TITLE HARRY GOLD, was.		CHARACTER OF CASE ESPIONAGE - R	

SYNOPSIS OF FACTS:

Correspondence at American Distilling Company, Pekin, Ill., reflected project visit of HARRY GOLD and MORRELL E. DOUGHERTY. No information developed establishing actual visit. Two employees at Hiram Walker Company, Peoria, Ill., recall visit and produced visitors' registration cards for the men and advised they attached no particular significance to the visit during which yeasting processes involving use of molasses were discussed. Records of Pere Marquette Hotel destroyed for pertinent period, while records of Hotel Jefferson failed to disclose visit during pertinent period.

Details:

AT PEKIN, ILLINOIS

Mr. HENRY ZIMMERMAN, Chief Accountant, American Distilling Company, located correspondence dated June 19, 1945, from Mr. RUSSELL R. BROWN of the New York Office addressed to SAM ROTHBERG which was received on June 22, 1945, the text of which is as follows:

"Hamilton's concern is putting in new yeasting equipment at their Philadelphia plant and has asked to have his two chemists visit the Pekin Plant the latter part of this week."

The letter stated that the chemists would contact ROTHBERG upon arrival and disclosed that the names of the chemists

were MORRELL E. DOUGHERTY and HARRY GOLD.

Mr. ZIMMERMAN stated that because he was not connected with the operation of the plant, the visitors would have had no reason to contact him. He also reported that the gate records listing the names of visitors to the plant for the years prior to 1946 have been destroyed.

SAM ROTHBERG, General Manager, Pekin Plant, American Distillers, upon interview on June 5, 1950, advised that he recalled the intended visit of HARRY GOLD and MORRELL E. DOUGHERTY to the Pekin Plant after reviewing the memorandum received from Mr. RUSSELL BROWN. He stated, however, that he never did see the visitors as he was out of the plant at the time of their visit. He stated that because they were technical men, he believes that he advised Mr. HENRY BEACH, since deceased, to take them through the plant and to discuss their problems with them. He had no actual record as to the identity of the person who escorted the visitors through the plant.

In recalling the situation, Mr. ROTHBERG believed that the problem of the Penn Sugar Company at the time was to convert to the distilling of alcohol for beverage purposes. He advised that this plant had been making industrial alcohol from molasses fermentation for the government. War Food Order 141 effective August 1, 1945, permitted the distillers to begin making alcohol for beverage purposes on a restricted basis with grains other than corn. Inasmuch as whiskey was very scarce and valuable at the time, all of the plants which were in the same position as the Penn Sugar Company, were trying to convert to distilling beverage alcohol from grains other than corn so they could participate in the lush market. Although Mr. ROTHBERG had no memoranda to support this theory, he expressed a rather positive opinion that this was the purpose of the visit by the chemists to see if they could obtain information as to how they could successfully convert their plant.

ROTHBERG stated that he never saw HARRY GOLD or MORRELL E. DOUGHERTY and was sure that their visit was only for a period of part of one day.

Mr. JOSEPH C. HAEFELIN, Production and Quality Control Manager; Dr. HANS MEISTER, former Plant Manager; ROBERT BROSMER, former chemist and laboratory technician; and ART OATS, Foreman, Still-house, all of the American Distilling Company, were displayed a photograph of HARRY GOLD, and their

SI #65-840

attention was called to the company correspondence pertaining to their visit to the Pekin plant, but they stated they did not recall the visit of either Mr. HARRY GOLD or MORRELL E. DOUGHERTY to the Pekin plant of the American Distilling Company in June of 1945.

AT HIRAM WALKER & SONS, INC.
PEORIA, ILLINOIS

Dr. C. S. BORUFF, Technical Director, reported he was unable to recall any visit by GOLD or DOUGHERTY.

Dr. LEONARD STONE, Research Director, and WILLIAM DAY, Production Control Manager, located two visitor registration cards reflecting the visit of GOLD and DOUGHERTY at the plant. The undated registration cards set out the following information:

MORRELL E. DOUGHERTY
5517 Litchfield St.
Phila (43) Pa.

HARRY GOLD
Penna Alc & Chem Corp
Phila (25) Pa.

Penna Alcohol & Chemical Corp
1021 No. Delaware Ave.
Phila (25) Pa.

Home
6823 Kindred St.
Phila (24) Pa.

STONE and DAY reported they recalled the visit was purely professional in character, that their discussion centered about processes of yeast fermentation involving molasses and conversion of the process to grain fermentation. Both stated they would attach no particular significance to the visit as the custom at the plant was to extend to visiting chemists the courtesy of open discussion regarding their operations. However, no information would have been given regarding processes of whiskey manufacture or whiskey yeasting. They also reported that such a visit would not have been necessary to obtain information regarding their equipment and output volume, as such information would probably have been readily available by reference to various trade journals and to descriptive literature furnished by the manufacturer of the equipment which is in use at the plant. They also said that the wartime process of alcohol manufacture did not materially differ from the peacetime process and any good chemist would be aware of that fact.

SI #65-840

STONE and DAY also located a telegram sent June 27, 1945, from Buffalo, New York, signed by DOUGHERTY which is quoted as follows:

"BILL, we plumb forgot this could you send by air mail a slant culture suitable for wheat flour."

Further correspondence in their file reflected that the request had been promptly complied with.

An attempt was made to determine whether or not GOLD and DOUGHERTY had remained at either of the two leading hotels in Peoria. JOHN AMMERMAN, Accountant at the Pere Marquette Hotel, reported that all hotel records prior to 1947 had been destroyed. CLIFFORD POWELL, Auditor at the Jefferson Hotel, and reporting agent made a search of old hotel records covering the period from June 19, 1945, to June 27, 1945, but could not locate any record identifiable as that of either GOLD or DOUGHERTY.

- REFERRED UPON COMPLETION TO OFFICE OF ORIGIN -

Interviews in the foregoing report were conducted jointly by Special Agents WILLIAM C. RITT and VINCENT T. HARTNETT, except that Special Agent HARTNETT interviewed Mr. SAM ROTHBERG and Special Agent RITT interviewed Mr. ROBERT BROSNER.

Interviews in Rock Island, Illinois, were conducted by Special Agent MERVIN G. O'MELIA; at East St. Louis, Illinois, by Special Agent ARTHUR C. MEIER; and at Urbana, Illinois, by Special Agent RAYMOND L. FAISST.

Mr. HARRY ZIMMERMAN, Chief Accountant, American Distilling Company, advised that the following employees would have been in a position to have had contact with HARRY GOLD and MORRELL E. DOUGHERTY during the course of their project visit at that plant during 1945:

JOSEPH C. HAEFELIN, Production and Quality Control Manager.
Dr. HANS MEISTER, former plant manager.
ROBERT BROSNER, former chemist and laboratory technician.
HENRY BEACH (deceased), former cooker and still-room operator.
ART OATS, foreman, still-house.
SAM ROTHBERG, general manager.

Mr. JOSEPH C. HAEFELIN was shown the photograph of HARRY GOLD and his attention called to the American Distilling Company's correspondence relative to the visit of HARRY GOLD and MORRELL E. DOUGHERTY to the Pekin plant. Mr. HAEFELIN reported that he was absolutely unable to recall any visit by these two chemists nor could he recall having seen anyone in the plant who resembled the picture of HARRY GOLD. He also stated that because he was a native Philadelphian he was certain he would have recalled the visit by association with his home city.

Mr. ART OATS likewise was shown a photograph of HARRY GOLD and the company's correspondence, and stated that he had absolutely no recollection of any individual visiting the plant whom he could identify as HARRY GOLD.

Dr. HANS MEISTER was interviewed at the Northern Regional Laboratory in Peoria, Illinois. He stated that he terminated his employment at the American Distilling Company on May 25, 1945, and consequently would not have been at the plant when HARRY GOLD contemplated visiting there. However, Dr. MEISTER went on to say that he strongly believed that he had seen HARRY GOLD in the plant of the United Distilling Company of America at Baltimore, Maryland, during the fall or winter of 1946. At that time

MEISTER was Vice President in charge of production and one HENRY ERLICH was plant manager. Dr. MEISTER said that he believed that HARRY GOLD and HENRY ERLICH were together in the plant at the same time that representatives of Amtorg Trading Corporation were visiting the plant and were in the same party. This group of visitors were composed of four men, including HARRY GOLD, according to Dr. MEISTER. Dr. MEISTER said he recalled the incident because he "felt put out" about the visit as he had not been advised that the men would be visiting the plant, and in his capacity as Vice President he felt that he should have known in advance that the men were coming and the purpose of their visit.

