Dear [Name],

Enclosed are copies of statements which document discrimination at four separate Trump rental offices: 8855 Bay Parkway, 3323 Kosstrand Ave., 577 Avenue Z, and 2611 W. 2nd Street, all in Brooklyn. [Name] made a statement and the copy of the receipt she received at 8855 Bay Parkway compliments the statement of [Name] which you already have. [Name] is white. The other statements concern the trips made by [Name] and myself to different Trump rental offices.

The names and addresses of the persons whose statements concerning Trump you now have are the following:

[Redacted]

Brooklyn, New York 11213

Brooklyn, New York 11210
The following pages describe the ethnic breakdown of the 1970 census and furnish evidence for the assertion that the majority of Trump buildings are located in the predominantly black community. Minton - remained more than 90% black.

In conversation with [redacted], the reader argues for the following reasons:

a) The reader states that Blair, a white checker, to Trump's Financial District, was unable to get an application in an excerpt. This was due to the fact that the Flux of the telephone number was wrong for this purpose. The reader also mentions that a certain rental agent who visited the same apartment building did not receive the right phone number from the landlord. This agent was immediately offered the apartment and was allowed to leave a deposit on it.

b) On July 31, 1972, [redacted], a black, and [redacted] visited the two rental offices for Trump's Financial District and asked for a one-bedroom apartment. He was told that nothing was available and was asked to leave his phone number. [redacted] was not given a card or a number he could call.

c) [redacted] entered the office twenty minutes later and asked for a one-bedroom apartment. He was shown a waiting list and was offered it immediately. He was given [redacted]...

d) The same series of events happened when [redacted] visited [redacted]. [redacted] was told that nothing was available; entering about twenty minutes later, was shown an apartment and offered it immediately.

e) In a similar case, a black was told by [redacted] that he had no apartments available. The same day in The New York Times, an ad ran subsequently. As her statement indicates, the reader received humiliating treatment in the process.

Adjacent to the Shore Haven apartments are three "luxury" apartments run by Trump: The Falcon, the Southampton, and the Fountainbleu. The Falcon and the Southampton have fancy exteriors, door man, balconies for each apartment, and the Southampton has a swimming pool as well. The superintendent said that there were no open rooms at the moment. You must leave your name and phone number; and they call you if there is an opening. A 3 1/2 room apartment for $225.

The FOUNTAINBLEU, 8855 Bay Parkway is contiguous to the Shore Haven apartments, eleven stories, self-service elevator. They have two apartments ready to rent immediately, both of which I was shown: 3 1/2 rooms, $245/month, pay one month security, one month rent, sign two year lease; and 4 1/2 rooms, $275, same conditions. I was shown two very attractive apartments which are ready to rent: 3 1/2 rooms with terrace, air conditioning, spacious closet space, and elaborately equipped kitchen, $250/month, one month security, two year lease, $50 deposit; and 4 1/2 rooms, same set up with an extra bedroom, $315, same conditions. An attractive quiet neighborhood. Five minute walk to commercial area with A and F supermarket, small shops. TRANSPORTATION: car- Ocean Parkway train- fifteen minute walk to the BMT.

I also visited Trump Village which has been described and commented on by [Director of Urban Service Center] in his memorandum to [blank] December 5, 1968. When I

INTERVIEW WITH RENTAL AGENT FOR TRUMP & SONS REAL ESTATE
APARTMENTS

On Wednesday, June 14, from 3 o'clock to about 5:30 P.M., I conversed with [redacted] at 2977 Cropsey Avenue, Brooklyn. He said that the building was in a clean, safe neighborhood, in part because it was not controlled by the Mafia, but also because there were no blacks in the immediate area. He said that the "people who made the area unsafe to that extent" were kept within a limited, cordoned-off neighborhood which they seldom left and about which I would have little contact with them if I moved into a Trump-Son Apartment. I asked, "Do you mean blacks?" and he said, "You know who I mean." He said that he had rooms available which fit my specifications of a bedroom, a living room, and a kitchen, and he added that some one like me could "just have no problem" getting one. He said, "The Y in 23rd Street was absolutely essential when anyone applied to us to know who you are." He also said that Chase Manhattan Bank was the personal and business banker, but that Trump no longer needed to build apartments since he could afford to finance projects "out of his own compartment pocket."
My wife called and said he was at the Panama Gardens. He said that the manager was unable to offer any explanation. She informed me that the Panama Gardens were offering three one-bedroom apartments available on the 16th floor. She asked if I would be able to view it.

Have you ever heard what happened to the Panama Gardens?

I, [Name], arrived at the apartment building at 11:00 a.m. on September 17, 1976, to find that the door was open. I entered the building and a person was seated by the window. I went to a nearby telephone and called the police. I was told to come back the door was open. The apartment was taken. Things in the apartment were not the same as before. I went back and my friend arrived. We searched the place, then the apartment was taken. Being of age and by the reason, I called again myself and received the

I visited the office of Mr. John Green, 38-26 21st Street, Long Island City, New York, on July 31, 1972. I spoke to an office worker about renting a room in the 21-room apartment building. Mr. Green had advertised in the New York Times on July 24 for a $150 deposit and $50 per week for rent. On that morning, July 31, 1972, Mr. Green told me that he had nothing for immediate occupancy and that he was going to put the deposit on hold until further notice. He also said that he had nothing for immediate occupancy and that I should come back and leave the deposit for about five minutes and leave the building. Then he took me to a 32-room apartment, apartment 12, which was vacant and that I could go along.

I then went to the apartment, which was vacant and told him I would like to see it. He said I could have it immediately. I said that I did not have any money on me to leave a deposit but that I would be back the following day to leave the deposit. He gave me the date and said that he would be looking forward to seeing me.

I then went to the office again about twenty minutes later. Mr. Green had been told that nothing was available and that I should take another look at the 32-room apartment for $150 listed in the real estate section of the New York Times on July 24. He said that the apartment was available and that I could have it immediately if I wanted to. He showed me the apartment, which was in the Green Brook building, opposite his office. The apartment was vacant and he said that the kitchen was being refinished and that there would be a new refrigerator and stove. I expressed my interest in the apartment and he said that I would probably come the following Wednesday or leave a deposit and fill out the application. He asked me what I did for a living and seemed satisfied with my answer. He said he looked forward to seeing me on Wednesday.

size apartment was I interested in and I indicated that I

would have liked one 3 1/2 rooms. I told him that I was

inexpensive. [name] then asked me why did I need such a

large apartment to which I responded 3 1/2 rooms was not

very large. He then suggested that I get a studio

apartment. I told him I was not interested in a studio

apartment, but I did, however, ask him if he had any

studio apartments available and he said no. I then

asked him how was it that there was nothing available

when it was being advertised in the paper. He then

told me that this was a routine procedure and that it

was cheaper to put an advertisement in the paper on a

regular basis rather than only when apartments were

available. I asked him when would there be an apartment

available and he told me that he had no idea but I should

leave my name and telephone number and he would get in touch

with me as soon as there was a vacancy. I did as he told me

and left.

I wrote to [Blank] that I had seen an ad in the New York Times advertising the availability of a 3 1/2 room apartment. I asked whether the apartment was still available. He stated that he had nothing to offer at this time but that something would be available around September 1 or October 2, 1972. I then asked to see the type of apartments that had been advertised. He told me that there were vacant apartments to show at that time and that I should leave my name and telephone number with him so that he could contact me when "something comes up." Having done as he had indicated, I then left his office.

On the morning of Thursday, August 17, 1972, I visited the apartment of [Name Redacted], whose name was [Name Redacted], at approximately 11:30 AM. He told me that I was interested in either a studio apartment or a one-bed room apartment, both of which were advertised in the New York Times of August 17, 1972. He told me that the night before, someone had been a party and that at that time someone else had signed the agreement to rent the apartment. I asked him what about the studio apartment, and he told me that there was a lot of junk in it and that they had no keys to that apartment. I asked him why it was that an ad could appear in the New York Times stating that an apartment was available when in fact it was not. He told me that if I had called that night, before the party, that I could have had the apartment. I asked him if he could show me the type of apartment he was talking about, and he said he could not. We then exchanged telephone numbers and I left.

On Thursday, April 12, 1972, I visited a building in New York City. The New York Times that morning ran an ad for various apartments in this building available for rent. Twenty minutes later, I was told by the superintendent that the apartments had already been rented or could not be seen that day. I entered the renting office and was told by the superintendent’s assistant that the apartments were all available and that I could see them. He took me upstairs and showed me the one bedroom apartment for $235, which was vacant, and offered to show me the studio apartments. I said that I did not have time. He said that I could fill out the application for the one bedroom apartment right away if I liked. Then that I did not have time to do so but that I would come back later and departed.

Description:

One signed statement re: his employment by Trump Management Corporation.
October 10, 1974

I, make the following voluntary statement to
who has identified himself to me as a Special
Agent of the Federal Bureau of Investigation.

No threats or promises have been made to
me to induce this statement and I am
aware that it may be used in a court of
law.

I was employed by Trump Management
Corporation from February 1, 1970 to May
1, 1971 as a Doorman at 265 Ocean Parkway,
Brooklyn, New York. This building is also
known as Ocean Terrace.

While employed in this capacity, I was
supervised by an individual known to me
as who was employed by Trump
Management Corporation as Superintendant
at 265 Ocean Parkway, Brooklyn, New York.

I was told that if a black person
came to 265 Ocean Parkway and inquired
about an apartment for rent, and he, that
is, was not there at the time, that
I should tell him that the rent was twice
as much as it really was, in order that
he could not afford the apartment.
If I were in the apartment at the time when someone would inquire about renting an apartment, I would merely refer the person to him as the superintendent.

Signed Statement
of (2 pages)
I, ______________________, furnish the following voluntary statement to Special Agent ______________________ who has identified himself to me as a Special Agent of the FBI. No threats, promises or duress were used to get me to make this statement. I have been advised it may be used in a court of law.

I, ________________________ was employed by Trump Management Corporation during the middle two weeks of December, 1973. I was employed as a rental supervisor by Fred Trump. My job was in part to determine the rental problems involved with the buildings at Tysens Park, Staten Island. I made a survey of the situation and proposed changes to Fred Trump. The changes involved an outlay of money and this didn't meet with Trump's approval. Therefore, I was fired from the job.

