Re New York report of SA WALTER C. ROETTING, JR., 4/13/51.

On 4/19/51 THOMAS L. BLACK advised that he had never met MALISOFF. BLACK said that he knew of MALISOFF as a chemist but had no knowledge of his being involved in espionage.

Referenced report requested DAVID BUSLIK, U. S. Naval Aviation Research Station, Johnsville, Pa., be interviewed for information concerning MALISOFF.

BUSLIK is no longer employed at Naval Research Station, Johnsville, Pa. He is in residence at 830 Federal Drive, Sharon, Pa.

It is requested that the New York Office furnish Pittsburgh with a copy of referenced report as well as a copy of New York report of SA ROETTING, JR., 12/28/50, in instant case for background information.

Pittsburgh will upon receipt of material from New York conduct the interview of BUSLIK.

Inasmuch as no additional investigation is required at Philadelphia, this matter is considered RUC.

He advised that on no occasion had he ever seen or met any of these people. However, BLACK stated that he did recognize the name BEDACHT. During the mid-thirties there was a MAX BEDACHT, who was considered an authority on Communism by people in the Party, according to BLACK. This person BLACK only knew by reputation for he had never met him.

During the interview of May 17, 1951, BLACK was questioned concerning his having applied for any governmental positions. He stated that at no time during the period he was passively cooperating with the Soviets did he apply for a Federal position. He qualified this somewhat by saying he might have submitted various applications for Federal positions in the early years of the last depression. However, he was quite adamant in saying he never applied for a governmental job at the request of the Soviets.

SECURITY MATTER - C  
(Philadelphia file 100-23721)

Re closing report of SA Theron D. Rushing dated 10-5-49 at Philadelphia. Refrep reflects that subject was a member of the Communist Party in Philadelphia for many years and attended a CP leaders school in Philadelphia in 1945. Subject was expelled from the Communist Party in 1949 for "immorality and inverted white chauvinism."

THOMAS LESSING BLACK

Refrep of SA William B. Walte, Jr., dated 7-26-50, at Philadelphia in the case entitled "Thomas L. Black, was; Espionage - R," Philadelphia file 65-4332. Page 191 reflects that Black, a confessed Soviet espionage agent, resided at the home of Sarah Hersher, 2124 Spruce Street, Philadelphia, from 1946 to 1948.

Re Newark report of SA Louis G. Turner 12-5-50 in the case entitled "Jacob Israel Fass; Espionage - R," Philadelphia file 65-4415. Refrep reflects that Fass, a friend and business associate of Thomas L. Black, admitted to Bureau agents that his cousin, Sarah Hersher, the subject, was undoubtedly a Communist. Fass resided at Hersher's home with Black.

Philadelphia is requested to contact informants to ascertain Hersher's status in the Communist Party at the present time. If Hersher has been readmitted to the Communist Party, Philadelphia should consider her name for the Security Index.

Philadelphia should submit its recommendation regarding an interview with the subject using her acquaintance with Thomas L. Black as an entree for an interview. If Hersher is hostile to the CP, the possibility exists that she may be used as a source of information concerning Communist matters by the Philadelphia Office.

Investigation in the Black case should be directed to show that Hersher was aware of or connected with the espionage activities of Black.

For your information, the Department of Justice has recently rendered the opinion that Black should be called before a Federal Grand Jury for interrogation regarding his espionage activities. This information was previously furnished to Philadelphia in the Black case.

FROM : SAC, Philadelphia

SUBJECT: THOMAS L. BLACK  
ESPIONAGE - R  
(Bufile 65-59181)

On 7/17/51, THOMAS L. BLACK advised that in all probability he would soon receive from the Justice Department a letter requesting him to register as a former Soviet espionage agent. BLACK stated that when he received this letter he intended to comply with it. He, however, said he had a request to make in connection with the expected letter from the Justice Department. He said that he has recently moved and at his new address he has a common mailbox with other tenants in the building. As a result, he said the mail he receives is handled by the other tenants. Therefore, he said that if it were at all possible, he would appreciate receiving his notice to register through the Philadelphia FBI Office. (u)

BLACK was told that no promises of any kind could be given him but his wishes in this matter would be made known. (u)

It is suggested that the Bureau, if possible, make arrangements with the Department to deliver its request of BLACK to register through the Philadelphia Office. (u)

Philadelphia file 65-4332

Reurlet 7-29-51 which set forth a request on the part of Black to have the Department mail his notice to Register under the Internal Security Act of 1950 to the Philadelphia FBI office instead of to his residence. (u)

In view of the fact that Black has admitted engaging in espionage activity for the Soviet Union over a period of many years and, further, since the Bureau has presented his case to the Department for prosecutive consideration on various occasions, it is not believed advisable for the Bureau to assume the role of a mail drop for Black to save him possible embarrassment. (u)

While Black has given the Bureau information since about June, 1950, it is to be noted that Black has not admitted the passage to the Soviets of any classified information or information vital to the national defense, which admissions would tend to involve him in a violation of espionage statutes. It is difficult to believe that the Soviets would have been in contact with Black from about 1934 to as late as 1950 if he were not furnishing them with pertinent information. (u)

It is also noted that it was necessary for the Bureau to go to Black and question him regarding his espionage activity and that he did not come voluntarily to the Bureau. (u)

81

Black should be informed that any requests such as the one in reflet should be made directly to the Department by Black. (u)

**SYNOPSIS OF FACTS:**

THOMAS L. BLACK in signed statement furnished 6/23/51 advised he originally sought employment in Soviet Union in late 1933 or early 1934. Original contact in furtherance of this idea was GAIK OVAKIMIAN, an Amtorg official. BLACK furnished OVAKIMIAN various processes and formulae from his place of employment, the National Oil Products Company. OVAKIMIAN subsequently introduced BLACK to PAUL PETERSEN who was also a Soviet agent. BLACK states he realized early in relationship with PETERSEN that he was destined to become a Soviet espionage agent. He gave PETERSEN all information available at NOPCO. Shortly after meeting PETERSEN, BLACK introduced HARRY GOLD to him. BLACK was given various assignments by PETERSEN. He also states he gave PETERSEN fake reports on industrial processes. At direction of PETERSEN, BLACK joined Socialist Party and gathered information for Soviet superior. PETERSEN gave BLACK various presents. Following PETERSEN, BLACK was handled by "GEORGE" who was identified as SEMEN M. SEMENOV by BLACK. Following "GEORGE" BLACK was contacted by Dr. ROBERT SCHWARTZ from whom he received \$100. Dr. SCHWARTZ told BLACK he was to go to Mexico City and ingratiate himself with the Trotsky household. BLACK says he never went. SCHWARTZ has been identified by BLACK as being Dr. G. L. RABINOVICH of the Soviet Red Cross. After SCHWARTZ and in the period from late 1938 until 1940 the sequence of events is not clear to BLACK. He states the Soviet superiors during that period were principally interested in Trotskyite Intelligence information. Beginning in 1940 and continuing until the summer of 1945, BLACK was handled by "JACK." The information furnished to "JACK" was principally industrial in nature. Over a period of six months in 1944, BLACK received \$100 monthly from "JACK" while supposedly looking for employment. After a lapse of approximately two years, BLACK was recontacted by the Soviets. Arrangements for a meeting with "JACK" were made. This meeting took place in New York City. A photograph of JOSEPH KATZ was identified as "JACK" by THOMAS L. BLACK. A new contact by the name of "HELEN" was arranged for BLACK. He states he never met "HELEN". At one time GOLD brought a potential

DETAILS:

AT PHILADELPHIA, PA.

On June 23, 1951, THOMAS L. BLACK furnished the following signed statement to Special Agents WILLIAM B. WELTE and ROBERT W. HOLMES.

"I, THOMAS L. BLACK, furnish voluntarily the following information to ROBERT W. HOLMES and WILLIAM B. WELTE, known to me as Special Agents of the Federal Bureau of Investigation. No threats or promises of any kind have been made to me. I have been told I do not have to make any statement at all, and any statement I make may be used against me in a court of law. I have also been told of my right to counsel.

"In late 1933 or early 1934, while I was employed at the National Oil Products Company in Harrison, New Jersey, FERDINAND P. HELLER, an old college classmate, and I decided to seek employment in the Soviet Union. This decision was reached after considerable thought and discussion. It was during this period that I dropped my membership in the Communist Party, partly because I understood that the Communist International would not permit a Party member to leave his work in the United States and go to the Soviet Union.

"In my discussions with HELLER, I realized we had no knowledge as to how to apply for work in Russia. I suggested that in connection with my work, I had accumulated considerable information on the sulfonation of oils and if the right people were contacted, it might be possible to go to Russia as oil chemists.

"The original contact in furtherance of this plan was made by HELLER. He went to Antorg Headquarters in New York City and met GAIK OVAKIMIAN there.

The purpose of the visit was explained and subsequent arrangements for meeting with OVAKIMIAN were made. The first meeting between OVAKIMIAN, HELLER and myself was held in the Amtorg offices in New York City in October 1934. OVAKIMIAN questioned me closely about my qualifications as a chemist, about my knowledge of sulfonating oils and other technical questions. I volunteered to produce various formulae which I had in my possession and OVAKIMIAN displayed interest.

"The material which I had in my possession was typed into report form by HELLER and myself for submission to OVAKIMIAN. However, before the project was completed, OVAKIMIAN became impatient and collected the rough notes, saying the Russians had technical men who would be able to figure out the processes from the notes. No money was paid to me for these processes and formulae from the National Oil Products Company. I am not certain of the dates upon which I met OVAKIMIAN but do believe my meetings were for a period of six months after the initial meeting. In that period I met with OVAKIMIAN about ten or twelve times. HELLER was present at most of these meetings.

