# ~~FBI Nabs Engineer as Spy~~ Quiz Liar

By NORMA ABRAMS

A Hungarian-born engineer, ex-government employee and former associate of confessed spy Harry Gold in a Long Island City, Queens, engineering firm, was arrested in mid-town by FBI agents about noon yesterday.

The prisoner, Oscar J. Vago, 52, of 66-07 99th St., Rego Park, Queens, was arraigned before U.S. Commissioner Edward McDonald on a charge of perjury in connection with a federal grand jury investigation of espionage. Vago was held in \$50,000 bail for a hearing Monday.

Oscar J.  
Vago

The FBI disclosed that Vago was picked up in front of 18 E. 40th St. after a secret indictment had been returned earlier in the day by the grand jury. Vago is now employed by another engineering firm, Carol Management Co., 12 E. 48th St.

U. S. Attorney Irving H. Saypol said Vago, naturalized in 1939, was at one time a partner of Abraham Brothman and Miriam Moskowitz in the A. Brothman Associates chemical engineering firm at 29-28 1st Ave., Long Island City, while Gold was associated with the firm. Brothman and Miss Moskowitz are awaiting trial on charges of

conspiracy to obstruct Justice during the espionage investigation.

Saypol charged Vago lied when he appeared before the grand jury last Sept. 20 and testified that he had been out of the country from

1929 through 1933, whereas, Saypol asserted, he had only been out two months in 1933. Saypol added that this discrepancy in time was "material to our investigation."

The jury has been probing the connections of other U. S. citizens with Gold, who confessed forwarding atom bomb secrets to Dr. Klaus Fuchs, British physicist. Fuchs, now serving a 14-year prison term in England, admitted supplying Russia with atomic data.

# **FBI Seizes Gold Friend As Perjurer**

FBI agents yesterday arrested a Hungarian-born structural engineer acquaintance of confessed Russian atom spy Harry Gold, on the street outside his midtown office, after he was indicted for perjury by the Federal grand jury investigating espionage activities.

Oscar John Vago, 52, of 66-07  
99th St., Rego Park, Queens, was  
described by U. S. Attorney Say-  
pol as a partner of Abraham  
Brothman, a  
Queens engi-  
neer, at the  
time Gold was  
an employee of  
the firm. Broth-  
man, and an-  
other member of  
the firm,  
Miss Miriam  
Moskowitz, are  
free in \$25,000  
bail each await-  
ing trial on  
charges of con-  
spiracy to ob-  
struct justice  
during a grand jury investigation  
of espionage.

Arrested in front of 18 E. 48th St., a few doors away from his place of employment with the Carol Management Corp., at 12 E. 48th St., Vago was taken before U. S. Commissioner McDonald, who held him in \$50,000 bail for hearing Oct. 5.

Saypol said Vago's arrest on perjury charges resulted from his story to the grand jury last Sept. 20 that he returned to his native Hungary in 1929 and re-entered the U. S. in January, 1933. However, the grand jury charges that Vago lived continuously in this country from his entrance in 1925 until Dec. 1, 1932, hence the perjury charge.

## Spy Case Witness Held as Perjurer

FBI agents yesterday arrested Oscar John Vago, 52, a structural engineer, whom they described as an acquaintance of Harry Gold, Philadelphia chemist and self-described atom spy for Russia.

Vago, who lives at 66-07 99th St., Rego Park, Queens, was arrested a few hours after he had been indicted on a perjury charge in connection with a grand jury investigation of espionage. He will plead to the indictment Monday.

U. S. Attorney Saypol said Vago, a native of Hungary but a naturalized American, formerly was a partner of Abraham Brothman, Queens engineer awaiting trial on charges of conspiracy to obstruct justice in the spy inquiry.

The perjury charge grew out of Vago's testimony before the grand jury about a visit he made to Hungary. He said he was not accompanied by his wife, Claire, but Saypol said "the truth is that his wife went with him." The significance of this testimony was not explained by Saypol.

# ~~HOLD ENGINEER AS NEW LINK IN ESPIONAGE PLOT~~

Oscar John Vago, Hungarian-born engineer, was under arrest in \$50,000 bail in Manhattan today, under indictment on perjury charges in the Federal espionage investigation growing out of the confession of Dr. Klaus Fuchs, British physicist, that he had turned over to Russia atom bomb secrets he obtained in the United States.

Klaus is now serving a 14-year prison term in England, and awaiting sentence in this country after confessing to passing secret information on to Klaus is Harry Gold, Philadelphia bio-chemist. United States Attorney Irving H. Saypol in Manhattan disclosed that Vago, then a partner in A. Brothman Associates, chemical engineering firm of 29-28 41st Ave., Long Island City, had employed Gold. Vago's associates in that firm, Abraham Brothman and Miss Miriam Moskowitz, are under indictment on charges of conspiring to obstruct justice during an investigation of subversive activities.

#### Naturalized in 1939

Vago, a naturalized American since 1939, was an employee of the Carol Management Corporation, 12 E. 48th St., Manhattan, when he was arrested by FBI men yesterday. He was held in \$50,000 bail, which he could not furnish, by United States Commissioner Edward W. McDonald.

Mr. Saypol said that Vago, questioned by a Federal grand jury, swore that he came to this country Jan. 12, 1925, returned to his homeland four years later and returned to the United States in January, 1933—whereas the fact was that he lived here continuously from 1925 until Dec. 1, 1932. Vago is also said to have told the grand jurors that when he left Hungary in 1925 he left his wife behind and she joined him later, but the fact was that she accompanied him.

