Submitted Text:

Credible claims of sexual assault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Kavanaugh Lied under oath. "Boofing" means anal sex and "Devil's Triangle" is sex between two men and one woman. He lied about the meaning of words. Words that are in HIS YEARBOOK! What else is he lying about??? Do your job and find out. Do not let his administration obstruct your work. I am so sick and fucking tired of all the lying.

RE: Prof Ford. we knew our body chngd every yr as did "fashion" & hairstyles & transition into a new social world. Swimsuits were memorable. Was her one piece suit for dive practice or pool party? What clothes covered suit? Hair groomed & after? did she cry? mascara smear? Shoes? Day or night? Time? Did she walk to & after? Physically composed returning home to parents at home? Was she alone? Most 15 yo girls have a BF & go places in a previously coordinated group & talked on the phone constantly. Her Body confidence at 15? July 1st calendar says beers at Jimmies w 5 others. Jimmies house, his parents, siblings? Was there a pool? Who furnished the beer?

b6
b7C

Did they "chip $ in"? Keg? Her beer in a cup? Pre party to 4th of July? Her house in proximity to other party goers.Did she have a curfew? were schools on holiday? Family 4th of July traditions. Did she have a HS job? any community involvement - church - school activities/clubs? Perceived HS personality status. She knew the guys at the party. Why did she go? Did she feel safe? A whim to "join in"? Drop by get together incident? I BELIEVE HER. but I have all these female questions. Mark Judge says now he will cooperate. Safeway job is verifiable & might help Dr.Ford remember. He evidently had privilege & intellectual choice. Mark Judge & Brett Kavanaugh went to beer party in July 1982. So did Dr Ford.

I apologize if my previous post went thru-i was not done with editing.My pug sat on the power strip and I don't know if it got sent through before I was done. *The following are comments and perspectives. They are not facts;Possibly lead to an important idea that might help you. Things I have noticed and thought it might help you in Kavanaugh case. 1. quote Mark Judge's book "My job was simple. People would leave their grocery baskets against a rail in front of the store, then pull their cars around." 2. Dr. Ford stated she saw him with shopping carts. 3. strange: she could have said she saw him in a blue shirt, inside the store, by the milk, BUT instead her statement mimics the statement from his book. 4. Planned lies usually are partial truths. They are lies in disguise. They tell just enough truth that the lie seems real by virtue of close association to the truth. Sometimes, like in this case, her options for describing him at the store were so VAST, to hone in on his "shopping cart" activity seems to be an outlandish coincidence. 5. concern: because

she did not tell the truth about flying; it goes to her character. 6. recall & conflict: as a recovering victim; the worst thing I could do is see my attacker.LAST thing I would do if I saw my attacker would be say "Hi". I would go opposite direction for sure.Ford demonstrates very strange behavior to talk to Judge. 7.had manners: "from 1970" most "homes had at least two and a half baths" Why did Ford go upstairs when there was more than likely a b-room downstairs? Was she looking for the bedroom or the MUSIC? In the early 1980's kids of her status would have asked the host where the bathroom was located. We wouldn't have rambled through the house looking for bathrooms.Did she ask the host? Who invited her to the party, the host? It is strange that she can remember "shopping carts" but not the location. 8. Licensed or not:"it is the internet" - I have not researched it- but it is spreading like wildfire-she has a degree - but she is not a licensed psychologist. Please match the fact to her statement during interview. Just like teachers you can have a degree but not a license-what did she say? 9.when: Ford stated her house got 2 front doors in 2012- the city records (according to some, I am not sure about this fact) show the building license was 2008. 10. time line off: can't imagine going ANYWHERE in wet suit. Ford said went to party after diving. This makes one wonder if she walked or rode;daylight or dark; BIG problem:takes HOURS for OLD bathing suit material to dry. Based on the humidity- maybe days.We would hang suits to dry. Strange she would wear it. I am not trying to spread rumors-or cause problems. I am only telling you things that MIGHT be worthy of your time and investigation.I don't have the means to research anything but maybe one little thing will help you in your quest for facts. Thank you for your service keeping America safe. Thank you for your valuable time.

Rep Maxine Waters (United States Congresswoman from California) has issued a threat to Mark G Judge, a witness in an ongoing FBI Investigation. She has used her public twitter account to tweet "We all know where Mark Judge is. We all believe Dr. Ford. He was in the room. He better not lie to the FBI!" This is witness tampering. She has been known to threaten Republicans and call upon her supporters to harass and intimidate Republicans in many ways but this is different. Mr. Judge is a witness in your investigation of Judge Brett Kavanaugh and she is telling her supporters that "we know where Mark Judge is" and then gives an ultimatum. This can only be interpreted as a threat

Subject Brett Kavanaugh. He lied to Senate Juduciary Committee yesterday. Asked about phrases on his Yearbook page he lied while under oath. His yearbook page. Warning a bit X rated: A Devil's Triangle :is a threesome with two guys and a girl. Boof :refers to taking alcohol through the rectum. FFFF: refers to one night stands. FIND them, FEEL them, F**K them, FORGET them. He lied under oath yesterday. He said Devils Triangle was a drinking game. Boofed meant flatulence. FFFF how his friend stuttered. All his answers made up to hide the fact of the sexual nature of his character as a student. Contemporaneous evidence of his character during time he allegedly attacked Dr Ford. He lied and should be questioned about this. He also lied about the mention of a girl Renate. Said Renate Alumnius meant he was good friends with this girl. Fact is same was written on yearbook pages of more than 12 members of football. Team. Actual meaning that she had sexual relations with all of them. He lied to Senators. Please investigate.

Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

This information is not an emergency and may result in nothing. I have been watching the Kavanaugh - ford hearing and came across a message board online that pointed out that the same calendars (for the same date range)that Kavanaugh used during his hearing was sold on eBay September 8th, 2018. It's coincidental, but something that I thought may be worth looking into. I apologize if this is not the appropriate place to forward this information and I do not wish to promote any conspiracy theories. I figured that since it's looking like an FBI investigation may be underway, I wanted to make sure all possible information was available. Here is the eBay link, and I would be happy to forward information on the online posing if requested: [redacted] b6 b7C

In the investigation of judge Brett Kavanaugh, there are numerous potential examples of him lying to Congress, which need to investigated further to see if he committed perjury. Many very specific instances to investigate are detailed in great depth in the following article, which also deeply investigated and followed-up on what the facts are outside of what he said (eg, maps of his house vs. others involved; facts about terminology he used which is true or not true). I wanted to make you aware of the depth and detail of this article so you can follow these leads further. They go to the question

of whether he is a generally credible witness in the case against him. And also go to the crime of perjury. Thank you. https://www.currentaffairs.org/2018/09/how-we-know-kavanaugh-is-lying

Since Ms. Ford is a psychologist or a professor in that field, she is well aware of the false memory theory and you should be looking into that aspect of her accusations. I respectively request you to please consider securing the 2012-2013 THEREPY notes for Dr. Christine Blasey Ford in support of their importance to the Brett Kavennaugh SCOTUS nomination process AND their EQUAL importance for the preservation of Dr. Ford's character and reputation. As you may be well aware, half of the country feels serious reservations about the credibility of her recent Senate testimony. I suspect this lack of trust in her recollection of pertinent facts could be accounted for if she received hypnotherapy and/or age regression analysis in aiding her memory of painful and distant events. I suspect there exists a possibility for the occurrence of false memories, "pseudo-memory", or confabulation in her recollection of painful

I would like to see the FBI interview author, David Brock, concerning Brett Kavanaugh's time on the Starr Investigation. He wrote an article for CBS on Sept. 7, 2018. During Dr. Ford's testimony, she mentioned she had been swimming at one of the country clubs along Connecticut Ave. There are two (Chevy Chase Club and Columbia Country Club). Both are walking distance to a house on Thornapple Street where she stated the party was happening when she got attacked. She also stated she lived on Falls Road near Potomac Village. These two locations are 10-12 miles distant and 25-35 minutes driving time. There are four other private golf clubs along the route between these locations (Congressional, Burning Tree, Bethesda, and Kenwood). You might want to check where her parents had a membership. Seems odd that a 15-year-old who cannot drive travels 30 minutes to get to a county club. Also if she was

b6
b7C

b6
b7C

driven by her parents they may be able to corroborate her frequent trips. But what if they had a membership elsewhere could she be mistaken where she was. Holton Arms is located closer to these other four clubs. Why would she have so many friends who would frequent the most distant club. Also, she stated that she had been attacked by a prominent judge in the Washington area. Maybe the news about Kavanaugh from earlier confirmations triggered a name she could associate with her high school years. I doubt there was any other Washington DC boy who made national news that she knew of so she attached his name to her recovered attacker memories. Also, Holton Arms School yearbooks disappeared from their website about the day after this story broke. But there are some picture snaps on You-Tube taken by someone who knew about the school. Seems drunken keg parties were very frequent and very heavy among the girls' parties. Frequently the purpose of the parties was to get pass out drunk for sport. So if you are directed to investigate further you might want to spend some time on these local geographic anomalies.

I want to know if Dr. Ford is being investigated for her lies? She said she is afraid of flying and needed friends support to get her on the plane, but has really flown all over the world. She said she had to put a second front door in her home after couples counseling in 2012. Permits for the door show it was in 2008. Google photos show the second front door previous to 2012. The letter she gave to Senator Feinstein had been altered with Kavanaugh's name. He husband may have ties to the CIA. She works for a company who is distributing abortion drug for off use purposes. Making abortion a motive for getting rid of Kavanaugh. She can't remember a couple of months about much about the lie detector test, who gave it, who paid for it, etc. Why was it given in a hotel room the same day as her mom's funeral! She needs to be investigated and questioned without her attorneys at her side with scripted notes in front of her. This is sham and a disgrace to our country.

