upon whether the officers' firing upon Eldridge Cleaver and the other Black Panther Party members present at the scene of the incident was an attempt to effectuate an arrest, was in self-defense or was unprovoked and/or excessive force intended to kill Eldridge Cleaver and/or other Black Panthers without legal cause or justification.

3. The material also relates to Cleaver's state of mind on April 6, 1968, and to whether the officers were acting in the course of official duty during that incident.

4. The records will also relate to the truthfulness of witnesses' statements and testimony concerning the incident, an issue particularly important here where the likelihood that Bobby Hutton was murdered by police officers immediately following his arrest provides motive, bias and interest for the police

officers to have distorted their public testimony about the preceding conduct of Hutton and Cleaver.

5. The material subpoenaed is not available for inspection by the general public, and the defendant cannot obtain such material through his own efforts. Defendant has prosecuted an F.O.I.A. suit to obtain such materials, but such materials to a great extent, have not been obtained.

ORDER RE PUBLICITY

16 ---o0o---

17 At the time of the incident which gave rise to the charges  
18 filed against the defendant in this matter, and for the past  
19 months since the defendant's return to this jurisdiction, there  
20 has been a great deal of publicity concerning this case in the  
21 various news media.

22 Inasmuch as the time of trial is now approaching and it has  
23 been indicated that motions will soon be before the Court in  
24 which evidence will be produced, in order that further hearings  
25 and the trial be conducted in a fair and objective manner, without  
26 being influenced by comments and discussions outside the courtroom,

11 document, exhibit, or any other evidence, including but not limited  
12 to any statements or evidence produced at the Grand Jury hearing  
13 in this matter, or any other evidence which such person believes  
14 or alleges to be relevant to this case.

15 Nor shall any such persons express outside of court an opinion  
16 or make any comment for public dissemination as to the weight,  
17 value or effect of any evidence as tending to establish guilt or

19 Nor shall any such persons issue any statement as to the  
20 identity of any prospective witness or his probable testimony or  
21 the effect thereof.

22 Nor shall any person make any out-of-court statement as to  
23 the nature, source, or effect of any purported evidence alleged to

31 This order does not include any of the following:

32 (1) Factual statements of any of the defendant's name, age,

1 residence, occupation, and family status.

9 (5) A request for assistance in obtaining evidence.

10 (6) Any information as to any person not in custody who is  
11 sought as a possible suspect or witness, nor any statement aimed  
12 at warning the public of any possible danger as to such person not  
13 in custody.

14 (7) A request for assistance in the obtaining of evidence  
15 or the names of possible witnesses.

16 Further, this Order is not intended to preclude any witness  
17 from discussing any matter in connection with the case with any of  
18 the attorneys representing the defendant or the People, or any  
19 representatives of such attorneys.

20 IT IS FURTHER ORDERED that a copy of this Order shall be  
21 attached to any subpoena served on any witness in this matter, and

Re: 60 Minutes - CBS - Monday,

and Mike Wallace.

Dear Stu:

With reference to the above mentioned program coming into my home via TV, with various situations, one of which I desire to call to your attention -- it relates to one Eldridge Cleaver's direct charges relating to the very life of our President, FBI Director J. Edgar Hoover, several Senators, etc.

It is hard for me to understand that an individual like Cleaver can be free to challenge the very lives of our great leaders and apparently no effort is made to bring such a destructive individual to be accountable for such un-American activities. Yes, again, I fail to understand.

Won't you take time out to check this TV program of August 17, 1970 and if there is an answer, you tell me just how we can protect ourselves against such verbal, vicious attacks.

Sincerely,

HB:AD

The attached copy of an article appearing in the New York Times of this date reflects that Eldridge Cleaver, a fugitive from justice from the State of California, is currently heading a ten-person delegation to North Vietnam. Included in the delegation are Elaine Brown, the vice minister of information of the Black Panthers, and Jan Austin of Ramparts magazine. This is to request that an investigation of any potential violations of Federal statutes be conducted.

In the event Cleaver, or the other Americans traveling with him in North Vietnam, should commit any overt act giving aid and comfort to North Vietnam, it is our opinion that a violation of the treason statute, 18 U.S.C. 2381, could result. Such overt activity might consist, for example, of radio broadcasts by Cleaver or the others on behalf of the North Vietnamese or the making speeches reflecting adherence to their cause.

In addition, we have been advised by the Department of State that Cleaver does not currently hold a valid United States passport. Consequently, his departure from the United States would appear to be in violation of 8 U.S.C. 1185(b). If any of the other persons traveling with Cleaver possess valid United States passports and use them for travel in North Vietnam, or any other restricted area, they would be in violation of 18 U.S.C. 1544.

Moreover, should Cleaver or the others engage in any financial transactions of whatever nature during their sojourn in North Vietnam, they would be in violation of the Foreign Assets

THE NEW YORK TIMES, WEDNESDAY, AUGUST 19, 1970

## Cleaver and Black Panther Group Attend Hanoi Observance

HANOI, North Vietnam, Aug. 18 (Agence France-Presse)—In the presence of a delegation from the American Black Panther party led by Eldridge Cleaver, North Vietnam celebrated an "international day of solidarity with the black people of the United States" today. The Panther delegation, which was invited by the Vietnam Committee of Solidarity with the American People, consisted of some 10 persons, including Elaine Brown, vice minister of information of the Panthers; Jan Austin, a mem-

ber of the editorial board of Ramparts magazine; Alexis King of San Francisco and Regina Blumenfeld of the women's liberation movement. Cleaver, who is the Black Panthers' minister of information, has been living abroad, principally in Algiers, since 1967, when he became a fugitive from California, where he is alleged to have violated parole. An editorial in the official Communist party newspaper, Nhan Dan, entitled "An Inevitably Victorious Cause,"

