11:12 P.M. - 11:59 P.M.

1
2 (Tape 197)

3 STEVE: -- really there's only one true
4 (indiscernible).

5 JOHN: All right. Seven -- let me see if I
6 understand this. Seven means complete. It's the end
7 of a total circle, right?

8 STEVE: Well, you know, if you look no
9 matter -- you know, you've got a 7-day week all around
10 the world as in this country, 7 days.

11 JOHN: Right.

12 STEVE: And there's 7 days of creation. If
13 you look at the Book of Revelation, there's no end of
14 the number seven.

15 JOHN: Okay. So did this particular, did it
16 have anything to do with the actions that David and
17 yourself will be taking within the next few days?

18 STEVE: Well, no, in fact not at all. What
19 it showed was the whole history of God's working from
20 beginning to end that, you know, really it's all been
21 prophetic. But of course that which has come to pass
22 has already turned into history. So the Bible is only
23 two parts. It's really prophetic and it's history.
24 And he got into some other -- it was actually quite
25 deep.

JOHN: Now --

1
2 STEVE: It took some time --
3 JOHN: Yeah, I think I would have to --
4 STEVE: You would, you would have actually
5 been very interested in it. You would have been.
6 JOHN: I'm sure I would have been.
7 Unfortunately, on that type of thing I'm --
8 STEVE: (Indiscernible) according to these
9 attorneys because he opened up some pretty unique
10 things to them about gemstones --
11 JOHN: Um-hum.
12 STEVE: -- laminations of gemstones, laser
13 technology. They were astounded. They really were.
14 They're looking at this guy, where did he get this
15 information?
16 JOHN: I'm sure. No, David's a very
17 impressive guy. There's no two ways about it. Hey,
18 one change of gear here. About the gals, you talk to
19 them at all and ask them if they wanted to speak to us?
20 STEVE: I asked one of them, and she said she
21 didn't.
22 JOHN: Okay. Which one was that, Nicole?
23 STEVE: Yeah.
24 JOHN: Okay. And she's sort of hanging along
25 there?
STEVE: She what?

1
2 JOHN: Who's, who's the other gal? Nicole's
3 the other one. Who's the other one?
4 STEVE: She can tell her -- I'll try to get
5 her on the phone, and she can tell you her --
6 JOHN: Yeah, just what's her name then?
7 Because that way we --
8 STEVE: Yeah, I mean, you know, I would do
9 it. But I mean if she doesn't want to, you know, it's,
10 it's up to them if they want, what they want to give
11 out and all that.
12 JOHN: Yeah, I can understand that. But
13 it's -- I think it's in the best interest in case --
14 there are a lot of folks in there, you know, -- she
15 have any doctor, medical records, anything else along
16 that line? Any problems that --
17 STEVE: I hope not.
18 JOHN: -- we should know about?
19 STEVE: I hope she has no problems. I --
20 JOHN: Yeah, this is what -- yeah, these are
21 things that concern. These are things that
22 unfortunately --
23 STEVE: See, right now they all seem to be
24 very healthy.
25 JOHN: -- because you and David would have to
be responsible for.

STEVE: The one that has probably the biggest concern is Judy herself with her finger which is, it's --

JOHN: Yeah.

STEVE: She has bone fragmentations everywhere and --

JOHN: Okay. I wish -- the way she was -- last time we talked with Judy, Judy says everything was on the mend, that she was using this business by rubbing garlic on there.

STEVE: It did -- well, you know what -- well, she's right when it comes to the healing of the skin.

JOHN: Um-hum.

STEVE: That it finally came around and started going okay. But you know, she's having problems with pain because of the fragmented and well, the bones in the finger.

JOHN: This sounds like a little bit more than to be handled with rubbing garlic on it.

STEVE: Well --

JOHN: And you know that and I know that.

STEVE: Yeah, well, no question. She does too. She's aware.

JOHN: So, you know, it's about that time

1
2 she's going to have to start thinking that she might be
3 in a position to lose that finger or even worse.
4 Gangrene, etc. could start setting in.

5 STEVE: Yeah, it's definitely been a
6 consideration.

7 JOHN: And I don't know. You have a few LVNs
8 in there or something like that.

9 STEVE: We're down on those. Because we sent
10 one of them out. She wanted -- she was interested in
11 going, so we told her to go ahead.

12 JOHN: Okay. Well look, you know --

13 STEVE: By the way, did she end up -- I hear
14 she went back to Canada or no or her name was --

15 JOHN: I have no idea what happened.

16 STEVE: You haven't kept up on all that?

17 JOHN: No, you see what happens. My main
18 concern is talking with you guys. And once they, once
19 you --

20 STEVE: Well, she was (indiscernible).

21 JOHN: Hey, Steve. Once she passed through
22 our system, it's handled by an entirely different
23 group. So as far as following up on that, we don't
24 have any way of doing -- we guess we have a way of
25 doing, but I just don't deal with that. My main
concern is your safety and getting you guys out.

STEVE: Whatever happened with some of the children like Wendel's children?

JOHN: Wendel's children. I don't know. I'll have --

STEVE: Mike Wendel and Jaydean Wendel.

JOHN: -- to find out about that and get back to you.

STEVE: They had -- there was a little 4-month-old baby and --

JOHN: Uh-huh.

STEVE: -- they had Janessa (phonetic sp.). There was two others --

JOHN: Yeah, as I mentioned, Steve, I don't know offhand. But I will find out, and I will get back to you on that.

STEVE: Okay, because --

JOHN: Because I think that's important.

STEVE: It is. It's real important to them --

JOHN: And everybody they're -- I can guarantee you this. They're receiving excellent care.

STEVE: I know a lot of them did from what I understand got back to their relatives, to grandparents and so forth. We were happy to hear about that. But you know, there's a few that we never did hear what

1
2 happened so --
3 JOHN: This is just like we made mention.
4 Remember we said when these kids come out, we're going
5 to try to do the best we can for them.
6 STEVE: Right, right.
7 JOHN: Placing them in the family. That's
8 what we're doing. We're, you know, we're going along.
9 We're not giving you any jive. We're telling you
10 exactly what's going to happen. And there's no reason
11 here to have any fears as far as these gals are
12 concerned, these kids are concerned.
13 STEVE: What about myself?
14 JOHN: You know what's going to happen.
15 You're going to --
16 STEVE: I do?
17 JOHN: -- have to go out there and solve
18 the --
19 STEVE: I really don't.
20 JOHN: This is why you've retained a first-
21 class lawyer. Now you got to stick to that idea now.
22 This guy, you're retaining him, he's a --
23 STEVE: Well, I'm trying to see if he's going
24 to get me a Holiday Inn room or something --
25 JOHN: (Laughing.) No, you wouldn't like the
Holiday Inn. They don't have shampoo in the rooms

1
2 anymore.
3 STEVE: They don't, huh?
4 JOHN: No, it's gone down a lot.
5 STEVE: I've got my own. I'm particular. I
6 get --
7 JOHN: Try --
8 STEVE: -- mine from a health food store.
9 JOHN: Oh, terrific. That's the way to do
10 it. See I don't have any. Most of my hair falls down
11 the drain. I haven't got --
12 STEVE: Oh, no.
13 JOHN: Yeah, it's --
14 STEVE: You're not losing it?
15 JOHN: Oh, no. I got a very wide part,
16 that's all.
17 STEVE: That's good.
18 JOHN: Yeah. So this is where we're facing
19 right now. All this stuff as far as these people that
20 came out before, they were all very well taken care of.
21 They got the proper medical treatment.
22 STEVE: We're concerned when we hear and see
23 things about Kathy Schroeder, Brad Branch --
24 JOHN: Um-hum.
25 STEVE: -- Kevin Whitecliff and some of the
statements that are made. Here Kathy is shackled.

1
2 She's up for conspiracy --
3 JOHN: This is -- yeah. She's shackled? You
4 hear that?
5 STEVE: Yeah. And we heard that she was
6 called Sarge and passed out guns and there was all
7 (indiscernible) --
8 JOHN: I don't know anything about that and
9 I --
10 STEVE: -- news, that's all news to me.
11 JOHN: Yeah. I don't know anything about
12 that, and I don't get involved in anything along that
13 line. We just sort of are concerned with getting you
14 people out safely. And I think well like what happened
15 tonight --
16 STEVE: I sure wish you were more concerned
17 about just getting us out there and free from that
18 whole system.
19 JOHN: By the way, on this point --
20 STEVE: Yeah.
21 JOHN: About getting you out and all. Steve,
22 has, have you sat down with your attorney. And he's
23 basically, I'm hoping by this time, told you what to
24 expect when you do come out?
25 STEVE: Not really. I, I don't think they're
really sure what's going to happen when it comes to

1
2 whether it's federal or state, more than likely
3 federal. And I mean there's all sorts of -- it would
4 seem like because of different attorneys that have
5 attempted to make connections to us and which you
6 people, the FBI, have not allowed, I know that many
7 people have brought in --
8 JOHN: Retained other attorneys for you?
9 STEVE: Pardon?
10 JOHN: Retained other attorneys or --
11 STEVE: Well, that's what I hear.
12 JOHN: What are you talking about? I'm
13 trying --
14 STEVE: Well, I know there was this Linda
15 Thompson that made efforts to serve papers on I don't
16 know who all. But I know the United States Government
17 somehow or to some degree was served, and it had to do
18 with constitutional rights. And I know there's a lot
19 of issues involved here, a lot of --
20 JOHN: Yeah, stuff like that's going to be
21 hammered and battered out by the attorneys after you
22 folks come out. And you folks will be probably --
23 STEVE: Now if I was in a nice living room
24 and so forth I wouldn't mind now if they hammered all
25 day long. But being that I'm going to be stuck away in
a probably a 2 by 2 --

1
2 JOHN: I don't think it's going to be that
3 bad, guy.
4 STEVE: What, 4 by 4, huh?
5 JOHN: I don't know. I haven't got my
6 measuring tape out. It's -- granted it's not going to
7 be the presidential suite at the Waldorf but
8 nevertheless --
9 STEVE: I don't know why not.
10 JOHN: Well, you're a nice guy. You might be
11 able to pull a deal like that. But this is something
12 you're going to have to talk out with your attorney.
13 By the way, I'm sure the attorney is going to
14 be doing the best deal for everybody in there. They're
15 all going to probably be assigned counsel. And they're
16 going to take off and run like that.
17 STEVE: Um-hum.
18 JOHN: So they have -- as far as that's
19 concerned, I'm sure your attorney has told you about
20 the fact that he's going to be representing you. He's
21 going to get the best deal he can for you. And this is
22 a very capable guy. And he's going to be able to do
23 the best thing for you.
24 STEVE: Oh, yeah. Oh, yeah. They're all
25 okay.
JOHN: You are comfortable with your

1
2 attorney, correct?

3 STEVE: Sure. I mean how would you ever --
4 I've never seen any of these guys in action. So of
5 course, you know --

6 JOHN: You've heard of their reputation I'm
7 sure. Some people --

8 STEVE: Recently I'm starting to hear a
9 little bit more about them. I've heard probably more
10 about Dick DeGuerin than anybody.

11 JOHN: Um-hum. Aside from DeGuerin, how else
12 have you been hearing about these attorneys?

13 STEVE: That's about it. I mean whatever
14 information they brought in where, you know, they might
15 leave something about past cases and so forth you might
16 get to read about, that's about it.

17 JOHN: Okay. I think that --

18 STEVE: More or less a resume I suppose one
19 could say.

20 JOHN: Um-hum. Okay. So you see how it's
21 going. Now these guys are very optimistic that you're
22 going to be coming out soon. Did you give them any
23 reason to feel that way?

24 STEVE: Oh, yes. Most definitely. In fact,
25 the last day they were here and the time before that we
were saying how we did want to get out and get on with

1
2 it. Very clearly so.
3 JOHN: Um-hum.
4 STEVE: And the only thing that we told them
5 was, of course, that we were hoping that this would be
6 resolved, you know, as God has shown David --
7 JOHN: Right.
8 STEVE: -- from the beginning.
9 JOHN: Well, what is holding you back from
10 coming out now?
11 STEVE: It's that. It's --
12 JOHN: It's what?
13 DAVID: God would be shaking in his boots.
14 JOHN: Is that David in the background?
15 STEVE: Yes, it is.
16 JOHN: Does he want, David want to get on?
17 STEVE: I'll ask him.
18 JOHN: Yeah.
19 STEVE: They want to know if you want to get
20 on the phone. They heard you. (David's voice in
21 background not discernible.) He says no, you'll learn
22 the hard way.
23 JOHN: Oh, he's going to break my heart too.
24 What a guy. I thought he and I -- I enjoyed talking
25 with him a lot the last time.
STEVE: Well, apparently you guys haven't

1
2 wanted to sit down and talk about the one thing that he
3 wants to offer you and that's eternal life.
4 JOHN: Uh-huh. I'm more than willing to talk
5 about eternal life when he comes out.
6 STEVE: (David's voice in background not
7 discernible.) He was -- he's saying right now Easter
8 is just the counterfeit of the Passover. And --
9 JOHN: Um-hum.
10 STEVE: -- Christ kept the Passover 2,000
11 years ago. (David's voice in background not
12 discernible.)
13 JOHN: Okay.
14 STEVE: And gave the bread and wine of the
15 new covenant.
16 JOHN: Well, would you say that -- Christ
17 gave the Passover 2,000 years ago?
18 STEVE: He kept it 2,000 years ago. (David's
19 voice in background not discernible.)
20 JOHN: Yeah, okay. All right. That he was a
21 Jew and that was a Jewish --
22 STEVE: Well, see what they actually did was
23 show disrespect to Christ and to his Father. That's
24 what happened last night. Christ kept that very day
25 2,000 years ago. And what these men did last night
when we had asked them to show us respect as Americans

1
2 and what the Constitution guarantees.
3 JOHN: Um-hum.
4 STEVE: That's -- I mean that's why the
5 reaction of me -- you were wondering when I got on the
6 phone, well, I was quite unhappy because --
7 JOHN: Yeah, you didn't sound like your
8 normal --
9 STEVE: Well, no. You know, first of all --
10 JOHN: -- jovial self. And that was a little
11 disconcerting. And --
12 STEVE: You know, all these things that are
13 happening --
14 JOHN: Might hurt my feelings.
15 STEVE: Well, no, not at all. In fact --
16 JOHN: Oh, it does.
17 STEVE: -- you guys actually insulted me
18 because number one, what you did through that whole
19 period of time. Then these guys come and start running
20 around --
21 JOHN: Power back, Steve. You're starting,
22 starting to take --
23 STEVE: There's the Bradley comes right up to
24 the, the back of the building then comes --
25 JOHN: Um-hum.
STEVE: -- then another one comes to the

1
2 front and acts like he wants to run through it. I mean
3 what kind --
4 JOHN: Yeah.
5 STEVE: -- of attitude is this?
6 JOHN: I can understand that. Hey, let me
7 talk to David if he's there. We can sort of help him
8 out.
9 STEVE: John number --
10 JOHN: Five.
11 STEVE: -- five wants to talk to you.
12 (David's voice in background not discernible.) He said
13 he's going to get on the phone and you're going to talk
14 baloney --
15 JOHN: (laughing.) He's cutting my feelings
16 out again. No, I am not talking baloney. I just want
17 to talk to him. I haven't talked to him in a while,
18 and I want to see how things are going.
19 STEVE: (David's voice in background not
20 discernible.) He'll explain one subject to you. And
21 that's the importance of the Passover.
22 JOHN: That's fine. Okay, whatever.
23 STEVE: So then you can give this to Bob
24 Ricks. Tomorrow he can explain to everybody else what
25 we've been doing.
JOHN: Okay.

1
2 STEVE: Or to Swensen or to -- do you
3 really -- do you guys really have a spokesperson by the
4 name of Swine?
5 JOHN: (Laughing.)
6 STEVE: Is that true?
7 JOHN: Oh.
8 STEVE: It's not -- no, I'm serious. Is that
9 true or not?
10 JOHN: (Laughing.) It's open -- it isn't --
11 you could pronounce it that way. (Laughing.)
12 STEVE: No, I was -- I actually heard it on
13 the radio that on KTLA (laughing) --
14 JOHN: You guys are great. (Laughing.)
15 STEVE: (Laughing.) John. He's really
16 laughing.
17 JOHN: That's --
18 STEVE: Seriously, I mean one day I wouldn't
19 mind seeing you living forever with me, John.
20 JOHN: No, you're -- well, I don't -- but you
21 might have a glint in your eye. I hope not. But --
22 STEVE: No, John, do you want --
23 JOHN: -- my wife might have a little problem
24 with that but (laughing) --
25 STEVE: No, well that -- well, you know,
anyway. Hey. Do you want to talk with him?

1
2 JOHN: Yeah, if he's there, sure.
3 STEVE: Yeah. Okay.
4 DAVID: About the Passover.
5 STEVE: About the Passover now.
6 JOHN: Okay.
7 STEVE: Okay. Here he is.
8 DAVID: Swear on your mother.
9 STEVE: Swear on your mother he says.
10 JOHN: Swear -- my -- (laughing). Okay.
11 David, are you there? (Steve's voice in background not
12 discernible.)
13 DAVID: John, Steve says he likes you.
14 JOHN: He's okay. Actually I like the both
15 of you. You -- we have some rather interesting
16 conversations. You both are not without a certain
17 sense of humor.
18 DAVID: We're not your everyday kind of
19 terrorists or cult --
20 JOHN: No, you're not from, from the 7-
21 Eleven. That's for sure.
22 DAVID: Oh, my, I'll tell you.
23 JOHN: That's sort of going up. Hey, how's
24 this Passover go for you?
25 DAVID: Well, like I say it's, it's not, it's
not too good for the respect that this nation has shown

1
2 to us.
3 JOHN: Yeah, I can understand.
4 DAVID: Of course, I realize that ignorance
5 has always been a testament for a long time. Christ
6 says forgive them, they know not what they do.
7 JOHN: Um-hum.
8 DAVID: But of course, you got to realize in
9 our world today things have to be a little more
10 different in the judiciary, because everyone's got a
11 Bible now.
12 JOHN: Yeah, that's -- hey, did you eat that
13 what, the bitters and that leavened bread? Is that
14 what you're supposed to be eating?
15 DAVID: Well, see according, according to the
16 Leviticus, according to the Passover out of Egypt.
17 JOHN: Yeah.
18 DAVID: The Egyptian Passover, that's what
19 was to take place.
20 JOHN: Um-hum.
21 DAVID: But of course, in the gospel Passover
22 the time of Christ in the gospel Passover, they didn't
23 do that, did they? They (indiscernible) --
24 JOHN: I'll, I'll just take your word for
25 that. I'm not --
DAVID: Oh, you read Matthew, Mark, Luke and

1
2 John. See.
3 JOHN: Well, it's been quite a while.
4 DAVID: Okay. Well, so what happens is, is
5 that we always find like in the Book of Romans the
6 apostles try to explain that everything done under the
7 first covenant, under Moses, was done as an example or
8 shadow. In other words, it was prophetic of another
9 event. Paul says that the law was given to be a
10 schoolmaster, to be a --
11 JOHN: Which law are we talking about now?
12 DAVID: The Mosaic law.
13 JOHN: Mosaic law. All right.
14 DAVID: Yeah. You know, Abraham was called
15 out of Ur, he's called out of Babylon. He was never
16 given no statutes and judgments. He wasn't given no
17 Ten Commandments.
18 JOHN: Um-hum.
19 DAVID: But as man deteriorates and man
20 becomes separated from the first principles of his
21 purpose of being, you know, God said let's make man in
22 our image after our likeness.
23 JOHN: Right. David, is this the same study
24 that you gave your people inside there?
25 DAVID: Well, see the --
JOHN: For, for Passover?

1
2 DAVID: Well, let me explain.
3 JOHN: Okay.
4 DAVID: In Genesis, God created a world out
5 of a chaotic existence. In other words, the earth was
6 without form and void.
7 JOHN: Okay.
8 DAVID: This is the story of Genesis.
9 JOHN: All right.
10 DAVID: Now when I came in 1985 and began to
11 open the seals --
12 JOHN: When did you first feel that you were
13 the redeemer or the Lamb of God or Jesus Christ?
14 DAVID: Well, wait a minute. Let's back up.
15 JOHN: Okay.
16 DAVID: First of all, I never claimed to be
17 Jesus Christ. Let's get that one point straight.
18 JOHN: You're not --
19 DAVID: No, I never claimed to be a prophet
20 either. Remember that.
21 JOHN: Okay. I'm trying --
22 DAVID: Now --
23 JOHN: David, could you please state, simply
24 state for me how you will be observing Passover?
25 DAVID: (Laughing.)
JOHN: I'm trying -- no --

1
2 DAVID: You're, you're pushing.
3 JOHN: I'll -- what I'm trying to do is
4 understand what's going on. I have a few Jewish
5 friends, and I know how they do it.
6 DAVID: Okay. Remember --
7 JOHN: And I'm kind of curious --
8 DAVID: -- remember first of all, remember
9 when you're talking about Jewish, you're talking about
10 a subject as diversified as Christianity. Remember,
11 Catholicistic (sic) Christianity is not the same as
12 Church of Christ or Lutheran or Presbyterian.
13 JOHN: Um-hum. Um-hum.
14 DAVID: And you got to first of all be honest
15 with yourself to acknowledge that there is a diversity
16 of belief amongst those who profess to believe the same
17 thing. So somebody's got to be wrong.
18 JOHN: Right.
19 DAVID: Okay. Now --
20 JOHN: Like with your situ -- with the guys
21 that I go around they, they kick around, they've a
22 various time to get involved in Passover.
23 DAVID: Um-hum.
24 JOHN: How long will you be observing
25 Passover, for instance?
 DAVID: Well, the Passover is the one night.

