In connection with the investigation of the case entitled "MORTON SOBELL, was.; ESPIONAGE - R", classmates of SOBELL in the School of Engineering, City College of New York (CCNY), class of 1938, have been interviewed.

INGBAR JENSEN, 137-24 173rd Street, Spring Gardens, Long Island, employed at the H. K. Ferguson Company, 17 Rector Street, New York City, a classmate of SOBELL'S, furnished the following information concerning SAMUEL LEVINE, another member of this class:

According to JENSEN, LEVINE was considered a left-winger during their student days and had attempted to interest JENSEN as a leftist and tried to get him to read the "Daily Worker". JENSEN said LEVINE was also active in the FARCT.

LEVINE resides at Shore Gardens, Bath Avenue, Long Branch, New Jersey, and is employed at the United States Army Signal Corps Engineering Laboratory, Fort Monmouth, New Jersey. The Newark Office has been furnished the above information and has been requested to interview LEVINE for information concerning SOBELL.

Because of the lack of background information concerning LEVINE and his common name, it has been impossible to determine pertinent information concerning him in the New York Office file.

The above information is being submitted to the Bureau for consideration under the LOR Program.

Re: MORTON SOBELL, was  
ESP. R

At approximately 10:00 A.M., 9/14/50, Inspector Carl Hennrich, Bureau, called, in connection with captioned case.

He said there is an individual <sup>AARON</sup> named COLEMAN who resides in New Jersey, and is employed by the Army in a position where he has at his hand a complete line of information concerning U. S. Radar equipment along the Eastern coast; that the New York Office sent a letter to the Bureau requesting authority or suggesting that he be interviewed. However, Newark Office came through with a letter containing detailed information regarding COLEMAN. There was a contact between him and SOBELL back in 1945 when SOBELL was with the REEVES INSTRUMENT CO., and the file reflected the Army had caught him taking classified documents out of the place and on later checking his home found the documents there. It was also indicated that all the references he gave when he went into the Army were espionage agents. A Loyalty check was made on him.

Mr. Hennrich said he had talked with Mr. Kaack, Newark, in this matter and that his feeling was to hold off interview; that he (COLEMAN) might also be a spy. Mr. Hennrich was of the opinion that complete coverage should be placed on COLEMAN for awhile. In the event that he should talk, the information furnished would be of tremendous help in tying up SOBELL. He desired the opinion of NYO as to whether COLEMAN should be interviewed or whether we should wait until it may be possible to get something on him. Mr. Hennrich should be called back around noon, 9/14/50.

ESPIONAGE - R

For the information of the Resident Agents, it is stated that investigation is being conducted to locate and interview classmates of subject who were graduated from City College in 1938 and 1939.

Since the JULIUS ROSENBERG espionage parallel apparently consists for the most part of former CCNY students, it is felt SOBELL's classmates may have been contacted either by ROSENBERG or SOBELL for the purpose of furnishing information to Soviet Russia.

The purpose of the above investigation is to obtain corroborating evidence against ROSENBERG and SOBELL and also to ascertain whether any other members of their City College classes have been engaged in espionage. It should be borne in mind in interviewing these individuals that they may be potential espionage subjects.

The records of the graduating class of February 1938, who graduated with the Degree of Electrical Engineering from City College contained the following persons:

CHALAMONSKY, EDWARD, last known address (as of 1945) 52 Woodland Avenue, Great Kills, Staten Island;  
McMANUS, JOHN JOSEPH, 85 Midwood Street (as of 1945), Valley Stream, New York.

