[redacted]

I got a call this morning from Mark Krasberg. I told him that we gave his contact info to your office already and that I would also let you know that he is cooperative.

He then got into what he knows. He said that he had an email from a journalist who described the furniture in the room during the party. I think this was someone from the New Yorker who gave him this. Based upon that description, he was pretty sure that the party would have been in his suite. I asked him who his roommates are and he told me -

[redacted]

[redacted] We were previously told by another source that the party may have been in [redacted] suite so it seems very possible that Mark is right about the location. Mark was not present but he added that if Brett and his friends were in his suite, [redacted] would have been there as well. No one else partied with Brett and Brett's friends but

b6  
b7C

What we previously heard about [redacted] is that he is very conservative in his politics which is perhaps why he did not come forward. We have heard that he was not really one of Judge Kavanaugh's buddies so perhaps he would talk. He may be an eye witness to the events.

I have been watching the Senate hearings on TV. No one has picked up on Dr. Ford's statement that her "husband" told her that the perpetrator of her assault was Brett Kavanaugh. Was she under hypnosis? Could someone with a Democratic agenda have made the "suggestion?" This was a recovered memory at a therapist's office and clients truly believe things that are suggested to them.

For the New Haven office re: Kavanaugh student records. You may want to check the records of Yale President's Harassment Committee which might be held in a safe in Woodbridge Hall. Records of harassment complaints might not make it into the student records held by Yale Manuscripts and Archives. Make sure agents actually read those records and that they are not read to agents over the phone.

[redacted] has complete dismay of how the FBI is being directed by the

b6  
b7C

Our country is going down the wrong path if Chris Wray allows the  
Republican Senators to mandate how he manages an investigation. This  
will be on the shoulders of Director Wray if he does not stand up to  
the Senate and the White House. Wray needs to stand up and be the  
leader of this country. Wray should let the FBI agents do their work.  
The FBI is supposed to be Nonpartisan and Wray is sending a message  
that the public cannot trust the FBI.

The claims will be validated and investigated. Two of the witnesses  
did not include Kavanaugh or Ford.

This is just a suggestion for your Brett Kavanaugh investigation. You might see if any of the boys who were allegedly drugging girls to take advantage of them sexually were alter boys and possibly victims of molestation by priests. It would certainly explain their behavior.

caller this about her views on the Kavanaugh investigation; we are  
wasting our times with regular witness. in her experiences with the  
cases where the accused is innocent and so is the pawn and she had no  
evidence. things picked up from her were things and someone did this  
with in her family back in 1982 a 15 year old would have immediately  
reported this if this happened. the missing drivers was one of things.  
she got the person wrong the connection was with the ford family  
friend. Kavanaugh is representing the untouchables. this investigation  
should go to her family connections should clear Kavanaugh and would  
clear her too.

Brett Kavanaugh's calendar has an entry on July 1, 1982 that matches Dr Ford's description of the gathering and those in attendance. She said she ran into Mark Judge approx 6 to 8 weeks later when he was working at Safeway and in Judge's book he mention's working at a grocery store in August of 1982. The attendees match, the timeframe matches. Dr. Ford was most likely attacked by Kavanaugh on July 1, 1982. I bet the person's house that Kavanaugh states they went to on July 1, 1982 matches Ford's description of the bedroom, bathroom and stairwell. Please find the truth!! Women are counting on you! Thanks!!

Either one of his parents and alcoholic. If so he likely inherited the

percent chance of marrying one. (True stat.) 3. The fact he is a super-  
achiever is also a clue. One of the role children in an alcoholic  
family assume is that of "family hero". These are super achievers...  
Eagle scouts, ASB president, honor role, etc. Subconsciously they are

I was an only child, I think he was too. 6. Examine his garbage to see of it tinkles from booze bottles. 7. Contact local liquor stores and supermarkets to track his purchases. 8. Chances are his is a solitary drinker because of his position on the court. 9. His wife knows what the truth is. 10. His frat brothers no doubt have photos of their shenanigans which may show an inebriated person. 11. Track his prescription history for poly-addictions.. 12. Ask his clerks if he is routinely late on Mondays, morning shakes, irritability, mood swings, or drinks coke or preps I in the morning. 13. Generally, alcoholics have high control needs and are often fastidious organizers.(Check his glove box to see if it is super-tidy. Not conclusive, buT A CLUE. 14. Was he a loner or unpopular before his teen years. 15. Is he compulsive or obsessive. 16. Did he get drunk the first time he drank. (Most alcoholics did because the first drink activated the disease gene. If I could ask a prospective alcoholic two questions, this would be one the other would be about alcholoic parents. 17. Does he gamble. [redacted] often have more than one "ism", gambling spending, etc. (The sports related debt.) I submit this knowing you likely has chemical dependency experts on your staff. I have no personal knowledge, but I do have a legal background and have seen two things online that might be of interest to the FBI in their supplemental background check of Judge Brett Kavanaugh, in case you haven't seen them. 1. [https://www.washingtonpost.com/politics/2018/09/27/mark-judges-book-validates-christine-fords-timeline-alleged-kavanaugh-assault/?utm\\_term=.24ba70aa779a](https://www.washingtonpost.com/politics/2018/09/27/mark-judges-book-validates-christine-fords-timeline-alleged-kavanaugh-assault/?utm_term=.24ba70aa779a) In case you haven't seen this, Mark Judge said in his book "Wasted" that he worked at a grocery store for a few weeks before his senior year, which would be 1982. He did so to pay for a football camp. The Kavanaugh calendar

shows camp was on August 22, 1982. So even if Albertsons/Safeway doesn't still have those payroll records and even if Mark Judge didn't earn enough to file tax returns or have a W-2 from Safeway, the book and the calendar give you a smaller time frame. 2. [redacted]

[redacted]  
[redacted] This person has no direct knowledge that I'm aware of, but apparently read through Brett Kavanaugh's 1982 calendar and found reference to three different doctors and a notation that he needed to get prescriptions (plural) refilled (right before football camp). They also apparently tried to figure out who these doctors were, and I found this observation VERY interesting: "August 18th 1982 [redacted] Perhaps it's [redacted] who specializes in some issues that may apply to Kavanaugh: Sexual Misconduct, OCD, anger management..." The FBI is probably already aware of both these things, and please forgive me if I'm bothering you with things you're already aware of, but I thought I should provide these tips in the off chance they aren't already known. Thank you for your time and all the work you do.