likened the struggle of American blacks to that of the Vietnamese. "The Vietnamese people, who are now opposing the American imperialist aggressors with arms, consider the black people of the United States in the struggle for their emancipation as their natural companions in arms and allies," it said. "The more the Nixon group develops its aggression in Indochina, the more it develops its repression and terror against the black people and the forces of peace and progress in Ameri-

ca. It sheds the blood of young blacks in Indochina while their compatriots have need of their arms and their brains to engage the struggle in the U.S.A." the editorial continued. "We follow with deep sympathy the progress realized by the black people in the United States on the difficult path of resistance and courage, similar to our own struggle against aggression." Avoiding any reference to racism, the editorial stressed several times that the struggle of American blacks was part of the world revolutionary

movement and was developing "in union with the progressive white forces in America."

Copies of this memorandum have been provided locally to intelligence agencies of the Army, Navy, Air Force and to the U.S. Attorney and Secret Service.

A characterization of the Black Panther Party (BPP) appears in the appendix.

Leroy Eldridge Cleaver is BPP Minister of Information.

The September 26, 1970 issue of "The Black Panther", the official BPP newspaper, contains an article captioned "Statement by Eldridge Cleaver to GI's in South Vietnam". According to this article the contents were a speech delivered by Cleaver over the Voice of Vietnam Radio Hanoi in August of 1970. In it Cleaver calls for U.S. soldiers in Vietnam to "desert--if you don't want to do anything else. If you can get up the courage to do it, you should start ripping off those Uncle Toms and those pigs who're giving you orders to kill Vietnamese people. You should start blowing them away. Throw those hand grenades at them. And put the dynamite up under their houses, up under their jeeps. And rip off General Abrams."

## STATEMENT BY ELDRIDGE CLEAVER TO GI'S IN SOUTH VIET NAM

This is Eldridge Cleaver. I'm in Hanoi right now, traveling with the U.S. Peoples Anti-Imperialist Delegation. We've been in Asia now for two months. We've visited North Korea and China, and we're now in the Democratic Republic of Vietnam. Our delegation is made up of a cross-section of the anti-war movement; and this includes two members of the Black Panther Party. We came to Asia to check out the situation as a result of the change in the government's policy under Richard Pig Nixon. Particularly, we wanted to find out what was the situation in Asia after the invasion of Cambodia. And we had this opportunity to talk to you cats over the Voice of Vietnam Radio. And this is a rare opportunity. So we're taking full advantage of it. We'd never get this opportunity over the Voice of America, or over the Armed Forces Radio Service, because those pigs keep you cats jacked up to where you don't know what's going on in the world. Probably the only thing you can read is the crap in Time Magazine or Life Magazine or the Stars and Stripes, which is not going to tell it like it is.

I want to say something in particular to the Black GI's — brothers who've gotten tricked off into Vietnam by racist pigs, who have you over here committing murder and genocide, all kinds of atrocious acts against the Vietnamese People. We've been talking to representatives of the VietCong, talking to people in North Vietnam, and we've been told about what's been going on and what you're doing down there. And I find it difficult to understand what's going on inside you cats' heads, because I know that you know about Richard Nixon. You know that he's a racist pig, and that he doesn't care anything about Black People. You know that a pig like Spiro Agnew is the enemy of Black People; and, that they're

nothing but a bunch of cheap politicians, power-hungry politicians who're running a game, and who're fronting you off — have you over here at the risk of your life, and at the risk of many deeper interests, which I want to talk about in a minute. But they have you going through all these changes, supposedly in defense of America. They tell the people in America that it's necessary to invade Cambodia in order to protect "our boys" in Vietnam. And then they tell you that you have to stay in Vietnam in order to protect the American People and to stop communism. But this is nothing but a bunch of words, a bunch of rhetoric that has been worked out by the would-be world conquerors to justify what they're doing. What they want to do is to dominate the world and control the world so that their big corporations can exploit the natural resources of the people and enslave the people, just so they can have power and control the world. That's all that's involved. There's no such thing as having a right to be over here. There's no such thing as the Vietnamese people wanting them over here. They've got a few bootlickers over here, like the Thieu-Ky clique in Saigon, and all those other bootlicking puppets they've had in the past—chumps like Chiang Kai-shek, sitting off in the middle of the water, talking about he's the rightful ruler of China. This is nothing but a bunch of power politics, and they're using you cats as cannon-fodder to carry this out.

I live in the state of California myself. And I know Richard Nixon. I been checking this chump out over the years. And I wouldn't risk the life of a fly, of a dead fly for anything that lying chump would say. And you should know it, if you don't know, that there's a war going inside of Babylon, inside the United States of America. Not a day goes by now that you can't hear about

some pig getting offed by a brother, or some brother or sister getting offed by a pig. Because Black people have risen up throughout the U.S. and they're moving for their liberation, and we're trying to put together a Black Army so that we can take our freedom from these pigs who are fully determined to keep it from us. And we find

that the bulk of our troops are either in prison or over in Vietnam.

It is the duty of the young warriors to secure the tribe, to secure the people, to fight and to die for the security of their people. I mean, that's the duty of young warriors, that has been the duty of young warriors all down through history. But it's definitely not the duty of young warriors to be way over here in Vietnam, carrying out atrocious, vicious murder and genocide against these people, while these same racist pigs who have you over here are carrying out genocide and vicious oppression against your people back home. I know that you know about this. You're probably saying to yourself that you're just going to stick it out' and if you live, you'll go back and join in the struggle and do something about it. But there's no reason why you have to wait until you get back before you start moving. As a matter of fact, if you try to do that, some of you are not going to make it back, a lot of you are not going to make it back.

