[REDACTED]

[REDACTED]

[REDACTED]

It is felt that the Bureau's attention should be drawn to the below-listed facts concerning the Reeves Corporation, the subject and [REDACTED]:

It is recalled that agents of this office contacted Reeves during the initial stage of the investigation concerning MORTON SOBELL. Considerable difficulty was experienced in attempting to interview BELOCK. [REDACTED]

Ltr. to Director, FBI
NY 65-15673

Not overly cooperative and attempted to minimize the situation with regard to SOBELL. At that time, BELOCK'S association with SOBELL and the subject's general background were discussed with various Reeves employees. He was generally characterized by them as being a brilliant man, astute in business, and the backbone of the corporation.

b7c
b7D [REDACTED] Later forming his own corporation, BELOCK began proselytizing Reeves employees. He was competing with Reeves on bids for government contracts and seriously hampered Reeves productivity by requesting their employees to slow down work.

Recent inquiries at the Reeves Corporation concerning BELOCK have revealed that apparently in light of the situation created by BELOCK, the Reeves people have become incensed. It is obvious from various interviews that the Reeves Corporation realizes that the Belock Company is a real threat to their existence. It is suggested that Reeves may have considered that a form of retribution is to now inform the FBI of certain alleged irregularities on BELOCK'S part which were heretofore known, but were not reported during previous investigation.

It is further suggested that Reeves by condoning BELOCK'S alleged activities while employed there benefited from his services; now, however, he is a thorn in their side.

o/s
x The above facts are being brought to the Bureau's attention not to minimize the allegations against the subject, but rather to give the Bureau an idea of the friction existing between these two organizations. [It is believed the Bureau could be placed in an embarrassing position of having the Belock Company infer that the Reeves Corporation used the FBI as an instrument to further their business enterprises while suppressing those of a new and competitive firm.]

The New York Office, unless advised to the contrary, will continue the espionage investigation on the subject. The Bureau is requested to advise this office of the action as desired in regard to the alleged violations of fraud against the government against the subject.

Office Memorandum • UNITED STATES GOVERNMENT

TO: Director, FBI

DATE: April 16, 1951

FROM: SAC, New York

SUBJECT: HARRY D. BELOCK
ESPIONAGE - R

For the information of all offices, HARRY BELOCK was the former Executive Vice President and General Manager for the Reeves Instrument Corporation located in New York City.

While at Reeves, BELOCK personally hired a number of Communists for key engineering positions, one of which was MORTON SOBELL, who was recently sentenced to a term of 30 years for violation of the espionage conspiracy statute.

Upon leaving the employ of Reeves, BELOCK, although not authorized to do so, took with him a number of classified contracts and job specifications being produced by Reeves for the armed forces. Later BELOCK organized his own company known as the Belock Instrument Corporation located in College Point, Long Island. Shortly after incorporating, his organization was awarded a classified navy contract. BELOCK is alleged to have a sister, MARY BELOCK GALE, who is a known member of the Communist Party. BELOCK advised an official at Reeves of his sister's participation in the Party and on occasions has boasted and condoned her activity.

BELOCK is the only son in the BELOCK family and during 1944 he was employed by the Signal Corps as an engineer.

SUBJECT: HARRY D. BELOCK
ESPIONAGE - R

There is set forth below, for your information and assistance, the following pertinent data furnished to the Bureau by the New York Office concerning the captioned subject:

Harry Belock was the former Executive Vice President and General Manager for the Reeves Instrument Corporation located in New York City. While at Reeves, Belock personally hired a number of Communists for key engineering positions, one of whom was Morton Sobell, who was recently sentenced to a term of 30 years for violation of the espionage conspiracy statute.

Upon leaving the employ of Reeves, Belock, although not authorized to do so, took with him a number of classified contracts and job specifications being produced by Reeves for the armed forces. Later Belock organized his own company known as the Belock Instrument Corporation located in College Point, Long Island, which he now operates. Shortly after incorporating, his organization was awarded a classified navy contract. Belock is alleged to have a sister, Mary Belock Gale, who is a known member of the Communist Party. Belock advised an official at Reeves of his sister's participation in the Party and on occasions has boasted and condoned her activity.