O.B. : I was a dude who went to parties in the eighties, and worked on the yearbook staff, so let me shed some light on a few things:  
"Boofing" doesn't refer to farts or flatulence. Boofing is a very specific category of anal insertion. He lied about that. Under oath.  
"The devil's triangle" is not and has never been a drinking game. It's a euphemism for a threesome involving two men and one woman. He lied about that too. Under oath. Yearbook editors do not doctor or change copy provided by students for their dedication page without their permission. Whatever he wrote in his yearbook is 100% his own words.

He lied about that as well. Under oath. Just like he lied about his drinking, just like he lied about never having assaulted anyone, just like he lied about the reasons why he won't agree to an FBI investigation to prove his innocence, just like he lied about not having tried to rape Dr. Ford at that party. The boy who tried to rape Dr. Ford at that party was exactly the same entitled, binge-drinking jock douchebag who got away with the same exact crap at your school in the eighties and nineties. That's who Brett Kavanaugh is. I don't even have to believe Dr. Ford. I do, but I don't have to. I just don't believe him. None of what he said today was true, and it was obvious. His lies were absurd and easy to debunk. He isn't even a good liar. Here's a photo of the real Brett Kavanaugh. Not the sniveling gaslighting jackass in a cheap suit who barked at Senators today and whined about not being handed a job he feels entitled to. Here's the guy who shoved an innocent girl into a room with his friend, locked the door, tried to rape her, and then went on about his day. That's his true face. He lied under oath for the better part of an hour today, and every man who grew up in the same era fucking knows it.

Re: Brett Kavanaugh, As a citizen I am concerned with all the apparent  
lies of Kavanaugh before Congress. One fact that hasn't been mentioned  
and I'm sure must concern the Senate is the 200,000 dollar debt  
Kavanaugh had, his explanation of it and his explanation of how it was  
paid off. We must know if he is indebted to anyone and thus vulnerable  
to blackmail. And we also we must know if he still has a gambling  
problem which would make him vulnerable to bribes. I hope this concern  
will be taken into account in the very serious matter of a possible  
liar, alcoholic, sexual predator, and gambler sitting on the Supreme  
Court. With thanks for your attention, I am Cordially yours, [redacted]

1. Judge Kavanaugh's behavior at his most recent hearing and behavior described by Dr. Ford reminded me of the possibility of "roid rage" if not now in the past. When he was in high school he spoke of being on the football team and lifting weights. As a high achiever it would be consistent with the use of performance enhancing drugs (steroids) and his behavior with the side effects of using such drugs. I have not heard this talked about in connection with discovery of his past behaviors. 2. Psychological profile - individuals with various behavioral problems when being interviewed about an inappropriate behavior in which they may/may not have engaged they tend to do few things that that often reveal their guilt: 1. They get defensive. Very, very

defensive. 2. They become disrespectful, and even start insulting me (even when I am calm, objective and respectful when asking my questions). 3. They shift the focus and away from themselves and on to me ("Oh, yeah? Well I bet YOU'VE stolen before or gotten high, haven't you??") 4. They shift blame to others 5. When offered to do something that will resolve the situation and/or clear their name (e.g. an FBI investigation), they refuse. His silence on this avenue amounts to refusal.

Regarding the Kavanaugh/Ford case, look into PJ's house at [redacted]  
[redacted] as a possible location of the assault. In Kavanaugh's  
calendar, he said he went there to hang out with "EJ" (PJ) and Judge  
on August 19th. It's less than three miles from the club, and it  
sounds like it was a "small gathering". Please do the very best you  
can with this case, no matter what the outcome, for our sake. The  
truth, whatever it is, couldn't be more important.

Kavanaugh Is Debarred From Holding Office If the United States Constitution and two criminal statutes hold sway, Judge Brett Kavanaugh, now nominated for US Supreme Court Justice, is disqualified from holding office under the United States. Judge Kavanaugh is named as a co-conspirator in a major seditious conspiracy operating with impunity within the government and the courts of the United States. You have been informed of that criminal endeavor on a number of occasions. The criminal conspiracy is meticulously documented in the 2,200-page "Dossier of Crimes" filed with you personally on April 8, 2018. Many senior government officials are deeply implicated in the criminality and for that reason all knowledge of, and law enforcement upon, the violent seditious conspiracy has effectively been suppressed. Escalating numbers of delinquent government officials have rendered the seditious conspiracy a veritable 'insurrection' against the laws. As member of the DC Appeals Court bench, Judge Kavanaugh is amongst those officials who aided the seditious conspirators to escape justice thus far. Judge Kavanaugh was informed of the insurrection against the laws on some 18 occasions between May 2007 and August 2010, and was presented with prima facie evidence thereof. As United States judge he had a duty to address the criminality in government. Judge Kavanaugh, together with other judges on the bench, willfully failed to honor his oath to administer justice and to impartially discharge his duties without respect to persons. Thus, on June 15, 2007, criminal charges were filed against Judge Kavanaugh (and others) for sanctioning and assisting the seditious conspiracy and insurrection against the laws of the United States, and for aiding and abetting domestic enemies of the United States to escape justice. Those criminal charges include but are not

limited to: seditious conspiracy, in violation 18USC 2384; insurrection against the laws, in violation of 18USC2383; and treason (18USC2381) for giving aid and comfort to domestic enemies of the United States. The charges against Judge Kavanaugh (and others) were in turn swept under the carpet in order to protect law-breaking officials from prosecution, and remain pending. You have a duty to the United States and the American people, to address the seditious conspiracy and insurrection against the laws as presented in the Dossier of Crimes. The Constitution (14th Amendment, Section 3) and the statutes 18USC2381 and 18USC2383 debar Judge Kavanaugh from holding office under the United States. Should you allow Judge Kavanaugh's nomination to be confirmed in defiance of the laws; or if you allow him to continue as judge whilst knowing of his criminality, you will be in violation of the Constitution and aforementioned laws.