HENRY ERLICH was described by Dr. MEISTER as a Russian Jew who had entered the United States through Canada and presently is living at 3411 Wabash Avenue, Baltimore 15, Maryland. Dr. MEISTER went on to add that he could not be positive in his statements and that he did strongly rely on his recollection, but is of the opinion that HARRY GOLD is one of the individuals whom he saw at the plant at the time mentioned.

Mr. ROBERT BROSNER was interviewed at Gilman, Illinois, and reported that he could not recall seeing anyone at the plant at the time mentioned whom he could identify as being HARRY GOLD. He stated that he was generally engaged at the Pekin plant, and, consequently, would not have met anyone being taken through the plant on an inspection tour if they had been interested in the manufacturing process.

Confidential Informant [REDACTED] of known reliability, was unable to recognize either the photograph or the name of HARRY GOLD as that of any individual association with or connected with the Communist Party or with Communist Party activities in the Peoria, Illinois, area. b2 b7D

Dr. P. GERALD KRUGER, Department of Physics, University of Illinois.
Dr. GERALD M. ALMY, Professor of Physics, University of Illinois.

In addition, the photograph of HARRY GOLD was displayed to Confidential Informants [redacted] all of known reliability, without effecting an identification. b2 b7D

Confidential Informant [redacted] advised that while employed at Los Alamos he had a speaking acquaintance with EMIL JULIUS CLAUS FUCHS. He reported that FUCHS had a reputation for being able to remember details and stated that he was sure that if FUCHS did furnish any information it would probably be very detailed and accurate. b2 b7D

AT EAST ST. LOUIS, ILLINOIS:

The photograph of HARRY GOLD was displayed to Confidential Informant [redacted] of known reliability, who failed to recognize it or identify it. He also stated that he had seen pictures of HARRY GOLD in the newspapers and was unable to recognize any of them. He reported that none of the members of the East St. Louis branch of the Communist Party had mentioned HARRY GOLD. b2 b7D

AT ROCK ISLAND, ILLINOIS:

The photograph of HARRY GOLD was displayed to Confidential Informants [redacted] all of known reliability, and to DONALD O. SPENCER, [redacted] former member of the Communist Party at Rock Island, Illinois, and who is believed reliable, and all stated that they could not recall having seen HARRY GOLD in the Rock Island, Illinois, area. b2 b7D

On July 3, 1950, ASAC Hinze called from Philadelphia and stated that the Philadelphia Office has now prepared additional statements for Gold's signature. They are as follows:

Statement regarding the espionage information re Brothman - 57 pages.

Statement showing supplemental information regarding Gold's contact with Fuchs - 26 pages.

Statement reflecting supplemental information re Alfred Dean Slack - 10 pages.

Statement reflecting supplemental information re David Greenglass - 3 pages.

Hinze stated that the Philadelphia Office contemplates contacting Attorney John Hamilton regarding these statements.

I told Hinze to contact Hamilton and inform him that he had the statements ready to be signed by Gold based on information he had furnished to us, but to make no comment in this regard indicating Gold's intent. I advised him that if Hamilton desired to see the statements they should be made available to him for reading.

On June 30, 1950, SAC Cornelius of the Philadelphia Office called and referred to previous information furnished by Mr. Whearty of the Department to the effect that the statement of facts would be furnished by the Department to United States Attorney Gleason at Philadelphia to enable him to handle the Gold matter rather than having Gleason furnished with FBI reports.

Mr. Cornelius requested that if possible the Philadelphia Office be furnished a copy of the statement of facts which the Department is going to give to Gleason in order that the Philadelphia Office will know what information is being given to Gleason and thus be in a position to better deal with him.

I called Mr. William Foley of the Department in the absence of Mr. Whearty and requested that a copy of the statement of facts being drawn up by the Department for Mr. Gleason be made available to us for this purpose. He said he would do this.

Fuchs' Return To Atomic Work Hinted

London, July 4 (AP).—Speculation cropped up in some informed quarters today that Britain may soon put atom spy Klaus Fuchs to work again on atomic research.

There was no official confirmation or denial of the reports. The press department of the Home Office, which is responsible for Fuchs and other prisoners, said it was not given information about such matters.

Fuchs, one of the government's key atom scientists, was sentenced to 14 years in prison last March for tipping Anglo-American atomic secrets to Russia. In his confession, the ex-Communist said he was repentant and wanted to make amends.

There was speculation at the time that ultimately he might be allowed to resume research behind prison walls.

George Marton-Smith, a reporter for the mass-circulation Daily Mirror, today wrote that the German-born physicist may be put to work again soon. He said he learned this "on the highest authority."

One of Britain's leading atom scientists was asked to comment on the story. The scientist, who asked not to be quoted directly, said he had no "hard, independent information," but it seemed to him to be reasonable speculation.

Marton-Smith said Fuchs would be subjected to the most rigid surveillance if he resumed work. He said scientists felt that with due safeguards his knowledge and ability were too valuable to be wasted. Fuchs' work in prison has been to make mail bags.

SUPPORT FOR A VITAL ISSUE.

A Senate appropriations subcommittee has made public what J. Edgar Hoover told it in executive session about the dimensions of the Communist "fifth column" in America. The testimony of the man who made the Federal Bureau of Investigation the most respected law enforcement agency in the world is now almost four months old, but time has not dimmed its validity. On the contrary, since Mr. Hoover told Congress that Communists were seeking vital American atomic, military and industrial secrets there have been several shocking demonstrations of the truth of his statements. In fact, the FBI itself has helped uproot a Red espionage ring that extended into the innermost atomic laboratories of the United States and England.

There can be no casual dismissal of the warning that J. Edgar Hoover gave the congressional committee. He said that Soviet spies and their sympathizers—the actual number of Communists being multiplied tenfold by the number of fellow travelers willing to do their bidding—"are after information on atomic research, radar, jet propulsion, coastal maps, military airports, biological warfare and industrial resources."

Since that testimony was given to Congress, Dr. Klaus Fuchs has been exposed in England. The FBI hunted down Harry Gold in the United States. Obviously, the Soviet espionage organization is after our atomic secrets. And just as obviously, they are doing their utmost to betray the other important information enumerated by Mr. Hoover. Why? To serve some ideological whim?

No. Make no mistake about it. The all-important intent of Soviet agents is to knock out the United States and make it possible for Russia to rule the world.

It isn't a parlor game they are playing. The security of our entire nation is at stake.

Is that a ridiculous overstatement of fact? Millions of people behind the Iron Curtain would answer that question if they could, but they can't. One-third of the world's population is in the orbit of Communist control today. So said Mr. Hoover. That means one out of every three persons alive in the world today would risk actual life by criticizing anything decreed by the dictatorship of the Kremlin. One out of every three persons today is an absolute vassal of Communism—or, to give it a more accurate description, the new Red world-wide gangsterism.

* * *
THAT'S SOMETHING to think about! So is Mr. Hoover's warning that "subversive Communists are more active now than Nazis and Fascists ever were during World War II." The Nazi and Fascist fifth columns almost delivered the entire world to the Rome-Berlin Axis a decade ago!

During the last war the Federal Bureau of Investigation did a superb job of counterespionage. It held wartime sabotage to an irreducible minimum. Since then it has kept on the trail of subversive elements to the fullest extent of its resources and man power. When J. Edgar Hoover asks Congress for more funds to make this nation safer from the constant and increasing threat of Communist treachery, his request should be regarded as a prime necessity.

OF FOREGOING, IT APPEARS UNLIKELY GOLD WAS IN CAMBRIDGE, XMAS FORTY-FOUR. LATTER ITEM WOULD ALSO EXPLAIN KRISTELS ALLEGED FIRST CONTACT IN LATE JANUARY FORTYFIVE. ROBERT HEINEMAN TODAY ADVISED HIS WIFE WAS THREE TO SIX YEARS OLDER THAN SHE HAD ADVISED ALL U. S. AUTHORITIES, SWARTHMORE AND HIMSELF. ROBERT STATED SHE IS ABOUT THIRTYNINE AND HE ONLY LEARNED THIS IN FORTYNINE FROM HER FATHER WHILE LATTER WAS IN US. NOTED THAT EARLIER FUCHS HAS INDICATED SISTER PROBABLY FAMILAR WITH HIS WORK, AND HAS INDICATED SHE MIGHT HAVE BEEN IN CP GROUP IN GERMANY. LATTER IS BOSTON UNDERSTANDING FROM BUREAU COMMUNICATIONS. KRISTEL WITH REFERENCE TO LATTER ITEMS HAS ALWAYS INSISTED THAT SHE WAS A ~~WAS~~ MERE SCHOOL GIRL IN GERMANY, AND THUS COULD NOT HAVE ENGAGED IN SUCH ACTIVITY OR KNOWN OF IT. IF SHE IS OLDER THAN SHE STATES, THEN HER ALIBI IS LIKELY FALSE, AND THE REASON FOR IT COULD BE HER DESIRE TO HIDE HER OWN WORK IN GERMANY. REQUEST FUCHS BE INTERVIEWED RE AGE OF SISTER, EXACT NATURE AND EXTENT OR HER CP AFFILIATIONS IN GERMANY. REQUEST, AS SOON AS BUREAU WILL PERMIT, THAT PHILADELPHIA DESCRIBE ABOVE DOMESTICS TO GOLD, SO THAT HE MAY IDENTIFY ONE IF POSSIBLE. ALSO ASK GOLD IF ANY OF DOMESTICS WERE COLORED. BOSTON WILL CONTINUE EFFORTS TO LOCATE DUNN WAS STOKES, BUT IF DOMESTIC WAS NOT NEGRESS, THIS WILL BE USELESS INQUIRY.