And in talking to the representatives of the Viet Cong, some of the cats and some of the chicks who've actually been down there shooting at you chumps, they tell us that it seems to be more and more Black G.I.'s on the front lines these days. And from the amount of casualties, the amount of dead bodies coming back to the U.S., we know, and we know historically, that these White racist pigs are fronting the brothers off and sticking them out front, so that they get ripped off.

Now the reason for this is that in the first place they didn't want you running around in the streets of the U.S., because of the struggle that's

going on there. They didn't want you there because you would have participated in the struggle. So you were faced with either going to jail or going to Vietnam. And now that you're in Vietnam, they'll train you to be murderers and to use guns and to use hand grenades and all other forms of weapons. So you know that they don't want you to go back to Babylon now, with all the things that are going on there. So what they're doing is programming this thing so that you cats are getting phased out on the battlefield. They're sticking you out front so that you'll get offed. And that way they'll solve two problems with one little move: they solve the problem of keeping a large number of troops in Vietnam; and they solve the problem of keeping young warriors off the streets of Babylon. And that's a dirty, vicious game that's being run on you. And I don't see how you can go for it.

There's a large anti-war movement in the U.S. The Congress and the Senate is divided over whether or not the troops should be withdrawn now or later. People no longer argue about whether or not the war is justified. Even that foul, perverted pig Nixon doesn't do it in the U.S. He may be saying that to you cats over here, because they have you isolated from the main current of events, and the main current of news and the thinking of the people. But everybody now is talking about when can the troops be withdrawn, and all of that. And while they go through all these jive changes, all this verbal bull, you're out there on the line. And everyday you're getting ripped off. And you don't know whether you're going to live two more days or one more day. But I say that it's necessary, and it's your duty to take action now, or to put an end to this. Because your life is too valuable, and your people need you.

So instead of just walking around on a trip, hoping that you survive, why don't you do something to insure your survival. Demand. You can get together, draw up a petition and send it to

the lawyer of the Black Panther Party, Attorney Charles R. Garry. He's a Black Panther lawyer, and, he'll deal with this case, if you cats ask him to do this. His address is 341 Market Street, San Francisco, California. And you can figure out some way to get in touch with this cat, and express your opposition to the war.

Another thing I want to let you know about is Brother Huey P. Newton is out of jail. You probably have heard about this. He's back on the streets giving leadership to the Black Panther Party again. And the struggle is really speeding up. And we need you brothers there to join us in the struggle for the freedom and the liberation of our people. And this is necessary. And it's your duty. Our Chairman, Bobby Seale, is in jail right now, and they're trying to put him on trial for his life in the state of Connecticut, in New Haven. They want to execute the brother. And you brothers can create an issue that would be very helpful. If you would get a petition together and get all the brothers—not only the brothers, but the White cats there too, anybody that can relate to reality—get them to sign this petition. And send copies of it to Charles R. Garry, our attorney. And send it to the NAACP. It doesn't matter who you send it to, but just make some noise about this. And let the people know and let the world know that you don't appreciate being over here in Vietnam, fighting for so-called freedom, while your brothers and sisters are being railroaded through these jimcrow, racist courts back in Babylon. You should do some of these things.

Also, if you have enough soul and if you have yourself together, instead of stumbling around down there until you get ripped off—and these cats will rip you off—you should desert—if you don't want to do anything else. If you can get up the courage to do it, you should start ripping off those uncle toms and those pigs who're giving you

orders to kill the Vietnamese people. You should start blowing them away. Throw those hand grenades at them. And put that dynamite up under their houses, up under their jeeps. And rip off General Abrams. Do something to let the people know that the revolutionaries in the armed forces want this war brought to an end. And later for them. Because they're killing you anyway. And they got the stockades all over the U.S., all the stockades are full of people, a whole lot of brothers who've been trying to protest against the war and express themselves. They're just driving them through these courtmartial and giving them a whole lot of time trying to fight and die for democracy, when they know that democracy doesn't exist. Our struggle in the U.S. is to create democracy for the people, because it doesn't exist. It has never existed. It just exists on paper. And these pigs have thrown the paper away today.

So you cats should either just in mass stand up and say that you're not going to fight no more and you want to go back to Babylon and deal with the real issues and deal with the pigs who have sent you over there and have got so many of your friends ripped off for nothing. Demand an end to the war; or, desert; or, begin to carry out revolutionary activity, such as sabotage and offing these racist pigs, so that they don't come back to Babylon so we have to deal with them too. Because one of the important things that we're confronted with these days is: they take these cats to Vietnam, turn them into cold-blooded, vicious murderers, and then take them back to the U.S. and put them on the police forces. And turn them loose on the Black community. And we have to contend with that. And they're treating us the same way they want to treat the Viet Cong. But the news is that the brothers and sisters in Babylon have gotten hip to the situation.

continued on next page

They've picked up some techniques and they're treating those pigs the same way the Viet Cong are treating you fools down there right now.

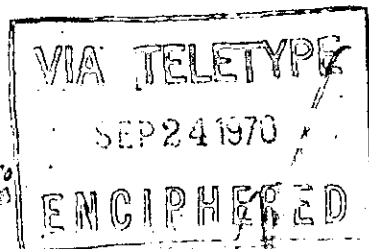

So we want you to know that we recognize the trick that's been run on you, and that we're on your side, because we recognize you to be the potential revolutionaries who could bring about a lasting change in the U.S. And this is what we need. So we want you to come out of that trick bag in Vietnam, and come on back to Babylon, so we can do it in the road where it need to be done.