Belock is the only son in the Belock family and during 1944 he was employed by the Signal Corps as an engineer.

CONFIDENTIAL

In connection with my investigation into the matter of Morton Sobell with respect to his recent indictment by the Federal Grand Jury, I unearthed information of such a nature concerning _____ that I decided to make a more complete investigation of his background.

Norton Sobell - Electronics Engineer, now under indictment with Harry Gold, Fuchs, Rosenberg in connection with disclosure of atomic secrets.

Sobell, it is understood, was approached by [redacted] while he was working with the General Electric Company, to persuade him to come to work for this company. After he came with the company repeated delays were reported to [redacted] on the Air Force job which Sobell was supervising as Project Engineer. [redacted] was told that these delays must be caused by Sobell with obvious intent to delay the job.

However, instead of being receptive to these complaints, as this was a very important job, would invariably order the complainant from his office. On some occasions conferences would ensue with Sobell behind closed doors. However, no speed-up of the job was ever apparent as a result of these conferences.

A few days after Sobell had fled the country [redacted] exhibited a sheet of paper which he claimed was a letter received from Sobell. We do not know if [redacted] had ever produced this letter for the authorities.

It is noteworthy that even after [redacted] learned of Sobell's arrest as a spy he insisted on keeping him on the company's payroll. However, the Controller after an altercation with [redacted] refused to continue him on the company's payroll any longer and removed him notwithstanding [redacted] objections.

CONFIDENTIAL

It is interesting that Sobell, Elitcher and all worked in the same department of the Navy at the same time in Washington.

During this same period Belock was employed by the Camp Evans Signal Corps Laboratories, Belmar, New Jersey, in the Computing and Data Section. It is notable that Sobell, Elitcher, and were all employed by the branches of the service having to do with computer and gunfire devices.

In connection with the name SOORIN, it is noted that a review of MORTIN SOBELL'S personal directory located among his personal effects contained the name believed to be SOORIN together with the telephone number Eatontown 3-0600 and a notation of the name "Watson Laboratory". It was ascertained that this telephone number was that of the Watson Laboratory Air Materiel Command, Eatontown, N.J.

PURPOSE

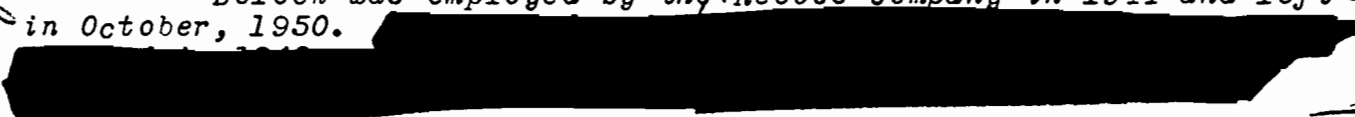

To advise results of a telephone call received from ASAC Whalen, New York Office, at 5:30 P.M., March 22, 1951.

DETAILS

On March 22, 1951, pursuant to your instructions, I took a call from ASAC Whalen, New York Office, at 5:30 P.M., at which time he related the following information concerning individuals working at the Reeves Instrument Company requested by the Bureau on March 21, 1951.

At the outset Mr. Whalen pointed out that any civilian contractor can hire whatever personnel he desires even though he is working on classified contracts for the armed forces and must get clearance before such individuals may work on such contracts. The procurement section of the Army, Navy, or Air Force, whichever has a contract with the facility involved, is responsible to see that security checks are made on employees who will be employed in or will have access to restricted areas.

Harry D. Belock

Belock was employed by the Reeves Company in 1944 and left in October, 1950. 

When the Bureau directed a letter to the New York Office in 1948 with regard to the Procli Program on this particular concern, the New York Office contacted the president and the general manager at which time the jurisdiction of the FBI was explained to them. Mr. Whalen pointed out that the company was eligible for contracts and whether they had them or not did not concern the office at that time as we did nothing more than explain the FBI's jurisdiction to them.

SAC Letter No. 62 dated August 31, 1950, regarding plant informants advised that all of our contacts in the Procli Program should be made plant informants.

No indices check was necessary at that time and even though a check had been made there was no derogatory information concerning Belock himself.

