The FD-302 on cover pages C and D contains  
telephone subscriber information which should have been  
included in the details of rerep. Include this FD-302  
in your next report. Additionally, most of the infor-

nature and should have been more properly included on  
the administrative pages of rerep. While there is no  
compelling need for amended pages in this instance,  
please insure that similar information in the future  
is reported properly. u

Telephone number (717)-838-1209, listed for Palmyra, Pa., is an exchange in the Lebanon Area of Pennsylvania. Officials at the telephone company advised telephone records for this area are under water from their recent disastrous floods in Pennsylvania. The Philadelphia Office of the FBI will be advised upon recovery of these records; however, a considerable period of time is anticipated before this can be done. u

Indices search was conducted on 6/23/72, at the Philadelphia Division of the FBI on all above subscribers and no reference could be found to any of them. u

It is to be noted that 302's concerning interviews in this case have not all been completed at the date of the writing of this report. Gaps in continuity occasioned by the absence of these 302's are filled in certain instances by notations made in investigative inserts. u

Investigation at Philadelphia involved interviews with managers of bank branches receiving shipments of \$100 bills from the Girard Bank on 4/3/72. In certain instances, managers were able to provide names of individuals who had made withdrawals of \$100 bills around that time. Indices searches at the Philadelphia Division of the FBI were conducted concerning these individuals on 6/26/72, u and the following information was developed:

DAVID DECKER owns the Piquet Protective Agency, 292 Montgomery Avenue, Bala Cynwyd, Pa. He has telephoned the Philadelphia Office of the FBI on a number of occasions and offered the services of his business to the FBI. u

Title: JAMES WALTER MC CORD, JR.; ET AL;  
BURGLARY OF DEMOCRATIC PARTY  
NATIONAL HEADQUARTERS, JUNE 17, 1972

Character: INTERCEPTION OF COMMUNICATIONS

Synopsis: WILLIAM D. MC CUIN advised he sold walkie-talkies and certain accessories to JAMES W. MC CORD, JR., in April 1972. MC CUIN does not know MC CORD other than on a business basis. KENNETH F. WREN, Security Office, Third Federal Reserve, Philadelphia, advised certain \$100 bills found on MC CORD and his associates at time of arrest were dispersed through Federal Reserve Bank, Philadelphia, 2/1/72. Federal Reserve Bank, Philadelphia, advised above bills were included in shipment to Girard Bank, Philadelphia, PA, 4/3/72. MICHAEL B. DAVIS, Security Officer, Girard Bank, advised Girard did receive above shipment but made no record of the serial numbers and stated it would be impossible to determine which branch of his bank or other corresponding banks the bills were dispersed to, inturn. u

I. PREDICATION

DETAILS:

Investigation of the burglary of Democratic Headquarters, Washington, D.C., on June 17, 1972, including the discovery of certain transistorized microphones on subjects arrested, was predicated upon receipt of the following information: u

On June 17, 1972, at 5:15 p.m., SA ANGELO J. LANO, Washington Field Office (WFO), FBI, telephonically advised SA J. ROBERT PEARCE, Philadelphia Office of the FBI, that WFO is investigating the case involving the placing of electronic equipment in the Democratic Headquarters, Washington, D.C. Three devices were "discovered" plus two Bell and Howell "walkie-talkies", model 247B, serial numbers 4900 and 4971. u

An individual identified in the above telephone call is JAMES MC CORD, who is said to be in charge of security for the Republican Convention. Other individuals are as follows:

BERNARD L. BARKER,  
5229 N.W. 4th Street, Miami, Fla.

EUGENIO R. MARTINEZ,  
444 North Medrian Avenue, Miami, Fla. u

VIRGILIO R. GONZALES,  
930 N.W. 23rd Avenue, Miami, Fla.

FRANK ANTHONY RIORINI, also known as  
Frank Sturgis, Miami, Fla.

In addition to these individuals, JAMES WALTER MC CORD, mentioned above, is listed as living at 143 West 73rd Street, New York City. His alias is EDWARD J. MARTIN. Also listed was EVERETT HOWARD HUNT, Potomac, Md. u

PH 139-115  
(2)

It was stated that Washington, D.C. Metropolitan Police, ascertained that MC CORD had purchased the "walkie-talkies" from WILLIAM MC CUINN Associates, Box 776, Havertown, Pa., phone number (215) 449-6555. u

The Delaware County Directory lists WILLIAM D. MC CUIN, 350 Strathmore Road, Havertown, Pa., with residence at same address. Business telephone is listed as HI 9-6555. Residence phone is listed as SU 9-3111. u

Mr. LANO said he needed to ascertain from MC CUIN details concerning the sale of the "walkie-talkies" to MC CORD and the same or distribution of any of the devices to MC CORD, particularly "bugging" devices. u

The results of the above inquiry <sup>are</sup> was to be sent to the Bureau and WFO by teletype. u

The above information was furnished by SA PEARCE to SA HARRY PLUMMER who telephonically advised SA WILLIAM C. FIELDS, III, to immediately contact WILLIAM D. MC CUIN, 350 Strathmore Road, concerning above. SA PLUMMER also advised SA FIELDS of the provisions of Title 18, United States Code, Sections 2511 and 2512, regarding Interception of Communications. u

II. WILLIAM D. MC CUIHDate 6/22/72

Mr. WILLIAM D. MC CUIH, 350 Strathmore Road, Havertown, Pa., doing business as SIC, Inc., PO Box 803, Havertown, Pa., 19083, telephone number (215) 449-6555, was advised of the identity of the interviewing agent and informed him that he would be questioned regarding the sale of Bell and Howell Transceivers, Model 247B, serial numbers 4900 and 4971. He furnished the following information: u

He had been contacted earlier by Officer GARY BITTENBENDER, Metropolitan Police, Washington, D.C., regarding the same matter. He sold the company transceivers plus other equipment to JAMES MC CORD doing business as Mc Cord Associates, Inc., 414 Hungerford Plaza, Suite 220, Rockville, Md., 20850. MC CUIH is a representative of Bell and Howell Communications Company, for the entire East Coast, with the exception of New England. It was in this capacity that MC CUIH sold to Mc Cord Associates, Inc., the following equipment on May 25, 1972: u

1. Four Kel Com III Transceivers, serial #4940, 4961, 4971, 4900, complete with operating crystals, antenna, leather case and belt clip, dual channel, nicab batteries, operable on frequency FITx156.260, Rx161.9725; F2TxRx161.9175. u
2. Three A-7 antennas (for use on automobiles). u
3. Two model 98 earphones. u
4. Two standard Loop (receivers that are mounted in lapel and are able to transmit to above-mentioned earphone. u
5. Two H-10 C Microphone ( to be used with above Kel Con Units). u
6. Two H-10 microphones. u
7. Four C-10 shoulder harnesses. u

PH 139-115

8. Four A-5 Flex Antennas. u
9. Two (sets) B-1 Nicad Batteries. u
10. One B-3 Six Unit Battery Charge. u

In addition to the above, MC CUIN leased to MC CORD one home-made sixty watt repeater with a General Electric (GE) base, it is not to be used in conjunction with above transceivers. u

These are the only items sent to MC CORD from MC CUIN. MC CUIN is well aware of the provisions of Title III of the United States Code, concerning interception of communications. His sales of Bell and Howell products are to law enforcement agencies exclusively, except for such equipment as the Kel Com model 247 B, such as the transceivers mentioned above, which attorneys for Bell and Howell have determined are outside the ambit of Title III. This determination was reached after Bell and Howell attorneys consulted with the United States Department of Justice, although MC CUIN is not positive of this. u

MC CUIN first met MC CORD in Washington, D.C., sometime in January, 1972. MC CORD expressed an interest to them and continues to express an interest in the Bell and Howell Tac II, a burglary alarm unit. u

In conjunction with this interest in Tac II, MC CORD requested, by subsequent correspondence, the above list of items for his use as security measures at the Re-elect President Nixon Headquarters, 1701 Pennsylvania Avenue, Washington, D.C. MC CORD had expressed an interest in the later transfer of this equipment to Miami Beach, for use during the Republican National Convention, 1972, by security personnel. MC CUIN last contacted MC CORD when both happened to be in Miami Beach on June 6, 1972. u

MC CORD told MC CUIN all systems were working well. MC CORD had indicated a desire to be able to contact Convention Hall in Miami Beach from headquarters he wished to set-up approximately two miles away at the Doral Beach Hotel. MC CUIN thought that he would be able to do this by placing the leased repeater atop the Doral Beach Hotel. MC CORD was staying at the Doral Beach Hotel, Miami, Fla. MC CUIN received Federal Communications Commission (FCC), approval for use of the frequencies assigned for the above transceivers. After this had been done, u

PH 139-115

he leased MC CORD the repeater for use in conjunction with the transceivers. MC CUIN is quite certain the two frequencies designated for use to MC CORD are not used by anyone else in the United States. They are warning banned frequencies. u

Mr. FRANK JAMESON, Vice President, Special Operations Group, Bell and Howell Communications Company, 186 3rd Avenue, Waltham, Mass., has a complete record of transactions between MC CORD and MC CUIN. Actual transfer of money and equipment would have been at Waltham, Mass., pursuant to purchase orders MC CORD entered into with MC CUIN for the above items. MC CUIN recalled that MC CORD is a white male, approximately 40 years old. He stands 6', is of slender build, and has brown hair. He was well dressed on the occasion of his first meeting with MC CORD at an office in Washington, D.C. MC CUIN indicated this office was of a Secret Service official. MC CUIN was, however, under the impression that MC CORD was a former Secret Service agent. u

MC CUIN stated he is unfamiliar with the following individuals: u

BERNARD L. BARKER.  
EUGENIO R. MARTINEZ.  
VIRGILIO R. GONZALEZ.  
FRANK ANTHONY FIORINI or FRANK STURGIS. u

## FEDERAL BUREAU OF INVESTIGATION

Date 6/22/72

Mr. WILLIAM D. MC CUIN, 350 Strathmore Road, Havertown, Pa., telephonically contacted SA WILLIAM C. FIELDS, III, at the Philadelphia Office of the FBI and furnished the following information pursuant to an interview with MC CUIN on June 17, 1972: u

He reviewed his files concerning MC CORD Associates, Inc., 414 Haverford Plaza, Suite 220, Rockville, Md., and discovered a letter from MC CUIN to MC CORD dated April 22, 1972, making a proposal for a shipment of items from Bell and Howell (B and H) Communications Company, Waltham, Mass. This letter was in response to another letter from MC CORD dated April 19, 1972, specifically asking for such a proposal. MC CUIN's son, THOMAS MC CUIN, recently moved to his new address at 13504 Attleboro Court, Apartment 22, Laurel, Md., (301), 953-7333, or (202) 737-2200, car #339. THOMAS MC CUIN has personally contacted MC CORD concerning Tac II Alarm System on several occasions. MC CUIN feels it is possible his son, TOM, furnished MC CORD a commercial catalog listing Bell and Howell Equipment available to private individuals. It is also possible THOMAS MC CUIN orally furnished MC CORD information concerning equipment available from his father. u

MC CUIN advised that his proposal letter dated April 22, 1972, to MC CORD included the following items which are part of Tac II Burglary Alarm System, who were not immediately accepted by MC CORD. u

The below listed items are still of interest of MC CORD, however, and he is planning to purchase them at a later date: u

1. One 727-20 decoder with a receiver. u
2. One 1-2 Vehicular Power Supply. u
3. Five Key-Peep-hole Alarms. u

PH 139-115

MC CUIN noted the repeater he leased to MC CORD was for the months of June, July, August, and September, 1972, at \$110 per month. The leasing date was April 19, 1972. u

MC CUIN neither sold nor rented any equipment to MC CORD other than that mentioned in the initial interview. MC CUIN specifically selected the frequencies to be used by the transceivers he sold to MC CORD. This selection was done at the Federal Communications Commission (FCC) Office in Washington, D.C. MC CORD played no roll in the selection of the frequencies other than to warn MC CUIN that these receivers were to be used in the Washington, D.C., San Diego, California, and Miami, Fla., area. MC CORD later called and said they would not be used in the San Diego, California area. MC CORD and MC CUIN were concerned that the frequencies were not occupied by other transmitters in those areas. u

MC CUIN definitely did not manufacture, sell, lease, or in any other way convey electronic surveillance equipment to MC CORD other than that previously mentioned. He advised he does not have sufficient technical knowledge to manufacture such devices himself. u

MC CUIN viewed a photograph of a person identified as MC CORD in the Philadelphia Newspaper. He advised that he did not recognize him as the person he met in Washington, D.C., in January, 1972, and whom he had been told may have been MC CORD. Several people were at that initial meeting which was called for the presentation of the Tac II Alarm System to certain Secret Service personnel. Among those people were FRANK JAMESON, a vice president of Bell and Howell Communications Company, and other Secret Service Agents. MC CUIN states it is possible MC CORD was at that meeting but that MC CUIN took no note of him. The meeting was in a very small office, and FRANK JAMESON was demonstrating the equipment. MC CUIN was standing outside the office. This was an office of a Secret Service Agent in the White House Office Building, Washington, D.C. MC CUIN was surprised to hear that the so-called bugging equipment allegedly found in the possession of MC CUIN and others with him, were on the same frequency as the transceivers he had sold. u

PH 139-115

The transceivers and the repeater were both on the same frequency commissioned with any conversation picked up by the "Bugs" could vertically be broadcast throughout the entire Washington, D.C. area. These "Bugging" devices would have been more effective at another frequency in MC CUIN's estimation. u

MC CUIN reiterated he has not enough technical knowledge to produce such equipment himself. He did not provide this equipment to MC CUIN and neither did Bell and Howell. There is a company in Florida known as Tracer, and one in Long Island, name unrecalled, which MC CUIN thinks could possibly have been the sources for such equipment. These are by no means exclusive sources, and they are outlets for so-called bugging equipment throughout the United States. u

## FEDERAL BUREAU OF INVESTIGATION

Date 6/27/72

WILLIAM D. MC CUIN, 350 Strathmore Road, Havertown, Pa., doing business as SIC, Inc., Post Office Box 803, Havertown, Pa., area code 215-449-6555, was advised of the identities of the interviewing agents and informed he would be questioned regarding the burglary of the Democratic Party National Headquarters, Washington, D.C., on June 17, 1972. He furnished the following information: u

Mr. AL WONG, Chief of the Technical Security Division (TSD), United States Secret Service, United States Treasury Department, is the individual who had called a meeting in Washington, D.C., and through whom MC CUIN had his first encounter with JAMES WALTER MC CORD. WONG had asked for a demonstration of the Bell and Howell (B and H) TAC II burglary alarm system. Mr. FRANK JAMESON came from B and H Headquarters, Waltham, Mass., to make the above presentation. The actual meeting was held in a very small office occupied by one of Mr. WONG's assistants in the White House Office Building. Mr. WONG had apparently heard of the alarm system through the United States Marshals in Washington, D.C. The Marshals had previously purchased such a system. MC CUIN could not recall who the people at the meeting were other than the fact that only four people could fit into the office for the presentation. Mr. MC CUIN and another individual were standing outside the office listening to the presentation. Mr. WONG listened to a portion of it, but left early. MC CUIN was of the opinion that the only people at the presentation were United States Secret Service Agents. u

During the meeting, one individual in the room asked many pointed questions of JAMESON. JAMESON told MC CUIN after the meeting that he had become quite irritated with this individual's questions and felt that he had been overly abrupt with him. He requested that MC CUIN find out the individual's name so that JAMESON could write a letter of apology, in which he would explain in more detail the TAC II alarm system. MC CUIN did not know who this individual was, but recalled that he telephoned one of three Secret Service agents whom he knows. These three Secret Service agents are u

ROBERT TAYLOR, RAY ZIMMALT, and JIM BAKER. One of them informed MC CUIV that the individual asking the pointed questions was JAMES MC CORD, Security Director for the Re-elect President Nixon Committee, Washington, D.C. u