Mr. Saypol declined to explain the significance of these discrepancies.

# A-Spy Gold's Ex-Boss Held As Perjurer

Oscar John Vago, a former employer and acquaintance of admitted atom spy Harry Gold, was held in \$50,000 bail today on a charge he had perjured himself before a Federal grand jury investigating espionage.

U. S. Atty. Saypol charged that Vago, a 52-year-old Hungarian-born engineer, of 66-07 99th St., Rego Park, L. I., had lied when he told the grand jury last Sept. 20 that he had been out of the country between 1929 and 1933.

Actually, Saypol said, Vago had been away only two months in 1933 and, contrary to his testimony, had been accompanied by his wife.

Vago, according to Saypol, was formerly a partner of Abraham Brothman in a Long Island City chemical engineering firm when Gold worked there.

Brothman and a business associate, Miriam Moskowitz, of 151 Eighth Av., are under indictment on charges of conspiring to obstruct justice during a grand jury investigation of espionage.

Jury on Perjury Charge

The Federal grand jury's continuing atom spy investigation resulted yesterday in the indictment and arrest of a 52-year-old foreign-born structural engineer on a charge of perjury.

Arrested by Federal Bureau of Investigation agents at 1:45 P. M. in front of 18 East Forty-eighth Street, Oscar John Vago of 66-07 Ninety-ninth Street, Rego Park, Queens, was held later in \$50,000 bail by United States Commissioner Edward W. McDonald.

Vago, according to United States Attorney Irving H. Saypol, was formerly a partner of Abraham Brothman in a chemical engineering company in Long Island City at the time when Harry Gold, confessed Russian atom spy, worked there.

Brothman, 32, of 41-08 Forty-second Street, Sunnyside, Queens, and another business associate, Miriam Moskowitz, 34, of 151 Eighth Avenue, are awaiting trial on charges of conspiracy to obstruct justice during a grand jury investigation of espionage. They are alleged to have influenced the testimony of Gold before the panel.

#### Came from Hungary in 1925

Born in Budapest, Hungary, Vago came to this country in 1925 and was naturalized in 1939. His wife, Claire, whom he married here, also came from Budapest. They have two children.

A civil engineer, Vago was graduated from the Royal Hungarian Technical University in Budapest. He took engineering courses at Pratt Institute, Brooklyn, and worked for several local companies as a structural engineer.

He was employed for several months in 1938-39 as an engineer in the Federal Public Housing Administration and from November, 1939, to May, 1941, worked as a structural engineer designing reinforced concrete structures for

# Friend of Gold Held in \$50,000 In Spy Inquiry

## Man Who Once Employed Russian Espionage Agent Is Arrested for Perjury

Oscar John Vago, Hungarian-born structural engineer described as an acquaintance and former employer of confessed atom spy Harry Gold, was held yesterday in \$50,000 bail after he was indicted for perjury in connection with a Federal grand jury investigation of espionage.

Vago, fifty-two, of 66-07 Ninety-ninth Street, Rego Park, Queens, was an associate structural engineer with the Federal Public Housing Administration from 1938 to 1939. From November, 1939, to May, 1941, he designed reinforced concrete structures for the Quartermaster Corps of the War Department.

### Was Brothman Associate

He was formerly a partner of Abraham Brothman, in A. Brothman Associates, a Long Island City, Queens, chemical engineering firm. Brothman and Miss Miriam Moskowitz are already under indictment on charges of conspiring to obstruct justice during a grand jury investigation of subversive activities. When Vago was Brothman's partner, Gold, a Philadelphia bio-chemist, was an employee of the company, according to United States Attorney Irving H. Saypol. Gold is awaiting sentence on his admission to being a spy for Russia.

Vago, who came to this country from Hungary on Jan. 12, 1925, told the grand jury that he returned to his homeland in 1929 and re-entered the United States in January, 1933. The grand jury charged, however, that he lived continuously in this country from 1925 until Dec. 1, 1932.

Mr. Saypol refused to comment on the significance of the dates. The prosecutor said that Vago told the panel that when he left for Hungary in 1929 he was not accompanied by his wife, Claire, but that she joined him later. His wife did accompany him when he left, Mr. Saypol said.

### Trip to Hungary Not Explained

The prosecutor refused to reveal what purpose, if any, Vago's visit to Hungary was designed to accomplish or whether the trip had anything to do with espionage. Vago, a naturalized American since 1939, is a graduate civil engineer of the Royal Hungarian Technical University of Budapest. Mr. Saypol said that Vago was employed by the Carol Management Corp., of 12 East Forty-eighth Street.

He was arrested by Federal Bureau of Investigation agents at 1:45 p.m. yesterday in front of 18 East Fortieth Street and was held in \$50,000 bail by United States Commissioner Edward W. McDonald.

# FBI Arrests Engineer for Atom Spy Quiz

## Headed Firm Where Gold Was Employed

A 52-year-old Queens man is the latest suspect picked up in the widening atom spy ring investigations.

Oscar John Vago of 66-07 99th St., Rego Park, was arrested yesterday by FBI agents after a federal grand jury had handed up a perjury indictment against him.

Vago, a foreign-born structural engineer, was held later in \$50,000 bail by United States Commissioner Edward W. McDonald.