In regards to the rental policy of the management, Trump told me that an applicant for an apartment should show a net weekly salary equal to one month rent. I thought this was a high figure as the cheapest apartment was about $160 a month. I asked Fred Trump what his policy was regarding minorities and he said it was absolutely against the law to discriminate. At a later time during my two weeks at Tysens Park, Fred Trump told me not to rent to blacks. He also wanted me to get rid of the blacks that were in the building by telling them cheap housing was available for them at only $500 down payment, which Trump would offer to pay himself. Trump didn't tell me where this housing was located. He advised me not to rent to persons on welfare.

The racial composition of the 700 plus unit apartment was approximately 15% Spanish, 1 or 2% black and the rest white. There were about 100 vacancies in the complex during the time I worked there. During this period I worked with five other persons at Tysens Park who either showed apartments or assisted applicants who wished to rent an apartment. They were the wife of one of the building superintendents, a girl and a school teacher whose names I forget, a man named ______________________ and a white female named ______________________ last name unknown. She is of Italian Descent, 5'2", 135 lbs with dyed red hair. She and ______________________ reside in the
During my two weeks four applications were received, two from white couples, one from a Spanish couple and one from a black couple in their thirties. _____ handled the black couple. I don't know if any of the applications were accepted or rejected. The procedure regarding the application was to verify the person's employment, possibly do a credit check and determine his weekly salary. I thought the black couple would be judged acceptable as tenants based on the above checks. However, _____ just told me they're blacks and that's that. I believe that _____ and others working at the rental office used a code on the top of the front page of the application to distinguish blacks from whites. I never used a code and I don't know if the code was a letter or a number. The applications were either sent through the mail to the main office at 2611 W. 2nd St., Brooklyn or hand carried there by car. While I was there the applications were hand carried and were delivered to a girl named _____ She is a white female, age _____ black hair, 5'4", 135 lbs., Italian descent. I never refused an application to anyone and didn't treat blacks any different from whites. I don't feel I was prejudice towards minorities in the two weeks I was employed by Trump.

I have read the above statement and initialed each page and it is true and correct.

I met the complainant and the checker at ____________

apartment in dispute. He entered the superintendent's office.

His name is ____________ He had the lease ready for the
checker's signature. She told the superintendent that she was
not a bona fide applicant and was acting in the interest of
the complainant. I was then introduced to the superintendent.

I then read the complaint to him and he said he was acting
under instruction from the respondent, but admitted that he
didn't take the complainant's application for the apartment.

He then called the respondent (Tramp Agency, 2611 W. 2nd St.,
Brooklyn, New York) and was told that most of the officials
were out because of the holidays. I then spoke to the
clerk in charge, read the complaint, and she then said there
was some misunderstanding and to come to the office and discuss
the case further.

We went to the office and the clerk in charge took the

I therefore recommend that the case be closed as satisfactorily

DECISION AND ORDER

Complaint:

On July 16, 1966, filed a verified complaint at the New York City Commission on Human Rights charging that the respondent, Fred C. Tramp, President of Sussex Hail, Inc., engaged in an unlawful discriminatory practice in violation of Section 50-740 (5a) of the Administrative Code of the City of New York by refusing to rent him an apartment because he is Negro.

Hearing:

A hearing of the above complaint was held at the office of the Commission on October 31, 1966 before Commissioners Rabbi Harry Halpern and Eleanor Clark French, at which time testimony and evidence were received.

Facts:

At 9:00 A.M. on July 13, 1966, in response to an ad in the newspaper, the complainant went to the premises at Jamaica and spoke with the superintendent about renting one of the advertised apartments. The superintendent told the complainant that the apartments were not available.

Several hours later a white friend of the complainant's went to the subject premises and inquired about an apartment. The superintendent showed him and accepted his $25.00 deposit, and arranged for him to return to sign the lease.

The complainant believing the apartment was unavailable to him because he is a Negro filed a complaint with the City Commission on Human Rights.

At the hearing the respondent's Controller of Renting alleged that the apartment had become available in the interim period of time between the complainant's visit and that of the white checker's because a who was the prior tenant of moved out without notice on the night of and the superintendent did not know of this until after he had spoken with the complainant.

In addition to this explanation of the event, the respondent's superintendent testified that he had told the Investigator from the Commission that he had no apartments when the complainant inquired because he was holding a deposit on one, but that several hours later when the checker inquired the apartment was available because the prospective tenant had called and said he was no longer interested because he was going to California.

Therefore, the respondent has asserted two reasons for the apartment becoming available to the white checker: the sudden moving of the prior tenant; and the sudden withdrawal of a prospective
tenant who had left a deposit. No evidence was introduced to substantiate either of the contrary allegations made by the superintendent or the Controller of Rent.

The building in question has 190 units and there are two Negro tenants.

Decision:

The Commission finds that the respondents have engaged in an unlawful discriminatory practice in violation of Section B1-7.0 (5a) of the Administrative Code of the City of New York.

The testimony and evidence submitted show that the respondents' treatment of the white checker was different from the treatment afforded the Negro complainant. The apartment in question was unavailable to the complainant, but it was available to the white checker who was allowed to leave a deposit with the superintendent.

The respondents have alleged two contradictory explanations for the unavailability of the apartment to the complainant. It is suspicious that the respondents have asserted both that it was not known that the apartment would be vacated and that the apartment was not available because they were holding a deposit on it. Neither of these explanations are supported by substantial proof. Therefore, the Commission holds that the respondents have engaged in an unlawful discriminatory practice and that as a direct result of the unlawful discrimination, the complainant suffered considerable humiliation, outrage and mental anguish.

Order:

It is hereby ordered that the respondents:

1. Cease and desist from discrimination because of race, color, creed or national origin in the rental or sale of any property which they directly or indirectly supervise, manage or control; and

2. Pay to complainant the sum of $100.00 being compensation for humiliation, outrage and mental anguish suffered by him as a direct result of respondent's unlawful discrimination; and

3. Send written notice to Operation Open City, a fair housing organization affiliated with the New York Urban League, 90-50 Parsons Boulevard, Queens, at such times up to and including March 15, 1970 when any apartments at 166-05 Highland Avenue, Jamaica shall become available for rental. Such notice shall indicate the apartment number, its size, monthly
rental, amount of security required, term of lease, and date of availability. The same standard shall be applied to applicants referred by Operation Open City as have been applied to those persons who are presently tenants in subject buildings.

Re: Housing of Fred C. Trump

Dear Sir:

Pursuant to your request there have been prepared photostatic copies of certain documents in the file of the only recorded housing matter of this Agency in which the above named person is listed as a respondent.

The matter was not concerned with a formal complaint, but was initiated as an investigation. Hence, instead of a copy of a complaint there is being transmitted herewith a copy of the direction for a Division-Initiated Investigation, designated as Inv. 2737-70 (opened as H-inv-41-70). The closing also is adapted to the type of case involved and copies of a letter to Mr. Trump, dated December 14, 1971, and its inclosure together with a formal "Closing Statement" are included in the transmitted material.

The file does not indicate that a listing of all the properties owned or controlled by Mr. Fred C. Trump was ever requested or received by the Division of Human Rights. For your information, however, a copy of an amendment to the name of the housing has been prepared.

It is hoped that this material may be of use to you.

Yours very truly,

IN THE MATTER

of

Trump Village
Brooklyn, New York

A preliminary study of the tenant selection pattern of Trump Village indicates a pursuit of tenant selection policies and practices which have directly or indirectly created a discriminatory restrictive pattern precluding Negroes and Puerto Ricans, because of their race, color or national origin, from obtaining apartments.

Based on an examination of information resulting from the survey, a Division-Initiated Investigation is hereby authorized.

Re: Trump Management Inc.

My dear [Blank]:

I am pleased to enclose herewith a list of apartment buildings managed by Trump Management Inc. All of these buildings are owned by Fred C. Trump or members of Mr. Trump's family or corporations or other entities in which they have an interest.

Excluding Beach Haven, Shore Haven and Tysens project where we have rental agents whose names are set forth on the annexed list, the renting of apartments in the individual buildings is generally handled by the Superintendent of the building, whose name is set forth on the annexed list next to the respective building.

I call to your attention that Trump Village Section 1 and Trump Village Section 2 are facilities that are subject to regulations of the New York State Private Housing Finance Law.

The usual procedure in connection with renting of apartments is that the Superintendent would take an application from the prospective tenant and would submit it to the Management Office where it would be reviewed for credit, general reputation of applicant and reference check with prior landlord. Based on this review, the applicant would be accepted or rejected as a tenant.

We have no records indicating the racial composition of any of the buildings being managed, as our Application for an apartment contains no statement as to race, creed or color.

I trust that this information will be sufficient for your immediate purposes and if there is anything further that you should require, please call and we will try to give you such additional information if it is available.

Very truly yours,

stated that he has telephone number and he has been employed as the Manager of the Patio Garden Apartments since 1962. stated that his date of birth was

was asked to provide the names, address and date of occupancy of all present Negro and Puerto Rican residents of the Patio Garden Apartments. responded that he does not maintain any records as to the race of tenants of the building and therefore could not provide a list of Negroes, Puerto Ricans or any other minority group. However, estimated that people of the Negro race come to approximately 20 percent of his tenants. further advised that inasmuch as the rent is rather high, he felt that as long as they could afford the rent he could care less what race any of his tenants were.

was asked to provide a list of apartment vacancies since June 1, 1972, and indicate the time each apartment was vacant. was further asked if he would provide the name, address and race of each of his present occupants and the date of the application by each tenant. stated that he does not maintain any such list. further stated that to compile such a list it would take a long time in that he did not have time to compile such a list. stated that should such a list be desired it would have to be provided from a source other than he. further stated that he does not maintain a list of occupants by race and therefore would not be able to provide such a list by race.
was asked what criteria and qualifications prospective tenants must meet insofar as credit, salary, marital status, children, et cetera. was further asked for a complete description of all procedures for becoming a tenant and all steps from initial inquiry to moving in. was further asked if he advertises when he has a vacancy.

stated that all applicants for apartments at the Patio Garden Apartments must fill out an application form. This form contains spaces for the applicant to fill in his income and also to provide references.

stated that the income of a prospective tenant should be sufficient to pay a months rent with one weeks salary. further advised that if a couple comes in and rents an apartment and then has a baby, that there is no official policy and in all instances something is usually done to accomodate the baby. stated that he is extremely flexible in that he does not let the arrival of children interfere with the retention of a good tenant.

stated that in most of his applications for tenancy come through recommendation of other tenants or through general knowledge of the neighborhood.

