## SUMMARY OF INFORMATION

The New York Daily News published a story on page 2, Saturday, 19 August 1950, which stated that the Federal Bureau of Investigation apprehended at Laredo, Texas, Morton Sobell, New York-Electrical Engineer and Radar expert. Sobell was employed by the Reeves Instrument Corporation, 215 East 91st Street, New York City, from 1947 to 16 June 1950.

The Visitors Register, Fort Monmouth, New Jersey reveals that one M. Sobell, representing the Reeves Instrument Corporation, visited the Evans Signal Laboratory on 26 June 1947, and signed as visiting Aaron H. COLEMAN.

On 27 September 1946, forty eight classified documents, up to and including "SECRET", were recovered from the home of Aaron COLEMAN.

COLEMAN was temporarily designated a class "A" restriction by this Headquarters in 1949. The restriction was subsequently removed.

COLEMAN is subject of case file 1A-410793, this office, NY121-769, Newark, FBI and NY121-6804 New York, FBI.

4. REPORT OF FINDINGS

According to a newspaper article appearing in the 23 September 1950 edition of the Evening Bulletin (Philadelphia newspaper) entitled "Kickback Hinted In Army Probe", a sub-committee of the U. S. Senate's Committee on Expenditures in the Executive Department, has, for the past several weeks, been investigating unlawful practices in the issuance of Government contracts by two employees of the Philadelphia Signal Depot. The newspaper account states that the sub-committee, which is headed by Senator Clyde R. Hoey (D - NC), who on 22 September 1950, disclosed the existence of the inquiry, has also requested the Department of the Army to enter the investigation. The text further indicates that Senator Hoey declined to disclose the identity of the two suspended civilian contracting offices or any specific details surrounding the charges under investigation, except the fact that the men received gratuities for contracts issued through their office.

A Confidential Informant of known reliability, who is a non-Government employee and not involved in the subject of investigation, voluntarily advised this Agent that he received information from a reliable source located in New York City as to the identity of the two suspended contracting offices. The Informant described them as [REDACTED] and [REDACTED] Philadelphia, Pa., further stating that it was the [REDACTED] Company of Brooklyn, New York, who received the Government contract and was involved in the issuance of the gratuity payments.

The files of this Office were found to be negative concerning the name of [REDACTED] however, they indicated that in 1946 [REDACTED] was a member of Chapter #11, American Veterans Committee (AVC), Jolly Post Restaurants, 85 corner, Frankford Avenue and Orthodox Street, Philadelphia, Pa. They further revealed that in 1946, [REDACTED] was [REDACTED] of Chapter #11, which is described as a Communist-infiltrated chapter. b6 b7c

This Office has not involved itself in the subject of investigation other than accepting the information set forth in this report. B-3

the visitor's records to Fort Monmouth to determine whether or not any of these individuals who were arrested on espionage charges, had visited the Signal Corps Engineering Laboratories. It was revealed that Morton SOBEL, employed by the Reeves Instrument Company, had visited the Evans Signal Laboratory on 26 June 1947, in order to see [redacted]. This was sufficient evidence for the Office of the AG of S, G-2, to request an espionage investigation of [redacted]. On 3 April 1951, Morton SOBEL was found guilty, before a Federal jury in the Southern District of New York, of espionage against the United States Government, and was sentenced to thirty years in prison.

On 29 April 1951, while [redacted] was in military service, he received handwritten letter from [redacted] a former government employee in the Evans Signal Laboratory. These unclassified personal letters contain classified information that [redacted] was regularly disseminating to [redacted]. These letters were the basis of an FBI espionage investigation on 11 June 1951.

From October 1950 to May 1951, [redacted] was the subject of an FBI espionage investigation. Upon receipt of the FBI report of investigation, File Number NK 121-789, dated 2 May 1951, and NK 100-11628, dated 3 October 1950, and after being reviewed and evaluated by the Office of the AG of S, G-2, Fort Monmouth, it was recommended to the Deputy Commander, SOEL, on 5 August 1951, that [redacted] should be removed from government employ because he was a security risk. However, Colonel Benjamin Stern, the then Director, Evans Signal Laboratory, recommended [redacted] retention. This matter was discussed by the Office of the AG of S, G-2, Fort Monmouth with Brigadier General, Fort Monmouth, who signed the recommendation for [redacted] retention. On 7 December 1951, the recommendation for retention in government employ was submitted to the Office of the AG of S, G-2, D/A through the Office of the AG of S, G-2, First Army.

