Howard Shuman, Administrative Assistant to Senator William Proxmire (D-Wisc.), telephonically contacted Bureau Headquarters late on 6-19-72 and spoke with Mr. Bland in your office. Shuman stated that Senator Proxmire, as Chairman of the Subcommittee on Financial Institutions, Senate Committee on Banking, Housing, and Urban Affairs, had contacted Arthur F. Burns, Chairman of the Federal Reserve System, concerning tracing the several \$100 bills which reportedly had been found in the possession of the persons arrested in captioned matter. Shuman said Burns had stated these bills could possibly be traced if the serial numbers were furnished by "the investigative agency." Shuman asked if we could furnish the serial numbers to them for this purpose. *U*

This matter was discussed with personnel of the General Investigative Division, and it was determined that we are in the process of tracing this money through the Federal Reserve System, it having been determined that the bills originated in the Federal Reserve Banks in Philadelphia and Atlanta. It was felt that the FBI should not furnish any information concerning this investigation to Senator Proxmire or anyone else outside of the normal channels and that the Senator's inquiry should be referred to the Department of Justice. *U*

Inspector Bowers recontacted Mr. Shuman on 6-19-72 and advised him that the tracing of this money was part of our investigative effort and that we could furnish them no information. It was respectfully suggested that he direct his inquiry to Henry Peterson, Assistant Attorney General in charge of the Criminal Division, Department of Justice. *U*

~~CONFIDENTIAL~~

Pursuant to our conversation of 6/19/72, I desire to set forth the following:

JAMES WALTER MC CORD and I first became acquainted as FBI Radio Operators in 1942. We subsequently trained in the same FBI Agents' Class in 1948. He left several years later and joined CIA. Over the years, we have maintained limited contact, and on infrequent occasions I have stayed at MC CORD's residence while in the Washington Metropolitan area.

I last stayed for several weeks with the MC CORD family in Rockville, Maryland, in October, 1971, after he had retired from CIA. He was teaching at Montgomery County, Maryland College, and had begun an industrial security business. At that time he offered me employment, but after due consideration I declined and decided to continue my Bureau career.

During the past several months, MC CORD telephonically advised me he was security chief for the Republican National Headquarters, and that it was apparent the Republican Convention was coming to Miami. He asked me re accomodations on the Beach, and I told him of the exorbitant rates. He then asked if there were accomodations in my apartment house. I verified there were; price was agreed upon, and he took an apartment through 8/31/72.

On about 5/30/72, MC CORD called, saying he was at the Doral Hotel, with a White House contingent. Late that evening he appeared at my apartment house. We had dinner, at which time he explained he was going to have the over-all Republican security at the Doral, that JOHN MITCHELL and MAURICE STANS would be among the guests. Knowing I was giving thought to retirement, he offered me a part-time job from the date of my retirement through November, 1972, which I explained I could, health permitting, probably handle.

MC CORD was alone during our conversations. He expressed interest in another apartment in my building for his associates, and negotiated for the rental of another unit in my same building, through 8/31/72. B1

At no time did MC CORD indicate what his Washington Republican Party duties were. He never discussed with me his duties in the CIA, except to say 

I categorically deny I ever made any attempt to obtain any electronic equipment for MC CORD. I deny that I ever furnished him with any information regarding electronics equipment, or otherwise, from Bureau files, or as a result of my Bureau electronic training.

IT IS ALSO POSSIBLE TOM MC CUIN ORALLY FURNISHED MC CORD INFORMATION AS TO EQUIPMENT AVAILABLE FROM B & H AND FROM HIS FATHER DURING NEGOTIATIONS WITH MC CORD CONCERNING A BURGLAR ALARM SYSTEM. U

ITEMS WHICH WILLIAM MC CUIN INCLUDED IN HIS FOUR TWENTY TWO PROPOSAL, BUT WHICH WERE NOT ACCEPTED BY MC CORD ARE A SEVEN TWO SEVEN TWO ZERO DECODER WITH RECEIVER, AN L TWO VEHICULAR POWER SUPPLY, AND FIVE KEY PEOPLE ALARMS. MC CUIN RENTED TO MC CORD A REPEATER FOR USE WITH HIS B & H TRANSCEIVERS. THE REPEATER WAS RENTED FOR THE MONTHS OF JUNE, JULY, AUGUST, AND SEPTEMBER, NINETEEN SEVENTY TWO. U