stated that he never tells a prospective tenant that there are no vacancies when in fact there are. stated that he tells prospective applicant to come in an fill out an application if they call him on the telephone. After they have completed the application form, stated that he looks at them and asks what their income is. If it appears from the interview that they are telling the truth he does not require proof of income, for example a W-2 form. stated that in the ten years that he has been manager of this apartment building, he has been able to establish a persons income based upon their appearance in the majority of cases. stated that he does not do this on the basis of race and only requires proof of income when it appears that they are lying.

provided a copy of the application form required of prospective tenants and stated that he did not require a receipt for this application form nor did he desire to have this application form returned to him. further was asked to what degree he acquires new tenants through recommendations and recruitment by existing tenants and through the acceptance of walk in applicants for apartments. was further asked if he advertises when he has vacancies and if he would have a copy of advertising
that he would utilize.

stated that he acquires the majority of his tenants through the recommendation of existing tenants. was unable to provide any statistics regarding this information but stated that only very rarely has he had to advertise and usually advertising is not affective, further stated that a large number of his tenants were residents of the neighborhood and became aware of the existence of vacancies through general knowledge in the neighborhood.

was asked whether the same credit check or reference check is conducted with respect to each applicant. was further asked to provide the details concerning credit or reference checks through the name of the credit company or credit bureau conducting the check.

was asked to determine the amount of time between submission of an application or inquiry concerning a vacancy of an apartment and the time between applicant is notified that he has been accepted as a tenant. was further asked what factors might cause a delay of more than 30 days between application or inquiry and acceptance. was further asked to provide a copy of the present waiting list, if any. was further asked to provide the approximate number of applicants per year by race for apartment vacancies. stated that he does not maintain a list of applicants per year by race and that there is no way to even count them because the application forms do not provide a space for indicating ones race. stated that his procedure for processing an application is once a prospective applicant presents a completed application form, he is told that he will be called when an apartment becomes available. further stated, however,
that this is provided that the applicant meets the financial requirements of the housing complex which is one months rent equal to one weeks salary. stated that he eliminates those applications wherein the applicant failed to meet the financial requirements of tenants. stated that when a vacancy does become available, he then calls all those persons who have submitted an application to determine if they are interested. stated that he invites all those he calls to come down to the apartment and look at the apartment. stated that he has no waiting list as such and that this is just a procedure that he has established. stated that he does not receive many applications because of the high rent which the Patio Garden Apartments require.

 further stated that the situation has not occurred wherein more than one applicant has appeared and accepted an apartment. stated that he has never had to choose between any two applicants for one apartment.

 was asked to describe all dealings that he has had with the owners or management with respect to rental to non-whites, and any policy changes with respect to this matter since 1965.

 stated that he has never received any instructions from the managers or owners of the apartment complex regarding this matter. stated that the Patio Garden Apartments were managed by Trump Management Company, New York, New York. stated that all processing of applications is done by him and therefore, Trump Management Company does not provide him with any instructions concerning the renting of apartments by race, color, or creed. stated that all telephone inquiries concerning vacancies are handled by him in Patio Garden Apartments. stated that all telephone inquiries are asked to come down in person and fill out an application. stated that there is no waiting list and therefore when someone does call asking about an apartment, if he has submitted an application, he merely advises them that he will call them when a vacancy does exist.

 stated that it is his personal policy to immediately advise an applicant whether his application for tenancy is acceptable. stated that he does this at the time
that the application is handed to him and he does it directly to the persons face.

____ was asked if white tenants had ever complained to him about Negro or Puerto Rican tenants or Negro guests of white tenants.

____ stated that he has never received a complaint from a white tenant concerning the activities or guests of a Negro or Puerto Rican tenant at his housing complex.

From personal observation and interview of the agents it was determined that_____ apartment, which doubles as the renting office, does not contain a fair housing poster, which is required by the Department of Housing and Urban Development. _____ stated that he was not aware that he was suppose to have such a poster but stated that he would endeavor to obtain one and display it in his apartment. _____ concluded by stating that it is not the policy of the Trump Management Company nor his as Manager of the Patio Garden Apartments to discriminate by race. _____ stated that because the rents are rather high in the Patio Garden Apartments he does not receive many applications from persons of the Negro race for tenancy. _____ further advised that because of the location of this building which is close to the Negro section of Brooklyn, New York, he has a higher percentage of persons of the Negro race in the Patio Garden Apartments than possibly some of the other buildings managed by the Trump Management Company.

He stated that he merely submits the application for apartments to his supervisor, who operates the Trump Management Office at the Shore Haven Apartments, at 2076 Cropsey Avenue, Brooklyn, New York. Advised that in view of the general income level at the apartment house, there has only been a limited number of inquiries by Negro individuals. He advised that he does not maintain a waiting list for apartments, as it has been his experience that if there is an apartment available, it will be rented within a few days through normal response to newspaper advertisements and an outside sign at the address, indicating there is a vacancy and the size of the apartment which is vacant. Pointed out that the sign outside the address currently lists the 6½ room apartment vacant. Further advised that most tenants will notify him approximately one month in advance when they plan to move and he will then advertise the vacancy. He stated that in the past, he has found that if he had the name of a prospective tenant and there is no vacancy, that when he did call this individual, the individual would have rented at another address and would not be interested in the apartment any longer. He stated the only name he currently has made a note of is an individual named, telephone number.

He advised that contacted him approximately days ago asking for a one bedroom apartment, but when he was advised that the rent was $317 a month, did not submit a complete application, stating the rent was too high. He advised that there was another applicant for this $317 a month one bedroom apartment, who was a Negro individual. He advised that this individual cleared only $140 a week in income and stated that he told this individual that his income was too low to qualify for the rent. He advised that he did not have this individual's application, as the individual agreed with that he could not afford the rent.

Advised that there is a Puerto Rican maintenance man and a Negro maintenance man, and a White doorman, employed at that address, as well as himself. Advised that he was not aware of the requirement that a Fair Housing Poster be displayed in the rental office and he will arrange to obtain such a poster and place it in a prominent position in the rental office.

Advised that he has never made any suggestions to prospective tenants that they contact other buildings operated by Trump Management, except when the prospective tenant specifically asks for such information. Stated he would then refer him to the Management Office...

Mr. LOUIS JOSEPH SARNELL, also known as Louis Joseph Sarnelli, presently residing at 8850 19th Avenue, Brooklyn, New York, was interviewed and advised as follows:

He is a retired sanitation worker and was born on March 18, 1908 in Manhattan, New York. He has been working for Trump Realty Corporation for approximately eight years as a rental agent for the Shorehaven Apartments located at Cropsey Avenue in Brooklyn. His rental office is located at 2076 Cropsey Avenue and his telephone number there is ES 3-9183. Mr. SARNELL advised the Shorehaven Apartments total 1300 and that the average rent for a three room apartment is $175 (one bedroom), $200 for two bedrooms, and $130 for an efficiency apartment. There are also three bedroom apartments but there has been no turnover in these apartments as far as Mr. SARNELL can remember.

Mr. SARNELL advised that his office has never had a Fair Housing poster, did not know it was required, but would take steps to see that one was acquired and placed in a prominent position in the renting office. Mr. SARNELL advised that there is no record kept of any Negro or Puerto Rican tenants by the rental office but insists that at least 20 per cent of all the tenants who reside in the Shorehaven Apartments are of Puerto Rican descent. It has never been a policy of Mr. SARNELL and/or Trump Realty Corporation to engage in a policy of racial discrimination against Negroes or Puerto Ricans. Apartments are made available whenever vacancies occur in any of the 32 apartments comprising the Shorehaven Complex. Persons applying for an apartment are required to show a W-2 form and the general rule is that the weekly salary has to be equivalent to the month's rent. References are generally checked by the manager of the Shorehaven Apartments, when a job appears unstable such as in the construction field or if no W-2 form is available. A person is told right away that his salary is insufficient if the W-2 form indicates this and therefore is given no consideration in the renting of an apartment. SARNELL has been the sole

renting agent for the past four years. Before that there were three other rental agents in addition to SARNELL because there was a great turnover in the apartments. Mr. SARNELL receives $125 per week plus $15 for each apartment he rents. He rents an average of 6 to 8 apartments per month. Mr. SARNELL denied that there were or are any notations on records, that is, on the application, to indicate whether the applicant was Negro or white. Mr. SARNELL made available a copy of the rental application which is the standard application which has been in effect for the past several years. SARNELL advised that each application has to be approved by [Redacted] Mr. SARNELL denied that [Redacted] or Trump Realty Corporation has engaged in any discriminatory practices or has ever criticized him for renting apartments to Negroes or Puerto Ricans. SARNELL advised that within the past two months an ad had appeared in the New York Times advertising that apartments were vacant at Shorehaven. The turnover in apartments is generally small and the apartments are not rent controlled but that the person must take out a two year lease when renting an apartment. A two bedroom apartment requires a maximum of two adults and two children. A one bedroom apartment requires two adults and no children but it is permissible if they subsequently have children. They are not then required to moved into a larger apartment, that is a two bedroom apartment. Mr. SARNELL advised that the only time he keeps a waiting list is if he knows an apartment is becoming available and at present he only has one person waiting for an apartment and that person is [Redacted] Brooklyn, New York, telephone number [Redacted].

Mr. SARNELL advised if and when a waiting list is kept, and in the past one has been, it is generally found true that whenever a person is called who has been on the waiting list for two months they are either no longer interested or they have another apartment in the interim. Furthermore, Mr. SARNELL estimates that approximately 400 people a year visit the rental office to see if an apartment is available. If no apartments are available, most people do not leave their names nor ask to be put on a waiting list. When an advertisement is placed in a newspaper, not only do they receive a great response from white persons but they also receive a large response from Negroes. That is to say whenever they advertise they get a large response. When they do not advertise, they get just the people from the street.
Applicants over the phone are told to appear in person. If an apartment is available, the person is asked to come down. He is also asked about the number of children in his family and if too many, he is told he would not qualify for the apartment.

Mr. SARNELL advised that he has never received any complaint that Negroes or Puerto Ricans are being discriminated against in the renting of apartments. Furthermore, he has never received any complaints from Negroes or Puerto Ricans that they have been discriminated against in the renting of apartments.

She did not have to make any payment in addition to a month's rent and security deposit, was immediately given an apartment, and did not have to be placed on a waiting list.