On June 5, 1950, Harry Gold advised Agents that around 1940 he submitted the name of Daniel Kline together with background information to the Soviets. At that time Kline was working at the Navy Yard in Philadelphia. Gold stated that Kline was the individual who went to school with Gold's brother Joseph and that Kline hardly knew him, Harry Gold. He stated that Kline was a graduate of the University of Purdue and a biological chemist. However, he did not know where he was employed.

The above is the only identifiable data on Daniel Kline.

SYNOPSIS OF FACTS:

HARRY GOLD on 6/2/50 furnished signed statement regarding his introduction to Soviet espionage by THOMAS L. BLACK in 1935. THOMAS L. BLACK on interviews of 6/15, 16/50 advised he introduced GOLD to Soviet espionage. GOLD advised he unsuccessfully contacted BENJAMIN SMILG upon instructions of Soviet superiors. He states ALFRED DEAN SLACK from period of late 1940 until early 1944 furnished information re chemical processes at Eastman Kodak and information re RDX in Kingsport, Tenn. ABRAHAM BROTHMAN during period of late 1941 until early 1944 furnished GOLD information re Buna-S, mixing equipment and Aerosol. In June of 1945, DAVID GREENGLASS furnished information pertaining to division in which GREENGLASS employed at Los Alamos, N.M. to GOLD. GOLD states, and THOMAS L. BLACK admits he had knowledge of GOLD's contacts with EMIL JULIUS KLAUS FUCHS. Background data re JOSEPH SCHULTZ, HERBERT EPSTEIN, MALCOLM SCHWARTZ, DANIEL KLINE, JACK BRUIN, HOWARD DALSKE, and CARL BUCHMAN furnished by GOLD to Soviet superior. GOLD states SCHULTZ, EPSTEIN, SCHWARTZ, fictitious individuals. KLINE, BRUIN, DALSKE were existent, but GOLD states attempts to recruit them false. BUCHMAN, according to GOLD, a Trotskyite, re whom GOLD's espionage superior requested information. GOLD states his first Soviet espionage superior from 1935 to 1937 was PAUL SMITH. In 1937, until early 1938, GOLD handled by STEVE SWARTZ. GOLD has identified SWARTZ as SEMEN MEFODIEVICH BUGA. From 1938 until 1940 GOLD handled by "FRED", whom he has not identified. During 1940, and until early 1944, "SAM," identified as SEMEN MARKOVICH SEMENOV, was GOLD's Soviet superior. GOLD advised an unknown Russian, whom he tentatively identified as JOSEPH KATZ, substituted for "SAM" in Buffalo in late 1940. GOLD has identified ANATOLI ANTONOVICH ZEKOVLEV as his espionage superior "JOHN," with whom GOLD dealt from 1944 until early 1946. During October of 1949, GOLD says he received a visit from an unknown Russian at his home in Philadelphia. This unknown Russian requested information re GOLD's testimony before Grand Jury in New York City in 1947.

I. INTRODUCTION TO ESPIONAGE

A. HARRY GOLD'S VERSION

During the period following the arrest of HARRY GOLD and his incarceration in the Holmesburg County Prison, Special Agents T. SCOTT MILLER, JR. and RICHARD E. BRENNAN have continued to interview GOLD for information relative to his espionage activities.

On June 2, 1950, HARRY GOLD furnished the following signed statement concerning his introduction into espionage activities to the aforementioned Agents:

"Philadelphia, Penn.
June 2, 1950

"I, HARRY GOLD, hereby make the following voluntary statement to T. SCOTT MILLER, JR. and RICHARD E. BRENNAN, who have identified themselves to me as Special Agents of the Federal Bureau of Investigation, U. S. Department of Justice. No threats or promises have been made me and I realize that I do not have to make any statement at all, and any statement I do make can be used against me in a court of law. I realize that I have a right to counsel.

"In about Feb., 1933 I was given a position with the Holbrook Manufacturing Company in Jersey City, N.J. I took the job of THOMAS L. BLACK who had resigned to accept another position.

"Shortly thereafter I attended a Communist Party meeting in Jersey City, N.J. at BLACK's request, and with BLACK. BLACK attempted to get me to join the Communist Party; this attempt was in a very tentative fashion.

"In the Spring or Summer of 1935, BLACK was employed as a chemist by the National Oil Products Co., Harrison, N.J. At that time I was employed by the Pennsylvania Sugar Company, Phila., Penn., and had continued my association with BLACK out of gratitude for his getting me a job during the depression. At this time BLACK asked me if I could get information from the Pennsylvania Sugar Company relative to processes. BLACK said that the Russians would be interested in getting the information. BLACK explained to me that he was in contact with a Russian who was with Amtorg, I believe, and that he

"(BLACK) had been giving this Russian chemical processes of the National Oil Products Co., his employer.

"BLACK explained to me that I would have a chance in this way to help the Soviet Union along the road to industrialization. From the first time BLACK mentioned this, until the latter part of 1935, we had several discussions about supplying the Russians with information. We discussed how we could get material blue printed and photostated.

"In the latter part of 1935 I went to New York City with BLACK, where he introduced me to a man by the name of PAUL SMITH, who was either a Russian or a Dane. We met in the vicinity of Penn. Station and shortly thereafter BLACK left PAUL and me. PAUL and I walked down 7th Ave during which time PAUL told me that the Soviet Union was interested in solvents and particularly in a process involving the manufacture of absolute ethyl alcohol on which Dr. GUSTAV REICH, the chief chemist at Pennsylvania Sugar Company, was working. PAUL set the time and place for our next meeting which was about 3 weeks later.

"The above contact with PAUL was to begin my working for the Soviets. During my association with PAUL which lasted until the early part of 1937, I furnished him with information on chemical processes, principally those used by the Franco-American Chemical Works, a subsidiary of Pennsylvania Sugar Co.

"At this initial contact, PAUL told me that I was never to see BLACK except on his (PAUL'S) instructions. However, throughout the years I did see BLACK on infrequent occasions in violation of these instructions. During one of these times BLACK described his Russian contact to me and I am sure that it was my Russian contact who I knew only by the name of SAM, and with whom I was associated from about 1941 to 1944 with a lapse of about 7 months from the Spring to the Fall of 1941.

"On several occasions BLACK told me that he had lost contact with the Russians and wanted to know if I knew how he could get in touch with them. I was never able to tell him how he could do it.

"During the period of 1937 to the fall of 1938 BLACK let drop the information that he was engaged in trying to hunt out TROTSKY's principal contacts in this country; this was on behalf of the Russians.

"As far as I knew from what BLACK very infrequently may have told me, his last contact with the Russians was sometime in 1944.

"The last time that I saw BLACK was about six weeks ago.

"I have read the above statement consisting of this and three additional pages and am signing each page inasmuch as all of the statements contained therein are true to the best of my knowledge and belief.

B. THOMAS L. BLACK'S VERSION OF GOLD'S INTRODUCTION TO ESPIONAGE

THOMAS L. BLACK, 1929 North 6th Street, Philadelphia, a self-admitted espionage agent of the 1930's, furnished the following information to Special Agents ROBERT W. HOLMES and WILLIAM B. WELTE, JR., on June 15 and 16, 1950:

See 65-59181-185 & 128

THOMAS L. BLACK, during the course of these interviews, advised that he was the individual who recruited HARRY GOLD into Soviet espionage. He said at the time that he recruited HARRY GOLD, he was being pressured by his Soviet superiors to develop new contacts. BLACK said that he had met HARRY GOLD in 1933 and at that time decided that GOLD would be a fine prospect for Soviet espionage. He said that he prepared a biographical report on HARRY GOLD and submitted it to his Soviet superiors.

