Mr. Jim Daley  
Copley Plaza Hotel  
Copley Sq.  
Boston, MA

Dear Mr. Daley:

It has been reported that not only are you planning to host a \$5,000 a plate dinner for Nelson Mandela, but you also plan to give him a large cash contribution. I want to believe that your attitude towards Mandela is based on misinformation. Contrary to what the managed media has been reporting, Mandela is little more than a terrorist. His warm embrace of Yasser Arafat should have opened the eyes of most Americans.

Mandela was the founder of the military wing of the ANC known as the "Spear of the Nation." Between the years of 1961-1963, Mandela's terrorists were responsible for over eighty acts of violence including the bombing of a Jewish synagogue and the bombing of a black policeman's home in which two girls were killed. Mandela admitted in court that he planned sabotage. At the time of his arrest, he and his fellow terrorists had a large cache of weapons which included automatic weapons, dynamite, land mines, hand grenades, and the plans of buildings which were to be bombed. He has never renounced violence. In fact, he was offered a conditional release in 1985. The condition: He had to renounce violence. He didn't.

His ANC employs the particularly brutal method of execution known as the necklace. The necklace is where an automobile tire is placed over the body of a bound victim, a flammable liquid is poured over the poor wretch, and then set on fire. Over 600 persons have been murdered in this manner. All of the victims are black. Nelson's darling wife Winnie was quoted by Reuters News Service in 1986 as saying: "With our boxes of matches and our necklaces, we will liberate South Africa." I happen to have a videotape of a necklace being performed on a young black woman and the clip which has Winnie making the above mentioned quote. If you would like to borrow the tapes, please contact me.

A 1982 Senate subcommittee chaired by former Senator Jeremiah Denton determined that eighteen of the top thirty-three ANC officials were also members of South Africa's Communist Party. The former ANC official who testified at the subcommittee hearings, Bartholomew Hlapane and his wife were murdered by the ANC when he returned to South Africa. The ANC was invited to testify at the hearings; they refused to go. The report is

entitled "Soviet, East German and Cuban Involvement in Fomenting Revolution in Southern Africa." And yes, I have a copy which I would be happy to lend to you.

On Thursday, June 21, at 7:30 PM, the John Birch Society's American Opinion Speakers Bureau will host a black South African who will shed some light on the true Mandela. Dr. Mildred Jefferson will also say a few words. The speech will be held at the Holiday Inn in Randolph. In addition to the speech, our speaker will be making the Boston talk show circuit. We originally had Mr. Anthony Bocasso, a thirty-year old black South African who holds a PH.D., scheduled to speak. But due to the fact that his cousin was recently murdered by the ANC via the necklacs, the poor man was in fear of his life and the lives of his family and canceled out. However, the Lincoln Institute-the Washington D.C. black conservative think tank, will provide us with a speaker. I hope you will attend.

Sincerely, [Redacted]