To Whom it May Concern. Concerning the upcoming investigation into the alleged events that may or may not have occurred between Dr. Ford and Judge Kavanaugh from 30 plus years ago, the term "BOFFING" was referenced in the hearing Judge Kavanaugh. I has to be noted that the term "BOFFING" had been used in the Kavanaugh year book and he claimed, under oath, that it referred to flatulance. I also grew up in that time and know for a fact that that is not true. Boffing refers to sex. And the Urban Slang dictionary corroborates my statement. In my opinion Judge Kavanaugh purposely distorted,under oath, what that term referenced in his year book. When I heard that term I though OMG, he is lying. That term has to be investigated. I bet if

b6
b7C

b6
b7C

you ask anyone else in his class what that really meant, if they are honest, they will tell you that it is a sexual term. No investigation into this matter can be truly complete if this term is not investigated thoroughly. To me it proves that Judge Kavanaugh lied under oath. Please take this into consideration as you proceed with the investigation.

Regarding the investigation of Dr. Christine Blasey Ford and Judge Brett Cavanaugh I hope that the FBI will investigate Dr. Ford's Financial records and interests including children's college funds to see if there has been a sizable monetary gift from an unknown source. This bizarre situation has many features of the trouble that George Soros has stirred up throughout US, Ireland, and other parts of world to facilitate a liberal agenda. A money trail could be a clue. Probably the FBI already thought of this, but I still thought I should pass it on. Thanks you.

This womans lies are a start of the failure as a government that millions of people love Please dont be political.

as Julie Swetnick. I have had b6 b7C casual encounters with her for the past five years. I do not know her very well. In my interactions with her she has always been a lovely, bubbly person. Happy-go-lucky is how I would describe her based on her interactions. It has been odd to see her in television interviews because her demeanor and personality are strikingly different. Granted, she is discussing serious allegations. But her persona is a complete contrast to the person whom I have observed. She consistently has been a friendly face until her recent interviews where she

presents as serious person. She is also a loner. In the five years I have seen her she is always by herself - I've never seen her with family or friends which is somewhat bizarre.

Well you probably thought of this yourself but it just occurred to me that in the Kavanaugh case, Mark Judge may not have fled to Delaware just to protect himself from stress, but may have been requested to make himself disappear by Judge Kavanaugh or the Republican Committee. You should check with his cell phone provider to see who he has been talking to just prior to his disappearance and during his disappearance. If he was asked to hide out by Judge Kavanaugh, I think that is a significant fact in this matter.

If the FBI is going to re-open the Ford allegation, it should be two-pronged. Since the witnesses Ford named cannot...do not...recollect the event that Dr. Ford has alleged, then perhaps there's another possible scenario. Surely with all the flak taking up most of the time of the media, something surely should have jiggled a remembrance by someone who took her to the house in question and/or drove her home afterwards, but no one has stepped forward...so let's look at the possibility that it didn't happen in the summer of 1982, but the summer of 1983..This would have made Dr. Ford 16 at the time and able

b6
b7C

b6
b7C

to drive herself to and from said site. It would also change the summer dynamics of the now graduated Brett Kavanaugh. I know my summer following graduation changed my life dramatically..Not only was I working hard to earn money, I also was working out to be in shape when I reported to college, and...was getting ready to leave for college, and my summer was about a month shorter than past ones as freshman orientation started earlier than classes. It also meant I had less time to spend with extraneous people. --- Now that the FBI is reopening the Ford allegations , here's something that sounds rather suspect..Ford claims that she was naive about lawyers and asked Sen Feinstein for advice. What she failed to tell the world is that her dad is a lawyer and both her brothers are lawyers in the DC area. In fact, her oldest brother worked for the law firm that now represents GPS Fusion. This is a little too convenient to be coincidental. --- Another thing I have found is that Dr, Ford's father worked at the CIA at one time, and we know no one actually fully reties from the CIA. He would surely be able to advise a psychologist on how to manipulate a lie-detector test, but more importantly, advise her/her lawyers on "who to get to administer one . Perhaps one goven by a FBI professional should be administered.

"Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately."

Judge Kavanaugh lied under oath about the things on his calendar. Devils triange is no drinking game and as we all know wiki changed the definition directly after his testimony. Ffff is not studdering and bof is anal sex. Devils triangle is a three way. You must at least report these lies under oath. He is at the very least in contempt and should be disqualified. Thank you and please tell your colleagues in washington to investigate this please.

I have no evidence except I watched the hearings. It was painfully clear that collusion between every Dem Senator and C. B. Ford and her lawyers was MOST probable. There is no proof, only one allegation, that even by Ford's testimony didn't have a name put to it until more that 20 years later. I suspect the entire stunt was conceived by one or ten of the Dem Senators I believe a through investigation of those Senators and the lawyers and C.B.Ford would be a far more productive venture. Who really wrote that letter, when and where was it mailed or emailed, you should get all emails between any of them to get to the bottom of this. It is time the FBI did it's job and exposed all the underlying facts. No one goes through 6 background checks (and comes out whistle clean) and then is accused of something 32 years later with one unfounded unconfirmed (and those were her witnesses). This circus is Dem created. Do your job and investigate everyone involved

with this not just Bret Kavanaugh. I believe you should also research the denying of civil rights by all the Dems on that committee. Has Bret Kavanaugh been assumed innocent until proven or have the dem pretty much thrown our Constitution in the ash heap. Bret Kavanaugh deserves to have his constitutions rights defended.