BLACK advised that shortly after this, his Soviet espionage superior, named PAUL PETERSEN, made arrangements whereby BLACK would introduce GOLD to him in New York City. BLACK advised that he completed the arrangements for introducing HARRY GOLD to PAUL PETERSEN. He said that he remembered at this initial meeting they made arrangements to see HARRY GOLD at a later time but he did not know whether this meeting materialized or not.

BLACK said that his Soviet espionage superior, PAUL PETERSEN, told him that he was not to contact GOLD any more. However, BLACK said that he did not obey PETERSEN's instructions and that he and HARRY GOLD continued their friendship until the present date.

During an interview with BLACK conducted on June 20, 1950, he advised that to the best of his recollection the meeting with PAUL PETERSEN and HARRY GOLD occurred sometime in the latter part of 1934. BLACK said that he informed GOLD of the identity of PETERSEN as a Soviet agent prior to their meeting in New York City. In the matter of introduction, BLACK stated that GOLD was aware that he was to provide information to this agent that would help the Soviet Union.

II. HARRY GOLD'S VERSION OF HIS AMERICAN CONTACTS

A. BENJAMIN SMIIG

On June 7, 1950, HARRY GOLD advised that shortly after he arrived at Cincinnati in 1938, and while he was attending Xavier University, he received a telephone call from his Soviet contact "FRED". GOLD advised that "FRED" asked him to meet him immediately in the down-town section of Cincinnati. At this time "FRED" asked GOLD to establish contact with a man named BEN SMIIG. GOLD said that "FRED" informed him that SMIIG lived in Dayton, Ohio and was a high government official. According to GOLD, "FRED" intimated that SMIIG would have information for GOLD when he was contacted.

GOLD said that contrary to his instructions to immediately contact SMIIG, he did not go to the SMIIG residence in Dayton, Ohio until about two days later. He said that SMIIG admitted him to his home rather reluctantly and treated him rather coolly and warily throughout the evening. GOLD said that when it came time to leave, he asked SMIIG to drive him to the trolley stop, which SMIIG did reluctantly. He advised that he furnished SMIIG his Philadelphia address, 5032 Boudinot Street, and told SMIIG if he happened to be in the East to get in touch with him.

Approximately two weeks later, GOLD said that he met "FRED" by pre-arrangement, in Middletown, Ohio. At this time "FRED" wanted to know if SMILG had furnished any material to GOLD. GOLD said that he reported there must be some mistake because of the manner in which SMILG acted. GOLD advised that following this first unsuccessful contact of SMILG, he made approximately two visits in 1939 and two in 1940, upon instructions of his Soviet superior, "FRED" to see SMILG in Dayton. GOLD said that after each of these visits he became more certain that some mistake had been made because SMILG was obviously trying to keep from meeting him. GOLD said he furnished information concerning SMILG's reluctance to "FRED" who kept on insisting that GOLD go back to see SMILG.

HARRY GOLD advised that after graduating from Xavier, and returning to Philadelphia in late 1940 or possibly early 1941, "SAM", who had succeeded "FRED" as GOLD's espionage superior, requested him to go to Dayton, Ohio and contact SMILG again. GOLD said that arrangements were made to meet "SAM" in Cincinnati, after this contact of SMILG. GOLD has advised that he cannot recall whether he even called or saw SMILG, but said that he knows if he did, he merely told SMILG hello as he was passing through the city of Dayton.

GOLD advised that he reported to SAM in Cincinnati that SMILG was still not receptive. At this time "SAM" said "we will have to warm him up and give him a little reminder". GOLD said in late January or early February, 1941, "SAM" gave GOLD three or four photostats of receipts for sums from \$40.00 to \$200.00. These receipts averaged about \$100.00 each. The receipts were dated sometime in 1936 or 1937, possibly later, according to HARRY GOLD. GOLD said the receipts were signed BEN SMILG. GOLD was also given by "SAM", photostats of two pages which appeared to deal with analytical designs and also contained descriptions and mathematical equations. GOLD said he received the impression these might have been class notes.

On instructions of "SAM" HARRY GOLD went to Dayton, Ohio and showed SMILG the photostats of the material. GOLD said he followed the instructions of "SAM" in this matter, but SMILG told him that the receipts were for tutoring an individual at the Massachusetts Institute of Technology. GOLD advised that SMILG told him to get out of the house. GOLD said that he returned to Philadelphia and within a week he met "SAM" in New York and told him what had happened. "SAM" at this time told GOLD not to worry and that they would give SMILG a little time to think it over.

GOLD advised that in about April, 1941, "SAM" told GOLD that apparently a mistake had been made in connection with the SMILG matter.

B. ABRAHAM BROTHMAN

HARRY GOLD, on June 16, 1950, advised that his initial contact with ABRAHAM BROTHMAN was made on September 29, 1941, according to the best of his recollection. HARRY GOLD said that he received instructions from his espionage superior "SAM" for making his initial contacts with ABRAHAM BROTHMAN. GOLD said that he had made three unsuccessful attempts to meet BROTHMAN, until the contact was finally effected on the fourth try. GOLD said that on one or two of these first occasions, "SAM" showed up rather than BROTHMAN. On the first occasion when "SAM" showed up, he told GOLD not to contact BROTHMAN. Later, however, "SAM" reinstated the arrangements for GOLD to contact BROTHMAN.

GOLD advised that when he eventually did meet BROTHMAN in the latter's car on 27th Street in New York City, the two of them drove after a short while, to what GOLD believed to be a Bickford's Restaurant, somewhere on Sixth or Seventh Avenue, between 34th and 42nd Streets. GOLD said that at this initial meeting most of the conversation between BROTHMAN and himself was concerned with the advance of the German army through Russia and BROTHMAN's statements that there was no point in trying to minimize the Russian losses or deaths.

On June 20, 1950, HARRY GOLD said that in the last few months of 1942, or the first two months of 1943, a meeting in the Hotel Lincoln in New York City was arranged between HARRY GOLD, ABRAHAM BROTHMAN and GOLD's contact "SAM".

HARRY GOLD advised that from the period of his first contact with ABRAHAM BROTHMAN in 1941 up until the early part of 1944, he received material from BROTHMAN for transmission to the Soviets.

The principal items received by GOLD from BROTHMAN for transmission to the Soviets were material on Buna-S, mixing equipment and on Aerosol.

C. ALFRED DEAN SLACK

On June 2, 1950, HARRY GOLD advised that he was of the opinion that his first contact with AL SLACK was in the fall of 1941. However, in subsequent interviews, he changed the date to the fall of 1940.

GOLD said on June 13, 1950, that in the fall of 1940, he went to New York City on a Saturday to meet "SAM". "SAM" at this time furnished GOLD with the name of AL SLACK as an individual who lived in Rochester, New York and who worked for the Eastman Kodak Company. GOLD said that "SAM" told him that he must leave that night to see SLACK in Rochester. This, according to GOLD, carried the inference that SLACK would furnish GOLD with information.

GOLD said that he arrived in Rochester on a Sunday morning and called SLACK by telephone. He said at this time he gave SLACK a "pep talk" on the necessity of aiding the Soviet Union now that she had been attacked. GOLD said that as a result of this meeting there began a series of meetings between SLACK and himself in Rochester, perhaps once in New York City, once in Philadelphia and several times at SLACK's farm in either Webster or West Webster, New York. GOLD said that SLACK furnished information to him on processes dealing with Kodachrome.

GOLD advised that in the fall of 1942, SLACK was transferred to the Holston Ordnance Works in Kingsport, Tennessee and upon the instructions of "SAM", he made contact with SLACK in Tennessee. GOLD said that he went to Kingsport, Tennessee in the early part of 1943 and may have made about three more trips to Kingsport during 1943.

GOLD said that on either the second or third contact made by him at Kingsport, Tennessee, SLACK furnished information relative to the manufacture of an explosive material in the nature of a highly nitrated compound which was being made at the Holston Ordnance Works. GOLD said he later figured out that this nitrated compound was RDX.

GOLD advised that he is of the opinion that all of the information or material he received from SLACK at Rochester, New York, was turned over to "SAM".

He has also advised that he was not certain whether the information he received from SLACK while at Kingsport, Tennessee was turned over to "SAM" or to "JOHN", who was the successor to "SAM" as GOLD's espionage superior.

D. DAVID GREENGLASS

HARRY GOLD, on June 1, 1950, advised Special Agents T. SCOTT MILLER, JR. and RICHARD E. BRENNAN that prior to his departure for Santa Fe, New Mexico to see EMIL JULIUS KLAUS FUCHS in June, 1945, he met his Russian contact "JOHN" in a bar on Third Avenue in New York City. He said that "JOHN" gave him at this time, a slip of paper containing a name and address in Albuquerque and told GOLD to contact this person while he was in Albuquerque. GOLD said that "JOHN" advised this individual would have information for GOLD. GOLD also said that "JOHN" gave him \$500.00 to pay this individual. GOLD said that "JOHN" told him he was to see this unknown individual after his visit to FUCHS.

