I listened to evening news, read LA
Times & I got probes version
& arrest report of officers.

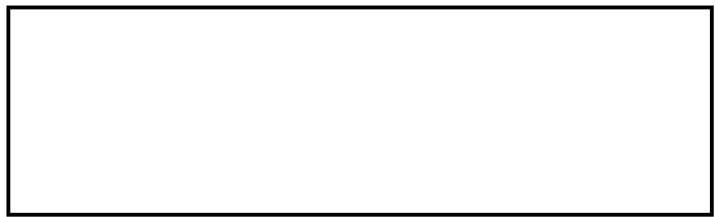

On reports of TIMES I read officers account,
he dusted - failure follow orders -
I can not see which side.

I use arrest report to get details beyond
arrest report.

I saw some of trial - officers testimony

I reviewed case to do report to provide
to the court to see if any modification
of probes status warranted. I did
not interview officers in the case

I relied on conversations with King
& Arvest report to prepare reports.

Press reports and media reports
had no effect on my reports.