She advised there are no Negroes or Puerto Ricans residing in her building which contain approximately 47 apartments, but insists that the management does not discriminate in the rental of apartments to Negroes or Puerto Ricans. She advised that there are Negroes residing in the Shorehaven Apartments and that there are a great number of Puerto Ricans also residing there. In addition,

* Denotes rental rent
MATTHEW J. TOSTI, attorney, 200 Garden City Plaza, Garden City, New York furnished the following information in response to a list of questions prepared by the United States Department of Justice, Civil Rights Division:

TOSTI stated that the questions pertaining to race of tenants, employees or former employees, could not be answered in view of the fact that no records concerning the race of these individuals are kept by the Trump Management Company. In addition, he stated that the company does not have on record the locations of former rental agents; therefore, these individuals could not be located for interview.

He advised that the racial makeup in the communities, wherein Trump property is located, is predominantly Jewish and he does not know whether any of the areas is a racially changing area.

He stated, with respect to the number of dwelling units owned by Trump Management, that with the exception of the following, there are approximately 160 to 200 dwelling units per apartment complex:

- Flatbush Patio Complex 400 Units
- Trump Village Complex 440 Units
- Beach Haven Complex 1200 Units
- Shore Haven Complex 1100 Units
- Gyrmes Hill Complex 400 Units
- Tysens Park Complex 1100 Units.

He stated that with reference to the range of rent by bedroom size, that the average number of vacancies vary greatly by bedroom size at any given time, and would be too numerous to list herein.

In addition, he stated that to list apartment vacancies by size since June 1, 1972, and to indicate the time period each apartment was vacant would be a monumental task.

(telephonically)

Interviewed on 11/20/72 at New York, New York File # NY 177-69

by SA 11/dab Date dictated 11/24/72

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is leased to your agency. It and its contents are not to be distributed outside your agency, nor duplicated within your agency.
TOSTI stated that with respect to promotional literature in the advertisement of apartment vacancies, that this would depend on the number of vacancies for several or more buildings, because most times five or six buildings are listed in various newspapers. The Trump Management Company does not advertise in any one newspaper, on any particular day.

He advised that with respect to conducting credit or reference checks, that the personnel of the Trump Management Company do their own investigations. He stated that from time to time superintendents of various apartment complexes do comment on applicant’s appearances, demeanor, et cetera. He also stated that Trump Management Company has never issued any instructions concerning admission of Negroes or Puerto Rican applicants into apartment complexes, and that neither do these applicants trigger any special check of credit, personal references or recommendations.

He stated that to the best of his knowledge, there have been only four or five complaints alleging racial discrimination in the past four or five years. He stated that he does not recall any of these having been taken before any commissions, such as the City or State Human Rights Commission. He advised that these complaints consisted mostly of persons who were dissatisfied with their apartments.

He advised that the management acquires the tenants predominately through "walk-in" applicants for apartments; however, the management does advertise as stated above. The amount of time between the submission of an application and the time between when the applicant is notified that he is accepted as a tenant is usually 20 to 30 days, depending on the time of the month the applicant applies. Due to other administrative work, an applicant applying at the end of the month may have to wait a full 30 days. When a Resident Manager or Superintendent receives a telephone inquiry concerning an apartment, it is the practice to ask the inquirer to come to the particular apartment, so that they can see the apartment available.
He stated that in very few of the apartment complexes of the Trump Management Company are there waiting lists for apartments.

TOSTI advised that it is the decision of the comptroller to decide whether to reject or consider an applicant for an apartment. He also stated that he has never heard of any white tenants complaining to Resident Managers, Superintendents or Trump Management concerning Negro or Puerto Rican tenants.

TOSTI advised that he has answered the Departmental questions to the best of his knowledge and that should there be any further inquiry, both he and the Trump Management Company would cooperate fully.

(a) Please determine the name, address, race and position or function of every person and organization having an ownership interest in, or participating in the management of, the building or complex in question.

(b) Determine the name, address, number of units, age and type of buildings, and number of tenants by race (including the date the first non-white moved in) of every residential building or apartment complex owned by the owners or any of them, or managed by the managers or any of them.

(c) Please determine the number of tenants by race at the subject building or complex, and the name and address (dwelling or apartment number, etc.) of each non-white tenant. Also, ascertain the range of rent for each type of unit, including information as to whether the rental rate is affected by features such as patio, balcony, location (ground floor or above), and all other factors which would determine the rental rate.
(d) If a trailer park is involved, also ascertain the total number of spaces, the number of units owned by the subject and the tenants. Ascertain the conditions of occupancy (utilities, lease, rent, race, number of occupants, etc.), race of tenants, and address of each non-white tenant.

(e) Please determine the name, race, address, date of application and action taken in the applications of the last twenty applicants for a dwelling at the subject building, complex, etc. Please also secure the name, race, and address of every non-white applicant for the past two years (or of the last twenty black applicants, if there have been so many during a shorter period).

(f) Ascertain the number and type of vacant dwellings that were available at the time of the incident involved, the average number of vacancies per month and the duration of such vacancies.

(g) Please ascertain the rents charged at the complex where the incident occurred for each type of apartment, features which affect the rental rate, the approximate rate of turnover, and the approximate number of applicants, by race, per year. If there are no black or other minority tenants or very few, determine why the interviewee believes this to be so.
(h) Ascertain whether and the degree to which management acquires new tenants through the recommendation and recruitment by existing tenants and through the acceptance of walk-in applicants for apartments, and full details as to the existence or nonexistence of such policy.

(i) Please determine if instructions were given to resident managers when the managers were hired regarding the rental of dwellings or spaces to blacks or other minority members; whether any changes occurred in these instructions, and if so, when; if the interviewee was ever advised by a manager of black applicants or of blacks who inquired, and if so, determine how the situation was handled and the results of the applications or inquiries. Also, ascertain whether interviewee has a specific policy concerning renting to blacks or other minority members, and, if so, ascertain the details of the policy and if it has changed, when and why the change was made.

(j) Please ascertain all criteria and qualifications prospective tenants must meet (credit rating, salary, marital status, race, children, deposit, written application, and the like), and a complete description of all procedures for becoming a tenant, including all steps from initial inquiry to moving in. Determine if the manager's subjective impression of the applicant plays any part in the decision to rent an apartment. If so, please determine specifics. (For example, are
managers free to accept or reject applicants because of hair styles, neatness, age or type of car, etc.)

(k) Ascertain whether any racial or other codes, such as a small "c"/ or "XX"/ or other mark, appears on the application sheet or card to designate the race of the applicant. If so, inspect as many of the records as possible and obtain copies of a representative number.

(l) If a credit, employment, prior landlord, or other check is or has been in use, please obtain full details as to what check is made, whether check is made for all applicants or merely some and whether the same check is made as to all applicants. If a check is conducted in some but not all cases, or if a different check is conducted in some cases then in others, please determine all criteria on which the decision as to what, if any, check should be made. Please determine what check was made for the last ten black applicants and the last ten white applicants who reached this stage in their application. If a form is used for the various types of checks, please obtain copies of each.

*/ Often used for "colored."

**/ XX has often been used in the industry as a symbol for blacks.
(m) If the subject advertises, please secure details of the media used and copies of representative advertisements. If possible, obtain the entire page of the publication in which a written advertisement appears. If different media are used for different properties, please determine which properties are advertised in which media, and the general racial characteristics of the properties so advertised and of the neighborhood in which they are located (white, black, transitional, etc.). Determine whether the rental or other property is listed with any rental agency, brokerage firm or multiple listing service, and, if so, obtain the name, and address of such agency, firm or service.

(n) Please ascertain the number of employees by race and job position at each building or complex and identify any maintenance or other personnel who reside in the building.

(o) From personal observation and from interviews with the owner and the manager, ascertain whether a fair housing poster, which is required by the Department of Housing and Urban Development, is displayed in each rental office of the subject.

5. Please interview all persons who witnessed any dealings or conversations (which are the subject of this investigation) between the victim and the subject to obtain information similar to that requested to be obtained from the victim in Part 2 of this memorandum.
6. Please secure responsive interviews from five former employees and at least five present employees of the subject (giving preference to those who had rental or employment responsibilities, and including some non-white employees if possible) to obtain the following information:

(a) Determine how the apartments are advertised and how vacancies are made known to potential tenants. For example, are present tenants encouraged to locate or recommend potential tenants, are newspaper advertisements used, and if so, when, etc. Determine what proportion of applicants are referred by present tenants and whether such applicants are given any kind of preference.

(b) Determine the normal procedure followed from the time a potential tenant first contacts the rental agent or manager until the time the person is either rented an apartment or not rented an apartment. This should include the use of application forms, credit checks, necessity for references, procedures for verification of income or employment, etc.

(c) Determine the criteria used by a rental agent or manager in deciding whether to rent to a particular applicant. For example, is the manager given any discretion in the selection of tenants; if so, how is it used and is it reviewed by the owner. Obtain copies of any written or published criteria.
(d) Ascertain the extent to which the manager or the rental agent was instructed about the rental of apartments by the owner. If any of the instructions were in writing, obtain copies.

(e) Determine whether the owner instructed or discussed with him the effect of the federal Civil Rights Act of 1968 or of any state or local fair housing act or regulation on the operation of the apartments. If so, please obtain details and the dates of such events. If exact dates are not known, please determine if such instructions or discussions occurred at about the same time as the passage of the acts.

(f) For those managers or rental agents who were employed by any of the subjects at the time of the passage of the 1968 Act (April 1968), or its general effective date (January 1, 1969), or at the time of the passage or effective date of a state or local Fair Housing Act, please determine the effect of such legislation on the operation or management of the apartments and the extent of any discussions with the owners concerning the changes.

(g) Please determine whether the interviewee is aware of any policy or procedure followed in the taking and processing of applications from, or rental of apartments to black persons
which was different from that used in the case of others. This includes any statements or instructions the interviewee received in this regard, even though a particular interviewee did not necessarily follow those instructions. Also, determine if the interviewee is aware of any limitations on the use of facilities (pool, recreation areas, etc.) that may be imposed on black tenants or if there is any limitation on white tenants having black guests, etc.

(h) Please determine whether a credit check is conducted in the case of each applicant, whether the same procedures are used in each case, and by whom the check is conducted. If a check is not always made, or if different procedures are followed, please determine what criteria are used to decide how a particular applicant will be checked. Determine how many of the last 20 black applicants and how many of the last 20 white applicants were subjected to a full credit check.

(i) Please determine if the interviewee is aware of the identity of any black applicants who inquired about or applied for rental and if so, whether such applicants obtained an apartment. If they were not rented an apartment, obtain the reasons for not renting. Also, please obtain the names and addresses of all such persons (both successful and unsuccessful applicants) known to the interviewees, determine the number of units in
each apartment managed by each interviewee and ascertain the highest number of apartments rented to blacks at any one time at each such apartment complex.