On 23 January 1952, in accordance with paragraph 7b, SR 600-230-2, [redacted] was designated as a Class "A" Restrictive by Headquarters, First Army. [redacted] Class "A" Restrictive Resignation was received on 28 January 1952, and on 29 January 1952, Major General E-S, Acting Commanding General, Fort Monmouth directed that [redacted] be removed from Evans Signal Laboratory, which is a restricted area, and assigned to a non-sensitive position on the morning of 30 January 1952 at which time [redacted] would report for duty to the Commandant, The Signal School.

On the morning of 30 January 1952, [redacted] did not report for duty to the Commandant, The Signal School, and one reason for not reporting was that Colonel E-S, [redacted] CO, SOEL, after advising COLMAN that his clearance had been cancelled and that he would be redesignated, granted [redacted] two week leave of absence.

Approximately in 1948, [redacted] Systems Section, Radar Branch Evans Signal Laboratory, tried to leave Gate 3 with classified documents taken from his Section hidden in his clothing. The Confidential Informant became aware of what [redacted] was trying to do, and immediately notified the guards. However, for some reason or not the guards did not report this infraction to the Security Office.

About two weeks thereafter, the Confidential Informant again became aware that classified documents were being taken out the same way by [redacted]. Security Information

SOBELL, Morton

1. A letter, dated 10 Oct 1950, from Walter A. Hardie, Colonel, USAF, Air Provost Marshall, Inspector General's Office, informed SOBELL that "After full consideration of all the records and other information available the Army-Navy-Air Force Personnel Security Board has determined that your employment on or access to contracts and information of the Department of the Air Force, Department of the Army and Department of the Navy would be inimical to the best interests of the United States. Reeves Instrument Company, your present employer, has been informed of this determination"

The letter further informed SOBELL that he had the right to contest this determination, and the form that his request must have. The letter also informed SOBELL of the types of review which were available to him.

2. An article appearing in the N.Y. Times of 19 Aug 1950, entitled "Engineer is Seized at Laredo as Spy for Russian Ring;" described SOBELL as "Another alleged American member of the Russian atom spy ring, a 33 year - old electronics and radar expert who worked on secret and top - secret Government contracts was arrested early yesterday in Laredo, Texas, on espionage charges.

"The suspect, Morton SOBELL of 164-17 Seventy-third Avenue, Flushing Queens, was picked up at the border by FBI agents as he was being deported from Mexico".

SOBELL went by plane to Mexico City on 21 June 1950 with his wife Helen, and their two children, presumably as tourists. It is believed that they were awaiting Russian visas for a Scandinavian country

... In addition the engineer never got in touch with his employer, the Reeves Instrument Corporation of 215 East 91st Street manufacturer of radar equipment, by which he had been employed since 1947.

U.S. Attorney Irving H. Saypol identified SOBELL as a classmate at City College and a close personal friend of Julius Rosenberg.

Mr. Saypol said that SOBELL had many dealings with Rosenberg in the conspiracy to supply Russia with atomic secrets. Rosenberg, it is believed, recruited SOBELL as a member of the ring."

Max ELITCHER in an interview on March 22, 1951 at the New York Office conducted by SA Vincent J. Cahill gave the following information in regard to

In July or September of 1944 when he and his wife were in New York City he telephoned Julius ROSENBERG and arranged to meet ROSENBERG at 43rd St. and 8th Avenue in the late afternoon of the same day. He recalled that ROSENBERG said he would try to get in touch with some of their former classmates so that they could all get together. Subsequently he met Julius ROSENBERG at the corner of 43rd Street and 8th Avenue, New York City and shortly thereafter William PERL and PERL's younger brother arrived. They had dinner at the Bird-In-Hand Restaurant, 1858 Broadway, New York City and either during dinner or shortly thereafter ROSENBERG made a telephone call to

who subsequently joined them. When the dinner was over invited the entire group up to his parent's home on New York City. After staying at

apartment for some time they left and at suggestion started out for the Greenwich Village section of New York to visit a friend of named Alfred SARANT. ELITCHER

recalled that when they arrived at the SARANT apartment, 65 Morton Street went ahead up to the apartment and admitted himself with a key.