MC CUIV attempted on several occasions to contact MC CORD after this incident. Whenever he called, an answering service would say that MC CORD is unavailable but would call back. When he finally reached MC CORD, he expressed an interest in the Bell and Howell TAC II alarm system. MC CUIV referred to his daybook and noted that his first contact with MC CORD was on January 26, 1972. He also determined through reference to his daybook that the meeting he attended at Secret Service Office in Washington, D.C., at which MC CORD asked many pointed questions of JAMESON was sometime in November 1971, probably November 18th or November 30th. u

MC CUIV reiterated that he provided no so called bugging equipment to MC CORD. Such equipment would have been available to MC CORD through a number of outlets in the United States. Among these outlets is R.P. Clifton Company, 11500 Northwest 7th Avenue, Miami, Fla. This company was formerly known as Tracer. Two California outlets of similar type equipment are S.A.C. in Las Angeles and Fargo International, also in Los Angeles. Fargo has a representative in the Washington, D.C., area named GUS OBERDICK, his son, JIM OBERDICK is also a representative. A good possibility for supplying such equipment in the Washington, D.C., area is the Spy Shop, 14th and New York Avenues, Washington, D.C. u

III. INVESTIGATION AT PHILADELPHIA BANKS

PH 139-115

Washington Field Office of the FBI advised the Philadelphia Division by teletype dated June 19, 1972, that \$100 bills, serial number C03642255 through 264 were found in the possession of JAMES W. MC CORD and his associates shortly after the burglary of the Democratic Party National Headquarters. It was determined that these \$100 bills were dispersed to the Federal Reserve Bank, Philadelphia, Pa. u

On June 19, 1972, KENNETH F. WREN, Security Office, Third Federal Reserve, Philadelphia, Pa., advised that the above numbered \$100 bills were included in blocks of 2,000 \$100 bills that were distributed to the Girard Bank, Philadelphia, Pa., on April 3, 1972. u

MICHAEL B. DAVIS, Security Officer, Girard Bank, advised that the above shipment was received by his bank and broken down into unrecorded lots. These may have been shipped to anyone of 60 Girard Bank branches and various savings and loan associations, trust companies, and possibly a few commercial establishments. He is unable to trace these bills beyond his main office. u

On June 20, 1972, MICHAEL B. DAVIS was again contacted and he furnished several Girard Bank branches and other Philadelphia area banks which received shipments of \$100 bills on April 3, 1972. This list included 21 Girard Bank branches, 12 branches at the Philadelphia Savings Fund Society, four Industrial Valley Bank branches, two Frankford Trust branches, two Germantown Savings Bank branches, and one branch of the Bryn Mawr Trust Company. u

## FEDERAL BUREAU OF INVESTIGATION

Date 6/27/72

JAMES E. CLEE, Manager, Industrial Valley Bank, 136 West Girard, furnished the following information regarding shipment of \$100 bills around April 3, 1972: u

On April 13, 1972, Teller JOHN CORBETT had a transaction involving dispersal of \$1,300 in \$100 bills. u

A subpoena would be needed for additional information. u

Any information regarding checks cashed for \$100 bills must be obtained at main office of Frankford Trust with subpoena. u

## FEDERAL BUREAU OF INVESTIGATION

Date June 22, 1972

DONALD SMITH, Manager, Germantown Savings Bank,  
840 Lancaster Ave. furnished the following information: u

SMITH advised no one records the serial numbers of \$100 bills when they come into the bank and there was no way he could trace the \$4,000 worth of \$100 bills his bank had received from the Girard Bank on April 3, 1972. Mr. SMITH made a check with his tellers and advised that Mrs. SIMMS, teller at the bank, related that DAVID D. DECKER, Box 534, Bryn Mawr often makes large cash withdrawals and receives \$50 and \$100 bills. u

Mr. SMITH stated that he personally opened up the account of Mr. DECKER and believes that he is the owner of some kind of alarm system company. He stated he knew nothing further concerning DECKER. u

Mr. M.W. BYRNES, Manager, Girard Bank, 60th and Ludlow, furnished the following information concerning \$10,000 in \$100 bills his bank had received on April 4, 1972 from the main branch of the Girard Bank: u

He advised that the numbers of the bills are not recorded that he had received. Mr. BYRNES contacted his head teller and all the other tellers in the bank and was unable to provide the names of any customer that had made a large cash withdrawal of \$100 bills. He advised that if anyone had tried to make a withdrawal of this type he would have been notified. He stated that the \$100 bills would probably have been given out to people cashing their paychecks or shipped out to other banks, which he could not trace. u

BENJAMIN C. BRUNO, Manager, Girard Bank, 47th and Lancaster, furnished the following information: u

He stated the bank kept no serial numbers of \$100 bills and could not determine who would have taken the \$100 bills included in the \$2,000 worth his bank received on April 4, 1972 from the main branch. Mr. BRUNO then stated that he was aware of only two customers who made large withdrawals of large denominations and he would not furnish their names without clearance from his main office. u

Following a call to his main office, Mr. BRUNO advised that SILAS LEGION, 4935 Reno Street and J.B. CARR, 46th and Lancaster were the ones who made large withdrawals. He knew both men but could not recall any recent withdrawals by either. He stated that LEGION is connected in some way as a private contractor for heavy duty construction and CARR is a garage owner. u

Date June 22, 1972

Mr. CHARLES FRATZ, Assistant Manager, Frankford Trust, 489 Bristol Pike, Andalusia, Pa., was interviewed by SA G. TUCK FULLER at his place of employment, and he provided the following information: FRATZ advised he had no way of determining the serial numbers of the new money sent to his bank by the Federal Reserve System through Girard Trust inasmuch as they do not record serial numbers of the money. A review of tellers' records disclosed that in all probability they did receive a shipment of new money on or about April 3, 1972. Further review of the tellers' records disclosed the following withdrawals from savings accounts: u

THOMAS F. MC GARRY, MD.  
April 5, 1972  
\$15,000.00 u

April 21, 1972 - \$5,000.00 u

FRATZ also advised JAMES D. MORRISSEY who is a contractor at 9119 Frankford Avenue, Philadelphia, Pa., gets a weekly payroll which normally includes several \$100.00 bills. FRATZ questioned the tellers and all could remember no specific withdrawals or checks for the amount of \$1,000.00 or better with the exception of Mrs. ANN SIKORSKY who is the head teller. SIKORSKY cashed a check on June 15, 1972 for a Mrs. SHIRLEY GRAY, 1024 Winder Drive, Bristol, Pa., telephone 785-1074. The check was made out to GERALD GRAY and was drawn on the account of Sullivan, Inc. The check was endorsed by GERALD GRAY and by SHIRLEY GRAY. FRATZ advised the manager of the bank was Mr. OSCAR DAHL. u

following information: u

He stated that a check of the bank's tally sheets for the vault money reflected that a large transaction using \$100 bills, which would have been placed in the vault on April 5, 1972, occurred on April 13, 1972. A check of the tellers' sheets for that date reflected a \$1,350 transaction by JOHN CORBETT, teller at the bank. CLEE advised that he was sure this was the only transaction of \$1,000 or more where ten of the \$100 bills received on April 5, 1972, from the main branch of Girard Bank could have been used. u

CLEE advised he could not make further information available on this transaction without a subpoena. He stated that he would be able to get a photostatic copy of the particular transaction if this record were subpoenaed. u

Mr. H. HARRISON COOK, 2239 North Franklin Street, Philadelphia, Pa., telephone number 215-765-5029, advised that he had no personal knowledge of the burglary of the Democratic Party National Headquarters, Washington, D. C., which occurred on June 17, 1972, and was not familiar with the name of JAMES WALTER MC CORD, JR., or any of the other four individuals involved with this burglary. Mr. COOK stated that he has a son by the name of HIRAM HARRISON COOKE who is approximately age 40, and who has been with the U. S. Army for over 20 years. Mr. COOK said that although he has not seen his son HIRAM in over a year, specifically since March of 1971, he has been told by HIRAM that he had received some sort of specialized training in the U. S. Marine Corps Base at Quantico, Va., although the details of this training were not made evident. In addition, Mr. COOK said that his son HIRAM at one time was stationed in Panama and that his duties, along with being a military policeman, were to train certain individuals in that area in the use of weapons, etc. Mr. COOK said that he has not been close to his son for years in that he has travelled around to many U. S. Army bases on various assignments, and as such, cannot provide any specific information as to exactly what his activities or present whereabouts might be. u

Mr. COOK said that he has recently received his telephone bill from the Philadelphia Bell Telephone Company for the month of May 1972. On this bill is a \$17.00 charge for a trans-continental telephone call made on Mothers Day, May 14, 1972, to his phone number from Copenhagen, Denmark. Mr. COOK had no idea who may have made this call, and in fact, stated that he was home the entire day on Mothers Day and did not receive any long distance or trans-continental phone calls of any kind and assumed that it must be some mistake made by the phone company. u

## LOW POWER TRANSMITTERS

Available from 100 milliwatts to 1 watt for those special uses so hard to define in advance of the requirement.

Bell & Howell has designed and manufactured small, high reliability transmitters for a number of years, each serving a special purpose or need, from the construction site to the in-flight air Marshall (Voice Transmitters, Alarm Transmitters, Tone Transmitters, Anti-Kidnap Beacons, etc.). Bell & Howell's modular construction design philosophy allows the technically correct interface of many different circuits to provide that *special* Transmitter to meet your unique requirement at a cost that is acceptable, even in small quantities. Feel free to define *your* requirements and see if we don't have *something* to serve your need.

TEN CHANNEL RECEIVER DECODER  
(Model 727-10)

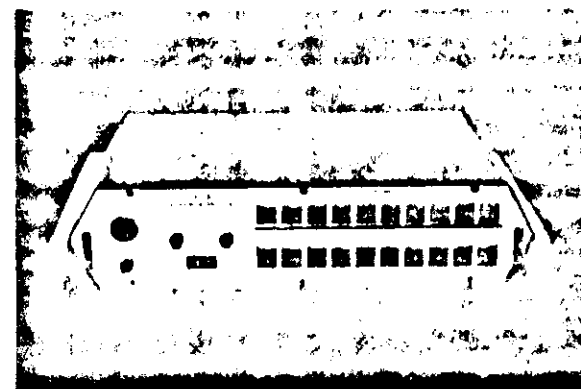

TOTALLY PORTABLE, VERSATILE, HIGH RELIABILITY, FALSE FREE, SOLID STATE DECODERS and matching Receivers in low profile for convenient desk top or vehicular mounting.

EASY SERVICEABLE CHASSIS  
Modular Construction (Model 727-10)

The highly sensitive FM Receiver hears a two tone sequential signal from any one of a number of remote special applications transmitters, decodes the call and reflects to the control panel, with both audio and visual alert, which transmitter has alarmed.

One RF Channel will serve any number of alarm channels, or a separate Receiver may be installed, *in the same package*, for each of the ten alarm channels.

TWENTY CHANNEL RECEIVER DECODER  
One or Two Receivers (Optional) (Model 727-20)

The Alarm Decoder offers unique opportunity to accomplish economical security without the burdens of wiring cost, leased lines, or power failures.

### UNIQUE CHARACTERISTICS

- TOTALLY PORTABLE
- VEHICULAR MOUNT OPTION
- 110 VAC AND 12 VDC (220 VAC AND 24 VDC OPTIONAL)
- BUILT IN EMERGENCY BATTERY SUPPLY (30 TO 40 HOURS STANDBY)
- TONE OPTIONS (ONE OR TWO TONE CALL)
- DECODERS - TIMING OPTION (FROM 0.5 TO 10 SECONDS)
- TEN, TWENTY, OR SIXTY CHANNEL MODELS
- INTERFACE WITH MOST SENSOR DEVICES
- EASILY SERVICEABLE SLIDE OUT CHASSIS AND MODULE CONSTRUCTION

### APPLICATIONS

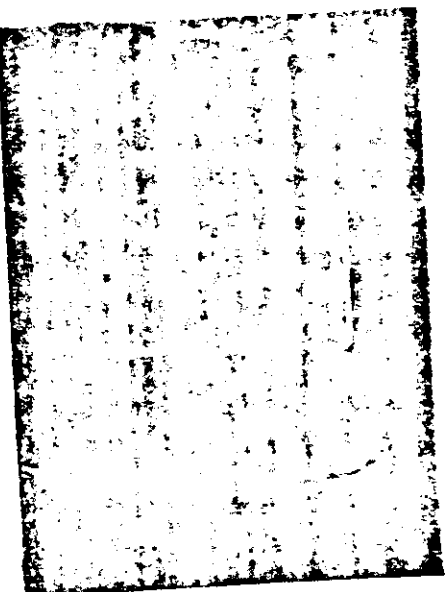

- PERIMETER SECURITY
- AREA SECURITY
- PUBLIC SAFETY (STAKE OUT ALARM)
- WALKING POST (GUARDS)
- V.I.P. PROTECTION
- SABOTAGE ALERT (PIPELINES, OIL WELLS, ETC)
- REMOTE POST AND/OR HAZARDOUS MATERIAL ALARM

- C-4** Mounts to all standard (uniformed force) gun belts. Polished and hardened stainless steel - a perfect clip for carrying the radio during the warmer months - no special case required.
- C-10** A low profile, high quality leather harness designed in the "side arm" tradition. A convenient and discreet method of carrying and using the Transceiver during surveillance and other covert operations. Generally, but not necessarily, used in conjunction with flexible antenna (A-5) and miniature microphones (H-10) or (H-10 A).
- C-11** High quality navy blue web strap - for wear over heavy outer garments of the uniformed forces. This device has a safety break-away feature which will separate the strap if subjected to extreme pull. The standard Transceiver Case (Models C-6 and C-6-A) adapt to the retainer plate of the shoulder strap obsoleting the need for special cases.
- C-12** The ideal method of radio carrying for mounted officers on horses, scooters, motorcycles. Manufactured from the same fine leathers as the radio case and shoulder holster.

**H-10** High performance push-to-talk microphones in use by large numbers of plainclothes organizations where discreet use of transceivers is a requirement and/or a convenient size is desirable.

Both models plug in to option jack of Model 225 and 247. H-10 A is slightly larger than H-10.

Model H-10 may be ordered with a lock on feature H-10(L).

# MARK V BEEPER RECEIVER

FOR RECEIVING THE MARK V AUTO BEEPER

25 TO 50 MILE RANGE FROM A PLANE  
3 TO 6 MILE RANGE, USED IN A CAR  
NULL SWITCH FINDS THE DIRECTION  
RANGE SWITCH FINDS THE DISTANCE  
QUICK-CHANGE RECEIVER BRACKET  
INSTALL OR REMOVE IN 60 SECONDS  
PLUGS INTO 12 VOLT CIGAR LIGHTER  
INCLUDES QUICK-CHANGE ANTENNAS  
NO ADJUSTING - READY TO USE

4½ x 6½ x 9 inches      12 volts

The Mark V Receiver is designed for the sole purpose of receiving the keyed signals from the Beeper and translating these silent pulses into audible tones which are indicative of the direction and distance of the Beeper. This receiver cannot be used for any other purpose and will not respond to any other transmitted signal. Crystal controlled. Needs no tuning. When keyed by the silent pulses from the Beeper, the receiver produces 2 to 3 short tones per second, which vary in pitch (frequency) between 600 and 2000 cycles, depending on the signal strength. At distances of less than 1 mile, there is a definite relationship between distance to the target car and the tone pitch. The closer the target, the higher the pitch. The tone keeps rising, right up to within 100 feet of the target. This is ideal for locating a target that is hidden in or behind a building. Beyond 1 mile, the distance is calculated by use of the range switch. Note the entire operation is by ear and there are no lights or meters to distract the attention of the driver.