[redacted] This data is in raw form as received. [redacted] b7E

[redacted] provided the following information: b6 b7C

[redacted] b6 b7C

[redacted] The article states a woman who wishes to remain anonymous came forward to talk about her encounter with Kavanaugh. The article states "One night she ran across an apparently inebriated Brett Kavanaugh and things went differently then. Previously, he had always been nice to her. "But not that night. He was drunk. He was obnoxious and crude. I had a friend with me and

we left. His football buddies were laughing at us. Maybe they were laughing at him, but I didn't take it that way and they didn't do anything to keep him from being a jerk." From that point on Elizabeth said she steered clear of Kavanaugh and didn't see any more sexually explicit behavior because, "I didn't want to be around those guys." She was not present at the party described by Ford - or doesn't believe she was. She also said she never saw Kavanaugh assault anyone. But, from her experience, she said she has no problem believing Dr. Ford's allegations and said Ford should be heard without politics being involved."

[redacted] also said he was looking around online and found Kavanaugh's yearbook and there is a picture of Kavanaugh with the caption "Rehoboth Police Fan Club with Shorty" and caller feels there could be some police reports out there, as he frequented Rehoboth Beach during that time.

The subject of this tip is the JUDGE KAVANAUGH investigation of alleged sexual abuse. I STAND with JUDGE KAVANAUGH! [redacted] b6 b7C b7E

[redacted] Dr. Ford, on the other hand, remembers so few VERIFIABLE, CONCRETE facts to support her claim- so far at least, but YET she remembers the NAMES of those boys who allegedly were at the house party that she attended after leaving the country club. Who supplied her with those names as I do NOT believe that she could remember the names and not remember more details of that event? This has become so political that, in my opinion, it is not so much about sexual abuse against women but about political power. Also, it concerns me that ANY MAN can be accused of sexual

misbehavior and it's up to him to prove his innocence instead of up to the ACCUSER to provide plausible evidence that abuse occurred. I am inclined to dismiss the charges made by the other two women who came out with charges of their own because they appeared too ludicrous and something one might read in the NATIONAL ENQUIRER. If there is concrete, verifiable evidence that Judge Kavanaugh, in his youth, did attempt to sexually abuse Dr. Ford, I would wonder about his veracity in this affair but, until then, I choose to believe his story rather than hers. I tried to call the Washington office but was unable to get through because of the high volume of calls, and I have either spoken with staff members or left a message for some of the Senators. [redacted] REAL sexual abuse should be investigated and the punishment should be according to the crime. FALSE allegations are made, however, and the victim is charged with paying to defend themselves. [redacted] I know that women do LIE, CHEAT, STEAL, and even MURDER if they have the right motives-we are not paragons of virtue. Feel free to share this with anyone with whom this may help with making recommendations to the Senate.

RE: Kavanaugh Evidence. Please pass this on to relevant section/ investigators. A. Copy of Email From Kavanaugh when he was 37 & in the White House. Kavanaugh email sent to friends in 2001, apologizing about becoming aggressive after a dice game that Kavanaugh says he can't recall. Formally reminds friends of obligation of confidentiality, even from spouses [redacted] b6 b7C B. Transcript of Senate Judiciary Interview with Kavanaugh from 26th September 2018 This document has been uploaded onto the Judiciary website but cannot be found through search. Which is a concern. It details a letter received by Senator Harris, from a woman describing an alledged attack/ rape by Kavanaugh and a friend/ accomplice - who had offered to drive her home after a party. This document appears to have been 'hidden' on the Judiciary website and has not been reported by the press. It was also not

mentioned at the hearing. It appears to depict a similar modus operandii as mentioned by Dr. Ford. Two males colluding in an attack on a vulnerable woman, who had become separated from her friends/ other people at a party. Kavanaugh's calendar of 1st May 1982, provide evidence that he did drive to parties, although I am not insinuating that that date is applicable to this particular letter/ account. https://www.judiciary.senate.gov/imo/media/doc/09.26.18%20BMK%20Interview%20Transcript%20(Redacted).pdf

Hi, On the Kavanaugh background investigation, I believe cross-referencing recent telephone, mobile phone, and text messages of Chris Garret, Mark Judge, Brett Kavanaugh, and Edward Whelan would be of benefit (three weeks back would be my minimum research estimate). This recommendation is based on reading and watching the news, and reading user comments. Sorry if you are way ahead me. Sincerely, [redacted] b6 b7C

