VOLUNTEER WORKER FOR THE WORLD PLAN EXECUTIVE COUNCIL (WPEC) MORE COMMONLY KNOWN AS TRANSCENDENTAL MEDITATION (TM). HE ADVISED THAT THE WPEC IS A NON-RELIGIOUS AND NON-POLITICAL ORGANIZATION. [redacted] STATED THAT HE WAS IN WASHINGTON D.C. DOING VOLUNTEER PRINTING WORK AT THE ORGANIZATION'S INTERNATIONAL HEADQUARTERS, 5000 14TH STREET NORTH WEST, WASHINGTON, D.C.

ON THE EVENING OF NOVEMBER 7, 1983, A FELLOW WPEC WORKER, [redacted] AND HE DECIDED TO TAKE A WALK AROUND THE CAPITOL BUILDING IN WASHINGTON, D.C. [redacted] HAD ONLY BEEN TO WPEC ON ONE PREVIOUS OCCASION, AND HE HAD NEVER SEEN THE CAPITOL. [redacted] AND HE ARRIVED AT A PARKING LOT NEAR THE CAPITOL AT 10:30 TO 11:00 P.M. AS THE EXITED [redacted] CAR, A FEMALE BICYCLE RIDER ASKED THEM IF THEY HAD HEARD THE EXPLOSION, AND TOLD THEM THAT SHE THOUGHT A BOMB HAD GONE OFF IN THE CAPITOL BUILDING. [redacted] COULD ONLY DESCRIBE THIS FEMALE AS WHITE, ABOUT 20 YEARS OLD, WITH BROWN HAIR AND RIDING A 10 SPEED BICYCLE.

[redacted] STATED THAT NEITHER [redacted] NOR HE HEARD THE EXPLOSION, AND THEY PRECEEDED TO TAKE A SHORT WALK AROUND THE MALL NEAR THE

CAPITOL. AS THEY NEARED THEIR VEHICLE, THEY COULD SEE AND HEAR THE COMMOTION ALL AROUND THE CAPITOL BUILDING, AND THEY DECIDED TO STAY AWAY FROM THEIR CAR UNTIL ALL THE ACTIVITY HAD QUIETED DOWN, IN ORDER TO AVOID ANY UNNECESSARY HASSLES. THEY CONTINUED TO WALK AROUND THE MALL AREA FOR AN HOUR OR SO, AND FINALLY RETURNED TO THEIR CAR AT ABOUT 1:00 A.M. THE ENTIRE PARKING LOT HAD BEEN QUARANTINED OFF BY THE CAPITOL SECURITY POLICE. WHEN THEY ATTEMPTED TO GET THEIR VEHICLE, THEY WERE QUESTIONED BY THE POLICE AND NEITHER OF THEM HAD ANY IDENTIFICATION. THE POLICE THEN REQUESTED TO SEARCH [redacted] VEHICLE, AND SHE CONSENTED TO THE SEARCH. FOLLOWING THE SEARCH, WHICH WAS NEGATIVE, THE POLICE ACCOMPANIED THEM TO THEIR RESIDENCES, WHERE THEY PROVIDED THE NECESSARY IDENTIFICATION REQUESTED BY THE POLICE.

ARE BEING DIRECTED BY ANTI-AMERICAN IRANIANS IN FRANCE - SOME FORMER SAVAK AGENTS, AND SOME PRO-KHOMENI. [redacted] SAID THAT THESE TWO FACTIONS ARE BOTH ANTI-AMERICAN, AND BOTH CONDUCTING OPERATIONS THROUGH WHAT HE CALLED THE "HIZBOULA" (PH). THE HIZBOULA, HE SAID, ARE FANATICAL IRANIANS, MUCH MORE FANATIC THAN MUHAHEDAN. [redacted] SAID THE FORMER SAVAK PEOPLE HATE THE U.S. BECAUSE IT IS THE U.S. WHICH RAN OUT ON IRAN AND MADE POSSIBLE THE KHOMENI REGIME. THEY USE THE HIZBOULA TO CONDUCT ACTIVITIES IN THE U.S. IN ORDER TO FURTHER AGGRAVATE RELATIONS WITH IRAN, AND IN THE HOPE THAT THE U.S. WILL EVENTUALLY ATTACK IRAN. THE PRO-KHOMENI FORCES USE THE HIZBOULA TO CONDUCT PRO-KHOMENI TERRORIST ACTIVITIES IN THE U.S.

WHEN ASKED IF HE KNEW WHERE THE IRANIANS GOT EXPLOSIVES FOR FIREARMS, HE STATED HE KNEW THE IDENTITY OF ONE MAN IN VIRGINIA WHO MAKES EXPLOSIVES FOR IRANIAN TERRORISTS, INCLUDING THE ISLAMIC GORILLAS LEAD BY [redacted]. [redacted], also known as [redacted], was contacted at his office in the [redacted] at [redacted] at the Nevada Development Authority (NDA), Second Floor Mezzanine, telephone [redacted], by Special Agents (SA) [redacted] and [redacted] of the Las Vegas Division of the Federal Bureau of Investigation (FBI) regarding the recent bombing of the United States Capitol, Senate Chambers, second floor, which occurred on November 7, 1983. b6 b7C

Mr. [redacted] explained that he is currently the [redacted] of the NDA and had recently assisted in setting up and organizing a reception hosted by Senator Paul Laxalt that was held for the NDA on November 7, 1983 from 5:30pm to 7:30pm in room S-207 of the United States Capitol Building (USCB). b6 b7C

Mr. [redacted] provided the FBI with a copy of the itinerary for the "Nevada in Washington" trip scheduled from November 6, through November 8, 1983 and a copy of meetings for [redacted] only, as well as the Washington, D. C. trip attendance roster. b6 b7C

Mr. [redacted] confirmed that those in attendance at the reception at Washington, D. C. included [redacted] and [redacted]. A few of the wives also attended including [redacted]. Also in attendance was a secretary hired to take the minutes from Washington, D. C. named [redacted] with telephone number of [redacted], [redacted] was hired by [redacted] as contracted by [redacted] of D.H.S. at telephone number [redacted]. b6 b7C

Mr. [redacted] stated to the best of his recollection the group had just attended a meeting with Senator Laxalt in the Russell Building on Constitution and Delaware Avenue in Washington, D.C. where they had received a presentation from Commerce Secretary Malcolm Baldridge. of the Foreign Trade Zone (FTZ). At approximately 4:30 to 4:45pm the group walked across the street to the USCB from the Russell Building to attend a cocktail party and NDA presentation in the Mansfield Room in the USCB. b6 b7C

Investigation on ____ at ____ File # ____

by SA [redacted] imb Date dictated 11/14/83 b6 b7C

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Mr. [redacted] advised that the group arrived approximately thirty minutes early and that the only people present in the Mansfield Room were two video equipment personnel, both Negro males, that were setting up the video equipment for the presentation and approximately three caterers, composed of two females and one male. The bar had already been set up to the right of the main doors in the Mansfield Room and shortly thereafter other members of the party started to arrive. b6 b7C

At approximately 5:30pm Mr. [redacted] stated that he noticed a gentleman had entered the room who was dressed differently than the others and did not appear to be a member of the invited guests. There was a table set up on the right side of the entrance doors where name tags had already been set up and that [redacted] and [redacted] handed the name tags out as well as making new ones if necessary. b6 b7C

Mr. [redacted] stated that the individual who was not believed to be a member of the NDA reception was described as a white, dark "olive skinned" male, approximately forty to forty-five years old, who was balding with black hair, medium cut, 5'6", 180 to 190 pounds, possibly wearing moustache and glasses and was wearing a green colored felt suit or sports jacket with dark slacks. b6 b7C

Mr. [redacted] advised that he asked other members of the group if they were familiar with this individual when [redacted] walked over and confronted the individual. [redacted] later explained to him that he had encountered the individual and asked him if he could help him "find his name tag". He recalled this individual was wearing a tie and although neatly dressed, looked out of place at the time. [redacted] explained to him that the man stated that he was not on the list, was not staying long, that the food was good and that he was leaving. Shortly thereafter the man departed the area through the main doors and was not observed again by himself. b6 b7C

Mr. [redacted] advised that he felt that the security for the USCB was very lax and he was perturbed that someone could enter the reception so easily without being challenged. b6 b7C

Approximately 6:10 to 6:15pm, [redacted] advised that speeches and presentation began. He advised he gave part of the presentation that lasted over eighteen minutes but that the program was poorly listened to and most people continued mingling and greeting each other. [redacted] stated that he thanked all of those who attended and shortly thereafter the Governor arrived late. He indicated that he recognized his presence and shortly thereafter everyone began leaving for dinner between 6:30 and 7:00pm. [redacted] estimated all individuals had left the reception by 7:20pm. b6 b7C

[redacted] stated they then wrapped uo the remaining items by picking up the name tags and placques from the mantel and he then left the room with Secretary Baldridge. As they walked out of the Mansfield Room instead of taking the elevator they walked down a flight of stairs to the main floor to a restroom then out of the building, took a cab from in front of the Russell Building. They had decided to eat dinner at "Dominiques" but instead walked to a second restaurant after exiting the cab when they found that "Dominiques" was to crowded to wait. He indicated that he then stayed the night at the University Club, arriving in his room at approximately 11:30pm or midnight. He indicated he did not learn of the bombing of the USCB, near the reception area, until the next day when he heard it on the news when he got up. b6 b7C

Mr. [redacted] advised that all the attendees for the reception were Nevadans with the exception of the FTZ officials and that approximately seventy people were invited with the majority of them attending. Mr. [redacted] estimated that approximately twenty-five women were in attendance and that other trade officials and staff members present were [redacted], a FTZ officer and [redacted], who is the [redacted] of the Satellite Telecommunications Corporation (STC). b6 b7C

Mr. [redacted] advised that he was unable to provide any positive information as to whom might have placed the bomb in the USCB and the fact that he did not observe anything else unusual within the Nevada group or of any employees in the Mansfield Room just prior to or following the reception. b6 b7C

Mr. [redacted] advised that he believed the last people to leave the Mansfield Room were the two Negro employees working on the video equipment who he had expected finished their clean-up approximately at 8:30 to 9:00pm that night. He advised if the cameras were located in the rubble then the video operators did not remove the equipment prior to the blast. He doubted, however, that this was the case and that the video equipment installers probably removed their equipment prior to the explosion of the bomb. b6 b7C

Mr. [redacted] then provided a copy of the "Nevada in Washington" trip itinerary, meeting schedule for himself and Washington, D. C. trip attendance roster which was provided to the FBI as follows: b6 b7C

Upon reading the commuique, he had it copied and notified [redacted], San Francisco reporter at the Federal Building and asked him to notify the FBI. [redacted] had no further information on the origin of the communique, however, noted it is routine practice at the Chronicle to destroy envelopes in the mail room upon opening.

[redacted] advised he has been fingerprinted and furnished his date of birth as [redacted].

Enclosed for FBIHQ, Document Section, Laboratory Division, are one original and two reduced copies of a claim letter regarding captioned bombing received at the San Francisco Chronicle newspaper. Enclosed for WFO, as OO, are three copies of the claim letter, and four copies each of three FD-302's describing the receipt of the claim letter. Also enclosed for the convenience of WFO are two photographic negatives of the claim letter. Enclosed for Charlotte, Newark and New York is one copy each of the claim letter.

FBI Laboratory is requested to examine the claim letter for comparison to other letters received by other field divisions as previously submitted for examination. Upon completion of the examination, FBI Lab is requested to forward the original of the claim letter to WFO for inclusion in their investigative file. Based on the information received from the San Francisco Chronicle, it appears that a latent fingerprint examination would not be worthwhile since apparently the document was handled by numerous people.