(j) Determine if the apartment rental office contains or has contained a sign or notice which indicated the existence of a policy of renting to persons without regard to race or color and if, in any way, the existence of such policy was known to the community.

7. Please secure responsive interviews from at least five black tenants of the trailer park, apartment building or complex in question (if there are so many) and from at least five rejected black applicants as to all of their dealings with the subject. Please include the following information:

(a) Ascertain how the interviewee learned of the subject dwellings and why he decided to apply or inquire at the subject dwellings.

(b) Determine how many times he went to the rental office, what was said, the manner in which he was received and the attitude, name and position of the person with whom he spoke.

(c) Determine if, in fact, the interviewee knew of a vacancy, and if so, the basis of that knowledge.
(d) Ascertain the type of information requested or sought by the persons in the office, such as credit references, names of employers, former addresses, etc.

(e) Determine the reason given to the applicant why he was not rented a dwelling, or if he was rented a dwelling, ascertain the length of the waiting period.

(f) Determine if the interviewee threatened to complain, or did complain, to a fair housing group, a lawyer, or a governmental agency because of any aspect of his dealings with the subject. If so, obtain details.

8. Please secure responsive interviews with ten present white tenants for the following information:

(a) Please obtain the information requested in Part 7, above.

(b) Please determine their understanding of the subject's policy or practice with regard to the rental of apartments to black persons or to other minority persons. If they have an understanding of the policy or practice, please determine the factual basis for it.

(c) Please determine if the interviewee is aware of any instance when a black or other minority person was not rented an apartment and the reasons for the failure to rent, if known.
(d) Determine if interviewee has ever been advised by a representative of the subject about any rules which may pertain to entertaining black guests in the apartments, black guests using the pool or other recreational facilities, or any other matter which may indicate a policy or practice based on race or color.

(e) Please determine whether the interviewee was told that blacks or other minority persons were not rented apartments there, kept out, etc. If so, secure details concerning those who were present, the dates, exactly what was said, and whether such conversation occurred when the interviewee was seeking an apartment at the subject building or complex, or after he moved in.

Staten Island, New York, advised that he was born on _________. He stated that he is employed as an _________.

Brooklyn, New York. He said that he is married and the father of ________ children. ________ is a high school graduate, with _________. He said that he formerly resided in ________ Staten Island, New York. His home telephone number is ________ is of the white race. He furnished the following additional information:

From October, 1972 until about May 15, 1973, he was employed by the Trump Management Company, Brooklyn, New York, as a Complex Manager and Maintenance Manager at the Tysens Park Apartments, Tysens Lane and Mill Road in Staten Island. ________

Before accepting his job at the Tysens Park Apartments, he had resided in one of the buildings of this apartment complex at ________ for three or four years.

His job assignment was to supervise the four building superintendents, each of whom had jurisdiction over two buildings. He also supervised six maintenance men and from eight to 12 porters. His job was to receive and screen complaints of maintenance failure from the tenants and see that the repairs were made. He was also responsible for ordering materials and submitting the payroll for the workers under his jurisdiction. He was directly connected with ________ of the Trump Management Company located at ________ Brooklyn, New York.
Since he was a superintendent of maintenance, he would not ordinarily interview a prospective tenant. He knows, however, from working with the clerks in the rental office that when an applicant appears to inquire about an apartment, they are usually asked what type of apartment they are in need of. The applicant is also asked what his annual income is and also the name of his employer and his occupation. The applicant is then shown an apartment and if favorable, an application form will be issued to the applicant by the clerk in the rental office. He knew these women to be either _______ or a woman known only to him as _______. The applicant would be required to place a $50.00 deposit which is refundable if they are not accepted as a tenant. The applicant is also given an FHA Income Form, which he must take to his employer to verify his annual income.

To his knowledge, the applicant was never informed of the number of vacancies that might satisfy his or her needs and as far as he knows, this information would never be given to an applicant under any circumstances.

He knows that the rental agent cannot tell the applicant immediately whether or not he or she would obtain an apartment. He never knew any situation wherein the rental agent informed the applicant that an apartment was available and they would be accepted as tenants.

He recalls that the application form, after being filled out by the applicant, would be picked up at the rental office by _______ who would take the forms to the Brooklyn Office. The applicant was always told by the rental agent that he or she should call in several days to see whether or not the application had been approved. He has no knowledge as to who reviews and checks out the information furnished by the applicant to see whether it is accurate. He stated that he has no recollection that the rental agent wrote out a description of the applicant or otherwise furnished any report on the applicant's description to _______.

Speaking for himself, advised that he had, on occasion, shown apartments to several prospective tenants. He said that he has orally advised of his personal impressions and opinions of the prospective tenants. He explained that when an applicant appeared to be under the influence of liquor or narcotics, or appeared to be unclean about himself, he would voluntarily discuss this matter with. He cannot recall ever discussing the person's race in particular.

The criteria used by the Trump Management Company as to whether or not an applicant would be acceptable as a tenant was not known to. He likewise, never knew who did the evaluation on the applicant.

He believes that the procedures used by the company in determining the acceptability of an applicant included whether or not the applicant's salary of one week was equal to the amount of rent for one month. He does not believe that any credit check was made since it only took several days to determine whether or not the apartment would be given to the applicant. The rental office notified the applicant as to whether or not his application had been approved. To his knowledge, the rental agent would always contact the applicant or the applicant would call the rental agent several days after submitting the application.

He never received any instructions from his former employer regarding what policies or practices were to be followed in connection with black and Puerto Rican applicants. He stated that to his knowledge, these individuals were treated in the same manner as a white applicant.

He never knew of any "phony" lease or "phony" check which was maintained in the rental office in order to prove to a black or Puerto Rican applicant that no apartment was available since they had just rented the last apartment.
advised that inasmuch as he was a tenant in the Tysens Park Apartments Complex before he accepted his job with the Trump Management Company, he was able to get a personal idea as to the racial composition of the building. He said that he believes there were 30 percent to 40 percent non-white tenants in the 8 buildings of the complex. He said that this non-white or minority population was comprised of blacks, Puerto Ricans, Chinese, and Hindus and Indians.

He stated that during the time he resided in the apartment complex and while he was employed by Trump Management Company, he did not know of any person being denied tenancy because of their race or color.

He stated that he does not know the name of any individual who might have information regarding possible racial discrimination on the part of Trump Management Company.
Staten Island, New York (NY), telephone number advised she is years of age, married and is occupied as a . She stated she is a high school graduate. is of the white race.

She advised that from August 1972 to about June 30, 1973, she was employed in the rental office of the Tysens Park Apartments in Staten Island, NY. Her employer at the time was the Trump Management Company of Brooklyn, NY. She resigned her position because she had become married and therefore was unable to work on Sundays as required. She best described her position as a rental clerk and her office was located at 285 Tysens Lane, Staten Island. Her job was primarily to interview prospective tenants, furnish application forms, show apartments and conduct a limited background inquiry on such prospective tenants.

She stated that when a person came to the rental office, she first asked what particular size apartment the person was interested in. She would ask about the person's annual income, inasmuch as one had to be in a certain annual income bracket in order to qualify. She would also ask the size of the applicant's family and his or her occupation. She would then show the apartment to the applicant and if favorable to the applicant, would furnish him with an application form. The applicant would be asked to furnish a deposit of $50.00, although at times, lesser amounts were accepted. This money was refundable if the applicant was not approved. The criterion used regarding whether an applicant should be furnished with an application form was if the apartment was available and suitable to the applicant. The application form requested personal references, credit references, employment history, both present and past.

The applicant was not told about the number of apartments which were vacant at the time which might satisfy the applicant's needs. She said that it was her contention that this was none of the applicant's business on how many
vacant apartments were available according to the applicant's needs.

She said that she was not authorized to inform the applicant as to whether he or she was acceptable as a tenant. She advised that there were no circumstances under which this was done.

She explained that the application for an apartment was made out in duplicate, one for her own files and one for the Brooklyn Office of the Trump Management Company. The original copy went to the Brooklyn Office of Trump, usually via [ ] who was her boss. He would normally stop at the rental office and pick up the original application forms which he personally took to the Brooklyn Office.

She stated that she never provided [ ] with a written evaluation of the applicant. She said that at times he might review a particular application form and she would feel obligated to volunteer to him that the people did not appear reliable or respectable. She never included the race of the applicant nor did he inquire as to what race the applicant was. Her evaluation was based on the personal appearance and demeanor or the applicant, and she gave this evaluation voluntarily and only occasionally.

The criterion used by her employer, as to whether a particular applicant would or would not be acceptable was to her understanding based on the following:

1. Proper income bracket.
2. Stability, that is, stability in employment.
3. Number of people in the family for the type of apartment requested.

She stated that the race of the applicant was never used as a criterion.
The procedures used to determine acceptability included checking out the credit references of the applicant, contacting the personal references and also contacting current and former employers. She said that these inquiries were performed by herself by means of telephone. She said that what procedures, if any, used by her employer, were unknown to her. She advised that she did not know if her employer actually made any independent investigation.

When she finished performing the above described duties, [Name] said that she would telephonically contact the Brooklyn Office of Trump Management and furnish them with the results of her investigation. She said that within a space of several days she would then be informed by her office as to whether the tenant was acceptable. She advised that in 99% of the cases the tenant applicant was accepted since, "Mr. TRUMP liked to keep the apartments filled". She said that the entire deal, that is the filing of the application to the time of signing of the lease, took less than one week.

She advised that the applicant, having been informed at the time of the filing of the application to call her in three or four days, would contact her and at this time she would inform them of their acceptability.

[Name] advised that the question of race has a criterion for acceptability of a prospective tenant was never discussed between herself and her employer.

She said that she never maintained a "phony lease" or "phony check" in her office in order to be able to prove to any applicant that an apartment had just been rented.

She advised that she was not assigned to any particular building in the apartment complex. She said there were eight buildings in all and that it would be impossible for her to accurately fix the racial composition of the
tenants of the buildings. She said that the number of black and or Puerto Rican families in the building she would describe as very noticeable.

She advised that it was not the policy of her employer to discriminate against prospective tenants because of the applicant's race. She said that she knows of no instance wherein a prospective tenant was determined to be unacceptable because of race.

said that she knows of no one who possesses information that her former employer was engaged in racial discrimination against tenants or prospective tenants.