When the rest of them arrived in the apartment they found that SARANT had apparently been asleep and he got up, dressed and joined them, entertaining them with his guitar playing. The people present at SARANT apartment were Max and Helene ELITCHER, William PERL, Julius ROSENBERG, and Alfred SARANT.

## Office Memorandum • UNITED STATES GOVERNMENT

TO : A. H. Belmont

DATE: October 8, 1953

FROM : W. A. Branigan

SUBJECT: SUSPECTED ESPIONAGE, FT. MONMOUTH, NEW JERSEY,  
AND FEDERAL TELECOMMUNICATION LABORATORIES,  
NUTLEY, NEW JERSEY*Zuckerman, Benj*BACKGROUND:

The Department of the Army has alleged that a "possible espionage ring" is operating in the electronics field, particularly in the installations in the above caption.

The Newark and New York Offices have reviewed Army dossiers on 677 individuals and have checked their office indices for derogatory information. The Bureau has also checked its indices for additional derogatory information and has advised Newark and New York of the results. Newark, the office of origin, is correlating all information and is submitting to the Bureau its recommendations as to what action is being taken on each individual. These recommendations are being reviewed at the Bureau for approval or other action.

ACTION TO BE TAKEN BY SUBSTANTIVE SUPERVISOR:

In some cases it will be necessary for the substantive supervisor in the Espionage, Internal Security or Security of Government Employees sections to approve the recommendation or take whatever action he deems necessary. The action taken by the supervisor or his approval should be noted below in the designated place.

There are attached one copy each of the Newark, New York and Bureau summaries together with Newark's recommendations. Indicate action taken and return immediately to Supervisor F. L. Jones, Room 2710, Espionage Section, with the attachment.

ADDITIONAL DEROGATORY INFORMATION IN NEWARK FILES

Set forth hereinafter are the names of associates of ZUCKERMAN as furnished by CIC. Following the name of the individual is a brief statement of available derogatory information regarding that individual. The degree of association is not known unless indicated to the contrary in statement regarding each associate.

JACK OKUN

Alleged to be CPA member of N. J. Shore Branch and associated with suspected CP members. LGE investigation did not substantiate allegation of CPA membership. OKUN was a member of the Executive Committee of the Monmouth County, N. J. Chapter of the UFWA and was editor of that organization's Newsletter publication. He was a subscriber to In Fact in 1949. His father, mother and brother registered with the A.L.P. in N.Y.C. in 1939 and 1940. His father signed a CP nominating petition in 1939 and 1940.

HERBERT BENNETT

Allegedly registered as an A.L.P. voter in 1946. In 1947, received mail from the Eugene Dennis Defense Committee. In 1946 he executed a primary enrollment form in which he declared himself in general sympathy with the principles of the A.L.P. and that he intended to support the nominee of that party at the next general election. He attended C.C.N.Y. at the same time that many of the individuals involved in the Rosenberg Espionage ring were at C.C.N.Y. In trial testimony, JULIUS ROSENBERG, convicted espionage agent, stated that he went to school with, worked for, and tried to solicit business from BENNETT.

HAROLD DUCORE

Has allegedly stated that he is in favor of any system of government which would do the most for the greatest number and if Communism is that form of government then he was in favor of it. DUCORE was unable to account for a secret document charged out to him at one time. On

another occasion he photographed an atomic weapon in violation of security regulations. His wife associates with AL SOCOL and LOUIS KAPLAN, both of whom are CP members. KAPLAN is presently full-time organizer for Monmouth and Ocean Counties, N. J.

MORTON SOBELL

Subject is a former classmate of subject's at C.C.N.Y. and associated with him in later years. SOBELL visited the subject at Watson Laboratory, Red Bank, N. J., and stayed overnight at the subject's home on at least one occasion.

MAX ELITCHER, a self-admitted CP member and associate of both JULIUS ROSENBERG and SOBELL, stated that he was recruited into the CP by SOBELL. ELITCHER advised that ROSENBERG had informed him that SOBELL was aiding ROSENBERG in espionage work. ELITCHER further stated that SOBELL had attempted to enlist him in espionage work by turning over information to SOBELL obtained by ELITCHER in the course of his employment with the Navy Department, Bureau of Ordnance, Washington, D. C. ELITCHER stated that SOBELL requested him to furnish the names of possible recruits for purposes of engaging in espionage work.