San Francisco took photographs and made blow-ups of the letter so that in the event future claims are received in this area, a rapid field comparison can be attempted in order to determine if the originating copy machine is present in this area.

It is interesting to note that following the Fort McNair bombing, a claim letter from the Armed Resistance Unit (ARU), which has taken responsibility for these bombings, was made available to the public in the San Francisco area by the Modern Times Bookstore, a radical bookstore in San Francisco. However, after the Navy yard bombing no claim letter came to our attention until this particular letter was received by the San Francisco Chronicle.

Inasmuch as the investigation at San Francisco regarding the two other bombings claimed by the United Freedom Front (the bombing of the National War College, Fort McNair on April 26, 1983 (SF 174A-1914) and the bombing of the Navy Regional Data Automation Center, Washington Navy Yard on August 18, 1983 (SF 174A-1921)) has been completed, no further action is needed at San Francisco.

WERE RECEIVED IN WHICH THE ARMED RESISTANCE UNIT (ARU) CLAIMED CREDIT FOR THE BOMBING OF THE U.S. CAPITOL. IN PREVIOUS COMMUNIQUES THE ARU CLAIMED CREDIT FOR THE NATIONAL WAR COLLEGE BOMBING AND THE WASHINGTON NAVY YARD BOMBING. CONCERNING THE TWO COPIES OF THE HILBOMB COMMUNIQUE ONE WAS RECEIVED BY NATIONAL PUBLIC RADIO, WDC, AND THE OTHER BY WAMU (A RADIO STATION AT AMERICAN UNIVERSITY), WDC. A COMPARISON OF THESE TWO COPIES AT THE FBI LABORATORY DIVISION REVEALED THAT THE COPIES WERE PREPARED ON THE SAME COPYING MACHINE WHICH IS MOST PROBABLY AN ADDRESSOGRAPH MULTIGRAPH 5000 SERIES COPIER WHICH UTILIZES COATED ROLL FED PAPER AND A DRY TONER.

INVESTIGATION AT ADDRESSOGRAPH MULTIGRAPH INTERNATIONAL, 1500 WILSON BOULEVARD, ARLINGTON, VIRGINIA, HAS DISCLOSED THAT DUE TO THE FACT THAT THESE MACHINES ARE OUT DATED, THERE ARE FEW OF THEM STILL IN USE. ADDRESSOGRAPH MULTIGRAPH IS THE ONLY KNOWN SUPPLIER OF PAPER AND TONER FOR THESE MACHINES.

[redacted] advised that since he had spoken to the FBI on 11/7/83, he had again been contacted by [redacted]. During this latest contact, [redacted] told [redacted] that the only additional information he could provide concerning the Cuban male he had originally seen in the restaurant at the corner of [redacted] and [redacted] Main Streets in [redacted] was that he remembered the Cuban stating that the deadline for overthrowing the U.S. was 1989. [redacted] advised [redacted] that he had not seen the Cuban since he had originally heard him in October of 1983, speak of overthrowing the U.S. Government through a series of strategic bombings. [redacted] did state that since he had seen the Cuban at that same restaurant on more than one occasion previous to the time he had heard him speak of overthrowing the Government, it is not unlikely that he might see him again. If that happens, he would endeavor to obtain more information concerning a description of the Cuban and any individuals with whom he might be conversing and the license number of any vehicle he might be driving. Bomb rocks U.S. Capitol

* * * * * * * *

November 7, 1983

Communique from the Armed Resistance Unit

Tonight we bombed the U.S. Capitol building. We attacked the U.S. government to retaliate against imperialist aggression that has sent the marines, the CIA, and the army to invade sovereign nations, to trample and lay waste the lives and rights of the peoples of Grenada, Lebanon, El Salvador, and Nicaragua, to carry out imperialism's need to dominate, oppress, and exploit. Every act of the U.S. military--directed by the White House and Congress--has been nothing less than an outright attack on the fundamental right of nations to self-determination, peace, and freedom. These acts have been carried out with cynical disregard for life as well as for truth. Reagan calls progress and revolution "terrorism," and tries to portray the true terrorism of imperialist invasion as "democracy" and "freedom." Only a government arrogant enough to believe that its economic and political needs should dominate the whole world can call the invasion of Grenada a "rescue operation," the invasion of Lebanon a "peace-keeping mission," the fascist rulers of El Salvador "democracy's friends," and the contras "freedom-fighters." The Reagan lie that the invasion of Grenada prevented a "Cuban takeover" is nothing less than a pretext for eliminating a Black socialist nation in the Caribbean. Last year, in a dress rehearsal called "Ocean Venture," the U.S. armed forces practiced the Grenadian invasion on the island of Vieques, Puerto Rico. The vicious attack on the socialist nation of Cuba--which has provided a consistent, revolutionary example of proletarian internationalism--and the attempt to discredit and destroy the People's Revolutionary Army and the New Jewel Movement of the Grenadian people, show the extent to which the U.S. will go in order to control and dominate Latin America, Central America, and the Caribbean, and to try to defeat socialism in the region. With the collusion of the press, the U.S. government is building anti-communism to justify these attacks and further military aggression to resolve its own internal economic and political problems.

We are acting in solidarity with all those leading the fight against U.S. imperialism--the peoples of Grenada, Lebanon, Palestine, El Salvador, and Nicaragua--who are confronting direct U.S. aggression, and those, like the people of Chile and the Philippines, who are struggling to free their nations from U.S. puppet regimes. They are all paying a tremendous price for freedom, and we commit ourselves to fight with the same seriousness for the same goals--self-determination for oppressed nations, the total defeat of imperialism, and the building of a socialist world.

Our action also carries a message to the anti-imperialist movement here, that we need to resist and to fight as people all over the world are doing--with principle, consistency, and determination. We join with all the people across the U.S., and the millions throughout the world, who condemn U.S. imperialist aggression. Our solidarity with the liberation struggles under attack by U.S. imperialism must be uncompromising, militant, and unwavering in supporting the right of those nations to self-determination. We cannot fall into the trap of debating which wing of the government has the right to declare war, or which politician might be less blatant in his racism and anti-communism, nor can we be fooled by those bourgeois politicians who claim to be sympathetic to Third World nations--and who would more 'humanely' exploit those nations in the interest of U.S. imperialism. The enemy is the imperialist system. Electoral politics and pacifism are paths that have been tried many times, and that have failed. To follow those paths now will only weaken and undermine the movement and defeat our attempts to organize greater numbers of people to resist.

Our action carries a message to the U.S. imperialist ruling class: we purposely aimed our attack at the institutions of imperialist rule rather than at individual members of the ruling class and government. We did not choose to kill any of them this time. But their lives are not sacred, and their hands are stained with the blood of millions. Let it be as clear to the people of this country as it is to the rest of the people of the world that the U.S. ruling class are war criminals, and they will be held accountable for their crimes.

33 years ago almost to the day, Oscar Collazo and Griselio Torresola, two Puerto Rican Nationalists fighting for Independence for Puerto Rico, attacked another part of imperialist power--the Commander-in-Chief, the President of the U.S. Their action was one of the first in which the oppressed brought the war back to the doorsteps of the oppressor. We salute them and all those Puerto Rican, Mexican, New Afrikan, Native American, and North American freedom-fighters who have been killed or captured in the struggle. To them also, our action carries a message--our commitment to carry on the struggle.

A CONFERENCE HAS BEEN SCHEDULED CONCERNING CAPTIONED MATTERS FOR APRIL 17-19, 1984, AT THE XEROX CORPORATION TRAINING CENTER, LEESBURG, VIRGINIA.

AS RECEIVING OFFICES ARE AWARE, GROUPS CALLING THEMSELVES THE UFF AND ARU HAVE CLAIMED CREDIT FOR 12 BOMBINGS AND ONE ATTEMPTED BOMBING IN THE NY CITY AND WASHINGTON, D.C. (WDC), AREAS SINCE DECEMBER, 1982. CIRCUMSTANTIAL EVIDENCE HAS BEEN DEVELOPED WHICH INDICATES THAT MEMBERS OF RADICAL GROUPS INCLUDING REMNANTS OF THE WEATHER UNDERGROUND ORGANIZATION ("WUO"), M19CO, PFOC, AND THE SAM MELVILLE-JONATHAN JACKSON UNIT (SMJJU) MAY BE RESPONSIBLE FOR THESE BOMBINGS. IN ADDITION, THE WFO

HAS STATED THAT MEMBERS OF THE COMMITTEE IN SOLIDARITY WITH THE PEOPLE OF EL SALVADOR (CISPES) MAY HAVE SOME INVOLVEMENT IN THE WDC BOMBINGS.

IN AN EFFORT TO ASSIST THE VARIOUS FIELD DIVISIONS IN THEIR INVESTIGATION, A DETAILED COMPARATIVE STUDY BETWEEN PRESENT UFF AND ARU BOMBINGS, AND PAST WUO AND SMJJU BOMBINGS WAS UNDERTAKEN AT FBIHQ. THIS STUDY ENCOMPASSES ALL ASPECTS OF THESE BOMBINGS INCLUDING THE MODUS OPERANDI, I.E. TARGETS, METHOD OF DEPLOYMENT, METHOD OF WARNING; COMMUNIQUES-THEIR TYPE AND DESIGN, AND FORENSIC BREAKDOWN OF BOMBING COMPONENTS. THIS SCHEDULED CONFERENCE WILL PROVIDE A FORUM TO PRESENT THE RESULTS OF THIS STUDY.

ONGOING INVESTIGATION OF DOMESTIC TERRORIST GROUPS, SUCH AS THE M19CO AND PFOC, ALONG WITH THE BOSLUC INVESTIGATION ADD TO THE COMPLEXITY OF THIS MATTER. THE CONFERENCE WILL BRING TOGETHER BOTH PRIMARY INVESTIGATORS AND ADMINISTRATIVE PERSONNEL TO DISCUSS AND PRIORITIZE AVENUES OF INVESTIGATION. THE ULTIMATE GOAL OF THE CONFERENCE IS TO ARTICULATE A DEFINITIVE AND UNIFORM INVESTIGATIVE PLAN THAT ALL FIELD OFFICES WILL FOLLOW WITH THE ULTIMATE OBJECTIVE BEING THE SUCCESSFUL

[redacted] UNITED STATES CAPITOL POLICE, was shown a photographic lineup, composed of eight white males, which is located in the I-A Section of this file. [redacted] advised as follows:

Photograph number six most closely matches the appearance of the individual he saw on November 7, 1983. The photograph, however is not a photograph of the individual he saw. The individual he saw on November 7, 1983, appeared to be heavier, did not wear glasses and had more hair than the individual pictured. The pictured individual appears to be older than the man he saw.

DURING THE SUMMER OF 1983, [redacted] WAS [redacted] TO THE STREETS OF WASHINGTON, D.C. AT WHICH TIME HE MET AND BEFRIENDED A [redacted] WHO IS DESCRIBED AS A NEGRO MALE, AGE 32 TO 33 YEARS, HEIGHT 5'5" TO 5'6", WEIGHT 185 POUNDS, AFRO HAIRSTYLE, LIGHT BROWN COMPLEXION, [redacted], WHO LIVED AT [redacted], WASHINGTON, D.C., WITH A [redacted] AND [redacted] HAD CASUAL INFREQUENT CONTACTS WITH EACH OTHER AT THIS TIME UP UNTIL OCTOBER, 1983, WHEN HE WAS APPROACHED BY [redacted] TO TAKE SOME FRIENDS ON A SIGHTSEEING TOUR OF VARIOUS FEDERAL BUILDINGS IN WASHINGTON, D.C.