I simply wish to make a suggestion re the Kavanaugh investigation: C Ford stated under oath that the music was turned way up in order to drown out her blood curdling screams. Then she locked herself in the bathroom across the hall. She then heard Brett & Mark leave the room laughing & pinballing off the wall going downstairs. This is contradictory, as she would have only heard one thing from the locked bathroom: The deafening sound of music from the room she just left.

Please consider the following facts in your investigation of U.S.  
Representative Congresswoman Eshoo and U.S. Senator Diane Feinstein  
for intentionally trying to derail the confirmation of Brett Kavanaugh  
to the Supreme Court Justice. The facts to their behavior constitute  
disciplinary action against both members of Congress. I have listed  
the exact time in the video where each statement is referenced so that  
anyone can go and verify that my comments are factually accurate.  
[https://www.youtube.com/watch?v=-XqbQH0\\_\\_\\_\\_o8&t=934s](https://www.youtube.com/watch?v=-XqbQH0____o8&t=934s) 1. July 6, 2018:  
Dr. Ford called U.S. Representative Congresswoman Eshoo's office and  
"let her receptionist know that someone on the Presidents short list  
had attacked her". Per Dr. Fords statement She "had a sense of urgency  
to relay this to the Senate and the President as soon as possible"  
(Video: 10:20-10:40) Question: Why didn't Representative Eshoo  
immediately notify all of the Senate Judiciary Committee members as

well as the President as per Dr. Ford's wishes? Dr. Ford didn't state that she wanted only the Democratic Senators to know but rather the "Senate and the President". 2. July 9, 2018: Representative Eshoo's office called Dr. Ford. 3. July 20, 2018: Dr. Ford met with Representative Anna Eshoo and discussed her allegations that Brett Kavanaugh had sexually assaulted her. 4. July 30, 2018: Representative Eshoo sent a copy of Dr. Ford's letter to Democratic Senator Diane Feinstein's Office (video 12:33). Questions: A. Why did Senator Eshoo take 10 days to send Dr. Ford's letter to Senator Feinstein and still had not notified the complete Senate Judiciary Committee and President as per Dr. Ford's request? B. Why didn't anyone from the Washington Post begin investigating the allegation that Brett Kavanaugh and Mark Judge as possibly having sexually assaulted a woman? Why wouldn't they have immediately turned this allegation over to the full Senate Judiciary Committee to fully investigate? Congresswoman Eshoo failed to carry out the wishes of Dr. Ford and instead turned it over to Senator Feinstein, who then withheld the information from the members of the Senate Judiciary Committee and the President. Dr. Ford was manipulated by both Eshoo and Feinstein for their own political purposes. All Dr. Ford wanted was to confidentially provide the information/allegation to the Senate Judiciary Committee and the President so that they could be aware of the allegations and then determine if to proceed with Kavanaugh's confirmation. Eshoo and Feinstein bear the responsibility of turning the confirmation hearing into a three ring circus, breached Dr. Ford's confidentially request, and brought out the allegations and paid protesters when the hearing started. By employing these tactics the Congresswomen allowed false and uncorroborated allegations to publicly shame Brett Kavanaugh and his family. The Congresswomen are derelict of duty and in violation of the oath of office, by both their actions and their intent.

Well, you have probably already looked at ALL the meanings ascribed to "boofing." I don't know about you all, but I did not turn up "flatulence" as one of the definitions for "boofing." Brett Kavanaugh, testified before the Senate that the reference to "boofing" in his high school yearbook was a reference to flatulence. I don't know about you, but in my experience it is grade-schoolers who find flatulence so comical and amusing. EVERY definition I was able to pull up in reference to "boofing" mainly had either sexual connotations or dealt with the anal insertion of drugs and/or alcohol. I saw no references to it's meaning flatulence....for what it's worth.

It appears that Judge Brett Kavanaugh perjured himself at the confirmation hearings on his nomination to a seat on the U.S. Supreme Court. I assume that lying to the Senate under oath is a federal crime the FBI is charged to investigate. If so, I hope the FBI does its duty and investigates what appear to be crimes of perjury. For example, the statements Judge Kavanaugh made about receiving stolen emails relating to the vetting of judicial nominees in the Bush Whitehouse appear to be false, or at the very least raise serious questions about his truthfulness that need to be investigated. Similarly, Judge Kavanaugh's statements under oath concerning his involvement in U.S. torture policies appear to be false, and at the very least merit serious investigation. Again, several of Judge Kavanaugh's statements at Senate hearings on September 27, 2018 appear to be false. Those statements include, but are not necessarily limited to, Judge

Kavanaugh's apparent mischaracterization of the extent of his drinking and whether he lost memory from drinking, that people Dr. Ford named as present at the gathering at which he assaulted her denied that the events happened (a federal appellate judge should be know the difference between a witness who says "I do not remember" and one who says "It did not happen), the meaning of the terms "devil's triangle" and perhaps "boofing," and what he meant by referring to himself as a "Renate alumnus" (sic). As pretty much everyone has said, Dr. Christine Blasey Ford was a credible witness. It is apparent to me from the quality of Dr. Ford's testimony, the statistics on women telling the truth about sexual abuse and identified abusers' pattern of denial, and common sense, of the kind Judge Kavanaugh and his mother applaud, that Dr. Ford is telling the truth about what Brett Kavanaugh did to her. If Brett Kavanaugh was too drunk to remember what he did, then he would not be perjuring himself by denying his sexual assault on Dr. Ford. In that case, however, Judge Kavanaugh would have committed perjury in his statements that he did not lose memory through drinking. As a U.S. citizen who cares about this republic, about truth, about the quality of the people we place in positions of power and trust, and about the importance of how governmental bodies treat the people of this great nation, I request that the FBI investigate what appear to be a series of perjuries that are federal crimes. We will not be a great nation if those in power can perjure themselves with impunity.