U.S. Attorney Irving H. Saypol said Vago formerly was a partner of Abraham Brothman in a chemical engineering company in Long Island City when Harry Gold, admitted Russian atom spy, worked there.

Brothman and an associate are awaiting trial on charges of conspiracy to obstruct justice during the grand jury spy investigation.

Vago was employed by the Carol Management Corp., 12 E. 48th St. If convicted, he faces a five-year prison term of a \$10,000 fine.

## MAN IN SPY CASE PAROLED IN LYING

Judge Assails Government's  
Delay in Prosecuting Vago,  
Partner of Brothman

Criticizing the Government for not having prosecuted promptly, Federal Judge Sylvester Ryan placed Oscar John Vago, 54-year-old, Hungarian-born structural engineer, on three years' probation yesterday for committing perjury in 1950 before a Federal grand jury investigating a Russian atom spy ring. A sentence of three years in prison was suspended.

The jurist said the case "should have been promptly prosecuted by the Government, and not eighteen or twenty months afterward." Vago was found guilty by Judge Ryan after a brief trial without a jury.

On Sept. 20, 1950, the defendant, a naturalized citizen who came here in 1925, told the grand jury he went back to Budapest in 1929 to visit his family and returned here in 1933. A week later he returned before the panel, recanted his previous testimony and said he had lived continuously in this country from 1925 to 1932, when he left to spend two months in Hungary. The next day the grand jury indicted him for committing perjury in the first instance.

Vago, who lives at 66-07 Ninety-ninth Street, Rego Park, Queens, was a one-time partner of Abraham Brothman in a Long Island City chemical engineering company which employed, at that time, Harry Gold, confessed atom spy. Brothman was convicted in 1950 of conspiracy to impede the grand jury's investigation and is serving a seven-year sentence.

Defense counsel said Vago had no intent to obstruct the grand jury investigation, but that his only motive in lying was to protect his citizenship, which was granted in 1939. Vago had overstayed a student's visa.

Judge Ryan held that the defendant had deliberately lied to the grand jury and the motive was not a mitigating force. The jurist said that a witness could not choose the time to recant in an effort to expunge the perjury.

Robert Martin, Assistant United States Attorney, told the court that the Government had information that Vago "has been an active member of the Communist party, has expressed a distaste for our form of Government and liked the Communist form of government."

Mr. Martin also said that Vago "has relatives who are members of the Hungarian Communist party, and we believe that some of those relatives are officials of the present Hungarian Government."

After imposing sentence, Judge Ryan said:

"You came here as an immigrant and you got all the privileges of United States citizenship, but I doubt that you met all the obligations that go with those privileges. If you hope to continue, you should begin to fulfill those obligations.

"There is no doubt you would not enjoy living in a country dominated by communism. But, if you don't like our way of life here, I think you could be easily accommodated if you wish to be sent back to Hungary or some other country dominated by Communist rule."

## Atom Spy Witness Guilty of Perjury

Oscar J. Vago, 54, a Hungarian-born structural engineer, was found guilty of perjury today in connection with a grand jury atom spy investigation. Federal Judge Sylvester J. Ryan, lamenting the fact that Vago had not been tried months ago, suspended a three-year prison sentence and put him on probation for 3 years.

Vago, who came to this country in 1925, told a grand jury on Sept. 20, 1950, that he returned to his native Budapest in 1929 and did not come back here until 1933. A week later he corrected his testimony and said he had been in the United States continuously since 1925 except for a two-month visit to Hungary in 1932.

Vago, who lives at 66-07 99th St., Rego Park, was once a partner of Abraham Brothman, chemical engineer, who employed Harry Gold, confessed atom spy.

## **Gold Associate Convicted Of Perjury, but Is Freed**

Oscar John Vago, a Hungarian by birth and a former associate of Harry Gold, confessed atom spy, was found guilty of perjury yesterday by Judge Sylvester J. Ryan in United States District Court, having chosen to be tried without a jury. In 1950, in testimony before a Federal grand jury which he corrected within a week, Vago said that he had been continuously in the United States from 1925 to 1932.

Judge Ryan, after Assistant United States Attorney Robert Martin acknowledged that Vago had not impeded the investigation in which he testified, suspended a sentence of three years and put him on probation for that period. Mr. Martin said the defendant had been an active Communist and had announced his preference for that form of government.

"You came here as an immigrant," said Judge Ryan to Vago, "and you got all the privileges of citizenship, but I doubt that you met all the obligations that go with those privileges. If you hope to continue, you should begin to fulfill those obligations."

## Vago's Perjury Sentenced Eased

By HOWARD RUSHMORE

Oscar J. Vago, 53, of 66-07 99th st., Rego Park, Queens, was sentenced by Federal Judge Ryan today to two years in prison on a perjury conviction.

Ryan suspended the sentence and placed the Hungarian-born engineer on probation for three years.

The Government called Vago an active member of the Communist Party and said he was disloyal to the United States.

Asst. U. S. Attorney Robert Martin told the court the Government recommended a sentence of a year and a day.

### EMPLOYED A-SPY GOLD.

Vago was arrested in 1950 in connection with the case of Abraham Brothman, another engineer who was tried and convicted on charges of conspiring to obstruct justice during a grand jury probe of A-bomb espionage.

Vago was a partner of Brothman and the two owned a chemical engineering company in Long Island City. Harry Gold, top Soviet spy courier now serving a 30-year sentence for espionage, was employed here.

