seemed to have a "serious alcohol problem", which is what led to his discharge. He stated that he never had a conversation with Page about his drinking because at the time everyone in the Army drank.

He knew that Page believed in the white supremacist ideology. Page would not talk about it at work, but while out at parties or other social gatherings is when Page would vent or talk about his frustrations related to race. Page would often talk about the "racial holy war", and told them that they all needed to prepare for it.

He believed that there were a couple of events that happened at Fort Bragg which helped develop Page's ideology. On [REDACTED] there was a white soldier walking out of the IHOP restaurant who was jumped by 4 or 5 Black civilian men. The soldier, [REDACTED] was put in a coma. There was another incident on [REDACTED] two soldiers from the 82nd Airborne went into town looking to harass Black individuals, they shot and killed two civilian Black individuals. The soldiers, [REDACTED] were arrested. Page thought that [REDACTED] was a hero for that incident. In [REDACTED] there was a graffiti incident where 6 doors were tagged with Swastika's - 5 of the doors belonged to Black individuals. Page thought it was a good thing.

b6
b7C

The entire base was a "recruiting ground." The non-Airborne side was "gangland", and the Airborne side was "white supremacists." PSYOPS was in the middle.

Before page left the Army he started getting into racist music. His favorite band was RaHoWa (A Canadian white supremacist band who's name is an abbreviation for Racial Holy War). Page read two books related to white supremacy. One was "The Turner Diaries" that Page gave to him and told him to read. He took it from Page, but never read it. Page told him that it was about a sniper who would shoot non-white's and hang them from a lamp post. Page talked about wanting to do that himself - he fantasized about being the sniper in the book. He can't remember the title of the second book.

[REDACTED]
[REDACTED] Page thought he looked like the perfect Aryan. [REDACTED]
[REDACTED]
called him a race traitor. Page [REDACTED] got into some pretty serious arguments.

b6
b7C

He and the other guys took it upon themselves to keep an eye on Page because of his depression and alcohol use. He thought they had been doing a good job. He believes that Page must have had some other outside influence that they did not know about. He may have been hanging out with people who shared his ideas. Page was staying just under the radar with his drinking.

In late 1997 or 1998, Page was living in the barracks and had gone out drinking over the weekend. Page missed formation and eventually showed up to work still intoxicated. Page was demoted for that incident and was given an opportunity to get treatment. Page had thirty days to decide if he would accept the treatment or be discharged from the Army. The group tried to convince Page to get the treatment and stay in the Army, but Page chose to get out. Thirty days later Page was gone. He said it was like Page had just given up and was down on everything.

In 2000, Page called him from California and told him that he was planning a motorcycle ride across the country to visit all of his Army buddies. Page came to his house [REDACTED] and stayed for a week. Page told him that he was currently living on the street and could not find a job. Page [REDACTED] was in a racist band named Youngblood, but [REDACTED] the band kicked him out, which is what prompted the road trip. Page had some racist tattoo's and was very proud of them.

b6
b7C

In 2001 or 2002, he received an e-mail from Page stating that he was in a new band named Max Resist and they were going to Europe to play. Page sent him one of their fliers. Page was proud that he was going to perform in Germany.

The last contact was when Page called him and told him that he was going through truck driving school, and he was going to be driving through his town with his instructor. [redacted] After being advised of the identity of the interviewing Agents and the nature of the interview, [redacted] provided the following information:

[redacted] knew WADE MICHAEL PAGE from the white power band scene. [redacted] has played in several different white power bands [redacted] but PAGE typically played in the band DEFINITE HATE. PAGE was originally from California and later moved to North Carolina. [redacted] was not aware that PAGE moved out of North Carolina. [redacted] described PAGE as an "Asshole." [redacted] heard that PAGE went missing for almost a month prior to the shooting. [redacted] believes that PAGE's motivation for the shooting has something to do with [redacted] Last Name Unknown (LNU). [redacted]

b6

[redacted] is not aware of what exactly [redacted] [redacted] claims that he is just a musician and a skinhead that does not belong to any particular skinhead group. [redacted] believes that PAGE's situation was similar (that he did not belong to a particular group). [redacted] wishes that PAGE would have said something to anyone before the shooting. [redacted] does not endorse violence. [redacted] has a background in [redacted] and believes in white issues but endorse politics over violence.

Title: (U) FAVIAU dash cams request
Re: 266N-MW-2440609, 08/17/2012

On 5 August 2012, Milwaukee Field Office (MW) was notified of an active shooter situation at a Sikh temple in Oak Creek, Wisconsin. Wade Michael Page opened fire on temple attendees at approximately 11:24AM EST. Page killed six and wounded four attendees inside and outside of the temple. Page exited the temple after the shooting and fired at a responding OCPD officer. During the firefight, Page shot and wounded the officer. A second OCPD officer returned fire and shot Page. The second officer then heard another shot after Page fell. MW has surmised that Page shot himself in the head after he was wounded by the second officer.

OCPD provided MW with dash camera footage from squad vehicles recorded during and immediately following the shooting incident. The footage was transferred to DVD on Windows Media Video file format. MW requests that all dash camera footage be combined so that all video files can be seen in sync and on one screen simultaneously for further exploitation of actionable intelligence that may be contained within the footage.

Details:

On 08/05/2012, at approximately 10:45 a.m., Wade Michael Page, DOB 11/11/1971, SSAN 524-37-2426 was initially identified as an Active shooter involved in the shooting of multiple victims at the Sikh Temple of Wisconsin in Oak Creek, 7512 South Howell Avenue, Oak Creek, Wisconsin. Oak Creek Police Officers responded to the shooting and subsequently engaged Page in the Sikh Temple parking lot. During the altercation, Page shot and seriously wounded one Officer, before he was shot by another Officer and then apparently killed himself at the scene. Seven fatalities resulted from the incident. Two victims, and Page, were found deceased outside the Temple; and, four other victims were found deceased inside the Temple.