New York City, telephone number_______. said he is single and graduated from_______. He also has studied for a period of

He advised that from March 1970, to January 1973, he was employed by the Trump Management Company of Brooklyn, New York. He said that he held various positions beginning as a porter which included mopping floors and burning the garbage. He also worked as a porter-maintenance man which job required that he make minor repairs in the various apartments of the Tyson Park Apartments where he was employed in Staten Island for the Trump Management Company. His last position with Trump Management at Tyson Park Apartments was answering the telephone in the maintenance office. He would receive complaints from tenants and would relay this information through the building superintendents. He advised that his overall boss was resigned his position in

He furnished the following additional information:

He normally had no direct relationship with any person applying for an apartment at the Tyson Park Apartments. He would refer any applicants to the Rental Agent, who maintained her office in the Apartment complex at 285 Mill Road, Staten Island. He did not know whether or not a prospective tenant would immediately be furnished an application form upon inquiring about an apartment.

He never was placed in a position wherein he was asked by an applicant as to the number of apartments available in the complex.

He was not authorized nor was he in a position to advise any applicant that he or she was acceptable as a tenant. He believes this information was furnished to the applicant by the rental office.

He has no knowledge as to how the completed application form is forwarded from the local rental office to the office in Brooklyn, New York.

He was never in a position where by it was necessary for him to furnish the main office with information of a descriptive nature about the applicant. Under normal circumstances he would first come in contact with the tenant after he had cleaned the apartment and the tenant had already been accepted and was moving into the premises.

He is not familiar with the criteria used by his former employer in determining whether or not an applicant is acceptable for tenancy in the building complex.

He is not familiar, nor does he have any knowledge of, the procedures used by his former employer in determining the acceptability of a tenant-applicant.

The only way he would know whether a applicant has been accepted as a tenant was when the family began moving into the apartment or perhaps several days before when he was instructed to clean an apartment for occupancy.

He was never furnished with any instructions by any person associated with his former employer relating to the practices that were to be followed in accepting prospective tenants who might be black or puerto rican.

He has no information or knowledge of a plan wherein a "phony" lease and check were maintained in the rental office in order to prove to a black or puerto rican person that an apartment they were seeking had just be rented. He has no information that this had ever been done while he was employed.
in the apartment complex.

He has no idea as to the racial composition of the buildings in the Tyson Park Apartments where he had been employed. He stated only that "There were not to many non-white families living there". He said it is not possible for him to give any accurate percentage.

He has no information that a person was denied an apartment in the Tysons Park Apartments on account of race or color.

He does not know anyone, including fellow former employees, who has information that the Trump Management Company was engaged in racial discrimination against prospective tenants in the Tysons Manor Apartments.
Mrs. CLARA M. JACOBS advised that she is the Managing Agent of the Grymes Hill Apartments, Incorporated, 22 Arlo Road, Staten Island, New York (NY), telephone number 447-8380. Mrs. JACOBS resides at 22 Arlo Road, Staten Island, NY. She is a 61 year old widow, of the caucasian race. She attended school through the ninth grade. She has been employed by the Trump Managing Company, for approximately 13 years. She and her husband, HILLIE D. JACOBS (deceased), worked together as Managing Agents of the Grymes Hill Apartments, until seven years ago when her husband passed away. Since that time Mrs. JACOBS has taken over as the sole Managing Agent of the apartment complex.

Mrs. JACOBS said that since she has been Managing Agent of the Grymes Hill Apartments, she has had sole authorization to determine the acceptability of a prospective tenant for the apartments. She said that the Trump Management Company has the left the matter of tenant acceptability to her own discretion.

Mrs. JACOBS said that since November of 1972, she has been filling the vacancies in the apartments as they occur from a waiting list. If when a prospective tenant appears at the renting office of the apartments, a vacancy does exist within the apartment complex, that prospective tenant is told of all such vacancies and is shown each vacancy. When no vacancy does exist, and at the request of the prospective tenant, the prospective tenant's name is placed on the waiting list. Notations are made at the same time as to when the prospective tenant appeared at the renting office, the size of the apartment needed by the prospective tenant and when said apartment was needed.

Prior to November of 1972, Mrs. JACOBS said that there were normally vacancies and prospective tenants would appear at the rental office of the apartments. She said that at that time, anybody that was interested in renting one of the apartments in the complex was given an application. Then as now, Mrs. JACOBS said that only she determined the acceptability of the applicant.
Mrs. JACOBS said that the criterion used to determine the prospective tenant's acceptability is that the prospective tenant must earn in salary a sum equal to one month's rent. In addition, the other criterion used to determine the applicant's acceptability is the size of the applicant's family. The size of the applicant's family determines what type of an apartment the applicant could rent. As an example, Mrs. JACOBS said that no more than one person could occupy a studio apartment, two adults are rented nothing smaller than a one bedroom apartment. An applicant with one child is allowed to rent nothing smaller than a two bedroom apartment. An applicant with two children is allowed to rent nothing smaller than a three bedroom apartment. Mrs. JACOBS said that applicants with more than two children are not considered as acceptable prospective tenants.

She further said that she has not made it a practice in her years as Managing Agent of the apartments to conduct any credit or reference checks based on the information received from the prospective tenant on the application. She said that she assumes that each prospective tenant in answering the questions on the application are truthful and feels no need to verify these statements in any way.

Mrs. JACOBS continued, by saying that when a vacancy occurs and the prospective tenant, after viewing the apartment is interested, the prospective tenant is then furnished an application. It is at this time that Mrs. JACOBS accepts a deposit for the vacant apartment. After the prospective tenant signs the lease for the apartment, the lease, application and the deposit are taken to the Trump Management Company office in Brooklyn, NY. The Brooklyn office is not advised by Mrs. JACOBS either orally or in writing as to the race or appearance of the new tenant. At the same time, the Trump Management Company is not made aware of the prospective tenants that have been turned
down by Mrs. JACOBS. Mrs. JACOBS said that she has received no instructions from anyone in or connected with the Trump Management Company, relating to company policies or practices concerning the renting of apartments to Black or Puerto Rican persons. Mrs. JACOBS said that she does not maintain a "phony" lease and check in her rental office in order to be able to prove to a Black of Puerto Rican prospective tenant that an apartment, which such person was seeking to rent had been rented earlier in the day. She said that she has never denied tenancy in the Grymes Hill Apartments on account of race, or color. She further said that she knows of no such policies or practices anywhere within the Trump Management Company.

Mrs. JACOBS said that the Grymes Hill Apartments is a garden apartment complex, consisting of 99 buildings and 416 apartments. She said that the Grymes Hill Apartments currently has approximately 15 or 20 Black and Puerto Rican families and approximately five Oriental families.

Her telephone number at her job is [_____] said that she is [_____] years of age, a high school graduate, and resides with her husband [_____] is of the white race. She furnished the following additional information:

To the best of her recollection she was employed for about 6 months between August, 1971 and February, 1972, as a rental agent for the Trump Management Company of Brooklyn, NY. Her office was located in the Tysens Park Apartments, located at 285 Mill Road, SI, NY. Her immediate Supervisor was a [_____] of the Brooklyn Office. She voluntarily terminated her position because she frequently worked alone and had custody of rent money from the tenants of the apartment building.

Basically, her job assignment was to furnish application forms to prospective tenants, show apartments to these tenants and collect rents when the tenant did not mail the rent to the office in Brooklyn.

When a prospective tenant came to her office seeking an apartment she would normally ask the number of persons in the family, the type of apartment needed, and the income of the applicant. At times, the applicant would fill out an application form furnished to them by ourselves and then she would show an empty apartment to the applicant. At other times, she would show the apartment and if the applicant approved of it she would furnish the application form that this time.

She did not routinely, or to her recollection never did, advise an applicant of the number of vacancies that might satisfy the applicant's needs.

She did not then advise the applicant whether he or she was acceptable as a tenant. This information would be given to her by the Brooklyn Office usually [_____] and she would notify the applicant whether they were acceptable.

When the application was filled out in duplicate, she would keep one copy in her office and [_____] would pick up the other copy and take it to the office in Brooklyn. Usually by this time she would have verified the employment of the applicant and made a notation on the original copy of the application form. [_____] usually stopped by her office several times a week to pick up rents and applicant forms.

In the last majority of cases she would not make any written notation on the application form or otherwise regarding the description or appearance of the applicant. On vary rare occasions, when the applicant was of good character she would voluntarily furnish this information to [_____] The race of the applicant was never discussed with [_____]  

The criteria used by the Trump Management Company in determining whether or not an applicant was acceptable as a tenant was unknown to [_____] Usually, the only criteria was income, size of family and whether or not a particular apartment was available.

The application form, and among other things, requested the current employment of the applicant, his current and previous address and the names of some personal references. They only investigation she would conduct, as previously stated, to verify the current employment and income of the applicant. She would never ask the employer the applicant's reputation. She does not know what procedures that is, what type of investigation, the Trump Management Company might conduct in determining the acceptability of applicants.
NY177-69

When an applicant was approved or disapproved as a tenant by the Trump Management Company he would notify the applicant by telephone. If the applicant was not approved the deposit of $50.00 would be refundable. She can not ever recall having turned down an applicant for an apartment in the Tysens Park Apartments.

_____ advised that she was never given any instructions from anyone associated with the Trump Management Company as to the policies or practices that were to be followed in accepting and reviewing applications for renting to black or puerto rican persons.

She never maintained a "phony" lease or a "phony" check in the rental office in order to prove to a black or puerto rican person that the apartment which they were interested in had just been rented. She stated that she never heard of such a practice.

She does not have the slightest idea as to the racial composition of the Tysens Park Apartments when she was employed as a rental agent. She said, however, that it was not unusual to see black and puerto rican tenants in the apartment complex.

She stated that she knows of no incident of when an applicant was denied tenancy on account of race or color, and likewise was informed that an apartment was not available because of the persons race.

She does not know of anyone who might have information of possible racial discrimination practiced by the Trump Management Company.
ABRAHAM ROSENBERG, Apartment 4B, 2940 Ocean Parkway, Brooklyn, New York, telephone number 212-946-9583, gave the following information:

ROSENBERG advised that he is currently retired and is 77 years of age. He is a white male and a High School graduate. He was employed as a renting agent at the Beach Haven Apartments, which is owned by the Trump Management Corporation. He was first employed by Trump Management from 1954 through 1959, at which time he left because he suffered a heart attack. He was again employed by Trump from 1968 through March of 1973, where again he left because he suffered a second heart attack. He was employed as a renting agent during those terms of employment.