[redacted] INDICATED THAT HE AGREED TO THE SIGHTSEEING TOUR AND DURING MID OCTOBER OF 1983, ALONG WITH [redacted] PICKED UP THREE FOREIGN SPEAKING INDIVIDUALS, WHO SPOKE VERY LITTLE BROKEN ENGLISH. INITIALLY DURING THE SIGHTSEEING TOUR, THEY WENT AROUND TO THE U.S. COUNCIL BUILDING, WHITE HOUSE, STATE DEPARTMENT AND PENTAGON. EACH STOP [redacted] WOULD STOP HIS CAR ALLOWING THE INDIVIDUALS TO EXIT AND TAKE MOVIE CAMERA SHOTS OF THE BUILDINGS. FOR THIS [redacted] RECEIVED FROM [redacted]. UPON COMPLETION OF HIS SIGHTSEEING TOUR, [redacted] DROVE [redacted] AND THE THREE FOREIGNERS TO A HOUSE LOCATED IN ARLINGTON, VA.

b6
b7C

[redacted] RECALLED THAT THE HOUSE WAS OFF SHERATON BOULEVARD (PHONETIC) AND DESCRIBED IT AS AN OLD WHITE FRAME TWO-STORY HOUSE WITH PAINT PEELING OFF OF THE FRAME WORK. IN ADDITION, BEHIND THE HOUSE WAS A BIG TWO CAR GARAGE WHICH WAS FILLED WITH OLD ARMY WOODEN AMMUNITION BOXES STACKED TO THE CEILING. HE COULD NOT SPECIFICALLY RECALL THE ADDRESS WHERE THE HOUSE WAS LOCATED, BUT RECALLS THAT IT WAS IN THE VICINITY OF A LARGE APARTMENT COMPLEX AND THAT THE HOUSE WAS HIDDEN FROM THE STREET BY A LOT OF HEDGE SHRUBBERY AND THERE WAS A NUMBER OF OLD BEAT UP CARS IN THE LAWN AREA OF THE HOUSE.

HE STATED THAT HE RECALLED DURING BRIEF CONVERSATION DURING THE SIGHTSEEING TOUR THAT TWO OF THE FOREIGNERS WENT BY THE NAME OF [redacted] AND [redacted] OR [redacted]. [redacted] DURING ONE OTHER DATE DURING THE END OF OCTOBER, 1983, AGAIN PICKED UP [redacted] AND THE THREE FOREIGNERS AND AGAIN GAVE THEM A SIGHTSEEING TOUR OF THE SAME FEDERAL BUILDINGS. NOTHING SPECIFIC OCCURRED ON THAT DATE, HOWEVER, AFTER COMPLETION OF THE TOUR AND IN THE HOUSE LOCATED IN ARLINGTON, VA, [redacted] ATTEMPTED TO RECRUIT [redacted] INTO [redacted] IN WHICH THEY BELONGED. AT NO SPECIFIC TIME WAS ANY MILITANT OR RADICAL ORGANIZATION MENTIONED, NOR WAS THERE ANY INDICATIONS THAT THEY PURPORTEDLY STRIVE TO OVER-

b6
b7C

THROW THE U.S. GOVERNMENT OR SHOWED ANY DISCONTENT TOWARDS THE U.S. DEMOCRATIC SYSTEM.

[redacted] INDICATED THAT ON SUNDAY, NOVEMBER 6, 1983, HE PICKED UP [redacted] IN WASHINGTON, D.C. AT HIS RESIDENCE AND THEREAFTER, DROVE TO ARLINGTON, VA, WHERE HE PICKED UP THE THREE FOREIGNERS AGAIN. THIS TIME, ONE OF THE FOREIGNERS DESCRIBED AS [redacted] HAD A LEATHER BRIEFCASE WHICH HE CARRIED ALONG WITH HIM. DURING THIS TOUR, THE GROUP WENT TO THE CAPITAL BUILDING AND STAYED FOR A BRIEF PERIOD OF TIME. DURING THIS PERIOD AS THEY WERE OUT OF THE VEHICLE AT THE U.S. CAPITAL BUILDING, [redacted] STAYED IN THE CAR WHICH HE DESCRIBED AS A RED 1970 FORD MAVERICK, TWO DOOR, DISTRICT OF COLUMBIA LICENSE TAG WHICH BELONG TO [redacted], WHO RESIDES AT [redacted], WASHINGTON, D.C.

DURING THE LATER AFTERNOON, [redacted] DROVE [redacted] AND THE THREE FOREIGNERS BACK TO THE ARLINGTON RESIDENCE, WHERE [redacted] STAYED AND HAD A FEW DRINKS WITH THEM. [redacted] CONTINUED TALKING TO [redacted] DURING THIS PERIOD OF HAVING DRINKS, ABOUT RECRUITING [redacted] INTO THE ORGANIZATION WHICH HE THOUGHT WAS AN ISLAMIC OR MUSLIM RELIGIOUS GROUP. [redacted] REFUSED TO JOIN SPECIFICALLY BECAUSE [redacted] WOULD NOT TELL [redacted] WHAT WAS IN STORE FOR HIM OR SPECIFICALLY WHAT THE

b6
b7C

GROUP WAS INVOLVED IN.

HE DID RECALL THAT [redacted] GAVE HIM GAS MONEY FOR THIS TOUR ON SUNDAY, NOVEMBER 6,1983.

AT APPROXIMATELY 2:00 OR 3:00 A.M. ON MONDAY MORNING, NOVEMBER 7, 1983, [redacted] DROVE [redacted] BACK FROM THE ARLINGTON, VA RESIDENCE TO HIS APARTMENT IN WASHINGTON, D.C. [redacted] WAS INSTRUCTED BY [redacted] TO STAY IN THE CAR FOR A BRIEF PERIOD AND AFTER [redacted] EXITED AND WENT INTO THE APARTMENT, CAME BACK WITHIN A FIVE OR TEN MINUTE PERIOD.

[redacted] THEN WAS INSTRUCTED TO DRIVE [redacted] BACK TO THE ARLINGTON, VA, ADDRESS.

THEY ARRIVED AT THE RESIDENCE IN ARLINGTON, VA, WHERE THEY PICKED UP [redacted] WHO HAD THE BRIEF CASE AGAIN. [redacted] WAS THEN INSTRUCTED TO DRIVE TO THE U.S. CAPITAL BUILDING, WHICH HE DID, ARRIVING AT APPROXIMATELY 5:00 OR 5:30 A.M.

AFTER ARRIVAL AT THE U.S. CAPITAL BUILDING, [redacted] PARKED THE VEHICLE ON CONSTITUION AVENUE, WITH [redacted] AND [redacted] EXITING THE VEHICLE.

AFTER EXITING THE CAR, [redacted] WAS OBSERVED BY [redacted] CARRYING THE LEATHER BRIEFCASE. A FIFTEEN TO TWENTY MINUTE PERIOD LAPSED AFTER

WHICH HE OBSERVED BOTH PERKINS AND [redacted] RUNNING BACK TOWARDS THE VEHICLE. HE RECALLED THAT THAT WHEN [redacted] INITAIILY EXITED THE VEHICLE, THAT THE BRIEFCASE INDICATED HELD A RATHER BULKY CONTENTS, HOWEVER, WHEN HE RETURNED, THE BRIEFCASE APPEARED TO BE EMPTY, SINCE WHILE HE WAS RUNNING HE WAS SWINGING THE BRIEFCASE BACK AND FORTH.

[redacted] THEN WAS INSTRUCTED BY [redacted] TO HEAD BACK TO ARLINGTON, VA, AND IN THE COURSE OF LEAVING THE U.S. CAPITAL BUILDING AREA, [redacted] HEARD A DISTINCT MUFFLED NOISE, LIKE A CAR BACKFIRING. SIMULTANEOUSLY, A NUMBER OF POLICE CARS STARTED MOVING TO THE CAPITAL BUILDING AREA. [redacted] SINCE HIS CURIOUSITY WAS UP, WANTED TO STOP AND SEE WHAT WAS GOING ON, HOWEVER, WAS INSTRUCTED BY [redacted] TO CONTINUE TO ARLINGTON, VA.

[redacted] STATED THAT DURING THE ENTI

E COURSE OF THE CONTACTS WITH [redacted] AND THE THREE FOREIGN INDIVIDUALS, THAT HE GAVE GUIDED TOURS OF THE U.S. CAPITAL BUILDING AND OTHER FEDERAL BUILDINGS, ON THREE OCCASIONS. SPECIFICALLY, ONLY ONE TOUR ON NOVEMBER 7, 1983, OCCURRED WHEN [redacted] DROVE [redacted] AND [redacted] TO THE U.S. CAPITAL BUILDING ALONE.

[redacted] DENIED HAVING ANY KNOWLEDGE OR INVOLVEMENT DIRECTLY WITH THE GROUP, HOWEVER, FEELS THEY WERE DIRECTLY INVOLVED IN THE

b6
b7C

BOMBING OF THE BUILDING THAT DATE.

HE FURTHER RECALLED SPECIFICALLY, THAT WITHIN THE TWO CAR GARAGE BEHIND THE OLD HOUSE, WAS LOCATED A QUANTITY OF M-16 AUTOMATIC MILITARY RIFLES, LAWS ROCKETS AND GRENADES. HE SPECIFICALLY RECALLED SEEING THESE ITEMS LYING OVER IN THE CORNER. HE DID NOT KNOW OR HAVE ANY PRIOR KNOWLEDGE OR WAS TOLD WHAT WAS LOCATED WITHIN THE OLD ARMY AMMUNITION WOODEN CRATES.

[redacted] WHEN QUESTIONED AS TO IF THE ARMED RESISTANCE UNIT (ARU) WAS EVER MENTIONED BY [redacted] OR THE THREE FOREIGNERS TO HIM, STATED THAT HE DID NOT RECALL SPECIFICALLY THAT NAME, HOWEVER, DID RECALL THE NAME BEING BROUGHT UP OF ARMED RESISTANCE UNITED FRONT. HE WAS NEVER TOLD WHAT THE GROUP'S POLITICAL MOTIVATION WAS AND DURING THE CONTACTS WITH THEM, WAS GIVEN MARIJUANA, WHISKEY AND BEER, KEEPING HIM IN A HIGH STATE.

HE HAD INFREQUENT CONTACT WITH [redacted] AND THE THREE FOREIGNERS AFTER THE NOVEMBER 7, 1983, BOMBING OF THE CAPITAL BUILDING, HOWEVER, WAS APPROACHED REPEATEDLY TO JOIN THE GROUP AND WAS IN ADDITION REQUESTED TO STEAL CARS AND TRUCKS SPECIFICALLY FOR THIS GROUP. [redacted] DENIED EVER AGREEING TO JOIN THE GROUP AND/OR STEALING CARS AND TRUCKS FOR THEM.

b6
b7C

[redacted]

HE DESCRIBED THE THREE FOREIGNERS AS BEING WHITE MALES, GIVING THE APPEARANCE OF BEING OF MEXICAN OR PUERTO RICAN BACKGROUND, BUT SPECIFICALLY COULD NOT PINPOINT WHAT NATIONALITY THEY WERE SINCE HE DID NOT UNDERSTAND OR HAVE KNOWLEDGE OF THE LANGUAGE IN WHICH THEY WERE SPEAKING. HE DESCRIBED THEM AS BEING IN THEIR MID-THIRTIES, HEIGHT APPROXIMATELY 5'5", WEIGHT 150 POUND. HE INDICATED HE COULD NOT FURNISH ANY FURTHER DETAILS REGARDING THE ABOVE AND INDICATED A WILLINGNESS TO COOPERATE IN ANY WAY ONLY IF HE CAN HAVE HIS PAROLE RE-INSTATED.