MC CUIN NEITHER SOLD NOR RENTED ANY EQUIPMENT TO MC CORD OTHER THAN THAT MENTIONED IN THE INITIAL INTERVIEW WITH HIM. MC CUIN NOTED HE SPECIFICALLY SELECTED THE FREQUENCIES FOR THE TRANSCEIVERS HE SHIPPED TO MC CORD AT FCC OFFICES, WASHINGTON, D.C. MC CORD PLAYED NO ROLE IN THE SELECTION OF THE FREQUENCIES OTHER THAN WARN MC CUIN THAT THE TRANSCEIVERS WOULD BE USED IN WASHINGTON, D.C., AND MIAMI, FLA. CONFLICT WITH THOSE ALREADY IN USE. MC CUIR DEFINITELY DID NOT
MANUFACTURE, SELL OR LEASE ELECTRICAL
SURVEILLANCE EQUIPMENT TO MC CORD, OTHER THAN THAT PREVIOUSLY
MENTIONED. HE DOES NOT HAVE SUFFICIENT TECHNICAL KNOWLEDGE TO
MANUFACTURE SUCH DEVICES HIMSELF. U

MC CUIR VIEWED A PHOTO OF A PERSON IDENTIFIED AS JAMES V.
MC CORD IN A PHILADELPHIA NEWSPAPER. HE DOES NOT RECOGNIZE HIM AS
THE PERSON HE MET IN WASHINGTON, D.C., IN JANUARY AND WHOM HE
ASSUMED WAS MC CORD. SEVERAL PEOPLE WERE AT THE INITIAL MEETING,
INCLUDING FRANK JAMESON, R & M VICE PRESIDENT, AND PEOPLE
IDENTIFIED AS SECRET SERVICE AGENTS. MC CUIR FEELS IT IS POSSIBLE
MC CORD WAS AT THE MEETING AND MC CUIR TOOK NO NOTE OF HIM. U

Washington Field Office requests that Bureau liaison interview Charles W. Colson, Special Counsel to the President concerning the employment of Everette Howard Hunt, Jr., at the White House. It is recommended that Mr. Colson be interviewed by SA Robert Haynes, Special Coordination Unit, Domestic Intelligence Division.

It is noted that at the time of the search of the hotel rooms at the Watergate Hotel rented by the subjects, pursuant to search warrant, an envelope was located containing a small check drawn by Hunt in payment of a bill. Hunt was contacted, admitted the check in question was his, but refused to discuss the matter or the individuals involved. Inquiry of Mr. A. P. Butterfield, Deputy Assistant to the President, revealed that Hunt was used as a consultant by the White House on "highly sensitive, confidential matters" about nine months ago; subsequent check showed Hunt employed as recently as March, 1972. - ALSO CURRENTLY ON WHITE HOUSE ROLLS BY SERVICE AGREEMENT.

We conducted a Special Inquiry investigation in July, 1971, on Hunt for a White House staff position. The nature of his work is not known and it is believed that Mr. Colson, for whom Hunt worked at the White House, should be contacted to determine in general terms what Hunt's duties were and whether his duties would have required him to be in contact with the subjects. It is known that among the items seized by the Metropolitan Police Department after the subjects were arrested is a pocket address telephone book which contained a notation "Hunt W. House." This address book was found in a dresser drawer in the hotel room rented in the names of subjects Barker and Martinez.

RECOMMENDATION: That SA Robert Haynes, Special Coordination Unit, Domestic Intelligence Division, interview Mr. Charles W. Colson, as mentioned above.

Honorable L. Patrick Gray
Acting Director
Federal Bureau of Investigation
9th & Pennsylvania Avenues
Washington, D. C.

Dear Mr. Gray:

I was greatly shocked over the recent reports that five men were arrested while attempting to place listening and other spying devices within the offices of the Democratic National Committee.

Handwritten:
In the interest of restoring confidence of the American public in our political system, I think it would be necessary for the Bureau to conduct a thorough investigation of this matter immediately.

Q1 and Q2 Two Bell & Howell transceivers
 Q3, Q4, and Q5 Three miniature radio transmitters (telephone type)
 Q6 One Realistic AM-VHF radio receiver
 Q7 Two "twist tie" wires with nails attached
 Q8 One plastic box with a metal back, six D-cell batteries
 and one miniature radio transmitter with microphone
 attached
 Q9 One electronic wristwatch

Results of Examination:

Q1 is a Bell and Howell, battery-powered, portable radio transceiver in a leather carrying case, Model 247BX, serial number 4900. This unit is a two-channel transceiver. Channel One transmits on 156.2600 megahertz (MHz) and receives on 161.9725 MHz. Channel Two transmits and receives on 161.9175 MHz. The manufacturer quotes the following specifications for Model 247BX:

R. F. Power Out - 1 watt at 14 volts DC.
 Battery life - one 8-hour day, 10% duty cycle.
 Frequency coverage - 148 to 174 megahertz.