1
2 JOHN: That's a one-nighter?
3 DAVID: The 7 days of unleavened bread is a
4 continuation of that festivity.
5 JOHN: Oh, okay.
6 DAVID: But remember, remember the thing of
7 it is is that we're looking at a Mosaic reality. The
8 first Passover ever --
9 JOHN: Mosaic reality. Okay. Let me follow
10 that one. Let me think -- what do you, what exactly do
11 you mean by a Mosaic reality?
12 DAVID: We're talking about a record, a
13 Bible.
14 JOHN: Okay. All right.
15 DAVID: Now remember the Bible is the Jewish
16 history book.
17 JOHN: Um-hum.
18 DAVID: You're talking about one nation, the
19 Jews.
20 JOHN: Right.
21 DAVID: You're talking about a people that
22 originally originated from Caldie (phonetic sp.), from
23 Canaan.
24 JOHN: Right.
25 DAVID: Who according to Avraham or Abraham
was given a promise.

1
2 JOHN: Um-hum.

3 DAVID: He was given a son, Isaac, who begat
4 a son, Jacob, Octib (phonetic sp.) you can call him in
5 Hebrew, who had 12 sons, and these sons through a
6 providential position, one son became secondary ruler
7 in Egypt which at that time was like America, the
8 greatest nation in all the world.

9 JOHN: Okay.

10 DAVID: Okay? And in time of famine and all
11 that, God through his providence relinked the families
12 of Jacob back up with Joseph. And they were allowed to
13 prosper in the land of Goshen for a --

14 JOHN: Okay.

15 DAVID: -- period of 400 years. In this
16 period of time, Joseph passed away. And of course
17 other Pharaohs came into being which in the religion
18 of, of the Egyptian religions, the Pharaohs are gods.
19 That's how the religion revolves and works around is,
20 is that the Pharaohs are the gods. And of course just
21 basic contemporary history will tell you that's one
22 way, reason why it's hard to be able to really entail
23 the history of Egypt --

24 JOHN: Um-hum.

25 DAVID: -- because each Egyptian king would
destroy all the remembrances of the kings before him.

1
2 All right.
3 JOHN: Okay.
4 DAVID: So when Moses came after, you know,
5 being 80 years old and Moses came --
6 JOHN: Um-hum.
7 DAVID: -- back from, from his father,
8 Jethro, and all that --
9 JOHN: Was this before he led them out of
10 Egypt?
11 DAVID: Well, sure. He had to first come
12 after he was sent out of Egypt --
13 JOHN: Okay.
14 DAVID: -- when he was 40 years old is when
15 he left Egypt.
16 JOHN: Well, remember I'm a little bit rusty
17 on my --
18 DAVID: Right.
19 JOHN: -- Bible history. Now --
20 DAVID: Well, at 40 years old having been
21 raised in the kingdom, you know, supposed as the son of
22 the daughter of Pharaoh --
23 JOHN: Um-hum.
24 DAVID: -- he seen the oppression --
25 JOHN: Right.
DAVID: -- of his people.

1
2 JOHN: This was in Egypt, of course.
3 DAVID: While he was in Egypt.
4 JOHN: Right.
5 DAVID: And at 40 years old, he attempted to
6 try to settle an argument between an Egyptian and one
7 of the Hebrews, and he killed the Egyptian.
8 JOHN: Right.
9 DAVID: Of course, it was covered up. And
10 then when he tried to solve another argument -- he, he
11 was a --
12 JOHN: Things weren't going his way.
13 DAVID: Yeah. So anyway when he had to run
14 from --
15 JOHN: Biblically speaking. But go --
16 DAVID: -- from Egypt he, he went to the land
17 of Goshen and stayed there 40 years.
18 JOHN: Um-hum.
19 DAVID: Of which he first saw the insight of
20 God when he saw the burning bush.
21 JOHN: Right.
22 DAVID: You remember the story.
23 JOHN: Right --
24 DAVID: And of course, that's when after 40
25 years he had been deprogrammed from the Egyptian
traditions and from the --

1
2 JOHN: UM-hum.
3 DAVID: -- you know, the basic human reality
4 of I can do it, I can do it. Most men are that way in
5 their, in the days of their strength.
6 JOHN: UM-hum.
7 DAVID: So when he was sent back to
8 confront --
9 JOHN: Egypt, right?
10 DAVID: Back to Egypt.
11 JOHN: Right.
12 DAVID: He came as a, as a shepherd.
13 JOHN: UM-hum.
14 DAVID: And one of the first lessons for the
15 Pharaoh to learn was the implication of how God works.
16 He works through the humble and not the arrogant. So
17 when he was questioning Moses who sent him, by what
18 authority he was sent, you remember his answer, don't
19 you?
20 JOHN: Not off the top of my head.
21 DAVID: Well, the answer from God was I am
22 sent me.
23 JOHN: Now --
24 DAVID: Of course, interpreted from Pharaoh
25 and interpreted from Israel it sounded like he sent
himself.

1
2 JOHN: Um-huh.

3 DAVID: But of course the, the testament
4 states that supernatural means and ways were used above
5 and beyond the technology of that day which subjugated
6 that nation of Egypt to finally let him go. I mean
7 they were whipped down hands down.

8 JOHN: Okay. Right. So what had happened at
9 that time, that's when Moses led his people, parted the
10 Red Sea and --

11 DAVID: So they came out of Egypt --

12 JOHN: Right.

13 DAVID: -- after the 10 plagues.

14 JOHN: Uh-huh.

15 DAVID: Right after the Passover. The
16 last --

17 JOHN: Now are you going to do that type of
18 thing? Are you going to -- after this is over, are you
19 going to lead your people out?

20 DAVID: (Laughing.)

21 JOHN: No, just curious.

22 DAVID: Now let's, let's lay the foundation.

23 JOHN: No -- a'll right. I'm trying to
24 understand you as it, as you're, what you're saying
25 here, how this relates to you.

DAVID: Well, now --

1
2 JOHN: So -- and I, I can see you being the
3 leader of your people.
4 DAVID: Okay, John. John.
5 JOHN: I'm trying -- now again --
6 DAVID: John. John.
7 JOHN: -- bear with me on this, okay, David?
8 DAVID: No, I'm bearing with you. But let me
9 be the teacher that if you want to know what the
10 teacher has to teach, follow what I'm saying, okay?
11 JOHN: Okay.
12 DAVID: Now what Moses did Moses did. You
13 have no proof --
14 JOHN: Okay, David.
15 DAVID: Let me finish.
16 JOHN: I'm not going to be your teacher. And
17 you're not, you're not going to be my teacher either I
18 guess on this type of thing. It's, you know, when we
19 start talking about religion I want to get the, the
20 basics. But unfortunately, I haven't got time to go
21 through the entire thing. And what I'm concerned --
22 DAVID: I'm not going to grant that to you.
23 JOHN: Oh, thank goodness.
24 DAVID: But if you will, if you will --
25 JOHN: It's a load off my mind.
DAVID: -- listen, you might understand.

1
2 JOHN: All right.

3 DAVID: If you'll lay down your educated
4 philosophies on how to deal with insane people and open
5 up your mind and your ears, you might learn something.

6 JOHN: Well, I'm -- that's what I'd like to
7 do.

8 DAVID: Otherwise all you're doing is
9 propagating more wrath is all you're doing.

10 JOHN: No, I don't have any wrath. I'm not
11 really annoyed with anyone. I'm just trying to resolve
12 this particular issue as painlessly as possible without
13 anybody getting hurt. I'm hoping that's what your --

14 DAVID: Exactly. We don't want you to get
15 hurt at all.

16 JOHN: That makes two of us. That's great.

17 DAVID: Not at all. I mean you know. You
18 never want to bring up the issues of reality.

19 JOHN: Oh, I --

20 DAVID: But the thing of it is --

21 JOHN: -- not spiritual reality. I'm dealing
22 in other (indiscernible) --

23 DAVID: No, no, no. We're talking about,
24 we're talking about people that got shot and killed.

25 JOHN: That's reality. And we're not going
to talk about that.

1
2 DAVID: Okay. Now --
3 JOHN: And for very good reason.
4 DAVID: Yeah, okay. But like I say, we --
5 JOHN: But the reality of it is that you have
6 -- you're the leader of your people. And I respect you
7 for that. I think that you're doing, as far as a
8 leader is going, you have control of your folks, and
9 everything is going in the right way.
10 DAVID: Isn't it -- wouldn't the president
11 like to have my ability?
12 JOHN: Oh. (Laughing.) Now about his -- no,
13 that's -- there's a few more clever things --
14 DAVID: Hilary would have done quite well
15 with --
16 JOHN: David, you and I could -- there's a
17 few things that I'd like to say about this time but --
18 DAVID: Okay, now --
19 JOHN: However, what, what I'm concerned --
20 DAVID: Let's continue on now.
21 JOHN: All right. Let's, let's -- but this
22 whole thing is --
23 DAVID: Here I go --
24 JOHN: I am concerned, old man, is when are
25 you going to lead your people out?
DAVID: Here -- well, just shut up for a

1
2 second.

3 JOHN: Oh, shut up. Oh, my God. Oh, you're
4 hurting me. You're hurting me. You're -- go ahead.

5 DAVID: Not yet. Getting close but not yet.

6 JOHN: Okay. (Laughing.)

7 DAVID: Okay. Now --

8 JOHN: Ooh, what do you mean by that?

9 DAVID: The Messianic Passover, Christ came
10 to fulfill the covenants of the first law that Israel
11 never fulfilled. So for 3-1/2 years he had led his
12 disciples.

13 JOHN: Um-hum.

14 DAVID: Okay? He had taught them about a key
15 of technology which at that day no man knew. The
16 Sanhedrin and the Pharisees were the religious teachers
17 of the day. In other words, they were the ones who
18 proclaimed to be illuminated with the knowledge of God.
19 I mean you know how many people there are that claim
20 they know God, right?

21 JOHN: Yeah, I, I wouldn't say that --

22 DAVID: (Indiscernible) isn't it?

23 JOHN: I -- no, I -- excuse me, sir?

24 DAVID: It's, it's -- I'm saying, you know,
25 where's the proof that they know God?

JOHN: Yeah, I would think so. You know,

1
2 being somewhat of a skeptic --
3 DAVID: Exactly.
4 JOHN: -- in certain areas I look at all this
5 stuff and I figure --
6 DAVID: You have to be.
7 JOHN: -- you got the God game crowd running
8 around --
9 DAVID: Exactly.
10 JOHN: -- doing those kind of -- making
11 dollars off of everybody.
12 DAVID: Exactly.
13 JOHN: And I understand -- were you ever out
14 in Orange County?
15 DAVID: I've been to Orange County quite
16 often.
17 JOHN: Okay. I had 20 years out there, and I
18 can see what you're saying. You know, the, this -- if
19 nothing else raises one's eyeball on this type of thing
20 or eyebrow is this business, you know, the God game is
21 good for, the God game is good for big bucks.
22 DAVID: God is a buck. Yeah.
23 JOHN: And that's what normally goes on to
24 it. So a lot of people get turned around on that.
25 DAVID: Exactly.
JOHN: so consequently, when I hear some of

1
2 these stories -- now you apparently aren't heavy into
3 raising big dollars. I don't see you going on
4 television --

5 DAVID: Oh, no. I turned, I turned away
6 hundreds and thousands and thousands of dollars from
7 people.

8 JOHN: Right.

9 DAVID: I, I refuse any individual who tries
10 to how I say "get off" on the assembly of facts that --

11 JOHN: Um-huh.

12 DAVID: -- I've sent. In other words, one of
13 the big presentations is, is that, you know, the seven
14 seals is nothing more --

15 JOHN: Um-hum.

16 DAVID: -- or nothing less than what they
17 are.

18 JOHN: Yeah. David, how are you different
19 from the others who claim to be God or claim to know
20 God?

21 DAVID: Well, that's -- I just got through
22 explaining it.

23 JOHN: Okay, well, maybe I didn't quite
24 understand it.

25 DAVID: Okay, look. John, here's the key.

JOHN: Okay.

1
2 DAVID: The night of the Passover, Christ
3 took his disciples out. He celebrated the Passover the
4 same way that tradition had it ever since Moses's day.
5 JOHN: Okay.
6 DAVID: The 14th day the lamb was suffered.
7 It was slain. The blood --
8 JOHN: Um-hum.
9 DAVID: -- was put on the doorposts of the
10 house. They prepared. They ate the Passover that
11 night.
12 JOHN: Uh-huh.
13 DAVID: And they sang a song. So you look
14 this up in the Scriptures. And they, you know, instead
15 of standing and being ready to leave and eating the
16 bitter herbs and having their pole in their hand --
17 JOHN: And --
18 DAVID: -- and their shoes on like they had
19 done in the days of Egypt --
20 JOHN: Right.
21 DAVID: -- this was to be different.
22 JOHN: Okay.
23 DAVID: And Christ instituted. He broke the
24 bread and said this is my body which is broken for you.
25 JOHN: Okay.
 DAVID: When you eat this remember me.

1
2 JOHN: That's the Eucharist.
3 DAVID: He, he was to fulfill the paschal
4 (phonetic sp.) lamb. He was to fulfill all the animal
5 sacrifices, and they would be no longer be done
6 anymore.
7 JOHN: Okay.
8 DAVID: Okay? And then he gave the wine
9 this, you know, and he gave the bread.
10 JOHN: Okay.
11 DAVID: All right. Now that's when Abraham
12 had been met with Melchisedec. That --
13 JOHN: Um-hum.
14 DAVID: -- the prophecies tell you what this
15 is all about.
16 JOHN: Okay.
17 DAVID: Now the night he went out he was
18 betrayed in Gethsemane.
19 JOHN: Now say -- the night he was betrayed
20 in Gethsemane, right?
21 DAVID: Right.
22 JOHN: Okay, I'm with you now. Go ahead.
23 DAVID: Judas came and you know --
24 JOHN: Okay.
25 DAVID: -- they betrayed him. And, and he
manifested his power to escape if he wanted to.

1
2 JOHN: Right.
3 DAVID: But what happened was for the next 72
4 hours, you know, Christ would be involved through
5 judiciaries going between Pilate, going between Herod,
6 being mocked, being laughed at, being ridiculed.
7 JOHN: Sort of an administrative runaround he
8 was getting.
9 DAVID: Yeah. Well, you know, Pilate wanted
10 to let him go, because he really saw that Christ was
11 not really a political activist.
12 JOHN: Right.
13 DAVID: But the thing of it was that then it
14 became a thing with the politics involved with the
15 church and state between the Jews --
16 JOHN: Um-hum.
17 DAVID: -- and their religion involving the
18 political affairs of Rome.
19 JOHN: Right.
20 DAVID: You know, the Jews did pay taxes.
21 They were Roman citizens.
22 JOHN: Absolutely.
23 DAVID: And so --
24 JOHN: Didn't get too much representation.
25 But they did get taxed pretty good.
DAVID: Well, sure. And, and the thing of it

1
2 is is that they got representation and then it was, you
3 know, Herod and those different people in Rome --
4 JOHN: Um-hum.
5 DAVID: -- that had actually built and
6 beautified the temple.
7 JOHN: Um-hum.
8 DAVID: Remember that was, that was state
9 dollars.
10 JOHN: Okay.
11 DAVID: You see that's one way they, they
12 pacified the religions were is they, they allowed these
13 zealots and Jews to be, you know, admired and regarded
14 so they beautified their temple and --
15 JOHN: Um-hum.
16 DAVID: -- gained certain religious rights
17 and all that.
18 JOHN: Okay.
19 DAVID: So Christ really came in to reform
20 the church.
21 JOHN: Okay.
22 DAVID: Because they had -- they were already
23 reformed to the political arm of Rome.
24 JOHN: Okay. David, what are you doing to
25 follow in the steps? Are you --
DAVID: Okay, now. So what happens is Christ

1
2 being crucified on the cross, he was put on the cross
3 in the morning during the morning sacrifice.
4 JOHN: Um-hum.
5 DAVID: Friday. Okay?
6 JOHN: During the morning?
7 DAVID: So -- yeah. See --
8 JOHN: I thought he was hung up on at 12
9 noon.
10 DAVID: No, no, no, no. No. In the morning.
11 What happened was --
12 JOHN: Oh, in the morning?
13 DAVID: Between the daily he was to fulfill
14 the anti-typical daily. There was two lambs on Israel
15 that were sacrificed twice a day. And it was in
16 atonement for those who sinned, and yet they had not
17 had a chance to bring an offering. So it was called
18 the daily. The morning and evening sacrifice.
19 JOHN: Okay. I'll have to take your word --
20 DAVID: See --
21 JOHN: -- for it. I'm not, I'm not really up
22 on all that.
23 DAVID: Well, go, go back and, and look it up
24 again like I say.
25 JOHN: Uh-huh.
DAVID: So what happened is, is that in the

1
2 evening when the evening sacrifice was to be officiated
3 between the hours of 2 and 3.
4 JOHN: Um-hum.
5 DAVID: Then Christ gave up the ghost and
6 died.
7 JOHN: Um-hum.
8 DAVID: And that's when the temple, the
9 curtain of the temple was ripped open from top to
10 bottom.
11 JOHN: Okay.
12 DAVID: (Indiscernible) the earthly sanctuary
13 was no longer honored by God. Now here's the whole
14 reasons for this. On the cross, Christ stated Father,
15 forgive them, for they know not what they do. All
16 right.
17 JOHN: Um-hum.
18 DAVID: Then he said into thy hand I commit
19 my spirit quoting from Psalms 31.
20 JOHN: Is that right?
21 DAVID: So that's where the New Testament
22 begins.
23 JOHN: Okay, you're hitting me with a lot of
24 Bible --
25 DAVID: No, I'm --
JOHN: But I'm, but I'm not really, you know,

1
2 I'm listening to what you're saying, but you're giving
3 me various quotes and cites, and unfortunately I'm
4 trying to figure, hang on to this, and I'm not really
5 conversant with the various cites that you're giving
6 me. I follow what you're saying, and what you're
7 saying is fine.
8 DAVID: So Christ is on the cross, right?
9 JOHN: All right.
10 DAVID: Unjustly. And he said Father, into
11 thy hand I commit my spirit. Okay. Now Christ died,
12 was taken, buried, resurrected Sunday morning the 18th
13 day --
14 JOHN: Um-hum.
15 DAVID: -- of the first month which was the
16 way of sheep offering according to Jewish law.
17 JOHN: Um-hum.
18 DAVID: And for 40 days he gathered the 120
19 so that on the 30th day of Pentecost they were given
20 the, the Pentecostal power, the cloven tongues of fire.
21 And then they began to mediate to Israel about this
22 power of Christ is the Son of God. He is the end of
23 all the law of righteousness. The law was nailed to
24 the cross. We're no longer under the Jewish law
25 anymore. We're under the merits of God through Christ
unto men. In other words, only by looking to Christ

1
2 can men be justified now. That's the whole reason for
3 Christ's death and resurrection. I mean goodness,
4 men --

5 JOHN: Um-hum.

6 DAVID: -- you can sit there and study all
7 year long about the law. But the, but the argument is
8 no one keeps it. Even if you try to, you still break
9 it.

10 JOHN: Okay. On this thing, David --

11 DAVID: So --

12 JOHN: -- do you, do you think the next few
13 days will be similar for you that what happened to
14 Christ? Will you be going through anything like this?
15 Do you foresee anything like that happening to you?

16 DAVID: Never. No, no, no, no. Never.

17 JOHN: Okay.

18 DAVID: See the, the key to all --

19 JOHN: Okay. I was just wondering if we're
20 sort of creating a self-fulfilling prophecy here that
21 you feel that something like this might happen to you.

22 DAVID: What do you think I'm going to walk
23 out here and nail myself up against the wall or
24 something like that?

25 JOHN: Or lead your people out to something
that might cause injury and death.

1
2 DAVID: Blow up your tanks or something like
3 that? Cause Armageddon?
4 JOHN: (Laughing.)
5 DAVID: It's funny how all the accusations
6 that --
7 JOHN: This is what we're been hearing. So
8 this -- I want to hear your side of it pertaining to
9 that kind of thing.
10 DAVID: Well --
11 JOHN: Because we're very concerned. Like
12 that goofy thing that happened tonight. We have no
13 idea what caused that.
14 DAVID: Well, this -- you got a lot of young
15 men out here. We've been very good to them, you know.
16 They --
17 JOHN: Yeah.
18 DAVID: -- they got a little comfortable, and
19 they know that we're not a hostile people, and they
20 just want to have a little fun.
21 JOHN: Is that what -- you sure there weren't
22 any of your people out there?
23 DAVID: No, no, no, no. No.
24 JOHN: Okay, do you know of anybody that's
25 trying to get in or something like that?
 DAVID: Well, they wouldn't have fired, they,

1
2 they wouldn't have fired one of those illumination
3 flares, one of those big boomers that close up if
4 someone was trying to --

5 JOHN: Yeah, I don't, you know, we don't
6 know. We don't know what kind of group that is out
7 there or what it was.

8 Hey, what do you intend to do after the 7-day
9 observance? Anything at all?

10 DAVID: Okay. Let me, let me lead you.
11 Don't lead me. All right?

12 JOHN: No, I'm, I'm not leading. I'm just
13 trying to figure this out. Because I got to figure out
14 what we're going to be doing to maintain your safety in
15 there.

16 DAVID: Okay. Do you -- the safety is
17 maintained, all right? Don't worry about that. And
18 like I said to, to Steve before I got on the phone, you
19 asked me a question. I'm here to give you an answer.

20 JOHN: Okay.

21 DAVID: This is my answer --

22 JOHN: So the question is what, what do you
23 intend to do after the 7-day observance?

24 DAVID: The, the question is how did we
25 observe and how are we observing the Passover which
pertains to our coming out. That's the question.