So I'm going to take every opportunity I can to say a few words to you cats on the Voice of Vietnam Radio. And we're going to see to it that a lot of other people will say things to you so that you can see what's going on. Because I know that these pigs are not telling it to you like it is. And we will be interested to know what you're thinking, and to know whether or not you heard this message. And you can do that by sending us word to the Black Panther Party. And find out some way to do that. Get you sister or your mama or a friend, somebody, to get word to us. So why don't you start thinking, brothers, and all you other cats. And wake up to what's happening. And do something about it before it's too late.

ALL POWER TO THE PEOPLE  
REVOLUTIONARY POWER TO THE  
SOLDIERS IN VIETNAM--Who should be in the  
United States killing pigs like Richard Nixon,  
Spiro Agnew, and all those other war-mongering  
dogs who're getting our brothers killed in  
Vietnam.

SUBSEQUENT JUDICIAL PROCEEDINGS IN THE STATE OF CALIFORNIA LED TO THE ULTIMATE STATE SUPREME COURT ACTION WHICH SUSTAINED THE REVOCATION OF CLEAVER'S PAROLE. CLEAVER WAS TO RETURN TO COMPLETE THE SERVING OF HIS SENTENCE ON NOVEMBER TWENTY-SEVEN, NINETEEN SIXTY-EIGHT.

CLEAVER REFUSED TO RETURN TO PRISON AND FLED TO AVOID CONFINEMENT. FEDERAL UNLAWFUL FLIGHT PROCESS ISSUED THEREAFTER ON DECEMBER TEN, NINETEEN SIXTY-EIGHT, AT SAN FRANCISCO CHARGING UFAC AS INDICATED ON IDENTIFICATION ORDER.

FOR FURTHER INFORMATION LEGAT, STATE DEPARTMENT HAS PREVIOUSLY CONSIDERED SAME POTENTIAL SITUATION AS CONFRONTING THE WEST GERMAN GOVERNMENT IN THE COUNTRIES OF SWEDEN, DENMARK, AUSTRIA AND GREECE. ANY GUIDANCE DESIRED BY THE U. S. EMBASSY AT BONN SHOULD BE SECURED FROM THE DEPARTMENT OF STATE BY THE U. S. FORE EMBASSY. THERE/LEGAT SHOULD TACTFULLY SO INFORM THE EMBASSY.

NOTE:

Legat, Bonn, telephonically contacted the Domestic Intelligence Division this date requesting information concerning the background of local charges against identification order fugitive Eldridge Cleaver. This stems from the possible travel of Cleaver from Algeria to West Germany at the request of a radical organization in Germany for the purpose of making certain speeches. The West Germans apparently are concerned about whether the charges against Cleaver which may be the basis of a possible extradition request are of a criminal nature. As indicated to Legat, Bonn, this same type of situation has previously been considered by the State Department in relation to other countries where Cleaver has considered traveling. To date, it appears Cleaver will not travel to those countries that have pro-U. S. leanings since he fears arrest and possible extradition back to the U. S.

SEDITION

Reference is made to the transcript which you furnished us of two broadcasts allegedly made by Eldridge Cleaver from Hanoi on September 7 and 9, 1970. These broadcasts were reportedly aimed at American servicemen in South Vietnam.

Since some of the statements appearing in that transcript are possibly in violation of 18 U.S.C. 2387 (attempting to cause insubordination, disloyalty, mutiny or refusal of duty by members of the Armed Forces), we would appreciate your obtaining copies of the tape recordings of these broadcasts. We would also appreciate your contacting the appropriate individuals to ascertain whether any of them can make a positive identification of the voice on the tape recordings as being that of Eldridge Cleaver.

We would also like you to ascertain whether either of these broadcasts was, in fact, beamed to our troops in South Vietnam and whether any of them actually heard the broadcasts.

"RAMPARTS" MAGAZINE

"Ramparts" in a letter to subscribers dated May 1, 1968, announced that beginning June 1, 1968, it would be published biweekly at a yearly subscription price of \$15. In this letter "Ramparts" described itself as follows: "...the first national publication to consistently reveal the ribbon of lies supporting America's involvement in Vietnam; we stripped the curtain from America's 'invisible government' by exposing CIA's unlicensed intrusion into our domestic lives; we dared to write about the applications of the Catholic Church's political power; we warned, years before the Kerner report, that white racism was the base of America's racial problems; we blasted away at the corroded institutions of Cold War liberalism.

" 'Ramparts' is now the largest left-of-center commercial magazine in the history of the United States..."

Subject was in recent contact with the leadership of the BPP in Oakland, California, and reportedly told RAYMOND HEWITT, the Minister of Education of the BPP, to tell ELBERT HOWARD, the Editor of the BPP newspaper, that "The Black Panther" newspaper should have an international page and this international page should contain an article or a weekly commentary on Vietnam, Palestine, Portuguese South Africa, and/or Ethiopia. Subject went on to suggest that magazines devoted to Africa would provide a good source of information for insert material for the BPP newspaper.

The February 2, 1970 issue of "The Black Panther", the official BPP newspaper, contained an article captioned, "To My Black Brothers in Vietnam", written by the Subject. In this article he stated, "I am the Minister of Information of the Black Panther Party and I speak to you now for the Party". (Further excerpts from this article appear under section III of this report).

## III. STATEMENTS AND ARTICLES ATTRIBUTED TO SUBJECT

On September 29, 1969, television station WETA, Channel 26, Washington, D.C., broadcast a program entitled,

~~SECRET~~

~~SECRET~~

"Black Journal". The program was described as exclusive interviews with ELDRIDGE CLEAVER and STOKELY CARMICHAEL, and a visit to the first Pan African Cultural Festival (PACF) in Algeria.

STOKELY CARMICHAEL is former Chairman of the Student Nonviolent Coordinating Committee (SNCC).