GOLD said that upon his arrival in New Mexico, he went first to see FUCHS and returned that evening to Albuquerque from Santa Fe and attempted to contact the unknown subject but found no one at home. On the next morning, which was a Sunday, GOLD said he went to the address supplied him by "JOHN" and at this time met the unknown subject. GOLD said this was the first time he knew this contact was an American soldier. He said this individual was a non-commissioned officer, either a Corporal or a Sergeant.

GOLD said this American soldier gave him an envelope containing several sheets of handwritten or typewritten paper containing information pertaining to the division in which the soldier was employed at Los Alamos, New Mexico. GOLD said he did not know how important this information was. At the time the American soldier furnished GOLD this information he was handed the \$500.00 by GOLD.

On June 15, 1950, HARRY GOLD identified a photograph of DAVID GREENGLASS as being identical with the American soldier he contacted in June, 1945 in Albuquerque, New Mexico. HARRY GOLD also said that GREENGLASS was the man he contacted upon instructions from his Soviet superior "JOHN". GOLD said GREENGLASS was the man who gave him information relative to his work at Los Alamos, New Mexico.

GOLD has advised that this contact of GREENGLASS in June, 1945 was the only contact he ever had with this individual.

III. THOMAS L. BLACK'S KNOWLEDGE OF GOLD'S DEALINGS WITH EMIL JULIUS KLAUS FUCHS

A. HARRY GOLD'S VERSION

During an interview conducted on June 4, 1950, HARRY GOLD furnished the following signed statement to SAS T. SCOTT MILLER, JR., and RICHARD E. BRENNAN:

"June 4, 1950
Philadelphia, Penna.

"I, HARRY GOLD, make the following voluntary statement to T. SCOTT MILLER, JR., and RICHARD E. BRENNAN, who have identified themselves to me as Special Agents of the Federal Bureau of Investigation, U. S. Department of Justice. No threats or promises have been made to me, and I have been advised that any statement I make may be used against me in a Court of Law, and that I do not have to make any statement at all. I have been advised that I have the right to counsel.

"In addition to statement which I gave on June 2, 1950, concerning THOMAS L. BLACK, I wish to make the following additions thereto.

"Sometime in early 1942, the Soviet Union was interested in getting information on penicillin, I believe, and BLACK was attempting to get this information for the Soviet Union. It is my impression that from talks I had with BLACK that during the early 1940's BLACK, in general, was engaged in obtaining information on biologicals for the Soviet Union. In this connection, BLACK took trips to Pittsburgh, Pennsylvania; New Castle, Delaware; and Chicago, Illinois. He turned over the information he received on these trips to representatives of the Soviet Union, in New York City.

"On occasions it was necessary for me to borrow money in order to finance my espionage activities. On occasions I would borrow this money from BLACK, since he would not ask any questions as to why I needed it. BLACK knew that I was engaged in

Soviet espionage. I told BLACK in 1945 that I had been to the southwestern part of the United States in connection with my activities on behalf of the Soviet Union, and told him that I was having trouble getting time off to make my second trip to the Southwest. BLACK knew that this was an important assignment that I was on, but he knew no details whatever.

"As I recall, it was on a Friday in February of this year that KLAUS FUCHS' name appeared in the papers, and the news of his arrest in England. On the following Monday, I met TOM BLACK, and we went for a walk. During this walk I told BLACK that I was the person to whom FUCHS gave information for transfer to the Soviets.

"BLACK and I then decided that in the future we would meet only at the Franklin Institute in Philadelphia. This arrangement was agreed upon by both of us, since there would be no suspicion attached to our meeting at this place. This arrangement was made so that if I was picked up, BLACK would not be discovered.

"Also, at the time that I told BLACK about my connection with KLAUS FUCHS, he was horror-stricken, but he did not express any concern at being himself implicated or involved because of his known friendship for me; his principal concern seemed to be for my welfare.

"I have read the above statement consisting of this and two additional pages and am signing each page as all the information contained therein is true to the best of my knowledge and belief.

B. THOMAS L. BLACK'S VERSION

THOMAS L. BLACK, during an interview conducted on June 15, 1950, by SAS ROBERT W. HOLMES and WILLIAM B. WELTE, JR., furnished the following information concerning HARRY GOLD:

BLACK said that in the early part of February, 1950, shortly after the arrest of EMIL FUCHS, GOLD called him on the telephone and said that it was quite urgent that he see BLACK. BLACK said that he made arrangements to meet HARRY GOLD. At this meeting GOLD told BLACK that he had been FUCHS' American contact. BLACK said that as nearly as he can recall, GOLD'S exact words were, "The FBI is looking for FUCHS' American contact and I am that man."

BLACK said that he had no reason to disbelieve GOLD'S statements because he knew that GOLD traveled to New York occasionally without any apparent reason for doing so, and BLACK said he also knew that GOLD had made a trip to Albuquerque, New Mexico, some time before the test atomic bomb was exploded in New Mexico. BLACK said that he knew this because GOLD had telephoned BLACK from a hotel in Albuquerque and had asked BLACK to telegraph GOLD some funds.

IV. HARRY GOLD'S SUGGESTED ESPIONAGE RECRUITS

During a search conducted at the residence of HARRY GOLD, 6823 Kindred Street, Philadelphia, on June 3, 1950, numerous sheets of white unlined paper with what appeared to be GOLD'S handwriting thereon, were secured. Among the names appearing on these sheets were JOSEPH SCHULTZ, HERBERT EPSTEIN, DANIEL KLINE, JACK BRUIN, and CARL BUCHMAN.

On June 5 and 15, 1950, HARRY GOLD, when interviewed by SAS T. SCOTT MILLER, JR., and RICHARD E. BRENNAN concerning these names that appeared in the aforementioned material, furnished the following story:

HARRY GOLD said that at various times during his espionage career, he (GOLD) was urged to submit to his Soviet superiors biographical data on possible recruits for espionage activities.

HARRY GOLD advised that during the years 1938 and 1940, he submitted data concerning the following:

- (A) JOSEPH SCHULTZ
- (B) HERBERT EPSTEIN
- (C) MALCOLM SCHWARTZ

According to GOLD, the alleged association with these individuals, as set forth in these reports, never took place. GOLD said that the names JOSEPH SCHULTZ and MALCOLM SCHWARTZ were names that he picked out of the telephone book and that he made up fictitious background information on these individuals. In connection with the individual listed as HERBERT EPSTEIN, HARRY GOLD advised that EPSTEIN is an absolutely fictitious individual and that reports concerning him were given to his Soviet superior only because GOLD was constantly being hounded for other recruits in Soviet espionage.

D. DANIEL KLINE

HARRY GOLD said that this person existed and was a schoolmate of GOLD'S brother, JOSEPH, at South Philadelphia High School. GOLD said that DANIEL KLINE was graduated with his brother from high school in 1935.

GOLD said that he had no idea at any time of recruiting DANIEL KLINE and that he merely handed in a report on DANIEL KLINE as a delaying action on GOLD'S part. GOLD said that except for the description of KLINE and possibly calling him one time, any of the alleged attempts to recruit KLINE are absolutely false.

E. JACK BRUIN

On June 15, 1950, HARRY GOLD advised that JACK BRUIN was an individual whom GOLD knew at Drexel Institute of Technology, Philadelphia, under the name of JOSEPH BRODSKY or possibly BROTSKY. BRUIN, according to GOLD, was a person of Communist leanings and had on several occasions attempted to secure contributions from GOLD for various Communist-front organizations.

GOLD said that he submitted information on BRUIN primarily with the intention of suggesting that BRUIN be used to furnish names of individuals who might be sources of information in Soviet espionage.

7 6-27-50

THOMAS L. BLACK, when interviewed on June 17, 1950, by SAS WILLIAM B. WELTE, JR., and ROBERT W. HOLMES, furnished the following information concerning JOSEPH BRODSKY:

BLACK said that about 1934, when he was living in Newark, New Jersey, GOLD brought to his apartment an individual whose name he recalled as being JOSEPH BRODSKY. GOLD told BLACK that BRODSKY had been a member of the YOUNG COMMUNIST LEAGUE and was a fellow-student of GOLD at Drexel Institute of Technology. BRODSKY, according to GOLD, was interested in helping the Soviet Union. During this meeting, GOLD said that BRODSKY had been born in the United States and BRODSKY's father had taken him to Russia at one time.