1
2 JOHN: Okay.
3 DAVID: Now so what --
4 JOHN: That's fair. All right.
5 DAVID: So what happens, John, and don't let
6 these words fall on half-open ears. Because if it's
7 true, then you are responsible for what you're hearing.
8 JOHN: Oh, yeah. I'm -- and definitely
9 you're responsible for what you're saying.
10 DAVID: If it's not true, then you don't have
11 nothing to worry about.
12 JOHN: Okay.
13 DAVID: Okay. Now in regards to the religion
14 that you were talking about earlier, I agree with you.
15 As a matter of fact, that's one of my biggest points to
16 make is that all this religion, all this money, all
17 this talk is really in action and reality pretty cheap.
18 JOHN: Okay.
19 DAVID: People are not really benefitting.
20 And definitely it's one of the greatest reasons to be a
21 skeptic and also, you know, a reprobate in regards to
22 religion. I mean come off of it. You know. Motor
23 mounthing about what happened -- Jesus died. I mean
24 what has Jesus dying done for anything in regards to
25 mankind today? You know --
JOHN: Okay, but don't you lock on to the

1
2 teachings of Christ and his life? Don't you --
3 DAVID: Well, wait a minute. Let's find out
4 where. If I say yes, I mean to you that doesn't make
5 me any different than anybody else in the world. I
6 mean the Baptists, Lutherans, Catholics all that say
7 there's been more --
8 JOHN: How are you different than other
9 religious leaders?
10 DAVID: That's what we're leading up to.
11 JOHN: Okay. Let's move on that direction.
12 DAVID: That's what we're leading up to.
13 That's what we're coming up to. I mean the papacy, I
14 mean the papacy killed millions of people in the name
15 of Christ. I mean for real.
16 JOHN: Oh, there's lots of religions that
17 have done that.
18 DAVID: Oh, yeah. Come off of it. Okay, so,
19 so that's when I'm on your side. When I hear you tell
20 me that well, look, I saw religion. And I agree with
21 you. Okay, now. So we're just talking as from a human
22 point of view. Something is wrong with --
23 JOHN: Right. Let's -- dealing on the
24 reality level. Okay?
25 DAVID: Exactly. Something's wrong --
JOHN: Not the religious but the, the reality

1
2 of life.

3 DAVID: Well, let's say the religious subject
4 does not meet its equity in the reality spectrum of
5 life. I mean come off of it.

6 JOHN: (Laughing.) Took the words right out
7 of my mouth.

8 DAVID: But that's, that's just the facts of
9 the way it is. Now let me explain why, John.

10 JOHN: Okay. Go ahead.

11 DAVID: Now this is where I'm, I'm talking to
12 you man to man.

13 JOHN: David, you and I get along very well
14 together, I think. It's -- I enjoy talking to you.
15 But go ahead.

16 DAVID: Okay, now here's the thing. After
17 the Pentecost it's written in the Book of Acts and
18 Romans (indiscernible) and Ephesians and --

19 JOHN: Let me ask you something -- all right,
20 go ahead.

21 DAVID: All of those books which you probably
22 hadn't looked in too much. It talks about these
23 myths --

24 JOHN: It's a pretty safe bet.

25 DAVID: Well, okay. So, so the, the New
Testament basically is, is the apostles telling us that

1
2 one day Christ is going to come again. And that Christ
3 is the end of law --

4 JOHN: That's under the New Testament?

5 DAVID: Well, that's what Romans is telling
6 us about his righteousness that God wants to declare
7 the righteousness of Christ to forgive sins instead of
8 the righteous in law. Paul says that if you keep the
9 law, you're going to break it and you're not righteous.
10 The law is revealed to shut your mouth. Paul says that
11 law was revealed so that every man might become guilty
12 before God and shut their mouth. You can't judge
13 another man by the law Paul says. Because if you judge
14 somebody else, you yourself broke another one of the
15 laws, and you're just as guilty before God.

16 So Paul is trying to explain another aspect
17 of this law of righteousness. Christ is just as much
18 the law as the Ten Commandments. Why? Because he kept
19 them. And that's what the law was given for. It's not
20 for something just to read or look at. It's for
21 something to do.

22 JOHN: Okay.

23 DAVID: Okay. Now but Christ being the law
24 on the cross also added to the law forgive them, for
25 they know not what they do. So a law keeper is
supposed to be very benevolent. A law keeper is

1
2 supposed to be very forgiving. But the life in Christ
3 which is the mystery of God was committed to the hand
4 of God. Now the last book of the New Testament after
5 you --

6 JOHN: Uh-huh.

7 DAVID: -- read all the way through is called
8 the Revelation of Jesus Christ which God gave to him to
9 show to his servants. Now this is where I come in to
10 the scene.

11 JOHN: Okay. So -- all right. Go.

12 DAVID: In the Book of Revelation, the Angel
13 of Christ is sent to John the Revelator who is in
14 prison on the Isle of Patmos. He's in prison because a
15 lot of his religious views were contrary to Judaism.
16 And Judaism was in link with Rome. And Judaism was
17 able to make up a lot of lies and a lot of things about
18 Christianity. And so --

19 JOHN: Um-hum.

20 DAVID: -- they put Paul -- they put John in,
21 in jail. Now, now on this Isle of Patmos, John is told
22 to write to these seven churches in Asia pertaining to
23 what God wants them to do. And so John did so. And
24 that's there for anybody to read.

25 One of the points I make to my students is,
is that hey, let's don't speculate. You weren't there.

1
2 You don't know what this message for them was because,
3 hey, it was to them. It wasn't to us.

4 But in the fourth chapter of Revelation which
5 gets into the Passover subject, in that subject the
6 angel tells John to come up hither in vision.

7 JOHN: Okay.

8 DAVID: And says I will show you that which
9 must be hereafter. Now this is where I get all the
10 churches in a corner, John.

11 JOHN: Okay. This I want to hear. But go
12 ahead.

13 DAVID: Now this is where, like I said, let
14 me repeat this again. This is where I put all the
15 churches into a corner. That's why a lot of the
16 religious leaders hate me so much.

17 JOHN: I'm not sure that's correct. I think
18 you got a lot of -- go ahead.

19 DAVID: Now in chapter 4, the way I present
20 the subject is I use it in a manner to where my
21 students answer me. I question. I say now look, John
22 says this must be hereafter. Must this be hereafter.
23 What must be hereafter?

24 John states that he saw a throne set in
25 heaven. And God sat on the throne. And God was look
upon like a rock. He looked like a rock. He saw it.

1

2 There was a rainbow above his throne. So we know this
3 is the God who destroyed the world in Noah's day. And
4 that there was in his right hand a book, a book sealed
5 with seven seals.

6

And what happens was a mighty angel questions
7 the judiciary of heaven. There's a jury of 24 elders
8 there. And of course thousands and ten thousands and
9 thousands of angels.

10

JOHN: Um-hum.

11

DAVID: And the angel says who is worthy to
12 open this book and to loose the seven seals thereof
13 which John states that no man was found in heaven
14 neither on earth, neither under earth to open neither
15 look thereon. And John begins to weep much. Because
16 no man can reveal this book.

17

Now this must be hereafter. It must be
18 sometime after John's day. That's what John says.
19 Whether John is true, we don't know. But what he says
20 is what he says.

21

And what takes place is that finally one of
22 the elders says weep not, John. Behold this lion, the
23 tribe of Judah. The root of David hath prevailed to
24 open the book and loose the seals which is revealed
25 Christ.

JOHN: Okay. From what I understand then,

1
2 you're different because you can, you can translate the
3 seven seals. Is that correct?
4 DAVID: Oh, like I say, I make it so plain
5 nobody can mistake it.
6 JOHN: Beautiful. Then what do you intend to
7 do after the 7th-day observance?
8 DAVID: (Laughing.) It's in the seals.
9 JOHN: Ah. (Laughing.) All right what are
10 you -- all right then, what are you planning on doing?
11 DAVID: Now I got you backed in the corner
12 with the churches. Let me tell you what happens, John,
13 okay? Let me, let me explain to you. Let me interpret
14 this to you the way it's interpreted by the churches.
15 Okay look.
16 JOHN: I don't want to be an --
17 DAVID: No, John. No, John. John, John,
18 John, John --
19 JOHN: -- adversary. I just want you to tell
20 me what you want to do.
21 DAVID: -- John, John, John, John, listen.
22 Let's pretend that me and you are walking hand in hand
23 after a golf match and we go to the Catholic church.
24 JOHN: Now I don't know about the hand in
25 hand type deal.
DAVID: I'm -- you know what I'm talking

1
2 about club (indiscernible) --

3 JOHN: I get worried when you start talking
4 like that.

5 DAVID: -- We are walking side by side, all
6 right? And we go to the papacy. We go to the Pope.
7 And we ask the Pope a couple of questions. We go now
8 Pontiff, Pope John Paul, whatever, right?

9 JOHN: Um-hum.

10 DAVID: We go sir, we want to serve Christ.
11 But we want to make sure that we learn what we need to
12 know from a servant of God. Now we know what Matthew
13 says about Christ. We know what Mark, Luke and John
14 says. We know what Acts teaches. We know what Romans
15 and Corinthians and Ephesians and Galatians and
16 Philippians and Thessalonians and Colossians. We've,
17 we read all of that. And we know what these guys say.

18 But there's one book that puzzles us. The
19 last book of the Bible. It's called the Revelation of
20 Jesus. God gave it to him to show to his servants
21 things which must come to pass.

22 Now we know that John was a servant. And
23 John was told that there's these counsels to the
24 churches of Asia, and God told him what he wanted them
25 to do. But in chapter 4, John says that sometime in
the future hereafter there's going to be a judiciary in

1
2 heaven where God's going to give to Christ a revelation
3 of himself, and it's supposed to be for the servants.
4 And there's these seven seals. And it says
5 point blank nobody knows it but Christ himself. Of
6 course, in heaven Christ reveals it.

7 JOHN: Um-hum.

8 DAVID: A man on a white horse, red horse,
9 black horse, pale horse (indiscernible) the altar.
10 Assembly of stars is darkened. Stars fall from heaven.
11 The great men, mighty men cry to the rocks and
12 mountains to fall (indiscernible) the face of God sits
13 on the throne. And an angel at the altar. And then
14 these seven trumpets are revealed. Then we see this
15 chapter 11, 12, 13.

16 You know and like Pope, we know you're a
17 servant of God. So it says in chapter 2 when there's
18 time no longer this mystery of God, the seven thunders,
19 the seven seals will be finished as God declared to the
20 prophets. Can you please show us from the prophets
21 what these seven seals are?

22 JOHN: Okay.

23 DAVID: The Pope said, the Pope says I'm
24 sorry, my son. These things are a mystery.

25 JOHN: Right.

DAVID: Then we say well, wait a minute. If

1
2 it's a mystery to you that means you're an imposter.
3 You're not the servant of God. Clearly the book says
4 that this is a revelation of Christ given to him for
5 him to show to his servants. Now if you don't know
6 what it is, you're an imposter. You're a man -- you're
7 a phony.
8 JOHN: Um-hum.
9 DAVID: So he gets angry, right?
10 JOHN: Okay.
11 DAVID: So we go to the Lutherans, the
12 Presbyterian, Methodists and Baptists. We go to all
13 these institutions who always talk about Matthew, Mark,
14 Luke and John, Matthew, Mark, Luke and John, Matthew,
15 Mark, Luke and John. Corinthians, Ephesians,
16 Galatians. You know --
17 JOHN: (Laughing.)
18 DAVID: -- all this stuff that we can't do --
19 JOHN: Uh-huh.
20 DAVID: -- like raise the dead and feed the
21 hungry and miracles (indiscernible) --
22 JOHN: Here's a thing that I like. A sense
23 of humor. Go ahead.
24 DAVID: Well, the thing of it is, you know,
25 they keep honking their horns loud and clear about come
and pay your tithe, and the Lord gave his life and gave

1
2 up all heaven so that you could have eternal life. And
3 the gifts --

4 JOHN: (Laughing.)

5 DAVID: -- of the spirit. Now you should
6 reach deep into your hearts and deep into your pockets
7 and help support the Lord's work. I mean nowhere in
8 the gospel did the apostles ever partake of any
9 offerings for themselves. Nowhere did Christ ever go
10 and build a big church. As a matter of fact, he
11 condemned it. Now somebody is full of donkey doo
12 somewhere. And of course, when there's time no longer,
13 this mystery is to be revealed, whatever the subject
14 is.

15 JOHN: Uh-huh.

16 DAVID: So somehow between the time of John
17 the Revelator and time no longer there's something that
18 Christ referred to as an abomination that maketh
19 desolate. When men will dare to venture upon the
20 subject of God and try to pose themselves as servants
21 of God which in turn will only be to bring damnation on
22 themselves, because they cannot deliver the credentials
23 that God has ordained for them to do.

24 In other words, if they don't know the seven
25 seals, they don't know what they're talking about. And
they are full of crap. And their works are made

1
2 manifest in their greed.

3 So you got the big Baptist church, big
4 Lutheran church, big Presbyterian church. And you know
5 what? Everyone becomes an infidel, because only
6 common, everyday man can see these guys are full of
7 malarkey.

8 Now what gets me in trouble. Well, I've gone
9 before a lot of ministers and a lot of hierarchy. I've
10 gone before a lot of scholars and theologians. And I
11 lay the foundation very clear just as it's revealed.
12 God sits on the throne. They go yes. He's got a book
13 in his right hand. They go well, yes. Did he give it
14 to the Lamb? Yes. Okay, in chapter 10, is this seven
15 seals, these seven thunders, are they the seven seals?
16 Well, yes. When there's time no longer, will it be
17 finished as declared to the prophets? (Clearing throat
18 mockingly.) Well, well, yes.

19 Okay. In chapter 22, Jesus says I, Jesus,
20 have sent my angel. It's the last chapter of
21 Revelation. To testify to you these things in the
22 churches. I am the root and offspring of David. The
23 bright and morning star which is the sun, right?

24 JOHN: Okay.

25 DAVID: Okay. It's a clear day. Behold, I
come quickly. My reward is with me to give to every

1
2 man according as his work shall be.

3 JOHN: Um-hum.

4 DAVID: Now the question I ask the scholars
5 and teachers then is that well, what's the reward that
6 Christ receives from God that no other man in heaven or
7 earth neither under the earth was able to receive? And
8 all of a sudden their eyes get real big, you know. And
9 their mouths open. They go a book. Right. I'll go
10 now sirs, let me show you the seven seals in the light
11 of all the prophets. You see if there really --

12 JOHN: Okay.

13 DAVID: -- is a God, God has power over the
14 minds and spirits of men to keep things sealed until
15 it's time to reveal these things.

16 JOHN: And this is the power that you have
17 inasmuch as you can translate the seven seals. Is that
18 correct?

19 DAVID: Well, what happens, the miracle of it
20 is -- well, look, wait one second. Steve, tell him
21 about your years in theology and all that and, and what
22 I did when I (indiscernible) --

23 JOHN: Hey, David, I heard all about his
24 years of theology.

25 STEVE: Hello, John?

JOHN: Yes, Steve. I think you mentioned

1
2 about your years of theology and how you've studied.
3 STEVE: Well, yeah. For years I mean I
4 all --
5 JOHN: David's not running off on me now is
6 he?
7 STEVE: Pardon?
8 JOHN: He's not running --
9 STEVE: Not at all. Not at all. But no.
10 JOHN: He's leaving me hanging here and --
11 STEVE: No. He's, he's sitting right here.
12 JOHN: Okay. Then why did he get off the
13 phone?
14 STEVE: Well, the reason being is because he
15 wanted to hand it to me and verify exactly the
16 experience that happens with many people like myself
17 that are honest and open. I mean --
18 JOHN: Hey, that sounds like Bible --
19 STEVE: No (indiscernible) for years --
20 JOHN: Steve, you trying to double talk?
21 STEVE: And you know, I mean you see the
22 shenanigans, the foolishness --
23 JOHN: Yeah.
24 STEVE: -- of men all the way through in a
25 matter of denomination after denomination.
JOHN: Okay.

1
2 STEVE: You run, run across sincere people
3 here and there. But at the same time, you learn
4 nothing in these institutions. People don't know this
5 book. They bring books about the book. And this is
6 what you go through, the whole process.
7 JOHN: Okay. Steve, I understand --
8 STEVE: Pardon?
9 JOHN: -- with talking with David --
10 STEVE: Oh, yeah. You know like --
11 JOHN: Wait a minute. Steve.
12 STEVE: Yes.
13 JOHN: I understand talking with David that
14 David is the person who can interpret the seven seals.
15 Is that correct?
16 STEVE: That is correct.
17 JOHN: Okay. Now what, what does he intend
18 to do about after the 7-day observance? What is he
19 going to do after that now? He understands the seven
20 seals. He can be able to tell me --
21 STEVE: He wants to know what you want to do
22 after the 7-days' observance. (Steve's voice in
23 background not discernible.)
24 DAVID: All right. Okay. You ready?
25 JOHN: Go ahead.
 DAVID: Now what happens is, is that when I

1
2 present to these open-minded, thinking individuals, I
3 get them trapped into a corner.

4 JOHN: Okay.

5 DAVID: You see? Now here they are. They're
6 teaching the Bible, and they're saying the Bible is the
7 word of God. They're saying that Christ is the
8 ultimate. And they're building these churches for
9 Christ, right?

10 JOHN: I guess so.

11 DAVID: In his name. That's what they're
12 saying, right?

13 JOHN: Yeah, that's what they're saying.

14 DAVID: Okay.

15 JOHN: You and I might have another
16 interpretation.

17 DAVID: So what happens is when I come into
18 their churches and I sit around, I start looking around
19 and I say well, you know something? Let me show you
20 these seven seals. So what happens is I get one of two
21 reactions. Usually the first reaction is their mouth
22 hits the floor. And I go look, I will not tell you the
23 seals. I will show you out of your Bible from every
24 prophet from Deuteronomy 32 all the way to Malachi
25 where the seals are and you'll see it clearly.

JOHN: Oh, the seals are not one through

1
2 seven in the Bible somewhere. They're all bouncing
3 around in the Bible somewhere?
4 DAVID: Well, see the seven seals are
5 revealed clearly in the Revelation as previews to the
6 in-depth subject of which the mystery of God as he hath
7 declared to his servants, the prophets. In other
8 words, God claims that he can keep the secrets in the
9 prophecies hid until there's time no longer. The last
10 judgment for the last nation on earth just like Daniel
11 2 says.
12 JOHN: Okay.
13 DAVID: In the days of these kings, God will
14 set up a kingdom. And there's nothing man can do about
15 it. Of course, it's like these two scholars were --
16 JOHN: Uh-huh.
17 DAVID: -- talking to, to -- what's the guy's
18 name?
19 STEVE: Ron Engelman (phonetic sp.).
20 DAVID: Ron Engelman. You all, you all been
21 watching that? (Steve's voice in background not
22 discernible.) They're excited because seeing a lot of
23 the new Dead Sea scrolls in Israel, a lot of these
24 books are being uncovered which talks about a lot of
25 things that are basically happening right now in
regards to the situation of the seals that are being

1
2 revealed.
3 Now where I got in trouble was is overseas.
4 Because a lot of these scholars will say wait a minute.
5 Are you saying you're Jesus Christ? That's the first
6 thing I get. And I go wait a minute. I'm not saying
7 nothing. I'm saying what you say that God --

TAPE #198

4/8/93
11:59 A.M. - 12:55 A.M.

1 (Tape 198)

2 DAVID: -- where Isaiah says behold the Lord
3 God will come with a strong hand. His reward is with
4 him. His work before him. So I think well, look, he's
5 going to come with a strong hand. What's his reward?
6 Look, there's a truth that's got to be revealed. This
7 truth must be revealed. Otherwise mankind is not going
8 to get their reward for the last generation when
9 there's time no longer.

10 JOHN: Uh-huh.

11 DAVID: Okay.

12 JOHN: Dave, are we at the fifth seal now?
13 Is that where we are?

14 DAVID: No, let me explain. You're not in
15 any of the seals yet.

16 JOHN: (Laughing.) Oh, I can imagine. Yeah.

17 DAVID: You don't know nothing about the
18 seal. Remember the seals is a revelation of Jesus
19 Christ. In other words, 2,000 years ago when the
20 miracles were done, people saw the miracles but they
21 would not accept the man as Christ, would they?

22 JOHN: You're right.

23 DAVID: Christ was not Christ to the Jewish
24 nation. He was only Christ to a few individuals. The
25 rest of the majority rejected him. Just like in the
days of Moses. Moses was not the savior of Israel. I

1 STEVE: No. The truth of the matter is no
2 one has even gone out in the first place. No one's
3 been out and I don't know what this business is about,
4 the flare and the, the blast going off.

5 HENRY: Okay.

6 STEVE: But I hope that whoever's doing that
7 kind of thing has a good reason for it because when
8 they do that kind of thing, it gets people real itchy
9 and, you know, I don't want to see any problems
10 myself. That's one thing I don't want to see.

11 HENRY: That's right.

12 STEVE: I'm hoping this can be handled the
13 way everybody says they want it to be handled right
14 from day one, --

15 HENRY: Um-hum.

16 STEVE: -- but, these guys are going to be
17 doing some strange, weird, off-the-wall things, I mean,
18 they'll have to answer.

19 HENRY: Do you sleep near where David sleeps?

20 STEVE: I sleep all over the place.

21 HENRY: Okay, well, see if you can, see if
22 you can get down on your knees and say a special prayer
23 and let's see if we can get everybody out of there,
24 okay?

25 STEVE: Okay, we'll talk to you tomorrow,
Henry.

1 | rigamroar (sic) --

2 | JOHN: Um-hum.

3 | DAVID: -- are just as much sinner as anybody
4 | else. I mean Christ didn't condemn Mary Magdalene, did
5 | he? Nah.

6 | JOHN: No, no. Mary Magdalene was the what?
7 | She was the duty --

8 | DAVID: She was the prostitute.

9 | JOHN: Um-hum.

10 | DAVID: Yeah, he says you who are without sin
11 | cast the first stone.

12 | JOHN: Um-hum.

13 | DAVID: No one could do it.

14 | JOHN: Yeah.

15 | DAVID: Had to walk off with all their laws
16 | and religious dinglings and danglings and all that kind
17 | of stuff.

18 | JOHN: Um-hum.