"Toward the end of this six month period, HELLER was emotionally upset, irritable, and drank heavily because of personal problems. OVAKIMIAN commented about HELLER's condition to me and asked the reason for it. I told him I believed HELLER to be neurotic and emotionally unstable. To the best of my knowledge, OVAKIMIAN had no dealings with HELLER after that.

"After this, there was a period of approximately two months wherein I did not have contact with any Russians. I was contacted by OVAKIMIAN again and arrangements for a meeting in New York City were made. At this meeting, OVAKIMIAN told me, while walking on the street, he had a friend he wanted me to meet. Several blocks from the place we met, I was introduced to a man waiting for us on a street corner. This man was introduced to me as PAUL PETERSEN. The three of us, OVAKIMIAN, PETERSEN and myself, had dinner together. As near as I can place this date, it happened in the early part of 1935. I would like to say that after this dinner engagement, I never saw OVAKIMIAN again. The only material that I turned over to OVAKIMIAN was material that I had ready access to at my place of employment, the National Oil Products Company. I have been shown photographs of GAIK OVAKIMIAN and have identified him as the person whom I knew as OVAKIMIAN.

"I began to meet with PAUL PETERSEN with some degree of regularity in 1935 and continued until late 1937 or early 1938.

"At one of my first meetings with PETERSEN, he questioned me about my membership in the Communist Party. He was pleased when I told him that I had dropped out of the Communist Party. PETERSEN told me that I must not

associate with any known Communist Party members, nor must I have in my possession or read any Party literature. I remember one time when we were together, he reprimanded me for stopping at a news stand to buy a copy of "New Masses."

"Early in my relationship with PETERSEN, I tried to find out what my chances of getting a position in Russia were. PETERSEN evaded and delayed the issue, but did eventually tell me, I could be of much greater value to the Soviet Union in this country than in Russia. I realized then there was no possibility of my going to the Soviet Union and I was destined to become a Soviet espionage agent.

"PETERSEN requested that I furnish him with a biographical sketch, setting out my complete background. I complied with this request. I retained a copy of the sketch which I submitted to PETERSEN. This sketch contains a reference to my having been made a Bacteriologist at National Oil Products Company in the fall of 1935. This to me would indicate that I submitted this sketch sometime in the late fall of 1935 or shortly after being appointed Bacteriologist.

"I furnished to PETERSEN all the information that was available at National Oil Products Company. After I had done this, PETERSEN suggested that I try to get a job at a large chemical company such as Du Pont or Monsanto as more important work was being done there. However, I never did apply for a position at either of these plants. I was able to convince PETERSEN that jobs were not plentiful and could not be had by merely filing an application.

"Shortly after I met PETERSEN, HARRY GOLD, whom I had met through HELLER, came to my apartment in Newark, N.J. From my apartment, GOLD and I went to New York City, where by pre-arrangement, we met PETERSEN. I believe this meeting took place in Gaffanti's Restaurant near the Pennsylvania Station. I think I used HARRY GOLD's full and correct name in the introduction, but probably introduced PETERSEN as simply PAUL. About a week or two after this introduction, I was told by PETERSEN I must cease my friendship with GOLD and never see him again. I did not comply with these instructions as I remained friendly with GOLD and did see him intermittently in the following years.

"I submitted biographical sketches on VERA HANE, with whom HELLER had been living; Dr. KARL STEIK, my superior at National Oil Products Company; FERDINAND P. HELLER; and ERNEST SEESSEMAN, a fellow employee at NOPCO and with whom I was living. These sketches were all submitted to PETERSEN at his request.

"In early 1935, PETERSEN told me he had a specific assignment for me to do in connection with a Jewish group. In order for me to fulfill this assignment, it would be necessary for me to become a Jew temporarily and perhaps even marry a Jewish girl. I was also told that if I were not circumcised, I should have the operation performed. After some delay, I went to a Dr. PAUL LUTTINGER, who was writing a health column in the "Daily Worker." I was referred to a Dr. JOSEPH LANDY, a surgeon, who admitted me to the Bronx Hospital on June 7, 1935, and performed the operation. I reported to PETERSEN when the operation was over. He asked me what doctor I had gone to and what I had told the doctor. When I told PETERSEN I had seen both LUTTINGER and LANDY and told them both I was going to marry a Jewish girl, he became very angry. He had already indicated to me the assignment was in some way connected with work among Jewish refugees who were technical people. PETERSEN told me that I should have never gone to LUTTINGER as he was in trouble with the Communist Party. I was also told that it was impossible for me to fulfill this assignment and it was never mentioned again.

"Another time early in my association with PETERSEN, I mentioned that the Westinghouse Electric Company had brought out a new ultra-violet light and asked if he were interested in it. He said he was. Thereupon, I purchased a bulb, reflector and transformer and asked PETERSEN where he wanted it delivered. I was told to assemble the lamp in a suit case or box, which I did. I would like to point out that HARRY GOLD accompanied me to New York City and registered on a Saturday at the Chelsea Hotel with me. He assisted me in preparing a metal framework within the suitcase so that the ultra-violet lamp was portable. When the work was completed, I checked the suitcase in the baggage room of the Pennsylvania Station and on the following Monday gave the baggage check to PETERSEN. I received the sum of \$25.00 from PETERSEN for expenses incurred on this assignment. I had to give PETERSEN sales slips for the material I had purchased to support my claim for expenses.

"I also gave PETERSEN several fake reports on industrial processes. One of these was a report on the germicidal properties of an ointment called uforsan, developed by Dr. KARL P. STEIK. I also submitted reports on the manufacture of toothpaste, the manufacture of hexylresorcinol and toothpaste containing it. I used fictitious names as my source of information in these reports.

Dr. Paul Luttinger & Employed by Daily Worker (EMPL. CARD)

"PETERSEN at one time offered to send me to the California Institute of Technology to study for my Master's or Doctor's Degree and during my stay there to make contact with some person who was never identified. I never accepted this offer of PETERSEN's and I did not go to California.

"PETERSEN was a generous man and gave me a series of presents including books, laboratory equipment, and a camera, as well as having offered to set me up in some kind of business that I could operate as a front for my espionage activities. The first set of books I received was a standard technical work of three volumes and an appendix published by MacMillan called the 'Chemical Technology and Analysis of Oils, Fats and Waxes' by LEFKOWICH. The names of the other books I do not recall. The next gift was a Contax 3 Camera with a built-in exposure meter. I traded this camera in about a year later for a Contax 2 model. Somewhat later, JACK, who was my Soviet superior, asked for the camera PETERSEN had given me. He gave me a tongue lashing for having traded the original camera saying I had no right to do so. However, JACK did borrow my camera saying he needed it to give to another man who was going on a trip to the West Coast. In about three months the camera was returned to me.

"I can also remember that early in my dealings with PETERSEN he continually pressed me for a photograph of myself. For several months, I resisted, but finally at one of our meetings, I was steered into a store where there was a machine which could take a photograph by the insertion of a coin. Under the circumstances, I could do nothing but agree to have my picture taken. PETERSEN then told me that he was only testing me to see if I was cooperative and it was not necessary to have my photograph taken, since the Soviets already had several pictures of me in their possession.

"At one time, while the trials in Moscow were going on, about 1936, the subject of these trials came up. I expressed some mild disapproval and said that if things like that were going on in Russia, I would consider joining the Trotskyites. This angered PETERSEN and he left without any arrangements being made for a future meeting.

"After a few weeks, I heard from PETERSEN and did meet with him in New-York City. At this meeting, I was told it would be an excellent idea for me to join the Trotskyite Movement. I was given specific instructions about joining the Socialist Party which I did.

"I would like to point out that when the cleavage in the Socialist Party came, I went with the Trotskyite faction. This was done at the instructions of my Soviet superior. I also became a charter member of the Socialist Workers Party, which was the Trotskyite group formed as a result of the split in the Socialist Party.

"My first assignment in connection with the Trotskyite membership was to get background information about JACK WEBER, the Organizer of the Trotskyite Faction in Newark, and his wife SARAH as well as two other people who turned out not to be members. I completed this assignment and gave the information to PETERSEN.

"Also during this period, PETERSEN gave me an assignment not connected with the Trotskyite movement. This was to locate an individual known to PETERSEN only as NICHOLS and in residence in East Rutherford, New Jersey. PETERSEN told me NICHOLS had formerly worked with the Soviets and they were trying to recontact him. I was never able to locate him and so reported to PETERSEN. The assignment was then dropped.

"I have not been able to identify positively PETERSEN from any of the photographs I have been shown. I cannot definitely place the time of my last contact with PETERSEN but believe it was late in 1937.

"PETERSEN introduced me to my next contact, whom I knew as GEORGE. I can recall that I was handled by GEORGE for about three or four months prior to my accident, which took place on March 10, 1938. My contacts with GEORGE were few and nothing much about them stands out in my mind. I seem to recall that he was primarily interested in industrial espionage.

"I have been shown a photograph of SEMEN M. SEMENOV and I have identified him as the contact known to me as GEORGE.

"I was hospitalized as the result of a laboratory explosion and spent twenty weeks in the West Hudson Hospital at Kearney, New Jersey. I realized that while in the hospital the Soviets had no way to contact me. I had also learned from some of my friends that some strangers were making inquiries about me. I assumed that these strangers were Soviet agents making inquiry about me. I felt then I should advise the Soviets of my whereabouts. The only method I knew of relaying information about myself was to get in touch with HARRY GOLD which I did by telephone. GOLD came to visit me at the hospital and I asked him to tell his Soviet superior that I was going to be incapacitated for a considerable period of time. GOLD also visited me a second time while I was in the hospital.

