Re WFO airtel to the Bureau, 5/28/87.

As the Bureau is aware, captioned matter was initiated in January, 1986 when an individual named [redacted] b6 b7C attempted to "shakedown" Asbestos Abatement Services, Incorporated (AAS), in connection with two District of Columbia city contracts to inspect city buildings for Asbestos materials. [redacted] who identified himself as a businessman from [redacted] Michigan, told AAS principals that he could insure that AAS would receive those two city contracts if AAS would pay him $20,000 when the contracts were delivered and additional sums when fraudulent change orders were approved by city officials. [redacted] indicated that at least part of this money would go to the city officials involved in awarding and amending these contracts.

With the cooperation and assistance of AAS, WFO introduced an Undercover Agent (UCA) [redacted] b6 b7C The UCA was identified to [redacted] b7E The UCA [redacted] developed a rapport and subsequently [redacted] Decisions Information Systems Corporation (DISC). [redacted] indicated to the UCA that he would use his contacts within the District of Columbia City Government to assure that AAS received at least one of the city contracts which

As pointed out by WFO in referenced communication, a number of individuals currently being looked at by WFO are involved in more than one of these investigations. In some instances an individual may be a subject in one investigation while being a critical witness in other investigations. Therefore, a tremendous amount of coordination and effort on both the part of WFO and the United States Attorney's Office will be required in determining the final status of these individuals, i.e., subject or cooperating witness. This is currently a matter of ongoing discussions between WFO and the U.S. Attorney's Office.

The following is a summary designed to set forth the current status of captioned investigation as well as the separate investigations which arose as a result of the Title III intercepts during captioned matter.

For the information of the Bureau, as telephonically advised on 7/15/87, Federal Grand Jury [redacted] b3 b6 b7C As a result of that conference, extensive media coverage resulted, whereby [redacted]

These comments precipitated numerous press inquiries to the United States Attorney's Office, Washington, D.C. resulting in a request of the United States Attorney's Office to conduct an Elsur check to determine if the Federal Bureau of Investigation had ever applied for T-III coverage on the vehicles, in the residence or offices of Mayor MARION BARRY. SAC, WFO authorized a search to be conducted at WFO and thereafter a request to the Bureau for such Elsur searches. The resulting investigation determined both at WFO and Headquarters that Mayor MARION BARRY had no Proprietary Interests Cards filed indicating such installations had been initiated by the Federal Bureau of Investigation on the residences, offices, or vehicles of Mayor MARION BARRY. [redacted] b3 b6 b7C b7E

b3

WFO complied with the United States Attorney's Office request and advised said agency of the negative Elsur search. USAO/WDC issued a brief press release on 7/15/87 stating that Mayor MARION BARRY's home, office and vehicles had not been wire tapped or bugged by Federal officials.

The Bureau has been previously advised in WFO summary airtel dated 7/2/87 that was identified as would be subpoenaed before the Federal Grand Jury was interviewed by BUagents during which time it was learned that identifies himself as a Investigation reveals that a security study was implemented by the Mayor's office and paid for out of D.C. general funds through the Office of Emergency Preparedness to a firm identified as Mele Associates, Woodbridge, Virginia to allegedly review the Mayor's Security Detail and provide an analytical study. It has been determined that BCD Cable Company, Washington, D.C. was engaged by Mele and Associates to conduct electronic surveillance sweeps of the Mayor's home, offices, and vehicles.

b3

Investigation has further determined that BCD Cable Company, WDC, is a subcontractor to Antenna Communications Company, Washington, D.C., a subsidiary of District Cablevision, Washington, D.C. District Cablevision has been awarded a multi-million dollar contract to franchise cable television in the District of Columbia. The District Cablevision contract has been a controversial issue in the past, receiving extensive media coverage. It is not known by WFO at this time whether the media is aware of BCD Cable Company's affiliation with the subsidiary of District Cablevision.

See WCCS Addendum page 3

Evidence obtained to date has been the result of tedious and time consuming review of the subpoenaed records.

Data bases have been established, and attempts are being made to input this information for analysis to investigate this case more efficiently and effectively. At the present, WFO's support staff is substantially understaffed. As a result an Accounting Technician is not available to assist in captioned matter, nor is any other support person available for full-time assignment to this case.

REQUEST OF THE BUREAU:

It is requested that the Bureau temporarily assign, for a period of 60 to 90 days, an Accounting Technician (AT) to assist in the analysis of records. An AT with a working knowledge of R-Base would be helpful.

The Governmental Fraud Unit, WCCS has reviewed the request of SAC, WFO, that an Accounting Technician (AT) be assigned to WFO for 60 to 90 days to assist with the Mayor Barry voucher fraud case.