A characterization of SNCC is contained in the appendix.

Concerning this program, the announcer made introductory remarks indicating that on July 24, 1969, approximately 4,000 participants from 24 African countries, and representatives of the black and Third World organizations, met in Algiers for the PACF. The announcer stated that it was designed to promote greater cooperation in the struggle for economic and political freedom of the many African nations still under the pressures of colonialism.

As to the interview with ELDRIDGE CLEAVER, and the policy of the BPP, the announcer stated that the Afro-American Center at the Festival was established by the BPP to serve as an information center and as a gathering place for Festival participants interested in the BPP movement. He stated that ELDRIDGE CLEAVER was at the Festival as a guest of the Algerian Government. He further stated that CLEAVER answered questions from Algerians and black African activists. ELDRIDGE CLEAVER stated, "Black people have been growing tired of the tactics and strategy that was practiced by the nonviolent movement....to oppress....and no amount of demonstrations would make him (the oppressor) change his mind. The BPP was organized to have liberation and our security to fight for it and to address ourselves to that need; and to fill the vacuum, the vacuum that was left when the nonviolent movement died."

The October 12, 1969 issue of "The New Journal" contained an article entitled, "Black Panthers in Algeria".

"The New Journal" is a semi-weekly publication of Yale, Inc., New Haven, Connecticut, printed

at the Carl Purington Rollins Printing  
Office of Yale University.

The article reads in part as follows:

"On Tuesday afternoon, July 22, the day after the opening of the first Pan African Cultural Festival (in Algiers)...., Eldridge Cleaver, Minister of Information of the BPP, had only recently flown to Algeria from Havana where he had been in secret self exile....Eldridge Cleaver was first asked what he thought of the moon landing the day before....'If the moon shot was calculated to help humanity, it was a dismal failure'". The article continues, "In fact, he wished that 'tricky Dick' had been one of the astronauts and that the space capsule had remained on the moon..... "

The opening press conference left a direct discussion of the U. S. and turned to the crisis in the Middle East. CLEAVER said that the BPP understood the Jews' long tradition of suffering, but it distinguished between their suffering and the problems they now cause for other people. Thus, CLEAVER expressed the solidarity of his Party with Al Fatah, the Palestinian liberation movement.

The July 13, 1970 edition of the "San Francisco Examiner", a daily newspaper published at San Francisco, California, contained an article datelined Moscow which stated in part as follows:

"Eldridge Cleaver and a candidate for the U. S. Senate from California, Robert Scheer, led an 11-man delegation to North Korea today to try to make the American military presence in South Korea a new target of the anti-war movement....'I want to see to it', said Cleaver, the fugitive Black Panther leader and author, 'that wider and wider circles of American people become familiar with a part of their history that has been lost and still exists in Korea - a history of U. S. imperialism in Korea'. They were leaving for Pyongyang, the North Korean capital, on the weekly Moscow - Pyongyang flight and plan to stay about a month at the invitation of the Committee of Reunification of Korea."

The June 28, 1969 issue of "The Black Panther" on pages 12, 13 and 14 contained an article authored by ELDRIDGE CLEAVER which was captioned "Revolution and Education". This article read in part as follows:

"In order to transform the American social order, we have to destroy the present structure of power in the U. S. We have to overthrow the government. For too long we have been intimidated into not speaking out clearly what our task is, our task is the overthrow of the government and has to be understood as being nothing but the instrument of the ruling class. The courts, the congress, the legislature and the executive branches of the state and federal government are nothing but instruments in the hands of the ruling class, to see after the affairs of the ruling class, and to continue the life of society in the interest of the ruling class. So, we're out to destroy this, to smash this machinery and to erect new machinery, but new machinery cannot be erected until the present machinery is destroyed."

The August 11, 1969 issue of the German language weekly "Konkret", published in West Germany, contained an article captioned, "A Konkret Interview with Eldridge Cleaver", which quotes Subject in part as follows:

"We are at a point where politics means only war and this means that now we must fight. Very simply put, we must not delude ourselves anymore into believing that reforms can still change some things. We have only one chance left. The chance to fight. Many think that an armed battle can be waged only in the mountains of Cuba or in Vietnam and not in the USA, but the U. S. has more mountains than Cuba and Vietnam put together....My wife, Kathleen, has given birth to a baby on this very day. So, regardless of what happens, I intend to spend some time with her. In addition, I shall continue to discharge my office of Education Minister for the BPP. Ramparts magazine has offered me the position of correspondent. I will try to report on various political events to bring about international contacts for the BPP. Then I will finish the book on which I am working now".

The article continues, and in response to the question, "What is the role of the radical left in West Europe? What can they do?", Cleaver responded, "The left radicals should do everything possible to cause the U. S. to step up its pressure. They can stage protest demonstrations and other actions in order to react to the oppression in the U. S. They can send us guns. They can send us every kind of technical equipment which they can whip up. If they know how to produce a really nice little bomb, they can send it to any revolutionary organization in the USA or they can send it to me. I know people to whom I can forward it, or they can bring it themselves to the USA and blow up something there.

"The American Revolution is the most important revolution in the world. In other words, if we get done with the situation there, it will be a lot easier for the rest of the world."

The August 23, 1969 issue of "The Black Panther" contained an article captioned, "Eldridge on Black Capitalism". This article read in part as follows:

"Capitalism in the U. S. was constructed out of the slave labor of black people; out of genocide of Indians; out of the forced labor of Chinese and exploitation of poor whites. The world now has the possibility of creating a new system that will give justice to people in the economic, political and social realm. We have the techniques to make this a reality, but this cannot become a reality until the vicious system of capitalism is rooted out of the planet Earth and the problems of capitalism routed out of the minds of men....The interest of black people and the interest of all oppressed people lies in continuing the struggle against capitalism, imperialism and racism to the bitter end."

