Re: 266N-MW-2440609-Secret, 10/10/2012

(U//~~LES~~) On August 5th, 2012, FBI Milwaukee(MW) was notified of an active shooter situation at a Sikh temple in Oak Creek, Wisconsin. Wade Michael Page (Page) opened fire on temple attendees at approximately 11:24 am EST. Page killed six and wounded four attendees inside and outside of the temple. Page exited the temple after the shooting and fired at a responding Oak Creek Police Department (OCPD) officer. During the firefight, Page shot and wounded the officer (expected to survive). A second OCPD officer returned fire and shot Page in the stomach, the officer then heard another shot after Page fell. MW has surmised that Page shot himself in the head after he was wounded by the second officer.

Subject: Follow to 8/29/12 meeting

Categories: Victim Assistance

Good afternoon everyone,

I am writing to check in with you all as a follow-up to our meeting of 8/29/12 regarding the future proposal that our office, the Office of Crime Victim Services, will submit to OVC/AEAA for some costs associated with the Sikh Temple crimes of 8/5/12. I have had contact with most of you since then about specific items or events that might be considered for inclusion. I am asking that you send your requests to me by October 15, 2012, if possible. Although we are not under a specific timeline from OVC/AEAA, we would like to move ahead to solidify the proposal for their consideration sometime in October, if at all possible.

I will be out of the office next week Monday – Thursday, but will be accessing email. If you have specific questions, please email me and I will get back to you. If you have decided that you do not plan to submit any items for reimbursement consideration, please let me know that as well. By the way, items identified for consideration, have in turn been forwarded on for consideration; on some items, we have not received a response. However, we have been encouraged to be inclusive in our proposal. Unless we have told you that an item cannot be included, we will pursue whatever you forward to us for consideration. Thank you and please contact me if you have outstanding questions.

We continue to be impressed by all of the efforts that have been made by the Sikh community and the Oak Creek community to care for those impacted by this tragic crime.

Sincerely,

Hi [redacted]

I spoke with the Legal Aid Society of Milwaukee. The following are the two reputable organizations that they consistently refer clients to for pro bono immigration services. It will be helpful for one of you to contact these organizations/attorneys and pass this information to the community. If you need help with this, let us know.

1.) **International Institute of Wisconsin**: 1110 N Old World 3rd St # 420 Milwaukee, WI 53203 (414) 225-6220
2.) **Legal Services to Immigrants,** St. Patrick Parish, 731 West Washington Street, Milwaukee, WI 53204 (414) 643-8570

Thank you!

I will be out of the country from August 16, 2012 to August 21, 2012. In my absence, feel free to contact [redacted] and he will direct you toward the right person to handle legal inquiries. I contacted the Legal Aid Society of Milwaukee and left a message to see if they knew of any reputable immigration attorneys in that area to assist the families [redacted] I had previously forwarded you the referral from the American Immigration Lawyers' Association. b6 b7C

As we had discussed, it would be helpful if you could provide us a list of services that the FBI is able to offer victims and next of kin at this time. Thanks again for providing detailed information about your efforts on the phone earlier and for the great work you are doing on behalf of the Sikh community. Like I said, please reach out to any of us - we are here to help.

In this case I recommend a letter stating the basic facts of the case (date, name of perpetrator, that he acted to shoot and wound as many people as possible, shot/killed a police officer outside the building), confirming that the FBI opened a federal criminal investigation, and referencing that the FBI previously provided information to [redacted] on identified victims to verify their potential eligibility for compensation from the WI program.

[redacted] called me this morning as she was approached by a gentleman who is having a hard time sleeping, etc. since the Temple incident and said [redacted] His name is [redacted] and I did not see his name on the list you recently provided to me. We have sent Family/Household Member Application forms to all the deceased families. This is a one-page application form versus the 3-page form we need for the victim. This form is completed by individual family members who wish to apply for counseling and/or lost wage benefits. Anyway, we received two regular application forms from [redacted](who are family members of [redacted] and we transferred the information they provided in those forms over to a Family/Household Member Application form and sent it back to them to finish filling out so we knew what types of benefits they were personally applying for. b6 b7C

We have also paid funeral benefits directly to the funeral home for Satwant Kaleka, Paramjit Kaur, and Suveg Singh. The other deceased victims are being covered by the Worker's Compensation policy at the Temple. The application for Satwant Kaleka was filled out by [redacted] Paramjit Kaur was filled out by [redacted] and Suveg Singh was completed by [redacted]

Please remember that the Crime Victim Compensation Program can only extend benefits to family members in cases where the victim is deceased. Unfortunately, if the victim was injured, we cannot assist family members of those individuals with counseling and/or wages.