The range switch limits reception of the Beeper to one mile while in the short range mode. The medium position of the switch limits reception of the Beeper to 2 or 3 miles. The long position completely opens the receiver sensitivity to .05 microvolts, allowing reception of the Beeper from 3 to 6 miles under ideal atmospheric conditions. It should be noted here that ideal atmospheric conditions usually do not prevail in the areas where Beepers are most generally used. Consequently, when atmospheric interference levels are at average or higher, little will be gained by using the long range position. But range in the medium position will still be 2 to 3 miles, even under poor atmospheric conditions. (see charts)

Two quick-change disguise antennas are used. One on each side of the car. These look like ordinary car antennas and can be removed or installed in one minute. The phase of one antenna is shifted 180 degrees inside the receiver. The null switch connects this one in conjunction with the other antenna, causing a null (hole in the receiving pattern) directly ahead of the operator car. (see charts) The null is easily identified by ear because of the change in tone signal. Getting a directional fix on a parked target car in this manner is an easy, fast operation that requires practically no prior experience by the operator. A null can also be gotten on moving vehicles under most conditions, but is not quite so easy. Due to fluctuating and reflecting signals, 2 or 3 null checks and a bit of calculating may be needed. This part becomes easier with practice. The important thing is, if the moving vehicle should be lost temporarily, it can always be found again by the Beeper signal.

PRICE INCLUDING QUICK-CHANGE ANTENNAS AND BRACKETS \$390.00

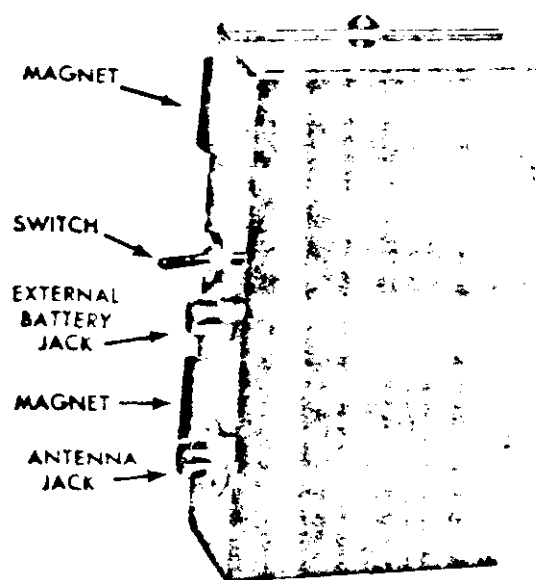

# THE MARK V AUTO BEEPER

After months of research and field testing, we developed and marketed in 1963, the first portable long range beeper. The Mark V beeper is received by our Mark V Receiver at 24 to 40 miles with the receiver in a plane and 3 to 6 miles with the receiver in a land plane (two starts). Every Agent who has trailed a vehicle is well aware of the need for electronic aids when visual contact is lost. Driving through numerous streets and alleys attempting to regain visual contact with a lost or illusive vehicle is no longer necessary. With the Mark V Auto beeper magnetically attached to the target car, the Agent need only drive a straight course while thoroughly searching a path 4 to 6 miles wide. The entire operation is by car and allows the Agent to keep his eyes on his driving at all times.

The back side of the Mark V Beeper case is fitted with 2 powerful alnico-5 magnets with a combined pulling force of several pounds. The magnets will firmly attach to any flat frame area of the vehicle. The Beeper is supplied with a short self supporting, plug-in antenna. The radiating section of the antenna is 18 gauge dark enameled wire which is approximately 8 inches long and points toward the ground. The jack next to the switch is for an external battery and may optionally be used to connect to the vehicle battery if a long term installation is needed. It will not discharge the vehicle battery, even if the vehicle is not driven for a month. Or, since the Beeper has a built-in voltage regulator, any other 12 to 24 volt battery may be plugged in for longer transmitting time. Internal mercury batteries will transmit at full power 4 to 6 days. When number 216 Eveready carbon batteries are used internally, they will transmit 48 hours. 36 hours at full power plus 12 hours at declining power.

The Mark V Beeper is crystal controlled and sends short, unmodulated key pulses that are received and decoded by the Mark V Receiver. No other type receiver can decode the pulses. The receiver translates the pulses to tones that are indicative of distance and direction. (see receiver data)

# THE PHONE SWEEP

PHONE SWEEP ANY PHONE LINE IN THE U.S.A. RIGHT FROM YOUR OWN OFFICE

## WHY PHONE SWEEP A PHONE LINE?

Because today, it is common knowledge that thousands of tone activated eavesdropping microphones have been sold and installed on phone lines throughout the U.S.A.

## WHAT IS A TONE ACTIVATED PHONE LINE MICROPHONE?

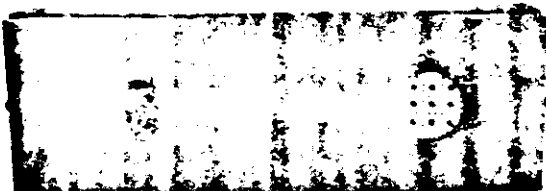

These microphones are so common that they have even been advertised in national mail order catalogs. They may be installed on the line anywhere inside the premises and will send all room voices back over the phone line to the user. They can now be turned on from any other phone in the U.S.A. by direct dialing. The user simply dials your number and sends a tone signal over the line simultaneously. Your phone does not ring while this is happening. And yet he has taken over your line from wherever he may be, and can now listen to your most private conversations as long as he desires. The mike is turned off only when he decides to hang up.

## HOW THE PHONE SWEEP FINDS THE MICROPHONES

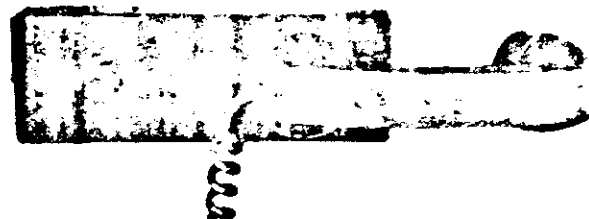

All of these microphones, from the oldest to the newest, have one thing in common. They must be activated (turned on) by a tone signal on the line. The tone may be any chosen frequency between 300 and 2000 cycles. The PHONE SWEEP generates a tone signal which sweeps through all of these frequencies. After you dial the number that you wish to check, place the PHONE SWEEP to the mouthpiece of your phone and turn on the switch. It takes only one minute for a complete sweep. This method is accurate and will never miss. To check your own phone, dial your number from any other phone you choose. You may even use a coin phone if you wish. You will hear the tone and will know when the sweep is completed. Turn off the PHONE SWEEP and listen for the ring signal to the other phone. If it is still ringing, there is no tone activated mike on it. If it is not ringing, and no one has picked up the other phone, then you have turned on a tone activated microphone on that line. If any sounds are present at the premises, you will now be able to hear these sounds.

## FINALLY

It takes no great amount of imagination to contemplate the profits available to you, by sweeping the lines of your clients on a regular basis. Do it right from your own office. Any phone in the U.S.A. that you can dial direct. Takes only one minute after you have finished dialing. Naturally some of your clients will insist on buying the PHONE SWEEP and you may optionally sell them at whatever price you deem adequate.

# THE HOUND DOG

SNIFFS OUT HIDDEN TRANSMITTERS

THROUGHOUT THE WORLD TODAY, CORPORATIONS, PROFESSIONAL MEN AND BUSINESSMEN ARE SPENDING MILLIONS ANNUALLY TO INSURE PRIVACY IN THEIR OFFICES AND HOMES WHERE IMPORTANT PLANS AND POLICY MAKING DECISIONS ARE DISCUSSED AND FORMULATED. THE "HOUND DOG" IS A WISE INVESTMENT FOR ANYONE WHO HAS REASON TO BELIEVE THAT AN EAVESDROPPING TRANSMITTER IS NOW HIDDEN, OR MAY BE HIDDEN IN THE FUTURE, IN EITHER HOME OR OFFICE. NO RADIO TRANSMITTER, NO MATTER HOW WELL IT MAY HAVE BEEN HIDDEN, CAN ESCAPE DETECTION BY THE "HOUND DOG". (NOT EVEN THE MUCH PUBLICIZED TRANSMITTER IN THE MARTINI OLIVE)

THE "HOUND DOG" IS AN ADVANCED ELECTRONIC INSTRUMENT DESIGNED FOR THE SOLE PURPOSE OF LOCATING HIDDEN TRANSMITTERS. AN AVERAGE SIZE OFFICE OR ROOM CAN BE THOROUGHLY SEARCHED IN ONLY A MATTER OF A FEW MINUTES. THE "HOUND DOG" SNIFFS OUT ANY TRANSMITTERS HIDDEN IN PICTURES, WALLS, DESKS, CHAIRS ETC., REGARDLESS OF THEIR OPERATING FREQUENCY.

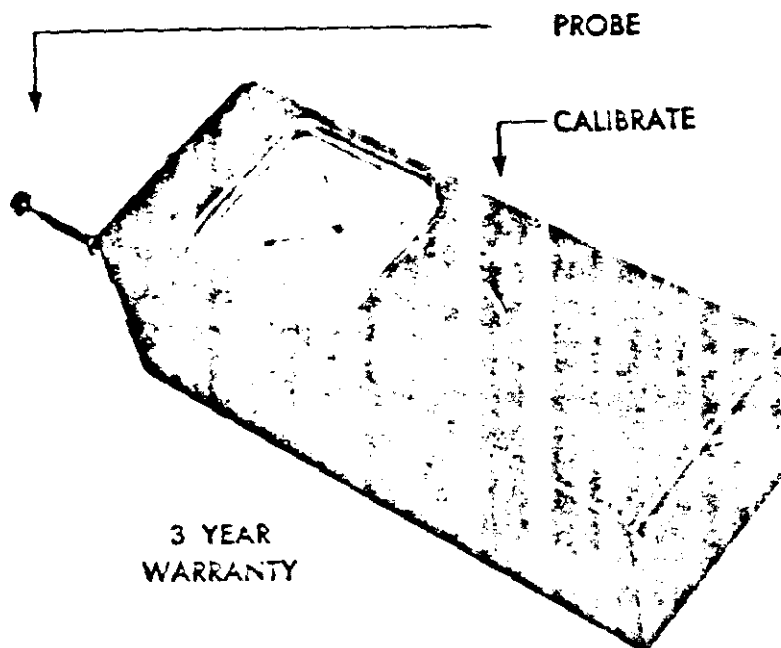

THE "HOUND DOG" IS SIMPLE TO USE. SINGLE KNOB ADJUSTMENT CALIBRATES THE METER AND ANY TRANSMITTER SIGNAL RECEIVED, IS INDICATED BY THE METER MOVEMENT. BY SIMPLY SWEEPING THE PROBE PAST WALLS, CHAIRS, PICTURES, DESKS ETC., THE PRESENCE OF ANY TRANSMITTER WILL CAUSE A RISE IN THE METER READING. THE METER READING WILL CONTINUE TO RISE AS THE PROBE APPROACHES THE TRANSMITTER. A TRANSMITTER HIDDEN IN A WALL IS EASILY PINPOINTED WITHIN ONE INCH OF ITS LOCATION.

THE DIFFERENCE BETWEEN THE "HOUND DOG" AND THE VARIOUS OTHER RADIO SIGNAL DETECTORS ON THE MARKET, IS IN ITS VERY HIGH SENSITIVITY AND ITS ABILITY TO DETECT ALL FREQUENCIES FROM THE LOWEST UP INTO THE ULTRA HIGH. THIS IS ACCOMPLISHED BY THE USE OF BOTH ELECTROSTATIC PICK-UP AND ELECTROMAGNETIC PICK-UP.

LAW ENFORCEMENT AIDS

11500 N. W. 7TH AVENUE  
MIAMI, FLORIDA 33168

June 16, 1972

CC 1117 3

Mr. Joseph P. Jordan  
5001 Maryline Road  
Drexel Hill, Pennsylvania 19026

1972

Dear Mr. Jordan:

As a progressive investigator, you are sure to find the enclosed literature of interest. The items listed are the basic tools of the trade. Many investigators have found that they can double or triple their income by owning and using modern equipment. You may have seen our products listed in years past, and note that certain items no longer appear in our literature. The reason is simple. U.S. Federal Law now restricts some of our products to Government use only. It also prohibits the mere possession of these certain items by any private citizen. Literature on our wire-tap and room bug equipment can only be mailed to U.S. Government Agencies. All items that are primarily useful for the surreptitious interception of wire or oral communications are prohibited from use or possession. Those wishing a complete copy of this law (Public law 90-351) may buy it from the U.S. Government printing office in Washington, D.C. Or, send \$1.00 to: R. B. Clifton for a copy of this 42 page booklet by return mail.

Naturally all items offered herein, are not restricted by the above law. We urge those in the investigative field to take full advantage of the electronic items that have not been restricted by law. In this way you can pick up additional income to offset the loss of some income resulting from the ban on certain items.

Many agents have greatly enhanced both their income and prestige by using our Beepers. We pioneered the BUMPER BEEPER system many years ago. To date, we are still the only manufacturer of a crystal controlled, highly directional Beeper, having a range of several miles and a battery life of 4 to 5 days. For those agencies who may have use for this sophisticated trailing and locating equipment, a detailed brochure covering this item will be mailed on request. This is the same one which we supply the U.S. Government.

Much of the equipment which we offer to the private agency is the same as that which we have supplied to various Federal Government Agencies over the years. You will find professional quality throughout, with every item meeting or exceeding specifications listed. Every item is designed for simple operation and can be used by anyone without any prior technical or electronic experience.

Orders accompanied by Money Order or Cashier Check are shipped on the same day. Where time is of the essence, you may now order C.O.D. by telephone.

Enclosed for the Bureau is check number 131138, dated 4/10/72, payable to KENNETH H. DAHLBERG in the amount of \$25,000. The described check is a cashier's check, drawn against account number 00-101-5 at the First Bank and Trust Company of Boca Raton, N.A., Boca Raton, Florida.

According to KENNETH H. DAHLBERG, a Republican Party Fund Raiser, described check represents funds which he collected for the Republican Party Campaign Fund. DAHLBERG alleged that he furnished the check to MAURICE H. STANS, Chairman, Finance Committee, Committee to Re-Elect President (CRP), Washington, D.C. (WDC), on 4/11/72. STANS acknowledged receipt of check and indicated he furnished it to HUGH WALTER SLOAN, JR., Treasurer, Finance Committee, CRP, WDC. STANS indicated SLOAN had in turn furnished the check to GEORGE GORDON LIDDY, Legal Counsel, Finance Committee, CRP. STANS indicated that the CRP ~~later~~ <sup>later</sup> received the funds from that check. However, described check was deposited into subject BARKER's business account, ~~Barker's~~

Associates, Incorporated, at the Republic National Bank of Miami, Florida, on or about 4/19/72. The CRP cannot document receipt of either the check or funds from that check. u

REQUEST OF BUREAU

The FBI Laboratory is requested to compare the known handwriting of subject BERNARD L. BARKER with the "Notarization of BERNARD L. BARKER" which appears on the reverse side of the check. The Laboratory is requested to photograph the described check and expeditiously furnish WFO with an exact photographic duplicate of this check.