"I believe it was a month or so before my release in August of 1938 from the hospital that a Dr. ROBERT SCHWARTZ appeared in my room and introduced himself as a friend of GEORGE. I believe SCHWARTZ was actually a medical man. His chief concern seemed to be my condition, the speed of my recovery and my financial condition. He visited me only once while I was in the hospital.

"About a month after my discharge I received a telephone call from Dr. SCHWARTZ who identified himself by name. A meeting was arranged at the Pennsylvania Railroad Station in Newark, New Jersey. Dr. SCHWARTZ inquired about my physical condition and gave me \$100.00 to consult a good plastic surgeon or dermatologist about my injuries. Dr. SCHWARTZ told me he had an important assignment in mind for me and wanted me to get well as quickly as possible.

"I met with SCHWARTZ two more times after this. He told me that he planned for me to go to Mexico City and ingratiate myself with the TROTSKY household. I objected and told him it would be extremely difficult, however, SCHWARTZ said it was my assignment. At my last contact with SCHWARTZ he told me a new contact would get in touch with me.

"I would like to state here that I never did go to Mexico.

"At a later date while being handled by a Soviet superior called JACK we discussed the identities of Dr. ROBERT SCHWARTZ and a Dr. G. L. RABINOVICH of the Soviet Red Cross and concluded they were identical.

"Following Dr. SCHWARTZ, I was contacted by an individual known to me as JOHN. His principal interest was in connection with the Socialist Workers Party. He continued to press me to make some effort to fulfill the Mexico City assignment. I do not remember much about JOHN but do believe I was first handled by him in the winter of 1938-1939.

"A few times during this period another person whom I knew as KARL contacted me as a substitute for JOHN. KARL was chiefly interested in the TROTSKYITE movement.

"JOHN reappeared and handled me until sometime in 1940. He introduced me to my next contact, JACK. However, about a year later JOHN reappeared as a substitute for JACK.

"I attended the Socialist Workers Party Plenum that was held in Chicago, Illinois September 27 - 29, 1940. I did not attend as a delegate but

merely as an observer. JACK told me that he was not particularly interested in having me attend this convention or secure any information. I have concluded the Soviet's interest in TROTSKYITE information was complete with the assassination of TROTSKY which happened prior to this September convention.

"JACK's particular interest was in the field of industrial espionage. I furnished him with reports on SORBOSE, PENICILLIN and some reports on shaving cream. These were reports that I personally prepared as a result of independent study of literature and material available on these topics.

"JACK began to insist that I leave my place of employment and seek work at DU PONT, EASTMAN KODAK, MONSANTO CHEMICAL CO., or the KELLEX CORPORATION. I lost my job at NOPCO in the summer of 1944. After this JACK paid me \$100 a month for six months. He said this was done so that I could live while looking around for the type work he wanted me to do. He also asked me at one time to purchase for him a Minox Camera but I was unable to get one as the United States was at war.

"At JACK's direction, I made contact with two individuals. One of these persons was Dr. EARL WILLIAM FLOSDORF, a Professor at the University of Pennsylvania. This contact I believe to have been in connection with some legitimate business dealings that FLOSDORF had had with AMTORG in the past. I made this contact sometime in 1942 and only met Dr. FLOSDORF once. He agreed to do business with AMTORG as he had in the past. By way of introduction to FLOSDORF I took a letter that bore the signature of Dr. G. L. RABINOVICH. The letter referred to the writer as having previously been in the United States as a representative of the Soviet Red Cross. I posed as an AMTORG representative and used the name GEORGE WILLIAMS.

"The other contact was a person who was an employee of the Hercules Powder Company at Wilmington, Delaware. His name was WILLIAM STAPLER. I did not keep the original appointment with STAPLER. About a month later JACK arranged a meeting in New York City between STAPLER, myself and JACK. I was introduced to STAPLER and he was told I would be his contact from then on. This meeting took place in 1944 as near as I can remember. All told I think I had three meetings with STAPLER. At no time did STAPLER give me anything to transmit to the Soviets. I do remember that on one occasion STAPLER said he would furnish nothing until he was paid what was owed him. I gave this information to JACK who gave me some money that he took from his wallet placed in an envelope and sealed. The following week I met STAPLER at the Pennsylvania Railroad Station in Newark and gave him the envelope, whereupon he wrote out a receipt. STAPLER appeared dissatisfied with the amount and told me to tell JACK how valuable the information was.

"JACK told me to let STAPLER wait for a while. I never saw STAPLER again.

"I have been shown a photograph of WILLIAM STAPLER, an employee of Hercules Powder Co. in Wilmington, Delaware, and he is identical with the person I met.

"As near as I can recall, my last regular contact with JACK was in the summer of 1945 in New York City. This meeting occurred after I started to work in Philadelphia.

"I heard nothing from the Soviets until sometime in 1947 or 1948. Contact was re-established by a phone call made to my place of employment in Philadelphia. I did not receive the call but a message was left. This message was that a person by the name of WATKINS had called and said he had known me in England while we were both in the Service. I knew this must have been a Soviet Agent as I had never been in the Service. This call meant I was to go to the place of my last contact on the day following this call. However, I had forgotten the place of my last contact and accordingly did not go.

"About a week later, I received a person to person call at my place of employment from a man whose name I did not recognize. I did recognize the voice as belonging to JACK. I made arrangements to meet with him in New York City in front of MACY's Department Store at 34th and Broadway. We spent the meeting, which lasted about one hour, in walking the streets. JACK asked me if I would be willing to resume my relations with the Soviets. I agreed to this but told JACK such a move would be inadvisable as I was under investigation by a Government agency. JACK said it would be possible for the Soviets to learn of this but it would require some time.

"JACK also told me that he would not meet with me any more and arrangements for meeting a new contact were made.

"I have been shown a photograph of JOSEPH KATZ and I have identified him as the person I knew as JACK. At no time did I receive any funds or presents from JACK beyond expenses, except the \$600 I have previously mentioned.

"My next contact was to have been a woman whose name was HELEN. I never did meet this woman. I do believe I was supposed to meet with her sometime after my last regular contact with JACK which occurred in 1945. This would place the time of my intended contact with her in 1946 or 1947.

My meeting with her was to have been in New York City. I never did comply with instructions given me for meeting her.

"At the time of my last meeting with JACK, probably in 1947, I was given instructions for future contacts with the SOVIETS. I was told that a woman would call me at work and say she was Miss WATKINS. This was to be a signal for me to go to a prearranged meeting place in Philadelphia. I heard nothing from this intended contact until May 22, 1950. Once again I did not receive the phone call at my place of employment but a message was left for me that a Miss WATKINS called. This message signified to me that I was to go to the previously designated meeting place and would be contacted there by a man. I did not comply with my instructions for establishing this contact. I have never had any contact since that time.

"Before closing, I would like to add a couple of additional items. In the summer of 1935, HARRY GOLD brought an individual named JOSEPH BRODSKY to my apartment in Newark, New Jersey. GOLD told me BRODSKY was a fellow student of his at the Drexel Institute of Technology in Philadelphia. I was told by GOLD that he considered BRODSKY excellent material from which to develop a Soviet Agent. I spent considerable time talking to BRODSKY and came to the conclusion that BRODSKY was not ideologically suited for Soviet espionage. I came to this conclusion for BRODSKY could not see the need for disassociating himself from the mass movements. I submitted a written report on BRODSKY to my Soviet superior, PAUL PETERSEN, wherein I expressed my opinion that BRODSKY should not be recruited.

"The other item concerns material which I received from FERDINAND P. HELLER. I have previously said that as far as I knew OVAKIMIAN, my first contact, expressed no additional interest in HELLER after our discussion of HELLER's emotional instability. I myself had nothing to do with HELLER for a few years after that. It was not until late 1936 or early 1937 HELLER and I became reconciled. At this time, HELLER proposed to give me information concerning THERMOIL-GRANODINE which was in the files of the American Chemical Paint Company. I agreed to accept this information for transmission to the Soviets. HELLER and I wrote up this information in report form. HELLER also gave me the formulae for all the products and processes of the American Chemical Paint Company. HELLER brought this information to VERA KANE's hotel room in New York City. The formulae and processes were typed by her. KANE was HELLER's girl friend during the mid-thirties.

"The information on THERMOIL-GRANODINE I turned over to my Soviet superior. However, the material that KANE typed I never did turn over to the Soviets. I kept a copy of the material for a period and then returned it to VERA KANE.

PH - 65-4332

"In closing, I would like to state that I was an unwilling Soviet espionage agent during the entire period I was involved. I would also like to say that at no time did I ever furnish the Soviets with any classified or restricted material. I never received any large sums of money that I have not mentioned in this statement.

"I have read the above statement, this and the preceding 18 pages. It is true and correct to the best of my knowledge and belief." I have initialed each page.