Q2 is a Bell and Howell, battery-powered, portable transceiver in a leather carrying case, Model 247BX, serial number 4971. This unit has the same physical and electrical characteristics as Q1.

Q3, Q4, and Q5 are miniature radio transmitters approximately 1 1/2" long by 1" wide by 1/2" high. The radio circuit components are encased in a black epoxy-like material. Three small wires protrude from each transmitter. Two wires protrude from one end and serve to

JBp:meh

connect the transmitter in series with one wire of a telephone line. One of these wires is terminated with a small alligator clip made by the Mueller Co., Cleveland, Ohio. The second wire has no terminal clip but has solder on the end where the insulation has been removed.

The third wire protrudes from the opposite end of the transmitter and is approximately 20" long and serves as a radiating antenna.

Q3, when connected in series with the "tip" side of a test telephone line, transmitted the voices on the line to a radio receiver tuned to a frequency of approximately 114.7 MHz.

Q4 is the same as Q3 except the operating frequency is 110.3 MHz.

Q5 is the same as Q3 except the operating frequency is approximately 110.7 MHz and one component is damaged. Q3, Q4, and Q5 are designed primarily to transmit telephone conversations to a receiver within range of the transmitter.

Q6 is a Realistic #206 AM-VHF battery-powered radio receiver. It measures approximately 2 13/16" wide by 1 3/8" deep and 4 3/8" high. This receiver is made in Japan and sold by Allied Radio Shack, a division of Tandy Corporation. The unit is operational on frequencies 540 to 1600 kilohertz and 108 to 135 MHz.

Q7 consists of two "twist tie" wires. The two wires are connected together by twisting and the two ends each have a small nail attached.

Q8 consists of a white plastic box with a metal back. Stamped on the metal back are the words: "Trine Mfg. Co." The box measures 8 1/4" by 2 3/8" by 4 3/4". Two typewritten labels on the front read: "ARI Smoke Detector" and "Fire Eqp. Do Not Move." Included in Q8 were six Allied, alkaline batteries, size D 1 1/2 volt DC. When tested on a Simpson battery tester two of the batteries tested "weak" and four tested "good." Four of the batteries were wired in series when received. The remaining two batteries have solder on each end and one has a short length of wire similar to that used to connect the four batteries in series. This suggests the six batteries could have been wired in series to form a 9-volt supply.

Q8 also contained one miniature radio transmitter with microphone. When a 9-volt battery was properly attached to the transmitter, voices in the area of the microphone were transmitted on a frequency of approximately 110.13 MHz and could be received by radio receiver, Q6.

Two of the components used in the construction of this transmitter are capacitors manufactured by Vitramon Inc., Bridgeport, Connecticut.

Q9 is a Matthey-Doret, electronic wristwatch. At the time of examination the watch was running. The words "West Germany" appear at the bottom edge of the face. Q9 does not appear to be altered in any way.

The evidence is being returned to Washington Field Office via personal delivery.

On 6/17/72, SA J. B. Parsons of the Laboratory received from WFO Supervisor Ernest Belter the following items for Laboratory examination:

- Q1 One Bell and Howell portable radio transceiver, serial number 4900.
- Q2 One Bell and Howell portable radio transceiver, serial number 4971.
- Q3, Q4, and Q5 Three each miniature radio transmitters, telephone line type.
- Q6 One Realistic AM-VHF radio receiver.
- Q7 Two tie wires with small nail at each end.
- Q8 One plastic case containing six Allied Alkaline D batteries and a miniature radio transmitter with microphone.
- Q9 One electronic wristwatch.

A preliminary examination of the above items revealed that two of the telephone devices were in operating condition and would, when properly connected to a telephone line, transmit telephone conversations to a radio receiver. One of the telephone devices and the microphone equipped radio transmitter, Q8, were damaged when received and were not in operating condition.

- K2 Two Personal Information forms and sheet of paper bearing known handwriting of BERNARD L. BARKER
- K3 Two Personal Information forms and four sheets of paper bearing known handwriting of EUGENIO ROLANDA MARTINEZ CREAGA
- K4 Two Personal Information forms and two sheets of paper bearing known handwriting of VIRGINIO R. GONZALES
- K5 Two Personal Information forms and two sheets of paper bearing known handwriting of FRANK A. FIORINI
- K6 Two Personal Information forms and two sheets of paper bearing known handwriting of JAMES W. MC CORD, JR.