WFO's Target Staffing Level for ATs is 4, however, there are only 3 currently assigned, as one was recently promoted to an auditor position. The 3 ATs, and their respective current assignments are as follows:

- [redacted] - full-time Foreign Counterintelligence
- [redacted] - full-time [redacted] - a FAG-HUD case in which 60-70 people may be indicted.
- [redacted] - full-time Organized Crime - Narcotics matter

The timely completion of this investigation is critical, due to the numerous other ongoing corruption investigations regarding the District of Columbia. The allegations concerning Mayor Barry's expenses need to be resolved, due to the potential disclosure of the [redacted] and the possibility that documents may be destroyed/lost when that case goes public in 90-120 days.

WFO has posted the AT vacancy for a 5-day period within WFO. This posting is due to expire this week and the WCCS will be advised if a suitable candidate is located.

WCCS requests that an AT be assigned to WFO until the AT vacancy is filled, to assist with this matter.

ADDENDUM: CRIMINAL INVESTIGATIVE DIVISION (CID), WHITE-COLLAR CRIMES SECTION (WCCS), LRK:jlk, 8/25/87

The Governmental Fraud Unit (GFU) has reviewed the Washington Field Office (WFO) request to submit name checks to the International Intelligence Network (IIN). This is a private company located in Houston, Texas, which is in the business of affording investigative agencies name checks on international corporations.

The Organized Crime Section and Drug Section have over the past months been instrumental in making IIN and its advantages known to field divisions. The Drug Section is currently attempting to arrange for FBIHQ through the Administrative Services Division a central billing and payment schedule regarding name checks forwarded to IIN. While this request is pending, it has not yet been approved.

WFO anticipates the cost of the requested inquiries to be less than [redacted] The IIN inquiries could develop evidence showing relationships between subjects as owners of these foreign companies. WFO suspects that bribe payments may have been laundered through the companies and distributed as dividends to subjects of the captioned investigation. IIN's data base is a compilation of all public information resources concerning all businesses operating on an international basis. Its data base purportedly contains 25,000 volumes of material. b7E

At the present time, FBIHQ approval is needed to permit WFO to submit name checks to IIN. WFO has requested that specific international corporations be checked against IIN indices. These indices checks may assist WFO in its continuing investigation as to the financial background of the District of Columbia Government and Mayor Marion Barry as well as other subjects of the investigation. GFU recommends that authority be granted to WFOs to utilize this service.

Instructions

Subject Priorities for FBI Arrest or Locates:

A - Subject wanted for crimes of violence (i.e. murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.

B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of $25,000 or convicted of such crimes in the past five years.

C - All others

Claiming Non-Federal Arrests, Summonses, Recoveries or Convictions:

It is permissible to claim a local arrest, summons, recovery or conviction **if the FBI significantly contributed to the accomplishment.** A succinct narrative setting forth the basis for the claim must accompany this report. When claiming a local recovery, enter the word "LOCAL" to the right of the amount. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for capital punishment sentences.

Reporting Convictions:

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

1. The subject becomes a fugitive after conviction but prior to sentencing.
2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

Rule 20 Situations:

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, **not** the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

Investigative Assistance or Techniques (IA/Ts) Used:

-Since more than one IA/T could have contributed to the accomplishment, each IA/T used must be rated.

-The IA/T used must be rated **each time** an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

CRIMINAL INVESTIGATIVE DIVISION (CID), 6/25/87

The Governmental Fraud Unit (GFU) has reviewed the request of Washington Field Office (WFO) for the extension of the assignment of an Accounting Technician (AT) with regard to investigations pertaining to [redacted] and related matters. The investigation of [redacted] as well as approximately 15 other investigative files, is an extremely active investigation of fraud and corruption relating to the letting of contracts in construction and other businesses in the District of Columbia (D.C.) Government. The investigations are extremely complex and largely financial in nature. b7E

Based on the review of WFO's work product and discussions with WFO personnel, it is apparent that not only is AT [redacted] already making contributions of a substantial nature, but he additionally will be called upon over the next 60 days and beyond to make additional contributions. b6 b7C

In view of the demonstrated need from WFO and the satisfaction expressed by them with the performance of AT [redacted] GFU recommends that WFO be granted a 60-day extension for temporary duty assignment of AT [redacted] This assignment would extend AT [redacted] assignment until 9/1/87.

On 6/24/87 this matter was discussed with WCCS Research Analyst [redacted] who concurred with GFU's recommendation.