 6-17125-
 6-17125-

New York submitted a report on July 3, 1943, concerning this subject. A request was received for information from the Navy in 1947 and also from G-2 in the same year. Available information at that time was furnished to the Navy and G-2. It was pointed out by Mr. Whalen that information was made available to the interested agencies during the time Meyler was employed at the Reeves Company. In addition, Mr. Whalen pointed out that an investigative report had been received from the Navy in 1948 from the Third Naval District. He also stated that an LGE investigation was instituted on April 4, 1949, but was discontinued on April 21, 1949.

Lewis X Reese

Reese was sales representative for the Reeves Company and the subject of a security investigation. Reports of our investigation were disseminated locally to ONI, OSI, and G-2. [REDACTED]

Reese was employed by the Reeves Company in April of 1948 and resigned February 23, 1951. The Army, Navy, and Air Force were aware of the fact that the FBI had a pending case on Reese and were alerted to the derogatory information available in the DIO files which had been previously disseminated by the Bureau. Reese was never given clearance. Reese was never authorized to have access to classified contracts because the Navy had not cleared him.

Morton X Sobell

MR. MORTON X SOBELL

Clearance was issued for Sobell in 1949. However, a certificate of denial was later issued. Sobell appealed the issuance of this certificate and his case was brought before a three-man board in Washington, D. C. He subsequently received clearance.

[REDACTED] ARMY
[REDACTED]
(LELEN)
The Navy actually wrote a letter to the admiral in charge of ONI making a particular protest of Sobell's case. Commander Lenhardt was particularly interested in Sobell's case. Mr. Whalen pointed out that the Bureau is in good shape with regard to Sobell inasmuch as the other intelligence agencies were furnished with pertinent information in this regard. The Navy is also "in the clear" inasmuch as they had made several protests regarding Sobell.

NY 65-15673

About five months after (BELOCK) resigned, (BONNER) requested (ALEX CAMPBELL), former head of the Criminal Division, United States Department of Justice, to inspect Reeves regarding security. After (BONNER) learned of MORTON SOBELL and MAX ELITCHER'S Communist affiliations, he felt it was necessary to determine if any other Communists were employed at Reeves.

With regard to MAX ELITCHER, [REDACTED] stated that he first met him while on business for Reeves at the Bureau of Ordnance in Washington, D.C. ELITCHER impressed [REDACTED] as being intelligent and industrious and [REDACTED] told him that he could have a job at Reeves whenever he wanted it. [REDACTED] recalled that while ELITCHER was working in New York on behalf of the Navy, he visited [REDACTED] at Reeves and asked him for a job. [REDACTED] said that he accepted him and that later during 1948 he met ELITCHER at a pier in New York City. [REDACTED] explained that he had just returned from Europe and that ELITCHER was engaged on a job aboard the USS Mississippi which was docked at an adjoining pier. ELITCHER knew that [REDACTED] was due to return on the Queen Mary. When the Queen docked, ELITCHER visited the pier and found [REDACTED] aboard. At this time ELITCHER told [REDACTED] that he was leaving the Bureau of Ordnance and a definite date was set to begin his employment at Reeves. [REDACTED] added that he never had any idea that ELITCHER was affiliated with the Communists until some time during 1949 or 1950 when the Navy refused him clearance. [REDACTED] added that he was surprised to learn this as he considered ELITCHER one of the most industrious employees at Reeves.

b7c
b7D

[REDACTED]

[REDACTED] stated he also met MORTON SOBELL during a visit to the General Electric Company, and that he was highly impressed with SOBELL'S skill. When starting Reeves, [REDACTED] personally requested SOBELL to work for him. [REDACTED] added that SOBELL'S wife HELEN was also an employee of Reeves and that he had no idea either were Communists. He said that to him both appeared to be loyal citizens.

70837

6/15 [LOUIS F. BUDENZ, former Communist functionary, was exhibited photographs of the subject; however, he stated that BELOCK was not known to him.

ELIZABETH T. BENTLEY, former self-confessed espionage agent, was also shown photographs of the subject and she, too, did not recognize him.

DAVID GREENGLASS, self-confessed espionage agent presently serving a 15-year term for espionage activities, likewise could not identify a picture of BELOCK.

