17. Remarks (By SAC):

Although this source has not furnished pertinent information to date, the background information could be highly pertinent when the casinos begin to operate. Harris International is presently expanding its operation and is still not completely set up to operate in the Bahamas at this time. The coverage will pertain to subsequent skimming operations in the Bahamas and as the Bureau is aware the source will not come to its full fruition until the casinos are open and operating in the Bahamas and have reached that stage of development where a skimming operation would be feasible. It is believed that this type of coverage should be maintained in order that this office will be in a position to cover the early stages of the skimming, planning and subsequent substantive skimming. In view of the above, this valuable source will be continued for 90 days, UACB.

18. Recommendation by Assistant Director:

(If this surveillance involves cryptanalysis, include statement that decrypted material is or is not sufficiently important to continue decrypting.)

Meyer Lansky is one of the leading racket figures in the nation. [REDACTED]

[REDACTED] This source is in the Harris International Office in Miami Beach. No significant information has been obtained from this installation to date. However, it is felt that the installation has an excellent potential to furnish information regarding the Bahamas operation and will most likely be able to furnish information regarding the skimming of funds once the gambling activities are in full operation. b7c b7D

The Miami Office by telephone call to Assistant Director Evans, was authorized to move the installation into a different room of the office building where it is located after the Miami Office ascertained that it was getting new quarters. In view of the insight such a misur can provide, it is recommended the Miami Office be authorized to continue this installation for a ninety-day period.

# Memorandum

TO : Director, FBI (92-2831)

DATE: October 25, 1963

FROM : SAC, Miami (92-102 Sub II)

JUNE

SUBJECT: MEYER LANSKY, aka  
AR

Re attached FD-143 and Miami telephone call to Assistant Director COURTNEY EVANS, 10/21/63.

Harris International, which is room 206 of the Giller Building, Miami Beach, Florida, has indicated their intention to move to the east suite on the 4th floor of the same building. Pursuant to authorization telephonically given by Assistant Director EVANS, this installation will be continued at the new location. New telephonic equipment is being installed at the new location, which calls for call directors. The mike will be concealed behind the connector of one of the call directors.

At the inception of the request for this installation the Miami Office did not anticipate any quality information coming therefrom prior to the opening of the gambling casino at Freeport, Bahamas. It is anticipated the same will be opened in the next two months and should skimming operations be involved this source should furnish details concerning the same.

Upon the moving of Harris International and the effectiveness of the new installation the Bureau will be immediately advised of the same.

[REDACTED] is a highly confidential source that had been developed with reference to [REDACTED]. Valuable information has been received from this source concerning the "skimming operation" in Las Vegas gambling casinos with these funds being diverted to MEYER LANSKY and other East Coast racket figures. As the Bureau is aware, [REDACTED]

this source was to obtain quality information involving skimming in the Bahamas, which information was expected to be forthcoming upon the casinos being opened.

On Monday, December 2, 1963, [REDACTED] reported [REDACTED] b2 b7c

At 9:45 a.m., on December 3, 1963, [REDACTED] reported [REDACTED] b2  
one or more individuals entered the office of [REDACTED] b7c  
[REDACTED] apparently proceeded directly  
to the source and appeared to be tampering with objects on or  
immediately adjacent to the source. At that time [REDACTED]  
was temporarily discontinued and shorted at the Central Plant.  
Approximately one hour later the source was reactivated and  
found to be operative.

At no time during the day nor since [REDACTED] b2  
has anyone reported to this source any in-  
formation indicating a belief, concern or interest that such  
a source might be covering their activities.

At 9:38 p.m., on December 3, 1963, one or more in- b7c  
dividuals entered [REDACTED] proceeded directly  
to the area of the source and again appeared to be tampering  
with the source or objects immediately adjacent to it. No com-  
ments were made by anyone at this time.

Approximately five minutes after the activity was  
heard in the close proximity of the source on the evening of  
December 3, 1963, the circuit to this source was checked with  
a meter and found to be "open" and this circuit has remained  
open since that time.

MEYER LANSKY

The files of the Passport Office, Department of State, reviewed by a Special Agent of the FBI on July 23, 1965, disclose that Meyer Lansky, born on July 4, 1902, in Russia, was issued passport C 304440 at Miami, Florida, on June 27, 1962. This passport was renewed at Miami, Florida, about March 8, 1965, to expire June 27, 1967. In his renewal application dated March 8, 1965, the subject stated that he intended to take a pleasure trip for two months in 1965 but did not furnish any travel plans or list the countries which he intended to visit.

This passport is valid for all countries except Albania, Cuba, and those portions of China, Korea, and Vietnam under communist control.

The subject gave his mailing address as Post Office Box 356, Hallandale, Florida. In the event of death or accident he requested that Jack Lansky, his brother, be notified at Post Office Box 1596, Hollywood, Florida.

It is noted that under current passport regulations the subject may use this passport for lawful travel within the period of its validity and as often as desired without further notification to the Department of State or other Government agency.