19 | DAVID: Okay, so look. The whole key basis
20 | is that Christ stated to turn the cheek and everything
21 | and that the Christians in Matthew 24 there would be
22 | wars, rumors of war. A Christian not to worry about
23 | that, because the main key is keeping your love in your
24 | heart for fellow men. You know, Paul states in the, in
25 | the Scripture through Galatians and Philippians and
Ephesians and all that that hey --

1 JOHN: Um-hum.

2 DAVID: -- you know, it's not the observance
3 of religious rights, but it's loving your neighbor as
4 yourself. Because if you love your neighbor as
5 yourself, you're going to fulfill the law in the
6 spirit. You can't be righteous by the law. Because if
7 you break it, you're unrighteous. But if you're
8 unrighteous, you can at least forgive and be forgiven.
9 That's the whole foundation of Christianity
10 (indiscernible) --

11 JOHN: Okay. I got this foundation formed on
12 that. But as it relates to you on the --

13 DAVID: So when it comes down to the last
14 days when all the churches are to be judged, when it
15 comes down to the final judgment, there is a lot of
16 diversity. There's a lot of complication of
17 communication between the churches. There's so many
18 denominations, and there's only supposed to be one God.
19 Okay.

20 So how do you bring all these religious
21 bodies together? Well, what's God's intent? Well,
22 first of all, every god is subject to one God. God who
23 sits on the throne in heaven. So in presenting the
24 subject of revelation, it's God's last effort to bring
25 in to unity all the diversified bodies of opinion that
are claimed to be under Christ.

1 So there's only one acid test for anybody
2 that claims to be enlightened in regards to the
3 knowledge of God. Show me the seals. And if they
4 can't, then they have to wait until somebody can.
5 Okay.

6 JOHN: David, how did you get the, the point
7 where you can interpret the seals?

8 DAVID: Well, in 1985 I was in Israel. And
9 there was, there was these Russian cosmonauts that
10 were -- now the reason why I'm telling you about this
11 is because we got two, we got two witnesses to this.
12 The Russian cosmonauts gave the report that they saw
13 seven angelic beings flying towards earth with the
14 wings of a size of a jumbo jet. Okay, so what happened
15 was in 1985 when I was in Israel, I met up with those
16 people. Seriously.

17 JOHN: You met up with who now? The seven --
18 the two cosmonauts?

19 DAVID: No, no, no. See the Russian
20 cosmonauts were in their space station.

21 JOHN: Right.

22 DAVID: And they radioed down to their
23 headquarters, they were terrified.

24 JOHN: Right, I can -- the seven --

25 DAVID: That they saw seven angelic beings --

 JOHN: Um-hum.

1 DAVID: -- moving towards the earth.
2 JOHN: Okay. And you met these seven angelic
3 beings.
4 DAVID: Exactly.
5 JOHN: Where?
6 DAVID: In Israel.
7 JOHN: Yeah, but where in Israel?
8 DAVID: (Laughing.) On Mt. Zion over in
9 Israel.
10 JOHN: Oh, okay.
11 DAVID: Okay. But what happened was this.
12 In the judgment, you know, Christ talks about the body.
13 He said he breaks the bread and says this is my body.
14 And the church becomes many members of one body. In
15 other words, his righteousness covers all of us, right?
16 We're not going to hide behind Christ and his
17 righteousness, you understand?
18 JOHN: Yeah.
19 DAVID: Okay. So Christ says that in, in the
20 latter days he said that he's going to gather two
21 groups of people, the sheep and the goats. To the
22 sheep he says I was hungry and you fed me. I was
23 naked, you clothed me. I was sick, you healed me.
24 When I was in prison, you came to visit me, right?
25 And to the goats he says, you know, I was
hungry and, and you didn't feed me. I was naked, you

1 | didn't clothe me. And they ask well why? He says
2 | well, in that you did not do this to the least of my
3 | servants you did it not to me. Okay?

4 | So in other words the way we judge our fellow
5 | man is really the way we're judging Christ. You
6 | understand what I'm saying?

7 | JOHN: Yeah, I follow that.

8 | DAVID: Christ takes it personally. Okay, so
9 | what happens is -- let me tell you something. I mean
10 | it's awesome. You know, angels don't really have
11 | wings. It's really --

12 | JOHN: That's an artists's conception.

13 | DAVID: Exactly. But what they have is they
14 | have what they call a nuchmahava (phonetic sp.).

15 | JOHN: A what?

16 | DAVID: A nuchmahava.

17 | JOHN: Which is?

18 | DAVID: It's, it's the spaceship.

19 | JOHN: It's a spaceship?

20 | DAVID: It's, it's a vehicle. I mean and it
21 | travels by light. The refraction of light --

22 | JOHN: Oh, okay.

23 | DAVID: -- you know, the rainbow and all
24 | that?

25 | JOHN: Yeah, this -- are you familiar with --
oh, well, Everett Von Donagan (phonetic sp.)?

1 DAVID: Who's that?

2 JOHN: Chariot of the Gods.

3 DAVID: Yeah. Well, see I got that film in
4 1986 or '87.

5 JOHN: Um-hum.

6 DAVID: Because I was looking for, for
7 documentation trying, to try to explain to my students
8 just exactly what, how I got this knowledge of the
9 seals.

10 JOHN: Um-hum.

11 DAVID: Because it was like it's a judgment
12 or a test to the whole world is what it is. Because
13 okay, for instance, like when it talks about Ezekiel's
14 chariot in Ezekiel's prophecies.

15 JOHN: Okay.

16 DAVID: With the thunder and all. Well, for
17 instance better yet, when I was shown what would happen
18 to me in regards to after I presented this to the
19 churches in the book of Nahum --

20 JOHN: Okay --

21 DAVID: -- what happened was those chariots
22 with flaming torches are the tanks that were right here
23 in the front yard. And I've been teaching this since
24 1985 to all of my students that there would come a day
25 when this United States of America right before its
pending judgment would actually bring tanks and stuff

1 out here and confront us in regards to our religious
2 views. But it would be under, it would be under a
3 false accusation. So --

4 JOHN: But the thing with Ezekiel the, could
5 also be interpreted by various people as spaceships.

6 DAVID: Well, it is. It is. But see, when
7 we look at our spaceships, we're looking at NASA.
8 We're looking at, at rocket propelled vehicles, right?
9 Now we're -- now that's a reality. We've gone to the
10 moon, haven't we?

11 JOHN: Yes.

12 DAVID: We're spacemen. See our technology
13 has finally advanced like Daniel said it would. When
14 much knowledge will be increased is one of the signs of
15 the, of the Book of Daniel being opened, because it was
16 sealed to the time of the end just like all the other
17 prophecies. So what happened to me, literally happened
18 to me, didn't just happen to me so I could say wow,
19 man, I was taken up to past Orion and it was --

20 JOHN: Right.

21 DAVID: -- it was wild and I saw this and saw
22 and I was --

23 JOHN: Was there anyone with you when this
24 happened, David?

25 DAVID: Absolutely not.

JOHN: And you were just on top of this

1 mountain and this happened?

2 DAVID: Well, see Mt. Zion is really the,
3 that's where the city is. It's where the, the old city
4 is.

5 JOHN: Okay.

6 DAVID: But what happens is, is that -- but
7 the evidence of -- see, that's not the big thing for me
8 to say I, I went up and found out that God was actually
9 an ancient civilization that was before this world.
10 Because see when Genesis it says that the earth was --

11 JOHN: Um-hum.

12 DAVID: -- without form and void, God sent --
13 see, the thing about the Elohim the man that was here
14 before, God says to Adam and Eve, because I was shown
15 all this in, in a way -- it was awesome. It says that
16 behold when Adam and Eve send, right?

17 JOHN: Um-hum.

18 DAVID: It says behold, man has become as one
19 of us.

20 JOHN: Okay.

21 DAVID: Do you understand that? There's a
22 reason why God is holy. But God -- the earth was
23 already here and had been destroyed before. God told
24 man to re-multiply and replenish. The earth is a
25 testing field. I mean it's unbelievable, man.

 The technology and sciences is, is above and

1 beyond -- okay, for instance the City of God that, that
2 in Revelation that travels on the 12 foundations of
3 sapphires and gems and all that. The, the whole
4 conception of, of laser, laserology (sic), the sciences
5 of, of radio frequency wave, light, visual, audio
6 spectrum light rays, everything in the universe
7 operates on frequencies. And these things can be
8 harnessed through atomic energies. And that's where
9 the City of God travels on this laser. When science
10 studies the 12 foundations of which the City of God is
11 built upon. Incredible. And that's where the Merkaba
12 (phonetic sp.) travels.

13 But here's the deal. The proof that I'm --

14 JOHN: Um-hum.

15 DAVID: -- supposed to use to test this --
16 because God's going to judge this nation first
17 (indiscernible) --

18 JOHN: Well, judge United States? Is that
19 nation to --

20 DAVID: Exactly. Well, because it's been the
21 one that's been blessed because of its church-state
22 separation policy.

23 JOHN: Um-hum.

24 DAVID: And because it's the door of freedom
25 for all nations under oppression. See God hates, you
know, religion has always been an oppressive power.

1 And God knows that. So --

2 JOHN: All right. Now do you feel that
3 you're being oppressed?

4 DAVID: Oh. John. (Laughing.)

5 JOHN: (Laughing.) Of course. I can see
6 that. Now what do -- all right, in a case like that,
7 when do you with this what we've been talking about
8 here --

9 DAVID: It's --

10 JOHN: -- you've got your people when and the
11 seven number comes into play.

12 DAVID: Okay, well, here's the deal, all
13 right?

14 JOHN: Okay. I'm listening to it.

15 DAVID: Okay. See one thing like this. When
16 we talk to you the negotiators, you know, we, we work
17 out something and we say okay, cool, great. We work it
18 out as two communicators, you know, agreeing --

19 JOHN: All right.

20 DAVID: -- with our minds. Then all of a
21 sudden, then all of a sudden these guys out here in the
22 little jockey tanks out here do something funny or
23 silly, we call up and go hey, what are you guys doing?
24 We go we don't have no control over that. That's just
25 the commanders. Right? Okay.

The same in my situation. See what you all

1 fail to grant me is you fail to grant me an actual
2 honest hearing to see where I'm coming from or where I
3 have been coming from.

4 JOHN: We've wanted to do that. We've wanted
5 you to come out wherein you would have your formula.

6 DAVID: I would, I would do that --

7 JOHN: To hear out what you want to talk
8 about, your platform.

9 DAVID: I would, I would do that except for
10 one thing.

11 JOHN: Go ahead.

12 DAVID: I have a commander too.

13 JOHN: Okay. And your commander being God,
14 correct?

15 DAVID: Well, but see let's, let's call him
16 Haviklesh (phonetic sp.). Okay? Let's call him by a
17 proper name now. Okay, let's call him, let's call him
18 human beings that are far beyond advanced. I mean
19 let's say that there's a reality of science and
20 technology which we would call God. But actually that
21 technology, that science, that world has required us
22 through Christ to call him Father.

23 JOHN: All right.

24 DAVID: In other words, there is -- the
25 universe is ruled by mankind. Every star past Orion,
past the nebula of Orion.

1 JOHN: Um-hum.

2 DAVID: On the sea of glass in heaven there
3 is a man. There is sciences and techno -- there, there
4 are men who rule those governments. And they are very
5 interested and have always been interested in the
6 incubation or inception of this world after its fall.

7 JOHN: Okay, I understand that.

8 DAVID: Okay. So you see, you're not dealing
9 with a guy that has a beard. You're not dealing
10 with -- you're dealing with science and its, and a
11 judicial system which is totally fair. Ours is not
12 fair, you see? And so --

13 JOHN: Well, again, I can understand why
14 you're saying that. But I can have other people talk
15 the other way. It can be argued both ways.

16 DAVID: Okay, let me say this much. If I was
17 to, was to have a vehicle in here made out of a
18 material that was bulletproof, bombproof, fireproof,
19 right?

20 JOHN: Um-hum.

21 DAVID: I mean just the ultimate kind of
22 material like say from another world, right?

23 JOHN: Go ahead.

24 DAVID: And it had say a, it had a weapon on
25 it that was a laser that was infinitive, it never, it
never ran out of bullets. Okay. Let's say that, that

1 all of a sudden, you know, I said I'm -- Steve, I'm
2 tired of all this going on around here. I'm just fed
3 up with it. I'm going to, I'm just -- look, I've given
4 these guys plenty of time. They've mocked us. They've
5 laughed at us. They've, they disrespected our, our day
6 of worship. I'm just -- look, I have no forbearance
7 anymore. I've gotten, I've gotten the order from my
8 commander. I'm going to go, I'm going to, I'm going to
9 take this vehicle, I'm going to get in it right now,
10 and I'm going to go straight through this door.

11 JOHN: Um-hum.

12 DAVID: And all of a sudden --

13 JOHN: I can understand that.

14 DAVID: -- I came down in this little vehicle
15 about the size of a, of a regular car. And I went up
16 to each one of these little tanks and just simply cut
17 the thing in two and wasted the guys inside of it.

18 JOHN: Right.

19 DAVID: And I shot beams up and knocked every
20 one of the helicopters out of the air.

21 JOHN: Um-hum.

22 DAVID: And I came, and I came after the guys
23 over there. Now at that moment of time --

24 JOHN: Would you want to do that?

25 DAVID: Absolutely not. Because I was born
in this world with you people.

1 JOHN: Um-hum.

2 DAVID: (Indiscernible) here's the thing --

3 JOHN: But if you had that kind of capacity,
4 would you want to take these people out that way?

5 DAVID: Absolutely not. What I would like to
6 do, now this is honest to God truth, what I would like
7 to do is I would like to exhibition it, you know, maybe
8 take off, take out this water tower in the back or
9 something like that, you know. Maybe --

10 JOHN: You know.

11 DAVID: -- you know, just a demonstration.
12 I'd like to have a microphone and say all right, look,
13 you guys. (Laughing.)

14 JOHN: (Laughing.) Yeah, I understand. That
15 I do --

16 DAVID: Let's, let's talk about this. Look
17 you, you don't know the situation. You really don't
18 understand. Now you've had plenty of time to scoff and
19 mock us and all that. But now let's get serious --

20 JOHN: Now, but David you know it's got to,
21 got to come out. You've got to take your people out.

22 DAVID: Well, now listen now. That's,
23 that's the --

24 JOHN: I'm listening to you, guy.

25 DAVID: -- that's the truth. That's the
case. But on the other hand, you're making things --

1 JOHN: Don't --

2 DAVID: -- complicated.

3 JOHN: I'm making them complicated.

4 DAVID: Yes.

5 JOHN: You, you ought to be in my chair
6 listening to you.

7 DAVID: Wait a minute. Now there's nothing
8 complicated about the fact that all the world seems to
9 have some knowledge or reality or, or daydream of a
10 God. We all are aware that there's some greater power
11 beyond us, aren't we?

12 JOHN: Some people are.

13 DAVID: Okay. And as technology and science
14 develops, who knows, maybe one day man might even
15 attain to that knowledge of eternal life. You know?

16 JOHN: It's a possibility. Science is
17 definitely moving in that direction.

18 DAVID: Exactly. Now but you know what?
19 Somebody already made it a long time ago before us.
20 And you know what? There's a principle based upon a
21 world that was once destroyed that every time creation
22 permits men to be a part of that world around us that
23 you know as universes?

24 JOHN: Um-hum.

25 DAVID: It happens over and over again that
God finally has to come and destroy the whole works,

1 | the whole works. And he has to bring it right back to
2 | the point that it was from.

3 | JOHN: Are you talking about Sodom and
4 | Gomorrah type thing?

5 | DAVID: Oh, no, no, no. Bigger than Sodom
6 | and Gomorrah. Remember in Noah's day the whole
7 | world --

8 | JOHN: You talking about Noah?

9 | DAVID: -- was destroyed. Whole world was
10 | destroyed.

11 | JOHN: Um-hum.

12 | DAVID: But God preserved only one family
13 | because Noah was righteous, the only righteous man in
14 | his generation.

15 | JOHN: Oh, okay. Okay.

16 | DAVID: So what I'm saying is we've come to
17 | that point again, you know.

18 | JOHN: Um-hum.

19 | DAVID: We've come to this point of time to
20 | where here I am trying to scream to the top of my lungs
21 | saying look, I want to show you seven seals. And
22 | you're going oh, well, that's not important to me. And
23 | blah, blah, blah, blah --

24 | JOHN: I didn't say that it wasn't important.
25 | However, you know --

 DAVID: Well, you seem to me --

1 JOHN: -- I'm trying to cut to the chase on
2 this thing. I'm trying to figure out -- you are the
3 prophet, or you are a person who is in the position to
4 interpret these seven seals, correct? Are, are we in
5 the boat at, on that point?

6 DAVID: Well, I have to correct your position
7 of wording that. Because it's not a matter of
8 interpreting it to you.

9 JOHN: Okay.

10 DAVID: Because when I do show my students,
11 it's so plain that it's self-interpreted. It's, it's
12 like me saying to you John, here. This is a Coca-Cola.
13 And I, and I give you a red can and it says Coca-Cola,
14 and it's got the red stripe on it. And you're looking
15 at and you're going well, yeah, okay. I mean you
16 already know how to read Coca-Cola, right? And so you
17 take it, and you open the top and it goes psst. And
18 you drink it, and sure enough is it? Yes, that's Coca-
19 Cola. Now just because I told you this is Coca-Cola,
20 I'm not interpreting it to you, am I?

21 JOHN: No, you're not. David --

22 DAVID: Because you've experienced it.

23 JOHN: -- wait, wait, David, can you hold on
24 for a split second?

25 DAVID: Sure.

 JOHN: What I've got here, I have a fellow

1 that's a little bit more versed in this stuff that has
2 a message he wants to give you, okay?

3 DAVID: Oh, okay.

4 JOHN: His name is Dwayne.

5 DAVID: Who's Dwayne?

6 JOHN: He'll tell you.

7 DWAYNE: David?

8 DAVID: Dwayne.

9 DWAYNE: Yeah, my name is Dwayne. Listen
10 I --

11 DAVID: Blaine or Dwayne?

12 DWAYNE: Dwayne with a D. I just want to
13 give you a message that might clarify something we told
14 Steve earlier. From our commanders, there is
15 absolutely no doubt that someone exited the building
16 from your building today about an hour or two ago.

17 DAVID: Oh, really?

18 DWAYNE: And went outside. There's no doubt
19 about that.

20 DAVID: Did anybody go outside an hour ago?
21 (Steve's voice in background not discernible.)

22 DWAYNE: About 10 o'clock when Steve called
23 in and asked --

24 DAVID: Nobody.

25 DWAYNE: All right. There is absolutely no
doubt that someone did exit the building.

1 DAVID: He says someone left this building at
2 10 o'clock.

3 DWAYNE: We took appropriate action. If that
4 happens again, we will again take appropriate action.
5 So dealt you to --

6 DAVID: Hey, stop threatening. You want some
7 appropriate action?

8 DWAYNE: No, this is, this is no threat.

9 DAVID: You, you tell the commanders do you
10 want some --

11 DWAYNE: David. David.

12 DAVID: -- appropriate action? If you want
13 to be --

14 DWAYNE: There's no doubt --

15 DAVID: -- irrational in regards to that --

16 DWAYNE: David.

17 DAVID: -- you want to promote, we'll promote
18 this thing.

19 DWAYNE: David. David. There's no doubt
20 someone exited your building. Either --

21 DAVID: Hey, let me tell you something.

22 DWAYNE: -- either you and David are not
23 telling us the truth, or you don't know what's going
24 on.

25 DAVID: Let me, let me tell you something.

 DWAYNE: So I wanted to give you that message

1 | that if --

2 | DAVID: Let me give you a message to give
3 | them.

4 | DWAYNE: -- someone exits again, appropriate
5 | action will be taken. Understand?

6 | DAVID: Okay. Appropriate action will also
7 | be taken on this point to. Do you --

8 | * * *

9 | HENRY: Hello?

10 | STEVE: Hello, John?

11 | HENRY: Henry.

12 | STEVE: Henry. I got Henry. I've got Henry
13 | here. Henry, how's it going, Henry?

14 | HENRY: Good. How are things going there?

15 | STEVE: Not too bad.

16 | HENRY: Good.

17 | STEVE: What, what happened with John-5, I
18 | believe.

19 | HENRY: (Laughing.)

20 | STEVE: (Laughing.) I, I was just laughing
21 | because I, I didn't -- I guess apparently one of those
22 | guys, apparently Dwayne put the phone down.

23 | HENRY: Um-hum.

24 | STEVE: How old is Dwayne by the way? I was
25 | just, you know, once in a while you get curious about
 | who you're dealing with.

1 HENRY: He looks a little old to me. I don't
2 know.
3 STEVE: He does, huh?
4 HENRY: Yeah.
5 STEVE: He wasn't able to keep it together,
6 huh?
7 HENRY: Well, apparently not. How are things
8 going? How is --
9 STEVE: Oh, it's wonderful.
10 HENRY: -- David?
11 STEVE: It's going wonderful.
12 HENRY: How was the Passover?
13 STEVE: How was the Passover? It was great.
14 HENRY: Good.
15 STEVE: In fact, David there was explaining
16 to John a little bit about it.
17 HENRY: Uh-huh.
18 STEVE: I'm sure he saw the, the logic with
19 all the progressions he was opening up to him.
20 HENRY: Um-hum. Now how, how were the
21 conversations with the attorneys? How did those go?
22 STEVE: (Laughing.) Henry, you guys are
23 definitely entertainers. I mean seriously, you're
24 entertainers.
25 HENRY: Well --
STEVE: I mean do you know how many -- I've

1 | talked to three of you now, and you all ask the same
2 | questions. How many, how many times do you need to
3 | tape this? How did it go with the attorneys? Well --

4 | HENRY: In other words, I, I don't -- I'm not
5 | asking you specific questions. What I'm, what I'm
6 | asking are you --

7 | STEVE: Well, haven't they told you?

8 | HENRY: Actually, I've not asked.

9 | STEVE: Oops. Someone's at the front door.

10 | HENRY: Okay.

11 | STEVE: Only kidding.

12 | HENRY: Oh, okay.

13 | STEVE: They just turned the sounds on again.

14 | HENRY: Oh, I see.

15 | STEVE: Yeah.

16 | HENRY: Oh, okay. Are you pretty happy
17 | with --

18 | STEVE: I think someone just told me we're
19 | taking a twilight trip here to the Auschwitz camp.