Yeah, you get to do your work. I have a few questions that I hope you will find the answers to during your investigation. Here is what I would like to know from Kavanaugh. Who told him to be so loud (angry /yelling like a bully)? President Trump? Why did he treat the Democrat women with more hostility than any of the men? I was shocked when he interrupted Feinstein. Does a Supreme Court Justice throw a temper tantrum like he did? Prior to the day Trump nominated Kavanaugh, did President Trump discuss the Russian probe? And did they talk about Trump's possible subpoenas, which may come before the Supreme Court ... and how Kavanaugh would rule? Kavanaugh rewrote his opening statement... why? The Judicial committee had received the first copy of his statement. However, he supposedly rewrote it, and read the revised statement. However, did Trump call and tell him what to put into his opening statement just that morning? Parts of Kavanagh'

s statement sound like and has the same words and phrases in Trump's stump speeches. Like ... mainly this part. i.e. "This whole two-week effort has been a calculated and orchestrated political hit, fueled with apparent pent-up anger about President Trump and the 2016 election, fear that has been unfairly stoked about my judicial record, revenge on behalf of the Clintons and millions of dollars in money from outside left-wing opposition groups. "This is a circus. The consequences will extend long past my nomination. The consequences will be with us for decades. This grotesque and coordinated character assassination will dissuade confident and good people of all political persuasions from serving our country." So, how did all Trump's rallying calls get into Cavanaugh's revised statement? I believe in my gut says Trump dictated it, just like he did about the infamous Russian meeting at Trump Tower I hope you will find these answers during your investigation. Thank you, [redacted]

O.B. : I was a dude who went to parties in the eighties, and worked on the yearbook staff, so let me shed some light on a few things:  
"Boofing" doesn't refer to farts or flatulence. Boofing is a very specific category of anal insertion. He lied about that. Under oath.  
"The devil's triangle" is not and has never been a drinking game. It's a euphemism for a threesome involving two men and one woman. He lied about that too. Under oath. Yearbook editors do not doctor or change

copy provided by students for their dedication page without their permission. Whatever he wrote in his yearbook is 100% his own words. He lied about that as well. Under oath. Just like he lied about his drinking, just like he lied about never having assaulted anyone, just like he lied about the reasons why he won't agree to an FBI investigation to prove his innocence, just like he lied about not having tried to rape Dr. Ford at that party. The boy who tried to rape Dr. Ford at that party was exactly the same entitled, binge-drinking jock douchebag who got away with the same exact crap at your school in the eighties and nineties. That's who Brett Kavanaugh is. I don't even have to believe Dr. Ford. I do, but I don't have to. I just don't believe him. None of what he said today was true, and it was obvious. His lies were absurd and easy to debunk. He isn't even a good liar. Here's a photo of the real Brett Kavanaugh. Not the sniveling gaslighting jackass in a cheap suit who barked at Senators today and whined about not being handed a job he feels entitled to. Here's the guy who shoved an innocent girl into a room with his friend, locked the door, tried to rape her, and then went on about his day. That's his true face. He lied under oath for the better part of an hour today, and every man who grew up in the same era fucking knows it.

A man named [redacted] posted on Facebook that Brett Kavanaugh lied under oath on the definition of Devils Triangle and boofing that were listed on his high school album. He said the people publishing the information in the yearbook knew the Devil's Triangle was not a drinking game bit having sez between two men and a woman and boofing was not farting but was placing things in anus in contradiction to Brett Kavanaugh testimony. I know nothing more than that. I don't know anything else other than what I tead on Facebook but he seems to know a lot about this testimony being false. I have a picture I took of what I saw on Facebook and can send it to you if you need it. I was reluctant to getinvolved as [redacted] that knows nothing else about this. I don't know how to attach. If you look up Devil's Triangle and also boofing you will see these definition so he may be telling the truth.

Please check the building permit and plans for Christine Blasey Ford's remodel which took place 2008-2010. The building permit is Record 07000-00000-02866 and can be found online. I have archived the original web pages in the event they are deleted:

<https://web.archive.org/web/20181001160719/https://aca.accela.com/PALOALTO/Cap/CapDetail.aspx?>

A copy of the plans submitted in 2008 were posted online by the Palo Alto Daily. These show the conversion of at least two spaces in the older portion of the home into apartments, along with the details of the addition. The FBI should request the originals as these are very fuzzy.

BATH. REMODEL LIVING ROOM &amp; KITCHEN"

>From the plans it can also be seen that the alterations included adding a kitchenette area to the original master bedroom and an external access door - the "second" front door which played a significant role in Dr. Ford's testimony of why and how Judge Kavanaugh's name first came up. These renovations from 2008-2010 ALSO included turning the garage into a second apartment, complete with adding a THIRD exterior access door to the side of the home. This should be investigated as it is clear that the Ford's created a new addition and a new very luxurious master bedroom and bath for themselves and at the same time created two income-earning apartments in the older portion of the home. Her testimony and credibility relied heavily on what appears to be a complete fabrication that adding this "second front door" to "their master bedroom" was needed because of the trauma from her abuse suffered at the hands of Judge Kavanaugh.

Immediate alert---scotus hearing; Dr. Ford said she was wearing a one piece swimsuit at the alledged party. Was it still wet from swimming? If she went to the club swimming she would have had to sign in and out and a life guard would have been present. Hence , time and date and identification. Did she change at the club? Did she have a locker there? What was she wearing over the suit? warm up suit, or halter top and short shorts. Did she wear the swimsuit as an excuse to get out of the house. If during the week, did she go home after school. If weekend one or both of her parents may have been home. Any witnesses to any part of the incident would be able to seperately provide same observations.

I was just thinking, who is Dianne Feinstein's political boss?  
Wouldn't it be reasonable to believe she would discuss the Ford letter  
with him? Would she dare NOT discuss this bomb shell with him? Her  
boss is Chuck Schumer. I haven't heard his name in this whole mess.  
Isn't that interesting?

SUGGESTIONS FOR THE KAVANAUGH INVESTIGATION You've probably already  
done this but you should try to locate and review every one of  
Kavanaugh's classmates' personal yearbooks (both high school and  
college but especially high school). Unless high school seniors have  
changed their ways since I was one they write personalized  
inscriptions in each others yearbooks, usually having to do with the  
mischief (or worse) they got up to together. Make sure you've looked  
at Kavanaugh's personal copy (if he hasn't deep sixed it). I don't  
recall any testimony or questions concerning illegal drugs but, given  
the times, it's virtually certain that Kavanaugh [redacted]

Concerning your investigation of Judge Kavanaugh. I recall Dr. Ford talking about 2012 being the first time she discussed this incident with a therapist. With Dr. Ford's permission you should be able to get access to the therapist written notes and might find that Dr. Ford named Judge Kavanaugh as her assailant back in 2012. Additionally, can you question both Dr. Ford and Judge Kavanaugh while they are under hypnosis? Lastly, I think both Dr. Ford and Judge Kavanaugh should take a polygraph administered by the same person. Not trying to do your job, just trying to help. Thanks for taking time to read my comments!