At GOLD'S request, BLACK discussed certain matters with BRODSKY, the nature of which BLACK could not recall. During this conversation with BRODSKY, BLACK formed the opinion that BRODSKY was not suitable as an espionage agent. BLACK advised that BRODSKY knew why he had been taken to visit BLACK. GOLD had previously asked BLACK to talk to BRODSKY prior to his, BRODSKY'S, meeting with GOLD'S espionage superior.

A written report on BRODSKY was submitted by BLACK to his espionage superior. BLACK advised that he recommended against accepting BRODSKY into Soviet espionage. He said that BRODSKY claimed he could not isolate himself from mass organizations and masses. BRODSKY was told by BLACK that an espionage agent must disassociate himself from the masses.

Several years ago, GOLD was asked what had happened to JOSEPH BRODSKY by BLACK. He recalls that GOLD told him that BRODSKY was active in the LENIN movement. GOLD did not say that BRODSKY was in espionage circles. BLACK was of the opinion that GOLD on the occasion previously mentioned did not take BRODSKY to meet PAUL PETERSEN.

PHILADELPHIA CONFIDENTIAL INFORMANT T-1, a reliable informant, advised on February 9, 1950, that he had attended an informal reception for ED STRONG, Chairman, District #3, COMMUNIST PARTY, USA, at 5276 Parkside Avenue, Philadelphia, which is the residence of BEN WEISS, Treasurer, District #3, Communist Party, USA. The Informant advised that JACK BRUIN was among the Communist Party members present at this gathering.

F. HOWARD DALSKE

This person, according to HARRY GOLD, was also one whom he knew while he was in attendance at Drexel Institute of Technology. It should be noted that GOLD was in attendance at Drexel Institute of Technology from 1933 through 1936. GOLD has advised that he submitted the name of DALSKE with very little idea of actually trying to get him to furnish material to the Soviets.

G. CARL BUCHMAN

HARRY GOLD said that to the best of his recollection, this individual was a Trotskyite whom "FRED," his espionage superior, had asked him to check up on. GOLD said that he could not recall having made any inquiry concerning CARL BUCHMAN.

HARRY GOLD advised that his Soviet espionage superiors never confronted him with the fact that the background and biographical data he submitted on individuals was false. GOLD said that he was of the opinion that the Soviets did not conduct any independent background investigation on any of these people.

V. HARRY GOLD'S VERSION OF HIS SOVIET ESPIONAGE SUPERIORS

A. PAUL SMITH

HARRY GOLD, in an interview conducted on June 2, 1950, advised that his first contact in Soviet espionage was one PAUL SMITH whom he met through THOMAS L. BLACK, as previously set forth in this report.

GOLD said that in his relationship and dealings with PAUL SMITH, he primarily furnished information of an industrial nature to SMITH for submission to the Soviets. GOLD said that all told, he met SMITH approximately six or eight times during the period beginning in 1935 and ending sometime in the summer of 1937 when PAUL turned GOLD over to his (PAUL's) successor, STEVE SWARTZ.

GOLD at this time furnished the following description of PAUL SMITH:

Age	30 to 35 (1936)
Height	5'8" to 5'9"
Weight	Approximately 165
Eyes	Light grey
Hair	Very light brown, almost blond
Face	Fairly broad
Nose	Aquiline, regular, straight
Brows	Very light
Chin	Square
Build	Stocky, broad shoulders
Manner	Pleasant, ingratiating
Dress	Neat and conservative

On July 3, 1950, HARRY GOLD advised that he did not recall exactly the full name by which PAUL was introduced to him by THOMAS L. BLACK. It should also be noted that THOMAS L. BLACK has advised that in late 1934 or early 1935, when he introduced his Soviet contact PAUL PETERSEN to HARRY GOLD in New York City, he is not sure how the introduction was made, i.e., whether PAUL was introduced as PAUL PETERSEN or just PAUL. BLACK also said that this is the only time that GOLD, PAUL, and BLACK were ever together.

BLACK has described his Soviet contact PAUL PETERSEN
as follows:

Age	45 years or younger
Height	5'7" to 5'8"
Weight	180 to 190 pounds
Build	Stocky, but not fat
Facial characteristics	Broad face, Slovak type, swarthy complexion
Hair	Starting to grey
Nationality	Claimed to be Swedish

It should be noted that there are discrepancies in the physical descriptions and dates as supplied by both BLACK and GOLD, inasmuch as they are recalling activities and physical descriptions of 15 years ago.

B. STEVE SWARTZ

HARRY GOLD, on June 1, 1950, advised that during the summer of 1937, he kept an appointment with PAUL SMITH in New York City. GOLD has advised that this meeting occurred somewhere in the vicinity of Columbia University, New York City. During the course of this conversation with SMITH, the latter told GOLD that he had to leave very shortly, and that in the future GOLD would report to another individual. SMITH told GOLD as they were walking along that his, SMITH's, successor would meet them in a few minutes walking toward them on the street in New York City. GOLD said that within a matter of a block or two, he and SMITH were approached by a man whom SMITH introduced as STEVE SWARTZ. GOLD said that in a moment or two, SMITH left and he has never seen him again. He said from that time on, i.e., from the summer of 1937 until late in that year or very early in 1938, GOLD turned over the information which he was supplying from the Pennsylvania Sugar Company to STEVE SWARTZ.

On June 29, 1950, HARRY GOLD advised that a description which he had previously furnished of an individual called STEVE SWARTZ was in actuality the description of an unknown Russian who substituted for "SAM" in Buffalo in the late part of 1940.

On this date, GOLD advised that his second Russian contact was a man whom he knew as STEVE SWARTZ. GOLD at this time gave a physical description of SWARTZ which is as follows:

Age	About 28 in 1936
Height	Approximately 6' 2"
Weight	Approximately 220 pounds
Hair	Sandy, straight
Physical characteristics	Athletic with long torso, long arms, and broad shoulders, large feet, large well-kept hands
Facial characteristics	High cheek bones, white even teeth, medium size mouth, thin lips, fairly large, straight nose, small scars on forehead, possibly scar tissue
General appearance	Appeared to be athletic and a prize fighter

GOLD said that it was his impression that SWARTZ had attended social functions on a consular or diplomatic level, although GOLD is still of the opinion that SWARTZ may have been attached to Amtorg.

On June 30, 1950, HARRY GOLD, when shown a series of pictures, selected a picture of SEMEN MEFODIEVICH RUGA as being identical with the individual whom he knew as STEVE SWARTZ. GOLD said that he is positive about this identification and that there is no doubt whatsoever in his mind.

C. "FRED"

HARRY GOLD, on June 29, 1950, advised that because of the size of STEVE SWARTZ, his next Russian espionage contact "FRED" was more nearly GOLD's size in order to avoid being conspicuous.

GOLD said that in late 1937 or early 1938, at a Saturday afternoon meeting with SWARTZ in New York City, STEVE SWARTZ introduced GOLD to his next Russian contact whom he knew only as "FRED". GOLD described "FRED" as a "strict disciplinarian" who "lived by the book". GOLD, when asked to enlarge upon this, said that "FRED" was more insistent upon

GOLD's being careful when meeting him than any of his Russian contacts.

GOLD also said that "FRED" was constantly suggesting that he obtain more information. When GOLD said that the Pennsylvania Sugar Company had very few possibilities left, "FRED" insisted that GOLD obtain a position with the Government, and GOLD distinctly recalls the suggestion that he obtain employment at the Philadelphia Navy Yard. GOLD said that during his entire association with "FRED," he merely supplied "FRED" with material relative to chemical processes obtained from the Pennsylvania Sugar Company.

The following is a physical description of "FRED" as supplied by HARRY GOLD

Age	30 to 33 (1938)
Height	5'4" to 5'6"
Weight	140
Hair	Dark
Eyes	Dark
Complexion	Swarthy
Face	Sagging jowls
Mustache	Medium size, black
Nose	Large
Build	Stocky
Speech	Russian accent
Mannerisms	Definitely foreign—GOLD of opinion he had not been in this country very long

D. "SAM"

On June 2, 1950, HARRY GOLD was shown moving pictures of SEMEN MARKOVICH SEMENOV that were taken during June of 1943. On this date, HARRY GOLD identified SEMENOV as being identical with his Soviet espionage superior "SAM". HARRY GOLD has advised that his contacts with SEMENOV were from the spring of 1940 until early in 1944. *u*

E. UNKNOWN RUSSIAN--BUFFALO AREA

On June 29, 1950, HARRY GOLD advised that he wished to make a correction in regard to some information he had previously furnished. On this date HARRY GOLD said that the description which he had previously given of an individual called STEVE SWARTZ was in actuality the description of an unknown Russian who substituted for "SAM" in Buffalo in the late part of 1940. GOLD said that his contact with this Russian in Buffalo lasted for approximately 20 to 30 minutes during which time they walked around the streets. GOLD said that he had ample opportunity to observe this individual, and the description which he had previously given of STEVE SWARTZ is an accurate description of the unknown Russian in Buffalo. GOLD has previously furnished this description concerning this unknown Russian.