20 | HENRY: Okay. I met your, your attorney. He
21 | seems like a nice guy.

22 | STEVE: Zimmerman? Oh, yeah. He's a very
23 | nice guy.

24 | HENRY: Um-hum.

25 | STEVE: I was going to ask you if you could
do a favor for me.

1 HENRY: I'll try.

2 STEVE: How much money do you think you could
3 lend me now that we're speaking about attorneys here?

4 HENRY: (Laughing.) Well, let me ask you
5 this. How much money do you have?

6 STEVE: Not anywhere near as much as I need.

7 HENRY: Um-hum. Well, now --

8 STEVE: A million dollars? (Unidentified
9 male voice in background not discernible.)

10 HENRY: What?

11 STEVE: Hey, when is the last time you were
12 charged a million dollars?

13 HENRY: A million dollars?

14 STEVE: Yeah.

15 HENRY: Is that what he's charging you?

16 STEVE: Not me. Mine is about half that.

17 HENRY: Okay. Well, I think you're --

18 STEVE: I'm only kidding. I'm only kidding.
19 (Laughing.)

20 HENRY: (Laughing.)

21 STEVE: It's, you know, it gets expensive
22 though to --

23 HENRY: Oh, yes, yes.

24 STEVE: -- have any justice. And I probably
25 will --

HENRY: Sure.

1 STEVE: -- still be in a grey room about 2 by
2 2.

3 HENRY: What? Well, you know, I, I don't
4 know about that --

5 STEVE: America, the land of the --

6 HENRY: See one --

7 STEVE: -- incarcerated.

8 HENRY: One of, one of the things that you
9 did as I recall is you --

10 STEVE: Just a minute. Just a minute, Henry.
11 (David's voice in background not discernible.) What,
12 you want six milkshakes? (David's voice in background
13 not discernible.) We're ready to renegotiate here,
14 Henry.

15 HENRY: (Laughing.) Okay.

16 STEVE: Six gallons of milk. (David's voice
17 in background not discernible.)

18 HENRY: And --

19 STEVE: No, oh, they wouldn't -- I guess they
20 wouldn't send the six gallons of milk so -- (David's
21 voice in background not discernible) -- what about six
22 milkshakes? Probably vanilla.

23 HENRY: Okay. Okay. And, and what can I get
24 in, in return for that?

25 STEVE: What can he get in return for that?
A Bible study.

1 DAVID: Six seals.
2 HENRY: I don't need a Bible study.
3 STEVE: Six seals.
4 HENRY: How about six kids?
5 STEVE: (David's voice in background not
6 discernible.) A seventh will require a lot more.
7 HENRY: Huh?
8 STEVE: The seventh seal will require a lot
9 more.
10 HENRY: How about, how about some children?
11 STEVE: Children.
12 HENRY: Um-hum.
13 STEVE: Well, if I would start quoting
14 Matthew 8, 1 to 4 and chapter 19, verse 14, it talks
15 about you and I being children.
16 HENRY: Okay. Well, why don't you come out?
17 STEVE: Why don't I come out?
18 HENRY: Sure.
19 STEVE: Well, I was hoping we could negotiate
20 and have you come in for a little chat first.
21 HENRY: Well, I'd be delighted to have a chat
22 with you.
23 STEVE: Well, good. Let's start working on
24 that.
25 HENRY: But, but let's have you come out.
 STEVE: Well, first we'll have you come in --

1 HENRY: No, no, no.

2 STEVE: -- and then you and I will go out
3 together.

4 HENRY: No, no, no. The last time I talked
5 to you, you were furious at me. And I had nothing to
6 do with any of that. And you hung up on me.

7 STEVE: Yeah, did -- I do remember that. And
8 I did apologize to you. And I never got one from you
9 from your commanders who, you know --

10 HENRY: (Laughing.)

11 STEVE: -- you had stated one thing and went
12 back on your word.

13 HENRY: I did not go back on my word.

14 STEVE: Well, it was actually -- yeah, why --
15 that is true. You know, the whole thing is, you know,
16 at times it's so loony between this commander thing. I
17 mean it's like you've got a bunch of kids there in a
18 sandbox.

19 HENRY: Well, I'll tell you it goes both
20 ways. You know, I think there's frustration, you know,
21 from, from both ends. I think there's frustration --

22 STEVE: Frustration from both ends? You
23 haven't been on this side yet I mean --

24 HENRY: I'm sure.

25 STEVE: -- as an American citizen --

HENRY: Sure.

1 STEVE: -- ready to study the Bible and have
2 someone trying to take your life?

3 HENRY: Well, I --

4 STEVE: Now they want to incarcerate you,
5 inject you, whatever else?

6 HENRY: I, I think that's --

7 STEVE: I mean awesome.

8 HENRY: -- I, I think it's --

9 STEVE: Charge you a million dollars to be
10 able to just get into the courtroom.

11 HENRY: Well, you know, there's a lot of --
12 everybody is looking for opportunities. And this is an
13 opportunity of a lifetime for, I'm sure for those
14 attorneys so --

15 STEVE: Oh, yeah. You know that for sure.
16 It would be for any of them.

17 HENRY: Sure.

18 STEVE: I mean they're getting hundreds of
19 thousand dollars of newsprint and television time and I
20 mean what else?

21 HENRY: Yeah.

22 STEVE: So instead of being a prominent state
23 attorney, they can get national or go national.

24 HENRY: Sure. How's Judy doing?

25 STEVE: Not so well. Her finger, of course,
because it was never set properly it seems like it's

1 | fragmented and it's definitely giving her pain and --

2 | HENRY: Ah.

3 | STEVE: -- it's, it's becoming very deformed.

4 | HENRY: Oh, no.

5 | STEVE: And yeah. She does have pain. But
6 | that's the way it goes.

7 | HENRY: Is, is it a, is it just a real
8 | serious problem for her to come out?

9 | STEVE: Well, see, Henry, you know it still
10 | gets down to that we're a strange little group of
11 | people on this globe of almost 6 billion people because
12 | we literally, truly, positively, solidly believe in the
13 | book called the Bible.

14 | HENRY: Yeah. And I --

15 | STEVE: You know, and that's why we haven't
16 | moved out of here. It's not because there's any
17 | problem with yourselves or anybody in the world. Not
18 | at all. Not at all. It's just that we believe that
19 | God's going to do what he says he's going to do.
20 | And --

21 | HENRY: And, and --

22 | STEVE: -- as David was opening that up to
23 | John, he'll -- listen. He'll sit down with any scholar
24 | in the world. They're not going to be able to
25 | controvert him with that book even though they've got a
million degrees, and they make a lot of money off the

1 masses, it can't be done. It can't be done. I've been
2 an observer for 6-1/2 years.

3 HENRY: But --

4 STEVE: And after I studied all these, and
5 you've heard this before, all the comparison studies of
6 religion --

7 HENRY: Let me ask you this.

8 STEVE: Yeah.

9 HENRY: Let me ask you this. If, if
10 everybody believes so strongly, okay, and we, you know,
11 and we've heard from everybody that, that you do that,
12 that you personally do as does Judy and I guess if not
13 everybody the majority of the people that are within
14 the compound, what changes if you leave? I mean --

15 STEVE: What changes? Oh, being probably
16 either stuck on death row or -- I mean which doesn't
17 even bother me. It's being stuck away for a long time.
18 See there's a will that God has. And that's about
19 ready to be accomplished. So as soon as --

20 HENRY: But, but --

21 STEVE: -- the word is given, listen, I'll go
22 into the system and through the processing, whatever.

23 HENRY: Okay.

24 STEVE: Even though I'll maintain my
25 innocence all the way through.

HENRY: Well, okay.

1 STEVE: That in itself will return --

2 HENRY: Well, there you go.

3 STEVE: -- as judgment on someone else.

4 HENRY: There you go. There you go. Well,
5 good. You know, so since --

6 STEVE: Look at these, these people that
7 actually came to murder, I mean the only way they're
8 going to get the justice they deserve is in God's
9 court. And that's, it's going to convene shortly.
10 It's not that far away. Six thousand years is long
11 enough for man to fill up his cup. Seriously, it
12 really is. For me, for you, for all of us. And you're
13 going to find out if you look up the word wisdom in the
14 Bible and you look up the word fool and foolishness,
15 you'll find out a man of wisdom is one that listens
16 much and has his priorities straight and asks the hard
17 core questions. How did I get here? Where am I going?

18 HENRY: I understand all of that.

19 STEVE: Seriously. Seriously, Henry.

20 HENRY: And, and I think -- I understand.

21 STEVE: And for the, the fools --

22 HENRY: Let me just --

23 STEVE: -- of this earth that are not
24 interested in eternal things, they'll only get this
25 little short life. But the worst of it is they've got
to answer for all their thoughts and actions.

1 HENRY: Okay, let me ask you this.

2 STEVE: And then they get to live 100 years
3 on this planet with no intercession of a holy spirit or
4 any good angels.

5 HENRY: Okay, let me ask --

6 STEVE: So whatever comes into the hearts and
7 minds of men they will do to each other. That's going
8 to be an example to the universe, Henry.

9 HENRY: Let me ask you this.

10 STEVE: That's what it says in Isaiah 65.

11 HENRY: Let me ask you something, Steve.

12 STEVE: Go ahead.

13 HENRY: But, but if, you know, if everything
14 that you're saying is true, okay.

15 STEVE: It is. Look --

16 HENRY: Okay, hold on, hold on --

17 STEVE: -- look into the book.

18 HENRY: Okay. Okay, let me ask you this.

19 If, if everything that you say is true, and if you're
20 coming out, you know, sometime in the near future as
21 you say that you are, my question still is what
22 difference does it make and, and when I say this, what
23 difference does it make to Judy if she comes out today,
24 tomorrow, next week, next Saturday in terms, in term --

25 STEVE: Because she's waiting upon the God of
that book that is revealed --

1 HENRY: But we, but we --

2 STEVE: -- that is revealed the book through
3 David.

4 HENRY: I understand. But what I'm saying is
5 if she believes in him that doesn't -- and, and if she
6 believes in the Bible, if she believes in the
7 teachings, if she's, if she believes that he truly has
8 and can interpret and/or open up the seven seals,
9 nothing is going to change if she comes out. I mean
10 what's going to change? I mean in her mind, in, in her
11 mind --

12 STEVE: Yes, it is. See, that's where,
13 that's where your ignorance shows, Henry.

14 HENRY: Wait a second. Whoa, whoa, whoa.
15 Wait. Whoa. Whoa, Steve, Steve, Steve --

16 STEVE: If you knew, if you knew the three
17 prophecies of Nahum --

18 HENRY: Steve --

19 STEVE: -- Habakkuk and Zephaniah --

20 HENRY: Steve, Steve --

21 STEVE: -- you'd be able to see that there is
22 something --

23 HENRY: Steve --

24 STEVE: -- that was foreseen by prophecy --

25 HENRY: Steve --

STEVE: -- years ago.

1 HENRY: Wait a second. Wait a second. But
2 what I'm saying is that doesn't change -- nobody's
3 going to be able to change. Is, is it, is it --

4 STEVE: Oh, yes, yes, yes. See God expects a
5 faith and he gives you trials and tests. Isn't that
6 true?

7 HENRY: That's right. And that's not going
8 to change.

9 STEVE: I mean if you have any awareness of
10 the Bible, you'll see that the Bible is full of
11 illustrations and stories of individuals and what God
12 has --

13 HENRY: That's right. And, and merely
14 leaving the compound --

15 STEVE: -- required of them.

16 HENRY: -- leaving the compound should not
17 change any of that.

18 STEVE: But that's where you are not
19 understanding. But it does you see. God told him to
20 wait. And those people that are interested in --

21 HENRY: The compound --

22 STEVE: -- understanding the plan and seeing
23 it unfold will wait with him. They have freedom of
24 choice to leave at will. But they all have spent this
25 much of their life -- Judy has spent as much of her
life in this as I have, 6-1/2 years. So when you have

1 | spent that kind of time and you've given up your --

2 | HENRY: I know --

3 | STEVE: -- your whole form of lifestyle --

4 | HENRY: -- I know the, I know the investment
5 | that you and she have made --

6 | STEVE: We have. It's, it's true.

7 | HENRY: It is. It is. What a shock, what a
8 | shock, what a shock --

9 | STEVE: Not at all.

10 | HENRY: -- if it, if it turns out that you're
11 | not where you think you are.

12 | STEVE: It's a consideration constantly,
13 | Henry.

14 | HENRY: What a disaster. What a disaster.

15 | STEVE: It's something that, you know, a
16 | person would be lying if they said they wouldn't
17 | consider that frequently. It's been a consideration
18 | from the beginning.

19 | HENRY: Yeah. Yeah. Yes.

20 | STEVE: But again I've told you we've always
21 | gone by the weight of evidence. Just like --

22 | HENRY: Well --

23 | STEVE: -- a courtroom should or any other
24 | place where, where information is looked at.

25 | HENRY: Um-hum. So what we're looking at is
6 more days, 7 more days?

1 STEVE: I don't know. It could be tonight.
2 It could be tomorrow morning.

3 HENRY: I mean -- but I'm, but I'm saying --

4 STEVE: It could be 6 more days.

5 HENRY: But I'm saying the, the days in
6 (indiscernible) --

7 STEVE: He actually -- remember, I don't know
8 if I told -- Henry, I don't know if I told you. But
9 when the attorneys were here about I think it was a
10 week ago Thursday, almost a week ago Thursday, when
11 they were there that day, the first day that Zimmerman
12 came.

13 HENRY: Uh-huh.

14 STEVE: They posed a question to David, and
15 he was so honest and open with them. They said they
16 really for their own, for their own, not negotiations,
17 for their own, the way they view how it could work in
18 our favor by, of course, getting right into the system
19 and getting it done.

20 HENRY: Um-hum.

21 STEVE: They wanted to get a commitment from
22 him as to time. And he said he really did want to give
23 them that. He did. No question about it.

24 HENRY: Did he?

25 STEVE: And they said -- well, what happened
is they says well, can you ask your God? Is there a

1 | way you can have an answer for tomorrow? And he says I
2 | will do that. I will do that. And he did.

3 | In the morning I went to see him. I sat
4 | down, and I says, so what's the story? He said it's
5 | a -- he says I hate to tell you it's the same, it's the
6 | same as usual. He says two answers I've been given
7 | more than almost any other through the last well, it's
8 | been since '85 since all this was opened up to him.
9 | And he said the answer was wait. And he says humanly
10 | speaking you feel like returning and going wait, wait,
11 | wait, wait. I mean, you know, I mean, of course, one
12 | becomes apprehensive. You get anxious to clear up the
13 | issues.

14 | HENRY: Sure.

15 | STEVE: And he does himself. He's been, he's
16 | been talking about that to me for the last oh, off and
17 | on for the last 5 days.

18 | HENRY: You may need to conk him on the head.

19 | STEVE: It's never worked that way.

20 | HENRY: Oh, okay.

21 | STEVE: Henry, I mean I know what you're
22 | saying. But seriously, when I first met him, I've
23 | given you examples how --

24 | HENRY: Yeah. Yes.

25 | STEVE: -- he told me to wait back -- way
back in '88 -- '6.

1 HENRY: Yeah, I remember. Yeah, I remember.

2 STEVE: I mean that's the way it is.

3 HENRY: Yeah.

4 STEVE: I mean it's hard for you people to
5 understand. If --

6 HENRY: No.

7 STEVE: -- you had an experience with this
8 book and this guy --

9 HENRY: Well, one of the things about David
10 is he has a way with words, and he, he gets his way.
11 He gets his way. And he has a, a facility --

12 STEVE: What about two -- see, you know, it's
13 a traditional thing. You and I are raised and brought
14 up with I mean a good share of Americans believing in
15 this person of 2,000 years ago, Jesus Christ. But if
16 you and I lived there, I'll be honest with you, I
17 really doubt that I would have bought it back then. I
18 don't see that I would have been a follower.

19 HENRY: I think you would have. I mean if,
20 if --

21 STEVE: I'm not -- listen. Meaning look at,
22 look at how many people left the guy in the first
23 place.

24 HENRY: Well --

25 STEVE: The very ones that he healed then
they're saying crucify him. He didn't come in a three-

1 | piece suit. He didn't come in the light of the way the
2 | Jews saw that he would be fulfilling prophecy. So
3 | they --

4 | HENRY: Well, neither --

5 | STEVE: -- did not believe that he was a
6 | Messiah. He didn't fulfill their very desires and
7 | wishes as to their, the way their kingdom should be set
8 | up.

9 | HENRY: I, I think if you, if you can believe
10 | in, in David you certainly could have believed in --

11 | STEVE: Well, all the prophets talk about a
12 | ravenous --

13 | HENRY: You're saying now --

14 | STEVE: -- bird that comes in the final days.
15 | It's a -- he's a gentile it says. He can't work --

16 | HENRY: Well, now David is --

17 | STEVE: -- any miracles. But he can open up
18 | the Bible. If you look at --

19 | HENRY: But David, David --

20 | STEVE: -- Isaiah 40 through 66 you'll see
21 | it's, it's somebody. It may --

22 | HENRY: You're not going to tell me --

23 | STEVE: -- it may not be him, Henry, but it's
24 | definitely somebody.

25 | HENRY: Well, you're not going to tell me
that David is a, is a -- did you say that, that he is

1 or is not going to be a gentile?

2 STEVE: Well, it says in Isaiah 42 and in
3 many other places it tells you about this person,
4 Isaiah 44, 45.

5 HENRY: Um-hum.

6 STEVE: Tells you about this person that
7 comes, what he's able to do. God tells him you do not
8 know me, but this is what I've got for you. It
9 literally says you do not know me. He's never claimed,
10 especially in his beginning experience.

11 HENRY: Um-hum.

12 STEVE: So the one thing he's -- you know
13 what really interested me when I first met him I
14 introduced him to a number of scholars in Hawaii. And
15 the guy starts gobbling down a lot of food. And I'm
16 going what in the heck is he doing? Because never can
17 a person give a real clear speech and have your mind
18 sharp if you're consuming food. Because as you know,
19 the blood goes to the stomach and is pulled away from
20 the brain.

21 HENRY: But now he falls asleep sometimes,
22 doesn't he?

23 STEVE: He never does. The guy will sit up
24 with you 24 hours if you have an interest. He'll go as
25 long as necessary, as long as you can go. It doesn't
matter who the human being is in this whole world.

1 That's what his mission has been from day one.

2 HENRY: Um-hum. Well, you know, I think --
3 my feeling is, my thinking is that he, that he can
4 probably do as much if not more good on the outside
5 than, than confined --

6 STEVE: (Laughing.) So Henry --

7 HENRY: -- to, to the --

8 STEVE: -- you're a negotiator.

9 HENRY: -- compound. Well --

10 STEVE: Well, and you --

11 HENRY: -- you know, I think, I think it's --

12 STEVE: -- obviously are a negotiator.

13 You've --

14 HENRY: -- I think it's the right thing --

15 STEVE: -- been working with psychologies of
16 men. I mean, you know, I -- if I were in your shoes I
17 appreciate the statements on how you keep on trying to
18 come back around and try it from this. And I mean, you
19 know, there's nothing that has been new that's been
20 offered by any one of you negotiators.

21 HENRY: Um-hum.

22 STEVE: But I don't see what you could really
23 offer or what you can do. I -- you're stuck. I
24 realize that.

25 HENRY: Well --

STEVE: If I were in your shoes, I guess I'd

1 try the same things over and over again. I would do
2 the same. I would. I can't help it. But --

3 HENRY: Yeah. I, I just think it's --

4 STEVE: I don't know, I --

5 HENRY: -- I just think it's interesting --

6 STEVE: -- at times --

7 HENRY: -- that he, you know, some of the
8 things that, that he says and does, you know, coincide
9 with, with some things more than other things.

10 STEVE: I wish the incident wouldn't have
11 happened myself. Because I would still be sitting here
12 waiting on something irregardless (sic) of that
13 incident February the 28th. I mean we came here
14 looking for something, and it was shown, and we've not
15 been disappointed.

16 HENRY: Um-hum.

17 STEVE: The days are winding down. I'm
18 talking about earth's history. Not that the world is
19 going to end, mind you. I'm not saying that at all.

20 HENRY: Uh-huh.

21 STEVE: There's going to be a change of
22 events here taking place that a lot of people are going
23 to be surprised about.

24 HENRY: Well, let's hope that --

25 STEVE: I know you don't buy it and believe
it. It's, it's too bad. I don't -- I, I would never

1 | know. It's -- how do you reach the minds of men to
2 | gain an interest long enough to show them that there is
3 | a logical progression here.

4 | HENRY: There, there is --

5 | STEVE: There's something here that --

6 | HENRY: -- logical progressions, you know.

7 | But, but one of the, one of the things that, that
8 | boggles my mind is how little interest is shown to
9 | anybody other than one person. You know, Christ
10 | showed --

11 | STEVE: Explain yourself, Henry. Hey, wait a
12 | minute here. They're, they're, they got the -- I think
13 | it's the -- what is it? The -- some derby out here.
14 | Got some horses ready to go around the track. Okay.
15 | That's over.

16 | HENRY: Is it Churchill Downs?

17 | STEVE: Pardon?

18 | HENRY: Is that Churchill Downs?

19 | STEVE: It must be.

20 | HENRY: Okay. In any case --

21 | STEVE: He must have heard that, huh?

22 | HENRY: -- is everybody okay?

23 | STEVE: Is everybody okay?

24 | HENRY: Yeah.

25 | STEVE: I think they're all looking out
| betting on horses right now.

1 HENRY: Okay. You said that Judy's, you
2 know, finger was not looking good. Has anybody had a
3 fever or anything like that? Any --

4 STEVE: No, Henry. Everybody --

5 HENRY: -- anything serious?

6 STEVE: -- honestly. Everybody's fine here.
7 They're --

8 HENRY: Okay.

9 STEVE: -- all doing well.

10 HENRY: Okay. Is --

11 STEVE: Except for the six milkshakes.

12 HENRY: -- is, is -- (laughing) -- well, I
13 don't know about milkshakes. But you know --

14 STEVE: (Laughing.)

15 HENRY: You know, for a while there we, you
16 know, he was, he was giving us children and people
17 coming out. And then all of a sudden all of that
18 stopped. I don't know.