SOBELL was an associate of BERNICE LEVINE, Department of Labor, Washington, D. C., who was named by ELIZABETH BENTLEY, New York informant, as an individual who had furnished information to Soviet espionage networks. Various classmates of SOBELL at CCNY identified him as "liberal" and "leftwinger" while attending the college.

SOBELL fled to Mexico in June, 1950, after the arrest of HARRY GOLD, one of the participants of the ROSENBERG espionage apparatus in May, 1950. SOBELL was arrested by Bureau Agents on 8/18/50 at Laredo, Tex. On 10/10/50, the Grand Jury, SDNY, returned a true bill charging MORTON SOBELL, JULIUS ROSENBERG, ETHEL ROSENBERG, ANNATOLI A. YAKOVLEV and DAVID GREENGLASS with conspiracy to commit espionage. SOBELL was tried and convicted and sentenced to 30 years' imprisonment on 3/29/51.

BERNARD MARTIN

An associate of a known CP member, MARCELL ULLMAN, and permitted ULLMAN to have access to classified material to which ULLMAN was not entitled.

IRVING STOKES

STOKES is described in CIC files as "an associate of many suspected subversives". An AEAA investigation of STOKES did not develop any derogatory information that reflected on his loyalty. Fellow employees

knew of no associations outside of work with suspected subversives although STOKES had contact with RAYMOND WEXLER while working. STOKES and his wife stated they were close associates of YAMINS and his wife. STOKES is presently employed at Ft. Monmouth.

BENJAMIN BOOKBINDER

BOOKBINDER is a reference of JACK OKUN, also PETER ROSMOVSKY. BOOKBINDER supposedly had a "favorable by the FBI incident to Executive Order 9835", according to subject's file at Watson Laboratory. BOOKBINDER advised on interview that as a child he had frequent association with SOBELL and often was in his home. He visited SOBELL in 1942 and 1948 or 1949. Attended C.C.N.Y. at same time SOBELL but went nights, whereas SOBELL went days.

RECOMMENDATION:

Newark will open a security case on the subject in order to ascertain his present activities.

**SYNOPSIS OF FACTS:**

Former manager of apartment located at 4437 Ambrose Avenue, Los Angeles, California, advised one IRENE WEISMAN who was employed by Army Air Corps, Los Angeles, had girl named GLADYS GLASSMAN reside with her for approximately two weeks in about June, 1945. Army Air Corps records now maintained at G-2, San Francisco.

**DETAILS:**

It will be recalled that upon search of the residence of ALFRED SARANT, an address was found which appeared to be "GLADYS GLASSMAN, c/o WEISMAN, 4437 Ambrose Avenue, Hollywood, California." It is believed that this GLADYS GLASSMAN is identical with the sister of VIVIAN GLASSMAN who has figured prominently in the investigation involving JULIUS ROSENBERG and who has denied knowing several of the prominent individuals in this investigation. Present investigation is being conducted in an effort to establish that VIVIAN GLASSMAN did in fact know these individuals, MIKE SIDOROVICH, in particular, and in this connection an effort is being made to determine GLADYS GLASSMAN's contacts and activities at the time she was employed on the west coast, since at the time of interview, GLADYS GLASSMAN stated that she could not recall where she resided or by whom she was employed.

She stated that one of her tenants was a girl named IRENE WEISMAN who was employed by the Army Air Forces in a building located at 3636 Beverly Boulevard, Los Angeles. Mrs. MATHISON stated that sometime around June, 1945 she recalls a girl named GLASSMAN resided with WEISMAN for approximately two weeks. She stated it was her understanding that GLASSMAN had just come to Los Angeles from San Francisco and was employed with WEISMAN. Mrs. MATHISON stated that to the best of her recollection GLASSMAN at the time was under some emotional strain, possibly due to a love affair and she vaguely recalled seeing a man call on GLASSMAN and believes that GLASSMAN introduced her to this man. However, she could not recall his name and the only descriptive data she could furnish was to the effect that he was "Jewish in appearance." Mrs. MATHISON stated that the man was not in army uniform to the best of her recollection.

It is noted upon interview GLADYS GLASSMAN stated that in 1943 - 1945 while residing in Los Angeles she was enamored with a soldier who was stationed there and that she traveled to California to be near him.