Vago was indicted by the grand jury for testimony concerning trip to Hungary in 1929. At various times he was employed by the Federal Public Housing Administration and the Quartermaster Corps of the War Department.

MEMORANDUM FOR THE FILE:

RE:

OSCAR VAGO

SECURITY MATTER (C)

11/8  
2017  
INDEXED

The attached material indicating membership in the Communist Party was obtained by Special Agents A. Robert Swanson, Stephen McGarr and the writer from a reliable and confidential source having access to the headquarters of the NEW YORK COUNTY COMMITTEE, 147 Fourth Avenue, New York City, on October 26, 1943.

For the purpose of clarification, it is pointed out that in the event letters such as "M", "Q", etc. appear on the transfer card, reference is had to the county to which the member is transferred - i.e. "M" designates the Party setup for Manhattan County, whereas "Q" refers to Queens.

It is further noted the transfer of the comrade was probably effected by reason of the dissolution of the industrial form of Communist Party sections.

In reporting this information, a "T" symbol should be used.

Copies of signed statement of  
HARRY COOK dated 10-16-50

File No. 100-55242-Sub J

1A6

FD-302

October 2, 1950  
Philadelphia, Penna.

"I, HARRY GOLD, make the following voluntary statement to ROBERT O. JENSEN and RALPH J. T. CARTER, JR., who have identified themselves to me as Special Agents of the Federal Bureau of Investigation. No threats or promises have been made to me and I know that any statement I make can be used against me in a Court of Law. I have been advised of my right of counsel and I know that I do not have to make any statement at all.

"I first heard of OSCAR JOHN VAGO in 1943 from ABRAHAM BROTHMAN, who was at that time furnishing me with technical information for transmittal to the Soviet Union. BROTHMAN at this time wanted me to get financial assistance for him from SEMEN M. SEMENOV so that he, BROTHMAN, could hire OSCAR JOHN VAGO and JACK MILLER. VAGO and MILLER were to work for HENRY COLWYNNE or rather the Chemurgy Design Corporation. BROTHMAN was a partner with ART WEHR and HENRY COLWYNNE in this firm.

"SEmenov was my Russian espionage superior at this time. I informed him of BROTHMAN's request which he rejected rather violently. VAGO and MILLER had been described, by BROTHMAN, to me as sincere and convinced Communists who could form the nucleus of a later development of a BROTHMAN organization. This organization to produce and design chemical processes for the Soviet Union. This venture of BROTHMAN's was all to be backed by Intorg or Russian money.

"I first met VAGO in May of 1946 on the morning I came to work for A. BROTHMAN ASSOCIATES. He was a partner in this firm and was also a design engineer and the chief draftsman.

"Many times in the ensuing months, VAGO would spend a great deal of time in the office on 32nd Street in discussing such matters as what had gone in his own particular "Communist Party Club" the night before. He would also dwell at some length on news items and editorials in the New York Herald Tribune and would expostulate about the perfidy of the capitalist press in general.

"Later when the design offices had been moved to the Chatham-Phenix Bldg. in Long Island City, on one occasion, BROTHMAN became upset, for we were delayed in completing a report for the Mettur Chemical Co. of India, because OSCAR VAGO was at that very moment busily selling a special edition of the DAILY WORKER in Queens Plaza. On at least one other occasion, VAGO told me of having sold the DAILY WORKER in both his home neighborhood, Rego Park, and nearby Queens Village.

"Sometime in the spring of 1948, a mimeographed series of pamphlets criticizing the policies of the National Leaders of the American Communist Party came out. These pamphlets were issued by an individual whose name may have been "FRANKLIN." To the best of my knowledge, this "FRANKLIN" became a leader of a factionalist group in Harlem.

"ABRAHAM BROTHMAN was much taken with the arguments presented by "FRANKLIN." He at one time argued these points before a

Communist Party Club in Chelsea, which is a section of Manhattan.

A few days later, while I was working at the Elmhurst Laboratories of A. BROTHMAN ASSOCIATES, VAGO called and asked me to come to his home some two miles distant. While at the VAGO residence, OSCAR stated his belief that the Chelsea Communists had been perfectly justified in ejecting BROTHMAN from their meeting. VAGO added that in his own Rego Park Club, BROTHMAN would not have succeeded in even getting a few words of criticism out.

"In late May of 1948, BROTHMAN went to Switzerland to sell one of the firm's processes to the Lonza Co. of that country. After he had left, we discovered that BROTHMAN was planning to deprive the rest of his associates from their fair share of any future income of A. BROTHMAN ASSOCIATES. On one evening in the week following BROTHMAN's departure for Switzerland, PHIL LEVINE and I were at the VAGO home discussing what procedure we should best follow to insure that our interests in A. BROTHMAN could be protected. As we were preparing to leave, I mentioned that I was in no position to be too harsh with BROTHMAN. VAGO then added that he too did not wish to undergo any scrutiny by the F.B.I. inasmuch as there was an irregularity involved in his leaving the United States for Hungary after his first stay in America. He elaborated on this only to the extent that while the authorities thought or believed he had actually left for Hungary, he was in reality still in the United States.