Investigation to date has determined Page was the only individual

responsible for the shooting of the six victims.

Investigation is focusing on following up with any leads to locate/interview any pertinent associates of Page to further rule out that he was the only individual responsible and who had prior knowledge of the incident.

MW ERT, assisted by Laboratory personnel from FTU and OPU, collected evidence including: shell casings, bullets, metal fragments, and firearms from the Temple and parking lot. Thirty 9mm shell casings, five 223 shell casings, and one 45 shell casing, were found outside the Temple. The thirty 9mm casings were located throughout the lot. The single 45 shell casing was located in the lot near a Heckler-Koch 45 caliber handgun belonging to the wounded Officer.

Regarding the 223 shell casings, three were located inside the Oak Creek PD vehicle driven by the Officer who shot Page, and, two were located on the driveway leading up to the Temple parking lot.

Twenty-two 9mm shell casings were found inside the Temple, throughout the building. Additional physical evidence was acquired from the Milwaukee Police Department (MPD), which investigated the Officer involved shooting, Froedtert Hospital, and the Milwaukee County Medical Examiner's Office. Pertinent evidence, along with an ERT Casebook documenting the search, will be forwarded to the Laboratory. FBI MW requests the assistance of the Laboratory Division, Firearms-Toolmarks Unit to generate a shooting incident reconstruction report.

On 08/05/2012, at approximately 10:45 a.m., WADE MICHAEL PAGE, DOB 11/11/1971, SSAN 524-37-2426 was initially identified as an Active shooter involved in the shooting of multiple victims at the Sikh Temple of Wisconsin in Oak Creek, 7512 South Howell Avenue, Oak Creek, Wisconsin. Oak Creek Police Department (OCPD) Officers responded to the shooting and subsequently engaged PAGE in the Sikh Temple parking lot. During the altercation, PAGE shot and seriously wounded OCPD

Officer [] before he was shot by another responding OCPD Officer [] PAGE then apparently shot himself at the scene. Seven fatalities resulted from the incident. Two victims, and PAGE, were found deceased outside the Temple; and, four other victims were found deceased inside the Temple.

b6
b7C

Investigation to date has determined PAGE was the only individual responsible for the shooting of the six victims.

Investigation is focusing on following up with any leads to locate/interview any pertinent associates of PAGE to further rule out that he was the only individual responsible and who had prior knowledge of the incident.

MW ERT, assisted by Laboratory personnel from FTU and OPU, collected evidence including: shell casings, bullets, metal fragments, and firearms from the Temple and parking lot. Thirty 9mm shell casings, five 223 shell casings, and one 45 shell casing, were found outside the Temple. The thirty 9mm casings were located throughout the lot. The single 45 shell casing was located in the lot near the Heckler-Koch 45 caliber handgun belonging to Officer []. Regarding the 223 shell casings, three were located inside the Oak Creek PD vehicle driven by Officer [] and two were located on the driveway leading up to the Temple parking lot. Twenty-two 9mm shell casings were found inside the Temple, located throughout the building. Bullets and metal fragments were found both inside the Temple and outside in the parking lot. Additional physical evidence was acquired from: the Milwaukee Police Department (MPD), which investigated the Officer involved shooting; Froedtert Hospital; and the Milwaukee County Medical Examiner's Office.

b6
b7C

FBI MW requests the Laboratory to conduct examinations of the submitted 58 shell casings, and numerous bullets and metal fragments, to determine which of these items can be associated with any of the three submitted firearms: Page's Springfield 9mm handgun; Officer [] Heckler-Koch 45 handgun; and, Officer [] Rock River Arms, 5.56mm semi-auto rifle. DNA and fingerprint examinations are requested

[redacted] date of birth (DOB) [redacted] was interviewed at [redacted]. After being advised of the identity of the interviewing agents and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] would not acknowledge any association with Label 56 or Maryland Skinheads (MDS) stating that he didn't want to comment on it. Even after the interviewing agents' stated that there was plenty of open source information, including photos, on the Internet that showed [redacted] [redacted] Label 56 and MDS, he still wouldn't positively acknowledge anything [redacted] did not deny it either).

b6
b7C

[redacted] was asked about any association/relationship that he had with Wade Page and he advised that he did not have any personal relationship with Page, it was only a business association. [redacted] initially discovered Page's music on myspace.com and began communicating with Page on myspace. [redacted] was vague and evasive on when he met Page, but somewhere around the beginning to mid 2010 [redacted] conducted an e-mail interview with Page in reference to Page's band, End Apathy. He did acknowledge that he saw Page at the Label 56/MDS sponsored concert held in Northeast, MD during the fall of 2010, but would not comment on any interaction that he had with him. End Apathy was one of the bands that played at the concert. [redacted] could not recall the last time he communicated with Page.

b6
b7C

According to [redacted], Label 56 only promoted music and merchandise by End Apathy and that End Apathy had no contractual ties to Label 56.

b6
b7C

[redacted] admitted that he did not condone the actions that took place at the Sikh Temple in Wisconsin and that he does not know of anyone that did. [redacted] also acknowledged that when he found out via the news that Page was allegedly responsible for the shootings that it caught him off guard and very confused.

b6
b7C

The interview ended with an open invitation for [redacted] to re-contact the interviewing agents in case he wanted to elaborate or add anything to the interview.