Mrs. MATHISON stated she does not know the present location of GLASSMAN or WEISMAN.

Attempts to locate employment files on both GLADYS GLASSMAN and [REDACTED] at the Ninth Service Command, Intelligence Branch, 216 Rowan Building, 458 South Spring Street, Los Angeles were negative, and according to the Army Intelligence Officer at Los Angeles, these records are maintained by G-2, San Francisco. ✓

Reference is made to the report of SA RICHARD T. HRADSKY dated 11/25/52 at New York.

CID Agent ED PITCHKOLAN, Ft. Lee, Va., caused the records of the Post Locator, the QMTC Locator and the records of Company 2, QMTC to be checked with regards to the name of a [REDACTED]. None of the above records carried any name which even resembled the name of [REDACTED]. However, Mr. PITCHKOLAN advised that this does not necessarily mean that a [REDACTED] has not been assigned to QMTC at Ft. Lee inasmuch as records at Ft. Lee with regard to personnel are only kept 6 months.

The records of the Post Locator, Ft. Lee, Va., carried no record of a [REDACTED] however, the name of [REDACTED] formerly assigned to Co. 1, QMTC was there. The records also reflected that [REDACTED] had left Ft. Lee, Va., on transfer to Camp Kilmer, N.J., that he left Ft. Lee on Oct. 7, 1952, and was due to arrive at Camp Kilmer, N.J. on Oct. 15, 1952. The records of the Post Locator reflected that [REDACTED] formerly assigned to Co. 1, QMTC, Ft. Lee, Va., had been transferred to Ft. Lawton, Washington, and was due to arrive there on October 16, 1952. No record could be located for a [REDACTED] in either the Post Locator, QMTC Locator or in Co. 1 or Co. 2 records.

Copies of this letter are being furnished to Newark for informational purposes, however, no lead is being set forth for that office or for the Seattle Office inasmuch as this is being left up to the discretion of the office.

A post card, postmarked April 6, 1956, 7:30 P.M., Cleveland, Ohio, and dated April 6, 1956, addressed to "Central Air Documents Office, Dayton, Ohio", the former name of ASTIA, received from:

"MICHAEL A. SIDOROVICH  
ARTHUR E. ROWE & ASSOCIATES  
3125 Prospect Avenue  
Cleveland 15, Ohio

The post card requested, "Please advise me as to cost and availability of literature entitled 'Problems of Cosmical Aerodynamics', published in 1951."

By letter dated April 16, 1956, addressed to "MICHAEL A. SIDOROVICH, % ARTHUR E. ROWE & ASSOCIATES, 3125 Prospect Avenue, Cleveland 15, Ohio" and containing the symbol "TICSR" designating the unit of ASTIA which handled this correspondence, the above post card was answered by Mrs. MARTHA FITZGERALD, Chief, Request Service Branch, Service Division, ASTIA. A perusal of this letter reflects that the subject was advised that "Problems of Cosmical Aerodynamics" is one of the reports held by this agency, however, the agency is authorized to distribute documents to contractors of the Department of Defense for the performance of a specific contract. Since ARTHUR E. ROWE & ASSOCIATES is not established with ASTIA to receive such a service, the request for the desired information could not be furnished.

It was suggested that the subject direct his request to Col. C. E. DAVIES, Secretary, U. S. National Committee on Theoretical and Applied Mechanics, c/o American Society of Mechanical Engineers, 29 West 39th Street, New York 18, New York. Distribution to other than contractual agencies and military establishments is controlled by that office.

Mr. SETLIFF advised that "Problems of Cosmical Aerodynamics" is an unclassified document.

Re Atlanta let of May 13, 1952, in the Rosenberg case indicating that according to a confidential informant of known reliability Maurice Pearlman (phonetic) was in Atlanta, Georgia, on April 22, 1952, for the purpose of discussing some matter on behalf of the Rosenbergs.

In this connection, you will recall that the Richmond Office recently advised that a Mr. Leaverman was reported to have visited Richmond, Virginia, for the purpose of organizing the Richmond Committee to Secure Justice in the Rosenberg Case and had indicated he was making a trip through the South in order to organize similar groups in that area.