The records of the graduates of the February, 1939 class of the College of the City of New York, who graduated with a Degree of Electrical Engineering contained the following name:

FOX, JEROME, 165 Rosewood Avenue (as of 1945), Long Beach, New York

RE: MAX ELITCHER;  
HELENE ELITCHER  
ESPIONAGE - R

On September 7, 1950 Mrs. HELENE ELITCHER was interviewed at her home 164-18 72nd Avenue, Flushing, L.I., by SAS CHARLES P. SILVERTHORN and writer. The following information was obtained as a result of this interview:

Mrs. ELITCHER, when previously interviewed on July 20, 1950 by SAS ROBERT F. ROYAL and EDWARD P. MC CARTHY, recalled that in the summer of 1943 or 1944, possibly during the month of July, she with her husband MAX came to New York City for a weekend visit. She recalled that she had dinner with JULIUS ROSENBERG, JOEL BARR, MRS. RUTH ALSCHER and possibly one or two others. The whole party dined at the Bird-In-Hand Restaurant at 1659 Broadway, New York City. On this occasion JOEL BARR was introduced to MAX ELITCHER and HELENE ELITCHER as a friend of ROSENBERG.

Mrs. ELITCHER recalled that after dinner the whole party went via subway to JOEL BARR'S parents' residence, 241 West 97th Street, and then after taking Mrs. RUTH ALSCHER home to 2415 Madison Avenue, the party proceeded to the apartment of AL SARANT in Greenwich Village. Mrs. ELITCHER recalled during this initial interview that possibly WILLIAM and SYLVIA DANZIGER were present during the dinner at the Bird-In-Hand Restaurant.

Regarding the above, Mrs. ELITCHER states that she had devoted considerable thought to this particular meeting with ROSENBERG and she is now quite certain that WILLIAM and SYLVIA DANZIGER were not present on this particular evening. She also advised that WILLIAM and SYLVIA DANZIGER were never present when she and her husband met with JULIUS ROSENBERG.

Mrs. ELITCHER advised on September 7, 1950 that she was first introduced to JULIUS ROSENBERG in the Spring of 1944 when he called at her home one evening to see MAX ELITCHER. She stated that she and her husband and ROSENBERG chatted socially for some time and she recalled that she was not present during the entire conversation. She said she was of

the impression that she was either asked to step into another room or else MAX ELITCHER and ROSENBERG stepped into another room to discuss something privately.

Mrs. ELITCHER stated that she had absolutely no recollection of a second visit from JULIUS ROSENBERG at her home in Washington during the summer of 1944. Her next recollection of a meeting with ROSENBERG occurred possibly in the fall of 1944 when she and MAX were in New York City. She stated that she and her husband, JULIUS ROSENBERG, WILLIAM PERL and PERL'S younger brother, whose name she could not recall, and Mrs. RUTH ALSCHER had dinner together at the Bird-In-Hand Restaurant located at 1659 Broadway, New York City.

She stated that either during the meal or shortly thereafter JULIUS ROSENBERG went to the telephone and called JOEL BARR. JOEL BARR eventually joined the group at the restaurant. After dinner the entire party returned to BARR'S home where they remained for some time. Thereafter they traveled to Greenwich Village to the apartment of AL SARANT. On the way to SARANT'S apartment they dropped off Mrs. ALSCHER at her home. When they got to SARANT'S apartment they found that he was asleep in bed but he got up, admitted them to his apartment and played some recordings for them.

Mrs. ELITCHER recalled another occasion, believed to be either shortly before or shortly after Christmas of 1946. She and her husband, MAX, were in New York and by pre-arrangement met an individual, whom she believed to be WILLIAM PERL, outside of SARANT'S apartment house. PERL told them at the time that the others were in a restaurant around the corner in Greenwich Village. They went to this restaurant which Mrs. ELITCHER believed to be the Blue Mill. When they got there they found ROSENBERG, JOEL BARR, MORTON SOBELL and his wife, HELEN, already there. The ELITCHERS and PERL joined them for dinner and after dinner all of them went to AL SARANT'S apartment.

It is noted that Mrs. ELITCHER stated that they did not leave the restaurant until quite late in the evening since they had to wait a considerable time before they were served. As a result they got to SARANT'S apartment rather late. She stated that they remained at SARANT'S apartment for only a short period of time and recalled that upon their arrival there a party was in progress. She stated that she was not introduced to anyone in the apartment at the time of their arrival.