Re: Kavanaugh Nomination Dear Agent-in-Charge I don't know if it is within the scope of your offices' influence with the national office but if it is I would like to make a suggestion regarding the current FBI investigation. Everyone seems to be concerned with Judge Kavanaugh's veracity. I would like the FBI to include as part of their investigation the interviewing of Dr. Ford's immediate family (parents, siblings, etc.) and childhood acquaintances to determine if they could shed any light on her veracity through her lifetime. In other words, they should do a background check on her just as if she were a nominee. This is only logical since she is the one making the accusation. Since the FBI is not a political agency, you should be able to do this confidentially and without the repercussions that the Senate Committee would suffer. The FBI is probably already doing this in the cause of fairness but I wanted to write to you to see if you could ensure that the national office is including this as part of their investigation. Thank you. Respectfully, [REDACTED] 10/1/18

Regarding the Kavanaugh investigation: the 1982 calendar was entered into evidence by the Judicial Committee. It would be important to analyze the age/composition of the ink and paper of this exhibit to certify that all the entries Judge Kavanaugh claimed were made in 1982 have not been recently inserted, edited, modified, or erased.

There are conflicting news reports regarding Trump's earlier attempt to limit the scope of your investigation of Kavanaugh. It is now believed that WH Counsel, McGahn, has issued orders to the FBI. News Flash: Last night, Trump tweeted that the FBI can pursue ANY avenue it chooses in its Investigation of Kavanaugh. THAT TWEET is from the president, AND IS LEGALLY BINDING. McGahn cannot countermand that tweeted order from the president. SO, consequentially, I sincerely hope you are conducting a thorough investigation of Kavanaugh and checking out all five allegations of sexual misconduct levied against Kavanaugh. That Trump Tweet was binding. The FBI is free to follow ALL leads in the Kavanaugh case. The public wants the truth. We are counting on you doing a thorough investigation. Question for interview with Brett Kavanaugh: When did you have  
intercourse for the first time? Where? With Whom? Consensual or  
otherwise? Please review Kavanaugh's calendar to corroborate

documented in his calendar? Interview the other party to corroborate.  
Was he truthful with the Senate about his claims of virginity until

The news is reporting that Judge Kavanaugh's drinking history will not be investigated in the current FBI investigation. This decision casts doubt on the entire investigation. He has admitted he at times drank too much but would not answer the question regarding blackouts. Witnesses have reported to the media that he was a stumbling drunk who drank prior to the legal drinking age in Maryland. This a critical piece of the puzzle as he may have no recollection of his assaults. Also included is his yearbook and what the phrases written actually meant to the teenage - especially boys -population at that time. PLEASE, for the benefit of our country and all women, get to the bottom o his behavior in high school and Yale. His drinking history does matter! Respectfully, [redacted]

[redacted] went to Bethesda Chevy Chase High School a few years  
after Christine B. Ford was attacked in Chevy Chase or Potomac,  
Maryland. They told me that kids gathered during the daytime at  
the houses where both parents worked and they did it during the  
week, not on weekends when parents were home. The house  
described sounds like it could be in American University Park  
(DC) or Wood Acres (Bethesda). Those neighborhoods have small  
two story houses like the one she described. Chevy Chase and  
Potomac homes are usually somewhat larger although there are  
many center hall colonials in Chevy Chase that aren't large  
homes but that are larger than the one described.

They were waiting for her. They pushed her into a room they already

This is in regard to the Brett Kavanaugh investigation. I heard from two reliable sources that 45 minutes prior to Dr. Christine Blasey Ford's name being made public, Ed Whelan was on her Linked-In page. The only way he could have known about her is if Brett Kavanaugh told him. Martin Edward Whelan III (born July 26, 1960) [1] is an American lawyer, legal activist and political commentator. Whelan's legal career included clerking for Supreme Court Justice Antonin Scalia and

He most recently served as the president of the Ethics and Public Policy Center, a conservative think tank "dedicated to applying the Judeo-Christian moral tradition to critical issues of public policy". In 2018, Whelan was as an advisor to Brett Kavanaugh's confirmation effort for the U.S. Supreme Court. Whelan came under intense criticism when, in response to an allegation of sexual assault against Kavanaugh, he published on Twitter a speculis if he heard it from Brett Kavanaugh. He did not go to school with them or grow up in Maryland. ative theory that Kavanaugh had been a victim of mistaken identity. Whelan apologized the next day, and the EPPC announced that Whelan would be taking a leave of absence. I am requesting that you investigate this as part of your investigation. Very truly yours,

Judge Kavanaugh misrepresented the meaning of "FFFFFF," "Bouf," and "Devil's Triangle." I have confirmed through several people familiar with the use of these terms in the 1980s that they were common slang with well established meanings. According to more than 5 independent accounts I am aware of, FFFFFF was ubiquitous in the 80s among teens and young adults and meant "Find, Feel, Finger, Fuck, Forget." All three expressions were commonly known and are readily found and defined in the Urban Dictionary with meanings quite different from those that Mr. Kavanaugh gave to the Senate Judiciary Committee. The Urban Dictionary Definitions: "FFFFF" A one night stand. Used a lot in

said he introduced her to Kavanaugh. Ford testified that she went out with Garrett, whose family were members at the same country club as her family. The FBI can determine the address of the Gaudette house in July 1, 1982. They can get a floor plan. Timothy P. Gaudette, age 53, who went to Georgetown Prep, now lives in Denver, CO, according to his FB page. Ford offered to draw a floor plan of the house where her attack took place. They can see if her floor plan from memory matches the floor plan of the Gaudette home. She also said in her testimony that she saw Judge at a supermarket 6 to 8 weeks after the incident. Judge apparently admitted he worked in a supermarket that summer in his book. 100 Keg Kavanaugh may have just provided enough evidence to show that her story is more likely true than false, and than his is. It could be a "Perry Mason moment." If that turns out to be the case, 100 Keg Kavanaugh can thank his dad for teaching him to keep a calendar, and to save it forever.

question. LOTS of h.s. football players were in those days. That could account for a lot of aggressive behavior. 2. I would really like to see this investigation look into who hacked Dr. Ford's email and attempted to make it look like she was recanting her claim. Who knows where that might lead! Thanks.