"PHIL LEVINE, who was present during this entire conversation, was a co-worker of VAGO and mine at ABRAHAM BROTHMAN ASSOCIATES. The next time this matter of irregularities in connection with VAGO's entry into the United States came up, was in December of 1949. I was in New York City on a visit to the National Exposition of Chemical Industries at the Grand Central Palace. At 5:30 or 6:00 p.m. on the evening of the first Friday in December 1949, I called VAGO just to say hello, but OSCAR insisted I come over to his house for dinner & talk. At the end of several hours of conversation, VAGO again mentioned his fear of an investigation concerning the irregularities of his movements in and out of the United States of America in the late twenties or early thirties. This was the last time that I saw or heard from OSCAR JOHN VAGO.

I am here to certify that HARRY GOLD has read the above statement consisting of this and four other pages. I have placed my initials at the bottom of the preceding four pages signifying that I have read those pages. I have also placed my initials at the correct indicated on page 2 and again on page 4. The information that I have furnished above is true to the best of my knowledge and belief.

I make this statement of my own free will and no threats or promises have been made to me. I understand this statement may be used in a court of law.

I am employed as Vice-President of the White Construction Co., Inc., 95 Madison Ave., N.Y.C. I have been employed at this company since 1919.

I reside at 7551 - 196<sup>th</sup> ST., Flushing, L.I.

I have identified a picture of Oscar John Vago shown to me by Agent Zoeller as a man I first knew as John Murray. Vago, using the name Murray came to the Company in 1926 and was hired as a draftsman and designer by me. I did not know him previously. Vago left the Company in the early part of 1928 and returned in October, 1928. When he returned

(76)

he told me his right name is Oscar J. Vago.

I asked him why he used the name Murray and he said he had had a bet with someone and had won the bet.

Vago remained with the company until the end of 1932 when he left. He returned again for a short period of time in 1941.

I have read the foregoing statement and it is true to the best of my knowledge and belief.

October 9, 1950

I, Mrs. Bernice Riveria, make this statement voluntarily of my own free will to Victor Perrelli, who identified himself and is known to me as a Special Agent of the Federal Bureau of Investigation. No threats, force, or duress were used against me and no rewards, or promises were made to me to give this statement. This statement concerns my knowledge about one Oscar Vago, for whom I worked in 1948.

I am 26 yrs. old and reside at 114 West 114th Street, N.Y., N.Y. I completed the tenth grade of school and can read and write.

I first met Mr. and Mrs. Oscar Vago through Mrs. Marilyn Bailey, for whom I was doing house work at the time. I worked for Mrs. Bailey for a period of approximately two and one-half years. After I met Mrs. Vago I was then engaged by her to do house cleaning, which I did for her for a period of

approximately two months.

During my brief period of employment  
for Mrs. Vago, she attempted to get me to join  
the Communist Party on several  
occasions. She told me that she and  
Mr. Vago were both members of the  
Communist Party.

I know that Mr. and Mrs. Vago were  
members of the Communist Party because  
I saw both their names in a <sup>DK looseleaf</sup> ~~typical~~  
note book kept by Mrs. Bailey. Mrs. Bailey  
was secretary or treasurer of the  
Communist Party in Tucson and she  
kept names of members in this note  
book in alphabetical order. Mrs. Bailey  
told me herself that this note book  
contained the names of Communist  
Party members in Tucson. I saw this book  
many times and looked up names in the book  
at the request of Mrs. Bailey. After I started  
working for Mrs. Vago, it was then that I looked  
in the book and found the name of Oscar  
Vago and the name of Mrs. Oscar Vago  
Bernie Ruvio

page 3

The Oscar Vago's had numerous bits of literature in their apartment about the communist Party. Oscar Vago also received the "Daily Worker" which I observed in the apartment. Mrs. Vago would also play a record entitled "The Red Army Song" to which the children would march.

The notebook I referred to earlier which was kept by Mrs. Bailey and contained names of members in the communist Party in Greens is described as follows: large loose leaf binder, light blue cover which cover appeared to have been a canvas of some sort.

I have read the above statement consisting of three pages and every word is true & correct to the best of my knowledge

I, Anna Krunker, make the following statement to John H. Wagner who has identified himself to me as being a special agent of the Federal Bureau of Investigation.

I am secretary of the Krunker Building Corporation which corporation is the owner of the apartment house located at 22-81-37 street, Astoria, Long Island, New York and which has been the owner of this apartment house since it was built in 1931.

I have checked my rental records and from them it is reflected that Oscar Vago was a tenant in the apartment house located at 22-81-37 street, Astoria, Long Island, New York having occupied apartment #1 from January 15, 1931 to May 1, 1935 at which time he moved from this address. His wife lived with him during this entire period. I didn't find the photograph of Oscar Vago which was shown to me by Special Agent John H. Wagner as being the same Oscar Vago who was my former tenant.

I recall that sometime during 1934 Vago and his wife took a trip to Europe for about three or four months. Upon their return to the United States either Vago or his wife told me that they had visited Hungary. To the best of my knowledge this was the only time that Vago or his wife left the United States while they resided at the above address.

I have read the foregoing statement and it is correct to the best of my knowledge.

I, Alice R. Trix, make the following voluntary statement to John H. Wagner who has identified himself to me as a Special Agent of the Federal Bureau of Investigation. No promises, threats or duress have been used to have me make this statement and I know it may be used in a court of law.

I reside in apartment 40 at 25 Dickle Street, New York City and my husband, Peter Trix, and I have owned the apartment house located at this address since August 1, 1944. From August 1, 1935 to August 1, 1944 we were superintendents of this apartment house.