I also wanted to let you know that I will be out of the office beginning Friday, Sept. 14th and returning to the office on Monday, Oct. 1st. While I am gone you should contact [redacted] if you have any questions regarding these claims. b6 b7C

I double-checked the application and I have given you the name he provided to us.

We have had one other request that we cannot assist with which I think we mentioned to you previously. It was for a woman whose car was damaged in the lot. So far, I don't think we have found anyone who was able to help her with those costs. Her name is [redacted] and she speaks Punjabi. It is my understanding that she did have car insurance but had a high deductible and the cost to fix it was applied to that (around $1,500). They did not have enough money to pay for it to get it fixed. I asked [redacted] with Erie Insurance for the Temple to contact her but it sounded from what he said that they would not be able to consider these expenses for her under the Temple's liability policy either. Not sure if this is something you can help with or not?

Hi [redacted]

Which Victim are you referring to? Was the victim hospitalized? We are publishing our donation protocol next week. Currently we are distributing funds as follows:

85% to those who have deceased or are terminally injured
10% to those severely injured (hospitalized greater than 2 days)
5% to those hospitalized for 1 day

If it is just for a car, we unfortunately can't help out.

Hi [redacted],

I was able to connect with [redacted] of Erie Insurance [redacted] He said the Erie liability coverage does not extend to cars parked on Temple property. The liability coverage would only apply if the Temple had been negligent in some way which caused the damage. He said they concluded that the Temple could not have foreseen or prevented this damage from occurring and therefore cannot cover the loss.

You were going to contact the Temple's secretary, or the Trustees, to see if there are funds collected that could be paid out to [redacted] for her loss. Have you made any progress on that? Thanks again.

Hi [redacted] I can't speak to nationwide issues, but do know that Oak Creek Gurdwara security system will be covered by Crime Compensation fund since theirs was taken as evidence. If other Gurdwara members have concerns they may wish to consult local law enforcement for an inspection of their current systems; usually good suggestions from that quarter. As for funding, I am not aware of anything specific to assisting with security measures on federal level. It may be that grants are available through DOJ in Washington D.C., they may want to inquire there.

Thanks, [redacted]

I hope this emails finds you well. We received a question from a community member inquiring whether there are any federal funds available or currently being provided to tighten security at gurdwaras nationwide including installation of video cameras, etc.

Can you advise?

Thanks!

I know what u mean. I think we were just trying to have folks see them with support since PD is determined to release Monday and people will be seeing without counselors present. Trustees making decision now and if decision is not to view as a group my hope is they will alert victims at Sundays meeting that tapes will be shown Monday. Agree either way wounds will be reopened.

I along with my family won't be at the gurdwara sunday around 2p because of prior obligations. As for other families I have no idea who is around. Honestly this is going to open up wounds. Restricting to the guidelines of victim families and no others may be nearly impossible with such a small window. 2p at the gurdwara is going to be busy. I'm still getting heat from restricting the First Lady invites. Imagine trying to filter victims families into a room with so many people there.

Greetings: Have learned from [redacted] that PD has agreed to allow victims to view footage before it is shown to general public on Monday. They are bringing the media to Gurdwara to be viewed after regular services and meal on Sunday. We figure about 2 pm? Will have same counselors available as usual. PD is very adamant that only direct victims will be allowed to view and no cell phone pics, etc. I know you worked on paring this list down during First Lady's visit, so hoping you can give some direction as to how announcement/invitation is made and how to screen folks who want to view. I have volunteered myself to [redacted] if needed, so they are not exposed to more violent images. Any advice or if you can even be present Sunday would be most helpful. [redacted]

We also need to talk about reimbursements for travel and visa expenses and any other questions that may be out there.

What are schedules like for tomorrow (Wednesday) or Thursday?

Good Morning Sirs: I plan to be at the Gurdwara next Wednesday (September 19) in the late afternoon/early evening. Would you and/or other Trustees be available to review the list of victims we have compiled? Also we are hoping you can assist us with contact information for the family members of victims who have traveled from India, so we can assist them with information on making arrangements to return. I also want to be very sure folks are aware of the possible consequences of staying longer than their paperwork permits, as these could be quite severe. Please advise if this date/time will work for you, or if I should arrange to come at another time. My normal work schedule is 8:15-5, M-F, and it takes about 2 ½ hours to travel from here to Oak Creek.