FURTHER CONTACTS WITH [redacted] ARE BEING LEFT TO THE DISCRETION OF OFFICE OF ORIGIN.

The following information was obtained from a source of information that has proven to be reliable in the past to several area police agencies in solving serious crimes (homicides). I became aware of the source of information in February or March of this year.

In February or March the source was brought to the Hill by an associate regarding the November 7th incident. As the source walked and studied the area (both House and Senate sides) several strong feelings were felt. The following is a result of those feelings.

The direction of escape after placing the bomb was down the stairwell located by the office of the Senate Majority Whip to the Metro station at Union Station. The subject got off of the train at Takoma Park. He returned to the train and rode to the Silver Spring stop and got off at the end of the line.

The subject is a young (20's) male, Mexican, short, wearing a grey suede belt with holes around it (like brass grommets). At or around November he was employed on the House side moving boxes (cardboard). The subject might have been laid off and rehired or attempted to be rehired around that date. He obtained his job through a person who is named [redacted] and is an attractive woman. [redacted] works with young people. He frequents a church-like establish in the area of Takoma Park where he drinks beer. He will set a bomb off on a second occasion.

As a result of the meeting on June 11th with the source and the undersigned, the following information was obtained.

On June 12th, sometime after 5 o'clock, a sunrise or sunset is felt, the above subject will once again set a bomb. it will be near a stairwell and in or near a small room (bathroom, storageroom, ect.), glass will be used in the makeup of the bomb. A portrait is hanging near the room. The subject is short (under 5'4") and two other persons are involved. The others do not enter the building, a vehicle was seen. All are in the same age group.

June 12th is symbolic, it has to do with the subjects mother, she is deceased. The subject is mentally ill, alot of psychological pressure is involved. The subject gets away.

Re SF airtel to the Bureau, 1/17/84.

The referenced airtel forwarded to the Laboratory Division, Document Section, for appropriate examination a communique from the Armed Resistance Unit (ARU) dated 11/7/83 claiming responsibility for HILLBOM. The communique was sent to the San Francisco Chronicle. According to one of the three FD-302's describing the receipt of the communique it is routine practice to destroy envelopes in the Chronicle's mailroom. The communique itself was circulated through normal channels at the Chronicle so a latent fingerprint examination was not requested.

A review of the WFO file pertaining to captioned matter failed to locate the original communique that was sent to the Chronicle or any Lab report regarding that communique. On 8/21/87 the Document Section was contacted and it was determined that the communique was given questioned specimen number Q79 and Laboratory number 40201005. It was further determined that the communique was forwarded to the Identification Division for latent print processing. The Identification Division was contacted on 8/21/87 and advised a latent fingerprint report dated 3/24/84 regarding Q79 was sent to San Francisco. A copy of that report was not readily available in the Identification Division however, it was determined that questioned specimens are routinely returned to the office requesting the examination.

Rewrit

Re WFO airtel to San Francisco, dated 9/1/87.

Enclosed for WFO is a copy of a Latent Fingerprint Section Identification Division lab report, dated 3/23/84.

San Francisco has reviewed the file and has determined that the claim letter received by the San Francisco Chronicle, which was subsequently numbered specimen Q79 with laboratory number 40201005 has never been returned to San Francisco, rather, after the Laboratory Division completed their examination and reported same by report, dated 2/17/84, they forwarded it to the Identification Division. The Identification record, enclosed, reflects that the claim letter itself was being forwarded to WFO as had been previously requested in our initial submitting airtel. WFO may wish to pursue this with the Identification Division further.

Assistant United States Attorney (AUSA) [redacted] anticipates a ruling within six to eight weeks. It is further anticipated that whoever loses in the Appeals Court ruling will petition the Supreme Court to hear the case. AUSA [redacted] does not foresee this matter going to trial in 1989. b6 b7C

On 11/13/89, SA [redacted] hand-carried a copy of the U.S. Court OF Appeals ruling re [redacted] which was argued on 9/8/89 and decided on 11/3/89 at the District of Columbia Circuit.

This argument was heard before Circuit Court Judges Mikva, Edwards and Williams. The argument concerned the District Court determination that the double jeopardy clause of the fifth amendment barred the subsequent prosecution of the appellees because the government planned to establish the appellees' liability for the bombings by using the "same actual evidence" that the government had used to convict the appellees of conspiracy in their earlier trials.

As a result of this ruling, the U. S. Department of Justice-Appellant Section must make a determination with regards to what course of action the U.S. Government will take re captioned matter. AUSA [redacted] and SA [redacted] will maintain close liaison during this period of time.

MEMORANDUM

TO: SAC, WMFO 12/7/89

FROM: SSA [redacted] b6 b7C

SUBJECT: CAPBOM;
EID;
OO:WF

On 12/5/89, SSA [redacted] and SA [redacted] met with AUSA [redacted] WDC, to discuss the current prosecutive status on the four bombing cases. AUSA [redacted] advised that the U. S. Court of Appeals ruled during early November, 1989, on the issue of double jeopardy in using the same evidence to try cases in different judicial districts. This issue was upheld in favor the Government, however, the language used in the ruling severely limits the prosecutive potential for using the conspiracy theory to prosecute all six individuals who are currently under indictment. To proceed at the present time would require the Government to dismiss on three of the defendants. AUSA [redacted] stated that the USA's Office management has decided that it would be more advantageous to appeal the decision to the full Court of Appeals en banc in an effort to overturn the earlier decision. This requires the approval of the Department of Justice. This approval will be sought in the near future as the 45-day appeal period ends around the end of December. b6 b7C

The other alternative is to appeal the Court of Appeals decision to the Supreme Court which the USA's Office has chosen not to do.

The current trial status is unclear inasmuch as Judge Greene could choose to try the remaining three defendants in the near future rather than wait on the appeal to be heard first. If so, this would require two trials rather than one, if the decision is overturned by the Court of Appeals.

AUSA [redacted] advised that cases have been investigated in Louisiana, Baltimore, Boston, Philadelphia, and Washington, D. C. involving all of the same defendants and much of the same evidence. Therefore, much of the original evidence is not in WMFO's possession, but has been charged out to the various offices for trials. The immediate need is to review our records and attempt to locate and obtain all original evidence so that further preparations can be made for trial. Additionally, the evidence in the storage rooms is in no logical order to locate specific items and needs to be straightened up. b6 b7C

The evidence custodian during the investigation of these matters by the Domestic Terrorism Task Force was Det. [redacted]. As you are aware, he was released for return to the Metropolitan Police Department on 10/1/89 and has been re-assigned to other duties. This leaves our office with a real problem in organizing the evidence for trial. It would be extremely advantageous to the successful prosecution of these cases to have [redacted] re-assigned, if even on a part-time basis, to assist the case agent in locating and organizing the evidence for trial. Det. [redacted] has a great institutional knowledge of the case as he has worked on it over the past four years. He is b6 b7C

Government's Plea Proffer

On November 7, 1983, at approximately 11:00 p.m. a bomb exploded in the United States Capitol in Washington, D.C. A warning call received by an operator at the Capitol had alerted the U.S. Capitol police to the possible existence of a bomb just minutes before the explosion occurred. A search for the bomb by the Capitol police was being conducted at the time of the explosion. The bomb went off in a public corridor directly in front of the Senate Republican Cloak Room and just outside of the offices of Senator Byrd. It was later determined that the bomb had been secreted in a container under a settee in this hallway. The bomb blast ripped through glass windows which separated the areas and destroyed tile flooring, art work and furniture in the surrounding corridors and offices. Damage costs sustained as a result of the explosive were $250,000.

Investigatory personnel were at the scene moments after the explosion. They located the site of the explosive and were able to sift through debris to isolate component parts from the improvised explosive device. Subsequent laboratory analysis

Orig 18
183 G-920

revealed that the bomb had used a high explosive such as dynamite and had been triggered by a single firing device constructed from an altered pocketwatch attached to a battery and electric blasting cap. Test results done on the spring mechanism from the watch parts recovered at the scene of the explosion indicated that the bomb had likely been placed at least two hours prior to the explosion.

A written communique was received by a number of persons following the bombing. Credit for the bombing was claimed in this communique by a organization which called itself the Armed Resistance Unit (ARU). No other organization claimed responsibility for this bombing.

Prior to the bombing of the Capitol and in the months subsequent to it, several other bombings in the District of Columbia and New York City had occurred. The bombings in the District of Columbia were of the National War College at Fort McNair, the Computer Center at the Washington Navy Yard and the Officers' Club at the Washington Navy Yard. These bombings had several similarities to the bombing of the United States Capitol. Two of these bombings, that is, the ones committed at the National War College on April 26, 1983, and at the Computer Center at the Washington Navy Yard on August 18, 1983, were also claimed by the ARU. Responsibility for the remaining bombing in the District was claimed by an organization calling itself the Red Guerrilla

Resistance (RGR). The type of improvised explosive device used in each of the three other bombings committed in the District of Columbia, as well as those in New York, bore marked similarities to that found in the Capitol bombing. All of the bombings had involved the use of a high explosive, and in several, traces of dynamite or dynamite residue was located. All of the timing devices utilized to trigger the explosions had been made from altered pocketwatches from the same manufacturer. All used a battery and electric blasting cap as part of the charge. Other similarities both in the type of component parts used in these devices and the method or type of alteration to these parts indicated that a single group or organization was responsible for all the bombings.

Evidence directly implicating the defendants, Laura Whitehorn, Linda Evans and Marilyn Buck, and other members of their group in the bombing of the U.S. Capitol was obtained through a series of arrests and seizures beginning on November 29, 1984, with the arrest of co-conspirators in Cherry Hill, New Jersey. Among the items recovered in Cherry Hill were over 600 pounds of explosives including Hercules Unigel Tamptite Dynamite, Hercules and Dupont electric blasting caps, Hercules Hercomix blasting agent, Hercules Slurry HP-374 blasting agent, Dupont Tovex 210 water gel explosives and detonator cord. Numerous pieces of false identification were also recovered.

Information obtained from the arrest of these co-conspirators linked them and others to the Connecticut area. For instance, the U-Haul used by them to transport the explosives to New Jersey had been rented by one of the co-conspirators in New Haven using the name "William Hammond". Also at the time of their arrests, the co-conspirators were driving an Oldsmobile registered to a "Louise Harmon". Recovered from the vehicle were car repair receipts from a service station in New Haven, Connecticut. Investigation in Connecticut revealed that this automobile was regularly serviced at that service station, and employees there identified the defendant Marilyn Buck as being the owner known to them as "Louise Harmon". Additionally leads in Connecticut further tied the defendants Marilyn Buck, Linda Evans and other co-conspirators to several shared residences in the New Haven area from 1983 to November 1984. Linda Evans was also identified under the alias "Christine Johnson" as having been employed during this time at several printing shops in the New Haven area.

The investigatory leads developed in Connecticut eventually led the FBI to Baltimore, Maryland, where the defendants, Linda Evans, Marilyn Buck and Laura Whitehorn, were located residing at the Yorkewood Apartments in the Alameda building. Residents and employees of the apartment complex identified Evans, Buck and Whitehorn as being the tenants of apartment D from February 1985 until their arrests. Linda Evans and Marilyn Buck were followed from that apartment to New York State where they were arrested

together on May 10, 1985. On May 11, 1985, Laura Whitehorn was arrested in that apartment.