MEMO  
NY 65-14873

Mrs. ELITCHER stated she was not absolutely certain but was quite sure that the entire party proceeded to the apartment of JULIUS ROSENBERG. She said it was either on that night that they went to ROSENBERG'S house or possibly within a couple of days thereafter.

Mrs. ELITCHER explained at this point that she was mistaken when she was first interviewed when she gave the agents the information that possibly WILLIAM and SYLVIA DANZIGER were present during one of their visits to New York City with ROSENBERG. She related that the couple that she now recalls as MORTON and HELEN SOBELL were actually the ones she had in mind and the ones she confused with the DANZIGERS.

Mrs. ELITCHER stated that upon arriving at ROSENBERG'S apartment she was introduced to ETHEL ROSENBERG for the first time. She stated that the ROSENBERGS had a Christmas tree in their apartment at the time of that visit which made her believe that this visit occurred either shortly before or shortly after Christmas of 1946. She stated that she and her husband were present as well as the ROSENBERGS, the SOBELLS, JOEL BARR and WILLIAM PERL. She recalled that there was a rather lengthy discussion on the manner of bringing up Jewish children and she recalled specifically that all the married couples were opposed in their beliefs to WILLIAM PERL and JOEL BARR, both of whom were single.

Mrs. ELITCHER could recall one other occasion when she had some contact with JULIUS ROSENBERG. She believed that this contact occurred during the summer months of 1945. She stated that she recalled that she and MAX ELITCHER had attended the last show at the Radio City Music Hall and that they had seen the picture called "A Bell For Adano". Mrs. ELITCHER stated that after leaving the theatre MAX, her husband, called ROSENBERG and asked if he and his wife could stay in ROSENBERG'S apartment that night. ROSENBERG stated that his wife was away on vacation at that time and invited the ELITCHERS to stay there which they eventually did. Mrs. ELITCHER could recall no other occasion when she met with JULIUS ROSENBERG socially or otherwise.

Regarding her Communist Party affiliations, HELENE ELITCHER stated that she had been a member of the Communist Party from approximately the end of 1943 or shortly after her marriage, up until the time she departed from Washington with her husband at New York City. She stated that prior to her marriage she had not been a member of the Communist Party nor had been active in union activities. Shortly after her marriage she joined the Communist Party and was placed in the Navy Department cell of the Party of which her husband was also a member.

MEMO

NY 65-14873

She stated that she was active in the Navy Department cell up until April 1946 when she took a maternity leave of absence from the OPA where she was then employed. Her first child, KAREN, was born during May 1946. Mrs. ELITCHER stated that she did not return to work until January 1947 and during this period did not resume her Communist Party activities in the Navy Department cell. She worked again for the OPA from January until March 1947 at which time the activities of the OPA were practically dissolved and she was dismissed from her job. During this period from January until March 1947 HELENE ELITCHER stated that she possibly attended one or two meetings of the Navy Department cell of the Communist Party but was not sure. At any rate it was either during this period from January until March 1947 or around that time that she was transferred to a housewives cell of the Communist Party which cell appeared to be set up on the basis of location of residence in Washington, D.C.

She advised that at the meetings she attended there were generally six to eight people present on each occasion which comprised the cell. She said that normally meetings of the cell were held every two weeks and that each meeting was held at a different home. She said that members of the cell each held meetings at their home and rotated the order. At each meeting dues were collected from each member and was turned over to the chairman. She advised that the amount of dues collected was primarily based on the amount of money being earned by members of this cell. She stated that the chairman of the cell usually retained that position for a period of six months to a year at which time an election was held and another member of the cell generally became chairman. HELENE ELITCHER was unable to recall any of the individuals who had held the position of chairman of her particular cell.