Hi [redacted] - The info you are getting about months of waiting does not apply to this situation. If folks have valid Indian Passport and identify they are family members of Temple shooting victims, they will be seen right away. In fact the Embassy has been attempting to reach the family members you listed by phone to make sure they make appointments as soon as possible. There is not 100% guarantee for visa, Homeland Security are doing checks on everyone with info you provided. If there are no issues they will be able to come, just as the other folks have already, on expedited travel.

For [redacted] who are already here, we have asked about allowing them to travel back and forth if possible. Still waiting to hear on that and will let you know as soon as HQ has an answer on that. They can also apply for extensions. If they do not already have an immigration attorney, I can check on finding someone to represent them. It does seem like the two governments are working very hard together to assist in any way possible. b6 b7C

I am in office today if you have further questions and need to chat. 920-432-3868. Also feel free to email, especially if you are asking about specific individuals, helps me to see the names spelled out! Many thanks! Also if I could have [redacted] email I would appreciate it, thought I had it in my piles of data but not seeing it here. Hi [redacted]
I have not heard from you, so hoping that means all is going well?! :) The info I have for [redacted] who came to the states to be with [redacted] is that they can remain continuously in US until 6 month visitor's pass expires. If they have to go back to India before that time, they would have to reapply for Visa to come back over here. We are not sure if Embassy would provide that Visa in an expedited manner, so it would be best if they apply at least one month in advance of planned travel to be on the safe side. I wish we had better news, but that is the current stance. Thanks for all you have done to assist.

Hi [redacted] The info you are getting about months of waiting does not apply to this situation. If folks have valid Indian Passport and identify they are family members of Temple shooting victims, they will be seen right away. In fact the Embassy has been attempting to reach the family members you listed by phone to make sure they make appointments as soon as possible. There is not 100% guarantee for visa, Homeland Security are doing checks on everyone with info you provided. If there are no issues they will be able to come, just as the other folks have already, on expedited travel. b6 b7C

For [redacted] who are already here, we have asked about allowing them to travel back and forth if possible. Still waiting to hear on that and will let you know as soon as HQ has an answer on that. They can also apply for extensions. If they do not already have an immigration attorney, I can check on finding someone to represent them. It does seem like the two governments are working very hard together to assist in any way possible.

I am in office today if you have further questions and need to chat. 920-432-3868. Also feel free to email, especially if you are asking about specific individuals, helps me to see the names spelled out! Many thanks! Also if I could have [redacted] email I would appreciate it, thought I had it in my piles of data but not seeing it here. Not sure which issues/questions he referred, he spoke quite a bit with agent from Chicago.

Hello [redacted]

Hope you had a great weekend! A few quick questions...

1. I'm not sure what the status of Punjab Singh's Family Visas is but I got the doctor's letter along with pictures of Punjab Singh in his current condition. Let me know if I should send you those in order to escalate the visa process. b6 b7C
2. In your last email you mentioned scheduling an appointment with the US Embassy in New Delhi for the visas. I was notified that the appointment process takes a month or two (it's a month or two out). As this is an emergency situation can we some how get this rushed?
3. Did you request the extension of visas for the Punjab Singh's family that's already here?
4. I believe [redacted] was working with you on the other families that had visa or status questions. He's on a out of town assignment and has asked me to fill in for him. Can we meet, maybe for coffee or dinner this week so you can update me and all those cases?

I apologize for the long list of questions. I'll follow up later this evening with a phone call. I really appreciate all your help.

Thank you,

Hi [redacted] Being very careful about confidentiality I will tell you I believe one of the persons you are assisting has already consulted with an immigration attorney. If that person is comfortable sharing the name of the attorney with you that is fine, but I am restricted from doing that. Also the attorneys we have already contacted are in turn looking for more attorneys in the area who can represent others. We can only refer to the attorneys on this as we are not able/authorized to give legal advice. I will go back in my emails and find the list of attorneys for you. I'm not sure how high you are comfortable with contacting; the ultimate authority on immigration matters would be Janet Napolitano, the director of Homeland Security in Washington D.C. It may be that your Senators or Representatives could have some influence on the situation as well? Hope this helps point you in a good direction. [redacted] b6 b7C

Thanks for the responses. To clarify, I received a call from a contact at the Indian Consulate in Chicago regarding additional visas. Initially it seemed as if he was inquiring about immigration matters. The contact was inquiring into our, the FBI's, ability to secure additional family visas for members of the family in India. Apparently the Punjab family has other family members who want to travel to the US. I made it clear to the Consulate the FBI will not be securing additional visas.