Please read the following on Judge Brett Kavanaugh. It can help clarify issues from his and Dr. Ford's testimony before the Senate Judiciary Committee. Also, PLEASE question Julie Swetnick! These are vital for a thorough background check of the sexual assault allegations against Kavanaugh. I am deeply concerned that our SCOTUS is in jeopardy of being corrupted. I am a concerned citizen. Subject: Dr. Ford &amp; Judge Kavanaugh -some context

Let me preface this by saying that [redacted]

[redacted] and a life-long registered  
democrat. The allegations made by Dr. Ford were very serious as was  
Judge Kavanaugh's denial of doing any such thing as she alleged. As I  
read the statement from her close friend stating she had never even  
met Brett Kavanaugh, with or without Dr. Ford, it reminded me of  
something from high school that, at the time, I thought was  
hilariously funny ... it was a game played by groups of boys from  
almost all the different all-boys schools around the area. [redacted]

b6

[redacted] groups of boys from different schools would get into  
some trouble with girls from schools other than their "sister" school.  
What the boys would do, since the girls were not in their circle of

friends, is pick the name of a boy at their school and give the girls his name instead of their own. At Landon, there was a group of boys that would go out and tell girls all over town that their name was "John Smith" (not his real name). The reason for picking that boy was that while he was a friend, he would never find out as he was a really good guy that didn't get into trouble or join in that kind of stupidity. There were girls all over town that hated "John Smith", that had never actually met the real "John Smith"! I knew about it at the time and thought it was funny, but in light of this case I can see that maybe it's not so funny. My next thought, based on what little I know specifically about either Dr. Ford or Judge Kavanaugh is that while something may have happened to her when she was at Holton and that boys from Prep may have been involved ... it is also just as likely that a different boy used Brett Kavanaugh's name that evening.

Thank you for your time.

I think there are some important questions that should be asked of Christine Blasely Ford that I have not heard anyone ask. I am sure FBI investigators are smarter than I am.. .but in case those questions have not been thought of, here is what I wonder... If I understood what I remember was said at the hearing combined with news reports... Christine Ford says that Brett Kavanaugh groped and tried to rape her. I think she is lying through her teeth.. Christine Ford says she was at a party about 8 miles or so from her house... with 4 other people.. one of them her girl friend/best friend Leland. She does not know the date of the party. She does not know where the party was. She does not

know who drove her there.. The 4 or 5 other people at the supposed party say the party never happened or they don't remember being at such a party. Two of the people at the party were upstairs trying to rape her.. with her girlfriend/ best friend Leland downstairs with another guy, PJ.. Then Christine leaves the party without saying anything, leaving her girlfriend/best friend, Leland, there alone with 3 guys, including the 2 that supposedly tried to rape her, and goes home.. BUT does not know how she got the 8 miles home or who drove her home. She didn't tell her girlfriend/best friend that she was leaving. Who does that? If Leland drove, she probably brought her there. Wouldn't Leland have wondered where her friend Christine went? Wouldn't Leland wonder what happened to her best friend or where she was, or if she was safe or got home safe? Wouldn't Leland have remembered a party that her best friend left without telling her she was leaving? Wouldn't Leland remember being left alone as the only girl at a party with 3 guys, with one of them being Brett Kavanaugh? That girlfriend/best friend, Leland, says she does not remember such a party and was never at a party where Brett Kavanaugh was present. Again, Christine does not know who drove her the 8 miles home after she left the party. There were no cell phones in 1982. Wouldn't Leland have called her later to find out where she was or why she left the party without saying anything? Wouldn't Christine have called her girlfriend, Leland, later, or the next day to let her know she was okay and got home safe and how she got home. These are some unasked unanswered questions that should have been asked of Christine Ford in the hearings.. And hopefully, the FBI will pursue these questions this week when they interview everyone supposedly involved with that imaginary party. None of this story adds up..

I believe that there is a connection between the Ed Whelan frame job and the testimonies of Dr. Ford and Judge Kavanaugh that may be being overlooked. Chris Garrett, aka 'Squi,' was suggested by Ed Whelan to be the person really responsible for Dr. Ford's attempted rape. According to Dr. Ford, she 'went out' with Garrett, who introduced her to Judge Kavanaugh. He also appears on the list of attendees of the July 1 party; though Dr. Ford did not place him at the party, that does not mean he was not invited, or did not show up at some later time. How did Ed Whelan \*know\* to frame Garrett? The connection between Dr. Ford and Garrett was known to \*no one\* outside of the principals involved when Whelan made his claim. It's just too much of a coincidence. I suspect Garrett did show up at the party at some point, otherwise the frame job would be incomplete. This connection needs to be investigated.

I have been watching with interest the Senate hearings/investigations into the Dr. Ford/Judge Kavanaugh controversy. It is painfully obvious to me who is to blame for whatever happened at that party over 30 years ago. The fault lies neither with Ford nor Kavanaugh, but with the following four adult groups: 1. With the parents of Dr. Ford who allowed their 14 year daughter to attend an unchaperoned party populated by 17 year old bhoys with access to alcohol. 2. With the parants of Judge Kavanaugh who allowed their 17 year old son to attend an unchaperoned party populated by 14 year old girls and alcohol. 3. With the owners of the house/property that hosted this party. 4. With the people who supplied the alcohol for this party. All of the above are equally responsible for whatever happened at that gathering that night. The fact that no congressmen mentioned the above on the floor during their discussion tells me that they are all either crooked or very stupid or both, which doesn't set well with me at all.