The FBI Identification Division, Latent Fingerprint Section, is requested to examine the enclosed check for latent fingerprints. Any latent fingerprints of value developed should be compared against the known fingerprints of subjects previously identified in the captioned matter. Any latent fingerprints developed should also be compared against the fingerprints of following individuals: u

KENNETH H. DAHLBERG, white male, born 6/30/17 at St. Paul, Minnesota; MAURICE H. STANS, white male, born 3/22/08; HUGH WALTER SLOAN, JR., white male, born 11/1/40 at Princeton, New Jersey; GEORGE GORDON LIDDY, white male, born 11/30/30 at New York, New York; and BERNARD L. BARKER, white male, born WDC, Metropolitan Police Department Number 261422. u

It is requested that this latent fingerprint examination be conducted expeditiously inasmuch as the results of that examination will possibly substantiate movement of the described check from the CRP, WDC, to the BARKER account. This examination may also provide substantial evidence of the criminal complicity on the part of the above named individuals in this matter. u

The described check should be returned to WFO upon completion of this examination. u

HE HEARD. MC CORD, AT THAT TIME, DID NOT GO INTO DETAIL. BALDWIN SAID THE CONVERSATIONS HE HEARD WERE FROM THE OFFICE OF SPENCER OLIVER, SOME TYPE OF CHAIRMAN OF CREDENTIALS, WITH THE DEMOCRATIC CONVENTION. HE SAID THIS WAS A TELEPHONE TAP HE MONITORED, HE STEADFASTLY DENIED KNOWING IT WAS IN VIOLATION OF THE LAW AND FELT THAT SINCE MC CORD WAS SECURITY CHIEF, THIS WAS SOMETHING ON SOME PEOPLE WHO WANTED TO DO HARM OR DISTURBANCE TO THE REPUBLICAN COMMITTEE. HE CONTINUED THAT THE TAPS WERE ON AT LEAST THREE LINES, BECAUSE WHENEVER OLIVER WOULD TALK ON ONE LINE, A SECOND CALL WOULD COME IN. OLIVER WOULD TELL THE FIRST PERSON TO HOLD AND SWITCH TO THE SECOND. BALDWIN SAID HE WOULD ALSO PICK UP THAT CONVERSATION. THE THIRD CONVERSATION WAS MAINLY BY THE SECRETARY TO OLIVER. HE SAID HE RECEIVED THE TRANSMISSIONS ON ABOUT ONE ONE EIGHT MEGACYLCES. THAT THE ROOM HE OCCUPIED HAD TWO OR THREE RECEIVERS, BUT HE ONLY USED ONE HE SAID YOU HAD TO USE AN EAR PHONE TO LISTEN. THERE CAME A TIME IN THE HOWARD JOHNSON MOTEL WHEN BALDWIN SAW MONEY BEING PASSED FROM ONE HAND TO ANOTHER. HE SAID ONE EVENING THE MAN HE DESCRIBED AS GEORGE WALLACE, CAME TO THE ROOM AND TALKED TO MC CORD. THIS MAN REMOVED A LARGE ENVELOPE FROM HIS INSIDE COAT POCKET AND COUNTED OUT AT LEAST EIGHTEEN ONE HUNDRED DOLLAR BILLS AND GAVE THEM TO MC CORD. BALDWIN SAID HIS EYES ALMOST FELL OUT BECAUSE THE ENVELOPE CONTAINED NOTHING BUT HUNDREDS AS BEST AS HE COULD RECALL. HE DID NOT HEAR ANYTHING AT THAT TIME BETWEEN MC CORD AND THIS MAN.

SOMETIME LATER, WITHIN A WEEK, THIS MAN AND THE MAN NOW KNOWN AS HUNT, CAME TO THE MOTEL WHERE THEY WERE INTRODUCED UNDER ALIASES. THEY TALKED TO MC CORD WHILE BALDWIN CONTINUED HIS ASSIGNMENT. BALDWIN LEFT THE ROOM TO BUY SANDWICHES. HE DID NOT TAKE PART IN ANY CONVERSATION.

ON THE NIGHT OF JUNE SIXTEEN LAST, MC CORD CAME IN ABOUT SIX PM. HE TOLD BALDWIN TO GO TO THE PEOPLES DRUG STORE AND BUY SOME

Miss MILLICENT (PENNY) MACEY GLEASON, 513 Gilmoure Drive, Silver Spring, Maryland, telephone numbers 593-5459 and (unlisted number) 593-5581, telephonically contacted SA CHARLES W. HARVEY at the Washington Field Office of the Federal Bureau of Investigation (FBI) at 11:00 a.m., July 1, 1972. Miss GLEASON stated that she had conversed with STEVE ANDERSON, another security officer for the Committee for the Re-Election of the President, who had been interviewed by SAs HARVEY and HARVEY W. JAMES on June 30, 1972, and that her purpose in calling was to make arrangements for a confidential interview concerning the burglary of the Democratic National Committee (DNC) which occurred at the Watergate Hotel, Washington, D. C. (WDC), on June 17, 1972. Miss GLEASON noted that she had been contacted by SAs HARVEY and JAMES on June 30, 1972, at the Security Office of the Committee for the Re-Election of the President, 1701 Pennsylvania Avenue, N.W., WDC, but that she did not feel comfortable in furnishing information in the presence of the attorney whose presence was required when interviews were conducted on the premises of the aforementioned committee. u

Miss GLEASON stated that she was calling from home and that she would drive to downtown WDC where she would again telephone SA HARVEY.

At approximately 12:50 p.m. on July 1, 1972, Miss GLEASON again telephoned SA HARVEY and stated she was calling from a pay telephone at the corner of 13th Street and Pennsylvania Avenue, N.W., WDC. She expressed concern that she might have been followed by unknown persons associated with the aforementioned committee and that she desired that the interview be held farther away from WFO. u

SA HARVEY then met Miss GLEASON at the Drug Fair store located at 13th Street and Pennsylvania Avenue, N.W. and both then walked to the 1200 block of G Street, N.W., where they were picked up by SA PAUL P. MAGALLANES, in his personally

owned automobile and transported to the area of 8th and I Streets, N.W., WDC, where the interview began. After over two hours of interviewing, it became apparent that the volume of information being furnished by Miss GLEASON necessitated a more adequate environment and since she indicated that she did not desire to be seen at or near WFO, the remainder of the interview was conducted in Room 300 at the Holiday Inn located at 1900 Connecticut Avenue, N.W., WDC. This room was rented in the name of SA HARVEY. u

From the beginning of the interview, Miss GLEASON emphasized that she would surely be fired from her position as Security Officer for the Committee for the Re-Election of the President, hereinafter referred to as the Committee, should her superiors learn of her contact with the PEI. Miss GLEASON stated that she would attempt to furnish all information in her possession which might have any bearing whatsoever on the investigation of the burglary at the DNC. In this regard, she had in her possession her own handwritten notes concerning suspicious conduct by various personnel associated with the Committee. u

Miss GLEASON advised as follows:

She has been employed as a Security Officer by the Committee since Easter Monday, 1972. When she began her employment there, Mr. JAMES W. McCORD, Chief of Security for the Committee, informed her and other security officers that he and his group would not have anything to do with the Republican National Convention and that "other people" would handle that. However, as time passed, McCORD and his security officers became more and more involved in the security preparations for the convention until the entire situation was being controlled by McCORD. u

Concerning the events immediately preceeding the arrest of McCORD on June 17, 1972, and the events thereafter, Miss GLEASON furnished the following information in chronological order: (It should be noted that her memory of details of certain events was refreshed by discussing some of the more noteworthy and pertinent events, thus the information furnished hereinafter is not necessarily in chronological order.) u

On the night of June 16, 1972, she was in the third floor security office of the Committee attempting to straighten

things up. Sometime between 9:30 and 10:00 p.m., Mr. McCORD came in the office and jokingly remarked that he had dropped by to make sure they had plenty of work. McCORD's appearance was unusual in that his shirt sleeves were rolled up and he was not well dressed. He was usually dressed very well. McCORD stated that he had come by to pick up his raincoat. Upon leaving, he said words to the effect, "PENNY, I want to thank you for what you've done for our office." Her impression was that McCORD's remark seemed more like a "good-bye" than a "thank you". As he left, she noticed that his pockets were bulging with unknown items. She believed that McCORD returned a "Bellboy" telephone alerting device. She left the office and went home at approximately 10:15 p.m. on that date (June 16, 1972). u

Previously, at approximately 4:00 p.m. on June 16, 1972, McCORD wanted to know who was going to work on which shift the next day and instructed security officer JACK ERNST to be on the second floor (the space occupied by the finance committee). McCORD also wanted security officer GEORGE SHANKS to work on the 3rd floor with her (GLEASON). The reason for this was that earlier in the evening of June 16, 1972, McCORD had instructed security officer STEVE ANDERSON to go through the keys for the second floor finance office of the Committee and obtain one key for each file cabinet and desk on that floor. ANDERSON was supposed to give these keys to HUGH SLOAN or GORDON LIDDY on the next morning (June 17, 1972) in order that he (SLOAN or LIDDY) could go through the desks and file cabinets to either locate some papers for destruction or insure that some papers had already been destroyed. Since ANDERSON would not be available on the morning of June 17, 1972, the task of getting the keys to SLOAN or LIDDY was given to the aforementioned ERNST. ANDERSON, however, did get the keys as instructed and left them for ERNST to pick up. In this regard, Miss GLEASON stated that she believes McCORD told ANDERSON to give the keys to LIDDY and that ANDERSON believes that he was to give the keys to SLOAN. In other words, it was not an "either or" situation, but ANDERSON was instructed to give the keys to one specific individual - SLOAN or LIDDY, which one not definitely known. She (Miss GLEASON) has no idea what papers were involved in this situation but, to her knowledge, the desks and file cabinets were not inspected on June 17, 1972. u

3

On June 17, 1972, Miss GLEASON arrived at work with JACK ERNST at approximately 7:00 a.m. Someone, identity not recalled, came in and said that the DNC had been burglarized. She attached no significance to this statement at this time but thought it strange that GORDON LIDDY and POWELL MOORE, JOHN MITCHELL's press man, were running around the office together inasmuch as she had never observed them together before. At approximately 9:30 a.m. - 10:00 a.m. on the same date "JEB" MAGRUDER called from an unknown location and told one of the office girls to advise him concerning the UPI wire reports concerning the DNC break-in. u

At approximately 11:00 a.m. - noon, on the same date (June 17, 1972), she received a telephone call from Mrs. McCORD who was on the verge of tears. Mrs. McCORD asked, "PENNY, do you know an attorney named RATLISS?" Mrs. McCORD inquired about the name RATLISS, not RAFFERTY. (Miss GLEASON noted that at this point she still did not connect the burglary of the DNC with Mrs. McCORD's call). When she informed Mrs. McCORD that the name was not familiar to her and that ROB ODLE was in the office, Mrs. McCORD stated that she wished to speak with ODLE. Thereupon, Miss GLEASON gave Mrs. McCORD ODLE's direct telephone number and Mrs. McCORD presumably called him. u

She (GLEASON) then ran upstairs to the fourth floor to see what was wrong and SYLVIA PANNARITES, ODLE's "secretary at that moment" said "everything's fine, go back downstairs". As she (GLEASON) was leaving ODLE's office, she heard ODLE instruct SYLVIA to get Assistant Attorney General SANTARELLI on the telephone. Miss GLEASON does not believe that ODLE is aware of the fact that she overheard this statement. She noted that SANTARELLI's wife, CONNIE, is employed by the Committee as head of personnel. u

Miss GLEASON then went back to her office on the third floor and ODLE came running in shortly thereafter and stated to her, "I want you to stay until midnight because calls will be coming in on the West Coast incident." She was still unaware of McCORD's arrest at this time and had no idea what ODLE meant by "the West Coast incident". She then thought that possibly JOHN MITCHELL or his bodyguard, STEVE KING, had been injured on the West Coast. She then went upstairs and found MARTHA DUNCAN (office manager), ODLE and SYLVIA PANNARITES in "JEB" MAGRUDER's office. u

She was still unable to find out what had happened and went back to her third floor office. MARTHA DUNCAN then came downstairs to the security office and stated to Miss GLEASON, "Are you shocked? Are you disillusioned." Miss GLEASON was still unaware of McCORD's arrest but answered "yes", even though she (Miss GLEASON) did not know what DUNCAN was talking about. u

By this time it was approximately 1:00 p.m. - 2:00 p.m. (June 17, 1972), and Miss GLEASON decided to contact JEAN COLEMAN, secretary to CLIFF MILLER who, according to Miss GLEASON, is one of the two men at the Committee who are close to the President. COLEMAN stated to Miss GLEASON, "PENNY one of the men in the break-in at the DNC was Mr. McCORD. If ROB ODLE found out I told you, he'd fire me." u

On the same date (June 17, 1972), ODLE personally asked Miss GLEASON to get BOB HOUSTON (security supervisor under McCORD) on the telephone. ODLE also stated, "Does HOUSTON know?" Thereupon, Miss GLEASON replied in the negative. She then called HOUSTON and told him that ODLE wanted to talk to him. HOUSTON at that time asked Miss GLEASON "Did you call Mr. McCORD about the DNC break-in?" Since ODLE had instructed Miss GLEASON not to give out any information, she lied to HOUSTON and told him "yes" in response to his question. u

During the afternoon hours on the same date (June 17, 1972), Miss GLEASON received a telephone call from a man who said he was a friend of Mr. McCORD's and was on the District of Columbia police force. This individual then indicated that he wanted to come over to the Committee. She then told the caller to wait while she checked. At that time, ODLE, LIDDY and POWELL MOORE were in conference. She interrupted the conference and asked LIDDY what she should do about the man on the telephone and LIDDY replied that he did not want the man to come over. Miss GLEASON then told ODLE about the caller and ODLE told her to pay no attention to LIDDY's orders and to have the caller come over. She then told ODLE that since he (ODLE) did not want anybody to know anything, she would tell security officer MIKE MASSE that he (ODLE) wanted him to check downstairs and that she would go to the lobby to meet the individual who had called. u

Thereupon, she went to the lobby and at approximately 4:00 p.m. (June 17, 1972), one GARY BITTENBENDER, an Intelligence Officer for the Metropolitan Police Department (MPD), WDC arrived. At that time, she realized that on Wednesday (June 14, 1972), she had been introduced to BITTENBENDER by McCORD in the security office of the Committee. McCORD had introduced BITTENBENDER to her as "one of your classmates" from Montgomery County Junior College. Miss GLEASON thought this was a peculiar introduction since she was unable to recall ever having seen BITTENBENDER before. u

Continuing with her recollection of BITTENBENDER's activities on the afternoon of June 17, 1972, Miss GLEASON advised that while she and BITTENBENDER were in the lobby, she observed GORDON LIDDY leave the building. She called upstairs to inform ODLE that she was bringing BITTENBENDER upstairs, but ODLE was talking on another telephone. u

She noted that she did not require BITTENBENDER to sign in or out on the register and that he was the so-called "mystery man" seen in the Committee. u

Concerning the "mystery man", she believes that ODLE was well aware of the identity of this individual and sent the FBI on a chase to locate the individual in order to create busy work and tie up Agents from investigating more substantive aspects of the case. u

BITTENBENDER told Miss GLEASON that he had coincidentally been in the MPD cellblock when McCORD was booked in and that he recognized McCORD. BITTENBENDER kept repeating, "It's a very interesting case." He also said, "Maybe things like this won't happen when political rights are given back to policemen." u

When they arrived in the security office, BITTENBENDER asked Miss GLEASON for a mug shot that

he had previously given McCORD. Miss GLEASON had no knowledge of this mug shot and, consequently, to her knowledge, BITTENBENDER never retrieved same. ODLE then came down to the security office, told Miss GLEASON to leave, and thereafter talked with BITTENBENDER for approximately 15 minutes. She went to get a Coke and when she came back BITTENBENDER was gone. u

Later, on June 17, 1972, she heard from an unrecalled individual that GORDON LIDDI had left his second floor office at 6:00 p.m. never to return. u

Miss GLEASON also recalled that during the day of June 17, 1972, Mrs. McCORD called her again and requested that Mr. McCORD's personal pictures and plaques be removed from the walls of the security office. She (GLEASON) removed these items and placed same in a file cabinet. Among the items were a key to the White House to McCORD from the U. S. Secret Service and an award presentation photograph showing RICHARD HELMS presenting an award to McCORD. This photograph bore the notation "With deep appreciation, DICK HELMS." The word deep was underlined. u

7

Miss GLEASON further advised that she departed the office at approximately 11:30 p.m. Saturday night, June 17, 1972, but that she was emotionally upset over the events of that day and was unable to sleep. At 2:00 a.m., June 18, 1972, she called the office inasmuch as she was concerned that the Students for a Democratic Society (SDS) had apparently tapped a recorded message into the telephone lines of the November Group, an advertising type agency for the Republican National Party, located in New York, New York. She called the office at that hour to determine if their lines had been similarly tapped and to find out what was happening. She spoke with ODLE and he was obviously quite drunk as were the other two people at the office at that time, MARTHA DUNCAN and SYLVIA PANNARITES. ODLE kept pleading with Miss GLEASON, "Penny don't leave us, we need you so much." She informed ODLE that she was not leaving and thereafter MARTHA DUNCAN got on the telephone and said, "We can't talk now, we're waiting for MITCHELL to call." Miss GLEASON stated that ODLE and DUNCAN will lie for each other to protect themselves. u