Specimens received 6/28/72 from FBI, Miami:

One sheet of paper bearing exemplars of typewriting from two typewriters located in office of Barker Associates, Inc., Miami, Florida

K7 - Typewriting from Olympia Electric typewriter

K8 - Typewriting from Underwood Typemaster typewriter

Specimens received 8/29/72 from FBI, Miami:

Q43 Playboy Plaza Hotel registration card, folio #14999, bearing the signature "Ed. Warren"

Q44 Playboy Plaza Hotel registration card, folio #15000, bearing the signature "George F. Leonard"

Request received 6/29/72 from FBI, Washington Field Office:

Request comparison of known handwriting of GEORGE GORDON LIDDY with the questioned handwriting previously submitted in this case

Result of examination:

It was determined that the Carter signatures on specimens Q13, Q28, Q33, and Qc40 were prepared by BERNARD L. BARKER, the writer of specimen K2.

It was determined that the Valdes signatures on specimens Q3, Q23, Q35, and Qc41 were prepared by EUGENIO ROLANDA MARTINEZ CREAGA, the writer of specimen K3.

It was determined that the McCord signature on specimen Q5 was prepared by JAMES W. MC CORD, JR., the writer of specimen K6.

Insufficient comparable writing and/or the presence of divergent characteristics would not permit BERNARD L. BARKER, K2, EUGENIO ROLANDA MARTINEZ CREAGA, K3, VIRGILIO R. GONZALES, K4, FRANK A. FIORINI, K5, or JAMES W. MC CORD, JR., K6, to be identified with other writings on specimens Q1 through Q44.

Insufficient comparable writing for a satisfactory examination and the presence of divergent characteristics, which may or may not be attributable to deliberate distortion of the questioned writings, precluded a determination of whether or not

any of the questioned writings on specimens Q1 through Q44 were prepared by ALFRED C. BALDWIN, III, or GEORGE G. LIDBY, whose known writings are available in the Bureau.

It was determined that the typewriting on specimen Q42 was not prepared on the typewriter K1 or on the typewriter employed in the preparation of specimen K7.

The typewriting on specimen Q42 was found to be of the same size and style as that designated K8. However, the number of characteristics in the typewriting on these documents is too limited to definitely establish whether or not specimens Q42 and K8 were prepared on the same typewriter.

Specimens K2 through K6 are returned herewith. Specimen K1 is being returned to Miami under separate cover. The sheet of paper containing the typewriting exemplars K7 and K8 is being returned to Miami with copies of this report. Photographs of specimens Q1 through Q44, K7, and K8 have been retained. Typewriting exemplars obtained from specimen K1 have also been retained.

ReButel calls 6/22/72. U

As instructed in referenced Butel call to New Haven that office is to intensify and expedite efforts to develop full background concerning Alfred Carlton Baldwin since his resignation from the FBI. This should include employments, analysis of bank accounts, obtaining of toll calls from his residence, the residence of his mother, or any other place where he is known to have resided in past six months. U

Miami is instructed to obtain fingerprints of Mr. Ector Reynaldo, Vice President, Republic National Bank, Miami, for comparison with any latent fingerprints that may be found on money recovered at time of subjects' arrest and subsequent search of their rooms at Watergate Hotel. U

Kansas City as instructed should make effort to identify George L. Leonard who was registered at the Watergate Hotel with subjects 5/26 to 30/72. Check all flights from Kansas City to Washington, D. C., for this period. It is noted subjects when registering at hotel used names in which their airline tickets were issued. For information of Kansas City an attempt was made to enter Democratic Party Headquarters at the Watergate Apartments, Washington, D. C., on 5/26/72, and subjects may have been involved in this. U

Re: JAMES WAUTER MC CORD; ET AL.

New York endeavor to handle similarly as above for Kansas City re Edward Warren who registered at Watergate Hotel with subjects 5/26 to 30/72. U

Miami and WFO should continue efforts to identify other suspects involved noting that on 5/2/72, subjects Barker and Martinez purchased ten round trip tickets from Miami to Washington, D. C., for use on National Airline flight No. 103 for 5/3/72. WFO continue efforts to locate hotels or motels at which suspects may have stayed on occasion of the 5/3/72, trip. Considering the size of this group, it is suggested car rental agencies should also be contacted for possible rentals by this group at that time. It is noted an apparent attempt was made to enter Democratic Party Headquarters at the Watergate on 5/6 and 8/72. Miami should also determine when the return portion of tickets issued for this trip were used. U

WFO consider similar contacts with car rental agencies for period 5/27 to 30/72, when subjects were known to be in town at the Hamilton Hotel and Watergate Hotel. U

It is again reiterated that all leads in this matter must be given the highest priority with sufficient personnel assigned to insure maximum effort in covering all leads. U

GENERAL INVESTIGATION DIVISION
SUMMARY

Attached summarizes investigation on 6/19/72 of the burglary of the offices of the Democratic Party National Headquarters.