On December 8, 1969, the Los Angeles Police Department, acting under search warrants, raided the Los Angeles office of the BPP. During a search of the premises, a number of tape recordings were seized as evidence. One of the tapes seized contained a report by ELDRIDGE CLEAVER, Minister of Education of the BPP, which read in part as follows:

"This is Eldridge Cleaver, Minister of Information of the BPP. This is a report to the Central Committee of the BPP and to the membership of the BPP. I am sitting in my hotel suite in Pyong Yang International Hotel, the capital of the Democratic People's Republic of Korea, it is known as North Korea. I came here on September 11; today is September 30 and am accompanied by brother Byron Booth, a brother who was in prison with me in the State of California and who, along with another brother, escaped from prison and hijacked a plane to Cuba, and they are working with me now in Algeria, helping to set up the information center there.

"I received an invitation to come to Pyong Yang to participate in the International Conference of Journalists. The official title of the conference was 'The International Conference of Journalists of the Whole World who are Fighting Against the Aggression of U. S. Imperialism'. The conference lasted seven days.....

"I am waiting to hear the congratulatory speech that Comrade Kim Il Sung made at the conference. Comrade Kim Il Sung is a leader of the Democratic People's Republic of Korea and truly the leader of the whole Korean people, and I have more to say about him a little later on....

(CLEAVER goes on to report on this conference, his impressions of North Korea and Premier KIM IL SUNG).

The November 22, 1969 issue of "The Black Panther" contained an article captioned, "Eldridge on Weatherman". This article reads in part as follows:

"Stop and think. Did we ever pay attention to white radicals when they told us to keep our shootouts nice and clean and middle class orderly? We call for a second Boston Tea Party in the streets of Babylon. We call for the violent overthrow of the fascist, imperialist U. S. Government ringleaders of oppression and international liberation." (The word Babylon is frequently used by CLEAVER in speaking of the U. S.).

The December 21, 1969 issue of "El Moudjahid", an Algiers, Algeria French language daily newspaper, contained an article reporting that a demonstration of support by the BPP for the struggle of the Vietnamese people took place on Saturday afternoon, December 20, 1969, at the Algiers Embassy of the Provisional Government of the Republic of South Vietnam. According to this article, CLEAVER, while surrounded by several other militants, made the following declaration:

"On the occasion of the ninth anniversary of the founding of the National Liberation Front of South Vietnam, in the name of all progressives and revolutionaries of the United States, the Black Panther Party salutes the heroic struggle of the Vietnamese people and holds out to it the hand of solidarity in its struggle against U. S. imperialism.

"We recognize the Provisional Revolutionary Government as being the only legal government of South Vietnam and support totally the ten points put forward by the National Liberation Front representing the aspirations and claims of the Vietnamese people, as being the only means of returning peace to Vietnam.

"We demand the complete and unconditional withdrawal from Vietnamese soil of U. S. troops of aggression and those

of the lackeys and barking dogs of American imperialism. We condemn the barbarous war of aggression carried on against the sovereign Vietnamese people by U. S. agressors and imperialists. The government of United States is the most hypocritical government in the history of world. On one hand it camouflages its diabolic plans for aggression and imperialist exploitation behind the facade of a crumbling democracy. On the other, it perpetuates its fascist oppression against black people, Mexican-Americans, Puerto-Ricans, poor whites, progressive and liberal whites, Indians and Eskimos.

"We salute the defeat inflicted on U. S. aggressors by the Vietnamese people who are carrying out a just war against U. S. imperialism on the sacred soil of Vietnam."

The December 31, 1969 issue of "El Moudjahid", an Algiers French language daily, contained an article purported to be an interview with ELDRIDGE CLEAVER, which reads in part as follows:

"Before we get on with this interview with Eldridge Cleaver, we would refer to the International Congress of Committees in Support of the Palestinian People which was recently held in Algiers. The Minister for Information of the Black Panther Party spoke at that Congress to affirm his party's support for the Palestinian resistance movement and the solidarity that unites black people and the struggling Palestinian people. On this point, he told us:

"Israel is a creature of American imperialism. It is a police station in the Middle East, set up for the safeguarding and protection of American imperialist interests. The Americans have always worked in the Middle East to undermine the revolutionary drive of the Arab peoples. Israel is one means by which international capitalism and imperialism hope to continue their domination of the Arab peoples, primarily so as to go on exploiting their oil wealth, which they need for their industry....."

On January 6, 1970, Columbia Broadcasting System (CBS) correspondent MIKE WALLACE presented a profile of the BPP, which included an exclusive interview with ELDRIDGE

~~SECRET~~

~~SECRET~~

SF 157-4324

CLEAVER, who was then in Algeria. The following are some portions which were extracted from the interview with MIKE WALLACE:

WALLACE:

"In his comfortable flat overlooking the Algiers waterfront Cleaver was quite direct when I asked about Panther threats against this nation's leaders.

"What purpose is served? I'm talking of shooting your way into the Senate of the United States, taking off the head of Senator McClellan and shooting your way back out. What purpose is really served by that kind of talk and what would be accomplished....

CLEAVER:

"The goal is take Senator McClellan's head. Now the process of getting his head has to rely on a strategic technique, I mean I can't just walk in and take his head and walk out. You see. I have to get past the guards and get past those who might try to protect his pig head. So to me I think that would mean shooting my way in and shooting my way out because I wouldn't want to go in, take his head and just sit there.

WALLACE:

"But right now we are at the point of trying to understand. When the American people hear that you want to shoot your way into the United States Senate, take off the head of a Senator....