Miss GLEASON recalled that since she was unable to sleep, she went to the Committee, arriving there at approximately 4:20 a.m., June 18, 1972. She learned later in the day from PANNARITES that ODLE, DUNCAN, and PANNARITES had left the office at approximately 4:00 a.m. u

BOB HOUSTON arrived at the office at 8:00 a.m., Sunday, June 18, 1972. He told Miss GLEASON that he had read about MC CORD's arrest in the paper. HOUSTON immediately went to the file cabinet in the security office and began removing files. When Miss GLEASON asked HOUSTON what he was doing, he replied, "We're going to remove some of Mr. MC CORD's personal files." HOUSTON also removed some tapes and commented that his (HOUSTON's) voice was on some of them. u

One file that was removed from the security office (possibly by HOUSTON, but Miss GLEASON did not observe this), concerned FBI teletypes. By memorandum, date not recalled but which was dated late May or early June, 1972, ROE ODLE advised "JEB" MAGRUDER that it would be nice if arrangements could be made for MC CORD to receive FBI daily teletypes like he (MC CORD) did when he was with CIA. In this same memo, ODLE asked MAGRUDER to talk to KLEINDIENST about the matter. This memo was labeled "Confidential-Sensitive." u

Concerning the items removed from the security office by BOB HOUSTON on June 18, 1972, Miss GLEASON continued as follows: u

8

HOUSTON proceeded to remove all of MC CORD's writings and he accomplished this without any direction as if the procedure were part of a prearranged plan. One of the tapes removed from the security office, presumably by HOUSTON, concerned SCOTT CAMILLE, head of the Vietnam Veterans Against the WAR (VVAW) and Cuban refugees. The content of this tape was, to her best recollection, as follows: "According to confidential sources they are teaching groups how to make home made bombs and are giving them firearms and artillery to use against the D.C. Police stationed in Miami." The same tape also contained information concerning the security arrangements at the Hotel Doral in Miami, Florida. u

This tape had been brought back to WDC by MC CORD when he was on one of his trips to Miami. Miss GLEASON said MC CORD went to Miami on two occasions: u

- 1) In approximately mid-May, when he checked out of the Hotel Doral for security arrangements. u
- 2) Sometime during the approximate period of June 5-15, 1972. When MC CORD returned to WDC from this trip, he asked Miss GLEASON, "Penny, how would you like to go to Miami?" MC CORD apparently intended to send Miss GLEASON to Miami for the convention. On this same trip, MC CORD met with a Bell and Howell official in Miami concerning something to do with setting up radio communications for the convention. This trip lasted one or one and a half days. It was from this trip that MC CORD brought back to WDC the aforementioned tape concerning SCOTT CAMILLE and the Cuban refugees. u

When MC CORD returned from the previously mentioned trip number one, Miss GLEASON typed a rough draft memo concerning security arrangements for the convention. CONNIE SANTARELLI typed the final paper and took same over to the White House during the latter part of May. This memo went into the details concerning an "audio counter sweep" since it had been determined that Senator MC GOVERN and the MITCHELLS would be staying in the same hotel. The memo covered other security matters such as identification cards. It also stated that two Committee security officers were supposed to go to the DNC as observers. Miss GLEASON stated that she believed that the above was

9

significant because all of the above-mentioned security arrangements had been taken care of prior to MC CORD's arrest. Along this same line, she recalled that MC CORD was making special arrangements with WDC Police Chief JERRY WILSON to obtain Special Police Officer (SPO) Commissions for all Committee security officers. These commissions would entitle them to carry firearms. u BC

Concerning the other items missing from the security office and which were presumably taken by HOUSTON, Miss GLEASON advised that also missing was a handwritten memo from MC CORD to BILL TIMMONS, Assistant to the President. This memo covered security procedures for the Miami convention and dealt with such things as security officer contracts, walkie-talkies, and security details in general. u BC

Miss GLEASON also advised that she does not know what disposition HOUSTON made of any of the items he took out of the security office. She noted that the general assumption is that he burned the files but that she does not believe that this is necessarily so. HOUSTON only said he was taking the items "out of the office" and he allegedly took MC CORD's personal files to the office of Mc Cord Associates on June 18, 1972. u

She recalled that around the first of June, 1972, HOUSTON told her that MC CORD wanted the combination lock changed on one of the file cabinets in the security office. It was assumed, she believes, by MC CORD and HOUSTON that she had no knowledge of the contents of this file cabinet. She stated that this was not the case, that she knew most of the contents of the cabinet in question, and that to her knowledge there was no mention of the DNC in the files. u

On June 19, 1972, HOUSTON removed a desweeper kit from the security office and she noticed that a walkie-talkie type battery charger was also missing from the security office, presumably removed by HOUSTON. u

Also, on June 19, 1972, HOUSTON made the statement, "We'll operate as normally as possible and all the people will be paid by RNC." u

On June 21 or 22, 1972, HOUSTON told her that their office telephones had been tapped since June 19, 1972. She asked by whom, and he replied he did not know. u 10

It was possibly on this same date that ODLE, POWELL MOORE, and HOUSTON came in the security office and asked Miss GLEASON and STEVE ANDERSON to "please leave." The aforementioned three individuals then went into the security office for a closed door conference. u

When HOUSTON was interviewed by SA's DANIEL C. MAHAN and JOHN E. DENTON on approximately June 24, 1972, HOUSTON was "less than complete" with his information concerning tape recorders. She stated MC CORD had two new tape recorders but that an older, broken recorder was in the office but is now gone. The date and time this recorder was removed is unknown but it was there on the weekend of June 10-11, 1972. u

On June 28, 1972, Miss GLEASON learned that GEORGE DUBROSKY, security officer for the RNC, told STEVE ANDERSON that MC CORD telephoned the RNC for JIM CAUDILL, Security Supervisor for the RNC. She has no knowledge of the text of the call and assumes it was made on the same date (June 28, 1972). MC CORD reportedly, through this call, left a message for the security people to "hang loose" and "be cool." u

On June 30, 1972, HOUSTON told her that he had talked with MC CORD but that HOUSTON did not divulge what was discussed nor when he actually talked with MC CORD. u

Also, on June 30, 1972, MAURINE DEVLIN, a receptionist for the finance committee on the second floor, told Miss GLEASON that FBI agents had displayed some photographs to her and that she had recognized the photograph of BERNARD BARKER as being identical with an individual who had previously been in the finance committee. It is unknown to Miss GLEASON whether DEVLIN admitted this fact to the FBI agents. u

Miss GLEASON stated that she believes she observed some green or turquoise surgical gloves in a security office cabinet at one time but she was unable to recall when she observed this or the circumstances surrounding same. u

On June 30, 1972, STEVE ANDERSON told her to advise the interviewing agents that on an unrecalled occasion he observed a small camera, brand name possibly Renault, in GORDON LIDDY's cabinet. At another unrecalled time, ANDERSON observed a handgun in LIDDY's cabinet. u

Miss GLEASON recalled that approximately one week prior to the burglary of the DNC, MC CORD had instructed security officers TOM WISE and STEVE ANDERSON in the operation of sweeping devices in case the need arises and I'm not here." u bc

Miss GLEASON stated that she has not been able to figure out any connection between MC CORD and the other four individuals who were arrested with him on June 17, 1972, at DNC. She noted that some of the other persons arrested with MC CORD were Cuban, that she has taken many telephone calls from MC CORD, and that she cannot recall ever having heard a caller with a Spanish accent. u

On June 30, 1972, JUDY HOBACK, Secretary to MAURICE STANS, told Miss GLEASON that STANS had instructed her not to give any of their records to ROB ODLE because "something might happen to the records" before FBI agents got a chance to examine them. HOBACK is the bookkeeper for the Committee and her superior is HUGH SLOAN. u bc

Miss GLEASON noted that she keeps a filing system for guest registers for the Committee and that a check of her files on June 30, 1972, disclosed that the registers for the days of June 17, 18, and 19, 1972, are missing. She noted the possibility that these may have been turned over to the FBI. u

In thinking back concerning the weekend of June 17-18, 1972, Miss GLEASON thought it was peculiar that FRED LARUE, BART PORTER, the MITCHELLS, and possibly "JEB" MAGRUDER, all happened to be at a celebrity party in California on that weekend. Also, DEVAN L. ASHUMAY, Director of Public Affairs, was fishing on Chesapeake Bay. She noted that some of these people are usually in WDC on any given weekend. u bc

She noted that if MAGRUDER was in California on the weekend in question, then the above people who were in California on the pertinent weekend knew about the DNC break-in before the Committee people in WDC, because, as previously mentioned herein, MAGRUDER had called the Committee on June 17, 1972, concerning the UPI wire reports relating to the matter. u

Miss GLEASON also stated that MC CORD always went where he wanted when he wanted and if they (security personnel) went to the White House and mentioned MC CORD's name, they could "get anything we wanted." u 17

On June 15, 1972, Mr. MC CORD instructed security officer TOM WISE to go to the Statler Hilton Hotel and buy some tear gas canisters. WISE returned with a box containing approximately thirty "Sheriff" tear gas canisters, black in color, and in plastic boxes. MC CORD pulled \$30 cash from his pocket and gave same to WISE for purchase of the canisters. During the week of June 26, 1972, Miss GLEASON looked in the box containing the aforementioned canisters and discovered that approximately seven or eight were missing. At the time when MC CORD told WISE to purchase the canisters, he (MC CORD) said that he wanted Miss GLEASON to have some of the canisters for her personal use. Miss GLEASON found this strange at that time inasmuch as she already had a "General ME-VII Chemical Baton Tear Gas Cartridge." She noted that the receipt reflecting WISE's purchase of the aforementioned "Sheriff" canisters is still somewhere in the security office and that there is no list of individuals who were issued the canisters. u

On June 17, 1972, while Miss GLEASON was at the Committee, MARTHA DUNCAN told Miss GLEASON, "GORDON LIDDY is going to be the one to fry." Miss GLEASON stated that she did not know what DUNCAN meant by this statement. *mc cld*

*PC* On June 19 or 20, 1972, BART PORTER's assistant, ROGER STONE, called the Committee headquarters and asked of PORTER's whereabouts in California, stating that it was a matter of life and death that he, STONE, get a hold of him. Mr. STONE then called again and pleaded with Miss GLEASON for Mr. PORTER's number in California. Miss GLEASON then gave Mr. STONE two numbers where PORTER could be reached in Beverly Hills, California. PORTER then called and asked to be connected to Mr. FRED LARUE who was staying at Mr. MITCHELL's apartment because CLIFF MILLER had some important information that had to be passed on. PORTER did not say what the information was. Mr. STONE then called and asked if Miss GLEASON had been advised by Mr. PORTER of the information. Miss GLEASON replied in the negative and STONE stated "I can't discuss it." u

On approximately Wednesday or Thursday, June 21 or 22, 1972, Mr. LARUE called and asked Miss GLEASON to get HUGH SLOAN. Miss GLEASON attempted to gain the whereabouts of Mr. SLOAN but was unsuccessful in her efforts. u

13

On June 20, 1972, Miss GLEASON and MARTHA DUNCAN got together at the Roger Smith Hotel and over drinks discussed what had happened at the Committee headquarters. (At this point, Miss GLEASON stated that she, Miss GLEASON, and Miss DUNCAN do not particularly get along with each other as a matter of fact, are hostile toward each other. Therefore, she was surprised when Miss DUNCAN requested that they have a drink together.) While at the Roger Smith Hotel, Miss DUNCAN stated that the "higher echelon" told Miss DUNCAN to spy on Miss GLEASON. When Miss GLEASON asked why, Miss DUNCAN replied, "To see what you know." Miss DUNCAN then asked Miss GLEASON how well she knew Mr. MC CORD. (Here, Miss GLEASON stated that on the Saturday of the break-in, Mr. ODLE and Miss DUNCAN requested Miss GLEASON to go to Mr. MC CORD's house in order that Mrs. MC CORD would have someone with her. Apparently Mr. ODLE and Miss DUNCAN assumed that Miss GLEASON was a close personal friend of the MC CORD family. Miss GLEASON stated that she had no transportation and, therefore, she could not go to the MC CORD house by herself. Upon learning the latter, Mr. ODLE dropped the idea. Subsequent to this, Miss GLEASON learned that some close personal friend of Mrs. MC CORD stayed with her the Saturday of the break-in.) While at the Roger Smith Hotel, Miss DUNCAN asked Miss GLEASON, "Everybody has their price. Do you think Mr. MC CORD was paid off?" Miss DUNCAN further stated that "people upstairs" had told her not to talk about the incident and for her (DUNCAN) to spy on the security office. u

On possibly the evening of June 19 or 20, 1972, about 9:00 p.m., Mr. ODLE told Miss GLEASON to keep the switchboard open. Later on, Miss GLEASON went back to the press section of the Committee headquarters to get a Coke and overheard Miss DUNCAN say "Is it in JACK ANDERSON's column?" Miss DUNCAN was talking with Mr. ODLE and with Mr. SCHUMWAY. The following day JACK ANDERSON's column contained an article covering LAWRENCE O'BRIEN's expense voucher. Miss GLEASON state that Mr. ODLE did not say why he wanted the switchboard open. After reading the following day's "Washington Post", ODLE then told everyone to go home. u

On Wednesday, June 21, 1972, the previously mentioned GARY BITTENBENDER called and stated that "Everything's okay and that he's being taken care of."

