SUBJECT: BENJAMIN ZUCKERMAN, was.  
SECURITY MATTER - C

Re Newark letter to the Director dated 12/29/53.

The subject was interviewed on 1/28/54 by SA HARVEY N. JOHNSON and SA JAMES A. MAPLEY, Jr. The subject stated at this time that he was willing to cooperate in any way that he could with the FBI. He stated that he felt it was his responsibility to answer any questions and to freely supply any information in his possession which would help the Government and expressly the FBI in the defense of the United States.

The subject, however, stated that he felt he had received a "bad break" because of his association with MORTON SOBELL, MAX ELITCHER and others.

He stated that the only thing he felt that was actually held against him was his membership in the Civil Liberties Union. He stated that he, himself, had listed his membership in the Civil Liberties Union on his FPO when applying for a Government position. He said that he never knew MAX ELITCHER, MORTON SOBELL, AARON NOVIKOFF or WILLIAM DANZINGER as members of the CP.

He stated that if he knew that they were CP members he would never have lived with them in Washington, D.C.

The subject stated that he knew AARON COLEMAN of Long Branch, N.J., and HENRY JASCIK, New York City. He stated he mentioned these names because he has seen them in the paper and that there have been allegations that they are members of the CP. He stated that he does not know them as members of the CP and that he never had any discussions with them concerning the CP or any political discussions of any sort.

The subject stated that he had been suspended from the 3151st Electronic Group, Griffiss Air Force Base, Rome, New York in October 1952. He stated that his letter of suspension which he exhibited to the interviewing Agents stated that he was being suspended for security reasons and that he was not being suspended because of any doubt as to his loyalty.

COPIES DESTROYED

62

AUG 14 1963 The subject said that he is appealing the suspension. The subject stated that at this time he recognized the Government's security responsibilities and personally feels that the Government had a right in this case to suspend him on security grounds if the Government considered his associations a security risk.

He stated, however, that he is appealing the case on the grounds that many believe him to have been let go because of a doubt as to his loyalty. The subject stated that at this time he was never a CP member and was never interested in the CP.

He stated that he knows of no activity concerning the CP at Fort Monmouth and that he knows of no present activity on the part of the CP or any other subversive organization.

The subject stated at this time that he had appeared on two occasions before the "MC CARTHY Committee in New York City. He stated that although he had a "rough time" on the first occasion, the Committee was very friendly to him on his second visit and he feels that they believed everything which he told them which was just a repetition of what he has already told the FBI.

The subject reiterated that he would be willing at any time to discuss his past activities with the representatives of the FBI but that he feels he has no real knowledge which would be of any benefit to the FBI.

The subject stated at this time that he is presently under Doctor's care and that because of his appearance at MC CARTHY Committee hearings and his suspension from his position at Rome, New York he has become afflicted with an ulcerous condition.

He said, however, that he would be willing to answer any specific questions put to him if it were necessary to the security of the country.

It is noted that the subject appeared at all times friendly and willing to cooperate with the FBI in every way that he could. It was also apparent that the subject was sincere and that he was trying his best to tell the facts as he saw them.

Unless advised to the contrary the subject will be recontacted as the need arises for specific information concerning any of his associates or any other persons concerning whom he may have some information. Report follows.

Re report of SA JAMES A. MARLEY, JR., 3/3/54, Newark, 5 copies of which are enclosed.

The subject was interviewed 1/28/54 at which time he was very cooperative and willing to be contacted again if the need arose.

It is felt that the subject has no possibilities as a Potential Security Informant of the Newark Office because of the notoriety that he received as a witness at the Senate Investigating Committee Hearings held by Senator JOSEPH MC CARTHY in New York City. Subject, although cooperative, stated that he knows of no CP activity at Fort Monmouth and that, although associated with persons who have since been declared CP members, he did not know them as CP members and knows nothing of their present activities.

The subject also stated in this interview that he was in poor health and under a doctor's care because of his appearance before the MC CARTHY hearing.

This case is being placed in a closed status in the Newark Office, and unless advised to the contrary, the subject will be contacted on specific instances on which he may possibly supply information as the need arises.