HARRY GOLD, self-confessed former espionage agent, could not identify a photograph of BELOCK as any one he knew.

THOMAS L. BLACK, self-admitted former espionage agent, did not recognize a photograph of HARRY BELOCK.

Confidential Informant T-15, of known reliability, advised that no pertinent mail had been received by BELOCK at his residence, 78-29 221st Street, Bayside, Long Island. u

The following is the identification record for HARRY BELOCK, FBI number 4347863, as received from the Identification Division of the Federal Bureau of Investigation:

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI (65-60054)

DATE: February 2, 1953

FROM : SAC, NEWARK (65-4219)

SUBJECT: HAROLD DUCORE, Wa.
ESPIONAGE - R

Reference is made to Newark report by SA EARL F. WARFORD, entitled HAROLD DUCORE, Aka; LGE, dated 12/16/52 (Bufile 121-26108), which is a supplemental investigation requested by the Army, who advised DUCORE's case is being considered by the Army Loyalty-Security Screening Board along with other loyalty cases.

There was no additional substantial disloyal information developed during this supplemental investigation, and there was no information developed regarding a violation of the espionage statutes.

This case was presented to the Department of Justice on 10/17/51, and a reply was received from Assistant Attorney General JAMES M. MC INERNEY, Criminal Division, on 12/4/51, which noted there were no facts to support the belief that DUCORE was deliberately causing a delay in the development of radar equipment in the section he supervises at the Evans Signal Laboratory, Belmar, N. J.

Newark reports by SA EUGENE C. JONES on DUCORE, dated 2/21/52 and 11/12/52, reflect

[REDACTED]

ALICE ~~DUCORE~~ once held a position in the United Public Workers of America while she was an employee at Ft. Monmouth, N. J., the former organization having been reported as being highly infiltrated with Communists. DUCORE reportedly attended at least one meeting of the United Public Workers of America.

DUCORE has been interviewed with regard to MORTON ~~SOBELL~~ and JULIUS ROSENBERG, convicted espionage subjects. DUCORE attended CCNY in New York City during part of the time ROSENBERG and SOBELL were students and stated he vaguely recalled their photographs. DUCORE has never been interviewed concerning himself.

Investigation to date has developed no substantive information concerning which DUCORE could be interviewed. It is the opinion of the Newark Office that this case should be placed in a closed status.

of 1949, the JASIKs visited at the SOBELL residence in Flushing, New York and had spent several hours with the SOBELLs. Informant did not know whether SOBELL had ever approached HENRY JASIK to recruit him into espionage work but felt that it was a distinct possibility that he had done so, particularly because of the Communist Party sympathies of ESTHER JASIK. Informant continued by stating that no inquiries had ever been made concerning the subject but added there would have been no necessity to inquire about the subject since he was known to SOBELL.

MORTON SOBELL, mentioned above, was sentenced on April 5, 1951 to thirty years imprisonment for conspiracy to commit espionage on behalf of the Soviet Union. SOBELL is presently incarcerated in Alcatraz Penitentiary, San Francisco, California.

When interviewed by Bureau Agents on June 30 and July 1, 1953, JASIK recalled that while residing in Washington, D.C. in 1939-1940, he had been introduced to MORTON SOBELL who was then residing in Washington, D.C. and was employed at the Bureau of Ordnance. He explained his contacts with SOBELL were extremely limited and was unable to furnish any information concerning SOBELL's activities.

NY 65-16165

His next contact with SOBELL, according to JASIK, occurred in the year 1949 at the meeting of the Institute of Radio and Electrical Engineers held in the Grand Central Palace, New York, New York. He termed this to be a casual meeting. His recontact with SOBELL occurred early in the Summer of 1949 at a neighborhood food store. Shortly thereafter, Mr. and Mrs. JASIK visited at the SOBELL residence in Flushing, New York. The SOBELLs in turn visited the JASIK residence, 67-18 J 195 Lane, Flushing, New York. This visit occurred in January or February, 1950.

JASIK believed that in the **Spring** of 1950, possibly about May, the JASIKS revisited the SOBELL residence. He explained the visits were all of a general nature and at no time did SOBELL appear to be attempting to obtain **information** concerning his (JASIK'S) work.