REPORT MADE AT <b>PHILADELPHIA, PA.</b>	DATE WHEN MADE <b>8/10/51</b>	PERIOD FOR WHICH MADE <b>6/23/51</b>	REPORT MADE BY <b>ROBERT O. JENSEN</b>
TITLE <b>THOMAS L. BLACK, was</b>			CHARACTER OF CASE <b>ESPIONAGE - R</b>

**SYNOPSIS OF FACTS:**

THOMAS L. BLACK in signed statement furnished 6/23/51 advised he originally sought employment in Soviet Union in late 1933 or early 1934. Original contact in furtherance of this idea was GAY OVAKIMIAN, an Astorg official. BLACK furnished OVAKIMIAN various processes and formulae from his place of employment, the National Oil Products Company. OVAKIMIAN subsequently introduced BLACK to PAUL PETERSEN who was also a Soviet agent. BLACK states he realized early in relationship with PETERSEN that he was destined to become a Soviet espionage agent. He gave PETERSEN all information available at NPOCO. Shortly after meeting PETERSEN, BLACK introduced HARRY GOLD to him. BLACK was given various assignments by PETERSEN. He also states he gave PETERSEN fake reports on industrial processes. At direction of PETERSEN, BLACK joined Socialist Party and gathered information for Soviet superior. PETERSEN gave BLACK various presents. Following PETERSEN, BLACK was handled by "GEORGE" who was identified as SEMEN M. SEMENOV by BLACK. Following "GEORGE" BLACK was contacted by Dr. ROBERT SCHWARTZ from whom he received \$100. Dr. SCHWARTZ told BLACK he was to go to Mexico City and ingratiate himself with the Trotsky household. BLACK says he never went. SCHWARTZ has been identified by BLACK as being Dr. O. L. RABINOVICH of the Soviet Red Cross. After SCHWARTZ and in the period from late 1938 until 1940 the sequence of events is not clear to BLACK. He states the Soviet superiors during that period were principally interested in Trotskyite Intelligence information. Beginning in 1940 and continuing until the summer of 1945, BLACK was handled by "JACK." The information furnished to "JACK" was principally industrial in nature. Over a period of six months in 1944, BLACK received \$100 monthly from "JACK" while supposedly looking for employment. After a lapse of approximately two years, BLACK was recontacted by the Soviets. Arrangements for a meeting with "JACK" were made. This meeting took place in New York City. A photograph of JOSEPH KATZ was identified as "JACK" by THOMAS L. BLACK. A new contact by the name of "HYLEN" was arranged for BLACK. - He states he never met "HYLEN". At one time GOLD brought a potential

Reference is made to your letter dated April 30, 1951, stating that before Black's registration under the Internal Security Act of 1950 is solicited he should be summoned before a Federal Grand Jury for a thorough interrogation of his espionage activities.

In order that this case may be brought to a logical conclusion, it would be appreciated if you would advise the Bureau regarding the status of Black's registration under the Internal Security Act of 1950, as well as the status concerning his appearance before a Federal Grand Jury.

**DETAILS: AT WASHINGTON, D. C.**

**THOMAS L. BLACK, known espionage agent, has stated that, in 1935, he was instructed by his Soviet superior to locate a man named KIRKMAN (ph), who lived in East Rutherford, New Jersey. He was informed that KIRKMAN was a metallurgist, a graduate of Massachusetts Institute of Technology and had a hobby of microscopy. The name, RICHARD U. KIRKMAN, appeared on the membership list of the American Microscopical Society.**

**The United States Army Officers' Files, Pentagon Building, reflect RICHARD WINSTON KIRKMAN, Serial Number 0-332, attended the Military Academy at West Point from 1909 to 1913, and was commissioned June 12, 1913. He attended the Army War College, Washington, D. C., during the 1939-1941 term. In 1945, he was promoted to the rank of Brigadier General while serving in Europe and was retired effective as of September 30, 1946. His last address was listed as 221 West 3rd Avenue, San Mateo, California. The records disclose that from the time he was commissioned in 1913 to his retirement in 1946, he served continuously in the Corps of Engineers, USA.**

ReBulet 5-7-51 which stated the opinion of Assistant Attorney General James M. McInerney to the Philadelphia division. You were instructed therein to set out this opinion in the next investigative report from your office. A review of the Bureau file in instant case fails to reflect that this was done.

Philadelphia should set out the above-mentioned opinion in its next report.

Philadelphia should contact U.S.A. Gleason as to when Black will be summoned before a grand jury. You will recall that reflet of 5-7-51 reflected that the Department desired that Black be called before a Federal Grand Jury before he is requested to register under the Internal Security Act of 1950.

For your information the Bureau requested Mr. McInerney, by letter dated September 10, 1951, to advise the Bureau when Black's registration under the Internal Security Act of 1950 will be solicited as well as his status concerning his appearance before a Federal Grand Jury.

JAMES M. McINERNEY, Assistant Attorney General, Criminal Division, U. S. Department of Justice, furnished the following opinion by confidential letter dated April 30, 1951.

The matter of THOMAS L. BLACK was brought to the attention of GERALD A. GLEESON, United States Attorney, Eastern District of Pennsylvania, for an expression of his views with regard to prosecution of the subject under any Federal statutes. Mr. GLEESON has expressed the view that prosecution of the subject for a violation of the Espionage Statute is barred by the Statute of Limitations and prosecution of the subject for misprision of felony would be unsuccessful because the subject merely failed to disclose knowledge of the commission of a felony. Mr. McINERNEY also advised that the subject had engaged in espionage

### PURPOSE

To advise you that AUSA James P. McCormick, Philadelphia, Pennsylvania, advised that he anticipates summoning Black before a Federal Grand Jury shortly after November 4, 1951.

### BACKGROUND

You will recall that the Department by letter dated April 30, 1951, advised that prosecution of Black for violation of the espionage statute is barred by the statute of limitations and that prosecution of Black for misprision of a felony would be unsuccessful because Black merely failed to disclose knowledge of the commission of a felony. The Department advised that Black had engaged in espionage activities and therefore came within the purview of the Foreign Agents Registration Act as amended by Section 20a of the Internal Security Act of 1950. The Department therefore deemed it desirable that Black be summoned before a Federal Grand Jury for a thorough interrogation of his espionage activities before his registration is solicited.

The Philadelphia division has advised that AUSA McCormick has stated that Black will be summoned before a Federal Grand Jury shortly after November 4, 1951, at Philadelphia.

### RECOMMENDATION

None. The above is for your information. You will be kept advised of pertinent developments.

ASAC W. C. Hinze called me this morning and stated arrangements were being made by the USA's office in Philadelphia to have Thomas L. Black testify before a Federal Grand Jury relative to his espionage activities in conjunction with Harry Gold. You will recall that Black has been cooperative with our Agents in Philadelphia and has furnished details concerning his recruitment of Gold into Soviet espionage. Hinze said this case will be presented to the Grand Jury this week or next week. He stated that the Assistant U.S. Attorney is afraid if he gives the Grand Jury subpoena to the U. S. Marshal there may be some publicity concerning this matter and the USA has requested that the Bureau serve this subpoena. (u)

On December 18, 1951, THOMAS L. BLACK advised that he had been seriously considering taking a position as chemist with a new firm, The Manufacturers Chemical Corporation, 925 North 9th Street, Philadelphia. This firm is a subsidiary of the Clarkson Laboratories, 919 North 9th Street, Philadelphia. BLACK said he had been offered the position by MILTON SLOAN, a salesman at Charles W. Byrd Laboratories. SLOAN will be a partner in the new firm.

BLACK said the new firm would specialize in detergents for textiles, some of which might be utilized by the military branches of this Government. He added that the type work the new firm would be able to do would not involve classified work of any nature. He also said that he did not believe SLOAN had any knowledge of his past activities. BLACK asked if his taking a position with the new firm might not jeopardize this firm in securing military contracts.

He was told that the Bureau was in no way responsible for his actions in the past and the question of his changing jobs would have to be his own decision. He was told that it was not the policy or the function of the FBI to issue clearances for individuals.

BLACK advised that he understood the Bureau's policy, but did want our office to know that he was considering the job change, as well as the possibility that on the new job he would work on Government material of a non-classified nature.

During an interview conducted on January 10, 1952, THOMAS L. BLACK advised that he was turned down for the position previously set forth herein. He advised that he had informed MORRIS COPPERSMITH, a partner in the new firm, that he, BLACK, was the infamous TROX NILES in the Readers Digest article concerning HARRY GOLD of last May 1951. BLACK stated he did not go into any details as to his relationship with HARRY GOLD, but did inform COPPERSMITH that he had been friendly with HARRY GOLD. BLACK said as a result of this revelation on his part, the new firm is not considering him for the position of chemist any more.

The foregoing is submitted for your information.

CARL BUCHMAN  
November 23, 1951

In connection with this individual, BLACK stated he believed he had seen the person in the photograph of BUCHMAN taken in 1929. However, when shown the photograph of BUCHMAN taken in 1934, BLACK said he thought they were different people. He had no recollection of ever having seen the BUCHMAN in the 1934 photograph.

BLACK was of the impression he saw the BUCHMAN in the photograph of 1929 at the Socialist Workers Party Conference, held in Chicago, Illinois, on September 27 - 29, 1940. He had no recollection of BUCHMAN there as an official or in any other capacity, however, he felt he saw him there.

PH 65-4332

The fact that CARL BUCHMAN was a musician, singer, conductor and teacher of voice and piano, meant nothing to BLACK. The name C. CENDARS, an alias of the subject, was also of no significance to BLACK.

WALTER BERNSTEIN  
November 23, 1951

MADELINE ROSS  
November 23, 1951

Dr. MAURICE FROCHT  
November 23, 1951

BLACK stated that he was positive that he had seen this person before. He advised that he believed he had met this man on one occasion in a large six or eight room apartment in the Bronx near the Grand Concourse. BLACK said that he recalled on one occasion wandering about the Grand Concourse looking for a street that opened off of it. He believes that he was looking for the residence of the person shown to him in the photograph of FROCHT. He was not able to be more specific about the apartment or its location.