Numerous recoveries from the apartment linked the defendants and co-conspirators to each other and to the series of bombings charged in the indictment, including the U.S. Capitol. Fifteen pocketwatches of the type used at the bombing of the Capitol, as well as the other bombings, were recovered from the premises. Nine of the recovered pocketwatches had been altered to be used as timing devices for bombs. Fourteen of the pocketwatches were found in a twenty-six drawer storage cabinet that contained other key components necessary to create, test and arm electrical time-delay firing mechanisms. Evidence that the defendants had constructed improvised explosive devices utilizing dynamite as the main charge also was found in the apartment. A set of rubber gloves was recovered which laboratory analysis indicated showed the presence of dynamite residue.

The manner and type of alteration of the recovered pocketwatches was consistent with the component parts recovered from all of the bombings. These alterations included some distinguishing features. One such feature was the presence in all the altered pocketwatches of a scratch or tool mark by the timing regulator. This marking was consistent with the same demarkation found on each of the watches used in the dual timing device recovered in the bombing of the Computer Center at the Washington

Navy Yard. Instructions on how to construct bombs utilizing dynamite, electric blasting caps as a detonator and pocketwatches as time-delay firing mechanisms were also recovered from the apartment. Linda Evans' fingerprints were found on these typed bomb making instructions. These instructions were consistent with the construction of the altered timing devices found in the apartment. Further laboratory examination between the instructions, the altered pocketwatches, tools and other materials recovered from the Alameda apartment and the bomb parts recovered from each bomb site, including the United States Capitol, demonstrated that all the bombs had been manufactured by the same individuals who had manufactured the time-delay firing mechanisms seized at the Alameda apartment.

A handwritten list entitled "Traces" recovered from the apartment enumerated investigatory leads which might have been generated as a result of the co-conspirators' arrest in New Jersey. The "Traces" list was identified as having been written by the defendants Marilyn Buck and Linda Evans. One of the notations on the "Traces" list noted the use of the alias "Susan Knoll" for motel rentals in Queens and D.C. Identification documents in the name "Susan Knoll" had been recovered at the time of the arrest of the co-conspirators in New Jersey. That alias also appeared in a list of false identification names found in the Alameda apartment. Further investigation showed that two of the names, Susan Knoll and Ana Stackliff, found in the "alias list" had been used to registe

at the same motel in the District immediately preceding two of the bombings. The alias "Ana Stackliff" was used to register at the Master Hosts Inn in the District on the day of the Capitol bombing. The room was rented for a single day. The registrant listed her vehicle as being an Oldsmobile with a Connecticut tag. This was the same type of car linked to the defendant Marilyn Buck and two of her co-conspirators. The "Susan Knoll" alias was used to register at the motel on the day preceding the bombing of the Officers' Club. The same type of vehicle, an Oldsmobile with a Connecticut tag, was listed to the registrant on that occasion. Handwriting analysis of the registration card indicated that Marilyn Buck may have been the writer.

Recovered in the Alameda were documents and letters which detailed the philosophy and ideology of the organization and set forth the group's involvement in bombings which they refer to as "armed clandestine actions". One such document was a typed letter dated November 5, 1984, in which the defendants addressed outside criticism of the group's activities. Statements discussing three separate "actions", including the Capitol, the South African Consulate and the Israeli Aircraft Industries, were noted in the letter. The letter indicated that the action against the Capitol had been viewed as "strategic". This typed letter contained several handwritten attachments which were identified as having been written by the defendant Marilyn Buck. The document also contained fingerprints from the defendants, Buck, Whitehorn, Evans

and one of the other co-conspirators. Several of the other documents recovered identified their organization as being the RGR, and as being the same as that known as the ARU and the RFG. One such document contained fingerprints of Laura Whitehorn and of one of the other co-conspirators. Negatives of the RGR logo and paper printed with the RGR logo and letterhead were seized. Fingerprints belonging to Linda Evans and one of the other co-conspirators were found on the paper and the negative of the logo, respectively.

A handwritten notebook on grid paper which included notations and surveillance notes on a number of "actions" committed by the group was recovered from the Alameda. These notes included references to the bombing of the Officers' Club at the Washington Navy Yard, as well as two of the New York bombings. The defendant Laura Whitehorn was identified as being the writer of most of this notebook. Fingerprints of the defendant Laura Whitehorn and two of the co-conspirators were found on this notebook.

Copies of communiques for all the District bombings were recovered from the Alameda. A mailing list which matched locations where communiques had been received was also recovered.

Evidence of the intent of the group and the continuing nature of the conspiracy was substantiated by the recovery at the Alameda apartment of files which had been labeled by the defendants "In Progress". These files consisted of detailed diagrams,

surveillance notes and photographs and informational brochures and articles on future bomb targets. The locations included the Old Executive Office Building, the law offices of Symington & Smathers, the United States Naval Academy, the Aberdeen Proving Grounds, the Summit Aviation Company offices, the Cuban American National Foundation and the American Israel Public Affairs Committee. Much of the handwritten material in these files was in the handwriting of one of the co-conspirators and fingerprints or palm prints of Marilyn Buck, Laura Whitehorn and two of the other co-conspirators were found on documents from the "In Progress" files. Additional photographs of the U.S. Naval Academy, one of the projected targets, were also found in a camera in the possession of defendants Marilyn Buck and Linda Evans at their arrest.

Negatives and mockups of false identification documents including business cards and credentials for the Federal Bureau of Investigation, Bureau of Alcohol, Tobacco and Firearms, Drug Enforcement Agency and the United States Secret Service were found in the Baltimore apartment. Instruction manuals on the reproduction of identification documents including driver's licenses and birth certificates were recovered. Fingerprints of defendants Marilyn Buck, Laura Whitehorn and Linda Evans were found on several of these negatives, mockups and instruction manuals. Negatives for the manufacture of social security cards as well as blank social security cards were also recovered. A laminating machine for the reproduction of documents and instructions on its

use, as well as a Polaroid camera and a roll of laminating plastic film were seized. Numerous false identification documents such as passports, driver's licenses, social security cards, library cards, voter registration certificates and business cards, many of which contained photographs of the defendants with assumed identities, were recovered from the apartment in Baltimore and in their possession at their arrests. The defendants had access to printing equipment and supplies on a regular basis, as at the time of her arrest and on previous occasions, the defendant Linda Evans was employed as a printer.

Additional leads led the authorities to a Philadelphia rental agency where the alias "Loretta Polo" had been used to obtain a truck. This alias had also been found on the "alias list" recovered in the Alameda apartment. The truck rented under the Polo identity was returned to the agency on May 25, 1985, by a co-conspirator. The truck driver was accompanied at the time by another one of the co-conspirators. Authorities followed them, and they were arrested together a short time later. They had in their possession keys to a garage where an additional recovery of a large volume of explosives was made. Found in the Doylestown garage were over 100 pounds of explosives including Hercules Unigel Tamptite Dynamite of the same date shift code as recovered in Cherry Hill, Hercules electric blasting caps, Gelodyne, Dupont Tovex 210 water gel explosive and detonator cord. With the exception of the Gelodyne, all of the explosives recovered from this garage were

identical to that seized from the other members of the group in New Jersey. From the recoveries at the bomb sites including the bombing at the Capitol, these explosives were consistent with the materials which had been utilized in the improvised explosive devices. Manuals on firearms, munitions and explosives were also recovered. Handwritten notes dated from as early as July 1982, concerning the manufacture of incendiary devices and bombs and the testing of components for such devices were also recovered. Handwriting analysis indicates that these notes were written by defendants Laura Whitehorn and Linda Evans.

Also recovered were a mailing list, false identification documents, false identities and other typed documents concerning the organization which to a large degree mirrored recoveries from the apartment in Baltimore. The group's affiliation was further evidenced by the seizure of letters and notes from defendants Evans, Whitehorn, Buck and another co-conspirator, all of whom were then in detention, detailing possible evidentiary traces which might lead the authorities to the co-conspirators who had not yet been located or to their cache of explosives.

The evidence set out above establishes that the defendants Linda Evans, Marilyn Buck and Laura Whitehorn did willfully and knowingly combine, conspire, confederate, and agree together and with others to maliciously damage and destroy and attempt to damage and destroy, by means of bombings, buildings and other personal and

PRESS RELEASE

JAY B. STEPHENS
United States Attorney
for the District of Columbia

United States Attorney Jay B. Stephens today announced that Laura Whitehorn, Linda Evans and Marilyn Buck each pleaded guilty in Federal District Court to one count of conspiracy to destroy federal and private property by means of bombing and one count of malicious destruction of federal property by the bombing the United States Capitol in November 1983. Ms. Whitehorn also pleaded guilty to one count of fraud in connection with identification documents arising from a pending matter under indictment in Baltimore, Maryland. Ms. Evans and Ms. Buck face a penalty of fifteen years imprisonment and a fine of up to $20,000. Whitehorn faces a penalty of twenty years imprisonment and a fine of up to $45,000.

In announcing the guilty pleas, Mr. Stephens stated, "Today's convictions demonstrate that we will be relentless in bringing to justice those who seek to influence the policies of our Government and to destroy our democratic institutions through terrorism, whether domestic or foreign. Those who use through violence to

attack the institutions which embody our nation's democratic ideals ultimately will pay the price."

The offenses to which Whitehorn, Evans and Buck pleaded guilty involved a series of bombings of government and private property on the East Coast from 1983 to 1984. Members of the group acting under the names the Revolutionary Fighting Group (RFG), the Armed Resistance Unit (ARU) and the Red Guerrilla Resistance (RGR) claimed responsibility for eight bombings committed in Washington, D.C. and New York City including the bombing of the United States Capitol, the National War College at Fort McNair, the Computer Center of the Washington Navy Yard, and the Washington Navy Yard's Officer's Club. The bomb planted in the U.S. Capitol Building was detonated at approximately 11:00 p.m. on November 7, 1983, and caused $250,000 damage. Over a million dollars of property damage occurred as a direct result of the bombings.

Members of the group were identified and linked to the bombings after an extensive investigation conducted by the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco and Firearms, the Metropolitan Police Department and other local law enforcement agencies. Essential evidence was developed by the Explosives Unit of the FBI Laboratory through the skillful forensic examination of bomb debris and a comparison with items recovered from the defendants' possession. The investigation of these crimes involved the meticulous development of a pattern of evidence including substantial forensic analysis of bombs, documents, explosive mechanisms, and identification evidence as well as the

seizure of arms, documents and records. The defendants' criminal activity began to unravel when they used a stolen identification to rent a storage facility in New Jersey to store explosives. The arrest of two co-conspirators in New Jersey ultimately led the FBI to the remaining members of the group.

At the time of their arrests, the defendants' and their co-conspirators were in possession of numerous pocket-watches which had been altered to act as time-delay firing mechanisms for use as triggering devices for high explosive bombs, detailed bomb making instructions, and over 700 pounds of explosives including dynamite, electric blasting caps and detonator cord. In addition to the bomb components, documents linking the members of the group to a pattern of bombing activity were recovered. These documents included letters and papers admitting past acts of violence, surveillance information on actual bomb sites and detailed plans for future bombings, including surveillance information on the Old Executive Office Building and the United States Naval Academy.

The members of the group funded their activities by means of armed robberies and by the time of their arrests had amassed an arsenal of firearms including rifles, shotguns, handguns, military assault weapons, bullet proof armor and thousands of rounds of ammunition. The group had avoided detection by law enforcement authorities for many years through an elaborate use of false identification and aliases.

Today's convictions stemmed from a May 1988 grand jury indictment of seven defendants for a series of bombings in

Washington, including the bombing of the U.S. Capitol. As part of the agreement which lead to today's guilty pleas, charges against three other defendants who are currently serving prison terms ranging up to 58 years will be dismissed. A recent court ruling limiting the admissibility of certain conspiracy evidence against these three individuals effectively foreclosed the government's ability to proceed against them. Another defendant, Elizabeth Duke, remains a fugitive on the charges in the May 1988 indictment and on explosive and firearm charges in Philadelphia, Pennsylvania.