This is in regards to the FBI investigation concerning Brett Kavanaugh and Christine Ford. Could you please forward this to the appropriate FBI folks investigating this? I have the link and contact information of people that uncovered this. It would be terrible if this woman made it all up and the joke is on us. She also needs to be investigated. This is all I know and it is disturbing. We should NEVER allow false allegations. Christine Ford Published 2008 Article on Self-Hypnosis Used to Retrieve and 'Create Artificial Situations' By Pamela Geller - on October 2, 2018 https://gellerreport.com/2018/10/ford-hypnosis-artificial.html/ Christine Blasey Ford has been shown again and again

to be lying. She can't remember key details of the night during which Brett Kavanaugh supposedly assaulted her, and even the few details she does remember change in every retelling. She has made an unsubstantiated and likely unsubstantiatable charge, and yet the Republicans have bent over backwards to accommodate her. Every new revelation, however, including this one, shows that they're being played. The game is clear: the Democrats are trying to delay Kavanaugh's confirmation until after the mid-terms, when they hope to control the House and the Senate. The American people should repudiate this disgusting tactic thoroughly, both now and in November. And the Senate should vote now to confirm Kavanaugh. "HUGE! Christine Ford Published 2008 Article on Self-Hypnosis Used to Retrieve and 'Create Artificial Situations,'" by Jim Hoft, Gateway Pundit, October 1, 2018: Christine Ford has not turned over her therapist's notes to the Senate regarding her suppressed memories about Judge Kavanaugh abusing her decades earlier. This may be because if the memories were revealed through hypnosis they would be "absolutely inadmissible" in the court of law in many states, including New York and Maryland. [redacted] [redacted] Deeply true. Two most unreliable, but often believed, forms of testimony: 1) confessions; 2) eye witness recollections. [redacted] Pro Tip 2: Every discussion of Kavanaugh and Ford that doesn't mention the unreliability of eye witness accounts, and memory in general, is either ignorant or a con job. 1:13 PM - Sep 28, 2018 Twitter Ads info and privacyThere were also accusations that Christine Ford was under a hypnotic trance during her testimony. Now this… One of Christine Blasey Ford's research articles in 2008 included a study on self-hypnosis. The practice of self-hypnosis is used to retrieve important memories and "create artificial situations." Via [redacted] https://gellerreport.com/2018/10/ford-hypnosis-artificial.html/ https://cdn01.dailycaller.com/wp-content/uploads/2018/09/Kavanaugh-2.jpg Sincerely, [redacted] b6 b7C

Parts of Dr. Ford's story do not make sense. She testified that Kavanaugh and Judge were boisterous and stumble drunk. She said she left the group to go upstairs to go to the bathroom and was suddenly pushed from behind into a bedroom by an unknown person. How did two loud, drunken, stumbling boys get silently up the stairs, lay in wait and push her from behind? They would have had to go upstairs at the same time she did in order to be right behind her and it would have

been impossible for them to have moved in an undetected, stealth manner right behind her if they were as intoxicated as she described. It doesn't make any sense. Someone need to analyze Dr. Ford's testimony. I have other observations that indicate that her story is not credible and not believable to somebody like me who was assaulted as a teenager. I would assume this is already known to the FBI but on the chance not, and given only one week to research kavanaugh case: 1. The party listed in Kavanaugh's calendar for July 1 (a Thursday but a holiday weekend) seems to have taken place at Tim Gaudette's house (BK mentions name in testimony). 2. I think this is the same Tim Gaudette: https://www.linkedin.com/in/tim-gaudette-5556763/ He went to Georgetown Prep and is the right age, roughly (/83?). Noting (1) his MA thesis is on the history of British brewing and pubs and (2) he is a former the board member of the Denver Gay and Lesbian Chamber of Commerce. (The latter seems relevant in the context of a heteronormative assault claim.) 3. The calendar also lists "Squee" (or similar). I believe this is the nickname for the boy Ford was dating. That would make it more likely Ford was at that party. 4. At the least, maybe Gaudette could offer the address where he grew up so the possible "narrow staircase" could be photographed? It seems possible that BK does not remember the assault, whether because of drinking or

b6
b7C

b6

lack of salience given cultural norms at the time. Thus, placing them both at the party would be material. Thanks for your time, your public service, and your investigative work in this case. It is all very important, and sincerely appreciated.

Please forward this to FBI/Brett Kavanaugh investigator. Thursday, Sept 27 Dr Ford submits her sworn testimony. Being questioned by a Democratic senator she is asked what she thinks is her most traumatic time during the alledged assault. She responds referencing the two boys laughing. She then continues that one of the boys is on top of her, but she couldn't determine which one. I am not a trial lawyer nor a trained investigator; however, I would/do question if she knew which boy, if either assaulted her. This information I have submitted can be seen as reported on ABC Evening News w/ David Muir, Friday, Sept 28th, first story. Please watch and review and investigate accordingly. Get back w/ me if needed. Hope this helps. Thank you.

although the WH is the client in the kavanaugh investigation, it is supposed to represent the people. Kavanaugh lied many times, about how much he drinks, about whether he knew documents were stolen etc. Very upsetting to citizens is his witness tampering regarding the case of Ramirez. This is the highest court in the land Kavanaugh must be give a polygraph test. His on opinion dictates that applicants for job interviews must be given polygraph test. The question is whether he lied. If the FBI just papers this over to placate Trump it will lose

its credibility. Citizens are suspicious. Please do a real investigation.

I am sure you are overwhelmed with theories about the Kavanaugh investigation. I would imagine you are looking into this, but from Kavanaugh's calendar, it looks like he had monthly appointments with a There is currently a dermatologist by that name in There is also a note to get a prescription filled on Aug. 21. I too was a teenager at this time and used a dermatologist. b6 b7C It was not until I started on the prescription of Accutane that I needed monthly appointments. At that time, they were still unsure of the psychological effects and proper doses for that drug. With this, I would simply flag that it might be informative to understand who was/is and what prescription Kavanaugh was on.

Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of

Re: Brett Kavanaugh: b6 b7C although I did not know him personally. I believe standard Yale procedures at that time are pertinent. If you haven't done so already, you might consider contacting any of the following people: If a student blacked out, his classmates were instructed to contact the Yale Police (a division of New Haven police). If they did contact the police, the police would send an officer to the dorm room. If the student was unconscious or heavily inebriated, they would be brought to the Yale New Haven Hospital ER, rather than the Yale Health

Service. Most students live on the Old Campus their first year, in the Hall (part of a full building) assigned to their residential college (like an upper class dorm). In years 2 through 4, they live in that specific residential college, although some transfer to another residential college or fraternity or live off campus. Regardless, they are still assigned to a residential college. If the Yale police were called, I believe they would also notify the Master of that residential college. So, people who would know about ths incident include: 1)the Yale Police officer; 2) Yale New Hospital ER; 3)the Resdiential College's Master; 4)the Residential College Master's wife (all of the Master's were men at the time, and their wives were very active members of the Residential College community; and 5) the Residential College's Dean (for acaademic issues). Also, every student is assigned to a Freshman Counselor (generally a senior or grad student) who lives in a single room close to those other students assigned to him or her and knows them quite well. The Freshman Counselor would often know about these incidents from other students, even if it wasn't formally reported to the Yale Police. So, in addition to his classmates, there several people who were adults in positions of authority who might have known about each black out incident, even if it wasn't formally reported. I hope this is helpful.

If the FBI examines whether Kavanaugh was truthful re his drinking at Yale. I am submitting suggestions that may be helpful. before Kavanaugh was admitted, and do not know him. b6 b7C I found Kavanaugh' s responses to questions at the Judiciary Committee hearing yesterday to be belligerent, evasive and flippant. I am supplying the information below simply to allow the FBI to obtain as many facts as possible, regardless of the outcome.] Yale University's undergraduate students enroll in Yale College. When Kavanaugh was a student, Yale had 12 residential colleges. Each college had a Master and a Dean. Most freshmen lived on the large quad known as Old Campus. Seniors were residential advisors to freshmen. Interviews of Masters, Deans, their staff, and the assigned residential advisors may reveal issues with substance abuse, misbehavior, academic performance, or other relevant matters. They might identify which students shared the same rooms, bathrooms and entryways during Kavanaugh's enrollment. Each

b6
b7C

b6
b7C

residential college also had a social committee that held mixers and other events, including brunches before home football games, at which alcohol was available. One of many events that involved much drunkenness was Bladderball on the Old Campus. The editors of the Yale Daily News when Kavanaugh was at Yale often knew of, but did not necessarily report on, DKE pledge activity and behavior on Tap Night for Yale's senior societies aka secret societies. Many Yale students who were interested in politics or public affairs joined the Yale Political Union. Students who joined often affiliated themselves with five political parties on campus, which were the Progressives (Progs), Liberals (Libs). Conservatives (Cons), Tories, and Party of the Right (POR,) [redacted] the POR and Tories were notorious for alcohol fuel activities. I don't know whether Kavanaugh joined any of those organizations or participated in their activities. Yale's alumni association, AYA, should have copies of the books assembled before class reunions. These and alumni notes in the Yale magazine may be of limited use, as graduates were not necessarily candid about struggles with alcohol during or after their years at Yale. Before Facebook became popular, many Yale classes had listservs. Now, many classes have their own private Facebook pages. Yale police may be helpful. Yale's health service may have records re undergraduates who were taken there after passing out. I do not know what evidence the FBI will uncover. I do know that the FBI will effectively use any information it gathers to answer some of the questions raised at the hearing.

This is related to the Bret Kavanaugh. Per my earlier communications via this portal and by telephone with an FBI rep, I am continuing to share any relavant communications. I will not repeat earlier on file. I recommend the FBI attempt to contact in 1983. She directly handled many related student disciplinary actions. Here is

b6

b6

another tip from a Yale Classmate that might be relevant? Quote: [redacted] took over for [redacted] on the Sexual Harassment Grievance Board late 80s. [redacted] and I were close then and I worked with her on [redacted] andd she was a sort of de facto ombudsperson though Yale didn't really have that role and I remember writing a complaint to [redacted] when he fired [redacted] and recommending that Yale College keep her and the role she played (shes on FB). [redacted] She seemed to me then more involved in student problems than [redacted] I worked with [redacted] too. And I discussed the frats with both of them. [redacted] may know how to get in touch with [redacted] if she is alive (I have no idea). {end} Another in a chat room I honestly have no idea but intriguing. I can verify from a Yale student of that period. YDN= Yale Daily News. Quote: YDN letter on Oct 3 referred to a "recent review" of the show in YDN. but i couldn't find [redacted] review... no online NH papers from the time. but i found that snippet from Hartford Current. then i figured out the "After Hours" pullout from Sep 27 was missing in the YDN archives. The Sep 13 and 20 After Hours are in the archive...