His reason for attending a party held in this apartment was in connection with raising money for the magazine "Soviet Russia Today." BLACK said this party was sponsored by the Friends of the Soviet Union. The party was in the nature of a buffet style dinner and every time food was picked up you were supposed to make a donation for the magazine, according to BLACK. The other people at the gathering were people of the intellectual type and not the "true proletariat", according to BLACK.

He advised that he has a recollection of talking to this man. He also associates some kind of an accent with this person, perhaps a German one. This person was described by BLACK as being smaller than average in height, and as being of average build and weight for his height. BLACK also said that he believed this person to be of dark complexion, with dark hair and a tendency towards baldness. He had no knowledge that the person he met was a doctor or that he was married. BLACK also advised that he associated the name KREBS with the photograph.

PH 65-4332

He stated that the name FROCHT meant absolutely nothing to him. The time of this party as nearly as BLACK could place it, was shortly after BLACK became a Communist Party member. It will be recalled that BLACK was issued a Communist Party book bearing #6878 in 1933 showing that he was admitted to the Communist Party in 1932.

In connection with RAEV, BLACK said the face was familiar, but he was uncertain that he had ever met him. It was pointed out to BLACK that he had originally tentatively identified this person as someone who had contacted him in 1939. BLACK at this time was not certain that he had met RAEV on more than one occasion and then only briefly. The possibility that RAEV might have acted as an alternate for Soviet contacts later than 1939 was also discussed. BLACK stated he was positive that if he met RAEV at all, it was prior to 1940. It was pointed out to BLACK that no record of RAEV's entry into the United States could be located for the pertinent period, but one for a later period was found. BLACK again stated he was sure that if he had met RAEV it was in 1939.

met THOMAS ALBION JACKSON. He stated he might possibly have met this person in New York City in the early 1930's. BLACK said before he became a Communist Party member he consorted with various left wing groups. One of these groups bore the name Technical Union or some name similar to that. It was BLACK's recollection this group was the forerunner of the Federation of Architects, Engineers, Chemists and Technicians. It was in the Technical Union that BLACK believes he might have seen or met this THOMAS JACKSON.

Re Philadelphia letter 1-17-52, which stated that Assistant USA James P. McCormick, who had been handling the Black case, died on January 14, 1952.

Philadelphia advised the Bureau on December 3, 1951, via telephone, that arrangements were being made by the U. S. Attorney's Office to have Black testify before the Federal Grand Jury relative to his espionage activities in connection with Harry Gold and others.

Philadelphia should contact the USA at Philadelphia to determine when Black will be called before the Federal Grand Jury.

As you have previously been advised, the Department has stated that no attempt will be made to procure Black's registration under the Internal Security Act of 1950 until the transcript of his testimony before the Federal Grand Jury has been examined.

Rebulet to Pittsburgh, 3/5/52.

For the information of the Bureau and Philadelphia, FRANK LAVERNE PALMER is presently in a constant travel status as a salesman for the publication "Supervision". However, PALMER was recently in contact with the Pittsburgh Office by mail and advised that he would contact Pittsburgh Agents in the near future during his next visit to Pittsburgh.

On April 23, 1952, Mrs. FRANK L. PALMER, nee WINIFRED MOORES, was contacted by SA THOMAS T. WILKINSON. Mrs. PALMER, it is noted, has been married to FRANK PALMER since 1930 and is known to have had contact with at least one of the Soviet principals with whom PALMER was in contact with during the mid 1930's.

During the interview with SA WILKINSON on April 23, Mrs. PALMER advised that she believed she could locate photographs of both herself and her husband which were taken about 1936 and she promised to forward these to the Pittsburgh Office at an early date. As soon as these photographs are received they will be forwarded to Philadelphia together with complete physical descriptions of both Mr. and Mrs. PALMER.

SUBJECT: THOMAS L. BLACK  
ESPIONAGE - R

DATE: 7/31/52

On July 24, 1952, THOMAS L. BLACK was interviewed by SA ROBERT G. JENSEN at the Philadelphia office of the FBI. During the course of the interview BLACK mentioned the article entitled, "Red Spy Masters in America," by J. EDGAR HOOVER, appearing in the August 1952 issue of the "Readers Digest." BLACK said he was somewhat apprehensive for his personal safety as a result of this article. He stated that it was rather clear much of the article applied to him by inference.

BLACK indicated that it would be apparent to the Russians as they read this article that he, BLACK, had been talking to the FBI. He related that in general much of the article can well apply to any former Soviet agent but certain specifications such as the enrollment in a western technical school and the unemployment insurance of \$100 a month applied to him. He said the Russians would also realize this. It was because of this, he felt that a representative of the Soviet would come to see him and seek to learn what he had told. He stated he was afraid reprisals of some sort might be taken because of his cooperation with the FBI.

COPIES DESTROYED

R 47 NOV 21 1960

It was pointed out to BLACK that his story of involvement in Soviet espionage as he told it, dealt with an unwilling agent who furnished nothing of great value and much in the way of ~~self-prepared and fake reports~~. On the basis of his story as he told it, it would not appear that he had been of much value or of any consequence to the Soviets. According, the Soviets would probably have little or no interest in him or his story unless there was something else BLACK had forgotten or neglected to tell about his espionage career. BLACK insisted that he had told the entire truth about his involvement in Soviet espionage, and he had withheld no information from the FBI. It was also pointed out to BLACK the possibility or probability of predicting the behavior of the Soviets in reaction to the above mentioned article could be done only by the Soviets themselves.

Of course, no advice was given to BLACK as to what procedure he should follow in the event of a contact by the Soviets. BLACK said he believed that in all probability no reprisals would be made against him by the Soviets, but he did want to make his feelings known in this matter.

He stated he would use his own judgment in the event of a recontact by the Soviets which he believed strongly would come. He stated he would stall the initial contact if at all possible and make an appointment for a later date. In the interim BLACK said he would notify the FBI of this contact. He said he have no hesitancy in becoming involved in the espionage again if the FBI were cognizant of his activities. BLACK indicated he would like to atone for his past activities and assist his country in the future if it were possible for him to do so.

In view of the impending Grand Jury appearance of BLACK in August, no overtures were made to BLACK to reactivate himself. He was, however, told to use his own judgment in the event of a recontact but to advise the Philadelphia Office of the FBI immediately. This he agreed to do wholeheartedly.

PURPOSE:

To advise that Black has expressed concern that reprisals may be taken against him by the Soviets as a result of the article "Red Spy Masters in America," which appeared in the August, 1952, issue of "Readers Digest" magazine.

BACKGROUND:

You will recall that Black is a confessed Soviet espionage agent who was active in the United States from 1934 to 1947 and was the person who introduced Harry Gold into Soviet espionage activity. The Criminal Division of the Department and the USA at Philadelphia have advised that Black will be called before the Federal Grand Jury in August, 1952, after which he will be requested to register under the Internal Security Act of 1950.

On July 24, 1952, Black, in conversation with Philadelphia agents, mentioned the article "Red Spy Masters in America," appearing in the August, 1952, issue of "Readers Digest" magazine. Black stated that it was clear that much of the article applied to him by inference, and Black indicated that it would be apparent to the Russians if they read the article, that he, Black, has been talking to the FBI. He related that in general much of the article can well apply to any former Soviet agent, but certain specifications such as the enrollment in a western technical school and the unemployment insurance of \$100 a month applied to him. It is true that Black is referred to by inference in the above referred to article. In view of Black's long service for the Soviets, and further, since it was necessary for the Bureau to seek out Black and interview him before he confessed, it is not believed that we need be concerned about any alleged fears of reprisals on the part of Black. Black has always maintained that he was not an important Soviet agent and that he did not give the Soviets any valuable information. This has been pointed out to Black and he has been reminded that if he has told us the truth about his importance, he should have nothing to worry about.

Black has stated that if he is contacted by the Soviets he will advise the Bureau immediately.

RECOMMENDATION:

None. The above is for your information.

Rebulet, March 5, 1952, and mylet, May 27, 1952.

Referenced Bureau letter instructed that a photograph and description of FRANK LAVERNE PALMER, who broke with GAIK OVAKIMIAN in 1938, be furnished to the Philadelphia Division in order that THOMAS L. BLACK, who is known to have worked for OVAKIMIAN, be interviewed to determine if PALMER may have been one of the unknown subjects who was in contact with BLACK.

Remylet setting forth that at that time a photograph of PALMER had not been obtained.

On October 10, 1952, MRS. WINIFRED M. PALMER, 320 Broughton Road, Pittsburgh, Pennsylvania, estranged wife of FRANK LAVERNE PALMER, furnished two photographs of herself taken approximately 1937 and 1949 and two photographs of FRANK LAVERNE PALMER taken approximately 1937 and 1951. A copy of each photograph is being furnished the Philadelphia Office for use in captioned case.

For assistance of Philadelphia Office if BLACK is interviewed concerning FRANK PALMER, the following is pertinent information concerning FRANK and WINIFRED PALMER's contact with GAIK OVAKIMIAN as has been furnished by the PALMERS: PA

In the fall of 1935 FRANK PALMER was introduced to OVAKIMIAN by an unknown girl in New York City. OVAKIMIAN at subsequent meetings expressed an interest in Trotskyites and autogiros.

In the fall of 1937 and again on December 25, 1937, the PALMERS met socially with OVAKIMIAN in Chicago, Illinois.

