Case Assigned to E. E. Jones

52
September 24, 1952
Belmar, N.J.

I, Samuel Levine, make the following voluntary statement to John R. Lyons and Stuart E. Chalifoux who have identified themselves to me as Special Agents of the Federal Bureau of Investigation. No threats or promises have been made to me for this statement and I know it can be used in a court of law.

I attended the College of the City of New York from about 1933 until I graduated in June 1938 with a degree of Bachelor of Electrical Engineering. During this period I became acquainted with Morton Sobell, Max Elitcher, and William Mutterperl. Mutterperl is also known as William Perl. This acquaintance sprung up due to the fact that we were all in the same class at one time. It is my opinion that William Mutterperl knew Max Elitcher and Morton Sobell as a result of this classroom relationship.

I have read the above statement and certify that to the best of my recollection it is a true statement.