1. James Walter McCord, Jr., for approximately five week period in May and June, 1972, rented rooms in Howard Johnson Motel opposite Watergate Apartments. Part of time rooms rented were on same level as offices of Democratic Headquarters at Watergate Apartments.

2. The \$100 bills recovered from subjects when arrested and from their room at Watergate Hotel have been traced to Federal Reserve Banks at Philadelphia and Atlanta. Investigation to trace bills continuing.

3. Investigation at Federal Communications Commission revealed frequencies to which eavesdropping equipment seized at burglary scene was tuned, assigned to McCord Associates on temporary basis for use in connection with Republican National Convention.

4. Everette Howard Hunt, Jr., and Michael Douglas Caddy declined to be interviewed. Hunt is the White House employee whose personal check in payment for a country club bill was located in rooms at Watergate Hotel rented by subjects. Caddy is the Washington, D. C., attorney who gratuitously showed up at the Metropolitan Police Department Precinct at 3:00 a.m., 6/17/72, where subjects were taken after arrest and stated he represented subjects.

Vigorous investigation of this case is continuing.

GENERAL INVESTIGATIVE DIVISION

SUMMARY

Attached advises of investigative developments on 6/20/72 concerning burglary of the Democratic Party National Headquarters, Watergate Apartments, on 6/17/72.

1. Manager, Howard Johnson Motel, opposite Watergate Apartments, advises McFord paid bills for rooms at Motel from 5/5 - 6/16/72. None of subjects occupied rooms at Motel. By tracing long distance telephone calls made from Motel apparently former Special Agent Alfred Carleton Baldwin, III (served 1963-1965) was individual who occupied these rooms. Investigation re this aspect continuing.

2. Miami Branch, Federal Reserve Bank of Atlanta, advised part of \$100 bills recovered subsequent to burglary from subjects or their rooms at Watergate Hotel, were shipped to Republic National Bank, Miami. Subject Bernard L. Barker's firm has account at same bank. Investigation continuing.

3. Investigation reveals four of subjects along with two other individuals were in Washington, D.C., at Hamilton Hotel, 14th and K Streets, N.W., from 5/22-26/72. These subjects moved to Watergate Hotel for period 5/26-30/72.

4. Personnel at Watergate Hotel identified Everette Howard Hunt, Jr., as one individual seen at Watergate Hotel Saturday, 6/17/72, after instant burglary. Hunt is former CIA employee who is a consultant to White House Staff, whose identity was revealed by address books seized from rooms of subjects following burglary.

5. Assistant U.S. Attorney, Washington, D.C., advises defendants filed Motion for Reduction of Bail; hearing set for 2:00 p.m., 6/22/72.

6. Chairman, Democratic Committee, filed \$1,000,000 damage suit for invasion of privacy against Committee to Re-elect the President and 5 other subjects involved. Expeditious investigation continuing.

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED

DATE 6/21/72 BY [redacted] SUMMARY
Investigation conducted 6/21/72, concerning burglary of Democratic Party Headquarters, 6/17/72.

(1) Two maids at Howard Johnson's Motel, Watergate Apartments, positively identified former Special Agent Alfred Carleton Baldwin, III, as being the occupant of two rooms rented by McCord during period 5/6 - 6/16/72. Investigation to locate and interview Baldwin continuing.

(2) [redacted] Martinez (arrested at burglary scene) left his car at garage at Miami Airport which has weapon and important documents inside. Assistant U. S. Attorneys, Miami, and Washington, D.C., coordinated efforts to obtain search warrant for car. Search warrant obtained and executed by Miami Agents, 6/21/72; only items of possible pertinence were a heavy-duty scuba knife and matchbook from Watergate Hotel, Washington, D. C. (S)

(3) Continuing efforts being made to trace \$100 bills which were recovered from subjects or their rooms. Results in Philadelphia negative to date and efforts continuing in Miami.

(4) Security officer, Watergate Apartments, advised attempts had been made to enter Democratic Headquarters on first and sixth floors of the building on 5/6, 8, and 28/72. On two occasions, Metropolitan Police Department responded but located no latent prints or evidence of value. On one occasion, latent prints were found and these are being compared with prints of all known subjects.

(5) Baltimore determined McCord has several bank accounts at Maryland National Bank, Rockville, Maryland. Subpoena has been issued to obtain all pertinent information regarding these accounts.

Intensive investigation continuing.