ROSENBERG advised that each prospective tenant was not given an application. An application was offered only if they evidenced a liking for the apartment that was shown and they indicated that they wanted to rent it. The applicant then filled out an application and a deposit was taken. ROSENBERG advised that he would usually show a floor plan of the type of apartment which the applicant indicated he was looking for. The applicant would be advised of all the vacancies available in any particular building. ROSENBERG advised that the lease and the application would be hand carried to the Central Office by the renting agent. The Central Office would decide what would happen to any one particular application. ROSENBERG advised that the renting agent had nothing to do with either checking the background of the prospective tenant and he was not authorized to advise an applicant whether or not he or she was acceptable as a tenant.

ROSENBERG advised that the Central Office was next to his rental office so that he would routinely carry over any applications or leases. These were brought to a who worked in the Central Office.

Date dictated 8/14/74

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.
ROSENBERG advised that he did not routinely provide the Central Office either orally or in writing with a description of the applicant. His old job was to simply forward the application and lease. He advised that no racial notations were ever made concerning any applicant.

ROSENBERG advised that he is not familiar with the criteria used by Trump Management in determining whether or not an applicant is acceptable for tenancy. He advised that all of this was handled through Mrs. GILBERT's section in the Central Office. He further advised that he is not familiar with the procedures used by the Trump Management Corporation in determining the acceptability of applicants.

ROSENBERG advised that he was not, as a standard operating procedure, informed by the Central Office as to whether or not an applicant had been approved or rejected for tenancy. ROSENBERG advised that usually he would be told only if he asked a specific question concerning a certain applicant. ROSENBERG advised that sometimes he knew applicants were rejected because employment was not verified or the salary was not considered to be high enough for the applicant to afford a certain rent. He advised that most terms for rejection were usually due to economic reasons. He knows of no situation where a person was rejected because of his race.

He advised that he is not aware of any distinction ever being made for an applicant because of that applicant's race. He never received any instructions from any person associated with Trump relating to policies or practices that were to be followed in accepting and reviewing applications of or renting to Black or Puerto Rican persons.

ROSENBERG further advised that he has no information concerning any phony leases or checks that were maintained by renting agents or superintendents.

2.
ROSENBERG was unable to furnish any type of ratio as to minority group tenancy in the building that he was a renting agent for, although he did advise that minority groups did reside in that building.

ROSENBERG was unable to advise of any instance in which he believes a person was denied tenancy on account of race or color.

He further advised that he does not know any person whom he believes has information of any possible racial discrimination by the Trump Management Corporation.

was advised by the below Agent that he was being interviewed with regard to his period of employment with Trump Management Corporation, October, 1972, through March, 1974, and in particular, events which he may have observed which would reflect practices in discrimination in housing.

advised that during his employment with Trump Management his duties involved strictly accounting matters and he had no contact with the main office on management level. He stated that his work was very closely scrutinized and on numerous occasions, he was openly criticized over his work and these factors, coupled with a dispute in salary, led to the termination of his employment with Trump Management Corporation.

stated that he would be unable to name the persons responsible in Trump Management Corporation for the processing and reviewing of applications for tenancy. His knowledge is very limited as to the particular duties of individual employees. When questioned as to whether the central office exclusively reviewed and approved applications for tenancy, advised that he was unable to comment due to his lack of knowledge of the inter-workings of the company. Additionally, was unable to comment as to any facet of the applicant management relationship, again stating that his knowledge of Trump Management Corporation centered entirely on accounting matters and he was completely avoided with regard to any management decisions.

stated that his knowledge of the inter-workings of Trump Management Corporation, as stated above, held true as to all business dealings involving Trump Management Corporation with the exception of that project known as Washington Property located in Seat Pleasant, Maryland.

He advised that prior to obtaining his current
employment, he had previously been employed as the superintendent
of Laurence Gardens Apartments, 3301 and 3315 Westrand Avenue,
Brooklyn, New York, owned and operated by Trump Management
Incorporated.

He stated that he was in the employ of Trump Management
during the period August 1972-May 1974, when he terminated his
position because of unsatisfactory working conditions.

He stated that the unsatisfactory conditions concerned
the constant badgering he received from Trump Management who expected
him to act as rental agent with the goal of full occupancy at
Laurence Gardens, which he did not consider to be part of his
duties as a superintendent.

He stated that while employed at Lawrence Gardens,
he would follow a set procedure with regard to all prospective
tenants. He stated that prospective tenant would tell him what
type of apartment they required, i.e., size, floor plan, etc.,
and that he would then show the prospective tenant vacant apartments
which met their needs. He stated that if the prospective tenant
liked the apartment, he would then give them an apartment which
he would personally carry to the Trump Rental Office.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency;

He advised that all applicants were shown all vacant
apartments fitting their needs and that all applicants who desired
a rental application were provided one.

He advised that he was not authorized to nor did he
ever advise a tenant that they were or were not acceptable.
However, he did state that there was an understood requirement
that a prospective tenant would have to have an income high
enough so that the monthly rent payment for the apartment applied
for would not exceed twenty-five percent of the renter’s salary.

He advised that when he brought the application to the
rental office, he never advised anyone at the rental office,
either verbally or in writing, as to the race or any other
characteristics of prospective tenants. He added that this
was never asked of him either, by anyone at the rental office.

He stated that he was unaware of any requirements placed
on prospective renters by the rental office other than that the
applicant had to be at least 21 years of age and that his monthly
rent could not exceed twenty-five percent of his salary. He added
that he believes that the rental office also desired at least two
years continuous employment by applicants, but does not think that
this was an inflexible requirement.

He stated that he is not familiar with how the rental
office went about checking out desirability of applicants or
how they were approved or rejected as tenants.

He stated that the only way he knew an applicant was
to become a tenant was when he received a copy of the lease to be
executed by the applicant which was sent him by the rental office.

He advised that he was never given any instructions for
procedures to be followed in renting to blacks or Puerto Ricans.

He stated that he never maintained a "phony" lease or
check for the purpose of showing that a vacancy had been rented when
a black or Puerto Rican inquired about an apartment.

He stated that during the time of his employment, of the
approximately 125 apartments at Laurence Gardens, approximately six
apartments were occupied by black and Puerto Rican families, adding
the makeup was four Puerto Rican and two black families.
He advised that he knows of no instance where an applicant was denied residence because of race or color and could not provide the name of anyone he believes has information of possible racial discrimination by Trump Management.

The following investigation was conducted by Special Agent (SA) at Brooklyn, New York, on August 13, 1974:

Negative attempts were made to contact the following individuals:
was interviewed at his residence, Staten Island, New York, telephone number [blank] is a [blank] year old Caucasian male. He is currently employed as acting superintendent of the Oro Gardens, a garden apartment complex located at 1300 Richmond Avenue, Staten Island, New York. He was formerly employed as superintendent of the Lawrence Towers Apartments, 32-80 Nostrand Avenue, Brooklyn, New York, from February, 1973 through April, 1973. While superintendent at the Lawrence Towers Apartments, he was employed by the Trump Management Company, Brooklyn, New York.

said that he was [blank] He advised that the Trump Management Company [blank] He said he attempted to contact the principals of the Trump Management Company to determine [blank]

did not say that in his capacity as superintendent of the Lawrence Towers Apartments, he had occasion to show vacant apartments to prospective tenants. said that any person inquiring about the rental of an apartment was offered an application to rent if they were interested in renting one of the vacant apartments, and if, through interview, determined that one week's salary of the applicant was equal to one month's rental of the apartment in which they were interested. said that he routinely told each of the applicants that he had contact with the number of vacancies that satisfied the applicant's need which were available. The applicant was shown each of the vacant apartments that were available.

said that he was authorized to advise the applicant that he or she was not acceptable as a tenant.
only if they did not meet the financial criteria, that being the applicant had to earn one week's salary equal to the monthly rental of the apartment.

said that when the applicant was white, he was instructed by the Trump Management Company to accept the application and the deposit. would then telephonically call in the information on the application to the Trump Management Office. On a given day, during each week, would then take these applications and the deposits to the Trump Management Office in Brooklyn.

further advised that when an application and deposit was received from a Black family who qualified financially for the apartment, he was instructed by the Trump Management Company to send the Black applicant to the Trump Management Office with the application and the deposit. was also instructed to immediately advise the Trump Management Office, by telephone, that a Black applicant, with a completed application for the Lawrence Towers Apartments, was on his way. said that during his tenure with the Trump Management Company at the Lawrence Towers Apartments, he showed vacant apartments to a number of Black potential applicants, however, none of the Blacks to whom he showed the apartments qualified financially or were not interested in renting the apartments that were shown. As a result, said that he did not receive an application or a deposit from any Black family.

said further that beyond the financial criteria which also involved showing proof of earnings, did not know what criteria was used by the Trump Management Company to determine
whether or not an applicant was acceptable. He could not state whether or not, in determining the acceptability of applicants, the Trump Management Company used credit checks, reference checks, or other procedures for verifying the statements on the applications. He said that he was routinely advised by the Trump Management Office as to whether or not an application had been accepted. He said this was done to let know whether or not a specified apartment was still available for rental.

He reiterated that he had received instructions from the Trump Management Office concerning special handling of applications from Black families. No mention was made of applications from Puerto Rican families. Again, those special instructions were that if a Black family was interested in renting one of the available Lawrence Towers Apartments and if that Black family met the financial criteria, this family was then immediately referred to the Trump Management Office. He again said, however, that during his time with Trump Management at the Lawrence Towers Apartments, none of the Black families that he showed apartments to met the financial criteria or were not interested in renting the apartments that were shown.

He is not aware of any practice or policy of the Trump Management Company relating to that company maintaining a phony lease and check in a rental office in order to prove to a Black or Puerto Rican person that an apartment that such person was seeking to rent had been rented earlier that day.
said that the Lawrence Towers Apartments consisted of 188 apartments. He said there were no black or Puerto Rican tenants in any of the apartments. The tenants were all white with various mixed backgrounds.

said that he could furnish no specific information concerning any instance where any person was denied tenancy at the Lawrence Towers Apartments on account of the person's race or color. To his knowledge, said that regardless of race or color, any potential applicant was shown all available apartments when that person appeared at the renting office.

JOSEPH CALCATERA, 3165 Nostrand Avenue, Brooklyn, New York, telephone number 212-645-9101, gave the following information:

CALCATERA advised that he is employed as a building superintendent at the above address by the M & R Management Company, 1501 Avenue V, Brooklyn, New York. He is a white male, sixty-three years old, and has completed the fifth grade. He has worked for M & R off and on for eight years. He was employed by Trump Management for three years from 1970 to 1973. He quit after he had an argument with the manager of the apartment complex in which he was working.