Investigation at Polytechnic Institute of Brooklyn, 90 Livingston Street, reveals that in the Spring of 1950, during the period of February to June, MORTON SOBELL was instructor in the Electrical Engineering School. His class concerned the matter of "Feed Back Amplifiers." This class was held on Monday evening during the hours of 8:00 P.M. to 10:00 P.M. in Room K-202.

Professor A. B. GIORDANO, Electrical Engineering Department, Polytechnic Institute, advised that DONALD HERR had previously taught the class in Feed Back Amplifiers. HERR, according to GIORDANO, was contemplating moving from New York City and had suggested the name of MORTON SOBELL as a substitute teacher. GIORDANO, himself, did not recall that it actually came to pass that SOBELL taught **here**. He could only recall the fact that HERR had suggested SOBELL as a substitute teacher.

4/7 [According to GIORDANO, HERR had been formerly employed by the Reeves Instrument Company, New York, New York, and presently operates the American Electronic

NY 65-16165

6/27 Manufacturing Company, 9503 West Jefferson Boulevard,
Culver City, California.

Mrs. V. TALTS, Registrar's Office, in addition to making the above information available concerning SOBELL'S teaching at Polytechnic Institute, furnished the scholastic record for HENRY JASIK which reflected that in the Spring term of 1949-1950, JASIK was a student in the following classes:

<u>Class Number</u>	<u>Subject</u>	<u>Credits</u>	<u>Grade</u>
4032	Selected Topics in Magnetic Theory	2 hours	A
6312	Fourier and La Place Transmission	2 hours	A
4570	Microwave Transmission Lines	2 hours	

There was no indication in the school records that he had attended the class in Feed Back Amplifiers taught by SOBELL. Attempts were made to determine the dates on which JASIK attended the school to determine if possible he was in attendance on the Monday evening when SOBELL taught. However, according to Mrs. TALTS, these records have been destroyed.

Mrs. TALTS also advised that on June 10, 1953, HENRY JASIK received a degree as a Doctor of Electrical Engineering at Polytechnic Institute.

2 T-1, of known reliability, has advised that the subject had received correspondence from the following parties. This correspondence was received at his place of business, 30 Sylvester Street, Westbury, Long Island. It should be noted that JASIK presently is self-employed, operating as a consulting engineer.

REPORT ORIGINATED AT **NEW YORK**

REPORT MADE AT NEW YORK	DATE WHEN MADE 5/6/54	PERIOD FOR WHICH MADE 5/4/54	REPORT MADE BY EDWARD J. CAHILL rer
TITLE HENRY JASIK, aka			CHARACTER OF CASE ESPIONAGE - R SEE REVERSE SIDE ADD. DISSEMINATION
SYNOPSIS OF FACTS: <i>placed this in NY status. No ... Since that time N.Y. followed ... appearance before advised by let ... CB no ... will ... until developed sign ... through ... test.</i> DONALD L. HERR has no information that subject knew MORTON SOBELL.			AGENCY CENTRAL INDEX FILES OF DEFENSE DEPT. FOR ... REQ. REC'D 10-21-55 REP'T FORW. 11-2-55 BY <i>W. J. ...</i>
DETAILS: MORTON SOBELL is presently incarcerated in Alcatraz Prison, San Francisco, California, having been convicted of Conspiracy to commit Espionage for Soviet Russia.			
SOBELL, according to records of Polytechnic Institute, Brooklyn, New York, was a teacher at that school in 1950.			
HENRY JASIK, when interviewed by Bureau Agents on June 30 and July 1, 1953, advised that he had attended the Polytechnic Institute in 1950.			
DONALD L. HERR, 240 Alta Avenue, Santa Monica, California, was interviewed for information concerning the subject by SAs HOWARD H. DAVIS and HAROLD F. DODGE. HERR stated that when he decided to discontinue teaching at the Polytechnic Institute, Brooklyn (1950), he discussed the matter with several of the men at the Reeges Instrument Company, New York City, where he was employed. There were several men

present including MORTON SOBELL. HERR stated that he asked two of the men if they would care to take over his teaching assignment, and both of them declined. Thereupon HERR asked the same question of SOBELL, who had heard the conversation, and SOBELL indicated a willingness to do so.