United States Attorney Stephens praised the work of Assistant United States Attorneys Peggy Ellen, Brian M. Murtagh and Rhonda C. Fields as well as FBI Special Agents Ray Jechorek, John Hosinski and Denny L. Kline, ATF Special Agent Tom Perambo, MPD Detectives Tom Heard and Condwell Freeman, and the cooperation of the United States Capitol Police. In particular, Mr. Stephens commended the spirit of cooperation exemplified in this case by the tireless efforts of the Joint Terrorist Task Force over a period of seven years to bring this case to a successful resolution.

[redacted] of [redacted], [redacted], [redacted], [redacted], was advised that he was being contacted by the Federal Bureau of Investigation regarding his possible knowledge of events which culminated in the November 7, 1983, bombing of the United States Capitol building, Washington, D. C., and specifically regarding his presence in the Capitol building that date. [redacted] advised as follows: b6 b7C

On Thursday, November 3, 1983, he stayed overnight at the residence at a friend of his, [redacted], [redacted], [redacted], [redacted]. On Friday morning, November 4, 1983, [redacted] drove himself and [redacted] to the train station in [redacted]. Sometime between 8:15 and 9:15 AM [redacted] and [redacted] left Boston by Amtrak and arrived in Baltimore, Maryland, approximately eight hours later. From Baltimore, they took one bus to Annapolis, Maryland, and another to the campus of [redacted]. There they met [redacted] and resided with [redacted] room while in the Maryland-Washington, D. C. area. b6 b7C

On Saturday, November 5, 1983, [redacted] and [redacted] and [redacted] left Annapolis by bus at approximately 2:15 PM and arrived in Washington, D. C. approximately one hour later. They then used the Metro subway system to get around while sightseeing in the District. At approximately 4:00 PM they entered the Capitol building via one of three doors under or nearby the main staircase in front of the building. They sat for about ten minutes in the public seating area of the Senate gallery and later for approximately thirty minutes in the House gallery. [redacted] noted that there was a tour group on the floor of the Senate. There was another tour group in the balcony close enough for [redacted] and himself to listen to the tour guide's monologue. The three remained in the Capitol building approximately two hours leaving at approximately 6:00 PM. The three then visited the Library of Congress for approximately thirty minutes and later tried to enter another public building, possibly the Supreme Court building, but noted there was a sign stating that the building was then closed. After eating in a Chinese restaurant the three left Washington, D. C. at approximately 9:00 PM traveling by taxi to Annapolis since they had missed the last regularly scheduled bus. The taxi cost $30. Sunday, November 6, 1983, [redacted] and [redacted] remained b6 b7C

at Annapolis, Maryland.

On Monday, November 7, 1983, they left Annapolis at approximately 7:00 AM and traveled to Washington, D. C. by Dillion (phonetic) Bus Lines arriving there at approximately 7:45 AM. In the District they took a Metro to the same subway station they had used November 5th exiting one or two stations away from the Capitol building. At approximately 8:00 AM, [redacted] and [redacted] walked up to one of the three doors on the front of the building and noted that there was a sign in front of the door on the right stating that that entrance was closed. The two then walked under the staircase on the front of the building over to the door on the left. There was no sign regarding admittance at that door. Either [redacted] or [redacted] pulled that door open and entered the Capitol building. [redacted] stated that to the right after you enter there was a large brown wooden desk with a chair in back of it. There were no policemen at the desk or in the immediate area. No signs regarding admittance times were noticed posted inside the door. [redacted] and [redacted] took their first right turn once inside and walked in the direction towards the middle of the building. Inside, they walked around for approximately fifteen to twenty minutes. [redacted] stated that he and [redacted] were both wearing three piece suits and that there were other men similarly dressed also in the building. [redacted] recalled that there were workmen dressed in white overalls in the building at that time. [redacted] also noted that there was one small scaffolding, exact location not recalled in the building. On the first or second level above the level at which [redacted] entered the Capitol building they met Officer [redacted] in one of the "main corridors". [redacted] asked them if they were (Congressional) staffers. When [redacted] and [redacted] said they were not he asked them how they got into the building. When they told [redacted] they just walked in the front door [redacted] told them the building wasn't open to the public before 9 AM and that they had better go downstairs.. [redacted] pointed in the general direction of a staircase leading downstairs as he spoke. [redacted] and [redacted] by themselves went down to the level on which they had entered the Capitol building and there continued walking around. [redacted] stated that he and [redacted] remained in the building because it was not clear to themselves at that time whether or not [redacted] meant for them to leave the building because the entire building was closed until 9 AM or if only the upper levels, that is the House and Senate gallery levels, were closed to the general public until 9 AM. [redacted] stated that on the first level he noticed other people alone, in pairs or in small groups. He later learned from Officer [redacted] that the groups were special VIP tours organized for before the 9 AM general admittance time. In addition, [redacted] stated further that he noticed some persons behind the glass display counters of the Capitol gift shop, persons whom he believed were gift shop employees. [redacted]

did not converse with and was not able to describe any of those persons. At approximately 8:50 AM [redacted] and [redacted] returned upstairs to the corridor where they had previously met Officer [redacted]. [redacted] asked them how they got in (to the Capitol) this time. When [redacted] and [redacted] stated that they had been downstairs walking around, Officer [redacted] went to a telephone and called another policeman. The latter joined [redacted], [redacted] and [redacted] and they all then walked downstairs. [redacted] requested that [redacted] and [redacted] show him what door through which they had entered the building. The four walked out of the building via the door that [redacted] and [redacted] had first noticed was posted with a sign stating that the entrance was closed, walked under the staircase past the middle door and reentered the building by the far left door through which [redacted] and [redacted] had first entered the building. [redacted] stated that this time there was a guard behind the desk at that door. [redacted] and the other policeman walked with [redacted] and [redacted] past that guard and then by himself walked back to the guard at the door, had a short conversation with him and then rejoined [redacted] and [redacted] and the other guard. The four then proceeded downstairs to the Security Office. At the Security Office [redacted] and [redacted] were asked to identify themselves, asked again to explain how they had entered the Capitol building and requested to sign statements regarding their being in the Capitol building before 9 AM. Officer [redacted] explained to [redacted] and [redacted] the procedure by which gallery passes can be obtained from a [redacted] Senator or Representative. [redacted] stated that he and [redacted] left the Capitol building at approximately 9:15 AM and proceeded directly to [redacted] office where he and Marc obtained Senate and House gallery passes. [redacted] stated that he and [redacted] were said hello to by U.S. Senator Baker as they passed one another in the Senate Office Building. At approximately 9:45 AM they returned to the Capitol building. [redacted] stated that he did not recall whether or not they sat in the House gallery noting that that gallery was not in session at that time that day. [redacted] estimated that they did sit in the Senate gallery approximately two hours listening to a discussion regarding the MX missile. [redacted] stated that [redacted] had to check his umbrella before entering the Senate gallery and that [redacted] had been given a number type check with which to reclaim his umbrella. [redacted] stated further that there were several other persons sitting in the Senate gallery. He estimated that he and [redacted] left the Capitol building at approximately 12 noon and did not return again. After touring other monuments and buildings in the Washington, D. C. area [redacted] and [redacted] left the District "just after dark" traveling to [redacted] by Dillion Bus Lines. The next day, November 8th, [redacted] and [redacted] remained at Annapolis, Maryland, and on November 9, 1983, left Annapolis and traveled by bus to Baltimore, Maryland, and from there by Amtrak to Boston, Massachusetts.

[redacted] stated that he had no idea who placed the bomb in the United States Capitol building and that he learned the next day that a group calling itself the Armed Resistance had said they were responsible. [redacted] did not know whether or not he and [redacted] ever walked in the general area where the bomb was detonated. He did state that when [redacted] said the building was not open to the public before 9 AM he remembered a "brown skin" black male approximately 5'9" tall, medium build, short black possibly afro styled hair, wearing a black leather type jacket and dark pants standing by himself looking at a painting in the Capitol building. [redacted] did not see the mans face and could not further describe him, the painting or where in the Capitol building he noticed the man. He saw the man, rear view, only for a few seconds as he walked passed him and paid no attention to him at the time because there were a number of other persons including what appeared to be workmen then inside the building. [redacted] stated that he did not single out this black man because he was black but rather because he was alone and dressed differently, that is wearing a leather type jacket rather than suit or sport coat and tie. [redacted] further stated that this was his first trip to Washington, D. C. [redacted] is employed at [redacted] in [redacted] and is a [redacted]

On Friday morning, November 4, 1983, [redacted] drove himself and a friend of his, [redacted] of [redacted], [redacted], to South Station, Boston, Massachusetts. At approximately 8:30 AM, [redacted] and [redacted] left Boston by Amtrak and arrived at approximately 4:00 PM in Baltimore, Maryland. From Baltimore, they used two bus lines to reach Annapolis, Maryland. At Annapolis they met [redacted] Annapolis. While in the Maryland-Washington, D. C. area they resided at [redacted] b6 b7C

On Saturday, November 5, 1983, [redacted] and [redacted] and [redacted] traveled by Trailways bus from Annapolis to the Trailways bus station in Washington, D. C. They used the Washington, D. C. Metro subway system to get around while making a general tour of the District. At approximately 3:00 PM, they entered the United States Capitol building for approximately twenty to thirty minutes. At the Capitol they visited the House of Representatives gallery sitting in one of the balcony areas above the gallery floor. [redacted] stated that they may also have that same date, although not specifically recalled, visited the Senate gallery. The [redacted] and [redacted] returned to Annapolis, Maryland, via taxi cab having missed the regularly scheduled bus. Sunday, November 6, 1983, they remained at Annapolis, Maryland. b6 b7C

On Monday, November 7, 1983, [redacted] and [redacted] got up early and traveled by Dillion (phonetic) Bus Lines to Washington, D. C. and via the Metro to one of the subway stations, exact name not recalled, close to the United States Capitol building. At approximately 8:00 AM they attempted to enter the Capitol building via what they later learned was the "Law Library" door. Since there was a sign stating that that entrance was closed they went to the b6 b7C

next entrance. At the next entrance, which they later learned was the "Document Door", they entered the Capitol building. That door was shut but not locked. Inside that entrance and to the left was a desk apparently made of marble or marble like material. There was no guard at the door or at the desk inside the door, nor was there a sign stating the hours the Capitol was open or as at the Law Library door a sign stating that the entrance was at that time closed. [redacted] and [redacted], always together, walked around inside the Capitol building for approximately fifteen minutes. In doing so, they noticed what appeared to [redacted] to be a tour group inside the Capitol building which he later learned was a before 9:00 AM VIP type tour. Not being familiar with the general layout of the Capitol building [redacted] stated that he was unable to describe more specifically the floor levels and corridors he and [redacted] walked. On the first level above the entry level they met Officer [redacted] in the corridor which leads to the House of Representatives gallery. Prior to meeting [redacted], [redacted] and [redacted] were not challenged by any of the guards they passed in the corridors. [redacted] described Officer [redacted] as a white male, approximately 55 years of age, 5'7" tall, heavy (overweight) build with gray hair at the sides. He was wearing a policeman type uniform including hat. He also wore eyeglasses. [redacted] asked them if they were members of the (Congressional) staff. When they said they were not he told them they were not supposed to be in the Capitol building and asked them how they got in. When they said through the "front door" downstairs [redacted] told them the general public was not allowed in the building before 9:00 AM. [redacted] and [redacted] left the area and by themselves walked downstairs over to where the gift shop is located looking at the Rotunda and paintings on the walls as they walked. Officer [redacted] did not escort them away from his station. [redacted] recalled that the gift shop was not in a separate room by itself but consisted of several glass display cases grouped together in a hallway on what was apparently the ground floor. At approximately 8:50 AM [redacted] and [redacted] returned upstairs and were again met by Officer [redacted]. He commented: still here? [redacted] and [redacted] responded that they were and had been walking around down stairs (on the level below [redacted]) and had visited the gift shop. [redacted] then suggested that [redacted] and [redacted] come with him a minute. [redacted] went to a side corridor and made a telephone call. Another guard relieved [redacted] at his station and a third guard accompanied [redacted], [redacted] and [redacted] downstairs. There, [redacted] and [redacted] showed [redacted] and the other policeman the doorway by which they had entered the Capitol. There was still no guard or sign at that doorway. It was at that doorway entrance that they were joined by another policeman, possibly a sergeant. [redacted] and [redacted] also showed the police guards the first door they approached and the sign there that stated that that entrance was closed. It was while escorted by [redacted] that they learned that the two entrances were known as the Law Library door