19 STEVE: Yeah, the commanders, because of what
20 happened with them and we couldn't -- no one wanted to
21 talk about the past. So it just came to the place
22 where it seemed like we weren't getting anywhere at all
23 anymore.

24 HENRY: Yeah.

25 STEVE: And it always has been a waiting upon
God. We said that from the beginning.

1 HENRY: Um-hum.

2 STEVE: And people, I don't know. Even as
3 much as I talked before those days, it never -- people
4 just never came around again after that. I mean I ask
5 them day by day. I've talked to them.

6 HENRY: Well, I wonder how --

7 STEVE: The Livingston case was a big deal,
8 Henry. I, I told a lot of you guys that it was a big
9 deal. And you know, we, we were told by you people how
10 he reacted and so forth.

11 HENRY: Um-hum.

12 STEVE: It's hard to know what to believe.
13 It really is. And the greatest insult happened after
14 David had sent out seven people the -- I mean can you
15 imagine how much time has gone by? We'd have all been
16 out by now.

17 HENRY: Well --

18 STEVE: But they didn't want it that way.
19 You know they, they're the ones that did not want it
20 that way.

21 HENRY: Um-hum. Well, I, I think --

22 STEVE: So I guess we're trying to find a new
23 way. I don't know.

24 HENRY: Yeah. Well, is David there?

25 STEVE: He left. He went --

HENRY: He left.

1 STEVE: -- to bed. He, he actually did.

2 HENRY: Okay.

3 STEVE: When I guess it was Dwayne hung up on
4 him, I guess that was enough for him.

5 HENRY: Um-hum. Okay. Well, give my
6 regards, and we'll probably touch base with you --

7 STEVE: I never got to talk with Dwayne. Is
8 that, is that par for the course with his character
9 or --

10 HENRY: Probably not. Probably not. I think
11 people get frustrated just like --

12 STEVE: (Laughing.) Guy gets on the phone
13 once for a minute, and he gets frustrated and puts the
14 phone down?

15 HENRY: Well --

16 STEVE: He ought to come out and live out
17 here for a while. He ought to be attacked and have his
18 life threatened. I mean can you imagine the guy is out
19 there on that side and to think -- let him go through
20 some of this here. Let him be threatened with sticking
21 6 months, a year, 20 year, life imprisonment or death,
22 whatever. Whatever these people are going to
23 manufacture.

24 HENRY: Well --

25 STEVE: Let's change sides.

HENRY: -- I don't, I don't think anybody --

1 STEVE: Let him walk in the shoes of these
2 people here.

3 HENRY: Yeah, I don't think anybody's going
4 to manufacture anything.

5 STEVE: People came from such a distance to
6 learn about something that they, they see what life
7 really is.

8 HENRY: Um-hum.

9 STEVE: They came to learn. And at the same
10 time an attack like that happened. Wow. And you know,
11 they --

12 HENRY: You know, one of the things, one of
13 the things that --

14 STEVE: -- they did, they did say to me, you
15 know, some of them being from England and places like
16 that, they said this is America?

17 HENRY: One of the thing that boggles the
18 mind though is imagine everything that, that David has
19 done, okay? And the lifestyle that he has had and
20 whatnot. If he didn't have those weapons, you know, he
21 could have gone for years and years and years --

22 STEVE: What weapons? The ones that are,
23 have yellow sheets that are -- all of them are
24 registered?

25 HENRY: Whatever weapons it is that, that he
has. I don't -- you know. I don't (indiscernible) --

1 STEVE: Yeah. And they're okay.

2 HENRY: I have no --

3 STEVE: Every last one of them are.

4 HENRY: I, I don't know one way or the other,
5 because I haven't been in there. And I, and you
6 know --

7 STEVE: Well, every time I've ever been
8 around here and they, and I know, I've known anything
9 at all --

10 HENRY: Well, you're not, you're not a
11 weapons guy.

12 STEVE: Huh?

13 HENRY: You're not a weapons guy. I mean
14 you're, you're a --

15 STEVE: Well, I knew, I know it. But still I
16 know what he -- I know what these people are about.
17 They've never done any -- never gone out of their way
18 to be illegal about anything.

19 HENRY: Well, you know, you're not, you're
20 not -- you're more into theology. You're more into
21 stuff like --

22 STEVE: Well, I've been into that and the
23 music part.

24 HENRY: Yeah. That's true. That's true.
25 Okay, well, listen. It was good talking to you. I'm
sure I'll --

1 STEVE: All right.

2 HENRY: -- you again --

3 STEVE: Probably be talking to you sometime
4 in the near future.

5 HENRY: Okay. What time is, is Bible study
6 in the morning or what is --

7 STEVE: It's -- these days they changed the
8 time for us. It still remains the old time but now
9 that the time has been changed they call it from I
10 believe it's 9 to 10 at --

11 HENRY: Nine to ten.

12 STEVE: Yeah.

13 HENRY: So, so you're still --

14 STEVE: So I think it was John that asked me
15 to call in at 8:45.

16 HENRY: Okay. You going to call in at that
17 time?

18 STEVE: Sure.

19 HENRY: Okay. That sounds fine. Hope, you
20 know, hope he gets the word soon.

21 STEVE: Yeah, well, it could happen. It
22 could --

23 HENRY: Put, put something, put something in
24 there. Please, do something with --

25 STEVE: Well, it could happen anytime. It
really could. I mean --

1 HENRY: Okay.

2 STEVE: -- it's happened that way before.

3 HENRY: And if not, you make it happen. Will

4 you?

5 STEVE: Pardon?

6 HENRY: Will you get down on your knees and

7 make it happen?

8 STEVE: Hey, I've been -- if there, if God's

9 out there listening to me, I mean it doesn't seem like

10 it. But anyway, I've been asking.

11 HENRY: You'd be out, right? You'd be out?

12 STEVE: Pardon?

13 HENRY: If he was listening to you, you'd be

14 out.

15 STEVE: Well, I, I sure would be.

16 HENRY: Okay. Well, we want you on your

17 knees tonight.

18 STEVE: Up and out.

19 HENRY: We want you on your knees tonight.

20 Okay?

21 UNIDENTIFIED FEMALE SPEAKER: They just did a

22 flare.

23 STEVE: Just a minute. Pardon me?

24 UNIDENTIFIED FEMALE SPEAKER: They just did

25 another flare (indiscernible).

STEVE: They just did another flare just now.

1 | So now what's the excuse? They're saying what, another
2 | 10 people are out of the building or something or what?

3 | HENRY: Is somebody out?

4 | STEVE: Nobody is out, Henry. That's why
5 | David said what he did to -- I mean, you know, I'm the
6 | same way. If people start threatening your life, how
7 | are you to take it?

8 | HENRY: Hold on a second. Find out if
9 | somebody --

10 | STEVE: They shot off another one. Now
11 | what's their reason and excuse?

12 | HENRY: I'm asking, I'm asking somebody here
13 | to find out.

14 | STEVE: You know what? Listen. Henry, I did
15 | go throughout the entire building. I talked to
16 | everybody. And everybody was in sight of another. And
17 | nobody left the building. Nobody did.

18 | HENRY: Okay. I'm, I'm (indiscernible) --

19 | STEVE: That's why we were wondering --

20 | HENRY: -- find out what's going on.

21 | STEVE: -- all of a sudden we hear this
22 | kaboom. First we heard a kaboom. Then we heard a
23 | second -- I only heard one myself.

24 | HENRY: Um-hum.

25 | STEVE: But they told me there were two. And
then they, they talked about some kind of a flare going

1 up. And I guess that's what happened again.

2 HENRY: Um-hum.

3 STEVE: It just happened just now.

4 HENRY: Okay.

5 STEVE: Yeah, so what's -- and they're

6 reporting to me -- what's happening? (Unidentified

7 female voice in background not discernible.) Okay,

8 another shot. Was it a flare or what? (Unidentified

9 female voice in background not discernible.) So what's

10 happening, Henry? What are they, what are they doing?

11 HENRY: I don't have any idea. I'm asking

12 somebody to find out.

13 STEVE: Are they -- now, now let me ask you

14 something. Are they trying to make up something like

15 someone's --

16 HENRY: No, no, no, no.

17 STEVE: -- leaving the building so they can

18 do things like this?

19 HENRY: No, no, no, no. No, no, no, no.

20 Because --

21 STEVE: That's what they're -- let me tell

22 you something. This --

23 HENRY: Everybody, everybody realizes that,

24 you know, that you have --

25 STEVE: That's what they're believing is

happening here. Because when we tell you no one went

1 a foot or two from the building and start fooling
2 around or like in the front here acting like they're
3 going to come on through revving it and jumping it,
4 moving it around. No one's impressed. No one's
5 entertained.

6 HENRY: Um-hum.

7 STEVE: I mean seriously. I mean they'll,
8 they'll motion for them to come right on through even.
9 That's the way the people are here.

10 HENRY: Okay.

11 STEVE: I mean, you know, if we're going to
12 come out, we're coming out. But I mean doing that kind
13 of stuff, I mean it, it definitely does not help.
14 Really, you know, you guys say you're real cordial,
15 decent and, and good treatment and all the rest. But
16 then you've got those guys sitting out here doing
17 things like flipping the finger at a woman looking out
18 the window. And I mean what is that kind of business?

19 HENRY: Please.

20 STEVE: No --

21 HENRY: Who are these guys?

22 STEVE: You tell me. You know them. I've
23 never met them. I'm -- tell you the truth, I haven't
24 seen it happen yet. But it's been reported to me three
25 times that --

HENRY: Uh-huh.

1 STEVE: -- one guy opened up the hatch to the
2 Bradley in the front, flipped the finger to one of the
3 guys looking out the window and quickly closed --

TAPE #199

4/8/93

12:55 A.M. - 11:42 A.M.

1 (Tape #199)

2 HENRY: -- you know, we're not, we're not in
3 there.

4 STEVE: That concerns me, wondering when it's
5 that way, you're all in different areas and whose got a
6 handle on this.

7 HENRY: Um-hum.

8 STEVE: Well, I'll leave you go, but --

9 HENRY: Okay.

10 STEVE: -- I don't know what's going on with
11 this flare business and all that.

12 HENRY: Okay, make sure, do me a favor,
13 Steve.

14 STEVE: Yeah.

15 HENRY: Make sure that everybody stays in and
16 when I say that, I'm not saying it, you know, in a
17 threatening fashion, I'm just --

18 STEVE: Hey, if they want to go out, they can
19 go and do what they want to do. I'm not here to do,
20 you know, keep any in the first place. You know,
21 that's the way it is.

22 HENRY: No, no, but I'm saying, you know, we
23 don't want anybody to, you know, to get --

24 STEVE: To get hurt? Well, maybe they don't
25 mind getting hurt, I don't know.

HENRY: Well, then, whatever.

1 STEVE: No. The truth of the matter is no
2 one has even gone out in the first place. No one's
3 been out and I don't know what this business is about,
4 the flare and the, the blast going off.

5 HENRY: Okay.

6 STEVE: But I hope that whoever's doing that
7 kind of thing has a good reason for it because when
8 they do that kind of thing, it gets people real itchy
9 and, you know, I don't want to see any problems
10 myself. That's one thing I don't want to see.

11 HENRY: That's right.

12 STEVE: I'm hoping this can be handled the
13 way everybody says they want it to be handled right
14 from day one, --

15 HENRY: Um-hum.

16 STEVE: -- but, these guys are going to be
17 doing some strange, weird, off-the-wall things, I mean,
18 they'll have to answer.

19 HENRY: Do you sleep near where David sleeps?

20 STEVE: I sleep all over the place.

21 HENRY: Okay, well, see if you can, see if
22 you can get down on your knees and say a special prayer
23 and let's see if we can get everybody out of there,
24 okay?

25 STEVE: Okay, we'll talk to you tomorrow,
Henry.

1 HENRY: Yeah, okay you take care, Steve.

2 STEVE: Okay, bye.

3 HENRY: Bye-bye.

4 * * * * *

5 STEVE: Hello.

6 JENNIFER: Steve?

7 STEVE: Yes.

8 JENNIFER: Hey, Steve, hi.

9 STEVE: Hi.

10 JENNIFER: It's Jennifer, how're you doing
11 this morning?

12 STEVE: Not too bad. How are you, Jennifer?

13 JENNIFER: Pretty good.

14 STEVE: Good.

15 JENNIFER: I understand you're on your
16 Passover now?

17 STEVE: Yes, for, it'll be from the time it
18 started for seven days.

19 JENNIFER: Okay, and I guess the first day
20 what, was yesterday the first day, a holy day for you?

21 STEVE: Right, it was.

22 JENNIFER: Okay, we didn't, we didn't realize
23 that. We weren't sure how it worked. So, yesterday
24 was a holy day.

25 STEVE: Right.

JENNIFER: Okay, and, what about the last

1 | day? How does the last day work? Is that different or
2 | is it ...?

3 | STEVE: It's basically about the same as the
4 | first day.

5 | JENNIFER: So it's another holy day?

6 | STEVE: Right.

7 | JENNIFER: Okay. And when will the last day
8 | be for you?

9 | STEVE: It's actually seven days later, so it
10 | should, it's over on, what is it, Wednesday.

11 | JENNIFER: Okay, and, well, if we counted,
12 | let's see, the, seven days from the sixth would be the
13 | thirteenth, and that's tuesday.

14 | STEVE: Yeah, I don't have, I was gonna bring
15 | down a calendar and look at it in front of me here.

16 | JENNIFER: We talked to DeGuerin today, --

17 | STEVE: Okay.

18 | JENNIFER: He just called us this morning,
19 | and I need to clear a couple things up with David that
20 | he told us. Is David around there?

21 | STEVE: This is usually a time where, you
22 | know, it's impossible to get a hold of him.

23 | JENNIFER: How come?

24 | STEVE: Well, he's usually quiet, on his own,
25 | either sleeping or with his Bible, and he doesn't like
 | to be disturbed.

1 JENNIFER: I thought this was our arranged
2 time to talk to each other every day?

3 STEVE: It is for you and I to do that,
4 nothing was ever brought in about his name or anything.

5 JENNIFER: Okay, well, since --

6 STEVE: In fact, the truth is, Jennifer, how
7 it was originally mentioned a few, number of days ago
8 was that it would be a call to let you know that we're
9 still here, --

10 JENNIFER: Right.

11 STEVE: -- that the phone lines are working.

12 JENNIFER: Right, exactly, but we also had
13 mentioned open lines of communication, and this occurs
14 in just a situation like this where DeGuerin called in
15 this morning and he's reporting some information to us
16 that David told him and that he agreed on with David,
17 and it's, it's not what we understand, so we need to
18 clear it up.

19 STEVE: Well, can you pass it on? I mean, I
20 don't know, anything that David, that is involved with
21 him, he always makes sure I'm there taking notes,
22 listening, whatever, so, --

23 JENNIFER: Okay. Well, what DeGuerin said
24 was that he and David agreed that if next Wednesday,
25 which is the 14th, he, DeGuerin and David agreed that
everyone would be coming out by that day, and if they

1 | didn't, DeGuerin's contract with David would become
2 | null and void. Now, that was news to us today, when we
3 | heard that and we needed to clear that up.

4 | STEVE: He called and he said that?

5 | JENNIFER: Yes, he called us this morning and
6 | he told us that.

7 | STEVE: Okay. I'll pass it on to David.

8 | JENNIFER: Yeah, we need to clear that up
9 | today and, and find out, we know your prayer hours,
10 | between nine and ten, so we can wait through that, but
11 | after that, we need David to call us because we don't
12 | want any misunderstandings between DeGuerin and David.

13 | STEVE: There won't be.

14 | JENNIFER: Okay, so we need to clear up that
15 | point. The other point is, DeGuerin said he's got, got
16 | to arrange his schedule next week, and what he's done
17 | right now is cleared his schedule for next Wednesday,
18 | and the boss said he can go in one more time, and the
19 | only reason to go in would be to lead you guys out, to
20 | make sure you're safe and so forth, the exit plan that
21 | you had talked with him about and, so we've agreed to
22 | that exit plan, but the boss said he can only go in one
23 | more time, for that purpose, and DeGuerin had cleared
24 | his schedule to do that next Wednesday.

25 | So he called us this morning to confirm that it's
going to be next Wednesday and we said, I don't know,

1 again, this is news to us. So that's why we're
2 calling, to make sure that --

3 STEVE: Well DeGuerin, David will let him
4 know, as yourselves, if that's what the need is, that
5 if there's dates and times, like, even by DeGuerin, if
6 he puts times on David, he might as well take a hike
7 today.

8 JENNIFER: No, he didn't put times on David,
9 they had this discussion and part of the written
10 contract that they have says that they will be coming
11 out on the, or you all will be --

12 STEVE: That's news to me because I was right
13 there the whole time and --

14 JENNIFER: Okay, Steve --

15 STEVE: -- there was never a date or an
16 agreement or anything like that.

17 JENNIFER: I think that's why I'm going to
18 need to talk to David about it because there's no way
19 he can get in touch with DeGuerin anymore. The
20 contract states he'd be out by the 14th, and the boss
21 isn't gonna let DeGuerin in anymore until that date to,
22 when the exit --

23 STEVE: Well, then, that's the way it'll
24 have to be.

25 JENNIFER: Okay, well, that's fine, but I
need to talk to David and confirm this with him, 'cause

1 DeGuerin's --

2 STEVE: He's gonna tell you the same thing.

3 JENNIFER: That's okay. I just need to
4 report to DeGuerin what David is telling me.

5 STEVE: Well, it's not gonna happen right
6 now, Jennifer, so whenever, you know, I'll get back to
7 you.

8 JENNIFER: Well, you've got your worship hour
9 between nine and ten, and --

10 STEVE: Which is in about three or four
11 minutes.

12 JENNIFER: Exactly, and, so we'll get back to
13 you after that to clear up --

14 STEVE: I'll call you back at about maybe,
15 just a little after ten.

16 JENNIFER: Okay.

17 STEVE: Okay?

18 JENNIFER: Okay, and if, by then David'll be
19 up, so let him know that's what DeGuerin is telling us.
20 We, we're unclear about this and DeGuerin is telling us
21 this. He specifically called us to tell us this. So
22 let David know and have him by the phone so we can
23 clear it up with him.

24 STEVE: I'll see.

25 JENNIFER: Well, his attorney's calling and
asking these questions, so we, we don't want to get in

1 the way of justice.

2 STEVE: I'll have to say, see what it comes
3 down Jennifer. It's the same for all of us, though it
4 doesn't matter if it's him, you, me or whatever, I
5 mean, when it comes to us here though, it's, it's still
6 is the same thing if, you know, whatever it's been
7 worth doing over here.

8 JENNIFER: Well, I can understand that, but I
9 don't want to get in the way of justice, and I don't
10 want ever DeGuerin to --

11 STEVE: Well, then, if you don't want to get
12 in the way of justice, send the man back here and we'll
13 talk to him.

14 JENNIFER: Well, we've done that many times
15 and they've come to an agreement. DeGuerin has said,
16 an agreement has been reached, and, and that's why --

17 STEVE: See, what, there was a few loose ends
18 he had, in fact, even when it came down to, a very big
19 part of this is who and how it's gonna be paid for,
20 these attorney's, --

21 JENNIFER: Um-hum.

22 STEVE: They're not cheap by any means, --

23 JENNIFER: Right.

24 STEVE: In fact, the truth of the matter is,
25 I've never even heard of such sums being charged.

 JENNIFER: Um-hum.

1 STEVE: So those things have to be worked out
2 and if they're not allowed back in, I guess, well, who
3 knows?

4 JENNIFER: Well, DeGuerin told us that that's
5 all been worked out. He's got a signed contract and
6 it's all --

7 STEVE: It hasn't been. It has not been. He
8 had, he and Zimmerman both came across with at least
9 four to six pages, and only one aspect of that was
10 signed as retaining him, but when it came to the
11 breakdown and so forth and payment and all the rest, it
12 has been.

13 JENNIFER: Okay.

14 STEVE: And that's very important because of,
15 the sums that originally were shown were just --

16 JENNIFER: Well, I don't need to know that.

17 STEVE: Well, I know you don't but that's
18 what it comes down to, you see, so, no, it has not
19 really been worked out. In fact, we told them, when
20 they left, they needed to come back because we were
21 going to revise the contracts that were handed to us.

22 JENNIFER: Okay, he has not mentioned that to
23 us at all.

24 STEVE: I'm sure he wouldn't. I'm sure he
25 wouldn't.

JENNIFER: So, what --

1 STEVE: But, you see, I mean, we're so open
2 that that doesn't, you know, truth is truth, that which
3 is to be known, what's to be hidden in the first place.
4 So, I mean, it never was totally, clearly worked out
5 still. We expected that he would be coming back here
6 at least one time more, he and Zimmerman, because
7 there's a few things that had to be clarified still.

8 JENNIFER: Now, he can come in one more time,
9 but you can, and you can discuss with him, for a while,
10 anything you need to discuss, but at the end of that
11 discussion, that's when DeGuerin has told us, the
12 agreement was that you would come out with him on that
13 last time that he came in.

14 STEVE: You mean so, if they came in one more
15 time we'd be leaving with them when they came in?

16 JENNIFER: That's right, that's right. So,
17 you could have few hours to clear up any loose ends
18 that you have but then you have to walk out with him.
19 That's the agreement that he related to us.

20 STEVE: Well, that, that's news, 'cause, even
21 I was there with David and I already know, you know,
22 there's some issues involved here that's very, that's
23 contrary to, I mean, David, unless he's already been
24 told, see, his God told him to wait.

25 JENNIFER: Yeah, I understand that. That's,
that's why --

1 STEVE: Well, that's what I'm saying. When
2 it comes right down to it, the spiritual, what we're
3 here for, the Bible, is the main thing, so after that,
4 whatever DeGuerin says, if it's part of his work or
5 whatever to drop the case, then, well, that's what's
6 gonna have to happen.