In May, 1938, OVAKIMIAN requested PALMER to steal the Trotskyites' membership list from the secretary's office in Chicago, however, PALMER refused to comply and as a result he and OVAKIMIAN discontinued their association.

Rebulet to Philadelphia 10/29/52.

On 11/25/52 Mr. ALFRED E. LUONGO, AUSA, EDPA, advised that he has not yet thoroughly reviewed the testimony given by subject before the Federal Grand Jury on 10/2,3 and 9/52. However, he stated that he felt certain that no prosecutive action will be brought against BLACK with regard to the Federal Espionage Statutes, primarily because BLACK's activities were confined to industrial espionage. He continued that he would thoroughly review BLACK's testimony to ascertain if BLACK violated the Perjury Statute and that he intends to submit a recommendation to the Department as to whether BLACK should or should not be prosecuted under the Perjury Statute.

Arrangements were made with Mr. LUONGO to review BLACK's testimony before the Federal Grand Jury in the near future.

Subject : DELAYS ON THE PART OF UNITED STATES ATTORNEYS

*n)* SAC Letter #53-13 dated February 10, 1953, instructed all field offices to review pending cases in all classifications in order to locate instances where the office of the United States Attorney has delayed in rendering a prosecutive opinion or where prosecutive action has been delayed subsequent to indictment, issuance of an information or complaint. Separate sheets were to be prepared for each classification and the following information furnished:

Complete title and character of case  
Bureau file number if known  
A brief resume of the delay on the part of the United States Attorney's office, and  
The reason for the delay, if known.

An original and three copies of each sheet were to be prepared.

Together with a copy of this memorandum each desk handling criminal violations is being furnished three copies of memoranda prepared by the field covering the classifications it handles. The original will be filed in the main 62- file maintained by the Bureau on the subject of "Relations With the United States Attorney's Office in Each District." Each desk should review the cases referred to in the memoranda and take such action as is necessary to bring the case to a logical conclusion at the earliest possible date. This will require writing to the Department in all instances where the delays on the part of the United States Attorney do not appear justified and consideration should be given to writing the Department in those cases where delays are apparent even though explained by reasons beyond the control of the United States Attorney. The field should be furnished with copies of any letters to the Department and all cases should be followed closely until closed. //

The action taken should be noted on a copy of the memorandum from the field which is to be routed to the file of the substantive case. A copy of the field memorandum may be retained as a tickler if not needed for filing purposes.

SUBJECT: THOMAS L. BLACK, was.  
ESPIONAGE - R

DATE: 4/21/53

Rebulet dated 1/30/53.

Pursuant to Bureau instructions in referenced letter, THOMAS L. BLACK was advised that any public disclosure on his part of the identity of his Soviet espionage superior "JACK" as JOSEPH L. BARTZ might impair future espionage investigations conducted by the FBI. BLACK stated that he would, of course, in the future refrain from making any statements relative to "JACK's" identity.

In regard to BLACK's testimony before the Federal Grand Jury at Philadelphia to the effect that he had identified his Soviet espionage contact "JOHN" from pictures in FBI files, BLACK stated that he believed that he had identified "JOHN" from pictures shown to him by SAs HOLMES and WELTE. However, he said that he might not have stated to the agents that "This is JOHN" but that in his own mind he felt that he had seen a photograph of "JOHN."

A review of Unsub, wa. JOHN; THOMAS L. BLACK, Informant, Espionage -R, (Bufile 65-59452, PH file 65-4377) reflected that BLACK had never identified "JOHN" from the photographs shown him in instant matter.

SA ROBERT W. HOLMES, who was handling BLACK during this period, advised that BLACK had never identified "JOHN" either from photographs or descriptions of possible suspects for "JOHN."

BLACK advised that due to the elapsed time he possibly is confused as to having identified "JOHN", and concluded that if he had identified "JOHN" from photographs or descriptions there would have been no reason for his not having positively made this identification to agents at the time.

Relative to BLACK's registration under the Foreign Agents Registration Act, as amended by Section 20 (a) of the Internal Security Act of 1950, he volunteered that he had received these registration forms from the Department of Justice dated 2/9/52, and had executed same approximately 2/17/53.

No further action is being taken by the Philadelphia Office, and the Bureau is requested to advise Philadelphia of the Department's decision relative to prosecutive action contemplated for violation of any Federal statutes.

ReBulet to Philadelphia 1-30-53, and Bulet to Assistant Attorney General Warren Olney III, 4-7-53, a carbon copy of which was designated for the Philadelphia Division.

It is noted that Black testified before the Federal grand jury in Philadelphia in October, 1952. Philadelphia letter of 1-16-53, reflected that AUSA Alfred L. Luongo desired to sift through Black's testimony before the Federal grand jury for a possible perjury violation. As Philadelphia is aware the Black case has been pending for several years. The Bureau desires that this case be brought to a conclusion without further delay. The U.S. Attorney at Philadelphia should be contacted and you should bring to his attention the long delay in this case. You should determine from him as to when he contemplates arriving at an opinion in this case. You should advise the Bureau immediately as to the U.S. Attorney's comments in order that the Criminal Division of the Department may be followed closely.

There is attached hereto a copy of a letter from the Criminal Division dated 4-10-53, reflecting that Black registered on February 24, 1953, under terms of the Foreign Agents Registration Act of 1938, as amended by Section 20 (a) of the Internal Security Act of 1950.

Two copies of the Bureau's memorandum to the Criminal Division regarding Black's registration statement is attached for the information of the Philadelphia Division.

Re Seattle letter dated 7/16/53 captioned "THOMAS L. BLACK, was., ESPIONAGE - R; ESPIONAGE - MISPRISION OF FELONY" (Bureau File 65-59181).

Briefly, the Seattle interest in both the captioned and the BLACK case is that DOWNING, an employee at the Hanford Operations Office, is an associate of subject BLACK, an admitted Soviet Espionage Agent. There is no indication that DOWNING was aware of BLACK's espionage activities; however, the BLACK case has been maintained in a pending status in the Seattle Office to report the results of action taken by the AEC in determining the security clearance of employee DOWNING. Information has just been received that the Personnel Security Branch of the AEC, Washington, D. C., on 10/2/53, concurred in the recommendation of the local Personnel Security Board at the Hanford Operations Office to reaffirm the employee's security clearance.

The Seattle Office will continue to follow DOWNING's status each six months under the above captioned, and the Philadelphia and Newark Offices will be immediately advised of any pertinent developments in connection with the BLACK case.

It is suggested that the Bureau may desire to request this office to submit a Cinrad letter concerning DOWNING.

-----  
Reference is made to Newark air-tel 6/28/53.

There is being set out below full details of the interview with WALTER A. DI SALVO.

*G.P.*

On 6/16/53 WALTER A. DI SALVO, 237 Prospect Ave., North Arlington, N.J., telephonically contacted the Newark Office and requested that an agent contact him in regard to a matter pertaining to TOM BLACK.

DI SALVO was interviewed at his residence 6/17/53 by SA BLAKE E. TURNER. He stated he is presently employed as a Senior Chemical Engineer at the Colegate Palmolive Peet Co., 105 Hudson St., Jersey City, N.J. He said he was formerly employed from 2/6/41 to 4/1/53 as a Chemical Engineer in Charge of the Pilot Laboratory at the Nopco Chemical Co., Harrison, N.J.

DI SALVO stated he had just received a letter from one JOHN J. DOWNING, whom he knew to be a former Nopco employee, in which DOWNING requested DI SALVO to furnish an affidavit explaining the nature of his association as a fellow employee with TOM BLACK, who according to the letter, had admitted involvement in an atomic espionage ring.

DI SALVO then presented instant letter to the agent, together with the envelope in which it came. The envelope was postmarked at Richland, Wash., 6/13/53, and addressed to DI SALVO at the Nopco Chemical Co., was marked "Personal and Confidential" and the letter itself was signed "JOHN J. DOWNING."

The letter reads as follows:

Letter to Director  
NK 65-4074

"As you know, I sublet Black's apartment for a short period in 1946 and he told me that on my departure, he was subletting it to you. I feel sure that your association with Black was as innocent as mine was and I request that you give me a statement, preferably notarized, to the effect that you sublet the apartment and had other contacts with him without being aware of any disloyal acts or attitudes on his part. I am asking others in Nopco who also knew Black without being aware of his secret life to furnish me similar statements.

"Sincerely

"s/ JOHN J. DOWNING."

DI SALVO stated he knew THOMAS BLACK casually as a fellow employee at Nopco from about 1941 to 1944. BLACK was a Chemist who specialized primarily in bacteriology. BLACK also worked in a different building than DI SALVO.

DI SALVO stated he never sublet BLACK'S apartment as indicated in DOWNING'S letter, and further, that he was at a loss to understand why either BLACK or DOWNING would say this, since he had no such arrangements with BLACK at any time.

DI SALVO said he did visit BLACK'S apartment located in the Prudential Apartments on Raymond Boulevard in the Iron Bound Section of Newark on one occasion. This was at BLACK'S invitation and DOWNING was accompanied by another Nopco employee whose name DI SALVO recalls as JOE CAPANOLA (PHONETIC).

DI SALVO said this visit lasted approximately two hours, and that most of the time was taken up by BLACK who engaged in a long tirade of criticism against DI SALVO'S superior, Dr. ROLAND KAPP, Research Director at Nopco.

DI SALVO said this was his only actual association with BLACK with the exception of occasional business contact at the Nopco Plant. He said that at no time while he knew BLACK did he ever suspect or have reason to suspect that BLACK engaged in espionage. He said that prior to the receipt of DOWNING'S letter, he had no knowledge concerning BLACK'S alleged espionage activities.