Thanks,

Dear [redacted]

Thank you for the kind words. I would like to give you a few updates. First, I prepared the attached memorandum and disseminated it to temple leaders. I am hopeful that the memorandum has clarified the issue of the B-1/B-2 visa expiration versus the authorized stay on I-94.

Second, I am representing [redacted] on a pro bono basis. I plan to apply for U visas for them. I sent an e-mail to [redacted] on Sunday, but I have not heard from him yet. In a nutshell, I need a law enforcement agency to sign a U visa certification in order for my clients to apply for a U visa. Here is the e-mail I sent to [redacted]

"Dear [redacted] b6 b7C

I am an immigration attorney [redacted] I am representing on a pro bono basis [redacted] came to the U.S. on visitor's visas with a stay presently authorized until February 2013.

I plan to file U visa applications for my clients. U visas are for noncitizen victims of certain designated crimes who have suffered substantial physical or mental abuse and have provided assistance or cooperation in the investigation (or prosecution) of the crime. Ordinarily, it is the noncitizen victim who files for a U visa. However, since noncitizen murder victims have passed, and thus cannot apply for a U visa, the immigration regulations provide that [redacted] can serve as the direct victim for U visa purposes.

There is another pro bono U visa case involving another shooting victim that will be handled by another immigration attorney, [redacted]

I would like to schedule a time to meet with you regarding these cases. Based on my preliminary discussions with [redacted] and FBI victim specialis [redacted] as well as with several committee members at the temple, I understand that you may be interested in assisting my pro bono clients. In order for [redacted] to apply for U visas, a law enforcement agency must sign a U visa certification verifying that the victim has assisted or cooperated in the investigation. I would like to discuss my ideas about the U visa certification. b6 b7C

Preferably, I would like to schedule a meeting soon, such as this Thursday afternoon between 1pm to 3pm, or anytime this Friday. If neither of those dates work, we can try to schedule a meeting the following week. Please let me know what will work best for you and your staff. You can reach me at my office, [redacted] or call me on my cell, [redacted] I look forward to meeting you." b6 b7C

With respect to a clinic at the temple, I started that conversation with several members at the temple. It is definitely going to happen, but in the meantime I am focusing my attention on my pro bono clients.

If you want to hear my idea on the U visa applications, I would appreciate your input. Is there a good time for us to speak this week?

Best Regards,

Hi [redacted] Just another follow up-if Thursday works best for all parties, I will adjust! I am down there next Wed, but will be teaching until about 6:30. Could do a few hours before or come over after my teaching assignment. I do need to meet with some of the folks to fill out travel reimbursement vouchers, etc. so will try to coordinate with your plans. I am so happy you were able to meet with [redacted] I met with him last week as well and shared my belief that the two of you will have a terrific working relationship. At some point I hope to also meet [redacted] and learn from them what they feel the needs of the clients are and what I can do to help facilitate and assist. I am out this afternoon, but would be glad to speak with you this morning or Thurs/Fri regarding scheduling for next week's meeting. Best Regards, [redacted]

Dear [redacted]

I wanted to give you a brief update, [redacted] and I had a very good meeting with [redacted] on Friday. We will be going forward (hopefully soon!) with our clients being interviewed by the FBI as part of the investigation. Either [redacted] or an agent in the FBI can sign the U visa certification after the interviews are completed.

One additional issue: we will need to show mental harm as part of the U visa application and we had discussed that there was a psychologist who would be willing to do pro bono evaluations for our clients. Do you want to give my contact information to that psychologist so I can provide him or her with more details?

Finally, I am trying to schedule a group wide meeting (that is, all of the folks who came in on visitor's visas) at the Gurdwara next week so we can discuss options. I presented [redacted] with an idea that I believe will temporarily resolve the problem. I would like to discuss that idea with the people who are actually affected. We also want to provide individual consultations for those individuals who do not have an immigration attorney. If you want to attend the meeting, is there an evening next week that does not work well for you?

Good Morning [redacted]

The reason for my call was to give you some good news. [redacted] got the Visas! :) The only problem is they're still waiting on a response on the other individuals. [redacted] It's been a few weeks and we didn't any kind of response on the other individuals visa statuses. We tried calling for an update and they didn't provide any. Can you please assist us or guide us as to what we should do?

thank you,