The money collected through dues payments and turned over to the chairman was in turn given by the chairman to an individual from outside the cell who was in contact with the Communist Party. HELENE ELITCHER intimated that the identity of this so-called contact was known only to the acting chairman at that time.

Mrs. ELITCHER hesitated to name the other members of the Navy Department cell of the Communist Party, stating she preferred her husband, MAX, tell us since MAX was in the Navy Department cell for a much longer period of time than she was. However, she did state that WILLIAM and SYLVIA DANZIGER were definitely members of the Navy Department cell of the Communist Party. She recalled WILLIAM and SYLVIA DANZIGER attending several meetings of the Navy Department cell at which meetings she and her husband were also present. She remembered her husband MAX at the home of WILLIAM and SYLVIA DANZIGER at the South East address that the DANZIGERS resided in shortly after their return from the West Coast. Mrs.

MEMO

NY 65-14873

ELITCHER could not recall the exact address.

With regard to the DANZIGERS association with the Navy Department cell, Mrs. ELITCHER stated that her knowledge of their attendance at the cell meetings was limited to the period between the end of 1943 and April 1946. She advised that after that time she was not sure whether she had attended any meetings of the cell and was not sure whether SYLVIA DANZIGER was a member of the Navy Department cell after April 1946. She stated that it was her recollection that for some time subsequent to April 1946 SYLVIA DANZIGER was also transferred from the Navy Department cell of the Communist Party to a housewives cell of the Communist Party in another section of Washington. Mrs. ELITCHER stated, however, that her knowledge of SYLVIA DANZIGER'S participation in Communist Party cell meetings was limited to the Navy Department cell.

Mrs. ELITCHER also pointed out that there could be absolutely no doubt in the mind of any of the members of the cell as to the nature of the organization they belonged to. She said that it was very unlikely that any of the cell members would not know that they belonged to a unit of the Communist Party. She also indicated that it was not at all likely that they could confuse such cell meetings with union meetings.

Mrs. ELITCHER recalled in addition to the DANZIGERS that ABE and ESTHER SUROVELL and PAULINE GOLDMAN and MARK HARRIS were members of the Navy Department cell at the time she was attending meetings of that same cell.

Mrs. ELITCHER pointed out that WILLIAM and SYLVIA DANZIGER returned to Washington from the West Coast during the summer or early fall of 1945. Shortly after their return they became members of the Navy Department cell and attended meetings. She stated that she could only account for their activities in the Navy Department cell from that time up until April 1946.

Mrs. ELITCHER, when questioned regarding the DANZIGERS' using the mailing address of the ELITCHERS after the DANZIGERS returned from the West Coast, explained that the DANZIGERS never did live with the ELITCHERS in Washington but that they had used their (ELITCHERS) address for the purpose of receiving mail while the DANZIGERS were en-route from the West Coast.

MEMO  
NY 65-14873

Mrs. ELITCHER vaguely recalled that the DANZIGERS used their address for receiving mail for about six weeks. She stated that WILLIAM DANZIGER had written to her husband asking MAX ELITCHER for permission to use his address to receive mail just until the DANZIGERS were able to get settled in Washington.

Regarding their relation with the DANZIGERS, Mrs. ELITCHER explained that they were very friendly for a period of about six months after the DANZIGERS returned from the West Coast. She said this relationship took the form of a number of social visits and also an exchange of dinners between the two families. Due to personality difficulties between her and Mrs. DANZIGER, Mrs. ELITCHER explained, gradually their friendship became strained until finally she and Mrs. DANZIGER had an argument. Mrs. ELITCHER explained that actually there was nothing to the argument, however, it served to just about sever their friendship completely.

Mrs. ELITCHER also advised that both she and Mrs. DANZIGER were extremely active in the Women's Auxiliary of the United Federal Workers, CIO. She explained that after the DANZIGERS and ELITCHERS finally ceased their close friendship, she often saw Mrs. DANZIGER at the various meetings of the Women's Auxiliary of the United Federal Workers, CIO.