7 JENNIFER: But I need to hear that directly
8 from David because I can't have DeGuerin dropping the
9 case if David hasn't told me it's okay, so I'm gonna
10 need to speak to him directly --

11 STEVE: Well, I got a lot of needs too, and
12 obviously they're not being met, so your needs and my
13 needs are apparently at a, quite a gulf, and your need
14 of talking to David, I'll see what can be done, but I'm
15 not promising you anything.

16 JENNIFER: Well, you just tell him what his
17 attorney said.

18 STEVE: I will definitely do that.

19 JENNIFER: Okay, and I will talk to you after
20 your dailies.

21 STEVE: All right.

22 JENNIFER: Okay, Steve.

23 STEVE: Bye.

24 JENNIFER: Bye-bye.

25 * * * * *

 STEVE: -- be able to get a hold of him. I

1 | knocked at his door and looked in there and he's gone
2 | out, sleeping.

3 | UNIDENTIFIED MALE SPEAKER: Okay, when he
4 | gets up he needs to call us.

5 | STEVE: Yeah, he will do that. I'll, I'll
6 | let him know.

7 | UNIDENTIFIED MALE SPEAKER: All right.

8 | STEVE: And, I guess it was in regards to the
9 | attorney.

10 | UNIDENTIFIED MALE SPEAKER: Yeah, we got to
11 | get that clarified.

12 | STEVE: Yeah, well, you know, just, if he's
13 | passed, if the attorney passed on to you guys to pass
14 | on to us, to him in particular, I mean, I already know
15 | what the answers going to be. I've been sitting there
16 | since both attorney's have been here and working with
17 | them and if he's going to put a time table or
18 | limitation, I mean, --

19 | UNIDENTIFIED MALE SPEAKER: Well, you know,
20 | you're dealing with the real world here. That attorney
21 | has other clients and things and he wants to do it --

22 | STEVE: Well then what he's got to do is go
23 | on and take care of his other clients.

24 | UNIDENTIFIED MALE SPEAKER: Well, he wants to
25 | do the best he can with you.

 STEVE: No, we realize that, but you got to

1 | remember also, these guys are not cheap and in the
2 | first place, no one has got the kind of money that they
3 | want, so we actually were hoping they would be in here
4 | one last time to get all those issues straightened out
5 | because they weren't totally taken care of. They left
6 | contracts to be signed and out of a number of pages,
7 | only a part of that was signed until they could be
8 | actually revised to some degree.

9 | UNIDENTIFIED MALE SPEAKER: We can, we can
10 | get that cleared up, Steve.

11 | STEVE: Okay.

12 | UNIDENTIFIED MALE SPEAKER: 'Cause we'd like
13 | to resolve this thing and if that's a, if that's a
14 | problem we'll get it cleared up.

15 | STEVE: Okay, well, you know, in a little bit
16 | here, hopefully what I'll do is I'll get back to you as
17 | soon as I can here.

18 | UNIDENTIFIED MALE SPEAKER: Okay.

19 | STEVE: Which probably shouldn't be too long.

20 | UNIDENTIFIED MALE SPEAKER: All right. When
21 | he gets up you have him call us, 'cause you understand
22 | that we have to hear it from him?

23 | STEVE: Yeah.

24 | UNIDENTIFIED MALE SPEAKER: Just like if it
25 | dealt with your attorney.

STEVE: I'll definitely, I'll definitely tell

1 | him that.

2 | UNIDENTIFIED MALE SPEAKER: All right. Just
3 | to let you know, if it dealt with your attorney, we'd
4 | have to hear it from you. You understand that, right?

5 | STEVE: Well, I understand that, you know,
6 | these guys might need to hear it for themselves. I
7 | mean, there's still some things that are not settled,
8 | so, but I'll definitely pass on the message.

9 | UNIDENTIFIED MALE SPEAKER: All right.

10 | STEVE: Okay?

11 | UNIDENTIFIED MALE SPEAKER: All right.

12 | STEVE: Talk to you later.

13 | UNIDENTIFIED MALE SPEAKER: Okay.

14 | STEVE: Bye.

15 | UNIDENTIFIED MALE SPEAKER: Bye-bye.

16 | * * * * *

17 | JOHN-4: -- John 4.

18 | STEVE: Four, okay, how're you doing John 4?

19 | JOHN-4: Okay.

20 | STEVE: Yeah, I just called back after
21 | listening to Bob Ricks. He was mentioning how David
22 | used abusive -- You know, I sat right here last night.
23 | I heard no abusive language, no four letter words.
24 | What on earth, John, is that about?

25 | JOHN-4: I have no idea.

STEVE: Listen, if, I know you people tape

1 everything, so, why don't you listen to the tape, and
2 you -- Hello?

3 JOHN-4: Hello.

4 STEVE: What's happening?

5 JOHN-4: Nothing.

6 STEVE: You didn't hear like, crackling?

7 JOHN-4: Yeah, I did. It could be weather,
8 it could be equipment.

9 STEVE: I'm amazed at some of the statements
10 that are made. Basically what I was saying about, I
11 didn't say anything was not a big deal either, what I
12 was saying is that we never made a commitment or ever
13 got into the time issue. I told all these agents, or
14 at least three, four of them, that myself and the
15 attorney's asked David to find out from his God when we
16 would be coming out, what, to get an answer, and his
17 last answer again was wait. That's what I told them.
18 And Passover is a big deal. It is a bid deal, but the
19 way they understood or I don't, I don't know what
20 happened there, but it amazes me. It totally amazes
21 me.

22 JOHN-4: What's the, what's the point?

23 STEVE: Pardon?

24 JOHN-4: What's your point, Steve?

25 STEVE: The point being, I mean, after
listening to this thing about the four letter words,

1 | and the abusive language and all that took place, I'm
2 | wondering if I'm talking to the same people from one
3 | minute to the next and listening to them what they're
4 | passing on. Definitely, I mean, hello?

5 | JOHN-4: Hello.

6 | STEVE: This is, this is pretty rough.

7 | JOHN-4: I don't know, yeah, it is. It could
8 | be weather, I don't know.

9 | STEVE: No, what, the point being is this,
10 | what's the sense of even, what kind of negotiators are
11 | you people? What kind of spokespeople are you people?

12 | JOHN-4: We don't, you know, we don't do the
13 | press conferences, Steve, and I think you're getting
14 | hung up on minutia here.

15 | STEVE: I can't even hear you.

16 | JOHN-4: There's a, there's a bigger here,
17 | you know, it's resolution. I think you're getting up
18 | on minutia. You know, like I say, we don't do the
19 | press conferences.

20 | STEVE: We're not hung up on anything. We
21 | all chose the, John, we all chose to come here because
22 | we, differently than yourself, we believe in the Bible.
23 | That's why we're here, and because certain people came
24 | to turn our lives upside down or attempt to do so,
25 | we're still walking in the path that we've chose to
 | that's laid out very clear to us, laid out by the bible

1 and show it to us thereby. So that's been the agenda
2 before that, that incident of the 28th of the February
3 and it still is. But at the same time David said we'd
4 come out and I believe that's true and we're actually,
5 those that are in here are prepared to do so. They're
6 waiting to do so and the element, of course, is time.
7 So, I mean, and it's not something that we forget
8 about, I mean, it's a day by day thing.

9 JOHN-4: Well, you know, it is a big deal,
10 you know, you said, you know, it was indicated that
11 it's not a big deal, it is a big deal, you know, it's a
12 big deal. We're here to try to peacefully resolve this
13 thing, that's a big deal.

14 STEVE: Yeah, and I never, in fact, if you go
15 back and listen to the tape and to the context, that's
16 not exactly what was implied at all.

17 JOHN-4: Well, the indication was that at the
18 end of Passover, we'd have a resolution, a peaceful
19 resolution.

20 STEVE: No, no, that's --

21 JOHN-4: That's significant.

22 STEVE: No, John, that came in response to
23 my, what they said about the attorney's. That was
24 never stated to them, by them, never. That's what I
25 said plainly. They, they asked, and, and the truth of
the matter is, when, when DeGuerin first came in, I

1 | mean, I sat on the porch the first day, I believe it
2 | was Tuesday or Wednesday, but Wednesday of his first
3 | meeting when he was inside, he actually said or implied
4 | that well, when are you coming out, right now or
5 | tomorrow?

6 | JOHN-4: Well, you know, I don't want to get
7 | into any conversation with you and your attorney.

8 | STEVE: No, I know that, but no, but no, no,
9 | we're talking time though, John, that's all. I mean,
10 | that's not a big deal. That's not the issue of, you
11 | know, legalities and all that anyway, but no commitment
12 | was ever made to him because David implied he had to
13 | wait upon his God, and he tried to explain to him by
14 | going through the prophecies why that was so he could
15 | logically understand. That's what it's about.

16 | JOHN-4: You know, but, if you want to get on
17 | with this, you know, we need, we need a resolution
18 | here, and, and, like I say, the attorney isn't going to
19 | wait forever and then you're probably gonna lose the
20 | services of probably one of the best attorney's in the
21 | southwest.

22 | STEVE: Well, you know, we put God before any
23 | attorney on this earth or anybody.

24 | JOHN-4: I know that, I know that, but this
25 | is --

 STEVE: So if that attorney can't, you know,

1 | can't correspond accordingly, well, I guess that he's
2 | got to do what he's got to do.

3 | JOHN-4: Well, it's a earthly, it's an
4 | earthly problem, but you know, you have to be practical
5 | and get those things aside before you can go on to the,
6 | to the other.

7 | STEVE: It was also an earthly problem when
8 | God brought upon, a flood upon ancient, the world five
9 | thousand years ago. Same thing. Honestly. The same
10 | is gonna happen in this generation. You don't believe
11 | it, I do. That's the difference. Therein lies the
12 | problem of communication and understanding.

13 | I just wanted to respond. I was quite, I mean,
14 | it's quite entertaining to hear what some of these guys
15 | have to pass on. Like I was saying, when I sat here
16 | last night with David, there was, in fact, he was
17 | having a very calm, decent conversation with John #5,
18 | and in the process, all of a sudden, apparently this
19 | guy by the name of, what's his name? I can't even
20 | remember his name now, Duane, came on the telephone and
21 | being very intimidating and threatening. In fact, I
22 | remember David even using the words threatening. He
23 | said something about him being threatening and David
24 | responded basically the same way, not anything bad,
25 | not, not, not rough or anything else, just firm. You
 | know, if you want to lay out a threat, well, then

1 | expect, you know, the same reaction.

2 | JOHN-4: Have you all sprung forward in
3 | there?

4 | STEVE: Have what?

5 | JOHN-4: Have you sprung forward in there?

6 | STEVE: Sprung forward?

7 | JOHN-4: Yeah. I just want to make sure
8 | we're all working on the same time.

9 | STEVE: What do you mean, have we sprung
10 | forward?

11 | JOHN-4: You know, daylight savings? You
12 | know.

13 | STEVE: Oh, I see what you're saying. Yeah,
14 | we, of course. It's just a thing of semantics,
15 | understanding, yeah. We're with you.

16 | JOHN-4: Okay, good. I just wanted to check,
17 | then, as it relates to reality. Where is David now?

18 | STEVE: He's still in his room.

19 | JOHN-4: Well, I need to, I need to talk to
20 | him.

21 | STEVE: You guys have a lot of needs and so
22 | do we. I'll start laying out my needs --

23 | JOHN-4: Well, I think --

24 | STEVE: Listen, John, I'll start laying out
25 | my needs to you and maybe we can negotiate.

 JOHN-4: Well, why don't you?

1 STEVE: And my needs are, I'll tell you what.
2 I'll give you a list like you won't believe, but I
3 really doubt, from what you've already shown for over a
4 month, that you'll even meet one of them.

5 JOHN-4: Well how long do you anticipate this
6 going on?

7 STEVE: Maybe today.

8 JOHN-4: Um-hum.

9 STEVE: Maybe the end of the Passover. I, I
10 really, John, I don't know. In honesty I don't know.
11 I know that in the past, like I've told many
12 negotiators, that when he has been told to wait, it can
13 be the next day. It can be the next couple of days.
14 But, I mean, this is not a first for us where, when he
15 communicates with his God, he has said over months and
16 years, the most frequent thing he gets from God is
17 either trust or the word wait, one or the other.

18 So, I mean, I know it's an unusual thing for you
19 people and the circumstances here are not what they
20 should be and I appreciate what you're going through, I
21 mean, I'm not enjoying it a lot more, in fact, a lot
22 less, of course. And, so we're sitting, waiting by
23 also to hear what the next move is or what it's about.

24 JOHN-4: Well, you know, if a lot of things
25 you say are, are fact, Steve, nothing is gonna affect,
you know, the whole thing relative to you coming out or

1 staying in. If it's a divine thing, you know, you can
2 go down to the store and get a six pack of coca-cola.
3 It's not gonna affect the divine, the divine plan. You
4 know, we're trying to deal with your, your human side
5 relative to resolution.

6 STEVE: No, if you, if you have a --

7 JOHN-4: Do what's, you know, humanly best.

8 STEVE: John, if you have an understanding of
9 the bible, I mean, how God reacts and what he does,
10 does, is in response to what his so-called, whoever
11 they are, his people do. God, God lays out options as
12 to how he fulfills the very prophetic word that he
13 states he will.

14 JOHN-4: Well, humor me, Steve. Let me deal
15 in earthly terms, okay?

16 STEVE: Well this, that's exactly what I'm
17 doing. When we talk, like, Bible, we're talking every
18 day life, we're talking about the realities that are.
19 I'm talking about my daily lifestyle and what I choose
20 to do and don't do at all revolves around the same.
21 You say I, you probably believe in a God, you might be,
22 at best, an agnostic or more, I mean, I don't know
23 where you're at, but --

24 JOHN-4: I'm in Waco.

25 STEVE: Are you in Waco?

JOHN-4: Yeah, that's where, that's where I

1 am.

2 STEVE: I'm standing on the sea of glass, no,
3 I'm in Waco with you, unfortunately.

4 JOHN-4: You know, the reality is this things
5 got to be resolved in court, and that's your
6 opportunity.

7 STEVE: I agree. I agree with that.

8 JOHN-4: And, you know, that's all part of
9 peaceful resolution.

10 STEVE: Right.

11 JOHN-4: So, you know, they're gonna be
12 asking me, you know, how long? How long?

13 STEVE: I know they are.

14 JOHN-4: And, you know, I think you and I are
15 kind of in the same position, you know. We're in this
16 together. You know, we, we are pushing for a peaceful
17 resolution and, and this is the side of the house that
18 I represent.

19 STEVE: Well, you know, obviously, John,
20 obviously, like, when the the attorney's came in, I
21 spoke with them. One would. It's just my nature to
22 say, let's get this thing resolved, get it done with
23 and, I'm, I'm anxious. I think everybody here is
24 anxious. David, himself, is. You could see it in his
25 eyes when he was talking to the attorney. He wanted to
be able to say yes to everything and say, let's do it

1 and be done. I mean, you'd have to be a total igno not
2 to see advantages and so forth. But, at the same time,
3 he never got into this position in the first place,
4 back in '85, because of anything but following the plan
5 that was laid out to him. So, for him, he is stuck,
6 and those of us here, we all have freedom of choice.
7 We've heard the plan, we've seen how he's worked for
8 the last number of years, and so, everybody makes the
9 decision day by day. It's not something you're, you're
10 adamantly stuck on.

11 JOHN-4: Let me demonstrate my -- as it
12 relates to the Bible. You know the Red Sea crossing?

13 STEVE: Yes.

14 JOHN-4: That was a window of opportunity for
15 those people and you have a window of opportunity now
16 and, and, you know, that's not gonna be there forever.

17 STEVE: I agree. I agree.

18 JOHN-4: That's, that's, maybe that's the
19 frustration for you, but that's the real world and
20 that's --

21 STEVE: You're right about that.

22 JOHN-4: You've got an opportunity to have
23 some excellent legal representation and, after that,
24 you're gonna have to, you know, I'm not degrading them,
25 but go to a public defender or whatever.

STEVE: Right. No, I mean, I always, I do

1 | believe that the day comes and if this attorney here
2 | wouldn't want to take my case, I know for sure I'm
3 | gonna be able to find someone elsewhere, so I'm not
4 | concerned about that.

5 | JOHN-4: Well also, you know, and again, I'm
6 | not speaking for attorney's but, they want you, as a
7 | client, to take their legal advise or my understanding
8 | is they won't represent you. And that's something,
9 | that's another, you know, non-spiritual thing that's
10 | you're gonna, that's you're gonna have to deal with.

11 | STEVE: True. But you got to remember,
12 | again, I fear God first. I put God first and my
13 | understanding of that God and what the program is
14 | that's been laid out, so, I mean, that is the bottom
15 | line. That's what I keep on telling, why, you know,
16 | John, would anybody leave Hawaii to come here in the
17 | first place. I mean that should already tell you
18 | something about my --

19 | JOHN-4: Do they have fire ants in Hawaii?

20 | STEVE: Do they have what?

21 | JOHN-4: Fire ants in Hawaii?

22 | STEVE: No fire ants, thank God, nothing. No
23 | snakes, no fire ants. It's a paradise.

24 | JOHN-4: Uh-huh.

25 | STEVE: If there's an earthly paradise,
that's the place. I would live no other place in the

1 | world other than Hawaii.

2 | JOHN-4: Uh-huh.

3 | STEVE: I was totally happy with the
4 | surroundings. I love the beach. I love the mountains,
5 | the pools, the waterfalls, all of it.

6 | JOHN-4: Well, there's certainly a realm of
7 | possibility to get back there.

8 | STEVE: I don't plan on it. It's not what I
9 | see in the book. This world, I believe, is coming to
10 | an end but it's a progress -- progressive end, stages.
11 | And it all has to do with people hearing and
12 | acknowledging certain things, knowledge, gaining
13 | knowledge. Always progressing and understanding. True
14 | religion, like I tell people, like it's been shown to
15 | me and it's clearly so. True religion isn't religion
16 | -- rituals and forms and going --

17 | JOHN-4: Well, --

18 | STEVE: -- to some religious social club
19 | where you're a yo-yo. You stand up and sit down so
20 | many times and you make a cross over your face or
21 | chest.

22 | JOHN-4: Yeah.

23 | STEVE: I mean true religion is education.

24 | JOHN-4: Yeah.

25 | STEVE: Where you gain an education and
understanding of how God works and why in the past.

1 History repeats that.

2 JOHN-4: Well, you're, you're source, Steve,
3 and I, you know, I respect your beliefs but you're
4 getting this from one source is the way I understand
5 it. And, you know, how about you and, and Judy?

6 STEVE: You mean that we're getting it from
7 one source, from David?

8 JOHN-4: From David, yeah.

9 STEVE: Well, yeah, because we believe that
10 he is divinely inspired. You can be inspired by your
11 own feelings, the spirit of the world or God. We
12 believe because of what he has shown, the proof, that
13 he's inspired of God.

14 JOHN-4: Yeah, but what, what -- and I don't
15 want to be argumentative but what if he isn't?

16 STEVE: If he isn't then and it can be shown
17 to me, I mean I'm out of here.

18 JOHN-4: Uh-huh.

19 STEVE: I'm out of here. I'll be gone
20 yesterday.

21 JOHN-4: Well, how, how can it be shown to
22 you?

23 STEVE: Well, I haven't had -- well, I'll
24 tell you one thing, I'm a very open-minded person and I
25 am a listener. And if you have a theologian or a
scholar there or anywhere, I would -- or yourself even.

1 JOHN-4: No, I'm not -- I certainly can't
2 debate that, theology.

3 STEVE: But take -- you'd have to go back to
4 the source, the Bible or some source that has some kind
5 of rational to it.

6 JOHN-4: Well, you know, you're in there.
7 You don't have access to other sources of information.

8 STEVE: It is too bad because that's why I
9 requested early on, like weeks ago already, that if
10 Arnold Tabler, any or -- Jesuit scholars, any scholars.

11 JOHN-4: If, if you come out of there, that
12 can be arranged.

13 STEVE: Well, that's what I'm saying. You'd
14 have -- you'd probably have these people out of here
15 already if you could get a scholar even on the phone
16 where we had a speaker phone or something and they
17 could hear what they were saying. If he challenged
18 David, --

19 JOHN-4: No, we, we sent --

20 STEVE: -- if he showed another perspective.

21 JOHN-4: -- we sent that written material
22 into you from, --

23 STEVE: What written material?

24 JOHN-4: -- from a religious scholar.

25 STEVE: No, no, you sent --

 JOHN-4: Oh, it was on a tape, yeah. Okay.

1 STEVE: Yeah, I was going to say what that
2 was. We had already heard that on the radio. That was
3 just a repetition of what we'd already heard.

4 JOHN-4: Steve, what we're discussing isn't
5 going to happen in there.

6 STEVE: The guy raised questions but at the
7 same time, you know, there was no dialogue. There was
8 no -- he didn't lay out himself what he thought the
9 seven seals were.

10 JOHN-4: Well, --

11 STEVE: In fact, then you, you did send in a,
12 a -- Byron Sage sent in a one-page, I believe it was,
13 to David from one of the scholars from Baylor. Now,
14 all the man said basi-- if I remember right, he was a
15 chaplin or something. But basically all the man said,
16 he said -- he was a sincere Christian type but he
17 really said nothing about the seals. He didn't have
18 any ideas about them. See, no one really does, John,
19 no one does. I mean it's one thing -- let, let us even
20 hear their interpretation but more than that the
21 challenge is show us where they're located in the Bible
22 clearly, where a human being can -- oh, yeah, I see
23 that. I mean that's simple. David has done that. And
24 if you took the time, I think you would agree, whether
25 you believed it or not, that, yeah, this is the same
kind of language employed and I can see the same

1 | concepts and how they relate. I believe you would
2 | agree with that, I do. You'd see it. But whether
3 | you'd want to choose to follow on whether the book is
4 | true or false, that's another issue. But I mean that's
5 | all we've ever said. The challenge is -- there are
6 | people out there, scholars, ministers, making money off
7 | the masses because they're supposed to know that book.
8 | Well, the challenge is show us the seven seals. If
9 | you're a servant of Christ, the last book shows that
10 | you'll know the seven seals. So, that's been the
11 | challenge from day one. If these people would come out
12 | right now, if someone shows something else, they
13 | wouldn't need to be listening to this guy David.