Thank goodness the FBI will be able to investigate the Kavanaugh case. I know you will be getting thousands of 'tips' However, please please look into the Calenders that Kavanaugh supplied. Can the FBI get a sample of his writing in the years 1982. Compare that writing to the writing in the diary. Maybe some writing when he was sober and some when he was drunk. The calender has been altered. 16 July has been blocked out. He said it is only his writing on the calender, but then why is the writing different? IF he wrote in diary when drunk, it will be evidence that he drank. Please analyse the calenders with the experience of the FBI

Our justice system has become nihilistic! [redacted] and moved forward. Judge Cavanaugh came with evidence he was not guilty of the allegations. FBI had also better investigate Ford. She is a psychologist; why had she never gone through PSTD Therapy? That is unbelievable if she had been abused as she says she was. I am sorry she did not come across stable. She needs to be investigated about her past. Otherwise it is not a fair investigation!!!!! Forward this to our FBI please.

July 2018, Dr. Ford contacts Washington Post. At about the same time, Ricki Seidman, Dem. operative and Ford's PR advisor tells a group: "I do think that over the coming days and weeks there will be a strategy that will emerge, and I think it's possible that that strategy might ultimately defeat the nominee," Seidman said. "And whether or not it ultimately defeats the nominee it will, I think, help people understand why it's so important that they vote." This whole plot has been in the works for month. Re: The latest Kavanaugh background investigation and a novel perspective of the Ford saga. The following perspective is that of an erstwhile Holton Arms dad. It is probably of no use to anyone but me, but the music works for me. I would like to weigh in, at least, on the off-chance that the perspective can provide some interrogative leverage. 1) The attack probably occurred. 2) A sham sex attack was the mo used to achieve the real goal (bullying). 3) Bullying is common among the immature, and should raise a red flag when perceived in adults. 4) Bullying assumes exotic forms among privileged young with their sense of superiority and entitlement. 5) The 'competitive action' that swirls behind the scenes between such schools as Holton Arms versus Landon or Georgetown Prep can be vicious. 6) Even if not naturally vile, the offending parties, if inebriated, probably would not consider the possible destructive consequences to the target of their 'grab-ass' joke. 7) The failure to appreciate that the stages of

a single human's existence recall aspects of metamorphosis can foster misapprehension—the arrogant acts of a teenager can blind us to the mature acts of the self-reformed adult through the identification of the two versions. Consequently, the mature, integrated adult may not be able to admit to any serious youthful indiscretion without the threat of disastrous consequences to his arduously constructed, responsible adult stage. This reticence must be expected from any cited attendant as well.

Our justice system has become nihilistic! [redacted] b6 b7C b7E and moved forward. Judge Cavanaugh came with evidence he was not guilty of the allegations. FBI had also better investigate Ford. She is a psychologist; why had she never gone through PSTD Therapy? That is unbelievable if she had been abused as she says she was. I am sorry she did not come across stable. She needs to be investigated about her past. Otherwise it is not a fair investigation!!!!! Forward this to our FBI please.

Credible claims of sexual asssault have been brought against Supreme Court nominee Brett Kavanaugh, as witnessed by millions of Americans at yesterday's Senate Judiciary Committee hearing. It is neither fair to the American people, nor in keeping with our nation's commitment to justice to have to hope that those claims will be investigated: they must be. The American Bar Association has called for a delay in the process and a thorough investigation. The integrity and credibility of the Supreme Court is at stake, and I implore you, as our leading law enforcement agency, to open an investigation into these matters immediately.

Level 2: caller wants to provide information on kavanaugh investigation, based on what has been stated ("this is just information only"), the yearbooks he has ("personal yearbooks in his home with comments written in by classmates") is probably a key piece to the investigation and should yield to others who should be questioned based on comments written, a question "can they get those via subpoena or by just asking for them", the yearbooks are most likely kept because brett kavanaugh is keeping all historical information so he will have them, the Georgetown prep yearbook from mark judge would also be a great source of info if it can be obtained, caller thinks this is a key piece if currently not being recognized as something to follow up on

For the Kavanaugh investigation: a context tip for the statement Kavanaugh made to the effect that 'we didn't hang out with the girls from Holton-Arms but hung with the girls from local Catholic private schools.' This makes Blasey-Ford an even more likely target for an assault or for sexual humiliation. This is because the girls at the Catholic schools were daughters of parents whom Kavanaugh's parents would have known from church, Catholic grade schools perhaps, and the generally more insular Catholic social situation in the 70s and 80s. The girls from the private secular school would seem more socially or

b6

emotionally distant from oneself, and not intersect as closely with Kavanaugh's family's social setting. Thus, it would be easier to objectify Blasey-Ford sexually. Please take this into account when assessing the veracity of those you are investigating.

URGENT! TIME CRITICAL! TIME SENSITIVE! KAVANAUGH/FORD. Check to see if Dr. Ford has undergone "Memory Recovery Therapy". This is a technique that has been discredited for over thirty years, where in most cases the therapist, accidently or purposefully, implants false memories in a patient, that the patient believes to be true "100%." This is key to your investigation, and would explain how Dr. Fords believes her experience and is truthfully telling her story, and at the same time Judge Kavanaugh is also truthfully telling his story.