[redacted] is very angry about the kavanaugh investigation. there  
are questions that have not been made, which include if they were all  
downstairs and all of sudden two boys were upstairs in the bedroom and  
dr. ford went upstairs to the bathroom. dr. ford said there was music  
in the bedroom when she was pushed. why was their music in the bedroom  
if there was a gathering downstairs? usually music is played in a  
living room for a gathering? has anyone thought about that? did it  
occur to her the boys were in the bathroom? if she was so terrified  
how did she know? how long was he trying to kill her so she says. it  
doesn't make sense, she wishes these questions would be asked.

All you need to do to see that Kavanaugh committed perjury in front of the Senate Committee is to look up the urban dictionary for "boof" and "devil's triangle". Millennials know about these slang terms because they trickled down through time. It gets updated with new terms and definitions frequently. If there was another definition of boof or devil's triangle, the urban dictionary would have it. Devil's triangle has never been a drinking game with quarters. Boof has never meant farting. We millennials are diligent about posting slang terms on the urban dictionary. He is LYING and only senior-age people who can

I just messaged you about the Kavanaugh case, and I think I listed Brett's address as PJ's (sorry!). I'm sure you already have all that information, but is there any way you can visit PJ's high school residence and see if the interior matches Dr. Ford's description? The event at PJ's place (as outlined in the 8/19 entry in Brett's August calendar from 1982) fits with Dr. Ford's account, including the people there (Brett, PJ, Mark, and "other boy") and location (less than three miles). Please help us find the truth. :(

Unlike most who volunteer to get involved in an investigation, she has  
a significant interest in not seeking attention so as not to become a  
distraction in her employment. I believe what she said Mark Judge told  
her and believe that you will too. The FBI May be reluctant to  
interview an ex-girlfriend but Ms. Rasor is highly credible.

[redacted] with decades in  
sales, and as a pretty damn good poker player there's something I want  
to bring to your attention about Christine Fords bullshit testimony.  
When asked what the most horrific memory of what she had about the  
alleged incident was she stated that it was their "the sound of their  
laughing". Now, she seems to have forgotten that she stated that she  
thought that Kavanaugh might "accidentally kill me. He groped my  
entire body, was grinding against me and I thought I might die"  
because of the way that he allegedly had his hand over her mouth, so

how does the sound of them laughing trump that? It reminds me of Hillary giggling when she recounted landing under sniper fire and then dismissed it the next day stating that she "misspoke" (I suppose that's what Blumenthal did too when he said he served in Vietnam - remember him? He's the one who commented on Kavanaughs "credibility" during the hearing). So, my question is IF Ford thought she was going to die, why wouldn't THAT be what she remembered as being the most horrific thing of all? Now, I'm not a republican or a democrat, just an American that's old enough to remember a better America than we live in now. And now, it turns out, that Ford lied under oath about her credentials because she is not a "licensed" psychologist. So if she perjured herself here where else may she have lied? <https://www.dangerous.com/49836/records-show-dr-ford-is-not-a-licensed-psychologist-may-have-committed-perjury/> My gut tells me to trust Kavanaugh, it also tells me that this 11th hour BS meant to scare him away by the dems is a delay ploy. Get your 302's ready, just have ALL the information available for BOTH he and Ford.

I just saw this post on Facebook and it refers to a comment by one of  
Kavanaugh's yearbook staff defining the words in his yearbook and also

Re Kavanaugh investigation: First of all, I don't know Kavanaugh at all, but several things about b his testimony just don't stand the "common sense" test. (1) It might seem simple insignificant, but when interviewing Kavanaugh's friend, classmates and drinking buddies, ask them what "roughing" really meant. From the tone of everything else allegedly happening at various parties, I suggest it meant something completely different than flatulence. One of the senators referred to possible ingestion of alcohol; through the anus. Another internet meaning is anal sex. If the people in Kavanagh's group knew roughing as something other than flatulence, then it catches him in a lie about his character, and in lying to the Judicial Committee. (2) I don't remember her name, but the girl (then) named Renate(?) that Kavanaugh mentioned as having been "dated" by several guys, and someone's year book asked if someone was a member of the "Renate club,"

as though it was a membership or accomplishment thing. Come on, really? Was she the only pretty or beautiful girl Kavanaugh and his friends knew? Why were there no other girls mentioned as frequent dates of some of the guys in Kavanaugh's circle. I don't mean to besmirch the girl's (woman's) reputation, but I suggest it seems more likely that the girl was sexually active and to be a member of her "club" meant that someone had had sex with her. Catching Kavanaugh in that lie, would also reflect on his character and indicate he he'd lied to the committee. W Whether Kavanaugh ever "boughed" or whether he had sex with Renate(?) doesn't matter as much as whether he he knew than boughing was something different from flatulence and that the "Renate club" was different from merely dating the girl/woman. It would mean he lied under oath to the committee.

tier 2: she has two more tips. she is worried about the time limit the fbi has to solve this. 1) when kavanaugh was making comments, he said he wants no ill will to dr ford, and he should have known when she was 15. his face lit up when he remembers having sex with her. 2) kavanaugh kept calanders of where he went and hwo he was with. another person came forward saying she was raped by kavanaugh and another man. thinks they worked together. she thinks the calendars, to show where he was, to show he was a good person. she learned they laughed when they had sex, to make someone in another room not think they were having sex.

Dr. Ford lied under oath, misrepresented herself (Perjury)..... Just one sentence into her sworn testimony before the Senate Judiciary Committee regarding allegations of sexual assault against Supreme Court nominee Brett Kavanaugh, Dr. Christine Blasey Ford may have told a lie. After thanking members of the committee on Thursday, and while under oath, Ford opened her testimony saying, "My name is Christine Blasey Ford, I am a professor of psychology at Palo Alto University and a research psychologist at the Stanford University School of Medicine." The issue lies with the word "psychologist," and Ford potentially misrepresenting herself and her credentials, an infraction that is taken very seriously in the psychology field as well as under California law. Under California law, as with almost every other state, in order for a person to identify publicly as a psychologist they must be licensed by the California Board of Psychology, a process that includes 3,000 hours of post-doctoral professional experience and