14 | JOHN-4. Yeah.

15 | STEVE: Seriously.

16 | JOHN-4: Yeah. But, Steve, that's not going
17 | to happen in there.

18 | STEVE: Why isn't it going to happen in here?
19 | Why not?

20 | JOHN-4: No one's going to come in there and
21 | debate that, you know. Besides, you know, --

22 | STEVE: Well, in -- or what about on the
23 | telephone, John?

24 | JOHN-4: -- you need, you need a forum.

25 | STEVE: I agree but that could be worked out
over the telephone. I think that guys like this

1 | Professor Philip Arnold, he would -- I bet any money he
2 | would come in here to do that and we'd record the whole
3 | thing. But I mean, you know, you saw that these
4 | attorneys never got hurt.

5 | JOHN-4: Steve, Ste--

6 | STEVE: Listen, we've never aggressi-- we've
7 | never intimidated or fired upon or pointed a gun at any
8 | of your agents outside the building. We've never done
9 | any of those things. We've never -- not even close.

10 | JOHN-4: Yeah. Well, I appreciate that. You
11 | know, this isn't about which, which religious belief is
12 | correct and which is off center and so forth.

13 | STEVE: No, no, you're forgetting that these
14 | people are here aside from that incident because they
15 | believe in certain events that are going to be taking
16 | place and --

17 | JOHN-4: Well, I understand that. And I said
18 | I respect that but, you know, we're dealing with
19 | reality here.

20 | STEVE: No, that's reality to us also.
21 | That's what you don't understand.

22 | JOHN-4: Well, put it in perspective. You
23 | know, there's some, there's some people that have been
24 | killed. You know, that's reality.

25 | STEVE: Yeah, about six of them on this side.

 JOHN-4: Uh-huh. Well, there you are.

1 STEVE: Do you know that --

2 JOHN-4: Don't you think you ought to get
3 that matter cleared up?

4 STEVE: Now, that real -- I'll tell you the
5 truth, I heard what what's his name, that Troy had to
6 say -- oh, I think it was Ricks -- about these agents
7 being -- no, I can't remember which one it was but one
8 of the guys mentioned about four agents being killed,
9 never saying anything about how they came and attacked
10 and killed people laying in their beds --

11 JOHN-4: Well, Steve, why --

12 STEVE: -- laying in their beds.

13 JOHN-4: Why should I believe you that you
14 lost six people? Who are they?

15 STEVE: Their name -- we already gave you
16 their names. You already had them.

17 JOHN-4: No, we don't. We don't have those
18 names.

19 STEVE: Sure you do.

20 JOHN-4: No, un-ah.

21 STEVE: You had Winston Blake. You had Perry
22 Jones, Peter Gent. You asked me about Jay Dean
23 Wendell. That -- and you were correct, that is
24 correct. She was killed, shot in the head while she
25 laid on her bed. And you can make an announ--
 hopefully, you'll make that announcement tomorrow over

1 the press. Jay Dean Wendell, the mother of that four
2 month old baby that went out along with three other
3 children, four children, she was killed immediately.

4 JOHN-4: Okay. Who else?

5 STEVE: So why do you think people start --
6 those people that did grab guns were scared to death.
7 They thought for sure they were -- these people -- I
8 heard from everybody, they heard that these people are
9 coming to take all their lives and, and because of how
10 this whole place was rattled and riddled full of shells
11 and bullets, what do you expect?

12 JOHN-4: Steve, you, you gave me four.

13 STEVE: Okay. And then also you mentioned
14 Peter Hipsman. He was another one that was killed.

15 JOHN-4: And who else?

16 STEVE: Let's see, Jay Dean, Peter Hipsman,
17 Perry Jones, Winston Blake. How many is there? How
18 many did I give you so far?

19 JOHN-4: That's five.

20 STEVE: Oh, and then you told about Mike
21 Schroeder.

22 JOHN-4: Mike Schroeder?

23 STEVE: Yeah.

24 JOHN-4: Where did that happen, do you know?

25 STEVE: I have -- you guys know that. I have
no idea. The ATF apparently shot him 300 yards from

1 | this complex and left his body laying there for three,
2 | four days.

3 | JOHN-4: Oh. How about, how about --

4 | STEVE: Did the guy end up dying out in the
5 | field then, I wonder?

6 | JOHN-4: I don't know. I don't know.

7 | STEVE: I mean I know the ATF knows.

8 | Somebody -- one of those guys shot him. The guy was
9 | left for dead or left laying there dying.

10 | JOHN-4: Uh-huh.

11 | STEVE: I'd like to have known -- know myself
12 | what happened to him.

13 | JOHN-4: How about the children, any children
14 | injured?

15 | STEVE: No, not that I'm aware of.

16 | JOHN-4: Okay. Well, I appreciate that,
17 | Steve, and, and this -- these resolution -- again, that
18 | -- I think it's a frustration for you and for us.

19 | STEVE: You know, I, I think it would be good
20 | if you let the, you know, let that out to the press
21 | about who was killed and --

22 | JOHN-4: Well, --

23 | STEVE: You asked me and apparently you had
24 | that information already so, you know, that, that's --

25 | JOHN-4: Well, I'll pass that along but I
 | don't make those decisions. That's something that's

1 | got to come out in court, you know.

2 | STEVE: But can you see -- I mean here --

3 | JOHN-4: Was, was Michael Schroeder killed
4 | instantly, do you know?

5 | STEVE: Pardon?

6 | JOHN-4: Was, was Schroeder killed instantly?

7 | STEVE: I don't know. You know, John, I
8 | don't know anything about Michael Schroeder. The only
9 | thing I know about him is what you people have told me
10 | or what has come out in the press conference.

11 | JOHN-4: You know, --

12 | STEVE: I know nothing about him.

13 | JOHN-4: Okay. I'm fairly new here, Steve,
14 | but, you know, all these details you're telling me, you
15 | know, gets my attention. If you come out, you can give
16 | this to the press, you know. This is, this is --
17 | obviously you can't --

18 | STEVE: Well, you know, you're part of the
19 | legal system. You're part of justice and you're part
20 | of the lawful aspect of --

21 | JOHN-4: You know, I'm, I'm part of
22 | attempting to resolve this thing feasibly. That's my
23 | role in this thing. It doesn't go any further than
24 | that.

25 | STEVE: You people have always wanted to know
 | who was killed and so I, you know, I, I've told you

1 | what I know.

2 | JOHN-4: Was, was, was -- we had some
3 | information that maybe one of David's kids was killed.

4 | STEVE: Well, maybe he was revi-- maybe the
5 | person, if that's so, was revived. I, I heard from the
6 | beginning, too, that I believe it was a two year old
7 | girl.

8 | JOHN-4: A two year old girl was killed?

9 | STEVE: I believe -- I think that's -- I
10 | don't know if that's -- I believe from the beginning
11 | that's what I was told myself or that's what I heard.

12 | JOHN-4: You don't know?

13 | STEVE: Pardon?

14 | JOHN-4: You don't know?

15 | STEVE: I never did know for a fact because
16 | in those beginning days I was --

17 | JOHN-4: Well, --

18 | STEVE: -- only in one part of the building
19 | near and around --

20 | JOHN-4: Well, we've been here --

21 | STEVE: Pardon?

22 | JOHN-4: We've been here over 30 days.

23 | STEVE: Yeah, we have been.

24 | JOHN-4: Doesn't anybody talk about things
25 | like that?

 STEVE: Not so much. Not too much.

1 JOHN-4: See, --

2 STEVE: I mean no one wants to really think
3 and talk about certain things because, of course, it
4 hits a poor spot along with, you know, shedding tears
5 and --

6 JOHN-4: Yeah, I mean but the fact that a
7 child was killed I think should be common knowledge in
8 there if it occurred. You know, I mean --

9 STEVE: Well, that's just it. If it, if it
10 did, that's right.

11 JOHN-4: -- where, where I'm from, if a kid
12 gets hit by a car, it's front page news.

13 STEVE: Exactly.

14 JOHN-4: That's the way we feel about
15 children.

16 STEVE: Well, I've never noticed any front
17 page news when a child is killed around Waco.

18 JOHN-4: Is, is -- was David -- is David
19 maybe holding back information from you, do you think?

20 STEVE: It's possible but highly unlikely.

21 JOHN-4: Well, what are you guys doing with
22 your, with your casualties in there?

23 STEVE: With the casualties?

24 JOHN-4: Yeah.

25 STEVE: Those that died?

 JOHN-4: Yeah, your, your dead ones.

1 STEVE: Well, like Perry Jones and all these
2 people, of course, they've been taken care of.

3 JOHN-4: What, what does that mean?

4 STEVE: Well, you know, I'm not going to be
5 getting into that. If David wants to say something
6 about it, he can.

7 JOHN-4: Okay. Well, what's --

8 STEVE: It's just like, you know, you ask us
9 about the water supply and, you know, what, what are we
10 going to answer to that?

11 JOHN-4: Well, those are, those are, those
12 are humanitarian concerns.

13 STEVE: Well, I'm -- sure they are, John,
14 just like Judy's finger and David being shot and all
15 the rest. And we allowed you to -- people to take your
16 wounded off, to take care of them. We expected the
17 same treatment. And, of course, that's never come
18 about. So you say humanitarian --

19 JOHN-4: Now, wait a --

20 STEVE: If we told you we had no water, would
21 you be sending water in? Of course you wouldn't be.

22 JOHN-4: There's a possibility, yeah. But,
23 you know, you have to show some good faith on your
24 side, too.

25 STEVE: We had.

 JOHN-4: No, no --

1 STEVE: We have been right along, John.
2 We've shown good faith from day one, right from the
3 time that we were shot at and I called and Wayne Martin
4 called on the telephone and called for you people,
5 asking that this thing be resolved by communication of
6 speech.

7 JOHN-4: Well, you know, that initially we
8 talked --

9 STEVE: Not, not to be shot at first and
10 talked, --

11 JOHN-4: Yeah.

12 STEVE: -- you know, to the dead corpses
13 later.

14 JOHN-4: That, that involves the ATF and, and
15 I'm with the FBI, okay? So, I'm not --

16 STEVE: No, when I say you, I'm talking about
17 generally this whole business.

18 JOHN-4: Uh-huh. You know, any of those
19 needs that we're discussing, Steve, will certainly be
20 forthcoming if -- when this is resolved. You know, we
21 -- we're not going to cater, and that might sound a
22 little strange using that type of word, but we're not
23 going to cater to you in there, you know. It's not to
24 your advantage or ours, you know.

25 STEVE: It's definitely not been to my
advantage to be -- right from day one when I was shot

1 at, all of a sudden I'm a criminal. I get shot at.
2 Someone wants to take my life and I'm the -- can you
3 imagine that? Here I've got to go sit in jail to wait
4 for trial, not knowing what's going to happen, what I'm
5 even going to be charged with. You know, I don't even
6 have the -- to tell you the truth, I don't have the
7 faintest idea what some of the charges might be. I've
8 got an idea to some degree but it amazes me that I'd be
9 charged with anything at all.

10 JOHN-4: Uh-huh. So, let's --

11 STEVE: I came here back a month or -- about
12 a couple of weeks before to study the Bible again, as I
13 usually do when I come in from California. And then to
14 get shot at and all of a sudden, you know, here we're
15 looking at criminal charges. You aren't. The ATF
16 aren't, the ones that came to take our lives and, in
17 fact, did. And Jay Dean Wendell, she never had a
18 chance. Perry Jones never had a chance. I'd like to
19 -- that David Troy -- I mean there are times, you know,
20 the human being wants to just up and use language in
21 this world like a lot of people do use, like what we
22 heard come out of the mouth of the ATF agents. A man
23 like him, a lying son-of-a -- uhh, I'll tell you what,
24 what I've heard him say on the press and all that, a
25 liar from day one. His father is found John 844, a
liar from the beginning, a murderer. The first lie

1 | caused mankind to die. That's what this David Troy is
2 | all about.

3 | JOHN-4: Uh-huh. Well, you know, --

4 | STEVE: Intelligence man for the ATF -- man,
5 | he would be good for the Gestapo. He'd have been good
6 | for the KGBS.

7 | JOHN-4: Steve, all this stuff --

8 | STEVE: KGB.

9 | JOHN-4: -- you're talking about is, is, is
10 | going to come out in court, you know, and I, you know,
11 | I can't stress this --

12 | STEVE: They come -- he was talking about his
13 | agents being killed. They come here and shot people
14 | like Perry Jones.

15 | JOHN-4: Well, you know, --

16 | STEVE: The man never had a chance.

17 | JOHN-4: The court system --

18 | STEVE: Never had a chance.

19 | JOHN-4: -- is independent of ATF or the FBI
20 | or any agency.

21 | STEVE: How come these guys aren't arrested,
22 | though, John? Okay, if I'm arrested and you've got --
23 | look at, you've got Kath--

24 | JOHN-4: Well, nobody knows your side, you
25 | know.

 STEVE: Wait, wait. You've got Kathy

1 | Schroeder. You've got Brad Branch. You've got
2 | Livingston Fagan. You've got all these people. Why
3 | the "H" are not some of these people being locked up
4 | and, and interrogated?

5 | JOHN-4: Well, nobody has your side of it,
6 | Steve, and that's not going to happen until you --

7 | STEVE: No one has our side? You've got
8 | people of ours out there right now trying to speak.
9 | How long do they have to be --

10 | JOHN-4: That's got to come out in the proper
11 | --

12 | STEVE: How long do they have to sit there
13 | being locked up?

14 | JOHN-4: It's got to come out in the proper
15 | form.

16 | STEVE: I mean you've got, you've got
17 | Katherine Madison, a blind old woman, and you've got
18 | her for conspiracy to commit murder. You've got her
19 | for attempted murder. You've got her for mur-- I mean
20 | what in the heck --

21 | JOHN-4: Does she deserve your support?

22 | STEVE: Does she deserve America's support?

23 | JOHN-4: Does she deserve your support?

24 | STEVE: She's innocent until proven guilty.
25 | She's innocent right now and you've got her locked --
 | you've gone -- you people have gone so against every

1 principle of the Constitution, you're going to amend
2 the thing to death, people like yourselves.

3 JOHN-4: Does, does that woman deserve your
4 support?

5 STEVE: Does that woman deserve your support?

6 JOHN-4: No, yours?

7 STEVE: No, yours. I mean yours and the ATF,
8 I mean this Governments. This Government looks like
9 it's turning into a totalitarian government, isn't it,
10 tyranny?

11 JOHN-4: Well, let's, let's talk about you,
12 Steve. I'm -- my job here is just hopefully to
13 peacefully resolve this thing.

14 STEVE: How can you peacefully -- that's
15 going to have to --

16 JOHN-4: Can I ask -- can I ask you a
17 question?

18 STEVE: John, don't you see that there's got
19 to be something beyond man? Man hasn't peacefully,
20 peacefully resolved anything in 6,000 years. It just
21 doesn't work here, does it? Look at the corruption
22 that's come into this government. I mean the people
23 like Jefferson, the painstaking time -- that's why the
24 document of the Constitution is so important. It's
25 been so run over by all these powerful merchants that
now control this little puppets that are called

1 | politicians. I mean when you -- looking at all these
2 | details, I mean this, this country, like the world, is
3 | in need of some real help, isn't it?

4 | JOHN-4: Well, you know, --

5 | STEVE: I mean if you and I want justice, if
6 | I want justice, if any of these people that are in jail
7 | right now want justice, the dead people want justice,
8 | it's not going to come from this court system which is
9 | totally --

10 | JOHN-4: It's certainly not going to -- not
11 | going to come from staying in there.

12 | STEVE: I know too many cases where juries
13 | have come to certain decisions and then it's been
14 | abrogated by the judge.

15 | JOHN-4: But what kind of case is that?

16 | STEVE: Oh, there's a number of cases that
17 | Wayne Martin was sharing with me here not too long ago.

18 | JOHN-4: Well, --

19 | STEVE: I was amazed at some of the, the, the
20 | decisions made by the, the jury which were set aside by
21 | judges. What kind of a thing is that? What --

22 | JOHN-4: Well, --

23 | STEVE: -- good was it to have a jury system?

24 | JOHN-4: Well, you know, the investigative
25 | agency in this is an independent body and that's the
 | Texas Rangers.

1 STEVE: I'm hoping that, you know, these guys
2 are respectful but --

3 JOHN-4: They're very professional.

4 STEVE: -- these -- nowadays, who knows
5 anything for sure anymore?

6 JOHN-4: They're probably one of the most
7 professional agencies in this country.

8 STEVE: I hope so. I mean nothing's -- to
9 come out in this system but I see you -- I mean how you
10 people --

11 JOHN-4: Steve, not, not, nothing's going to
12 happen --

13 STEVE: -- how the system's already abused
14 Katherine Madison, little Margaret Lawson from Hawaii,
15 the little humble Japanese woman. I mean what in the
16 heck --

17 JOHN-4: Well, come out and support her.
18 You're holding this thing up.

19 STEVE: No, I'm not. She's been falsely
20 accused. She's, she's --

21 JOHN-4: What do you mean you're not?

22 STEVE: Everybody here is guilty until proven
23 innocent, isn't that true?

24 JOHN-4: Well, I --

25 STEVE: That's what I'm seeing. That's what
you people have shown. The whole system now has --

1 | it's not innocent until proven guilty. The --

2 | JOHN-4: But, Steve, Steve, I have -- I know

3 | --

4 | STEVE: --system is, you know, -- a person is
5 | to be charged here to go to court real quickly. I'm
6 | told by the attorneys who I'm -- and I'm sure it's
7 | true, that one will end up sitting around in jail for
8 | six months before you even come to trial.

9 | JOHN-4: Steve, I'm not a --

10 | STEVE: The Government's got up to five years
11 | to keep on coming up with new charges for you.

12 | JOHN-4: Well, I'm not a judge or a jury so

13 | --

14 | STEVE: Well, I'm -- when you hear all of
15 | that kind of thing, who wants to sit in jail for five
16 | years before things are resolved. You do it and then
17 | maybe I'll think about doing it.

18 | JOHN-4: You know, from what you say, it, it
19 | indicates that, you know, okay, the individuals that,
20 | that are charging may -- just have half of the story.
21 | You know, that's why they have a system.

22 | Do you know about the Speedy Trial Act?

23 | STEVE: I've, I've heard about things like
24 | that.

25 | JOHN-4: They, they can --

 STEVE: Too bad it doesn't work.

1 JOHN-4: Oh, if it doesn't work, they'll
2 probably throw the case out. I mean that's, that's a,
3 that's an absolute in the court system.

4 STEVE: I mean wha -- so Kathy Schroeder's
5 innocent. She's already spent time in jail. Look at
6 the kind of time she's already spent. How are you
7 going to repay -- how is the system going to repay her
8 --

9 JOHN-4: Well, you --

10 STEVE: -- life back to her?

11 JOHN-4: You take that up with your attorney.

12 STEVE: No, no, I'm taking it up with you and
13 God right now. Who are you or anybody in this world to
14 take time from me?

15 JOHN-4: Steve, don't, don't put me on a
16 power with God.

17 STEVE: I'm, I'm still -- listen, I'm still a
18 free moral agent in this world. I can still make some
19 choices.

20 JOHN-4: Well, I hope you -- I hope you are
21 and that's what, that's what I'm --

22 STEVE: And right now I'd like to see why it
23 is -- you show me some -- or this whole system, some
24 real fairness about also taking these same men that
25 came to take our lives. Let's go all the way up to
Higgins, all the way up to the director himself.

1 JOHN-4: You know, once an individual is
2 charged under the Speedy Trial Act, they've got 60 days
3 to bring that, that matter to court.

4 STEVE: I know you want to keep avoiding the
5 very issues that are involved here but I'm -- I can't.
6 There's murderers involved here. Number one, the
7 Constitution has --

8 JOHN-4: Well, Steve, I'm --

9 STEVE: -- given us right to bear arms in the
10 first place. Who is this blanking ATF agency that the
11 Constitution had never allowed for in the first place?
12 Who's, who's involved in doing these kinds of things?

13 JOHN-4: Steve, I'm, I'm, -- hey, I'm with
14 the FBI. It's a, you know, --

15 STEVE: You know, and the American people
16 they can't even vote these kind of people --

17 JOHN-4: I can't even --

18 STEVE: You know, they're not even -

19 JOHN-4: Steve, I can't even tell you when
20 the ATF was founded, okay.

21 STEVE: That ATF are not even answerable
22 directly to the people of America, are they? Are they,
23 John? Neither are you people. If I wanted to vote you
24 out, how would I get you out?

25 JOHN-4: You can probably lodge a complaint
against me with the FBI and they'd have --

1 STEVE: Well, that's what I'm saying. No,
2 the FBI --

3 JOHN-4: -- an Internal Affairs
4 investigation.

5 STEVE: -- agency is above the law and is
6 beyond the, the vote of the people. This is not even a
7 democracy anymore. It was originally a republic, not a
8 democracy. A republic is where everybody, even
9 minorities, --

10 JOHN-4: Steve, I, I, --

11 STEVE: -- have their rights guaranteed.

12 JOHN-4: Steve, this isn't constructive.

13 STEVE: Yeah, it's very constructive because
14 we're --

15 JOHN-4: You know, --

16 STEVE: -- we're getting down to some real
17 problems here.

18 JOHN-4: Let me tell you -- let me tell you
19 -- what was it, Tuesday night? You know what I did
20 Tuesday night?

21 STEVE: Pardon?

22 JOHN-4: Did you ever hear of the Taste of
23 Waco?

24 STEVE: The what of Waco?

25 JOHN-4: The Taste of Waco.

STEVE: The Taste of Waco.

1 JOHN-4: Yeah.

2 STEVE: I have no idea what you're talking
3 about.

4 JOHN-4: It's a big like food fair you go to.