Letter to Director  
NK 65-4074

DI SALVO said he recalled that Dr. KAPP appeared to be a close associate of BLACK and that the latter visited KAPP'S residence, according to other Nopco employees. He also recalled that BLACK was friendly with one LEO MOSCH, Safety Engineer at Nopco. He said that MOSCH apparently corresponded with BLACK since MOSCH was aware of BLACK'S whereabouts and employment after BLACK left Nopco. DI SALVO said he believed that both Dr. KAPP and LEO MOSCH were loyal Americans.

DI SALVO said that one JACK FASS, who worked for Dr. KAPP in the same department as DI SALVO, was also a close associate of TOM BLACK.

DI SALVO said he understood that FASS and BLACK later went into business together in Phila.

DI SALVO also said he heard, but did not know of his own knowledge that BLACK also had a close friend named ERNIE SEGESSMAN.

With respect to JOHN DOWNING, DI SALVO said he knew DOWNING even less than he had known BLACK, and in this respect, he was amazed that DOWNING would even remember him. He said that DOWNING was employed at Nopco when he, DI SALVO, became employed there, but that three or four months later, DOWNING was transferred to another part of the plant, after which time they had no contact whatsoever. DI SALVO could only recall one conversation which he had with DOWNING which pertained to their work, and which lasted only about five minutes. DI SALVO said he understands DOWNING entered the Armed Services while employed at Nopco and that he later returned, although DI SALVO never saw him thereafter.

DI SALVO said he has neither seen nor heard of BLACK since the latter left Nopco, and he has not heard from DOWNING, nor seen him until he received the above letter.

DI SALVO said that he believes DOWNING worked for the most part at Nopco under a CHARLES DRYDEN, now employed by an unknown research institution somewhere in Ohio. He stated he had no knowledge of the loyalty or character of DOWNING, but that he saw nothing which would indicate disloyalty on the part of DOWNING. DI SALVO said he has never corresponded with DOWNING.

Letter to Director  
NK 65-4074

DI SALVO stated he learned that about six other employees at Nopco received similar letters from DOWNING requesting affidavits to DOWNING'S character, loyalty and associates. Two of these employees known to DI SALVO were LOUIS ROSENBERG and JACK LEVY. DI SALVO pointed out that his letter, however, was different from the others because of the allegation that he, DI SALVO, had once sublet BLACK'S apartment. He also stated that all of the other recipients of letters from DOWNING actually knew DOWNING by virtue of their business association.

DI SALVO stated he as well as the other Nopco people are ignoring DOWNING'S request and plan to take no action such as submitting the affidavits which DOWNING requested.

DI SALVO further stated that DOWNING'S letter addressed to him was delivered to him by one MARTIN TOBKES, a Nopco employee, inasmuch as the letter was addressed to the Nopco Chemical Co.

Newark files reflect that one JOHN DOWNING was a fellow employee of THOMAS L. BLACK at the Nopco Chemical Co., and that DOWNING, together with his mother, at one time occupied BLACK'S Newark apartment.

DOWNING later left Nopco for employment at the Cresta Blanca Winery in Calif.

JACK FASS and ERNEST SEGESSMAN, mentioned above, have already been identified in this matter.

The above is being furnished for the information of the Bureau, Phila. (office of origin) and Seattle in the event DOWNING is presently involved in a loyalty hearing procedure or has access to classified information. No further action is being taken at Newark.

The above letter to DI SALVO from DOWNING is being retained in the Newark files.

Reference is made to Newark airtel to the Bureau and Seattle dated June 18, 1953, captioned as above, and Newark airtels June 24 and 25, 1953, captioned "JOHN JOSEPH DOWNING - HA-20515, AEAA".

All references concern the activities of JOHN JOSEPH DOWNING, HA-20515, an employee of the Atomic Energy Commission, Hanford Operations Office, Richland, Washington.

The files of the Security Division, AEC, Richland, Wash., were reviewed concerning DOWNING and discussed with FRANK J. McHALE, Chief Security Division, AEC. Mr. McHALE advised that in view of the serious nature of this case a hearing board had been called to ascertain whether or not DOWNING would continue with his "Q" clearance at the Hanford Works. McHALE also advised he had been transferred from his job and placed in work in construction activities until the adjudication of this case.

The files reflected that on June 25, 1953 in answer to an inquiry from the Security Division as to the implications of removing DOWNING from his employment in the SF Accountability Section of AEC resulted in a reply from the Head of the Operations Division, AEC, DON G. STURGES, giving the following information:

COPIES DESTROYED

NOV 21 1960

His memorandum states that DOWNING was employed as the principal technical analyst for the Hanford Operations Office on sources and fissionable material in the accountability program at this site. Memorandum states, "It is his responsibility to analyze all of the plant material, balance reports submitted by the operating contractor to insure that no explainable losses of material are incurred"; also, "to initiate investigative action to determine the source of such abnormal losses and to request appropriate corrective action to minimize or eliminate the losses". STURGES in this memorandum states that the man would be difficult to replace.

The file further revealed that a hearing board had been convened and that a hearing was set for July 7, 1953 and the results of this hearing will be immediately furnished to the FBI.

It was noted in the exchange of the letters between the management and the subject concerning his hearing that he stated in one letter he first realized the implications of his associations with THOMAS L. BLACK when he read about BLACK in the "Atom Spies" by O. PILAT in November or December 1952. At that time he stated he went to his supervisor and immediately offered to contact the FBI or AEC Security and outline the exact extent of this acquaintanceship. He was told that they did not feel this was necessary until he was asked.

Mr. McHALE on a confidential basis indicated his displeasure with the fact that an emergency "Q" had been granted to DOWNING on September 5, 1952. The Bureau completed their investigation on October 27, 1952 and then were asked for supplemental investigation. This was completed on March 16, 1953, and since that time no decision was ever reached as to whether or not the subject would continue with his clearance, which it is noted he has had since September 5, 1952.

The files of the Seattle Office in instant case regarding THOMAS L. BLACK contain information that BLACK was an informant concerning a Soviet contact who was known to BLACK as "JOHN" under the name of "KARL" or "CARL". The following description of this individual was given by BLACK:

Race:	White
Sex:	Male
Age:	Early 30's in 1939
Height:	Approximately 5'10"
Weight:	160 lbs.
Build:	Thin, well built
Hair:	Yellow, blond, wavy
Eyes:	Light blue

The description of DOWNING as obtained from his PSQ at the Hanford Operations Office of AEC at Richland is as follows:

Race:	White
Height:	5'11"
Weight:	168 lbs.
Hair:	Brown
Eyes:	Brown
Marital status:	Married
Born:	April 4, 1915, Newark, N.J.
Social Security Number:	147-05-6400
CWS:	32604363 (1/6/43 - 1/6/46)

SE 65-3095

However, it is noted that BLACK has been interviewed twice about DOWNING and on both occasions has indicated that DOWNING is an entirely loyal American who has never had any contact with any Soviet espionage.

As soon as this office obtains information concerning the results of the hearing board, which has been convened by the AEC concerning DOWNING's continued access to confidential data, the Bureau and interested offices will be notified.

Thomas Lessing Black was born July 5, 1907, at Bloomsburg, Pennsylvania. He has admitted becoming involved with the Soviets in 1934 when he and Ferdinand P. Heller went to Amtorg, New York City, to inquire about seeking employment in Russia. At Amtorg, Black and Heller met Gaik B. Ovakimian, Soviet espionage agent operating in the United States in the 1930's. Black has admitted contacting and sometimes furnishing information to Ovakimian and subsequent Soviet espionage superiors, Paul Petersen, Carl, George (Semen Markovitch Semenov), Dr. Robert Schwartz (Gregori L. Rabinovitch), John, and Jack (Joseph Katz) from 1934 to 1947. The information consisted of industrial secrets of various companies by which Black was employed. Information concerning penicillin and sorbitol (the source of Vitamin C) was passed. None of the information furnished has been determined to have been of a classified nature.

Black has admitted that his Soviet superior, Gregori L. Rabinovitch, in 1938 wanted him to go to Mexico to work his way into the household of Leon Trotsky (one of the founders of the Communist Party, USSR, who was murdered in Mexico in 1940) in order to get complete information regarding the household. Black stated he refused this assignment. Black admitted acting as a courier for his Soviet superior, Joseph Katz, in 1944 or 1945 in that he delivered \$100.00 and a message to William W. Stapler (deceased). Katz advised Black that the Soviets had purchased technical information from Stapler in the past. Stapler was an employee of the Hercules Powder Company, Wilmington, Delaware. Black admitted receiving \$100 from Soviet superior Rabinovitch to defray medical expenses in 1939, and six monthly payments of \$100 each from Soviet superior Katz in the last half of 1944. He also received expense money and various gifts from Soviet contacts. Harry Gold admitted in a signed statement dated June 2, 1950, that he was initiated into Soviet espionage activity by Thomas L. Black, a chemist, in the Spring or Summer of 1935. Black asked Gold if he could get information from the Pennsylvania Sugar Company, Philadelphia, Pennsylvania, relative to processes. Black explained that he, Black, was in contact with a Russian at Amtorg, New York City,

and that Black had been giving this Russian chemical processes of the National Oil Products Company, his employer. Gold admitted that in the latter part of 1935 he went to New York City with Black where Black introduced him to Paul Smith, who was Gold's first Soviet espionage superior.