and the Document door. [redacted] and [redacted] were then escorted to the Security Room where they met a lieutenant, again explained how they entered the Capitol building and each signed statements regarding their being in the Capitol building prior to the 9:00 AM hour of public admittance. While in the Security Office, it was explained to [redacted] and [redacted] that they could obtain House and Senate gallery passes from the offices of [redacted] Representative [redacted] Snow and U.S. Senator [redacted]. [redacted] estimated that he and [redacted] left the Security Office at approximately 9:20 AM. [redacted] and [redacted] left the Capitol and went directly to Senator [redacted] office, obtained House and Senate gallery passes and at approximately 10:00 AM returned to the Capitol building. They sat for a few minutes in the house gallery, it was not in session until noon, and for approximately forty-five minutes in the Senate gallery. In session at that time, the Senate was discussing the MX missile. During their visit to the Capitol building November 7, 1983, both [redacted] and [redacted] were attired in three-piece suits. [redacted] carried an umbrella and a Washington Post newspaper. He noted that prior to entering the House or Senate galleries he was required to check his umbrella. He stated that he seemed to recall that he may have signed some type of register when he checked his umbrella and in return received a leather type tag with a number on it with which to reclaim the umbrella. [redacted] stated that he does not recall where he discarded his copy of the Washington Post. [redacted] also recalled that at least one point in the Capitol building, possibly before each gallery, he had to walk through a metal detector and that he had to remove and display his eye glasses and glasses case which were in his pocket before being permitted to proceed further. [redacted] estimated that he and [redacted] left the Capitol building at approximately 11:30 AM and after touring other buildings in Washington, D. C. left the District at approximately 5:30 to 6:00 PM returning to [redacted] via [redacted] Bus Lines.

[redacted] stated that he had no idea who placed the bomb in the United States Capitol building and that he only learned the next day from newspaper reports that a group which referred to itself as the Armed Resistance had said they were responsible. [redacted] could offer no information regarding possible suspicious persons or activity in the Capitol building. [redacted] did not know whether or not he and [redacted] ever walked in the area or area immediate adjacent to the area where the bomb was detonated. b6 b7C [redacted] further advised that he and [redacted] left [redacted] and returned to [redacted] November 9, 1983, and that this was their first trip to Washington, D. C. [redacted] stated that he was employed during the past summer season helping to repair a roof for [redacted]. [redacted] stated that he previously resided in [redacted], for approximately three years and that he and [redacted]

[redacted] advised that he is an Officer with the UNITED STATES CAPITOL POLICE, and in that capacity came on duty on the third floor of the West side of the Senate Chamber at 3:00 p.m. on November 7, 1983. [redacted] advised that he was assigned security duties in the vicinity of Gallery #8 of the United States Senate. [redacted] advised he remained in that position until 4:30 p.m. at which time he took a break which lasted until 5:00 p.m. [redacted] advised that at approximately 6:30 p.m. to 6:45 p.m. he observed an unknown male exit from the area of Gallery #8. [redacted] advised that upon observing this individual he immediately became suspicious because of this individual's general appearance and demeanor. [redacted] stated that this individual did not appear normal and his behavior seemed odd, indicating he should be watched as a "Mental Observation." [redacted] advised this individual, upon exiting the Gallery, engaged doorperson [redacted] (last name unknown) in conversation. [redacted] observed that this individual's behavior seemed to upset [redacted] who appeared to be getting nervous, and he therefore approached closer and engaged the man in conversation. The man then proceeded to hold conversation with [redacted] and another female doorperson whose name [redacted] could not recall.

[redacted] stated that he inquired as to where the man was from and the man replied that he was from New York City, specifically the Bronx, and that he worked for the government, possibly the city government of New York. [redacted] believed that he heard the man mention 130 Street in New York to [redacted] and that he knew this area very well. [redacted] advised he asked the man if there was anyone there with him, none having been observed. The man indicated that he had a wife who had multiple sclerosis and

that she was staying with a friend. [redacted] advised that in further conversation that this individual mentioned that he had a sister who went to the UNIVERSITY OF WYOMING in Cheyenne, Wyoming. [redacted] who is from the State of Wyoming, told the man that the UNIVERSITY OF WYOMING was in Laramie and that the only school in Cheyenne was a Diesel Mechanic school. Because of this the individual's strange appearance and behavior, [redacted] attempted to stall him until such time as his Sergeant walked through the area. In this effort, [redacted] advised, he engaged in small talk with the man. [redacted] advised the man stated that he had a camera in his pocket and he wanted to take pictures of the Capitol. This information disturbed [redacted] who advised that cameras are not allowed in the Senate Gallery. [redacted] advised he attempted to look into the man's pocket, and observed an item, which may have been a camera, located in the lower left hand outside pocket of the man's coat. [redacted] also observed three medium sized paperback books resting in the man's lower right outside coat pocket. Each of these books appeared to display a library stamp located on the page ends.

[redacted] advised that the man next stated that he envied the three of them, for working at the Capitol, and repeated this statement twice more. [redacted] advised that the man went on to inquire what Officers did at the Capitol, and [redacted] was of the opinion that the was actually seeking information regarding security arrangements and procedures. [redacted] advised he continued to attempt to stall the man from leaving and invited him to take a seat on a chair outside Gallery #8. [redacted] advised that the man sat down only momentarily than quickly rose and shook hands with [redacted], [redacted] noted that man's handshake was very timid and he pulled his hand away immediately upon making contact. [redacted] believed the man was very nervous during the entire time of contact and he seemed eager to leave the area. [redacted] advised that by this time that both [redacted] and the other girl had moved into the Gallery, apparently wishing to avoid further contact with this individual. Shortly after rising from the chair the man said goodbye and exited the area, descending the steps on the West stairway where [redacted] eventually lost sight of him. [redacted] advised that from that stairway the man could have entered the second floor area where the bomb later exploded. [redacted] advised that after the man departed, the two women returned to the hallway and [redacted] told them: "That guy was really nuts" and [redacted] replied: "That is the reason we left." [redacted] stated that at this time his Sergeant appeared on the scene and [redacted] told him: "We had a really weird guy up here." [redacted] advised he gave his Sergeant a good description of the man

and his Sergeant then went to see the Head Doorman. A few minutes later his Sergeant and the Head Doorman returned and indicated they could not find the individual.

[redacted] further advised that unless the man in question entered the Gallery area during his 4:30 p.m. through 5:00 p.m. break period, the man would have had to enter prior to his arrival on duty at 3:00 p.m. [redacted] also advised that anyone who enters the Gallery areas prior to 6:00 p.m. is required to exhibit a pass which can be obtained from the individual's Senator or Congressman. [redacted] indicated that some Senators and Congressmen maintain guest books for individuals who receive such passes, and that these passes are good for two years. [redacted] advised he could identify this individual if he were to see him again.

In addition to the information set forth above, [redacted] provided the following descriptive data for the man:

[redacted] NATIONAL PUBLIC RADIO, 2025 M Street, N.W., Washington, D.C. (WDC), was interviewed by Special Agents [redacted] and [redacted] who identified themselves as Special Agents of the FEDERAL BUREAU OF INVESTIGATION (FBI).

[redacted] was informed that she was being interviewed in connection with the November 7, 1983, bombing of the U. S. Capitol Building in WDC and her knowledge of a communique from the Armed Resistance Unit.

[redacted] advised that she received an envelope through the regular mail received at the NATIONAL PUBLIC RADIO STATION. The envelope was addressed to the NATIONAL PUBLIC RADIO News Department, 2025 M Street, N.W., WDC, 20036. The letter was opened and a communication was found within. At the top of the right hand corner of the letter, it stated, "Please retype this and distribute it, and destroy the original." According to [redacted] this was a xerox copy and there was no original communication inside the envelope. The first sentence of the communication was in all capital letters, which read, "COMMUNICATION FROM THE ARMED RESISTANCE UNIT NOVEMBER 7, 1983.

"Tonight we bombed the U. S. Capitol Building. We attacked the U. S. Government to retaliate against imperialist aggression that has sent the marines, the CIA, and the Army to invade sovereign nations, to trample and lay waste the lives and rights of the peoples of Grenada, Lebanon, El Salvador, and Nicaragua, to carry out imperialism's need to dominate, oppress, and exploit. Every act of the U. S. Military--directed by the White House and Congress--has been nothing less than an outright attack on the fundamental right of nations to self-determination, peace, and freedom. These acts have been carried out with cynical disregard for life as well as for truth. Reagan calls progress and revolution "terrorism," and tries to portray the true terrorism of imperialist invasion as "democracy" and "freedom." Only a government arrogant enough to believe that its

economic and political need should dominate the whole world can call the invasion of Grenada a "rescue operation," the invasion of Lebanon a "peace-keeping mission," the fascist rules of El Salvador "democracy's friends," and the contras "freedom - fighters." The Reagan lie that the invasion of Grenada prevented a "Cuban takeover" is nothing less than a pretext for eliminating a black socialist nation in the Caribbean. Last year, in a dress rehearsal called "Ocean Venture," the U. S. Armed Forces practiced the Grenadian invasion on the island of Vieques, Puerto Rico. The vicious attack on the socialist nation of Cuba--which has provided a consistent, revolutionary example of proletarian internationalism--and the attempt to discredit and destroy the people's revolutionary army and the New Jewel Movement of the Grenadian people, show the extent to which the U. S. will go in order to control and dominate Latin America, Central America, and the Caribbean, and to try to defeat socialism in the region. With the collusion of the press, the U. S. Government is building anti-communism to justify these attacks and further military aggression to resolve its own internal economic and political problems.

"We are acting in solidarity with all those leading the fight against U. S. imperialism--the peoples of Grenada, Lebanon, Palestine, El Salvador, and Nicaragua--who are confronting direct U. S. aggression, and those, like the people of Chile and the Philippines, who are struggling to free their nations from U. S. puppet regimes. They are all paying a tremendous price for freedom, and we commit ourselves to fight with the same seriousness for the same goals - self-determination for oppressed nations, the total defeat of imperialism, and the building of a socialist world.

"Our action also carries a message to the anti-imperialist movement here, that we need to resist and to fight as people all over the world are doing--with principle, consistency, and determination. We join with all the people across the U. S., and the millions throughout the world, who condemn U. S. imperialist aggression. Our solidarity with the liberation struggles under attack by U. S. imperialism must be uncompromising, militant, and unwaivering in supporting the right of those nations to self-determination. We cannot fall into the trap of debating which wing of the government has the right to

declare war, or which politician might be less blatant in his racism and anti-communism, nor can we be fooled by those bourgeois politicians who claim to by sympathetic to third world nations--and who would more 'humanely' exploit those nations in the interest of U. S. imperialism. The enemy is the imperialist system. Electoral politics and pacifism are paths that have been tried many times, and that have failed. To follow those paths now will only weaken and undermine the movement and defeat our attempts to organize greater numbers of people to resist.