Q6 One 7-inch reel of magnetic tape marked in part [redacted]

Q7 One [redacted] of magnetic tape marked in part [redacted]

Result of examination:

Three enhanced stereo copies were made of the requested part of specimen Q6 and of all of specimen Q7. In each instance two copies were made on side A of separate Maxell UR90 magnetic tape cassettes and the third copy was made on a 7-inch reel of magnetic tape at a recording speed of 3 3/4 inches per second in a two-track configuration.

In order to obtain maximum intelligibility, the enhanced copies should be played back on high-quality tape recorders with comparable track configurations and should be reviewed using high-quality stereo headphones.

Specimens Q6 and Q7 and the enhanced copies were provided to SA [redacted] on July 7, 1987. b6 b7C

Instructions

Subject Priorities for FBI Arrest or Locates:

A - Subject wanted for crimes of violence (i.e. murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.

B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of $25,000 or convicted of such crimes in the past five years.

C - All others

Claiming Non-Federal Arrests, Summonses, Recoveries or Convictions:

It is permissible to claim a local arrest, summons, recovery or conviction **if the FBI significantly contributed to the accomplishment.** A succinct narrative setting forth the basis for the claim must accompany this report. When claiming a local recovery, enter the word "LOCAL" to the right of the amount. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for capital punishment sentences.

Reporting Convictions:

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

1. The subject becomes a fugitive after conviction but prior to sentencing.
2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

Rule 20 Situations:

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, **not** the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

Investigative Assistance or Techniques (IA/Ts) Used:

-Since more than one IA/T could have contributed to the accomplishment, each IA/T used must be rated.

-The IA/T used must be rated **each time** an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

Race Codes:

C = Chinese; I = Indian/American; J = Japanese; N = Negro; O = All other; U = Unknown; W = White

Instructions

Subject Priorities for FBI Arrest or Locates:

A - Subject wanted for crimes of violence (i.e. murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.

B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of $25,000 or convicted of such crimes in the past five years.

C - All others

Claiming Non-Federal Arrests, Summonses, Recoveries or Convictions:

It is permissible to claim a local arrest, summons, recovery or conviction **if the FBI significantly contributed to the accomplishment.** A succinct narrative setting forth the basis for the claim must accompany this report. When claiming a local recovery, enter the word "LOCAL" to the right of the amount. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for capital punishment sentences.

Reporting Convictions:

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

1. The subject becomes a fugitive after conviction but prior to sentencing.
2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

Rule 20 Situations:

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, **not** the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

Investigative Assistance or Techniques (IA/Ts) Used:

-Since more than one IA/T could have contributed to the accomplishment, each IA/T used must be rated.

-The IA/T used must be rated **each time** an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

Instructions

Subject Priorities for FBI Arrest or Locates:

A - Subject wanted for crimes of violence (i.e. murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.

B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of $25,000 or convicted of such crimes in the past five years.

C - All others

Claiming Non-Federal Arrests, Summonses, Recoveries or Convictions:

It is permissible to claim a local arrest, summons, recovery or conviction **if the FBI significantly contributed to the accomplishment.** A succinct narrative setting forth the basis for the claim must accompany this report. When claiming a local recovery, enter the word "LOCAL" to the right of the amount. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for capital punishment sentences.

Reporting Convictions:

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

1. The subject becomes a fugitive after conviction but prior to sentencing.
2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

Rule 20 Situations:

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, **not** the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

Investigative Assistance or Techniques (IA/Ts) Used:

-Since more than one IA/T could have contributed to the accomplishment, each IA/T used must be rated.

-The IA/T used must be rated **each time** an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

Race Codes:

C = Chinese; I = Indian/American; J = Japanese; N = Negro; O = All other; U = Unknown; W = White

Instructions

Subject Priorities for FBI Arrest or Locates:

A - Subject wanted for crimes of violence (i.e. murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.

B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of $25,000 or convicted of such crimes in the past five years.

C - All others

Claiming Non-Federal Arrests, Summonses, Recoveries or Convictions:

It is permissible to claim a local arrest, summons, recovery or conviction **if the FBI significantly contributed to the accomplishment.** A succinct narrative setting forth the basis for the claim must accompany this report. When claiming a local recovery, enter the word "LOCAL" to the right of the amount. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for capital punishment sentences.

Reporting Convictions:

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

1. The subject becomes a fugitive after conviction but prior to sentencing.
2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

Rule 20 Situations:

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, **not** the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

Investigative Assistance or Techniques (IA/Ts) Used:

-Since more than one IA/T could have contributed to the accomplishment, each IA/T used must be rated.

-The IA/T used must be rated **each time** an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)