INTERVIEW OF MAX ELITCHER ON SEPTEMBER 7, 1950

ELITCHER was interviewed at the New York Office by SAS CHARLES SILVERTHORN and the writer.

ELITCHER stated that he did not know any individual named WALTER LONES nor did he ever know any individuals named JOSEPH LOVENSTEIN or JACK OKUN. When the name ABRAHAM BLOOM was suggested to him ELITCHER stated that the name sounded familiar but that he was unable to place such an individual.

He advised that he did know an individual named AARON COLEMAN. He stated that COLEMAN graduated in 1938 from the College of the City of New York with a degree in Electrical Engineering and that COLEMAN is presently employed at Fort Monmouth, New Jersey for the Army Signal Corps as a Project Engineer.

MEMO  
NY 65-14873

He stated that he has seen COLEMAN occasionally at the Reeves Instrument Corp. in New York City from time to time. Explaining this, ELITCHER stated that COLEMAN was working on Project 444 of the U. S. Army, manufacturing radar equipment and said that the Reeves Instrument Co. did the development work on this project. COLEMAN in the course of his work on this project necessarily came to the Reeves Corp. from time to time on business. ELITCHER stated that he believed that SOBELL knew him and that SOBELL may have seen him at the Reeves Corp. However, he did not know of any association or contact between COLEMAN and SOBELL.

ELITCHER stated that he had been in SOBELL'S home in Flushing, New York on several occasions and had also been in the basement of SOBELL'S home where he said SOBELL kept his photographic equipment. He advised that SOBELL did not have any formal photographic laboratory but did possess several trays presumably for developing and printing pictures, and he also had a stand with an enlarger erected on the top of this stand and he had chemicals for development of pictures. ELITCHER also advised that SOBELL possessed a Leica camera and had an exposure meter but added that he never saw any microfilm in SOBELL'S basement nor did he ever see any 35 mm. rolls of film. He indicated that he never did photography with SOBELL and never saw SOBELL do any such work.

He also advised that he had never seen any document work which SOBELL had done and added that SOBELL never mentioned having done any document work. ELITCHER stated that he did not recall whether SOBELL had any photo-flood lamps in his basement which were necessary in order to do document work. He stated that SOBELL did some color work but was primarily concerned with making portrait photographs of his wife and children. ELITCHER stated that he worked primarily with black and white film. ELITCHER stated that all of this equipment was kept in the basement on a bench in rather haphazard fashion along with tools and many other things which one accumulates and stores away.

Regarding WILLIAM DANZIGER, MAX ELITCHER stated that DANZIGER joined the Navy Department cell of the Communist Party shortly after his return from the West Coast in 1945. ELITCHER stated that DANZIGER probably got into the Navy Department cell on his (ELITCHER'S) recommendation. ELITCHER said he was not positive of this, however, he thought that that was how DANZIGER was admitted to the Navy Department cell.

MEMO

NY 65-14873

ELITCHER said the procedure with the cell for admitting a new member would be for one of the present members of the cell to recommend a new individual and then the entire cell would vote whether or not this individual would be admitted. Along with this vote the individual's name would be submitted through the chairman's contact with the Communist Party for clearance by the Communist Party. ELITCHER said he vaguely recalled that DANZIGER must have asked him to get him into ELITCHER'S group.

ELITCHER said that he had knowledge, probably from MORTON SOBELL, that WILLIAM DANZIGER had formerly been a member of the Communist Party before he left Washington in 1941. He said it would be necessary for him to have mentioned this fact, that of DANZIGER'S prior membership, in order for him to be admitted to the Navy Department cell.

ELITCHER recalled that DANZIGER joined the cell probably about six months after DANZIGER'S return from the West Coast in May 1945. ELITCHER definitely recalled attending meetings of the Communist Party Navy Department cell at the home of WILLIAM DANZIGER in the South East section of Washington and also at DANZIGER'S subsequent home which was located in the North West section of Washington. When the addresses 4342 Halley Terrace SE, Washington and 1909 19th Street NW, Washington was suggested to ELITCHER, he definitely stated that these were the addresses of DANZIGER where the Navy Department Communist Party cell meetings were held and at which he was in attendance. ELITCHER was not sure whether or not DANZIGER'S wife was ever present at these meetings.