passing two rigorous exams. To call oneself a psychologist without being licensed by a state board is the equivalent of a law school graduate calling herself a lawyer without ever taking the bar exam. According to records, Ford is not licensed in the state of California. A recent search through the Department of Consumer Affairs License Bureau, which provides a state-run database of all licensed psychologists in California, produced no results for any variation of spelling on Ford's name. If Ford at one time had a license but it is now inactive, she would legally still be allowed to call herself a "psychologist" but forbidden from practicing psychology on patients until it was renewed. However, the database would have shown any past licenses granted to Ford, even if they were inactive. Ford also does not appear to have been licensed in any other states outside California. Since graduating with a PhD in educational psychology from the University of Southern California in 1996 it does not appear Ford has spent any significant amount of time outside the state. She married her husband in California in 2002, and completed a master's degree in California in 2009. She reportedly completed an internship in Hawaii, but a search of Hawaii's Board of Psychology licensing database also did not turn up any results for Ford. What makes Ford's claim even more suspicious is someone affiliated with Stanford University appears to have also been aware of the potentially damning use of the word "psychologist" and rushed to cover for Ford. DANGEROUS exclusively uncovered an archived version of Ford's page on the school's faculty directory. On September 10, 2015, the only archived date available, Ford's faculty page was saved to the Wayback Machine and showed Ford listed as a "research psychologist" along with her email address and office phone number.

Here are some of the major lies that Kavanaugh has told: 1. He lied about Devil's Triangle. A Devil's Triangle is two different kinds of sexual acts, involving either a threesome, or three types of sexual intercourse with one woman in one night. It is not a drinking game. He lied about this several times and his classmates have called him out. 2. He lied about "bouf," which refers to anal intercourse, and not flatulence. He doubled down on this lie several times during testimony. 3. He lied about "Renata Alumnus." That referred to him going on a date with the purported class "slut." It was not about being her friend (and she recently said she was horrified by his yearbook references.) His testimony directly contradicts a poem about Renata written by one of his close friends found in the same yearbook he refers to himself as a Renata Alumnus, portraying Renata as a cheap and sleazy date. 4. He lied that the "Beach Week Ralph Club," which refers to vomiting from drinking at a traditional beach week

The Wall Street Journal reported he was watching it with others in the Senate's Dirksen Office Building. There are many press stories on this. 6. He lied about not knowing about stolen emails from the Democratic members of the judicial committee. He knew the emails were stolen and confirmed it in the emails the Judicial Committee republicans tried to suppress. The Washington Post gave him three pinocchios for this lie. 7. He lied about witnesses supporting his claims. They did not support his claims as he characterized their testimony. They generally supplied brief statements through lawyers about not remembering the party. This was no testimony. This was no independent investigation. 8. More specifically, Ford and Kavanaugh's mutual friend Leland Kaiser says while she does not remember that party, but she believes everything her friend Ford said about it. She has stated this to the press and it came up in testimony today. 9. Kavanugh lied about his drinking. He drank a lot in the last year of high school and college (and several witnesses say he drank a lot for years afterwards). Several friends of mine who specialize in alcoholism said he exhibited signs of having drunk before this hearing. He was referred to by his college roommate as a sloppy and belligerent drunk. We saw glimpses of that belligerence today. Dozens of his contemporaries have confirmed how aggressive he becomes with drinking. 10. He lied that never drunk on weekdays in the summer of 1982. In his own calendar, he referred to "skis," which he admitted refer to "brewskis," with Mark and PJ on Thursday July 1 in a calendar entry that matches closely Ford's account. Most of the people in that list were the

Regarding the Brett Kavanaugh investigation: In late June/early July, Virginia Hume, one of 65 women who signed the letter in support of Judge Kavanaugh, was in contact with Mark Judge via Twitter. No one cares about youthful shenanigans anymore! They don't even care about \*oldful\* shenanigans, for that matter." Hume: "Good to get it out now. You have time to make the case that you

It may be useful to the investigation to know whether information about the allegations by Dr. Baisley Ford was known with Republicans circles via Ms. Hume prior to the revelation to the public by the Washington Post. Thank you.

I am very concerned regarding the limits President Trump has put on the Brett Kavanaugh investigation! The third victim, Julie Swetnick is a very creditable witness and has held several security clearances and worked in multiple positions of the government. Her attorney submitted several requests to the Senate for investigation the past couple of weeks. Mark Judge's work history is vital to corroboration of Dr. Ford's testimony. Brett Kavanaugh's drinking history is also vital to the

investigation. Any new complaints would also be vital to the investigation. Please consider this a complaint against President Trump's arbitrary set limits to the investigation. They are possibly intentional to hide facts. Sincerely, [redacted]

problem taking a million in cash or off shore accounts to lie through there teeth. She is a psychologist for GOD sake's! I'm sure she has interviewed many rape victims and knows just how to act. Sorry but its all BULL! she fumbles to much and over reacts with the voice breaking to much. Looking to her lawyers before answering every damn word. George Sorro's and every damn left group had this set up from the start and the media and FBI should follow the damn money! last checked her Go Fund me page was at 380k. Whats it at now! this was planned! . For 30 years Dems have made laws against what the people wanted with liberal judges. The thought of a conservative judge that goes by the constitution scares the hell out of them losing their last power card of corruption! Why is it so hard to believe that Mrs Ford, who's [REDACTED] Judge cavanaugh's [REDACTED] a judge does not have HATE and Resentment along with a big briefcase full of cash from none other than you guessed it George Soro's , Moveon.org just aired the brainwash TV ad of we believe you Mrs Ford. we believe you said 50 times over and over and over as if they were brainwashing the American people. You remember Moveon.org the website that wanted America to move on and forget about Bill Clinton RAPING women and Hillary protecting him. Democrats don't give a hoot about Women, Blacks, Hispanics or any other race,they are tools in their toolbox from HELL! SHARE ! every damn protestor has been paid surrounding this media blitz! If the FBI blows this one I will be fully convinced that you all take orders from Hillary or the people at the top of the FBI all went for a Jet ride to Jeffery Epstines Lolita island with Bill Clinton and are blackmailed to this day because the level of intelligence it takes to become an FBI agent does not match being a Democrat! Follow the damn MONEY! Grill Mrs Ford! Someone paid her. FIND IT! backwards to GS!or one of his ORGS