Black has registered under terms of the Foreign Agents Registration Act of 1938, as amended by Section 20 (a) of the Internal Security Act of 1950. A Photostat of Exhibit G is on file in the main case file. The Criminal Division of the Department advised by memorandum dated 4-30-51, and again by memorandum dated 5-20-53, that no prosecutive action is contemplated against Black for violation of any Federal statutes. The Criminal Division advised that Black's registration statement is being withheld from public examination in view of the fact that Black has indicated that he will report any contacts by Soviet agents to the FBI.

Full dissemination has been made to the Criminal Division of the Department and to the United States Attorney at Philadelphia. Black is on the Security Index. All see references have been reviewed and all pertinent information is in the main case file. A closing report is in file and it is recommended that this case be closed.

RECOMMENDATION:

That this case be closed.

Remylet 5/11/54 in case entitled "THOMAS LESSING BLACK, was. ESPIONAGE - R, INTERNAL SECURITY ACT OF 1950."

THOMAS LESSING BLACK was born as TASSO LESSING BLACK at Bloomsburg, Pa., on 7/5/07, the son of ALFRED BRUCE and MARY HELEN BLACK. His mother died in 1910 and his father subsequently remarried in 1919 to Mrs. LOIS BLACK.

BLACK, a white male, obtained his grade and high school education in Bloomsburg, Pa., and subsequently entered the Pennsylvania State College, State College, Pa., attending from 1925 through 1929 without graduating because of low grades. He, upon completion of his education at Pennsylvania State College, was employed as a Control Chemist by the American Cyanamid Company, Linden, N. J. He then became employed as a Chemist for the Holbrook Manufacturing Company of New York, N. Y. (1930-1933). He then worked as an Analytical Chemist for the National Oil Products Company in Kearney, N. J., until 1944. He then acted as a Consultant for the Fine Organics Laboratory of Lodi, N. J., for approximately one year, and in 1945 became employed as a Consulting Chemist for the Charles W. Berg Laboratories, 1827 North Fifth Street, Philadelphia. BLACK, now residing at 530 West Berks Street in Philadelphia, continues to retain the above employment with the Berg Laboratories.

It is noted details of his activities and past residences appear in the Philadelphia report of SA WILLIAM B. WELTE, JR., dated 7/26/50.

BLACK, since the mid-1930's to 1950, participated in or was associated with various aspects of Soviet espionage activities within the United States. He was also a member of the Communist Party in the mid-1930's, and, at the behest of his Soviet superior, conducted espionage into Trotskyite activities within the SWP in the late 1930's. This

activity was centered principally in the vicinity of Newark, N. J., and the immediate surrounding northern New Jersey cities. He has provided this office with details of his past activities and has readily provided information that has led to the identity of his various Soviet superiors and American contacts. As pointed out in the referenced letter, BLACK made positive identification on 1/20/54 of NIKOLAI NIKOLAEVICH ERCHOV as being his temporary Soviet superior during the period 1939-1940. BLACK has maintained a friendly, cooperative attitude toward the Bureau.

Credit records of the Philadelphia Credit Bureau, Inc., Philadelphia, and the files of the Philadelphia Police Department Record Room - Detective Division and the Intelligence Squad fail to reflect any record of THOMAS LESSING BLACK.

The following description is set forth as obtained from personal observation of interviewing agents and as provided by BLACK:

EXPLOSION OF CHEMICAL STORAGE TANK  
CHARLES W. BERG LABORATORY  
Philadelphia, Pennsylvania  
October 28, 1954  
SABOTAGE

Supervisor Norris Harzenstein called from Philadelphia on the afternoon of November 4, 1954. He advised that Thomas L. Black, who has been the subject of an espionage investigation, came to the Philadelphia Office this afternoon (11/4). Black was an associate of Harry Gold, and in that case we conducted extensive investigation and Black admitted contacts with the Soviets in connection with industrial espionage. Black denied obtaining any classified material for the Soviets, and the net result of the investigation was that the Department declined prosecution but required his registration under the Foreign Agents Registration Act as one who had received instructions in espionage.

Black is an employee of the Berg Company. He advised that during the intensive investigation being conducted by police agencies, he and other employees are being subjected to intensive inquiries and that he has been called upon to give testimony at a hearing, and did give such testimony on 11/4. Black states that the company officials are attempting to place the blame for the explosion, which, incidentally, resulted in the death of a number of people, on employees. Black stated that he desires to be placed in touch with Captain Driscoll, of the Philadelphia Police Department, who is handling the investigation, so that he can talk with Driscoll privately. It appears that Black's association with Soviet espionage in the past will come to light and that, anyway, he thinks his position would be better if he at this time discloses to Captain Driscoll his background. Harzenstein requested advice as to what action should be taken by the Philadelphia Office.

ACTION:

I told Harzenstein that Black should be informed that if he wants to contact the Philadelphia Police Department

in connection with its investigation, that is a decision for him to make; that the Bureau will not advise him in this regard and that if Black decides to make such a contact, he should do it himself and not request the Bureau to make arrangements for a private interview.

I told Harzenstein that the question of Black's advising the Philadelphia Police Department of his background and involvement with the Soviets is, again, a matter for Black to decide and that the Bureau can offer him no advice in this regard.

ESPIONAGE - R

Re mytels 11-4-54 and 11-5-54 advising of BLACK'S contact with the Philadelphia PD and District Attorney's office re telephonic instructions by Mr. CLEVELAND of the Bureau to this office November 8. For the Bureau's further information on 11-11-54 FRANK BROOKHOUSER, columnist for the Philadelphia Bulletin, carried as his lead paragraph the following:

"One of the most sensational stories turned up in the probe of that North Philadelphia chemical plant explosion which claimed the lives of ten firemen still hasn't come out. If it ever does, it will be a shocker. Involves one of the key men at the plant. Both the DA's office and the police have the facts."

On 11-16-54 Sergeant JOHN J. SCHMIDT of the Homicide Division, Philadelphia PD contacted this office in a routine manner to advise that BLACK had furnished the PD with a signed statement in which he admitted that he was a former Soviet espionage agent and further stated that subsequent to 1951 he had been cooperating with the FBI and was presently on call by the FBI. Further, that he was making the statement at the consent of the FBI. Sergeant SCHMIDT desired to know whether BLACK was cooperating with us or whether he had lied in an effort to protect himself. On 11-17-54 Sergeant SCHMIDT was furnished with the information specifically authorized in Mr. CLEVELAND's telephone call, namely, that BLACK had registered under the Foreign Agents' Registration Act, that his statement was withdrawn by the Attorney General in accordance with Section 6 of that Act, and that the statement was part of the confidential files of the Department of Justice. SCHMIDT was not advised of BLACK's past cooperation with the FBI. He said, however, that the information furnished was sufficient for his purposes.

OCTOBER 28, 1954  
SABOTAGE

*Branigan*  
*Branigan*

The Philadelphia Police Department has advised they are presently investigating Black's Communist background and have requested information of the Philadelphia office.

By teletype dated 11-4-54, the Philadelphia office requests permission to furnish Philadelphia Police Department with information contained in Black's Registration Statement and fact that Black has been cooperative past few years with Philadelphia office.

On morning of 10-28-54, a chemical storage tank at Charles W. Berg Laboratories, Philadelphia, Pennsylvania, exploded while being examined for source of escaping vapors. Explosion resulted in death of 1 Deputy Fire Chief and 2 Battalion Fire Chiefs, as well as injury to 20 firemen and 3 policemen. Thomas L. Black is presently employed Berg Laboratories. Arrests are imminent for negligence in storing chemicals. Black believes due to knowledge of his past activities by Eric Berg, partner Charles W. Berg Laboratory, attempt will be made to make Black scapegoat of explosion. Black is registered as a foreign agent. His registration statement has not been made public to date, although his identity as a Soviet agent has been reported to Congress.

Black was born July 5, 1907, at Bloomsburg, Pennsylvania. He has admitted becoming involved with Soviets in 1934 when he and Ferdinand P. Heller went to Amtorg, New York

City, to inquire about seeking employment in Russia. At Amtorg, Black and Heller met Gaik B. Ovakimian, Soviet espionage agent operating in United States in 1930's. Black has admitted contacting and sometimes furnishing information to Ovakimian and subsequent Soviet espionage superiors 1934 to 1947. The information consisted of industrial secrets of various companies by which Black employed. Information concerning penicillin and sorbitol (the source of Vitamin C) was passed. It was Black who first recruited Harry Gold introducing Gold to Gold's first Soviet espionage superior. All information developed concerning Black has been disseminated to the Department and the Criminal Division declined to prosecute Black.

Black on February 25, 1953, filed with the Foreign Agents Registration Section of the Department of Justice under Section 20 (a) a statement in which he furnished a resume of his espionage activities. The Criminal Division under date of April 10, 1953, asked the Bureau if this statement should be made public. By memo of April 27, 1953, we furnished the Criminal Division the facts concerning Black's cooperation with us but stated we did not desire to make a recommendation for or against the withdrawing from public examination of his registration statement. By memo of May 20, 1953, the Criminal Division stated the statement was being withheld from public examination.

RECOMMENDATION:

In view of the request of the Philadelphia Police Department for information on Black, it is recommended that we immediately contact the Internal Security Division of the Department pointing out the facts in this matter and determine if they desire the registration statement of Black made available to the Philadelphia Police Department which in effect will make the statement public.

If the Internal Security Division desires to do this and desires we make a copy available to the Philadelphia Police Department we will inform the Philadelphia office to make a copy available to the Police Department.

The Philadelphia office will be instructed not to make any statements as to Black's cooperation in the past with that office.