Height	5' 9"
Age	About 35 in 1940
Hair	Straggly, not too well combed, light brown in color
Complexion	Pasty, needed shave, blondish beard
Eyes	Light
Characteristics	Shambling walk, a frowsy look
Facial characteristics	Wide mouth
Nationality	This contact had a Russian accent

On June 13, 1950, HARRY GOLD was shown a photograph of JOSEPH KATZ. GOLD at this time said that KATZ could very well be the individual whom he knew as STEVE SWARTZ. Of interest in this connection, it should be noted that GOLD recalled that the individual he knew as SWARTZ had a slight limp of his left foot. JOSEPH KATZ has been reported as having a slight limp when walking rapidly.

At the time of GOLD's tentative identification of KATZ as the individual whom he had known as STEVE SWARTZ, he had not advised of the error he made in this description. On June 29, 1950, he advised that his tentative identification of KATZ was in fact applicable to the unknown Russian who substituted for "SAM" in Buffalo once.

F. "JOHN"

On June 2, 1950, HARRY GOLD was shown moving pictures of ANATOLI ANTONOVICH YAKOVLEV that were taken during the month of June, 1943. GOLD at this time identified YAKOVLEV as his Soviet espionage superior "JOHN". u

PH File 65-4307

HARRY GOLD has advised that his contacts with YAKOVLEV were during the period 1944 to early 1946. GOLD has advised that YAKOVLEV received information from him that had been furnished to HARRY GOLD by EMIL JULIUS KLAUS FUCHS.

G. UNKNOWN RUSSIAN #1, NEW YORK

On June 7, 1950, HARRY GOLD advised that in early July, 1949, he received a letter addressed to him at his Philadelphia residence bearing a return address "St. George Hotel". GOLD said the envelope was postmarked Brooklyn, N. Y.

GOLD advised that the letter in substance said that the writer hoped HARRY was well and that the writer looked forward to seeing HARRY soon. The letter was signed "JOHN". GOLD said he did nothing as a result of this letter and believes he has destroyed it.

In late October of 1949, GOLD said that he was sleeping on the sofa in his Philadelphia home at about 8:00 PM. GOLD said that the door bell rang and when he answered this ring he observed a stranger who said, "Hello, HARRY" and then said something in an accent which GOLD could not understand. GOLD said that he had never met this individual before and began to close the door. However, this man said, "Remember JOHN and the doctor in New York?". GOLD said that he realized what this individual meant and so invited the stranger into the house.

GOLD said the first thing this man said after being seated in the house was, "Do you have any material for me?". GOLD told the man that he did not have any material and that it had been many years since he had submitted material. According to GOLD, this man looked puzzled then, but asked questions of GOLD concerning his general welfare, where he worked, and then, according to GOLD, got down to the real reason as to why he called.

GOLD said this man said he knew that GOLD had testified before a Grand Jury in 1947, and wanted the full details of what HARRY GOLD had said. GOLD said that when he explained how he testified, this unknown Russian gave the definite impression that he was acquainted with the facts of GOLD's testimony. GOLD said the unknown Russian wanted to know whether

It should be noted the following information is also available concerning the preliminary phases of GOLD'S introduction to Soviet espionage:

HARRY GOLD on June 1, 1950, advised that he met THOMAS L. BLACK in 1933 at the HOLBROOK MANUFACTURING COMPANY through an acquaintance, FRED HELLER, an employee of the PENNSYLVANIA SUGAR COMPANY. GOLD has advised that he lost his position with PENNSYLVANIA SUGAR COMPANY and through HELLER was sent to the HOLBROOK MANUFACTURING COMPANY to secure the position THOMAS L. BLACK was leaving.

BLACK, during the interview of June 20, 1950, conducted by SAS ROBERT W. HOLMES and WILLIAM B. WELTE, JR., advised that HELLER in 1932 and 1934 became interested in securing employment in Russia, and enlisted BLACK'S aid and interest in this project. BLACK said HELLER contacted GARY OVAKIMIAN, of AMTORG TRADING CORPORATION, in New York, and arranged for an interview. BLACK said they were "stalled off" by OVAKIMIAN and were requested to act as consulting chemists, providing industrial information to AMTORG.

BLACK also said that OVAKIMIAN asked HELLER and BLACK if they had any friends who could provide information for the Soviets. BLACK said HELLER suggested the name of GOLD, and subsequently contacted GOLD in Philadelphia. BLACK said that through HELLER'S persuasion, GOLD became agreeable to requests made by officials of AMTORG. BLACK also said that in his opinion, HELLER developed GOLD'S interest in cooperation with Soviet agents.

FRED HELLER on interview on June 16, 1950, advised SAS WILLIAM H. NAYLOR and ROBERT E. MASTERS in essence the same story relative to GOLD'S meeting with BLACK. However, HELLER was able to fix the date that GOLD'S name was first mentioned in connection with furnishing information to Soviet representatives as being October 21, 1934. HELLER said this was at a meeting between HELLER, BLACK and OVAKIMIAN at LEON'S RESTAURANT, 239 West 48th Street, New York City. He, however, indicated that he thinks BLACK got in touch with GOLD, who was in Philadelphia at this time. He admitted, though, it was possible that he had written the letter requesting GOLD to come to New York.

It should be noted that at this time there is no information

ADMINISTRATIVE PAGE (CONT'D.)

available to reflect that GOLD himself is aware of the fact that both BLACK and HELLER mentioned him to OVAKIMIAN. There is also no indication that GOLD ever met or knew OVAKIMIAN. GOLD has been shown pictures of OVAKIMIAN and has stated he has no knowledge concerning GAIK OVAKIMIAN. Accordingly, it was believed by this office that these preliminary phases should best be reported administratively to avoid possible confusion re GOLD'S introduction to espionage.

Questioning of GOLD concerning the bank transactions listed administratively in the report of SA ROBERT G. JENSEN dated May 31, 1950, is still being held in abeyance. It is felt by this office that general intelligence information as well as specific information re GOLD'S espionage activities, superiors and contacts have been of paramount importance. It should be noted that throughout the entire period of GOLD'S questioning, he has consistently denied having received payment of any kind. In the immediate future, GOLD will be confronted with the material concerning his bank transactions.

In accordance with the request set forth in New York letter of June 20, 1950, the photograph of HAROLD JULIAN COLLINS was shown to HARRY GOLD on June 25, 1950. GOLD advised he did not know COLLINS.

Los Angeles letter of June 21, 1950, set forth results of an interview of THOMAS M. BRUCE, JR., 107 North San Vincente, concerning a WERNER KRONENBERG, who may have been acquainted with HARRY GOLD. On June 27, 1950, HARRY GOLD advised he did not know KRONENBERG, nor did the address, 4703 Cedar Avenue, Philadelphia, mean anything to him.

Bulet of June 22, 1950, requested that photographs of STANISLAV ~~SHOU~~MOVSKY, (~~SHU~~MOVSKY) be shown to GOLD. On June 27, 1950, HARRY GOLD, when shown these photographs said he had never seen or met SHOU-
MOVSKY.

In connection with the suggested espionage recruits, the Philadelphia Office has opened cases on these individuals and pertinent information as it develops will be reported in these individual files.

Information concerning the American contacts and the Russian espionage superiors will also be reported in their individual files.

REPORT MADE AT NEW YORK	DATE WHEN MADE 7-10-50	PERIOD FOR WHICH MADE 6/8-16, 19-30; 7/3, 5/50	REPORT MADE BY JOSEPH C. WALSH, JR.
TITLE HARRY GOLD, was.		CHARACTER OF CASE ESPIONAGE - R	

Rel. to N.Y. cc. 7/21/50 EHL

SYNOPSIS OF FACTS: EMIL JULIUS KLAUS FUCHS interviewed 5/26/50 in London, England; he stated that no one knew of his contacts with GOLD with the possible exception of KRISTEL & ROBERT HEINEMAN. FUCHS also described meetings with HARRY GOLD. FBI Lab. examination of Palmer House Hotel (Chicago, Ill.) records indicated that HARRY GOLD, subject of instant case, was a guest at that Hotel on 9-16-45.