14

Miss GLEASON heard noises on the telephone lines and assumed that the Committee telephones were being tapped. BITTENBENDER said he would be on vacation and would return on June 26, 1972. (A

On Thursday, June 22, 1972, Mr. ODLE's Assistant, ANDY LAWRENCE, called Miss GLEASON and asked her to go to Mr. ODLE's office. (Here, Miss GLEASON stated that while she was having a drink with Miss DUNCAN at the Roger Smith Hotel, Miss DUNCAN had told Miss GLEASON that a HOWARD HUNT was very big at the White House and that everyone knew him.) When Miss GLEASON arrived at Mr. ODLE's office, Mr. ODLE asked her whether she knew a Mr. HOWARD HUNT. Miss GLEASON replied in the negative and Mr. ODLE asked her "Are you sure?" and Miss GLEASON said that she was. Mr. ODLE then asked Miss GLEASON if she or anyone else in the security office knew what was going on. (A

15

Miss GLEASON was the only security officer from the security office of the Committee to be questioned by Mr. ODLE about the incident. Miss GLEASON indicated however that Mr. HOUSTON may have also been questioned but that she was not certain. On June 26, 1972, Miss GLEASON and the staff from the Committee were advised that Committee lawyers would be present at the offices. Sometime during the week of June 26, 1972, someone, identity unrecalled, advised Miss GLEASON, "Don't talk too much because one of the FBI Agents is unfriendly to us." On the date Miss GLEASON was advised of the presence of the attorneys, Mr. HOUSTON told everyone in the security office that no one could talk with anyone from the FBI without a Committee attorney being present. Therefore, Miss GLEASON believed, she could say nothing in front of the attorney when she was contacted on June 30, 1972. u

On June 29, 1972, Miss GLEASON was instructed by Mr. ODLE to remove Mr. MC CORD's I.D. data sheet from the Committee records. The I.D. data sheet was described by Miss GLEASON as an 8 by 11 sheet of paper with Mr. MC CORD's personal data thereon after which Mr. MC CORD's picture was placed on a card issued to him by the Committee. This card identified him as a staff member. u

On June 29, 1972, at approximately 9:00 p.m., Miss GLEASON was at the Committee when a special delivery package arrived for Mr. GORDON LIDDY. The return address bore the name of the Department of the Treasury, the Office of Law Enforcement, New York City, New York. Miss GLEASON signed for the package and was instructed by JUDY HOBACK to place the package in the mail room inasmuch as Mr. LIDDY had been dismissed. u

Miss GLEASON described JUDY HOBACK as being deeply affected by all of the strange things that have been going on in the finance department of the Committee where Mrs. HOBACK is head bookkeeper and with the strange goings on in the Committee as a whole. Miss GLEASON further described HOBACK as a fine up-standing, honest woman who has much integrity and who is ready to burst because of the strange behavior at the Committee. Miss GLEASON will have a luncheon date with Mrs. HOBACK on July 3, 1972, which date was suggested by Mrs. HOBACK and Miss GLEASON is of the belief that Mrs. HOBACK will advise her of what has been going on at the Committee subsequent to the Democratic

16

National Committee Headquarter's burglary. Miss GLEASON is further of the belief that Mrs. HOBACK should be interviewed by the FBI and will suggest to her that she do so without advising Mrs. HOBACK that she has already been interviewed by the FBI. u

Sometime after the burglary, date unrecalled, Miss GLEASON was advised by Mr. SCHUMWAY, "Don't worry about MC CORD, he'll be alright. I know what most of the facts are and I'm not at liberty to discuss them. We should have known (laughter) from the Bay of Pigs invasion." u

Immediately following the burglary at the DNC, the attitude at the Committee was that the FBI was going to "whitewash" the entire investigation. According to Miss GLEASON, this line of reasoning was based upon the fact that President NIXON appointed Mr. KLEINDIENST as Attorney General and Mr. GRAY as Acting Director of the FBI. Along this same line, MIKE WILSON, driver for Mr. MITCHELL, once commented, "There wouldn't be any problem if the FBI had gotten there (to the scene of the burglary) before the D.C. police. The FBI would have covered it up." u *B.C.*

Miss GLEASON reiterated her opinion that Committee officials are sending FBI agents on fishing expeditions to keep them from getting to the truth. She also reiterated that ROB ODLE has not been entirely truthful with FBI agents who have interviewed him. She also said that persons associated with the Committee have discussed the fact that Attorney General KLEINDIENST and Mr. MITCHELL or Mr. GRAY (not certain which two) were at the same hotel in California immediately following the DNC burglary. She noted that these circumstances led some people to believe that the FBI would merely go through the formalities of an investigation while actually covering up the truth. u

The attitude presently prevailing at Committee Headquarters is one of serious concern. The feeling now is that the FBI is getting closer. The attitude is now one of panic, especially on the part of Committee officials such as Mr. ODLE. Some people, however, still are not completely convinced that the FBI is not merely covering up the investigation. u

Miss GLEASON was exhibited the following black and white photographs and could identify none except the photograph of JAMES W. MC CORD:

On July 2, 1972, Miss GLEASON telephonically advised SA PAUL P. MAGALLANES of the following: u

While being interviewed by SA MAGALLANES and HARVEY on July 1, 1972, she forgot to mention that while she was at the Roger Smith Hotel on June 20, 1972, with MARTHA DUNCAN, DUNCAN had advised Miss GLEASON that Mrs. MC CORD had told Mr. ODLE, "Well it looks your project has failed." MARTHA DUNCAN then stated to Miss GLEASON, "I wonder why she would say something like that?" DUNCAN described Mrs. MC CORD's tone of voice as being calm and relaxed. DUNCAN did not indicate to Miss GLEASON whether she, DUNCAN, had listened to Mrs. MC CORD on Mr. ODLE's telephone extension, or whether Mr. ODLE related to DUNCAN what Mrs. MC CORD had told him. Miss GLEASON thought that it was strange that DUNCAN described Mrs. MC CORD's tone of voice as being calm and relaxed since Miss GLEASON had talked with Mrs. MC CORD on the same date, June 17, 1972, on at least two occasions and Mrs. MC CORD was frantic, excited, frightened and very upset because her husband had been arrested. The above quote attributed to Mrs. MC CORD occurred on June 17, 1972, the same day of the burglary of the Democratic National Committee Headquarters. u

Miss GLEASON was assured by SAs MAGALLANES and HARVEY that the FBI is not covering up the Democratic National Committee burglary investigation and that the FBI thoroughly investigates each and every case which comes to its attention. She was further advised that all Special Agents are thoroughly investigated prior to their appointments as Special Agents of the FBI and that there has not been one incident of the FBI "covering up" an investigation. u

GENERAL INVESTIGATIVE DIVISION

Summary

Attached summarizes investigation conducted 7/7/72, of burglary of Office of Democratic Party National Headquarters. u

(1) Original cashiers check in the amount of \$25,000 payable to Kenneth H. Dahlberg received by our Washington Field Office, 7/7/72, and will be displayed to Maurice Stans, Chairman of the Finance Committee to Re-elect the President. u

(2) Investigation at Maryland National Bank regarding McCord Associates indicates 4/12/72, cash deposit of \$10,000 in \$100 bills made by James Walter McCord, Jr., and on 5/31/72, \$10,000 cash deposit made. On 6/12/72, \$10,000 cash deposit made; bank employee receiving this deposit could not identify McCord. Serial numbers of money not recorded. u

(3) Kathleen Chenow, former secretary to David Young, appeared before Federal Grand Jury, 7/7/72. Her statement was same as given to Bureau Agents; [REDACTED] B3

[REDACTED]. Recheck of telephone records being made to identify these calls. u

(4) Donald Santarelli, Associate Deputy Attorney General, interviewed and denied receiving phone call from Robert Odle on 6/17/72; stated his wife had called the Committee, 6/18/72. He said he only had one conversation with Odle around this date wherein Odle inquired for recommendation to replace McCord. Santarelli denied knowing anything about case other than what he had read in the newspapers. u

(5) Secretary to Maurice Stans advised Stans departed Washington, D.C. (WDC), on extended trip early 7/7/72; does not have itinerary; however, when he contacts his office for messages this weekend, she would have Stans personally contact our Washington Field Office. When this call received, appropriate lead will be set out to interview Stans if located outside WDC. u

Intensive investigation continuing. u

GENERAL INVESTIGATIVE DIVISION

Attached sets forth signed statement of Kenneth H. Dahlberg who was interviewed in the investigation relating to the burglary of Democratic National Committee Headquarters, 6/17/72. u

Mr. Dahlberg, after being advised of his rights by Agents of our Minneapolis Office, related he is Regional Chairman of the Finance Committee to Re-elect the President and as such he had fund raising responsibility for seven upper midwest states. Dahlberg related in April, 1972, and a considerable time before this date, he was in Boca Raton, Florida, (where he maintains a winter home), and while there engaged in raising funds to re-elect the President accumulating \$25,000 in cash. Not wanting to carry this amount of money, he obtained cashiers check from First National Bank and Trust Company, Boca Raton, made payable to himself, which check he turned over to Maurice H. Stans, Chairman of the Finance Committee to Re-elect the President. Other individuals were in the room with he and Stans at time he turned it over to him but has no recollection who might have observed the transaction. He did not obtain a receipt for the check and has no knowledge whatsoever what happened to it after its turnover. He stated he did not know how this check got into the possession of Bernard Barker who was unknown to him. u

Dahlberg states he has no knowledge concerning the burglary and emphatically stated he had nothing whatsoever to do with it. He stated from national magazines he had seen the names and photographs of men reported to have been involved in the burglary and none of them were known to him. u

*M. Dahlberg*

I, KENNETH H. DAHLBERG, after having executed Form FD-305 entitled "Your Rights" on July 6, 1972, make the following free and voluntary statement to FRANCIS R. GRADY and DONALD W. PETERSON, who have identified themselves to me as Special Agents of the Federal Bureau of Investigation. u

I am fifty-five years old, having been born June 30, 1917, at St. Paul, Minnesota. I am Chairman of the Board of Dahlberg Electronics, Inc., 7731 Country Club Drive, Golden Valley, Minnesota. I am also Regional Chairman of the Finance Committee to Re-Elect the President. As Regional Chairman I have the fund-raising responsibilities for seven upper midwest states, including Minnesota, North Dakota, South Dakota, Iowa, Wisconsin, Kansas and Nebraska. The Finance Committee to Re-Elect the President is a subsidiary to the Committee to Re-Elect the President, which committee is political in nature, whereas the finance committee is fund raising. u

I maintain a residence in Wayzata, Minnesota, and a winter home in Boca Raton, Florida. On April 10, 1972, and for a considerable time before this date I was in Boca Raton,

*AD*

Florida. While in Boca Raton, Florida, I was engaged in raising funds to re-elect the President. I had accumulated a large amount of cash as a result of my fund raising activities and not wanting to travel to Washington, D. C. with such a large amount of cash, I obtained a Cashiers Check in the amount of \$25,000.00. This check was obtained at the First Bank and Trust Company, Boca Raton, Florida. The check was made payable to myself, and to the best of my recollection it was dated April 10, 1972. I have no account at the First Bank and Trust Company and my only reason for obtaining the Cashiers Check at this bank is that it is close to my residence. u

On April 10, 1972, I flew from Boca Raton, Florida, to Washington, D.C. and on the following morning I attended a meeting of the State Chairmen of the Finance Committee to Re-Elect the President which was held ~~in the office of this~~  
~~AT THE WASHINGTON HILTON HOTEL~~ organization at 1701 Pennsylvania Avenue Northwest, Washington, D. C. During a recess of this meeting I endorsed the Cashiers Check in the amount of \$25,000.00 and turned it over to MAURICE H. STANS who is chairman of this finance committee. There were other individuals in the room at the time I gave this check to Mr. STANS, but I have no recollection of who might have observed this transaction. I did not obtain a receipt for this check. u

3

AD

I have no knowledge whatsoever what happened to this Cashiers Check after I turned it over to STANS. I do not know how this check got into the possession of BERNARD BARKER since this man is unknown to me. u

I have no knowledge concerning the burglary of the Democratic National Headquarters in Washington, D. C., and I wish to emphatically state that I had nothing whatsoever to do with this matter. In national magazines I have seen the names and photographs of the men reported to have been involved in the burglary and none of these men are known to me. u

I have read this statement of mine and two other typewritten pages and it is true & correct u

STEVE NOSTRAND ADVISED THAT HE CONTRACTED FOR THIS APARTMENT AND IS THE AREA REPRESENTATIVE FOR THE COMMITTEE TO RE-ELECT THE PRESIDENT AND PARTICULARLY CONCERNING YOUNG REPUBLICANS. HE VIEWED PHOTOGRAPHS OF THE SUBJECTS AND THEIR ASSOCIATES INCLUDING HOWARD HUNT AND GEORGE LIDDY AND A.C. BALDWIN. HE ADVISED THAT THE ONLY PHOTO HE RECOGNIZED WAS THAT OF JAMES WALTER MC CORD. HE MET MC CORD IN WASHINGTON, D.C. AND AT THE DORAL HOTEL, MIAMI BEACH, JUNE SIX - EIGHT, SEVENTYTWO. MR. NOSTRAND MET MC CORD IN MC CORD'S CAPACITY AS DIRECTOR OF SECURITY FOR THE COMMITTEE TO RE-ELECT THE PRESIDENT. HE DISCUSSED SECURITY MEASURES WITH MC CORD INCLUDING THE PROBLEM OF PROVIDING IDENTIFICATION CARDS FOR APPROXIMATELY THREE HUNDRED YOUNG REPUBLICANS WHO PLAN TO COME TO MIAMI BEACH DURING THE REPUBLICAN CONVENTION AS REPUBLICAN PARTY WORKERS ON THE COMMITTEE TO RE-ELECT THE PRESIDENT. MC CORD WAS TO HIRE A SECURITY MAN TO WORK DIRECTLY WITH MR. NOSTRAND, HOWEVER, NO SECURITY OFFICIAL WAS APPOINTED OR HIRED IN THIS CAPACITY. DURING THE DORAL HOTEL MEETING THE MEN IN ATTENDANCE INCLUDING MR. MC CORD, ~~TOM BELL~~, REPUBLICAN CONVENTION DIRECTOR, *7LA* AND OTHERS, INSPECTED THE OCTAGON TOWERS APARTMENT - OFFICE AS WELL AS THE MIAMI BEACH CONVENTION HALL TO FAMILIARIZE THEMSELVES. AND ALSO AS WELL AS SECURITY PURPOSES. MR. NOSTRAND ADVISED THAT AS OF LAST WEEK THERE IS NO SECURITY MAN APPOINTED TO FILL MC CORD'S

PLACE AS SECURITY DIRECTOR FOR THE COMMITTEE TO RE-ELECT THE PRESIDENT. MR. NOSTRAND ADVISED THAT HE DID NOT KNOW BERNARD BARKER AND HAS NO KNOWLEDGE CONCERNING OR REASON FOR THE FACT THAT THE OCTAGON TOWER APARTMENT WAS LISTED IN BARKER'S ADDRESS BOOK. HE ALSO

STATED HE HAS NO AFFILIATION WITH THE SUNSHINE TOWERS APARTMENT HOUSE, ONE EIGHT THREE ZERO MERIDIAN AVENUE, APARTMENT TWO ZERO FIVE, MIAMI BEACH, FLORIDA. HE ADVISED TO HIS KNOWLEDGE THE COMMITTEE DOES NOT HAVE ANY OCCUPANCY IN THE SUNSHINE TOWERS APARTMENTS. HE STATED THAT HE HAS NO KNOWLEDGE CONCERNING THE BURGLARY OF THE NATIONAL DEMOCRATIC HEADQUARTERS. HE ADVISED THAT WASHINGTON POST NEWSPAPER REPORTERS TELEPHONED HIM FREQUENTLY STATING THAT SUBJECT ROLANDO MARTINEZ ALLEGEDLY CONTACTED THE UNIVERSITY OF MIAMI DORMITORY DIVISION INQUIRING ABOUT RENTING SPACE IN THE UNIVERSITY OF MIAMI DORMS FOR YOUNG REPUBLICANS COMING TO MIAMI BEACH TO ASSIST DURING REPUBLICAN CONVENTION.