CLEAVER:

"White House, take off the head of Richard Nixon.

WALLACE:

"What does that mean? This is rhetoric?

~~SECRET~~

~~SECRET~~

SF 157-4324  
FL:kah

CLEAVER:

"This is not rhetoric. I'm telling you that Richard Nixon, J. Edgar Hoover, Senator John McClellan et al. Not just them, but all of the pigs of the power structure have to be apprehended and I feel myself, you see, that the fate that they receive will depend upon the resistance they put up. I feel that they are criminals. That they are the decision makers who are programing oppression and destruction, not only in the United States, but around the world....."

An El Fatah conference was held in Algiers, Algeria, in early January, 1970. Subject gave at least vocal support to the El Fatah concept of permanent war against what he described as an alliance of capitalists and Zionists. Subject's comments against the white American society were vituperous in the extreme. He could not say anything without mentioning "the Zionist pigs" who were behind efforts to maintain American blacks in a state of oppression. He used this epitaph repeatedly when referring to certain judicial actions in connection with the arrest order pending against him in the U. S.

The March 4, 1970 issue of the "San Francisco Chronicle" contained an article captioned, "Cleaver quoted on 'Race War'". This article reads in part as follows:

"Eldridge Cleaver said black people must unleash 'race war' in a statement released yesterday in Berkeley.

"The 'unleashing' would follow the electrocution of Bobby Seale, the Black Panther Chairman accused of murder in Connecticut, according to Elbert 'Big Man' Howard, who read Cleaver's statement in a press conference at Panther headquarters in Berkeley. ....(Cleaver stated) It is nothing but an attempt to sabotage the 400 year struggle of our people for liberation. We black people must unleash the ultimate political consequences on this last -- race war."

The February 2, 1970 issue of "The Black Panther" contained an article captioned, "To My Black Brothers in Vietnam", which article reflected that it had been written by the Subject. This article reads in part as follows:

"I am writing this on January 4, 1970. We are starting out a new year. On August 31 I'll be 35 years old. I am married and I have one child, with another one on the way....and I would like to ask you brothers: Are you living the life that you want to live.... I don't believe that you actually prefer to be way over there fighting against our Vietnamese brothers and sisters who are fighting for their freedom. Because your own people, when you are left behind in Babylon, are also fighting for their freedom against the very same pigs who have you over there doing their dirty work for you. ....

"The Black Panther Party has picked up the gun too, but not to fight against the heroic Vietnamese people, but rather to wage a war of liberation against the very same pigs whom you are helping to run their vicious game on the entire world, including upon your own people....

"While you are over there in Vietnam, the pigs are murdering our people, oppressing them, and the jails and prisons of America are filling up with political prisoners. These political prisoners are your own black brothers and sisters. We have a desperate life and death struggle on our hands and if we, a people, are going to survive, then we must save ourselves. We need your help, desperately, before its too late. ....

"We appeal to you brothers to come to the aid of your people. Either quit the Army now or start destroying it from the inside. Anything else is a compromise and a form of treason against your own people. Stop killing the Vietnamese people. You need to start killing the racist pigs who are over there with you giving you orders. Kill General Abrams and his staff, all his officers. Sabotage supplies and equipment, or turn them over to the Vietnamese people. Talk to the other brothers and wake them up. You

~~SECRET~~

should start now weeding out the traitors amongst you. It is better to do it now than to allow them to return home to help the pigs wipe us out....When you can no longer take care of business inside the Army, then turn yourself over to the Vietnamese people and tell them you want to join the Black Panther Party to fight for the freedom and liberation of your own people. If you do cross over, you don't have to worry about the Vietnamese people abusing you. They will be glad to see you drop out of the Army because what they want most in life is to stop the fighting in their land. You have a duty to humanity, as well as to your own people not to be used as murderous tools of racist pigs to oppress the people."

The Danish sensational tabloid, "Ekstra Bladet", issue of March 30, 1970, contained an interview with the Subject. According to this article, at the conclusion of the interview, when asked what the average Dane could do to help, the Subject advocated that he (the average Dane) "~~blow up the American Embassy, shoot the American Ambassador.... or shoot the Danish Prime Minister.~~" According to the article, CLEAVER had been named the Aarhus Student Association honorary poet of the year, and he intended to travel up there if he could get a guarantee that he would not be delivered to the U. S.

According to the article, CLEAVER wanted to know the obligations Denmark had to the U. S. and NATO. The article indicated that if it were up to CLEAVER, there would be none and that, in fact, it was the Danish revolutionary duty to destroy NATO. The article quoted CLEAVER as having said, "I think Scandinavians are idiots if they sit on their asses and accept what is happening in Vietnam, Korea, South Africa and the USA when they have ways of helping, and I will accept the award in Aarhus, or whatever it is, strictly so that I can curse them and get the hell out of there. I believe there are some people in Denmark who understand the seriously dangerous situation."

On May 13, 1970, the BPP had printed, through a commercial printer, a 16 page pamphlet entitled, "On the Ideology of the Black Panther Party" (Part I), reportedly written by ELDRIDGE CLEAVER. Five thousand copies of the pamphlet were printed. A copy of the pamphlet was provided.

The above-described pamphlet reads in part as follows:

"When we say that we (the BPP) are Marxist-Leninist, we mean that we have studied and understood the classic principle of scientific socialism and that we have adapted these principles to our own situation for ourselves. However, we do not move with a closed mind to any ideas or information. At the same time, we know that we must rely upon our own brains in solving ideological problems as they relate to us."

The October 25, 1969 issue of "The Black Panther" contained a quotation attributed to ELDRIDGE CLEAVER, which reads as follows:

"The American flag and the American eagle are true examples of fascism and they should elicit from the people the same outraged repugnance elicited by the swastika of Nazi Germany and the flag of the rising sun of the Japanese imperialist."

