TRANSITORY RECORD

Colleagues,

Good morning. In addition to the information provided during this week's ALL SAC call, I wanted to ensure you had the attached talking points, which I apologize for not getting to you earlier. One is written in a script form and one in more of a bullet format. Feel free to reference these and use them to guide your discussions with your JTTF executive partners. Additionally, these are the talking points both myself and the DD have used on the Hill, so they would be appropriate for conversations with the members in your AOR.

You'll see in the document that we are [redacted] as such, we encourage you to share anything you see of concern in your area with us.

b7E -1,8

I would be remiss if I didn't close with a word of thanks. I want to thank everyone in your offices for all they have done. This is truly an effort that involves every single field office and I'm grateful for both the speed with which your offices have responded, and the thoroughness of the work that you've done and will do over the next few weeks. I couldn't be more proud of the work we are doing together.

As always, don't hesitate to reach out with any questions, concerns, or needs.

Respectfully,

Jill

*Jill Sanborn*

Sorry to interrupt your weekend. The ADIC spoke to the Deputy Director this evening and told him what we had for intel and our plans regarding the 6th. He said that [Redacted] has called for a Principals Meeting at 1 pm tomorrow 1/3. He requested that we get him any updated/additional intel prior to his meeting tomorrow. [Redacted] will be the main POC to compile the info. Please get everything to her before 9:30 am tomorrow morning. Please cc the whole team on all emails so we are all tracking on the same info. *(U//FOUO) The following list of events is being maintained per request of WFO Executive Management. The items on this list are compiled by FBI partner agencies. FBI WFO does not have any information to suggest these events will involve anything other than first amendment protected activity and is being distributed for situational awareness. Their inclusion here is not intended to associate the protected activity with criminality or a threat to national security, or to infer that such protected activity itself violates federal law. However, based on known intelligence and/or specific, historical observations, it is possible the protected activity could invite a violent reaction towards the subject individual or others in retaliation or with the goal of stopping the protected activity from occurring in the first instance. In the event no violent reaction occurs, FBI policy and federal law dictates that no further record be made of the protected activity.*

The following information is current as of 3 January 2021 at 0800. This is for FBI internal use only.