MR. NOSTRAND ADVISED THAT HE HAS NO KNOWLEDGE WHATSOEVER CONCERNING THIS AND THAT HIS COMMITTEE MADE NO EFFORT TO OBTAIN HOUSING AT THE UNIVERSITY OF MIAMI. HE ADVISED THAT HIS COMMITTEE MEMBERS

WILL OCCUPY HOTELS ON MIAMI BEACH DURING THE REPUBLICAN CONVENTION. HE ADVISED HE HAS HAD NO CONTACT WITH BARKER ASSOCIATES, INC. AND ANY OF THE SUBJECT S EXCEPT MC CORD, AS LISTED ABOVE. u

FLA MR. FRED ASBELL, ASSISTANT TO MR. NOSTRAND ADVISED THAT TOM BELL IS THE REPUBLICAN CONVENTION DIRECTOR AND IS THE BOSS OVER MR. NOSTRAND. HE ADVISED THAT THE HOST COMMITTEE CHAIRMEN FOR THE COMMITTEE TO RE-ELECT THE PRESIDENT IS BEVERLY AND DEERING DANIELSON. THE DANIELSONS ARE MIAMI AREA RESIDENTS WHO ARE EXTREMELY ACTIVE IN THE REPUBLICAN PARTY. FRED ASBELL ADVISED THAT THE HOST COMMITTEE CHAIRMEN FOR THE REPUBLICAN PARTY ARE ANGEL BRADLEY AND GREG BALSTON (PH). u FLA

HE ADVISED THAT NONE OF THESE INDIVIDUALS TO HIS KNOWLEDGE HAVE HAD ANY CONTACT WITH THE SUBJECTS. u

MR. JAMES C. GRIMM, HOUSING DIRECTOR, UNIVERSITY OF MIAMI, ADVISED THAT IN THE LATTER PART OF MAY, SEVENTY TWO, AND WHILE SCHOOL WAS STILL IN SESSION, SUBJECT MARTINEZ REQUESTED MR. GRIMM TO PROVIDE HOUSING FOR OVER THREE THOUSAND YOUNG REPUBLICAN WORKERS DURING THE REPUBLICAN CONVENTION AT MIAMI BEACH, FLORIDA. MR. GRIMM REFUSED MR. MARTINEZ BECAUSE THE DATE OF THE CONVENTION WAS TOO NEAR THE OPENING OF THE FALL SCHOOL SEMESTER. u

AND THEREFORE HOUSING WOULD NOT BE AVAILABLE. HE ADVISED THAT DURING THIS MEETING MR. MARTINEZ PRESENTED A BUSINESS CARD BEARING THE NAME E. ROLANDO MARTINEZ - ASSOCIATE - BARKER ASSOCIATES, INC., TWENTY THREE ZERO ONE N.W. SEVENTY STREET, MIAMI, FLORIDA, TELEPHONE NUMBER SIX FOUR THREE - FOUR FIVE ONE ONE. DURING THIS CONVERSATION MR. MARTINEZ WAS ACCOMPANIED BY A WHITE MALE NAME UNKNOWN HAVING BUSHY KINKY DARK HAIR AND BEING HEAVY SET, ITALIAN LOOKING, FIVE FOOT ELEVEN, APPROXIMATELY THIRTY YEARS OF AGE AND WEARING A DARK SUIT. MR. GRIMM ADVISED THAT THIS INDIVIDUAL DID MOST OF THE TALKING AND APPEARED TO BE THE REPRESENTATIVE OF THE REPUBLICAN PARTY. MR. GRIMM ADVISED THAT HE SUGGESTED THAT THEY CONTACT THE LINDSEY HOPKINS HOTEL, SALERNO HOTEL AND THE CORAL GABLES CHAMBER OF COMMERCE TO GET LEADS CONCERNING APPROPRIATE HOUSING FACILITIES. MR. GRIMM VIEWED PHOTOGRAPHS OF THE SUBJECTS AND THEIR ASSOCIATES INCLUDING HOWARD HUNT, GEORGE LIDDY, AND A.C. BALDWIN, WITH NEGATIVE RESULTS. JAMES SHEA, Corporate Security Officer, Polaroid Corporation (PC), 565 Main Street, Cambridge, Massachusetts, advised that telephone number 864-6000 is the main switchboard for PC in the Commonwealth of Massachusetts. He stated this central switchboard connects to all offices and departments in the State. He advised they have facilities in Bedford, Cambridge and Waltham. He stated there is no way to identify or determine who received an incoming call through the switchboard number without personally interviewing every employee who can be reached through that telephone number. He stated there are approximately 12,000 PC employees in the Commonwealth of Massachusetts. u

SHEA made available a journal which reflected the Commission for Industrial Sales for PC for the period April 30, 1972 until May 28, 1972. An examination of this record revealed no sales to any of the principals originally involved in the burglary of the Democratic National Committee Headquarters. u

SHEA advised that the only other possible source of identifiable records would be from the Polaroid Distribution Center, Century Boulevard, Paramus, New Jersey. SHEA caused an examination to be made of the records of the Distribution Center and it was learned that there is a company account in the name McCord Associates, JAMES MC COED, President, 414 Hungerford Plaza, Suite 220, Rockville, Maryland. An order was placed on May 4, 1972 for the Polaroid ID-3 Land Identification System. A check was received in payment for this order on May 15, 1972. The PC salesman who handled this transaction was DENNIS SWINDLER. The complete records of this transaction and any further information can be obtained through KIRT NIESEN, Distribution Center Manager. u

ARNOLD M. MC CALMONT, President, Technical Communications Corporation (TCC), 442 Marrett Road, Lexington, Massachusetts, advised that his company designs "unclassified, sophisticated, scrambling devices," and his company caters internationally to law enforcement, Government, and private industry. MC CALMONT stated prior to any sales of his company's equipment the potential buyer's background is verified. u

MC CALMONT indicated his equipment is designed to foil monitoring devices, and his equipment could not be utilized for "bugging." u

MC CALMONT advised a review of his company's correspondence and sales records for the preceding year failed to reflect any communication received from JAMES W. MC CORD, JR. and/or any information that might be identifiable with the captioned matter. MC CALMONT stated the names JAMES W. MC CORD, JR. and EVERETT HUNT are unfamiliar to him. u

JOHN C. DAVER, President, Shelby Publishing Company, parent company of John Liner Associates, Incorporated, 60 Williams Street, Wellesley Office Park, Wellesley Hills, Massachusetts, advised that his records reflect that on December 29, 1971, JAMES MC CORD, 414 Hungerford Plaza, Rockville, Maryland, called his office at telephone number 235-8450. The call was made to request a copy of the John Liner Letter, a monthly publication of John Liner Associates which is mailed to all clients of the company and can be requested by anyone for the price of \$5.00 a copy.

DAVER furnished a copy of the letter and also advised that John Liner Associates is an insurance consultant firm with mostly corporate clients. He further advised that none of the other Principals in this matter were familiar to him.

JUSTIN M. JAMES, JR., President, Bell and Howell (B & H) Communications Company, 185 Third Avenue, Waltham, Massachusetts, advised that his records reveal that B & H Invoice Number 13210, dated May 5, 1972, reflect the shipment of the following articles to McCord Associates, Incorporated, 414 Hungerford Plaza, Suite 220, Rockville, Maryland: u

1) Four Kelcom III transceivers, bearing Serial Numbers 4940, 4961, 4971 and 4900. u

- JAMES stated the transceivers may be identified by the said Serial Numbers reflected on a one-inch metal tag affixed to the back side of the units. Also indicated on the metal tag are the Model Numbers and frequencies of each radio. JAMES indicated the same Serial Number would be randomly stamped on the chassis of each transceiver; the chassis is a metal casing housing the components and is located inside of each transceiver. JAMES advised the transceivers are manufactured at Bell & Howell. The frequencies, according to JAMES on the aforementioned radios are as follows: u

F1 Tx 156.260, Rx 161.9725 |  
F2 Tx and Rx 161.9175 |

2) Three A-7 antennas. |

- JAMES stated this item is similar to an external car antenna and it is manufactured in Japan but modified at B & H for sales. JAMES said there are no identifying numbers on the antenna. u

3) Two Model 98 earphones. u

- JAMES described these as a wireless induction receiver which is a in-the-ear model. Specifically, it fits behind either ear with a clear

2  
plastic canal ear tip entering the ear (i.e. similar to a modern hearing aid). JAMES advised B & H does not stamp an identifying number on this article. JAMES further advised the said earphones are ordered from UNEX Laboratories, Incorporated, West Peabody, Massachusetts, and from Audivox, Incorporated, 35 Chapel Street, Newton, Massachusetts; however because of reliability problems a major percentage of B & H orders are currently placed with Audivox. u

4) Two standard loop antennas. u

-- JAMES stated, as the name implies, these would be described as a loop antenna. JAMES further stated this article is manufactured at B & H and no identifying numbers are placed on the article. u

5) Two H-10 C microphones. u

- JAMES advised the basic components for the microphones are ordered from UNEX Laboratories, Incorporated. JAMES said the microphones are subsequently encased in a Chap-stick tube for camouflaging purposes by B & H; this microphone is a push-to-talk model. JAMES indicated this unit has been developed for certain types of law-enforcement operations where it is essential for an individual to send radio transmission without it being obvious to others within the immediate area. JAMES added that this microphone, in order to be effective, would have to be within a two-foot proximity of a transceiver. JAMES stated B & H does not place an identifying number on these microphone units. u

6) Two H-10 Microphones. u

- JAMES advised this microphone also is ordered from UNEX Laboratories, Incorporated. JAMES further advised this microphone is similar to the Model H-10 C; however, it is not enclosed in a Chap-stick tube. JAMES stated B & H does not place an identifying number on this microphone. u

7) Four C-10 shoulder harnesses. u

- JAMES displayed this and it may be described as: a white strap approximately the size of a necklace. JAMES indicated there are no identifying B & H numbers on this article. u

8) Four A-5 antennae. u

- JAMES stated the name is self-explanatory. JAMES indicated there are no identifying B & H numbers on this article. u

9) Two (SETS) B1 Nicad batteries. u

- JAMES stated the name is self-explanatory, and there would be no B & H identifying numbers on these articles. u

10) One B-3 six-unit battery charger. u

- JAMES advised the name is self-explanatory and B & H does not place any identifying numbers on this item. u

JAMES related that their equipment is packaged for shipment in a form-fit styrofoam and this is placed inside of a cardboard sleeve, affixed with gum tag reflecting the name Bell & Howell, model, serial number and frequency. JAMES said this is then packed inside of a cardboard box, affixed with a gum tag reflecting the initials BHCC, 185 Third Avenue, Waltham, Massachusetts, their telephone number 617-890-1500. Also reflected on the said gum tag would be the customer and factory order numbers. u

JAMES advised this was the only equipment shipped by B & H to McCord Associates, Incorporated, and all communications with McCord Associates, Incorporated, will be maintained in the files of B & H, available per request of the Federal Bureau of Investigation. u

JAMES O. WOODBRIDGE, Executive Vice President, Unex Laboratories, Incorporated, West Peabody, Massachusetts, advised his company custom packages electronic equipment, that is, microphones and earphones used as component parts, in the products manufactured by Bell and Howell ( B & H ), Waltham, Massachusetts, for subsequent sales to law enforcement and government agencies. He stated his company does the majority of its business in this capacity, with B & H, General Electric, and Motorola, and only conducts a small percentage of business with the consumer. WOODBRIDGE stated the three products are produced by his company and shipped to Bell and Howell, Waltham, are as follows: u

1. Eyeglass model earphone with enclosed receiver. Receivers built into either eyeglass temple piece with a clear plastic canal ear tip entering the ear. u
2. Behind-the-ear earphone, model fits behind either ear with a clear plastic ear tip entering the ear (similar to a modern hearing aid). u
3. An inductor microphone (for transmitting the Audio signal to the wireless aforementioned receivers in items 1 and 2). u

WOODBRIDGE advised per request of Bell and Howell, no serial numbers have been placed on the aforementioned products; however, the microphones and earphones may be identified through the configuration of the mold and the serial numbers that are placed on the component parts, that is, the transducer would bear a serial number of the manufacturer. WOODBRIDGE said the manufacturer for the component parts for his company would be Knowles Electronic Corporation, 3100 North Mannheim Road, Franklin Park, Illinois. u

WOODBRIDGE stated he would be able to identify

FRANK RING, Vice President, Audivox, Incorporated, 55 Chapel Street, Newton, Massachusetts, advised his company primarily manufactures hearing aids for the consumer market; however, on a small scale, because of his company's speciality in the field, Audivox produces a wireless in-the-ear earphone and a behind-the-ear earphone, used as component parts in products manufactured by Bell and Howell, Waltham, for their subsequent sales to law enforcement and government agencies. u

RING indicated his company places serial numbers on all items sold to Bell and Howell. He said the serial numbers are located on the following products in the following locations: u

1. In-the-ear earphone, the serial numbers are located on the battery housing. u
2. Behind-the-ear earphone, the serial numbers are located on the outside. u

RING advised also that he would be able to identify his products without serial numbers by the configuration of the mold and the identifying numbers on the components. u

RING made available copies of literature reflecting the aforementioned products that his company ships to Bell and Howell, Waltham, Massachusetts. u

Mr. ISRAEL J. KAPSTEIN, 63 Dexterdale Road, Providence, Rhode Island, advised that he is a retired Professor of Creative Writing at Brown University, Providence, Rhode Island. u

He advised that EVERETT HOWARD HUNT was one of his students and graduated in the Class of 1941. He knew HUNT as HOWARD HUNT. HUNT was an exceptionally talented student in the Creative Writing class. u

Since his graduation from Brown, HUNT has kept in touch with him by letter and they have also talked on the phone many times. Mr. KAPSTEIN stated that he has maintained such a relationship with other students. Mr. KAPSTEIN advised that he understood that HUNT has had a career in the State Department and had recently retired. He believed that in his last letter from HUNT, HUNT had mentioned he was working for the Republican National Committee in Washington. He did not know what his duties were but assumed they were in the writing field - possibly public relations. u

Mr. KAPSTEIN advised that he did not know JAMES WALTER MC CORD, also known as Edward Martin; BERNARD L. BARKER, also known as Frank Carter; VIRGILIO R. GONZALES, also known as Raoul Godoy; EUGENIO ROLANDO MARTINEZ y GREAGA, also known as Eugene Martinez, Jean Valdez; or FRANK ANTHONY FIORINI, also known as Fred Frank Fiorini, Attila Frank Sturgis, Edward Hamilton, Joseph Alberto. He stated that HUNT never mentioned the above names to him. u

Mr. KAPSTEIN advised that in March, 1972, he was in Florida at Long Boat Key. This is on the West Coast near Sarasota. During that month, exact date he could not recall, he received a telephone call from HUNT's wife seeking aid in obtaining accommodations in that area for that period. Mr. KAPSTEIN was unable to do so. He did not know where the HUNT call originated from but believed it was from Washington, D.C. u

## WIRELESS INDUCTION RECEIVERS

### DESCRIPTION

The Model R-5 is a special "wireless" induction type receiver housed in one temple of conventional looking eyeglasses. The Model R-1 is housed in a behind-the-ear hearing aid type case. They are designed for use in high noise environments where ear protection is required or in paging or prompting systems where freedom of motion and the absence of visible wires is essential.

### APPLICATION

Music, voice or tone signals are received by means of induction from a loop of wire which is installed around an area. Any public address system or audio amplifier may be used as the "transmitter" by connecting the loop across the loudspeaker output terminals. Radiated audio signals will be received anywhere within a 200 ft. diameter loop using a 10 watt amplifier.

For best results, the loop should be designed to have approximately the same ohmic resistance as the loudspeaker it replaces. If a low impedance (4 ohms) terminal is available on the amplifier, this should be used in preference to higher impedance terminals because it will be easier to match with available wire sizes suited to making the loop. Use as many complete turns around the area as necessary to bring the resistance up to that of the output terminal. This will provide the maximum field of radiation within the loop area.

An alternative method of operation is to use a small radio receiver carried on the individual and a special plug-in induction coil (available from Unex) that is worn under clothing to radiate signals to the induction receiver. This extends the range to that of the radio receiver. Plugging in the inductor cuts off the normal loudspeaker, making reception in quiet areas both private and inconspicuous.

Either a stock plastic eartip (as supplied) or a custom fitted hearing aid type may be used to conduct sound into the ear canal, and seal against sound leakage to surrounding areas.

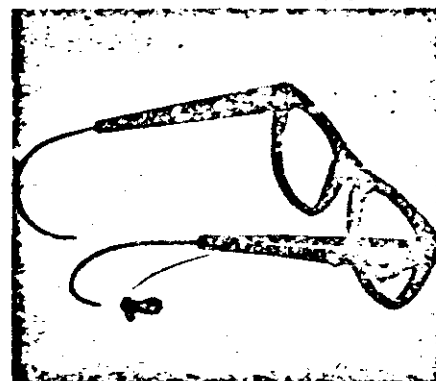

### SPECIFICATIONS

Both R-1 and R-5 use integrated circuit amplifiers with silicon transistors for long life and maximum reliability.

Type	Output*	Battery	Life
R-1	120 dB	S76 675	120-150 hrs. any volume setting
R-5	110 dB	S13	80-100 hrs. any volume setting

## SURVEILLANCE KIT

### For Personal Portable Radios

#### PRELIMINARY SPECIFICATIONS

The products described in this publication include a subminiature microphone which can be worn inconspicuously or easily concealed. This requires that it be categorized as a "Surveillance" device and, therefore, is subject to certain restrictions covering such products in the Omnibus Crime Control and Safe Streets Act of 1968 (Public Law 90-351). In keeping with the purpose and intent of the Law, the use of this publication, or the disclosure of any of the information in it to, or by, any person other than those involved in this proposal is strictly forbidden. Violators of the Law are subject to penalty.