I identified the photograph of Oscar John Vago which was shown me by Special Agent John H. Wagner as being the Oscar Vago who occupied apartment 7B at 25 Dickle Street, New York City during the late 1930's with his wife and remained in this apartment for about twelve to eighteen months. I do not recall the exact date of his tenancy at this address and no records to verify the exact date are available. However, I do recall that several months after Vago moved into apartment 7B his wife gave birth

to a child.

I have read the foregoing statement and it is true and correct to the best of my knowledge.

The image consists of a dense, abstract pattern. It appears to be a high-contrast, black-and-white scan of a surface. The pattern is composed of numerous thin, horizontal lines that are not perfectly straight, creating a sense of motion or texture. These lines are set against a background that is heavily speckled with small, dark dots, giving it a grainy or noise-like appearance. There are also some larger, darker, and more irregular shapes scattered throughout, particularly towards the top and bottom edges. The overall effect is reminiscent of a stylized map, a microscopic view of a material, or a piece of abstract art.

I, Emma Juhoda, make the following statement to John D. Wagner who has identified himself to me as being a Special Agent of the Federal Bureau of Investigation. No promises, inducements or threats have been used to have me make this statement and I know that anything I say may be used in a court of law.

To the best of my knowledge and recollection I was superintendent of the apartment house located at 28-30 37 Street, Astoria, Long Island, New York from about 1929 to 1933 during which period I collected the rent from the tenants for the landlord.

I recognized the pictures of Oscar John Vago taken in 1922 and 1933 and the picture of E. J. shown to me by SA John Newquay E. J. of Claire Vago taken in 1931, as tenants in the above apartment house at the time I became superintendent. However, I do not recall the length of their tenancy nor when they moved from

28-20 37 Street but do recall that they moved from this address before I left as superintendent.

I have read the foregoing statement consisting of this and one other page and it is true and correct to the best of my knowledge.

ReurteI September 21, 1950 in which you request certain information be obtained from the Flochart Foundry Company and the Forete Manufacturing Company, both New Jersey. Reference is also made to mytel to New York dated July 22, 1950 in which it was advised of Newark's initial contacts with the representatives of the above two firms.

ROBERT MOORE, President of the Flochart Foundry Company, 94 Folk Street, Newark, New Jersey, was able to recall that on about the 20th of October he received a letter from one OSCAR JOHN VAGO of Long Island City, New York. He stated that he no longer had this letter but that his recollection was that it was a one sentence request for company catalogues which are generally furnished to those people requesting them. MOORE advised he maintains a close record of all outgoing, as well as incoming correspondence, and that a check of these records failed to reflect any previous correspondence from or with VAGO.

MOORE stated that as is his practice in regard to such requests he forwarded to VAGO three catalogues dealing with Flochart designs on construction castings. MOORE stated that none of the information contained in these files was of a classified nature and that it was his belief that VAGO's request for these catalogues was prompted by Flochart Company advertisements in such publications as "Sweets file—architectural catalogue service" which advertisements are designed to solicit such inquiries.

ERNEST WALTER, President of the Forete Company, advised that his firm also advertises in such publications as "Sweets file". He stated that in response to one of their advertisements they received a letter from VAGO on September 18 in which he requested the company's general catalogue. WALTER advised that in response to this letter the company's catalogue on "Pre-Case and Poured in the Field Light-weight Concrete Products" was mailed to VAGO. At the time this catalogue was mailed to VAGO, the company invited him to request information regarding their patented "Alpha Composite Construction Process" as such information would be of use to him.

Accordingly, on September 23, 1950 a second letter was received from VAGO in which he requested information regarding the Alpha Process.

WALTER explained that the Alpha Process is one on which the Forete Company has patent rights. He stated that Alpha Process is used in the manufacture of buildings and bridges where both steel beams and concrete are used. This process, which makes use of poured concrete as an aiding support to

Neither of the above two contacts was able to furnish any additional information regarding VAGO.

Inasmuch as there appears to be no other leads to be covered in this area regarding this matter, this is being RUC'd.

SAAG T. J. Donegan called me today, at which time I advised him we contemplated making arrest of VAGO immediately upon the issuance of the warrant. He said they originally considered the issuance of a complaint and a commissioner's warrant, but that some question had arisen as to whether SA Kane should sign the complaint. I explained to Mr. Donegan that we contemplated making arrest immediately upon the issuance of the warrant. He asked whether it would be an advantage to issue a commissioner's complaint and I told him that that was a matter entirely up to himself and the United States Attorney's Office. He then stated that they would issue a bench warrant for VAGO and that he would be arraigned before a Judge. I pointed out to Mr. Donegan that we were not making any recommendation as to the procedure to be followed with regard to the issuance of the warrant.