- P -

DETAILS: EMIL JULIUS KLAUS FUCHS was interviewed on May 26, 1950, by Bureau representatives. FUCHS advised that he never knew of anyone who saw him and GOLD together except his sister and possibly her husband, ROBERT HEINEMAN. FUCHS stated that the detailed instructions by the woman in Banbury as to the time and date for his first contact in the United States were not recalled by him. He believes that the first meeting was in December, 1943 or January, 1944, and that he was residing at the Barbizon Plaza Hotel, New York City, at the time. Concerning his meeting with GOLD in Queens, New York, FUCHS stated that all his reports contained mathematical equations. He explained that the location of this meeting was about twenty minutes ride after entering Queens. Referring to a map, FUCHS believed that the meeting place was in the general direction of the airport. FUCHS had a vague recollection of elevators pertaining to this meeting place, and pointed out that GOLD had suggested the place. FUCHS asserted that he never saw GOLD open any package or paper as such would be hazardous.

FUCHS pointed out that he first determined in Washington, in July of 1944 that he was going to Los Alamos, and that he advised his sister of his destination in late July or early August, 1944 when he visited her. Relative to his meeting with GOLD in Sante Fe, FUCHS stated that he does not know positively that GOLD arrived and departed from Sante Fe by bus; however, he thinks that he dropped GOLD off by the bus station at one meeting, thus he infers that GOLD left and arrived by bus. FUCHS asserted that according to his best recollection, there was a Boston meeting with GOLD and that he believes he prepared written matter in his sister's home after the first meeting in the Heineman residence. FUCHS insisted that none of his associates were involved with him in espionage; however, he appeared to be reluctant in answering questions regarding his associates.

In the initial signed statements executed by HARRY GOLD on May 22, 1950, in Philadelphia, Pennsylvania, he stated that on the occasion of a visit to the HEINEMANS' residence in Cambridge, Massachusetts, in September, 1944, he left an envelope containing a name and telephone number which was to be handed to Dr. FUCHS and which number was to be used by Dr. FUCHS to recontact GOLD. GOLD stated "this name I think may have contained the first name JEROME or at least a name with a J, and was somewhat similar to KAPIUN (phonetic). This is not the name. About all that I can say about it is that it evokes a familiar sound - a familiar memory chord."

GOLD later explained that prior to his aforementioned visit to Cambridge, YAKOVLEV supplied him with the name and telephone number referred to above, directing that such was to be left with Mrs. HEINEMAN together with a notation that FUCHS should call this number between certain times. It was GOLD's impression that the hours were between eight and eight thirty or eight and nine in the morning inferring that the individual had regular working hours. GOLD was shown the name TIMOFEI JAKOVLEVICH KAPLON, Academy 2-2677. GOLD replied that the first and second names as well as the telephone exchange did not appear familiar; however, the telephone exchange COLUMBUS seemed to "ring a bell" in connection with KAPIUN.

The Manhattan Telephone Directories for the years 1943 to the present were searched under the names KAPIUN, KAPLAN, KAPLON and other phonetic pronunciations with the telephone exchange COLUMBUS, all with negative results. Likewise unlisted telephone numbers made available for recent years were searched with negative results.

The New York Office indices were searched under the aforementioned names; however, no identifiable information could be located, which in any instance could be associated with the meager information presently available relative to this unknown individual.

By letter dated May 25, 1950, the Chicago Office advised that Mr. LIN PERRY, Accounting Department, Palmer House Hotel, Chicago, Illinois, caused the records of that hotel to be searched under the name of HARRY GOLD, with aliases FRANK and HARRY RAYMOND, MARTIN, KAPLAN, KESSLER, and KEPPNER. A guest personal history card prepared under the name HARRY GOLD, 6823 Kindred Street, Philadelphia, Pennsylvania, and 2297 Bryn Mawr Avenue, Philadelphia, Pennsylvania, a representative of Terry and Leibert, reflected that HARRY GOLD had arrived at the Palmer House Hotel on September 15, 1945, occupied Room 1643 and departed from the Palmer House Hotel on September 17, 1945. In addition the personal history card reflects that HARRY GOLD arrived at the Palmer House Hotel on February 15, 1946, registering for a suite of rooms numbering 1029 West, 1030 West, and 1031 West, which were occupied by three individuals, and departed on February 18, 1946.

A further search of the records produced a Palmer House registration card number 7678 dated September 16, 1945, signed by HARRY GOLD, 6823 Kindred Street Philadelphia, Pennsylvania, representing Terry and Liebert, and a Palmer House registration card number 0953, dated February 15, 1946, signed by HARRY GOLD, 2297 Bryn Mawr Avenue, Philadelphia, Pennsylvania.

By report dated May 26, 1950, the Federal Bureau of Investigation Laboratory concluded that the name HARRY GOLD and address on the photostatic copy of the guest registration card of the Palmer House, number 7678, dated September 16, 1945, was written by HARRY GOLD, subject of this case. It was further concluded that the handwriting on registration card #0953 was not that of subject. These conclusions were based on a comparison of the known handwriting and hand printing of subject Harry Gold with the aforementioned documents.

Relative to GOLDS visit to 128 West 77th Street, New York City, in his attempt to locate KLAUS FUCHS, it was determined that Mrs. FRIDA STADTIER operated that building as a rooming house between the years 1941 or 1947.

On June 8, 1950, photographs of GOLD were exhibited to Mrs. STADTIER and also to her daughter Mrs. MARION MYTKO. Neither of these women were able to make any identification of GOLD nor could they recall the incident which GOLD describes of the occasion of his visit to that building in 1944.

Four copies of the aforementioned photographs were directed by letter to the Bureau on June 12, 1950. On this same date two copies of these photographs were forwarded to the Philadelphia Office.

On May 28, 1950, the Bureau requested by telephone that this office provide questions and suggestions for lines of inquiry in view of proposed interview by Bureau representatives of KLAUS FUCHS. In compliance with this request the New York Office by teletype suggested that detailed information be secured from FUCHS regarding his employment on atomic energy work in New York and Los Alamos between December, 1943 and June, 1946, which information

was to include the names of his superiors and associates. It was particularly requested that information be secured from him relative to the titles and dates of all scientific reports written by him and as to the location of these reports at the present time. It was further requested that FUCHS be examined as to his present recollection of his meetings with GOLD, in particular information should be secured from FUCHS as to his version of the manner of meeting, the dates, and any other attendant circumstances which he now recalls. Furthermore FUCHS should be questioned in detail regarding his recollection of the nature of information passed to GOLD both written and oral, in particular titles of any documents written by FUCHS or anyone else known to him. Information should be secured relative to arrangements GOLD may have made with FUCHS for subsequent espionage contacts of FUCHS upon FUCH'S return to Great Britain. All material leading up to FUCH'S original recruitment and his handling by espionage superiors prior to his contacts with GOLD should be made available if possible. It was further suggested that all facts regarding FUCH'S movements in the United States should be obtained including all residences and identities of all associates professional and social, and his recollection of all trips taken while in the United States as well as the purposes of each trip, and the persons with whom he made contacts during his travels. It was requested that information be secured from FUCHS as to when he first notified his sister, KRISTEL HEINEMAN, of his assignment to Los Alamos and to generally explore the possibility of Mrs. HEINEMAN'S implication in FUCH'S espionage activities.

A response to these inquiries was received in a Bureau teletype dated June 2, 1950, which information was received from London, England, via cable dated May 30, 1950. This information is set out in the details of this report.

Confidential Informant T-18, of unknown reliability, came to the New York Office on the evening of June 13, 1950, and advised that he had recognized a press photograph of GOLD as identical with an unknown man he saw at a meeting in the home of BILL and MARTHA DOBKIN, 320 West 83rd Street, New York City. This meeting occurred in 1943 or 1944, according to the informant. This informant described DOBKIN as a top undercover agent of the Communist Party, ostensibly confined to the Water Front Section of the Communist Party, in which his wife, MARTHA, was formerly treasurer. The informant stated he could not recall specifically the time or purpose of the aforementioned meeting. He surmises that he met GOLD on that occasion; however, he could not recall whether or not any name was used by GOLD. Furthermore this informant relates he

believes he has seen GOLD at other parties under Communist Party auspices. However, he cannot recall where or when such occurred.

On June 14, 1950, the aforementioned informant telephonically advised the writer that he recalls that GOLD was present at a party in the home of FREDERICK VANDERBILT FIELD in early 1945, which party was in honor of PAUL ROBESON, who had just returned from an overseas tour of the American camps. The informant stated that well known Communist figures attended this party. He has no recollection that GOLD spoke with him, nor did he know anything regarding GOLD at that time.

By teletype dated June 17, 1950, the Philadelphia Office advised that GOLD stated that he had no information regarding the aforementioned informan