HERR said there was no other reason or motive for recommending SOBELL for the position.

A photograph of HENRY JASIK was exhibited to HERR, who stated that he does not recognize the photograph as anyone he has ever known, and that he does not know JASIK by name. He has no recollection that SOBELL ever introduced JASIK to him. The name of JASIK'S wife was unknown to HERR.

In the memorandum from Mr. Clegg to Mr. Tolson dated 10/20/53 in the matter entitled, "Suspected Espionage, Fort Monmouth, New Jersey and Federal Telecommunications Laboratories, Nutley, New Jersey," it was recommended and approved that the "Domestic Intelligence Division should obtain and promptly review the findings of the McCarthy Committee with a view to determining whether any information not previously known to the Bureau regarding matters within its jurisdiction has been developed by this committee. The details should be promptly brought to the attention of the Director and in the event it appears this committee has obtained such information an explanation should be given as to why the Bureau did not know about it."

In order that the Domestic Intelligence Division can discharge its responsibilities there is attached hereto Photostats of pages 1141 to 1162 of the McCarthy Committee proceedings containing the testimony of the above captioned subject on 10-17-53. This testimony should be reviewed by the substantive Supervisor who should thereafter submit a memorandum analyzing the results of this review.

Where there has been substantial information not previously known to the Bureau developed in this testimony and an explanation is required in accordance with the above instructions, the explanation should accompany the memorandum of analysis.

Copies of all memoranda submitted as a result of this review should be designated for F. L. Jones, Room 2710, and D. J. Sullivan, Room 7644. Copies also should be designated for Bureau file 65-61685 and for the subject's case file.

As indicated above, this review should be handled in a most expeditious manner. The copies of the testimony should be attached to the memorandum of analysis.

inspection group at the RCA Plant in Camden, N.J., and it is his impression that they were friends, but he cannot recall the basis for that opinion. In conclusion, [REDACTED] stated he has no recollection of JOEL BARR, WILLIAM PERL, also known as WILLIAM WUTTERPERL, and DAVID GREENGLASS.

The Young Communist League has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

The following identifying information is set forth regarding the individuals mentioned above:

JULIUS ROSENBERG was executed in 1953 after conviction in United States District Court on a charge of conspiracy to commit espionage.

MORTON SOBELL is presently incarcerated at Alcatraz Penitentiary for a thirty-year term he received upon conviction in Federal Court on a charge of conspiracy to commit espionage.

In reference to JOEL BARR, DAVID GREENGLASS stated that JULIUS ROSENBERG described BARR as an important Soviet espionage agent who left the United States in 1948 to continue activity in behalf of the Soviet Union.

GREENGLASS is presently serving a fifteen-year sentence at the United States Penitentiary at Lewisburg, Pa., after pleading guilty in Federal Court to a charge of conspiracy to commit espionage.

BEN BOOKBINDER
501 High Street
Branch, N.J.

NK-65-4558

HNJ:jms

SAS LOUIS G. TURNER and REGINALD C. VINCENT that he and MORTON SOBELL, who is mentioned previously, were childhood friends and that he had continuous contacts with SOBELL while employed at Ft. Monmouth, N.J. BOOKBINDER further advised that he had no knowledge of SOBELL's espionage activities. In a Personnel History Statement, submitted by BOOKBINDER, in connection with his employment at Ft. Monmouth, BOOKBINDER listed BENJAMIN ZUCKERMAN, 1302 Turner Ave., Nanamassa, N.J. as a reference.

The records of Newark Confidential Informant T-1, mentioned above, reflect that BENJAMIN ZUCKERMAN advised a representative of that agency on 1/3/51, that he was a former classmate of MORTON SOBELL at CCNY, that he had been friendly with SOBELL until the latter's arrest on espionage charges, and that SOBELL had stayed at his home at Nanamassa, N.J. during SOBELL's visits to the Watson Laboratories, Red Bank, N.J. The Watson Laboratories have been mentioned previously as a facility of the Department of the Air Force, formerly located at Red Bank, N.J.

HORACE C. WILSON, JR.