CALCATERA advised that as a superintendent he had very little to do with the actual rental process. The only contact he had with prospective tenants was when he would show apartments on Saturdays as this was the rental agent's day off.

He advised that each person inquiring about an apartment was given an application. CALCATERA advised that he would always advise the applicant of the number of vacant apartments suitable to the stated needs of the applicant. He was not authorized to advise an applicant whether he or she was suitable as a tenant.

He advised that he did not forward applications to the central office but he would hold them for the rental agents who would in turn forward them. He did not know the methods used by the rental agents to forward these applications.

He advised that he never provided the central office with a description of any prospective applicant. He further advised that he was not familiar with the criteria used by Trump to determine whether an applicant was acceptable for tenancy. He also advised that he was familiar with procedures used by Trump in determining acceptability of tenants only insofar as they allegedly checked employment and salaries of prospective tenants. He stated that he was never informed by the central office whether an applicant had been accepted or rejected and he had no idea what percentage of the applications

he took were accepted or rejected.

CALCATERA advised that he never received any instructions by anyone associated with Trump relating to policies or practices relating to accepting and reviewing applications of blacks and other minorities.

CALCATERA advised that he never maintained a "phony" lease and check to prove to minorities that an apartment had just been rented. He advised that he had never heard of such a practice.

He advised that he was superintendent of two buildings on Staten Island for Trump and that one building had approximately fifty percent of black and other minority tenants and his other building had approximately sixty per cent.

CALCATERA advised that he had no information concerning instances of alleged discrimination nor could he furnish the name of anyone whom he believed would have such knowledge.
CHARLES JONAP, 94-30 60th Avenue, Elmhurst, Queens, New York, telephone number 212-592-0688, gave the following information:

JONAP advised he is a white male, 58 years old, and a high school graduate. He advised he is currently unemployed, as he recently suffered a stroke and is unable to work. He was last employed at the Woodcrest Nursing Home, Queens, New York, as a Maintenance Supervisor. He was employed by the Trump Management Corporation as a superintendent at the Green Park Essex Apartments, located at 143-09 Barclay Avenue, Flushing, New York. He was employed from April of 1973, through August 22, 1973, at which time he was dismissed without reason by the Trump Organization.

JONAP advised that part of his duties as superintendent was to show apartments to prospective tenants. He advised that each person inquiring about the rental of an apartment was offered an application if the prospective tenant advised he was interested in the apartment. JONAP advised that he would routinely advise the applicant of all the current vacancies that were suitable for the applicant’s stated needs. JONAP advised that he was not authorized to advise a prospective tenant if he or she was acceptable as a tenant. He advised that the standard procedure was that the central office of the Trump Corporation would advise him if a prospective tenant had been accepted, and then he, JONAP, would in turn, notify the applicant.

JONAP advised that he would forward all his applications to the central office by mail. He advised that he would never notify the central office as to a racial description of the prospective tenant, and he further advised that the applications contain no space for a racial description, nor was any type of racial code used on the application.

JONAP advised that he is not familiar with the criteria used by Trump in determining whether or not an
applicant was acceptable for tenancy. JONAP advised that the only procedure he is familiar with that Trump used in determining acceptability of applicants was in income check. He advised that applicants would have to furnish a copy of their W-2 form when they furnished an application, and he advised that someone in the central office of Trump would further verify both the applicant's employment and income.

JONAP advised that he was always told by the central office whether an applicant was accepted or rejected. He advised that he believes he sent approximately 25 to 30 applications to the central office during his term as a superintendent, but he was unable to advise how many of these have been accepted or rejected.

JONAP advised that he has no information concerning a system whereby a superintendent would maintain a "phony" lease and check in a rental office to prove to a minority that an apartment had just been rented. He further advised that he was never given any instructions by any representative of the Trump Company relating to policies or practices that were to be followed in accepting and reviewing applications of minorities.

JONAP advised that the building had a heavy minority population, which was comprised of Indian, Pakistani, Hispanic, Blacks, and Whites. He advised that at least 50 percent of the building was comprised of what could be considered minority tenants.

JONAP advised that he had no information concerning any incident in which he believes a person was denied tenancy on account of race or color, nor could he provide an address of any person that he believes would have such information.

Title:  
TRUMP MANAGEMENT CORPORATION
NEW YORK, NEW YORK:

Character:  
DISCRIMINATION IN HOUSING

Synopsis:  
 former Trump employee as superintendent, interviewed and denied any knowledge of racial discrimination encouraged by company. Admitted having heard of "phony lease" arrangements utilized by other Trump employees but refused to identify them.

Details:  
This report contained the results of a limited investigation.

On September 10, 1974, inquiry at the revealed is currently employed at the
He was employed by the Trump Management Corporation, New York, N.Y., from February 15, 1973 until January 15, 1974, as the Superintendent for the Highlander Apartments, 164-20 Highland Avenue, Jamaica, N.Y. He terminated his employment as a result of being requested to move or transfer as the Superintendent of the Lincoln Shore Apartments, Ocean Parkway and Bell Parkway, Brooklyn. He had just completed all necessary repairs and work on the Highlander and the Lincoln Shore Apartments were in very bad condition and he did not feel like taking on this extra work.

During his period of employment with Trump, he was responsible for renting apartments at the Highlander. Prospective tenants would come to the building either in response to a newspaper advertisement or by word of mouth and he would show them what apartments were available. If they were interested in an apartment, he would give them an application to complete and he would then review the application with them. He was instructed by FRED TRUMP, Officer of the company, to follow a general guideline that if the person's income weekly was equivalent to, or greater than, the rent of the apartment for one month, he could expect the application to be approved. He would then mail the application, along with a certified check in the amount of one month's rent, to be applied against the requirement of one month's rent and an amount equal to one month's rent as a security deposit.

Interviewed on 9/19/74 at Philadelphia, 177-113 by SAs and TTI ed Date dictated 9/19/74

to [redacted] at the company's office in New York. Under normal conditions, she would then call him telling him if the application had been approved or rejected. If the application was approved, he would be mailed a lease with the balance due which he was to have signed by the tenant and obtain any monies due which he was to have signed by the tenant and obtain any monies due to the company. This would then be returned to [redacted] and turned to [redacted] and he was not permitted to rent an apartment without her approval. The normal mailing procedure required about one week but this time period could be lessened by his calling [redacted].

It was also his practice to consider an apartment rented when he received an application from a person who met the income requirement; however, he would show these apartments to other prospective tenants telling them he had an application for that apartment but should that application not be approved, they could be considered for the apartment. He did not have the authority to reject a prospective tenant but would point out to individuals whose income was below the general guideline that the company would probably not accept the application. All applications received by him were forwarded to the company office.

All applications were generally mailed to the company office; however, in an expedite situation, he would take the applications to the [redacted] (phonetic spelling as he was not aware if this is a last name or first and last name) who lived in the [redacted] He never took an application personally to the company office.
PH 177-113

He never placed anything on the application except the notation "Highlander" on the top. He did not indicate the person's race or make any recommendations regarding prospective tenants, never asked a prospective tenant's race and he could not recall ever telling her such information.

The only requirement given to him and the only requirement he used in renting apartments was on the basis of income. If the prospective tenant's weekly income was equal to or greater than the monthly rental, he would assure that they would be approved.

He knew of no checks made by the company concerning a prospective tenant. All applications were approved or rejected by [blank] and the only reason given to him for rejections was that the prospective tenant did not meet the income requirement. He could only recall three or four persons that were rejected during his tenure and he stated they were all white.

The only incident which he could specifically recall where there was a problem occurred in November 1973. He was to have a weekend off and a [blank] who lived in the apartments, was to handle any prospective tenants. She apparently accepted an application from a Negro couple where the woman earned $6,500 per year and the husband earned $4,000 per year. [Blank] called him regarding the application asking him who would pay the rent when the wife became pregnant. He told her he was not aware of this application and this was the only time he could remember her asking him the race of a prospective tenant. He referred her to [blank] and was of the opinion the couple was allowed to rent the apartment; however, it was not until after he had quit as superintendent.

He knew of no company policy regarding individuals being excluded from renting an apartment on the basis of race. He accepted applications from everyone who was interested in renting an apartment and his only concern was in renting the apartments.
He never had nor utilized a "phony lease" although he stated such a technique had been mentioned to him by other superintendents employed by Trump. He refused to name those individuals and under direct questioning, would only state he had heard this from more than two superintendents and was of the opinion it was a common practice.

The Highlander Apartments consisted of 166 apartments with seventeen apartments being rented to Negroes and another ten apartments being rented to individuals of other backgrounds such as Korean, Japanese, Chinese and Jamaican.

He emphatically denied any knowledge of any racial discrimination encouraged by the company or of any person rejected on the basis of race.
LUIZ BETENCOURT, 4 River Street, Lindenhurst, New York, telephone number 516-884-3436, gave the following information:

BETENCOURT advised that he is a white male, born 2/3/06. He was employed as a superintendent by the Trump Management Corporation from 1956 to March, 1971. He is currently retired. He was employed at the Edgerton Apartments.

BETENCOURT advised that it was part of his job to show vacant apartments to prospective tenants. He would give applications to anyone who expressed an interest in the apartment. It would be filled out in duplicate, he would keep a copy and he would send a copy to the Trump office. He advised he would always tell the applicant of the total number of vacancies which would fill his or her needs. He was not authorized to advise an applicant if he or she was acceptable as a tenant.

BETENCOURT advised he sent his applications in by mail. He advised that he never provided a description of the applicant to the central office. BETENCOURT advised he is not familiar with the criteria used by Trump in determining acceptability of a tenant. He advised that some type of financial check was conducted because he advised that the only reason tenants were found to be unacceptable was because of financial reasons. He advised that the central office would routinely advise him if a tenant had been accepted or rejected.

BETENCOURT advised that he never received any instructions from anyone associated with Trump concerning different treatment of minorities. In fact, he was advised by Mr. TRUMP that all people were to be treated the same. He advised that he never heard of the "phony" lease and check routine to deny minorities apartments. He advised that he has no knowledge of any instances of discrimination on the part of Trump nor does he know anyone with such information.

He advised that his building had one black, one Puerto Rican and numerous Orientals in 160 units.

Re: Trump Management Company
New York, New York; and Victims

A neighborhood investigation was conducted in Michigan. This investigation revealed there is no such address as nor was known in that area.

A subpoena is necessary in order to obtain an unlisted telephone number; however, it is doubtful that this number could be obtained if a subpoena was issued without an address.