I called Inspector Carl Hennrich, Bureau, 11:15 A.M. today and advised him that a sealed indictment had been returned on OSCAR JOHN VAGO and that a bench warrant had been issued today charging that on 9/20/50, OSCAR JOHN VAGO unlawfully committed Perjury before Federal Grand Jury, SDNY, in violation of Title 18, Section 1621, U. S. Code. Bench Warrant signed by Judge John C. Knox, issued by USA Irving H. Saypol. I also dictated the indictment, which is set forth, as follows:

IN THE DISTRICT COURT OF THE UNITED STATES  
FOR THE SOUTHERN DISTRICT OF NEW YORK

UNITED STATES OF AMERICA :

-v- :

OSCAR JOHN VAGO : C

The Grand Jury charges:

1. On or about Sept. 20, 1950, at the Southern District of New York and within the jurisdiction of this Court, OSCAR JOHN VAGO, the defendant herein, having duly taken an oath before a competent tribunal, to wit, the Grand Jurors of the United States of America, duly impaneled and sworn in the United States District Court for the Southern District of New York, and inquiring for that District, in a case then and there pending before said Grand Jurors in which a law of the United States authorizes an oath to be administered, that he would testify truly, did unlawfully, knowingly, and wilfully, and contrary to said oath, state material matter which he did not believe to be true, that is to say:

2. That, at the time and place aforesaid, the said Grand Jurors, inquiring as aforesaid, were conducting an investigation entitled United States v. John Doe, pertaining to possible violation of espionage laws of the United States and any other Federal criminal statutes, and it was material to said inquiry to ascertain the period of time the defendant had been in the United States, and the identity of all persons who accompanied him when he departed from, or arrived in the United States, and the identity of all persons with whom he associated while in the United States or elsewhere.

3. That, at the time and place aforesaid the defendant, OSCAR JOHN VAGO, duly appearing as a witness before the said Grand Jurors, and then and there being under oath as aforesaid, testified falsely before said Grand Jurors with respect to the aforesaid material matter as follows:

"Q. Have you made any trips outside of the United States since you arrived here? A. Yes. I made one trip to visit my family.

"Q. In Hungary? A. Yes.

"Q. What date? A. I returned to this country in January, 1933.

Q. And you returned in '33? A. Yes.

Q. You were away approximately four years? A. Something like that.

Q. Did your wife go with you? A. No, she came later.

Q. When you went back to Hungary your wife did not accompany you, is that right? A. No, she did not.

Q. So that you were in Hungary from '29 to '32 alone, is that right? A. Yes.

Q. When you went to Hungary -- and I think you said it was '29 -- A. Yes, '29."

That the aforesaid testimony of the defendant, as he then and there well knew and believed, was untrue in that the defendant was in the United

States during the period of time from 1925 until on or about December 1, 1932, and his wife accompanied him when he went to Hungary in 1932. (Title 18, Section 1621, United States Code.)"

I explained to Mr. Hennrich that upon his arrest the Bureau would be immediately notified; that we contemplated bringing him into the office, photographing and fingerprinting him, conducting an interview, and attempting to obtain a waiver of search for his residence. I advised the Bureau would be kept informed of all developments.

RE: OSCAR JOHN VAGO  
ESPIONAGE - R

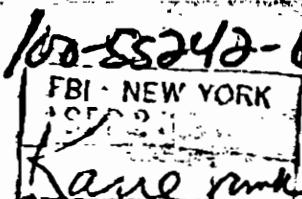

Inspector Hennrich of the Bureau called at 5:15 P.M. on 9/27/50 with regard to the proposed indictment of VAGO and desired to know specifically what the counts would be in regard to this matter. I told him that we had been confidentially advised that VAGO had testified on 9/20/50 before the Grand Jury that he left the U.S. in 1929 for Hungary and remained there until 1933 and he also testified that his wife did not accompany him on this trip but joined him there in 1932.

On 9/27/50 VAGO had gone before the Grand Jury and stated he had remained in the U.S. from 1929 to December 1932, and further under questioning VAGO had stated he had left the U.S. in December 1932 and had returned on January 22, 1933. During this trip he was accompanied by his wife. He admitted perjury before the Grand Jury and we feel that this was probably based on the fact that on the night of 9/26/50 we interviewed individuals of the White Construction Company, New York City, who had disclosed that VAGO had worked there continually from October 29, 1928 to December 3, 1932, and during this period he had received compensation from the White Construction Co., and, further, that this information had been furnished to SAAG Donegan who utilized it in his questioning of VAGO before the Grand Jury.

I explained to Mr. Hennrich that it was the opinion of Mr. Donegan that this was a material fact and that it was contemplated VAGO would be indicted sometime on 9/28/50 and a bench warrant issued. I explained to Mr. Hennrich that Mr. Donegan had requested the FBI to make the apprehension, and that the details would be sent to the Bureau on 9/27/50 setting forth the above information and that we were not recommending a press release but only confirmation of the arrest.

At 10:15 A.M. on 9/28/50 I called Mr. Belmont of the Bureau and advised him we were contemplating the issuance of a sealed indictment in order to preclude any premature disclosure prior to the arrest and that the question had arisen whether or not we should hold off making the arrest until VAGO returned to his residence that night. Mr. Belmont brought up the point that the search incidental to the arrest on the perjury indictment was

restrictive and it might be a better procedure to make the arrest immediate and interview VAGU and obtain a waiver of search for his residence. I told Mr. Belmont that we would attempt to obtain a waiver of search in any event. I also said we would discuss with Mr. Donegan the advisability of making the arrest and that any search incidental to the arrest would be made prior to any other action taken.

Mr. Belmont said he would let me know on the morning of 9/29/50 regarding the questions we should answer in regard to this case.