#### APPLICATION

The Unex surveillance kit for personal portable radios has been developed for certain types of law enforcement operations where it is essential for an individual (or individuals) to receive or send radio transmissions, without it being obvious to others within the immediate area. Whether the purpose may be for concealment, safety, reception in high noise areas, or convenience, the user will find the kit will provide complete freedom of operation with a number of options for maximum comfort, reliability and flexibility.

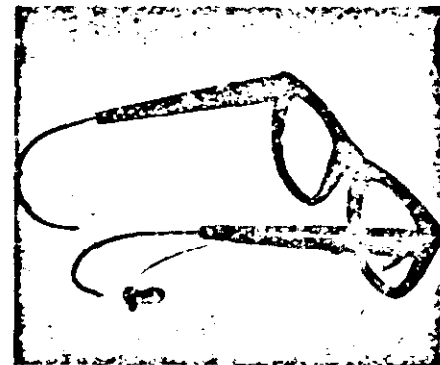

#### GENERAL DESCRIPTION

Each kit consists essentially of the following basic parts:

1. A miniature remote microphone with or without PTT switch, capable of being easily concealed, or openly clipped to one's pocket.
2. A remote PTT pushbutton switch, which can be placed in the user's pocket or concealed elsewhere.
3. A wireless receiver, either a behind-the-ear or eyeglass model, which eliminates the need for or can replace the standard earpiece receiver with its visible cord.
4. An inductor for transmitting the audio signal to the wireless receiver through the process of electrical induction.

The inductor can be provided in its own case on a cable; or in a case designed to plug into the same cord used with a standard wired earpiece receiver.

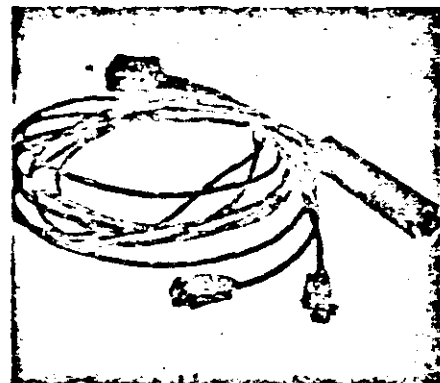

The three cabled parts - microphone, switch and inductor (or standard wired receiver) are all terminated in an option plug, where all components are properly interconnected. When inserted into the radio, the external audio components replace the built-in microphone, PTT switch and speaker.

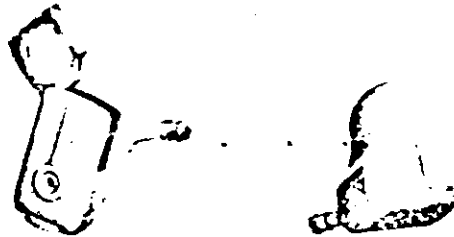

R-5 - Eyeglass Model. Receiver is built into either eyeglass temple piece with a clear plastic canal earpiece entering the ear.

R-1 - Behind-the-Ear Model. Fits behind either ear with a clear plastic canal earpiece entering the ear (similar to a modern hearing aid).

Referenced Miami teletype to Acting Director, 6/25/72, reveals that one EVERETT HOWARD HUNT, a suspect in this matter, occupied Room 604 of the Playboy Hotel, Miami Beach, Florida, December 27, 28, and 29, 1971, and that he used the name GEORGE F. LEONARD of Kansas City, Kansas, during his stay at the Playboy Hotel. It therefore appears that the name GEORGE F. LEONARD is an alias used by EVERETT HOWARD HUNT and further attempts by Kansas City to identify GEORGE F. LEONARD are being discontinued. u

On 6/22/72, SA LEONE J. FLOSI furnished four Polaroid photographs of GEORGE F. LEONARD, 9112 Buena Vista, Prairie Village, Kansas, to Trans World Airlines Captain E. G. HAHN. Captain HAHN would be flying that date to Washington, D. C. on Flight 440 leaving Kansas City Municipal Airport at 4:05 PM and scheduled to arrive at Washington National Airport at 8:14 PM, 6/22/72. Captain HAHN was instructed that an FBI Agent would meet Flight 440 and receive the envelope containing the photographs from him. u

Same date, SA JOHN E. DENTON, night supervisor, Washington Field Office, was telephonically advised by SA FLOSI of the above. SA DENTON stated that a Washington Field Office Agent would meet Flight 440 and obtain photographs from Captain E. G. HAHN. u

On 6/23/72, SA JOHN RULE, Washington Field Office, telephonically advised the Kansas City Division that the Albuquerque Division had verified GEORGE F. LEONARD stayed at the Ghost Ranch, Abiquiu, New Mexico, from June 10 to June 18, 1972 and that it therefore appeared that this GEORGE F. LEONARD was not identical to the individual who used the name GEORGE F. LEONARD in this matter. SA RULE stated that in view of this development the handwriting samples obtained from LEONARD should not be submitted to the FBI Laboratory unless requested to do so by Washington Field Office at a later date. u

Details of instant report reflect a long distance telephone call made 6/14/72, from residence of ANTONIO TOSCANO, Miami, Florida, son-in-law of subject, E. ROLANDO MARTINEZ, to number 314-365-2381, Lake Ozark, Missouri. Investigation revealed that this number is the switchboard number for the Lodge of the Four Seasons at Lake Ozark, Missouri. Investigation at Lodge of the Four Seasons revealed that two convention groups occupied the hotel on June 14, 1972, and that the only "non-convention guest" from Florida was JOHN H. SCHMEISSER, 4011 Arthur Street, Hollywood, Florida, who occupied Room 337 and checked out on 6/14/72. Lead to locate and interview SCHMEISSER set out by separate communication 6/27/72. u

## DETAILS

Investigation by the Kansas City Division in this matter was inaugurated upon receipt of information from the Washington Field Office that an individual using the name GEORGE F. LEONARD, 1601 Washington Avenue, Kansas City, Kansas, may have been involved as a co-conspirator with five subjects arrested on June 17, 1972, while in the process of burglarizing the National Headquarters of the Democratic National Committee, Watergate Apartments, Washington, D. C. u

The following investigation was conducted by SA  
LEONE J. FLOSI on June 20, 1972:

KC 139-124

A review of the Kansas City, Missouri, Kansas City, Kansas, and Shawnee Mission, Kansas, city directories revealed a listing for the following individuals with the name GEORGE LEONARD: u

GEORGE L. LEONARD, wife ALICE, employed as a supervisor at Bennett Construction Company, residence 10517 West 89 Street Terrace, Overland Park, Kansas. u

GEORGE E. LEONARD, JR., attorney, office 722 Walnut, Apartment 1201, Kansas City, Missouri; residence 616 East 96 Street, Kansas City, Missouri. u

GEORGE E. LEONARD, wife VICTORIA, employed with Shugart, Thompson and Kilroy, Kansas City, Missouri; residence 635 West 62 Street, Kansas City, Missouri. u

GEORGE F. LEONARD, wife HELEN J., 9112 Buena Vista, Prairie Village, Kansas, employed as Manufacturing Administrative Manager, Folgers Coffee Company, Kansas City, Missouri. u

A review of the above mentioned city directories for an Ameritas Incorporated met with negative results. u

A check of the Greater Kansas City Southwestern Telephone Company Directory for individuals named GEORGE LEONARD revealed the following listings: u

The following investigation was conducted by  
SA ROWEN B. AYERS at Jefferson City, Missouri. u

On June 24, 1972, it was determined that telephone  
number 314-365-2381 is the switchboard number for the Lodge  
of the Four Seasons at Lake Ozark, Missouri. u

#### AT LAKE OZARK, MISSOURI

On June 26, 1972, manager FRANK RODGERS and office  
manager JOHN EPLAN and controller BILL HARRIS, all of the  
Lodge of the Four Seasons, Lake Ozark, Missouri, said that  
on June 14, 1972 the hotel was occupied by two convention  
groups; one was the Life and Casualty Insurance Company of  
Nashville, Tennessee, under the direction of E. S. (RUSS)  
KERSTEN, the other convention group was the national sorority  
Zeta Tau Alpha, under the direction of a Mrs. JENKINS, 1603  
Orrington, Suite 406, Evanston, Illinois. It was determined  
that no log is maintained on incoming telephone calls. u

An examination was made of the various guests at  
the resort and no pertinent information was developed. The  
only non-convention guest from Florida was JOHN H. SCHMEISSER,  
4011 Arthur Street, Hollywood, Florida, who occupied Room 337  
and checked out on June 14, 1972 u

The Lodge of the Four Seasons consists of 450 rooms  
many with multiple occupancy. Examination of the guest list  
did not reveal the name of any persons so far known to have  
been involved in this matter. u

By communication received from Miami June 24, 1972, telephone toll records listed to BERNARD L. BARKER, 2301 N.E. Seventh Street, Miami, Florida, reflects a telephone call from telephone (305) 643-4511, to telephone (201) 344-5551, on June 6, 1972. u

On June 26, 1972, a review of the current telephone directory for Newark, New Jersey, which includes Kearny, reflects a telephone listing for Fruehauf Division, Fruehauf Corporation, 15 Hackensack Avenue, Kearny, New Jersey, telephone (201) 344-5551. u

On June 26, 1972, W. J. WROBEL, Office Manager, Fruehauf Division, Fruehauf Corporation, 15 Hackensack Avenue, Kearny, New Jersey, telephone (201) 344-5551, advised that 105 employees receive telephone calls at this telephone number. No record is maintained on incoming telephone calls. Therefore, an individual receiving a telephone call from Miami, Florida, on June 6, 1972, cannot be readily identified. However, if such information comes to the attention of WROBEL, he will promptly notify the Newark Office of the FBI. u

Re: Telephone call to telephone number (201) 867-7486, on June 1, 1972 u

GERARDO T. GARCIA, 1410 New York Avenue, Second Floor, Union City, New Jersey, telephone number (201) 867-7468, advised that he resides at this address with ROLANDO MESA, and the telephone is listed in the name of MESA. u

GARCIA stated that he is presently negotiating with Barker Associates, Inc., Realtors, 2301 N.W. Seventh Street, Miami, Florida, for the purchase of a home located at 256 N.W. 56th Court, Miami, Florida. GARCIA is dealing with FELIPE DE DIEGO, an associate of Barker Associates, office telephone (305) 643-4511, residence telephone (305) 223-3166. u

According to GARCIA, he has received six or seven telephone calls during the month of June, 1972, from Barker Associates, concerning the real estate transaction, and he does not know anyone associated with BARKER other than the above mentioned DE DIEGO. u

GARCIA stated that in view of the fact that he has received several telephone calls from Barker Associates, he cannot specifically recall all the dates on which these calls were placed. However, he believes that one telephone call on or about June 1, 1972, was placed by someone whom he believes to be a secretary with Barker Associates and the name sounded as though it may have been MALLO, and again in this contact, his discussions were only concerning the real estate purchase. u

VERONICA WALSH, 20 Shadowy Lane, Pine Cliff Lake, New Jersey, advised that she is a student at Marshall University, Huntington, West Virginia, and that she returned home to her parents residence for summer vacation, on the evening of May 19, 1972. She stated that on the evening of May 20, 1972, she received a telephone call at her parents residence, telephone number (201) 728-8959, from an individual known to her as AL BALDWIN. BALDWIN indicated that he was calling from Washington, D.C. (WDC), and that he was working there. However, WALSH did not obtain information concerning BALDWIN's telephone number nor his occupation. u

According to VERONICA WALSH, she previously met AL BALDWIN only on one occasion, that being April 29, 1972, at the wedding of JOHN and DONNA DANSCHER in Brooklyn, New York. BALDWIN was a friend of JOHN DANSCHER and BALDWIN was the photographer at the wedding. WALSH understands that BALDWIN's hobby is photography, and he is believed to live in the same apartment building as JOHN DANSCHER, who resides at 205 Towne House Road, Hamden, Connecticut. She described BALDWIN as being a white male in his 30s, approximately six feet tall, and well built. u

WALSH stated that in the above telephone call, BALDWIN informed her that a picnic was to be held in Connecticut, during the Memorial Day weekend and the wedding photographs were to be presented to the DANSCHERS at that time. BALDWIN was inviting VERONICA WALSH to attend that picnic. WALSH states that she did not accept the invitation and she does not recall the place where the picnic was to be held and she understands that perhaps the picnic was not held as planned. u

VERONICA WALSH has been in telephonic contact with DONNA DANSCHER and was informed that BALDWIN has not been seen at his home recently, which is somewhat unusual, however, he was believed to be working in WDC and some mention was made that he was to attend a convention in Miami, Florida, which may account for his absence. Neither BALDWIN's employment or the identity or date of the convention in Miami are known to VERONICA WALSH. u

NEISON advised that the Polaroid I.D. - 3 Land Identification System, is a portable camera and laminator which is designed to produce a laminated portrait identification card. u

NEISON advised that he has no personal knowledge of Mc Cord Associates, other than some delay that was encountered in shipping this C.O.D. order in view of the fact that Mc Cord Associates had forwarded a check in payment of the order and some telephonic contact had been established between Mc Cord Associates and Polaroid concerning this delay in shipment while Polaroid was waiting for the check to clear through banking channels. u

CHARLES W. WILEY, 5 Fielek Terrace, Parlin, New Jersey, telephone (212) 356-6090, advised that he has been acquainted with JAMES MC CORD for the past four or five years, and has had several telephonic contacts with MC CORD since approximately February, 1972. He cannot recall the exact dates on which he received the calls from MC CORD or the dates he has called MC CORD. u

WILEY advised that for many years he has been a researcher, lecturer, and writer on both domestic and world affairs, and has therefore built up a considerable amount of information in his files as a result of his profession. WILEY states that he is quite knowledgeable in a great many fields, including current domestic affairs and Vietnam. u

WILEY states that he knows MC CORD to have been previously employed by an agency of the Federal Government and MC CORD had on prior occasions contacted WILEY for information concerning individuals and groups which might be known to WILEY or on whom WILEY might have information in his files. WILEY states that he had known MC CORD also to have been involved to a very great degree in assisting mentally handicapped organizations, and he believes that MC CORD has been a very dedicated and well-intended individual who was motivated by sincere effort to help other people. u

According to WILEY, MC CORD contacted WILEY in approximately February, 1972, and indicated that he was at that time employed by the Committee for the Re-Election of the President and that MC CORD apparently had some business, the name and purpose of this business is unknown to WILEY. At the time of these contacts in February, 1972, MC CORD indicated that the Committee was interested in the protection of the President and was seeking information concerning any individuals or groups which might cause physical harm to the President's security or which may plan incidents designed to interfere with the President's appearances or to cause embarrassment by demonstrations, and MC CORD contacted WILEY requesting that he be advised if any such prior information should come to the attention of WILEY. u

MC CORD indicated a concern to the safety of the President and is seeking information concerning radicals which may attempt disruptive tactics during personal appearances of the president. u

WILEY states that he subsequently had contacts with MC CORD in approximately April, 1972, during which time WILEY was attempting to have his name placed on a local ballot as a congressional candidate and he was attempting to determine whether the committee could assist in this effort, and he was advised that the committee would not become involved with candidates on a local level. WILEY states that he was also planning a month-long trip to Vietnam and he had conversations with MC CORD as recently as late May, 1972, in an effort to determine if the committee would sponsor part of the expenses of this trip and also if WILEY could conduct any research or furnish analysis of his observations to the committee upon his return. u

WILEY advised that he does not know the exact responsibilities of MC CORD with the committee and he does not know whether MC CORD's business is being utilized by the committee, for the re-election of the President. Accordingly, WILEY stated that he had no prior information concerning the break-in of the Democratic National Committee Headquarters and he first learned of the arrest of MC CORD through an article in the "STARS AND STRIPES" which WILEY read while in Vietnam. WILEY states that he was quite shocked to learn of MC CORD's arrest and does not know the reason for MC CORD's involvement in the break-in. He further states that he is not familiar with any of the other individuals who were arrested with MC CORD. u