[redacted] That is all I remember about him, but I remember those three things very clearly. I do not remember his name or face. I told at least three people the night of the incident and they can corroborate what I told them then, as can very close friends I confided in over the years. Only since the Deborah Ramirez incident became public have I learned that Brett Kavanaugh was Yale class of 1987, and a history major. [redacted]

The boy who brought him up had interned at the FBI the summer of 1985 with a friend and housemate of mine. [redacted] and she has tried to recall the name of this FBI intern and Yale student, but cannot. (I somehow think his name was [redacted] but that's a vague thought.) At any rate, he would know who he brought up to [redacted] and may well remember other things about that night. You have my contact information, and I am able to respond to inquiries at any time. [redacted] but it's fine to call at night, if that is needful. I do wish to maintain my and my family's privacy, but I understand that I am not making an anonymous tip. THERE IS NO OTHER GOVERNMENT ON OUR PLANET MORE CROOKED AND DANGEROUS THEN "THE UNITED STATE OF AMERICA". The FBI investigated [redacted] and I and found out we are better Americans then they are. FBI what did you do about the criminals? Brett Kavanaugh said his reputation is ruin because of recent allegations and the hearings on TV about sexual crimes he may have committed. Our reputation was ruin with the help of the FBI .The same FBI agency they mention on TV about investigating the allegation against Brett Kavanaugh. [redacted] at Walt Disney World Florida by 3 Orange Co Fl Deputies in 2005. We did absolutely nothing wrong. [redacted] This charge was a total lie. We went to Disney Parks for about 35 years. We even took 2 or 3 Disney Cruises and never had a problem . FBI why don't you start telling the truth and stop protecting dangerous criminals. The 3 Orange Co Fl Deputies got five Disney Employees to file false police reports to help collaborate their crimes against [redacted] b6 b7C b7E

[redacted] at the time and I . I still have the employee police reports that are missing from the case files at the Orange Co Fl Sheriffs Department. I subpoena Disney for surveillance video's to prove what happen. [redacted] prior the attack and knew they had surveillance camera's in the area we were attack. Disney told the courts they could not find any video's. This was a total lie. Police abuse is high at Central Florida Theme Parks. in 2006 we went to the FBI and spoke with FBI Agent [redacted] to file complaints about the attack at Disney World and about a incident we had at our home by the same police department about 6 months prior the Disney attack. At our home [redacted] and lied about. I also have those police reports in my files. They were loaded with lies. In 6 months [redacted] which were all total lies. They even posted this garbage on the Orange Co Fl Clerk Of Courts Website. Hey Brett how about our reputation? Three FBI Agents came to our home in 2017 to tell me [redacted] "REALLY"! We knew this 12 years ago. The FBI investigated [redacted] and I while protecting dangerous terrorist criminals. Many times I question the Orange Co Fl Sheriffs Department the FDLE and the FBI wanting to get justice for both incidents. What happen FDLE and FBI ? The picture below is a total lie. This was posted on Orlando Florida Topiz by a Florida Cop or Disney Employee or Disney themselves or maybe even the FBI. They all did all they could to destroy [redacted] and I. We are better Americans then any one of these rotten anti American bastards.

Please consider alternative scenario in Ford-Kavanaugh Case. The facts: 1. Judge Kavanaugh states under oath he believes Dr Ford was raped. 2. Dr Ford states under oath she was raped. 3. Dr Ford states under oath Brent Kavanaugh raped her. 4. Judge Kavanaugh states under oath he did not rape Dr Ford, but agrees she was raped, thus an incorrect identification of the rapist by Dr Ford. 5. How often do victims of rape accurately identify their rapist? Greater than 95%. Incorrect identification is usually associated in cases of fraudulent reporting of rape, not the situation at hand.Thus Judge Kavanaugh

likely raped Dr Ford. 6. In High School, Brent Kavanaugh was playing tackle football, binge drinking excessive amounts of alcohol, acting out aggressively and questions of inappropriate sexual behavior while intoxicated. His year book entry suggests a conspiracy of deviance, thus indication for examination. 7. Brett Kavanaugh attended a private school thus accessibility to most illicit drugs without any difficulty. State school students frequently travel to those private institutions filled with wealthy kids, providing copious illicit drugs and alcohol to purchase. 8. Medical science predicts aggressive outward violent sexual behavior in a male experiencing multiple closed head injuries in conjunction with alcohol and drugs use. The medical community would be very concerned for this young mans wellbeing without intervention and treatment. The exact mix of traumas to Brett Kavanaugh (physical,chemical,psychological etc.) during his adolescent years has yet to be determined without doubt, but with understanding of the possibility of identical violent aggressive sexual behavior possible from multiple different combinations of these different etiologies at different times culminating in a night of rape. It is very unlikely Brett could have stopped himself at the time of the attack towards Dr Ford. 9. It is overwhelming likely that Brett Kavanaugh raped Dr Ford as described under sworn testimony.