A check of Bufiles has failed to locate any identifiable information concerning either Mr. Leaverman who was reportedly from New York City, or Maurice Pearlman (phonetic). However, it is noted in the case entitled "Martin Sherry, Army, LGE," reference is made in a teletype from San Francisco dated February 3, 1949, that one [redacted] was carried in the files of G-2 as a known Communist due to his position as Executive Secretary of the Social Service Employees Union, CIO, New York City, which was reported as being Communist dominated.

In view of the alleged activities on the part of Mr. Leaverman who is possibly identical with Maurice Pearlman mentioned in relet, it is desired that the New York Office make an immediate effort to determine the identity of this individual. It is considered that your [redacted] may be in a position to furnish you with the necessary information to effect this identification as well as the activities of the individual in behalf of the above-captioned committee.

The following information was obtained from a review of subject's file, CIC, 42 Broadway, their file #2-02-4252.

Letter to Post Intelligence Officer, Fort Monmouth, New Jersey, from Signal Corps General Development Laboratory, Fort Monmouth, dated September 3, 1942, reflected subject employed by the Laboratory as a Jr. Radio Engineer. The original statement is on file at Fort Monmouth, N.J. No record of [redacted] in New York Indices. b6 b7c

(2) Subject made statement that he was obtaining an Army Commission and that he held strong influence through association with close relatives of the Secretary of War.

The above letter was written to suggest investigation and to point out subject's undesirability as a commissioned officer. Enclosed personal data was as follows:

MICHAEL SIDOROVICH

The subject is not presently and was not formerly employed at Fort Monmouth, N. J., or at F.T.L.

Michael Sidorovich is the subject of a pending Espionage - R, Perjury investigation, Bufile 65-58294, concerning which investigation Cleveland is office of origin, Cleveland file 65-2720.

The Newark memorandum mentions briefly the pertinent information developed during the course of the above investigation. No additional search of files will be made at the Bureau.

NOTE FOR NEWARK:

Correlate information from summaries on wife, Anne Hanusiak Sidorovich, and associates Julius Rosenberg, David Greenglass, William Perl, Fred Joseph Alty, Helen Sokora Kitty, Alfred Surant on whom separate memorandums have been submitted.

Further Newark memo sets forth information taken from C.I.C. files. There it is stated William Perl was convicted of two counts of perjury in connection with testimony during the Rosenberg trial. This is inaccurate in that the perjury was in connection with testimony given before the New York Grand Jury prior to the Rosenberg trial. It should further be noted that Rosenberg told the Greenglasses that Anne Sidorovich might be the person to go to Albuquerque, New Mexico, to secure information from David Greenglass.

Thereafter, JULIUS ROSENBERG told the GREENGLASS'S that ANNE SIDOROVICH would go to Albuquerque, New Mexico, to secure information from DAVID GREENGLASS. For reasons unknown to DAVID and RUTH GREENGLASS, ANNE SIDOROVICH never appeared and HARRY GOLD was the person who contacted them in Albuquerque, New Mexico, to obtain atomic research information.

att 3 to 65-15380-348

MICHAEL SIDOROVICH is also reported to have been in contact with WILLIAM PERL in Cleveland, Ohio, although both SIDOROVICH and PERL have denied knowing one another in sworn testimony.

DEROGATORY INFORMATION NEWARK FILES

1) ON SUBJECT:

He is alleged to have been present at 65 Morton St., New York City, in the apartment of ALFRED SARANT in July of 1949 with WILLIAM PERL, JULIUS ROSENBERG, and another unknown individual when these four persons spent 17 straight hours photographing documents of a highly classified nature.

An informant of unknown reliability has stated that he has heard JULIUS ROSENBERG describe SIDOROVICH as being involved in an espionage apparatus equal in importance to his own.

SIDOROVICH admits close friendship with FRED JOSEPH KITTY, subject of an espionage investigation, and is alleged to have introduced KITTY to JULIUS ROSENBERG. MICHAEL's wife, ANNE, according to testimony of the GREENGLASSES, was the person originally designated to contact DAVID GREENGLASS for information on the atomic bomb in 1945, a job subsequently handled by HARRY GOLD.

It is to be noted that both MICHAEL and ANNE SIDOROVICH have been interviewed by agents of the Cleveland Office and have repeatedly disclaimed any association with the ROSENBERG apparatus.

2) ON ASSOCIATES:

ALFRED SARANT - SARANT is a known CP member and a close associate of the ROSENBERGS. An apartment rented by SARANT was used by ROSENBERG and others for photographing classified documents.