[REDACTED]

It is set forth subsequently in this report that WILSON was a member of a 1940 Signal Corps Training class at Ft. Monmouth, N.J. which was also attended by JULIUS ROSENBERG and JOSEPH LEVITSKY and CARL GREENBLUM.

MORTON SOBELL

SOBELL is mentioned previously in this report as having been convicted in federal court on a charge of conspiring to commit espionage.

On 11/4/50, SAS THOMAS E. KELLY and CARLTON C. LENZ interviewed [REDACTED] in reference to other matters. [REDACTED] advised that he graduated from CCNY a half year after SOBELL and knew SOBELL only casually. [REDACTED] stated that as far as his association with SOBELL was concerned during his school years, there was none and that the extent of his acquaintance with SOBELL on a social basis since that time has been having lunch with him on two or three occasions. [REDACTED] declared that his luncheon engagements with SOBELL occurred during the time SOBELL was employed by the Reeves Instrument Company in New York, while [REDACTED]

NK-65-4558

HJ:jms

was employed by the Department of the Army at Ft. Monmouth, N.J. [REDACTED] stated further that he never went to the Reeves Instrument Company for the specific purpose of contacting SOBELL, but that it so happened that SOBELL occupied the same room with a Reeves Engineer that [REDACTED] contacted in connection with Signal Corps business. [REDACTED] also stated that inasmuch as SOBELL's work was related only to contracts with the Department of the Air Force, he had no reason to contact SOBELL in connection with his work at Ft. Monmouth, N.J. [REDACTED] commented that while SOBELL attended CCNY, SOBELL was considered a "screwball" and explained that he was referred to in that manner because SOBELL always set himself up as an authority on any subject and forced his opinion on everyone. [REDACTED] declared that he knew of no Communist activity on the part of SOBELL and stated that SOBELL never asked him to perform any favors for him.

Newark Confidential Informant T-6, of known reliability, advised that during the latter part of 1953 subject or members of his family were associated to some extent with the following individuals and business establishments:

Dr. ALEX E. MARON, 1003 Grand Ave., Asbury Park, N.J.
LUDWIG HERTZ, H & H Provision, 3891 Broadway, New York 32, N.Y.
S. VAN LEEUWEN, 8 Duer St., North Plainfield, N.J.
The Merchants Trust Company, Red Bank, N.J.
Monmouth Memorial Hospital, Long Branch, N.J.
N.J. Bell Telephone Company, Newark, N.J.
Mayor's Office, Toronto, Canada.
WILLIAM R. PINNEGAN, M.D., 910 5th Ave., Asbury Park, N.J.
F. R. BILLING, 93 Glen Ave., Cranston 5, Rhode Island.
Vacuum Tube Products, 506 So. Cleveland St., Oceanside, Calif.

The files of the Newark Office of the Federal Bureau of Investigation reflect no pertinent information identifiable with the above individuals and business establishments in New Jersey.

In the memorandum from Mr. Clegg to Mr. Tolson dated 10/20/53 in the matter entitled, "Suspected Espionage, Fort Monmouth, New Jersey and Federal Telecommunications Laboratories, Nutley, New Jersey," it was recommended and approved that the "Domestic Intelligence Division should obtain and promptly review the findings of the McCarthy Committee with a view to determining whether any information not previously known to the Bureau regarding matters within its jurisdiction has been developed by this committee. The details should be promptly brought to the attention of the Director and in the event it appears this committee has obtained such information an explanation should be given as to why the Bureau did not know about it."

In order that the Domestic Intelligence Division can discharge its responsibilities there is attached hereto Photostats of pages 469 to 482 of the McCarthy Committee proceedings containing the testimony of the above captioned subject on 10-12-53. This testimony should be reviewed by the substantive Supervisor who should thereafter submit a memorandum analyzing the results of this review.

Where there has been substantial information not previously known to the Bureau developed in this testimony and an explanation is required in accordance with the above instructions, the explanation should accompany the memorandum of analysis.

Copies of all memoranda submitted as a result of this review should be designated for F. L. Jones, Room 2710, and D. J. Sullivan, Room 7644. Copies also should be designated for Bureau file 65-61685 and for the subject's case file.

As indicated above, this review should be handled in a most expeditious manner. The copies of the testimony should be attached to the memorandum of analysis.