The June 20, 1970 issue of "The Black Panther" contains an article captioned, "On Chairman MAO Tse-tung's Declaration of 20 May 1970". This article indicates it was authored by ELDRIDGE CLEAVER and reads in part as follows:

"Speaking specifically for the Black Panther Party, but reflecting the sentiments of millions of oppressed people inside the United States, it has become crystal clear to us that rampant imperialist aggression on the international scale and vicious fascist repression on the domestic scale are the two faces of the criminal government of the United States and the calculated policy of the American ruling circles. For 400 years now, Black people inside the United States have been the long-suffering victims of fascist violence and repression. But under the Nixon-Pentagon clique, this reactionary violence and repression has been escalated to new heights of barbaric cruelty. At the same time, in order to put down the already gigantic and still growing mass movement among White Americans against the wreckless and sanguinary policies and imperialist adventures

of the U. S. government, the cowardly Nixon-Pentagon clique has unleashed a bloodbath against the American people as a whole, creating for itself new enemies who have joined hands with those who were already determined to carry out a struggle to the bitter end against an economic, political, and social system that is dominated by the madmen in the Pentagon and that is responsible for the misery and bloodshed all over the world today."

On June 19, 1970, ELDRIDGE CLEAVER was interviewed by HILLY ROSE of KABC radio in Los Angeles, California. The results of this interview were recorded and are set out in part as follows:

ROSE:

"Eldridge, today in Washington, D.C. on the steps of Lincoln Memorial, David Hilliard made a speech saying they (BPP) were going to have a new constitutional convention on Labor Day in Philadelphia. I understand that's your basic idea. Can you tell me something about it?

(DAVID HILLIARD is Chief of Staff of the BPP.)

CLEAVER:

"Well, we take the position that given the history of our people and the struggling and suffering we've done, it is very clear that there is nothing available inside of the American system to give us the type of security and protection that we want and need, and it is absolutely clear that the Constitution of the U. S., which is supposed to be the basic law of the land, it well may be the basic law of the land, but it doesn't help us out. It doesn't subscribe to our best interest against the things that have come up.

ROSE:

"What do you expect to happen from this convention? What will happen after the new constitution is written?

CLEAVER:

"Well, you see, it is my opinion that the convention will be held after the victory of the people over the pigs, who have usurped the power of government in Babylon."

"The Black Panther Party yesterday offered to arrange the release of 'some of the Yankees detained by the courageous people of Vietnam' to exchange for freedom for their two top leaders.

"Panther Chief of Staff David Hilliard said here that an unspecified number of captured Americans would be released if all charges are dropped against Panther Party co-founders HUEY NEWTON and BOBBY SEALE. ....

"According to the Panthers, both Cleaver and Seale have been in contact with spokesmen for the Viet Cong National Liberation Front and the North Vietnamese Government."

RICHARD HOTTELET of CBS News wired two short items for radio dissemination in the U. S. on January 30, 1970. One news item reported an interview with a Fatah Lieutenant in Algiers who told him that within two weeks ELDRIDGE CLEAVER would be leaving for front line Fatah camps where he would witness training of Fadayeens. Fatah contact told HOTTELET that agreement had been reached for Panthers to receive training with Fadayeens so that they could ultimately return to the U. S. to make use of techniques acquired in guerrilla warfare, sabotage and assassinations.

HOTTELET tried to contact CLEAVER to verify this information through the usual channel, [redacted] an American who works with the Algerian BPP Information Ministry. [redacted] told HOTTELET that CLEAVER declined to answer any questions regarding a report that he would be going to the Middle East.

BLACK PANTHER PARTY (BPP),  
also known as  
Black Panther Party for Self Defense

According to the official newspaper of the BPP, the BPP was started during December 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is...by taking up arms against this government, killing the officials, until the reactionary forces...are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist U.S. government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

~~SECRET~~STUDENT NATIONAL COORDINATING COMMITTEE

A source advised the Student National Coordinating Committee (SNCC), formerly known as the Student Nonviolent Coordinating Committee, is a nonmembership organization founded in 1960, during the civil rights movement in the South.

Under the leadership of STOKELY CARMICHAEL, who served as National Chairman during the period 1966-67, SNCC evolved from a civil rights oriented group into a full-blown black revolutionary organization.

A publication entitled "1967 High Tide of Black Resistance" indicates the year 1967 was considered by SNCC as a historic milestone for the liberation of black people in the United States and the year that revolutionaries throughout the world began to understand more fully the impact of the black movement. The publication declared that "liberation will come only when there is final destruction of this mad octopus--the capitalistic system of the United States with all its life-sucking tentacles of exploitation and racism that choke the people of Africa, Asia, and Latin America. The realities of black life, together with the recognition instilled in SNCC workers, forced its members to further popularize the legitimacy of self-defense and rebellions when oppression became too great."

A second source advised that H. Rap Brown succeeded Carmichael as National Chairman of SNCC in May, 1968, and served in that capacity until June, 1968, at which time SNCC reorganized, creating ten deputy chairmen in an effort to relieve pressure by law enforcement.

In April, 1969, SNCC moved its national headquarters from Atlanta, Georgia, to New York City, where it is presently located.

H. Rap Brown announced at a press conference in New York City on July 22, 1969, that he had been elected Chairman of the Student Nonviolent Coordinating Committee. He announced the organization was dropping the word "Nonviolent" from its title and will be known as the Student National Coordinating Committee, with a Revolutionary Political Council functioning as its governing body. Brown, at that time, stated the use of force is necessary in obtaining revolutionary goals.