"Our action carries a message to the U. S. imperialist ruling class: We purposely aimed out attack at the institutions of imperialist rule rather than at individual members of the ruling class and government. We did not choose to kill any of them this time. But their lives are not sacred, and their hands are stained with the blood of millions. Let it be as clear to the people of this country as it is to the rest of the people of this country as it is to the rest of the people of the world that the U. S. ruling class are war criminals, and they will be held accountable for their crimes.

"Thirty-three years ago almost to the day, OSCAR COLLAZO and GRISELLO TORESOLA, two Puerto Rican Nationalists fighting for Independence for Puerto Rico, attacked another part of the Imperialist power--the Commander - In - Chief, the President of the U. S. Their action was one of the first in which the oppressed brought the war back tot he doorsteps of the oppressor. We salute them and all those Puerto Ricans, Mexican, New Afrikan, Native American, and North American freedom - fighters who have been killed or captured in struggle. To them also, our action carries a message--out commitment to carry on the struggle.

"U. S. MILITARY OUT OF GRENADA, LEBANON, AND CENTRAL AMERICAN! DEFEND THE GRENADIAN AND NICARAGUAN REVOLUTIONS! VICTORY TO THE FMLN/FDR! SUPPORT THE LEBANESE NATIONAL MOVEMENT AND THE PLO! FIGHT U. S. IMPERIALISM! BUILD A REVOLUTIONARY RESISTANCE MOVEMENT!

SA [redacted]. and SA [redacted], FEDERAL BUREAU OF INVESTIGATION (FBI). Washington Field Office (WFO), conducted the following investigation at the U. S. Capitol between November 14 - 18, 1983.

On November 14, 1983, SA's started to review and duplicate thirty videotapes that were obtained from the U. S. Capitol Police. The tapes covered a time period from November 6, 1983 to November 8, 1983. The following is a list of tapes that were reviewed and duplicated at the U. S. Capitol Police Communications Center: 003, 008, 015, 016, 106, 107, 108, 109, 111, 114, 115, 116, 118, 119, 201, 202, 204, 249, 250, 335, 336, 337, 338, 339, and 340.

Tapes 112, and 203 were found to be blank and were not duplicated. Tape 019 contained scenes from 12 midnight to 2 a.m. on November 8, 1983, which was after the bombing. Tape 023 was taken on Saturday, November 5, 1983, and was not duplicated. Tape 026 was taken at 5 a.m. to 1 p.m., on Sunday, November 6, 1983, and was not duplicated.

On November 17 - 18, 1983, SA [redacted] of the New York Office, SA [redacted] of the Newark Office, and Detective [redacted] of the NEW YORK CITY POLICE DEPARTMENT, assisted WFO in reviewing the videotapes.

There were no leads developed as a result of the review of the tapes. It should be noted that U. S. CAPITOL POLICE procedures do not require the videotaping of any activity during normal business hours. This is due to the volume of pedestrian traffic in the U. S. Capitol on a day basis. However, the U. S. CAPITOL POLICE monitor all cameras during business hours and the monitoring officers activate the recording mechanism only if they see nothing suspicious. In addition, they detail an officer to check out any suspicious activity.

[redacted] and [redacted] WASHINGTON POST, 1150 15th Street, N.W., Washington, D.C., were advised of the identities of the interviewing agents and the nature of the investigation. They provided the following information:

At approximately 10:55 p.m., [redacted] answered her telephone and after an approximately three second pause, the caller said "Listen very carefully, I'm only going to say this once..." [redacted] told [redacted] to pick up the other line and they listened to the remainder of the message which was that the ARMED RESISTANCE UNIT bombed the U.S. Capitol Building in support of all nation's struggle against U.S. military aggression...action is in response to Grenada and Lebanon...".

[redacted] picked up another line to call the U.S. Capitol Police and while she was speaking to Lieutenant [redacted], he told her "something just went off, I've got to go."

According to [redacted] and [redacted] the message was a taped voice, there was a steady hum or hiss in the background and there was no rise or fall in the cadence or tone and no break in the cadence, even during the commotion when [redacted] was picking up on the call. The voice was a monotone and was purposeful. The message was definately past tense in that the group had bombed, not will bomb, the Capitol.

According to [redacted], the message sounded like it was being delivered from inside a sound proof phone booth. The caller was described as a white male, between 30-50 years of age. There was no discernible accent, the caller had a deep voice and the message was given in a steady voice. There was no emotion in the voice whatsoever, simply a flat announcement that sounded like it was being read from a prepared script. The message was read once, in a measured tone, and then clicked off.

[redacted] and [redacted] estimated the length of the call to be about one minute. The call came in on line 334-7410, the National News desk number. This number is published. A check with the Post main switch board operator revealed that no calls had been transferred to the National desk at that time which

[redacted] On January 18, 1984 and January 24, 1984, [redacted] Addressograph Multigraph International, 1500 Wilson Boulevard, Arlington, Virginia, advised as follows:

The Addressograph Multigraph Model 5000 was sold as business copiers several years back. Since that time the state of the art has improved so much that the 5000 is out dated and most of these machines have been scraped. These machines generally require servicing once a month. There are only two companies known to [redacted] that have people qualified to perform maintenance on the AM 5000. Addressograph Multigraph International (Arlington, Virginia) has two service men that have been trained on the AM 5000. ABCOR Corporation, 672 N Glebe Road, Arlington, Virginia, has hired former AM International Service men and may be servicing AM 5000 copiers in the area. As far as he knew AM International is the only company that carries the paper and toner for this copier. He did not know if any other paper or toner could be substituted.

He advised that there were two AM 5000 copiers in his office Serial Numbers 7663 and 07657. Copies for laboratory comparison were made on these two machines.

[redacted] also furnished several sheets of electric static paper manufactured by AM International for comparison as it is very similar to the roll paper used by the AM 5000. The paper is used in the Brunning 2000 through the multigraphics 2300 Series copiers. The paper is, however, different from the AM 5000 paper and is used with a different type of toner.

AM International Service records indicated that there are or were AM 5000 copier machines located at the following locations:

After the end of the meetings held on November 7, 1983, [redacted] met fellow AUSAs [redacted] and [redacted] for dinner. After finishing dinner, they drove to the U.S. Capitol Building, arriving at approximately 9:45 p.m. They parked their vehicle in the middle parking area opposite the center steps of the Capitol Building and exited their vehicle. [redacted] at this time noticed a yellow Volkswagen Beetle parked in the same area with a white male seated in the driver's side. [redacted] stated that the individual showed no movement in the car nor made any attempt to exit the vehicle. [redacted] further stated that he could not provide any further description of the individual or the vehicle.

[redacted] and his companions then walked towards the center steps of the Capitol where they struck up a conversation with a United States Capitol Police Officer. [redacted] described him as being either of Hispanic or Italian descent, 5'6" or 5'7" tall, dark eyes, and had a slight separation between his upper two front teeth.

After conversing about the Capitol Building for a short time, the Capitol Police Officer told [redacted] and his companions to wait a few minutes in that he would take them through the Capitol.

At approximately 10:00 p.m. the same Capitol Police Officer escorted the three through a ground floor entrance just to the left of the center stairs. [redacted] saw a white female walk into the room and exit through a door, which he could not identify. [redacted] stated that the female walked in a purposeful manner and described her as being in her late twenties, early thirties, approximately 5'4" tall, 130 to 140 pounds, and possessing dark, shoulder length hair. [redacted] next recalls being led past the Senate cloakroom and into a room that contained three chairs and had paintings of CLAY and CALHOUN displayed on the wall. The officer stated to them that this is where you would be asked to wait if you were going to visit a Republican Senator, such as HOWARD BAKER.

[redacted] recalls exiting the room and seeing a bust of former President RICHARD NIXON. They stopped outside Senator BYRD's office and there the officer explained that BYRD is very security-conscious and a guard must escort him the short distance to the Senate Chambers.

[redacted] stated that just prior to going into the old Senate Chambers, he observed a black male who appeared to be a janitor. [redacted] recalls this individual to have a muscular build and was wearing a grey t-shirt. [redacted] could offer no further description.

After exiting the old Senate Chambers, [redacted] again saw a black male, who in his opinion, was the same black male previously described.

On the evening on November 7, 1983, [redacted] and a companion of hers, [redacted], drove up to the U.S. Capitol in her Ford [redacted], two door, and parked on the Capitol Plaza. Since her companion, [redacted], was visiting from out of state and the fact that the U.S. Capitol was a national landmark, she felt that it was a good idea to tour the Capitol grounds at night. They arrived at the U.S. Capitol at approximately 10:30 p.m. After securing the locks on the car doors they heard what sounded like police sirens. Not paying much attention to the sirens they proceeded to walk around the Capitol. After about 20 minutes, they decided to go back to the car and go home. It was at this time they came in contact with a police guard who prevented them from entering the parking lot. They, [redacted] and [redacted], decided that they would continue to walk around until all the confusion had settled. After attempting to gain access to the parking lot a second time they were again stopped by a police guard and were requested to produce identification. Since neither of the two had proper identification they were temporarily detained by police until proper identification was produced. [redacted] was taking to the Harrington Hotel, 11th and E Street, N.W., WDC, where he was staying while in the Washington area and produced a current [redacted] passport. [redacted] on the other hand was taken to her place of employment,

On March 3, 1983, [redacted] called CISPES on (202) 887-5019.

Authorities there also advised that, during this same time period, [redacted] called [redacted], however this telephone number was not shown on the previously mentioned toll records.

According to Law Enforcement authorities in New Hampshire, telephone subscriber information is obtained by them through an 800 (toll free) number in Vermont. It should be noted that New Hampshire Law Enforcement authorities indicate (202) 887-5019 to [redacted] (it is believed to be a typographical error, and should be [redacted]). Washington, D.C. Mr. [redacted] Officer, Night Supervisor's Office, UNITED STATES CAPITOL POLICE, Washington, D. C., was interviewed at his home by SA [redacted] on November 8, 1983.

Mr. [redacted] related that the evening of the bombing had been quiet and without incident. The night force was approaching shift change prior to the walk through inspection of the Capitol when Lieutenant [redacted] called from the United States Capitol Police Communications Center to advise the Night Supervisor's Office that the Capitol Operator [redacted] had just received a telephone call from a male caller who spoke broken English. The caller said that a bomb had been placed in the Capitol and would go off in five minutes. [redacted] also commented that the WASHINGTON POST had also received the same call. [redacted] suggested they put out a yellow alert, which is the normal procedure in such cases to secure the area and begin attempting to locate the device. [redacted] agreed. [redacted] put the alert out over the radio net and heard it also over his own monitor as it went out. He then called downstairs to Lieutenant [redacted] of UNITED STATES CAPITOL POLICE, Patrol Division One to begin searching the building. After making the call to [redacted] he heard an unknown voice over his monitor say that "something just went off." Inspector [redacted], who was in the Night Supervisor's Office with [redacted], immediately called the Communications Center to confirm what they had both just heard over the monitor. It was verified by the call. [redacted] immediately got out his notification list and began making the appropriate calls while he continued to monitor his radio. Upon his request, Lieutenant [redacted] began sealing off areas 207, 208, 224 and 225 where the blast occurred. [redacted] then had Captain [redacted] of the United States Capitol Police Bomb Squad report to the area for a crime scene search.

He was of the opinion that the camaras were still on at the time of the blast, which would have occurred in the vicinity of camera #43. [redacted] offered nothing further and the interview ended.