With regard to SYLVIA DANZIGER, ELITCHER advised on September 8, 1950 that after discussing the matter with his wife he had recalled that the name of SYLVIA DANZIGER had been submitted by him to other members of the Navy Department cell with a statement by him to the effect that he knew she had been engaged in similar activity before. He stated that her name was submitted by the chairman subsequently for a clearance and that the clearance was eventually obtained although there was some delay in obtaining it. He attributed this delay to the possibility that it could not be determined whether she was to be accepted as a member of the Navy Department cell or whether she should be placed in another group inasmuch as she was a housewife at the time of her return from the West Coast.

MEMO

NY 65-14873

ELITCHER stated that he had attended at least two meetings at DANZIGER'S home and possibly more. He advised that present at the meetings held at DANZIGER'S home were PAULINE GOLDMAN, MARK HARRIS, ABE SUROVELL and IRVING KLAFTER. In addition to the foregoing ELITCHER stated that SAM MESHER, MARY ORIER and JEANNETTE KAPLAN were also members of the Navy Department cell of the Communist Party and he advised that all of the foregoing with the possible exceptions of KAPLAN and MESHER were in attendance at the cell meetings at which DANZIGER was present.

ELITCHER stated that he did not attend any meetings of the Navy Department cell after the spring or early summer of 1948 but informed the chairman of the cell, ABE SUROVELL, that he was moving to New York and was ceasing his Communist Party activity. He added that he requested SUROVELL to tell DANZIGER that he was dropping out of the cell and was coming to New York.

ELITCHER advised that ABE SUROVELL had come into the Navy Department cell of the Communist Party possibly in 1942 or 1943 and had terminated his activity when he was inducted into military service. ELITCHER stated that upon SUROVELL'S discharge from the service he again resumed his C.P. activity within the Navy Department cell. He also indicated that SUROVELL was the chairman of the Navy Department cell at the time he left for New York.

ELITCHER recalled that ESTHER SUROVELL had also been in the Navy Department cell but was not active in that cell at the time ELITCHER left to come to New York City. ELITCHER advised that ESTHER SUROVELL had been active in the cell at an earlier date and had known WILLIAM DANZIGER.

Regarding PAULINE GOLDMAN, ELITCHER stated that she was active in the Navy Department cell at the time he left for New York in 1948. He said that he believed that GOLDMAN had come into that particular cell in about 1935 or possibly a little bit later and had been in the cell for approximately two years as an active member of the C.P.

Regarding MARK HARRIS, ELITCHER stated that HARRIS was an active member of the Navy Department cell at the time he left for New York City. He indicated further that HARRIS had been active in that cell as a C.P. member for at least two years.

MEMO  
NY 65-14873

Regarding IRA KLAFTER, ELITCHER stated that KLAFTER was an active member of the Navy Department cell at the time ELITCHER left for New York. He further pointed out that KLAFTER had been active in that cell for about one year or possibly a little longer up to the time ELITCHER departed.

Regarding MARY GRIER, ELITCHER advised that GRIER had left the Navy Department cell of the C.P. about one year before ELITCHER departed for New York. He stated, however, that she had been active in that particular cell for about two years prior to that time. ELITCHER stated that he believed that GRIER might possibly have left the cell due to a loyalty investigation of her background.

Regarding JEANNETTE KAPLAN, ELITCHER stated that she had been active in the Navy Department cell for at least one year but had terminated her association with that cell at the time she left the Navy Department. He stated that it was quite possible that KAPLAN would <sup>RSW</sup> DANZIGER since she may have dropped out of the cell prior to the time DANZIGER returned to Washington, D.C.