Re: OSCAR JOHN VAGO

I advised Inspector A. H. Belmont, Bureau, 4:35 P.M., today that VAGO had just been arraigned before USC Edw. McDonald and held in \$50,000. bail. I pointed out that his attorney had not shown up at the arraignment and Mr. McDonald advised that, if his attorney could show good cause, he would consider a reduction of bail. I said that VAGO will be brought before a Federal District Judge on Monday, 10/2/50, to plead to the indictment. I said Mr. Saypol had, in requesting \$50,000. bail stated VAGO was an associate of BROTHMAN and MIRIAM MOSKOWITZ as well as a friend of HARRY GOLD and that it had been his, Mr. Saypol's experience that, in connection with some of the subjects in these cases they had instructions to flee the country or had attempted to flee.

MEMORANDUM FOR THE FILE

OSCAR JOHN VAGO  
Espionage- R  
Perjury

On the above date the writer received a phone call from Mrs James Campbell Lewis 22 E. 73 St, N.Y.C.. Mrs Lewis has for some years supplied information on a voluntary basis to this office. It has been found her reliability is far exceeded by her enthusiasm.

Mrs Lewis, Hungarian by birth, stated that she recalls there was Commissar in the Communist government of Bela Kun in Hungary (1919) by the name of Vago Wilhelm. She believed that in 1919 this individual was in his late twenties. She never saw him but recalls seeing pictures of him, and was impressed by the resemblance to the subject Oscar Vago.

Mrs Lewis suggested that anyone who had been in a responsible position in the worthy government should be able to tell from pictures of Oscar Vago whether or not he is identical with Vago Wilhelm. She further suggested an interview with Oscar Jaszi formerly Minister of Interior in the government which preceded the Kun regime. Jaszi, Mrs Lewis believes, is now a professor at Oberlin College, Oberlin, Ohio.

**RE: OSCAR JOHN VAGO  
ESPIONAGE - R**

Mr. J. J. McGuire of the Bureau called with reference to the arrest by FBI Agents on 9-29-50 of Subject who had been indicted by the grand jury for perjury in the Abraham Brothman case. He said that apparently he and Mr. Belmont had issued wrong instructions to the New York Office in connection with this arrest - that they had told us to just answer press inquiries confirming the arrest and refer everything else to the U.S. Attorney; that as a result US Attorney Saypol had everything to say; that the newspapers quote him at length. Mr. McGuire said that the Director was very displeased about this, commenting: "How come all the publicity by Saypol. Why didn't we get the jump on this. Where is the New York Office release. Just what is it that we were not in a position to say that Saypol could say."

Mr. McGuire said traditionally he had always felt that on an indictment before a grand jury it was a matter that we did not make a release on, but that the Department or the US Attorney would have the story, and generally over the years it has been done this way, although there have been some exceptions and this should have been one.

Mr. McGuire wondered whether we had any agreement up here, implicit or otherwise, not to say anything on these indictment cases. I advised there is no such agreement; that as a result of my recent discussion with Mr. Saypol on SS cases he told me it is his policy not to make releases until the time of the arraignment in Bureau cases - that at the time we make the arrest it is our release; that no distinction was drawn between indictments and complaints; that I personally feel we have just as much right to make a release on a story of an arrest based on an indictment as we have on an arrest based on a complaint.

**ES :gu**

Mr. McGuire said he and Mr. Belmont had pointed out that they felt it improper for the FBI to make the release as we could not discuss what VAGO said before the grand jury as it may be contempt of court; that we could not have called VAGO a spy - that Saypol did; that even if we had put out a quick release before VAGO was arraigned just saying we had arrested him, the press would still have gone to Saypol and quoted him.

I pointed out that in all the publicity I saw on this Saypol was completely within the proper line; that he did not say anything out of line. Mr. McGuire said Saypol did not go into details but he tied VAGO in with GOLD where as a matter of fact his association had been with BROTHMAN.

I said that these type of cases are in a special class; that in some instances the publicity emanated from the Attorney General and the Director, some from the Bureau and in one instance the Bureau told me to make a release; that we always inquire as to the Bureau's wishes; that it is not the type of thing where routinely we would be expected to make a release on; that we also have to consider whether a release would be bad for the case at that time; that each case of this type would have to be considered on its own merits.

I agreed that there was some merit to his point about this arrest being based on sealed indictment, but on the other hand we had made the arrest and if the US Attorney could release the story why couldn't we have done it. I said I did not see how he could prove the Bureau should not have made the release; that on the other hand I did not see how he could prove we should have made the release; that I felt the less said the better; that, however, in the future we should more carefully consider the matter of making a release in situations similar to this.

Reurlet dated 9/26/50.

The results of the interview conducted by this office with PAUL CROUCH being submitted for your information.

PAUL CROUCH of Miami, Florida, was interviewed in Los Angeles by SA H. RAWLINS OVERTON on October 3, 1950. A photograph of the subject was exhibited to CROUCH who advised he did not know the subject's name but feels that he is quite sure that he had seen him in the company of LOUIS GIBARTI and JACOB GOLOS in New York City between 1934 and 1936 on several occasions. CROUCH does not know whether the subject was a member of the Communist Party or whether the occasions he had seen him with GIBARTI and GOLOS were in any way connected with the affairs of the Communist Party. CROUCH further did not recall the particular dates, times, or places when he had seen the subject in New York City. CROUCH stated that although the subject's appearance was familiar to him from the photograph that he would be unable to make positive identification of the subject.

CROUCH identified JACOB GOLOS as a member of the Control Commission, CP USA, and a member of the Hungarian Bureau, CP USA. He was attached to the staff of Ujelone, a Hungarian newspaper.