Regarding SAM MESHER, ELITCHER stated that MESHER had been active in the Navy Department cell of the C.P. for the last couple of years but had stopped all activity within the cell about one year before ELITCHER departed for New York. ELITCHER recalled that MESHER was attending school while working and may not have had time for C.P. activity but said that MESHER seemed to just drift away.

Mr. WILLIAM B. SAUNDERS, Transportation Consultant with offices in Room 655, Munsey Building, Washington, D.C., was interviewed at his request in connection with the captioned matter.

Mr. SAUNDERS advised that some time ago, he became interested in a company known as Electronic Computer, Inc., located in Brooklyn, New York. He stated that his interest in this company resulted from a desire to invest some money in the stock of a company which he thought would be a good investment. He stated that this company manufactures a machine on the order of a "magic brain". The president of this company is one SAMUEL LUBKIN who is supposed to be a scientist of quite some ability. Mr. SAUNDERS advised that he thought LUBKIN was born in Russia, however, he stated that in conversations with LUBKIN, he did not gain the impression that LUBKIN was a communist.

Mr. SAUNDERS stated that he visited the plant of this company and talked with Mr. LUBKIN for the purpose of determining whether he should invest any of his money in the stock of this company. He stated that he determined that LUBKIN had made some kind of a deal with an individual by the name of LARRY FRIEDMAN, an electrical engineer to get FRIEDMAN into the company. He stated that in order for the company to secure FRIEDMAN's services, he was issued stock from the company for which he paid no money. He stated that FRIEDMAN's name does not appear in connection with the company.

Mr. SAUNDERS stated that he had determined that FRIEDMAN also worked for the Reeves Instrument Company in New York.

Mr. SAUNDERS advised that he was furnishing this information for whatever value it might have in view of the fact that FRIEDMAN is employed by the same company as MORTON SOBELL. Mr. SAUNDERS read of SOBELL's arrest in the paper and felt that this information should be made available to the FBI.

Re: MORTON SOBELL, was;  
ESPIONAGE - R

Re WFO teletype to New York, 8/20/50.

Referenced teletype reflects that BORIS LOMONOSSOFF, who is the subject of an Espionage - R investigation, has a brother VLADIMIR LOMONOSS, who has used the name L. WALTER. Referenced teletype also reflects that LOMONOSS attended the Graduate School of Electrical Engineering at the University of Michigan in 1938 and 1939, and that he resided at 3225 N Street NW, Washington, D. C., at the same time as MORTON SOBELL. LOMONOSS as of May 1949 was employed by the Brookhaven National Laboratory on Atomic Energy material. LOMONOSS is employed under the name of WALTER LONES.

Due to the fact that this individual used the name L. WALTER and that the "LEW" letter was in the possession of SOBELL and addressed to one N. WALTER, it is possible that LONES may have written this letter to SOBELL.

LONES was the subject of an AEAA investigation (New York file 116-7229). A review of his file reflects no derogatory information. The file also reflects that LONES resides at 60 North Drive, Valley Stream, Long Island.

On August 31, 1950 WALTER LONES' brother, BORIS LOMONOSSOFF, was interviewed by Special Agent WILLIAM J. MCCARTHY. LOMONOSSOFF advised that he formerly resided at 2225 N Street NW, Washington, D. C., from 1940 to 1944. LOMONOSSOFF was questioned about MORTON SOBELL, and was shown pictures of the subject, however, LOMONOSSOFF failed to recognize these photographs, and stated that he was not acquainted with the subject.

LOMONOSSOFF stated that his brother WALTER also resided at 2225 N Street during the early 1940's, and that he now resides in Long Island.

ESPIONAGE - R

Re Bureau teletype dated August 17, 1950, entitled "MORTON SOBELL, was.; ESPIONAGE - R", which set forth that at the time of MORTON SOBELL'S arrest in Mexico City, there was found among his possessions a letter post-marked New York City, August 9, 1950, at 9:00 p.m. The letter was addressed to Mr. M. KALTER, the name under which SOBELL was residing at Cordova 155, Apartment 4, Mexico City, Mexico. The letter was typewritten on note paper, dated August 9, 1950, and was signed "LAW".

Re New York letter to the Bureau, attention FBI Laboratory, dated August 23, 1950, which set forth that the subject, WILLIAM DANZIGER, on April 27, 1950, purchased a second hand typewriter from the A.K. Typewriter Service, 500 West 207th Street, New York City, this typewriter was described as a Remington Portable, Model 75, Pica, Serial #V927904.

Re New York letter dated August 23, 1950, also transmitting typewritten specimens from the above mentioned typewriter, which specimens were obtained from the former owner of the typewriter, GEORGE BENNY SCHELLER, 531 West 21th Street, New York City. The same referenced letter also mentioned that when WILLIAM DANZIGER was interviewed, attempts would be made to obtain further specimens from this particular typewriter.

WILLIAM DANZIGER, when interviewed by Bureau Agents on August 28, 30, and 31, 1950, admitted receiving two letters from MORTON SOBELL while SOBELL was in Mexico City. DANZIGER also admitted that he possibly wrote two letters to SOBELL in Mexico City. DANZIGER claimed these letters were typewritten and he claimed he addressed the letters to MORTON SOBELL at a Cord or a Cordova address in Mexico City. DANZIGER claimed these letters were social in nature and he also claimed that the letters from SOBELL were entirely social.

NY File 65-18396

DANZIGER could not locate the letters from SOBELL after accompanying Bureau Agents to his home, 124 Featherbed Lane, Bronx, New York, after he made a search of his personal effects. DANZIGER, however, made available his Remington 5 Portable Typewriter, Serial #VD27804, so that specimens could be taken.

There are being transmitted via Registered Mail herewith, the following typewritten specimens which were obtained from Remington 5 Portable Typewriter, Serial #VD27804, which typewriter was in the possession of the subject, WILLIAM DANZIGER, 124 Featherbed Lane, Bronx, New York:

1. Sheet marked #1 in ink on the reverse side of the typewritten material. This sheet contains all the small letters of the alphabet from the particular typewriter. It is to be noted that the bottom of this sheet contains the sentence, "Above specimen taken 8/28/50 from Remington 5 portable typewriter in possession of WILLIAM DANZIGER, 124 Featherbed Lane by SA JAMES T. O'BRIEN". On the reverse side of the typewritten material, the number 1 is followed by Agent's initials CPS.
2. A white sheet of paper containing all the capital letters of the alphabet of the particular typewriter. On the back of this sheet of paper is marked the number 2, followed by Agent's initials CPS.
3. A white sheet of paper containing one copy in full word for word order of the questioned typewritten letter which was found in MARTIN SOBELL'S possession at the time of his arrest in Mexico City. On the back of this white sheet of paper is contained the numeral 3, with Agent's initials CPS.
4. A white sheet of paper containing the small letters of the alphabet of the particular typewriter, which sample was taken with the ribbon out of the typewriter and using only carbon paper. On the back of this particular sheet of paper is contained the number 4, with Agent's initials CPS.
5. One white sheet of paper containing all the letters of the alphabet capitalized of this particular typewriter, which specimen was taken with the ribbon out of the typewriter and using only carbon paper. On the back of this sheet of paper is contained the number 5, with Agent's initials CPS.

Letter to Director, FBI  
NY File 66-15366

It is requested that the typewritten material mentioned heretofore be compared with the typewritten letter which was found in MORTON SOBELL'S possession at the time of SOBELL'S arrest in Mexico City, for possible identification.

After the above comparison has been made and in the event this comparison is negative, it is suggested that the above typewritten material be retained at the Bureau in the event that the subject, WILLIAM DANZIGER, ever typewrites a letter, which may have possible significance at a future date in this investigation.
